# Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program Montgomery County, Ohio

Audited Financial Statements

For the Fiscal Year Ended June 30, 2015

Committee Members
Southwestern Ohio Educational Purchasing Council
- Self- Insured Medical Insurance Benefits Program
303 Corporate Center Drive, Suite 208
Vandalia, Ohio 45377

We have reviewed the *Independent Auditor's Report* of the Southwestern Ohio Educational Purchasing Council - Self- Insured Medical Insurance Benefits Program, Montgomery County, prepared by Rea & Associates, Inc., for the audit period July 1, 2014 to June 30, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Southwestern Ohio Educational Purchasing Council - Self- Insured Medical Insurance Benefits Program is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

#### INDEPENDENT AUDITOR'S REPORT

#### Report on the Financial Statements

We have audited the accompanying financial statements of the Self-Insured Medical Insurance Benefits Program (the "Program") of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program Independent Auditor's Report Page 2

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Self-Insured Medical Insurance Benefits Program of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of June 30, 2015, and the changes in financial position and, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis of a Matter

As described in Note 1, the financial statements present only the Self-Insured Medical Insurance Benefits Program and do not purport to, and do not, present fairly the financial position of the Southwestern Ohio Educational Purchasing Council as of June 30, 2015, the changes in its financial position, or, where applicable, it cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

#### **Other Matters**

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 7 and the schedule of claims development on page 18 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 29, 2015 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Program's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Year Ended June 30, 2015

The discussion and analysis of Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program, (the Program) financial performance provides an overall review of the financial activities for the year ended June 30, 2015. The intent of this discussion and analysis is to assist the reader in focusing on significant financial issues and activities and to identify any significant changes in financial position. We encourage the reader to consider the information presented here in conjunction with the basic financial statements taken as a whole.

### The Program:

In accordance with an agreement with the former Trustees of the Program, effective October 1, 2008 the Program became a function of the Southwestern Ohio Educational Purchasing Council (the Council), which is a duly organized and existing Regional Council of Governments formed under the auspices of Chapter 167 of the Ohio Revised Code, which allows it to perform any function or duty performable by its member school districts. The financial activity of the Program is accounted for in a separate enterprise fund in the financial records of the Council.

Risk sharing pools, or self-insurance pools, pay claims submitted by covered employees from contributions collected and maintained by the Program, and therefore, the majority of the risk remains with the Program. For fiscal year 2015, two different plan options were available; Anthem and United HealthCare. Claims submitted under each option are processed by the respective insurance companies, who act as third party administrators (TPA), in accordance with benefits established by the Program. To help minimize the risk exposure of the Program, stop-loss insurance is purchased. For plan year ending September 30, 2015, the stop-loss limits were set at \$400,000 and \$500,000 specific for Anthem and United HealthCare, respectively.

For fiscal year 2015, the Anthem option plan had 43 participating member school districts with approximately 7,000 covered employees and the United HealthCare plan option had 27 participating member school districts with approximately 4,500 covered employees.

The Program also offers a group life insurance plan option for member school districts. This plan offers life and accidental death and dismemberment coverage to employees of participating districts through fully insured policies with Sun Life Insurance Company. Coverage amounts are determined by the individual participating districts and all insurance contracts are between Sun Life Insurance Company and the districts. As of June 30, 2015 there were 51 participating districts in the program covering approximately 13,600 employees.

### Basic Financial Statements and Presentation:

The financial statements presented by the Program are the Statement of Net Position, the Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows. These statements are presented using the accrual basis of accounting. Revenues are recognized when earned and measurable, not when received. Expenses are recognized when they are incurred, not when paid. The Program is structured as one enterprise fund.

### **Montgomery County, Ohio**

Management's Discussion and Analysis For the Year Ended June 30, 2015

### The Statement of Net Position:

The Statement of Net Position presents information on all of the Program's assets and liabilities. Assets consist mainly of cash and cash equivalents and investments. Liabilities consist mainly of claims payable and unearned participant contributions.

Table 1 provides a summary of the Program's net position for fiscal year 2015 compared with fiscal year 2014.

### TABLE 1 NET POSITION

	2015	2014		
Assets:				
Current Assets:				
Cash and cash equivalents	\$ 32,206,353	\$ 20,769,899		
Accrued interest	0	31,100		
Total Current Assets	32,206,353	20,800,999		
Noncurrent Assets:				
Investments	17,037,020	16,840,692		
Total Assets	49,243,373	37,641,691		
<u>Liabilities:</u>				
Current Liabilities:				
Matured outstanding claims payable	0	77,415		
Reserve for claims payable	11,572,000	11,718,000		
Unearned participants contributions	6,924,857	2,216,352		
Total Liabilities	18,496,857	14,011,767		
Net Position:				
Unrestricted	\$ 30,746,516	\$ 23,629,924		

The balance of cash and cash equivalent reported at June 30, 2015 was nearly \$11.4 million more than the amount reported at June 30, 2014. This increase in cash was due to the increases reported in contributions exceeding claims as well as prescription rebates for the fiscal year. Total amount of investments of the Program increased by \$196,328 from the amount reported one year prior; current rates available do not make long term investments as attractive as they were in the past.

Total claims payable reported at the end of fiscal year 2015 decreased by \$223,415 over those reported one year prior. The reserve for claims payable is established annually with the assistance of an outside actuary based on statistical models. The unearned participant contributions reported at June 30, 2015 were approximately \$4.7 million more than those reported for the prior year due to timing of member districts payment of the July 2015 insurance premiums.

The Program's total net position increased by \$7.1 million during fiscal year 2015, resulting in unrestricted net position at June 30, 2015 being \$30.8 million.

### **Montgomery County, Ohio**

Management's Discussion and Analysis For the Year Ended June 30, 2015

### The Statement of Revenues, Expenses and Changes in Net Position:

The Statement of Revenues, Expenses and Changes in Net Position present information showing how the Program's net position changed during the year. During 2015, the Program reported an increase in net position of over \$7.1 million or 30 percent. The prior year reported an increase in net position of \$8.5 million. The \$18 million increase in operating revenue resulted from an increase in medical contributions due to increased members as well as prescription rebates, offset by the increase in claims expense for the current year.

With the necessary reserve required for future claims payable, as determined by the actuary, included as a liability, the unrestricted net position totaled \$30.8 million at year end or approximately 19 percent of the Program's operating expenses reported for fiscal year 2015. An increase in net position should not be associated with "over-funding" due to the fluctuation in claims experience from year to year. Establishing and maintaining appropriate reserves to address these fluctuations in claims is a necessity of all risk sharing insurance pools.

Table 2 shows the changes in net position for the year ended June 30, 2015, as well as revenue and expense comparisons to fiscal year 2014.

TABLE 2 CHANGES IN NET POSITION

	2015	2014	
Operating Revenues:			
Net medical contributions	\$ 160,959,898	\$ 143,263,971	
Prescription rebates	3,440,422	2,905,661	
Life insurance premium contributions	639,474	505,638	
Total Operating Revenues	165,039,794	146,675,270	
Operating Expenses:			
Net medical claims expense	146,646,209	129,225,797	
Third party adminstrator expense	7,694,631	7,195,215	
Enrollment administration	427,444	379,983	
Wellness Programs	1,085,324	429,827	
Life insurance policy premiums	599,619	500,731	
Other expenses	1,635,101	460,778	
Total Operating Expenses	158,088,328	138,192,331	
Operating Income / (Loss)	6,951,466	8,482,939	
Non-Operating Revenues:			
Interest earnings	165,126	45,661	
Change in Net Position	7,116,592	8,528,600	
Net Position at Beginning of Year	23,629,924	15,101,324	
Net Position at End of Year	\$ 30,746,516	\$ 23,629,924	

### **Montgomery County, Ohio**

Management's Discussion and Analysis For the Year Ended June 30, 2015

Net medical contributions increased by 12 percent over those reported for the prior year as premium rates were increased for the current plan year as well as an increase in member districts as well as covered employees from prior fiscal year. The Program continues to benefit from the prescription rebates, which increased 18 percent over the amount received during the prior year. The premiums associated with the group life insurance option, which was first offered to member districts in November 2008, are used to purchase corresponding term life insurance coverage through commercial providers.

Total net claims expense reported for fiscal year 2015 increased by \$17.4 million, or 13 percent, over those reported for the prior fiscal year. As shown in table 2, approximately 93 percent of the Program's total expenses reported for fiscal year 2015 were directly related to the settlement of claims submitted by covered employees. Another 5 percent of the expenses were paid to the third party administrator of the self-insured plan to process and administer the submitted claims. The enrollment administration expense is the contractual payment to Benelogic, which is an online enrollment system for the plans implemented for policy year 2010. The \$1.1 million in wellness programs expense is directly related to initiatives implemented by the Program and member districts to improve the overall health of the employees on a long-term basis. Other expenses increased primarily as the Program hired outside consultants to perform verification audits of claims submitted through the plans.

### The Statement of Cash Flows:

The Statement of Cash Flows allows the reader of the financial statements to assess the Program's adequacy or ability to generate sufficient cash flow to meet its obligations in a timely manner. During fiscal year 2015 the cash and cash equivalents of the Program increased by over \$11.4 million compared with the amount reported at June 30, 2014. The operation (operating activities) of the self-insurance pool had \$11.4 million more in cash inflows from premium contributions and other revenues than the outflows used primarily to pay and administer claims.

### Contacting the Administration of the Program:

This financial report is designed to provide member school districts and other users with a general overview of the Program's finances and to show accountability for the monies it receives. If you have any questions about this report or need additional financial information, contact Doug Merkle, Benefits Administrator at 303 Corporate Center Drive, Suite 208, Vandalia, Ohio 45377 or by calling (937) 890-3725.

See accompanying notes to the basic financial statements.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

### 1. <u>Description of the Plan</u>:

The Southwestern Ohio Educational Purchasing Council's Self-Insured Medical Insurance Benefits Program (the Program) is a risk sharing pool managed and operated by the Southwestern Ohio Purchasing Council (the Council). Effective October 1, 2008, the Program became a function of and operates under the control of the Council and is managed exclusively by its management. The Program is accounted for as a separate enterprise fund within the Council's accounting records. The Southwestern Ohio Educational Purchasing Council is a duly organized and existing Regional Council of Governments formed under the auspices of Chapter 167 of the Ohio Revised Code, which allows it to perform any function or duty performable by its member school districts.

### General

The Program is a function of the Southwestern Ohio Educational Purchasing Council which provides group medical benefits for the employees of participating employers through a risk sharing (self-insurance) pool under two separate plan options: one administered by the Community Insurance Company (dba Anthem) and the other administered by United HealthCare Insurance Company. Claims submitted by covered employees are processed by the third party administrators (TPA), currently United HealthCare and Anthem, in accordance with the benefits negotiated by the participating member school districts of the Program. Payments of these claims are settled by the contributions collected and maintained by the Program and, therefore, the majority of the claim risk remains with the Program.

The Program has purchased stop-loss insurance to help minimize its total risk exposure. During policy year 2014 stop-loss insurance limits were set at \$400,000 and \$500,000 specific claims expected for Anthem and United HealthCare, respectively. Each plan option has an effective policy year of October 1 through September 30 of the following calendar year.

As of June 30, 2015 the United HealthCare plan option had 27 participating member school districts with approximately 4,500 covered employees. The Anthem plan option had 43 participating member school districts with approximately 7,000 covered employees.

#### Benefits

The Program establishes and maintains the fund to provide health care and other benefits to employees of participating member school districts, their dependents and designated beneficiaries and to set aside funds for such purposes. Any amount of such benefits, as the Program may determine, may be provided in whole or in part through one or more insurance policies. Benefit levels are determined by the participating member school districts in consultation with the Program.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

In addition, the Program offers a group life insurance plan option for member school districts. This plan offers life and accidental death and dismemberment coverage to employees of participating districts through fully insured policies with Sun Life Insurance Company. Coverage amounts are determined by the individual participating districts and all insurance contracts are between Sun Life Insurance Company and the districts. The Program collects and remits the flat rate, monthly policy premium to Sun Life Insurance Company for the participating districts. As of June 30, 2015 there were 51 participating districts in the program covering approximately 13,600 employees.

### Contributions

Under the terms of the Program, participating member school districts make monthly premium payments to fund claims, claim processing expenses, stop-loss insurance premiums, administrative costs, as well as sufficiently fund adequate reserves.

Participating member school districts contribute an amount that is determined by the number of eligible employees and dependents for that month multiplied by funding amounts established by the Program at the October 1<sup>st</sup> renewal date. The funding amounts are based on claim experience, claims administration expenses, and needed reserve amounts. It has been the practice of the Program that every other year school districts are reassessed individually to ensure contributions are in line with average claim costs encountered over the previous two years. In the off year, all participating school districts receive the same renewal percentage change.

### 2. Summary of Accounting Policies:

The financial statements of the Program have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Program's accounting policies and practices are described below:

### Basis of accounting:

The Program's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

The financial activity of the Program is accounted for within a single enterprise fund by the Council during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

### Measurement focus:

The Program is accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the Program are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flow provides information about how the Program finances and meets the cash flow needs of its enterprise activity.

### Basis of accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The Program's financial statements are prepared using the accrual basis of accounting. Under the accrual basis of accounting, revenues are accounted for as earned and expenses as incurred.

#### Cash and cash equivalents:

All deposits with financial institutions, and a State of Ohio depository institution, having an original maturity of 90 days or less are reported as cash and cash equivalents.

#### Investments:

Investments are carried at stated market value. Realized gains and losses are determined on the identified cost basis. Unrealized gains and (losses) are included as a component of investment earnings.

The investments of the Program follow the requirements of the Ohio Revised Code which permits investment in obligations of the United States Government, or other investments where the principal and interest are collateralized by the full faith and credit of the United States Government, bonds or other obligations issued by any federal agency or instrumentality, and bonds of the state of Ohio and its political subdivisions.

### Claims Payable:

Provision for claims payable is based on information calculated by the TPA and the Program's actuary. This amount represents claims that have been processed but not yet presented for payment and an estimate of reported, unpaid claims, plus a provision for claims incurred but not reported. The Program believes this estimate of its liability for claims payable is reasonable and supported by valid actuarial calculations; however, actual incurred claim expense may not conform to the assumptions inherent in the determination of the liability. Accordingly, the ultimate settlement of claims may vary from the estimated amounts included in the accompanying financial statements.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

Should the provisions for claims payable not be sufficient, the Program will utilize unrestricted net position to cover the excess claims. Future member contributions will be adjusted at the next renewal date, if necessary, to ensure adequate reserve coverage is maintained

#### <u>Unearned participant contributions:</u>

Unearned participant contributions represent contributions from member school district's received prior to the end of the fiscal year but are intended to fund required contributions for the subsequent fiscal year.

### Net position:

Net position represents the difference between assets and liabilities. It is displayed in three separate components as follows:

<u>Investment in net capital assets</u> – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

<u>Restricted</u> – This consists of net position that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

<u>Unrestricted</u> – This consists of net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

As of June 30, 2015, the Program does not have any net position meeting the definition of "invested in capital assets" or "restricted" net position. As deemed appropriate by the Council, the Program may distribute all or part of the unrestricted net position to participating school districts during years when surplus funds are reported.

In the event of the termination of the Program, net position will be used to settle all claims and other obligations incurred by the Program, as well as establishing an appropriate reserve to settle any future claims. Any remaining net position will be distributed based on the discretion of the Council.

#### Classification of revenue:

The Program classifies its revenues as either operating or non-operating. Non-operating revenue is a result of the receipt of interest income. Contributions from participating school districts and prescription rebates are recognized on the accrual basis and are recorded as revenue in the period earned if determinable.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

#### Tax status:

The Program is exempt from income taxes due to the fact that it is defined as a Council of Governments. According to the Internal Revenue Service filing requirements, due to its governmental status the plan is excluded from the Form 5500 filing requirements.

### ERISA:

Due to the Program being deemed a governmental plan by the Internal Revenue Service, it is not covered by the rules and regulations of ERISA, Title I.

### **Estimates**:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Program's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### 3. Deposits and Investments:

#### **Deposits**

Custodial credit risk is the risk that in the event of bank failure, the Program's deposits may not be returned to it. The Council does not have a custodial risk policy. At year-end, the carrying amount of the Program's deposits was \$32,206,353.

Per Section 330.15 of the Federal Deposit Insurance Corporation (FDIC) regulations, all time and savings deposits owned by a public unit and held by the same official custodian in an insured depository institution within the State in which the public unit is located are added together and insured up to \$250,000. Time and savings deposits include NOW accounts and money market deposit accounts but does not include interest-bearing demand deposit accounts.

At year-end, the Southwestern Ohio Educational Purchasing Council (the Council) had bank deposits totaling \$35,194,911 including the Program's \$32,206,353. Of the Council's bank deposits, Federal Deposit Insurance Corporation (FDIC) covered \$250,000. The State of Ohio has established by statute a collateral pooling system for financial institutions acting as public depositories. Public depositories must pledge qualified securities with fair values equal to 105 percent or more of all public deposits to be secured by the collateral pool. Collateral is held by trustee including the Federal Reserve Bank and designated third parties of the financial institution but not in the name of the Council. This pooled collateral collateralizes the Council's uninsured bank deposits of \$34,944,911.

### **Montgomery County, Ohio**

Notes to the Basic Financial Statements June 30, 2015

### <u>Investments</u>

Investments are reported at fair value. As of June 30, 2015, the Program had the following investments:

		Percent of	Maturities (in Years)						
	Fair	Total	Less than	13 to 18	19 to 24	More than			
Investment Type	Value	Investments	6 months	months	months	24 months			
Federal Home Loan Bank	\$ 5,278,052	31.0%	\$ 715.594	\$ 0	\$ 550,620	\$ 4,011,838			
Federal National Mortgage Association	5,488,736	32.2%	1,002,482	1,001,572	0	3,484,682			
Federal Home Loan Mortgage Corporation	1,986,900	11.7%	0	0	0	1,986,900			
Federal Farm Credit Bank	3,094,952	18.2%	0	1,001,410	0	2,093,542			
Money Market -									
Governmental Portfolio	1,188,380	7.0%	1,188,380	0	0	0			
Total	\$17,037,020	100.0%	\$ 2,906,456	\$ 2,002,982	\$ 550,620	\$11,576,962			

Custodial Credit Risk: All investments shall be issued in the name of the Council per Ohio law.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from erosion of market value or change in market conditions, the Program's investment policy requires investments to mature no later than five years from the settlement date or on the date the invested funds are expected to be disbursed in satisfaction of an obligation of the Program, whichever is earlier.

*Credit Risk:* The Program's investment policy permits investment in all vehicles permitted by State Law. At June 30, 2015 the Program's investment in U.S. agencies (FHLB, FNMA, FHLMC and FFCB) were all rated AA+ by Standard & Poor's. In addition, the money market fund was rated AAAm by Standards & Poor's.

Concentration of Credit Risk: While no specific limit is placed on any one issuer, the investment policy of the Program requires the portfolio to be diversified in order to minimize potential losses with respect to individual securities.

Notes to the Basic Financial Statements
June 30, 2015

### 4. Reserve for Claims Payable:

As discussed in Note 2, the Program establishes a reserve for claims payable for its self-insured plan option which includes both reported but unprocessed claims and incurred but unreported reported claims. The changes in the reserve for claims payable for the last two fiscal years are as follows:

	June	30	
	2015	2014	
Claims payable - beginning of year	\$ 11,795,415	\$ 10,587,563	
Incurred claims and claim adjustments:  Provision for insured events of the current year Change in provision for insured events of prior year	146,646,209	129,225,797	
Total incurred claims and claim adjustments	146,646,209	129,225,797	
Payments:  Claim payments attributable to claims of current year  Claim payments attributable to claims of prior years	137,194,877 9,674,747	118,884,214 9,133,731	
Total payments	146,869,624	128,017,945	
Claims payable - end of year	\$ 11,572,000	\$ 11,795,415

One year later	0	128,558,962	120,508,218	123,761,588	105,329,431	98,516,491	92,633,525	87,712,730	79,673,891	74,707,379
6. Increase(decrease) in estimated incurred claims and expenses from end of policy year: (B)	0	0	0	0	0	0	0	0	0	0

#### Notes:

- (A) In October 2004, the insurance purchasing pool option was changed to a risk sharing pool. This increased both premiums and claims for fiscal year 2005. Fiscal year 2006 is the first year that both plan options were risk sharing pools for the entire period.
- (B) Due to the nature of health claims, it is highly unlikely that any significant claim amount would remain unpaid at the end of the subsequent fiscal year. Therefore, there is no component included in the IBNR calculation for changes in prior years estimated claims and expenses.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON THE AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the Self-Insured Medical Insurance Benefits Program (the "Program") of the Southwestern Ohio Educational Purchasing Council, Montgomery County, Ohio as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Program's basic financial statements, and have issued our report thereon dated September 29, 2015, wherein we noted the Program is an enterprise fund within the accounting records of the Southwestern Ohio Educational Purchasing Council.

#### Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Program's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we do not express an opinion on the effectiveness of the Program's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Southwestern Ohio Educational Purchasing Council's
Self-Insured Medical Insurance Benefits Program
Independent Auditor's Report On Internal Control Over Financial
Reporting And On Compliance And Other Matters
Based On The Audit of Financial Statements Performed
In Accordance with Government Auditing Standards
Page 2 of 2

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Program's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
