We have reviewed the Independent Auditor's Report of Recovery Township, Mercer County, prepared by Reichert & Associates, CPAs, for the audit period January 1, 1998 through December 31, 1999. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Recovery Township is responsible for compliance with these laws and regulations.

Independent Auditor's Report

Recovery Township
Mercer County
Fort Recovery, Ohio 45846

We have audited the accompanying financial statements of the Recovery Township as of and for the years ended December 31, 1999, and 1998. These financial statements are the responsibility of the township's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates, if any, made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1-B, the Recovery Township, prepares its financial statements on the basis of accounting prescribed by or permitted by the Auditor of State, which is similar to the cash receipts and cash disbursement basis which is a basis of accounting other than generally accepted accounting principles.

In our opinion, the financial statements present fairly, in all material respects, the combined fund cash balances of the Recovery Township as of December 31, 1999 and 1998, and its combined cash receipts and disbursements for the years then ended on the basis of accounting described in Note 1-B.

In accordance with Government Auditing Standards, we have also issued our report dated March 28, 2000 on our consideration of Recovery Township internal control over financial reporting and our tests of its compliance with laws, regulations, contracts and grants.

This report is intended for the information of management and the Township Trustees and is not intended to be and should not be used by anyone other than these specified parties.

RECOVERY TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 1999 and 1998

NOTE 1 -- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. DESCRIPTION OF THE ENTITY

The Recovery Township, Mercer County, Ohio, (the Township) is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Township is directed by three publicly-elected trustees. The Township provides general governmental services.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. BASIS OF ACCOUNTING

These financial statements follow the basis of accounting prescribed or permitted by the Auditor of State, which is similar to the cash receipts and disbursements basis of accounting. Receipts are recognized when received in cash rather than when earned, and disbursements are recognized when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved).

These statements include adequate disclosure of material matters, as prescribed or permitted by the Auditor of State.

C. CASH AND INVESTMENTS

Demand deposits are valued at cost.

D. FUND ACCOUNTING

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

Governmental Funds

General Fund: The General Fund is the general operating fund. It is used to account for all financial resources except those required by law or contract to be restricted.

Special Revenue Funds: To account for proceeds from specific sources (other than from trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds.

RECOVERY TOWNSHIP
NOTES TO THE FINANCIAL STATEMENTS
For the Years Ended December 31, 1999 and 1998

Road and Bridge Fund - This fund receives tax levy monies to be used for construction, maintenance and repair of Township roads and bridges.

Gasoline Tax Fund - This fund receives gasoline tax for constructing, maintaining and repairing Township roads.

E. BUDGETARY PROCESS

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations:

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Township's Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Appropriations lapse at year end.

Estimated Resources:

Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must also approve estimated resources.

Encumbrances:

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when commitments are made.

A summary of 1999 and 1998 budgetary activity appears in Note 3.

F. PROPERTY, PLANT, AND EQUIPMENT

Acquisitions of property, plant and equipment are recorded as disbursements (capital outlays) when paid. These items are not reflected as assets in the financial statements.

Demand Deposits	<u>\$51,526</u>	<u>\$58,910</u>
Total Deposits	<u>\$51,526</u>	<u>\$58,910</u>

The Township's deposits are insured by the Federal Depository Insurance Corporation and collateralized by the financial institution's public deposit pool.

NOTE 4 -- PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by the City Council. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. Homestead and rollback amounts are then paid by the state, and are reflected in the financial statements as Intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to make semiannual payments, the first half is due December 31. The second half payment is due the following June 20.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30. The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

For the Years Ended December 31, 1999 and 1998

NOTE 5 -- RETIREMENT SYSTEMS

The Township's full-time employees belong to the Public Employees Retirement System (PERS) of Ohio. This plan provides retirement benefits, including post retirement health care, and survivor and disability benefits to participants as prescribed by the Ohio Revised Code.

Contribution rates are also prescribed by the Ohio Revised Code. For 1999 and 1998, PERS members contributed 8.5% of their gross salaries. The Township contributed an amount equal to 13.55% of participants' gross salaries. The Township has paid all contributions required through December 31, 1999.

NOTE 6 -- RISK MANAGEMENT

The Township is a member of the Ohio Township Association Risk Management Authority (the Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The pool may assess supplemental premiums. The following risks are covered by the Pool:

- General liability and casualty
- Public official's liability
- Vehicle

NOTE 7 -- CONTINGENT LIABILITIES

Amounts received from grantor agencies are subject to audit and adjustment by grantor, principally the federal government. Any disallowed costs, may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

The Township's attorney and management are aware of no litigation.

Report of Independent Accountants on Compliance and on Internal Control Required by Government Auditing Standards

Board of Trustees
Recovery Township
Mercer County
Fort Recovery, Ohio 45846

We have audited the financial statements of the Recovery Township as of and for the years ended December 31, 1999 and 1998, and have issued our report thereon dated March 28, 2000. We conducted our audits in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits and, accordingly, we do not express such an opinion. We did note certain immaterial instances of noncompliance that we have reported to management of the Township in a separate letter dated March 28, 2000.

Internal Control Over Financial Reporting

In planning and performing our audits, we considered the Township's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal

course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving the internal control over financial reporting that do not require inclusion in this report, that we have reported to management of the Township in a separate letter dated March 28, 2000.

This report is intended for the information of management and the Township Trustees and is not intended to be and should not be used by anyone other than these specified parties.
