City of Mentor's management is responsible for the assertions. Our responsibility is to opine on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards applicable to attestation engagements included in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions related to the accuracy and completeness of the census data and pensionable wages as described above provided to Ohio Police and Fire Pension Fund as of and for the year ended December 31, 2020 are fairly stated in all material respects.
