INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Scipio Township
Seneca County
306 West Jefferson Street
P.O. Box 249
Republic, Ohio 44867-0249

We have performed the procedures enumerated below, which were agreed to by the Board of Trustees and the management of Scipio Township, Seneca County, Ohio (the Township), on the receipts, disbursements and balances recorded in the Township's cash basis accounting records for the years ended December 31, 2018 and 2017 and certain compliance requirements related to those transactions and balances, included in the information provided to us by the management of the Township. The Township is responsible for the receipts, disbursements and balances recorded in the cash basis accounting records for the years ended December 31, 2018 and 2017 and certain compliance requirements related to these transactions and balances included in the information provided to us by the Township. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

This report only describes exceptions exceeding \$10.

Cash and Investments

1. We recalculated the December 31, 2018 and December 31, 2017 bank reconciliations. We found no exceptions.
2. We agreed the January 1, 2017 beginning fund balances recorded in the Fund Ledger Report to the December 31, 2016 balances in the prior year audited statements. We found no exceptions. We also agreed the January 1, 2018 beginning fund balances recorded in the Fund Ledger Report to the December 31, 2017 balances in the Fund Ledger Report. We found no exceptions.
3. We agreed the totals per the bank reconciliations to the total of the December 31, 2018 and 2017 fund cash balances reported in the Fund Status Report. The amounts agreed.
4. We confirmed the December 31, 2018 bank account balances with the Township's financial institution. We found no exceptions. We also agreed the confirmed balances to the amounts appearing in the December 31, 2018 bank reconciliation without exception.
5. We selected a sample (agreed upon) of five reconciling debits (such as outstanding checks) from the December 31, 2018 bank reconciliation:
 - a. We traced each debit to the subsequent January bank statement. We found no exceptions.
 - b. We traced the amounts and dates to the check register, to determine the debits were dated prior to December 31. There were no exceptions.

6. We inspected investments held at December 31, 2018 and December 31, 2017 to determine that they:
 - a. Were of a type authorized by Ohio Rev. Code Sections 135.13, 135.14 or 135.144. We found no exceptions.
 - b. Mature within the prescribed time limits noted in Ohio Rev. Code Section 135.13 or 135.14. We noted no exceptions.

Property Taxes and Intergovernmental Cash Receipts

1. We selected a property tax receipt from one *Statement of Semiannual Apportionment of Taxes* (the Statement) for 2018 and one from 2017:
 - a. We traced the gross receipts from the *Statement* to the amount recorded in the Receipt Register Report. The amounts agreed.
 - b. We inspected the Receipt Register Report to confirm the receipt was allocated to the proper funds as required by Ohio Rev. Code Sections 5705.05-.06 and 5705.10. We found no exceptions.
 - c. We inspected the Receipt Register Report to confirm whether the receipt was recorded in the proper year. The receipt was recorded in the proper year.
2. We inspected the Receipt Register Report to determine whether it included two real estate tax receipts for 2018 and 2017. The Receipt Register Report included the proper number of tax receipts for each year.
3. We selected all receipts from the State Distribution Transaction Lists (DTL) from 2018 and a sample (agreed upon) of five receipts from 2017. We also selected a sample (agreed upon) of five receipts from the County Auditor's Audit Trail by Vendor Report from 2018 and five from 2017.
 - a. We compared the amount from the above reports to the amount recorded in the Receipt Register Report. The amounts agreed.
 - b. We inspected the Receipt Register Report to determine that these receipts were allocated to the proper funds. We found no exceptions.
 - c. We inspected the Receipt Register Report to determine whether the receipts were recorded in the proper year. We found no exceptions.

Debt

1. From the prior audit documentation, we observed the following note and lease were outstanding as of December 31, 2016. These amounts agreed to the Townships January 1, 2017 balances on the summary we used in procedure 3.

Issue	Principal outstanding as of December 31, 2016:
Turnout Gear Note	\$8,628
Dump Truck Lease	99,325

2. We inquired of management, and inspected the Receipt Register Report and Payment Register Detail Report for evidence of debt issued during 2018 or 2017 or debt payment activity during 2018 or 2017. All debt agreed to the summary we used in procedure 3.

3. We obtained a summary of notes and lease debt activity for 2018 and 2017 and agreed principal and interest payments from the related debt amortization schedules to Road and Bridge and Fire District funds payments reported in the Payment Register Detail Report. We also compared the date the debt service payments were due to the date the Township made the payments. We noted one payment made in 2018 for the Turnout Gear Note from the Fire District fund was recorded as capital outlay instead of debt service, with principle retirement and interest charges separated. In order to help ensure proper monitoring, accurate recording, and reporting of all debt activity, the Fiscal Officer should review debt payments and ensure they are recorded in the proper accounts.

During 2018 and 2017, the Township made principal payments on bank notes. This type of debt is not authorized in Ohio Rev. Code Chapter 133. The Township has no statutory authority to incur debt through either installment loans or promissory notes with any banking institutions. Without a statutory provision authorizing this method of incurring debt, the Township was not permitted to use such a method. Inadequate policies and procedures related to debt issuance can result in illegal expenditures by the Township. The Township should consult with legal counsel before incurring debt to determine if the debt is authorized by statute.

4. We attempted to agree the amount of debt proceeds from the debt documents to amounts recorded in the accounting system. During 2017, the Township did not record note proceeds from a Fire Truck Note in the Receipt Register Report as the bank made an on behalf of payment for the fire truck purchase. In order to properly record the benefit received from on behalf transactions, receipts and disbursements in the amount of \$208,550 should have been recorded in the Fire District fund. There is no effect on ending fund balances, so no adjustments to the accounting system are necessary.
5. For new debt issued during 2018 and 2017, we inspected the debt legislation, which stated the Township must use the note proceeds to purchase a fire truck. We inspected the Payment Register Detail Report and observed that the Township purchased a fire truck during 2017, but the on behalf disbursement was never recorded on the Township's Payment Register Detail Report. The bank paid the vendor \$208,550 directly for the fire truck in the total amount of the notes. The Fiscal Officer should review on behalf transactions and ensure recorded in proper funds and accounts.

Payroll Cash Disbursements

1. We selected one payroll check for five employees from 2018 and one payroll check for five employees from 2017 from the Wage Detail Report and:
 - a. We compared the hours and pay rate, or salary recorded in the Wage Detail Report to supporting documentation (timecard, legislatively or statutorily-approved rate or salary). We found no exceptions.
 - b. We inspected the fund and account codes to which the check was posted to determine the posting was reasonable based on the employees' duties as documented in the minute record. We also confirmed the payment was posted to the proper year. We found no exceptions.
2. For any new employees selected in procedure 1 we inspected the employees' personnel files and minute record for the following information and compared it with the information used to compute gross and net pay related to this check:
 - a. Name
 - b. Authorized salary or pay rate
 - c. Departments and funds to which the check should be charged

- d. Retirement system participation and payroll withholding
- e. Federal, State and Local income tax withholding authorization and withholding
- f. Any other deduction authorizations (deferred compensation, etc.)

We found no exceptions related to procedures a. – f. above.

3. We inspected the last remittance of tax and retirement withholdings for the year ended December 31, 2018 to confirm remittances were timely paid, and if the amounts paid agreed to the amounts withheld, plus the employer's share where applicable, during the final withholding period of 2018. We observed the following:

Withholding (plus employer share, where applicable)	Date Due	Date Paid	Amount Due	Amount Paid
Federal income taxes and Medicare (and social security, for employees not enrolled in pension system)	January 31, 2019	December 31, 2018	\$5,077	\$5,077
State income taxes	January 31, 2019	January 22, 2019	715	715
School district tax	January 31, 2019	January 22, 2019	407	407
OPERS retirement	January 30, 2019	January 3, 2019	2,613	2,613

4. We inquired of management and inspected the Payment Register Detail Report for the years ended December 31, 2018 and 2017 to determine if Township employees and/or trustees were reimbursed for out-of-pocket insurance premiums. No such reimbursements occurred.

Non-Payroll Cash Disbursements

We selected a sample (agreed upon) of ten disbursements from the Payment Register Detail Report for the year ended December 31, 2018 and ten from the year ended December 31, 2017 and determined whether:

- a. The disbursements were for a proper public purpose. We noted the expenditures were for a proper public purpose, however Karen Aichholz, in her capacity as a Fiscal Officer of the Township, authorized an expenditure to Aichholz Service Station totaling \$1,356 in 2017. Aichholz Service Station is owned by Karen Aichholz's husband. Ohio Rev. Code Section 102.03 (D) provides that "no public official or employee shall use or authorize the use of the authority or influence of office or employment to secure anything of value or the promise or offer of anything of value that is of such a character as to manifest a substantial and improper influence upon the public official or employee with respect to that person's duties." Ohio Rev. Code Section 2921.42(A)(1) provides that "no public official shall knowingly authorize or employ the authority or influence of the public official's office to secure authorization of any public contract in which the public official, a member of the public official's family, or any of the public official's business associates has an interest." Ohio Rev. Code § 2921.42(H) provides that "any public contract in which a public official, a member of the public official's family, or any of the public official's business associates has an interest in violation of this section is void and unenforceable." Ohio Rev. Code Section 2921.42(A)(3) provides that "a public official, during his or her term of office or within one year thereafter, shall not knowingly occupy any position of profit in the prosecution of a public contract which was authorized by the public official or by a legislative body, commission, or board of which the public official was a member

- at the time of the authorization. This prohibition does not apply where the contract has been competitively bid. Public employment constitutes a public contract for these purposes." Ohio Rev. Code Section 2921.42(A)(4) provides that "no public official shall knowingly have an interest in the profits or benefits of a public contract entered into by or for the use of the political subdivision or governmental agency or instrumentality with which the public official is connected." The Township, with the help of its legal counsel, should review the requirements of Ohio Revised Code Section 2921.42 to ensure that public officials are transacting Township business in accordance with Ohio Ethics Law. This matter will be referred to the Ohio Ethics Commission.
- b. The check number, date, payee name and amount recorded on the returned, canceled check agreed to the check number, date, payee name and amount recorded in the Payment Register Detail Report and to the names and amounts on the supporting invoices. We found no exceptions.
 - c. The payment was posted to a fund consistent with the restricted purpose for which the fund's cash can be used. We found no exceptions.
 - d. The fiscal officer certified disbursements requiring certification or issued a *Then and Now Certificate*, as required by Ohio Rev. Code Section 5705.41(D). We found no exceptions.

Compliance – Budgetary

1. We compared the total estimated receipts from the *Amended Official Certificate of Estimated Resources*, required by Ohio Rev. Code Section 5705.36(A)(1), to the amounts recorded in the Revenue Status Report for the General, Gasoline Tax, and Road and Bridge funds for the years ended December 31, 2018 and 2017. The amounts on the *Certificate* agreed to the amount recorded in the accounting system, except for the General Fund. The Revenue Status Report recorded budgeted (i.e. certified) resources for the General fund of \$84,310 for 2018. However, the final *Amended Official Certificate of Estimated Resources* reflected \$81,310. The Fiscal Officer should periodically compare amounts recorded in the Revenue Status Report to amounts recorded on the *Amended Official Certificate of Estimated Resources* to assure they agree. If the amounts do not agree, the Trustees may be using inaccurate information for budgeting and monitoring purposes.
2. We inspected the appropriation measures adopted for 2018 and 2017 to determine whether, for the General, Gasoline Tax, and Road and Bridge funds, the Trustees appropriated separately for "each office, department, and division, and within each, the amount appropriated for personal services," as is required by Ohio Rev. Code Section 5705.38(C). We found no exceptions.
3. We compared total appropriations required by Ohio Rev. Code Sections 5705.38 and 5705.40, to the amounts recorded in the Appropriation Status Report for 2018 and 2017 for the following funds: General, Gasoline Tax, and Road and Bridge. The amounts on the appropriation resolutions agreed to the amounts recorded in the Appropriation Status Report.
4. Ohio Rev. Code Sections 5705.36(A)(5) and 5705.39 prohibits appropriations from exceeding the certified resources. We compared total appropriations to total certified resources for the General, Gasoline Tax, and Road and Bridge funds for the years ended December 31, 2018 and 2017. There were no funds for which appropriations exceeded certified resources.
5. Ohio Rev. Code Section 5705.41(B) prohibits expenditures (disbursements plus certified commitments) from exceeding appropriations. We compared total expenditures to total appropriations for the years ended December 31, 2018 and 2017 for the General, Gasoline Tax, and Road and Bridge funds, as recorded in the Appropriation Status Report. There were no funds for which expenditures exceeded appropriations.

6. Ohio Rev. Code Section 5705.09 requires establishing separate funds to segregate externally-restricted resources. We inspected the Receipt Register Report for evidence of new restricted receipts requiring a new fund during December 31, 2018 and 2017. We also inquired of management regarding whether the Township received new restricted receipts. We observed no evidence of new restricted receipts for which Ohio Rev. Code Section 5705.09 would require the Township to establish a new fund.
7. For funds existing in prior years, we inspected the fund activity to determine whether the fund is still being used for the statutorily approved purpose and that all the required funds were established. All the required funds were established and no funds for which the statutorily approved purpose was no longer valid were included on the accounting records.
8. We inspected the Appropriation Ledger Report for the Cemetery Bequest fund. Not more than 5% of non-spendable monies were released, spent, or otherwise modified during the engagement period.
9. We inspected the 2018 and 2017 Revenue Status Reports and Appropriation Status Reports for evidence of interfund transfers which Ohio Rev. Code Sections 5705.14 - .16 restrict. We found no evidence of transfers these Sections prohibit, or for which Section 5705.16 would require approval by the Tax Commissioner (effective after June 30, 2017) or Court of Common Pleas (effective through June 30, 2017).
10. We inquired of management and inspected the Appropriation Status Reports to determine whether the Township elected to establish reserve accounts permitted by Ohio Rev. Code Section 5705.13. The Township did not establish these reserves.

We inquired of management and inspected the Appropriation Status Reports to determine whether the Township elected to establish a contingency, not designated for any particular purpose (contingency reserve balance - spending reserve) permitted by Ohio Rev. Code Section 5705.29(A)(1). The Township did not establish these reserves.

11. We inspected the Cash Summary by Fund Report for the years ended December 31, 2018 and 2017 for negative cash fund balances. Ohio Rev. Code Section 5705.10 (l) provides that money paid into a fund must be used for the purposes for which such fund is established. As a result, a negative fund cash balance indicates that money from one fund was used to cover the expenses of another. No funds had a negative cash fund balances.

Compliance – Contracts and Expenditures

We inquired of management and inspected the Payment Register Detail Report for the years ended December 31, 2018 and 2017 to determine if the Township proceeded by force account (i.e. used its own employees) to maintain or repair roads (cost of project \$15,000-\$45,000) or to construct or reconstruct township roads (cost of project \$5,000-\$15,000/per mile) for which Ohio Rev. Code Section 5575.01 requires the county engineer to complete a force account project assessment form (i.e., cost estimate). We identified no projects requiring the county engineer to complete a force account cost estimate.

Other Compliance

1. Ohio Rev. Code Section 117.38 requires townships to file their financial information in the HINKLE system within 60 days after the close of the fiscal year. This statute also permits the Auditor of State to extend the deadline for filing a financial report and establish terms and conditions for any

such extension. Auditor of State established policies regarding the filing of complete financial statements, as defined in AOS Bulletin 2015-007 in the Hinkle System. We confirmed the Township filed their complete financial statements, as defined by AOS Bulletin 2015-007 and Auditor of State established policy, within the allotted timeframe for the years ended December 31, 2018 and 2017 in the Hinkle system. There were no exceptions.

2. For all credit card accounts we obtained:

- copies of existing internal control policies,
- a list of all credit card account transactions.

We selected 3 credit card transactions for testing. For selected transactions we inspected documentation to determine that each transaction was supported with original invoices and for a proper public purpose. We found no exceptions.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants attestation standards and applicable attestation engagement standards included in the Comptroller General of the United States' *Government Auditing Standards*. We were not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Township's receipts, disbursements, balances and compliance with certain laws and regulations. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is to provide assistance in the evaluation of the Township's receipts, disbursements and balances recorded in their cash-basis accounting records for the years ended December 31, 2018 and 2017, and certain compliance requirements related to these transactions and balances and is not suitable for any other purpose.
