We have reviewed the *Independent Auditor's Report* of the Clay Avenue Community School, Lucas County, prepared by Julian & Grube, Inc., for the audit period July 1, 2019 through June 30, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Clay Avenue Community School is responsible for compliance with these laws and regulations.

**Independent Auditor's Report**

Clay Avenue Community School  
Lucas County  
1030 Clay Avenue  
Toledo, Ohio 43608

To the Governing Board:

***Report on the Financial Statements***

We have audited the accompanying financial statements of the Clay Avenue Community School, Lucas County, Ohio, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Clay Avenue Community School's basic financial statements as listed in the table of contents.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Clay Avenue Community School's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clay Avenue Community School's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Clay Avenue Community School, Lucas County, Ohio, as of June 30, 2020, and the changes in financial position and cash flows for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As described in Note 17 to the financial statements, the Clay Avenue Community School closed on June 30, 2020. Our opinion is not modified with respect to this matter.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis and schedules of net pension and other post-employment benefit assets and liabilities and pension and other post-employment benefit contributions* listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Clay Avenue Community School's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2021, on our consideration of the Clay Avenue Community School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clay Avenue Community School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clay Avenue Community School's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

The discussion and analysis of the Clay Avenue Community School's (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2020. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School's financial performance.

**Financial Highlights**

Key financial highlights for 2020 are as follows:

- In total, net position was \$40,447 at June 30, 2020.
- The School had operating revenues of \$3,637,412, operating expenses of \$4,837,916, non-operating revenues of \$1,174,827, and a special item of \$3,884,341 for fiscal year 2020.
- The School closed on June 30, 2020, see Note 17 for detail.

**Using these Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The *statement of net position* and *statement of revenues, expenses and changes in net position* provide information about the activities of the School, including all short-term and long-term financial resources and obligations.

**Reporting the School's Financial Activities**

***Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position and the Statement of Cash Flows***

These documents look at all financial transactions and ask the question, "How did we do financially during 2020?" The statement of net position and statement of revenues, expenses and changes in net position answer this question. These statements include all assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenses using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's *net position* and changes in net position. This change in net position is important because it tells the reader that, for the School as a whole, the *financial position* of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not.

The statement of cash flows provides information about how the School finances and meets the cash flow needs of its operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

The table below provides a summary of the School's net position for fiscal year 2020 and 2019.

	2020	2019
<b><u>Assets</u></b>		
Current assets	\$ 219,068	\$ 143,734
Non-current assets	-	202,514
Total assets	219,068	346,248
<b><u>Deferred outflows of resources</u></b>	-	1,277,970
<b><u>Liabilities</u></b>		
Current liabilities	178,621	121,447
Non-current liabilities	-	3,796,883
Total liabilities	178,621	3,918,330
<b><u>Deferred inflows of resources</u></b>	-	1,524,105
<b><u>Net Position</u></b>		
Unrestricted (deficit)	\$ 40,447	\$ (3,818,217)

At June 30, 2020 and June 30, 2019 the School's net position totaled \$40,447 and deficit (\$3,818,217), respectively. The increase in net position during fiscal year 2020 is due to reporting a special item in the amount of \$3,884,341 due to the closure of the School effective June 30, 2020. Certain assets, deferred outflows of resources, liabilities, and deferred inflows of resources, related to the net pension liability and net OPEB liability/asset, that the School will not be responsible for were written off in fiscal year 2020 (see Note 17.B for detail).

Current assets represent cash, accounts and intergovernmental receivables. Current liabilities represent accounts and intergovernmental payables for professional services. Refer to Notes 2.K, Note 5, Note 10.A and Note 10.B for detail on the current receivables and payables.

The School reported no non-current assets, deferred outflows of resources, liabilities, or deferred inflows of resources at June 30, 2020, due to the special item reported due to the School's closure at June 30, 2020.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

The table below shows the changes in net position for fiscal years 2020 and 2019.

**Change in Net Position**

	2020	2019
<b><u>Operating Revenues:</u></b>		
State foundation	\$ 3,637,412	\$ 3,491,238
Total operating revenue	3,637,412	3,491,238
<b><u>Operating Expenses:</u></b>

Operating lease payments	326,995	322,421
Other	7,337	6,931
Total operating expenses	4,837,916	3,860,569
<b><u>Non-operating Revenues:</u></b>		
Federal and State grants	1,174,827	990,582
Total non-operating revenues	1,174,827	990,582
Income (loss) before special item	(25,677)	621,251
Special item	3,884,341	-
Change in net position	3,858,664	621,251
Net position (deficit) at beginning of year	(3,818,217)	(4,439,468)
Net position (deficit) at end of year	\$ 40,447	\$ (3,818,217)

The revenue generated by a community school is almost entirely dependent on per-pupil allotment given by the State foundation and from Federal entitlement programs. The School received more in State foundation revenue due to an increase in student enrollment from 399 students in fiscal year 2019 to 421 students in fiscal year 2020. The School received Federal grant monies through the Child Nutrition Breakfast & Lunch, IDEA-B, IDEA Early Childhood Special Education, Title I, Title I-A, Title IV-A and Title II-A programs during fiscal year 2020.

The School contracted with Imagine Schools, Inc. for management services for fiscal years 2020 and 2019 (see Note 10.B to the basic financial statements for detail). Overall, expenses increased \$977,347 during fiscal year 2020.

***Debt***

The School had no debt obligations outstanding at June 30, 2020, or June 30, 2019.

***Capital Assets***

The School had no capital assets over the threshold to report at June 30, 2020, or June 30, 2019.

FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**Current Financial Related Activities**

The School was sponsored by the Ohio Council of Community Schools. Effective June 30, 2020, the School closed upon non-renewal of its charter (see Note 17 for detail). The School was reliant upon State foundation monies and Federal Sub-Grants to offer quality, educational services to students.

**Contacting the School's Financial Management**

This financial report is designed to provide our clients and creditors with a general overview of the School's finances and to show the School's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Ohio Council of Community Schools, 3131 Executive Parkway, Suite 306, Toledo, Ohio 43606.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**NOTE 1 - DESCRIPTION OF THE SCHOOL**

The Clay Avenue Community School (the "School") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The School specializes in providing students in grades K-8 with a challenging, effective program of study and strong moral development in a safe and nurturing learning environment. The focus is on students residing in the Toledo Public School District. The School may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the School.

The School was approved under contract with the University of Toledo (the "Sponsor") on March 14, 2007 for a period of five years and ending on June 30, 2012. The contract with the Sponsor was renewed on June 27, 2012 for a period of three years commencing on July 1, 2012 and ending on June 30, 2015. The contract with the Sponsor was renewed for an additional five-year term commencing on July 1, 2015 and ending on June 30, 2020. On September 19, 2017, the Ohio Council of Community Schools and the School's Governing Board executed an Assumption of Charter Contract Agreement, the Ohio Council of Community Schools has succeeded the University of Toledo as the official sponsoring entity for the School. The Sponsor is responsible for evaluating the performance of the School and has the authority to deny renewal of the contract at its expiration. On December 5, 2019, the School's sponsor voted to not renew the contract with the School and the effective date of non-renewal was June 30, 2020.

The School operates under the direction of a Governing Board which shall consist of not less than five members. All Governing Board members must be approved by the Sponsor prior to appointment. No employee of the School shall also be a voting member of the Governing Board. The Governing Board is responsible for carrying out the provisions of the contract, which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards and qualification of teachers. The Governing Board controls the School's instructional/support facility staffed by employees of the management company who provided services to 421 students.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School's significant accounting policies are described below.

**A. Basis of Presentation**

The School's basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

The School uses a single enterprise presentation. Enterprise reporting focuses on the determination of operating income, changes in net position, financial position and cash flows.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**B. Measurement Focus**

Enterprise activity is accounted for using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the School are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position. The statement of cash flows reflects how the School finances meet its cash flow needs.

**C. Basis of Accounting**

Basis of accounting determines when transactions are recognized in the financial records and reported on the financial statements. The School's financial statements are prepared using the accrual basis of accounting. Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. Revenue resulting from nonexchange transactions, in which the School receives value without directly giving equal value in return, such as grants and entitlements, are recognized in the period in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the period when the resources are required to be used or the period when use is first permitted, matching requirements, in which the School must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Expenses are recognized at the time they are incurred.

**D. Deferred Outflows of Resources and Deferred Inflows of Resources**

In addition to assets, the statement of net position will report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of net position will report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

The School had no deferred outflows of resources or deferred inflows of resources outstanding at June 30, 2020.

**E. Budgetary Process**

Community schools are statutorily required to adopt a budget by Ohio Revised Code 3314.032(C). However, unlike traditional public schools located in the State of Ohio, community schools are not required to follow the specific budgetary process and limits set forth in the Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the School and its Sponsor. The contract between the School and its Sponsor prescribes an annual budget requirement in addition to preparing a 5-year forecast, which is to be updated on an annual basis. Each year, the School Governing Board, with the assistance of the School's designated fiscal officer, is required to adopt an annual budget by the thirty-first day of October using the format and following the guidelines prescribed by the Ohio Department of Education (ODE).

LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**F. Cash**

Cash received by the School is reflected as “cash” on the statement of net position. Unless otherwise noted, all monies received by the School are pooled and deposited in a central bank account as demand deposits. The School did not have any investments during fiscal year 2020.

**G. Capital Assets**

Capital assets are capitalized at cost or estimated historical cost and updated for additions and deletions during the year. The School has established a capitalization threshold of \$5,000. The School does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset’s life are not capitalized.

The School had no capital assets over the threshold to report at June 30, 2020.

**H. Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**I. Intergovernmental Revenues**

The School currently participates in the State Foundation, Opportunity Grant, Special Education, Targeted Assistance, K-3 Literacy, English Learners, Third Grade Reading Bonus, Facilities, Transportation and Economic Disadvantaged Programs. Revenue received from these programs is recognized as operating revenues. Amounts awarded under these programs for the 2020 school year totaled \$3,637,412.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met. Eligibility includes timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School on a reimbursement basis. Federal and State grant revenue received during fiscal year 2020 was \$1,174,827.

**J. Prepayments**

Payments made to vendors for services that will benefit periods beyond June 30, 2020, are recorded as prepayments using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expense is reported in the year in which services are consumed. The School had no prepayments at June 30, 2020.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)**

**K. Accrued Liabilities and Long-Term Obligations**

All payables and other accrued liabilities are reported on the statement of net position. Accrued liabilities include accounts payable (e.g. amounts due to Imagine Schools Inc. as further described in Note 10.B., sponsor fees, and legal fees) and intergovernmental payables (e.g. amounts due to the Retirement Systems). The changes in long-term obligations are detailed in Note 12. Net pension/OPEB liability should be recognized to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payments of those benefits.

**L. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

**M. Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability, net OPEB asset, deferred outflows or resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**N. Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**O. Special Item**

Special items are transactions or events that are within the control of the School or Sponsor and that are either unusual in nature or infrequent in occurrence. For fiscal year 2020, the School is reporting a special item related to the closure of the School (see Note 17.B for detail).

**NOTE 3 - ACCOUNTABILITY AND COMPLIANCE**

**Change in Accounting Principles**

For fiscal year 2020, the School has implemented GASB Statement No. 84, "*Fiduciary Activities*" and GASB Statement No. 90, "*Majority Equity Interests - an amendment to GASB Statements No. 14 and No. 61*".

GASB Statement No. 84 establishes specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business-type activities should report their fiduciary activities. The implementation of GASB Statement No. 84 did not have an effect on the financial statements of the School.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**NOTE 3 - ACCOUNTABILITY AND COMPLIANCE**

GASB Statement No. 90 improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. The implementation of GASB Statement No. 90 did not have an effect on the financial statements of the School.

**NOTE 4 - DEPOSITS**

Custodial credit risk is the risk that, in the event of bank failure, the School's deposits may not be returned. The School does not have a deposit policy for custodial credit risk. At June 30, 2020, the carrying amount of the School's deposits and the bank balance was \$123,823. The entire bank balance was covered by the Federal Deposit Insurance Corporation (FDIC). There are no significant statutory restrictions regarding the deposit and investment of funds by the non-profit corporation.

**NOTE 5 - RECEIVABLES**

Receivables at June 30, 2020, consisted of intergovernmental receivables (e.g. grants and entitlements and amounts due from ODE) and accounts receivable from Imagine Schools, Inc. All receivables are considered collectible in full.

**NOTE 6 - DEFINED BENEFIT PENSION PLANS**

The School has contracted with Imagine Schools, Inc. (See Note 10.B) to provide employee services and to pay those employees. However, these contract services do not relieve the School of the obligation for remitting pension contributions. The retirement systems consider the School as the Employer-of-Record and the School ultimately responsible for remitting retirement contributions to the systems noted below.

***Net Pension Liability***

The net pension liability represents a liability to employees for pensions. Pensions are a component of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. Pensions are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the School's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the School's obligation for this liability to annually required payments. The School cannot control benefit terms or the manner in which pensions are financed; however, the School does receive the benefit of employees' services in exchange for compensation including pension.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 6 - DEFINED BENEFIT PENSION PLANS - (Continued)**

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in intergovernmental payable on the statement of net position.

***Plan Description - School Employees Retirement System (SERS)***

Plan Description - The School non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire after August 1, 2017
Full benefits	Age 65 with 5 years of services credit; or Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially reduced benefits	Age 60 with 5 years of service credit; or Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017 will be included in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2% for the first thirty years of service and 2.5% for years of service credit over 30. Final average salary is the average of the highest three years of salary.

Effective January 1, 2018, SERS cost-of-living adjustment (COLA) changed from a fixed 3% annual increase to one based on the Consumer Price Index (CPI-W) with a cap of 2.5% and a floor of 0%. SERS also has the authority to award or suspend the COLA, or to adjust the COLA above or below CPI-W. SERS suspended the COLA increases for 2018, 2019 and 2020 for current retirees, and confirmed their intent to implement a four-year waiting period for the state of a COLA for future retirees.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**NOTE 6 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Funding Policy - Plan members are required to contribute 10% of their annual covered salary and the School is required to contribute 14% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10% for plan members and 14% for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2020, the allocation to pension, death benefits, and Medicare B was 14.0%.

The School's contractually required contribution to SERS was \$98,175 for fiscal year 2020. Of this amount, \$6,018 is reported in intergovernmental payable on the statement of net position.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description - Licensed teachers participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Effective July 1, 2017, the cost-of-living adjustment was reduced to zero. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 28 years of service, or 33 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 35 years of service credit and at least age 60.

The DC Plan allows members to place all their member contributions and 9.53% of the 14% employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47% of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 6 - DEFINED BENEFIT PENSION PLANS - (Continued)**

New members who choose the DC Plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit to apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy - Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For fiscal year 2020, plan members were required to contribute 14% of their annual covered salary. The School was required to contribute 14%; the entire 14% was the portion used to fund pension obligations. The fiscal year 2020 contribution rates were equal to the statutory maximum rates.

The School's contractually required contribution to STRS was \$250,577 for fiscal year 2020. Of this amount, \$15,136 is reported in intergovernmental payable on the statement of net position.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School's proportion of the net pension liability was based on the School's share of contributions to the pension plan relative to the projected contributions of all participating entities.

\* The net pension liability, deferred outflows of resources, and deferred inflows of resources presented below have been written off at June 30, 2020 and are reported in the special item in the statement of revenues, expenses and change in net position due to the closure of the School on June 30, 2020. See Note 17.B for details.

Following is information related to the proportionate share and pension expense:

***Actuarial Assumptions - SERS***

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 6 - DEFINED BENEFIT PENSION PLANS - (Continued)**

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2019, are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
COLA or ad hoc COLA	2.50%
Investment rate of return	7.50% net of investments expense, including inflation
Actuarial cost method	Entry age normal (level percent of payroll)

For 2019, the mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five-year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120% of male rates, and 110% of female rates. Mortality among disabled members was based upon the RP-2000 Disabled Mortality Table, 90% for male rates and 100% for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes.

The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
Total	<u>100.00 %</u>	

**Discount Rate** - The total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.50%). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

*Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate* - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50%, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%), or one percentage point higher (8.50%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
School's proportionate share of the net pension liability	\$ 1,483,918	\$ 1,058,914	\$ 702,496

***Actuarial Assumptions - STRS***

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2019, actuarial valuation are presented below:

	July 1, 2019
Inflation	2.50%
Projected salary increases	12.50% at age 20 to 2.50% at age 65
Investment rate of return	7.45%, net of investment expenses, including inflation
Payroll increases	3.00%
Cost-of-living adjustments (COLA)	0.00%

For the July 1, 2019, actuarial valuation, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2019 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

**NOTE 6 - DEFINED BENEFIT PENSION PLANS - (Continued)**

STRS Ohio's investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation*</u>	<u>Long-Term Expected Real Rate of Return **</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

\*Target weights will be phased in over a 24-month period concluding on July 1, 2019.

\*\*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** - The discount rate used to measure the total pension liability was 7.45% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2019. Therefore, the long-term expected rate of return on pension plan investments of 7.45% was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2019.

**Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** - The following table presents the School's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45%, as well as what the School's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45%) or one-percentage-point higher (8.45%) than the current rate:

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>

NOTES TO THE BASIC FINANCIAL STATEMENTS

**NOTE 7 - DEFINED BENEFIT OPEB PLANS**

The School has contracted with Imagine Schools, Inc. (See Note 10.B) to provide employee services and to pay those employees. However, these contract services do not relieve the School of the obligation for remitting OPEB contributions. The retirement systems consider the School as the Employer-of-Record and the School ultimately responsible for remitting retirement contributions to the systems noted below.

***Net OPEB Liability/Asset***

The net OPEB liability/asset represents a liability/asset to employees for OPEB. OPEB is a component of exchange transactions - between an employer and its employees - of salaries and benefits for employee services. OPEB are provided to an employee - on a deferred-payment basis - as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability/asset represents the School's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the School's obligation for this liability to annually required payments. The School cannot control benefit terms or the manner in which OPEB are financed; however, the School does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability/asset. Resulting adjustments to the net OPEB liability/asset would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded/funded benefits is presented as a long-term *net OPEB liability* or *net OPEB asset* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in intergovernmental payable on the statement of net position.

***Plan Description - School Employees Retirement System (SERS)***

Health Care Plan Description - The School contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Comprehensive Annual Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14% of covered payroll to the Health Care Fund in accordance with the funding policy. For the fiscal year ended June 30, 2020, SERS did not allocate any employer contributions to post-employment health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, prorated if less than a full year of service credit was earned. For fiscal year 2020, this amount was \$19,600. Statutes provide that no employer shall pay a health care surcharge greater than 2% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2020, the School's surcharge obligation was \$12,830.

The surcharge added to the allocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund. The School's contractually required contribution to SERS was \$12,830 for fiscal year 2020, which is reported in intergovernmental payable.

***Plan Description - State Teachers Retirement System (STRS)***

Plan Description - The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2021. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

**NOTE 7 - DEFINED BENEFIT OPEB PLANS - (Continued)**

Funding Policy - Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2020, STRS did not allocate any employer contributions to post-employment health care.

***OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

The net OPEB liability/asset was measured as of June 30, 2019, and the total OPEB liability/asset used to calculate the net OPEB liability/asset was determined by an actuarial valuation as of that date. The School's proportion of the net OPEB liability/asset was based on the School's share of contributions to the respective retirement systems relative to the contributions of all participating entities.

\* The net OPEB asset/liability, deferred outflows of resources, and deferred inflows of resources presented below have been written off at June 30, 2020 and are reported in the special item in the statement of revenues, expenses and changes in net position due to the closure of the School on June 30, 2020. See Note 17.B for details.

***Actuarial Assumptions - SERS***

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 7 - DEFINED BENEFIT OPEB PLANS - (Continued)**

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2019 are presented below:

Wage inflation	3.00%
Future salary increases, including inflation	3.50% to 18.20%
Investment rate of return	7.50% net of investments expense, including inflation
Municipal bond index rate:	
Measurement date	3.13%
Prior measurement date	3.62%
Single equivalent interest rate, net of plan investment expense, including price inflation:	
Measurement date	3.22%
Prior measurement date	3.70%
Medical trend assumption:	
Measurement date	
Medicare	5.25 to 4.75%
Pre-Medicare	7.00 to 4.75%
Prior measurement date	
Medicare	5.375 to 4.75%
Pre-Medicare	7.25 to 4.75%

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120% of male rates and 110% of female rates. RP-2000 Disabled Mortality Table with 90% for male rates and 100% for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50%, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

**CLAY AVENUE COMMUNITY SCHOOL  
LUCAS COUNTY, OHIO**

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 7 - DEFINED BENEFIT OPEB PLANS - (Continued)**

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class, as used in the June 30, 2015 five-year experience study, are summarized as follows:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	1.00 %	0.50 %
US Equity	22.50	4.75
International Equity	22.50	7.00
Fixed Income	19.00	1.50
Private Equity	10.00	8.00
Real Assets	15.00	5.00
Multi-Asset Strategies	10.00	3.00
<b>Total</b>	<b>100.00 %</b>	

**Discount Rate** - The discount rate used to measure the total OPEB liability at June 30, 2019 was 3.22%. The discount rate used to measure total OPEB liability prior to June 30, 2019 was 3.70%. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 2.00% of projected covered employee payroll each year, which includes a 1.50% payroll surcharge and 0.50% of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024 and the Fidelity General Obligation 20-year Municipal Bond Index rate of 3.13%, as of June 30, 2019 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. A municipal bond rate of 3.62% was used as of June 30, 2018. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

**Sensitivity of the School's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates** - The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.22%) and higher (4.22%) than the current discount rate (3.22%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.75%) and higher (8.00% decreasing to 5.75%) than the current rate.

Pre-Medicare	7.73%	4.00%	8.00%	4.00%
Medicare	9.62%	4.00%	-5.23%	4.00%

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50% of rates through age 69, 70% of rates between ages 70 and 79, 90% of rates between ages 80 and 84, and 100% of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90% of rates for males and 100% of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2019 valuation are based on the results of an actuarial experience study for the period July 1, 2011 through June 30, 2016.

***Assumption Changes Since the Prior Measurement Date*** - There were no changes in assumptions since the prior measurement date of June 30, 2018.

***Benefit Term Changes Since the Prior Measurement Date*** - There was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020 to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020 from 1.944% to 1.984% per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021 to 2.1% for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020

**NOTE 7 - DEFINED BENEFIT OPEB PLANS - (Continued)**

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation*</u>	<u>Long-Term Expected Real Rate of Return **</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
Total	<u>100.00 %</u>	

\* Target weights will be phased in over a 24-month period concluding on July 1, 2019.

\*\*10-Year geometric nominal returns, which include the real rate of return and inflation of 2.25% and does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** - The discount rate used to measure the total OPEB asset was 7.45% as of June 30, 2019. The projection of cash flows used to determine the discount rate assumes STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45% was used to measure the total OPEB asset as of June 30, 2019.

**Sensitivity of the School's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate** - The following table represents the net OPEB asset as of June 30, 2019, calculated using the current period discount rate assumption of 7.45%, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45%) or one percentage point higher (8.45%) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

**NOTE 10 - CONTRACTS**

**A. Sponsor Contract**

The School entered into a contract with the University of Toledo (the “Sponsor”) commencing on March 14, 2007 for a period of five years and ending on June 30, 2012. The contract with the Sponsor was renewed on June 27, 2012 for a period of three years commencing on July 1, 2012 and ending on June 30, 2015. The contract with the Sponsor was renewed for an additional five year term commencing on July 1, 2015 and ending on June 30, 2020. On September 19, 2017, the Ohio Council of Community Schools and the School’s Governing Board executed an Assumption of Charter Contract Agreement, the Ohio Council of Community Schools has succeeded the University of Toledo as the official sponsoring entity for the School. On December 5, 2019, the School’s sponsor voted to not renew the contract with School and the effective date of non-renewal was June 30, 2020.

The Sponsor carried out the responsibilities established by law, including:

- Monitor the School’s compliance with applicable laws and the terms of the contract;
- Monitor and evaluate the academic, fiscal performance and the organization and operation of the School;
- Report annually the results of its evaluation to the Department of Education and to the parents of students enrolled in the school;
- Provide technical assistance to the School in complying with applicable laws and this contract;
- Intervene as the Sponsor deems necessary in the School’s operation to correct problems in the School’s overall performance (including but not limited to exercising its right to place the School on probation under Ohio Revised Code Section 3314.073 or to suspend or terminate the School under Ohio Revised Code Section 3314.07 or 3314.72);
- Prepare and assist with contingency plans in the event the School experiences financial difficulties or closes before the end of the school year.

The School paid the Sponsor \$106,023 for purchased services during fiscal year 2020, including \$131 in accounts payable at June 30, 2020. This payable consists of an intergovernmental receivable (amount due from ODE) to be transferred to the Sponsor, in accordance with the sponsorship contract.

**B. Management Contract**

The School entered into a management contract with Imagine Schools, Inc. for management consulting services. Imagine Schools, Inc. is required to provide the following services:

- Personnel & human resources administration
- Program of instruction
- Purchasing & contracts
- Budgeting, financial reporting and audit preparation
- Compliance issues
- Curriculum research and development
- Marketing and publicity
- Equipment and facilities
- Grant preparation and management

For the services listed above, the School is required to pay a fee to Imagine Schools, Inc. The fee is equal to approximately 88 percent of the total per pupil allowance received from the State of Ohio and 100 percent of State and/or Federal grant funds received by the School for the creation and operation of its school. Payments to Imagine Schools, Inc. amounted to \$4,318,200 during fiscal year 2020.

At June 30, 2020, the School reported accounts payable to Imagine Schools, Inc. in the amount of \$142,877. This payable consists of intergovernmental receivables (grants and amounts due from ODE) and cash on hand related to a state grant to be transferred to Imagine Schools, Inc. to cover expenses incurred by Imagine Schools, Inc. on the School's behalf, in accordance with the operating contract.

At June 30, 2020, the School had accounts receivable of \$33,984 from Imagine Schools, Inc. to cover the intergovernmental payable related to the STRS and SERS true-up for fiscal year 2020 and the SERS surcharge liability, in accordance with the operating contract.

The School's management contract with Imagine Schools, Inc. terminated on June 30, 2020, with the non-renewal of the School's charter by the Sponsor.

**C. Service Contract**

The School entered into a service contract for a period of twelve months, commencing on July 1, 2019 and ending on June 30, 2020, with Charter School Specialists, LLC ("CSS"), to provide fiscal and Comprehensive Continuous Improvement Planning consulting services. The School paid CSS \$31,034 during fiscal year 2020 for these services.

The School closed June 30, 2020. Therefore, the School's net pension liability and net OPEB liability were removed from the statement of net position at June 30, 2020, see Note 17.B for detail.

Net Pension Liability: See Note 6 for information on the School's net pension liability.

Net OPEB Liability: See Note 7 for information on the School's net OPEB liability.

**NOTE 13 - OPERATING LEASES**

A. On June 30, 2009, the School entered into a lease agreement with Schoolhouse Finance, LLC ("SHF") to lease classroom space for the School. The term of the lease commenced July 1, 2009, and shall continue through June 30, 2024. Thereafter the lease shall automatically extend for two additional five year terms, unless written notice of intent not to extend is delivered by either party at least one hundred eighty days prior to the end of the then current lease term. The School shall pay to SHF \$105,369 in annual base rent payable in advance in monthly installments of one-twelfth each on the fifteenth day of each month of the term. The base rent shall escalate annually on July 1 at a rate equal to the greater of the increase in the overall Consumer Price Index All-Urban Consumers, all items less food and energy, and three percent. The lease between the School and SHF expired upon non-renewal of the School's charter effective June 30, 2020.

The School made \$141,595 in payments to SHF during fiscal year 2020.

**NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2020**

**NOTE 13 - OPERATING LEASES - (Continued)**

- B.** On August 8, 2016, the School entered into a lease agreement with the Roman Catholic Diocese of Toledo in America (“Diocese”) to lease classroom space for the School. The term of the lease commenced August 8, 2016 and terminated on July 31, 2018. The lease was automatically renewed for a period of one year commencing August 1, 2018 through July 31, 2019. The School has the right and option to extend the term of the lease for three additional renewal terms of two years under the terms and conditions except that the base shall be increased by 3 percent. Base rent commencing August 1, 2018 and continuing through the renewal term is \$15,450 per month. The lease with the Diocese was not renewed with the closure of the School on June 30, 2020.

The School made \$185,400 in payments to the Diocese during fiscal year 2020.

**NOTE 14 - CONTINGENCIES**

**A. Grants**

The School received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the School at June 30, 2020.

**B. Litigation**

The School is not involved in any litigation that, in the opinion of management, would have a material effect on the financial statements.

**NOTE 15 - FEDERAL TAX STATUS**

The School was approved under § 501(c)(3) of the Internal Revenue Code as a tax exempt organization on May 19, 2009. Management is not aware of any course of action or series of events that might adversely affect the School’s tax exempt status.

**NOTE 16 - RELATED PARTY TRANSACTIONS**

Imagine Schools, Inc. and Schoolhouse Finance, LLC are both subsidiaries of Imagine Schools Non-Profit, Inc.

**NOTE 17 - SCHOOL CLOSURE**

- A.** The School closed June 30, 2020. On December 5, 2019, the School’s sponsor voted to not renew the contract with the School and the effective date of non-renewal was June 30, 2020.

The School has followed the closing procedures prescribed by ODE. Those procedures, among others, include official notification to ODE, retirement systems, the students and the community. The closing procedures prescribed by ODE are still pending completion as of the date of this report. Once all costs are known, the School will pay its final costs and any residual cash balances will be remitted to ODE per Ohio Revised Code 3314.074. As of June 30, 2020, the School had a cash balance of \$123,823 and a net position of \$40,447.

Deferred outflows of resources - OPEB	(262,332)
Deferred inflows of resources - OPEB	<u>535,559</u>
Total special item	<u>\$ 3,884,341</u>

**C. Assignment of Property**

The School (the "Assignor") entered into an Assignment of Property agreement with Sunbridge Schools (the "Assignee"), an Ohio nonprofit corporation. The School agreed to grant, convey, assign, transfer, and deliver the inventory described within the agreement to the Assignee.

The School (the "Assignor") entered into an Assignment of Property agreement with Imagine Environmental Science Academy (the "Assignee"), an Ohio nonprofit corporation. The School agreed to grant, convey, assign, transfer, and deliver the inventory described within the agreement to the Assignee.

**NOTE 18 - SUBSEQUENT EVENTS**

**A. Closure Treasurer Services**

The School entered into a contract with Charter School Specialists ("CSS") for closure treasurer services effective July 1, 2020, ending with the dissolution and conclusion of the governing authority business of the School, including the public release of the School's final audit. Either party may terminate this agreement in the event the other party has breached a representation, obligation, or warranty under this agreement, and such breach remains uncured for a period of thirty days after notice of such breach is sent, in writing, by the non-breaching party. The School has agreed to pay CSS \$100 per hour and CSS shall invoice the School by the 15<sup>th</sup> of each month. All fees shall be payable to CSS on the last day of each month.

**NOTE 18 - SUBSEQUENT EVENTS - (Continued)**

**B. Settlement Agreement and Release**

In September 2020, the School signed a Settlement Agreement and Release with Schoolhouse Finance, LLC (“SHF”). Pursuant to its terms, the lease between the School and SHF expired upon non-renewal of the School’s charter effective June 30, 2020, effectively terminating the lease and all rights and obligations thereunder between the parties unless specified under the lease. As of June 30, 2020, the School has removed itself from and otherwise vacated the premises and has fully and unconditionally surrendered any and all possessory interest in the premises to SHF in accordance with the expiration of the lease under its terms.

The School and SHF have signed the Settlement Agreement and Release to permanently settle and resolve disputes regarding the responsibility of certain repairs needed at the premises. Per the agreement, the School agrees to pay SHF \$25,000 in full and final settlement of any issues raised and for the immediate termination and release of any and all rights and obligations of the parties under the lease.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS:**

- (A) This schedule includes the federal award activity of the Clay Avenue Community School under programs of the federal government for the fiscal year ended June 30, 2020 and is prepared in accordance with the cash basis of accounting. The information on this schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Clay Avenue Community School, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Clay Avenue Community School.
- (B) CFR Section 200.414 of the Uniform Guidance allows a non-federal entity that has never received a negotiated indirect cost rate to charge a de minimis rate of 10% of modified total direct costs to indirect costs. The School has not elected to use the 10% de minimis indirect cost rate.
- (C) OAKS did not assign pass through numbers for fiscal year 2020.
- (D) Commingled with state and local revenue from sales of breakfasts and lunches; assumed expenditures were made on a first-in, first-out basis.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Clay Avenue Community School  
Lucas County  
1030 Clay Avenue  
Toledo, Ohio 43608

To the Governing Board:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Clay Avenue Community School, Lucas County, Ohio, as of and for the fiscal year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Clay Avenue Community School's basic financial statements, and have issued our report thereon dated January 22, 2021, wherein we noted as described in Note 17 to the financial statements, the Clay Avenue Community School closed June 30, 2020.

***Internal Control over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the Clay Avenue Community School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clay Avenue Community School's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clay Avenue Community School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Clay Avenue Community School's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the Clay Avenue Community School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clay Avenue Community School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clay Avenue Community School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for the Major Program  
and on Internal Control Over Compliance Required by the Uniform Guidance**

Clay Avenue Community School  
Lucas County  
1030 Clay Avenue  
Toledo, Ohio 43608

To the Governing Board:

***Report on Compliance for the Major Federal Program***

We have audited the Clay Avenue Community School's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Clay Avenue Community School's major federal program for the fiscal year ended June 30, 2020. The Clay Avenue Community School's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings.

***Management's Responsibility***

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for the Clay Avenue Community School's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Clay Avenue Community School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Clay Avenue Community School's compliance.

***Opinion on the Major Federal Program***

In our opinion, the Clay Avenue Community School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the fiscal year ended June 30, 2020.

***Report on Internal Control over Compliance***

Management of the Clay Avenue Community School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Clay Avenue Community School's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Clay Avenue Community School's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
