Appleseed Joint Ambulance District
Hancock County
516 North Main Street
Arlington, Ohio 48514

We have completed certain procedures in accordance with Ohio Rev. Code Section 117.01(G) to the accounting records and related documents of Appleseed Joint Ambulance District, Hancock County, Ohio (the District) for the years ended December 31, 2020 and 2019.

Our procedures were designed solely to satisfy the audit requirements of Ohio Rev. Code Section 117.11(A). Because our procedures were not designed to opine on the District's financial statements, we did not follow *generally accepted auditing standards*. We do not provide any assurance on the District's financial statements, transactions or balances for the years ended December 31, 2020 and 2019.

The District's management is responsible for preparing and maintaining its accounting records and related documents. Our responsibility under Ohio Rev. Code Section 117.11(A) is to examine, analyze and inspect these records and documents.

Based on the results of our procedures, we found the following significant compliance or accounting issues to report.

Current Year Observations

1. **Ohio Rev. Code § 149.43(E)(2)** provides that every public office must have a policy in place for responding to public records requests. Generally, a public records policy cannot: (1) limit the number of public records the office will make available to a single person; (2) limit the number of public records the office will make available during a fixed period of time; and (3) establish a fixed period of time before the office will respond to a request for inspection/copying of public records unless that period is less than eight hours. However, pursuant to **Ohio Rev. Code § 149.43(B)(7)(c)**, the policy may limit the number of public records the public office will physically deliver by U.S. Mail or other delivery service to ten per month unless the person certifies to the office in writing that the person does not intend to use or forward the requested records, or the information contained in them, for commercial purposes. "Commercial" is narrowly construed and does not include reporting or gathering news, reporting or gathering information to assist citizen oversight or understanding of the operation or activities of government, or nonprofit educational research.

Ohio Rev. Code § 149.43(E)(2) further requires all public offices take certain actions with regard to their public record policy. Public offices must distribute their Public Records Policy to the employee who is the records custodian/manager or otherwise has custody of the records of that office and have that employee acknowledge receipt of the Public Records Policy; create and display in a conspicuous place in all locations where the public office has branch offices a poster describing the public records policy; and, if the public office has a manual or handbook of its general policies and procedures for all employees, include the public records policy in that manual or handbook.

The District has no formal written policy that would demonstrate compliance with the Ohio Revised Code. This could result in records requests not being fulfilled in accordance with Ohio law.

The District shall establish a public records policy. The policy shall be distributed to the records custodian/manager and the District should have a written acknowledgement of receipt from the records custodian/manager. In addition, a poster describing the public records policy must be conspicuously displayed in all of the District's branch offices and the public records policy must be included in policy manuals or handbooks if any exist.

Pursuant to **Ohio Rev. Code § 109.43(E)(2)**, the Ohio Attorney General has developed and provided to all public offices a model public records policy for responding to public records requests. The policy, which is available at <https://www.ohioattorneygeneral.gov/Files/Government-Entities/Model-Public-Records-Policy.aspx>, provides guidance to public offices in developing their own policies for responding to public records requests in compliance with the Public Records Act.

2. **Ohio Rev. Code § 505.721** provides in part that, "a board of trustees of a joint ambulance district may establish reasonable charges for the use of ambulance or emergency medical services. Charges collected under this section shall be kept in a separate fund designated as the ambulance and emergency medical services fund, and shall be appropriated and administered by the Board. The moneys in the fund shall be used for the payment of the costs of the management, maintenance, and operation of ambulance and emergency medical services in the district."

The District inappropriately recorded \$56,696 and \$75,414 of ambulance and/or emergency medical services revenue in the general fund for the years ended December 31, 2020 and 2019, respectively. Given the sources of the revenue, this should have been recorded in the ambulance and emergency medical services fund. Audit adjustments have been made to the accounting system correcting the misstatements.

The lack of controls over the posting of financial transactions decreases the reliability of financial data at year-end and can result in undetected errors and irregularities. The District should implement controls to help ensure all transactions are reviewed to help ensure posting to the proper funds.
