We have reviewed the *Independent Auditor's Report* of the Bloom Vernon Local School District, Scioto County, prepared by J.L. Uhrig and Associates, Inc., for the audit period July 1, 2019 through June 30, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Bloom Vernon Local School District is responsible for compliance with these laws and regulations.

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of Bloom-Vernon Local School District, Scioto County, Ohio (the School District), as of and for the year ended June 30, 2020, and related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Governmental Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the School District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the School District's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Bloom-Vernon Local School District, Scioto County, Ohio as of June 30, 2020, and the respective changes in financial position and the budgetary comparison for the General Fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, Statement No. 84, *Fiduciary Activities* and related guidance from (GASB) Implementation Guide No. 2019-2, related guidance from (GASB) Implementation Guide No. 2018-1, GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. We did not modify our opinion regarding this matter.

As discussed in Note 22 to the financial statements, during 2020, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the School District. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include Management's discussion and analysis on pages 4-10 and schedules of net pension/OPEB liabilities and pension/OPEB contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquires of management about methods of preparing the information and comparing the information for consistency with management's responses to our inquires, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any assurance.

Supplementary and Other Information

We audited to opine on the School District's financial statements that collectively comprise its basic financial statements.

The Schedule of Federal Award Receipts and Expenditures presents additional analysis as required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

Board of Education
Bloom-Vernon Local School District
Independent Auditor's Report

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this schedule to the auditing procedures applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated in all material respects in relation to the basic financial statements taken as a whole

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated January 19, 2021, on our consideration of the School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control over financial reporting and compliance.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2020

Unaudited

As management of the Bloom-Vernon Local School District, we offer the readers of the School District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the additional information that we have provided in the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School District's performance.

Financial Highlights

Key financial highlights for 2020 are as follows:

- In fiscal year 2020, the School District's Net Position decreased \$132,459.
- The School District gave a two percent base increase in salaries during the fiscal year.

Using the Basic Financial Statements

This report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Bloom-Vernon Local School District as a financial whole, an entire operating entity.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's major funds with all other nonmajor funds presented in total in one column. The General Fund was the only major fund for the Bloom-Vernon Local School District.

Reporting the School District as a Whole

One of the most important questions asked about the School District is "How did we do financially during fiscal year 2020?" The Statement of Net Position and the Statements of Activities, which appear first in the School District's financial statements, report information on the School District as a whole and its activities in a way that helps answer this question. These government-wide financial statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year's revenues and expenses regardless of when cash is received or paid.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2020

Unaudited

These two statements report the School District's net position and changes in net position. The change in net position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. However, the School District's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other non-financial factors, such as the School District's property tax base, current property tax laws in Ohio restricting revenue growth, required educational programs and other factors.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major funds begins on page nine. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District's major funds.

Governmental Funds – Most of the School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or difference) between governmental activities (reported in the Statement of Net Position and the Statements of Activities) and governmental funds is reconciled in the financial statements.

Fiduciary Fund – We exclude these activities from the School District's other financial statements because the School District cannot use these assets to finance its operations. Fiduciary funds use the accrual basis of accounting. The School District has no fiduciary funds.

The School District as a Whole

Recall that the Statement of Net Position provides the perspective of the School District as a whole. Table 1 provides a summary of the School District's net position for fiscal years 2020 and 2019.

Unrestricted (Deficit)	(3,974,586)	(3,522,881)	(451,705)
Total Net Position	<u>\$10,015,249</u>	<u>\$10,147,708</u>	<u>(\$132,459)</u>

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2020. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages,

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2020

Unaudited

benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Total assets increased \$735,815 when compared to the prior fiscal year. Current assets increased \$916,014, mainly due to an increase in cash. This increase is due to total cash revenues exceeding expenditures during the fiscal year.

Total liabilities increased \$276,807, mostly due to the increase in the net pension liability.

Total net position decreased \$132,459. Unrestricted Net Position for governmental activities decreased, mainly due to changes in assumptions and benefits associated with the statewide pension systems.

Table 2 shows the highlights of the School District's revenues and expenses for fiscal years 2020 and 2019. These two main components are subtracted to yield the change in net position. This table uses the full accrual method of accounting.

Revenue is further divided into two major components: Program Revenues and General Revenues. Program Revenues are defined as charges for services and sales and operating grants, contributions, and interest. General Revenues include property taxes, unrestricted grants, such as State foundation support, unrestricted contributions and donations, investment earnings and miscellaneous revenues.

Expenses are shown in programs that are easily identifiable utilizing the current Uniform School Accounting System (USAS) coding structure.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2020

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

For the Fiscal Year Ended June 30, 2020

Unaudited

Governmental Activities

Program revenues decreased \$108,880 compared to fiscal year 2019. Charges for Services and Sales decreased \$62,384 mainly due to the stay at home order, which caused a decrease in sales from the ala carte. General revenues were \$10,433,911 of total revenues for fiscal year 2020 and were lower than the prior fiscal year. This decrease is mainly due to a decrease in property tax revenue. In fiscal year 2020, there was a decrease in taxpayers paying their taxes, which lowered the amounts available to the School District.

Overall, expenses increased \$1,832,032 primarily due to changes in assumptions and changes in benefits by the Statewide pension systems.

The School District's Funds

Information about the School District's most significant funds start on page 14. The School District's funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$13,416,024 and expenditures of \$13,002,549.

General Fund

The net change in fund balance for the fiscal year in the General Fund was an increase of \$212,318. Fund balance increased mainly due revenues continuing to outpace expenditures. The School District also monitors expenditures during the fiscal year as changes in revenues occur.

General Fund - Budget Highlights

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2020, the School District revised its budget as it attempted to deal with unexpected changes in revenues and expenditures. The General Fund had original revenue budget estimates of \$11,571,784. The original budget estimates were increased to a final budget amount of \$12,000,015 for the fiscal year. The majority of this increase was associated with property taxes and was primarily related to actual revenues exceeding original estimates.

The total increase in expenditures from the original to the final budget was \$214,710 mainly due to the School District deciding to purchase property that was not included in the original budget. Then, during the fiscal year, the School District decided to purchase the property.

The School District's ending General Fund balance was \$7,659,155.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Management's Discussion and Analysis

Unaudited

Capital Assets and Debt Administration

Capital Assets

At the end of fiscal year 2020, the School District had \$13,805,714 invested in land, land improvements, buildings and improvements, furniture, fixtures and equipment, vehicles, and textbooks. The decrease of \$211,242 was primarily due to current year depreciation.

See Note 9 of the notes to the basic financial statements for more detailed information.

Debt

At June 30, 2020, the School District had \$115,000 in bonds outstanding.

(Table 3)
Outstanding Debt, at Fiscal Year End

	Governmental Activities	
	2020	2019
2010 School Energy Conservation Bonds	\$50,000	\$100,000
2012 Refunding Bonds	65,000	125,000
Totals	<u>\$115,000</u>	<u>\$225,000</u>

See Note 15 of the notes to the basic financial statements for more detailed information regarding the School District's long-term obligations.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have any questions about this report or need additional information, contact Ty Roberts, Treasurer at Bloom-Vernon Local School District, P.O. Box 237, South Webster, Ohio 45682, or email ty.roberts@mail.bv.k12.oh.us.

BLOOM-VERNON LOCAL SCHOOL DISTRICT
 Reconciliation of Total Governmental Fund Balances to
 Net Position of Governmental Activities
 June 30, 2020

Total Governmental Fund Balances \$7,800,450

*Amounts reported for governmental activities in the
 Statement of Net Position are different because:*

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:

Land	269,130	
Depreciable Capital Assets	29,860,836	
Accumulated Depreciation	<u>(16,324,252)</u>	
Total Capital Assets		13,805,714

Some of the School District's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds.

Delinquent Property Taxes	424,593	
Intergovernmental	88,484	
Accrued Interest	<u>859</u>	
Total		513,936

In the Statement of Activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (921)

The net pension liability and net OPEB liability (asset) are not due and payable in the current period; therefore, the liabilities (asset) and related deferred inflows/outflows are not reported in governmental funds:

Net OPEB Asset	599,070	
Deferred Outflows - Pension	2,151,438	
Deferred Outflows - OPEB	312,051	
Net Pension Liability	(10,793,110)	
Net OPEB Liability	(1,207,302)	
Deferred Inflows - Pension	(516,076)	
Deferred Inflows - OPEB	<u>(1,057,803)</u>	
Total		(10,511,732)

Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:

Bonds Payable	(115,000)	
Capital Lease Payable	(718,111)	
Bond Premium	(1,770)	
Compensated absences	<u>(757,317)</u>	
Total long-term liabilities		<u>(1,592,198)</u>

Net Position of Governmental Activities \$10,015,249

See accompanying notes to the basic financial statements

See accompanying notes to the basic financial statements

BLOOM-VERNON LOCAL SCHOOL DISTRICT
 Reconciliation of the Statement of Revenues, Expenditures
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Activities
 For the Fiscal Year Ended June 30, 2020

Net Change in Fund Balances - Total Governmental Funds		\$413,475
<i>Amounts reported for governmental activities in the Statement of Activities are different because:</i>		
Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, this is the amount by which depreciation exceeded capital outlay:		
Capital Assets Additions	743,889	
Current Year Depreciation	(953,316)	
Excess of capital outlay over depreciation		(209,427)
Governmental funds report only the disposal of capital assets to the extent proceeds are received from the sale. In the Statement of Activities, a gain or loss is reported for each disposal.		
Loss on Disposal of Capital Assets		(1,815)
Because some revenues will not be collected for several months after the School District's fiscal year ends, they are not considered "available" revenues and are therefore recorded as deferred inflows of resources in the governmental funds. Deferred inflows of resources changed by these amounts this year:		
Delinquent Property Taxes	28,551	
Intergovernmental	(3,174)	
Interest	(4,865)	
Miscellaneous	(15,010)	
Total		5,502
Some expenses reported on the Statement of Activities do not require the use of current financial resources, therefore, are not reported as expenditures in governmental funds:		
Increase in Compensated Absences		(45,140)
Accretion and amortization of bond premiums, the deferred loss on refunding debt, as well as accrued interest payable on the bonds are not reported in the funds, but are allocated as an expense over the life of the debt in the Statement of Activities.		
Amortization of premium on bonds	2,292	
Amortization of loss on refunding	(595)	
Decrease in accrued interest	911	
Total		2,608
Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows.		
Pension	819,990	
OPEB	30,544	
Total		850,534
Except for amounts reported as deferred inflows/outflows, changes in the net position liability (asset) are reported as pension expense in the Statement of Activities.		
Pension	(1,568,388)	
OPEB	120,661	
Total		(1,447,727)
Repayment of long-term debt as deferred inflows/outflows, changes in the net position funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current fiscal year, these amounts consist of:		
Bond payments	110,000	
Capital Lease Payments	189,531	
Total		299,531
Change in Net Position of Governmental Activities		(\$132,459)

See accompanying notes to the basic financial statements

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

NOTE 1 - DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY

The Bloom-Vernon Local School District (the “School District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by State statute and federal guidelines.

The School District was established in 1968 and serves an area of approximately 84 square miles. It is located in Scioto County, and includes all of the Village of South Webster and portions of Bloom and Vernon Townships. It is staffed by 44 non-certificated employees, 67 certificated full-time teaching personnel and six administrative employees who provide services to 874 students and other community members. The School District currently operates two instructional buildings.

Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Bloom-Vernon Local School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization’s governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization’s resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

The School District participates in four organizations, two of which are defined as jointly governed organizations, one as a public entity shared risk pool, and one as an insurance purchasing pool. These organizations are presented in Note 17 to the basic financial statements.

These organizations are:

Jointly Governed Organizations:

Metropolitan Educational Technology Association (META)
Coalition of Rural and Appalachian Schools

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Public Entity Shared Risk Pool:

Optimal Health Initiatives Consortium

Insurance Purchasing Pool:

Ohio SchoolComp Workers' Compensation Group Rating Plan

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Bloom-Vernon Local School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Basis of Presentation

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary - government, except for fiduciary funds. These statements usually distinguish between those activities of the School District that are governmental (primarily supported by taxes and intergovernmental revenues) and those that are considered business-type activities (primarily supported by fees and charges). The School District, however, has no business-type activities.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Fund Financial Statements

During the fiscal year, the School District segregates transactions related to certain School District functions or activities into separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories; governmental and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following is the School District's major governmental fund:

General Fund – The General Fund is the operating fund of the School District and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

The nonmajor governmental funds of the School District account for grants and other resources whose use is restricted to a particular purpose.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into the following four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangements that has certain characteristics. Custodial Funds are used to report fiduciary activities that are not required to be reported in a trust fund. The School District has no fiduciary funds.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Measurement Focus

Government-wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The government-wide financial statements and the financial statement of the fiduciary fund are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Measurable” means that the amount of the transaction can be determined, and “available” means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within sixty days of fiscal year-end.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance, grants, and miscellaneous.

Deferred Outflows/Inflows of Resources:

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources are reported in the government-wide Statement of Net Position for deferred charge on refunding and for pension and OPEB plans. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 11 and 12.

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the School District, deferred inflows of resources included property taxes, pension and OPEB plans and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2020, but which were levied to finance fiscal year 2021 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund Balance Sheet, and represents receivables which will not be collected within the available period. For the School District, unavailable revenue includes delinquent property taxes, intergovernmental grants, accrued interest, and miscellaneous revenue. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available.

The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities found on page 15. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide Statement of Net Position (See Notes 11 and 12).

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

Cash and Cash Equivalents

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

During fiscal year 2020, the School District's investments were limited to a Money Market Mutual Fund and negotiable certificates of deposit. Investments are reported at fair value which is based on quoted market prices.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue credited to the General Fund during fiscal year 2020 amounted to \$84,488, which includes \$7,982 assigned from other School District funds.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond June 30, 2020, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventories consist of materials and supplies held for consumption and purchased food held for resale.

Capital Assets

All capital assets of the School District are general capital assets that are associated with governmental activities. General capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the fiscal year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their acquisition values as of the date received. The School District maintains a capitalization threshold of \$1,000. The School District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	10 - 30 years
Buildings and Improvements	10 - 50 years
Furniture, Fixtures and Equipment	5 - 20 years
Vehicles	5 - 15 years
Textbooks	10 years

Interfund Balances

On fund financial statements, outstanding interfund loans are reported as "Interfund Receivable" and "Interfund Payable". Interfund balances are eliminated in the Statement of Net Position.

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service. This liability is reported as accrued vacation leave payable.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. Bonds and capital leases that will be paid from governmental funds are recognized as an expenditure and liability on the governmental fund financial statements when due.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable - The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash.

Restricted - Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Committed - The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by the highest level of formal action (resolution) of the School District Board of Education. Those committed amounts cannot be used for any other purpose unless the School District Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned - Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the Board of Education. State Statute authorizes the Treasurer to assign fund balances for purchases on order provided such amounts have been lawfully appropriated. Assigned amounts in the Principals' Fund, which is included as part of the General Fund for GAAP reporting purposes, represent amounts assigned by the principals for certain curricular and extracurricular activities. In Nonmajor Governmental Funds, assigned amounts represent amounts assigned by the Treasurer for the Morning Mall Program. These individuals have been given authority to assign amounts for these purposes by the School District Board of Education.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit fund balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net Position represents the difference between all other elements in a Statement of Net Position. Net investment in capital assets consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net Position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net Position restricted for other purposes include food service and federal and State grants restricted to expenditures for specified purposes.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Internal Activity

Transfers within governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Budgetary Process

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution and the certificate of estimated resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as final budgeted amounts reflect the amounts in the amended certificate in effect at the time the final appropriations were passed. Before fiscal year-end, the School District requested and received an amended certificate of estimated resources that reflected actual revenue for the fiscal year-end in all funds.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. Prior to fiscal year-end, the School District passed a supplemental appropriation that reflected actual expenditures plus encumbrances for the fiscal year.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Bond Premiums

For governmental activities, bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds payable. Under Ohio law, premiums on the original issuance of debt are to be deposited to the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent.

On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds were issued.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 – CHANGE IN ACCOUNTING PRINCIPLES AND RESTATEMENT OF FUND BALANCES / NET POSITION

Change in Accounting Principles

The Governmental Accounting Standards Board (GASB) recently issued GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The School District evaluated implementing these certain GASB pronouncements based on the guidance in GASB 95.

For fiscal year 2020, the School District implemented GASB Statement No. 84, and related guidance from (GASB) Implementation Guide No. 2019-2, *Fiduciary Activities*.

For fiscal year 2020, the School District also implemented the Governmental Accounting Standards Board's (GASB) *Implementation Guide No. 2018-1*. These changes were incorporated in the School District's fiscal year 2020 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. The School District reviewed its agency funds and all funds have been reclassified as governmental funds. These fund reclassifications resulted in the restatement of the School District's financial statements.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Restatement of Fund Balances and Net Position

The implementation of GASB Statement No. 84 had the following effect on net position as of June 30, 2019:

	<u>Governmental Activities</u>
Net Position, June 30, 2019	\$10,129,718
Adjustments:	
GASB 84	<u>17,990</u>
Restated Net Position, June 30, 2019	<u>\$10,147,708</u>

The implementation of GASB Statement No. 84 had the following effect on fund balance as of June 30, 2019:

	<u>Governmental Funds</u>		
	<u>General Fund</u>	<u>Nonmajor Funds</u>	<u>Total</u>
Fund Balances, June 30, 2019	\$6,752,606	\$616,379	\$7,368,985
Adjustments:			
GASB 84	<u>0</u>	<u>17,990</u>	<u>17,990</u>
Restated Fund Balances, June 30, 2019	<u>\$6,752,606</u>	<u>\$634,369</u>	<u>\$7,386,975</u>

Due to the implementation of GASB Statement No. 84, the new classification of custodial funds is reporting no beginning assets or liabilities. Also related to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. At June 30, 2019, agency funds reported assets and liabilities of \$17,990.

NOTE 4 - ACCOUNTABILITY

At June 30, 2020, the following nonmajor special revenue funds had deficit fund balances:

<u>Funds</u>	<u>Amounts</u>
Food Service	\$36,348
Title VI-B Fund	23,009
Title I Fund	22,069
Early Childhood Education	16,543
Title VI-R	3,640
Miscellaneous Federal Grants	<u>2,078</u>
Total	<u>\$103,687</u>

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur. The fund balance deficits were due to accruals in GAAP.

NOTE 5 - BUDGETARY BASIS OF ACCOUNTING

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budget Basis) is presented for the General Fund on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).
4. Advances In and Advances Out are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).
5. Investments are recorded at fair value (GAAP basis) rather than cost (budget basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

<u>Net Change in Fund Balance</u>	
GAAP Basis	\$212,318
Adjustments:	
Revenue Accruals	115,891
Expenditure Accruals	122,177
Encumbrances	(241,367)
Advances	(6,683)
Increase in Fair Value of Investments - 2020	(35,421)
Increase in Fair Value of Investments - 2019	3,823
Budget Basis	<u>\$170,738</u>

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

NOTE 6 - DEPOSITS AND INVESTMENTS

Monies held by the School District are classified by State Statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies that are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirement have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met. The investment in commercial paper notes of a single issuer shall not exceed in the aggregate five percent of interim moneys available for investment at the time of purchase.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted, above, an investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Investments

Investments are reported at fair value. As of June 30, 2020, the School District had the following investments:

<u>Measurement/Investment</u>	<u>Measurement Amount</u>	<u>Maturity</u>	<u>Standard & Poor's Rating</u>	<u>Percent of Total Investments</u>
Fair Value - Level 1 Inputs:				
Money Market Mutual Fund	\$263,271	Less than one year	AAAm	8.4%
Fair Value - Level 2 Inputs:				
Negotiable Certificates of Deposits	<u>2,875,421</u>	Less than five years	N/A	91.6%
Total Investments	<u><u>\$3,138,692</u></u>			

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the School District's recurring fair value measurements as of June 30, 2020. The Money Market Mutual Fund is measured at fair value and is valued using quoted market prices (Level 1 inputs). The School District's remaining investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest Rate Risk

As a means of limiting its exposure to fair value losses caused by rising interest rates, the School District's investment policy requires that operating funds be invested primarily in short-term investments maturing within five years from the date of purchase and that the School District's investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations and/or long-term debt payments. To date, no investments have been purchased with a life greater than five years.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Standard and Poor's ratings for the School District's investments are listed in the table above. Ohio law requires that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. The School District has no policy on credit risk beyond the requirements in State statutes.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The School District's investment policy does not address this risk beyond the requirements in State Statutes.

NOTE 7 - PROPERTY TAXES

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2020 represents collections of calendar year 2019 taxes. Real property taxes received in calendar year 2020 were levied after April 1, 2019, on the assessed value listed as of January 1, 2019, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2020 represents collections of calendar year 2019 taxes. Public utility real property taxes received in calendar year 2020 became a lien December 31, 2018, were levied after April 1, 2019, and are collected in calendar year 2020 with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

The School District receives property taxes from Scioto County. The Scioto County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2020, are available to finance fiscal year 2020 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property, public utility property and tangible personal property taxes which are measurable as of June 30, 2020, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows of resources - property taxes.

The amount available as an advance at June 30, 2020, was \$67,325 in the General Fund and \$10,377 in other Nonmajor Governmental Funds. The amount available as an advance at June 30, 2019, was \$150,360 in the General Fund and \$24,923 in other Nonmajor Governmental Funds.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue; while on a modified accrual basis, the revenue has been reported as deferred inflows of resources - unavailable revenue.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

The assessed values upon which fiscal year 2020 taxes were collected are:

	2019 Second- Half Collections		2020 First- Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$56,752,810	68.07%	\$61,730,230	68.86%
Public Utility Personal	26,626,470	31.93%	27,917,270	31.14%
Total Assessed Value	<u>\$83,379,280</u>	<u>100.00%</u>	<u>\$89,647,500</u>	<u>100.00%</u>
Tax rate per \$1,000 of assessed valuation	\$22.30		\$22.80	

NOTE 8 - RECEIVABLES

Receivables at June 30, 2020, consisted of accounts, property taxes, intergovernmental grants, interest and interfund. All receivables are considered collectible in full due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables except, for delinquent property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	Amounts
<u>Governmental Activities:</u>	
Title I	\$54,803
IDEA-B	24,867
Title IV-A	2,078
Title II-A	6,736
School Employees Retirement System of Ohio	3,392
Charges/Reimbursements from Other Governments	40,563
State Foundation Adjustment	3,126
Total Intergovernmental Receivables	<u>\$135,565</u>

NOTE 9 - CAPITAL ASSETS

Capital assets activity for the fiscal year ended June 30, 2020, was as follows:

Total Depreciation Expense	<u><u>\$953,316</u></u>

NOTE 10 - RISK MANAGEMENT

Property and Liability

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2020, the School District maintained comprehensive insurance coverage with Argonaut Insurance Company for liability, property, auto, and crime insurance. The School District paid its premium to McGowan Governmental Underwriters, an agent for Argonaut Insurance Company.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant change in insurance coverage from last fiscal year.

Employee Medical and Dental Benefits

The School District participates in the Optimal Health Initiatives Consortium (the "Consortium"), a public entity shared risk pool (Note 17), consisting of school districts whose insurance programs for health care benefits were administered previously under the Scioto County Schools Council of Governments, the Northern Buckeye Education Council, and the Butler Health Plan. Monthly premiums are paid to the fiscal agent who in turn pays the claims on the School District's behalf.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Workers' Compensation

From July 1, to December 31, 2019, the School District participated in the Ohio SchoolComp Workers' Compensation Group Rating Plan (GRP), an insurance purchasing pool (Note 17). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participants is calculated as one experience and a common premium rate is applied to all participants in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to participants that can meet the GRP's selection criteria. The firm of CompManagement, Inc. provides administrative, cost control and actuarial services to the GRP. Each year, the School District pays an enrollment fee to the GRP to cover the costs of administering the program. Starting July 1, 2020 the School District has qualified to rejoin the group for fiscal year 2021.

Beginning January 1, 2020, the School District no longer qualified to participate in the group rating plan, and pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. For 2020, the School District qualified and is participating in the Ohio Workers' Compensation Experience Modification (EM) Cap Program for premium calculations. This program limits the increase to an employer's EM to 100 percent of the previous year's published EM. In order to participate in the program, the School District must complete safety training requirements.

NOTE 11 – DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 12 for the required OPEB disclosures.

Plan Description - School Employees Retirement System (SERS)

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at www.ohsers.org under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension is in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2020, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2020, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District's contractually required contribution to SERS was \$227,131 for fiscal year 2020, none of which is reported as an intergovernmental payable.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Plan Description - State Teachers Retirement System (STRS)

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS’ fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients’ base benefit and past cost-of living increases are not affected by this change. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five year of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member’s DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2020 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For fiscal year 2020, the full employer contribution was allocated to pension.

The School District's contractually required contribution to STRS was \$592,859 for fiscal year 2020. Of this amount, \$99,320 is reported as an intergovernmental payable.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net Pension Liability			
Prior Measurement Date	0.04477690%	0.03534933%	
Proportion of the Net Pension Liability			
Current Measurement Date	<u>0.04670160%</u>	<u>0.03617042%</u>	
Change in Proportionate Share	<u>0.00192470%</u>	<u>0.00082109%</u>	
Proportionate Share of the Net			
Pension Liability	\$2,794,238	\$7,998,872	\$10,793,110
Pension Expense	\$509,217	\$1,059,171	\$1,568,388

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

At June 30, 2020, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$70,856	\$65,124	\$135,980
Changes of assumptions	0	939,622	939,622
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	76,672	179,174	255,846
School District contributions subsequent to the measurement date	<u>227,131</u>	<u>592,859</u>	<u>819,990</u>
Total Deferred Outflows of Resources	<u>\$374,659</u>	<u>\$1,776,779</u>	<u>\$2,151,438</u>

Deferred Inflows of Resources:

Differences between expected and actual experience	\$0	\$34,625	\$34,625
Net difference between projected and actual earnings on pension plan investments	35,867	390,941	426,808
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	<u>0</u>	<u>54,643</u>	<u>54,643</u>
Total Deferred Outflows of Resources	<u>\$35,867</u>	<u>\$480,209</u>	<u>\$516,076</u>

\$819,990 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2021	\$138,149	\$500,394	\$638,543
2022	(44,443)	153,621	109,178
2023	(2,387)	(27,166)	(29,553)
2024	20,342	76,862	97,204
Total	<u>\$111,661</u>	<u>\$703,711</u>	<u>\$815,372</u>

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Actuarial Assumptions - SERS

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2019, are presented below:

Inflation	3.00 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent
COLA or Ad Hoc COLA	2.5 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	1.00%	0.50%
US Stocks	22.50	4.75
Non-US Stocks	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00%</u>	

Discount Rate

The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
School District's proportionate share of the net pension liability	\$3,915,727	\$2,794,238	\$1,853,730

Actuarial Assumptions - STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2019, actuarial valuation, are presented below:

Inflation	2.50 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Discount Rate of Return	7.45 percent
Payroll Increases	3.0 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2019, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

<u>Asset Class</u>	<u>Target Allocation*</u>	<u>Long-Term Expected Rate of Return **</u>
Domestic Equity	28.00%	7.35%
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00%</u>	

* Target weights will be phased in over a 24-month period concluding July 1, 2019.

** 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate

The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2019. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45 percent) or one-percentage-point higher (8.45 percent) than the current rate:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
School District's proportionate share of the net pension liability	\$11,689,459	\$7,998,872	\$4,874,599

NOTE 12 – DEFINED BENEFIT OPEB PLANS

See Note 11 for a description of the net OPEB liability.

Plan Description - School Employees Retirement System (SERS)

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at www.ohsers.org under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2020, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2020, this amount was \$19,600. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge.

For fiscal year 2020, the School District's surcharge obligation was \$30,544.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$30,544 for fiscal year 2020, which is reported as an intergovernmental payable.

Plan Description - State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For fiscal year ended June 30, 2020, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) was measured as of June 30, 2019, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Proportion of the Net OPEB Liability			
Prior Measurement Date	0.04556050%	0.03534933%	
Proportion of the Net OPEB Liability			
Current Measurement Date	<u>0.04800810%</u>	<u>0.03617042%</u>	
Change in Proportionate Share	<u>0.00244760%</u>	<u>0.00082109%</u>	
Proportionate Share of the			
Net OPEB (Asset)	\$0	(\$599,070)	(\$599,070)

OPEB Expense	\$58,492	(\$179,153)	(\$120,661)

At June 30, 2020, the School District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Deferred Outflows of Resources:			
Differences between expected and actual experience	\$17,722	\$54,310	\$72,032
Changes of assumptions	88,180	12,592	100,772
Net difference between projected and actual earnings on pension plan investments	2,898	0	2,898
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	83,886	21,919	105,805
School District contributions subsequent to the measurement date	<u>30,544</u>	<u>0</u>	<u>30,544</u>
Total Deferred Outflows of Resources	<u>\$223,230</u>	<u>\$88,821</u>	<u>\$312,051</u>
Deferred Inflows of Resources:			
Differences between expected and actual experience	\$265,236	\$30,478	\$295,714
Changes of assumptions	67,654	656,809	724,463
Net difference between projected and actual earnings on OPEB plan investments	<u>0</u>	<u>37,626</u>	<u>37,626</u>
Total Deferred Inflows of Resources	<u>\$332,890</u>	<u>\$724,913</u>	<u>\$1,057,803</u>

\$30,544 reported as deferred outflows of resources related to OPEB resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Actuarial Assumptions - SERS

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2019, are presented below:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Inflation	3.00 percent
Wage Increases	3.50 percent to 18.20 percent
Investment Rate of Return	7.50 percent net of investments expense, including inflation
Municipal Bond Index Rate:	
Measurement Date	3.13 percent
Prior Measurement Date	3.62 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Measurement Date	3.22 percent
Prior Measurement Date	3.70 percent
Medical Trend Assumption	
Medicare	5.25 to 4.75 percent
Pre-Medicare	7.00 to 4.75 percent

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 11.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Discount Rate

The discount rate used to measure the total OPEB liability at June 30, 2019, was 3.22 percent. The discount rate used to measure total OPEB liability prior to June 30, 2019, was 3.70 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the State statute contribution rate of 2.00 percent of projected covered employee payroll each year, which includes a 1.50 percent payroll surcharge and 0.50 percent of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan’s fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024, and the Fidelity General Obligation 20-year Municipal Bond Index rate of 3.13 percent, as of June 30, 2019 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates

The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.22%) and higher (4.22%) than the current discount rate (3.22%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.75%) and higher (8.00% decreasing to 5.75%) than the current rate.

	1% Decrease (2.22%)	Current Discount Rate (3.22%)	1% Increase (4.22%)
School District's proportionate share of the net OPEB liability	\$1,465,437	\$1,207,302	\$1,002,056

	1% Decrease (6.00 % decreasing to 3.75%)	Current Trend Rate (7.00 % decreasing to 4.75%)	1% Increase (8.00 % decreasing to 5.75%)
School District's proportionate share of the net OPEB liability	\$967,294	\$1,207,302	\$1,525,736

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2019, actuarial valuation are presented below:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent
Discount Rate of Return	7.45 percent
Health Care Cost Trends	
Medical	
Pre-Medicare	5.87 percent initial, 4 percent ultimate
Medicare	4.93 percent initial, 4 percent ultimate
Prescription Drug	
Pre-Medicare	7.73 percent initial, 4 percent ultimate
Medicare	9.62 initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2019, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Since the prior measurement date, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 11.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements

For the Fiscal Year Ended June 30, 2020

Discount Rate

The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2019. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2019.

Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate

The following table represents the net OPEB asset as of June 30, 2019, calculated using the current period discount rate assumption of 7.45 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	<u>1% Decrease</u> <u>(6.45%)</u>	<u>Current</u> <u>Discount Rate</u> <u>(7.45%)</u>	<u>1% Increase</u> <u>(8.45%)</u>
School District's proportionate share of the net OPEB asset	(\$511,186)	(\$599,070)	(\$672,958)

	<u>1% Decrease</u>	<u>Current</u> <u>Trend Rate</u>	<u>1% Increase</u>
School District's proportionate share of the net OPEB asset	(\$679,317)	(\$599,070)	(\$500,785)

NOTE 13 - EMPLOYEE BENEFITS

Compensated Absences

The criteria for determining vacation and sick leave benefits are derived from State laws. Eligible classified employees and administrators earn 10 to 20 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Teachers, administrators, and classified employees earn sick leave at the rate of one and one-fourth days per month. Sick leave may be accumulated up to a maximum of 215 days for all personnel. Upon retirement, payment is made for one-fourth of accrued, but unused sick leave credit to a maximum payment of 50 days.

Insurance Benefits

The School District provides health care coverage through Anthem Blue Cross BlueShield through the Optimal Health Initiative Consortium, dental coverage for its employees through Delta Dental, vision coverage through Vision Service Plan, and life insurance through American United Life Insurance Co.

Deferred Compensation

School District employees may participate in the Ohio Public Employees Deferred Compensation Plan. This plan was created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plan permits deferral of compensation until future years. According to the plan, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

NOTE 14 – CAPITALIZED LEASE – LESSEE DISCLOSURE

During fiscal year 2019, the School District entered into a capitalized lease for building improvements. Capital lease payments have been reclassified and are reflected as debt service expenditures in the basic financial statements for the governmental funds. These expenditures are reflected as program/function expenditures on a budgetary basis. The building improvements acquired by lease were capitalized in the amount of \$999,950, which is equal to the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded on the Statement of Net Position for governmental activities. Principal payments in fiscal year 2020 totaled \$189,531 and were paid from the General Fund.

The equipment acquired through the capital lease as of June 30, 2020, are as follows:

	<u>Asset Value</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Asset:			
Building Improvements	<u>\$999,950</u>	<u>(\$119,388)</u>	<u>\$880,562</u>

The following is a schedule of the future long-term minimum lease payments required under the capital leases for Key Government Finance, Inc. agreement for the equipment lease.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Fiscal Year Ending June 30,	Building Improvements
2021	\$219,913
2022	219,913
2023	219,913
2024	<u>109,957</u>
Total	769,696
Less: Amount Representing Interest	<u>(51,585)</u>
<i>Present Value of Net Minimum Lease Payments</i>	<u><u>\$718,111</u></u>

NOTE 15 - LONG-TERM OBLIGATIONS

The changes in the School District's long-term obligations during fiscal year 2020 were as follows:

	Amount Outstanding 6/30/19	Additions	Deductions	Amount Outstanding 6/30/20	Amounts Due Within One Year
<u>Governmental Activities:</u>					
Direct Placements:					
2010 School Energy Conservation					
Bonds - 4.84%	\$100,000	\$0	\$50,000	\$50,000	\$50,000
2012 Refunding Bonds					
Term Bonds 1.40 - 2.10%	125,000	0	60,000	65,000	65,000
Premium on Bonds	4,062	0	2,292	1,770	0
Total General Obligation Bonds	<u>229,062</u>	<u>0</u>	<u>112,292</u>	<u>116,770</u>	<u>115,000</u>
Net Pension Liability:

SERS	2,564,456	229,782	0	2,794,238	0
Total Net Pension Liability	<u>10,336,980</u>	<u>456,130</u>	<u>0</u>	<u>10,793,110</u>	<u>0</u>
Net OPEB Liability:					
SERS	1,263,972	0	56,670	1,207,302	0
Capital Lease	907,642	0	189,531	718,111	196,281
Compensated Absences	712,177	321,103	275,963	757,317	76,532
Total Governmental Activities Long-Term Obligations	<u>\$13,449,833</u>	<u>\$777,233</u>	<u>\$634,456</u>	<u>\$13,592,610</u>	<u>\$387,813</u>

2010 School Energy Conservation Bonds - On September 1, 2010, the School District issued \$500,000 in School Energy Conservation Bonds through the HB264 School Energy Conservation Financing Program administered by the Ohio Schools Facilities Commission. The proceeds were used to make energy saving improvements to the School. The Bonds were issued for a ten-year period with final maturity at September 1, 2020. The interest on the bonds is refunded to the School District. The bonds will be retired from the General Fund. The bonds were directly placed with Huntington National Bank.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

2012 Refunding Bonds - On March 22, 2012, the School District issued \$240,000 in General Obligation Refunding Bonds that were issued to partially refund the 1998 School Improvement General Obligation Bonds. The bonds were issued for a nine year period with final maturity at December 2, 2020. The \$240,000 bond issue consists of term bonds in the amount of \$210,000 and capital appreciation bonds in the amount of \$30,000. The bonds were issued at a premium in the amount of \$20,628.

Principal and interest requirements to retire the bonds outstanding at June 30, 2020, are as follows:

Fiscal Year Ending June 30,	Refunding Bonds Principal	Refunding Bonds Interest	Direct Placement	
			Energy Conservation Bonds Principal	Energy Conservation Bonds Interest
2021	\$65,000	\$682	\$50,000	\$1,210

There is no repayment schedule for the net pension/OPEB liability. However, employer pension/OPEB contributions are made from the following funds: the General Fund and the Food Service, Early Childhood Education, Title VI, Title I and Title II Special Revenue funds. For Additional information related to the net pension/OPEB liability see Note 11 and Note 12. Compensated absences will be paid from the General Fund.

The overall legal debt margin was \$8,172,534 with an unvoted debt margin of \$89,648, and an Energy Conservation debt margin of \$756,828 at June 30, 2020.

NOTE 16 - INTERFUND ACTIVITY

Interfund balances at June 30, 2020, consist of the following individual interfund receivable and payable:

	Receivable
	<u>General Fund</u>
Payable	
Nonmajor	
Governmental Funds	<u>\$6,683</u>

General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receiving of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance.

Transfers made during the fiscal year ended June 30, 2020, were as follows:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

		Transfers From
		<u>General Fund</u>
Transfers To	Nonmajor	
	Governmental Funds	<u>\$80,047</u>

General Fund transfers were made to move unrestricted balances to support programs and projects accounted for in other funds. Transfers were made from the General Fund to the Food Service Fund.

NOTE 17 - JOINTLY GOVERNED ORGANIZATIONS, PUBLIC ENTITY SHARED RISK POOL, AND INSURANCE PURCHASING POOL

Jointly Governed Organizations

Metropolitan Educational Technology Association (META)

The School District is a participant in the Metropolitan Educational Technology Association (META), which is a computer consortium and a regional council of governments. META is an educational solutions partner providing services across Ohio. META provides cost-effective fiscal, network, technology, and student services, a purchasing cooperative, and other individual services based on each client's needs.

The governing board of META consists of a president, vice president and twelve board members who represent the members of META. The Board works with META's Chief Executive Officer, and Chief Financial Officer to manage operations and ensure the continued progress of the organization's mission, vision, and values. The Board exercises total control over the operations of the Association including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. The School District paid META \$46,822 for services provided during the fiscal year. Financial information can be obtained from META Solutions, 100 Executive Drive, Marion Ohio 43302.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

Coalition of Rural and Appalachian Schools

The Coalition of Rural and Appalachian Schools is a jointly governed organization composed of 136 school districts and other educational institutions in the 35-county region of Ohio designated as Appalachia. The Coalition is operated by a Board which is composed of seventeen members. One elected and one appointed from each of the seven regions into which the 35 Appalachian counties are divided; and three from Ohio University College of Education. The Coalition provides various in-service training programs for school district administrative personnel; gathers data regarding the level of education provided to children in the region; cooperates with other professional groups to assess and develop programs designed to meet the needs of member districts; and provides staff development programs for school district personnel. The Board exercises total control over the operations of the Coalition including budgeting, appropriating, contracting, and designating management. The Coalition is not dependent on the continued participation of the School District and the School District does not maintain an equity interest in or financial responsibility for the Coalition. During fiscal year 2020, the School District made a payment of \$325 to the Coalition for a membership fee. The financial information for the Coalition can be obtained from the Executive Director, at McCracken Hall, Ohio University, Athens, Ohio 45701.

Public Entity Shared Risk Pool

Optimal Health Initiatives Consortium

The School District is a member of the Optimal Health Initiatives Consortium (the “Consortium”), a public entity shared risk pool, consisting of school districts whose self-insurance programs for health care benefits were administered previously under the Scioto County Schools Council of Governments, the Northern Buckeye Education Council, Ohio Healthcare Plan, and the Butler Health Plan. The overall objective of the Consortium is to enable its members to purchase employee benefits and related products and services using the Consortium’s economies of scale to create cost-savings. The Council’s business and affairs are managed by an Executive Board of Trustees, consisting of the chairperson of each division’s board of trustees and the chairperson of the Butler Health Plan. The participants pay an administrative fee to the fiscal agent to cover the costs of administering the Consortium. To obtain financial information, write to the fiscal agent, Charles Leboeuf CPA, MCM CPAs & Advisors, 3536 Edwards Road, Cincinnati, Ohio 45208.

Insurance Purchasing Pool

Ohio SchoolComp Workers’ Compensation Group Rating Plan

The School District participates in the Ohio SchoolComp Workers’ Compensation Group Rating Plan (GRP), an insurance purchasing pool. The Ohio School Board Association (OSBA) and the Ohio Association of School Business Officials (OASBO) co-sponsor the Group Rating Plan. The Executive Directors of the OSBA and the OASBO, or their designees, serve as coordinators of the program.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

NOTE 18 - SET-ASIDE CALCULATIONS

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

The following cash basis information identifies the change in the fiscal year-end set-aside amount for capital acquisitions. Disclosure of this information is required by State statute.

	<u>Capital Acquisitions</u>
Set-aside Balance as of June 30, 2019	\$0
Current Fiscal Year Set-aside Requirement	155,813
Current Fiscal Year Offsets	<u>(155,813)</u>
Set-aside Balance as of June 30, 2020	<u><u>\$0</u></u>

Amounts of offsets and qualifying expenditures presented in the table for the capital acquisition set-asides were limited to those necessary to reduce the year-end balance to zero. Although the School District may have had additional offsets and qualifying expenditures for capital acquisitions, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore is not presented as being carried forward to the next fiscal year.

NOTE 19 - FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

<u>Fund Balances</u>	<u>General Fund</u>	<u>Nonmajor Governmental Funds</u>	<u>Total</u>
<i>Nonspendable:</i>			
Prepays	\$19,319	\$436	\$19,755
<i>Restricted for:</i>

NOTE 20 – SIGNIFICANT COMMITMENTS

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods and services. Encumbrances accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General Fund	\$241,367
Nonmajor Governmental Funds	144,025
Total	<u>\$385,392</u>

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2020

NOTE 21 - CONTINGENCIES

Grants

The School District received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2020, if applicable, cannot be determined at this time.

School Foundation

School District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, additional ODE adjustments for fiscal year 2020 are not finalized. As a result, the impact of future FTE adjustments on the fiscal year 2020 financial statements is not determinable, at this time. Management believes this may result in either an additional receivable to, or a liability of, the School District.

Litigation

The School District is not a party to any legal proceeding as of June 30, 2020.

NOTE 22 – COVID 19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the School District. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the School District's future operating costs, revenues, and any recovery from emergency funding, either federal or State, cannot be estimated.

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Required Supplementary Information

For the Fiscal Year Ended June 30, 2020

Net Pension Liability

Changes in Assumptions - SERS

Beginning in fiscal year 2018, an assumption of 2.5 percent was used for COLA or Ad Hoc Cola. Prior to 2018, an assumption of 3 percent was used.

Beginning with fiscal year 2017, amounts reported incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in fiscal year 2016 and prior are presented below:

	<u>Fiscal Year 2017</u>	<u>Fiscal Year 2016 and Prior</u>
Wage Inflation	3.00 percent	3.25 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent	4.00 percent to 22.00 percent
Investment Rate of Return	7.50 percent net of investments expense, including inflation	7.75 percent net of investments expense, including inflation

Beginning with fiscal year 2017, mortality assumptions use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

Changes in Assumptions - STRS

Beginning with fiscal year 2018, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2017 and prior are presented below:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Required Supplementary Information

For the Fiscal Year Ended June 30, 2020

	Fiscal Year 2018	Fiscal Year 2017 and Prior
Inflation	2.50 percent	2.75 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Net OPEB Liability

Changes in Assumptions – SERS

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

BLOOM-VERNON LOCAL SCHOOL DISTRICT

Notes to the Required Supplementary Information

For the Fiscal Year Ended June 30, 2020

Municipal Bond Index Rate:

Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent

Single Equivalent Interest Rate, net of plan investment expense,
including price inflation

Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

Changes in Assumptions – STRS

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under *GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)* and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement, withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

Changes in Benefit Terms – STRS OPEB

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the

Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

The accompanying notes to the Schedule of Federal Awards Revenues and Expenditures are an integral part of the Schedule.

BLOOM-VERNON LOCAL SCHOOL DISTRICT
Notes to the Schedule of Federal Awards Receipts and Expenditures
For the Fiscal Year Ended June 30, 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Bloom Vernon Local School District's (the School District) under programs of the federal government for the fiscal year ended June 30, 2020. The information on this Schedule is prepared in accordance with the requirements for Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the School District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the School District.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The School District has elected not to use the 10-percent de minimis indirect cost rate as allowed under Uniform Guidance.

NOTE C - CHILD NUTRITION CLUSTER

The School District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the School District assumes it expends federal monies first.

NOTE D – FOOD DONATION PROGRAM

The School District reports commodities consumed on the Schedule at the entitlement value. The School District allocated donated food commodities to the respective program that benefitted from the use of those donated food commodities.

P.O. Box 237
South Webster, Ohio 45682

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America, the financial statements of the governmental activities the major fund, and the aggregate remaining fund information of Bloom Vernon Local School District (the School District), Scioto County, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements and have issued our report thereon dated January 19, 2021, wherein, we noted that the School District implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities* and related guidance from (GASB) Implementation Guide No. 2019-2, related guidance from (GASB) Implementation Guide No. 2018-1, GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. We also noted the financial impact of COVID-19 and the ensuing emergency measures that will impact subsequent periods of the School District.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of supporting our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weakness or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Education
Bloom Vernon Local School District
Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based Required by
Government Auditing Standards

Compliance and Other Matters

As part of obtaining reasonable assurance whether the School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance with Requirements Applicable for Each Major Program
and on Internal Control over Compliance Required by Uniform Guidance**

Board of Education
Bloom Vernon Local School District
P.O. Box 237
South Webster, Ohio 45682

Report on Compliance for Each Major Federal Program

We have audited the Bloom Vernon Local School District (the School District), Scioto County, compliance with the types of applicable requirements described in the U.S. Office of Management and Budget (OMB), *Compliance Supplement* that could directly and materially affect the School District's major federal programs for the year ended June 30, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the School District's major federal programs.

Management's Responsibility

The School District's Management is responsible for complying with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the School District's compliance for the School District's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the requirements of the Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the School District's major federal programs. However, our audit does not provide a legal determination of the School District's compliance.

Opinion on Each Major Federal Program

In our opinion, the School District complied, in all material aspects, with the compliance requirements referred to above that could directly and materially affect its major federal programs identified in the *Summary of Auditor's Results* in the accompanying schedule of findings for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of Bloom Vernon Local School District is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School District's internal control over compliance with the applicable requirements that could have a direct and material effect on the major federal program, to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or to detect and correct, noncompliance with an applicable compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program's compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with an applicable compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Therefore, we cannot assure we have identified all deficiencies in internal control over compliance that might be a material weakness or significant deficiency. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
