We have reviewed the *Independent Auditor's Report* of the City of Bucyrus, Crawford County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2013 through December 31, 2013. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Bucyrus is responsible for compliance with these laws and regulations.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

June 24, 2014

City of Bucyrus
Crawford County
500 South Sandusky Avenue
Bucyrus, Ohio 44820

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Bucyrus**, Crawford County, (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 24, 2014.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

City of Bucyrus
Crawford County
Independent Auditor's Report On Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by *Government Auditing Standards*

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We did note certain matters not requiring inclusion in this report that we reported to the City's management in a separate letter dated June 24, 2014.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

June 24, 2014

City of Bucyrus
Crawford County
500 South Sandusky Avenue
Bucyrus, Ohio 44820

To the City Council:

Report on Compliance for Each Major Federal Program

We have audited the City of Bucyrus' (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133, Compliance Supplement* that could directly and materially affect each of the City of Bucyrus' major federal programs for the year ended December 31, 2013. The *Summary of Audit Results* in the accompanying schedule of audit findings identifies the City's major federal programs.

Management's Responsibility

The City's management is responsible for complying with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the City's compliance for each of the City's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. These standards and OMB Circular A-133 require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City's major programs. However, our audit does not provide a legal determination of the City's compliance.

Basis for Qualified Opinion on Community Development Block Grant Program

As described in finding 2013-001 in the accompanying schedule of audit findings, the City did not comply with requirements regarding cash management applicable to its Community Development Block Grant major federal program. Compliance with this requirement is necessary, in our opinion, for the City to comply with requirements applicable to this program.

Qualified Opinion on Community Development Block Grant Program

In our opinion, except for the noncompliance described in the *Basis for Qualified Opinion on Community Development Block Grant Program* paragraph, the City of Bucyrus complied, in all material respects, with the requirements referred to above that could directly and materially affect its Community Development Block Grant for the year ended December 31, 2013.

Unmodified Opinion on the Other Major Federal Program

In our opinion, the City of Bucyrus complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its other major federal program for the year ended December 31, 2013.

Other Matters

The City's response to our noncompliance finding is described in the accompanying corrective action plan. We did not audit the City's response and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control compliance tests and the results of this testing based on OMB Circular A-133 requirements. Accordingly, this report is not suitable for any other purpose.

We have also audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of City of Bucyrus (the City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 24, 2014. We conducted our audit to opine on the City's basic financial statements. The accompanying schedule of expenditures of federal awards presents additional analysis required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Material Non-Compliance

2013-001

Program Information:

CFDA #14.228 – Community Development Block Grants/State’s
Program and Non-Entitlement Grants in Hawaii
U.S. Department of Housing and Urban Development
Passed-through the Ohio Department of Development

Criteria: The Ohio Department of Development, Office of Housing and Community Partnerships (OHCP) Financial Rules and Regulations indicates for grantees receiving federal funds – the grantee must develop a cash management system to ensure compliance with the 15-day rule relating to prompt disbursement of funds. This rule states that funds drawn down should be limited to amounts that will enable the grantee to disburse the funds on hand to a balance of less than \$5,000 within 15 days of receipt of any funds.

Condition: The City did not comply with the 15-day rule in relation to two drawdowns for the CHIP-CDBG program in 2013. The cash balance of the grant funds after 15 days was \$17,318 and \$40,463 for drawdowns received on May 6, 2013 and June 25, 2013, respectively.

Effect: The City did not expend the funds received within the 15-day rule period. Although all funds can be accounted for, the City appears to be drawing funds before they are needed. Consistent violation of the rule could prompt OHCP to consider placing the City on a reimbursement basis only means of funds distribution.

Cause: The City prepares drawdown requests based on the purchase order requests sent by the grant administrator. The grant administrator sends the purchase order requests once a contract is signed for the housing improvements. Some of these contracts are not completed for several weeks which causes payments to be made significantly after the City receives the funds from the state.

Recommendation: The City should consider drawing down the funds once the invoices have been received for payment. This would allow the City to either pay the contractor in advance or make the payment immediately after the drawdown funds are received. This would ensure the City is in compliance with the cash management regulations.

Corrective Action Plan

The City drew down funds in anticipation of the summer shutdown for the state fiscal year-end and projects in progress. Unfortunately, due to circumstances beyond our control, (contractor fell off roof) projects were delayed and the funds did not get expended timely. Generally, contractors expect to be paid within a week of turning in bills and knowing how long it takes over the summer to receive funds, we tried to prepare for that. This has been past practice, and we have not had this issue before. I am aware of the 15 day rule, but cannot control unforeseen incidents. As a general rule, funds are not drawn unless the City is informed of a payment request in process. In the future, the City Auditor will monitor the fund balance more closely to ensure compliance with the cash management requirement.

Citizens of the City of Bucyrus
Members of Bucyrus City Council

As City Auditor, it is my pleasure to present the City of Bucyrus Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2013. This report is prepared by the Auditor's office and provides a full and complete disclosure of the financial operations of the City. It is intended to inform elected officials, employees, bondholders, investment bankers, rating agencies, and all interested persons of the financial affairs of the City. This report was prepared according to generally accepted accounting principles (GAAP).

Responsibility for both the accuracy of the presented data and the thoroughness of the presentation rests with the City. The City has a framework of internal controls established to insure the accuracy of the presented data and the completeness and fairness of the presentation. Because the cost of internal controls should not exceed anticipated benefits, the controls provide reasonable assurance that the financial statements are free of any material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Perry & Associates, Certified Public Accountants, has issued an unmodified opinion on the City of Bucyrus' financial statements for the year ended December 31, 2013. The Independent Auditor's Report is located at the front of the financial section of this report.

State law requires the City to file basic financial statements with the Auditor of State within one hundred fifty days after year end. This report fulfills that requirement.

PROFILE OF THE CITY

The City of Bucyrus is located in Crawford County in north central Ohio, approximately sixty miles north of Columbus, eighty-five miles southeast of Toledo, and ninety miles southwest of Cleveland. Covering 7.49 square miles, Bucyrus is the largest city in Crawford County, the county seat, and according to the latest census, has a population of 12,362. Bucyrus was incorporated as a city in 1833.

"BELIEVE IN BUCYRUS"

The City operates under and is governed by a mayor-council form of government in accordance with general laws. Under the Ohio Constitution, the City may exercise all powers of local self-government and police powers to the extent not in conflict with applicable general laws. Legislative authority is vested in a seven-member council elected for two-year terms. Three members are elected at-large and four are elected from wards. In addition, the President of Council is elected by the residents for a two-year term and serves as the presiding officer of council. The residents elect a Mayor, Auditor, Treasurer, and Law Director for four-year terms. A Service-Safety Director is appointed by the Mayor and has administrative responsibility for department operations.

The City of Bucyrus provides a full range of services including police and fire protection, parks and recreation, airport facilities, street maintenance and repair, Access television channel, and water, sewer, sanitation, and storm water services.

The City annually submits a statement of fund activities to the County Auditor for those funds of the City receiving tax monies. The City no longer submits a tax budget as had been required in prior years; however, the City continues to prepare an annual budget of revenues and expenditures/expenses for use by city officials and department heads. The County Budget Commission certifies to the City the tax revenues the City expects to receive during the upcoming calendar year. These amounts are combined with the available balances at year end and the City's projections for revenues other than taxes to determine the total resources available for appropriation by fund. In late November, the finance committee of City Council meets with each department head, the Service-Safety Director, and the Auditor to determine that department's budget requirements for the upcoming year. These amounts will then be appropriated by City Council ordinance. The focus of budgetary control is by department/object for all funds. Additional funding can be procured by a request to City Council, consideration by the finance committee of City Council, and passage of an appropriation ordinance by City Council.

LOCAL ECONOMY

Major industries located within the City's boundaries or in close proximity include manufacturers of florescent bulbs, wear parts for road machinery, road materials, automobile components, cellulose insulation, warehousing, candle making, and boat manufacturing as well as several financial institutions and insurance companies. The City is very fortunate that even with the instability of the economy, the citizens have stepped up to make our community better. School levies were passed to consolidate our elementary schools from five buildings to one pre-kindergarten - 5 building by renovating and expanding our middle school facility and renovating and expanding our high school for grades 6 - 12 utilizing Ohio Schools Facilities Commission monies. The local hospital has invested \$24 million in an expansion and renovation project to bring more medical services to the community and recently merged with Galion Community Hospital under Avita Health System. Our local public library has recently completed a major expansion that has literally doubled its size to serve our citizens with 21st century technology.

Due to economic conditions over the last several years, along with industries' trend to "lean" operations, employment has been unstable. During the past ten years, the unemployment rate fluctuated from a low of 6.5 percent (2006) to a high of 16.8 percent at June 30, 2009, and 7.6 percent at year end in Crawford County.

As a result of economic conditions and cuts in local government funding by the State legislature, it became necessary to lay off employees and cut working hours to balance the budget creating a loss of manpower in the police and fire departments along with loss of man hours in the administrative offices. At the end of 2011, the Fire Department applied for and received in 2012, a SAFER (Staffing for Adequate Fire and Emergency Response) Grant through the U.S. Department of Homeland Security and FEMA which allowed the City to recall two laid-off firefighters and hire two new firefighters for a period of two years, bringing the department to full staff. Fortunately, in November 2013, the citizens passed a .5 percent safety forces levy which will allow full staffing to remain in the fire department and new equipment and hiring of police officers and dispatchers to restore full staffing in the police department.

LONG-TERM FINANCIAL PLANNING

Unassigned fund balance in the General Fund at year end was 21 percent of General Fund revenues for 2013. City council has not set written policy guidelines for budgetary and planning purposes, but discussion has recommended a fund balance of at least 10 percent of General Fund revenues as a reserve for future operations.

The City plans to construct a new water filtration plant in the future using Water enterprise fund resources, Ohio EPA loans, and Ohio Water Development Authority loans to relocate the plant near the upground reservoir located northeast of the City. The new plant will utilize the latest technology and efficiency and remove the plant from the floodplain. The City is currently in the process of applying for these loans with projected construction to begin in May 2015 and completion in early 2017.

RELEVANT FINANCIAL POLICIES

It is the City's policy to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Appropriations are set based upon available revenues with the City Council determining the level of funding for each department within the City.

The City Auditor manages the investments of the City's funds by adhering to the Investment Policy that has been approved by the City Council. Any financial institution that holds City funds must also adhere to the requirements of the policy. This policy details the objectives and rules for the safekeeping of City funds.

MAJOR INITIATIVES

Capital improvement proposals are presented to City Council for approval and appropriations. Funding for projects is generally provided by the Community Development Block Grant program, State of Ohio Issue I funds, permissive motor vehicle license fees, and the one-half percent income tax that is recorded in the Street Maintenance and Repair special revenue fund. Some capital improvements and equipment purchases are financed by the General Fund and the Water, Sewer, Solid Waste, and Storm Water enterprise funds.

In the latter part of 2000, the City created a Storm Water enterprise fund to finance storm water separation projects mandated by the Ohio Environmental Protection Agency. The utility is funded by a \$4.00 charge per residential unit that is billed to the citizens on their monthly water bill. The first major storm water separation project was completed in 2001. Several other major projects have been completed by utilizing Issue I funds and the resources of the Storm Water enterprise fund which resulted in removing tens of thousands of gallons of storm water from the City's sewer system. In 2012, the City was able to secure funding from the Ohio Public Works Commission to help with the expense of installing new sewer and storm water lines on Charles Street from Spring Street west to the river. The City continued with a storm water separation project in 2013 on Spring Street south to Southern Avenue. It is expected that both the state and federal government will enact new regulations on water quality. The City is currently working with the United States Environmental Protection Agency on a long-term control plan for storm water separation within the City.

A Community Housing Improvement Program (CHIP) was implemented in the City in 2006 and continued in 2012 with a grant award of \$500,000 to be received during 2013 and 2014. This program has provided funds for interim/emergency rent assistance for fifty-seven households, rehabilitation of six homes, and repairs for twelve homes.

In 2012, a Community Development Block Grant (CDBG), in the amount of \$62,000, was used to assist the Crawford County Council on Aging with their transportation program, to make sewer repairs on Wingert Street, and to demolish eight homes within the City. For 2013, CDBG resources, in the amount of \$54,000, was used to assist the Crawford County Council on Aging with their transportation program and in 2014 will contribute to the replacement of 856 linear feet of water line on Sandusky Avenue.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bucyrus for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2012. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement requirements and we are submitting it to the GFOA for consideration.

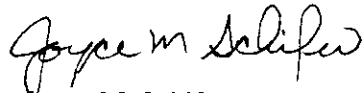

I would like to thank the members of the Administration, City Council, department heads, and our City employees for their assistance in the preparation of the 2013 Comprehensive Annual Financial Report. Their cooperation is greatly appreciated. We are fortunate to have such dedicated City employees and I commend them on a job well done.

I sincerely want to thank Local Government Services of the Auditor of State, Dave Yost's office for their guidance and professionalism.

I would also like to thank A-1 Printing for their artwork and graphics.

The continuing dedication and hard work of my staff is also greatly appreciated. Without the cooperation of all involved, the preparation of this report would not have been possible.

Sincerely,

A handwritten signature in cursive script that reads "Joyce M. Schifer".

INDEPENDENT AUDITOR'S REPORT

June 24, 2014

City of Bucyrus
Crawford County
500 South Sandusky Avenue
Bucyrus, Ohio 44820

To the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Bucyrus**, Crawford County, Ohio (the City), as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bucyrus, Crawford County, Ohio, as of December 31, 2013, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and Street Maintenance and Repair funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected these statements and schedules to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling statements and schedules directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2014, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF BUCYRUS
Management's Discussion and Analysis
For the Year Ended December 31, 2013
Unaudited

The discussion and analysis of the City of Bucyrus' financial performance provides an overview of the City's financial activities for the year ended December 31, 2013. The intent of this discussion and analysis is to look at the City's financial performance as a whole.

HIGHLIGHTS

Highlights for 2013 are as follows:

In total, the City's net position increased 4 percent from the prior year; governmental activities increased 3 percent and business-type activities increased almost 6 percent.

All of the City's four enterprise funds (Water, Sewer, Solid Waste and Storm Water) has an operating income for 2013.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the City of Bucyrus' financial position.

The statement of net position and the statement of activities provide information about the activities of the City as a whole, presenting both an aggregate and a longer-term view of the City.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. Fund financial statements report the City's most significant funds individually and the City's non-major funds in a single column. The City's major funds are the General, Street Maintenance and Repair, Water, Sewer, Solid Waste, and Storm Water funds.

REPORTING THE CITY AS A WHOLE

The statement of net position and the statement of activities reflect how the City did financially during 2013. These statements include all assets, liabilities, and deferred inflows using the accrual basis of accounting similar to that used by most private-sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when cash is received or paid.

These statements report the City's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the City as a whole has increased or decreased from the prior year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors can include changes in the City's property tax base and the condition of the City's capital assets (buildings; streets; bridges; water, sewer, storm water lines, etc.). These factors must be considered when assessing the overall health of the City.

CITY OF BUCYRUS
Management's Discussion and Analysis
For the Year Ended December 31, 2013
Unaudited

In the statement of net position and the statement of activities, the City is divided into two types of activities:

- **Governmental Activities** - Most of the City's programs and services are reported here, including security of persons and property, public health, leisure time activities, community environment, basic utility services, transportation, and general government. These services are primarily funded by property taxes and income taxes and from intergovernmental revenues, including federal and state grants and other shared revenues.
- **Business-Type Activities** - These services are provided on a charge for services basis and are intended to recover all or most of the costs of the services provided. The City's water, sewer, solid waste, and storm water services are reported here.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund financial statements provide detailed information about the City's major funds, the General, Street Maintenance and Repair, Water, Sewer, Solid Waste, and Storm Water funds. While the City uses many funds to account for its financial transactions, these are the most significant.

Governmental Funds - The City's governmental funds are used to account for essentially the same programs reported as governmental activities on the government-wide financial statements. Most of the City's basic services are reported in these funds and focus on how money flows into and out of the funds as well as the balances available for spending at year end. These funds are reported on the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the City's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Enterprise Funds - The City's enterprise funds use the accrual basis of accounting, the same as that used for the business-type activities on the government-wide financial statements.

Fiduciary Funds - Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected on the government-wide financial statements because the resources from these funds are not available to support the City's programs. These funds also use the accrual basis of accounting.

Net position increased 3 percent from the prior year for governmental activities. The decrease in current and other assets was primarily a decrease in cash and cash equivalents as the City finalized several major street reconstruction projects on Charles and Spring streets. This same construction activity is reflected in the decrease in current and other liabilities as outstanding obligations to contractors were paid as well as the decrease in restricted net position due to the use of restricted resources of the Street Maintenance and Repair Fund. Likewise, the completed construction is demonstrated again in the increase in net capital assets and the investment in capital assets. This was a major project for the City lapsing several years with planning and construction activities.

Although net position for business-type activities increased almost 6 percent, there is little change of significance noted in the above table. The largest change is the increase in net capital assets and the investment in capital assets and the decrease in long-term liabilities resulting from principal retirement. All four of the City's enterprise activities had an operating income for 2013 and while individually not significant, the collective total of these increases resulted in the 6 percent increase in net position overall.

CITY OF BUCYRUS
Management's Discussion and Analysis
For the Year Ended December 31, 2013
Unaudited

For governmental activities, there was an increase in program revenues from the prior year primarily due to an increase in grant resources for restoring/retaining fire personnel and resources related to the community housing program. There was very little change in general revenues from 2012. There were also few changes for governmental activities expenses from the prior year; however, increases are noted in both the security of persons and property (fire) and community environment programs due to the additional grant resources received.

The City's business-type activities are almost entirely funded through charges for services which remained very similar to the prior year. The increase in capital grants and contributions represents additional resources obtained from the Ohio Public Works Commission for water and sewer projects. All four of the City's utilities had some decreases in expenses from 2012; the most significant reductions were related to the water and sewer utilities. There were fewer project engineering needs for water resulting in a reduction in contractual services costs and interest expense for sewer was almost half that of the prior year.

Table 3, indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

General revenues provided for 74 percent of the costs of providing governmental services in 2013, a 4 percent change from the prior year. The City's most significant revenue source is municipal income taxes. Although dependence on municipal income taxes and, to a lesser degree, property taxes is critical to the City's operations, there are several programs which continue to be well supported through program revenues. The costs of the leisure time activities program are funded through charges for admission to the pool, facilities rental charges, and grants for equipment purchases. The community environment program received operating grants for the CHIP program. The basic utilities program revenues continued to exceed the cost of providing this service for 2013 due to licenses and permits issued for utilities. The transportation program receives charges for services in the form of permissive motor vehicle license monies. The transportation program also receives operating grants in the form of State levied motor vehicle license fees and gas taxes.

GOVERNMENTAL FUNDS FINANCIAL ANALYSIS

The City's major governmental funds are the General Fund and the Street Maintenance and Repair special revenue fund. Fund balance in the General Fund increased a modest \$43,000 from the prior year.

The Street Maintenance and Repair Fund had a decrease in fund balance due to additional street improvement projects/costs in 2013.

BUSINESS-TYPE ACTIVITIES FINANCIAL ANALYSIS

The City's enterprise funds are the Water, Sewer, Solid Waste, and Storm Water funds.

The Water Fund recovered from an operating loss in 2012 to have a modest operating income and increase in net position for 2013. Both revenues and expenses were similar to the prior year. The last time the City increased water rates was in 2002 (7 percent increase). A water rate increase will take effect in approximately July 2014; however, the exact amount of this increase still has to be finalized.

The Sewer Fund also had an operating income and increase in net position for 2013. Revenues and expenses, with the exception of interest expense, were similar to 2012. The City Council increased sewer rates 6 percent in 2009 and another 6 percent in 2010. No further increases are currently anticipated.

The Solid Waste Fund had an operating income for 2013. The City last increased garbage collection fees \$2/household per month in January 2005 and has no current plans for additional rate increases.

Lastly, the Storm Water Fund has reported an operating income for the past thirteen years. The City continues to incur expenses for engineering costs related to the long-term control plan required by the U.S. Environmental Protection Agency.

BUDGETARY HIGHLIGHTS

The City prepares an annual budget of revenues and expenditures/expenses for all funds of the City for use by City officials and department heads and such other budgetary documents as are required by State statute, including the annual appropriations ordinance which is effective the first day of January.

The City's most significant budgeted fund is the General Fund. For revenues, there were only modest changes from the original budget to the final budget. Actual revenues were greater than final budget amounts primarily due to an increase in municipal income taxes. For expenditures, changes from original budget to the final budget were also minimal. Actual expenditures were slightly less than the final budget for all programs due to budgeting and spending as conservatively as possible.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets - The City's investment in capital assets for governmental and business-type activities as of December 31, 2013, was \$16,886,949 and \$19,472,039, respectively (net of accumulated depreciation). This investment in capital assets includes land; buildings; improvements other than buildings; streets; bridges; water, sewer, and storm water lines; equipment; furniture and fixtures; and vehicles. For governmental activities, the additions for 2013 primarily consisted of street improvements (primarily Charles and Spring streets). For business-type activities, additions consisted of construction and installation of water, sewer, and storm water lines. There were minimal disposals for both governmental and business-type activities. For further information regarding the City's capital assets, refer to Note 10 to the basic financial statements.

Debt - At December 31, 2013, the City had a number of long-term obligations outstanding. These obligations included \$69,000 in special assessment bonds, \$3,374,816 in Ohio Water Development Authority Loans, and \$758,853 in Ohio Public Works Commission Loans. The only new debt for 2013 was obtaining a zero interest loan from the Ohio Public Works Commission for sewer line improvements. In addition to the debt outlined above, the City's long-term obligations also include the liability for police and fire incurred when the State of Ohio established the statewide pension system and compensated absences. For further information regarding the City's debt, refer to Note 17 to the basic financial statements.

CURRENT ISSUES

The biggest concern for the City at this time is restoring our police force and replacing the departments aging equipment. The voters overwhelmingly approved a .5 percent safety forces levy in November 2013 which began collection in January 2014. This additional revenue will allow the City to hire five police officers to bring our force back to the level necessary to fight the drug problem that plagues our City and County and will allow for the purchase of badly needed cruisers to replace our aging fleet. The tax resources are also needed to retain the four firefighters that were funded when the City received the SAFER Grant. This levy has eased the strain on the General Fund which has allowed administrative staffing hours to be restored. However, caution must still prevail due to the State cuts to local government funds and the elimination of inheritance taxes which impacts General Fund revenues.

The local economy in 2014 is somewhat brighter with local manufacturers expanding their product lines and hiring new employees. Several small businesses have opened and others have relocated in our downtown area since the downtown reconstruction has been completed. Having attractive storefronts gives our City a more welcoming appearance.

 Reconciliation of Statement of Revenues, Expenditures,
 and Changes in Fund Balance
 of Governmental Funds to Statement of Activities
 For the Year Ended December 31, 2013

Changes in Fund Balance - Total Governmental Funds (\$292,175)

Amounts reported for governmental activities on the statement of activities are different because of the following:

Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current year.

| | | |
|--|--------------------|---------|
| Capital Outlay - Nondepreciable Capital Assets | 1,285,413 | |
| Capital Outlay - Depreciable Capital Assets | 804,349 | |
| Depreciation | <u>(1,129,234)</u> | 960,528 |

Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.

| | | |
|-----------------------------|------------|----------|
| Delinquent Property Taxes | 1,164 | |
| Municipal Income Taxes | 114,676 | |
| Special Assessments | (8,107) | |
| Fees, Licenses, and Permits | (616) | |
| Intergovernmental | (126,691) | |
| Interest | <u>635</u> | (18,939) |

Repayment of principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities on the statement of net position.

| | | |
|----------------------------------|--------------|--------|
| Special Assessment Bonds Payable | 11,000 | |
| OPWC Loans Payable | 8,000 | |
| Police Pension Liability | 3,491 | |
| Fire Pension Liability | <u>3,986</u> | 26,477 |

Interest is reported as an expenditure when due in the governmental funds but is accrued on outstanding debt on the statement of net position. 48

Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. 6,968

Change in Net Position of Governmental Activities \$682,907

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 1 - DESCRIPTION OF THE CITY OF BUCYRUS AND THE REPORTING ENTITY

A. The City

The City of Bucyrus is a statutory municipal corporation operating under the laws of the State of Ohio. Bucyrus became a village in 1822 and was incorporated as a city on February 21, 1883.

The City operates under a mayor-council form of government. Legislative power is vested in a seven member council and a council president, each elected to two-year terms. The Mayor is elected to a four-year term and is the chief executive officer of the City. All City officials, with the exception of the Service-Safety Director, are elected positions. The Service-Safety Director is appointed by the Mayor.

The City of Bucyrus is divided into various departments and financial management and control systems. Services provided include police protection, fire protection, parks and recreation, airport facilities, street maintenance and repair, Access television channel, and water, sewer, sanitation, and storm water services as well as a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation and control of these activities is provided by the City Council through the budgetary process and by the Mayor through administrative and managerial requirements and procedures.

B. Reporting Entity

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading.

The primary government of the City of Bucyrus consists of all funds, departments, boards, and agencies that are not legally separate from the City. For the City, this includes Access and all departments and activities that are directly operated by the elected City officials.

Access - The City Council established a local volunteer board known as the Bucyrus Access Board and charged them with the responsibility of general operation and management of all local public access facilities (known as Access); however, all corporate powers are retained by the City Council. The Board has ten members; seven, designated by the City Council, are representatives from certain community organizations, and three are appointed by the Mayor. Operations of the local public access channel are financed by a portion of a 5 percent franchise tax collected from Time Warner Communications, the local cable provider.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City. There were no component units of the City of Bucyrus in 2013.

NOTE 1 - DESCRIPTION OF THE CITY OF BUCYRUS AND THE REPORTING ENTITY

(continued)

The City of Bucyrus participates in two jointly governed organizations and a public entity shared risk pool. These organizations are the Central Joint Ambulance District, the Crawford County General Health District, and the Public Entities Pool of Ohio. These organizations are presented in Note 20 and Note 21 to the basic financial statements.

The City of Bucyrus is also associated with the Bucyrus Public Library to the extent that the Mayor appoints the Library's Board of Trustees. However, the City of Bucyrus is not financially accountable for the Bucyrus Public Library. The library is presented as a related organization in Note 22 to the basic financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Bucyrus have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the City's accounting policies.

A. Basis of Presentation

The City's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental in nature and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the City are reported in three categories; governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Street Maintenance and Repair Fund - This fund accounts for 92.5 percent of the state gasoline tax and motor vehicle registration fees as well as a .5 percent voted municipal income tax restricted for maintenance of streets within the City.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Water Fund - This fund accounts for the provision of water treatment and distribution to residential and commercial users within the City.

City of Bucyrus

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Sewer Fund - This fund accounts for the provision of wastewater treatment service to residential and commercial users within the City.

Solid Waste Fund - This fund accounts for the operation of solid waste collection within the City.

Storm Water Fund - This fund accounts for the operation of the storm water run off system within the City.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are not available to support the City's own programs. The City did not have any trust funds in 2013. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City's agency funds account for deposits from individuals planning the excavation or requesting the vacation of a street or alley and for insurance proceeds to secure proper handling of fire damaged structures.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the City finances and meets the cash flow needs of its enterprise activities.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from income taxes is recognized in the year in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: income taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), grants, and interest.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. The City did not report any deferred outflows of resources for 2013.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the City, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there was an enforceable legal claim as of December 31, 2013, but which were levied to finance 2014 operations. This amount has been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes accrued interest, intergovernmental revenue including grants, municipal income taxes, delinquent property taxes, special assessments, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except agency funds, are required to be budgeted and appropriated. The major documents prepared are the statement of fund activities, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The statement of fund activities indicates the projected revenues and expenditures for those funds receiving tax monies. The certificate of estimated resources establishes a limit on the amount City Council may appropriate. The appropriations ordinance is City Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by City Council. The legal level of control has been established by City Council at the fund, department, and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the City Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by City Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by City Council during the year.

F. Cash and Investments

To improve cash management, cash received by the City is pooled and invested. Individual fund integrity is maintained through City records. Interest in the pool is presented as “Equity in Pooled Cash and Cash Equivalents”. Monies restricted for utility deposits and held within the City’s Water enterprise fund are also reflected as “Equity in Pooled Cash and Cash Equivalents”.

During 2013, the City invested in nonnegotiable certificates of deposit, federal agency securities, U.S. treasury securities, mutual funds, and STAR Ohio. Investments are reported at fair value, except for nonnegotiable certificates of deposit which are reported at cost. Fair value is based on quoted market price or current share price. STAR Ohio is an investment pool, managed by the State Treasurer’s Office, which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio’s net asset value per share, which is the price the investment could be sold for on December 31, 2013.

Interest earnings are allocated to City funds according to State statutes, grant requirements, or debt related restrictions. Interest revenue credited to the General Fund during 2013 was \$6,751 which includes \$6,028 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

G. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2013, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

H. Inventory

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

I. Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column on the government-wide statement of net position and in the respective funds.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at their fair market value on the date donated. The City maintains a capitalization threshold of ten thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. The City reports all infrastructure, including that acquired prior to 1980. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Governmental Activities Estimated Lives | Business-Type Activities Estimated Lives |
|-------------------------------------|---|--|
| Buildings | 10-45 years | 10-50 years |
| Improvements Other Than Buildings | 10-50 years | 10 years |
| Streets | 10-30 years | N/A |
| Bridges | 50 years | N/A |
| Water, Sewer, and Storm Water Lines | N/A | 50 years |
| Equipment | 3-30 years | 5-30 years |
| Furniture and Fixtures | 20 years | N/A |
| Vehicles | 3-30 years | 3-10 years |

J. Interfund Receivables/Payables

On fund financial statements, receivables and payables resulting from short-term interfund loans or unpaid amounts for interfund services provided are reported as "Interfund Receivables/Payables." Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances."

K. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end taking into consideration any limits specified in the City's manpower and union contracts. The City records a liability for accumulated unused sick leave for all employees with ten or more years of service with the City.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the fund from which the employees who have accumulated unpaid leave are paid.

L. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Special assessment bonds, OPWC loans, and the police and fire pension liability are recognized as liabilities on the fund financial statements when due.

M. Net Position

Net position represents the difference between all other elements in the statement of net position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted for recreation, police and fire department activities, and Access. The City's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The “not in spendable form” includes items that are not expected to be converted to cash.

Restricted - The restricted classification includes amounts restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the City can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for purposes specified by the legislation.

Committed - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council. The committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by City Council. Policy of City Council authorizes department managers to assign fund balance for purchases on order provided such amounts have been lawfully approved.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

O. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the City, these revenues are charges for services for water, sewer, solid waste, and storm water services. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

P. Capital Contributions

Capital contributions arise from contributions of capital assets from other governments.

Q. Interfund Transactions

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

R. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES

For 2013, the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 61, "The Financial Reporting Entity: Omnibus". GASB Statement No. 61 modifies existing requirements for the assessment of potential component units in determining what should be included in the financial reporting entity and the financial reporting entity display and disclosure requirements. The implementation of this statement did not result in any change to the City's financial statements.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 4 - ACCOUNTABILITY

At December 31, 2013, the following funds had deficit fund balances:

| <u>Fund</u> | <u>Deficit</u> |
|-----------------------|----------------|
| Special Revenue Funds | |
| Police Pension | \$37,859 |
| Fire Pension | 40,839 |

The deficit fund balances in the special revenue funds resulted from adjustments for accrued liabilities. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual - for the General Fund and the Street Maintenance and Repair special revenue fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Outstanding year end encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).
4. Advances in and advances out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

NOTE 6 - DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the city treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

Inactive deposits are public deposits the City Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the City Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above;
4. Bonds and other obligations of the State of Ohio;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2);
6. The State Treasurer's investment pool (STAR Ohio); and
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred eighty days in an amount not to exceed 25 percent of the interim monies available for investment at any one time.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

City of Bucyrus
Notes to the Basic Financial Statements

NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the City Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$977,855 of the City's bank balance of \$4,494,407 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the City to a successful claim by the FDIC.

The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the City or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least 105 percent of the deposits being secured.

Investments

As of December 31, 2013, the City had the following investments:

NOTE 6 - DEPOSITS AND INVESTMENTS (continued)

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the City from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the City.

The Federal Farm Credit Bank Notes, Federal Home Loan Bank Notes, Federal Home Loan Mortgage Corporation Notes, Federal National Mortgage Association Notes, U.S. Treasury Notes, and mutual funds carry a rating of Aaa by Moody's. STAR Ohio carries a rating of AAA by Standard and Poor's. The City has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that mutual funds in eligible securities be rated in the highest category at the time of purchase by at least one nationally recognized standard of rating service. STAR Ohio must maintain the highest rating provided by at least one nationally recognized standard rating service.

With the exception of U.S. Treasury securities or STAR Ohio, the City may not invest more than 60 percent of its portfolio in any one security type or with a single financial institution. The City places no limit on the amount of its interim monies it may invest in a particular security.

The following table indicates the percentage of each investment type to the City's total portfolio:

| | <u>Fair Value</u> | <u>Percentage of Portfolio</u> |
|--|-----------------------|------------------------------------|
| Federal Farm Credit Bank | \$225,513 | 9.54% |
| Federal Home Loan Bank | 410,205 | 17.36 |
| Federal Home Loan Mortgage Corporation | 504,398 | 21.35 |
| Federal National Mortgage Association | 998,377 | 42.25 |

NOTE 7 - RECEIVABLES

Receivables at December 31, 2013 consisted of accounts (billings for user charged services, including unbilled utility services); accrued interest; intergovernmental receivables arising from grants, entitlements, and shared revenues; municipal income taxes; other local taxes; interfund; property taxes; and special assessments. All receivables are considered collectible in full and within one year, except for municipal income taxes, property taxes, special assessments, and the allowance for uncollectibles related to utility services. Municipal income taxes and property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Special assessments, in the amount of \$67,437, will not be received within one year. At December 31, 2013, the amount of delinquent special assessments was \$5,428.

NOTE 8 - MUNICIPAL INCOME TAXES

The City levies and collects an income tax of 1.5 percent based on all income earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

The City's income tax rate includes 1 percent authorized by State statute and levied by the City Council and an additional .5 percent levied with voter approval for a period of six years, expiring in 2019. The additional .5 percent is restricted solely for street repair and is recorded in the Street Maintenance and Repair special revenue fund. The remaining income tax revenues and all related expenditures for administration and collection are accounted for in the General Fund.

NOTE 9 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. Real property tax revenues received in 2013 represent the collection of 2012 taxes. Real property taxes received in 2013 were levied after October 1, 2012, on the assessed values as of January 1, 2012, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2013 represent the collection of 2012 taxes. Public utility real and tangible personal property taxes received in 2013 became a lien on December 31, 2011, were levied after October 1, 2012, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City of Bucyrus. The County Auditor periodically remits to the City its portion of the taxes collected.

NOTE 9 - PROPERTY TAXES (continued)

Accrued property taxes receivable represents real and public utility property taxes which were measurable as of December 31, 2013, and for which there was an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2013 operations is offset to deferred inflows of resources - property taxes. On the accrual basis, delinquent real property taxes have been recorded as a receivable and revenue while on a modified accrual basis, the revenue has been reported as deferred inflows of resources - unavailable revenue.

The full tax rate for all City operations for the year ended December 31, 2013, was \$4.30 per \$1,000 of assessed value. The assessed values of real and public utility property upon which 2013 property tax receipts were based are as follows:

| Category | Amount |
|-------------------------|---------------|
| Real Property | |
| Agricultural | \$623,380 |
| Residential | 104,680,970 |
| Commercial | 27,529,440 |
| Industrial | 12,188,410 |
| Public Utility Property | |
| Real | 39,730 |
| Personal | 7,206,920 |

NOTE 12 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Public Entities Pool of Ohio, a public entity shared risk pool. The City pays an annual premium to the pool for various types of insurance coverage. Member cities agree to share in the coverage of losses and pay all premiums necessary for the specified insurance coverage. Upon withdrawal from the Pool, a participant is responsible for the payment of all liabilities accruing as a result of withdrawal. During 2013, the City had the following insurance coverage:

| Type of Coverage | Coverage | Deductible |
|----------------------------------|--------------|------------|
| Property (building and contents) | \$19,554,800 | \$1,000 |
| Earthquake | 1,000,000 | 25,000 |

Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 12 - RISK MANAGEMENT (continued)

The City's workers' compensation coverage is provided by the State of Ohio. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

NOTE 13 - DEFINED BENEFIT PENSION PLANS

A. Ohio Public Employees Retirement System

Plan Description - The City participates in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the member-directed plan, members accumulate retirement assets equal to the value of the member and vested employer contributions plus any investment earnings. The combined plan is a cost-sharing, multiple-employer defined benefit pension plan. Under the combined plan, OPERS invests employer contributions to provide a formula retirement benefit similar in nature to, but less than, the traditional plan benefit. Member contributions, the investment of which is self-directed by the member, accumulate retirement assets in a manner similar to the member-directed plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides statutory authority for member and employer contributions and currently limits the employer contribution to a rate not to exceed 14 percent of covered payroll for state and local employer units. Member contribution rates, as set forth in the Ohio Revised Code, are not to exceed 10 percent of covered payroll. For the year ended December 31, 2013, members in state and local classifications contributed 10 percent of covered payroll. For 2013, member and employer contribution rates were consistent across all three plans.

The City's 2013 contribution rate was 14 percent. The portion of the City's contribution used to fund pension benefits is net of postemployment health care benefits. The portion of the City's contribution allocated to health care for members in both the traditional and combined plans was 1 percent for 2013. Effective January 1, 2014, the portion of the employer contribution allocated to health care increased to 2 percent. Employer contribution rates are actuarially determined.

The City's required contribution for pension obligations to the traditional and combined plans for the years ended December 31, 2013, 2012, and 2011 was \$309,677, \$464,608, and \$462,671, respectively. For 2013, 87 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2012 and 2011. There were no contributions made to the member-directed plan by the City or by the plan members for 2013.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 13 - DEFINED BENEFIT PENSION PLANS (continued)

B. Ohio Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report that may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - Employer and employee contribution rates are set by the Ohio Revised Code. From January 1, 2013, through July 1, 2013, plan members were required to contribute 10 percent of their annual covered salary. From July 2, 2013, through December 31, 2013, plan members were required to contribute 10.75 percent of their annual covered salary. Throughout 2013, employers were required to contribute 19.5 percent for police officers and 24 percent for firefighters.

The OPF pension fund is authorized by the Ohio Revised Code to allocate a portion of the employer contribution to retiree health care benefits. For January 1, 2013, through May 31, 2013, the portion of the City's contribution used to fund pension benefits was 14.81 percent of covered payroll for police officers and 19.31 percent of covered payroll for firefighters. For June 1, 2013, through December 31, 2013, the portion of the City's contribution used to fund pension benefits was 16.65 percent of covered payroll for police officers and 21.15 percent of covered payroll for firefighters. The City's contribution to OPF for police and firefighters pension was \$138,156 and \$175,082 for the year ended December 31, 2013, \$198,460 and \$179,627 for the year ended December 31, 2012, and \$218,151 and \$202,723 for the year ended December 31, 2011. For 2013, 74 percent has been contributed for both police and firefighters with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2012 and 2011.

NOTE 14 - POSTEMPLOYMENT BENEFITS

A. Ohio Public Employees Retirement System

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit postemployment health care plan for qualifying members of both the traditional and combined plans. Members of the member-directed plan do not qualify for ancillary benefits, including postemployment health care coverage. The plan includes a medical plan, a prescription drug program, and Medicare Part B premium reimbursement.

City of Bucyrus
Notes to the Basic Financial Statements
For the Year Ended December 31, 2013

NOTE 14 - POSTEMPLOYMENT BENEFITS (continued)

In order to qualify for postemployment health care coverage, age and service retirees under the traditional and combined plans must have ten or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide health care benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report which may be obtained by visiting <https://www.opers.org/investments/cafr.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The postemployment health care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of postemployment health care.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2013, state and local employers contributed 14 percent of covered payroll. This is the maximum employer contribution rate permitted by the Ohio Revised Code.

Each year, the OPERS retirement board determines the portion of the employer contribution rate that will be set aside for funding postemployment health care benefits. The portion of the employer contribution allocated to health care for members in both the traditional and combined plans was 1 percent for 2013. Effective January 1, 2014, the portion of the employer contribution allocated to health care was raised to 2 percent for both plans as recommended by the OPERS actuary.

The OPERS retirement board is also authorized to establish rules for the payment of a portion of the health care benefits provided by the retiree or the retiree's surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected. Active members do not make contributions to the postemployment health care plan.

The City's contribution allocated to fund postemployment health care benefits for the years ended December 31, 2013, 2012, and 2011 was \$23,821, \$92,922, and \$92,963, respectively. For 2013, 87 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2012 and 2011.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 9, 2012, with a transition plan commencing on January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contribution toward the health care fund after the end of the transition period.

NOTE 14 - POSTEMPLOYMENT BENEFITS (continued)

B. Police and Fire Pension Fund

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OPF) sponsored healthcare program, a cost-sharing, multiple-employer defined benefit postemployment healthcare plan administered by OPF. OPF provides health care benefits including coverage for medical, prescription drug, dental, vision, Medicare Part B Premium, and long-term care to retirees, qualifying benefit recipients, and their eligible dependents.

OPF provides access to postretirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check, or is a spouse or eligible dependent child of such person. The health care coverage provided by OPF meets the definition of an Other Postemployment Benefit (OPEB) as described in Government Accounting Standards Board (GASB) Statement No. 45.

The Ohio Revised Code allows, but does not mandate, OPF to provide OPEB benefits. Authority for the OPF Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OPF issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OPF defined benefit pension plan. Participating employers are required by the Ohio Revised Code to contribute to the pension plan at rates expressed as a percentage of payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and firefighters, respectively. Active members do not make contributions to the OPEB Plan.

OPF maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B premium reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan under the authority granted by the Ohio Revised Code to the OPF Board of Trustees.

The Board of Trustees is authorized to allocate a portion of the total employer contribution made to the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For January 1, 2013, through May 31, 2013, the employer contribution allocated to the health care plan was 4.69 percent of covered payroll. For June 1, 2013, through December 31, 2013, the employer contribution allocated to the health care plan was 2.85 percent of covered payroll. The amount of employer contribution allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OPF Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

NOTE 14 - POSTEMPLOYMENT BENEFITS (continued)

The City's contribution to OPF which was allocated to fund postemployment health care benefits for police and firefighters was \$31,459 and \$31,065 for the year ended December 31, 2013, \$59,157 and \$44,354 for the year ended December 31, 2012, and \$66,556 and \$50,719 for the year ended December 31, 2011. For 2013, 74 percent has been contributed for both police and firefighters with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2012 and 2011.

NOTE 15 - COMPENSATED ABSENCES

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws.

City employees earn and accumulate vacation at varying rates depending on length of service. Current policy credits vacation leave on the employee's anniversary date. Employees are paid for 100 percent of earned unused vacation leave upon termination.

Sick leave is earned at various rates as defined by City policy and union contracts. Any employee with ten through twenty-four years of full-time service with the City, who elects to retire, is entitled to receive one-fourth of the value of their accumulated unused sick leave up to a maximum of two hundred forty or two hundred eighty hours depending on the contract. Any employee with more than twenty-four years of full-time service with the City, who elects to retire, is entitled to receive 100 percent of the value of their accumulated unused sick leave up to a maximum of 1,320 or 1,835 hours as defined by contract.

NOTE 16 - NOTES PAYABLE

The City's note transactions for the year ended December 31, 2013, were as follows:

NOTE 17 - LONG-TERM OBLIGATIONS (continued)

Special Assessment Bonds

The special assessment bonds are backed by the full faith and credit of the City of Bucyrus. In the event that an assessed property owner fails to make payments or insufficient amounts are assessed to fund the debt, the City will be required to pay the related debt.

Police and Fire Pension Liability

The City pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for police and fire personnel in 1967. The liability is payable semiannually from the General Fund.

Compensated Absences Payable

The compensated absences liability will be paid from the fund from which the employees' salaries are paid. These funds include the General Fund, the Street Maintenance and Repair and Ohio Crime Victims Grant special revenue funds and the Water, Sewer, Solid Waste, and Storm Water enterprise funds.

OWDA Loans

OWDA loans consist of money owed to the Ohio Water Development Authority for the construction of an upground storage reservoir and upgrades to the City's water and sewer treatment plants. OWDA loans are payable solely from the gross revenues of the water and sewer systems. OWDA loans, in the amount of \$617,496, were not capitalized.

OPWC Loans

OPWC loans consist of money owed to the Ohio Public Works Commission for street improvements, the replacement of a waterline, upgrades to the City's sewer treatment plant, and the installation of storm water lines. The loans are interest free. OPWC loans will be repaid from the Street Maintenance and Repair special revenue fund and the Water, Sewer, and Storm Water enterprise funds.

OWDA and OPWC loans payable from the enterprise funds are payable solely from the gross revenues of the respective system. Annual principal and interest payments on the loans are expected to require less than 100 percent of these net revenues. The total principal and interest remaining to be paid on the OWDA loans is \$3,864,362 and \$602,853 on the OPWC loans. Principal and interest paid in the Water, Sewer, and Storm Water enterprise funds for the current year were \$173,594, \$423,439, and \$27,324, respectively. Total net revenues for the Water, Sewer, and Storm Water enterprise funds were \$418,180, \$793,945, \$459,632 respectively.

The City's legal debt margin was \$15,988,229 at December 31, 2013.

NOTE 19 - INTERFUND TRANSFERS

During 2013, the General Fund made transfers to other governmental funds, in the amount of \$294,394, to subsidize various programs or activities in other funds. Other governmental funds made transfers to other governmental funds, in the amount \$11,020, to move receipts as debt payments came due.

NOTE 20 - JOINTLY GOVERNED ORGANIZATIONS

A. Central Joint Ambulance District

The City participates in the Central Joint Ambulance District, a jointly governed organization created in accordance with Ohio Revised Code Section 505.71. The Ambulance District provides ambulance services to the City of Bucyrus and eleven surrounding townships. Each participant has one representative on the Ambulance District's board of directors. Financial information can be obtained from the Central Joint Ambulance District, 1957 State Route 19, Bucyrus, Ohio 44820.

B. Crawford County General Health District

The City participates in the Crawford County General Health District, a jointly governed organization created according to the provisions of Ohio Revised Code Section 3709.07. The General Health District is governed by a Board of Health consisting of two members representing the City of Bucyrus and appointed by the Mayor and five members representing Crawford County and appointed by the District Advisory Council. During 2013, the City contributed \$98,988 toward the operations of the General Health District. Financial information can be obtained from the Crawford County Auditor, 112 East Mansfield Street, Bucyrus, Ohio 44820.

NOTE 21 - PUBLIC ENTITY SHARED RISK POOL

The Public Entities Pool of Ohio (Pool) is a public entity shared risk pool which provides various risk management services to its members. The Pool is governed by a seven member board of directors; six are member representatives or elected officials and one is a representative of the pool administrator, American Risk Pooling Consultants, Inc. Each member has one vote on all issues addressed by the Board of Directors.

Participation in the Pool is by written application subject to the terms of the pool agreement. Members must continue membership for a full year and may withdraw from the Pool by giving a sixty day written notice prior to their annual anniversary. Financial information can be obtained from the Public Entities Pool of Ohio, 6797 North High Street, Suite 131, Worthington, Ohio 43085.

NOTE 22 - RELATED ORGANIZATION

The Bucyrus Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a board of trustees appointed by the Mayor. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the City for operational subsidies. Although the City serves as the taxing authority and can issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Library Trustees. The Library is not considered part of the City and its operations are not included within the accompanying financial statements. Financial information can be obtained from the Bucyrus Public Library, 200 East Mansfield Street, Bucyrus, Ohio 44820.

NOTE 23 - CONTINGENT LIABILITIES

A. Litigation

The City of Bucyrus is a party to several legal proceedings seeking damages or injunctive relief generally incidental to its operations and pending projects. The City management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

The City is in ongoing discussions with the United States Environmental Protection Agency (USEPA) regarding Clean Water Act compliance issues and the reduction of the City's combined sewer overflow events. To date, the discussions have been primarily technical in nature. However, the USEPA has advised the City that it should expect federal court litigation with a resulting consent decree. Negotiations are underway with a target date for a consent decree in 2014.

B. Federal and State Grants

For the period January 1, 2013, to December 31, 2013, the City received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowances, if any, would be immaterial.

Note: Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. Personal property tax was assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of actual value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent of actual value for machinery and equipment and 23 percent for inventory. The general business tangible personal property tax was phased out beginning in 2006. The assessment percentage was 12.5 percent for 2007, 6.25 for 2008, and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four-year phase out on the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes have been collected since 2010.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property was eliminated.

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The basic property tax rate can be increased only by a majority vote of the City's residents.

Overlapping rates are those of local and county governments that apply to property owners within the City. Property tax rates for all overlapping governments are based upon the original voted levy.
