**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

We have audited the financial statements of the Life Skills Center of Summit County (the School) as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements and have issued our report thereon dated December 15, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses as defined above.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that we must report under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, audit committee, management, and the School's sponsor, and is not intended to be and should not be used by anyone other than these specific parties.

Life Skills Center of Summit County Community  
Members of the Board of Directors

We are pleased to present the Comprehensive Annual Financial Report (CAFR) of the Life Skills Center of Summit County (the School) for the fiscal year ended June 30, 2010. The CAFR is designed to assist and guide the reader in understanding its contents. The report consists of three major sections:

Introductory Section The Introductory Section includes the Transmittal Letter, a list of our Board members, organizational chart, and GFOA Certificate of Achievement.

Financial Section The Financial Section consists of the Independent Auditor's Report, Management's Discussion and Analysis, and the Basic Financial Statements as well as the Notes to the Basic Financial Statements that provide an overview of the School's financial position and operating results.

Statistical Section The Statistical Section includes selected financial and demographic information about the School on a multi-year basis.

The School's management is responsible for the reliability of the data presented and the completeness of the presentation, including all disclosures. To the best of our knowledge, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the School. All disclosures necessary to enable the reader to gain an understanding of the School's financial activities have been included.

Further, the School has established a comprehensive framework that is designed to compile sufficient reliable information for the preparation of its financial statements in accordance with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the School's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements.

Ohio law requires independent audits be performed on all financial operations of the School either by the Auditor of State or an independent public accounting firm in accordance with generally accepted accounting principles (GAAP) and generally accepted auditing standards (GAAS). Rea Associates, Inc. rendered an opinion on the School's financial statements as of June 30, 2010 and the Independent Auditor's Report on the Basic Financial Statements is included in the Financial Section herein.

As required by GASB Statement No. 34, "Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments", management is also responsible for preparing a discussion and analysis of the School. This Letter of Transmittal is designed to complement the Management's Discussion and Analysis and should be read in conjunction with it. This discussion follows the Independent Auditor's Report and provides an assessment of the School's finances for fiscal year 2010 and the outlook for the future.

### Profile of the Government

Ohio charter schools began operating after the passage of a 1997 State law. Charter schools, commonly referred to as “community schools” in Ohio, and are public, non-profit, non-sectarian schools established to operate independently of any School District. These schools also are exempt from many of the education laws of the State allowing them to bring innovation and efficiency to the traditional education model. More importantly, the passage of this law made the concept of school choice a reality in Ohio. As required by law, each of these community schools must have a sponsor. Effective July 1, 2005, the School entered into a contract with a new sponsor, St. Aloysius Orphanage. St. Aloysius Orphanage provides oversight and advisory services to 38 community schools throughout the State serving nearly 10,807 children.

Life Skills Center of Summit County is a School that brings an innovative approach to addressing the high school dropout epidemic head on. This alternative high school program offers at-risk students ages 16-21 years old an opportunity to have a second chance at obtaining a quality education and vocational training and placement. Participation in this program leads students to a high school diploma, not a GED and places them on a path to success (see more at [www.lifeskillscenters.com](http://www.lifeskillscenters.com)). The School, which first opened its doors in September 2003 in Akron, Ohio, is run by a seven member Board of Directors. The School looks to its nearly seven-year history of consistently graduating students from its program twice a year as a measure of its success. The School has contracted with LS Summit County, LLC, a subsidiary of White Hat Management, LLC (the Company) to operate the School on a day-to-day basis. White Hat Management is a national leader in professional education management that serves nearly 18,000 students across multiple states. The Company has managed the School since its inception.

### Economic Issues

Since the enactment of community school legislation, the School has been funded solely on the per pupil funding set forth by State of Ohio (see Statistical Section for historical funding levels). Historically, the School has seen increases in the base level per pupil funding amount (currently 0.89 percent between fiscal years 2010 and 2008). However, this amount is still less than the amount that traditional school districts in the State receive per pupil, primarily because community schools are not authorized by statute to levy taxes in the communities that they operate in. By comparison, the Akron City School District receives over \$11,000 in average per pupil funding from all sources whereas the School (which is also located in the City of Akron) receives only \$9,528 from all sources. These disparities in funding are in part, the reason why contracting with a professional educational management firm like White Hat Management was an attractive option. By managing multiple schools, the Company is able to gain operational efficiencies that are more difficult to achieve in a stand-alone school. In November 2005, the School renewed its management agreement with White Hat and its affiliates. (See Note 8 for a full description of services provided by the Company.)

As discussed later, the School was funded on 192 full-time equivalent students for fiscal year 2010. As of the date of this letter, it is expected that the School will maintain that enrollment with the possibility of a slight decline consistent with declines seen in other Life Skills Centers throughout the State. Obviously, any decline in enrollment would have a direct corresponding impact to current year revenues.

As a result of legislative changes, management companies that operate schools in the State of Ohio are required to provide more disclosure on how monies paid by the School to the company are spent. Auditor of State Bulletin No. 2004-009 provided the guidelines of how management companies are expected to comply with this provision and Note 9 to the basic financial statements under the Financial Section includes the required information for fiscal year ended June 30, 2010.

Awards and Acknowledgements

The Government Finance Officer's Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Life Skills Center of Summit County for its CAFR for the year ended June 30, 2009. This was the fifth year that the School has received the award. The School was also acknowledged by the Ohio Department of Education as being one of the first community schools in the State to ever receive such an award. The Certificate of Achievement is a prestigious national award, recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and effectively organized CAFR, whose contents conforms to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report, which is included herein, will conform to the high standards required by the Certificate of Achievement program.

The Comprehensive Annual Financial Report was prepared by the fiscal management team for the School. Their commitment to this process has helped to make this report possible. We would also like to thank Mr. Mauzy and other members of the Board of Directors and Finance Committee for their support in this endeavor. It is truly appreciated.

Finally, we would like to thank our School community for entrusting us with the education of your children. You are the reason we are here. We are committed to bettering our students, their parents, and the communities we serve by providing the very best alternative in public education.

Sincerely,

## **INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying financial statements of the Life Skills Center of Summit County (the School), as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Life Skills Center of Summit County, as of June 30, 2010, and the respective changes in financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2010 on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 6 are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

We conducted our audit to opine on the financial statements that collectively comprise the School's basic financial statements. The introductory and statistical sections provide additional information and are not a required part of the basic financial statements. We did not subject the introductory and statistical sections to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2010  
(Unaudited)**

The discussion and analysis of the Life Skills Center of Summit County's (the School) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

**Financial Highlights**

- In total, net assets decreased \$36,429 which represents a 9.42 percent decrease from 2009. This decrease is due to increased operating expenses and legal settlement (see note 16).
- Total assets increased \$14,043, which represents a 6.7 percent increase from 2009. This was primarily due to an increase in receivables.
- Liabilities increased \$50,472, which represents a 56.5 percent increase from 2009. The increase in liabilities is a direct result of the increase in State and Grants Funding Payables.

**Using this Financial Report**

This report consists of three parts, the MD&A, the basic financial statements, and notes to those statements. The basic financial statements include a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows.

The School uses enterprise presentation for all of its activities.

**Statement of Net Assets**

The Statement of Net Assets answers the question of how the School did financially during 2010. This statement includes all assets and liabilities, both financial and capital, and short-term and long-term using the accrual basis of accounting and economic resources focus, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all revenues and expenses during the year, regardless of when the cash is received or paid.

**LIFE SKILLS CENTER OF SUMMIT COUNTY  
SUMMIT COUNTY**

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2010  
(Unaudited)**

Table 1 provides a summary of the School's net assets for fiscal years 2010 and 2009.

(Table 1)

**Statement of Net Assets**

	<b>2010</b>	<b>2009</b>
<b>Assets</b>

<b>Net Assets</b>		
Investment in Capital Assets	-	169
Unrestricted	85,182	121,442
Total Net Assets	\$ 85,182	\$121,611

Total assets increased \$14,043, which represents a 6.7 percent increase from 2009. This was primarily due to the increase in receivables from the previous year. Liabilities increased \$50,472, which represents a 56.5 percent increase from 2009. The increase in liabilities is a direct result of the increase in State Funding Payable as well as Grants Funding Payable (see Note 4 and 6 to the basic financial statements).

**Statement of Revenues, Expenses and Changes in Net Assets**

Table 2 shows the changes in net assets for fiscal years 2010 and 2009, as well as a listing of revenues and expenses. This change in net assets is important because it tells the reader that, for the School as a whole, the financial position of the School has improved or diminished. The cause of this may be the result of many factors, some financial, some not. Non-financial factors include the current laws in Ohio restricting revenue growth, facility conditions, required educational programs and other factors.

Total Expenses	<u>1,865,791</u>	<u>1,717,413</u>
Change in Net Assets	<u>\$ (36,429)</u>	<u>\$ (1,535)</u>

The primary reason for the increase in overall revenues from 2009 was the increase in federal dollars from the federal stimulus. The School's most significant expenses, "Purchased Services" increased as well because of the management agreement in place between the School and WHLS. As stated previously, the agreement provides that specific percentages of the revenues received by the School will be paid to WHLS to fund operations. (See Note 8 to the Basic Financial Statements)

**Budgeting Highlights**

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Chapter 5705, unless specifically provided in the Community School's contract with its Sponsor. The contract between the School and its Sponsor does prescribe a budgetary process. The School has developed a one year spending plan and a five-year projection that is reviewed periodically by the Board of Trustees. The five-year projections are also submitted to the Sponsor and the Ohio Department of Education.

**Capital Assets**

At the end of fiscal year 2010 the School had \$0, invested in computers and software, which represented a decrease of \$169 from 2009. This difference is due to the annual depreciation expense for the fiscal year. Table 3 shows the changes in Capital Assets below.

(Table 3)  
**Capital Assets (Net of Depreciation)**

	2010	2009
Computers and Software	\$ -	\$ 169

For more information on capital assets, see Note 17 to the Basic Financial Statements.

**Current Financial Issues**

The Life Skills Center of Summit County received revenue for 192 students in 2010 (an increase from 2009 of 3) and continues to enroll students on a daily basis. State law governing community schools allows for the School to have open enrollment across traditional school district boundaries. The School receives its support almost entirely from State Aid. Per pupil revenue from State Aid for the School averaged \$7,356 in fiscal year 2010, with no increase in State Basic Aid planned in fiscal year 2011. The School receives additional revenues from grant subsidies.

On July 1, 2005, the School contracted with the Saint Aloysius Orphanage as its new sponsor. State law allows sponsors to assess the schools up to 3 percent of State revenues as an oversight fee, a cost that was not incurred through the sponsorship by ODE. Saint Aloysius Orphanage charged two percent of State Aid to be paid by the School for fiscal year 2010.

In June 2010, the School extended its contract with SAW through June 30, 2010. SAO will be paid two percent (2%) for the time period of July 1, 2010 through June 30, 2011, two and a half percent (2.5%) for the time period of July 1, 2011 through June 30, 2012, and three percent (3%) for the remainder of the contractual period of all funds received by the School from the State of Ohio.

**Contacting the School's Financial Management**

This financial report is designed to provide our readers with a general overview of the School's finances and to show the School's accountability for the money it receives. Adams, Fiscal Officer for the Life Skills Center of Summit County, 7215 Sawmill Rd, Suite 050, Dublin, OH 43016 or e-mail at [badams@ocscltd.com](mailto:badams@ocscltd.com).

FOR THE YEAR ENDED JUNE 30, 2010**

**1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY**

Life Skills Center of Summit County (the School) is a state nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to maintain and provide a school exclusively for any educational, literary, scientific and related teaching service. The School, which is part of the State's education program, is independent of any school district. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School contracts with LS Summit County, LLC, a Nevada limited liability company, for most of its functions. WHLS of Ohio, LLC, a Nevada limited liability company ("WHLS") d/b/a White Hat Management Company, is the sole member of LS Summit County, LLC and is the entity which the School's board interacts with regarding day-to-day operations (See note 8 for details).

The School was originally approved for operation under contract with the Ohio State Board of Education (Sponsor) for a period of five years from May 16, 2000 through June 30, 2005. Effective July 1, 2005, House Bill 364 required schools sponsored by the Ohio Department of Education to have new sponsorship in place by June 30, 2005. The School signed a contract with Saint Aloysius Orphanage, to operate for a period from July 1, 2005 through June 30, 2010.

The School operates under a self-appointing, seven-member Board of Directors (the Board). The School's Code of Regulations specify that vacancies that arise on the Board will be filled by the appointment of a successor director by a majority vote of the then existing directors. The Board is responsible for carrying out the provisions of the contract with the Sponsor, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School began operations in September 2003 and has one instructional/support facility, which is leased by WHLS. The facility is staffed with teaching personnel employed by WHLS, who provide services to 192 students. As of June 30, 2010, three Board members also sat on the Boards on HOPE Academy Northcoast Campus, HOPE Academy Cuyahoga County Campus, Life Skills Center of Northeast Ohio, and the Life Skills Center of Lake Erie in the City of Cleveland. All Board members sat on the Board of HOPE Academy East Campus in the City of Cleveland.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, provided they do not conflict with GASB pronouncements. The School does not apply FASB statements and interpretations issued after November 30, 1989. The more significant of the School's accounting policies are described below.

**A. Basis of Presentation**

The School's basic financial statements consist of a Statement of Net Assets, a Statement of Revenues, Expenses and Changes in Net Assets, and a Statement of Cash Flows. Enterprise fund reporting focuses on the determination of the change in net assets, financial position and cash flows.

(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**A. Basis of Presentation (Continued)**

Auditor of State of Ohio Bulletin No. 2000-005 requires the presentation of all financial activity to be reported within one enterprise fund for year-end reporting purposes. Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

**B. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. Operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The accrual basis of accounting is utilized for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

**C. Budgetary Process**

Unlike traditional public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Rev. Code Section 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires a detailed school budget for each year of the contract. In addition, the Board adopted an operating budget at the beginning of fiscal year 2010. However, the budget does not have to follow the provisions of Ohio Rev. Code Section 5705, except for section 5705.391 as it relates to five-year forecasts.

**D. Cash and Cash Equivalents**

All cash received by the School is maintained in a demand deposit account, certificates of deposit, and STAROhio. For purposes of the Statement of Cash Flows and for presentation on the Statement of Net Assets, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents.

During fiscal year 2010, investments were limited to the State Treasurer's Investment Pool, STAROhio. STAROhio is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. STAROhio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAROhio are valued at STAROhio's share price, which is the price the investment could be sold for on June 30, 2010.

**E. Intergovernmental Revenues**

The School currently participates in the State Foundation Program, the State Disadvantaged Pupil Impact Aid (DPIA) Program, and the Career Based Intervention (CBI) Program, which are reflected under "State Aid" on the Statement of Revenues, Expenses and Changes in Net Assets. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Intergovernmental Revenues (Continued)**

Non-exchange transactions, in which the School receives value without directly giving equal value in return, include grants, entitlements, and contributions. Grants entitlements, and contributions are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Amounts awarded under the above programs for the 2010 school year totaled \$1,828,875.

**F. Capital Assets and Depreciation**

For purposes of recording capital assets, the Board has a capitalization threshold of \$5,000.

For fiscal year 2010, the Schools' capital assets were fully depreciated. Depreciation is computed by the straight-line method over three years for "Computers and Software."

Aside from those mentioned above, the School has no other capital assets, as the School operates under a management agreement with WHLS. (See Note 8)

**G. Use of Estimates**

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**H. Net Assets**

Net assets represent the difference between assets and liabilities. Net assets consist of capital assets, net of accumulated depreciation, and unrestricted net assets.

**I. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the School's primary activities. For the School, these revenues are primarily State Aid payments. Operating expenses are necessary costs incurred to provide the goods and services that are the primary activities of the School. Revenues and expenses not meeting this definition are reported as non-operating.

**3. DEPOSITS AND INVESTMENTS**

**A. Deposits with Financial Institutions**

At June 30, 2010, the carrying amount of all School deposits was \$107,580 and its bank balance of \$108,200. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2010, all of the School's bank balance of \$108,200 was covered by the Federal Deposit Insurance Corporation.

The investment and deposit of the School's monies is governed by the provisions of the ORC. In accordance with these statutes, the School is authorized to invest in United States and State of Ohio bonds, notes, and other obligations; bank certificates of deposit and STAR Ohio.

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. The School has no deposit policy for custodial credit risk beyond the requirements of state statute. According to state law, public depositories must give security for all public funds on deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the School. State law does not require security for public deposits and investments to be maintained in the School's name. During 2010, the School and public depositories complied with the provisions of these statutes.

**B. Investments**

As of June 30, 2010, the School had the following investments and maturities:

<u>Investment Type</u>	<u>Balance at Fair Value</u>	<u>Investment Maturities</u>		
		<u>6 months or less</u>	<u>7 to 12 months</u>	<u>Greater than 12 months</u>
STAROhio	\$6,951	\$6,951	\$ -	\$ -

**Interest Rate Risk:** As a means of limiting its exposure to fair value losses arising from rising interest rates and according to state law, the School's investment policy limits investment portfolio maturities to five years or less.

**Credit Risk:** Standard & Poor's has assigned STAROhio an AAAM money market rating. The School has no investment policy that would further limit its investment choices.

**Concentration of Credit Risk:** The School places no limit on the amount that may be invested in any one issuer. The following table includes the percentage of each investment type held by the School at June 30, 2010:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Percent to Total</u>
STAROhio	\$6,951	100.00

**4. STATE FUNDING PAYABLE**

The School has recognized on its Statement of Net Assets a "State Funding Payable" for the amount of State Aid directly related to FTE, estimated to be repaid by the School to the Ohio Department of Education (ODE) based on the difference in the amount the School actually received versus the amount earned through student FTE enrollment as determined at the end of the year. A payable reflects that the School was funded on a higher estimated enrollment figure throughout the year than what the actual FTE enrollment figure was calculated to be at year-end. At June 30, 2010, the amount of "State Funding Payable" was \$31,097.

**5. CONTINUING FEES RECEIVABLE**

A "Continuing Fees Receivable" from WHLS has been recorded by the School in the amount of \$29,542 for 95 percent of the "State Funding Payable" due to the State for the FTE liability. (See Note 4)

**6. GRANTS FUNDING RECEIVABLE/PAYABLE**

The School has recorded "Grants Funding Receivable" in the amount of \$78,155 to account for the remainder of State and Federal awards allocated to the School, but not received as of June 30, 2010.

Additionally, under the terms of the management agreement (See Note 8), the School has recorded "Grants Funding Payable" to WHLS in the amount of \$78,155 for 100 percent of any State and Federal grant monies uncollected or unpaid to WHLS as of June 30, 2010.

**7. RISK MANAGEMENT**

**Property and Liability** - The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of its management agreement with WHLS, the school has contracted with an insurance company for property and general liability insurance pursuant to the Management Agreement (See Note 8). There was no significant reduction in insurance coverage from the prior year and claims have not exceeded insurance coverage over the past three years.

**Director and Officer** - Coverage has been purchased by the School with a \$1,000,000 aggregate limit and \$2,500 deductible.

**8. AGREEMENT WITH WHLS**

Effective November 1, 2005, the School entered into a multi-year Management Agreement (Agreement) with WHLS (through its subsidiary LS Summit County, LLC), which is an educational consulting and management company. The Agreement's term ran through June 30, 2009, was renewed for a one year term ending June 30, 2010. Substantially all functions of the School have been contracted to WHLS. WHLS is responsible and accountable to the School's Board of Directors for the administration and day-to-day operations. As part of the terms of this agreement, the "Continuing Fee" percentage of the School is 95 percent. "Continuing Fees" are defined in the Agreement as, "...the revenue per student received by the School from the State of Ohio Department of Education pursuant to Title 33 and other provisions of the Ohio Revised Code...". With regard to grant funding, the agreement reads as follows: "Federal Title Programs, lunch programs revenue, and other such federal, state and local government grant funding designated to compensate the School for the education of its students shall be fully paid to the Company." The continuing fee is paid to WHLS based on the previous month's qualified gross. WHLS receives 95 percent of "State Aid" (See Note 2 E) and 100 percent of all other federal, state, and local grants. The School retains 5 percent of the "State Aid" as well as miscellaneous revenues generated from interest on deposits and donations.

The School had purchased service expenses for the year ended June 30, 2010, to WHLS of \$1,758,258, receivables of \$29,542 and payables to WHLS at June 30, 2010 aggregating \$78,155. WHLS will be responsible for all costs incurred in providing the educational program at the School, which include but are not limited to, salaries and benefits of all personnel, curriculum materials, textbooks, library books, computers and other equipment, software, supplies, building payments, maintenance, capital, and insurance.

**10. DEFINED BENEFIT PENSION PLANS**

The School has contracted with WHLS to provide employee services and to pay those employees. **10. DEFINED BENEFIT PENSION PLANS (Continued)**

**A. School Employees Retirement System**

**Plan Description** – WHLS, on behalf of the school, contributes to the School Employees Retirement System (SERS), a cost-sharing multiple employer pension plans. SERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Chapter 3309 of the Ohio Revised Code. SERS issues a publicly available, stand-alone financial report that includes financial statements and required supplementary information. That report may be obtained by contacting School Employees Retirement System, 300 East Broad Street, Suite 100, Columbus, Ohio 43215-3746, or by calling toll free 1-800-878-5853. It is also posted at the SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employer/ Audit Resources.

**Funding Policy** - Plan members are required to contribute 10 percent of their annual covered salary and the WHLS is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to a statutory maximum amount by the SERS' Retirement Board. The Retirement Board acting with the advice of the actuary, allocates the employer contribution rate among four of the funds (Pension Trust Fund, Death Benefit Fund, Medicare B and Health Care Fund.) of the System. For the fiscal year ending June 30, 2010, the allocation to pension and death benefits is 12.78 percent. The remaining 1.22 percent of the 14 percent employer contribution rate is allocated to the Health Care and Medicare B Funds. The School's contributions to SERS for the year ended June 30, 2010, 2009 and 2008 were \$12,319, \$10,357 and \$8,144, respectively: of which 100 percent has been contributed.

years of service, or an allowance based on member's lifetime contributions and earned interest matched by STRS Ohio funds divided by an actuarially determined annuity factor. The DC Plan allows members to place all their member contributions and employer contributions equal to 10.5 percent of earned compensation into an investment account. Investment decisions are made by the member. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal. The Combined Plan offers features of both the DB Plan and the DC Plan.

**10. DEFINED BENEFIT PENSION PLANS (Continued)**

In the Combined Plan, member contributions are invested by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The DB portion of the Combined Plan payment is payable to a member on or after age 60; the DC portion of the account may be taken as a lump sum or converted to a lifetime monthly annuity at age 50. Benefits are established by Chapter 3307 of the Ohio Revised Code.

A DB or Combined Plan member with five or more years credited service who becomes disabled may qualify for a disability benefit. Eligible spouses and dependents of these active members who die before retirement may qualify for survivor benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

The School was required to contribute 14 percent; 13 percent was the portion used to fund pension obligations. For fiscal year 2009, the portion used to fund pension obligations was also 13 percent. Contribution rates are established by the State Teachers Retirement Board, upon recommendations of its consulting actuary, not to exceed statutory maximum rates of 10 percent for members and 14 percent for employers. Chapter 3307 of the Ohio Revised Code provides statutory authority for member and employer contributions.

The School's required contribution for pension obligations to STRS for the fiscal years ended June 30, 2010, 2009 and 2008 were \$57,970, \$53,089, and \$47,442 respectively, of which 100% has been contributed. **11. POSTEMPLOYMENT BENEFITS**

**A. School Employee Retirement Systems**

In addition to a cost-sharing multiple-employer defined pension plan the School Employees Retirement System of Ohio (SERS) administers two post employment benefit plans.

**Medicare Part B**

Medicare B plan reimburse Medicare B premiums paid by eligible retirees and beneficiaries as set forth in Ohio Revised Code (ORC) 3309.69. Qualified benefits recipients who pay Medicare Part B premiums may apply for and receive a monthly reimbursement from SERS. The reimbursement amount is limited by statute to the lesser of the January 1, 1999 Medicare Part premium or the current premium. The Medicare Part B premium for calendar year 2010 was \$96.40; SERS' reimbursement for retirees was \$45.50.

The Retirement Board, acting with the advice of the actuary, allocates a portion of the current employer contribution rate to the Medicare B Fund, For fiscal 2010, the actuarial required allocation is .75 percent. The School contributions for the years ended June 30, 2010, 2009 and 2008 were \$733, \$587 and \$587, respectively, of which 100% has been contributed.

**Health Care Plan**

ORC 3309.375 and 3309.69 permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMO's, PPO's, Medicare Advantage, and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

The ORC provides the statutory authority to fund SERS' postemployment benefits through employer contributions.

The Health Care Fund was established under, and is administered in accordance with the Internal Revenue Code 105(e). Each year after the allocation for statutorily required benefits, the Retirement Board allocates the remainder of the employer 14 percent contribution to the Health Care Fund. For the year ended June 30, 2010, the health care allocation is .46. An additional health care surcharge on employers is collected for employees earning less than the actuarially determined minimum compensation amount, pro-rated according to service credit earned. Statutes provides that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For the fiscal year June 30, 2010, the minimum compensation level was established at \$35,800. The surcharge added to the unallocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The Schools' contributions assigned to health care for the years ended June 30, 2010, 2009 and 2008 were \$2,061, \$5,983, and \$5,174, of which 100% has been contributed.

The Plan is included in the report of STRS Ohio which may be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**Funding Policy** - Ohio law authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Plan. All benefit recipients pay a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2010, STRS Ohio allocated employer contributions equal to 1 percent of covered payroll to the Health Care Stabilization Fund. The School's contributions for health care for the fiscal years ended June 30, 2010, 2009, and 2008 were \$4,459, \$4,084, and \$3,649, respectively, all of which has been contributed for all fiscal years.

**12. CONTINGENCES**

**A. Grants**

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such adjustments will not have a material adverse effect on the financial position of the School.

**B. Full Time Equivalency**

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the schools. These reviews are conducted to ensure the schools are reporting accurate student enrollment data to the State, upon which state foundation funding is calculated. Adjustments as of June 30, 2010 are described in note 4.
