Board Members Mental Health Drug and Alcohol Services Board of Logan and Champaign Counties P. O. Box 765 West Liberty, Ohio 43357

We have reviewed the *Independent Auditor's Report* of the Mental Health Drug and Alcohol Services Board of Logan and Champaign Counties, Logan County, prepared by Joseph Decosimo and Company, LLC, for the audit period July 1, 2012 through June 30, 2013. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Mental Health Drug and Alcohol Services Board of Logan and Champaign Counties is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

To the Board Members Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties West Liberty, Ohio

Report on the Financial Statement

We have audited the accompanying statement of cash receipts, cash disbursements and changes in fund cash balance of Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties (the Board) as of and for the year ended June 30, 2013 (the financial statement), and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 permit on the cash basis of accounting as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described more fully in Note 1, the Board's management has prepared the financial statement using accounting practices the Ohio Auditor of State prescribes or permits by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03. These practices differ from accounting principles generally accepted in the United States of America (GAAP). Although we cannot reasonably determine the effects on the financial statement of the variances between these regulatory accounting practices and GAAP, we presume they are material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Board as of June 30, 2013, or its changes in financial position for the year then ended.

Opinion on Regulatory Basis (Cash Basis) of Accounting

In our opinion, the financial statement referred to above present fairly, in all material respects, the fund cash balance of the Board as of June 30, 2013, and its cash receipts and disbursements for the year then ended, in accordance with the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (cash basis of accounting), described in Note 1.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole. The schedule of expenditures of federal awards presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the financial statement. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. This schedule was subjected to the auditing procedures we applied to the financial statement. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the financial statement taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2013, on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DESCRIPTION OF BUSINESS - The constitution and laws of the State of Ohio establish the rights and privileges of Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties as a body corporate and politic. An eighteen-member board is the governing body. The Board's Director and the legislative authorities of the political subdivisions appoint the other Board members. The Board includes members from those legislative authorities as well as citizens of Logan and Champaign Counties. Those subdivisions are Director of the Ohio Department of Mental Health, Director of the Ohio Department of Alcohol and Drug Addiction, and the County Commissioners of Logan and Champaign Counties. The Board provides alcohol, drug addiction and mental health services and programs to citizens of Logan and Champaign Counties. Private and public agencies are the primary service providers through Board contracts.

The Board's management believes the financial statement presents all activities for which the Board is financially accountable.

BASIS OF ACCOUNTING - The financial statement follows the accounting basis the Ohio Auditor of State prescribes or permits by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03. This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when revenue is earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

The financial statement includes adequate disclosure of material matters, as the Ohio Auditor of State prescribes or permits.

CASH BALANCE - As required by the Ohio Revised Code, the Champaign County Treasurer is custodian for the Board's deposits. The Champaign County's cash and investment pool holds all of the Board's assets, valued at the County Treasurer's reported carrying amount.

FUND ACCOUNTING - The Board uses fund accounting to segregate cash and investments that are restricted as to use. Fund accounting is a concept developed to meet the needs of governmental entities in which legal or other restraints require the recording of specific receipts and disbursements. The transactions of each fund are reflected in a self-balancing group of accounts, an accounting entity which stands separate from the activities reported in other funds. The Board classifies all of its funds into the following type:

General fund - This fund reports all financial resources except those required to be accounted for in another fund.

FUND BALANCE - In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances, as applicable, based on the constraints imposed on the use of these resources.

Nonspendable fund balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

The spendable portion of the fund balance comprises the remaining four classifications: restricted, committed, assigned and unassigned.

Restricted fund balance - This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance - These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions by the Board Members. Those committed amounts cannot be used for any other purpose unless the Board Members remove the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance - This classification reflects the amounts constrained by the Board's "intent" to be used for specific purposes, but are neither restricted nor committed. The Board Members have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance - This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Board's policy to use externally restricted resources first, then unrestricted resources - committed, assigned and unassigned - in order as needed. The Board had outstanding encumbrances of \$374,486 as of June 30, 2013.

BUDGETARY PROCESS - The Ohio Revised Code requires the Board to adopt a budget for each fund annually as follows:

Appropriations - Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control and appropriations may not exceed estimated resources. The Board must annually approve appropriation measures and subsequent amendments. The Champaign County Budget Commission must also approve the annual appropriation measure. Unencumbered appropriations lapse at year end.

Estimated resources - Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of July 1. The Champaign County Budget Commission must also approve estimated resources.

Encumbrances - The Ohio Revised Code requires the Board to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over and need not be re-appropriated.

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

PROPERTY, PLANT AND EQUIPMENT - The Board classifies acquisitions of property, plant and equipment as disbursements when paid.

ACCUMULATED LEAVE - In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statement does not include a liability for unpaid leave.

DEBT - The Board has non-interest bearing debt with the Ohio Department of Mental Health (ODMH). The financial statement does not report a liability for this debt.

SUBSEQUENT EVENTS - The Board has evaluated subsequent events for potential recognition and disclosure through December 18, 2013, the date the financial statement was available to be issued.

NOTE 2 - GOVERNMENTAL FUND CASH BALANCE CLASSIFICATIONS

Governmental fund cash balance as of June 30, 2013, consists of the following:

Restricted -

Medical assistance programs (Title XIX)	\$	323,913
Mental health, drug and alcohol programs and related administration		2,626,361
HUD supportive housing program		141,857
Drug free communities	_	1,875
Total restricted		3,094,006
Unassigned	_	18,210
	\$	3,112,216

NOTE 3 - BUDGETARY ACTIVITY

Budgetary activity for 2013 is as follows:

	Budgeted Receipts	Actual Receipts	Unfavorable Variance	
General fund	\$ 3,574,574	\$ 3,365,361	\$ (209,213)	
	Budgeted Expenditures	Actual Expenditures	Favorable Variance	
General fund	\$ 3,660,183	\$ 3,536,056	\$ 124,127	

The budgetary comparison for 2013 includes appropriations and encumbrances filed with Champaign County. The Board was in compliance with all requirements established by Ohio Revised Code Section 5705.41 (B).

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 4 - PROPERTY TAXES

Real property taxes become a lien on January 1 preceding the October 1 date for which the Board adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statement includes homestead and rollback amounts the state pays as intergovernmental receipts. Payments are due to the county by December 31. If the property owner elects to pay semiannually, the first half is due December 31 and the second half is due the following June 20.

Public utilities are also taxed on personal and real property located within the Board.

Tangible personal property tax is assessed by the property owners, who must file a list of such property with Logan and Champaign Counties by each April 30.

Logan and Champaign Counties are responsible for assessing property and for billing, collecting and distributing all property taxes on behalf of the Board.

NOTE 5 - RETIREMENT PLANS

The Board participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate benefit plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. Under the combined plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar to the traditional plan benefit. Member contributions, whose investment is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits and annual cost-of-living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions. For the fiscal year ended June 30, 2013, member and employer contribution rates were consistent across all three plans discussed above. The member contribution rates were 10% of their annual salary for members in state and local classifications. The Board was required to contribute 14% of covered payroll for employees. A portion of the Board's contribution equal to 4% of covered payroll for calendar year 2012 and 1% beginning January 1, 2013, was allocated to fund the postemployment healthcare plan. Contributions are authorized by state statute. The contribution rates are determined actuarially. The Board's required contributions for pension obligations to the traditional and combined plans for the year ended June 30, 2013, totaled \$45,871. The Board has paid all contributions required through June 30, 2013.

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 6 - POSTEMPLOYMENT BENEFITS

GASB Statement No. 45, Accounting and Financial Reporting by Employers for Post-employment Benefits other than Pensions, establishes standards for disclosure information for postemployment benefits other than pension benefits. OPERS has postemployment benefits that meet the definition as described in GASB Statement No. 45.

OPERS maintains a cost-sharing, multiple-employer defined benefit postemployment healthcare plan, which includes a medical plan, a prescription drug program and Medicare Part B premium reimbursement, for qualifying members of both the traditional and combined pension plans. Members of the member-directed plan do not qualify for ancillary benefits, including postemployment healthcare.

In order to qualify for postemployment healthcare coverage, age-and-service retirees under the traditional pension and combined plans must have ten years or more of qualifying Ohio service credit. Healthcare coverage for disability benefit recipients and qualified survivor benefit recipients is available. The healthcare coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide healthcare benefits to eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report that may be obtained by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund post retirement healthcare through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post retirement healthcare benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active employees. In 2012 and 2013, local government employers contributed 14% of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14% of covered payroll for state and local employer units. Active members do not make contributions to the OPEB plan.

The postemployment healthcare plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution that will be set aside for funding postemployment healthcare benefits. For 2012 and 2013, the employer contributions allocated to health care for members in the traditional plan was 4%. The portion of employer contributions allocated to health care for members in the combined plan was 6.05%. Effective January 1, 2013, the portion of employer contributions allocated to healthcare was lowered to one percent for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual employer contributions which were used to fund postemployment healthcare benefits for the year ended June 30, 2013, totaled \$13,105. The Board has paid all contributions required through June 30, 2013.

NOTES TO FINANCIAL STATEMENT

NOTE 7 - LONG-TERM OBLIGATIONS

The Board has entered into six non-interest bearing mortgage agreements with the Ohio Department of Mental Health (ODMH). In accordance with the mortgage agreements, the loans are forgiven by the State of Ohio over a period of 40 years, under the condition that the facilities are used exclusively for the purpose of providing mental health services.

Long-term obligations as of June 30, 2013, consist of the following:

Mortgage, ODMH, original loan balance of \$818,084, non-interest bearing note, forgiven by ODMH in monthly installments of \$1,680, expiring November 2033.	\$	415,985
Mortgage, ODMH, original loan balance of \$125,000, non-interest bearing note, forgiven by ODMH in monthly installments of \$270, expiring October 2035.		69,336

June 30, 2049 - June 30, 2050	 2,564
	\$ 995,188

Principal forgiven by ODMH during the year ended June 30, 2013, totaled \$39,869.

NOTES TO FINANCIAL STATEMENT

June 30, 2013

NOTE 8 - RENTAL RECEIPTS

The Board has entered into a lease as lessor for the property located at Mental Health Center at 1521 N. Detroit Street, West Liberty, Ohio (also known as the Mental Health Center) with Consolidated Care, Inc., a funded agency of the Board. Rental receipts for the year ended June 30, 2013, totaled \$78,213.

NOTE 9 - CONTINGENCIES

Amounts grantor agencies pay to the Board are subject to audit and adjustments by the grantor, principally the federal government. The grantor may require refunding by the Board for any disallowed costs. Management cannot determine amounts grantors may disallow in future periods. However, based on prior experience, management believes any refunds would be immaterial to its financial statement as of June 30, 2013.

NOTE 10 - RISK MANAGEMENT

The Board has obtained commercial insurance for the following risks:

- Director and officer insurance
- Comprehensive property and general liability
- Bond insurance
- Errors and omissions

There was no reduction in the level of coverage during the year and settled claims have not exceeded insurance coverage in any of the past three years.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

June 30, 2013

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statement.

NOTE 2 - SUBRECIPIENTS

The Board passes through certain federal assistance received from the U.S. Department of Health and Human Services and the U.S. Department of Education to other governments or not-for-profit agencies (subrecipients). As described in Note 1 of the financial statement, the Board records expenditures of federal awards to subrecipients when paid.

NOTE 3 - MATCHING

Certain federal programs require that the Board contribute non-federal funds (matching funds) to support the federally-funded programs. The Board has complied with the matching requirements. The expenditure of non-federal matching funds is not included on the schedule.

INTERNAL CONTROL AND COMPLIANCE

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board Members Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties West Liberty, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the statement of cash receipts, cash disbursements and changes in fund cash balance of Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties (the Board), as of and for the year ended June 30, 2013, and the related notes to the financial statement, which collectively comprise Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties' basic financial statement, and have issued our report thereon dated December 18, 2013, wherein we noted that the Board followed accounting practices the Ohio Auditor of State prescribes rather than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the Board's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND OHIO DEPARTMENT OF MENTAL HEALTH AND ADDICTION SERVICES, FINANCIAL AND COMPLIANCE AUDIT GUIDELINES

To the Board Members Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties West Liberty, Ohio

Report on Compliance for Each Major Federal Program

We have audited Mental Health, Drug and Alcohol Services Board of Logan and Champaign Counties' (the Board) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and Ohio Department of Mental Health and Addiction Services, *Financial and Compliance Audit Guidelines* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013. The Board's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Board's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Ohio Department of Mental Health and Addiction Services, *Financial and Compliance Audit Guidelines*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Board's compliance.

Opinion on Each Major Federal Program

In our opinion, the Board complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of the Board is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Board's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Ohio Department of Mental Health and Addiction Services, *Financial and Compliance Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.
