

Mahoning County, Ohio 2015 Comprehensive Annual Financial Report

Mahoning County Courthouse

For Fiscal Year Ended December 31, 2015

Ralph T. Meacham, CPA
Mahoning County Auditor

Dave Yost • Auditor of State

County Commissioners
Mahoning County
120 Market Street
Youngstown, Ohio 44503

We have reviewed the *Independent Auditor's Report* of the Mahoning County, prepared by Rea & Associates, Inc., for the audit period January 1 through December 31, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Mahoning County is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Dave Yost".

RALPH T. MEACHAM CPA MAHONING COUNTY AUDITOR

120 Market Street • Youngstown, Ohio 44503 — Phone 330-740-2010 • Fax 330-480-7571 — www.mahoningcountyauditor.org

June 28, 2016

To the Citizens of Mahoning County

Mahoning County Commissioners
Honorable Anthony Traficanti, President
Honorable Carol Rimedio-Righetti
Honorable David D. Ditzler

Mahoning County Treasurer
Honorable Daniel R. Yemma:

I am pleased to present the Mahoning County Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2015. This report enables the County to comply with Ohio Administrative Code Section 117-2-03(B), which requires reporting on a GAAP (Generally Accepted Accounting Principles) basis, and Ohio Revised Code Section 117.38 which requires the counties reporting on a GAAP basis to file an annual report with the Auditor of State within 150 days of fiscal year end. This report contains the financial statements and other financial and statistical data which ensure complete and full disclosure of all material financial aspects for Mahoning County for 2015. The County Auditor's Office, and in particular, the Accounting Department, is responsible for the completeness, accuracy and fairness of this report.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive frame-work of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Ohio law requires independent audits to be performed on all financial operations of the County either by the Auditor of State or an independent public accounting firm, if permitted by the Auditor of State. The accounting firm of Rea & Associates, Inc. rendered an opinion on the County's financial statements as of December 31, 2015, and the Independent Auditor's Report on the basic financial statements is included in the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of Government

Mahoning County was established on March 1, 1846. It is 417 square miles and is located in the northeast part of the State of Ohio. It is comprised of four cities, six villages and fourteen townships, with the City of Youngstown being the largest. Mahoning County's population is 231,900 making it the 10th most populous of Ohio's 88 counties.

The County has only those powers conferred upon it by Ohio statutes. A three-member Board of County Commissioners, elected at large in even-numbered years for four-year overlapping terms, is the primary legislative and executive body of the County. The County Auditor serves as the chief financial officer and property tax assessor for the County. The County Treasurer collects property taxes and is the custodian of all funds.

Other elected officials, serving four-year terms each, are the Prosecutor, Sheriff, Engineer, Clerk of Courts, Recorder and Coroner. The Probate Judge, Domestic Relations Judge, Juvenile Judge, Common Pleas Judges and County (area) Judges are also elected on a countywide basis. The County provides its citizens with a wide range of services that include human and social services, health and community assistance related services, civil and criminal justice system services, road and bridge maintenance, and other general and administrative support services. The County also operates two enterprise funds that include a water system and wastewater system.

For financial reporting purposes, the County complies with the provisions of GASB Statement No. 14 and Statement No. 61 in defining the financial reporting entity. The financial reporting entity consists of the County as the primary government, which also includes all of the elected officials, organizations, activities and functions which are not legally separate from the County and whose corporate powers the County holds. Also included in the reporting entity are any component units or legally separate organizations for which the County is financially accountable. A complete discussion of the County's reporting entity is provided in Note 1 to the basic financial statements.

The County is required to adopt an annual budget by April 1. This annual budget serves as the foundation for the Mahoning County's financial planning and control. The legal level of control has been established by the Commissioners at the department level for the general fund and at the fund level for all other funds, and, within each the amount appropriated for personal services. All funds are also budgeted between personnel expenditures and operating expenditures. Department heads may transfer resources between departments and within personnel or operating expenditures as they see fit. Transfers between funds, departments, or between personnel and operating costs, however, need special approval from the Commissioners.

Economic Conditions and Employment

Some of the largest private sector employers in the County include: Mercy Health Services which is comprised of St. Elizabeth Health Center in Youngstown, St. Elizabeth Boardman Health Center, Assumption Village, Humility House, and Hospice of the Valley, Youngstown State University, Mahoning County, and Diocese of Youngstown. Six out of the ten largest employers are government agencies.

The unemployment rate at the end of 2015 for the Youngstown-Warren Metropolitan Statistical Area (MSA) was 7.3 percent compared to the State and national averages, which were 4.6 and 5.0 percent respectively. The Ohio Bureau of Employment Services Labor Market Information Division report for the 2012-2022 time periods reflects that most of the job growth will be in healthcare and social assistance occupations, and administrative and waste service occupations. Manufacturing is projected to shrink, along with information and utilities within the service-providing industry. Individual and family service and home health care service jobs are expected to grow at the fastest rate.

Ohio's Collective Bargaining Law provides that public employees of the State and many local subdivisions (including the County) have the right to organize, bargain collectively and have union representation.

The Collective Bargaining Law also designates those actions, which constitute unfair labor practices, and prescribes procedures for their remedy. It also sets forth dispute resolution procedures for contract negotiation, including arbitration or other mutually agreeable methods. If an impasse persists after conciliation procedures, then public safety employees must take the dispute to binding arbitration and do not have the right to strike. All other employees may or may not have the right to strike after 10 days written notice, pursuant to the contract. Altogether, there are 24 bargaining units in the County representing 1,181 employees. The County's employee relations are established largely by association with the following labor

organizations: AFSCME, Ohio Council 8, AFL-CIO; Communication Workers of America; Fraternal Order of Police; Mahoning County Sanitary Engineer Employee's Union; Mahoning County Trainable Mentally Retarded Education Association; and Teamsters Local 377. Labor relations are considered excellent.

Long-Term Financial Planning

On December 11, 2014, the Mahoning County Commissioners adopted a resolution approving the user charges for the Mahoning County Metropolitan Sewer District. These user fees are an integral part of the long-term planning for the County with regard to the maintenance and replacement of the wastewater systems. Because Mahoning County receives federal grants and has secured financing through the issuance of bonds, there are various federal regulation codes and bond indenture agreements that obligate the County to set aside funding for the overall maintenance and replacement of all these systems. The User Charge System approved by the Commissioners is designed to not only cover the immediate costs of operating the wastewater systems, but to also provide adequate revenues for the maintenance and replacement of these systems in the future.

Relevant Financial Policies

The County Commissioners passed a resolution authorizing the special recording of casino revenue to create a General Fund Stabilization policy to ensure the County's bond ratings and long-term fiscal stability. The Commissioners resolved that 60 percent of all casino revenue received by the County will be reserved and used solely for the purpose of establishing a General Fund Reserve. The revenue will be reserved on an annual basis with a maximum of \$1 million being set aside in any one year. The remaining 40 percent of the casino revenue and any amounts greater than \$1 million annually will be available for appropriation during the fiscal year. Once the County's reserve reaches the 15 percent of general fund expenditure threshold, all revenues may be appropriated for current year operations. The reserve monies can only be used in a fiscal emergency or to repay prior debt issuances and the action must be approved by a unanimous vote of the current County Commissioners. The Casino reserve was \$2,641,708 as of December 31, 2015.

The County Treasurer and the Investment Advisory Committee adopted an investment policy on August 2, 2001. The purpose of this policy is to establish priorities and guidelines regarding the investment management of the County's operating funds. These priorities and guidelines are based upon Chapter 135.35 ORC and prudent money management. The policy also follows Sections 135.35 ORC in establishing what qualifies as an eligible investment. Safety of principal is the most important objective of the County's investment policy. The policy also focuses on issues regarding liquidity and yield.

Significant Events For 2015

- The County has levied a 1 percent sales tax which is collected by the State of Ohio and remitted to the County on a monthly basis. The Board of County Commissioners enacted this tax with two separate ½ percent taxes under the authority of the Ohio Revised Code. In 2007, the Commissioners passed a resolution placing a continuous ½ percent sales tax on the May ballot. The voters passed this continuous sales tax with a 67 percent vote. In 2010, the Commissioners passed a resolution to place a ½ percent sales tax on the May ballot, the sales tax passed with a 68 percent vote. The Commissioners placed a renewal of this ½ percent tax on the November 2014 ballot as a 5 year tax, along with a ¼ percent sales tax commencing on April 1st, 2015 for the purpose of criminal justice. The sales tax passed by a 51 percent vote. Each ½ percent of sales tax generates approximately \$15.5 million of revenue, totaling \$31 million on an annual basis. With the passage of the ¼ percent the County will generate approximately \$39 million in revenue.
- The County purchased the Oakhill Renaissance building in 2007 and continued to make improvements on the building through 2015. This building is used to house the Mahoning County Department of Jobs and Family Services as well as other departments such as the Coroner, Board of Elections, Recycling, and other administrative offices. An improvement bond in the amount of \$5 million was issued on December 28, 2007. In 2010, the County issued a Recovery Zone Economic

Development Bond in the amount of \$2.9 million to replace the chiller systems in the facility. Mahoning County received a reimbursable grant with American Recovery and Reinvestment Act monies in the amount of \$2.6 million to replace the heating systems in the Oakhill facility. In 2012, the County issued sales tax bonds in the amount of \$2.4 million to continue renovations of the building. In 2013, the Commissioners decided to discontinue any major improvements to this project. \$1.5 million of bond proceeds was transferred back to the debt service fund to pay down a portion of the 2012 borrowings. In 2014, the County issued a bond in the amount of \$755,000 for the purpose of a new generator and building improvements. The total operating costs to date are \$17,927,003. Operating revenues including rents to date are \$13,058,548. Net operating costs are (\$4,868,455). Federal grants received are \$2,608,385. Capital expenditure costs to date are \$13,755,065.

- The Mahoning County Board of Developmental Disabilities placed a 3 mill renewal levy on the November 2015 ballot. The voters passed the levy with a 76 percent vote.
- The Mahoning County Mental Health and Recovery Board placed a .5 mill renewal levy on the November 2015 ballot. The voters passed the levy with a 74 percent vote.
- The Commissioners purchased land in July 2014 for a new Mahoning County Dog Kennel. In 2015, the Commissioners hired an architect firm and approved the plans. The architect firm chosen specializes in animal care facilities. The total cost of this project is expected to be \$3.6 million.

Major Initiatives

- The Mahoning County Data Processing/IT Department worked most of 2015 on Application, Service and IT infrastructure improvements. A Major upgrade to our Munis™ HR & Financial system in the summer of 2015 set the stage for new projects and State and Federal Reporting requirements. Most visible was the County's push towards spending transparency and the release of Checkbook data to the ohioCheckbook.com website. Mahoning was the first county in the State to agree to put checkbook records online. Additionally, new laws centered on reporting for the ACA (Affordable Care Act) require custom programming and training for staff. The County also made its initial steps in the creation of a true Enterprise-based Document Management System. Work continues on this system which will eventually provide a complete digital document archival system and replace microfilm as the medium by which archival documents, for the County Administrative and Judicial systems, are accessed. County IT also replaced the County's aging email system with a modern on premise messaging solutions for its 1000+ email users. In early 2016, the County IT department implemented new Host Servers for our primary and secondary Data Centers and expanded computing capacity with a projected lifecycle beyond 2020. Application improvements to the Court e-services and Document management have been completed. In early April 2016, as culmination of work that began in September of 2015, the County released two completely new web based services – a public facing Website located at <http://www.mahoningcountyoh.gov>, and a JavaScript enable GIS application, located at <http://gis.mahoningcountyoh.gov>. Overall County capital projects costs for IT improvements totaled over \$350,000. The County also invested over \$1 million on ongoing software support and maintenance for our most critical software packages, which included:
 - Auditor's Tax Assessment software and ERP Systems
 - Court Case Management Systems
 - JFS Document and Case Management
 - Jail Booking and Inmate Management
- Projects in progress include the Clerk of Court's ongoing and pending \$600,000 e-filing initiative, as well as projects funded through grants that include a new wireless network for the County Courthouse, as well as new phone system in the Area courts. Plans are underway to modernize the County's Backup and Disaster Recovery equipment, as well as provide 10GB high speed fiber connectivity between our Primary and Secondary Data Centers.

- The Mahoning County Engineers office initiated and completed the 2015 Road & Bridge Safety project. This is an annual resurfacing program, which now includes bridge safety. The 2015 Road & Bridge Safety resulted from an \$847,775 grant with the Ohio Public Works Commission. The total for this project is \$1,520,000.
- The Engineering Department finished construction on the Division Street Bridge. This project replaced the bridge on Division Street over the Mahoning River. The total cost of this project was \$2,106,435 with 80 percent being funded by ODOT and 20 percent local. The 20 percent local was funded by an OPWC loan in the amount of \$359,954.
- The Engineering Department finished the Bridge Painting project during 2015. The project consists of painting 7 structures and minor structural steel repair of structures on various routes in Mahoning County. The total cost of this project was \$2,296,927 with 80 percent being funded by ODOT and 20 percent local.
- The Engineering Department also has the following projects planned for 2015 and beyond:
 - In 2016, Engineers Office is awarded \$1,535,000 in federal funds to construct a roundabout that will eliminate a five leg intersection at Western Reserve Road, North Lima Road, and Springfield Road. The project is funded by ODOT fully.
- The Sanitary Engineering Department completed the Industrial Road Facility in the spring of 2015. The construction of a new maintenance storage building at the Business Office on Industrial Road is intended to provide a central location for the majority of the trucks and equipment. The old structure was razed and replaced by a larger structure. The larger structure permits the storing of equipment to extend the life by reducing exposure to weather. Final project cost is \$1,279,380.
- The Sanitary Engineering Department also has the following projects planned for 2015 and beyond:
 - Beginning in the fall of 2016, the Five Points Pump Station Sanitary Sewer and Force Main Improvement project will begin. This project will serve as a significant step in the department's future operations by eliminating the New Middletown Treatment plant, redirecting sewage flows, modifying service areas and culminating in major improvements to the Boardman wastewater treatment plant. This project represents a progressive and regional approach to long term wastewater services in the Metro Sewer District of Mahoning County. At the conclusion of this project, the New Middletown Treatment Plant will cease operation, eliminating the national pollutant discharge elimination system permit and be replaced with a pumping station to convey the flows by force main to a second pumping station located in the Five Points area of Poland/Boardman Townships. The design of the new pump station will facilitate the elimination/abandonment of the four separate pumping stations: Forest, Ivy Hills, Hampton Ridge, and Preserve at Yellow Creek. The project includes the design of a new gravity sewer from the Chesterton area to the new pump station. Total cost of the project is estimated at \$10,374,132. Construction would be completed approximately 18 to 24 months after beginning.
 - The Southwest Lake Milton Sanitary Sewer and Waterline Project will begin in 2017. It will provide sanitary sewer and water service to the southwestern part of Milton Township on the west side of Lake Milton to include the areas of Canyon Park, Scott Cliff, and Lake Milton Estates and will connect to the existing water distribution system through the installation of a waterline in County Line Road from Ellsworth Road to Lillian Street. The project is estimated to cost \$7,200,000. Funding for this project is being pursued through USDA Rural Development, ODNR, and other combinations of federal and state agencies.

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) of the United States and Canada awards a Certificate of Achievement for Excellence in Financial Reporting for a Comprehensive Annual Financial Report. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR) that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR conforms to the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a certificate.

I would like to thank the entire staff of the County Auditor's office for their efficient and cooperative work throughout this project. I also thank the Local Government Services section of the Auditor of State of Ohio for their assistance in the preparation of the report and the hard work of Rea & Associates in completing our annual audit and review of these financial statements. I am honored to have worked with such dedicated and professional people.

I express my appreciation to each Mahoning County elected official and agency that provided information and assistance in the preparation of this report.

Very truly yours,

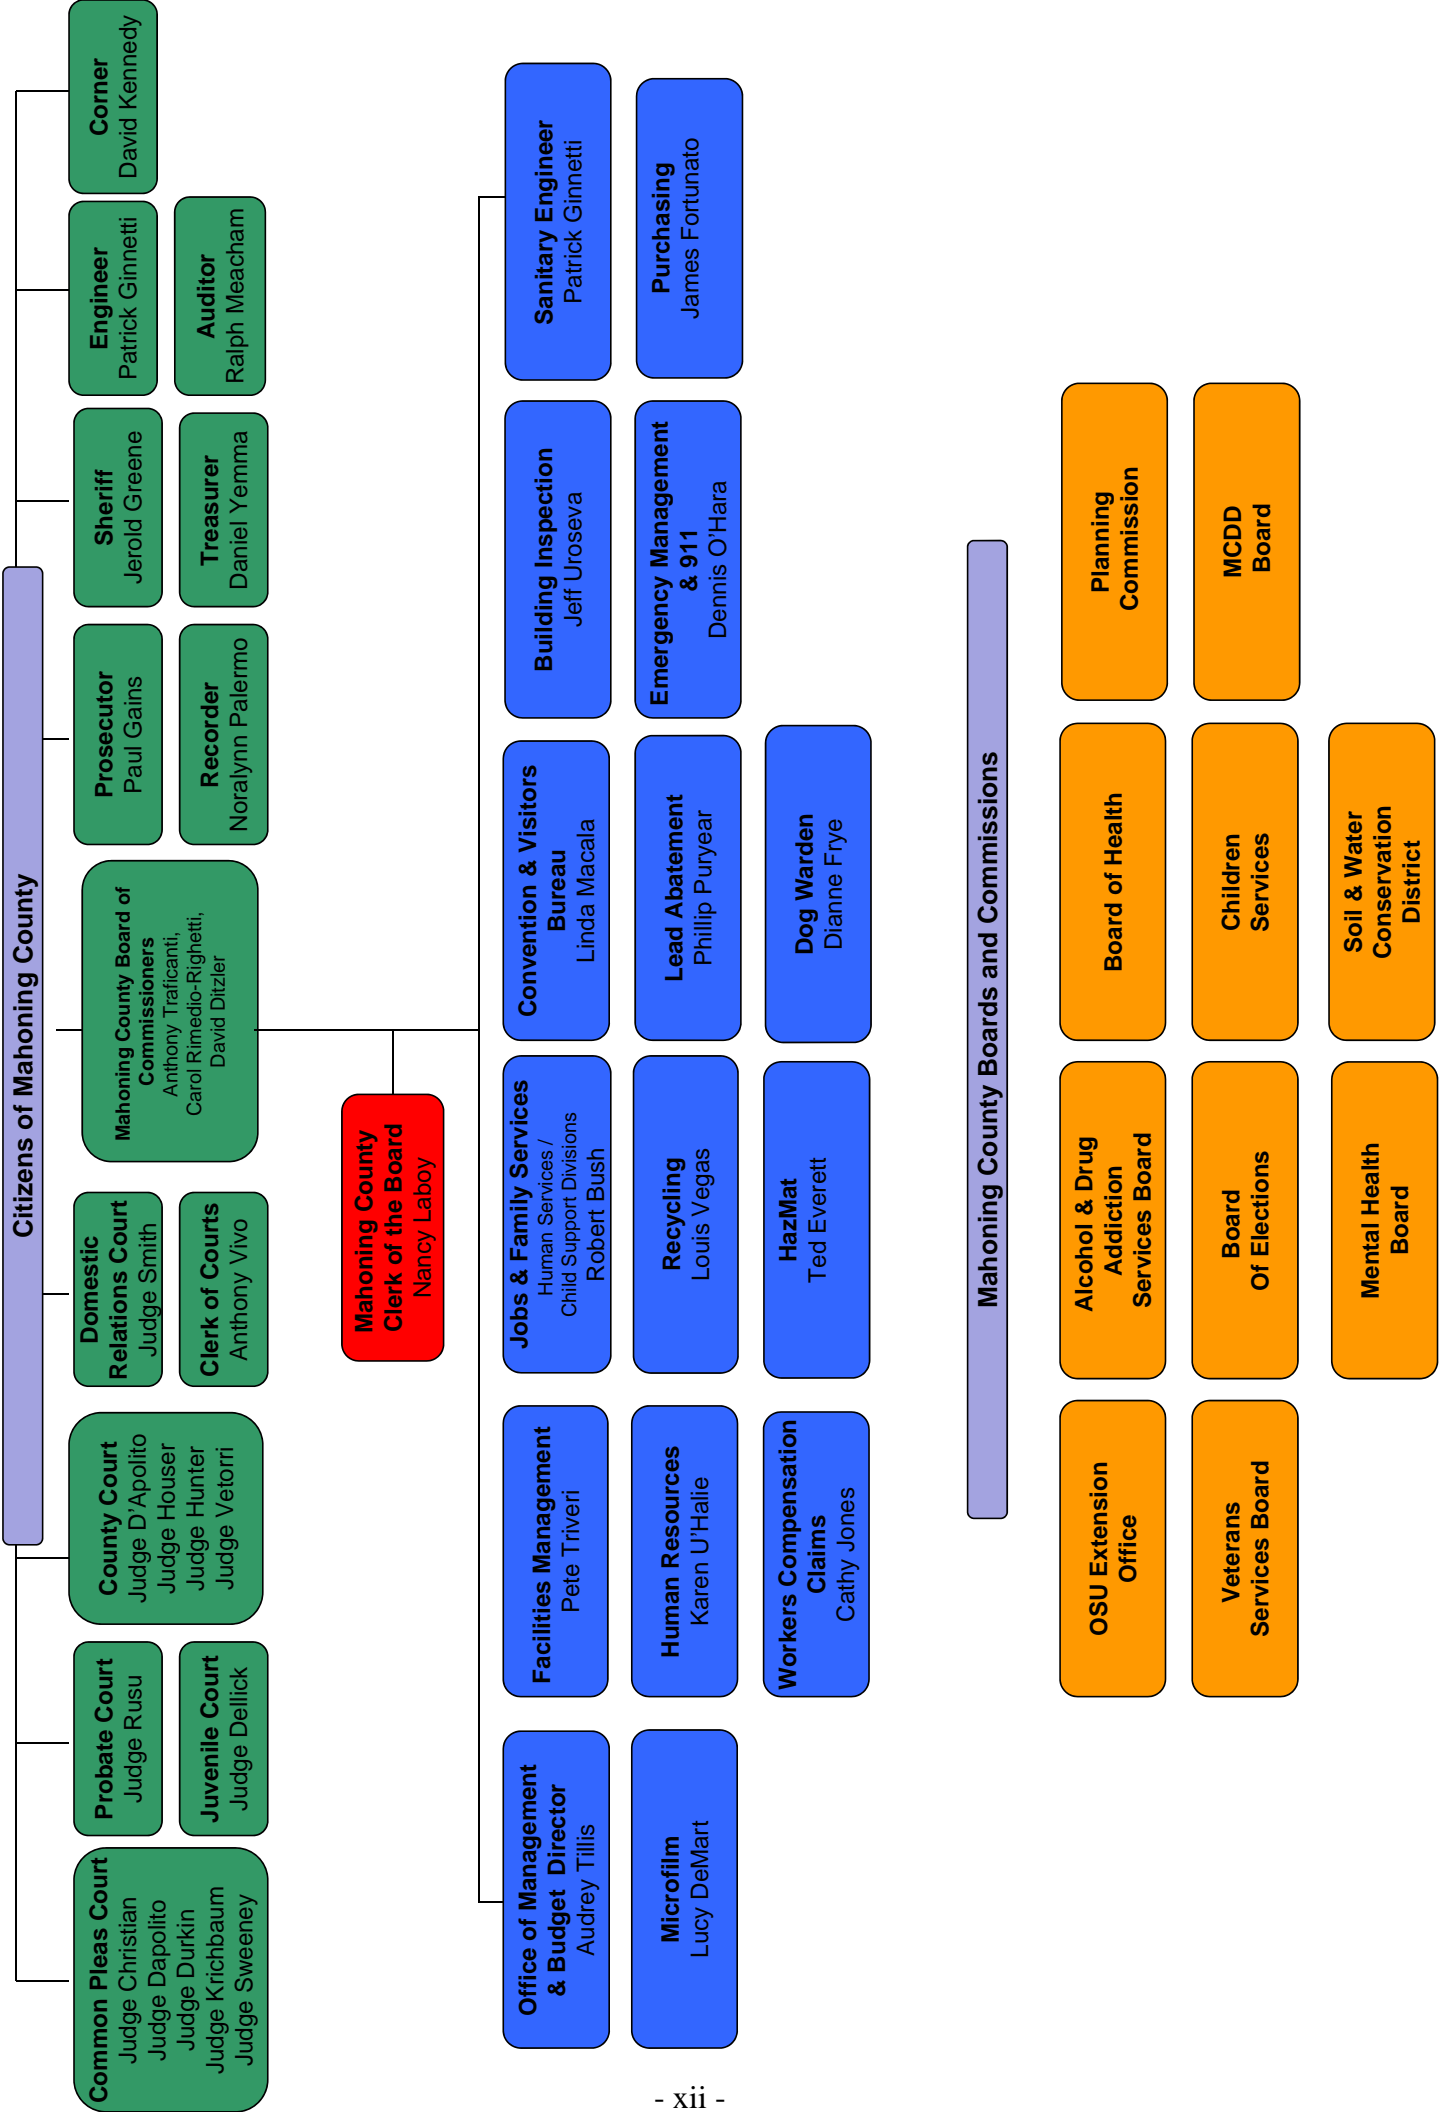

Ralph T. Meacham, CPA

Independent Auditor's Report

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Mahoning County, Ohio, (the County) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of MASCO, Inc., which represent 0.27 percent, 1.65 percent, and 0.71 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units and remaining fund information. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for MASCO, Inc., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of MASCO, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the Mahoning County, Ohio, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Criminal and Administrative Justice, Department of Human Services, Children Services Board, and Developmental Disabilities Board funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 24, the County restated the net position balance to account for the implementation of Governmental Accounting Standard Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68". Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, Schedule of the County's Proportionate Share of the Net Pension Liability - Ohio Public Employees Retirement System of Ohio – Traditional Plan, Schedule of the County's Proportionate Share of the Net Pension Liability – State Teachers Retirement System of Ohio, Schedule of the County's Contributions – Ohio Public Employees Retirement System of Ohio – Traditional Plan, and Schedule of the County's Contributions – State Teachers Retirement System of Ohio on pages 5–16, 89, 90, 91 and 92, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

The discussion and analysis of Mahoning County's financial performance provide an overall review of the County's financial activities for the year ended December 31, 2015. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements and the notes to the basic financial statements to enhance their understanding of the County's financial performance.

Financial Highlights

Key financial highlights for 2015 are as follows:

- The Mahoning County Board of Developmental Disabilities passed a 3 mill renewal levy on the November 2015 ballot. This levy collects \$7,599,144 annually for the services and programs provided.
- The Mahoning County Mental Health and Recovery Board passed a .5 mill renewal levy on the November 2015 ballot. This levy collects \$915,489 annually for the services and programs provided.
- The Engineering Department finished construction on the Division Street Bridge. This project replaced the bridge on Division Street over the Mahoning River. The total cost of this project was \$2,106,435.
- The Engineering Department finished the Bridge Painting project during 2015. The project consists of painting 7 structures and minor structural steel repair of structures on various routes in Mahoning County. The total cost of this project was \$2,296,927.
- The County implemented GASB 68 and GASB 71, which establish standards for measuring and recognizing pension liabilities, deferred outflows/inflows of resources and expense/expenditure. The implementation of these GASB statements resulted in a significant change to the financial statements presentation of the County. The County has reported these liabilities to comply with the requirements of GASB 68 and 71.
- The Sanitary Engineering Department completed the Industrial Road Facility in the spring of 2015. The construction of a new maintenance storage building at the Business office on Industrial Road is intended to provide a central location for the majority of the trucks and equipment. The old structure was razed and replaced by a larger structure. The larger structure permits the storing of equipment to extend the life by reducing exposure to weather. Final project cost is \$1,279,380.
- Poland Woods Interceptor replacement project was completed in August 2015. The project is located in Boardman Township and Poland Village and provides for the replacement of a portion of sanitary sewer located on the west side of I-680 approximately 2,500 feet south of US 224 and extends east approximately 1,900 feet through the Poland Woods Park. The replacement project includes approximately 1500 feet of 24" gravity sewer line, seven (7) manholes and 400 feet of sanitary sewer encased in 36-inch steel casing beneath I-680. Total improvement cost is \$477,082.

Using this Comprehensive Annual Financial Report (CAFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Mahoning County as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole County, presenting both an aggregate view of the County's finances and a longer-term view of those assets and deferred outflows of resources and liabilities and deferred inflows of resources. Major fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what dollars remain for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column.

Reporting the County as a Whole

Government-wide financial statements: Statement of Net Position and the Statement of Activities

The Statement of Net Position and the Statement of Activities answers the question, "How did we do financially during 2015?" While this document contains information about the funds used by the County to provide services to our citizens, the view of the County as a whole looks at all financial transactions. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by the private sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when the cash is received or paid.

These two statements report the County's net position and the change in that position. This change in net position is important because it informs the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, nonfinancial information such as changes in the County's tax base and the condition of County capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the County is divided into two kinds of activities:

- ◆ Governmental Activities – Most of the County's services are reported here including public safety, judicial, health and human service programs, administration, and all departments with the exception of our Water and Sewer enterprise funds.
- ◆ Business-Type Activities – These services have a charge based upon the amount of usage. The County charges fees to recoup the cost of the entire operation of our Water and Sewer Plants.

Reporting the County's Most Significant Funds

Fund Financial Statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objective. The County, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds. The County's major governmental funds are the general fund, the criminal and administrative justice, the department of human services, the children services board and the developmental disabilities board special revenue funds and the debt service fund.

Governmental Funds Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses two enterprise funds to account for water and sewer operations.

Internal Service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County's internal service funds report on County departments' vehicle maintenance, workers' compensation, self-insurance programs for employee medical benefits and the telephone/data communications board.

Fiduciary Funds Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The County's fiduciary funds are agency funds.

Notes to the Financial Statements The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

During 2015, the County adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the County's proportionate share of each plan's collective:

1. Present value of estimated future pension benefits attributable to active and inactive employees' past service;
2. Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

In accordance with GASB 68, the County's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

As a result of implementing GASB 68, the County is reporting a net pension liability and deferred inflows/outflows of resources related to pension on the accrual basis of accounting. This implementation, coupled with the restatement from the promissory note and corresponding interest, had the effect of restating net position at December 31, 2014, from \$194,410,650 to \$140,668,918 for governmental activities and from \$84,184,486 to \$80,063,375 for business-type activities.

Governmental activities current and other assets increased over the prior year. This is attributable to an increase in permissive sales tax, property tax and special assessment receivables due to greater collections during the current year. Capital assets increased due to current year additions being greater than depreciation. The decrease in long-term liabilities can be attributed to the continued pay down of debt and the net pension liability.

Net position of business-type activities decreased from the prior year. Current and other assets increased due to an increase in account and intergovernmental receivables and cash held in escrow accounts for debt payments. Current liabilities increased due to an increase in notes payable for the waste water treatment plant. The decrease in capital assets is attributable to current year depreciation being greater than additions.

As one can see from the increase in overall net position, the County was able to provide the services that the County residents expect while maintaining the costs of providing those services. In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for 2015 and 2014.

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$8,093,194 computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$7,199,422. Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

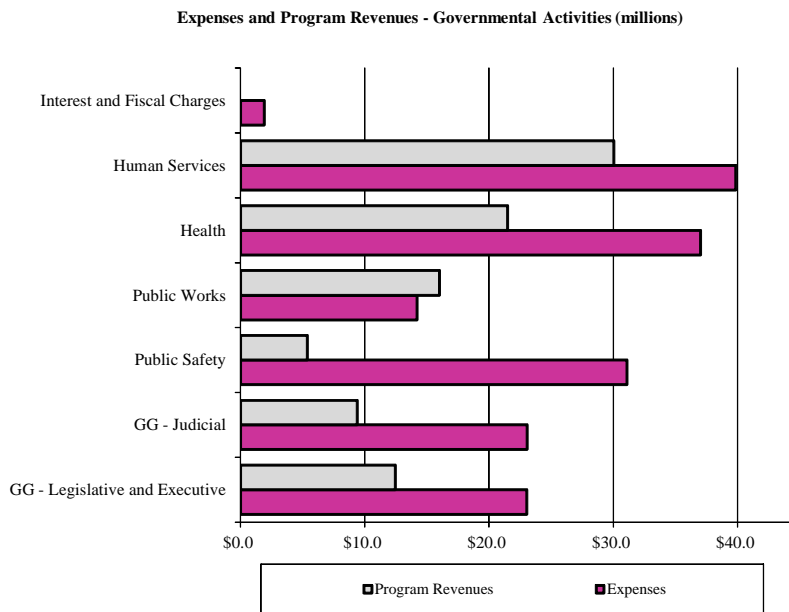

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

	Governmental Activities	Business-type Activities	Total
Total 2015 program expenses under GASB 68	\$170,200,410	\$26,061,353	\$196,261,763
Pension expense under GASB 68	(6,673,645)	(525,777)	(7,199,422)
2015 contractually required contribution	7,707,049	605,613	8,312,662
Adjusted 2015 program expenses	171,233,814	26,141,189	197,375,003
Total 2014 program expenses under GASB 27	170,377,779	22,902,426	193,280,205
Increase/Decrease in program expenses not related to pension	<u>\$856,035</u>	<u>\$3,238,763</u>	<u>\$4,094,798</u>

Capital grants and contributions program revenues increased in part due to the County increasing the number of capital projects under construction in the County. Funding for these projects was primarily received from ODOT and OPWC. Public safety and human services program expenses increased as a result of continued project related expenses.

The County realized an increase in sales tax revenues. The increase can be attributed to the new quarter percent sales tax levy for criminal and administrative justice as well as the upward trend of the economy. Property taxes revenues increased due to an improvement in overall collections.

Overall, expenses increased due to increases in wages and overall expenditures, and an increase in continued project related expenses. The County actively pursues grants and controls expenses while still maintaining the high standards the residents expect of the County. Management continues to diligently plan expenses, staying carefully within the County's revenues. The following graph shows the amount of program revenues in relation to expenses.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds The focus of the County's governmental funds is to provide information on near-term inflows, outflows and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

As of the end of the current year, the County's governmental funds reported combined ending fund balances of \$87,814,202. \$4,462,343 of this total amount constitutes unassigned fund balance, which is available for appropriation at the government's discretion within certain legal constraints and purpose restrictions. The remainder of the fund balance is nonspendable, restricted, committed or assigned to indicate that it is not available for new spending.

The general fund had a decrease in fund balance due to expenses and other financing uses exceeding revenues and other financing sources. Other financing uses included transfers-out of over \$20 million, mostly related to the criminal and administrative justice fund.

The criminal and administrative justice fund balance increased due to revenues and other financing sources, including transfers in from the general fund of over \$19 million, exceeding expenses.

The department of human services fund balance increased due to increases in grant monies which caused revenues and other financing sources to exceed expenses.

The children services board fund balance increased due to revenues exceeding expenses.

The developmental disabilities board fund balance increased due to revenues outpacing expenses and cost cutting measures being implemented. The County utilizes the North East Ohio Network to administer, manage and operate programs for certain individuals with developmental disabilities.

The debt service fund balance increased due to revenues outpacing expenses, caused by the timing of debt service payments in relation to the collection of resources to fund them.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The sewer fund decreased due to expenses including the pension liability exceeding user charges and capital contributions. The water fund decreased due to expenses for materials and supplies, contractual services and depreciation exceeding user charges, capital contributions and transfers in.

General Fund Budgeting Highlights

Budgeting is prescribed by the Ohio Revised Code. Essentially the budget is the County's appropriations which are restricted by the amounts of anticipated revenues certified by the Budget Commission in accordance with the Revised Code. During the course of 2015, the County amended its general fund budget numerous times to allow for insignificant amendments. Actual revenues received were greater than certification primarily due to receiving

Mahoning County, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2015
Unaudited

more property and sales tax revenues, intergovernmental revenues, and conveyance fees than anticipated. Actual expenditures were less than appropriations due mainly to the diligence of management to keep costs low while still providing the services the County residents expect.

Capital Assets and Long-Term Obligations

Capital Assets

The County continued the annual replacement of sheriff's cars. The County purchased the Oakhill Renaissance building in 2007 and continued to make improvements on the building throughout 2015. These increases were offset by an additional year of depreciation being taken.

Table 3 shows 2015 values compared to 2014.

(Table 3)
 Capital Assets at December 31
 (Net of Accumulated Depreciation)

During 2015, the County's long-term obligations outstanding decreased primarily due the pay down of debt.

The County's rating on all of its outstanding general obligation bonds is Standard and Poor's' A+. The County's legal debt limit is the maximum amount of debt the County could issue. The legal debt limit increased to \$100,854,161. The County's overall legal debt margin is the additional amount of debt the County could issue. The overall legal debt margin increased to \$73,084,823.

	2015	2014
Overall Debt Limit	\$100,854,161	\$98,635,079
Overall Debt Margin	73,084,823	68,583,629

The County continues to monitor its outstanding debt. Information relative to debt is identified in Note 19 to the basic financial statements.

Current Issues

Mahoning County has continued to maintain the highest standards of services to our communities while diligently planning expenses, to stay within the County's revenues. As with all counties in the State of Ohio, State funding issues are constantly monitored to determine the impact on the County. As the preceding information shows, the County is heavily reliant on sales tax and local property taxpayers. Additional revenues must not be treated as a windfall to expand programs but as an opportunity to extend the time horizon of the life of the levies. All of the County's financial abilities will be needed to meet the challenges of the future.

In conclusion, Mahoning County is in a period posing both significant challenges and opportunities. Management is committed to working with all stakeholders to craft solutions that will most effectively use the available resources to continue to provide excellent services to the residents of the County.

Contacting the County's Financial Management

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Mahoning County Auditor, 120 Market Street, Youngstown, Ohio 45503, (330)740-2010. You may also visit our website at <http://www.mahoningcountyauditor.org/> or email us at countyappr@mahoningcountyoh.gov.

<u>\$6,212,090</u>	<u>\$54,042,330</u>	<u>\$157,630,001</u>

Total Governmental Fund Balances \$87,814,202

Amounts reported for governmental activities in the statement of net position are different because

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. 148,066,243

Other long-term assets are not available to pay for current-period expenditures and therefore are reported as unavailable revenue in the funds.

Intergovernmental	\$9,776,364
Special Assessments	467,062
Permissive Sales Tax	4,449,005
Delinquent Property Taxes	<u>4,784,324</u>

Total 19,476,755

Internal service funds are used by management to charge the costs of insurance and materials and supplies to individual funds. The assets and liabilities of the internal service funds are included as part of governmental activities in the statement of net position.

Net Position (Deficit)	(2,512,773)
Accrued Interest	14,335
General Obligation Bonds	3,542,770
Claims Payable	1,464,034
Internal Balances	<u>(18,322)</u>

Total 2,490,044

In the statement of activities, interest is accrued on outstanding bonds and notes, whereas in governmental funds, an interest expenditure is reported when due. (141,341)

The net pension liability is not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds.

Deferred Outflows - Pension	10,983,374
Deferred Inflows - Pension	(1,273,768)
Net Pension Liability	<u>(62,417,934)</u>

Total (52,708,328)

Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.

General Obligation Bonds	(41,740,910)
OPWC Loan Payable	(1,644,270)
Long Term Note Payable	(96,361)
Claims Payable	(1,464,034)
Capital Lease Payable	(20,975)
Compensated Absences	<u>(9,318,354)</u>

Total (54,284,904)

Net Position of Governmental Activities \$150,712,671

*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2015*

Other Governmental Funds	Total Governmental Funds		
		Net Change in Fund Balances - Total Governmental Funds	\$7,384,560
		<i>Amounts reported for governmental activities in the statement of activities are different because</i>	
		Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	
\$3,576,380	\$33,166,681	Current Year Additions	\$12,355,112
0	40,445,450	Current Year Depreciation	<u>(10,810,172)</u>
33,109,561	76,354,344	Total	1,544,940
0	1,940,022		
164,071	977,013		
8,480,436	14,434,632	Governmental funds only report the disposal of capital assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.	(163,703)
1,134,930	2,792,235		
45	2,064,740	Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.	
1,548,041	5,057,653	Intergovernmental	(567,562)
4,046	105,734	Special Assessments	11,695
286,359	286,359	Permissive Sales Tax	983,778
1,568,685	3,085,506	Delinquent Property Taxes	<u>(1,106,117)</u>
		Total	(678,206)
49,872,554	180,710,369	Repayment of long-term obligations is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	3,683,687
		Some expenses reported in the statement of activities, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.	
8,513,928	21,169,999	Accrued Interest on Bonds	9,951
3,255,587	22,422,241	Amortization of Bond Premium	<u>33,338</u>
1,992,209	29,323,034	Total	43,289
9,687,423	9,687,423	Some expenses like compensated absences are reported in the statement of activities do not require the use of current financial resources and therefore are not reported as an expenditure in governmental funds.	(202,642)
12,005,601	36,399,668		
5,613,293	38,475,214	Other financing sources in the governmental funds, such as OPWC loan issuances, increase long-term liabilities in the statement of net position are not reported as revenues in the statement of activities.	(1,341,152)
11,964,135	11,964,135		
676,258	3,683,687	The internal service funds used by management are not reported in the County-internal service fund revenue are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities.	
226,402	1,771,312	Change in Net Position	(1,327,841)
30,018	30,018	Internal Balances	<u>67,417</u>
53,964,854	174,926,731	Total	(1,260,424)
		Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows or a reduction in the net pension liability.	7,707,049
(4,092,300)	5,783,638	Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the statement of activities.	(6,673,645)
0	47,770

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 1 - Reporting Entity

Mahoning County, Ohio (The County) was created in 1846. The County operates as a political subdivision of the State of Ohio exercising only those powers conferred by the Ohio Legislature. The County voters elect a total of eleven legislative and administrative County Officials. The three member Board of Commissioners is the legislative and executive body of the County. The County Auditor is the chief fiscal officer and tax assessor while the County Treasurer serves as the custodian of all County funds and as tax collector. In addition, there are six other elected administrative officials provided for by Ohio law, which include: the Clerk of Courts, Recorder, Coroner, Engineer, Prosecuting Attorney and Sheriff. The judicial branch of the County includes five Common Pleas Court Judges, four County (area) Judges, one Domestic Relations Judge, one Juvenile Court Judge and one Probation Judge. Although these elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County, including each of these departments.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Mahoning County, this includes the Department of Human Services, the Children Services Board, the Mahoning County Board of Developmental Disabilities (MCBDD), the Alcohol and Drug Addiction Board, the Board of Mental Health, the Board of Health and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations which are fiscally dependent on the County in that the County approves the budget, the issuance of debt or the levying of taxes and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

Discretely Presented Component Units - The component unit columns in the financial statements identifies the financial data of the County's component units, Mahoning Adult Services Company, Inc. and Mahoning County Land Reutilization Corporation. They are reported separately to emphasize that they are legally separate from the County.

Mahoning Adult Services Company, Inc. - Mahoning Adult Services Company, Inc. (MASCO) is a legally separate, non-profit organization, which provides sheltered employment for mentally handicapped persons. MASCO enters into work service contracts with private businesses that provide the employees of MASCO an opportunity to maximize their potential for independence. The County, through the Board of Developmental Disabilities, provides MASCO with personnel for its operations. This includes salaries and benefits. The relationship between the MCBDD and MASCO results in a significant related party transaction since services and resources are provided by the County to MASCO and MASCO's sole purpose is to provide vocational training opportunities for adults with developmental disabilities. Because the relationship is so significant, it would be misleading to exclude MASCO from presentation in the County's financial statements. Mahoning Adult Services Company, Inc. is reflected as a component unit of Mahoning County. The component unit operates on a fiscal year ending June 30. Separately issued financial statements can be obtained from MASCO at 160 Marwood Circle, Boardman, Ohio 44512.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Mahoning County Land Reutilization Corporation. - Mahoning County Land Reutilization Corporation is a legally separate, non-profit organization, which provides community improvements through strategically acquiring tax foreclosed property and other foreclosed property from Common Pleas Court proceedings, Sheriff's Sale, Bank Real Estate Owned, County Auditor, third parties and through donations. The Corporation then strives to put the properties back to productive use. Because the relationship is so significant, it would be misleading to exclude the Mahoning County Land Reutilization Corporation from presentation in the County's financial statements. Mahoning County Land Reutilization Corporation is reflected as a component unit of Mahoning County. The component unit operates on a year ending December 31. Separately issued financial statements can be obtained from Mahoning County Land Reutilization Corporation, 20 West Federal Street, Suite M-5, Youngstown, Ohio 44503.

The County participates in one shared risk pool and five jointly governed organizations. These organizations are the County Risk Sharing Authority, Inc., the Western Reserve Port Authority, the Mahoning and Columbiana Training Association, Inc., the Mahoning County Family and Children First Council, the EASTGATE Regional Council of Governments and the North East Ohio Network. These organizations are presented in Notes 13 and 23 to the basic financial statements.

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County Treasury. In the case of the separate agencies, boards and commissions, the County serves as fiscal agent, but the organization is not considered a part of Mahoning County. Accordingly the activity of the following entities is presented as agency funds within Mahoning County's financial statements:

Mahoning County Board of Health
Mahoning County Soil and Water Conservation

Information in the notes to the basic financial statements is applicable to the primary government. Information for the component units are presented in Notes 25 and 26.

Note 2 - Summary of Significant Accounting Policies

The financial statements of Mahoning County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant of the County's accounting policies are described below.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activities of the internal service funds are eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and fund liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

General Fund This fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Criminal and Administrative Justice Fund This fund is used to account for and report sales and use tax revenues restricted for costs related to the sheriff, prosecutor, coroner and 911 operations.

Department of Human Services Fund This fund is used to account for and report various restricted State and Federal grants and mandated transfers from the general fund to provide public assistance to general relief recipients, pay their medical assistance to providers and certain public social services.

Children Services Board Fund This fund is used to account for and report the restricted County-wide property tax levy, State grants and reimbursements used for County child care programs. State law restricts the expenditures of these resources to programs designed to aid children from troubled families. Major expenditures are for foster homes, emergency shelters, medical costs, counseling and parental training.

Developmental Disabilities Board Fund This fund is used to account for and report the operation of a school and resident homes for the developmentally disabled. Restricted revenue sources include a County-wide property tax levy and Federal and State grants.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Debt Service Fund This fund is used to account for and report the accumulation of restricted debt proceeds, and the payment of, general long-term and special assessment principal, interest and related costs.

The other governmental funds of the County account for and report grants and other resources whose use is restricted, committed or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds - Enterprise funds may be used to account for and report any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds:

Water Fund The water fund accounts for and reports revenues generated from the charges for distribution of water to the residential and commercial users of the County.

Sewer Fund The sewer fund accounts for and reports sewer services to County individuals and commercial users in the County. The costs of providing these services are financed primarily through user charges.

Internal Service Funds Internal service funds account for and report the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds report on County departments' costs of the vehicle pool, workers' compensation, self insurance programs for employee medical benefits and County departments' costs of the telephone data board.

Fiduciary Funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County only utilizes the agency fund type. The agency funds are used to collect and distribute taxes and various State and Federal monies to other governments within the County.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the Statement of Net Position. The Statement of Activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred inflows/outflows of resources and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days of year-end.

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes and grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales tax (See Note 8), interest, federal and state grants and subsidies, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), fees and rentals.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources include pension and a deferred charge on refunding reported in the government-wide statement of net position and the proprietary funds statement of fund net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension are explained in Note 14.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the County, deferred inflows of resources include property taxes, pension and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2015, but which were levied to finance 2016 operations. These amounts have been recorded

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County unavailable revenue includes delinquent property taxes, permissive sales tax, special assessments and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities found on page 21. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 14)

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

Cash and Cash Equivalents

To improve cash management, cash received by the County Treasurer is pooled. Cash balances, except cash held by a trustee, fiscal agent or held in segregated accounts are pooled and invested in short-term investments in order to provide improved cash management. Individual fund integrity is maintained through County records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

The County has segregated bank accounts for monies held separate from the County's central bank account. These interest bearing depository accounts are reported as "cash and cash equivalents in segregated accounts" or "investments in segregated accounts" since they are not required to be deposited into the County Treasury.

The County utilizes a financial institution to service bonded debt as principal and interest payments come due. The balances in these accounts are presented on the statement of fund net position as "cash and cash equivalents with fiscal agents."

The County utilizes a jointly governed organization (NEON) to service developmentally disabled residents within the County. The balance in this account is presented as "cash and cash equivalents with fiscal agents" and represents the monies held for the County.

During 2015, investments were limited to federal home loan bank bonds, federal national mortgage association bonds, federal home loan mortgage corporation bonds, federal farm credit bonds, JP Morgan Securities, U.S. Treasury notes and STAR Ohio.

Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as repurchase agreements and nonnegotiable certificates of deposit are reported at cost.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

STAR Ohio is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in STAR Ohio are valued at STAR Ohio's net position value per share price which is the price the investment could be sold for on December 31, 2015.

Investment procedures are restricted by the provisions of the Ohio Revised Code. Interest revenue credited to the general fund during 2015 amounted to \$812,942, which includes \$716,157 assigned from other County funds.

Investments with original maturities of three months or less at the time they are purchased and investments of the cash management pool are presented on the financial statements as cash equivalents.

Restricted Assets

Assets are reported as restricted when limitations on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments or imposed by law through constitutional provisions. Restricted assets in the general fund represent money set aside for unclaimed monies.

Pursuant to a bond indenture for the sewer fund, restricted assets include certain revenue bond debt proceeds, funds reserved for the redemption of matured revenue and general obligation bond interest, funds reserved for the replacement of assets and funds to cover unexpected contingencies.

Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of five thousand dollars with the exception of land as land was listed regardless of cost. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of proprietary fund capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Description	Governmental Activities Estimated Lives	Business Type Activities Estimated Lives
Buildings, Structures and Improvements	10 - 40 Years	10 - 40 Years
Utility Plant in Service	N/A	40 Years
Vehicles	10 years	10 years
Furniture, Fixtures and Equipment	5 - 12 Years	5 - 12 Years
Infrastructure:		
Roads	25 Years	N/A
Bridges and Culverts	40 Years	N/A
Water, Sewer and Irrigation Systems	N/A	40 Years

The County reported infrastructure consisting of roads, and bridges and culverts and includes infrastructure acquired prior to December 31, 1980.

Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as “interfund receivables/payables”. Interfund balance amounts are eliminated in the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at fiscal year end, taking into consideration any limits specified in the County's termination policy.

An accrual for earned sick leave is made to the extent that it is probable that benefits will result in termination payments. The liability is based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments as well as other employees who are expected to become eligible in the future to receive such payments. The County records a liability for all accumulated unused sick leave for all employees after five years of service.

Bond Premiums

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight line method. The straight-line method of amortization is not materially different from the effective-interest method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On governmental fund financial statements, bond premiums are receipted in the year the bonds are issued.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments, compensated absences and net pension liability that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases and long-term loans are recognized as a liability on the governmental fund financial statements when due.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of County Commission. Those committed amounts cannot be used for any other purpose unless the County Commission removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the Commissioners. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute. County Commissioners assigned fund balance to cover building regulations.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, sewer, vehicle maintenance, workers' compensation, self-insurance programs, and the telephone data board. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Any revenues and expenses not meeting the definitions of operating are reported as nonoperating.

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, contributions of resources restricted to capital acquisition and construction and tap-in fees to the extent they exceed the cost of connection to the system.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Budgetary Process

All funds, except agency funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount the Commissioners may appropriate. The appropriations resolution is the Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the Commissioners. The legal level of control has been established by the Commissioners at the department level for the general fund and at the fund level for all other funds, and, within each, the amount appropriated for personal services. Any budgetary modifications at this level may only be made by resolution of the County Commissioners.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original and final budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original and final appropriations were enacted by the Commissioners.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriation resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year.

Deferred Charge on Refunding

On the government-wide financial statements and the proprietary funds financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt, the gain/loss on the refunding, is being amortized as a component of interest expense. This deferred amount is amortized over the life of the old or new debt, whichever is shorter, using the straight line method and is presented as deferred outflows of resources on the statement of net position. The straight line method is not materially different from the effective interest method.

Note 3 - Budgetary Basis of Accounting

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP basis), the budgetary basis as provided by law and described above is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balances - Budget (Non-GAAP Basis) and Actual - are presented in the basic financial statements for the general fund and major special revenue funds.

The major differences between the budget basis and the GAAP Basis (generally accepted accounting principles) are:

- a) Revenues are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- b) Expenditures are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- c) Encumbrances are treated as expenditures for all funds (budget) rather than restricted, committed, or assigned fund balance (GAAP).

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

- d) Unrecorded cash, which consists of in-transit court cash and unrecorded interest is not reported by the County on the operating statements (budget), but is reported on the GAAP basis operating statements.
- e) Investments are reported at cost (budget) rather than at fair value (GAAP).
- f) Advances-In and Advances-Out are operating transactions (budget) as opposed to balance sheet transactions (GAAP).
- g) Budgetary revenues and expenditures of the revolving loans, economic development, tax certificate administration, adult protective services, certificate of title administration and recorder equipment funds are classified to the general fund for GAAP reporting.

The following tables summarize the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general and major special revenue funds.

	Net Change in Fund Balances				
	General	Criminal and Administrative Justice	Department of Human Services	Children Services Board	Developmental Disabilities Board
GAAP Basis	(\$1,163,067)	\$2,997,598	\$275,603	\$2,362,938	\$2,622,894

Budget Basis	<u>\$556,286</u>	<u>\$39,927</u>	<u>\$232,628</u>	<u>\$2,154,565</u>	<u>\$1,728,697</u>

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 4 – Accountability

The following funds had a deficit fund balance/net position as of December 31, 2015:

Department of Human Services	\$310,948
Debt Service	1,190,921
Alcohol and Drug Addiction Board	195
<i>Internal Service Funds</i>	
Self-funded Hospitalization	4,261,228

The department of human services and alcohol and drug addiction board special revenue funds had a deficit fund balance caused by the recognition of expenditures on a modified accrual basis of accounting which are substantially greater than the expenditures recognized on a cash basis. The general fund is liable for any deficit in the funds and provides transfers when cash is required, not when accruals occur.

The debt service fund had a deficit caused by the issuance of sales tax anticipation notes. Once the notes are retired, the deficit will be eliminated.

Management is currently analyzing the self-funded hospitalization internal service fund's operations to determine appropriate steps to alleviate the deficit.

Note 5 - Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Stabilization arrangement The governing council adopted a resolution to establish and maintain a revenue stabilization reserve (“rainy day fund”) in the general fund. The principal resource for this reserve is 60 percent of all casino revenue received by the County. The revenue will be reserved on an annual basis with a maximum of \$1 million being set aside in any one year. The remaining 40 percent of the casino revenue and any amounts greater than \$1 million annually will be available for appropriation during the fiscal year. Once the County’s reserve reaches 15 percent of general fund expenditures threshold, all revenues may be appropriated for current year operations. The reserve monies can only be used in a fiscal emergency or to repay prior debt issuances and the action must be approved by a unanimous vote of the current County Commissioners.

Note 6 - Deposits and Investments

Monies held by the County are classified by State Statute two categories, active and inactive. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation, by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the treasurer by the financial institution or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

Monies held by the County, which are not considered active, are classified as inactive. Inactive monies may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

1. United States Treasury Bills, Notes, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States; or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
5. Time certificates of deposit or savings or deposit accounts, including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in (1) or (2) above and repurchase agreements secured by such obligations, provided that these investments are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange similar securities or cash, equal value for equal value;
9. Up to twenty-five percent of the County's average portfolio in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio, or any other State, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation and which mature within 270 days after purchase;
 - b. Banker's acceptances eligible for purchase by the Federal Reserve System and which mature within 180 days after purchase.
10. Fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions that are doing business under authority granted by the U.S. provided that the

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase.

11. No-load money market mutual fund rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency of instrumentality, and/or highly rate commercial paper.
12. One percent of the County's average portfolio in debt interest rated at the time of purchase in the three categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Other than corporate notes, commercial paper, and bankers acceptances, an investment must mature within five years from the date of settlement unless matched to a specific obligation or debt of the County. Investments must be purchased with the expectation that they will be held to maturity. Investments may only be made through specified dealers and institutions. Payments for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Deposits

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$22,408,336 of the County's bank balance of \$25,996,839 was uninsured and uncollateralized. Although the securities were held by the pledging financial institutions' trust department and all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the County to a successful claim by the FDIC.

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secured.

At December 31, 2015, the County's board of developmental disabilities special revenue fund had a balance of \$297,499 with NEON, a jointly governed organization (See Note 23). The money is held by NEON in a pooled account which is representative of more than one entity and therefore cannot be classified by risk under GASB Statement 40. Any risk associated with the cash and cash equivalents and investments for NEON as a whole may be obtained from their audit report. Complete financial statements can be obtained from the North East Ohio Network, 5121 Mahoning Avenue, Suite 102, Austintown, Ohio 44515.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Investments

Investments are reported at fair value. As of December 31, 2015, the County had the following investments:

	Fair Value	Maturity	Standard & Poor's	Percent of Total Investments
Federal Home Loan Bank Bonds	\$24,490,476	Less than five years	AA+	26.16 %
Federal National Mortgage Association Bonds	24,489,742	Less than five years	AA+	26.16
Federal Home Loan Mortgage Corporation Bonds	20,370,491	Less than five years	AA+	21.76
Federal Farm Credit Bonds	20,223,315	Less than five years	AA+	21.60
JP Morgan Securities LLC	1,044,960	Less than one year	AA+	1.12
United States Treasury Notes	1,982,740	Less than three years	AA+	2.12
STAR Ohio	1,025,381	Average of 49.4 days	AAAm	NA
Total Portfolio	<u>\$93,627,105</u>			

Interest Rate Risk As a means of limiting its exposure to fair value losses caused by rising interest rates, the County's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the County's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. The stated intent of the policy is to avoid the need to sell securities prior to maturity. Repurchase agreements are limited to 30 days and the market value of the securities must exceed the principal value of the agreement by at least 2 percent and be marked to market daily.

Credit Risk All investments of the County carry a rating of AA+ or AAAM by Standard & Poor's. The County has no investment policy that addresses credit risk.

Concentration of Credit Risk. The County places no limit on the amount it may invest in any one issuer.

Note 7 - Property Taxes

Property taxes include amounts levied against all real and public utility property located in the County. Property tax revenue received during 2015 for real and public utility property taxes represents collections of 2014 taxes.

2015 real property taxes were levied after October 1, 2015, on the assessed value as of January 1, 2015, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2015 real property taxes are collected in and intended to finance 2016.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2015 public utility property taxes which became a lien December 31, 2014, are levied after October 1, 2015, and are collected in 2016 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2015, was \$13.70 per \$1,000 of assessed value. The assessed values of real and public utility tangible personal property upon which 2015 property tax receipts were based are as follows:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Real Estate	
Residential/Agricultural	\$2,899,755,880
Other Real Estate	880,861,940
Tangible Personal Property	
Public Utility	<u>224,785,320</u>
Total	<u><u>\$4,005,403,140</u></u>

The County Treasurer collects property tax on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portions of the taxes collected. Property taxes receivable represents real and public utility property taxes and outstanding delinquencies which were measurable as of December 31, 2015, and for which there was an enforceable legal claim. In governmental funds, the portion of the receivable not levied to finance 2015 operations is offset to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Note 8 - Permissive Sales and Use Tax

The County has levied a 1 percent sales tax which is collected by the State of Ohio and remitted to the County on a monthly basis. The Board of County Commissioners enacted this tax with two separate ½ percent taxes under the authority of the Ohio Revised Code. In November of 2014, the voters passed by 51 percent of the vote, the renewal of the May 2010 ½ percent sales tax levy, along with a ¼ percent sales tax commencing on April 1st, 2015. Both sales tax levies are for the purpose of providing criminal and administrative justice services of the Sheriff, Coroner, Prosecutor and 9-1-1 for a five year period of time.

The sales tax generates approximately \$43 million in revenues each year. Sales tax revenues from one ½ percent sales taxes are credited to the County’s general fund and provide financing for current operating expenditures. Sales tax revenues from one ½ percent and the ¼ percent sales taxes are credited to the County’s criminal and administrative justice fund and provide financing for current operating expenditures. January through October a portion of the sales tax revenues are credited to the general obligation bond retirement fund to make the sales tax debt payments when they come due.

Note 9 - Contingent Liabilities

Grants

The County received financial assistance from Federal and State agencies in the form of grants. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agency. Any disallowed claims resulting from such audits could become a liability of the general fund or other applicable funds. However, in the opinion of management such disallowed claims will not have a material adverse effect on the overall position of the County.

Litigation

The County is party to legal proceedings. The County Commissioners are of the opinion that ultimate disposition of these claims will not have a material effect, if any, on the financial condition of the County.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 10 - Receivables

Receivables at December 31, 2015, consisted of taxes, accounts (billings for user charged services including unbilled utility services), special assessments, interfund, accrued interest and intergovernmental receivables arising from grants, entitlements, and shared revenues.

No allowance for doubtful accounts has been recorded because uncollectible amounts are expected to be insignificant. All receivables except for special assessments and delinquent property taxes are expected to be collected within one year.

Special assessments expected to be collected in more than one year amount to \$28,792 in the debt service fund, \$438,270 in the 911 operations special revenue fund, \$62,388 in the water enterprise fund and \$336,938 in the sewer enterprise fund. At December 31, 2015 the amount of delinquent special assessments was \$295,278.

Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	Amount
<i>Governmental Activities</i>	
General Fund	
Local Government	\$1,403,218
Homestead and Rollback	985,593
Casino Revenues	707,448
Special Elections	160,016
State of Ohio	143,046
<i>Total General Fund</i>	3,399,321
Special Revenue Funds	
<i>Major</i>	
Criminal and Administrative Justice	86,430
Department of Human Services	1,924
Children Services Board	435,439
Developmental Disabilities Board	1,810,194
<i>Nonmajor</i>	
Motor Vehicle Gasoline Tax	5,328,052
Board of Mental Health	336,088
911 Operations	25,955
Grants	4,452,299

Note 12 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2015, the County contracted with CORSA for insurance coverage as follows:

General Liability	\$1,000,000
Law Enforcement Liability	1,000,000
Public Officials Liability	1,000,000
Automobile Liability	1,000,000
Building and Contents - Actual Cash Value	513,947,991
Other Property Insurance:	
Extra Expense	1,000,000
Flood and Earthquakes	100,000,000
Valuable Papers	1,000,000
Comprehensive Boiler and Machinery	100,000,000
Crime Coverage	1,000,000
Excess Liability	10,000,000

Settled claims have not exceeded coverage in any of the last three years and there was no significant reduction in coverage from the prior year.

The County has elected to provide medical benefits through a self insured program. The maintenance of these benefits is accounted for in the self-funded hospitalization internal service fund. An excess coverage insurance

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

(stop loss) policy covers annual claims in excess of \$150,000 per individual and \$1,000,000 for the County as a whole. Incurred but not reported claims of \$2,349,861 have been accrued as a liability based on a review of January 2015 billings provided by the County Auditor's Office. The claims liability is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's claims liability amounts for 2014 and 2015 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Balance at End of Year
2014	\$1,293,859	\$19,793,612	\$18,881,955	\$2,205,516
2015	2,205,516	22,395,841	22,251,496	2,349,861

The County participates in the State Workers' Compensation retrospective rating and payment system. Once the County receives notice of the 2015 claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. The payable is reclassified from claims payable to intergovernmental payable. This plan involves the payment of a minimum premium for administrative services and stop-loss coverage in addition to the actual claim costs for employees injured in 2015. The minimum premium portion of intergovernmental payable is \$285,615 and the actual claim costs are \$616,840. The maintenance of these benefits is accounted for in the Workers' Compensation internal service fund.

Incurred but not reported claims and premium of \$2,080,874 have been accrued as a liability at December 31, 2015, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. The intergovernmental and claims liability reported in the workers' compensation internal service fund at December 31, 2015, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. Changes in the fund's intergovernmental and claims liability amounts for 2014 and 2015 were:

	Balance at Beginning of Year	Current Year Claims	Claim Payments	Change in Workers' Compensation Estimate	Balance at End of Year
2014	\$1,958,132	\$331,894	\$588,485	\$480,186	\$2,181,727
2015	2,181,727	368,299	815,353	346,201	2,080,874

Note 13 – Shared Risk Pool

County Risk Sharing Authority, Inc. (CORSA) is a shared risk pool among sixty-five counties in Ohio. CORSA was formed as an Ohio nonprofit corporation for the purpose of establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverages provided by CORSA. These coverages include comprehensive general liability, automobile liability, certain property insurance and public officials' errors and omissions liability insurance.

Each member County has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of the Corporation are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the board. No county may have more than one representative on the board at any time. Each member county's control over the budgeting and financing of

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

CORSA is limited to its voting authority and any representation it may have on the board of trustees. CORSA has issued certificates of participation in order to provide adequate cash reserves. The certificates are secured by the member counties' obligations to make coverage payments to CORSA. The participating counties have no responsibility for the payment of the certificates. The County does not have an equity interest in CORSA. The County's payment for insurance to CORSA in 2015 was \$758,749.

Note 14 – Defined Benefit Pension Plans

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the County's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the County's obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - County employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Law Enforcement	Law Enforcement	Law Enforcement
Age and Service Requirements: Age 52 with 15 years of service credit	Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	Age and Service Requirements: Age 48 with 25 years of service credit or Age 56 with 15 years of service credit
Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

	State and Local	Law Enforcement
2015 Statutory Maximum Contribution Rates		
Employer	14.0 %	18.1 %
Employee	10.0 %	**
2015 Actual Contribution Rates		
Employer:		
Pension	12.0 %	16.1 %
Post-employment Health Care Benefits	2.0	2.0
Total Employer	14.0 %	18.1 %
Employee	10.0 %	13.0 %

** This rate is determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate, which is set by OPERS' Board with no Statutory maximum rate.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The County's contractually required contribution was \$8,221,744 for 2015. Of this amount, \$552,624 is reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – County licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five year of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 11 percent of the 12 percent member rate goes to the DC Plan and 1 percent goes to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. Through June 30, 2015, the employer rate was 14 percent and the member rate was 12 percent of covered payroll. The statutory employer rate for fiscal year 2016 and subsequent years is 14 percent. The statutory member contribution rate increased to 13 percent on July 1, 2015, and will increase to 14 percent on July 1, 2016. The 2015 contribution rates were equal to the statutory maximum rates.

The County's contractually required contribution to STRS was \$90,918 for 2015. Of this amount \$4,897 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2014, and the net pension liability for STRS was measured as of June 30, 2015. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

	<u>OPERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net Pension Liability Prior Measurement Date	0.54228565%	0.00696685%	
Proportion of the Net Pension Liability Current Measurement Date	<u>0.54228565%</u>	<u>0.00662730%</u>	
Change in Proportionate Share	<u>0.00000000%</u>	<u>-0.00033955%</u>	
Proportionate Share of the Net Pension Liability	\$65,405,710	\$1,831,592	\$67,237,302
Pension Expense	\$7,135,548	\$63,874	\$7,199,422

At December 31, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>	<u>STRS</u>	<u>Total</u>
Deferred Outflows of Resources			
Differences between expected and actual experience	\$3,489,851	\$83,498	\$3,573,349
County contributions subsequent to the measurement date	<u>8,219,027</u>	<u>53,758</u>	<u>8,272,785</u>
Total Deferred Outflows of Resources	<u>\$11,708,878</u>	<u>\$137,256</u>	<u>\$11,846,134</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$1,149,049	\$131,726	\$1,280,775
Difference between County contributions and proportionate share of contributions	<u>0</u>	<u>77,660</u>	<u>77,660</u>
Total Deferred Inflows of Resources	<u>\$1,149,049</u>	<u>\$209,386</u>	<u>\$1,358,435</u>

\$8,272,785 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	<u>OPERS</u>	<u>STRS</u>	<u>Total</u>
2016	\$342,287	(\$29,726)	\$312,561
2017	342,287	(29,726)	312,561
2018	783,764	(29,726)	754,038
2019	<u>872,464</u>	<u>(36,710)</u>	<u>835,754</u>
Total	<u>\$2,340,802</u>	<u>(\$125,888)</u>	<u>\$2,214,914</u>

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation	3.75 percent
Future Salary Increases, including inflation	4.25 to 10.05 percent including wage inflation
COLA or Ad Hoc COLA	3 percent, simple
Investment Rate of Return	8 percent
Actuarial Cost Method	Individual Entry Age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 6.95 percent for 2014.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2014 and the long-term expected real rates of return:

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.31 %
Domestic Equities	19.90	5.84
Real Estate	10.00	4.25
Private Equity	10.00	9.25
International Equities	19.10	7.40
Other investments	18.00	4.59
Total	100.00 %	5.28 %

Discount Rate The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the County’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 8 percent, as well as what the County’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
County's proportionate share of the net pension liability	\$120,327,763	\$65,405,710	\$19,148,106

Actuarial Assumptions - STRS

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments (COLA)	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males’ ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

STRS' investment consultant develops best estimates for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>10 Year Expected Nominal Rate of Return *</u>
Domestic Equity	31.00 %	8.00 %
International Equity	26.00	7.85
Alternatives	14.00	8.00
Fixed Income	18.00	3.75
Real Estate	10.00	6.75
Liquidity Reserves	1.00	3.00
Total	<u>100.00 %</u>	

* 10 year annualized geometric nominal returns include the real rate of return and inflation of 2.5 percent.

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	<u>1% Decrease (6.75%)</u>	<u>Current Discount Rate (7.75%)</u>	<u>1% Increase (8.75%)</u>
County's proportionate share of the net pension liability	\$2,544,219	\$1,831,592	\$1,228,959

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 15– Postemployment Benefits

Ohio Public Employees Retirement System

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains two cost-sharing, multiple-employer defined benefit postemployment health care trusts, which fund multiple health care plans including medical coverage, prescription drug coverage, deposits to a health reimbursement arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the traditional pension and combined plans. Members of the member-directed plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml> by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of postemployment health care.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2015, state and local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

OPERS maintains three health care trusts. The two cost-sharing, multiple employer trusts, the 401(h) Health Care Trust and the 115 Health Care Trust, work together to provide health care funding to eligible retirees of the Traditional Pension and Combined plans. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) that provides funding for a Retiree Medical Account for Member-Directed Plan members. Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0 percent during calendar year 2015. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2016 remained at 2.0 percent for both plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited to the VEBA for participants in the Member-Directed Plan for 2015 was 4.5 percent.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Substantially all of the County's contribution allocated to fund postemployment health care benefits relates to the cost-sharing, multiple employer trusts. The corresponding contribution for the years ended December 31, 2015, 2014 and 2013 was \$1,372,712, \$1,378,347 and \$668,413, respectively. For 2015, 96.99 percent has been contributed with the balance being reported as an intergovernmental payable. The full amount has been contributed for 2014 and 2013.

State Teachers Retirement System

Plan Description – The State Teachers Retirement System of Ohio (STRS Ohio) administers a cost-sharing multiple-employer defined benefit Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS Ohio. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS Ohio which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS Ohio to offer the Plan and gives the Retirement Board authority over how much, if any, of the health care costs will be absorbed by STRS Ohio. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions. For 2015, STRS Ohio did not allocate any employer contributions to post-employment health care. For the fiscal years ended June 30, 2014 and 2013, one percent of covered payroll was allocated to post-employment health care. The County's contributions for health care for the fiscal years ended December 31, 2015, 2014 and 2013 were \$0, \$7,242 and \$7,322 respectively. The full amount has been contributed for 2015, 2014 and 2013.

Note 16 - Compensated Absences

Upon retirement, employees with at least 10 years of County service credit are compensated for unused sick leave based on varying percentages of the total number of hours accumulated. For all County employees, all accumulated, unused vacation time (maximum of three years) is paid upon separation if the employee has at least one year of service with the County.

Note 17 – Notes Payable

The County's note activity, including amounts outstanding and interest rates is as follows:

	Outstanding 12/31/2014	Issued	Retired	Outstanding 12/31/2015
Governmental Activities				
Various Purpose Bond Anticipation Notes - 2015	\$0	\$1,925,000	\$0	\$1,925,000

<i>Total General Obligation Notes</i>	<u><u>\$961,402</u></u>	<u><u>\$3,422,704</u></u>	<u><u>(\$968,327)</u></u>	<u><u>\$3,415,779</u></u>

During 2015, the County issued \$965,000 in bond anticipation notes for the enterprise funds for the South Milton Water Project. The notes were issued with an interest rate of 1.50 percent and will mature September 27, 2016. As of December 31, 2015 all proceeds have been spent.

During 2015, the County issued \$2,430,000 in bond anticipation notes for the sewer enterprise fund for the Waste Water Treatment Plant. The notes were issued with an interest rate of 1.50 percent and will mature September 27, 2016. As of December 31, 2015 all proceeds have been spent.

In prior years, the County issued sales tax anticipation notes for the purpose of paying current principal and interest payments during the year. The notes will be paid from the bond retirement fund with the proceeds of the County's levy of its ½ percent sales and use tax approved by the voters. The debt service fund retired \$1,225,000 in sales tax anticipation notes during 2015. Principal and interest payments to retire the sales tax anticipation notes are as follows:

	Principal	Interest	Total
2016	\$1,025,000	\$110,413	\$1,135,413
2017	935,000	86,113	1,021,113
2018	945,000	64,262	1,009,262
2019	655,000	42,463	697,463
2020	665,000	28,488	693,488
2021-2022	650,000	20,424	670,424
Total	<u><u>\$4,875,000</u></u>	<u><u>\$352,163</u></u>	<u><u>\$5,227,163</u></u>

All notes are backed by the full faith and credit of the County. The note liability is reflected in the fund which received the proceeds and will repay the debt.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 18 - Related Party Transactions

During 2015, Mahoning County provided facilities, certain equipment, transportation, and salaries for administration, implementation, and supervision of programs to MASCO a discretely presented component unit of Mahoning County. For 2015, MASCO reported \$260,456 for such contributions, recording revenue and expenses at cost or fair value, as applicable, to the extent the contribution is related to the vocational purposes of MASCO. Additional habilitative services provided directly to MASCO clients by Mahoning County amounted to \$4,525,281 during 2015.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

During 2014, the County issued \$5,020,000 in governmental Various Purpose Bonds. The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of technology equipment, as well as building improvements and construction. The bonds will be repaid from the debt service fund.

During 2013, the County defeased a 2004 various purpose general obligation bond issue in order to take advantage of lower interest rates. The proceeds of the new bonds were placed in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. On December 31, 2015, \$5,810,848 of the defeased bonds are still outstanding.

During 2011, the County issued \$6,790,000 in governmental Various Purpose Bonds. The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of dump trucks, as well as building improvements and construction. The bonds will be repaid from the debt service fund.

During 2011, the County issued \$4,080,000 in general obligation bonds for the internal service self-funded hospitalization fund to make claim payments. The bonds will be repaid from the internal service self-funded hospitalization fund.

During 2010, the County issued \$14,176,000 in governmental Various Purpose Bonds and \$125,000 in enterprise Various Purpose Bonds. The issue consisted of tax exempt bonds (serial and term) and Build America Bonds (BABs). The bonds were issued for the purpose of street and bridge/culvert construction, the purchase of a Hazmat vehicle, as well as water infrastructure construction. As part of the American Recovery and Reinvestment Act of 2009, Congress added Sections 54AA and 6431 to the Code, which permit state or local governments to obtain certain tax advantages when they issue BABs. Under Section 6431 of the Code, the County may elect to receive payments directly from the Secretary of the United States Treasury equal to 35 percent of the corresponding interest payable on this issue. The bonds will be repaid from the bond retirement debt service fund and the water enterprise fund.

The 2010 BABs term bonds maturing on December 1, 2022, 2025, 2030 and 2035, respectively, are subject to optional and extraordinary optional sinking fund redemption. Optional redemption BABs are subject to prior redemption by and at the sole option of the County, either in whole or in part on any date on or after December 1, 2019, at a redemption price equal to 100 percent of the principal amount redeemed, plus accrued interest to the redemption date. Extraordinary optional redemption BABs are also subject to maturity by and at the sole option of the County, either in whole or in part on any date, at a redemption price equal to 100 percent of the principal amount redeemed plus accrued interest to the redemption date, in the event that the BAB direct payments cease or are reduced. The respective principal amounts are as follows:

Amount due at stated maturity	420,000	475,000	515,000	585,000
Total	<u>\$825,000</u>	<u>\$1,370,000</u>	<u>\$1,010,000</u>	<u>\$1,680,000</u>
<i>Stated Maturity</i>	<i>12/1/2027</i>	<i>12/1/2030</i>	<i>12/1/2032</i>	<i>12/1/2035</i>

During 2009, the County issued \$3,015,000 in general obligation bonds to pay current year principal payments. General obligation bonds will be paid from the debt service fund.

During 2009, the County issued \$2,502,000 in revenue bonds for sewer system improvements. Revenue bonds will be paid from the sewer enterprise fund.

During 2008, the County issued \$5,860,000 in general obligation bonds for various road and building improvements. The general obligation bonds will be paid from the motor vehicle gasoline tax special revenue fund.

During 2008, the County issued \$1,320,000 in general obligation bonds for water system improvements. The general obligation bonds will be paid from the water enterprise fund.

During 2008, the County issued \$3,276,000 and \$4,488,000 in revenue bonds for water and sewer system improvements respectively. Revenue bonds will be paid from the water and sewer enterprise funds.

Special assessment bonds will be paid from the proceeds of special assessments levied against benefited property owners. In the event that a property owner would fail to pay the assessment, payment would be made by the County.

The County has pledged sewer revenues net of expenditures to repay revenue bonds, OWDA and OPWC loans. All the debt is payable solely from net revenues and is payable through 2049. The purposes, terms and balances outstanding are identified in the preceding tables. Annual principal and interest payments on the debt issues are expected to require 79 percent of net revenues. The total principal and interest remaining to be paid on the debt is \$30,328,881. Principal and interest paid for the current year and total net revenues were \$2,711,031 and \$3,446,878 respectively.

The long-term note will be paid from the bond retirement debt service fund. Claims payable will be paid from the workers' compensation internal service fund.

Compensated absences will be paid from the general fund, the department of human services, motor vehicle gas tax, child support enforcement, real estate assessment, dog and kennel, delinquent tax and assessment, solid waste management, children services board, board of mental health, board of developmental disabilities, alcohol and drug addiction, convention and visitors bureau, 911 operations, law library, county courts, geographic information systems, and grants special revenue funds and the sewer enterprise fund. The County pays obligations related to employee compensation from the fund benefitting from their service. See Note 14 for additional information related to the net pension liability.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The County has entered into contractual agreements for construction loans from OPWC and OWDA. Under the terms of these agreements, OPWC and OWDA will reimburse, advance, or directly pay the construction costs of the approved project. OPWC and OWDA will capitalize administrative costs and construction interest and add them to the total amount of the final loans. These loans will not have an accurate repayment schedule until the loans are finalized and, therefore, they are not included in the schedule of future annual debt service requirements. The balance of these loans for OPWC's Division Street Bridge Replacement, Mahoning Avenue Waterline Replacement, New Middletown Sanitary Sewer and Pump Station and Bailey Road Emergency Tie-In to Lordstown Water are \$74,272, \$100,366, \$304,001 and \$10,539, respectively.

In 2010, the County assumed an OWDA loan for the Petersburg Waterline Extension in the amount of \$457,268, of which \$319,707 was ARRA loan forgiveness. The balance matures July 1, 2030 and will initially be paid from user-charges. This waterline extension is for the sole use of Aqua Ohio, a private water company. Aqua Ohio will be reimbursing the County in whole for the debt payment. This debt is not included in the County's net investment in capital assets, since the capital assets do not belong to the County.

During 2010, the County issued \$14,795,000 in Sewer System Revenue Bonds for the purpose of refunding the 1989 Various Sewer Bonds in order to take advantage of lower interest rates and for construction projects throughout the County. The bonds were sold at a premium of \$45,147. Proceeds of \$5,326,945 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the various bonds. As a result, \$5,265,030 of these bonds is considered defeased and the liability for the refunded portion of these bonds has been removed from the County's financial statements.

Principal and interest requirements to retire the County's long-term obligations outstanding at December 31, 2015 are as follows:

Governmental Activities

	General Obligation Bonds - Serial and Term		Long-Term Note		OPWC Loans

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of total valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of next \$200,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000.

The effects of the debt limitations described above at December 31, 2015, are an overall debt margin of \$73,084,823.

Conduit Debt Obligations

Periodically, the County has issued Industrial Development and Hospital Revenue Bonds. The proceeds were used to acquire, construct and equip industrial, commercial and health-care facilities deemed to be in the public interest. These bonds are secured by the property financed and are payable solely from payment received on the underlying mortgage loans. The bonds do not constitute a debt or pledge of the full faith and credit of the County, and therefore, are not reported in the financial statements. As of December 31, 2015, there were twenty-three series of Industrial Development and Hospital Revenue Bonds outstanding. The aggregate principal amount payable for the seventeen series issued after January 1, 1996, was \$195 million at December 31, 2015. The aggregate principal amount payable for the six series issued prior to January 1, 1996 was \$59.8 million.

Note 20 – Capital Lease

During prior years, the County entered into capital leases for election systems voting equipment, printers and copiers. The leases meet the criteria for a capital lease and have been recorded on the government-wide statements. The original amounts capitalized for the capital leases and the book values as of December 31, 2015 are as follows:

	Amounts
Equipment	\$1,064,850
Less: Accumulated Depreciation	(1,064,850)
Current Book Value	\$0

The following is a schedule of the future minimum leases payments required under the capital lease and the present value of the minimum lease payments as of December 31, 2015.

	Amounts
2016	\$20,975
Less: Amount representing interest	0
Present Value of Minimum Lease Payments	\$20,975

Capital lease payments have been reclassified and are reflected as debt service in the fund financial statements for the general fund, developmental disabilities board, motor vehicles and gas tax and department of human services special revenue funds. These expenditures are reflected as program expenditures on a budgetary basis.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 21 – Significant Commitments

Contractual Commitments

As of December 31, 2015, the County had the following contractual construction commitments outstanding:

Vendor Name	Contract Amount	Amount Paid To Date	Remaining Contract
Marucci & Gaffney Excavating Co., Inc.	\$363,449	\$354,135	\$9,314
The Murphy Contracting Co.	5,665,567	1,740,246	3,925,321
Glaus, Pyle, Schomer, Burns & Dehaven, Inc.	579,857	376,895	202,962
MS Consultants	1,175,105	973,004	202,101

JM Verostko Inc.	18,000	13,500	4,500
Becdel Controls Inc.	263,877	228,219	35,658
Total	\$9,853,862	\$4,376,760	\$5,477,102

A portion of contractual commitments are being funded by ODOT and OPWC.

Remaining commitment amounts were encumbered at year end.

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

Governmental Funds		Proprietary Funds	
General	\$382,397	Mahoning County Sewer	\$2,676,298
Criminal and Administrative Justice	51,586	Mahoning County Water	48,115
Department of Human Services	38,068	<i>Total Enterprise Funds</i>	<u>\$2,724,413</u>
Developmental Disabilities	1,042,901		
Other Governmental Funds	6,518,763	Internal Service Funds	<u>\$43,151</u>
<i>Total Governmental Funds</i>	<u>\$8,033,715</u>		

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Note 22 – Interfund Transactions

Interfund Balances

Interfund balances at December 31, 2015, consisted of the following amounts and represent charges for services or reimbursable expenses. These remaining balances resulted from the time lag between dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records and (3) payments between funds are made. All are expected to be paid within one year.

Interfund Payable	Interfund Receivable		
	General	Internal Service	Total
General	\$0	\$200,052	\$200,052
Criminal and Administrative Justice	0	180,463	180,463
Department of Human Services	0	54,055	54,055
Children Services Board	0	26,581	26,581

<i>Totals</i>	<u>\$20,762,399</u>	<u>\$95,737</u>	<u>\$1,001,584</u>	<u>\$211,000</u>	<u>\$3,333,288</u>	<u>\$827,000</u>	<u>\$26,231,008</u>

During the year, the general fund made several transfers to other funds including a transfer to the criminal and administrative justice fund to move initial funding related to earmarked sales tax monies. The general fund also made the transfer to the department of human services special revenue fund and other governmental funds for local match. The criminal and administrative justice fund made transfers to other governmental funds for local match related to grants. The department of human services fund made transfers to the children services board fund for Title XX transfers. The Mahoning County board of developmental disabilities fund made transfers to other governmental funds for building repairs and for future capital additions and renovations for the respective departments. Other governmental funds transfers to the general fund are from the court funds and they were approved by the courts. There were also various transfers which occurred throughout the year to close completed

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

and inactive projects and grants to their original source of funding; various transfers were also made to move shared costs to the appropriate fund. The sewer fund transfers to the other governmental funds were for support for current year expenditures and the transfers to the water fund were for shared costs and local match.

Note 23 - Jointly Governed Organizations

Western Reserve Port Authority (Port Authority)

The Western Reserve Port Authority is statutorily created as a separate and distinct political subdivision of the State. The eight Port Authority Board members are appointed equally by the Mahoning and Trumbull County Commissioners. The Port Authority adopts its own budget, authorizes expenditures, and hires and fires its own staff. By resolution, the Mahoning County Board of Commissioners distributed the 2 percent Lodging Excise Tax to WRPA. The County contributed \$1,102,333 to the Western Reserve Port Authority in 2015. The Board exercises total control over the operations of the Port Authority including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Western Reserve Port Authority, 1453 Youngstown-Kingsville Road NE, Vienna, Ohio 44473-9797.

Mahoning and Columbiana Training Association, Inc.

The Mahoning and Columbiana Training Association (MCTA) is a jointly governed organization between Mahoning and Columbiana Counties. MCTA's purpose is to foster cooperation between the member counties through sharing of facilities, manpower, grants under the Workforce Investment Act (WIA) for the purpose of providing job training for economically disadvantaged individuals and other individuals facing serious barriers to employment. The Executive Council of the MCTA is made up of three Commissioners from each of the two counties. Revenues are generated from grants received pursuant to the WIA. Effective July 1, 2004, WIA payments do not pass through the County. The Board exercises total control over the operations of the MCTA including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Mahoning and Columbiana Training Association, 9 W Front Street, Youngstown, Ohio 44503.

Mahoning County Family and Children First Council

The Mahoning County Family and Children First Council is a jointly governed organization, which was established to promote collaborative planning of health, education, and social services for children and families. Members of the Council from Mahoning County include the Alcohol & Drug Board, Juvenile Court, Children Services Board, Mental Health Board, Juvenile, Department of Human Services, Board of Health, Board of Mental Retardation and County Administrator. Other members are the United Way, Early Intervention Collaborative, Educational Service Center, Ohio Department of Youth Services, City of Youngstown, Youngstown City Schools, Youngstown State University, Help Hotline, United Methodist Community Center, OCCHA, Associated Neighborhood Centers, Head Start, and a parent representative. All members have an equal vote on the Council. The County does not maintain an ongoing financial interest in or an ongoing responsibility for the Council. The Board exercises total control over the operations of the Council including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the Mahoning County Family and Children First Council, 100 Debartolo Place, Youngstown, Ohio 44512.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

EASTGATE Regional Council of Governments

The EASTGATE Regional Council of Governments is a jointly governed organization created under the provisions of Chapter 167 of the Ohio Revised Code. EASTGATE is organized as a voluntary organization of local government subdivisions in Ashtabula, Columbiana, Mahoning, and Trumbull counties. Each of the participating counties has equal representation and no financial responsibility. EASTGATE's purpose is to foster a cooperative effort in regional planning, programming, and the implementation of regional plans and programs. It is a forum for the discussion and study of common problems of a regional nature and for the development of policy and action recommendations relating thereto. Mahoning County paid membership dues totaling \$50,882 in 2015. The Board exercises total control over the operations of EASTGATE including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. Complete financial statements can be obtained from the EASTGATE Regional Council of Governments, 5121 Mahoning Avenue, Austintown, Ohio 44515.

North East Ohio Network (N.E.O.N.)

The North East Ohio Network (N.E.O.N.) is a council of governments formed to provide a regional effort in administering, managing and operating programs for certain individuals with developmental disabilities. Participating counties include Mahoning, Columbiana, Geauga, Lake, Medina, Portage, Stark, Summit, Richland, Wayne, Ashland, Ashtabula, Cuyahoga, Lorain and Trumbull counties. N.E.O.N.'s operation is controlled by their board, which is comprised of the superintendent's of Development Disabilities of each participating county. N.E.O.N. adopts its own budget, authorized expenditures and hires and fires its own staff. During 2015, \$530,300 in payments were made by Mahoning County to N.E.O.N. Services were paid through the Mahoning County Board of Developmental Disabilities. The majority of these payments were for the afore-mentioned services. The Board exercises total control over the operations of N.E.O.N. including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board.

Note 24 – Change in Accounting Principle and Restatement of Net Position

For 2015, the County implemented the Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68". GASB 68 established standards for measuring and recognizing pension liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditure.

The implementation of this pronouncement had the following effect on net position as reported at December 31, 2014:

	Governmental Activities	Business - Type Activities
Net Position December 31, 2014	\$194,410,650	\$84,184,486
Adjustments:		
Net Pension Liability	(60,912,475)	(4,710,515)
Deferred Outflow	16,314	0
Deferred Outflow - Payments Subsequent to Measurement Date	7,467,933	589,404
Deferred Inflow	(313,504)	0
Restated Net Position December 31, 2014	\$140,668,918	\$80,063,375

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

	Water	Sewer	Total Enterprise
Net Position December 31, 2014	\$7,544,675	\$76,554,072	\$84,098,747
Adjustments:			
Net Pension Liability	0	(4,710,515)	(4,710,515)
Deferred Outflow - Payments Subsequent to Measurement Date	0	589,404	589,404
Restated Net Position December 31, 2014	\$7,544,675	\$72,432,961	\$79,977,636

The County restated for employer contributions subsequent to the measurement date. The County also restated for its proportionate share of the collective deferred inflows/outflows provided by STRS as the collective balances had been determined by STRS for the prior year. The County made no restatement for deferred inflows/outflows of resources related to OPERS as the information needed to generate these restatements was not available.

Note 25 – Mahoning Adult Services Company, Inc. (MASCO)

Summary of Significant Accounting Policies

Nature of Activities

MASCO is a not-for-profit corporation formed by the Mahoning County Board of Developmental Disabilities (MCBDD) to address vocational and habilitation needs of the mentally retarded residents (hereinafter referred to as “residents”) of Mahoning County.

Program Services

For financial statement purposes, the MASCO classifies program services in the following areas:

Workshops – Provides workshops for the residents at the three locations, where MASCO contracts with businesses in the Mahoning County area to perform services for these businesses.

Janitorial and Program Aide – Provides janitorial services to businesses in Mahoning County, where some of the residents of the County are hired to perform these services. Also, provides program aide services in which some of the residents are hired as cafeteria helpers in a school cafeteria.

Food Services – This service sells snacks and other foods through a truck and store atmosphere and its intent is to assist the residents in learning vending operations.

Youngstown Development Center Services – Represents a service at this State institution where residents that are housed at this facility and cannot leave the grounds can go to a workshop setting and perform services for businesses in Mahoning County with whom MASCO contracts with.

Gateway Industries – Represents a service where individuals can go to a workshop setting and perform services for businesses in Mahoning County with who the corporation contracts with.

Lawn Care – Provides lawn care services to the Mahoning County where residents of the county perform the services.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Estimates

The preparation of financial statement in conformity with generally accepted accounting principles requires the use of management's estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Presentation

The Organization uses an enterprise fund to report financial position and the results of its operations. This fund uses the economic resources measurement focus and the accrual basis of accounting.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

MASCO has adopted ASC No.958 "Accounting for Certain Investments Held by Not-for-Profit Organizations." Under ASC No.958, investments with readily determinable fair values are reported at their fair value in the Statements of Financial Position. Unrealized gains and losses are included in the change in net position. Market value at the end of the year is based on the quoted stock exchange values. Investments are also composed of certificates of deposit with maturities of greater than three months. Investments are stated at cost which approximates fair value.

Accounts Receivable

Accounts receivable include amounts due from various businesses in Mahoning County and are considered fully collectible. MASCO's ability to collect the amounts due from customers may be affected by economic fluctuations within the local region. Management believes its accounts receivable risk exposure is limited because of the financial strength of its customers.

Inventory

Inventories are stated at the lower of cost or market. Cost is determined substantially by the first-in, first-out method. Market value is based on replacement cost.

Capital Assets

Capital assets are recorded at cost. Maintenance, repairs and minor renewals are charged to expense as incurred. When assets are sold, or otherwise disposed of, the related cost and accumulated depreciation are removed from the accounts and any profit or loss arising from such disposition is included as income or expense in the year in which sold.

MASCO's policy is to capitalize property and equipment over \$500. The equipment is being depreciated using the straight-line method over years ranging from five to seven years.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Restriction Policy

MASCO has no donor-imposed restrictions on net position. All transactions with third parties are treated as exchange transactions. Contributions are recorded as unrestricted net assets due to absence of donor restrictions or donor contributions being disbursed the same year.

Income Taxes

MASCO is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Expense Allocations

Expenses charged to the related programs are direct charges that can be attributed to a program and of support charges that are allocated jointly to the various programs. Management and general expenses include those expenses that provide overall support and direction of MASCO.

Investments

Investments consisted of shares in various mutual funds with a market value of \$277,952 in 2015. Earnings on the investments and cash accounts in 2015 consist of \$2,856 in unrealized loss and \$8,764 of dividend and interest income. All earnings from investments are considered operating returns for financial statement purposes.

Equipment

Property and equipment owned by MASCO consists of furniture, fixtures and equipment with an original cost of \$129,780 and accumulated depreciation of \$118,748 with an ending net value of \$11,032 at December 31, 2015. Depreciation expense amounted to \$8,826 for 2015.

In-Kind

Mahoning County estimated in-kind contributions to MASCO it has furnished for rent, utilities, wages and fringe benefits. The calculation was determined to be \$222,429. The amounts have not been recorded in the financial statements because the calculation is based on a calendar year and MASCO's financial statements are based on a fiscal year.

Internal and Board Restrictions

MASCO has an internal restriction on a cash account in the amount of \$29,002 in 2015 that is used exclusively for the benefit of the client-employee. Benefits include activities, field trips and other entertainment.

Note 26 – Mahoning County Land Reutilization Corporation (MCLRC)

Summary of Significant Accounting Policies

Nature of Activities

MCLRC is a not-for-profit corporation formed by the Mahoning County Board of County Commissioners to acquire tax foreclosed property and put the properties back to productive use in Mahoning County.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Method of Accounting

The financial statements have been prepared utilizing the accrual basis of accounting and accordingly reflect all significant receivables, payables and other liabilities.

Basis of Presentation

The Corporation's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Cash and Cash Equivalents

The Corporation considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond the current year, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expenditure/expense in the year in which the services are consumed.

Assets Held for Resale

Assets held for resale represent properties purchased by or donated to the Corporation. These properties are valued based upon the purchase price or estimated fair market value at the date of donation plus any costs of maintenance, rehabilitation, or demolition of structures on the properties for an amount no to exceed the net realizable value of each property. The Corporation holds the properties until the home is either sold to a new homeowner or an individual who will reuse the property.

Capital Assets

Capital assets are recorded at cost and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. MCLRC maintains a capitalization threshold of five hundred dollars.

All capital assets are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method for furniture and equipment in accordance with IRS guidelines.

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

Governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the fund. However, compensated absences and claims and judgements are reported as a liability in the fund financial statements only to the extent payments come due each period upon the occurrence of employee resignations and retirements.

Mahoning County, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2015

Compensated Absences

MCLRC reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the MCLRC has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rate at year end, taking into consideration any limits specified in the MCLRC's termination policy.

Equipment

Property and equipment owned by MCLRC consists of furniture and equipment with an original cost of \$4,815 and accumulated depreciation of \$2,413 with an ending net value of \$2,402 at December 31, 2015. Depreciation expense amounted to \$964 for 2015.

Line of Credit

MCLRC has a revolving line of credit with an outstanding balance of \$300,000 at December 31, 2015.

Long-Term Obligations

MCLRC has a long-term obligation consisting of accrued compensated absences of \$21,279 at December 31, 2015.

Note 27 – Subsequent Events

On March 15, 2016 the Mahoning County voters approved a 1.0 mill property tax for senior citizens.

Combining and Individual Fund Statements and Schedules

Combining Statements – Nonmajor Governmental Funds

Nonmajor Special Revenue Funds

To account for and report the proceeds of specific revenue sources that are restricted, committed or nonspendable to expenditure for specified purposes other than debt service or capital projects.

Motor Vehicle Gas Tax Fund – To account for and report restricted revenue derived from taxes on motor vehicle license and gasoline taxes. By State law, expenditures are restricted to roads and bridges for maintenance and minor constructions. The townships reimburse the County its expenditures for work done on townships' roads and bridges.

County Engineer Fund – To account for and report the requirement of ORC 1301: 7-9-05(v) regarding the financial responsibilities mechanism for state or political subdivisions for an underground storage tank (UST) fund. The fund is restricted for the purpose of paying for third-party damage and corrective actions necessary to clean up a petroleum release from UST.

Child Support Enforcement Fund – To account for and report the collection of fees restricted for the administration of the Child Support Enforcement Agency and court operated support enforcement activities.

Real Estate Assessment Fund – To account for and report restricted monies from Auditor's fees to assess real property within the County for tax valuation purposes as required by law.

Dog and Kennel Fund – To account for and report restricted monies from the sale of dog licenses and animals at the pound. The Dog and Kennel fund also receives revenue from fines collected in the municipal courts. The shelter provides animal control and protection.

Delinquent Tax and Assessment Collection Fund – To account for and report a restricted percentage of all certified delinquent taxes and assessments collected by the County Auditor's Office on any tax duplicate. The County Auditor's Office and County Prosecutor shall use the funds, solely in connection with the collection of delinquent taxes and assessments.

Solid Waste Management Fund – To account for and report the restricted financial operations of the County's solid waste removal activities, as well as administering recycling, refuse, litter prevention and enforcement programs within the County. Revenues are generated from user fees.

Board of Mental Health Fund – To account for and report a County-wide property tax levy along with Federal and State revenues restricted for various mental health programs.

Alcohol and Drug Addiction Board Fund – To account for and report monies primarily from State and Federal sources restricted to aid individuals seeking alcohol and drug services through effective oversight, coordination and planning activities.

Drug Law Enforcement Fund – To account for and report revenue collected from fines for drug violations restricted by the Sheriff's and Prosecutor's office for the enforcement of drug laws and the investigation and prosecution of drug violations.

Indigent Drivers Alcohol Treatment Fund – To account for and report restricted monies generated by fees collected by the State and remitted to the County for driver's licenses reinstatements and to account for expenditures for drug treatment services for indigent juvenile drivers.

(continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds (continued)

Clerk Fund – To account for and report the collection of additional fines charged on certain Common Pleas Court cases. The monies generated are restricted for use towards the computerization of the Clerk of Courts office and the computerization of legal research.

911 Operations Fund – To account for and report intergovernmental revenue restricted in establishing, equipping, furnishing, operating and maintaining a County-wide 911 system of safety answering points.

County Probation Services Fund – To account for and report the fees charged to offenders who are sentenced to probation under Senate Bill 2. These monies are restricted to fund the Adult Probation Department.

Coroner Lab Equipment Fund – To account for and report the fees charged for laboratory examinations. These fees are restricted to be used to purchase necessary supplies and equipment for the laboratory and to pay any associated costs.

County Courts Fund – To account for and report various fees collected by the courts as established and allowed by the State to administer court services and programs. This includes Ohio House Bill 405 and Senate House Bill 246, this fund accounts for the collection of additional fines charged on various courts. The monies generated are restricted to be used towards computerization of the Courts and legal research.

Grants Fund – To account for and report restricted Federal, State and local grants received from various granting agencies for the administration and operation of various County programs.

Law Library Resources Fund – To account for and report all restricted revenues received as permitted by law under ORC 307.514, and any expenditure from such fund shall be made pursuant to the annual appropriation measure adopted by the Board of County Commissioners.

Geographic Information System Fund – To account for and report the restricted activity of the Geographic Information System department. This department was developed to maintain a geographic mapping database which, when fully operational, can be utilized by virtually any County department, political subdivision and the public to produce a map outlining special items.

Convention and Visitors Bureau Fund – To account for and report a one percent allocation of the Hotel/Motel tax restricted for the establishment of a Mahoning County Visitor's Bureau.

Concealed Handgun License Fund – To account for and report the fees collected for the issuance of licenses required in order to carry a handgun. Revenues from this fund are restricted to pay for operational costs of the license program and educational programs regarding handgun use.

Tax Administration Negotiated Lien Fund – This fund was created when the Treasurer's Office held its first ever negotiated tax lien certificate sale. The fund accounts for and reports the restricted collection of fees (permitted under Ohio Revised Code) charged to delinquent property owners and the lien sale buyer for costs associated with the preparation of and administration of holding a tax lien certificate sale.

Sheriff's Policing Revenue Fund – To account for and report charges for services restricted for the administration of policing contracts between the Sheriff and local governments.

Ohio Peace Officer Training Fund – To account for and report restricted fees, licenses and permits received and expended for the continuing professional training of peace officers.

Sheriff's Office Foreclosure Fund – To account for and report restricted revenues received and expended for foreclosures.

(continued)

Combining Statements – Nonmajor Governmental Funds (continued)

Nonmajor Special Revenue Funds (continued)

HAZMAT Fund – To account for and report restricted revenues received and expended for hazardous materials maintenance.

Certificate of Title Administration Fund – To account for and report the collection of a fee for each certificate of title issued by the Clerk of Courts office. Expenditures of these fees are restricted to pay the costs incurred by the Clerk of Courts in processing titles. This fund is included with the general fund for GAAP reporting.

Recorder Equipment Fund – To account for and report the collection of fees charged by the County Recorder for the filing or recording of legal documents. Expenditures of these fees are restricted for the purchase or lease of micrographic or other equipment for the recorder. This fund is included with the general fund for GAAP reporting.

Revolving Loans Fund – To account for and report initial loans made by the County to local businesses and subsequent repayment of these loans. This fund is included with the general fund for GAAP reporting as it does not have a revenue source. This fund did not have any budgetary activity in 2015, therefore, budgetary information is not provided.

Tax Certificate Administration Fund – To account for and report Counties conducting lien sales. The law provides that the Treasurer can charge a fee to allow for the preparation of and the administration of holding a tax lien certificate sale. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Economic Development Fund – To account for and report economic development projects for all cities, villages and townships from a percentage of general sales tax receipts. This fund is included with the general fund for GAAP reporting as it does not have a revenue source. This fund did not have any budgetary activity in 2015, therefore, budgetary information is not provided.

Adult Protective Services Fund – To account for and report restricted grants received from granting agencies for the administration and operation of adult protective services programs. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Swanston Donations Fund – To account for and report donations for the Swanston Children's Home. This fund is included with the general fund for GAAP reporting as it does not have a revenue source. This fund did not have any budgetary activity in 2015, therefore, budgetary information is not provided.

Probate Court Security Fund – To account for and report grant revenues for security of the probate court. This fund is included with the general fund for GAAP reporting as it does not have a revenue source.

Nonmajor Capital Projects Funds

Capital projects funds are used to account and report financial resources that are restricted, committed or assigned to expenditure for capital outlays including the acquisition or construction of major capital facilities and other capital assets, other than those financed by proprietary funds or for assets that will be held in trust.

Roads and Bridges Fund – To account for and report repair, maintenance and replacement of County roads and bridges as reported by the County Engineer. The major funding source is restricted gasoline tax revenues.

Buildings and Equipment Fund The buildings and equipment fund is used to account for and report the restricted capital related financing and expenditures associated with acquiring, renovating and construction of various major capital assets other than those financed by proprietary funds.

Combining Statements – Internal Service Funds

Internal service funds are used to account for and report the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis.

Vehicle Maintenance Fund – To account for and report maintenance costs of the County vehicle pool.

Workers' Compensation Fund - To account for and report self-insurance provided by the County through a retrospective rating plan with the State of Ohio for workers' compensation.

Self-funded Hospitalization Fund - To account for and report claims and administration of the health care program for covered County employees and eligible dependents, and the accumulation and allocation of costs associated with health care.

Telephone/Data Board Fund – To account for and report the costs of the County's telephone and data board.

Combining Statements – Fiduciary Funds

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Agency Funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations.

Agency Funds

Board of Health Fund - To account for and report the revenues and expenditures for the Board of Health for which the County Auditor services as fiscal agent.

Undivided Taxes Fund - To account for and report the collection and distribution of various taxes.

Payroll Agency Fund - To account for and report the collection of gross payroll for respective funds and disbursements of net pay to employees and withholding to proper vendors.

Other Agency Funds

Family and Children First	Ohio Board of Building Standards Fund

Mahoning County - Canfield

Statistical Section

This part of the Mahoning County, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the County's overall financial health.

Contents	Pages(s)
<i>Financial Trends</i>	<i>S2 – S13</i>
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	
<i>Revenue Capacity</i>	<i>S14 – S35</i>
These schedules contain information to help the reader assess the County's most significant local revenue, property taxes.	
<i>Debt Capacity</i>	<i>S36 – S45</i>
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	
<i>Economic and Demographic Information</i>	<i>S46 – S48</i>
These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place.	
<i>Operating Information</i>	<i>S49 – S54</i>
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent for machinery and equipment and 23 percent for inventories. General business tangible personal property tax was phased out beginning in 2006. Both types of general business tangible personal property were assessed at 12.5 for 2007, 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers (except telephone companies whose last year to pay tangible personal property tax in 2010).

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property has been eliminated.

(1) The 1986 Mental Retardation Developmental and Disabilities current expense levy was renewed in 1991, 1996, 2001, 2006 and 2011.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

The County's basic property tax rate may be increased only by a majority vote of the County's residents.

Overlapping rates are those of local and county governments that apply to property owners within the County.

Real property tax rates for voted levies are reduced so that inflationary increases in value do not generate additional revenue.

- (1) Includes state reimbursements of homestead and rollback exemptions.
- (2) Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.
- (3) The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding balance. The presentation will be updated as new information becomes available.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of Mahoning County, Ohio, (the County) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated June 28, 2016, wherein we noted the County restated the net position balance to account for the implementation of Governmental Accounting Standard Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 71, "Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68". Our report includes a reference to other auditors who audited the financial statements of MASCO, Inc., a discretely presented component unit, as described in our report on the County's financial statements. The financial statements of MASCO, Inc. were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each Major Federal Program;
Report on Internal Control over Compliance; and Report on Schedule of
Expenditures of Federal Awards Required by the Uniform Guidance**

Report on Compliance for Each Major Federal Program

We have audited Mahoning County, Ohio's (the County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2015. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2015.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate discretely presented component units and remaining fund information of the County as of and for the year ended December 31, 2015, and have issued our report thereon dated June 28, 2016, which contained an unmodified opinion on those financial statements. Our report includes a reference to other auditors who audited the financial statements of MASCO, Inc., a discretely presented component unit, as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

MAHONING COUNTY, OHIO

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED DECEMBER 31, 2015**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the County under programs of the federal government for the year ended December 31, 2015. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net positions, or cash flows of the County.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County passes certain federal awards received from the U.S. Department of Justice and the U.S. Department of Health and Human Services to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE D – CHILD NUTRITION CLUSTER

The County commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the County assumes it expends federal monies first.

NOTE E – MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

MAHONING COUNTY, OHIO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
2 CFR §200.515
DECEMBER 31, 2015
