

CITY OF HILLIARD
FRANKLIN COUNTY
SINGLE AUDIT
JANUARY 1, 2020 – DECEMBER 31, 2020

OHIO AUDITOR OF STATE
KEITH FABER

88 East Broad Street
Columbus, Ohio 43215
IPAReport@ohioauditor.gov
(800) 282-0370

Members of Council
City of Hilliard
3800 Municipal Way
Hilliard, Ohio 43026

We have reviewed the *Independent Auditor's Report* of the City of Hilliard, Franklin County, prepared by Wilson, Shannon & Snow, Inc., for the audit period January 1, 2020 through December 31, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Hilliard is responsible for compliance with these laws and regulations.

A handwritten signature in black ink that reads "Keith Faber".

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2020**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Hilliard, Franklin County (the City) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The City has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C - SUBRECIPIENTS

The City passes certain federal awards received from the Ohio Office of Budget and Management to other governments or not-for-profit agencies (subrecipients). As Note B describes, the City reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the City has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Hilliard
Franklin County
3800 Municipal Way
Hilliard, Ohio 43026

To City Council:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States’ *Government Auditing Standards*, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Franklin County, (the City) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements and have issued our report thereon dated June 25, 2021, wherein we noted the City adopted GASB Statement No. 84 “*Fiduciary Activities*” and recorded other corrections as disclosed in Note 21, and considered the financial impact of COVID-19 as disclosed in Note 22.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the City’s internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the City’s internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the City’s financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

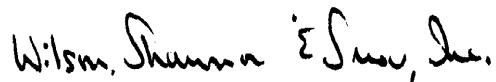

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the City's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE AND THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY UNIFORM GUIDANCE**

City of Hilliard
Franklin County
3800 Municipal Way
Hilliard, Ohio 43026

To the City Council:

Report on Compliance for The Major Federal Program

We have audited the City of Hilliard’s (the City) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the City of Hilliard’s major federal program for the year ended December 31, 2020. The *Summary of Auditor’s Results* in the accompanying schedule of findings identifies the City’s major federal program.

Management’s Responsibility

The City’s Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

Auditor’s Responsibility

Our responsibility is to opine on the City’s compliance for the City’s major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States’ *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the City’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the City’s major program. However, our audit does not provide a legal determination of the City’s compliance.

Opinion on The Major Federal Program

In our opinion, the City of Hilliard complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2020.

Report on Internal Control over Compliance

The City's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the City's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

City of Hilliard
Franklin County
Independent Auditor's Report on Compliance With Requirements
Applicable to the Major Federal Program and On Internal Control
Over Compliance And the Schedule of Expenditures of
Federal Awards Required by Uniform Guidance
Page 3

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the City of Hilliard (the City) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 25, 2021, wherein we noted the City adopted GASB Statement No. 84 "*Fiduciary Activities*" as disclosed in Note 21 and considered the financial impact of COVID-19 as disclosed in Note 22. We conducted our audit to opine on the City's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

FOR THE YEAR ENDING 2020**

This page intentionally left blank.

Real People. Real Possibilities:

Finance Department

June 25, 2021

To The Council and The Citizens of the City of Hilliard, Ohio

We are pleased to submit to you the Comprehensive Annual Financial Report (Annual Report) of the City of Hilliard (the City) for the year ended December 31, 2020. This Annual Report is prepared in accordance with generally accepted accounting principles (GAAP) and in conformance with standards of financial reporting established by the Governmental Accounting Standards Board (GASB) using guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Wilson, Shannon & Snow, Inc. has issued an unmodified ("clean") opinion on the City's financial statements for the year ended December 31, 2020. The Independent Auditor's Report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditors' Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Government

The City is in the western half of Franklin County in portions of Norwich, Washington and Brown Townships. It is approximately ten miles northwest of downtown Columbus, the capital of the State of Ohio. The City encompasses an area of approximately 13 square miles. Rail service is provided by CSX and private air service is available five miles to the north and south by Don Scott Field and Bolton Field, respectively. The City is 20 miles from Port Columbus International Airport and has direct access to interstate highways 1-70 and 1-270 via three major interchanges. The City is situated 833 feet above sea level and experiences mean temperatures of 72 degrees during the summer and 30 degrees during the winter.

The Hilliard area was settled in the early 1800s and was incorporated as a village in 1869. The Village of Hilliard remained primarily agricultural in character until the 1950s, when residential growth boomed. By December 12, 1960, the population had reached 5,000 and the Village of Hilliard became a City, The Mid-Ohio Regional Planning Commission estimates the population for the City to be 36,411 for 2020.

The City is serviced by the Hilliard City School District, which is an independent political subdivision not under the control or supervision of the City in any respect. The geographic boundaries of the School District are much larger than the City, encompassing some 60 square miles, and portions of several other municipalities (including the City of Columbus) as well as unincorporated areas of Franklin County. The School District estimates that 39.48 percent of its students reside in the City.

The City operates under a Charter first adopted by the voters in 1963 and most recently changed by voter approval November 5, 2020 effective January 1, 2020. The City charter lays out guidelines for city officials, businesses and residents. The city charter is revisited every 10 years by a review commission that evaluates the charter relative to current events and recommends any potential revisions. This approach ensures a balance between stability and flexibility.

Beginning Jan. 1, 2020, the City of Hilliard began operating under a Council/City Manager form of government.

City Council is composed of seven council members, each elected to a staggered four-year term. City Council members represent all residents living with Hilliard city boundaries. As Hilliard's legislative body, City Council sets policy, establishes goals, and oversees the municipal government's annual budget.

A City Manager is hired by City Council to oversee the departments and to manage the day-to-day operations of the city. The City Manager reports directly to City Council and implements the City's operating and capital budgets (as approved by City Council.) City Council directs the City Manager to enter into contracts and perform certain actions on the City's behalf.

City Council establishes various policies by enacting legislation. The City Manager implements those policies as directed by Council. As defined by the City of Hilliard's Charter, the City Manager oversees all departments and divisions of the municipal government, including hiring and firing of City employees.

The City's leadership team reports directly to the City Manager and includes directors for the following departments: Public Safety (Police), Finance and Taxation, Community Development (including Planning, Engineering, Transportation and Mobility, and Building Standards), Operations, Recreation and Parks, Economic Development, Human Resources, Community Relations, Law, and Information Technology.

The Director of Finance is the Chief Fiscal and Accounting Officer of the City. The responsibilities of this office include preparation and management of the capital and operating budgets and debt and treasury programs of the City.

The reporting entity is comprised of the primary government. The primary government consists of all the funds and departments which provide various services including police, recreation and parks, engineering, water services, sewer services, street maintenance and repair, zoning,

municipal court, income tax collection and support services (i.e. payroll processing and accounts payable).

Component units are organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organizations resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations for which the City approves their budget, the issuance of their debt or the levying of their taxes. Currently, the City does not have any component units.

The City's charter requires the City Manager to submit to Council on or before October 15th of each year an operating budget for the following year. Council sets the date and place of a public hearing on the budget and gives notice of the meeting time and place in a newspaper of general circulation at least five days prior to the hearing date. The budget is on file with the City Clerk and available for inspection prior to the hearing date. Council adopts the budget either as submitted or amended after the public hearing but no later than January 31. This budget serves as the appropriation ordinance and is filed with the Franklin County Auditor's office.

This annual budget serves as the foundation for the City of Hilliard's financial planning and control. The 2020 budget was prepared by fund and department and object level. Department heads may transfer resources within the object as they see fit. The budget was approved by Council as required by the City's Charter.

Local Economy and Long-term Financial Planning

The City is included in the Columbus Metropolitan Statistical Area (MSA) which is ranked 32nd in the nation by population. This MSA had an annual average unemployment rate at the end of 2020 of 3.3 percent while the State of Ohio was at an annual average 4.7 percent unemployment rate at the end of 2020 according to the Ohio Labor Market Information site for the Ohio Department of Jobs and Family Services. Our employment mix insulates us somewhat from what is happening elsewhere in the state. One of our largest employers is the Hilliard City School District which is the eighth largest district in the state according to the Ohio Department of Education. The list of our ten largest employers can be found in our statistical section and includes telecommunications, financial services, technology, marketing, insurance and manufacturing businesses.

The City's ability to provide opportunities for expansion of its residential, commercial, and industrial tax base is greatly influenced by its aggressive development strategy, excellent school system, recreational programs, police department, city services, and probably, most importantly, the annual five-year Capital Improvement Program. The Capital Improvement Program provides the City with the framework to upgrade the infrastructure to make it possible to handle a growing and prosperous city. The Capital Improvement Program is a comprehensive five-year plan that is updated every year to prioritize projects and provide improvements to everything from streets and sewer and waterlines to ball fields, traffic signals, and the municipal complex.

Relevant financial policies

Income tax remains the primary source of revenue for the City and supports the five-year Capital Improvement Program. Income tax revenue is divided among the General Fund, Street Improvement Municipal Tax Special Revenue Fund, and Capital Improvement Municipal Tax Capital Projects Fund. The Street Improvement Municipal Tax Special Revenue Fund and the Capital Improvement Municipal Tax Capital Projects Fund provide funding for the City's capital needs by paying debt service or cash funding projects. The City issues debt for capital projects only.

The City uses historical revenue and expenditure trends in the budget process and provides monthly revenue and expenditure reports, income tax collections and projections reports and detailed quarterly reviews that include budget to actual year-to-date information to Council.

During 2014, Council adopted a General Fund balance policy that targets the fund reserve to be twenty five percent of annual operating expenditures on a budget basis.

The City adheres to the Uniform Depository Act of the State of Ohio to determine eligible investments for City funds. The City further limits investments to maturities of a maximum of two years. Cash flow forecasting and the use of short-term investments, such as repurchase agreements and the State Treasurer's Asset Reserve account (STAROhio), allow the City to earn interest on all funds.

Major initiatives

Development

Despite the impact of the COVID-19 pandemic, 2020 ended as strong year for new development and company expansions in the City of Hilliard. Low vacancy rates for office, industrial and retail properties led to more than \$11 million in new commercial construction permits.

Businesses continue to see the benefit of locating to or expanding in the City of Hilliard. Amazon Data Services purchased two sites, including a 104-acre site from the City of Hilliard for the construction of a new data center facilities. At full buildout, these projects are expected to create 280 jobs and more than \$480 million in new investment in our community, Trilogy Health Services commenced construction on a \$15 million continuum of care facility on Davidson Road that will add \$4.23 million in new annual payroll. Avid Hotel and Marriott TownePlace Suites completed construction of two new hotels that will add 178 new rooms for visitors to our community.

The City of Hilliard constructed a \$3.5 million fiber optic infrastructure project that will help the community to attract new investments in technology and advanced manufacturing. Converge Technologies is one of the first companies to utilize the city fiber network called, HiFiO. Converge will create 116 new direct jobs and will help startups commercialize new inventions.

As a result of the City's investments in the Old Hilliard area, several new private redevelopment projects have helped transform Old Hilliard into a destination for our community. Most recently, the Center Street market anchored by Crooked Can Brewery completed construction on a \$3 million, 16,000 square foot brewery, multi-vendor market and event space. This project serves as an amenity for Hilliard families and draws people into the community from across the Columbus

Region. With the goal of continuing new investment and redevelopment, the City completed a major street reconstruction and beautification project on Franklin Street.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Hilliard, Ohio for its comprehensive annual financial report (Annual Report) for the fiscal year ended December 31, 2019. This was the twenty-eighth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City had to publish an easily readable and efficiently organized Annual Report that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

We wish to convey our appreciation to the City Administration and to the City Council for their support and for providing the necessary funds to prepare and publish this report.

The entire Finance Department played a part in preparing this report; they worked with extreme dedication to the project. Special thanks to Gregory A. Tantari, Deputy Finance Director and Karrie M. Martin, Fiscal Officer, for their special attention to the project.

Respectfully submitted,

David D. Delande
Finance Director

INDEPENDENT AUDITOR'S REPORT

To the City Council and Management:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Franklin County, Ohio (the City), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Hilliard, Franklin County, as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and TIF Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 21 to the financial statements, during 2020, the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84 "*Fiduciary Activities*". As discussed in Note 22 to the financial statements, during 2020, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the City. We did not modify our opinion regarding these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the City's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

City of Hilliard
Franklin County
Independent Auditor's Report

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2021 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

CITY OF HILLIARD, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The management's discussion and analysis of the City of Hilliard (the "City") financial performance provides an overall review of the City's financial activities for the year ended December 31, 2020. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the basic financial statements, transmittal letter and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2020 are as follows:

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by approximately \$217.8 million (net position), an increase of approximately \$11.2 million in comparison with the prior year.
- General revenues accounted for approximately \$54.5 million, or 76.5 percent of total governmental activities revenue. Program specific revenues accounted for the remaining 23.5 percent, or approximately \$16.7 million.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of approximately \$67.4 million, an approximately \$20.2 million increase in comparison with the prior year. Of this amount:
 - \$149,830 represents non-spendable balances for prepayments.
 - \$39.5 million is categorized as restricted. Restricted fund balances have constraints externally imposed by creditors, grantors, contributors, or laws or regulations of other governments.
 - \$5.8 million is categorized as committed. Committed fund balances have constraints as to use imposed by formal action of the government's highest level of decision-making authority. These constraints can only be removed or changed by taking the same type of action it employed to commit those amounts.
 - \$2.8 million is categorized as assigned. Assigned fund balances are constrained by the government's intent to use the funds for a specific purpose but are neither restricted nor committed.
 - \$19.1 million is categorized as unassigned. The unassigned fund balance represents fund balance that has not been restricted, committed, or assigned. This represents 74.6 percent of the general fund expenditures.

The Comprehensive Annual Financial Report

This annual report consists of a transmittal letter, series of financial statements, notes to these statements and statistical section. These statements are organized so the reader can understand the City as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

CITY OF HILLIARD, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

The statement of net position and statement of activities provide information about the activities of the City as a whole, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City as a Whole

Statement of Net Position and the Statement of Activities

While this document contains a large number of funds used by the City to provide programs and activities, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during 2020?" The statement of net position and the statement of activities answer this question. These statements include all assets, liabilities, deferred inflows/outflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the City's net position and changes in that position. This change in net position is important because it tells the reader that, for the City as a whole, the financial position of the City has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. Non-financial factors include the City's tax base and the condition of capital assets.

The City's statement of net position and statement of activities can be found on pages 30-31 of this report.

Reporting the City's Most Significant Funds

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary fund, and fiduciary funds.

Fund financial reports provide detailed information about the City's major funds. The City uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the City's most significant funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

CITY OF HILLIARD, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a multitude of individual governmental funds. The City has segregated these funds into major funds and nonmajor funds. The City's major governmental funds are the General Fund, TIF Fund, and Capital Improvement Municipal Tax Fund. Information for major funds is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single, aggregated presentation. The basic governmental fund financial statements can be found on pages 32-38 of this report.

Proprietary Funds

The City maintains one type of proprietary fund. The Internal Service Fund is used to report medical, dental, and vision activities that provide services to the City's other funds and departments; therefore, it has been included in the governmental activities in the government-wide financial statements. The basic proprietary fund financial statements can be found on pages 39-41 of this report.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The basic fiduciary fund financial statements can be found on pages 42-43 of this report.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. These notes to the basic financial statements start on page 45 of this report.

Government-Wide Financial Analysis

Statement of Net Position

Over time, net position can serve as a useful indicator of a government's financial position. At the end of the current fiscal year, the City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by approximately \$217.8 million.

CITY OF HILLIARD, OHIO

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)**

Capital assets reported on the government-wide statements represent the largest portion of the City’s assets. At year-end, capital assets represented approximately 74.7 percent of total assets. Capital assets include buildings, improvements other than buildings, machinery and equipment, furniture and fixtures, vehicles, and infrastructure. Net investment in capital assets at December 31, 2020, was approximately \$184.4 million. These capital assets are used to provide services to citizens and are not available for future spending. Although the City’s investment in capital assets is reported net of related debt, it should be noted that the resources to repay the debt must be provided from other sources, since capital assets may not be used to liquidate these liabilities.

The table below provides a comparative summary of the City’s net position at December 31, 2020 and December 31, 2019:

	<u>Net Position</u>	
	2020 <u>Governmental Activities</u>	Restated 2019 <u>Governmental Activities</u>
<u>Assets</u>		
Current and other assets	\$ 84,933,771	\$ 67,170,555
Capital assets, net	<u>250,202,811</u>	<u>253,640,210</u>
Total assets	<u>335,136,582</u>	<u>320,810,765</u>
<u>Deferred Outflows of Resources</u>		
Total deferred outflows of resources	<u>9,901,671</u>	<u>15,533,458</u>
<u>Liabilities</u>		
Current and other liabilities	3,819,975	3,956,737
Long-term liabilities:		
Net pension liability	26,330,788	33,667,800
Net OPEB liability	9,694,222	8,891,763
Other amounts	<u>69,445,344</u>	<u>70,444,533</u>
Total liabilities	<u>109,290,329</u>	<u>116,960,833</u>
<u>Deferred Inflows of Resources</u>		
Total deferred inflows of resources	<u>17,971,894</u>	<u>12,800,947</u>
<u>Net Position</u>		
Net investment in capital assets	184,436,972	186,151,971
Restricted	40,445,382	27,784,019
Unrestricted	<u>(7,106,324)</u>	<u>(7,353,547)</u>
Total net position	<u>\$ 217,776,030</u>	<u>\$ 206,582,443</u>

CITY OF HILLIARD, OHIO

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)**

Current and other assets increased significantly in comparison with the prior year. This increase is primarily due to an increase in equity in pooled cash and cash equivalents in the Capital Improvement Municipal Tax Fund. This increase is mainly due to the City selling land for approximately \$11.9 million during the fiscal year.

Capital assets decreased in comparison with the prior year. This decrease represents the amount in which current year depreciation and disposals exceeded capital asset additions, consisting mostly of infrastructure construction and donations.

The net pension and net OPEB liabilities and related deferred outflows and inflows of resources all fluctuated significantly in comparison with the prior year. These fluctuations are due to changes in the actuarial liabilities and related accruals that are passed through to the City's financial statements. All components of pension and OPEB accruals contribute to the fluctuations in deferred outflows/inflows and net pension/net OPEB liability are described in more detail in their respective notes.

Other long-term liabilities decreased significantly in comparison with the prior year. This decrease is primarily the result of the City reducing general obligation bonds outstanding at fiscal year-end by issuing general obligation refunding bonds as well as principal reduction payments made during the year.

Restricted net position increased significantly during 2020. This increase is primarily the result of the City selling land for approximately \$11.9 million during the fiscal year. Approximately \$40.4 million of the City's net position, represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position may be used to meet the government's ongoing obligations to citizens and creditors.

Community environment	4,299,354	5,185,444
Basic utility services	7,704,325	7,691,113
Transportation	12,637,519	13,371,260
Interest and fiscal charges	2,192,116	2,154,572
Total expenses	<u>59,980,864</u>	<u>48,344,958</u>
Change in net position	11,193,587	16,512,570
Net position at beginning of year, as restated	206,582,443	N/A
Net position at end of year	<u>\$ 217,776,030</u>	<u>\$ 206,582,443</u>

CITY OF HILLIARD, OHIO

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)**

Capital grants and contributions decreased significantly in comparison with the prior fiscal year. This decrease is the result of a decrease in donated infrastructure received from developers in 2020. Operating grants increased significantly in comparison with the prior fiscal year. This increase is primarily the result of the City receiving CARES Act grant receipts during the fiscal year.

Gain on sale of capital assets increased significantly in comparison with the prior fiscal year. This increase is the result of the City selling land in 2020.

Security of persons and property expenditures increased significantly in comparison with the prior fiscal year. This increase is primarily the result of a change in net pension/OPEB liability. In 2019, OP&F changed its retiree health care model to a stipend-based health care model thus reducing its total OPEB liability. That change resulted in significantly lower net OPEB liability reported by the City in 2020.

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The following table shows, for governmental activities, the total cost of services and the net cost of services for 2020 and 2019. That is, it identifies the cost of these services supported by tax revenue and unrestricted State grants and entitlements. As can be seen in the graph below, the City is highly dependent upon property and income taxes as well as payments in lieu of taxes to support its governmental activities.

Program expenses	Total Cost of Services 2020	Net Cost of Services 2020	Total Cost of Services 2019*	Net Cost of Services 2019*
General government	\$ 14,769,346	\$ 10,845,073	\$ 11,057,514	\$ 10,028,373
Security of persons and property	14,422,740	13,145,321	3,196,562	1,739,003
Public health	807,980	747,542	383,820	324,371
Leisure time activity	3,147,484	2,752,123	5,304,673	4,266,173
Community environment	4,299,354	1,729,147	5,185,444	1,897,310
Basic utility services	7,704,325	2,758,494	7,691,113	(78,062)
Transportation	12,637,519	9,104,708	13,371,260	7,073,738
Interest and fiscal charges	2,192,116	2,192,116	2,154,572	2,154,572
Total program expenses	\$ 59,980,864	\$ 43,274,524	\$ 48,344,958	\$ 27,405,478

* 2019 was not adjusted from the restatement. Any differences have been determined to be insignificant for analysis purposes.

The total costs of services covered by program revenues was 27.9 percent. As shown by the net cost of \$43.3 million, the majority of the City’s costs are funded by general revenues, consisting primarily of income taxes, property taxes and payments in lieu of taxes.

Financial Analysis of the Government’s Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

CITY OF HILLIARD, OHIO

MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)

Governmental Funds

The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City’s net resources available for spending at year-end.

As of the close of the current fiscal year, the City’s governmental funds reported combined ending fund balances of \$67.4 million, an approximately \$20.2 million increase in comparison with the prior year. Of this amount, approximately \$19.1 million is available for spending at the City’s discretion (unassigned fund balance).

The schedule below indicates the fund balances and the total change in fund balances as of December 31, 2020 and December 31, 2019 for all major and nonmajor governmental funds.

	Fund Balance 12/31/2020	Restated Fund Balance 12/31/2019	Increase
General	\$ 22,115,050	\$ 17,179,451	\$ 4,935,599
TIF	5,171,793	3,108,937	2,062,856
Capital Improvement Municipal Tax	30,456,496	18,913,650	11,542,846
Other governmental	9,704,493	8,077,788	1,626,705
Total	\$ 67,447,832	\$ 47,279,826	\$ 20,168,006

The General Fund is the chief operating fund of the City. At the close of the current fiscal year, unassigned fund balance for the general fund was approximately \$19.1 million, or 74.6 percent of general fund expenditures.

The table that follows assists in illustrating the revenues of the general fund:

<u>Revenues by Source</u>	<u>2020 Amount</u>	<u>2019 Amount*</u>
Property and other taxes	\$ 1,573,372	\$ 1,563,190
Municipal income taxes	22,949,736	19,636,288
Charges for services	3,603,995	4,072,410
Licenses and permits	2,212,320	1,067,894
Fines and forfeitures	137,939	236,798
Intergovernmental	924,680	666,245
Investment earnings	717,219	1,002,086
Miscellaneous	468,214	308,006
Total revenues - general fund	\$ 32,587,475	\$ 28,552,917

* 2019 was not adjusted from the restatement. Any differences have been determined to be insignificant for analysis purposes.

CITY OF HILLIARD, OHIO

**MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED DECEMBER 31, 2020
(UNAUDITED)**

Tax revenue represents 75.3 percent of all general fund revenue. Tax revenue increased significantly in comparison with the prior fiscal year. This increase is primarily related to an increase in income tax revenue. The table that follows assists in illustrating the expenditures of the general fund:

<u>Expenditures by Function</u>	<u>2020 Amount</u>	<u>2019 Amount*</u>
General government	\$ 7,397,313	\$ 7,310,649
Security of persons and property	11,036,663	10,809,735
Public health	445,984	330,680
Leisure time activities	2,343,809	3,561,221
Community environment	4,189,760	4,207,967
Basic Utility Service	215,000	-
Transportation	24,317	-
Total expenditures - general fund	<u>\$ 25,652,846</u>	<u>\$ 26,220,252</u>

* 2019 was not adjusted from the restatement. Any differences have been determined to be insignificant for analysis purposes.

General government and security of persons and property expenditures account for approximately \$18.4 million, or 71.9 percent, of total expenditures. Security of persons and property and general government expenditures remained constant in comparison with the prior fiscal year.

The Tax Increment Financing (TIF) Fund was established to account for payments in lieu of taxes received from various business owners to be used for City-owned infrastructure improvements that will benefit the business owners’ property. At year-end, fund balance in the TIF Fund was approximately \$5.2 million, an increase of approximately \$2.1 million. This increase represents the amount in which receipts from payments in of taxes exceeded capital outlays, debt service and transfers to the Capital Improvement Municipal Tax Fund.

The Capital Improvement Municipal Tax Fund was established to account for 25 percent of the City’s income tax collections and impact fees which are used for various capital improvements. At year-end, fund balance in the Capital Improvement Municipal Tax Fund was approximately \$30.5 million, an increase of approximately \$11.5 million. This increase represents the amount in which receipts for municipal income taxes, transfers in from the TIF Fund and General Fund, proceeds from the issuance of bonds and loans, and proceeds from the sale of capital assets exceeded expenditures for various capital improvements and debt service.

The fund balance of the City’s Other Governmental Funds increased approximately \$1.6 million during the year. This increase is primarily the result of municipal income taxes, charges for services, and CARES Act grant receipts.

CITY OF HILLIARD, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED DECEMBER 31, 2020 (UNAUDITED)

Budgeting Highlights - General Fund

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, cash disbursements and encumbrances. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council as provided for in the City's charter. The legal level of control has been established by Council at the object level.

The most significant fund for which budgetary information is presented is the general fund. The original and final budgeted revenues and other financing sources in the general fund were the same. The actual revenues and other financing sources of approximately \$27.5 million came in approximately \$1.4 million lower than the final budgeted amounts.

The original budgeted expenditures of \$31.3 million came in approximately \$2.1 million lower than the final budgeted expenditures and other financing uses due to transfers to the Capital Improvement Municipal Tax fund. Final appropriations of approximately \$33.4 million were approximately \$4.9 million higher than actual expenditures and other financing uses of approximately \$28.4 million. The variance is primarily due to the City budgeting for salaries and benefits in the general fund that were covered by the local coronavirus relief fund through CARES Act grant revenue.

Capital Assets

At the end of 2020, the City had approximately \$250.2 million (net of accumulated depreciation) invested in land, buildings, improvements other than buildings, machinery and equipment, furniture and fixtures, vehicles, infrastructure, and construction in progress, a decrease of approximately \$3.4 million in comparison with the prior year. This decrease represents the amount in which net disposals of approximately \$4.9 million and depreciation expense of \$13.4 million exceeded capital outlays and contributions, totaling approximately \$14.8 million.

See Note 10 in the notes to the financial statements for more detail on the City's capital assets.

Debt Administration

At the end of 2020, the City had approximately \$66.9 million in long-term debt outstanding, a decrease of approximately \$1.1 million in comparison with the prior year. This decrease represents the amount in which principal reduction payments and premium amortization of approximately \$5.4 million exceeded new bonds and loans, totaling approximately \$8.8 million. In 2020, the City issued \$7.6 million in general obligation bonds for the purpose of refunding the Series 2011 general obligation bonds.

See Note 11 in the notes to the financial statements for more detail on the City's long-term obligations.

Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, creditors, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact David Delande, Director of Finance, City of Hilliard, 3800 Municipal Way, Hilliard, Ohio 43026.

Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
December 31, 2020

Total Governmental Fund Balances	\$	67,447,832
<i>Amounts reported for governmental activities in the statement of net position are different because:</i>		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		250,202,811
Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds:		
Income Tax	\$ 401,112	
Property Tax	26,189	
Intergovernmental	1,196,030	
Accounts	81,789	
Interest	<u>26,115</u>	1,731,235
An internal service fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.		173,252
Accrued interest payable is not due and payable in the current period and therefore not reported in the funds.		(195,827)
Unamortized loss on refunding represents deferred outflows, which do not use current financial resources and, therefore, are not reported in the funds.		1,272,228
The net pension liability and net OPEB liability are not due and payable in the current period, therefore, the liability and related deferred inflows/outflows are not reported in governmental funds.		
Deferred Outflows - Pension	5,024,399	
Deferred Outflows - OPEB	3,605,044	
Net Pension Liability	(26,330,788)	
Net OPEB Liability	(9,694,222)	
Deferred Inflows - Pension	(4,116,750)	
Deferred Inflows - OPEB	<u>(1,897,840)</u>	(33,410,157)
Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds:		
General Obligation Bonds	(49,620,000)	
OPWC Loans	(7,373,405)	
Loans Payable	(5,323,243)	
Premium on bonds, net	(4,589,153)	
Compensated Absences	<u>(2,539,543)</u>	(69,445,344)
<i>Net Position of Governmental Activities</i>	<u>\$</u>	<u>217,776,030</u>

See accompanying notes to the basic financial statements.

City of Hilliard
Franklin County, Ohio
*Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2020*

Net Change in Fund Balances - Total Governmental Funds \$ 20,168,006

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital Asset Additions	\$ 14,849,787	
Capital Asset Adjustments	(4,857,076)	
Current Year Depreciation	(13,430,110)	(3,437,399)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Income Tax	(2,337,218)	
Property Tax	(1,029)	
Intergovernmental	10,590	
Accounts	(7,795)	
Interest	16,503	(2,318,949)

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

General Obligation Bonds	4,540,000	
OPWC Loans	54,608	
OWDA Loans	254,554	
Loans Payable	313,435	5,162,597

Issuance of refunding bonds results in expenditures and other financing sources and uses in the governmental funds, but these transactions are reflected in the statement of net position as long-term deferred outflows and liabilities.

Payment to Refunded Bond Escrow Agent	4,403,555	
Premium on Refunding Bonds	(876,550)	
Proceeds of Refunding Bonds	(7,605,000)	(4,077,995)

Debt proceeds issued in the governmental funds that increase long-term liabilities in the statement of net position are not reported as revenues.

OPWC Loans		(341,626)
------------	--	-----------

In the statement of activities, interest is accrued on outstanding bonds, and bond premium and the gain/loss on refunding are amortized over the term of the bonds, whereas in governmental funds, an interest expenditure is reported when bonds are issued.

Accrued Interest Payable	(14,035)	
Amortization of Premium on Bonds	340,048	
Amortization of Refunding Loss	(222,135)	103,878

Contractually required pension/OPEB contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows.

Pension	2,209,848	
OPEB	31,806	2,241,654

Except for amount reported as deferred inflows/outflows, changes in the net pension/OPEB liability are reported as pension/OPEB expense in the statement of activities.

Pension	(4,569,957)	
OPEB	(1,495,052)	(6,065,009)

The internal service fund used by management to charge the costs of insurance to individual funds is not reported in the statement of activities. Governmental expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service fund is allocated among the governmental activities.

(157,735)

Some expenses reported in the statement of activities, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated Absences		(83,835)
----------------------	--	----------

Change in Net Position of Governmental Activities

\$ 11,193,587

See accompanying notes to the basic financial statements.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1 – REPORTING ENTITY

The City of Hilliard (the “City”) is a home rule municipal corporation organized under the laws of the State of Ohio. The City operates under its own Charter. The Charter was adopted January 1, 1963, and was most recently changed by voter approval on November 5, 2020. Beginning January 1, 2020, the City began operating under a Council/City Manager form of government.

(a) Reporting Entity

A reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the City consists of all funds and departments which comprise the legal entity of the City. The City provides various services including police protection, parks and recreation, planning, zoning, engineering, street maintenance, snow removal, refuse collection, and other governmental services. Water and sewer services are provided by the City of Columbus, although the City of Hilliard maintains the water and sewer lines. Norwich Township provides fire protection.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the organization's budget, the levying of its taxes or the issuance of its debt. The City has no component units.

The City of Hilliard Mayor's Court has been included in the City's financial statements as an agency fund. The Mayor is an elected City official who has a fiduciary responsibility for the collection and distribution of court fees and fines.

The City is associated with the Hilliard Arts Council Corporation which is defined as a related organization. In addition, in 2007 the City entered into agreement with Norwich Township, a legally separate organization, to construct and operate a facility to house the police protection services of the City and the fire protection services of Norwich Township. Finally, the City entered into an agreement to become a member of the Central Ohio Interoperable Radio System, a jointly governed organization. Information about the related organization, the joint venture, and the jointly governed organization is presented in Note 19 to the basic financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Hilliard have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The most significant of the City's accounting policies are described below.

(a) Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements, which provide a more detailed level of financial information.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Government-wide Financial Statements - The Statement of Net Position and the Statement of Activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service fund is eliminated to avoid “doubling up” revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation. The statements usually distinguish between those activities of the City that are governmental in nature and those that are considered business-type activities; however, the City has no activities which are reported as business-type.

The Statement of Net Position presents the financial condition of the governmental activities of the City at year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the City’s governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program is self- financing or draws from the general revenues of the City.

Fund Financial Statements - During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service fund is presented on the face of the proprietary fund statements. Fiduciary funds are reported by type.

(b) Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds utilized by the City: governmental, proprietary, and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions of the City typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and governmental fund deferred inflows of resources and liabilities is reported as fund balance.

The following are the City's major governmental funds:

General Fund – This fund accounts for all financial resources except those required to be accounted for in another fund. The General Fund’s balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the Charter of the City.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Tax Increment Financing (TIF) Fund – This fund is used to account for payments in lieu of taxes received from various business owners to be used for City-owned infrastructure improvements that will benefit the business owners' property.

Capital Improvement Municipal Tax Fund – This fund is used to account for 25 percent of the City's income tax collections and impact fees which are used for various capital improvements.

The other governmental funds of the City account for grants and other resources whose use is restricted or committed for a particular purpose.

Proprietary Funds – Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. The City's proprietary fund is an internal service fund:

Internal Service Fund – The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. The City's internal service fund accounts for the payment of all City employees' medical, dental, and vision claims.

Custodial Funds - Custodial funds of the City are used to report fiduciary activities that are not required to be reported in a trust fund. The City currently does not have trust funds. The City's custodial funds account for various fees charged by the City and remitted to other government agencies and for deposits held pending compliance with established requirements. The City has the following fiduciary funds: Public Art Fund and Mayor's Court Fund.

(c) Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the City are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, the proprietary fund type is accounted for using a flow of economic resources measurement focus. All assets and liabilities associated with the operation of this fund are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The Statement of Cash Flows provides information about how the City finances and meets the cash flow needs of its proprietary activity.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(d) Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the internal service and agency funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. “Measurable” means the amount of the transaction can be determined and “Available” means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, municipal income taxes, and payments in lieu of taxes, grants, entitlements, shared revenues, and donations. On the accrual basis, revenue from property taxes and payments in lieu of taxes are recognized in the year for which the taxes are levied (See Note 7). Revenue from municipal income taxes is recognized in the year in which the income is earned (See Note 8). Revenue from grants, entitlements, shared revenues, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

On the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: municipal income taxes, charges for services, interest on investments, intergovernmental revenues (including motor vehicle license tax, gasoline tax, permissive tax, and local government assistance), and grants.

Deferred Outflows/Inflows of Resources - In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources are reported on the government-wide statement of net position for deferred charge on refunding, pensions, and other postemployment benefits (OPEB). A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB are explained in Notes 15 and 16.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources until that time. For the City, deferred inflows of resources include property taxes, payments in lieu of taxes, unavailable revenue, pensions, and OPEB. Property taxes and payments in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2020, but which were levied to finance year 2021 operations. These amounts have been recorded as deferred inflows of resources on both the government-wide Statement of Net Position and governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, grants and entitlements, and other revenues. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. Deferred inflows of resources related to pension and OPEB are reported on the government-wide Statement of Net Position (See Notes 15 and 16).

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

(e) Unearned Revenue

Unearned revenue recorded in the General Fund represents resources that have been received, but not yet earned as of December 31, 2020.

(f) Budgetary Process

All funds, other than custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount Council may appropriate. The appropriations ordinance is Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by Council. The legal level of control has been established by Council at the object level within each department.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts set forth in the budgetary statements and schedules as final budgeted amounts represent estimates from the amended certificate in force at the time final appropriations were passed by Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by Council during the year, including all supplemental appropriations.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(g) Cash and Cash Equivalents

To improve cash management, cash received by the City, except cash held by a fiscal or escrow agent and cash held in a segregated account, is pooled. Individual fund integrity is maintained through City records. Interest in the pool is presented as “Equity in Pooled Cash and Investments” on the financial statements. Monies held by the Franklin County Engineer and monies held by Signature Bank for the Municipal Park LED Retrofit Project are presented in the financial statements as “Cash and Cash Equivalents with Fiscal Agent”. Cash and cash equivalents that are held separately for Mayor’s Court and not held in the City treasury are recorded on the financial statements as “Cash and Cash Equivalents in Segregated Accounts.”

During 2020, the City invested in negotiable certificates of deposit, a money market account, and the State Treasury Assets Reserve of Ohio (STAR Ohio). STAR Ohio is an investment pool managed by the State Treasurer’s Office that allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted GASB Statement No 79, Certain External Investment Pools and Pool Participants. Investments in STAR Ohio are valued at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For 2020, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Interest income is distributed to the funds according to Ohio constitutional and statutory requirements. Interest revenue credited to the General Fund during 2020 amounted to \$717,219, which includes \$484,364 assigned from other funds.

Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are reported on the financial statements as cash equivalents.

(h) Capital Assets

The City’s only capital assets are general capital assets and contributions of capital assets from developers. General capital assets usually result from expenditures in governmental funds. These assets are reported in the governmental activities’ column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and deletions during the year. Donated capital assets are recorded at their acquisition value on the date received. The City maintains a capitalization threshold of one thousand dollars, except for infrastructure which has a threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are expensed.

All capital assets except for land, road right of way, and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City’s historical records of necessary improvements and replacements.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Buildings	20-40 years
Improvements Other Than Buildings	15-30 years
Machinery and Equipment	5-20 years
Furniture and Fixtures	7-20 years
Vehicles	5-20 years
Infrastructure	10-60 years

The City's infrastructure consists of curbs, streets, bridges, traffic signals, sidewalks, water lines, sewer lines, storm sewers, and streetlights.

(i) Compensated Absences

Vacation and compensatory time benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the City will compensate the employees for the benefits through paid time off or some other means. The City records a liability for accumulated unused vacation and compensatory time for all employees.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the City has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employees' wage rates at year-end, taking into consideration any limits specified in the City's termination policy.

The entire compensated absences liability is reported on the government-wide financial statements. On governmental fund financial statements, compensated absences are reported as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "Matured Compensated Absences Payable" in the funds from which the employees will be paid.

(j) Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary fund are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that will be paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. Long-term notes, loans, bonds, and capital leases are recognized as liabilities on the governmental fund financial statements when due.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(k) Bond Premium, Deferred Charges on Refunding, and Debt Issuance Costs

Bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds payable.

The deferred charges on refunding bonds (difference between the reacquisition price and the net carrying amount of the old debt) is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter. It is reported as deferred outflows of resources.

Debt issuance costs are expensed when incurred.

(l) Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and expenditure is reported in the year in which services are consumed.

(m) Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

(n) Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, deferred outflows and deferred inflows of resources related pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(o) Fund Balance

Fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is “bound to honor constraints on the specific purposes for which amounts in the fund can be spent” in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The components for reporting the City’s fund balance are nonspendable, restricted, committed, assigned and unassigned. Restricted fund balance includes those amounts that are restricted by parties outside of the City and pursuant to enabling legislation. Committed fund balance describes the portion of fund balance that has been limited by use by approval of City Council. City Council is the City’s highest level of decision making. Fund balance commitments are established, modified, or rescinded by City Council action through passage of an ordinance. Assigned fund balance includes amounts that have an intended use by City, but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amounts that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by the City Council. The City Council has authorized the Finance Director to assign fund balance for purchases on order provided those amounts have been lawfully appropriated. The unassigned fund balance represents the residual net resources.

The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds it is not appropriate to report a positive unassigned fund balance amount. However, in the governmental funds other than the General Fund, if expenditures exceed the amounts that are restricted, committed, or assigned to other purposes, it may be necessary to report a negative unassigned fund balance in that fund.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City does not have a formal policy for its use of unrestricted fund balance amounts; therefore, it considers committed amounts used first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Minimum Fund Balance Policy - On December 16, 2013, the City adopted an ordinance establishing a reserve fund to maintain a target fund balance of 25% of the City’s annual budgeted expenditures in the General Fund for that budget year. This amount is intended to minimize volatility in providing City programs, projects, and levels of service to its citizens. Use of funds must be authorized by passage of an ordinance by City Council and be replenished no later than December 31st of the following year.

(p) Estimates

The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

(q) Contributed Capital

Contributions of capital arise from outside contributions of capital assets, or from grants or outside contributions of resources restricted to capital acquisition and construction. Capital contributions are reported as program revenue in the statement of activities.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(r) Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the internal service fund. For the City, these revenues are charges for services for employees' health claims. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. Revenues and expenses that do not meet these definitions are reported as nonoperating.

(s) Extraordinary and Special Items

Extraordinary items or transactions of events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City administration and are either unusual in nature or infrequent in occurrence. No such transactions occurred in 2020.

(t) Net Position

Net position represents the difference of assets and deferred outflow of resources, less liabilities and deferred inflow of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes include funds for the operation of recreational activities, improving the living environment of the City, and the operation of police programs.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted resources are available.

NOTE 3 – BUDGETARY BASIS OF ACCOUNTING

While reporting financial position and results of operations on the basis of generally accepted accounting principles (GAAP), the budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual – Budget (Non-GAAP) Basis, are presented for the General and TIF Major Special Revenue Funds to provide a meaningful comparison of actual results with the budget.

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as a restriction, commitment, or assignment of fund balance (GAAP basis).
4. Advances-In and Advances-Out when applicable, are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).
5. Funds budgeted separately.

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget are as follows:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Funds Reclassified	(796,160)	-
Budget Basis	\$ (934,960)	\$ (855,418)

NOTE 4 – DEPOSITS AND INVESTMENTS

State statutes classify monies held by the City into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the City Council has identified as not required for use within the current five-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use, but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Interim monies may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

4. Bonds and other obligations of the State of Ohio; and with certain limitations including a requirement for maturity within a ten year from the date of settlement, bonds and other obligations of a political subdivision of the State of Ohio, if training requirements have been met;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain banker's acceptance and commercial paper notes for a period not to extend one hundred eighty and two hundred seventy days, respectively, from the purchase date in an amount not to exceed forty percent of the interim monies available for investment at any one period;
8. Time certificates of deposits or savings or deposit accounts including, but not limited to, passbook accounts.

The City may also invest any monies not required to be used for a period of six months or more in (1) Bonds of the State of Ohio; (2) Bonds of any municipal corporation, village, county, township, or other political subdivision of this state, as to which there is no default of principal, interest or coupons; and, (3) Obligations of the City.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Investments may only be made through specified dealers and institutions.

(a) Deposits with Financial Institutions

At December 31, 2020, the carrying amount of all City deposits was \$24,466,304 and the bank balance was \$25,222,772. Of the City's bank balance, \$750,182 was covered by the Federal Deposit Insurance Corporation (FDIC) and the remaining was uninsured and collateralized. For 2020, the City's financial institution was approved for a collateral rate of 50 percent through the OPCS. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the City to a successful claim by the FDIC.

Custodial credit risk is the risk that, in the event of bank failure, the City's deposits may not be returned. The City has no investment policy dealing with investment custodial risk beyond the requirement in State statute. Ohio law requires that deposits either be insured or be protected by:

1. Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or
2. Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(b) Investments

As of December 31, 2020, the City had the following investments. All investments are in an internal investment pool.

Fair Value Measurement	Investment Type	Measurement Amount	Credit Rating*	Investment Securities		
				1 Year or Less	1 to 3 Years	Greater Than 3 Years
NAV	STAR Ohio	\$ 3,595,607	AAAm	\$ 3,595,607	\$ -	\$ -

Fair Value	Negotiable CD's	13,087,862	Not Rated	4,428,397	5,718,933	2,940,532
	Total	\$ 37,378,042		\$ 14,752,823	\$ 10,798,305	\$ 11,826,914

* - Moody's Investor Services

Interest Rate Risk – The City’s investment policy requires that an investment mature within two years from the date of purchase, unless matched to a specific obligation or debt of the City, and that an investment must be purchased with the expectation that it will be held to maturity. The City’s policy states that all investments should be sufficiently liquid to meet all operating requirements that can be reasonably anticipated.

Credit Risk – Under normal circumstances, the government money market fund invests at least 80 percent of its assets in U.S. Government securities, repurchase agreements collateralized by these securities, and shares of money market investment companies that invest exclusively in these securities. The City’s investment policy limits investments to those authorized by State statute.

Concentration of Credit Risk – The City places no limit on the amount it may invest in any one issuer; however, investments are limited to low risk securities with the expectation of earning market rate of return. The following table includes the percentage of each investment type held by the City at December 31, 2020:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

<u>Investment Type</u>	<u>Amount</u>	<u>% of Total</u>
STAR Ohio	\$ 3,595,607	9.62%
Money Market Fund	5,509,242	14.74%
FFCB	4,236,309	11.33%
FHLB	2,538,684	6.79%
FHLMC	2,080,151	5.57%
FNMA	2,982,965	7.98%
US Treasury Bond	572,000	1.53%
US Treasury Notes	2,775,222	7.42%
Negotiable CD's	13,087,862	35.02%
	<u>\$ 37,378,042</u>	<u>100.00%</u>

Fair Value Measurement – The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The above table identifies the City’s recurring fair value measurements as of December 31, 2020. The City’s investments measured at fair value are Level 2 since valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored which could require the need to acquire further market data.

NOTE 5 – INTERFUND BALANCES AND TRANSFERS

(a) Interfund Transfers

A schedule of interfund transfers during the year is as follows:

<u>Fund</u>	<u>Transfers In</u>	<u>Transfers Out</u>
General Fund	\$ -	\$ 2,000,001
TIF Fund	-	604,674
Capital Improvement Municipal Tax Fund	2,604,675	-
Total Transfers	<u>\$ 2,604,675</u>	<u>\$ 2,604,675</u>

Transfers are used to move revenues from one fund that statute or budget requires to collect them to the fund that statute or budget required to expend them. During 2020, the City transferred \$604,674 from the TIF Fund to the Capital Improvement Municipal Tax Fund to finance various capital projects. The City also transferred \$2,000,001 from the General Fund to the Capital Improvement Tax Fund to finance various capital projects.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 6 – RECEIVABLES

Receivables at December 31, 2020, consisted of property and other local taxes, payments in lieu of taxes, municipal income taxes, accounts, intergovernmental receivables arising from grants, entitlements and shared revenues, and interest receivables. Receivables have been separately identified on the face of the basic financial statements. All receivables are considered fully collectible.

NOTE 7 – PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. Property tax revenue received during 2020 for real and public utility property taxes represents collections of 2019 taxes.

2020 real property taxes are levied after October 1, 2020, on the assessed value as of January 1, 2020, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2020 real property taxes are collected in and intended to finance 2020.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2020 public utility property taxes became a lien December 31, 2019, are levied after October 1, 2020, and are collected in 2020 with real property taxes.

Real property taxes are payable annually or semi-annually. If paid annually, the payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City of Hilliard. The County Auditor periodically remits to the City its portion of the taxes. Property taxes receivable represents real property taxes, public utility taxes, and outstanding delinquencies which are measurable as of December 31, 2020, and for which there is an enforceable legal claim. In the governmental funds, the entire receivable has been included in deferred inflows of resources, since the current taxes were not levied to finance 2020 operations and the outstanding delinquencies were unavailable. On a full accrual basis, collectible delinquent property taxes have been recorded as revenue while the remainder of the receivable is reported as deferred inflows of resources since the current taxes were levied to finance a future period.

The full tax rate for all City operations for the year ended December 31, 2020 was \$1.60 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2020 property tax receipts were based are as follows:

Category	Assessed Value
Real Property	\$ 1,034,549,560
Public Utility Property	43,296,840
Totals	\$ 1,077,846,400

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 8 – MUNICIPAL INCOME TAXES

The City levies a municipal income tax of 2.0 percent on all salaries, wages, commissions, other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. However, the City allows a credit for income taxes paid to another municipality up to 100 percent of the City's current tax rate.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

Income tax proceeds are distributed to the General Fund, Capital Improvement Municipal Tax Fund, and other governmental funds as required by City Administrative Code, and totaled \$22,949,736, \$8,833,062, and \$3,533,124 in 2020, respectively.

NOTE 9 – TAX ABATEMENTS

The City uses income tax abatement agreements with local businesses under the Jobs Creation Tax Incentive Program, structured in accordance with Ohio Revised Code Section 718.15. Under the Program, the City may grant income tax incentives on local payroll withholding taxes paid to the City for the purpose of attracting or retaining businesses within its jurisdiction.

For the year ended December 31, 2020, the City abated income taxes totaling \$418,916 under the Program as follows:

- An annual incentive of 36% of actual local payroll withholding taxes paid to the City from 2006 to 2023 with BMW Financial Services for a commitment to create jobs.

This space intentionally left blank.

OP&F	2,093,938	155,570	-	2,249,508	-
Compensated Absences	2,455,708	1,334,365	(1,250,530)	2,539,543	1,378,616
Total Long Term Liabilities	\$ 113,004,096	\$ 10,926,338	\$ (18,460,080)	\$ 105,470,354	\$ 6,800,881

OPWC loans - The City has entered into two debt financing arrangements through the Ohio Public Works Commission (OPWC). The 2012 OPWC loan is to fund the Hilliard Triangle improvement. The \$2,730,423 loan is a zero-interest, 25-year loan.

In 2017, the City was approved to receive \$1,750,000 in grant funding and \$5,407,500 in a zero-interest, 20-year loan from OPWC for Scioto Darby and Leppert road improvements. As of December 31, 2020, all of the grant funds and loan proceeds have been drawn down.

The OPWC loans will be paid from the Capital Improvement Municipal Tax Capital Projects Fund.

OWDA loan – The City has entered into a loan with the Ohio Water Development Authority (OWDA) for the purpose of sewer construction for BMW. The loan is for 15 years and carries an interest rate of 3.0 percent. The OWDA loan was paid from the Capital Improvement Municipal Tax Capital Projects Fund.

General Obligation bonds - Generally, all voted and unvoted general obligation bonds issued will be paid through the Street Improvement Municipal Tax, Water and Sewer Revenue, TIF Special Revenue Funds, and the Capital Improvements Municipal Tax Capital Projects Fund.

In 2020 the City issued \$7,605,000 in general obligation various purpose bonds to current refund the 2011 general obligation various purpose bonds and pay for the Series 2020 various purpose road improvement notes. The refunding resulted in a decrease of debt service payments of \$740,000 and an economic gain of \$689,371.

Compensated absences, Net pension liability, and OPEB liability - Compensated Absences and employer contributions, one of many components that impact net position and OPEB liabilities, are generally paid from the General, Street Maintenance and Repair, Water and Sewer Revenue, and Storm Water Utility Special Revenue Funds.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Safety Building Loan - On June 25, 2007, the City entered into an agreement with the Board of Trustees of Norwich Township (the “Township”) for the joint construction and management of a public safety building. The building was constructed and is owned and managed by the township. Initially, the Township paid the entire cost of the building construction. The City entered into a 30-year agreement with the township under which the City will pay its allocated portion of the construction cost which totaled \$6,417,386. The agreement began upon completion of the building and the first payment was made on June 1, 2009. Payments of principal and interest are recorded as disbursements of the Capital Improvements Municipal Tax Capital Projects Fund.

Per the agreement, the building is considered the collateral for the debt payments. In the event of default, the Township may exercise the following rights and remedies:

1. The Township can immediately re-enter and take possession of the building.
2. All rights of the City and all duties of the Township shall immediately cease and terminate.
3. The Township may possess and enjoy the building as though the agreement had never been made, without prejudice, however, to any and all rights of action against the City the Township may have to the debt payments, damages, or breach of covenant.
4. The Township can re-let the building as it determines for and on behalf of the City for the highest rental reasonably obtainable in judgment of the Township (this is not considered as a surrender or acceptance back of the building or termination of the agreement).
5. The Township can recover from the City any deficiency between the amount of the debt payments and all other charges payable under the agreement plus any expenses in connection with reletting, redecorating, repairs, alterations, brokerage commissions, and attorney fees.
6. If the Township makes any repairs or carries insurance, the City may be required to immediately pay the Township for the expenses plus any accrued interest at the rate of 4.5 percent.

Wheel Loader Loan: April 15, 2016, the City entered into a loan with Caterpillar Financial Services Corporation for the purchase of a wheel loader. The loan has an interest rate of 2.89 percent and will be repaid in full in 2021. The loan is being paid from the City’s Street Maintenance and Repair Fund and Capital Improvement Municipal Tax Capital Projects Fund.

Per the agreement with Caterpillar Financial Services Corporation, the City pledged the wheel loader purchased as collateral for the debt. In the event of default, Caterpillar Financial Services Corporation shall have all rights and remedies under law. Also, in the event of default, Caterpillar Financial Services Corporation may exercise the following rights and remedies:

1. Caterpillar Financial Services Corporation may require the City to pay all the payments outstanding in the year of default.
2. Caterpillar Financial Services Corporation may enter the premises of the City to take repossession of the wheel loader
3. Caterpillar Financial Services Corporation may cancel the extended warranty agreement for the wheel loader on behalf of the City and receive the refund for the warranty.

First Security Finance, Inc. Loan - On April 24, 2019, the City entered into a loan agreement with First Security Finance, Inc. for \$814,698 for the purpose of retrofitting a LED lighting system at the Roger A. Reynolds Municipal Park. The loan was entered for a six-year period with final maturity at May 1, 2024. Payments of principal and interest are recorded as disbursements of the Park Maintenance Fund.

The City has pledged the equipment as collateral for the debt. In the event of default, First Security Finance, Inc. may exercise the following rights and remedies:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

1. The City may be required to pay the entire unpaid balance.
2. First Security Finance, Inc. may enter the premises of the City and take possession of the equipment.
3. The City may be required to pay all costs (including reasonable attorney's fees and court costs) incurred in disposing of the equipment.

(b) Future Debt Service Requirements

Principal and interest requirements to retire long-term obligations outstanding at December 31, 2020 are as follows:

	General Obligation Bonds		Loans from Direct Borrowings	
	Principal	Interest	Principal	Interest
2021	\$ 4,730,000	\$ 1,849,683	\$ 692,265	\$ 234,228
2022	4,925,000	1,665,119	697,522	221,095
2021	5,115,000	1,492,669	711,177	212,679
2024	4,985,000	1,289,044	725,422	198,641
2025	4,030,000	1,100,738	590,938	178,334
2026-2030	13,785,000	3,447,086	3,108,008	738,348
2031-2035	8,000,000	1,533,186	3,409,558	436,802
2036-2040	4,050,000	313,039	2,761,758	86,805
Total	<u>\$49,620,000</u>	<u>\$12,690,564</u>	<u>\$12,696,648</u>	<u>\$ 2,306,932</u>

(c) Debt Limitation

The Ohio Revised Code provides that the net debt of a municipal corporation, whether or not approved by the electors, shall not exceed 10.5% of the total value of all property in the municipal corporation as listed and assessed for taxation. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total taxation value of property. The assessed valuation used in determining the City's legal debt margin has been modified by House Bill 530 which became effective March 30, 2006.

In accordance with House Bill 530, the assessed valuation used in calculating the City's legal debt margin calculation excludes tangible personal property used in business, telephone or telegraph property, interexchange telecommunications company property, and personal property owned or leased by a railroad company and used in railroad operations. At December 31, 2020, the City's total and unvoted debt limits based on the tax year 2020, collection year 2021 assessed valuations were \$135,361,202 and \$70,746,132, respectively. The City's debt was within these limits.

NOTE 12 – SHORT TERM LIABILITIES

On December 22, 2020, the City entered into a one year land acquisition note for the purchase of land for \$1,500,000. The interest rate on the Serial Loan is 1.25% and the premium was \$14,160. The maturity date of the Term Loan will be one year after the inception date. Payment of principal and interest will be recorded as disbursements of the Capital Improvements Municipal Tax Capital Projects Fund.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

On April 30, 2020, the City entered into a one year road improvement note for the purpose of various road improvements for \$3,839,000. The interest rate on the Serial Loan was 2.625% and the premium was \$19,502. The maturity date of the loan was one year after the inception date. On October 28, 2020, the City issued \$7,605,000 in general obligation various purpose bonds to current refund the 2011 general obligation various purpose bonds and pay for the Series 2020 various purpose road improvement notes.

NOTE 13 – OTHER EMPLOYEE BENEFITS

(a) Compensated Absences

Accumulated Unpaid Vacation - City employees earn vacation leave at varying rates based upon length of service. Vacation can accumulate to a maximum of 400 hours. When an employee terminates employment, he/she is paid for 100 percent of their unused vacation leave. City employees can also earn compensatory time. Compensatory time is paid at one and one-half times an employee's regular rate. Employees with time remaining upon termination of their employment will be paid for any unused compensatory time.

Accumulated Unpaid Sick Leave - City employees earn sick leave at the rate of four and six tenths hours per eighty hours of service. Sick leave is cumulative without limit. In the case of death or retirement, an employee (or his/her estate) is paid 50 percent of accumulated sick leave up to a maximum payment of 500 hours.

(b) Deferred Compensation

City employees may participate in Mass Mutual, ING or Ohio Public Employees Deferred Compensation Plans. These plans were created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death, or an unforeseeable emergency.

NOTE 14 – RISK MANAGEMENT

(a) Property and Liability Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2020, the City contracted with several different insurance providers for property, liability, and automobile insurance.

Settled claims have not exceeded this commercial coverage in any of the past three years. There was no significant reduction in the level of coverage from the prior year.

(b) Health Insurance

The City maintains a self-funded health insurance program with claims processed by Central Benefits on behalf of the City. The Insurance Trust Fund (an internal service fund) was created in 1989 to account for and finance the health insurance program. As an integral part of the health insurance program, stop loss coverage has been purchased covering claims in excess of \$75,000 per individual and \$1,000,000 per occurrence.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

All funds of the City from which employee salaries are paid participate in the health insurance programs and make payments to the Insurance Trust Fund based on the amounts needed to make claim payments. Total contributions to the program during 2020 were \$1,987,753. The claims liability of \$93,906 reported in the Insurance Trust Fund at December 31, 2020, is based on the requirements of GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, as amended by GASB Statement No. 30, Risk Management Omnibus, which requires that a liability for claims be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Estimates were calculated by using actual claims reports for several months following the balance sheet date. This estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses.

Changes in the Insurance Trust Fund’s claims liability amount for 2018, 2019, and 2020 were:

Year	Balance at Beginning of Year	Current Year Claims	Claims Payments	Balance at End of Year
2018	\$ 452,000	1,849,313	(2,202,313)	99,000
2019	99,000	2,359,601	(2,219,849)	238,752
2020	238,752	2,145,488	(2,290,334)	93,906

NOTE 15 – DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability

Pensions and OPEB are components of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. Pensions and OPEB are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability and the net OPEB liability represent the City’s proportionate share of each pension/OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension/OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension and OPEB.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability. Resulting adjustments to the net pension/OPEB liability would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability* and *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contributions outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the pension disclosures. See Note 16 for the OPEB disclosures.

Plan Description – Ohio Public Employees Retirement System (OPERS)

City employees, other than full-time police, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan, and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS Comprehensive Annual Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member's pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost-of-living adjustment.

When a benefit recipient has received benefits for 12 months, current law provides for an annual cost-of-living adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those who retired prior to January 7, 2013, the cost of living adjustment is 3 percent. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, current law provides that the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Beginning in 2022, the Combined Plan will be consolidated under the Traditional Pension Plan (defined benefit plan) and the Combined Plan option will no longer be available for new hires beginning in 2022.

Funding Policy - Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2020 Statutory Maximum Contribution Rates	
Employer	14.00 %
Employee	10.00 %
2020 Actual Contribution Rates	
Employer:	
Pension	14.00 %
Post-Employment Health Care Benefits	<u>0.00 %</u>
Total Employer	<u>14.00 %</u>
Employee	<u>10.00 %</u>

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$1,001,210 for 2020. Of this amount, \$116,366 is reported as due to other governments.

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Full-time police participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit (see OP&F Comprehensive Annual Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, surviving beneficiaries, and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either three percent or the percent increase, if any, in the consumer price index over the 12 month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013, is equal to 3 percent of their base pension or disability benefit.

Funding Policy - Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

	Police
2020 Statutory Maximum Contribution Rates	
Employer	19.50 %
Employee	12.25 %
 2020 Actual Contribution Rates	
Employer:	
Pension	19.00 %
Post-Employment Health Care Benefits	0.50 %
Total Employer	19.50 %
 Employee	 12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City’s contractually required contribution to OP&F was \$1,208,638 for 2020. Of this amount, \$54,606 is reported as due to other governments.

Pension Liabilities, Pension Expense, and Deferred Outflows/Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OP&F’s total pension liability was measured as of December 31, 2019, and was determined by rolling forward the total pension liability as of January 1, 2019, to December 31, 2019. The City's proportion of the net pension liability was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	OPERS	OP&F	Total
Proportion of the Net Pension Liability:			
Current Measurement Period	0.055598%	0.227735%	
Prior Measurement Period	0.054399%	0.229938%	
Change in Proportion	0.001199%	-0.002203%	
 Proportionate Share of the Net			
Pension Liability	\$ 10,989,322	\$ 15,341,466	\$ 26,330,788
Pension Expense	\$ 2,327,524	\$ 2,242,433	\$ 4,569,957

Other than contributions made subsequent to the measurement date and differences between projected and actual earnings on investments; deferred inflows/outflows of resources are recognized in pension expense beginning in the current period, using a straight line method over a closed period equal to the average of the expected remaining services lives of all employees that are provided with pensions, determined as of the beginning of the measurement period. Net deferred inflows/outflows of resources pertaining to the differences between projected and actual investment earnings are similarly recognized over a closed five year period. At December 31, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

	OPERS	OP&F	Total
Deferred Outflows of Resources			
Differences between Expected and Actual Experience	\$ -	\$ 580,724	\$ 580,724
Changes of Assumptions	586,959	376,594	963,553
Changes in Proportionate Share	369,744	900,530	1,270,274
City Contributions Subsequent to the Measurement Date	1,001,210	1,208,638	2,209,848
Total Deferred Outflows of Resources	\$ 1,957,913	\$ 3,066,486	\$ 5,024,399
Deferred Inflows of Resources			
Differences between Expected and Actual Experience	\$ 138,944	\$ 791,223	\$ 930,167
Net Difference between Projected and Actual Earnings on Pension Plan Investments	2,192,121	741,116	2,933,237
Changes in Proportionate Share	-	253,346	253,346
Total Deferred Inflows of Resources	\$ 2,331,065	\$ 1,785,685	\$ 4,116,750

\$2,209,848 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	OPERS	OP&F	Total
2021	\$ 56,834	\$ 118,042	\$ 174,876
2022	(651,555)	152,316	(499,239)
2023	90,776	533,332	624,108
2024	(870,417)	(653,415)	(1,523,832)
2025	-	(78,112)	(78,112)
	\$ (1,374,362)	\$ 72,163	\$ (1,302,199)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2019, using the following key actuarial assumptions and methods applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2019 are presented below.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Wage Inflation	3.25 percent
Future Salary Increases, including wage inflation	3.25 percent to 10.75 percent (including wage inflation)
Investment Rate of Return	
Current Measurement Date	7.20 percent
Prior Measurement Date	7.20 percent
Actuarial Cost Method	Individual Entry Age
Cost-of-Living	Pre-1/7/2013 Retirees: 3.00 percent Simple
Adjustments	Post-1/7/2013 Retirees: 3.00 percent Simple through 2020, then 2.15 percent Simple

In October 2019, the OPERS Board adopted a change in COLA for Post-January 7, 2013 retirees, changing it from three percent simple through 2018 then 2.15 percent simple to 1.4 percent simple through 2020 then 2.15 percent simple.

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.2 percent for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of arithmetic real rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed Income	25.00 %	1.83 %
Domestic Equities	19.00	5.75
Real Estate	10.00	5.20
Private Equity	12.00	10.70
International Equities	21.00	7.66
Other Investments	13.00	4.98
Total	<u>100.00 %</u>	<u>5.61 %</u>

Discount Rate The discount rate used to measure the total pension liability was 7.20 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.20 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.20 percent) or one-percentage-point higher (8.20 percent) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
City's Proportionate Share of the Net Pension Liability	\$ 18,124,948	\$ 10,989,322	\$ 4,574,603

Actuarial Assumptions – OP&F

OP&F’s total pension liability as of December 31, 2019 is based on the results of an actuarial valuation date of January 1, 2019, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OP&F’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of the payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2019, are presented below:

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	8.00 percent
Projected Salary Increases	3.75 percent to 10.50 percent
Payroll Growth	3.25 percent per annum, compounded annually, consisting of inflation rate of 2.75 percent plus productivity increase rate of 0.50 percent
Cost-of-Living Adjustments	3.00 percent simple; 2.20 percent simple for increases based on the lesser of the increase in CPI and 3.00 percent

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2019, are summarized below:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

<u>Asset Class</u>	<u>Target Allocation</u>	<u>10 Year Expected Real Rate of Return**</u>	<u>30 Year Expected Real Rate of Return**</u>
Cash and Cash Equivalents	- %	0.10 %	1.00 %
Domestic Equity	16.00	3.90	5.40
Non-U.S. Equity	16.00	4.70	5.80
Private Markets	8.00	6.10	8.00
Core Fixed Income*	23.00	1.10	2.70
High Yield Fixed Income	7.00	2.50	4.70
Private Credit	5.00	4.80	5.50
U.S. Inflation Linked Bonds*	17.00	0.40	2.50
Midstream Energy Infrastructure	8.00	5.80	6.60
Real Assets	8.00	6.90	7.40
Private Real Estate	<u>12.00</u>	5.40	6.40
Total	<u>120.00 %</u>		

Note: Assumptions are geometric.

* Levered 2x

** Numbers are net of expected inflation

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.20 times due to the application of leverage in certain fixed income asset classes.

Discount Rate The total pension liability was calculated using the discount rate of 8.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, OP&F's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00 percent), or one percentage point higher (9.00 percent) than the current rate.

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
City's Proportionate Share of the Net Pension Liability	\$ 21,262,739	\$ 15,341,466	\$ 10,388,909

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 16 – DEFINED BENEFIT OPEB PLANS

See Note 15 for a description of the net OPEB liability.

Plan Description – Ohio Public Employees Retirement System (OPERS)

OPERS administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or separation, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit with a minimum age of 60, or generally 30 years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS Comprehensive Annual Financial Report referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan and the combined plan

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2020, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2020, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan and Combined Plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2020 was 4.0 percent.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$0 for 2020.

Plan Description – Ohio Police & Fire Pension Fund (OP&F)

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

A retiree is eligible for the OP&F health care stipend unless they have access to any other group coverage including employer and retirement coverage. The eligibility of spouses and dependent children could increase the stipend amount. If the spouse or dependents have access to any other group coverage including employer or retirement coverage, they are not eligible for stipend support from OP&F. Even if an OP&F member or their dependents are not eligible for a stipend, they can use the services of the third-party administrator to select and enroll in a plan. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2020, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded.

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contractually required contribution to OP&F was \$31,806 for 2020.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

OPEB Liabilities, OPEB Expense, and Deferred Outflows/Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2019, and was determined by rolling forward the total OPEB liability as of January 1, 2019, to December 31, 2019. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	OPERS	OP&F	Total
Proportion of the Net OPEB Liability:			
Current Measurement Period	0.053898%	0.227735%	
Prior Measurement Period	0.052140%	0.229938%	
Change in Proportion	<u>0.001758%</u>	<u>-0.002203%</u>	
Proportionate Share of the Net			
OPEB Liability	\$ 7,444,714	\$ 2,249,508	\$ 9,694,222
OPEB Expense	\$ 1,105,637	\$ 389,415	\$ 1,495,052

At December 31, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPERS	OP&F	Total
Deferred Outflows of Resources			
Differences between Expected and			
Actual Experience	\$ 199	\$ -	\$ 199
Changes of Assumptions	1,178,419	1,315,151	2,493,570

	<u>\$ 392,923</u>	<u>\$ 1,282,475</u>	<u>\$ 1,675,398</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25 percent
Projected Salary Increases, Including Inflation	3.25 percent to 10.75 percent (includes wage inflation at 3.25 percent)
Single Discount Rate:	
Current Measurement Date	3.16 percent
Prior Measurement Date	3.96 percent
Investment Rate of Return	
Current Measurement Date	6.00 percent
Prior Measurement Date	6.00 percent
Municipal Bond Rate	
Current Measurement Date	2.75 percent
Prior Measurement Date	3.71 percent
Health Care Cost Trend Rate	
Current Measurement Date	10.50 percent, initial, 3.50 percent ultimate in 2030
Prior Measurement Date	10.00 percent, initial, 3.25 percent ultimate in 2029
Actuarial Cost Method	Individual Entry Age Normal

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, if any contribution are made into the plans, the contributions are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made. Health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was 19.7 percent for 2019.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2019, these best estimates are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed Income	36.00 %	1.53 %
Domestic Equities	21.00	5.75
Real Estate Investment Trusts	6.00	5.69
International Equities	23.00	7.66
Other Investments	<u>14.00</u>	<u>4.90</u>
Total	<u>100.00 %</u>	<u>4.55 %</u>

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Discount Rate A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 2.75 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.16 percent) or one-percentage-point higher (4.16 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
City's Proportionate Share of the Net OPEB Liability	\$ 9,742,602	\$ 7,444,714	\$ 5,604,853

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

	1% Decrease	Current Trend Rate	1% Increase
City's Proportionate Share of the Net OPEB Liability	\$ 7,225,027	\$ 7,444,714	\$ 7,661,601

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Changes between Measurement Date and Reporting Date

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

Actuarial Assumptions – OP&F

OP&F's total OPEB liability as of December 31, 2019, is based on the results of an actuarial valuation date of January 1, 2019, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Valuation Date	January 1, 2019, with actuarial liabilities rolled forward to December 31, 2019
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Projected Salary Increases	3.75 percent to 10.50 percent
Payroll Growth	3.25 percent
Investment Rate of Return	
Current Measurement Date	8.00 percent
Prior Measurement Date	8.00 percent
Single Discount Rate:	
Current Measurement Date	3.56 percent
Prior Measurement Date	4.66 percent
Municipal Bond Rate	
Current Measurement Date	2.75 percent
Prior Measurement Date	4.13 percent
Cost of Living Adjustments	3.00 percent simple; 2.20 percent simple for increases based on the lessor of the increase in CPI and 3.00 percent

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. The target asset allocation and best estimates of geometric real rates of return for each major asset class as of December 31, 2019, are summarized below:

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

<u>Asset Class</u>	<u>Target Allocation</u>	<u>10 Year Expected Real Rate of Return**</u>	<u>30 Year Expected Real Rate of Return**</u>
Cash and Cash Equivalents	- %	0.10 %	1.00 %
Domestic Equity	16.00	3.90	5.40
Non-U.S. Equity	16.00	4.70	5.80
Private Markets	8.00	6.10	8.00
Core Fixed Income*	23.00	1.10	2.70
High Yield Fixed Income	7.00	2.50	4.70
Private Credit	5.00	4.80	5.50
U.S. Inflation Linked Bonds*	17.00	0.40	2.50
Midstream Energy Infrastructure	8.00	5.80	6.60
Real Assets	8.00	6.90	7.40
Private Real Estate	<u>12.00</u>	5.40	6.40
Total	<u>120.00</u> %		

Note: Assumptions are geometric.

* Levered 2x

** Numbers are net of expected inflation

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.20 times due to the application of leverage in certain fixed income asset classes.

Discount Rate For 2019, the total OPEB liability was calculated using the discount rate of 3.56 percent. For 2018, the total OPEB liability was calculated using the discount rate of 4.66 percent. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return of 8 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, a municipal bond rate of 2.75 percent at December 31, 2019 and 4.13 percent at December 31, 2018, was blended with the long-term rate of 8 percent, which resulted in a blended discount rate of 3.56 percent for 2019 and 4.66 percent for 2018. The municipal bond rate was determined using the Bond Buyers General Obligation 20-year Municipal Bond Index Rate. The OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments until 2034. The long-term expected rate of return on health care investments was applied to projected costs through 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 3.56 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.56 percent), or one percentage point higher (4.56 percent) than the current rate.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

	1% Decrease	Current Discount Rate	1% Increase
City's Proportionate Share of the Net OPEB Liability	\$ 2,789,245	\$ 2,249,508	\$ 1,801,024

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate The total OPEB liability is based on a medical benefit that is a flat dollar amount; therefore, it is unaffected by a health care cost trend rate. An increase or decrease in the trend rate would have no effect on the total OPEB liability.

This space intentionally left blank.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

(b) Other Commitments

As of December 31, 2020, the City had outstanding cash basis encumbrances in the governmental funds as follows:

	Governmental Funds
General Fund	\$ 2,962,331
TIF	2,918,274
Capital Improvement Municipal Tax Fund	8,476,734
Other Governmental Funds	1,412,757
Total	\$ 15,770,096

NOTE 18 – CONTINGENCIES

(a) Grants - For the year ended December 31, 2020, the City received federal and state grants for specific purposes that are subject to review and audit by grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

(b) Litigation - The City is a party to various legal proceedings. The City is of the opinion that the ultimate disposition of claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

NOTE 19 – RELATED AND JOINTLY GOVERNED ORGANIZATIONS

Hilliard Arts Council Corporation - The Hilliard Arts Council Corporation (the Corporation) is a separately created nonprofit (501(c)(3)) organization. The Corporation is governed by an eleven-member Board of Trustees appointed as follows: four members appointed by the Hilliard City Council, one member appointed by the Hilliard Area Chamber of Commerce, one member appointed by the Hilliard Recreation and Parks Director, one member appointed by the Hilliard City School District, and four members appointed by the Mayor of the City of Hilliard. The Trustees adopt their own budget, hire and fire their own staff, authorize expenditures, and do not rely on the City to finance deficits. The City cannot influence the Corporation’s operations, nor does the Corporation represent a potential financial benefit or burden to the City.

Norwich Township - The City and Norwich Township entered into a Joint Construction and Management Agreement which provides for the renovation, construction, management and use of a combined fire and police facility. Renovation was completed in December of 2008 and the City moved to the new facility in early 2009. The facility houses Township administration offices, City of Hilliard Mayor’s Court, City of Hilliard Police Department, City of Hilliard Communications and Norwich Township Fire Department. In addition to the joint agreement, the City provides police services to the unincorporated areas of the Township through a separate agreement and dispatching services for the fire department under a separate agreement. The Township provides fire protection and emergency medical services to the incorporated and unincorporated areas of the Township.

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

Central Ohio Interoperable Radio System - The Central Ohio Interoperable Radio System (COIRS) is a jointly governed organization between the City of Dublin, City of Worthington and Delaware County (the “members”). The intent of the COIRS is for the members to share in providing the financial resources and infrastructure needed to operate a digital 800MHZ public safety radio system used for dispatching emergency response and law enforcement services across the member jurisdictions. The COIRS is contracted by a Governing Board consisting of the County Administrator and the city managers for each city, or their representative. Each member’s ability to influence the operations of COIRS is limited to its representation on the Governing Board. Appropriations are adopted by the Governing Board who exercised control over the operation and maintenance of COIRS. Each member initially contributed radio system infrastructure assets, and annually, are assessed a required contribution based on its utilization of the system and related operating costs. In April 2014, the City of Hilliard made a one-time, lump sum cash contribution of \$2,006,865 to become a member of COIRS. The City of Dublin serves as the fiscal agent. Financial information may be obtained from the City of Dublin, 5200 Emerald Parkway, Dublin, Ohio 43017.

FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 21 – IMPLEMENTATION OF NEW ACCOUNTING PRINCIPLES AND RESTATEMENT OF NET POSITION/FUND BALANCES

Implementation of New Accounting Principles

For the year ended December 31, 2020 the City has implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*.

GASB Statement No. 84 establishes specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the City will no longer be reporting agency funds. The City reviewed its funds for proper classification, and any fund reclassifications resulted in the restatement of the City’s financial statements (see below).

Restatement of Net Position/Fund Balances

The implementation of GASB 84 had the following effect on net position as reported December 31, 2019:

	Governmental Activities
Net Position, December 31, 2019	\$ 206,179,530
GASB Statement No. 84	402,913
Restated Net Position, December 31, 2019	\$ 206,582,443

The implementation of GASB 84 had the following effect on fund balance as reported December 31, 2019:

	General Fund
Fund Balance, December 31, 2019	\$ 16,776,538
GASB Statement No. 84	402,913
Restated Fund Balance, December 31, 2019	\$ 17,179,451

The implementation of GASB 84 had the following effect on fiduciary net position as reported December 31, 2019:

	Fiduciary Funds	
	Agency	Custodial
Net Position, December 31, 2019	\$ 0	\$ 0
GASB Statement No. 84	0	150
Adjustments:		
Assets	(601,616)	0
Liabilities	601,616	0
Restated Net Position, December 31, 2019	\$ 0	\$ 150

CITY OF HILLIARD, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 22 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the City. The City's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be realized in subsequent periods, if any, cannot be determined. In addition, the impact on the City's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated. During 2020, the City received Coronavirus Aid Relief and Economic Security (CARES) Act funding. Of this amount, \$429,428 was sub-awarded to other organizations. These amounts are reflected as general government expenditures within the Local Coronavirus Relief Fund (a nonmajor governmental fund) on the accompanying financial statements.

NOTE 23 – SUBSEQUENT EVENT

On February 18, 2021, the City issued \$1,500,000 in General Obligation Infrastructure Improvement Bond Anticipation Notes for the purpose of designing, engineering, constructing, and reconstruction various infrastructure improvements. The notes carry an interest rate of 1.125 percent.

CITY OF HILLIARD, OHIO
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2020

NOTE 1 – NET PENSION LIABILITY

Changes in Assumptions – OPERS

For fiscal year 2019, the single discount rate changed from 7.50 percent to 7.20 percent.

Amounts reported in calendar year 2017 reflect an adjustment of the rates of withdrawal, disability, retirement and mortality to more closely reflect actual experience. The expectation of retired life mortality was based on RP-2014 Healthy Annuitant mortality table and RP-2014 Disabled mortality table. The following reductions were also made to the actuarial assumptions:

- Discount rate from 8.00 percent to 7.50 percent
- Wage inflation rate from 3.75 percent to 3.25 percent
- Price inflation from 3.00 percent to 2.50 percent

Changes in Benefit Terms – OPERS

In October 2019, the OPERS Board adopted a change in COLA for post-January 7, 2013 retirees, changing it from three percent simple through 2018 then 2.15 percent simple to 1.4 percent simple through 2020 then 2.15 percent simple.

Changes in Assumptions – OP&F

For 2018, the single discount rate changed from 8.25 percent to 8.00 percent.

Changes in Benefit Terms – OP&F

No significant changes in benefit terms.

NOTE 2 – NET OPEB LIABILITY

Changes in Assumptions - OPERS

For calendar year 2020, the following changes were made to the actuarial assumptions:

- Discount rate from 3.96 percent to 3.16 percent
- Municipal bond rate from 3.71 percent to 2.75 percent
- Health Care Cost Trend Rate from 10.00 percent to 10.50 percent

For calendar year 2019, the following changes were made to the actuarial assumptions:

- Discount rate from 3.85 percent to 3.96 percent
- Investment rate of return from 6.50 percent to 6.00 percent
- Municipal bond rate from 3.31 percent to 3.71 percent
- Health Care Cost Trend Rate from 7.50 percent to 10.00 percent

For calendar year 2018, the single discount rate changed from 4.23 percent to 3.85 percent.

CITY OF HILLIARD, OHIO
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED DECEMBER 31, 2020

Changes in Benefit Terms – OPERS

No significant changes in benefit terms.

Changes in Assumptions – OP&F

For calendar year 2020, the single discount rate decreased from 4.66 percent to 3.56 percent and the municipal bond rate from 4.13 percent to 2.75 percent.

For calendar year 2019, the discount rate increased from 3.24 percent to 4.66 percent and the municipal bond rate from 3.16 percent to 4.13 percent.

For calendar year 2018, the single discount rate changed from 3.79 percent to 3.24 percent.

Changes in Benefit Terms – OP&F

Beginning January 1, 2019 OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses.

SUPPLEMENTARY INFORMATION

CITY OF HILLIARD, OHIO
MAJOR FUND DESCRIPTIONS

The **General Fund** is the operating fund and is used to account for all financial resources except for those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

With the implementation of GASB Statement No. 54, certain funds that the City prepares legally adopted budgets for no longer meet the definition to be reported as Special Revenue Funds and have been included with the General Fund in the governmental fund financial statements. The City has only presented the budget schedules for these funds:

The **Construction Inspection Fund** accounts for the construction inspection fees paid by developers. Expenditures are payments to the inspectors.

The **Police Benevolent Fund** accounts for various donations and fees received by the City for police-related programs that include Safety Town, DARE, and Police K-9.

With the implementation of GASB Statement No. 84, a fund no longer meets the definition to be reported as a Custodial Fund and has been included with the General Fund in the governmental fund financial statements. GASB Statement No. 84 was implemented in 2020. As a result, this formal custodial fund was not required to be budgeted in 2020.

The **Escrow Fund** accounts for the collection and disbursement of charges for plumbing and electrical inspections provided by the City of Columbus, Franklin County Board of Health, and electrical contractors. This fund also accounts for the collection and remittance of sewer capacity charges and public service department deposits.

Major Special Revenue Fund:

The **Tax Increment Financing Fund** accounts for real estate taxes received from various business owners to be used for City-owned infrastructure improvements that will benefit the business owners' property.

Major Capital Project Fund:

The **Capital Improvement Municipal Tax Fund** accounts for 25 percent of the City's income tax collections and impact fees which are used for various capital improvements.

CITY OF HILLIARD, OHIO
NONMAJOR FUND DESCRIPTIONS – SPECIAL REVENUE FUNDS

The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

The following are descriptions of each Special Revenue Fund:

The **Street Maintenance and Repair Fund** accounts for the portion of the state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of streets within the City.

The **County Municipal Motor Vehicle Tax Fund** accounts for funds received from the City's permissive motor vehicle license tax and from the County's permissive motor vehicle license tax restricted for use of maintaining certain roadways within the City.

The **Street Improvement Municipal Tax Fund** accounts for a portion of the City's income tax collections to be used for repair and improvement of streets and highways. In 2018, 3% of income tax collections were deposited into the fund.

The **Park Maintenance Fund** accounts for public use fees collected on all lots developed in the City and the expenditures for all park maintenance, repair, and upkeep.

The **Police Fund** accounts for financial resources used to educate and treat persons with alcohol-related problems, to enhance law enforcement activities as a deterrent to the operation of motor vehicles while under the influence of alcohol, to account for mandatory drug fines, and to account for proceeds received from the sale of property received as a result of the Safety Department's participation in drug investigations or confiscated during drug-related arrests.

The **Mayor's Court Computer Fund** accounts for financial resources used to address the needs of defendants with substance abuse disorders who face criminal charges by establishing effective treatment as an alternative to incarceration.

The **Hilliard Recovery Court Fund** accounts for court fees to be used to maintain and upgrade the computer system in the Mayor's Court.

The **General Government Grants Fund** accounts for revenue and expenditures related to grants received from various sources.

The **Heritage Trail Dog Park Fund** accounts for the receipt and expenditure of donations for the construction of the Heritage Trail Dog Park.

The **Local Coronavirus Relief Fund** accounts for State and federal emergency relief grants related to the Coronavirus (COVID-19) pandemic.

The **Water and Sewer Revenue Fund** is used to account for water and sewer tap fees and water and sewer surcharge revenues collected by the City of Columbus for the City of Hilliard. These revenues are used for upgrading and making minor repairs to water and sewer lines.

The **Storm Water Utility Fund** accounts for storm water utility fees which are used to maintain and upgrade the storm water drainage systems.

(1) Percentages determined by dividing each overlapping subdivision's assessed valuation within the City by the subdivision's total assessed valuation.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account.

¹ The Regional Income Tax Agency (RITA) changed how they reported the number of active income tax accounts for the business and withholding categories in 2011. The City joined RITA in July 2007. In 2009 and 2010 RITA counted businesses that were located in various cities in the city that had the largest amount of withholding and/or the highest amount of tax paid by the business. In 2011, every city that received a return from a business is included in the appropriate category.
