We have reviewed the Independent Auditor's Report of the North Central State College, Richland County, prepared by Gary B. Fink & Associates, Inc., for the audit period July 1, 2001 through June 30, 2002. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The North Central State College is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
North Central State College
2441 Kenwood Circle, Box 698
Mansfield, Ohio 44903

We have audited the accompanying financial statements of the North Central State College (the College), as of and for the year ended June 30, 2002, as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the North Central State College, as of June 30, 2002, and the changes in its fund balances and its current funds revenues, expenditures and other changes for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2002 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

INDEPENDENT AUDITOR'S REPORT (continued)

Our audit was performed for the purpose of forming an opinion on the financial statements of the College, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Accrual Basis - The financial statements of the North Central State College (the "College") have been prepared on the accrual basis except that depreciation is not provided on the physical plant and equipment. The Statement of Current Funds Revenues, Expenditures and Other Changes is a statement of financial activity of current funds related to the current reporting period. It does not intend to present the result of operations or the net income or loss for the period as would a statement of income or a statement of revenues and expenses.

To the extent that current funds are used to finance plant assets, the amounts so provided are accounted for as (1) expenditures, in the case of normal replacement of movable equipment and library books; (2) mandatory transfers, in the case of required provisions for debt amortization and interest and equipment renewal and replacement; and (3) transfers of a non-mandatory nature for all other cases.

- B. Fund Accounting - In order to ensure observance of limitations and restrictions placed on the use of the resources available to the College, the accounts of the College are maintained in accordance with the principles of fund accounting and Governmental Accounting and Financial Reporting Standards. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with activities or objectives specified. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds that have similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund groups described below.

Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds allocated to specific purposes by action of the governing board. Externally restricted funds may be utilized only in accordance with the purposes established by the source of such funds and are in contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

All gains and losses arising from the sale, collection or other disposition of investments or other noncash assets are accounted for in the fund which owned such assets. Ordinary income derived from investments, receivables and the like is accounted for in the fund owning such assets.

All other unrestricted revenue is accounted for in the unrestricted current fund. Restricted gifts, grants, appropriations and other restricted resources are accounted for in the appropriate restricted funds. Restricted current funds are reported as revenues and expenditures when expended for current operating purposes.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Current Funds

This group accounts for all funds which are available for current operations. It is further subdivided into two separately balanced groups: general funds, which are unrestricted and available for general operating purposes; and restricted funds, which are available for current operating purposes but only in compliance with restrictions specified by the donors or grantors. Additions to current restricted funds are considered as earned income only to the extent expenditures are made for the restricted purposes specified.

Loan Fund

The loan fund consists of loans to students and of resources available for such purposes. A significant portion of the fund balance represents money granted from the federal government.

Plant Funds

Plant funds consist of three self-balancing subgroups:

1. Unexpended funds include resources derived from various sources to finance the acquisition of long-life assets.
2. Retirement of indebtedness funds include resources specifically accumulated for payment of principal and interest or indebtedness incurred in connection with the acquisition of properties.
3. Investment in plant includes all long-life assets in the service of the College and construction in progress. Physical properties, which include land, buildings and improvements and equipment, are principally stated at cost. In accordance with generally accepted accounting principles for state-assisted colleges and universities, depreciation is not provided. To the extent current funds are used to finance plant assets, the amounts so provided are accounted for as (a) expenditures in the case of normal replacement of long-life assets; (b) mandatory transfers in the case of required provisions for debt amortization and interest; and (c) transfers of a nonmandatory nature for all other cases. When assets are sold or otherwise disposed of, the carrying value of such assets is removed from the accounts, and net investments in plant is reduced accordingly.

Agency Funds

This group accounts for funds that are received by the College acting in a depository capacity. They are disbursed only on the instructions and on behalf of the person or organization from which they were received.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- C. Investments - For purposes of the presentation on the Balance Sheet, investments with original maturities of three months or less when purchased are reported as cash equivalents.

During fiscal year 2002, investments were limited to STAR Ohio. These investments are reported as cash equivalents.

- D. Investment in Plant – Land, buildings, improvements and equipment are stated at original acquisition costs when such information was available. In cases when original costs were not practicably determinable, estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition. Donated land, buildings, improvements and equipment are capitalized at estimated fair market value on the date of the gift. Depreciation on physical plant and equipment is not recorded.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements which extend the useful life or increase the capacity or operating efficiency of the asset are capitalized at cost. Infrastructure assets consisting of sidewalks, parking lots, lighting systems and signage are not capitalized or reported, as these assets are immovable and of value only to the College.

- E. Deferred Income - Deferred income in the current unrestricted funds is principally comprised of receipts relating to tuition and fees in advance of the services to be provided. The College recognizes unrestricted revenue in the fiscal year that the services are predominately provided.

- F. Compensated Absences

Governmental Accounting Standards Board (GASB) Statement No. 16, “Accounting for Compensated Absences”, specifies that vacation leave and other compensated absences with similar characteristics should be accrued as a liability as the benefits are earned by the employees if both of the following conditions are met:

1. The employees’ rights to receive compensation are attributable to services already rendered.
2. It is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Other compensated absences with characteristics similar to vacation leave are those which are not contingent on a specific event outside the control of the employer and employee.

Further, sick leave and other similar compensated absences are those which are contingent on a specific event that is outside the control of the employer and employee. The College has accrued a liability for these compensated absences using the termination method when the following criterion is met:

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

1. The benefits are earned by the employees and it is probable that the employer will compensate the employees for the benefits through cash payments conditioned on the employees' retirement ("termination payments").

The sick leave liability has been based on the College's past experience of making termination payments for sick leave.

- G. Interfund Amounts - Amounts due to and from the fund groups are considered to be temporary advances.
- H. Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and disclosure in the footnotes. Actual results could differ from those estimates.

2. CASH AND CASH EQUIVALENTS

A. Policies and Practices

It is the responsibility of the Business and Finance Department to deposit and invest the College's idle funds. The College's practice is to limit investments to United States Treasury notes and bills, collateralized certificates of deposit and repurchase agreements, insured and/or collateralized demand deposit accounts or obligations of other United States agencies for which the principal and interest is guaranteed by the United States Government. The College does not enter into reverse repurchase agreements.

The investment and deposit of College monies is governed by the Ohio Revised Code. Investment of the College's monies is restricted to certificates of deposit, savings accounts, money market accounts and the State Treasurer's Investment Pool (STAR Ohio), obligations of the United States Government or certain agencies thereof and certain industrial revenue bonds issued by other governmental entities. The College may also enter into repurchase agreements with any eligible depository for a period not exceeding thirty days. Public depositories must give security for all public funds on deposit. These institutions may specifically collateralize individual accounts in lieu of amounts insured by the Federal Deposit Insurance Corporation (FDIC), or may pledge a pool of government securities. Repurchase agreements must be secured by the specific government securities upon which the repurchase agreements are based. State law does not require security for the public deposits and investments to be maintained in the College's name.

B. Cash on Hand

At June 30, 2002, the College had \$2,030 in undeposited cash on hand which is reported as cash on the Balance Sheet.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

2. CASH AND CASH EQUIVALENTS (continued)

C. Deposits

At June 30, 2002, the reported amount of the College's deposits was \$898,625 and the bank balance was \$1,408,512. Of the bank balance, \$133,610 was covered by federal depository insurance. Of the remaining balance, \$1,206,409 was covered under surety bonds for collateral held in the pledging institution's trust department in the College's name, and \$68,493 was held by the pledging financial institution in a collateral pool not in the College's name in accordance with the Ohio Revised Code, which is considered uninsured and uncollateralized as defined by GASB Statement No. 3.

Although all State statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the College to a successful claim by the FDIC.

D. Investments

The College has invested funds in the State Treasury Asset Reserve of Ohio (STAR Ohio) during the fiscal year ended June 30, 2002. STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's share price which is the price the investment could be sold for on June 30, 2002. At June 30, 2002, the fair value of STAR Ohio was \$1,394,044. Investments in STAR Ohio are not categorized by level of custodial credit risk since they are not evidenced by securities that exist in physical or book entry form.

3. STATE SUPPORT

The College is a state-assisted institution of higher education which receives a student-based subsidy from the State of Ohio. The subsidy is determined annually based upon a formula devised by the Ohio Board of Regents, adjusted to state resources available.

In addition to the student subsidies, the State of Ohio provides the funding for and constructs major plant facilities on the College's campus. The funding is obtained from the issuance of revenue bonds by the Ohio Public Facilities Commission, which in turn causes the construction and subsequent lease of the facility by the Ohio Board of Regents. Upon completion of the facility, the Board of Regents turns over control to the College. Construction in progress for any portion of the facilities being financed by the state agencies for use by the College is recorded on the College's book of account as costs are incurred.

The facilities are not pledged as collateral for the revenue bonds. Instead, the bonds are supported by a pledge of monies in the Higher Education Bond Service Fund established in the custody of the Treasurer of State. If sufficient monies are not available from this fund, a pledge exists to assess a special student fee uniformly applicable to students in state-assisted institutions of higher education throughout the State.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

3. STATE SUPPORT (continued)

Outstanding debt issued by the Ohio Public Facilities Commission is not included on the College's Balance Sheet. In addition, the appropriations by the Ohio General Assembly to the Board of Regents for payment of debt services are not shown as appropriation revenue received by the College, and the related debt service payments are not recorded on the College's financial statements.

4. PROPERTY, PLANT AND EQUIPMENT

A summary of the changes in property, plant and equipment during fiscal year 2002 follows:

	<u>Balance</u> <u>07/01/2001</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>06/30/2002</u>
Land, Buildings and Improvements	\$18,027,447	\$1,565,244	\$0	\$19,592,691
Equipment	3,456,099	244,859	(66,980)	3,633,978
Total	<u>\$21,483,546</u>	<u>\$1,810,103</u>	<u>(\$66,980)</u>	<u>\$23,226,669</u>

5. DEFINED BENEFIT PENSION PLANS

All employees of the College are eligible to participate in one of two cost-sharing, multiple employer defined benefit pension plans. Academic personnel participate in the State Teachers Retirement System (STRS Ohio) and nonacademic personnel participate in the School Employees Retirement System (SERS Ohio).

A. State Teachers Retirement System

The College participates in the State Teachers Retirement System of Ohio (STRS Ohio), which is a cost-sharing, multiple employer defined benefit pension plan. STRS Ohio is a statewide retirement plan for certified teachers and other faculty members employed in the public schools of Ohio or any school, college, university, institution or other agency wholly controlled, managed and supported in whole, or in part, by the state or any political subdivision thereof. Any member who has (1) five years of service credit and attained age 60; (2) 25 years of service credit and attained age 55; or (3) 30 years of service credit regardless of age may retire. The maximum annual retirement allowance, payable for life, is the greater of the "formula benefit" or the "money-purchase benefit" calculation. Under the "formula benefit", the retirement allowance is based on years of credited service and final average salary, which is the average of the member's three highest years' salaries. The annual allowance is calculated by using a base percentage of 2.2 percent multiplied by the total number of years of service credit (including Ohio-valued purchased credit) times the final average salary. The 31st year of earned Ohio service credit is calculated at 2.5 percent. An additional one-tenth of a percent is added to the calculation for every year of earned Ohio service over 31 years (2.6 percent for 32 years, 2.7 percent for 33 years and so on) until 100 percent of final average salary is reached.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

5. DEFINED BENEFIT PENSION PLANS (continued)

For members with 35 or more years of earned Ohio service, the first 30 years will be calculated at 2.5 percent instead of 2.2 percent.

Under the “money-purchase benefit” calculation, a member’s lifetime contributions plus interest at specified rates are matched by an equal amount from other STRS Ohio funds. This total is then divided by an actuarially determined annuity factor to determine the maximum annual retirement allowance.

Eligible faculty of the College may choose to enroll in either STRS Ohio or an alternative retirement plan (ARP) offered by the College. Employees have 120 days from their employment date to select a retirement plan.

A retiree of STRS Ohio or other Ohio public retirement system is eligible for reemployment as a teacher following the elapse of two months from the date of retirement. Contributions are made by the reemployed member and employer during the reemployment. Upon termination of employment or age 65, whichever comes later, the retiree is eligible for a money-purchase benefit or a lump-sum payment in addition to the original retirement allowance.

Retirement benefits are annually increased by the greater of the amount of the change in the Consumer Price Index (CPI) or the cumulative CPI increases since retirement, less previous cost-of-living increases, up to a maximum of three percent of the original base benefit. The plan offers comprehensive health care benefits to retirees and their dependents. Coverage includes hospitalization, physicians’ fees, prescription drugs and partial reimbursement of monthly Medicare premiums.

A member with five or more years’ credited service who becomes disabled is entitled to a disability benefit. Survivor benefits are available to eligible spouses and dependents of active members who die before retirement. A death benefit of \$1,000 is payable to the beneficiary of each deceased retired member. Additional death benefit coverage of \$1,000 or \$2,000 can be purchased. Various other benefits are available to members’ beneficiaries.

Benefits are established and may be amended by Chapter 3307, Revised Code.

Chapter 3307 of the Revised Code provides statutory authority for member and employer contributions. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

5. DEFINED BENEFIT PENSION PLANS (continued)

Contribution requirements and the contributions actually made for the fiscal year ended June 30, 2002, were 9.3 percent of covered payroll for members and 14 percent for employers. The College's contributions for pension obligations to STRS Ohio for the fiscal years ended June 30, 2002, 2001 and 2000 were \$400,513, \$424,289 and \$266,784, respectively, equal to the required contributions for each fiscal year.

STRS Ohio issues a stand-alone financial report. Copies of STRS Ohio's 2001 *Comprehensive Annual Financial Report* will be available after January 1, 2002, and can be requested by writing to STRS, 275 East Broad Street, Columbus, OH 43215-3371, or by calling (614)227-4090.

B. School Employees Retirement System

The College contributes to the School Employees Retirement System of Ohio (SERS Ohio), a cost-sharing, multiple employer defined benefit pension plan. SERS Ohio provides retirement and disability benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by State statute per Chapter 3309 of the Ohio Revised Code. SERS Ohio issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the School Employees Retirement System, 45 North Fourth Street, Columbus, Ohio 43215 or by calling (614)222-5853.

Plan members are required to contribute nine percent of their annual covered salary and the College is required to contribute at an actuarially determined rate. The current rate is 14 percent of annual covered payroll. For fiscal year 2002, 5.55 percent was the portion to fund pension obligations. The contribution requirements of plan members and employers are established and may be amended, up to statutory maximum amounts, by the SERS Ohio Retirement Board. The College's contributions for pension obligations to SERS Ohio for the fiscal years ended June 30, 2002, 2001 and 2000 were \$135,892, \$176,072 and \$217,548 respectively, equal to the required contributions for each fiscal year.

6. POSTEMPLOYMENT BENEFITS

The College provides comprehensive health care benefits to retired teachers and their dependents through the State Teachers Retirement System (STRS Ohio), and to retired non-certified employees and their dependents through the School Employees Retirement System (SERS Ohio). Coverage includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare premiums. Benefit provisions and the obligation to contribute are established by the Systems based on authority granted by State statute. Both systems are funded on a pay-as-you-go basis.

NORTH CENTRAL STATE COLLEGE

NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002

6. POSTEMPLOYMENT BENEFITS (continued)

Pursuant to the Ohio Revised Code, the State Teachers Retirement Board has discretionary authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Most benefit recipients pay a portion of the health care cost in the form of a monthly premium. By Ohio law, the cost of the coverage paid from STRS Ohio funds shall be included in the employer contribution rate, currently 14 percent of covered payroll. The Retirement Board allocates employer contributions to the Health Care Reserve Fund from which health care benefits are paid. For the fiscal year ended June 30, 2002, the Board allocated employer contributions equal to 4.5 percent of covered payroll to the Health Care Reserve Fund. For the College, this amount equaled \$189,717 during fiscal 2002.

The balance in the Health Care Reserve Fund was \$3.256 billion at June 30, 2001 (latest information available). For the year ended June 30, 2001, net health care costs paid by STRS Ohio were \$300,772,000, and STRS Ohio had 102,132 eligible benefit recipients statewide.

The Ohio Revised Code gives SERS Ohio discretionary authority to provide postretirement health care. Coverage is made available to service retirees with ten or more years of qualifying service credit, and disability and survivor benefit recipients. Members retiring on or after August 1, 1989, with less than twenty-five years of service credit must pay a portion of their premium for health care. The portion is based on years of service up to a maximum of 75 percent of the premium.

After the allocation for basic benefits, the remainder of the employer's 14 percent contribution is allocated to providing health care benefits. At June 30, 2002, the allocation rate is 9.8 percent. In addition, SERS Ohio levies a surcharge to fund health care benefits equal to 14 percent of the difference between a minimum pay and the member's pay, pro-rated for partial service credit. For fiscal year 2002, the minimum pay has been established at \$12,400. The surcharge, added to the unallocated portion of the 14 percent employer contribution rate, provides for maintenance of the asset target level for the health care fund.

The target level for the health care reserve is 150 percent of annual health care expenses. Expenses for health care at June 30, 2001 (the latest information available), were \$161,439,934 and the target level was \$211.0 million. At June 30, 2001, SERS Ohio had net assets available for payment of health care benefits of \$242.2 million. SERS Ohio has approximately 50,000 benefit recipients statewide currently receiving health care benefits. For the College, the amount to fund health care benefits, including the surcharge, equaled \$317,082 during the 2002 fiscal year.

7. BONDS PAYABLE

Bonds payable at June 30, 2002 consisted of the following:

Bonds Payable

Refunding revenue bonds, Series 1995; principal and interest payable in annual installments of \$53,405 with the College electing to pay an additional \$35,595 in fiscal year 2002 on principal for a total annual installment of \$89,000; bearing interest at 7.0 percent; final payment due June 1, 2015 but expected to be paid off in fiscal year 2007.

NORTH CENTRAL STATE COLLEGE
 NOTES TO FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2002

7. BONDS PAYABLE (continued)

The College has pledged certain future revenue as collateral for the refunding revenue bonds.

Maturity of outstanding debt, excluding interest payments of \$61,203, is as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>
2003	\$67,608
2004	72,341
2005	77,405
2006	82,823
2007	<u>19,705</u>
Total	<u><u>\$319,882</u></u>

8. LEASES

In December, 1996, the College entered into a capital lease agreement for the construction of a new building. The lease requires monthly principal and interest payments of \$5,272 through fiscal year 2004.

In July, 2000, the College entered into a capital lease agreement for the purchase of a new phone system. The lease requires monthly principal and interest payments of \$3,855 through fiscal year 2005.

Minimum lease payments under all capital leases of each fiscal year ending June 30 are as follows:

2003	\$109,882
2004	109,882
2005	<u>78,252</u>
Total	298,016
Less amount representing interest	<u>(25,251)</u>
Net capital lease obligations	<u><u>\$272,765</u></u>

The College leases certain equipment accounted for as operating leases. Future minimum annual rental payments required under these operating leases of each fiscal year ending June 30 are as follows:

2003	\$177,265
2004	166,536
2005	108,509
2006	<u>101,579</u>
Total	<u><u>\$553,889</u></u>

9. CONTINGENCIES

A. Federal and State Grants

The College participates in certain state and federally-assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. In the opinion of the College, no material grant disbursements will be disallowed.

B. Litigation

The College is currently not a party to any legal proceedings.

10. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft; damage to or destruction of assets, errors and omissions; employee injuries; and natural disasters. By maintaining comprehensive insurance coverage with private carriers, the College has addressed these various types of risk. Settled claims have not exceeded this insurance coverage in any of the past three fiscal years. There has not been a significant reduction of coverage from the prior fiscal year.

11. RELATED ORGANIZATIONS

The North Central State College Foundation, Inc. (the Foundation) is a not-for-profit organization which operates under a separate board exclusively for the benefit of the College and is therefore not included in the College's June 30, 2002 financial statements. At June 30, 2002, the total net assets of the Foundation, not included in the financial statements of the College, were \$2,038,218.

12. NEW ACCOUNTING PRONOUNCEMENTS

In November, 1999, GASB issued Statement No. 35, "Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities – an amendment of GASB Statement No. 34". As originally issued, Statement No. 34, "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments" was not applicable to public institutions. Rather than issuing separate standards, GASB decided to provide financial reporting guidance for public institutions by amending Statement No. 34 to extend its applicability to them. Statement No. 35 supersedes GASB Statement No. 15, which currently allows public institutions to choose one of two models when reporting their financial statements – the model contained in the 1973 American Institute of Certified Public Accountants (AICPA) Industry Guide, Audits of Colleges and Universities (AICPA College Guide model), or the governmental model. The College must implement GASB Statement No. 35 no later than for the year ending June 30, 2003.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
North Central State College
2441 Kenwood Circle, Box 698
Mansfield, Ohio 44903

We have audited the financial statements of the North Central State College (the College), as of and for the year ended June 30, 2002, and have issued our report thereon dated October 31, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the College's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the College's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operations that we consider to be material weaknesses.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* (continued)

This report is intended solely for the information and use of management, the Board of Trustees and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH *OMB CIRCULAR A-133***

Board of Trustees
North Central State College
2441 Kenwood Circle, Box 698
Mansfield, Ohio 44903

Compliance

We have audited the compliance of the North Central State College (the College) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2002. The College's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the College's management. Our responsibility is to express an opinion on the College's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the College's compliance with those requirements.

In our opinion, North Central State College complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2002.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 (continued)

Internal Control Over Compliance

The management of the College is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the College's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of management, the Board of Trustees and federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.
