Board of Directors  
Lawrence County Transportation Improvement District  
111 South Fourth Street  
Ironton, Ohio 45638

We have reviewed the *Independent Auditor's Report* of the Lawrence County Transportation Improvement District, Lawrence County, prepared by Millhuff-Stang, CPA, Inc., for the audit period January 1, 2018 through December 31, 2018. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Lawrence County Transportation Improvement District is responsible for compliance with these laws and regulations.

**Independent Auditor's Report**

Board of Directors  
Lawrence County Transportation Improvement District  
111 South 4th Street  
Ironton, Ohio 45638

**Report on the Financial Statements**

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of the Lawrence County Transportation Improvement District, Lawrence County, Ohio (the District), a component unit of Lawrence County, as of and for the year ended December 31, 2018.

***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the District prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the District does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

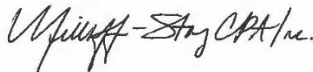

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of December 31, 2018, and the respective changes in financial position thereof for the year then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of the Lawrence County Transportation Improvement District, Lawrence County, as of December 31, 2018, for the year then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 1.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**Note 1 – Summary of Significant Accounting Policies**

**Description of the Entity**

The Lawrence County Transportation Improvement District, Lawrence County, Ohio (the District) is a body corporate and politic established to plan, construct and improve highways, roads, bridges, interchanges and accompanying capital improvements and developments throughout Lawrence County. The District was formed under Ohio Revised Code Chapter 5540.02, by action of the Board of Lawrence County Commissioners on March 3, 2011.

The resolution to create the District states the Board shall consist of seven members. The members shall be appointed as follows: five (5) members shall be appointed by the County Commissioners; one (1) nonvoting member appointed by the Speaker of the Ohio House of Representatives of the general assembly; and one (1) nonvoting member appointed by the President of the Senate of the general assembly.

The Board of Directors appoints a Chairperson, who presides at all meetings and is the chief officer of the District. She has the authority to sign all contracts, releases, notes, bonds and other instruments and documents to be executed on behalf of the District. She is the chief officer of the District for the purpose of civil process and is authorized to accept such services on behalf of the District. She performs such other duties and has such authority as may be provided from time to time by the Board.

The District is a discretely presented component unit in Lawrence County's Annual Financial Report, as defined by the provisions of GASB Statements No. 14, 39 and 61. The Lawrence County Auditor acts as fiscal agent for the District and the Lawrence County Treasurer acts as custodian of all funds. The District's management believes these financial statements present all activities for which the District is financial accountable.

**Basis of Presentation**

The District's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types.

**Basis of Accounting**

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). The basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

**Fund Accounting**

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies all its funds into the following types:

*General Fund*

The General Fund reports all financial resources except those required to be accounted for in another fund.

*Special Revenue Fund*

These funds account for proceeds from specific sources (other than those from private-purpose trusts or for capital projects) that are restricted to expenditure for specific purposes. The District had the following Special Revenue Fund:

*Special Revenue Fund* – This fund accounts for grant funds from the Ohio Department of Transportation that are restricted for use.

**Lawrence County Transportation Improvement District**

**Lawrence County**

*Notes to the Financial Statements  
For the Year Ended December 31, 2018*

---

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Deposits and Investments**

The District's assets are held in Lawrence County's cash and investment pool and are valued at the County Treasurer's reported carrying value. All risks associated with deposits are investments held at the Treasurer's office are the responsibility of Lawrence County.

**Fund Balance**

The fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental fund resources. The classifications are as follows:

*Nonspendable*

The District classifies assets as nonspendable when legally or contractually required to maintain the amounts intact.

*Restricted*

Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

*Committed*

The Board can commit amounts via formal action (resolution). The District must adhere to these commitments unless the Board amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

*Assigned*

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. Governmental funds other than the general fund report all fund balances as assigned unless they are restricted or committed. In the general fund, assigned amounts represent intended uses established by the Board or a District official delegated that authority by resolution, or by State statute.

*Unassigned*

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Property, Plant, and Equipment**

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

**Lawrence County Transportation Improvement District**

**Lawrence County**

*Notes to the Financial Statements  
For the Year Ended December 31, 2018*

---

**Note 2 – Equity in Pooled Cash**

The District’s fiscal agent, Lawrence County, is the custodian for the District’s cash. The District’s assets are held in the County’s cash and investment pool, and are valued at the County Treasurer’s reported carrying amount of \$233,996. The Ohio Revised Code prescribes allowable deposits and investments.

*Deposits:* The County is responsible for maintaining adequate depository collateral for all funds in the County’s deposit and investment pool. All risks associated with the above deposits are the responsibility of the County.

**Note 3 – Debt**

In 2017, Lawrence County provided an interest-free advance to the District in the amount of \$250,000 in anticipation of grant revenue. The District has not yet repaid this advance, but does intend to repay this advance in 2019.

**Note 4 - Risk Management**

The District is exposed to various risks of loss related to torts, theft or damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters. During 2018, the District was covered through Lawrence County who contracted with the Ohio Plan for liability insurance.

Coverages provided by the program are as follows:

	Aggregate	Each Occurrence
General Liability	\$3,000,000	\$1,000,000

Settled claims have not exceeded this commercial coverage in any of the past years. There has not been a significant change in coverage from the prior year.

**Note 5 – Contingent Liabilities**

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor, principally the federal government. Grants may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

**Note 6 – Related Party Transaction**

During fiscal year 2018, Lawrence County provided \$15,621 in matching funds to the District so these monies were treated as intergovernmental receipts in the accompanying financial statements.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards***

**Independent Auditor's Report**

Board of Directors  
Lawrence County Transportation Improvement District  
111 South 4th Street  
Ironton, Ohio 45638

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Lawrence County Transportation Improvement District, Lawrence County (the District) as of and for the year ended December 31, 2018, and the related notes to the financial statements and have issued our report thereon dated June 18, 2019, wherein we noted the District followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

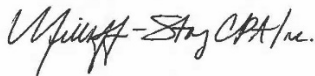

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
