To the Board of Trustees:

As you are aware, the Auditor of State's Office (AOS) must modify the *Independent Accountants' Report* we provide on your financial statements due to an interpretation from the American Institute of Certified Public Accountants (AICPA). While AOS does not legally require your government to prepare financial statements pursuant to Generally Accepted Accounting Principles (GAAP), the AICPA interpretation requires auditors to formally acknowledge that you did not prepare your financial statements in accordance with GAAP. Our Report includes an adverse opinion relating to GAAP presentation and measurement requirements, but does not imply the amounts the statements present are misstated under the non-GAAP basis you follow. The AOS report also includes an opinion on the financial statements you prepared using the cash basis and financial statement format the AOS permits.

INDEPENDENT ACCOUNTANTS' REPORT

Springfield Township
Summit County
2459 Canfield Road
Akron, Ohio 44312

To the Board of Trustees:

We have audited the accompanying financial statements of Springfield Township, Summit County, Ohio (the Township) as of and for the year ended December 31, 2008. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described more fully in Note 1, the Township has prepared these financial statements using accounting practices the Auditor of State prescribes or permits. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statements of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Instead of the combined funds the accompanying financial statements present, GAAP require presenting entity wide statements and also presenting the Township's larger (i.e. major) funds separately. While the Township does not follow GAAP, generally accepted auditing standards requires us to include the following paragraph if the statements do not substantially conform to GAAP presentation requirements. The Auditor of State permits, but does not require Townships to reformat their statements. The Township has elected not to follow GAAP statement formatting requirements. The following paragraph does not imply the amounts reported are materially misstated under the accounting basis the Auditor of State permits. Our opinion on the fair presentation of the amounts reported pursuant to its non-GAAP basis is in the second following paragraph.

In our opinion, because of the effects of the matter discussed in the preceding two paragraphs, the financial statements referred to above for the year ended December 31, 2008 do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2008, or its changes in financial position for the year then ended.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the combined fund cash balances of Springfield Township, Summit County, Ohio, as of December 31, 2008, and its combined cash receipts and disbursements for the year then ended on the accounting basis Note 1 describes.

The Township has not presented Management's Discussion and Analysis, which accounting principles generally accepted in the United States of America has determined is necessary to supplement, although not required to be part of, the financial statements.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 20, 2009, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance, and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008**

1. Summary of Significant Accounting Policies

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Springfield Township, Summit County, (the Township) as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, police protection, fire protection and emergency medical services.

The Township participates in a joint venture, a related organization and a public entity risk pool. Notes 7, 9 and 10 to the financial statements provides additional information for these entities. These organizations are:

Joint Venture:

Joint Economic Development District

Related Organization:

Springfield Township Local Cable Communications Board, Inc.

Public Entity Risk Pool:

Ohio Township Association Risk Management Authority (OTARMA)

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

B. Accounting Basis

These financial statements follow the accounting basis the Auditor of State prescribes or permits. This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the Auditor of State prescribes or permits.

C. Cash and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

The investment in an overnight repurchase agreement is valued at cost.

1. Summary of Significant Accounting Policies (Continued)

D. Fund Accounting

The Township uses fund accounting to segregate cash and investments that are restricted as to use. The Township classifies its funds into the following types:

1. General Fund

The General Fund reports all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The Township had the following significant Special Revenue Funds:

Police Fund - This fund receives local property tax money for general operation of the police department.

3. Capital Project Funds

These funds account for receipts restricted to acquiring or constructing major capital projects (except those financed through enterprise or trust funds). The Township had the following significant capital project funds:

Capital Equipment Fund – This fund receives transfers from the General Fund and is used to account for capital equipment.

4. Fiduciary Funds

Fiduciary funds include private purpose trust funds and agency funds. Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the Township's own programs.

The Township's private purpose trust funds are for the benefit of the Township's EMS and Law Enforcement departments.

Agency funds are purely custodial in nature and are used to hold resources for individuals, organizations or other governments. The Township disburses these funds as directed by the individual, organization or other government. The Township's agency fund accounts for bond monies held in escrow in accordance with contracts issued for construction and rehabilitation projects.

1. Summary of Significant Accounting Policies (Continued)

E. Budgetary Process

The Ohio Revised Code requires that each fund (except certain agency funds) be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. The County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must also approve estimated resources.

3. Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are canceled, and reappropriated in the subsequent year.

A summary of 2008 budgetary activity appears in Note 3.

F. Property, Plant, and Equipment

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

SUMMIT COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS

2. Equity in Pooled Cash and Investments

The Township maintains a cash and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of cash and investments at December 31 was as follows:

	2008
Demand deposits	(\$125,500)
Investments:	
Repurchase agreement	2,990,000
Total deposits and investments	\$2,864,500

Deposits: Deposits are insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

The negative demand deposit is covered by resources that are available by the overnight repurchase agreement.

Investments: The Township's financial institution transfers securities to the Township's agent to collateralize repurchase agreements. The securities are not in the Township's name.

3. Budgetary Activity

Budgetary activity for the year ended 2008 follows:

2008 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$1,351,456	\$1,784,844	\$433,388
Special Revenue	4,424,281	4,646,351	222,070
Capital Projects	200,000	176,172	(23,828)
Fiduciary	40,100	79,315	39,215
Total	\$6,015,837	\$6,686,682	\$670,845

2008 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$2,426,687	\$1,589,437	\$837,250
Special Revenue	5,453,636	4,884,874	568,762

4. Property Tax

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

Tangible personal property tax is assessed by the property owners, who must file a list of such property to the County by each April 30.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

5. Leases

Lease outstanding at December 31, 2008 was as follows:

	Principal	Interest Rate
Equipment Lease	\$170,410	5%

The Township entered into an equipment lease in July 2005 to finance a Crew Cab Truck, Type 3 Ambulance, and Extrication Equipment. In May 2007, the Township also entered into a lease for a Front-End Loader. In September 2008, the Township also entered into a lease for an ambulance. During 2008, the Township paid off the 2005 Type 3 Ambulance and the Extrication Equipment.

Amortization of the above debt, including interest, is scheduled as follows:

	Equipment Lease
Year ending December 31:	
2009	\$52,586
2010	51,501
2011	46,072
2012	22,032
2013	14,688
Total	\$186,879

6. Retirement Systems

The Township's certified Fire Fighters belong to the Police and Fire Pension Fund (OP&F). Other employees including the full-time Police Officers belong to the Ohio Public Employees Retirement System (OPERS). OP&F and OPERS are cost-sharing, multiple-employer plans. The Ohio Revised Code prescribes these plans' benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2008, OP&F participants contributed 10% of their wages. For 2008, the Township contributed to OP&F an amount equal to 19.5% of full-time police members' wages and 24% of full-time fire fighters' wages, respectively. For 2008, OPERS members contributed 10% of their gross salaries and the Township contributed an amount equaling 17.4% for the full-time police officers and other employees 14% of participants' gross salaries. The Township has paid all contributions required through December 31, 2008.

7. Risk Management

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty Coverage

For an occurrence prior to January 1, 2006, OTARMA retains casualty risks up to \$250,000 per occurrence, including claim adjustment expenses. OTARMA pays a percentage of its contributions to APEEP. APEEP reinsures claims exceeding \$250,000, up to \$1,750,000 per claim and \$10,000,000 in the aggregate per year. For an occurrence on or subsequent to January 1, 2006, the Pool retains casualty risk up to \$350,000 per occurrence. Claims exceeding \$350,000 are reinsured with APEEP in an amount not to exceed \$2,650,000 for each claim and \$10,000,000 in the aggregate per year. Governments can elect up to \$10,000,000 in additional coverage with the General Reinsurance Corporation, through contracts with OTARMA.

If losses exhaust PEP's retained earnings, APEEP provides *excess of funds available* coverage up to \$5,000,000 per year, subject to a per-claim limit of \$2,000,000 (prior to January 1, 2006) or \$3,000,000 (on or subsequent to January 1, 2006).

Property Coverage

Through 2004, OTARMA retained property risks, including automobile physical damage, up to \$100,000 on any specific loss in any one occurrence. The Travelers Indemnity Company reinsured losses exceeding \$100,000 up to \$500 million per occurrence.

**SPRINGFIELD TOWNSHIP
SUMMIT COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008
(Continued)**

7. Risk Management (Continued)

Beginning in 2005, Travelers reinsures specific losses exceeding \$250,000 up to \$600 million per occurrence. This amount increased to \$300,000 in 2007. For 2007, APEEP reinsures members for specific losses exceeding \$100,000 up to \$300,000 per occurrence, subject to an annual aggregate loss payment. Travelers provides aggregate stop-loss coverage based upon the combined members' total insurable values. If the stop loss is reached by payment of losses between \$100,000 and \$250,000 in 2006, or \$100,000 and \$300,000 in 2007, Travelers will reinsure specific losses exceeding \$100,000 up to their \$600 million per occurrence limit. The aggregate stop-loss limit for 2007 was \$2,014,548.

The aforementioned casualty and property reinsurance agreements do not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Property and casualty settlements did not exceed insurance coverage for the past three fiscal years.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2007 (the latest information available):

	<u>2008</u>
Assets	\$43,210,703
Liabilities	<u>(13,357,837)</u>
Net Assets	<u>\$29,852,866</u>

At December 31, 2007, liabilities above include approximately \$12.5 million of estimated incurred claims payable. The assets and retained earnings above also include approximately \$11.6 million of unpaid claims to be billed to approximately 950 member governments in the future, as of December 31, 2007. These amounts will be included in future contributions from members when the related claims are due for payment. The Township's share of these unpaid claims collectible in future years is approximately \$67,774. This payable includes the subsequent year's contribution due if the Township terminates participation, as described in the last paragraph below.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

**SPRINGFIELD TOWNSHIP
SUMMIT COUNTY**

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2008
(Continued)**

7. Risk Management (Continued)

Contributions to OTARMA

2006	\$68,115
2007	59,578

After completing one year of membership, members may withdraw on each anniversary of the date they joined OTARMA provided they provide written notice to OTARMA 60 days in advance of the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's budgetary contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

8. Contingent Liabilities

The Township is defendant in several lawsuits. Although management cannot presently determine the outcome of these suits, management believes that the resolution of these matters will not materially adversely affect the Township's financial condition.

Amounts grantor agencies pay to the township are subject to audit and adjustment by the grantor. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

9. Joint Economic Development District

The Township is a member of a Joint Economic Development District (JEDD) with the City of Akron. The City of Akron provides city services to business within the District and subsequently is permitted to collect income tax on those employees of the business district. At the same time, the JEDD prevents the annexation of Township property by the City and maintains the Township's property tax base. The Township has no equity interest in the JEDD. Complete financial statements can be obtained from the City of Akron.

10. Related Organization - Springfield Township Local Cable Communications Board, Inc.

The Township appoints four of the five members of the Springfield Township Local Cable Communications Board, Inc. (Board). The Board operates, maintains, manages, and regulates the cable television programming and charges and receives 2% franchise fees on behalf of its member communities (Lakemore Village and Springfield Township). The Board hires and fires its own staff and does not rely on the Township to finance deficits. The Township is not financially accountable for the Board nor is the Board financially dependent on the Township. The Board serves as its own budgeting, taxing and debt issuance authority. Per agreement between all parties, the Township performs the payroll function for Board for the Director's salary and the Board reimburses the Township on a quarterly basis. The Township received \$49,298 during 2008. Complete financial statements can be obtained from the Springfield Township Local Cable Communications Board, Inc.

Auditor of State

INDEPENDENT ACCOUNTANTS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Springfield Township
Summit County
2459 Canfield Road
Akron, Ohio 44312

To the Township Board of Trustees:

We have audited the financial statements of Springfield Township, Summit County, Ohio, (the Township) as of and for the year ended December 31, 2008, and have issued our report thereon dated April 20, 2009, wherein we noted the Township prepared its financial statements using accounting practices the Auditor of State prescribes or permits rather than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standard*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Township's internal control over financial reporting as a basis for designing our audit procedures for expressing our opinions on the financial statements, but not to opine on the effectiveness of the Township's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the Township's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified a certain deficiency in internal control over financial reporting that we consider a significant deficiency.

A control deficiency exists when the design or operation of a control does not allow management or employees, in performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Township's ability to initiate, authorize, record, process, or report financial data reliably in accordance with its applicable accounting basis, such that there is more than a remote likelihood that the Township's internal control will not prevent or detect a more-than-inconsequential financial statement misstatement.

We consider finding 2008-001 described in the accompanying Schedule of Findings to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies resulting in more than a remote likelihood that the Township's internal control will not prevent or detect a material financial statement misstatement.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all internal control deficiencies that might be significant deficiencies or material weaknesses. We believe finding number 2008-001 is also a material weakness.

We noted certain matters that we reported to the Township's management in a separate letter dated April 20, 2009.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain noncompliance or other matters that we reported to the Township's management in a separate letter dated April 20, 2009.

The Township's response to the finding identified in our audit is described in the accompanying Schedule of Findings. We did not audit the Township's response and, accordingly, we express no opinion on it.

We intend this report solely for the information and use of the audit committee, management, and Township Board of Trustees. We intend it for no one other than these specified parties.

Material Weakness – Financial Reporting

The following errors were noted in the financial statements that required reclassification and/or audit adjustments:

- Other Non-Operating Receipts was misclassified as Other Revenue within the Agency Fund totaling \$36,216.
- Charges for Services (Special Revenue Road & Bridge Fund of \$5,314), Fines and Forfeitures (Special Revenue Drug Law Enforcement Fund of \$1,358), and Intergovernmental Revenue (Special Revenue Police District Fund of \$2,910; Special Revenue Fire District Fund of \$3,000; and Special Revenue Township Motor Vehicle License Tax Fund of \$905, respectively) totaling \$13,487 were misclassified as Other Revenue within the various Special Revenue Funds.
- Intergovernmental Revenue including Community Access Recycling, Fire Grant totaling \$95,409 was misclassified as Other Revenue within the Special Revenue Funds.
- Special Assessment of \$17,348 was misclassified as Other Revenue within the General Fund.
- Intergovernmental Revenue including Estate Tax and Public Utility Reimbursements totaling \$190,013 were misclassified as Property Tax Revenue in various funds (General Fund of \$154,700; Special Revenue Road & Bridge Fund of \$4,936; Special Revenue Police Fund of \$21,469, Special Revenue Fire Fund of \$6,908 and Special Revenue EMS Fund of \$7,897, respectively).
- Intergovernmental Revenue including Liquor/Beer Permit was misclassified as Licenses, Permits and Fee Revenue within the General Fund of \$18,506.
- Local Cable Board's share of Franchise Fees was inconsistently reported within the Township accounting records. For two fiscal quarters, the Township posted the Franchise Fees as Licenses, Permits, and Fees to the General Fund and then transferred the Local Cable Board's share totaling \$28,786 from the General Fund to the Agency Fund. For the third fiscal quarter, the Township posted the Local Cable Board's share totaling \$14,313 directly into the Agency Fund as a Transfers-In within the Agency Fund. As a result, a total of \$43,099 in the Agency Fund was misclassified as Transfers-In rather than Other Non-Operating Cash Receipts.
- General Government Expenditure of \$20,253; Public Safety Expenditure of \$11,723; Public Works Expenditure of \$2,522 were misclassified as Other Financing Uses within the Special Revenue Reserves-Employee Accumulated Leave Fund.
- Transfers Out of \$7,037 was misclassified as Public Works expenditures within the Special Revenue Miscellaneous - CDBG 27th Year Fund.
- Debt payments were misclassified as capital outlay in the General, Special Revenue and Capital Projects funds totaling \$10,770, \$39,163 and \$43,420, respectively. Also, debt payments were misclassified as Public Safety in the Special Revenue funds, totaling \$7,903.

Sound financial reporting is the responsibility of the Fiscal Officer and governing board and is essential to ensure the information provided to the readers of the financial statements is complete and accurate.

Material Weakness – Financial Reporting (Continued)

To help ensure the Township's financial statements and notes to the statements are complete and accurate, the Township should adopt policies and procedures including a final review of the statements and notes by the Fiscal Officer and the Board, to identify and correct errors and omissions. The Fiscal Officer should also review the accounting system chart of accounts and the Ohio Township Handbook chart of accounts to help ensure all accounts are being properly posted to the financial statements and adequate account classification exist.

Officials' Response: Several of the noted misclassifications were due to the accounting system in place in 2008. The OTAS system was limited in its functionality such that the only available line to receipt to was the "other" classification in several instances.

For example, the \$36,216 was receipted to OTAS line 27D Security Deposits; agency escrow fund for fire damage escrow, but on the year-end financial report, it was reported as "other" revenue. The liquor/beer permit revenue was receipted under General Fund 01-F, Liquor Permit Fees. There was no intergovernmental revenue code.

2008 was the first year that franchise fees were sent entirely to the Township and had to then be redistributed to the Local Cable Board. We believe that this error has been corrected in 2009. By receipting the Township portion to Cable Fees under the General Fund and the Cable Board fees to the Agency Fund directly.

In summary with the Township operating fully on the UAN accounting systems as of January 1, 2009, it is our hope that these misclassifications will be minimized if not entirely eliminated.
