We have reviewed the *Independent Auditors' Report* of the Twinsburg Community Improvement Corporation, Summit County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2015 through December 31, 2015. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Twinsburg Community Improvement Corporation is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

August 29, 2016

City of Twinsburg
Summit County
10075 Ravenna Road
Twinsburg, Ohio 44087

To the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of Twinsburg**, Summit County, Ohio (the City), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

Auditor's Responsibility (continued)

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Twinsburg, Summit County, Ohio, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General fund for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis and schedules of net pension liabilities and pension contributions*, listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2016, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

The discussion and analysis of the City of Twinsburg's (the "City") financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2015. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers are encouraged to consider the information presented here in conjunction with the additional information contained in the financial statements and the notes thereof.

Financial Highlights

Key financial highlights for 2015 are as follows:

- ◆ The assets and deferred outflows of resources of the City of Twinsburg exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$174,931,253. Of this amount, \$7,084,715 may be used to meet the City's ongoing obligations to citizens and creditors.
- ◆ For the year ended December 31, 2015, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68. The implementation of these statements resulted in the restatement of net position as of December 31, 2014 for the governmental activities and business-type activities. See Note 3 for additional information regarding the restatement.
- ◆ Total assets and deferred outflows increased by \$1,029,388, which represents an increase of 0.48 percent over 2014. The primary change that contributed to this increase was the increase in deferred outflows related to the City's implementation of GASB 68 during 2015.
- ◆ Total liabilities and deferred inflows of resources decreased by \$433,837, which represents a decrease of 1.10 percent over 2014. The main factor contributing to this decrease was the repayment of long-term debt and a reduction in accrued wages payable from 2014 due to timing differences within the City's payroll from 2014 to 2015.
- ◆ In total, net position increased by \$1,463,225 during 2015. This represents a less than 1 percent increase from 2014.

Using this Annual Financial Report

This discussion and analysis is intended to serve as an introduction to the City of Twinsburg's basic financial statements. The City of Twinsburg's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements.

Government-Wide Financial Statements – Reporting the City of Twinsburg as a Whole

Statement of Net Position and the Statement of Activities

The statement of net position presents information on all the City of Twinsburg's assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference between the four reported as *net position*. Over time, increase or decrease in net position may serve as a useful indicator of whether the financial position of the City of Twinsburg is improving or deteriorating. However, in evaluating the overall position of the City, nonfinancial factors such as the City's tax base, change in property and municipal income tax laws, and the condition of the capital assets should also be considered.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

The statement of activities presents information showing how the City's net position changed during the recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused vacation leave).

Both the statement of net position and the statement of activities use the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

In the statement of net position and the statement of activities, we divide the City into two kinds of activities:

- **Governmental activities:** most of the City's basic services are reported here, including the police, fire, street maintenance, parks and recreation, and general administration. Municipal income tax, state and county taxes, licenses, permits and charges for services finance most of these activities.
- **Business-type activities:** the City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's sewer system, fitness center, golf course, and community theater are reported here.

Fund Financial Statements - Reporting the City of Twinsburg's Most Significant Funds

Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The City of Twinsburg, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Twinsburg can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balance of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. These funds are reported using an accounting method called *modified accrual* accounting, which measures cash and all *other financial assets* that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Both the governmental fund balance sheet and the government fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate a comparison between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds.

The City maintains 32 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances, for the general fund, park debt service fund, and the capital improvement fund, all of which are considered to be major funds. The remaining funds are combined and presented within the column titled other governmental funds.

Proprietary Funds

The City of Twinsburg maintains enterprise funds that are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its sewer system, fitness center and other business type activity.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The basic proprietary fund financial statements can be found starting on page 26 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found starting on page 31 of this report.

Government-wide Financial Analysis - City of Twinsburg as a Whole

As noted earlier, the statement of net position looks at the City as a whole and can prove to be a useful indicator of the City's financial position.

The statement of net position and the statement of activities are divided into the following categories:

- Assets
- Deferred outflows of resources
- Liabilities
- Deferred inflows of resources
- Net position (assets and deferred outflows of resources minus liabilities and deferred inflows of resources)
- Program expenses and revenues
- General Revenues
- Net position beginning and end of year

Table 1 provides a summary of the City's net position for 2015 as compared to 2014.

Total net position	<u>\$ 127,913,355</u>	<u>\$ 127,314,455</u>	<u>\$ 47,017,898</u>	<u>\$ 46,153,573</u>	<u>\$ 174,931,253</u>	<u>\$ 173,468,028</u>

The largest portion (92.58 percent) of the City's net position reflects its net investment in capital assets. Capital assets include construction in progress, land, land improvements, buildings and improvements, machinery and equipment, vehicles and infrastructure. The City uses those capital assets to provide services to its citizens; consequently, they are not available for future spending. Net investment in capital assets as of December 31, 2015, was \$161,950,989. Although the City's investment is reported net of related debt, it should be noted that resources to repay the debt must be provided from other sources since capital assets may not be used to liquidate these liabilities.

An additional portion of the City's net position (3.37 percent) represents resources that have been restricted on how they may be used. The remaining balance of unrestricted net position \$7,084,715 may be used to meet the City's ongoing obligations to citizens and creditors.

Total net position of the City increased \$1,463,225. The implementation of GASB 68 caused for significant changes in deferred outflows and liabilities in the current year as explained further at Note 3. Additionally, the following factors were responsible for the increase in net position:

- An increase in income tax receivable of \$1,753,040
- An increase in capital assets, net of \$4,981,333.
- A decrease in long-term debt of \$1,062,789.

The net position of our business-type activities increased by 1.87 percent in 2015. The City generally can only use the net position to finance the continuing operations of the sewer system, fitness center, golf course, and community theater operations.

In order to further understand what makes up the changes in net position for the current year, the following table gives readers further details regarding the results of activities for the current year in comparison to 2014.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Effects of GASB 68

The information necessary to restate the 2014 beginning balances and the 2014 pension expense amounts for the effects of the initial implementation of GASB 68 is not available. Therefore, 2014 functional expenses still include pension expense of \$1,863,823 in the governmental activities and \$287,200 in the business-type activities computed under GASB 27. GASB 27 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 68, pension expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of pension expense. Under GASB 68, the 2015 statements report pension expense of \$1,863,823 in the governmental activities and \$287,200 in the business-type activities. Consequently, in order to compare 2015 total program expenses to 2014, the following adjustments are needed:

	<u>Governmental</u> <u>Activities</u>	<u>Business-type</u> <u>Activities</u>
Total 2015 program expenses under GASB 68	\$ 28,834,385	\$ 7,902,092
Pension expense under GASB 68	(1,863,823)	(287,200)
2015 Contractually required contribution	<u>1,791,830</u>	<u>335,301</u>
Adjusted 2015 program expenses	28,762,392	7,950,193
Total 2014 program expenses under GASB 27	<u>31,160,247</u>	<u>6,813,794</u>
(Decrease) increase in program expenses not related to pension	\$ <u>(2,397,855)</u>	\$ <u>1,136,399</u>

Governmental Activities

Several revenue sources fund our governmental activities with the City municipal income tax being the largest contributor. The City's municipal income tax rate decreased January 1, 2014 from 2.25 percent to 2.00 percent. Residents of the City who work in another municipality and pay the withholding tax for that municipality will receive a 100 percent tax credit on up to 2.00 percent for municipal income taxes paid to their workplace municipality. During 2015, the revenues generated from municipal income tax collections amounted to \$21,404,750. The City continues to enforce a delinquent letter program and the subpoena program to ensure compliance with the local tax laws.

Security of persons and property, transportation, community development and general government are the major activities of the City generating 34 percent of the governmental expenses. Security of persons and property includes the cost of providing police, dispatch, fire and paramedic services. The fire department consists of 32 full-time and 9 part-time fire fighters. Training plays a crucial role in the day-to-day operation of the fire department. Techniques such as defensive and emergency vehicle operations training, EMS continuing education classes, technical skills evaluation, practical drills, and on-line education help keep the men and women updated to perform their jobs most efficiently. The total cost of operating the fire and EMS department during 2015 was \$3,504,804 within the general fund. As a result of entering into a contract with Life Force Management, Inc. for the EMS billing services the City received \$464,751 in revenue. The police department consists of 33 full-time sworn officers, 2 sworn part-time officers/jailers and a civilian support staff of 12 employees in the police department. During 2015, the total cost of operating the police department was \$3,601,591 within the general fund. Both the police and fire departments place strong emphasis on the training of their employees in order to keep up with the rapidly changing laws, practices and technology.

Transportation expense includes the cost of providing all public works services such as street and storm channel maintenance and improvements, snow removal, and equipment maintenance. The increase in transportation expense of \$394,895 from 2014 is attributed mostly to more equipment purchases in 2015 than in the prior year thereby causing an overall increase in transportation expense.

Community Development expense accounted for \$1,636,063, or 6 percent, of the governmental expenses. Expenses for this program decreased \$5,892,086 compared to 2014. The decrease is due primarily to the completion of several road and storm sewer improvements in 2014 causing expenditures in the prior year to be significantly greater than in the current year.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Business-Type Activities

The business-type activities of the City, which include the City's sewer system, fitness center, golf course and community theater operations, increased the City's net position by \$864,325.

Program revenues exceeded program expenses in the amount of \$1,169,996 for the sewer system for 2015.

Program expenses exceeded program revenue in the amount of \$478,646 for the fitness center operations for 2015.

Program expenses exceeded program revenue in the amount of \$701,274 for the golf course operations for 2015.

Program revenues exceeded program expenses in the amount of \$9,022 for the other business-type activity operations for 2015.

The City's Funds

Governmental Funds

Information about the City's major funds starts on page 18. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues and other financing sources of \$35,477,648 and expenditures and other financing uses of \$40,352,930.

The net change in fund balance for the year was most significant in the general fund showing a decrease in fund balance of \$4,289,490 in 2015 which decreases the beginning fund balance of \$26,208,016 to \$21,918,526. The capital improvement capital projects fund reflected a decrease of \$1,170,355. Overall the revenue base continues to meet City obligations and reflects the current solid financial condition of the City as a whole.

General Fund Budgeting Highlights

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on the basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the general fund. An annual appropriation budget is legally required to be prepared for all funds of the City other than agency funds. City Council is provided with a detailed line item budget for all departments and after a discussion at a regularly held City Council meeting, which is open to the public; the budget is adopted by City Council. City Council must approve legislation for any revisions in the budget that alter totals or the total appropriations for any department or fund. The finance department watches all the departmental budgets closely to monitor compliance with allocated budgets and provides monthly reports to City Council depicting monthly and year-to-date activity.

For the general fund, final budget basis revenue, excluding other financing sources was \$993,608 less than the original budget estimates of \$23,455,449. The City continues the conservative practice of estimating low in the tax, intergovernmental revenue and interest revenue areas. The final appropriations of \$23,453,063, excluding other financing uses, was sufficient to meet the expenditures for the year, which ended up at \$21,998,510. The final budget of expenditures, excluding other financing uses, increased \$86,367 from the original budget.

The City's ending unobligated budgetary fund balance was \$3,800,351 higher than the final budgeted amount.

Business-Type Funds

The City's major enterprise funds consist of the sewer fund and fitness center fund. The basic financial statements for the major funds are included in this report.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Proprietary funds provide the same type of information as the government-wide financial statements only in more detail. The proprietary fund financial statements provide separate information for the sewer and fitness center. The basic proprietary fund financial statements can be found on pages 26 through 29 of this report.

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal 2015, the City of Twinsburg had \$174,232,911, invested in land and land improvements, buildings and improvements, machinery and equipment, vehicles, and infrastructure, net of accumulated depreciation.

Table 3 shows fiscal 2015 balances of capital assets as compared to the 2014 balances:

Table 3
Capital Assets at December 31

The City has an aggressive stance on maintaining its assets, including infrastructure, in excellent condition. Vehicles such as fire trucks and ambulances are planned for well in advance by the respective department heads and a scheduled maintenance and replacement time-table is followed to provide peak performance for the maximum time frame. Vehicles no longer in service are either traded in or sold at an auction or online.

With regards to the infrastructure, the City's engineering department maintains a comprehensive listing of all the streets, bridges, culverts and sewer lines in the City. As part of the City's annual road maintenance program, the engineer evaluates the condition of each street after each winter and prepares a list of streets to be either resurfaced or crack sealed and in the case of concrete roads, either replaced or repaired. After approval from City Council, the projects are bid in early to late spring to get the best possible pricing from contractors. This program is paid for out of the capital improvement fund of the City. Additional information concerning the City's capital assets can be found in the Note 9 to the financial statements.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Debt

At December 31, 2015, the City of Twinsburg had \$14,849,075 in outstanding debt and compensated absences, of which \$7,386,560 was in general obligation bonds. Table 4 summarizes the outstanding obligations of the City.

Table 4
 Outstanding Debt at Year End

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
General obligation bonds	\$ 7,386,560	\$ 8,568,486	\$ -	\$ -	\$ 7,386,560	\$ 8,568,486
Special assessment bonds	152,000	173,000	-	-	152,000	173,000

OPWC loans payable	4,403,977	3,796,189	288,178	298,339	4,692,155	4,094,528
Capital leases payable	-	111,214	43,621	72,636	43,621	183,850
Net pension liability	18,406,553	17,491,700	2,595,161	2,536,545	21,001,714	20,028,245
Accrued compensated absences	1,870,272	1,858,640	308,897	333,166	2,179,169	2,191,806
Total	\$ 32,614,932	\$ 32,699,423	\$ 3,235,857	\$ 3,240,686	\$ 35,850,789	\$ 35,940,109

General obligation bonds are composed of park land and conservation, senior citizens center, golf course and road improvements. The special assessment bonds consist of the taxpayer portion of water, sewer, and road improvements. The ODOT loan is composed of road improvements. The energy equipment loan is composed of equipment purchased for energy conservation. The snow plow vehicle loan is composed of vehicles purchased to provide residents with snow plow services. The OPWC loans are composed of road improvements.

Other obligations include accrued compensated absences and operating and capital lease obligations. Additional information concerning the City's debt can be found in Notes 10 and 11 to the financial statements.

2015 Economic and Community Development Accomplishments

Cornerstone Business Park

Cornerstone Business Park is now a functional reality. The former Chrysler buildings and their associated contaminants have been totally removed and the 167-acre property cleared and improved with utilities, roadways and associated infrastructure. This transition was made possible by the investment of the current property owners and by financial assistance provided by the State of Ohio. The State's \$5.2 million grant investment has been matched by an investment of more than \$15 million on the part of the property owner (not including construction of the FedEx or speculative industrial buildings). Vistar, which was the first building to be constructed on the former stamping plant property, has begun its third year of operations at the park. FedEx has completed construction of its 307,000 square foot package distribution facility on 35-acres of the property and has commenced operations. The 203,000 square foot multi-tenant industrial building, located west of FedEx, is complete and is receiving tenants. Three companies have secured space here including TTW, Berlin Packaging and Dunkin Donuts. A second speculative multi-tenant industrial building has been announced and is currently in design leaving approximately 80 acres to accommodate future construction.

Ongoing and Completed Local Projects

The City notes the following ongoing or completed local construction projects in 2015:

- The Western Reserve Wire Products is constructing a 25,000 square foot addition to their Case Parkway property.
- Mirka Abrasives has constructed a 13,000 square foot office facility on Edison Blvd.
- Goddard School added a 2,000 square foot addition to their Glenwood Drive facility.

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

- Sussex Memory Care is completing constructing a 50,000 square foot Alzheimer's/Memory Care facility east of Enterprise Parkway.
- Keltech Technolab has taken occupancy of their 26,500 square foot addition to their Enterprise Parkway expansion.
- General Die Casters has taken occupancy of their 86,700 square foot addition to their Highland Road facility.

Central Twinsburg Redevelopment and the Twinsburg Community Improvement Corporation

The City's Comprehensive Plan made several recommendations specific to the redevelopment of central Twinsburg. Recent transportation improvement studies have built on those recommendations and provided recommendations to advance goals related to improved safety and congestion reduction. The City is seeking financial assistance for the implementation of recommendations and, if successful, will be making significant investments in central Twinsburg in the years ahead.

Twinsburg Community Improvement Corporation (TCIC) has been formed to facilitate redevelopment in Twinsburg's central area. In 2015 the TCIC was successful in its acquisition of 501 c 3 non-profit status. The TCIC is in the process of acquiring strategic properties to facilitate mixed-use development in portions of the City that remain under-developed. These activities will contribute to significant investment, job creation and increased economic activity in the years ahead.

Businesses New to Twinsburg in 2015

The following businesses have either established themselves in the community in 2015 or expanded their operation in the City during this year. These businesses added more than 370 new full-time jobs and an additional 204 part-time jobs in Twinsburg in 2015.

- Mirka Abrasives – Edison Blvd.
- National Enterprise Systems – Edison Blvd.
- Greenbridge Teahouse – Church Street
- Hope Family Counseling – Ravenna Road
- Pet Value – Darrow Road
- Young Explorers Montessori School – Twin Hills Parkway
- Clinch-Tite – Dutton Drive
- RCJ Petroleum6, LLC – E. Aurora Road
- Kovach Car Care – Ravenna Road
- Wild Lilly Art Studio – Ravenna Road
- Venture Lighting International – Enterprise Parkway
- Clico Products, Inc. – E. Aurora Road
- Nick's Vintage Trains and Collectibles – Darrow Road
- Summit Avionics – E. Enterprise
- Dave's Fixit Shop – Ravenna Road
- TMS Engineers, Inc. – Case Parkway
- ADMA Products Inc. – Midway Drive
- New World Mugs/Me Gifts – Enterprise Parkway
- Aptive Environmental – Ravenna Road
- Berlin Packaging – Independence Parkway
- Podiatry Inc. – Ravenna Road
- Bock Company, LLC – Edison Blvd.
- Integral Inc. – Midway Drive
- L & M Processing, LLC – Case Parkway

City of Twinsburg
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended December 31, 2015

Current Related Financial Activities

The City of Twinsburg, in the past, faced some challenging financial years; however with the development of the Cornerstone Project and the addition of several new businesses in the City, we have begun to see growth in employment. As the economy continues to improve we expect to see increased employment and increased income tax revenue. On a cash basis, the municipal income tax revenue represents 87 percent of the City's total general fund revenue. The net income collections (gross collections less refunds) for 2015 were \$19,651,388 compared to 2014 collections of \$22,878,022. This reflects a decrease over last year of 14 percent. The decrease in part is due to the quarter percent reduction that went into effect in 2014. The rate from 2010 to 2013 was at 2.25 percent. However, effective January 2014 the rate was reduced back down to 2 percent.

The City continues to strive to operate lean and under budget. Just as in 2014, the City again was awarded several grants to help support the cost of major capital projects and as a result; the City was able to end the year healthy. From 2010 to 2014 the City's general fund beginning balance, on a cash-basis, grew from \$13,943,003 to \$29,975,702. This reflects a 114 percent growth increase. Now that the quarter percent income tax rate has been reduced back from 2.25 percent to 2 percent; there has been a noticeable decline in the City's income tax collection.

The City will continue to strive to build up the reserves while operating lean and efficient while holding at the income tax rate of 2 percent at this time.

The City's current credit rating assigned by Moody's still holds at Aa2. The Aa2 rating was reaffirmed in March of 2011 due to the demonstrations of financial stability and the ability to capitalize on development opportunities. The City's system of budgeting and internal controls is well regarded. As a continued effort to stay above the economic challenges, the Administration and City Council meet frequently to discuss current operating conditions, the economy and community development. The City will continue to be proactive by strategizing to maintain solvency not just for today, but for the future.

Contacting the City of Twinsburg's Finance Department

This financial report is designed to provide our citizen's, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for all money it receives, spends, or invests. If you have any questions about this report or need additional financial information, contact Director of Finance, Karen Howse, City of Twinsburg, 10075 Ravenna Road, Twinsburg, Ohio 44087, telephone (330) 425-7161, or web site at my.twinsburg.com.

City of Twinsburg, Ohio

Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities

December 31, 2015

Total governmental fund balances \$ 27,851,513

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds 126,690,705

Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the funds:

Property and other taxes	\$ 77,511	
Municipal income taxes	2,702,393	
Special assessments	1,628	
Charges for services	141,174	
Intergovernmental	<u>405,159</u>	
Total		3,327,865

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (29,413)

Long-term liabilities are not due and payable in the current period and are therefore not reported in the funds

General obligation bonds	(7,386,560)	
Special assessment bonds	(152,000)	
Energy Equipment loan payable	(54,271)	
Snow plow vehicle loan payable	(341,299)	
OPWC loan payable	(4,403,977)	
Accrued compensated absences	<u>(1,870,272)</u>	
Total		(14,208,379)

Deferred charges on refunding related to the issuance of long-term refunding debt that will be amortized over the life of the debt on the statement of net position. 127,900

The net pension liability / asset are not due and payable / receivable in the current period; therefore, the liability / asset and related deferred inflows / outflows are not reported in governmental funds.

Net pension asset	14,884	
Deferred outflows of resources - pension	2,637,501	
Net pension liability	(18,406,553)	
Deferred inflows of resources - pension	<u>(92,668)</u>	
Total		<u>(15,846,836)</u>

Net position of governmental activities \$ 127,913,355

The accompanying notes are an integral part of the financial statements.

City of Twinsburg, Ohio

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

For The Year Ended December 31, 2015

Net change in fund balances - total governmental funds \$ (4,875,282)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlay as expenditures. However in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital outlay	\$ 6,407,958	
Contributed capital – donated assets	3,095,699	
Transfer of assets to business-type activities	(1,296,307)	
Depreciation	<u>(3,748,674)</u>	4,458,676

In the statement of activities, only the loss on the disposal of property and equipment are reported, whereas, in the governmental funds, the proceeds from the disposal increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the property and equipment. (248,183)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property and other local taxes	15,168	
Municipal income taxes	290,985	
Special assessment	434	
Charges for services	97,675	
Intergovernmental	<u>(56,731)</u>	347,531

Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. 1,680,444

Other financing sources in the governmental funds increase long-term liabilities in the statement of net position.

OPWC loan proceeds		(711,394)
--------------------	--	-----------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Accrued compensated absences	(11,632)	
Amortization of premium	41,926	
Amortization of loss on refunding	(21,316)	
Accrued interest on bonds	<u>10,122</u>	19,100

Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows. 1,791,830

Except for amounts reported as deferred inflows/outflows, changes in the net pension liability are reported as pension expense in the Statement of Activities. (1,863,822)

Change in net position of governmental activities \$ 598,900

The accompanying notes are an integral part of the financial statements.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements

For The Year Ended December 31, 2015

Note 1: The Reporting Entity

The City of Twinsburg (the “City”) is a home rule municipal corporation established under the laws of the State of Ohio, which operates under its own Charter. The current Charter, which provides for a Mayor-Council form of government, was adopted November 3, 1981.

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds, departments, boards and agencies that are not legally separate from the City. For the City of Twinsburg, this includes police and fire protection, parks and recreation, planning, zoning, street maintenance and repair, refuse collection, a wastewater treatment plant and general administrative services. The City’s departments include a public safety department, a public service department, a street maintenance department, a sanitation system, a parks and recreation department, a planning and zoning department, and a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation of each of these activities and entities is directly controlled by the City Council through the budgetary process.

The City of Twinsburg is divided into various departments and financial management and control systems. The City departments include a public safety department, a public service department, a street maintenance department, a sanitation system, a parks and recreation department, a planning and zoning department, a waste water treatment system, and a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation of each of these activities and entities is directly controlled by the City Council through the budgetary process and therefore is included as a part of the reportable entity.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization’s governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization’s resources; the City is legally obligated or has otherwise assumed the responsibility to finance deficits of, or provide financial support to, the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes. Based on this criteria, the City has one component unit.

The Twinsburg Community Improvement Corporation (“TCIC”) is a not-for-profit corporation to advance, encourage, and promote the industrial, commercial, civic, and economic development of Twinsburg, Ohio, under the applicable sections of the Ohio Revised Code. The City has agreed to provide 50 percent of the Transient Guest Tax funds the City collects and receives annually to the TCIC. Since this funding represents a significant portion of TCIC revenue, the organization is fiscally dependent on the City and therefore is considered a component unit of the City and is discretely presented in the City’s financial statements. See Note 19 for specific disclosures relating to the TCIC.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 1: The Reporting Entity (continued)

Jointly Governed Organizations

Northeast Ohio Public Energy Council – The City is a member of the Northeast Ohio Public Energy Council (NOPEC). NOPEC is a regional council of governments formed under Chapter 167 of the Ohio Revised Code. NOPEC was formed to serve as a vehicle for communities wishing to proceed jointly with an aggregation program for the purchase of energy. NOPEC is currently comprised of 134 members in 200 communities in 13 counties who have been authorized by ballot to purchase energy on behalf of their citizens. The intent of NOPEC is to provide energy at the lowest possible rates while at the same time ensuring stability in prices by entering into long-term contracts with suppliers to provide energy to the citizens of its member communities.

NOPEC is governed by a General Assembly made up of one representative from each member community. The representatives from each county then elect one person to serve on the nine-member NOPEC Board of Directors. The Board oversees and manages the operation of the aggregation program. The degree of control exercised by any participating government is limited to its representation in the General Assembly and on the Board. The City of Twinsburg did not contribute to NOPEC during 2015. Financial information can be obtained by contacting NOPEC, 31320 Solon Rd, Suite 20, Solon, Ohio 44139.

Note 2: Summary of Significant Accounting Policies

The financial statements of the City of Twinsburg have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

A. Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function or business activity is self-financing or draws from the general revenues of the City.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

A. Basis of Presentation (continued)

Fund Financial Statements

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

B. Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

General Fund – The general fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the charter of the City of Twinsburg and/or the general laws of Ohio.

Park Debt Service Fund – The park debt fund accounts for property taxes levied for the purpose of improving parks and paying off debt associated with maintenance of the parks.

Capital Improvement Fund – The capital improvement fund accounts for resources allocated for the purpose of improving, constructing, maintaining, and purchasing those items necessary to enhance the operation of the City.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service. The City has no internal service funds.

Enterprise Funds – Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

B. Fund Accounting (continued)

Sewer Fund – The sewer fund accounts for the provision of sanitary sewer service to the residents and commercial users located within the City.

Fitness Center Fund – The fitness center fund accounts for the operations of the fitness center.

Golf Course Fund – The golf course fund accounts for the operations of the golf course.

The other business-type funds of the City account for other resources whose use is restricted to a particular purpose.

Fiduciary Funds - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the City's own programs. The City has no trust funds. Agency funds are purely custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The City has no agency funds.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. The governmental fund financial statements therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary funds are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting; proprietary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows/outflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Available period for the City is sixty days after year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include municipal income taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from municipal income taxes is recognized in the period in which the income is earned.

Revenue from property taxes is recognized in the year for which the taxes are levied (see Note 6).

Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: municipal income tax, state-levied locally shared taxes (including gasoline tax), fines and forfeitures, licenses and permits, interest, grants and rentals.

Unearned Revenue

Unearned revenue represents amounts under the accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because such amounts have not yet been earned.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may include a section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be a recognized as inflow of resources (revenue) until that time.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

D. Basis of Accounting (continued)

For the City, deferred inflows of resources include property taxes and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2015, but which were levied to finance fiscal year 2015 operations.

These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, municipal income taxes, special assessments, EMS charges for services, and intergovernmental revenue. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

An annual appropriated budget is legally required to be prepared for all funds of the City. City Council passes appropriations at the line item level except for capital projects funds which are appropriated by department or project. Line item appropriations may be transferred between the accounts with the approval of the City Council. City Council must approve any revisions in the budget that alter total fund appropriations. The following are the procedures used by the City in establishing the budgetary data reported in the basic financial statements:

Tax Budget

A tax budget of estimated revenue and expenditures for all funds is submitted to the County Fiscal Officer, as Secretary of the County Budget Commission, by July 20th of each year, for the period January 1 to December 31 of the following year.

Estimated Resources

The County Budget Commission determines if the budget substantiates a need to levy the full amount of authorized property tax rates and reviews revenue estimates. The Commission certifies its actions to the City by September 1. As part of this certification, the City receives the official certificate of estimated resources, which states the projected revenue of each fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year will not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

On or about January 1 the certificate of estimated resources is amended to include unencumbered fund balances at December 31. Further amendments may be made during the year if the Finance Director determines that revenue to be collected will be greater than or less than the prior estimates and the budget commission find the revised estimates to be reasonable. The amounts reported in the budgetary statements as original represent the amounts in the first official certificate of estimated resources issued during 2015. The amounts reported in the budgetary statements as final reflect the amounts in the final amended official certificate of estimated resources issued during 2015.

Annual Estimate

The Mayor, with the assistance of the Finance Director, is required by Charter to submit to City Council, on or before December 1 of each fiscal year, an estimate of the revenues and expenditures of each fund of the City for the next succeeding fiscal year. The annual estimate serves as the basis for appropriations (the appropriated budget) in each fund.

Appropriations

An appropriation ordinance (the appropriated budget) to control the level of expenditures for all funds must be legally enacted on or about January 1. Appropriations may not exceed estimated resources as established in the official amended certificate of estimated resources. Supplemental appropriations may be adopted by City Council action. During the year, several supplemental appropriation measures were necessary. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriated budget for each fund that covered the entire year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts in the statements of budgetary comparisons represent the final appropriation amounts, including all amendments and modifications.

Lapsing of Appropriations

At the close of each year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding year and is not reappropriated.

Budgeted Level of Expenditure

Administrative control is maintained through the establishment of detailed line-item budgets. Appropriated funds may not be expended for purposes other than those designated in the appropriation ordinance without authority from City Council. Expenditures plus encumbrances may not legally exceed appropriations at the level of appropriation adopted by City Council. City Council appropriations are made to personal services, travel and education, contractual services, supplies and materials, capital outlay, other expenditures, debt principal and interest payments, and transfer accounts for each department. Capital projects funds are appropriated by department or project. The appropriations set by City Council must remain fixed unless amended by City Council ordinance. More detailed appropriation allocations may be made by the Finance Director as long as the allocations are within City Council's appropriated amount.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

E. Budgetary Process (continued)

Encumbrances

As part of formal budgetary control, purchase orders, contracts and other commitments for the expenditure of monies are recorded as the equivalent of expenditures on the non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance. The Ohio Revised Code prohibits expenditures plus encumbrances from exceeding appropriations at the legal level of budgetary control.

On the GAAP basis, encumbrances outstanding at year end are reported as assigned, committed, or restricted fund balances for subsequent-year expenditures for governmental funds.

F. Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through City records. Each fund's interest in the pool is presented as "equity in pooled cash and cash equivalents" on the financial statements.

Investments are reported at fair value, which is based on quoted market prices, with the exception of nonparticipating repurchase agreements, which are reported at cost. For investments in open-end mutual funds, fair value is determined by the fund's share price.

Interest allocation is determined by the Ohio Constitution, State statutes, and local ordinances adopted under City Charter. Under these provisions, City funds required to receive interest allocations are: 1) those which receive proceeds from the sale of notes and/or bonds and 2) those which receive distributions of state gasoline tax and motor vehicle licenses fees (street maintenance and state highway special revenue funds). All remaining interest is allocated to the general fund. Legally, proprietary funds generally do not receive interest. Interest revenue credited to the general fund during 2015 amounted to \$56,273.

G. Inventory

Inventories of all funds are stated at cost which is determined on a first-in, first-out basis. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as expenditures in the governmental fund types and as expenses in the proprietary fund type when used.

H. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2015, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which it was consumed.

I. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

I. Capital Assets (continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated fixed assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, irrigation systems and water and sewer lines. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Interest incurred during the construction of enterprise capital assets is also capitalized.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land improvements	5 to 45 years
Buildings and improvements	5 to 50 years
Machinery and equipment	5 to 30 years
Vehicles	10 to 15 years
Infrastructure	18 to 100 years

J. Interfund Balances

On fund financial statements, interfund loans are classified as "interfund receivable/payable" on the balance sheet. Long-term interfund loans are classified as "advances to/from other funds" on the balance sheet and are equally offset as part of nonspendable fund balance which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances. See note 17 for further discussion on the City's interfund balances.

K. Compensated Absences

The City reports compensated absences in accordance with the provisions of GASB No. 16, "Accounting for Compensated Absences." Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those that the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at fiscal year-end taking into consideration any limits specified in the City's termination policy. Additionally, certain salary related payments associated with the payment of compensated absences have been accrued.

The entire compensated absence liability is reported on the government-wide financial statements.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

K. Compensated Absences (continued)

For governmental funds, the current portion of unpaid compensated absences is the amount that is normally expected to be paid using expendable available financial resources. These amounts are recorded in the account compensated absences payable” in the fund from which the employees who have accumulated leave are paid. The noncurrent portion of the liability is not reported. In proprietary funds, the entire amount of compensated absences is reported as a fund liability.

L. Payables, Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, and compensated absences are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds and long-term loans are recognized as a liability on the fund financial statements when due.

M. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when limitations are imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for sewer, fitness center, and other proprietary programs. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the fund.

O. Interfund Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

P. Deferred Charge on Refunding

The difference between the reacquisition price (funds required to refund the old debt) of various refunding bonds and the net carrying amount of the old debt, the deferred amount (loss) on refunding, is being amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt whichever is shorter, using the effective interest method and is presented as deferred outflows of resources on the statement of net position.

Q. Bond Premiums

On the government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the straight line method. Bond premiums are presented as an increase of the face amount of the general obligation bonds payable. On fund financial statements, bond premiums are received in the year the bonds are issued.

R. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during 2015.

S. Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

T. Capital Contributions

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets or from grants or outside contributions of resources restricted to capital acquisition and construction and from contributions from governmental funds. During 2015, the sewer fund, fitness center fund and golf course fund received contributions of capital in the amount of \$50,498, \$90,213 and \$1,155,596, respectively, from governmental activities. Additionally, the sewer fund received \$453,667 in sewer lines from a contractor.

U. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable: The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

Restricted: Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 2: Summary of Significant Accounting Policies (continued)

U. Fund Balance (continued)

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party—such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed: The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance or resolution) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance or resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned: Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance.

Unassigned: Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

V. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 3: Changes in Accounting Principle and Restatement of Net Position/Fund Balances

A. Change in Accounting Principle

For the year ended December 31, 2015, the City implemented the Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68. GASB Statement No. 68 established standards for measuring and recognizing pension liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditure.

B. Restatement of Net Position/Fund Balance

During 2015, the implementation of GASB Statement’s No. 68 and No. 71 resulted in the restatement of the beginning net position of the governmental activities and business-type activities/proprietary funds. In addition, the City recorded the activity of the Labor Enforcement Task Force on the City’s financial statements for the first time as it was excluded from the financial reporting at December 31, 2014. The implementation of GASB Statement’s No. 68 and No. 71 and the activity of the Labor Enforcement Task Force had the following effect on the net position/fund balance:

	<u>Governmental Activities</u>	<u>Business-Type Activities</u>	<u>Total</u>
Net position at December 31, 2014, as previously stated	\$ 142,835,747	\$ 48,362,835	\$ 191,198,582
Implementation of GASB Statement’s No. 68 and No. 71:			
Net pension asset	4,056	2,099	6,155
Deferred outflow – payments subsequent to measurement date	1,712,800	325,184	2,037,984
Net pension liability	(17,491,700)	(2,536,545)	(20,028,245)
Labor Enforcement Task Force:			
Cash and cash equivalents	266,370	-	266,370
Accounts payable	(12,818)	-	(12,818)
Restated net position at December 31, 2014	<u>\$ 127,314,455</u>	<u>\$ 46,153,573</u>	<u>\$ 173,468,028</u>

	<u>Sewer</u>	<u>Fitness Center</u>	<u>Golf Course</u>	<u>Total</u>
Net position at December 31, 2014, as previously stated	\$ 35,061,248	\$ 8,308,270	\$ 4,907,129	\$ 48,362,835
Implementation of GASB Statements No. 68 and No. 71:				
Net pension asset	1,088	660	351	2,099
Deferred outflow – payments subsequent to measurement date	168,563	102,301	54,320	325,184
Net pension liability	(1,314,848)	(797,978)	(423,719)	(2,536,545)
Restated net position at December 31, 2014	<u>\$ 33,916,051</u>	<u>\$ 7,613,253</u>	<u>\$ 4,538,081</u>	<u>\$ 46,153,573</u>

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 3: Changes in Accounting Principle and Restatement of Net Position/Fund Balances (continued)

B. Restatement of Net Position/Fund Balance (continued)

	<u>Other Governmental</u>	<u>Total Governmental</u>
Fund balance at December 31, 2014, as previously stated	\$ 2,260,274	\$ 32,473,243
Labor Enforcement Task Force:		
Cash and cash equivalents	266,370	266,370
Accounts payable	<u>(12,818)</u>	<u>(12,818)</u>
Restated net position at December 31, 2014	\$ <u>2,513,826</u>	\$ <u>32,726,795</u>

Other than employer contributions subsequent to the measurement date, the City made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available.

Note 4: Budgetary Basis of Accounting

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts and disbursements.

The statements of revenues, expenditures, and changes in fund balance – budget (non-GAAP budgetary basis) are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budgetary basis and the GAAP basis are identified as follows:

- (a) Revenues are recorded when received in cash (budgetary basis) as opposed to when susceptible to accrual (GAAP basis);
- (b) Expenditures/Expenses are recorded when paid in cash (budgetary basis) as opposed to when the liability is incurred (GAAP basis);
- (c) Encumbrances are treated as expenditures (budgetary basis) rather than a restricted, committed, or assigned fund balance (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund.

	<u>General</u>
GAAP basis	\$ (4,289,490)
Increase (decrease) due to:	
Revenue accruals	(1,699,642)
Expenditure accruals	29,079
Outstanding encumbrances	<u>(325,152)</u>
Budgetary basis	\$ <u>(6,285,205)</u>

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 5: Deposits and Investments

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are monies identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim monies may be deposited or invested in the following securities:

1. United States Treasury notes, Bills, Bonds, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily;
4. Investment grade obligations of state and local governments, and public authorities;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions; and,
6. The State Treasurer's investment pool (STAROhio).

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the City, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 5: Deposits and Investments (continued)

Deposits

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution, by surety company bonds or by a single collateral pool established by the financial institution. In accordance with Chapter 135 of the Ohio Revised Code, any public depository receiving deposits pursuant to an award of City funds shall be required to pledge as security for repayment of all public moneys.

At year-end, the carrying amount of the City's deposits was \$2,682,038 and the bank balance was \$3,942,182. Of the bank balance, \$1,500,150 was covered by FDIC. The remaining uncovered balance was collateralized with securities held by the pledging institution's trust department, not in the City's name.

Investments

Investments are reported at fair value. As of December 31, 2015, the City had the following investments:

	<u>Fair Value</u>	Maturities (in years) <u>Less than 1</u>	Maturities (in years) <u>More than 1</u>
Repurchase Agreement	\$ 14,905,000	\$ 14,905,000	\$ -
Negotiable Certificate of Deposits	7,255,672	1,489,084	5,766,588
Federal Home Loan	635,064	-	635,064
FNMA	500,835	-	500,835
FHLMCMTN	1,638,860	-	1,638,860
STAR Ohio	172	172	-
Money Market	5,321	5,321	-
Total	<u>\$ 24,940,924</u>	<u>\$ 16,399,577</u>	<u>\$ 8,541,347</u>

Interest Rate Risk arises because potential purchasers of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The City's investment policy addresses interest rate risk requiring that the City's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments, thereby avoiding that need to sell securities on the open market prior to maturity and by investing operating funds primarily in short-term investments. The City's investment policy also limits security purchases to those that mature within five years unless specifically matched to a specific cash flow. To date, no investments have been purchased with a life greater than one year.

Custodial Risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The securities underlying the repurchase agreements are exposed to custodial credit risk in that they are uninsured, unregistered and held by the counterparty. The City has no investment policy dealing with investment custodial credit risk beyond the requirement in State statute that requires securities shall be delivered into the custody of the Finance Director or governing board or an agent designated by the Finance Director or governing board. All financial institutions and broker/dealers who desire to become qualified for investment transactions with the City must meet a set of prescribed standards and be periodically reviewed.

Credit Risk is addressed by the City's investment policy by the requirements that all investments are authorized by Ohio Revised Code and that the portfolio be diversified both by types of investment and issuer. All investments of the City are registered and carry an Aaa rating by Moody's.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 5: Deposits and Investments (continued)

Concentration of Credit Risk is defined by the Governmental Accounting Standards Board as five percent or more in the securities of a single issuer. The City's investment policy requires diversification of the portfolio but does not indicate specific percentage allocations. The repurchase agreements represent 100 percent of the City's investments.

Note 6: Receivables

Receivables at December 31, 2015 consisted primarily of taxes, intergovernmental receivables arising from grants, entitlements or shared revenues, accounts, special assessments and interest on investments. All receivables are considered fully collectible.

A. Property Taxes

Property taxes include amounts levied against all real and public utility property located in the City. Real property taxes collected in 2015 are levied after October 1, 2014, on assessed value as of January 1, 2014, the lien date. Assessed values are established by State law at 35 percent of appraised market value. All property is required to be revalued every six years. Real property taxes collected in 2015 were intended to finance 2015 operations.

Public utility property taxes are assessed on tangible personal property, as well as land and improvements, at true value (normally 88 percent of cost). Public utility property taxes paid in 2015 that became a lien on December 31, 2014, are levied after October 1, 2014, and are collected in 2015 with real property taxes.

The full tax rate for all City operations for the year ended December 31, 2015, was \$2.13 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2015 property tax receipts were based are as follows:

	<u>Total Assessed Value</u>
Real Property Valuation:	
Residential/Agriculture	\$ 398,541,610
Commercial/Industrial/Mineral	158,032,440
Public Utilities	38,680
Tangible Personal Property Valuation:	
Public Utilities	<u>10,154,420</u>
Total Valuation	\$ <u><u>566,767,150</u></u>

Real Property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Tangible personal property taxes paid by multi-county taxpayers are due September 20. Single county taxpayers may pay annually or semi-annually. If paid annually, payment is due April 30; if paid semi-annually, the first payment is due April 30, with the remainder payable by September 20.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 6: Receivables (continued)

B. Municipal Income Taxes

The City levies and collects a municipal income tax of 2.00 percent on all income earned within the City as well as on income of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold municipal income tax on employee earnings and remit the tax to the City at least quarterly.

Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

C. Intergovernmental Receivables

A summary of intergovernmental receivables follows:

Governmental activities:

Local government and local government revenue assistance	\$	739,240
Homestead and rollback		62,064
Gasoline and excise tax and state highway distributions		329,638
Permissive motor vehicle license tax		<u>11,937</u>
Total governmental activities	\$	<u><u>1,142,879</u></u>

Note 7: Accountability

The City had deficit balances in the following funds at December 31, 2015:

Fire Pension	\$	90,426
Police Pension		103,322

The fire pension and police pension fund deficits are the result of the recognition of liabilities in accordance with general accepted accounting principles.

Note 8: Contingencies/Pending Litigation

The City is a party to various legal proceedings. The City's management is of the opinion that the ultimate outcome of such litigation will not have a material adverse effect on the City's financial position.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 9: Capital Assets

Capital asset activity for government the year ended December 31, 2015, was as follows:

	Balance 12/31/14	Additions	Disposals	Balance 12/31/15
<i>Governmental Activities:</i>				
Capital assets not being depreciated				
Construction in progress	\$ 1,047,627	\$ 53,387	\$ (1,101,014)	\$ -
Land	<u>23,266,397</u>	<u>290,000</u>	<u>-</u>	<u>23,556,397</u>

As of December 31, 2015, the City's future governmental activities and business-type debt service requirements consisted of bonds payable at various interest rates, twelve non-interest bearing Ohio Public Works Commission Loans numbered CH10L, CH19M, CH04N, CH02O, CH06P, CH09Q, CH04P, CH11Q, CH05R, CH06S, CH05P and CH06S, capital leases and compensated absences.

General obligation bonds will be paid from the bond retirement debt service fund and park debt service fund. Special assessment bonds are payable from the proceeds of assessments levied against the specific property owners who primarily benefited from the project. Special assessment monies will be received in, and the debt will be retired through, the special assessment bond retirement debt service fund. In the event that property owners fail to make their special assessment payments, the City is responsible for providing the resources to meet the annual principal and interest payments.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 10: Long-Term Obligations (continued)

OPWC loans will be paid semi-annually from the bond retirement debt service fund. These loans are repaid with municipal income tax monies.

Compensated absences will be paid from the fund which the employees' salaries are paid. Ohio Department of Transportation loan (ODOT) will be paid from the bond retirement debt service fund. See Note 11 for further detail on capital leases.

During 2009, the City entered into a loan agreement with First Merit bank for the purchase of energy efficient equipment in the amount of \$902,008, payable in annual combined principal and interest payments of \$152,401. The amounts are included in the amortization table above. This loan will be paid back from municipal income tax monies.

In 2011, the City defeased a portion of various general obligation bonds and the City's ODOT loan in order to take advantage of lower interest rates. The proceeds of the new bonds and loan were placed in an irrevocable trust to provide for all future debt service payments on the refunded portion of the various general obligation bonds and ODOT loan.

On April 16, 2013, the City issued \$1,888,500 in general obligation bonds for the purpose of refunding various general obligation bonds in order to take advantage of lower interest rates. Proceeds of \$1,888,500 were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded portion of the various general obligation bonds. The City decreased its total debt service payments by \$201,638 as a result of the refunding. The City also incurred an economic gain (difference between the present value of the old and new debt service payments) of \$181,151.

During 2013, the City obtained an OPWC loan for the Cobblestone Lane and Old Pond Lane reconstruction in the amount of \$499,000, payable in semi-annual payments of \$8,317, at zero percent interest for 30 years. The amounts are included in the amortization table above.

During 2014, the City entered into a loan agreement with First Merit bank for the purchase of three snow plow vehicles in the amount of \$506,045, payable in annual combined principal and interest payments of \$176,740. The amounts are included in the amortization table above. This loan will be paid back from municipal income tax monies.

At December 31, 2015, the City obtained partial proceeds for the Ohio Public Works Commission ("OPWC") loans related to the Darrow Road sanitary sewer replacement project, the Warren Parkway improvement project, Hilsdale improvement project and Chamberlin Sanitary improvement project. The loans will be repaid in semi-annual principal payments. The City has not collected the total proceeds of the loans, and as a result, the debt maturity schedule above does not reflect any amounts for the principal or interest. When the loans are finalized, the principal and interest will be included in the annual debt maturity schedule above.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 11: Lease Obligations

The City has entered into multiple lease agreements as a lessee for financing various equipment and vehicles. These lease agreements qualify as operating and capital leases. For accounting purposes, capital leases have been recorded at the present value of its future minimum lease payments as of inception date.

Governmental capital assets acquired by a capital lease have been capitalized as equipment in the amount of \$341,590, accumulated depreciation as of December 31, 2015 for the equipment was \$96,784, leaving a current book value of \$244,806 for equipment. Principal payments in the current year totaled \$111,214; the City had interest expense of \$2,649 this leases in the current year. This lease was completely paid by the end of December 31, 2015.

Business-type capital assets acquired by these leases have been capitalized as equipment in the amount of \$147,600, accumulated depreciation as of December 31, 2015, for the equipment was \$42,760, leaving a current book value of \$104,840 for equipment. Principal payments in the current year totaled \$29,015; the City had interest expense of \$2,166 for these leases in the current year.

The following is a schedule of the future minimum lease payments required under the operating and capital leases and the present value of the minimum lease payments at year-end:

Year	Operating Lease Governmental Lease Payments	Capital Leases Business-Type Lease Payments
2016	8,000	22,681
2017	-	<u>22,682</u>
Total minimum lease payments	8,000	45,363
Less: amount representing interest	-	<u>(1,742)</u>
Present value of minimum lease payments	\$ <u>8,000</u>	\$ <u>43,621</u>

Rental expenditures related to operating leases for equipment totaled \$16,000 for governmental funds for the year ended December 31, 2015.

Note 12: Compensated Absences

Accumulated unpaid vacation is accrued when earned and is normally paid in the first three months of the subsequent calendar year. In accordance with the Codified Ordinances of the City, unused vacation pay cannot be carried over from year to year. Accordingly, all accrued vacation pay is considered to be a current liability. City employees are paid for earned, unused vacation leave at the time of the termination of their employment.

Sick leave is earned at the rate of ten hours per month for full-time employees and 4.6 hours per eighty hours worked by part-time employees. Each employee with the City is paid for up to 180 days or a maximum of 1,440 hours for Ohio Public Employment Retirement System (OPERS) employees and 1,740 hours for Ohio Police and Fire Pension Fund (OP&F) employees, upon retirement from the City, and 30 years of service for OPERS employees and 20 years of service for retiring police employees. Individuals leaving the employment of the City prior to retirement lose their accumulated sick leave.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans

A. Net Pension Liability

The net pension liability reported on the Statement of Net Position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in accrued wages and benefits on both the accrual and modified accrual bases of accounting.

B. Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2015 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee	10.0 %
2015 Actual Contribution Rates	
Employer:	
Pension	12.0 %
Post-employment Health Care Benefits	<u>2.0 %</u>
Total Employer	<u>14.0 %</u>
Employee	10.0 %

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

B. Plan Description – Ohio Public Employees Retirement System (OPERS) (continued)

The City's 2015 contribution rate was 14 percent of earnable salary. In fiscal year 2015, the City's contractually required contribution was \$983,413 for 2015. Of this amount, \$83,020 is reported as accrued wages and benefits at December 31, 2015.

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description - the City's full-time police and fire participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to three percent of their base pension or disability benefit.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

C. Plan Description – Ohio Police & Fire Pension Fund (OP&F) (continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>	<u>Firefighter</u>
2015 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee:		
January 1, 2015 through July 1, 2015	11.50 %	11.50 %
July 2, 2015 through December 31, 2015	12.25 %	12.25 %
2015 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	<u>0.50 %</u>	<u>0.50 %</u>
Total Employer	<u>19.50 %</u>	<u>24.00 %</u>
Employee:		
January 1, 2015 through July 1, 2015	11.50 %	11.50 %
July 2, 2015 through December 31, 2015	12.25 %	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. In fiscal year 2015, the City's contractually required contribution to OP&F was \$1,143,718 for 2015. Of this amount, \$110,037 is reported as accrued wages and benefits at December 31, 2015.

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2014, and was determined by rolling forward the total pension liability as of January 1, 2014, to December 31, 2014. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS Traditional</u>	<u>OPERS Combined</u>	<u>OP&F</u>	<u>Total</u>
Proportionate share of the net pension liability (asset)	\$ 7,611,409	\$ (22,585)	\$ 13,390,305	\$ 20,979,129
Proportion of the net pension liability (asset)	0.063107%	0.058655%	0.2584793%	
Pension expense	\$ 828,419	\$ 13,917	\$ 1,308,687	\$ 2,151,023

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (continued)

At December 31, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS Traditional</u>	<u>OPERS Combined</u>	<u>OP&F</u>	<u>Total</u>
Deferred outflow of resources				
City contributions subsequent to the measurement date	\$ 955,652	\$ 27,761	\$ 1,143,718	\$ 2,127,131
Net difference between projected and actual earnings on pension plan investments	<u>406,122</u>	<u>1,378</u>	<u>577,110</u>	<u>984,610</u>
Total deferred outflow of resources	\$ <u>1,361,774</u>	\$ <u>29,139</u>	\$ <u>1,720,828</u>	\$ <u>3,111,741</u>
Deferred inflow of resources				
Differences between expected and actual experience	\$ <u>133,718</u>	\$ <u>6,891</u>	\$ -	\$ <u>140,609</u>
Total deferred inflow of resources	\$ <u>133,718</u>	\$ <u>6,891</u>	\$ -	\$ <u>140,609</u>

The \$2,127,131 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>OPERS Traditional</u>	<u>OPERS Combined</u>	<u>OP&F</u>	<u>Total</u>
Fiscal Year Ending December 31:				
2016	39,833	(475)	144,277	183,635
2017	39,833	(475)	144,277	183,635
2018	91,208	(475)	144,277	235,010
2019	101,530	(475)	144,279	245,334
2020	-	(820)	-	(820)
2021-2024	<u>-</u>	<u>(2,793)</u>	<u>-</u>	<u>(2,793)</u>
	\$ <u>272,404</u>	\$ <u>(5,513)</u>	\$ <u>577,110</u>	\$ <u>844,001</u>

E. Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2014, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

E. Actuarial Assumptions – OPERS (continued)

	OPERS <u>Traditional Plan</u>	OPERS <u>Combined Plan</u>
Wage Inflation	3.75 percent	3.75 percent
Future Salary Increases, including inflation	4.25 to 10.05 percent	4.25 to 8.05 percent
COLA or Ad Hoc COLA	3 percent	3 percent
Investment Rate of Return	8 percent	8 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 6.95 percent for 2014.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2014 and the long-term expected real rates of return:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed Income	23.00%	2.31%
Domestic Equities	19.90	5.84
Real Estate	10.00	4.25
Private Equity	10.00	9.25
International Equities	19.10	7.40
Other Investments	18.00	4.59
Total	<u>100.00</u>	

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

E. Actuarial Assumptions – OPERS (continued)

Discount Rate The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net pension liability calculated using the current period discount rate assumption of 8 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

	1% Decrease (7%)	Discount Rate (8%)	1% Increase (9%)
City's proportionate share of the net pension liability – Traditional	\$ 14,002,812	\$ 7,611,409	\$ 2,228,308
City's proportionate share of the net pension liability (asset) – Combined	\$ 2,933	\$ (22,585)	\$ (42,818)

F. Actuarial Assumptions – OP&F

OP&F's total pension liability as of December 31, 2014 is based on the results of an actuarial valuation date of January 1, 2014, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of January 1, 2014, are presented below:

Valuation Date	January 1, 2014
Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.25 percent
Projected Salary Increases	4.25 percent to 11 percent
Payroll Increases	3.75 percent
Inflation Assumptions	3.25 percent
Cost of Living Adjustments	2.60 percent and 3.00 percent

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

F. Actuarial Assumptions – OP&F (continued)

Rates of death are based on the RP2000 Combined Table, age-adjusted as follows. For active members, set back six years. For disability retirements, set forward five years for police and three years for firefighters. For service retirements, set back zero years for police and two years for firefighters. For beneficiaries, set back zero years. The rates are applied on a fully generational basis, with a base year of 2009, using mortality improvement Scale AA.

The most recent experience study was completed January 1, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2014 are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Cash and Cash Equivalents	0.00%	(0.25)%
Domestic Equity	16.00	4.47
Non-US Equity	16.00	4.47
Core Fixed Income	20.00	1.62
Global Inflation Protected	20.00	1.33
High Yield	15.00	3.39
Real Estate	12.00	3.93
Private Markets	8.00	6.98
Timber	5.00	4.92
Master Limited Partnerships	8.00	7.03
Total	<u>120.00%</u>	

OP&F's Board of Trustees has incorporated the "risk parity" concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.25 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.25 percent. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 13: Defined Benefit Pension Plans (continued)

F. Actuarial Assumptions – OP&F (continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.25 percent), or one percentage point higher (9.25 percent) than the current rate.

	1% Decrease <u>(7.25%)</u>	Discount Rate <u>(8.25%)</u>	1% Increase <u>(9.25%)</u>
City's proportionate share of the net pension liability	\$ 18,520,818	\$ 13,390,305	\$ 9,046,321

Note 14: Post-Employment Benefits

A. Ohio Public Employees Retirement System

Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: The Traditional Pension Plan – a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan – a defined contribution plan; and the Combined Plan – a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains two cost-sharing multiple-employer defined benefit post-employment health care trusts, which fund multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage.

In order to qualify for health care coverage, age-and-service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 45. Please see the Plan Statement in the OPERS 2014 CAFR for details.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml#CAFR>, by writing to OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 800-222-7377.

The Ohio Revised Code provides the statutory authority requiring public employers to fund health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 14: Post-Employment Benefits (continued)

A. Ohio Public Employees Retirement System (continued)

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2015, State and Local employers contributed at a rate of 14.0% of earnable salary. This is the maximum employer contribution rate permitted by the Ohio Revised Code. Active member contributions do not fund health care.

OPERS' Post-Employment Health Care plan was established under, and is administered in accordance with, Internal Revenue Code 401(h). Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of the post-employment health care benefits. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 2.0 percent during calendar year 2014.

OPERS maintains three health care trusts. The two cost-sharing, multiple-employer trusts, the 401(h) Health Care Trust and the 115 Health Care Trust, work together to provide health care funding to eligible retirees of the Traditional Pension and Combined plans. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) that provides funding for a Retiree Medical Account for Member-Directed Plan members. Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0% during calendar year 2015. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2016 remained at 2.0% for both plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited to the VEBA for participants in the Member-Directed Plan for 2015 was 4.5%.

The City's contributions for health care for the years ended December 31, 2015, 2014, and 2013 were \$165,582, \$161,534, and \$76,280, respectively. The full amount has been contributed for 2014 and 2013. For 2015, 92.85 percent has been contributed, with the remainder being reported as a liability in the accrued wages and benefits.

B. Ohio Police and Fire Pension Fund

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits are codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the Plan. That report may be obtained by writing to OP&F, 140 E. Town St., Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5% and 24% of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5% of covered payroll for police employer units and 24% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 14: Post-Employment Benefits (continued)

B. Ohio Police and Fire Pension Fund (continued)

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was 0.5% of covered payroll from January 1, 2015 thru December 31, 2015. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's police contributions to OP&F allocated to the health care plan for the years ended December 31, 2015, 2014, and 2013 were \$9,680, \$9,263, \$63,809, respectively. The full amount has been contributed for 2014 and 2013. For 2015, 92.2 percent has been contributed, with the remainder being reported as a liability in the accrued wages and benefits.

The City of Twinsburg contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored health care program, a cost-sharing, multiple-employer defined post-employment health care plan administered by OP&F. OP&F provides health care benefits including coverage for medical, prescription drugs, dental, vision, Medicare Part B Premium and long term care to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to post-retirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or survivor benefit check or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement 45.

The Ohio Revised Code allows, but does not mandate OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. That report may be obtained by writing to OP&F, 140 E. Town St., Columbus, Ohio 43215-5164. That report is also available on OP&F's website at www.op-f.org.

The Ohio Revised Code provides for contribution requirements of the participating employers and of the plan members to the OP&F (defined benefit pension plan). Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently, 19.5 percent and 24.0 percent of covered payroll for police and fire employers, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of the covered payroll for police employer units and 24.0 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

OP&F maintains funds for health care in two separate accounts. One for health care benefits under an IRS Code Section 115 trust and one for Medicare Part B reimbursements administered as an Internal Revenue Code 401(h) account, both of which are within the defined benefit pension plan, under the authority granted by the Ohio Revised Code to the OP&F Board of Trustees.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 14: Post-Employment Benefits (continued)

B. Ohio Police and Fire Pension Fund (continued)

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. The portion of employer contributions allocated to health care was 0.5 percent of covered payroll from January 1, 2015 thru December 31, 2015. The amount of employer contributions allocated to the health care plan each year is subject to the Board Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees also is authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents, or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contributions to OP&F for police and fire for the years ending December 31, 2015, 2014, and 2013 were \$558,951 and \$594,478, \$506,040 and \$601,107, and \$521,566 and \$590,444, respectively, of which \$14,533 and \$12,484, \$13,157 and \$12,623, and \$93,991 and \$87,183, respectively, was allocated to the healthcare plan. The full amount has been contributed for 2014 and 2013. For 2015, 91.5 percent for police and 92.0 percent for firefighters has been contributed, with the remainder being reported as a liability within the accrued wages and benefits.

Note 15: Risk Management

The City maintains comprehensive insurance coverage with private insurance carriers for real property, building contents, vehicle and general liability insurance, and police professional liability insurance.

The City continues to carry health insurance through Medical Mutual of Ohio (Medical Mutual). The City pays a monthly premium from the general fund, sewer fund, Gleneagles golf fund, and fitness center fund for each employee that varies according to which fund the employees' salary is paid. Incurred but not reported claims of \$223,666 have been accrued as a liability at December 31, 2015 based on an estimate by Medical Mutual.

The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

There were no reductions in insurance coverage from the previous year, nor have settlements exceeded insurance coverage in any of the prior three fiscal years.

The claims liability of \$223,666 reported in the funds at December 31, 2015, was estimated by reviewing current claims and is based on the requirements of GASB No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 15: Risk Management (continued)

Changes in the fund's claims liability amount were:

	<u>Balance at</u> <u>Beginning of Year</u>		<u>Current Year</u> <u>Claims</u>		<u>Claim</u> <u>Payments</u>		<u>Balance at</u> <u>End of Year</u>
2015	\$ 259,872	\$	274,897	\$	311,106	\$	223,663
2014	132,264		472,008		344,400		259,872
2013	148,969		281,090		297,795		132,264
2012	103,919		342,639		297,589		148,969
2011	79,973		314,555		290,609		103,919

Note 16: Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balances for the major governmental funds and all other governmental funds are presented below:

<u>Fund Balances</u>	<u>General</u>	<u>Park</u> <u>Debt Service</u>	<u>Capital</u> <u>Improvement</u>	<u>Other</u> <u>Governmental</u>	<u>Total</u> <u>Governmental</u>
Nonspendable:					
Inventory	\$ 224,430	\$ -	\$ -	\$ -	\$ 224,430
Unclaimed monies	850	-	-	-	850
Total nonspendable	<u>225,280</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>225,280</u>
Restricted for:					
Debt service payments	-	62,471	-	243,723	306,194
Capital improvements	-	-	-	88,495	88,495
Streets & highways	-	-	-	2,294,029	2,294,029
Law enforcement education	-	-	-	234,837	234,837
Total restricted	<u>-</u>	<u>62,471</u>	<u>-</u>	<u>2,861,084</u>	<u>2,923,555</u>
Committed to:					
Parks & recreation	-	-	-	358,250	358,250
Employee payout reserve	-	-	-	62,791	62,791
Total committed	<u>-</u>	<u>-</u>	<u>-</u>	<u>421,041</u>	<u>421,041</u>
Assigned to:					
Capital improvements	-	-	2,782,139	-	2,782,139
Subsequent year's budget:					
Appropriation of fund balances	6,993,194	-	-	-	6,993,194
Purchases on order	298,125	-	-	-	298,125
Total assigned	<u>7,291,319</u>	<u>-</u>	<u>2,782,139</u>	<u>-</u>	<u>10,073,458</u>
Unassigned (deficit)	<u>14,401,927</u>	<u>-</u>	<u>-</u>	<u>(193,748)</u>	<u>14,208,179</u>
Total fund balance (deficit)	<u>\$ 21,918,526</u>	<u>\$ 62,471</u>	<u>\$ 2,782,139</u>	<u>\$ 3,088,377</u>	<u>\$ 27,851,513</u>

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 17: Interfund Activity

A. Interfund transfers for the year ended December 31, 2015, consisted of the following:

	<u>Transfer From</u>	
	<u>General Fund</u>	<u>Other Governmental Funds</u>
Transfer to:		
Capital improvement fund	\$ 2,405,640	\$ -
Sewer fund	750,084	10,161
Fitness center fund	250,000	-
Golf course fund	445,000	-
Other governmental funds	<u>3,579,006</u>	<u>-</u>
Total transfers	\$ <u><u>7,429,730</u></u>	\$ <u><u>10,161</u></u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and to provide additional resources for current operations or debt service.

The City also closed two funds in the current year and the remaining balance was transferred to the capital improvement fund to fund related capital projects. The City had no other transfers that do not occur on a regular basis. No transfers were inconsistent with the purpose of the fund making the transfer. In addition, each of the above transfers is in compliance with the Ohio Revised Code.

B. Interfund balances at December 31, 2015, consist of the following interfund receivable and payables:

<u>Interfund Receivable</u>	<u>Interfund Payable</u>	
	Non-Major Governmental Funds	
General	\$	1,224

The interfund receivable and payable listed above resulted from the General Fund supplementing funds to cover excess expenditures in a non-major fund until reimbursements are received. This interfund balance will be repaid in a subsequent period.

Note 18: Subsequent Event

The City signed a lease agreement on February 19, 2016 for the purchase of a 2016 Vacuum Street Sweeper. The City will pay five payments of \$50,240 beginning February 15, 2017, which includes interest of 2.95%.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 18: Other Significant Commitments

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year-end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

Governmental Funds:	<u>Encumbrances</u>
General fund	\$ 298,125
Capital improvement fund	782,139
Other governmental funds	<u>341,637</u>
Total Governmental	\$ <u><u>1,421,901</u></u>

Note 19: Discretely Presented Component Unit

Note A. Nature of Operations

The Twinsburg Community Improvement Corporation (the "TCIC") was incorporated as a not-for-profit organization in the State of Ohio, on July 1, 2013. The mission of the TCIC is to advance, encourage, and promote the industrial, economic, commercial, distribution, research and civic development of the City of Twinsburg. The TCIC's basic programs include economic development and community development activities and the City of Twinsburg has designated the TCIC to as its agent for the Community Reinvestment Area and Twinsburg Occupancy programs.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The TCIC accounts for its revenues and related expenses on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. Revenues are reported in the year earned. Costs and expenses are charged against revenues in the year to which the cost is applicable.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board ASC 958, Financial Statements of Not-for-Profit Organizations. Under ASC 958, the TCIC is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. The TCIC does not have any permanently restricted net assets.

Income Tax Status

The TCIC has filed for exemption from Federal income taxes as described under Internal Revenue Code (IRC) 501(c)(3). Therefore, no provision for income tax has been recorded in the accompanying financial statements.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 19: Discretely Presented Component Unit (continued)

Note B. Summary of Significant Accounting Policies (continued)

Accounting principles generally accepted in the United States require management to evaluate tax positions taken by the TCIC and recognize a tax liability (or asset) if the TCIC has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). Management has analyzed the tax positions taken by the TCIC, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The TCIC is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The TCIC's Federal Return of Organization from Income Tax (federal Form 990) for 2014 is subject to examination by the IRS, generally for three years after filing.

Estimates

In preparing financial statements in conformity with GAAP, management must make estimates based on future events that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities as of the date of the financial statements, and the revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the TCIC considers all highly liquid instruments purchased with maturity of three months or less to be cash equivalents.

Receivables

Receivables are stated at the amount management expects to collect from outstanding balances. It is the TCIC's policy to charge off uncollectible receivables when management determines the receivable will not be collected.

Capital Assets

It is the policy of the TCIC to capitalize capital assets if the cost exceeds \$5,000, has a useful life of 3 years and is not considered to be a normal repair or maintenance item.

Expense Allocation

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of management estimates. Administrative expenses include those expenses that are not directly identifiable with any other specific function, but provide for the overall support and direction of the TCIC.

Restricted and Unrestricted Revenue

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence and/or nature of any donor restrictions.

Unless specifically restricted by the donor, all contributions and grants are considered to be available for unrestricted use in the activities of the TCIC.

The Board of Trustees has discretionary control of the unrestricted net assets to use in the activities of the TCIC.

City of Twinsburg, Ohio

Notes to the Basic Financial Statements (continued)

For The Year Ended December 31, 2015

Note 19: Discretely Presented Component Unit (continued)

Note C. Concentration

The TCIC maintains its cash at a local financial institution. The account is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At December 31, 2015, the TCIC's uninsured cash balance totaled \$128,667.

For the year ended December 31, 2015, the TCIC received 89% of its revenue from the City of Twinsburg.

Note D. Temporarily Restricted Net Assets

	<u>2015</u>
Donation from the City of Twinsburg for the purpose of performing actions and responding to land assembly opportunities	\$ <u>300,000</u>
Total Temporarily Restricted Net Assets	\$ <u>300,000</u>

Note E. Subsequent Events

Management has evaluated events subsequent to the date of the financial statements through August 29, 2016, which is the date the financial statements were available to be issued.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

August 29, 2016

City of Twinsburg
Summit County
10075 Ravenna Road
Twinsburg, Ohio 44087

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States’ *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of Twinsburg**, Summit County, (the City) as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements and have issued our report thereon dated August 29, 2016.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City’s internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City’s internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City’s financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

City of Twinsburg, Summit County
Independent Auditor's Report On Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by *Government Auditing Standards*

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
