

SUMMIT COUNTY CHILDREN SERVICES BOARD
INDEPENDENT AUDITOR'S REPORT
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2006

Mary Taylor, CPA

Auditor of State

Board Members
Summit County Children Services Board
264 South Arlington Street
Akron, Ohio 44306-1399

We have reviewed the *Independent Auditor's Report* of the Summit County Children Services Board, prepared by Varney, Fink & Associates, Inc., for the audit period January 1, 2006 through December 31, 2006. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Summit County Children Services Board is responsible for compliance with these laws and regulations.

Auditing Standards 38

INDEPENDENT AUDITOR'S REPORT

Summit County Children Services Board
Akron, OH 44306-1399

We have audited the accompanying financial statements of governmental activities, each major fund and the aggregate remaining fund information of the Summit County Children Services Board (SCCS), as of and for the year ended December 31, 2006, which collectively comprise SCCS's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of SCCS's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements of SCCS, are intended to present the financial position, and the changes in financial position of only that portion of the governmental activities, each major fund and the aggregate remaining fund information of Summit County, Ohio that is attributable to the transactions of SCCS. They do not purport to, and do not, present fairly the financial position of Summit County, Ohio, as of December 31, 2006, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of SCCS, as of December 31, 2006 and respective changes in financial position thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 8, 2007 on our consideration of SCCS's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

INDEPENDENT AUDITOR'S REPORT (continued)

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion thereon.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2006
UNAUDITED**

Management's Discussion and Analysis

The management of Summit County Children Services (SCCS), a special revenue fund of the County of Summit, is presenting an overview of SCCS's financial activities for the year ended December 31, 2006 in addition to the audited financial statements. This additional information is being provided to meet certain disclosure requirements of the Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*. The Independent Auditor's Report, the Basic Financial Statements, Notes to the Basic Financial Statements and Supplementary Information should be read in conjunction with the following discussion. Prior year information is provided when available and applicable.

Overview of the Basic Financial Statements

Management's Discussion and Analysis is intended to serve as an introduction to SCCS's basic financial statements. SCCS is a special fund of the County of Summit; therefore, the statements and discussion focus on the portion of funds and transactions of SCCS and are intended to emphasize SCCS's overall financial status. The Basic Financial Statements are intended to provide a broad overview of SCCS's activities and offer short and long term financial information.

Basic Financial Statements

The Statement of Net Assets is based upon the principles of the Governmental Accounting Standards Board using accrual basis of accounting and these statements are similar to other governmental units. The Statement of Net Assets provides information about all of SCCS's assets and liabilities as of December 31, 2006. Changes in net assets will serve as a useful indicator of the financial health of SCCS. Tracking changes in net assets will indicate improvement or deterioration when taking into account other non-financial factors, i.e. changes in real estate tax valuations, number of referrals made to SCCS, continued levy support, etc. Since SCCS is a special fund of the County of Summit, all of its assets and liabilities are reported as Governmental Activities and are divided into the following categories:

- Assets
- Liabilities
- Net Assets (Assets minus Liabilities)

The Statement of Activities illustrates how the services provided by SCCS were financed as well as what dollars remain for future spending. The Statement of Activities is divided into the following categories:

- Program Expenses
- Program Revenues
- General Revenues
- Change in Net Assets
- Net Assets at the Beginning of the Year
- Net Assets at the End of the Year

SCCS's Balance Sheet as of December 31, 2006 reports all current assets and current liabilities for the total Governmental Fund. The report is based upon modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash and therefore excludes fixed assets as well as long-term liabilities. The Governmental Fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance SCCS's services and programs. The Balance Sheet is divided into the following categories:

- Assets
- Liabilities
- Fund Balances

Table 1 is a summary of the total Net Assets for SCCS. Total Net Assets decreased by approximately \$4,114,000 or 7.7 percent during 2006. As Discussed in the Economic Factors below, the financial plan for the current three year levy period provided for the planned spend down of excess cash reserves. The decrease was due to the following:

- Cash, Cash Equivalents and Investments decreased approximately \$2,699,000 during the year due to increased costs for children in Paid Placement.
- Due From Other Governments decreased \$1,815,000 from 2005 due to billings for placements were delayed by two months at the end of 2004 into 2005.
- Deferred Revenue for property taxes that were not available to finance current year activities increased \$1,904,000.
- Long Term Liabilities decreased from 2005 by \$273,000, due to decreased staffing requirements and the number of retirements taking effect in 2006.

SCCS has no long-term debt related to its asset holdings.

Table 1
Net Assets
(In Thousands of Dollars)

	Governmental Activities			Percentage Change
	2006	2005	Dollar Change	
Assets				
Current and Other Assets	\$68,976	\$71,068	(\$2,092)	-2.9%
Capital Assets, Net	11,396	11,752	(356)	-3.0%
Total Assets	<u>80,372</u>	<u>82,820</u>	<u>(2,448)</u>	-3.0%
Liabilities				
Current and Other Liabilities	28,271	26,332	1,939	7.4%
Long-Term Liabilities	2,448	2,721	(273)	-10.0%
Total Liabilities	<u>30,719</u>	<u>29,053</u>	<u>1,666</u>	5.7%
Net Assets				
Invested in Capital Assets	11,396	11,752	(356)	-3.0%
Restricted	283	511	(228)	-44.6%
Unrestricted	37,974	41,504	(3,530)	-8.5%
Total Net Assets	<u>\$49,653</u>	<u>\$53,767</u>	<u>(\$4,114)</u>	-7.7%

Table 2 is a summary of the Changes in Net Assets for SCCS. Total Revenues decreased by \$5,864,000 or 11.1 percent from the prior year. SCCS has been fortunate in being able to continue to take advantage of several State and Federal grants as they became available to fund program and service expansions offered by SCCS. SCCS is also fortunate to be supported by the local community through the passage of the real estate tax levy and the many donations made to SCCS in support of its programs. The larger changes in the revenue stream include:

- Charges for Services decreased \$2,316,000 due to billings for placements were delayed by two months at the end of 2004 into 2005.
- Property tax revenue decreased by \$3,563,000 due to higher recognition of revenue 2005 rather than 2006.
- Expenditures decreasing by \$3,563,000 or 6.5%, which included employee salary and benefits, paid placements, foster care, adoption, and medical expenses for the children under care.

Table 2
Net Assets
(In Thousands of Dollars)

	2006	2005	Dollar Change	Percentage Change
Revenues				
Program Revenues				
Charges for Services	\$5,120	\$7,436	(\$2,316)	-31.1%

Expenditures				
Human Services	51,260	54,823	(3,563)	-6.5%
Increase (Decrease) in Net Assets	<u>(\$4,114)</u>	<u>(\$1,813)</u>	<u>(\$2,301)</u>	126.9%

Budgeting Highlights

As a special revenue fund of the County of Summit, the SCCS budget is included in the County of Summit budgeting and reporting. SCCS’s internal budgeting process is detailed in the Notes to the Basic Financial Statements Number 2E, “Budgetary Data”.

During 2006, there was a total budget increase of \$4,316,942. The Budget was increased to manage the Kinship Incentive Program through the State of Ohio. Other adjustments were made during 2006, as budget dollars were transferred to handle minor changes in expense areas. These budget adjustments were made within authorized budget line items.

Capital Assets

At December 31, 2006, SCCS had \$11,395,878 invested in capital assets as detailed in Table 4. There was a \$356,019, or 3.0 percent decrease from December 31, 2005. The largest decrease, in all categories, except land, was related to the depreciation expense of \$423,015. Equipment purchase during 2006 included additional security devices, and C-Ray machine and a mental detector.

Table 4
Capital Assets at Year End
(Net of Depreciation)

Capital Asset	2006	2005	Dollar Change	Percentage Change
Land	\$1,288,532	\$1,288,532	\$0	0.0%
Buildings	9,773,695	10,117,913	(344,216)	-3.4%
Machinery and Equipment	113,458	88,578	24,880	28.1%
Vehicles	45,135	81,818	(36,683)	-44.8%
Construction in Progress	175,058	175,058	0	0.0%
Total Capital Assets at Year End	<u>\$11,395,878</u>	<u>\$11,751,899</u>	<u>(\$356,019)</u>	-3.0%

SCCS has no long-term debt related to its asset holdings.

Economic Factors

SCCS is in an unusual situation relative to the economic conditions in the County. During times of high employment and economic outlook, Levy support is high and the demand for services is lower. Conversely, when employment and economic outlook is low, Levy support is lower and the demand for services increases. Employment and finances are major stress factors among many families. Unemployment and lack of finances can stress families to the point where there is increased use of drugs and alcohol, domestic violence, child abuse, teenage pregnancy, etc. as well as societal issues of homelessness, lack of adequate medical care, crime, etc., Initially, all concerns or referrals of suspected abuse made to SCCS are channeled through the Intake Department (Investigative/Initial Assessment) where assessment takes place; that is, the alleged abuse is either *substantiated* and a case is opened, or *unsubstantiated* and the case is closed, or *indicated* and additional assistance is proved to the family. SCCS has many programs available to provide parents support and training in order to handle many stress issues (Preventive/Protective). If necessary, the Juvenile Court of Summit County, through legal custody and an individual case plan, recommends short-term relief for the family while the parents learn to cope with their issues. At this time, the child(ren) may be placed with a family provided through foster and kinship care programs (Foster Care, Paid Placement). If a permanent removal from the family home is necessary for the child(ren), adoption services may be provided (Adoption Placement and Subsidies).

By taking advantage of many federal and state grants as well as the prudent use of tax dollars, SCCS has been able to accumulate a cash reserve. As SCCS nears the end of it's current levy cycle, the cash reserve balance will naturally decrease. At the same time, SCCS (as well as other local government agencies) is experiencing budget challenges as the state and federal budgets are being cut. The uncertainty of future funding is growing each year. Over the next six years, that is, the next levy cycle, SCCS is projecting minimal, if any increases in Federal and state funding. The result is increased reliance on the local levy

dollars and the cash reserve to fund its operations and programs. SCCS expects continued support of its programs and services through the passage of the Levy.

Contacting SCCS's Financial Management

This financial report is designated to provide our citizens, taxpayers, investors and creditors with a general overview of SCCS's finances and to show SCCS's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Director of Finance, Summit County Children Services Board, 264 South Arlington Street, Akron, OH 44306-1399.

Children Services
Summit County
Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of the Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2006

Net Change in Fund Balances - Total Government Funds (\$4,368,473)

Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Fixed Asset Additions	\$69,847	
Current Year Depreciation	(423,015)	
		(353,168)
Total		

A loss is recognized on the statement of activities when a capital asset is disposed of before it is fully depreciated but is not recognized in the funds. (2,853)

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds:

Property Taxes	\$340,875	
Intergovernmental Revenue	(2,920)	
		337,955
Total		

Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Compensated Absences		273,144

Change in Net Assets of Governmental Activities (\$4,113,395)

See accompanying notes to the basic financial statements.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 1 – REPORTING ENTITY

The Children Services, Summit County, Ohio (SCCS) was created to represent the community's interest in the well being of its abused, neglected and dependent children. Pursuant to Section 5153 of the Ohio Revised Code, the Board is the single agency of county government mandated to investigate, care for and/or provide services to children from birth to age eighteen or twenty-one years and who are found to be in a potentially harmful situation. Such services are provided to the family and relatives of the children and may also extend to adults who have graduated from the care of SCCS. SCCS is located in Akron, County of Summit, in northeastern Ohio.

The Board of SCCS consists of eleven members, ten members are appointed by the County Executive and approved by the County Council and one member is the Chairperson of the Citizens Advisory Committee. Members are appointed to serve four-year terms. Members represent various roles in the community.

The mission and legal mandate of SCCS is to serve as the first responder to reported allegations of child abuse and neglect, to investigate such reports in a timely manner, and to provide appropriate protective services to children who are found to be abused or neglected.

The County of Summit is a body politic and corporate established for the purpose of exercising the rights and privileges conveyed to it by the Constitution and laws of the State of Ohio. The County was formed by an enabling act of the Ohio State Legislature in 1840. In accordance with the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, the County of Summit's financial statements include all organizations, activities and functions which comprise the primary government and those legally separate entities for which the County is financially accountable. Financial accountability is defined as the appointment of a voting majority of the unit's board and either 1) the County's ability to impose its will over the unit; or 2) the possibility that the unit will provide financial benefit or impose a financial burden to the County. SCCS is not a legally separate entity. SCCS is part of the primary government of the County of Summit and is reported by the County as a special revenue fund. SCCS does not include any other units in its presentation.

As counties are structured in Ohio, the County Fiscal Officer serves as Auditor and Treasurer. The Fiscal Officer certifies the availability of cash and appropriations prior to the processing of payments and as the custodian of County funds, invests public monies held on deposit in the County treasury.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Children Services (SCCS) have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting policies are described below.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. Basis of Presentation

Government-Wide Financial Statements – The Statement of Net Assets and the Statement of Activities display information about SCCS as a whole. These statements include the financial activities of the SCCS, except for fiduciary funds. SCCS had no business-type activities during the year ended December 31, 2006.

The Statement of Net Assets presents the financial condition of the governmental activities of SCCS at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of SCCS's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include grants and contributions that are restricted to meeting the operational requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of SCCS, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of SCCS.

Fund Financial Statements – Fund financial statements are designed to present financial information of SCCS at a more detailed level. The focus of governmental financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary Funds are reported by fund type.

B. Fund Accounting

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equity or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. SCCS uses a governmental fund to account for its activities.

Governmental Fund Types

Governmental funds are those which most governmental functions typically are financed. The acquisition, use and balance of SCCS's expendable financial resources and the related current liabilities are accounted for through governmental funds. The measurement focus is based upon determination of financial position and changes in financial position. Under this focus, only the sources, uses and balances of current expendable financial resources are accounted for in the funds. SCCS maintains a general fund, a special revenue fund, and a fiduciary fund.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

General – This fund accounts for the general operating revenues and expenditures of SCCS and is available to SCCS for any purpose as allowed within the general laws of Ohio. The primary revenue sources are property taxes, charges for services, and intergovernmental revenues.

Donated Funds – This fund accounts for dollars donated to SCCS for a specified purpose or for the use of SCCS for the benefit of the children. Donated Funds are used in areas that is not allowable within the General Fund but may be used for the betterment of children under care or to enhance the child’s life experiences and improve the child’s well being. Examples include, but not limited, to holiday activities, after-school and sports programs.

Fiduciary Fund Types

Fiduciary fund reporting focuses on net assets and changes in net assets. The fiduciary fund categories include the following classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. SCCS maintains one agency fund. Agency funds are custodial in nature and do not involve measurement of results of operations, therefore, assets equal liabilities. SCCS’ agency fund collectively accounts for monies held by individual children and is available as needed by the child or is transferred to the child/guardian upon emancipation.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statement is prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of SCCS are included on the Statement of Net Assets. The Statement of Activities present increases (e.g. revenues) and decreases (e.g. expenses) in total net assets.

Fund Financial Statement

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the Balance Sheet.

The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financials are prepared. Governmental fund financial statements include a reconciliation, with brief explanations, to better identify the relationship between the government-wide statements and the statement for governmental funds.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Measurable" means the amount of the transaction can be determined, and "Available" means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For SCCS, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which SCCS receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which SCCS must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to SCCS on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: grants and interest.

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Property taxes for which there is an enforceable legal claim as of December 31, 2006, but which were levied to finance year 2007 operations, have been recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Expenditures

On the accrual basis of accounting, expenditures are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Data

SCCS is required by state law to adopt annual budgets for its General Fund. The Summit County Council adopts an appropriations budget by January 1st of a given year or adopts a temporary appropriation measure with final passage of a permanent budget by April 1st. Budgets are adopted by major expenditure and revenue category. Donated Funds are not required by the ORC to have an annual budget, but an annual budget is approved by the Board of SCCS.

Each department and program director of SCCS prepares a budget in conjunction with the Fiscal Department. The budget is reviewed by the Executive Director and presented to the Resources Committee of the Board. The Resources Committee then makes a recommendation to the Board of Directors for approval. The detailed program budget is then submitted to the Department of Finance and Management of the County for review by the Social Service Advisory Board. The Social Service Advisory Board is committee of citizens appointed by the County Executive. The committee makes a recommendation to County Council for adoption.

Modifications and amendments, throughout the year, to the original budget must be processed by the Fiscal Department of SCCS. Major modifications are processed through the Department of Finance and Management of the County and approved by the Board of Trustees and also through legal resolution by County Council. Each budgetary statement includes all modifications and supplemental appropriations that were necessary during the year. The County maintains budgetary control by fund, function, organizational unit and object-class and does not permit expenditures and encumbrances to exceed appropriations. Unencumbered and unexpended appropriations lapse at year end in all annually budgeted funds.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

SCCS's budgetary process accounts for certain transactions on a budgetary basis instead of a GAAP basis. The major differences between the budget basis and the GAAP basis are that revenues are recorded when actually received (budget) as opposed to when susceptible to accruals (GAAP) and expenditures are recorded when paid (budget) as opposed to when incurred (GAAP). Additionally, SCCS reflects outstanding encumbrances as expenditures on the budgetary basis. On the GAAP basis, encumbrances outstanding at year end are reported as reservations of fund balance and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

The actual results of operations compared to the revised appropriations for annually budgeted governmental funds are presented in the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Non-GAAP Basis) – General Fund.

The adjustments necessary to convert the results of operation for the year from the Non-GAAP Budget Basis to the GAAP Basis for the General Fund is as follows:

Net Change in Fund Balance	
	<u>General Fund</u>
Non-GAAP Budget Basis	(\$9,529,888)
Net Adjustment for Revenue Accruals	(2,191,666)
Net Adjustment for Expenditure Accruals	1,491,523
Net Adjustment for Encumbrances	5,868,330
GAAP Basis	(\$4,361,701)

F. Cash, Cash Equivalents and Investments

Except for the Donated Funds and the Children Savings Funds, all moneys of SCCS is paid into the County treasury. It is pooled and invested in short-term investments by the Summit County Fiscal Officer in order to provide improved cash management. Individual fund integrity is maintained through the County's financial records. Investments are stated at fair value as of December 31, 2006. For presentation on the Balance Sheet, investments with original maturities of three months or less are considered to be cash and cash equivalents.

Interest allocation is determined by the Ohio Constitution, state statutes and debt indentures. Under these provisions, the interest earned on SCCS's funds is included in the General Fund of the County, except for the interest received on the Donated Funds and the Children Savings Funds, which is received and reported within those funds.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Prepaid Items

Payments to vendors for services that will benefit periods beyond December 31, 2006, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year which services are consumed.

H. Capital Assets and Depreciation

Building, machinery and equipment is stated on the basis of historical cost or, if contributed, at fair market value at the date received. In cases where information supporting original costs is not available, estimated historical costs are developed with the use of an independent appraisal report. All capital assets which are acquired or constructed for general governmental purposes are reported as expenditures in the fund that finances the asset acquisition and are capitalized (recorded and accounted for).

Depreciable assets include “Buildings and Building Improvements”, “Machinery and Equipment” and “Vehicles”. Assets under the classification “Land” and “Construction in Progress” are not depreciated and are reported as “Non-Depreciable” on the Statement of Fund Net Assets and the Balance Sheet. For assets listed as “Depreciable”, depreciation is estimated and expensed on the Income Statement. For depreciation purposes, SCCS is using the American Hospital Association’s “Estimated Useful Lives of Depreciable Hospital Assets” to estimate the useful lives of assets owned by SCCS. These useful lives are as follows:

Buildings and Building Improvements	10 – 40 years
Machinery and Equipment	5 – 25 years
Vehicles	4 years

Depreciation is based on the pro-rata half year convention which assumes that capital assets are acquired and disposed of throughout an accounting period and uses one full year of depreciation expense if an item is purchased within the first six months of the year or disposed of in the last six months of the year. Likewise, no depreciation expense is recognized if an item is purchased within the last six months of the year or is disposed of within the first six months of the year. Depreciation expense is determined using the straight-line method and salvage value is disregarded, if negligible or undeterminable.

I. Accrued and Long-Term Liabilities

In general, governmental fund payables and accrued liabilities are reported as obligations of the funds regardless of whether they will be liquidated with current resources.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

However, compensated absences and contractually required pension contributions that will be paid from governmental funds are reported as a liability to the extent that they will not be paid with current available expendable financial resources. Payments made more than 60 days after fiscal year end are considered not to have used current available financial resources.

J. Inter-County Transactions

During the normal course of operations, SCCS has several transactions with other Summit County departments. These transactions include charges for services provided by one county department to another or reimbursement of shared costs of children with special needs. Inter-county transactions are recorded as charges for services and program expenditures in governmental funds.

K. Compensated Absences

Vacation and compensatory time benefits are accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. Sick leave benefits are accrued as a liability using the vested method. The liability is based on an estimate of the amount of accumulated sick leave that will probably be paid as termination benefits. The amount is based on accumulated sick leave and employee's wage rates at year end, taking into consideration any limits specified in SCCS's termination policy.

SCCS records a liability for accumulated, unused vacation for all employees with more than one year of service. The current portion of unpaid compensated absences is the amount payable using expendable available resources. These amounts are recorded as fund liabilities. The entire compensated absences liability is reported on the government-wide financial statements.

L. Reserved Fund Balance

Reserved fund balances indicate that a portion of the fund equity is not available for current appropriation or use or is legally segregated for future use. The unreserved portions of fund equity reflected for the governmental funds are available for use within the specific purposes of the funds. Fund balance reserves have been established for encumbrances and prepaid items.

M. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets, consists of capital assets, net of accumulated depreciation.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by SCCS or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

SCCS applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

N. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – DEPOSITS AND INVESTMENTS

Legal Requirements

State statutes classify monies held by the County into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the County treasury, in commercial accounts paid or withdrawn on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the County has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim moneys are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of County deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 3 – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

Interim monies can be deposited or invested in the following securities:

1. United States Treasury Notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to exceed on hundred eighty days from the purchase date in an amount not to exceed twenty-five percent of the interim monies available for investment at any one time; and
8. Under limited circumstances, corporate debt interests rated in either of the two highest classifications by at least two nationally recognized rating agencies.

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 3 – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

As a rule, Summit County does not segregate deposit and investments belonging to its individual funds. With regard to SCCS, the Ohio Revised Code does not specify that a County must segregate its deposits and investments. Consequently, the County pools the majority of SCCS’ deposits and investments. This amount is presented as “Equity in Pooled Cash, Cash Equivalents and Investments” on the Statement of Net Assets and the Balance Sheet in the amount of \$34,978,964 as of December 31, 2006. Information regarding the classification of the County’s deposits and investments per GASB Statement No. 3, “Deposits with Financial Institutions, Investments and Reverse Repurchase Agreements”, may be found in the County’s Comprehensive Annual Financial Report for the year ended December 31, 2006.

SCCS maintains the savings accounts for children under the care of SCCS, along with accounts for contributions and bequests that are not reflected on the County’s cash records. These balances are reported as “Cash and Cash Equivalents in Segregated Accounts” and “Investments in Segregated Accounts” to indicate that they are not part of the County treasury.

A. Deposits with Financial Institutions

At December 31, 2006, the carrying amount of all SCCS deposits was \$264,615. Of the SCCS’s bank balance of \$271,101, \$215,081 was covered by the Federal Deposit Insurance Corporation. The remaining \$56,020 was exposed to custodial credit risk because it was uninsured and uncollateralized.

B. Investments

As of December 31, 2006, SCCS had the following investments and maturities:

Investment Type	Balance at Fair Value	Investment Maturities		
		Less than 1 Year	1 to 5 Years	More than 5 Years
U.S. Agencies	\$326,589	\$0	\$174,531	\$152,058
Money Market	349,099	349,099	-	-
U.S. Treasury Notes	1,202,772	262,993	797,531	142,248
Total	\$1,878,460	\$612,092	\$972,062	\$294,306

Interest Rate Risk: SCCS does not have a policy addressing interest rates or maturities of investments.

Credit Risk: SCCS does not have a policy that addresses Credit Risk. As of December 31, 2006 the money market funds were rated AAAM by Standard & Poor’s.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 3 – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

Concentration of Credit Risk: SCCS does not have a policy that addresses the Concentration of Credit Risk. The following table includes the percentage of each investment type held by SCCS at December 31, 2006.

Investment Type	Fair Value	% of Total Value
U.S. Agencies	\$326,589	17.39%
Money Market Funds	349,099	18.58%
U.S. Treasury Notes	1,202,772	64.03%
Total	\$1,878,460	100%

C. Reconciliation of Cash and Investments to the Statement of Net Assets

The following is a reconciliation of cash and investments as reported in the footnote above to cash and investments as reported on the statement of net assets at December 31, 2006.

Cash and Investments per Footnote	
Carry Amount of Deposits	
County Cash Records	\$34,978,964
Carrying Amount of SCCS	264,615
Total Carrying Amount of Deposits	35,243,579
Investments	1,878,460
Total	\$37,122,039
Cash and Investments per Statement of Net Assets	
Governmental Activities	\$36,939,214
Agency Funds	182,825
Total	\$37,122,039

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 4 – PROPERTY TAX REVENUES

Property taxes include amounts levied against all real, public utility and tangible (used in business) property located in the County. 2005 real property taxes were levied after October 1, 2005 on the assessed value as of January 1, 2005, the lien date, and were collected in 2006. Assessed values are established by State Law at 35 percent of appraised market value. Public utility property taxes received in 2006 attached as a lien on December 31, 2005, were levied after October 1, 2005, and were collected with real property taxes. Public utility property taxes are assessed on tangible personal property at true value. 2006 tangible personal property taxes were levied after October 1, 2005, on the value listed as of December 31, 2005, and were collected in 2006. Tangible personal property assessments are percent of true value. The assessed value upon which the 2005 taxes were collected was \$12,843,671,355. The full tax rate for all County operations applied to taxable property for fiscal year ended December 31, 2006, was \$13.07 per \$1,000 of assessed valuation, of which \$2.56 per \$1,000 of assessed valuation is for the operation of SCCS.

Real and public utility property taxes are payable annually or semi-annually. If paid annually, payment is due January 20; if paid semi-annually, the first payment is due January 20 with the remainder payable by June 20. Under certain circumstances, state statute permits earlier or later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single-county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30 with the remainder payable by September 20.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Collection of the taxes and remittance of them to the taxing districts are accounted for in various funds of the County, including SCCS.

Property taxes receivable represent delinquent taxes, outstanding real property, public utility and tangible personal property taxes which were measurable at December 31, 2006. Total property tax collections for the next fiscal year are measurable amounts. However, since tax collections to be received during the available period are not subject to reasonable estimation at December 31, nor are they intended to finance 2006 operations, the receivable is offset by a credit to deferred revenues.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 5 – RECEIVABLES

Receivables at December 31, 2006, consisted of taxes, accounts, accrued interest and due from other governments. Taxes, accounts, accrued interest and due from other governments are deemed collectible in full. Inter-county receivables are reflected in Note 11 and are excluded from these figures. A listing of due from other governments is as follows:

<u>Source of Funds</u>	<u>Amounts</u>
Title IV-E Administration	\$1,928,662
State of Ohio Homestead Rollback	1,119,656
Title IV-E	700,272
Training Title XX	138,282
Kinship Grants	113,235
State Child Adoption Subsidy	79,585
Adoption Grants	79,155
Medicaid Related	77,065
Title IV-B	58,169
Independent Living	51,892
Cluster	37,748
ESAA	29,441
Other	24,461
	<hr/>
Total	<u><u>\$4,437,623</u></u>

NOTE 7 – DEFINED BENEFIT PENSION PLAN

All employees of SCCS participate in the Ohio Public Employees Retirement System (OPERS), which administers three separate pension plans as described below:

1. The Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan.
2. The Member-Directed Plan (MD) – a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan members accumulate retirement assets equal to the value of member and (vested) employer contributions plus any investment earnings.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 7 – DEFINED BENEFIT PENSION PLAN (continued)

3. The Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan. Under the Combined Plan employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost of living adjustments to members of the Traditional Plan and Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits.

Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. The OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to: Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614)222-6705 or 1-800-222-7377.

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2006, member and employer contribution rates were consistent across all three plans (TP, MD and CO). Separate divisions for law enforcement and public safety exist only within the Traditional Plan.

Plan members are required to contribute 9.00 percent of their annual covered salary to fund pension benefit obligations. SCCS is required to contribute 13.70 percent. Contributions are authorized by state statute. The contribution rates are determined actuarially. SCCS's contributions to the OPERS for the years ending December 31, 2006, 2005 and 2004 were \$2,755,173, \$2,738,181, and \$2,709,776, respectively. The full amount has been contributed for 2005 and 2004, 98.17 percent has been contributed for 2006.

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Pension Plan (TP) – a cost-sharing multiple-employer defined benefit pension plan; the Member-Directed Plan (MD) – a defined contribution plan; and the Combined Plan (CO) – a cost-sharing multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS provides retirement, disability, survivor and post-retirement health care coverage to qualifying members of both the Traditional and the Combined Plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

In order to qualify for postretirement health care coverage, age-and-service retirees under the Traditional Pension and Combined Plans must have 10 or more years of qualifying Ohio Service credit. Health care coverage for disability recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 12.

A portion of each employer's contribution to the OPERS is set aside for the funding of post-retirement health care. The Ohio Revised Code provides statutory authority for employer contributions. The 2006 employers contributed at a rate of 13.70 percent of covered payroll; 4.5 percent was the portion that was used to fund health care for the year 2006.

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS.

The assumptions and calculations below were based on OPERS's latest actuarial review performed as of December 31, 2005, include a rate of return on investments of 6.50 percent, an annual increase in active employee total payroll of 4.0 percent compounded annually (assuming no change in the number of active employees) and an additional increase in total payroll over and above the 4.0 percent base increase of between .50 percent and 6.30 percent based on additional annual pay increases. Health care costs were assumed to "increase at the projected wage inflation rate plus an additional factor ranging from .50 percent to 6.00 percent for the next nine years. In subsequent years (ten and beyond) health care costs were assumed to increase at four percent (the projected wage inflation rate).

An entry-age actuarial cost method of valuation is used in determining the present value of OPEB. The difference between assumed and actual experience (actuarial gains and losses) becomes part of the unfunded actuarial accrued liability.

All investments are carried at market value. For actuarial valuation purposes, a smoothed market approach is used. Assets are adjusted annually to reflect 25 percent of unrealized market appreciation or depreciation on investment assets annually, not to exceed a 12 percent corridor.

OPEB's are advance-funded on an actuarially determined basis.

The Traditional Pension and Combined Plans had 369,214 active contributing participants as of December 31, 2006. The number of active contributing participants for both plans used in the December 31, 2005, actuarial valuation was 358,804.

SCCS's actual contributions made to fund post-employment benefits were \$904,984.

OPERS's net assets available for payment of benefits at December 31, 2005, (the latest information available) were \$11.1 billion. The actuarially accrued liability and the unfunded actuarial accrued liability, based on the actuarial cost method used, were \$31.3 billion and \$20.2 billion, respectively.

SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 8 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

On September 9, 2004, the OPERS Retirement Board adopted a Health Care Preservation Plan (HCPP) with an effective date of January 1, 2007. OPERS took additional actions to improve the solvency of the Health Care Fund in 2005 by creating a separate investment pool for health care assets. Member and employer contribution rates increased as of January 1, 2006 and January 1, 2007, which will allow additional funds to be allocated to the health care plan.

NOTE 9 – COMPENSATED ABSENCES

Vacation is accumulated at varying rates ranging from two to six weeks per year depending on length of service. Accumulated vacation cannot exceed three times the annual accumulation rate for an employee. Unused vacation is payable upon termination of employment for those employees with 12 months of service. All employees earn sick leave at the rate of 4.6 hours for each 80 hours of work completed. Sick leave credit accumulates without limit. Upon retirement, an employee may be paid for 25 percent of his/her accumulated sick leave credit. Sick leave is paid at a rate equal to the hourly rate at the time of retirement, and may not exceed a total of 240 paid hours. In February, 2001, SCCS approved a retroactive sick leave policy which allowed employees classified as management and confidential to accumulate up to 720 hours. Caseworkers, public information officers, volunteer coordinators and registered nurses can also earn compensatory time up to a maximum of 80 hours. Members of management can earn compensatory time up to a maximum of 40 hours. Upon termination of employment with SCCS, caseworkers, public information officers, volunteer coordinators and registered nurses will be compensated for up to 80 hours of their unused compensatory time, while members of management will be compensated for up to 40 hours of their unused compensatory time. All vacation and compensatory time payments are made at the employee’s wage rate at the time of termination.

The entire compensated absences liability is reported on the government-wide financial statements. For governmental funds, the current portion of unpaid compensated absences is that amount expected to be paid using expendable available financial resources, and is reported in the general fund. The non-current portion of the liability is not reported.

Changes in compensated absences during 2006 were as follows:

Balance 1/1/2006	Issued	(Retired)	Balance 12/31/2006	Amount Due In One Year
\$2,761,064		\$208,661	\$2,552,403	\$104,413

**CHILDREN SERVICES

NOTE 10 – OTHER EMPLOYEE BENEFITS

SCCS provides major medical/hospitalization, including dental and vision, coverage for all regular, full-time employees through Medical Mutual of Ohio. These benefits, single and family coverage as applicable, are effective sixty (60) days from the first day of employment for bargaining unit employees or they are effective the first payday after hire for all management and confidential employees. Employees may select from a program of traditional coverage which requires a deductible and co-payments, an Exclusive Provider Organization (EPO), or a Preferred Provider Organization (PPO). Prescription drug coverage is included with each health benefit plan. In April, 1996, all full-time employees covered by an insurance plan started paying a portion of the premium through payroll deductions to help defray rising hospitalization costs.

As of April 1, 1993, a cafeteria plan of benefits was offered to management and confidential employees as an alternative to the basic insurance plan. In addition, a flexible spending program was introduced January 1, 2005. Any remaining balance within this plan reverts to SCCS's General Fund at the end of each year.

Life insurance is also provided as a benefit to full-time employees after the first year of employment for bargaining unit employees and the date of hire for management and confidential employees. Additional life insurance may be purchased by eligible employees.

NOTE 11 – INTER-COUNTY RECEIVABLES/PAYABLES

As of December 31, 2006, inter-county receivables and payables resulting from unpaid charges for services with other departments of the County of Summit were as follows:

General Fund	Receivable	Payable
Juvenile Court	\$0	\$16,458
Workers' Compensation	0	365,739
Job and Family Services	58,998	24,496
Mental Retardation and Developmental Disabilities	0	5,970
Other	24	1,481
Total	\$59,022	\$414,144

NOTE 12 – RISK MANAGEMENT

SCCS maintains insurance for comprehensive auto and blanket risk on all real and personal property including improvements, crime and honesty blanket bond for employees, as well as a public employee blanket bond for the Executive Director. A separate liability policy covers the nurses in SCCS's clinic operations. SCCS currently maintains general professional and liability insurance coverage for employees and volunteers. SCCS also maintains a separate indemnity policy for the Board of Directors. These policies are with private carriers.

SCCS paid no claims during 2006. There was no liability recorded for claims at the end of 2006.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 12 – RISK MANAGEMENT (continued)

Settled claims have not exceeded commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

NOTE 13 – CONTINGENCIES

Judgments and Claims: SCCS is subject to several claims and litigation of various types. As of December 31, 2006, the probability of loss potential and range of loss was not determinable.

NOTE 14 – LEASES

SCCS leases one program support facility (one-year agreement) and three storage facilities (two under a one-year agreement and one under a two-year agreement). The aggregate required monthly lease payments are \$1,453 with annual increases based on the consumer price index.

Lease expense for these facilities in 2006 was approximately \$41,842.

Minimum rental payments required for the lives of these leases are as follows:

2007	\$7,259
------	---------

SCCS also has several equipment lease arrangements based upon usage. Total expense on these leases for 2006 was approximately \$89,470.

NOTE 15 – COMMITMENTS – ADOPTION SUBSIDIES

As part of the permanency plans for children, adoption is a solution when reunification with the natural birth parents is impossible or not in the best interests of the child. In many cases, the child has emotional and physical problems. If the family meets certain eligibility factors, a subsidy may be provided to assist the family in handling these problems. In addition to state and federal monies being available, SCCS may need to provide additional assistance to the family in the form of a monthly subsidy. At the time of the adoption, an agreement is made with the family to provide assistance until the child reaches 18 years of age. The agreement is reviewed annually to assure continued eligibility.

As of December 31, 2006, SCCS's commitment to adoptive parents was \$4,097,616 for 684 children. Of this amount, \$581,180 is payable in 2007. No long-term liability has been recognized in SCCS's financial statements.

**CHILDREN SERVICES
SUMMIT COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2006**

NOTE 16 – COMMITMENTS – EMPLOYEE LAYOFFS

The need for a work force reduction was discussed with the Board of SCCS while projecting levy requirements for the next six years and during the budget review for 2007. The need to reorganize for efficiency and a reduced staffing level became apparent. In the interest of prudent accountability and operational efficiency, a plan to reduce staff and a re-alignment of job duties and responsibilities was developed. At the November 28th Board meeting, the Board approved the job reduction plan. The Department of Administrative Services for the State of Ohio reviewed the job reduction plan and approved it in late December 2006. As of December 31, 2006, 18 of the targeted positions were vacant and the number of effected employees was reduced to 34. As of December 31, 2006, the accrued compensated absences, as reported in the long term compensated absences liability was \$81,570. The actual compensation paid was \$80,912. The layoff effective dates were as follows: 26 employees were laid off on February 4, 2007; 3 employees on February 18, 2007; 4 employees on March 2, 2007; and 1 employee on March 4, 2007. The plan did not include severance pay nor continued SCCS paid health insurance. COBRA insurance was available as well as assistance in career counseling, job hunting, and interview skills.

**REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Summit County Children Services Board
Akron, OH 44306-1399

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Summit County Children Services Board (SCCS), as of and for the year ended December 31, 2006, which collectively comprise SCCS's basic financial statements and have issued our report thereon dated June 8, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered SCCS's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the SCCS's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the SCCS's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the SCCS's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the SCCS's financial statements that is more than inconsequential will not be prevented or detected by the SCCS's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the SCCS's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS* (continued)

Compliance and other Matters

As part of obtaining reasonable assurance about whether SCCS's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of SCCS's in a separate letter dated June 8, 2007.

This report is intended solely for the information and use of management, the audit committee, The Board and is not intended to be and should not be used by anyone other than these specified parties.
