AUDIT REPORT

FOR THE YEAR ENDED SEPTEMBER 30, 2016

James G. Zupka, CPA, Inc.
Certified Public Accountants

Board of Directors Clermont Metropolitan Housing Authority 65 South Market Street Batavia, Ohio 45103

We have reviewed the *Independent Auditor's Report* of the Clermont Metropolitan Housing Authority, Clermont County, prepared by James G. Zupka, CPA, Inc., for the audit period October 1, 2015 through September 30, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Clermont Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board Clermont Metropolitan Housing Authority Batavia, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on the Financial Statements

We have audited the accompanying financial statements of the Clermont Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Clermont Metropolitan Housing Authority, Ohio, as of September 30, 2016, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedules of Net Pension Liabilities and Pension Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Clermont Metropolitan Housing Authority's basic financial statements. The Statement of Modernization Cost - Completed and the Financial Data Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements.

The Statement of Modernization Cost - Completed, the Financial Data Schedules and the Schedule of Expenditures of Federal Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Modernization Cost - Completed, the Financial Data Schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 1, 2017, on our consideration of the Clermont Metropolitan Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clermont Metropolitan Housing Authority's internal control over financial reporting and compliance.

CLERMONT METROPOLITAN HOUSING AUTHORITY CLERMONT COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE YEAR ENDED SEPTEMBER 30, 2016 (Unaudited)

Throughout this document, references to "we", "our", "Authority" or "us" refer to the Clermont Metropolitan Housing Authority.

Management's Discussion and Analysis

The Clermont Metropolitan Housing Authority's (the Authority) Management's Discussion and Analysis is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's financial position and (d) identify individual fund issues or concerns.

Since the Management Discussion and Analysis (MD&A) is designed to focus on the current year activities, resulting changes and currently known facts, please read it in conjunction with the Authority's financial statements (beginning on page 13).

FINANCIAL HIGHLIGHTS

- The Authority's total assets were \$9,170,973 and \$9,670,638 for 2016 and 2015 respectively. The Authority-wide statements reflect a decrease in total assets of \$499,665 during 2016.
- Revenues increased by \$41,995 (or 1 percent) during 2016, and were \$6,804,861 and \$6,762,866 for 2016 and 2015 respectively.
- The total expenses of all Authority programs increased by \$347,766 or (5 percent). Total expenses were \$7,321,193 and \$6,973,427 for 2016 and 2015 respectively.

CLERMONT METROPOLITAN HOUSING AUTHORITY CLERMONT COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

Using This Annual Report

The report includes three major sections, the "Management's Discussion and Analysis (MD&A)", "Basic Financial Statements", and "Other Required Supplementary Information":

MD&A

- Management Discussion and Analysis

Basic Financial Statements

- Authority-Wide Financial Statements (new) - pgs 13-15

- Notes to Financial Statements (Expanded/Restructured) - pgs 16 - 36

Other Required Supplementary Information

- Required Supplementary Information - pg 38-39 (Other than MD&A) (Expanded)

The primary focus of the Authority's financial statements is on the Authority as a whole (Authority-wide). This allows the user to address relevant questions, broaden a basis for comparison (year to year or Authority to Authority) and enhance the Authority's accountability.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

AUTHORITY-WIDE FINANCIAL STATEMENTS

The Authority-wide financial statements (see pages 13-15) are designed to be corporate-like in that all business type activities are consolidated into columns which add to a total for the entire Authority.

These statements include a <u>Statement of Net Position</u>, which is similar to a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The Statement is presented in the format where assets and deferred outflow of resources, minus liabilities and deferred inflows of resources, equals "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as "Current" (convertible into cash within one year) and "Non-current".

The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Position (formerly equity) are reported in three broad categories:

Net Investment in Capital Assets: This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: Consists of Net Position that do not meet the definition of "Net Investment in Capital Assets," or "Restricted Net Position".

The Authority-wide financial statements also include a <u>Statement of Revenues</u>, <u>Expenses</u>, <u>and Changes in Net Position</u> (similar to an Income Statement). This statement includes Operating Revenues, such as rental income, Operating Expenses, such as administrative, utilities, maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income, and interest expense.

The focus of the Statement of Revenues, Expenses, and Changes in Net Position is the "Change in Net Position", which is similar to Net Income or Loss.

Finally, a <u>Statement of Cash Flows</u> is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities and from capital and related financing activities.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

Fund Financial Statements

The Authority consists of exclusively Enterprise Funds. Enterprise funds utilize the full accrual basis of accounting. The Enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the programs maintained by the Authority are required by the Department of Housing and Urban Development (HUD). Others are segregated to enhance accountability and control.

Authority's Programs

Conventional Public Housing - Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Funds Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Capital Fund Program - The Capital Fund Program provides funds annually, via a formula, to Public Housing Agencies for capital and management activities, including modernization and development housing.

Housing Choice Voucher Program - under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions Funding to enable the Authority to structure a lease that sets the participant's rent at 30 percent of household income.

Rental Assistance Demonstration (RAD) - The Rental Assistance Program was created in order to give public housing authorities a powerful tool to preserve and improve public housing properties. RAD allows public housing agencies to leverage public and private debt and equity in order to reinvest in the public housing stock. In RAD, units move to a Section 8 platform with a long-term contract that, by law, must be renewed. This ensures that the units remain permanently affordable to low-income households. Residents continue to pay 30 percent of their income towards the rent and they maintain the same basic rights as they possess in the public housing program.

Non-HUD/Business Activities Programs - This area encompasses property acquisition, development and management activities of non-federal Business-Type Activities similar to those found it private sector counter-parts. The Authority formed this program in 2014 to begin developing a non-federal affordable housing portfolio aimed to increase housing opportunities for low-income families in its jurisdiction.

TOTAL LIABILITIES, DEFERRED INFLOWS		
OF POSITION AND NET POSITION	<u>\$ 9,463,058</u>	\$ 9,750,314

For more detailed information see Statement of Net Position presented elsewhere in this report.

Major Factors Affecting the Statement of Net Position

During 2016, current and other assets decreased by \$266,391. Expenditures for additions to capital assets from disposition funds greatly contributed to this change. Liabilities increased by \$219,340 primarily due to an increase in the net pension liability, Clermont Metropolitan Housing Authority's calculated share of Ohio PERS unfunded pension liability.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

Capital assets decreased from \$7,207,967 to \$6,974,693. The decrease may be attributed primarily due to depreciation expense vs. capital expenditures.

Change of Restricted and Unrestricted Net Position

Table 2 presents details of the change in Net Position.

Table 2 - Change of Net Position

			Net
			Investment In
	<u>Unrestricted</u>	Restricted	Capital Assets
Beginning Balance - September 30, 2015	\$ 967,323	\$ 657,798	\$7,086,465
Results of Operation	(516,332)	0	0
Current Year Depreciation Expenses (1)	689,320	0	(689,320)
Loss on Capital Assets Disposition (1)	18,296	0	(18,296)
Capital Expenditures (2)	(474,342)	0	474,342
Debt Retired (2)	(7,120)	0	7,120
Change in Restricted Net Position	24,624	(24,624)	0
Ending Balance - September 30, 2016	<u>\$ 701,769</u>	\$ 633,174	\$ 6,860,311

- (1) Depreciation and Loss on Disposition are treated as expenses and reduce the results of operations but does not have an impact on Unrestricted Net Position.
- (2) Capital expenditures and debt retired represent an outflow of unrestricted net position, but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Position provides a clearer change in financial well-being.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

Statement of Revenues, Expenses, and Changes in Net Position

The following table compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in business-type activities.

Change in Net Position	(516,332)	(210,561)
Prior Period Adjustment	0	(452,596)
Net Increase (Decrease)	\$ (516,332)	\$ (663,157)
The increase (Decrease)	$\frac{\psi_{(J10,J32)}}{\psi_{(J10,J32)}}$	ψ (005,157)

MAJOR FACTORS AFFECTING THE STATEMENTS OF REVENUE, EXPENSES AND CHANGES IN NET POSITION

Total revenue increased by \$41,995 in comparison with last year's statements. The increase is due to an increase in Capital Grants due to additional funds drawn down, an increase in Tenant Revenue, and an increase in Operating Subsidies, offset by a reduction in other revenue. Other Revenue in 2015 was unusually high.

Total expenses increased from last year by \$347,766. This increase was due mainly to an increase in administration for expenditures for technology and an increase in maintenance addressing needs of agency properties.

Also, Housing Assistance Payments increased due to an increase in lease up in the Housing Choice Voucher Program.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

CAPITAL ASSETS

As of year end, the Authority had \$6,974,693 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease (current additions less depreciation) of \$233,274 or 3 percent from the end of last year.

Table 4 - Condensed Statement of Changes in Capital Assets

	2016	2015
Land and Land Rights	\$1,931,213	\$1,933,214
Buildings	16,477,061	16,849,281
Leasehold Improvement	523,285	613,599
Equipment	550,791	496,344
Accumulated Depreciation	(12,507,657)	(12,684,471)
Total	<u>\$ 6,974,693</u>	<u>\$ 7,207,967</u>

\$7,207,967
474,342
(18,296)
(689,320)
\$ 6,974,693
(18,

In addition to routine capital improvements funded by Capital Fund Programs grant dollars, the agency also expended nearly \$200,000 from disposition funds to convert community space at Williamsburg Woods to two new dwelling units.

DEBT

In the period the Authority made regular payments on debt taken in 2015 to acquire a rental property in their Business Activities Program. About \$7,000 of the debt was retired leaving an approximate balance of \$114,000.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued) FOR THE YEAR ENDED SEPTEMBER 30, 2016

(Unaudited)

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies and other costs

FINANCIAL CONTACT

The individual to be contacted regarding this report is Timothy Holland, Executive Director of the Clermont Metropolitan Housing Authority, at (513) 732-6010. Specific requests may be submitted to the Clermont Metropolitan Housing Authority at 65 South Market Street, Batavia, Ohio 45103.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of the Clermont Metropolitan Housing Authority (the Authority) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Clermont Metropolitan Housing Authority was created under the Ohio Revised Code, Section 3735.27. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement 14, *the Financial Reporting Entity*, (as amended by GASB Statement No. 61) in that the financial statements include all organizations, activities and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of **a**) the primary government, **b**) organizations for which the primary government is financially accountable, and **c**) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government **a**) is entitled to the organization's resources; **b**) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or **c**) is obligated in some manner for the debt of the organization.

During the year ended September 30, 2016, the Authority created a blended component unit, Birney Lane 52, LLC, to own the Rental Assistance Demonstration (RAD) project as discussed further in Note 1.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Basis of Presentation

The Authority's financial statements consist of a statement of net position, a statement of revenue, expenses and changes in net position, and a statement of cash flows.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the HUD programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary and fiduciary. The Authority uses the proprietary category for its programs.

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities, which are similar to those found in the private sector. The following is the proprietary fund type:

<u>Enterprise Fund</u> - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus/Basis of Accounting

The proprietary funds are accounted for on the accrual basis of accounting. Revenues are recognized in the period earned and expenses are recognized in the period incurred. Pursuant to GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30,1989 FASB and AICPA Pronouncements*, the Authority follows GASB guidance as applicable to enterprise funds.

Description of Programs

The following are the various programs which are included in the single enterprise fund:

Public Housing Program

The public housing program is designed to provide low-cost housing within the Clermont County. Under this program, HUD provides funding via an annual contribution contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

Capital Fund Program

The capital fund program provides funds annually, via a formula, to Public Housing Agencies for capital and management activities, including modernization and development housing.

Housing Choice Voucher Program

The Housing Choice Voucher Program was authorized by Section 8 of the National Housing Act and provides housing assistance payments to private, not-for-profit or public landlords to subsidize rentals for low-income persons.

Non-HUD/Business Activities Programs

This area encompasses property acquisition, development and management activities of non-federal *Business-Type Activities* similar to those found in private sector counter-parts. The Authority formed this program in 2014 to begin developing a non-federal affordable housing portfolio aimed to increase housing opportunities for low-income families in its jurisdiction. This program acquired and operates five single family properties.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Rental Assistance Demonstration (RAD)</u> - The Rental Assistance Program was created in order to give public housing authorities a powerful tool to preserve and improve public housing properties. RAD allows public housing agencies to leverage public and private debt and equity in order to reinvest in the public housing stock. In RAD, units move to a Section 8 platform with a long-term contract that, by law, must be renewed. This ensures that the units remain permanently affordable to low-income households. Residents continue to pay 30 percent of their income towards the rent and they maintain the same basic rights as they possess in the public housing program. The Blended Component Unit, Birney Lane 52, LLC, was created to own the RAD project.

Investments

The provisions of the HUD Regulations restrict investments. Investments are valued at market value. Interest income earned in fiscal year ending September 30, 2016 totaled \$5,735.

Capital Assets

Capital assets are stated at cost. The capitalization policy of the Authority is to depreciate all non-expendable personal property having a useful life of more than one year and purchase price of \$1,000 or more per unit. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Depreciation is computed using the straight-line method over the following estimated useful lives:

Land Improvements	20 years
Buildings	40 years
Building Improvements	15 years
Furniture, Equipment and Machinery	3-10 years
Leasehold Improvements	15 years

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowings used for the acquisition, construction or improvement of those assets. Net position is recorded as restricted when there are limitations imposed on their use by internal or external restrictions.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Operating Revenues and Expenses

Operating revenues and expenses are those revenues that are generated directly from the primary activities of the proprietary fund and expenses incurred for the day to day operation. For the Authority, operating revenues are tenant rent charges, operating subsidy from HUD and other miscellaneous revenue.

Capital Contributions

This represents contributions made available by HUD with respect to all federally aided projects under an annual contribution contract.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less, and nonnegotiable Certificates of Deposits regardless of original maturities.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulations are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absence accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee. (2) It is probable that the employer will compensate the employees for the benefits through paid time off or some other means such as cash payments at termination or retirement.

In the proprietary funds, the compensated absences are expensed when earned with the amount reported as a fund liability.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgetary Accounting

The Authority is required by contractual agreements to adopt annual operating budgets for all its HUD funded programs. The budget for its programs is prepared on a HUD basis, which is materially consistent with accounting principles generally accepted in the United States of America. The Board of Commissioners adopts the budget through passage of a budget resolution.

Accounting and Reporting for Non-Exchange Transactions

The Authority accounts for non-exchange transactions in accordance with Governmental Accounting Standards Board (GASB) Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*. Non-exchange transactions occur when the Authority receives (or gives) value without directly giving (or receiving) equal value in return.

In conformity with the requirements of GASB Statement No. 33, the Authority has recognized grant funds expended for capitalizable capital assets acquired after September 30, 2000 as revenues and the related depreciation thereon, as expenses in the accompanying Combined Statement of Revenue and Expenses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the Authority, deferred outflows of resources are reported on the government-wide statement of net position for pension. The deferred outflows of resources related to pension are explained in Note 6.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Authority, deferred inflows of resources include pension. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 6).

NOTE 2: **DEPOSITS AND INVESTMENTS**

Deposits

State statutes classify monies held by the Authority into three categories.

- 1. Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's treasury, in commercial accounts payable or withdrawal on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.
- 2. Inactive deposits are public deposits that the Authority has identified as not required for use within the current two periods of designation of depositories. Inactive deposits must either be evidenced by certificate of deposits maturing not later than the end of the current period of designation of the depositories, or by savings or deposit accounts including, but not limited to passbook accounts.
- 3. Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificate of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2016 (CONTINUED)

NOTE 2: **DEPOSITS AND INVESTMENTS** (Continued)

Deposits (Continued)

Protection of the Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by collateral held by the Authority or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

At fiscal year-end September 30, 2016, the carrying amount of the Authority's deposits totaled \$2,150,117 and its bank balance was \$2,154,524. Based on the criteria described in GASB Statement No. 40, *Deposit and Investment Risk Disclosure*, as of September 30, 2016, \$923,101 was exposed to custodial risk as discussed below, while \$1,231,423 was covered by the federal Depository Insurance Corporation.

Custodial credit risk is the risk that in the event of bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve in the name of the Authority.

Investments

Clermont Metropolitan Housing Authority had no investments at September 30, 2016.

NOTE 3: RESTRICTED CASH AND CASH EQUIVALENTS

Restricted cash balance as of September 30, 2016 of \$434,245 represents cash on hand for the following:

- Proceeds from the sale of the PHA scattered sites plus interest earned	\$ 53,157
- Tenant Security Deposit	67,217
- Cash on hand advance from HUD to be used for tenants	
housing assistance payments	58,335
- FSS Escrow held for tenants	46,473
- Birney Lane 52 Replacement Reserve	 209,063
Total Restricted Cash	\$ 434,245

NOTE 4: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees and natural disasters. During fiscal year ending September 30, 2016 the Authority maintained comprehensive insurance coverage with private carriers for health, real property, building contents and vehicles. Vehicle policies include liability coverage for bodily injury and property damage.

Settled claims have not exceeded this coverage in any of the last three years. There has been no significant reduction in coverage from last year.

NOTE 5: **CAPITAL ASSETS**

NOTE 6: **DEFINED BENEFIT PENSION PLANS**

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually. Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net* pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual basis of accounting.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED SEPTEMBER 30, 2016 (CONTINUED)

NOTE 6: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans. The Tradition Pension Plan is a cost-sharing multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple employer defined benefit pension plan with defined contribution features. While member (e.g. Authority employees) may elect the member-directed plan and the combined plan, substantially all employees are in OPERS' Traditional Plan; therefore, the following disclosures focuses on the Traditional Pension Plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issued a standalone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements of retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A

Eligible to retire prior to January 7, 2013 or five years after January 7, 2013

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Group B

20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Formula:

22% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Group C

Members not in other Groups and members hired on of after January 7, 2013

State and Local

Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

Formula:

22% of FAS multiplied by years of srvice for the first 35 years and 2.5% for service years in excess of 35

CLERMONT METROPOLITAN HOUSING AUTHORITY CLERMONT COUNTY, OHIO NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED SEPTEMBER 30, 2016 (CONTINUED)

NOTE 6: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirements for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State
2015 Statutory Maximum Contribution Rates:	and Local
Employer	14.0%
Employee	10.0%
2015 Actual Contribution Rates:	
Employer:	
Pension	12.0%
Post-employment Health Care Benefits	2.0%
Total Employer	14.0%
Employee	10.0%

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The Authority's contractually required contribution for the year ended September 30, 2016 was \$73,813.

(CONTINUED)

NOTE 6: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System(OPERS)(Continued)

Pension Liabilities, Pension Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of December 31, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the Authority's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	T raditional Pl an	Combined Plan	Total	
Proportionate Share of the Net Pension Liability/(Asset) - Prior Measurement Pension Proportionate Share of the Net Pension	\$ 517,784	\$ (9,528)	\$ 508,256	
Liability/(Asset) - Current Measurement Pension	<u>740,830</u>	(12,706)	<u>728,124</u>	
Change in Proportionate Share	223,046	(3,178)	219,868	
Proportion of the Net Pension Liability/(Asset)	0.004277%	0.002611%	\$ 110,792	
Pension Expense	\$ 104,093	\$ 6,699		

At September 30, 2016, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Deferred Outflows of Resources	Tra	iditional Plan	 mbined Plan	-	Γotal
Net difference between projected and actual earnings on pension plan investments Authority contributions subsequent to the	\$	217,758	\$ 5,487	\$	223,245
measurement date Total Deferred Outflows of Resources	\$	58,367 276,125	\$ 10,473 15,960	\$	68,840 292,085
Deferred Inflows of Resources Differences between expected and actual experience Changes in Proportion and differences Between Authority contributions	\$	14,315	\$ 5,797	\$	20,112
and proportionate share of contributions Total Deferred Inflows of Resources	\$	1,273 15,588	\$ 355 6,152	\$	1,628 21,740

\$68,840 reported as deferred outflows of resources related to pension resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

CLERMONT METROPOLITAN HOUSING AUTHORITY CLERMONT COUNTY, OHIO NOTES TO THE FINANCIAL STATEMENTS

Year Ending June 30:	
2017	\$ 47,673
2018	51,153
2019	55,971
2020	49,760
2021	(775)
Thereafter	(2,277)
Total	\$ 201,505

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation
Future Salary Increases, including inflation
COLA or Ad Hoc COLA

3 .75 percent
4.25 to 10.05 percent including wage inflation
P re 1/7/2013 retirees: 3 percent, simple;
P ost 1/7/2013 retirees: 3 percent, simple
th rough 2018, then 2.8 percent, simple
8 percent

In dividual Entry Age

Investment Rate of Return Actuarial Cost Method

Mortality rates were based on the RP-2000 Mortality Table projected 20 years using Projections Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

The most recent experience study was completed for the five year period ended December 31, 2010.

NOTE 6: **DEFINED BENEFIT PENSION PLAN** (Continued)

Actuarial Assumptions - OPERS (Continued)

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in four investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, the 115 Health Care Trust portfolio and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan and the VEBA Trust. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The money weighted rate of return, net of investments expense, for the Defined Benefit portfolio is 0.4 percent for 2015.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving the maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2015 and the long-term expected real rates of return:

Wainhard Assumes

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00%	2.31%
Domestic Equities	20.70%	5.84%
Real Estate	10.00%	4.25%
Private Equity	10.00%	9.25%
International Equities	18.30%	7.40%
Other Investements	18.00%	4.59%
Total	100.00%	5.28%

NOTE 6: **DEFINED BENEFIT PENSION PLAN** (Continued)

Actuarial Assumptions - OPERS (Continued)

Discount Rate: The discount rate used to measure the total pension liability was 8 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investment was applied to all period of projected payments to determine the total pension liability.

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Authority's proportionate share of the net pension liability calculated using the current period discount rate assumption of 8 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (7 percent) or one-percentage-point higher (9 percent) than the current rate:

Authority's proportionate share of the	1% Decrease	Discount Rate	1%Increase
net pension liability	(7.00%)	(8.00%)	(9.00%)
Traditional Plan	\$1,180,142	\$ 740,830	\$ 370,415
Combined Plan	(267)	(12,706)	(22,746)

This space intentionally left blank.

NOTE 7: POST-EMPLOYMENT BENEFITS

A. Plan Description

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the Traditional Pension Plan - a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan - a defined contribution plan; and the Combined Plan - a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains two cost-sharing, multiple-employer defined benefit post-employment health care trusts, which fund multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including OPERS sponsored health care coverage.

In order to qualify for health care coverage, age and service retirees under the Traditional Pension and Combined plans must have 20 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45. Please see the Plan Statement in the OPERS 2014 CAFR for details.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml#CAFR, by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 1-800-222-7377.

NOTE 7: **POST-EMPLOYMENT BENEFITS** (Continued)

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care plans.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2015 and 2016, State and Local employers contributed at a rate of 14.0 percent of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

OPERS maintains three health care trusts. The two cost-sharing, multiple-employer trusts, the 401 (h) Health Care Trust and the 115 Health Care Trust, work together to provide health care funding to eligible retirees of the Traditional Pension and Combined plans. The third trust is a Voluntary Employee's Beneficiary Association (VEBA) that provides funding for a Retiree Medical Account for Member-Directed Plan members. Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 2.0 percent during calendar 2015. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2016 remained at 2.0 percent for both plans. The Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited to the VEBA for participants in the Member-Directed Plan for 2015 was 4.5 percentage. The portion of actual Authority contributions for the year ended September 30, 2016, 2015, and 2014, which were used by OPERS to fund post-employment benefits were \$14,913 \$12,592, and \$11,802, respectively.

NOTE 8: SUMMARY OF CHANGES IN LONG-TERM LIABILITIES

The following summarizes changes in long-term liabilities for the period ended September 30, 2016:

	В	alance at				Balance at	Am	ounts Due
Description	_ 9	/30/2015	Addi	tions	Deletions	09/30/2016	In	One Year
Loan Payable	\$	121,502	\$	0	\$ (7,120)	\$ 114,382	\$	7,296
Net Pension Liability		517,784	223	3,046	0	740,830		0
Compensated Absences		124,628	64	4,636	(63,391)	125,873		105,066
FSS Escrows	<u></u>	78,935		2,680	(35,142)	46,473		0
	\$	842,849	\$ 290	0,362	\$(105,653)	\$1,027,558	\$	112,362

NOTE 9: LONG-TERM DEBT

The Authority is obligated on a promissory note to the Park National Bank which matures in March of 2030. Proceeds were used to acquire property at 250 Spring Street. The date of the loan was March 31, 2015 for the amount of \$125,000. The rate on the loan is 2 percent above being paid by the bank on the Certificate of Deposit that secures the debt, initially 2.3 percent. The debt agreement calls for monthly installments of \$823.74.

Debt maturities for the period after September 30, 2016 are estimated as follows:

Year Ended			
June 30	Principal	Interest	Total
2017	\$ 7,296	\$ 2,589	\$ 9,885
2018	7,468	2,417	9,885
2019	7,644	2,241	9,885
2020			
	7,818	2,067	9,885
2021	8,008	1,877	9,885
2022-2026	42,958	6,467	49,425
2027-2030	33,190	1,405	34,595
Total	<u>\$ 114,382</u>	\$ 19,063	\$ 133,445

NOTE 10: **COMPENSATED ABSENCES**

Employees earn 2-5 weeks of annual vacation leave per calendar year, based on years of service. Annual leave may be taken after 1 year of employment. As of September 30, 2016, the accrual for compensated absences (including sick leave) totaled \$125,873.

NOTE 11: LOAN BETWEEN CLERMONT MHA AND THE COMPONENT UNIT

Related to the activities of the RAD conversion, Clermont MHA loaned Birney Lane 52, LLC (the Component Unit) \$416,452. The rate on the loan is 1 percent and repayment of principal and interest is based on cash flows generated by the project. The full unpaid portion of the note is due on the maturity date, December 31, 2046. The note is secured by real property conveyed to the Component Unit upon conversion. The balance outstanding at September 30, 2016 is \$416,452. Repayment of principal and interest cannot be projected because repayment is determined by future cash flows to be realized. These intercompany balances are eliminated from the consolidated financial statements.

NOTE 12: **RESTRICTED NET POSITION**

A summary of Restricted Net Position at September 30, 2016 is as follows:

-	Cash on hand advanced from HUD to be used for tenants housing assistance payments	\$ 58,335
-	Cash on hand that represent proceeds from the sale of PHA scattered sites plus interest	53,157
-	Proceeds from the sale of PHA scattered sites in the form of an inter-company receivable balance from the Agency's Business Activities	312,619
-	Birney Lane 52 Replacement Reserve	 209,063
	Total Restricted Net Position	\$ 633,174

NOTE 13: CONTINGENCIES

Grants

Amounts grantor agencies pay to the Authority are subject to audit and adjustments by the grantor, principally the federal government. Grantors may require refunding any disallowed costs or excess reserve balances. Management cannot presently determine amounts grantors may disallow or recapture. However, based on prior experience, management believes any such disallowed claims or recaptured amounts would not have a material adverse effect on the overall financial position of the Authority at September 30, 2016.

Litigations and Claims

In the normal course of operations the PHA may be subject to litigations and claims. At September 30, 2016 the PHA was not aware of any such matters.

NOTE 14: <u>LOW RENT PUBLIC HOUSING DISPOSITION FUNDS (LRPH) REPAYMENT</u> AGREEMENT

In September, 2014, Clermont Metropolitan Housing Authority executed a Repayment Agreement with the U.S. Department of Housing and Urban Development to reimburse its LRPH Disposition Funds from non-federal funds in the amount of \$367,787. A summary of changes in this inter-program balances in the period is below:

 Balance at September 30, 2015
 \$331,009

 Payment made in Period
 (18,390)

 Balance at September 30, 2016
 \$312,619

NOTE 15: NOTE TO SCHEDULE OF FEDERAL AWARDS EXPENDITURES

The accompanying Schedule of Federal Awards expenditures is a summary of the activity of the Authority's federal awards programs. The schedule has been prepared on the accrual basis of accounting. The Agency makes no use of the 10% de miminis cost rate.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the Board Clermont Metropolitan Housing Authority Batavia, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the Clermont Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 1, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clermont Metropolitan Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clermont Metropolitan Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clermont Metropolitan Housing Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Clermont Metropolitan Housing Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clermont Metropolitan Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clermont Metropolitan Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clermont Metropolitan Housing Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Board Clermont Metropolitan Housing Authority Batavia, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on Compliance for Each Major Federal Program

We have audited the Clermont Metropolitan Housing Authority, Ohio's (the Authority) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on the Clermont Metropolitan Housing Authority's major federal program for the year ended September 30, 2016. The Clermont Metropolitan Housing Authority's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Clermont Metropolitan Housing Authority's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Clermont Metropolitan Housing Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Clermont Metropolitan Housing Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Clermont Metropolitan Housing Authority, Ohio, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended September 30, 2016.

Report on Internal Control over Compliance

Management of the Clermont Metropolitan Housing Authority, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Clermont Metropolitan Housing Authority's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Clermont Metropolitan Housing Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
