INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Village of Gloria Glens Park
Medina County
7966 Lake Road
P.O. Box 457
Chippewa Lake, Ohio 44215

We have performed the procedures enumerated below, which were agreed to by the Village Council, Mayor and the management of the Village of Gloria Glens Park, Medina County, Ohio, (the Village), on the receipts, disbursements and balances recorded in the Village's cash basis accounting records for the years ended December 31, 2018 and 2017 and certain compliance requirements related to those transactions and balances, included in the information provided to us by the management of the Village. The Village is responsible for the receipts, disbursements and balances recorded in the cash basis accounting records for the years ended December 31, 2018 and 2017 and certain compliance requirements related to these transactions and balances included in the information provided to us by the Village. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

This report only describes exceptions exceeding \$10.

Cash

1. We recalculated the December 31, 2018 and December 31, 2017 bank reconciliations. We found no exceptions.
2. We agreed the January 1, 2017 beginning fund balances recorded in the Fund Ledger Report to the December 31, 2016 balances in the prior year documentation in the prior year agreed-upon procedures working papers. We found no exceptions. We also agreed the January 1, 2018 beginning fund balances recorded in the Fund Ledger Report to the December 31, 2017 balances in the Fund Ledger Report. We found no exceptions.
3. We agreed the totals per the bank reconciliations to the total of the December 31, 2018 and 2017 fund cash balances reported in the Fund Status Report. The amounts agreed.
4. We observed the year-end bank balances on the financial institution's website. The balances agreed. We also agreed the confirmed balances to the amounts appearing in the December 31, 2018 bank reconciliation without exception.
5. We selected a sample (agreed upon) of five reconciling debits (such as outstanding checks) from the December 31, 2018 bank reconciliation:
 - a. We traced each debit to the subsequent January bank statement. We found no exceptions.
 - b. We traced the amounts and dates to the check register, to determine the debits were dated prior to December 31. There were no exceptions.

Property Taxes, Intergovernmental and Other Confirmable Cash Receipts

1. We selected a property tax receipt from one *Statement of Semiannual Apportionment of Taxes* (the Statement) for 2018 and one from 2017:
 - a. We traced the gross receipts from the *Statement* to the amount recorded in the Receipt Export Report. We also traced the advances noted on the Statement to the Receipt Export Report. The Village incorrectly recorded deductions on advances, resulting in revenue and expenses being overstated in the General Fund, Police Fund, and Fire Fund by \$1,482, \$513, and \$330, respectively, in 2018. Because we did not inspect all receipts, our report provides no assurance whether or not additional similar errors occurred.
 - b. We inspected the Receipt Export Report to confirm the receipt was allocated to the proper funds as required by Ohio Rev. Code Sections 5705.05-.06 and 5705.10. We found no exceptions.
 - c. We inspected the Receipt Export Report to confirm whether the receipt was recorded in the proper year. The receipt was recorded in the proper year.
2. We inspected the Receipt Export Report to determine whether it included two real estate tax receipts plus seven advances for 2018 and two real estate tax receipts for 2017. The Receipt Export Report included the proper number of tax receipts for each year.
3. We selected a sample (agreed upon) of five receipts from the State Distribution Transaction Lists (DTL) from 2018 and five from 2017.
 - a. We compared the amount from the above report to the amount recorded in the Receipt Export Report. The amounts agreed.
 - b. We inspected the Receipt Export Report to determine that these receipts were allocated to the proper funds. The Village incorrectly recorded Homestead and Rollback revenue in the General Fund, resulting in revenue being overstated in the General Fund by \$2,143, and understated by \$1,875 and \$268 for the Police Fund, and Fire Fund in 2018. The Village should allocate Homestead and Rollback revenue to the General Fund, Police Fund, and Fire Fund based on the settlement sheets received from Medina County. The Village subsequently adjusted the fund balances for the above mispostings. Because we did not inspect all receipts, our report provides no assurance whether or not additional similar errors occurred.
 - c. We inspected the Receipt Export Report to determine whether the receipts were recorded in the proper year. We found no exceptions.
4. We confirmed the amounts paid from Medina County for Local Government distributions and Motor Vehicle License Registration distributions to the Village during 2018 and 2017. We found no exceptions.
 - a. We inspected the Receipt Export Report to determine whether these receipts were allocated to the proper funds. We found no exceptions.
 - b. We inspected the Receipt Export Report to determine whether the receipts were recorded in the proper year. We found no exceptions.

Debt

1. The prior agreed-upon procedures documentation disclosed no debt outstanding as of December 31, 2016.
2. We inquired of management, and inspected the Receipt Register Report and Payment Register Detail Report for evidence of debt issued during 2018 or 2017 or debt payment activity during 2018 or 2017. There were no new debt issuances, nor any debt payment activity during 2018 or 2017.

Payroll Cash Disbursements

1. We selected one payroll check for five employees from 2018 and one payroll check for five employees from 2017 from the Wage Detail Report and:
 - a. We compared the hours and pay rate, or salary recorded in the Wage Detail Report to supporting documentation (timecard, legislatively or statutorily-approved rate or salary). We found no exceptions.
 - b. We inspected the fund and account codes to which the check was posted to determine the posting was reasonable based on the employees' title and duties as documented in the employees' personnel files and minute record. We also confirmed the payment was posted to the proper year. We found no exceptions.

2. For any new employees selected in procedure 1 we inspected the employees' personnel files and minute record for the following information and compared it with the information used to compute gross and net pay related to this check:
 - a. Name
 - b. Authorized salary or pay rate
 - c. Departments and funds to which the check should be charged
 - d. Retirement system participation and payroll withholding
 - e. Federal, State & Local income tax withholding authorization and withholding

We found no exceptions related to procedures a. – e. above.

3. We inspected the last remittance of tax and retirement withholdings for the year ended December 31, 2018 to confirm remittances were timely paid, and if the amounts paid agreed to the amounts withheld, plus the employer's share where applicable, during the final withholding period during 2018. We observed the following:

Withholding (plus employer share, where applicable)	<u>Date Due</u>	<u>Date Paid</u>	<u>Amount Due</u>	<u>Amount Paid</u>
Federal income taxes & Medicare (and social security, for employees not enrolled in pension system)	January 31, 2019	December 31, 2018	\$161.50	\$161.50
State income taxes	January 15, 2019	December 31, 2018	209.50	209.50
OPERS retirement	January 30, 2019	December 28, 2018	624.00	624.00

Non-Payroll Cash Disbursements

1. We selected a sample (agreed upon) of 10 disbursements from the Payment Register Detail Report for the year ended December 31, 2018 and 10 from the year ended December 31, 2017 and determined whether:
 - a. The disbursements were for a proper public purpose. We found no exceptions.
 - b. The check number, date, payee name and amount recorded on the returned, canceled check agreed to the check number, date, payee name and amount recorded in the Payment Register Detail Report and to the names and amounts on the supporting invoices. We found no exceptions.

Non-Payroll Cash Disbursements (Continued)

- c. The payment was posted to a fund consistent with the restricted purpose for which the fund's cash can be used. We found one instance in 2018 where \$70 was incorrectly posted to the police fund instead of the fire fund. The Village should allocate expenses to the respective funds based on the details of the invoices. Because we did not inspect all disbursements, our report provides no assurance whether or not additional similar errors occurred.
- d. The fiscal officer certified disbursements requiring certification or issued a *Then and Now Certificate*, as required by Ohio Rev. Code Section 5705.41(D). We found one instance in 2018 and two instances in 2017 where the certification date was after the vendor invoice date, and there was also no evidence that a *Then and Now Certificate* was issued. Ohio Rev. Code Section 5705.41(D) requires certifying at the time of a commitment, which should be on or before the invoice date, unless a *Then and Now Certificate* is used. Because we did not inspect all disbursements requiring certification, our report provides no assurance whether or not additional similar errors occurred.

Compliance – Budgetary

1. We compared the total estimated receipts from the *Amended Official Certificate of Estimated Resources*, required by Ohio Rev. Code Section 5705.36(A)(1), to the amounts recorded in the Revenue Status Report for the General Fund, Street Construction, Maintenance and Repair Fund, and Fire Fund for the years ended December 31, 2018 and 2017. The amounts on the *Certificate* agreed to the amount recorded in the accounting system, except for the General Fund and Fire Fund in 2018. The Revenue Status Report recorded budgeted (i.e. certified) resources for the General Fund and Fire Fund of \$75,530 and \$16,700, respectively. However, the final *Amended Official Certificate of Estimated Resources* reflected \$75,630 and \$16,800, respectively. The fiscal officer should periodically compare amounts recorded in the Revenue Status Report to amounts recorded on the *Amended Official Certificate of Estimated Resources* to assure they agree. If the amounts do not agree, the Council may be using inaccurate information for budgeting and to monitor spending.
2. We inspected the appropriation measures adopted for 2018 and 2017 to determine whether, for the General Fund, Street Construction, Maintenance and Repair Fund, and Fire Fund, the Council appropriated separately for "each office, department, and division, and within each, the amount appropriated for personal services," as is required by Ohio Rev. Code Section 5705.38(C). We found no exceptions.
3. We compared total appropriations required by Ohio Rev. Code Sections 5705.38 and 5705.40, to the amounts recorded in the Appropriation Status Report for 2018 and 2017 for the General Fund, Street Construction, Maintenance and Repair Fund, and Fire Fund. The amounts on the appropriation resolutions agreed to the amounts recorded in the Appropriation Status Report, except for the Fire Fund in 2017. The total approved appropriations for the Fire Fund were \$43,253. However, the Appropriation Status Report reflected \$42,953.
4. Ohio Rev. Code Sections 5705.36(A)(5) and 5705.39 prohibits appropriations from exceeding the certified resources. We compared total appropriations to total certified resources for the General Fund, Street Construction, Maintenance and Repair Fund, and Fire Fund for the years ended December 31, 2018 and 2017. There were no funds for which appropriations exceeded certified resources.

Compliance – Budgetary (Continued)

5. Ohio Rev. Code Section 5705.41(B) prohibits expenditures (disbursements plus certified commitments) from exceeding appropriations. We compared total expenditures to total appropriations for the years ended December 31, 2018 and 2017 for the General Fund, Street Construction, Maintenance and Repair Fund, and Fire Fund, as recorded in the Appropriation Status Report. We observed no funds for which expenditures exceeded appropriations.
6. Ohio Rev. Code Section 5705.09 requires establishing separate funds to segregate externally-restricted resources. We inspected the Receipt Export Report for evidence of new restricted receipts requiring a new fund during 2018 and 2017. We also inquired of management regarding whether the Village received new restricted receipts. We observed no evidence of new restricted receipts for which Ohio Rev. Code Section 5705.09 would require the Village to establish a new fund.
7. For funds existing in prior years, we inspected the fund activity to determine whether the fund is still being used for the statutorily approved purpose and that all the required funds were established. All the required funds were established and no funds for which the statutorily approved purpose was no longer valid were included on the accounting records.
8. We inspected the 2018 and 2017 Revenue Status Reports and Appropriation Status Reports for evidence of interfund transfers exceeding \$10 which Ohio Rev. Code Sections 5705.14 - .16 restrict. We found no evidence of transfers these Sections prohibit, or for which Section 5705.16 would require approval by the Tax Commissioner (effective after June 30, 2017) or Court of Common Pleas (effective through June 30, 2017).
9. We inquired of management and inspected the Appropriation Status Reports to determine whether the Village elected to establish reserve accounts permitted by Ohio Rev. Code Section 5705.13. The Village did not establish these reserves.
10. We inspected the Cash Summary by Fund Report for the years ended December 31, 2018 and 2017 for negative cash fund balances. Ohio Rev. Code Section 5705.10(I) provides that money paid into a fund must be used for the purposes for which such fund is established. As a result, a negative fund cash balance indicates that money from one fund was used to cover the expenses of another. There were no funds having negative cash fund balances.

Compliance – Contracts & Expenditures

We inquired of management and inspected the Payment Register Detail Report for the years ended December 31, 2018 and 2017 to determine if the Village proceeded by force account (i.e. used its own employees) to maintain or repair roads (cost of project exceeding \$30,000) or to construct or reconstruct Village roads (cost of project \$30,000/per mile) for which Ohio Rev. Code Sections 117.16(A) and 723.52 requires the Village engineer, or officer having a different title but the duties and functions of an engineer, to complete a force account project assessment form (i.e., cost estimate). We identified no projects requiring the completion of the force account assessment form.

Other Compliance

1. Ohio Rev. Code Section 117.38 requires villages to file their financial information in the HINKLE system within 60 days after the close of the fiscal year. This statute also permits the Auditor of State to extend the deadline for filing a financial report and establish terms and conditions for any such extension. Auditor of State established policies regarding the filing of complete financial statements, as defined in AOS Bulletin 2015-007 in the Hinkle System. We confirmed the Village filed their complete financial statements, as defined by AOS Bulletin 2015-007 and Auditor of State established policy within the allotted timeframe for the years ended December 31, 2018 and 2017 in the Hinkle system. There were no exceptions.
2. Ohio Rev. Code § 109.60(A)(1) requires Law Enforcement of Villages to report specific information to the Bureau of Criminal Identification and Investigation (BCI) for certain offenses. Village Law Enforcement shall immediately upon arrest of any person (or taking into custody for any child under 18) take and forward the person's or child's fingerprints. We inspected the NICS Process form to determine if there is an established method of fingerprint submission to BCI. The Village has an established method for fingerprint submission to BCI.
3. For all credit card accounts we obtained:
 - copies of existing internal control policies,
 - a list(s) of authorized users, and
 - a list of all credit card account transactions.

We selected all two credit card transactions made by the Fiscal Officer for testing. For selected transactions we inspected documentation to determine that each transaction was supported with original invoices and for a proper public purpose. We found no exceptions.

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants attestation standards and applicable attestation engagement standards included in the Comptroller General of the United States' *Government Auditing Standards*. We were not engaged to, and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Village's receipts, disbursements, balances and compliance with certain laws and regulations. Accordingly, we do not express an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is to provide assistance in the evaluation of the Village's receipts, disbursements and balances recorded in their cash-basis accounting records for the years ended December 31, 2018 and 2017, and certain compliance requirements related to these transactions and balances and is not suitable for any other purpose.
