**DELAWARE COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE YEAR ENDED DECEMBER 31, 2020**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Delaware County (the County) under programs of the federal government for the year ended December 31, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D – SUBRECIPIENTS**

The County passes certain federal awards received from the Ohio Department of Developmental Disabilities to other governments or not-for-profit agencies (subrecipients). As Note B describes, the County reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the County has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

**NOTE E – COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) REVOLVING LOAN PROGRAMS**

The County has a revolving loan fund (RLF) program to provide low-interest loans to businesses to create jobs for low to moderate income persons and also to lend money to eligible persons to rehabilitate homes. The Federal Department of Housing and Urban Development (HUD) grants money for these loans to the County, passed through the Ohio Development Services Agency. The Schedule reports loans made and administrative costs as disbursements on the Schedule. The County did not have any loans made or administrative costs in 2020. The cash balance on hand in the revolving fund as of December 31, 2020 was \$185. Subsequent loans are subject to the same compliance requirements imposed by HUD as the initial loans.

**NOTE F – MATCHING REQUIREMENTS**

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Delaware County  
145 North Union Street  
Delaware, Ohio 43015

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Delaware County, (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 29, 2021, wherein we noted the County adopted new accounting guidance in Governmental Accounting Standards Board Statement 84, *Fiduciary Activities* and the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. Additionally, our report refers to other auditors who audited the financial statements of the Delaware County Transportation Improvement District, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

***Compliance and Other Matters***

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber  
Auditor of State  
Columbus, Ohio

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Delaware County  
145 North Union Street  
Delaware, Ohio 43015

To the Board of County Commissioners:

### ***Report on Compliance for each Major Federal Program***

We have audited the Delaware County's (the County) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of the Delaware County's major federal programs for the year ended December 31, 2020. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the County's major federal programs.

### ***Management's Responsibility***

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### ***Auditor's Responsibility***

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

***Opinion on each Major Federal Program***

In our opinion, the Delaware County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2020.

***Report on Internal Control Over Compliance***

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have also audited the financial statements of the governmental activities, the business-type activities, the discretely-presented component unit, each major fund and the aggregate remaining fund information of the Delaware County (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 29, 2021 wherein we noted the financial statements of the Delaware County Transportation Improvement District, a discretely presented component unit, were audited by other auditors. Our opinion explained the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County and the County adopted *Governmental Accounting Standard No. 84* during the year. We conducted our audit to opine on the County's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

George Kaitsa  
Delaware County Auditor

June 29, 2021

To: The Citizens of Delaware County and  
The Board of County Commissioners:  
The Honorable Jeff Benton, President  
The Honorable Gary Merrill, Vice President  
The Honorable Barb Lewis, Member

The Comprehensive Annual Financial Report for Delaware County for the year ended December 31, 2020, is hereby submitted. This report conforms to accounting principles generally accepted in the United States of America (GAAP) and provides full and complete disclosure of the financial position and operations of the County.

Management assumes full responsibility for the completeness and reliability of the information contained in this report based upon a comprehensive framework of internal control that has been established. Such controls are designed to ensure that the assets of the County are protected from loss, theft, or misuse and to ensure the reliability of financial records for preparing financial statements. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance first recognizes that the cost of internal controls, should not exceed the benefits likely to be derived from their implementation. Secondly, the evaluation of costs and benefits require estimates and judgments by management.

Included in this report, at the front of the financial section, is an unmodified opinion on Delaware County's financial statements for the year ended December 31, 2020, rendered by the Auditor of the State of Ohio. This Independent Auditor's Report provides assurance that the financial statements are free of material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

# **Delaware County, Ohio**

## **DELAWARE COUNTY PROFILE**

Delaware County was established and organized in 1808. The name Delaware is derived from the Delaware Indians who came from the Delaware River area near Philadelphia. The County encompasses nineteen townships and ten municipalities, of which the City of Delaware is the largest. Located directly north of Columbus, the County comprises an area of four hundred fifty-nine square miles. An estimated population of over six million people reside within a one hundred- mile radius.

Delaware County continues to be one of the fastest growing counties in the State of Ohio, as well as, in the United States with projections for continued growth. The population of the County has increased 58.4 percent from 109,989 in the 2000 census to 174,214 in the 2010 census. The estimated population in 2020 was 209,177. The high quality of schools, a rich cultural life, housing affordability, a low crime rate, and an excellent road network continue to attract new residents and retain existing residents.

The County provides a wide range of services to its citizens including, but not limited to, general government legislative and executive and judicial, public safety, public works, health, and human services. The County operates under the powers granted to it by Ohio statutes. A three-member Board of County Commissioners is elected at-large in even-numbered years for overlapping four-year terms. The Commissioners serve as the taxing authority, contracting body, and administrators of public services for the County. The Commissioners create and adopt the annual operating budget and approve expenditures of County funds.

The County Auditor serves as the chief fiscal officer for the County and tax assessor for all political subdivisions within the County. As chief fiscal officer, the Auditor ensures that no County contract or obligation is made without his certification that funds are appropriated and are available for payment or in the process of collection. The Auditor is also responsible for maintaining a permanent record of all financial matters, establishing tax rates for real estate, and assessing the value of real property. After collection by the County Treasurer, tax receipts are distributed by the Auditor to the appropriate political subdivisions including municipalities, townships, school districts, libraries, and other county agencies. The Auditor also issues warrants for the payment of all County obligations and maintains the accounting records.

The Treasurer is the custodian of all County funds and is responsible for the collection of all tax moneys due the County, as well as, investing all idle funds of the County as specified by Ohio law. Other elected officials include the Clerk of Courts, Coroner, Court of Common Pleas Judges (two General Division, one Domestic Relations, and one Probate and Juvenile Division), Engineer, Prosecutor, Recorder, and Sheriff.

The financial statements in this report include the primary government, which is composed of all funds, departments, boards, and agencies that make up the County's legal entity.

Although the County Auditor serves as fiscal agent for the Delaware General Health District, Delaware County Soil and Water Conservation District, Delaware-Morrow Mental Health and Recovery Services Board, Delaware County Regional Planning Commission, Preservation Parks of Delaware County, and Delaware County Family and Children's First Council, the County is acting solely in a custodial capacity. Therefore, these funds are presented as custodial funds. A complete discussion of the County's reporting entity is provided in Note 1 to the basic financial statements.

## **Delaware County, Ohio**

The Board of County Commissioners, by statute, adopts an annual appropriation measure for the County on or about the first day of January. The Budget Commission certifies the amount of County resources available for appropriation. All disbursements or transfers of cash between funds require appropriation authority from the Board of County Commissioners. Budgets are controlled at the major account level within a department or fund. The department head or the Board approves the purchase orders and the Auditor encumbers the funds. Any purchase order that exceeds the available appropriation is rejected until additional appropriation authority is secured. A computerized certification system allows the Auditor's Office to ascertain the status of a department's appropriation prior to authorizing additional purchases from a particular account.

### **LOCAL ECONOMY**

Local indicators of the County's economic condition reflect that the County is continuing to thrive with sound growth and development. Assessed valuation for the County's property which includes residential, agricultural, commercial, and industrial parcels increased more than 30.08 percent to over \$8.30 billion between tax years 2011 and 2020.

Delaware County has been the number one fastest growing county in the state of Ohio by percentage of growth from 2010-2019. Even as the population continues to grow, the unemployment rate of the County has remained one of the lowest in the State. Compared to a State average of 8.2 percent, Delaware County's 2020 average unemployment rate stood at 3.3 percent. This is due to the stable and diverse business environment in the area. Many of the top ten employers in the County are nationally recognized. J.P. Morgan Chase and Co., Kroger Company, PCM/Sarcom Inc., Meijer Inc., and American Showa are examples. The public school systems, the County, and Ohio Health (Grady Memorial Hospital) also provide a stable base of employment.

J.P. Morgan Chase and Co. remains the County's largest employer working at the McCoy Center on Polaris Parkway. The two million square foot McCoy Center, which is located on over one hundred fifty acres and is four stories high, is the company's as well as the County's largest office building. The global securities, investment, and retail banking firm remains committed to the area and is in the midst of a \$200 million dollar modernization project which will update technology, promote collaborative spaces, and provide energy efficiencies and increased security to the complex.

The Polaris Fashion Place, Central Ohio's largest retail mall with six anchor tenants and over one hundred fifty specialty stores and services, continues to attract shoppers from all over the Midwest to Delaware County. Numerous hotels and restaurants are also located in the area. The mall plus the surrounding retail establishments remain a major source of the County's sales tax revenue.

Topgolf, a golf and entertainment center, is marking its second year anniversary of the 65,000 square feet venue, its second Ohio location, in the Polaris area just east of Interstate 71. IKEA, the home furnishing retailer, is marking its fourth year anniversary of the 354,000 square feet store and is located in the Polaris area just east of Interstate 71. In addition, the Simon Property Group and Tanger Factory Outlet Center is marking its fifth year anniversary of the 350,000 square feet outlet mall that has more than 75 stores and is located adjacent to the Interstate 71-US 36-Ohio 37 interchange. These additional enterprises enhance the County's reputation as a retail destination center.

Delaware County also boasts of more than seven hundred twenty active farms with an average size of one hundred eighty-seven acres. Approximately 46 percent of the County's area is still dedicated to agricultural use and most of it is family-owned. Corn, soybeans, and wheat are the leading crops.

## **Delaware County, Ohio**

To promote economic development, the County has joined with several other counties and cities to be a partner of Columbus 2020. This public-private organization, which also includes many of the area's education and industry leaders, works to retain and expand operations for current employers and encourages new companies to locate in the Central Ohio region. Additionally, the County Commissioners have designated the County to be an Alternative Energy Zone to encourage investments in solar, wind, and other forms of alternative energy.

Delaware County is also involved in supporting the formation of enterprise zones, community reinvestment areas, and tax increment financing areas and working with area businesses to help pay economic dividends in the future. The County's Finance Authority continues to support the creation of jobs and employment opportunities. Commercial and retail development is anticipated to continue throughout the County during the coming years.

Furthermore, Standard & Poor's has affirmed the County's long-term credit rating with their highest ranking of AAA while Moody's Investor Services has assigned their highest rating of Aaa. Delaware County is one of only two Ohio counties to be assigned these ratings which reflect the opinion that the County has an exceptionally strong capacity to meet its financial obligations. In addition, the County's recent sewer bond refunding was also awarded the Standard & Poor's AAA credit rating, the only county in Ohio to hold this rating for its sewer bonds.

### **LONG-TERM FINANCIAL PLANNING**

Management of the County is committed to maintaining a year end cash carryover balance of 25 percent of General Fund prior year operating revenues. Maintaining this level for the fund balance will ensure the fiscal stability of the government as well as the provision of services to the residents. This fiscal stability is vital to preserve the solid creditworthiness of the County.

The five-year financial forecast for the County's General Fund is used as an invaluable tool to review trends and forecast different scenarios. An annual budget plan is prepared by the Commissioners' office with assistance from the elected officials and department heads. Revenue estimates are conservative and objective with an attempt to diversify sources to handle fluctuations in individual sources. Estimates for expenditures are trended and based upon the priorities of the County Commissioners and the prior year's actual costs. The use and collection of levies to fund services are reviewed periodically by the County's Budget Commission.

The County Commissioners have approved a multi-year capital improvement master plan that includes plans to consolidate locations, renovate existing buildings and complete the purchase and renovation of the North Campus of the Delaware Area Career Center. Also, the County Commissioners have adopted a strategic economic development plan as a priority initiative to retain existing employers, as well as, attracting new businesses. The recently completed sanitary sewer master plan provides a guide for future service areas and includes recommendations for financing the cost of new sewer facilities as well as maintaining and upgrading the County's existing sewer assets.

The County Commissioners have established stringent budgetary controls on the County's day-to-day operations. Office and departmental priorities are reviewed and budgets are based upon available resources. The County may periodically enter into debt obligations to finance the construction or acquisition of infrastructure, to finance capital improvements, or to refinance existing debt. The County maintains a light debt burden.

# **Delaware County, Ohio**

## **RELEVANT FINANCIAL POLICIES**

The County will strive to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Based upon available resources, the County Commissioners determine the level of funding for each department or office within the primary government as well as the funding priorities. The availability of resources is determined by the County's Budget Commission.

The County Commissioners have adopted a Cash Balance Policy, a Debt Management Policy and a Post-Issuance Compliance Policy to sustain strong bond ratings which lowers the cost of issuing debt. These financial management policies assist in achieving long and short term financial goals.

The County Treasurer manages the investment of County funds by adhering to the Investment and Depository Policy that has been approved by the County's Investment Advisory Committee. Any financial institution that holds County funds must comply with the requirements of this policy. The primary objective of the Investment and Depository policy is the safety and preservation of the principal within the various portfolios. The monies are managed to ensure the availability of cash to meet anticipated requirements while achieving a prudent risk and investment return of the funds that are not immediately needed for the County's financial obligations.

The County Auditor's capital assets policy is designed to provide accountability and control over the County's capital assets and to assist departments in gathering as well as maintaining information needed for the preparation of the County's financial statements.

## **MAJOR INITIATIVES**

The County Engineer's Office continues to respond to the significant demands that have been placed on the County's transportation system. Delaware County has made tremendous progress in improving the condition of its roads and bridges. This is largely due to the aggressive bridge rehabilitation and replacement program that the County Engineer has undertaken over the last seventeen years. That effort includes one hundred ninety one new or rehabilitated bridges. In addition, pavement conditions continue to improve with a regular schedule for annual resurfacing and base reconstruction on much of the three hundred thirty-four miles of county highways.

The County Engineer's Office continues to address the traffic congestion on some of the main traffic corridors in the County, namely, South Old 3C Highway, Lewis Center, and Home Road. Nearly \$200 million in road expansion projects are planned over the next five years to improve existing traffic flow, provide for future growth, and to address traffic safety on these main traffic corridors. A combination of cash reserves, motor vehicle license fees, gasoline taxes, federal grants, and sales tax receipts will fund these major improvements.

The County has completed the renovation of the historic Courthouse which is now home to the offices of the Board of Commissioners, Economic Development, Human Resources, Fiscal Services, Communications and the Veterans Service Office. This major improvement project included a new elevator, mechanical upgrades, and various interior restorations. A combination of cash reserves and sales tax receipts funded the project.

To accommodate the increasing facility needs, the County has purchased and is in the Construction Manager at risk selection phase of the renovation of the north campus of the Delaware Area Career Center. This 63.6 acre site which includes a 147,000 square foot facility became available due to the vocational school consolidating into a new campus. This multi-year project will include the offices

## Delaware County, Ohio

of the Sheriff's Administration, Engineer, Regional Sewer District, Code Compliance, Regional Planning, Soil and Water Conservation District and the OSU Co-operative Extension Service.

Progress continues on several sewer construction projects including the extension of the Liberty Sawmill sewer lines. This project in addition to the recently completed O'Shaughnessy Reservoir Pump Station and the Clark Shaw Trunk lines will provide additional capacity for further growth and development. Improvements are in process for several pump stations and force mains and plans have begun for a major upgrade to the Olentangy Environmental Control Center. This exemplifies the on-going commitment for the Sewer District to provide sustainable infrastructure and services. Proceeds from the 2014 Sewer Improvements Revenue Bonds were used to finance the completed projects.

Delaware County's Emergency Medical Services Department (DCEMS) has been named the 2020 EMS Agency of the Year for Ohio. DCEMS's medical director Dr. Ashish Panchal also has been named as the recipient of the Frank Giampetro Distinguished EMS Educator of the Year award. The EMS Star of Life Awards program is administered by the Ohio Department of Public Safety, Division of Emergency Medical Services. There are approximately 1,225 emergency medical service agencies in Ohio.

While the County will undoubtedly experience the continued pressure for providing higher levels of service prompted by population growth, we will continue to pursue opportunities that improve the delivery of services to our citizens.

### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Delaware County for its Comprehensive Annual Financial Report for the year ended December 31, 2020. This was the twenty-eighth consecutive year that the County has received this prestigious award recognizing conformance with the highest standards for the preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, the government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report that satisfies both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe this current report continues to conform to the Certificate of Achievement program requirements and we are submitting this report to GFOA to determine its eligibility for another certificate.

This report is the result of the professionalism and cooperation within Delaware County government and would not have been achieved without the efforts of all the County elected officials, offices, and departments. It is with great appreciation that I thank all who assisted and contributed to its preparation and especially the Fiscal Services Division of my office.

Respectfully submitted,

George Kaitsa  
Delaware County Auditor

## INDEPENDENT AUDITOR'S REPORT

Delaware County  
145 North Union Street  
Delaware, Ohio 43015

To the Board of County Commissioners:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Delaware County, Ohio (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of Delaware County Transportation Improvement District, a discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for Transportation Improvement District, is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

---

Efficient • Effective • Transparent

### ***Opinions***

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of December 31, 2020, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General, Auto and Gas, and Developmental Disabilities Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

### ***Emphasis of Matters***

As discussed in Note 3 to the financial statements, during 2020, the County adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. We did not modify our opinion regarding this matter.

As discussed in Note 28 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. We did not modify our opinion regarding this matter.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

#### *Supplementary and Other Information*

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We subjected the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2021, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber  
Auditor of State  
Columbus, Ohio

June 29, 2021

**THIS PAGE INTENTIONALLY LEFT BLANK**

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

The management's discussion and analysis of Delaware County's (the "County") financial performance provides an overview of the County's financial activities for the year ended December 31, 2020. The intent of this discussion and analysis is to look at the County's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and the basic financial statements to enhance their understanding of the County's financial performance.

**Financial Highlights**

Key financial highlights for 2020 are as follows:

- The total net position of the County increased \$50.4 million. Net position of governmental activities increased \$31.9 million, which represents a 10.20% increase from 2019's net position. This is primarily due to assumptions related to the net pension and OPEB liabilities and the receipt of COVID-19 related grants. Net position of business-type activities increased \$18.5 million, which represents a 6.10% increase from the 2019 net position. This is primarily due to assumptions related to net pension and OPEB liabilities and an increase in capital contributions received from developers.
- General revenues accounted for \$121.3 or 62.82% of total governmental activities revenue. Program specific revenues accounted for \$71.8 million or 37.18% of total governmental activities revenue. Sales tax revenue has grown approximately 18% over the past five years and makes up the largest portion (55.24%) of general revenues.
- The County had \$161.2 million in expenses related to governmental activities; \$71.8 million of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily taxes) of \$121.3 million were adequate to provide for these programs.
- The General Fund, the County's largest major governmental fund, had revenues and other financing sources of \$111.8 million in 2020. The general fund had expenditures and other financing uses of \$107.8 million in 2020. The net change in fund balance was an increase of \$4 million or 5.54% from 2019 to 2020.
- The County's Developmental Disabilities fund, a major governmental fund, had revenues and other financing sources of \$26.3 million in 2020. The Developmental Disabilities fund had expenditures of \$19.1 million in 2020. The net change in fund balance was an increase of \$7.2 million or 26.99% from 2019 to 2020.
- The County's Auto and Gas fund, a major governmental fund, had revenues and other financing sources of \$18.1 million in 2020. The Auto and Gas fund had expenditures of \$17.3 million in 2020. The net change in fund balance was a decrease of \$837,119 or 4.68% from 2019 to 2020.
- Net position for the business-type activities, which are made up of the Delaware County Regional Sewer District, Delaware County Transfer Station and storm water systems, increased in 2020 by \$18.4 million or 6.10% from last year's net position.
- In the General Fund, final appropriations were \$21.8 million greater than actual expenditures. These variances are a result of the County's conservative budgeting process and prudent financial management.

**Using the Basic Financial Statements (BFS)**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the County as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and the Statement of Activities provide information about the activities of the County as a whole, presenting both an aggregate view of the County's finances and a longer-term view of those finances. Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. The fund financial statements also look at the County's most significant funds with all other non-major funds presented in total in one column. The County's major governmental funds are the General, Auto and Gas, and Developmental Disabilities.

**Reporting the County as a Whole**

*Statement of Net Position and the Statement of Activities*

The Statement of Net Position and the Statement of Activities answer the question, "How did we do financially during 2020?" These statements include *all assets, deferred outflows, liabilities, deferred inflows, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting will take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the County's net position and changes in net position. This change in net position is important because it tells the reader that, for the County as a whole, the financial position of the County has improved or diminished. The cause of this change may be the result of many factors, some financial, some not. Non-financial factors include the County's property tax base, current property tax laws in Ohio restricting revenue growth, facility condition, and other factors.

In the Statement of Net Position and the Statement of Activities, the County is divided into two distinct types of activities:

Governmental activities – most of the County's programs and services are reported here including general government (legislative and executive, and judicial), public safety, public works, health and human services, and interest and fiscal charges. These services are primarily funded by property and sales taxes and from intergovernmental revenues, including federal and state grants and other shared revenues.

Business-type activities – these services are provided on a charge for goods or services basis to recover all or a significant portion of the expenses of the goods or services provided. The County's Sanitary Engineer, Solid Waste Transfer, and Storm Water funds are reported here.

The County's Statement of Net Position and Statement of Activities can be found on pages 24-27 of this report.

Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

**Reporting the County's Most Significant Funds**

***Fund Financial Statements***

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the County's major funds. The County uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the County's most significant funds.

The County's major governmental funds are the General Fund, Auto and Gas, and Developmental Disabilities. The County's major enterprise fund is the Sanitary Engineer fund. The analysis of the County's major governmental and proprietary funds begins on page 17.

***Governmental Funds***

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to help make this comparison between governmental funds and governmental activities.

The County maintains a multitude of individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balance for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining elsewhere in this report. The basic governmental fund financial statements can be found on pages 28-33 and the budgetary statements for the general and major special revenue funds can be found on pages 34-36 of this report.

***Proprietary Funds***

The County has two types of proprietary funds. Enterprise funds use the accrual basis of accounting, the same as that used for the Business-Type Activities on the government-wide financial statements. The Internal Service fund is an accounting device used to accumulate and allocate costs internally among the County's other programs and activities. The basic proprietary fund financial statements can be found on pages 37-40 of this report.

***Notes to the Financial Statements***

The notes provide additional information that is essential to a full understanding of the data provided in the governmental-wide and fund financial statements. These notes to the basic financial statement can be found on pages 44-108 of this report.

***Required Supplementary Information (RSI)***

The RSI contains information regarding the County's proportionate share of the Ohio Public Employee Retirement System's (OPERS) net pension liability/net pension asset and the County's schedule of contribution to OPERS. The RSI can be found on pages 110-115 of this report.

***Government-Wide Financial Analysis***

The government-wide financial statements include not only the County itself (known as the primary government), but also a legally separate government organization for which the County is financially accountable. Financial information for the component unit, Delaware County Transportation Improvement District, is reported separately from the financial information presented for the primary government itself. The government-wide financial statements can be found on pages 17-18 of this report.

The Statement of Net Position provides the perspective of the County as a whole.

Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

The net pension liability (NPL) and the net other postemployment benefits (OPEB) liability combined are the largest liabilities reported by the County at December 31, 2020. The net pension liability is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." The net other postemployment benefits (OPEB) liability/asset is reported pursuant to GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability, and net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited net pension liability and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability/asset* or *net OPEB liability/asset*. GASB 68 and GASB 75 take an earnings approach to pension and benefit accounting; however, the nature of Ohio's statewide pension/benefit plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability/asset and the net OPEB liability to equal the County's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service.
2. Minus plan assets available to pay these benefits.

GASB notes that net pension liability and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of these liabilities.

In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide health care to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and benefit plans.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the Statement of Net Position.

In accordance with GASB 68 and GASB 75, the County's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's change in net pension liability/asset and net OPEB liability, respectively, not accounted for as deferred inflows/outflows.

As indicated earlier, net position may serve over time as a useful indicator of County's financial position. Overall, the County's financial position increased in 2020. The net position in Governmental Activities increased by 10.20% while Business-Type Activities increased by 6.09%.

For governmental activities, assets increased due to the completion of several road, bridge and traffic signal projects.

In business-type activities, depreciable capital assets, net increased by \$6.6 million due to capital asset additions including completion of a sewer extension located on Home Road, a pump station, equipment and sewer lines.

A significant portion of the County's net position reflects its investment in capital assets (e.g. land, buildings and improvements, infrastructure, machinery and equipment, and construction in progress) less accumulated depreciation and any related outstanding debt that had been used to acquire those assets. As the County's investment in its capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources since capital assets cannot be used to liquidate these liabilities.

Prior to the implementation of GASB 68 and GASB 75, the County was able to report positive balances in all three categories of net position, both for the County as a whole, as well as for its separate governmental and business-type activities. However, after implementation the unrestricted portion of net position now has a negative balance in governmental activities.

Long-term liabilities decreased primarily due to better than expected investment returns. These liabilities are outside of the control of the County. The County contributes its statutorily required contributions to the pension systems; however, the pension systems collect, hold and distribute pensions and OPEB to County employees, not the County. The pension and OPEB liabilities will fluctuate annually due to a number of factors including investment returns, actuarial assumptions used, and the County's proportionate share of net pension and net OPEB costs.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

As a result, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB and the net OPEB asset. Had the County not applied the requirements of GASB 68 and GASB 75, the unrestricted net position for the governmental activities and business-type activities would have been as follows for 2020 and 2019:

Table 2  
Net Position change due to implementation of GASB 68 & 75  
(In Thousands)

	Governmental Activities		Business-Type Activities		Total	
	2020	2019	2020	2019	2020	2019
Unrestricted net position (with GASB 68/GASB 75)	(\$10,292)	(\$12,286)	\$70,397	\$70,044	\$60,105	\$57,758
<u>GASB 68 calculations:</u>						
Add-Deferred inflows-pension	16,744	1,627	1,243	124	17,987	1,751
Add-Net pension liability	76,986	106,553	5,715	8,126	82,701	114,679
Less-Deferred outflows-pension	(13,362)	(32,006)	(999)	(2,441)	(14,361)	(34,447)
Less-Net Pension asset	(1,026)	(559)	(76)	(42)	(1,102)	(601)
<u>GASB 75 calculations:</u>						
Add: Deferred inflows-OPEB	7,763	138	576	10	8,339	148
Add: Net OPEB liability	53,874	50,937	3,999	3,886	57,873	54,823
Less: Deferred outflows-OPEB	(8,964)	(3,994)	(665)	(304)	(9,629)	(4,298)
Unrestricted net position (without GASB 68/GASB 75)	<u>\$121,723</u>	<u>\$110,410</u>	<u>\$80,190</u>	<u>\$79,403</u>	<u>\$201,913</u>	<u>\$189,813</u>

As illustrated above, removal of the unfunded liability of the pension/OPEB plans results in a significantly higher unrestricted net position and an increase from 2019 to 2020 of \$12,100,000 or 6.37%. In the state of Ohio there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the County.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

**Governmental Activities**

During 2020, the County experienced an overall increase in governmental activities net position of 10.20%. Revenues generated were \$193.1 million and expenses from all programs were \$161.2 million resulting in a surplus for the year of \$31.9 million. As previously stated, the requirement that the County recognize a pension/OPEB liability of over \$130.9 million distorts the County's net position and unrestricted net position.

Explanations for other between-year fluctuations are as follows:

- Charges for services revenue increased due to continued growth in Delaware County through new construction, record number of home sales in 2020 combined with increasing home values.
- A State Infrastructure Bank Loan was secured with the State of Ohio / ODOT for the infrastructure improvements to Africa and Cheshire Road.
- Continued growth in Delaware County population has allowed the sales tax revenue to be stable even during the COVID-19 pandemic.
- The County's capital assets increased due to several multi-year infrastructure projects for the replacement of County roads, bridges and traffic signals, as well as the renovation of the Byxbe Campus, Social Services complex and the historical renovation of the County Courthouse.

**Business-Type Activities**

The net position for Business-Type Activities increased \$18.5 million or 6.10%.

Explanations for between-year fluctuations are as follows:

- Charges for services increased in the Sanitary Engineer Fund due to a rate increase in the sewer charges as well as additional connections.
- Capital assets increased due to the completion of the Home Road sewer extension and other improvements made to various pump stations and plant rehabilitations.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

Table 4, indicates the total cost of services and the net cost of services for governmental activities. The Statement of Activities reflects the cost of program services and the charges for services, grants, and contributions offsetting those services. The net cost of services represents the total program activity expenses less revenue generated by the program.

Table 4  
Governmental Activities  
(In Thousands)

	Total Cost of Services		Net Cost of Services	
	2020	2019	2020	2019
General Government				
Legislative and Executive	\$35,472	\$31,669	\$18,097	\$14,269
Judicial	13,659	14,660	11,444	12,407
Public Safety	56,185	56,455	34,533	45,138
Public Works	22,365	29,076	5,060	8,988
Health	20,218	22,230	15,300	16,595
Human Services	10,449	10,704	2,125	3,330
Interest and Fiscal Charges	2,927	2,739	2,833	2,739
Total Expenses	<u>\$161,275</u>	<u>\$167,533</u>	<u>\$89,392</u>	<u>\$103,466</u>

The total cost of services decreased by \$5.8 million and net cost of services decrease by \$14.1 million from 2019 to 2020. Many of the expense categories decreased from the prior year due primarily to wage and benefit increases and decreases to the net pension and net OPEB expense. The provision adoptions of GASB 68 and 75 distort the true financial position of the County, requiring the County to recognize a pension/OPEB adjustment that increased expenses by \$20 million. As a result, it is difficult to ascertain the true operational cost of services and the change in cost of services from year to year. The chart in Table 5 shows total cost of services and net cost of services by function with the GASB Statement 68 and 75 and OPEB costs removed.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

Table 5  
Governmental Activities-GASB 68 & 75 Pension/OPEB Costs Removed  
(In Thousands)

	Total Cost of Services		Net Cost of Services	
	2020	2019	2020	2019
General Government				
Legislative and Executive	\$33,798	\$27,480	\$16,423	\$10,081
Judicial	12,743	12,317	10,528	10,066
Public Safety	51,639	45,034	29,987	33,717

Health	19,394	20,077	14,478	14,442
Human Services	9,808	9,051	1,485	1,678
Interest and Fiscal Charges	2,833	2,739	2,833	2,739
Total Expenses	<u>\$151,862</u>	<u>\$143,919</u>	<u>\$80,077</u>	<u>\$79,858</u>

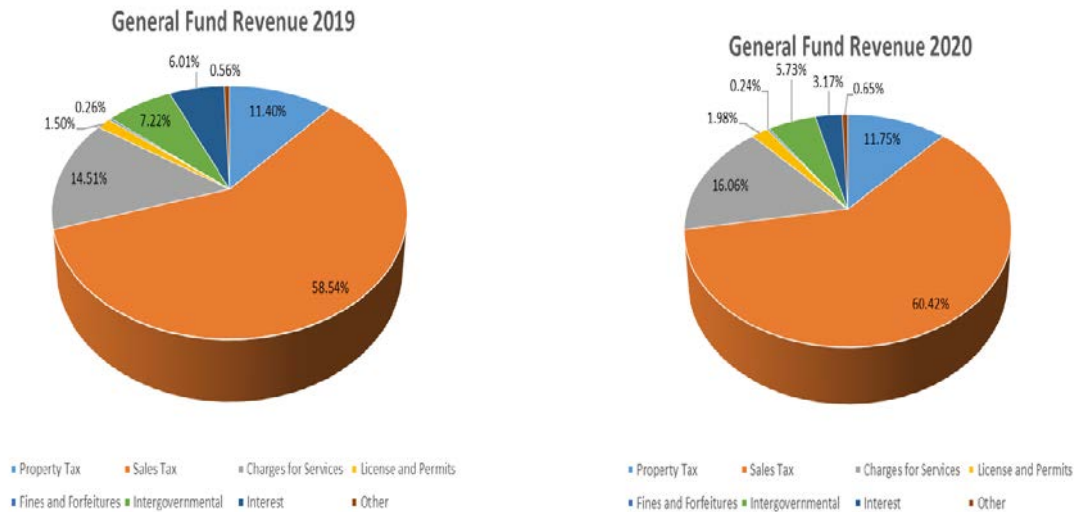

Removal of GASB 68 and 75 Pension/OPEB Costs presented above shows the County's total expenses increased approximately \$8.4 million or 5.87%, while the net cost of service increased by less than \$100 thousand. The Legislative and Executive program consists of costs associated with the general administration of County government including the services of the County Commissioners, Auditor, Treasurer, Recorder, and Prosecutor. The Judicial program accounts for cost associated with the administration of the County's court system. The cost associated with the operation of the County Jail, Sheriff's Department, and Emergency Medical Services Department is accounted for in the Public Safety program. The Public Works program accounts for costs associated with the operations of the County Engineer. The Health program primarily accounts for costs associated services for Developmental Disabilities. The Human Services program accounts for cost associated with Child Support, Child Welfare, and the Job and Family Services Department. The increase in cost was primarily due to increased expenses for several ongoing infrastructure projects prompted by the County addressing traffic congestion due to population growth. The increase in public safety expense was due to overtime and hazard pay for first responders in response to the COVID-19 pandemic. The increase in cost for public safety expenses was offset by grants from the federal government to fund necessary COVID-19 pandemic-related expenses.

**Management's Discussion and Analysis**  
**For the Year Ended December 31, 2020**  
**Unaudited**

**GOVERNMENTAL FUNDS FINANCIAL ANALYSIS**

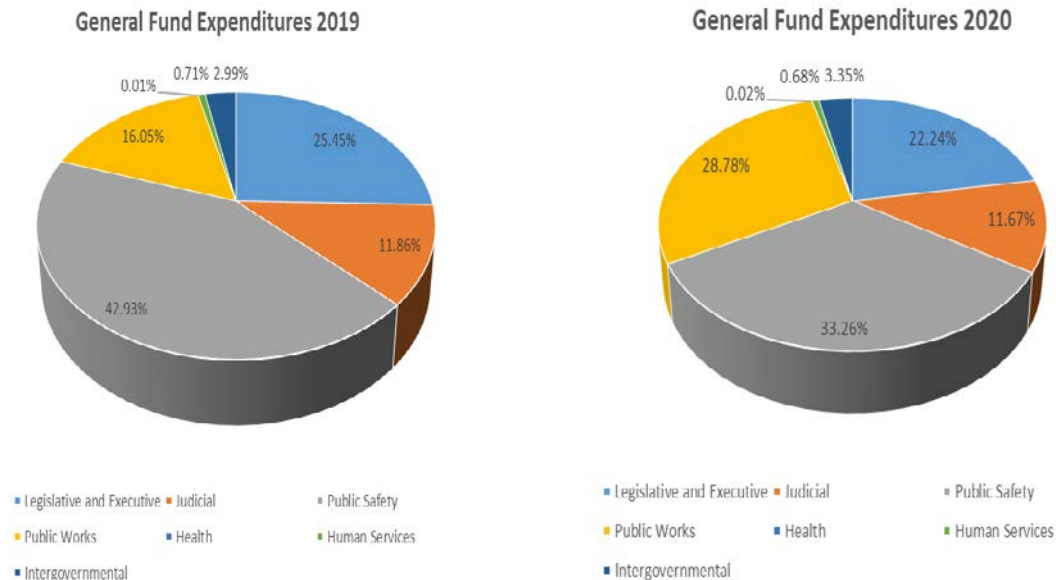

The County's major governmental funds are the General Fund, Auto and Gas Fund, and Developmental Disabilities Fund.

The following graphs below present the County's General Fund revenue for 2019 and 2020.

Overall, the County's General Fund balance increased by \$4.0 million or 5.5%. Primarily, this was caused by a decrease in public safety expenses in the general fund. A portion of this cost was eligible for grant funding in a special revenue fund to aid the County's response to the COVID-19 pandemic. There was also an increase in charges for services revenue for County Recorder general fees from the significant increase in new and existing home sales during 2020. Property tax revenue also increased due to increased property values and an increase in the County's property tax rates.

The following graphs below present the County's General Fund expenditures for 2019 and 2020.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

Overall, expenditures increased \$3.6 million or 3.92% in the General fund from 2019 to 2020. The County experienced an increase in cost associated with Public Works due to the Home Road extension east of US 23, the Home Road and SR 315 intersection improvement project and renovation of the historic courthouse. The Cost of the Home Road projects are funded by the portion of the sales tax that is designed for road maintenance and repair. Refer to Note 7 for more information.

Fund balance in the Auto and Gas special revenue fund increased by \$837 thousand or 4.68%. This increase was due to 2020 being the first full year of receiving an increase in gasoline taxes from the State of Ohio.

Fund balance in the Developmental Disabilities special revenue fund increased by \$7.2 million or 26.99%. This was primarily due to an increase in property values paired with an additional 0.4 mill permanent operating levy assessed in 2018. The levy was necessary to continue to offer services to a growing population within the County.

### **BUSINESS-TYPE ACTIVITIES FINANCIAL ANALYSIS**

The County's enterprise funds are the Sanitary Engineer, Solid Waste Transfer Station, and Storm Water Phase II.

The County's Sanitary Engineer Fund reported an \$18.3 million increase in net position primarily from contributions received from developers.

The Solid Waste Transfer Station Fund continues to collect sufficient fees from its contract with the operators of the transfer station to support its operation. The fees are used to maintain and upgrade the transfer station. The total increase in net position from the previous year was \$43 thousand or 1.51%.

Net position in the Storm Water Phase II Fund increased by \$43 thousand or 19.60%. Revenues were consistent from the previous year and expenditures decreased slightly due to reduced cost related to services and charges.

### **BUDGETARY HIGHLIGHTS**

In addition to an annual budget of revenues and expenses for all County funds for use by County officials and department heads, the County prepares other budgetary documents as required by state statute. This includes the annual appropriations resolution which is effective the first day of January. The County's most significant budgeted fund is the General Fund. Despite COVID-19, the County's budgeted revenue was approximately the same as what was actually collected in 2020. This is due to prudent revenue forecasting by the County.

Actual expenditures were \$21.6 million less than the final budget. The majority of this variance was caused by a decrease in public safety expenses from the general fund. A portion of this cost was eligible for grant funding in a special revenue fund attributed to the County's response to the COVID-19 pandemic.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

*Capital Assets*

The County's net investment in capital assets for Governmental and Business-Type Activities as of December 31, 2020, was \$285.5 million and \$246.2 million, respectively. This net investment in capital assets includes land; land improvements; buildings; improvements other than buildings; roads, bridges, culverts, and traffic signals; machinery and equipment; and sewer lines. The County had a significant amount of ongoing construction in progress within Governmental Activities during 2020. Construction in progress in Governmental Activities increased \$3.7 million in 2020. In Business-Type Activities, over \$12.8 million was added to depreciable assets for building improvements, pump stations and equipment upgrades. In addition, sanitary sewer lines were donated by developers, in the amount of \$10 million.

The following graphs show the breakdown of Governmental Type Activities capital assets, net of accumulated depreciation by category at December 31, 2019 and December 31, 2020. See Note 10 in the notes to the financial statements for more detail on the County's capital assets.

The following graphs show the breakdown of Business-Type Activities capital assets, net of accumulated depreciation by category at December 31, 2019 and December 31, 2020. See Note 10 in the notes to the financial statement for more detail on the County's capital assets.

**Delaware County, Ohio**  
 Management's Discussion and Analysis  
 For the Year Ended December 31, 2020  
 Unaudited

**Debt Administration**

The County's debt administration has remained stable as expected and is within all its legal debt limitations. Delaware County has been given the highest credit rating possible of "AAA". The County's rating is based on financial management, debt burden and other economic factors.

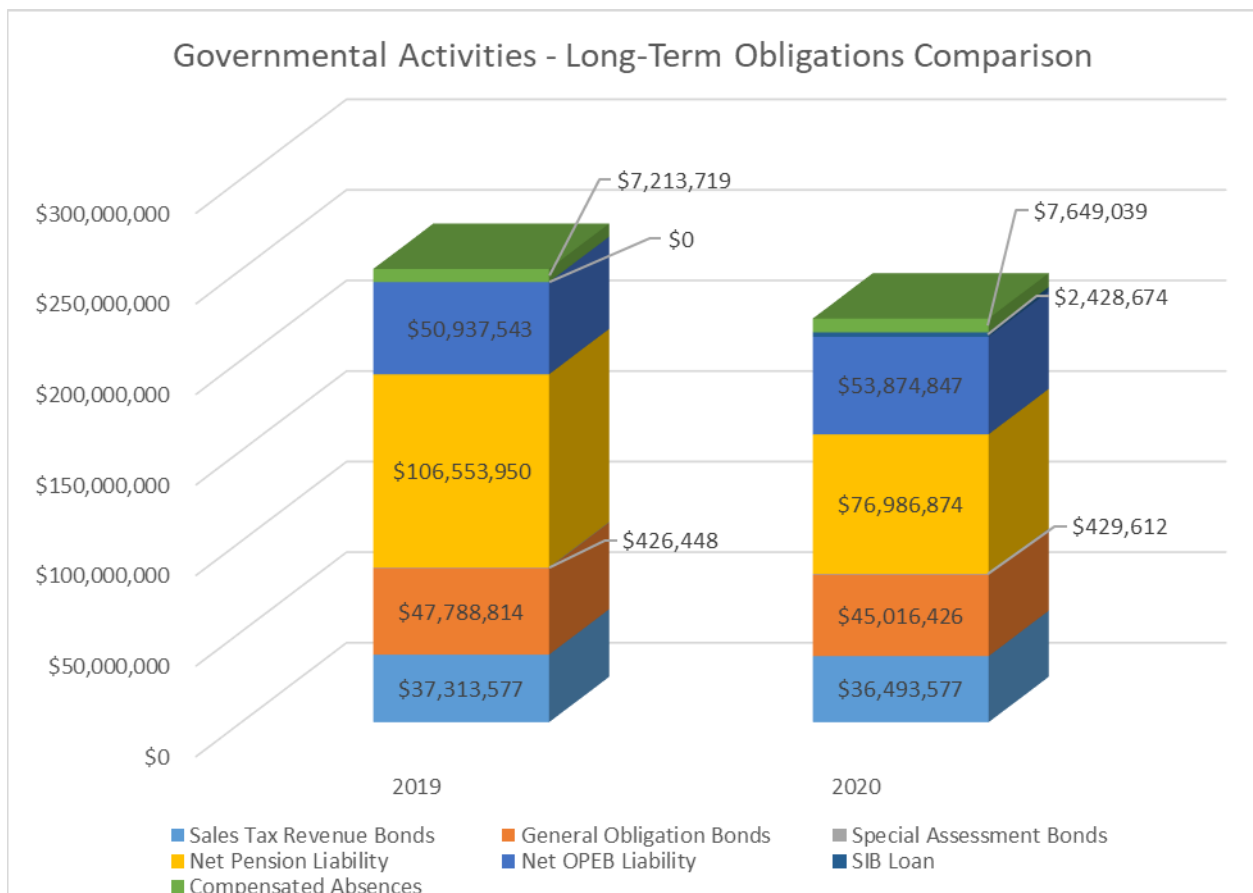

**Governmental Activities Debt**

During 2020, the County entered into a loan with the State Infrastructure Bank / ODOT in the amount of \$2,428,674 for the purpose of infrastructure improvements to Africa and Cheshire Road. The loan carries an interest rate of 0% for the first 12 months and 3% for the remainder of the loan. The loan has a final maturity date of November 1, 2025.

The County also issued \$99,700 in Special Assessment Bonds for ditch improvements.

Other County long-term obligations included net pension liability, net other post-employment benefit liability and compensated absences payable. Additional information regarding the County's long-term obligations can be found in Note 18 to the basic financial statements.

A comparison of Governmental Activities long-term obligation by category as of December 31, 2020 versus December 31, 2019 is depicted in the chart below. See Note 18 in the notes to the financial statements for more detail on the County's Governmental Activities long-term obligations.

**Delaware County, Ohio**  
 Management's Discussion and Analysis  
 For the Year Ended December 31, 2020  
 Unaudited

**Business-Type Activities Debt**

Total long-term debt obligations at December 31, 2020 in Business-Type Activities included \$18.7 million in sanitary sewer revenue bonds. Of this amount, \$18.7 million will be repaid from business-type activities.

In addition to the revenue bonds noted above, the County also had other long-term obligations including net pension liability, net other post-employment benefit liability, compensated absences payable, Concord Scioto Community Authority payable, tap-in fees payable, and postclosure cost payable. Additional information regarding the County's long-term obligations can be found in Note 18 to the basic financial statements.

A comparison of the Business-Type Activities long term obligation by category at December 31, 2019 versus December 31, 2020 is depicted in the chart below. See Note 18 in the notes to the financial statements for more detail on the County's Business-Type Activities long-term obligations.

**Delaware County, Ohio**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2020  
Unaudited

**Economic Factors and Next Year's Budget and Rates**

The County has experienced significant growth over the past thirty years, both in population and in tax base; in 2020 the County remained one of the fastest growing counties in Ohio and the United States. The County's estimated population in 2020 (the latest information available from the U.S. Census Bureau) was approximately 209,177. For comparison, in the 1990 census the County population was 66,929. The County's financial condition continues to remain strong. The County's General Fund unassigned cash balance at December 31, 2020, was \$50.8 million, an amount sufficient to cover General Fund expenditures for approximately 6 months.

The average unemployment rate in the County was 3.9% for 2020, an increase from the 3.7% average in 2019. This is due to an overall increase in unemployment due to the global COVID 19 pandemic. Delaware County's stable and diverse business environment allows the County to enjoy the second lowest unemployment in Ohio. Inflationary trends in the region compare favorable to national indices.

The County's 2021 general fund approved budget of \$119.9 million is a 0.50% increase over last year's expenditures. The increase will allow for some modest increases in staffing and continued work on several capital projects including:

- County road and infrastructure improvements.
- Renovation and construction of the Social Services Complex and Byxbe Campus in 2021. The site, formerly occupied by the Delaware Area Career Center, will be home to the Engineer's Office, Sheriff Office, Regional Sewer District, Code Compliance Department, Delaware County Regional Planning Commission, Delaware Soil and Water Conservation District and OSU Extension Services.
- Multiple vehicle replacements for the Delaware County Emergency Medical Services paramedics and the sheriff's office.

The County believes by consolidating facilities and preparing infrastructure for even more growth, the 2021 budget balances these needs prudently and lays the groundwork for the continued growth within the County.

**Contacting the County's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Honorable George Kaitsa, Delaware County Auditor, 145 North Union Street, Delaware, Ohio 43015. Questions may also be e-mailed to [auditor@co.delaware.oh.us](mailto:auditor@co.delaware.oh.us) or visit the Auditors link from the County's website: <http://www.auditor.co.delaware.oh.us/county-finances/>.

**Delaware County, Ohio**  
 Reconciliation of Total Governmental Fund Balances  
 to Net Position of Governmental Activities  
 December 31, 2020

Total Governmental Fund Balances \$171,545,766

**Amounts reported for governmental activities on the statement of net position are different because of the following:**

Capital Assets used in governmental activities are not financial resources and, therefore are not reported in the funds 365,764,674

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.

Accounts Receivable	93,551	
Sales Taxes Receivable	7,097,038	
Accrued Interest Receivable	196,310	
Due from Other Governments	17,945,817	
Delinquent Property Taxes Receivable	622,260	
Special Assessments Receivable	4,609,745	
	30,564,721	30,564,721

Deferred outflows of resources include deferred charges on refunding which do not provide current financial resources, and therefore, are not reported in the funds. 517,659

Accrued interest on outstanding debt is not due and payable in the current period and, therefore, is not reported in the funds; it is reported when due. (229,095)

Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds.

Sales Tax Revenue Bonds Payable	(36,469,751)	
General Obligation Bonds Payable	(45,016,426)	
Special Assessment Bonds Payable	(2,858,286)	
Compensated Absences Payable	(7,658,553)	
	(92,003,016)	(92,003,016)

An internal service fund is used by management to charge the cost of insurance to individual funds. The assets and deferred outflow of resources and liabilities and deferred inflow of resources of the internal service fund are included in governmental activities on the statement of net position. 198,019

The net pension/OPEB - asset/liability is not due and receivable in the current period; therefore, the asset, liability and related deferred inflows/outflows are not recognized in the governmental funds.

Deferred Outflows of Resources - Pension	13,347,433	
Deferred Outflows of Resources - OPEB	8,954,776	
Deferred inflows of resources -pension	(16,725,874)	
Deferred inflows of resources - OPEB	(7,754,931)	
Net pension asset	1,025,569	
Net OPEB liability	(53,815,471)	
Net pension liability	(76,902,025)	
	(131,870,523)	(131,870,523)

Net Position of Governmental Activities \$344,488,205

**Delaware County, Ohio**  
 Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances  
 of Governmental Funds to Statement of Activities  
 For the Year Ended December 31, 2020

Changes in Fund Balances - Total Governmental Funds \$11,706,576

**Amounts reported for governmental activities on the statement of activities are different because of the following:**

Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current year.

Capital Outlay - Nondepreciable Capital Assets	3,685,919	
Capital Outlay - Depreciable Capital Assets	40,724,021	
Depreciation	<u>(13,160,519)</u>	31,249,421

The proceeds from the sale of capital assets are reported as other financing sources in the governmental funds. However, the cost of capital assets is removed from the capital asset account on the statement of net position and is offset against the proceeds from the sale of capital assets on the statement of activities.

Sale of Capital Assets	(144,553)	
Loss on Disposal of Capital Assets	<u>(219,450)</u>	(364,003)

Revenues on the statement of activities that do not provide current financial resources are not reported as revenue in the governmental funds.

Delinquent Property Taxes	190,509	
Sales Taxes	(531,427)	
Special Assessments	(90,653)	
Charges for Services	(301,144)	
Intergovernmental	(898,099)	
Interest	<u>(14,108)</u>	(1,644,922)

Repayment of principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities on the statement of net position

Sales Tax Revenue Bonds Payable	820,000	
General Obligation Bonds Payable	2,730,000	
Special Assessment Bonds Payable	<u>96,536</u>	3,646,536

Bond Proceeds are other financing sources in the governmental funds but the issuance increases long-term liabilities on the statement of net position

Special Assessment Bonds		(99,700)
SIB Loan Proceeds		(2,428,674)

Interest is reported as an expenditure when due in the governmental funds but is accrued on outstanding debt on the statement of net position. Premiums are reported as revenues when the debt is first issued; however, these amounts are deferred and amortized on the statement of activities. Accounting losses are amortized over the life of the debt on the statement of activities.

Accrued Interest Payable	8,513	
Accreted Interest	(61,460)	
Amortization of Sales Tax Bond Premium	23,826	
Amortization of General Obligation Bond Premium	103,848	
Amortization of Deferred Charge on Refunding	<u>(63,746)</u>	10,981

(continued)

**Delaware County, Ohio**  
 Reconciliation of Statement of Revenues, Expenditures, and Changes in Fund Balances  
 of Governmental Funds to Statement of Activities (continued)  
 For the Year Ended December 31, 2020

Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated Absences Payable-Governmental Activities	(444,834)
--	-----------

Contractually required pension contributions are reported as expenditures in the governmental funds; however, the statement of net position reports these amounts as deferred outflows.	8,431,503
---	-----------

Except for amounts reported as deferred inflows/outflows, changes in the net pension asset/liability are reported as pension expenses in the statement of activities.	(12,157,043)
---	--------------

Except for amounts reported as deferred inflows/outflows, changes in the net OPEB liability are reported as OPEB expense in the statement of activities.	(5,590,330)
--	-------------

The internal service fund used by management to charge the cost of insurance to individual funds is not reported on the statement of activities. Governmental expenditure and related internal service fund revenues are eliminated. The change for governmental funds is reported for the year.	<u>(418,918)</u>
--	------------------

Change in Net Position of Governmental Activities	<u><u>\$31,896,593</u></u>
---	----------------------------

**NOTE 1 - DESCRIPTION OF DELAWARE COUNTY AND THE REPORTING ENTITY**

**A. The County**

Delaware County, Ohio (County) was created in 1808. The County is governed by a board of three Commissioners elected by the voters of the County. Other officials elected by the voters of the County that manage various segments of the County's operations are the Auditor, Clerk of Courts, Coroner, three Court of Common Pleas Judges, a Probate/Juvenile Court Judge, Engineer, Prosecutor, Recorder, Sheriff, and Treasurer. Although the elected officials manage the internal operations of their respective departments, the County Commissioners authorize expenditures as well as serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the entire County.

**B. Reporting Entity**

A reporting entity is composed of the primary government, and other organizations that are included to ensure the financial statements are not misleading.

The primary government of the County consists of all funds, departments, boards, and agencies that are not legally separate from the County. For Delaware County, this includes the Board of Developmental Disabilities, the Job and Family Services Department, and all departments and activities that are operated directly by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organization; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the County. The County (the primary government) has one component unit, the Delaware County Transportation Improvement District (TID) due to the potential that it will provide a financial benefit or impose a financial burden on the County.

Discretely Presented Component Unit – The County's component unit is discretely presented in the government-wide financial statements.

Delaware County Transportation Improvement District – The Delaware County Transportation Improvement District (the District) is a body politic and corporate, created for the purpose of financing, constructing, maintaining, repairing and operating selected transportation projects. The District was specifically created pursuant to Chapter 5540.02 of the Ohio Revised Code. The District was created by action of the Board of Trustees on May 17, 2018. The District is governed by a seven-member Board of Trustees that acts as the authoritative and legislative body. The Board is comprised of five voting members with each Board member serving a term of two years and there are no term limits for reappointment. The Board members are appointed by the Delaware County Commissioners. None of the Board members receive compensation for serving on the Board. During 2020, the County made a contribution in the amount of \$400,000 to the Delaware County Transportation Improvement District for the purpose of providing for planning, development, design, construction, maintenance or repair of any transportation project undertaken by the TID. Separately issued financial statements can be obtained from the Delaware County Transportation Improvement District, 140 North Sandusky Street, Delaware, Ohio 43015.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 1 - DESCRIPTION OF DELAWARE COUNTY AND THE REPORTING ENTITY**  
**(Continued)**

Joint Ventures - The County participates in two joint ventures, the Delaware-Morrow Mental Health and Recovery Services Board and the Delaware County Regional Planning Commission. (See Note 21)

Jointly Governed Organizations - The County participates in three jointly governed organizations, the Delaware-Knox-Marion-Morrow Joint Solid Waste Management District, the Central Ohio Youth Center, and the Central Ohio Interoperable Radio System. (See Note 22)

Insurance Pools - The County participates in two insurance pools, the County Risk Sharing Authority, Inc. (CORSA) and the County Employee Benefits Consortium of Ohio, Inc. (See Note 23)

Related Organizations - Delaware County officials are responsible for appointing the board members of the Delaware County District Library, the Delaware County Finance Authority, and Land Reutilization Corporation. (See Note 24)

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of Delaware County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the County's accounting policies.

**A. Basis of Presentation**

The County's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

**Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the County that are governmental in nature and those that are considered business-type activities. The activity of the internal service fund is eliminated to avoid "doubling up" revenues and expenses. Interfund services provided and used are not eliminated in the process of consolidation.

The Statement of Net Position presents the financial condition of the governmental and business-type activities of the County at year end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Financial Statements

During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service fund is presented in a single column on the proprietary fund financial statements. The discretely presented component, while not considered to be major, is shown in a separate column. Fiduciary funds are reported by type.

B. Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the County are reported in three categories: governmental, proprietary, and fiduciary.

Governmental Funds

Governmental funds are those through which most governmental functions of the County are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

General Fund - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Auto and Gas Fund - To account for state gasoline tax and motor vehicle registration fees, along with inspection fees and charges for services restricted for maintenance and improvement of County roads.

Developmental Disabilities Fund - To account for a county-wide property tax levy and state and federal grants restricted for services and support to developmentally disabled individuals and their families.

The other governmental funds of the County account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following is the County's major enterprise fund:

Sanitary Engineer Fund - To account for the provision of wastewater treatment services to residential and commercial users within the County.

The other enterprise funds of the County account for charges for services and operating and capital grants for the solid waste transfer station and storm water treatment.

Internal Service Fund - The internal service fund accounts for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service fund accounts for the workers' compensation self-insurance plan.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, custodial funds, and private purpose trust funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations, or other governments and are not available to support the County's own programs. The County did not have any trust funds in 2020. The County's fiduciary funds are custodial funds. Custodial funds are used to account for assets held by the County as fiscal agent for other district and entities; for various taxes, assessments, fines, and fees collected for the benefit of and distributed to other governments; and for State shared resources received from the State and distributed to other local governments.

C. Measurement Focus

Government-Wide Financial Statements

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balances reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared.

Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the fund financial statements for governmental funds.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Fund Financial Statements (Continued)

Like the government-wide financial statements, the proprietary funds are accounted for using a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the County finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; proprietary funds and fiduciary funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within sixty days after year end.

Nonexchange transactions in which the County receives value without directly giving equal value in return, include property taxes, sales taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from sales taxes is recognized in the year in which the sales are made. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: sales taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license tax), grants, and interest. Unearned revenue represents amounts under the accrual basis of accounting for which asset recognition criteria have been met but for which revenue recognition criteria have not been met because these amounts have not yet been earned.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the County, deferred outflows of resources consists of a deferred charge on refunding and pension and OPEB reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and the reacquisition price. This amount is deferred and amortized over the life of the old debt or the life of the new debt, whichever is shorter. The deferred outflows of resources related to pension and OPEB are explained further in Notes 15 and 16.

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the County, deferred inflows of resources include property taxes, payment in lieu of taxes, pension, OPEB and unavailable revenue. Property taxes represent amounts for which there was an enforceable legal claim as of December 31, 2020, but which were levied to finance 2021 operations. Payment in lieu of taxes represents a contractual promise to make payment of property taxes which reflect all or a portion of the taxes which would have been paid if the taxes had not been exempted. These amounts have been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes sales taxes, accrued interest, intergovernmental revenue including grants, delinquent property taxes, special assessments, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. The deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position and are further explained in Notes 15 and 16.

Expenses/Expenditures

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

E. Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The major documents prepared are the certificate of estimated resources and the appropriations resolution, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amount the County Commissioners may appropriate. The appropriations resolution is the County Commissioners' authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by the County Commissioners. The legal level of control has been established by the County Commissioners at the fund, program, department, and object level for all funds. Budgetary information for the Indigent Application special revenue fund is not reported because it is not included in the "appropriated budget" which is adopted for the County.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Budgetary Process (Continued)**

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by the County Commissioners.

The appropriations resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations resolution for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the County Commissioners during the year.

**F. Cash and Investments**

To improve cash management, cash received by the County is pooled and invested. Individual fund integrity is maintained through County records. Interest in the pool is presented as “Equity in Pooled Cash and Cash Equivalents”.

Cash and cash equivalents that are held separately within departments of the County or by the component unit, and not included in the county treasury, are recorded as “Cash and Cash Equivalents in Segregated Accounts”.

Cash and cash equivalents that are held separately by an escrow agent for the payment of retainage to contractors upon project completion are recorded as “Cash and Cash Equivalents with Escrow Agent”.

Cash and cash equivalents held by the County’s third-party administrator for workers’ compensation is presented as “Cash and Cash Equivalents with Fiscal Agent”.

During 2020, the County investments were limited to Farm Federal Credit Bank (FFCB) securities, Federal Home Loan Bank (FHLB) securities, Federal Home Loan Mortgage Association (FNMA) securities, Ohio Local Government Bonds, Commercial Paper, negotiable certificates of deposits and the State Treasury Asset Reserve of Ohio (STAR Ohio). Investments are reported at fair value which is based on quoted market prices.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Cash and Investments (Continued)**

During 2020, the County invested in STAR Ohio. STAR Ohio (the State Treasury Asset Reserve of Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standard's Board (GASB), Statement No. 79, "Certain External Investment Pools and Pool Participants." The County measures its investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value. The County's other investments included negotiable certificates of deposit, federal agency securities, locally-issued government debt, mutual funds and treasury bonds. All of these investments are reported at fair value, which is based on quoted market price or current share price.

Interest earnings are allocated to County funds according to State statutes, grant requirements, or debt related restrictions. Interest revenue credited to the General Fund during 2020 was \$3,539,797 which included \$2,697,366 assigned from other County funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

**G. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond December 31, 2020, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

**H. Inventory**

Inventory is presented at cost on a first-in, first-out basis and is expended/expensed when used. Inventory consists of expendable supplies held for consumption.

**I. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Unclaimed moneys that have a legal restriction on their expenditure are reported as restricted.

The County has resources set aside in separate escrow accounts whose use is limited to the payment of retainage to contractors and for the postclosure liability.

Restricted assets also represent certain resources which are segregated from other resources of the County to comply with various covenants established by bond financing agreements. These assets are generally held in separate accounts of the County or by a trustee. The various covenants place restrictions on the use of these resources and require minimum balances to be maintained in a debt service reserve.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J. Capital Assets**

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column on the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost and updated for additions and reductions during the year. Donated capital assets are recorded at acquisition value on the date donated.

<u>Capitalization Thresholds by Asset Type</u>	
Improvements Other than Building	\$10,000
Machinery, Equipment and Furniture	\$5,000
Building Improvements	\$25,000
Software	\$100,000

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Interest incurred during the construction of enterprise fund capital assets is also capitalized.

All capital assets are depreciated, except for land, land improvements, and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. The County reports all infrastructure, including that acquired prior to June 30, 1980.

Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	40-100 years	15-70 years
Improvements Other than Buildings	20-100 years	N/A
Roads, Bridges, Culverts, and Traffic Signals	20-50 years	N/A
Machinery and Equipment	5-25 years	5-40 years
Sewer Lines	N/A	70 years

**K. Deferred Charge on Refunding**

For advance refunding resulting in the defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is amortized as a component of interest expense. This accounting loss is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, and is presented as deferred outflows of resources on the statement of net position.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

L. Interfund Receivables/Payables

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services provided are reported as “Interfund Receivables/Payables”. Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as “Internal Balances”.

M. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees’ rights to receive compensation are attributable to services already rendered and it is probable the County will compensate the employees for the benefits through paid time off or some other means. The County records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the vesting method. The liability includes the employees who are currently eligible to receive termination benefits and those the County has identified as probable of receiving payment in the future. The amount is based on accumulated sick leave and employee wage rates at year end, for employees with ten or more years of service, taking into consideration any limits specified in the County’s union contracts or departmental personnel policies.

The entire compensated absences liability is reported on the government-wide financial statements.

On governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “Matured Compensated Absences Payable” in the fund from which the employees who have accumulated unpaid leave are paid. For proprietary funds, the entire amount of compensated absences is reported as a fund liability.

N. Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. General obligation bonds and special assessment bonds are recognized as liabilities on the fund financial statements when due.

O. Bond Premium

Bond premiums are deferred and amortized over the term of the bonds using the bonds-outstanding method, which approximates the effective interest method. Bond premiums are presented as an addition to the face amount of the bonds payable. On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds are issued.

**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

P. Net Position

Net position represents the difference between all other elements in the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes activities of the County Auditor, County Treasurer, County Recorder, Board of Elections, and the Courts. The County's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Q. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted - The restricted classification includes amounts restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (County resolution).

Enabling legislation authorizes the County to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the County can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for purposes specified by the legislation.

Committed - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the County Commissioners. The committed amounts cannot be used for any other purpose unless the County Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the County Commissioners, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Q. Fund Balance (Continued)**

Assigned - Amounts in the assigned classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds, other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. Assigned amounts represent intended uses established by the County Commissioners. Policy established by the County Commissioners authorizes department managers to assign fund balance for purchases on order provided such amounts have been lawfully appropriated.

Unassigned - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The County first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

The County has established, by resolution, an account to accumulate resources to stabilize the County's budget against cyclical changes in revenues and expenditures. The amount of money in this account in any fiscal year will be less than one-sixth of the expenditures during the preceding fiscal year from the General Fund. Additional funding would require the County Commissioners to amend the resolution. The resources may be used as determined by the County Commissioners to mitigate revenue shortfalls. This account had a balance of \$5 million as of December 31, 2020, and is shown as unassigned fund balance in the General Fund.

**R. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for sanitary sewer, solid waste, and storm water, and premiums charged for workers' compensation in the internal service fund. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

**S. Capital Contributions**

Capital contributions arise from outside contributions of resources restricted to capital acquisition and construction.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**T. Internal Activity**

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in the proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**U. Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**V. Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 3 – ACCOUNTABILITY AND COMPLIANCE**

**A. Change in Accounting Principles**

For 2020, the County implemented GASB Statement No. 84, Fiduciary Activities; and related guidance from (GASB) Implementation Guide No. 2019-2, Fiduciary Activities, GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period and GASB Statement No. 95, Postponement of Effective Dates of Certain Authoritative Guidance.

GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the County will no longer be reporting agency funds. The County reviewed its agency funds and certain funds will be reported in the new fiduciary fund classification of custodial funds, while other funds have been reclassified as governmental funds. These fund reclassifications resulted in the restatement of the County's financial statements.

GASB Statement No. 89, established accounting requirements for interest costs incurred before the end of a construction period. Such interest cost includes all interest that was previously accounted for in accordance with the requirements of paragraph 5-22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest costs incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type of activity or enterprise fund. This Statement also reiterates that in the financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The implementation of GASB Statement No. 89 did not have an effect on the financial statements of the County.

GASB Statement No. 95, the primary objective of this statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The objective is accomplished by postponing the effective dates of certain provision in Statement and Implementation Guides that first become effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The implementation of GASB Statement No. 95 did not have effect on the financial statements of the County.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 3 – ACCOUNTABILITY AND COMPLIANCE (Continued)**

**Restatement of Fund Balances and Net Position**

During 2020, the County implemented GASB Statement No. 84. The implementation of this statement had the following effect on fund balance as previously reported at December 31, 2019.

	<u>Fund Balance</u> <u>December 31, 2019</u>	<u>GASB Statement</u> <u>No. 84</u>	<u>Restated Fund</u> <u>Balance</u> <u>December 31,</u> <u>2019</u>
Governmental fund:			
General Fund	\$71,265,143	\$260,068	\$71,525,211
Auto and Gas	17,891,807	0	17,891,807
Developmental Disabilities	26,785,269	0	26,785,269
Other Governmental	42,404,244	1,232,659	43,636,903
Total	<u>\$158,346,463</u>	<u>\$1,492,727</u>	<u>\$159,839,190</u>

During 2020, the implementation of GASB Statement No. 84, had the following effect on net position as previously reported at December 31, 2019.

	<u>Net Position</u> <u>December 31, 2019</u>	<u>GASB Statement</u> <u>No. 84</u>	<u>Restated Net</u> <u>Position</u> <u>December 31,</u> <u>2019</u>
Net Position			
Governmental-Type Activities	\$311,098,885	\$1,492,727	\$312,591,612
Business-Type Activities	302,744,823	0	302,744,823
Total	<u>\$613,843,708</u>	<u>\$1,492,727</u>	<u>\$615,336,435</u>

Due to the implementation of GASB Statement No. 84, the new classification of custodial funds is reporting a beginning net position of \$45,658,804. Also, related to the implementation of GASB Statement No. 84, the County will no longer be reporting agency funds. At December 31, 2019, agency funds reported assets and liabilities of \$585,391,763.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 4 - BUDGETARY BASIS OF ACCOUNTING**

While reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual - for the General Fund, and the Auto and Gas and Developmental Disabilities special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than as restricted, committed, or assigned fund balance (GAAP basis).

Adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis are as follows:

	Changes in Fund Balance		
	General	Auto and Gas	Developmental Disabilities
Budget Basis	\$1,173,310	(\$1,246,781)	\$7,104,734
Net Adjustment for Revenue Accruals	178,343	(84,226)	(345,089)
Net Adjustments for Expenditure Accruals	1,974,274	(66,351)	(80,971)
Net Adjustment for Other Sources/Uses	(1,648,249)	1,648,672	0
Funds Budgeted Elsewhere	(621,936)	0	0
Adjustment for Encumbrances	2,908,981	585,805	550,629
GAAP Basis	\$3,964,723	\$837,119	\$7,229,303

Certain funds that are legally budgeted in separate special revenue funds are considered part of the general fund on a GAAP basis. This includes the recorder fund and title administration fund.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 5 - DEPOSITS AND INVESTMENTS**

Moneys held by the County are classified by State statute into two categories. Active moneys are public moneys determined to be necessary to meet current demands upon the County treasury. Active moneys must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Moneys held by the County, which are not considered active, are classified as inactive. Inactive moneys may be deposited or invested in the following securities provided a written investment policy has been filed with the Ohio Auditor of State:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States, or any book entry zero-coupon United States treasury security that is a direct obligation of the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio or its political subdivisions, provided that such political subdivisions are located wholly or partly within the County;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio);
8. Securities lending agreements in which the County lends securities and the eligible institution agrees to exchange similar securities, or cash, equal value for equal value;

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)**

9. Up to twenty-five percent of the County's average portfolio in either of the following:
  - a. commercial paper notes in entities incorporated under the laws of Ohio or any other State that have assets exceeding five hundred million dollars rated at the time of purchase, which are rated in the highest qualification established by two nationally recognized standard rating services, which do not exceed 10 percent of the value of the outstanding commercial paper of the issuing corporation, and which mature within two hundred seventy days after purchase;
  - b. bankers' acceptances eligible for purchase by the federal reserve system and which mature within one hundred eighty days after purchase;
10. Up to 15 percent of the County's average portfolio in notes issued by United States corporations or by depository institutions that are doing business under authority granted by the United States provided that the notes are rated in the second highest or higher category by at least two nationally recognized standard rating services at the time of purchase and the notes mature within two years from the date of purchase;
11. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service consisting exclusively of obligations guaranteed by the United States, securities issued by a federal government agency or instrumentality, and/or highly rated commercial paper; and
12. Up to 1 percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government.

Protection of the County's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by surety company bonds deposited with the Treasurer by the financial institution, or by a single collateral pool established by the financial institution to secure the repayment of all public moneys deposited with the institution.

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
(Continued)

**NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)**

Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, \$29,474,581 of the County's bank balance of \$29,753,990 was exposed to custodial credit risk because it was uninsured and uncollateralized. Although all State statutory requirements for the deposit of money had been followed, noncompliance with federal requirements could potentially subject the County to a successful claim by the FDIC.

The County has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the County or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose fair value at all times shall be at least 105 percent of the deposits being secured.

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Investments

As of December 31, 2020, the County had the following investments:

	Total	Less Than Six Months	Six Months to Three Years	More Than Three Years
Negotiable Certificates of Deposit	\$10,804,974	\$943,778	\$4,588,829	\$5,272,367
Federal Farm Credit Bank Notes	8,010,880	0	4,005,680	4,005,200
Federal Home Loan Bank Notes	11,149,419	3,516,893	2,626,526	5,006,000
Federal National Mortgage Association Notes	15,674,802	0	2,126,340	13,548,462
Ohio Local Government Bonds	18,451,536	3,486,814	10,554,772	4,409,950

STAR Ohio	157,513,580	157,513,580	0	0
Commercial Paper	8,479,034	6,999,020	1,480,014	0
<b>Total Investments</b>	<b>\$231,221,010</b>	<b>\$173,596,870</b>	<b>\$25,382,161</b>	<b>\$32,241,979</b>

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the County's recurring fair value measurements as of December 31, 2020. All of the County's investments measured at fair value are valued using quoted market prices (Level 1 inputs).

**NOTE 5 - DEPOSITS AND INVESTMENTS (Continued)**

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the County Treasurer from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless matched to a specific obligation or debt of the County.

The negotiable certificate of deposit are generally insured by the FDIC and/or SIPC. The Federal Farm Credit Bank Notes, Federal Home Loan Bank Notes, U.S. Treasury Bonds, Federal National Mortgage Association Notes, and mutual funds carry a rating of Aaa by Moody's. Ohio Local Government Bonds carry a rating of A1 through Aaa by Moody's. The County has no policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that mutual funds in eligible securities must be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The County places no limit on the amount of its inactive monies it may invest in a particular security. The following table indicates the percentage of each investment to the County's total portfolio.

	<u>Fair Value</u>	<u>Percentage of Portfolio</u>
Negotiable Certificates of Deposit	\$10,804,974	4.67%
Federal Farm Credit Bank Notes	8,010,880	3.46%
Federal Home Loan Bank Notes	11,149,419	4.82%
Federal National Mortgage Association	15,674,802	6.78%
Ohio Local Government Bonds	18,451,536	7.98%
Mutual Funds	1,136,785	0.49%
STAR Ohio	157,513,580	68.12%
Commercial Paper	8,479,034	3.67%

**NOTE 6 - RECEIVABLES**

Receivables at December 31, 2020, consisted of accounts (billings for user charged services); hotel and motel taxes; sales taxes; accrued interest; amounts due from other governments arising from grants, entitlements, and shared revenues; amounts due from an external party; interfund; property taxes; special assessments; note; Concord Scioto Community Authority; City of Delaware; Delaware County Transportation Improvement District; Delaware County Finance Authority and payment in lieu of taxes. All receivables are considered collectible in full and within one year, except for property taxes, special assessments, City of Delaware-Sawmill Parkway Receivable, Delaware County Finance Authority, and Concord Scioto Community Authority. Refer to note 11 for information about Concord Scioto Community Authority Receivable.

---

**NOTE 6 – RECEIVABLES (Continued)**

On June 23, 2014, the County entered the Sawmill Parkway Cooperative Agreement (Agreement) with the City of Delaware (City) for the right-of-way acquisition, construction, installation, equipping and improvement of Sawmill Parkway Extension (Project). During 2015, the County issued \$41,000,000 in sales tax supported bonds for payment of the costs of the Project. The total cost of the Project was \$42,463,834. The City of Delaware is responsible for paying \$5,868,402 upon receipt of the final completion certificate. The financial completion certificate was certified on December 31, 2019. Those payments will be made from service payments in lieu of taxes (PILOTs) pursuant to the creation of one or more tax incremental financing areas within the City and in proximity to the site of the Project. Estimated collectability is projected to be fifty years. The County does not expect to collect any receipts for at least ten years.

Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Special assessments, in the amount of \$2,454,612, will not be received within one year. Delinquent special assessments were \$276,204.

On June 18, 2020, the County entered the Delaware County Revolving Loan Fund Cooperative Agreement by and between the Delaware County Finance Authority (DCFA) and Buckeye State Bank. During 2020, the County contributed \$2,500,000 and received contributions to the fund from Liberty Township and Orange Township, each in the amount of \$250,000 to assist small businesses experiencing significant cash flow and operating fund shortages and struggling to remain in operation. The DCFA and Buckeye State Bank administered loans to recipients. Terms of the loans are 6 monthly interest only payments followed by 54 monthly principal and interest payments. As of December 31, 2020, there is no expected loan loss. The County does not expect to collect this receivable for at least five years.

Receivables recorded on the County's financial statements are recorded to the extent the amounts are determined material and substantiated, not only by supporting documentation but also by a reasonable systematic method of determining their existence, completeness, valuation, and collectability. Using these criteria, the County has elected to not record child support arrearages in the custodial funds. These amounts, while potentially significant, are not considered measurable and, because collections are often significantly in arrears, the County is unable to determine a reasonable value.

A summary of the principal amounts due from other governments is included on the following page.

**NOTE 7 - PERMISSIVE SALES AND USE TAX**

November 1971, the County Commissioners, by resolution, imposed a one-half of one percent sales tax on all retail sales made in the County, except sales of motor vehicles, and on the storage, use, or consumption of tangible personal property, including motor vehicles not subject to the sales tax. The collection of the sales tax went into effect on January 1, 1972, and the proceeds of the tax were credited entirely to the General Fund.

In 1996, the County Commissioners, by resolution, imposed an additional .75 percent sales tax. The sales tax was to be collected from October 1, 1996, through September 20, 1998. Concurrently with the additional sales tax, the County Commissioners authorized the reduction of one mill of property tax. In July 1998, the County Commissioners extended the additional sales tax through December 31, 1998, and authorized a further ten-year extension subject to voter approval at the general election in November 1998. The extension was approved by the voters, thereby extending the effective date of collections through December 31, 2008.

In 2007, the County Commissioners adopted a resolution to make the additional sales tax permanent. The resolution required all of the .75 percent sales tax be recorded in the General Fund, effective with the April 2009 receipts. The County Commissioners designated .375 percent for road maintenance and repair. The remaining portion was allocated for general operations.

Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies the amount of the taxes to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of each month. A warrant payable to the County is to be made within five days of the certification.

**NOTE 8 - PROPERTY TAXES**

Property taxes include amounts levied against all real and public utility property located in the County. Real property tax revenues received in 2020 represent the collection of 2019 taxes. Real property taxes received in 2020 were levied after October 1, 2019, on the assessed values as of January 1, 2019, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2020 represent the collection of 2019 taxes. Public utility real and tangible personal property taxes received in 2020 became a lien on December 31, 2018, were levied after October 1, 2019, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The County Treasurer collects property taxes on behalf of all taxing districts within the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. The collection and distribution of taxes for all subdivisions within the County, excluding the County itself, is accounted for through agency funds. The amount of the County's tax collections is accounted for within the applicable funds.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 8 - PROPERTY TAXES (Continued)**

Accrued property taxes receivable represents real, public utility, and outstanding delinquent property taxes which were measurable as of December 31, 2020, and for which there was an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2020 operations is offset to deferred inflows of resources - property taxes. On the accrual basis, delinquent real property taxes have been recorded as a receivable and revenue; on the modified accrual basis, the revenue has been reported as deferred inflows of resources - unavailable revenue.

The full tax rate for all County operations for the year ended December 31, 2020, was \$5.70 per \$1,000 of assessed value. The assessed values of real property and public utility property for tax year 2019, collected as tax receipts in 2020 were as follows:

<u>Category</u>	<u>Amount</u>
Real Property	\$7,888,804,530
Tangible Public Utility Property	409,824,500
Total Assessed Value	<u>\$8,298,629,030</u>

**NOTE 9 - PAYMENT IN LIEU OF TAXES**

According to State law, the County has entered into agreements with a number of property owners under which the County has granted property tax exemptions to those property owners and agreed to construct certain infrastructure improvements. The property owners have agreed to make payments to the County to help pay the costs of the infrastructure improvements. The amount of those payments generally reflects all or a portion of the property taxes which the property owners would have paid if their taxes had not been exempted.

The property owners' contractual promise to make these payments in lieu of taxes generally continues until the costs of the improvement have been paid or the agreement expires, whichever occurs first. Future development by those owners or others may result in subsequent agreements to make payments in lieu of taxes and may therefore spread the costs of the improvements to a larger number of property owners.

**NOTE 11 – CONCORD SCIOTO COMMUNITY AUTHORITY RECEIVABLE**

On November 1, 2007, the County entered into an agreement with the Concord/Scioto Community Authority (Authority) to acquire, construct, and install the Lower Scioto Water Reclamation Facility (Facility) and related improvements. The cost of the Facility was to be paid through County contributions to the Authority and \$14,600,000 in facilities bonds issued by the Authority. Due to the general economic downturn in housing development associated with the recession in 2008, the anticipated development in the service area of the Authority did not occur; therefore, the Authority was unable to pay the outstanding balance on the facilities bonds. The construction costs paid by the County through December 31, 2012, were reported as construction in progress. On October 1, 2013, the County entered into an asset purchase and bond modification and redemption agreement with the Authority and paid the Authority \$14,062,375. The Authority then redeemed the outstanding balance of the facilities bonds.

The Facility become operational in 2017 with the implementation of Phase I; subsequent phases of processing will be initiated as future development occurs. The Facility’s operations will support future housing development in the service area of the Facility.

The asset purchase and bond modification and redemption agreement defines charges to be assessed on property owners within the service area of the Authority. The County will receive 2.0 mills of the 10.25 mills Community Development Charge collected by the Authority to reimburse the County for the cost incurred for the Facility. The total cost incurred by the County for the Facility was \$33,941,926. The County projection of the collection of the receivable is as follows:

<b>Year</b>	<b>Concord Scioto Community Authority Receivable</b>
2021	25,000
2022	45,000
2023	70,000
2024	100,000
2025	125,000
2026-2030	500,000
2031-2035	1,000,000
2036-2040	2,000,000
2041-2045	4,000,000
2046-2050	6,000,000
2051-2055	9,000,000
2056-2058	11,076,926
Total	\$33,941,926

**NOTE 12 - INTERFUND AND EXTERNAL RECEIVABLES/PAYABLES**

At December 31, 2020, the General Fund had an interfund receivable, in the amount of \$964,929, from the Auto and Gas, Special Bond Retirement, Hardin Ditch Bond Retirement and Drainage Improvement Fund, in the amount of \$751,328, \$6,566, \$423, and \$206,612, respectively, due to providing cash flow resources until the receipt of grant moneys and for services provided. Other governmental funds had an interfund receivable in the amount of \$245,494 due to the Job and Family Services Special Revenue Fund and due from the Workforce Investment Act and Children Services Special Revenue Funds in the amount of \$120,138 and \$125,356, respectively. These balances resulted from the lag time between the dates that interfund goods and services are provided and payments between funds are made.

All of the interfund receivables will be repaid within one year.

**NOTE 13 - RISK MANAGEMENT**

**A. Insurance**

The County participates in a risk-sharing pool, the County Risk Sharing Authority, Inc. (CORSA), for property, casualty, and public officials' insurance coverage. The County retains the risk for property, casualty, and public officials' insurance coverage for up to \$100,000 per occurrence. Following these deductibles, the pool retains the risk per occurrence up to \$1,000,000. An excess policy insures claims exceeding this self-insured retention up to \$10,000,000. The County would retain any losses above the excess policy level. Settlement amounts have not exceeded insurance coverage for the last three years. Coverage remains consistent with the previous years.

**B. Health Benefits**

In 2020, the County participated in a risk-sharing pool, the County Employee Benefits Consortium of Ohio, Inc. (CEBCO). CEBCO charges a fixed premium per month per enrolled employee. The premiums, along with an administrative charge, are paid into the General Fund by participating County funds and, in turn, the premiums are paid to CEBCO. Premiums charged by CEBCO are based upon the County's claims experience. An excess coverage policy covers annual individual claims in excess of \$75,000 with an unlimited maximum. CEBCO retains liability for claims that exceed the expected losses and charged premiums.

**C. Workers' Compensation**

The County provides for workers' compensation insurance through a self-insurance plan offered by the State of Ohio.

The plan allows the County to administer its own workers' compensation claims, including the approval of claims and the payment of compensation and medical payments for injured employees. The plan requires that the County participate in the Self-Insured Employers Guaranty Fund through the State of Ohio that guarantees that claims liabilities are satisfied if the self-insured employer is unable to pay the claims.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 13 - RISK MANAGEMENT (Continued)**

**C. Workers' Compensation**

Reimbursements to the State's Disabled Workers' Relief Fund must be paid on a semi-annual basis. The County purchased stop-loss insurance for per accident maximum and per employee maximum coverage of \$500,000 each through Midwest Employers Casualty Company. The County hired a third-party administrator, Sedgwick Claims Management Service, Inc., to review and monitor all claims on behalf of the County. The plan is accounted for in an internal service fund.

All funds of the County participate in the program and make payments to the Workers' Compensation Self Insurance internal service fund based on actuarial estimates of the amounts needed to pay prior- and current-year claims. The liability for unpaid claims costs reported in the fund at December 31, 2020, represents the liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims as required by Governmental Accounting Standards Board Statement No. 30, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues". The amount is based on an estimate provided by the third-party administrator. Claims payable, in the amount of \$1,466,701, are due within one year.

The changes in the claims liability during 2019 and 2020 were as follows:

	<u>Beginning of the Year Liability</u>	<u>Current Year Claims and Changes in Estimate</u>	<u>Claims Payments</u>	<u>Balance at Year End</u>
2019	\$428,802	\$920,170	\$410,615	\$938,357
2020	938,357	1,047,146	518,802	1,466,701

The Mannik & Smith Group Inc	359,602	44,855	314,747
IBI Group Engineering Services	300,000	0	300,000
	<u>\$46,088,650</u>	<u>\$7,262,937</u>	<u>\$38,825,713</u>

At year end, the significant encumbrances expected to be honored upon performance by the vendor in 2020 are as follows:

General Fund	\$2,971,154
Developmental Disabilities Fund	550,629
Auto and Gas Fund	585,806
Other Governmental Funds	1,544,446
Sanitary Engineer Fund	1,004,046
Total	<u>\$6,656,081</u>

**NOTE 15 - DEFINED BENEFIT PENSION PLANS**

**Net Pension Liability/Asset**

The net pension liability/asset reported on the statement of net position represents a liability or asset to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services.

Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the County’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the County’s obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes any net pension liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term net pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual bases of accounting.

**Plan Description - Ohio Public Employees Retirement System (OPERS)**

Plan Description - County employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The Traditional Pension Plan is a cost-sharing, multiple-employer defined benefit pension plan. The Member-Directed Plan is a defined contribution plan and the Combined Plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. County employees) may elect the Member-Directed Plan and the Combined Plan, substantially all employee members are in OPERS’ Traditional Plan.

**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the Traditional Pension Plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the Traditional Pension Plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
<b>State and Local</b>	<b>State and Local</b>	<b>State and Local</b>
<b>Age and Service Requirements:</b>	<b>Age and Service Requirements:</b>	<b>Age and Service Requirements:</b>
Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
<b>Formula:</b>	<b>Formula:</b>	<b>Formula:</b>
2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

<b>Group A</b>	<b>Group B</b>	<b>Group C</b>
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
<b>Law Enforcement</b> <b>Age and Service Requirements:</b>	<b>Law Enforcement</b> <b>Age and Service Requirements:</b>	<b>Law Enforcement</b> <b>Age and Service Requirements:</b>
Age 52 with 15 years of service credit	Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	Age 48 with 25 years of service credit or Age 56 with 15 years of service credit
<b>Public Safety and Law Enforcement</b> <b>Formula:</b>	<b>Public Safety and Law Enforcement</b> <b>Formula:</b>	<b>Public Safety and Law Enforcement</b> <b>Formula:</b>
2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's FAS for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 3% COLA adjustment on the defined benefit portion of their benefit.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS's Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections.

Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Beginning in 2022, the combined plan will be consolidated under the traditional plan (defined benefit plan) and the combined plan option will no longer be available for new hires beginning in 2022.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<b>State and Local</b>	<b>Public Safety</b>	<b>Law Enforcement</b>
<b>2020 Statutory Maximum Contribution Rates</b>			
Employer	14.0%	18.1%	18.1%
Employee	10.0%	12.0%	13.0%
 <b>2020 Actual Contribution Rates</b>			
Employer:			
Pension	14.0%	18.1%	18.1%
Post-employment Health Care Benefits	0.0%	0.0%	0.0%
Total Employer	14.0%	18.1%	18.1%
Employee	10.0%	12.0%	13.0%

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution for both the Traditional Pension Plan and the Combined Plan was \$9,067,107 for 2020. Of this amount, \$158,147 is reported as due to other governments.

**Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability and net pension asset for the OPERS Traditional Pension Plan and Combined Plan, respectively, were measured as of December 31, 2019, and the total pension liability or asset used to calculate the net pension liability or asset was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability or asset was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

	<u>OPERS</u>	
Proportionate share of the net pension liability	\$82,702,760	Traditional Plan
Proportionate share of the net pension asset	1,102,928	Combined Plan
Proportion of the net pension liability	0.41841600%	Traditional Plan
Proportion of the net pension asset	0.52892100%	Combined Plan
Pension expense	13,075,232	Traditional Plan
Pension expense	342,239	Combined Plan

At December 31, 2020, the County's total pension expense is \$13,417,471.

At December 31, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS- Traditional</u>	<u>OPERS- Combined</u>	<u>Total</u>
<b>Deferred outflows of resources</b>			
Change in assumptions	\$4,420,191	\$113,723	\$4,533,914
Change in employer's proportionate percentage/difference between employer contributions	753,211	0	753,211
County contributions subsequent to the measurement date	<u>8,724,868</u>	<u>342,239</u>	<u>9,067,107</u>
Total deferred outflows of resources	<u>\$13,898,270</u>	<u>\$455,962</u>	<u>\$14,354,232</u>
<b>Deferred inflows of resources</b>			
Differences between expected and actual experience	\$1,045,658	\$258,933	\$1,304,591
Net difference between projected and actual earnings on pension plan investments	16,497,344	143,053	16,640,397
Difference between employer contributions and proportionate share of contributions	42,522	0	42,522
Total deferred inflows of resources	<u>17,585,524</u>	<u>401,986</u>	<u>17,987,510</u>

The County reported \$9,067,107 as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability/asset in the year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

	<b>OPERS- Traditional</b>	<b>OPERS- Combined</b>	<b>Total</b>
December 31:			
2021	(\$1,195,490)	(\$70,284)	(\$1,265,774)
2022	(5,349,251)	(67,598)	(5,416,849)
2023	683,150	(27,709)	655,441
2024	(6,550,531)	(80,083)	(6,630,614)
2025	0	(14,944)	(14,944)
Thereafter	0	(27,645)	(27,645)
Total	(\$12,412,122)	(\$288,263)	(\$12,700,385)

**Actuarial Assumptions – OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future.

Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2020, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage inflation	3.25 percent
Future salary increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or ad hoc COLA	Pre-1/7/13 Retirees: 3 percent, simple
	Post-1/7/13 Retirees: 1.4 percent through 2020 then 2.15 percent simple
Investment rate of return	7.2 percent
Actuarial cost method	Individual entry age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables. The most recent experience study was for the five year period ended December 31, 2015.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
(Continued)

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

During 2020, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.2% for 2020.

The allocation of investment assets with the Defined Benefit portfolio is approved by the OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

	<b>Target Allocation</b>	<b>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</b>
Fixed income	25.00%	1.83%
Domestic equities	19.00%	5.75%
Real estate	10.00%	5.20%
Private equity	12.00%	10.70%
International equities	21.00%	7.66%
Other investments	13.00%	4.98%
Total	100.00%	5.61%

**Discount Rate** - The discount rate used to measure the total pension liability/asset was 7.2 percent for both the Traditional Pension Plan and the Combined Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS (Continued)**

**Sensitivity of the County’s Proportionate Share of the Net Pension (Asset)/Liability to Changes in the Discount Rate** - The following table presents the County’s proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 7.2 percent, as well as what the County’s proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	6.20%	7.20%	8.20%
County's proportionate share of the net pension liability (asset):			
Traditional Pension Plan	\$136,403,616	\$82,702,760	\$34,427,268
Combined Plan	(666,440)	(1,102,928)	(1,417,508)

**NOTE 16 – DEFINED BENEFIT OTHER POST EMPLOYMENT BENEFIT LIABILITY PLANS (OPEB)**

**Net OPEB Liability**

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the County’s proportionate share of each OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan’s fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the County’s obligation for this liability to annually required payments. The County cannot control benefit terms or the manner in which OPEB are financed; however, the County does receive the benefit of employees’ services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in due to other governments on both the accrual and modified accrual bases of accounting.

**Plan Description – Ohio Public Employees Retirement System (OPERS)**

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2019, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2020, OPERS did not allocate any employer contributions to health care for members in the traditional and combined plans.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County’s contractually required contribution was \$0 for 2020.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The County’s proportion of the net OPEB liability was based on the County’s share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<b>OPERS</b>
Proportion of the Net OPEB Liability	0.419000%
Proportionate Share of the Net OPEB Liability	\$57,874,785
OPEB Expense	6,278,818

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

At December 31, 2019, the County’s reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>
<b>Deferred Outflows of Resources</b>	
Differences between expected and actual experience	\$1,552
Changes of assumptions	9,160,963
Change in Proportion and Difference Between County Contributions and Proportionate Share of Contributions	467,723
	<u>          </u>
Total Deferred Outflows of Resources	<u>\$9,630,238</u>
 <b>Deferred Inflows of Resources</b>	
Differences between expected and actual experience	\$5,292,915
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	2,946,968
Change in Proportion and Difference Between County Contributions and Proportionate Share of Contributions	100,003
	<u>          </u>
Total Deferred Inflows of Resources	<u>\$8,339,886</u>

\$0 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<u>OPERS</u>
Year Ending December 31:	
2021	\$1,879,041
2022	668,236
2023	2,345
2024	(1,259,270)
2025	0
Thereafter	0
	<u>          </u>
Total	<u>\$1,290,352</u>

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

**Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25 percent
Projected Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
Single Discount Rate:	
Current measurement date	3.16 percent
Prior Measurement date	3.96 percent
Investment Rate of Return	6.00 percent
Municipal Bond Rate	
Current measurement date	2.75 percent
Prior Measurement date	3.71 percent
Health Care Cost Trend Rate	
Current measurement date	10.5 percent, initial 3.50 percent, ultimate in 2030
Prior Measurement date	10.0 percent, initial 3.25 percent, ultimate in 2029
Actuarial Cost Method	Individual Entry Age

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio is 19.7 percent for 2020.

**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
(Continued)

---

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2020 and the long-term expected real rates of return:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)</u>
Fixed Income	36.00 %	1.53 %
Domestic Equities	21.00	5.75
Real Estate Investment Trust	6.00	5.69
International Equities	23.00	7.66
Other investments	<u>14.00</u>	<u>4.90</u>
Total	<u>100.00 %</u>	<u>5.11 %</u>

**Discount Rate** A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2020. A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 2.75 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
(Continued)

---

**NOTE 16 – DEFINED BENEFIT OPEB PLANS (Continued)**

**Net OPEB Liability (Continued)**

**Sensitivity of the County’s Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate**

The following table presents the County’s proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent, as well as what the County’s proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.16 percent) or one-percentage-point higher (4.16 percent) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
	<u>2.16%</u>	<u>3.16%</u>	<u>4.16%</u>
County's proportionate share of the net OPEB liability	\$75,738,440	\$57,874,783	\$43,571,810

**Sensitivity of the County’s Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate**

Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.5 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuary’s project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.5 percent in the most recent valuation.

	1% Decrease	Current Health Care Cost Trend Rate Assumption	1% Increase
	<u>                    </u>	<u>                    </u>	<u>                    </u>
County's proportionate share of the net OPEB liability	\$56,166,950	\$57,874,783	\$59,560,850

**Changes Between the Measurement Date and the Reporting Date**

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in an effort to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees as well as replacing OPERS sponsored medical plans for pre-Medicare retirees with monthly allowances similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

**NOTE 17 - OTHER BENEFITS**

**A. Compensated Absences**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws.

County employees earn and accumulate vacation at varying rates depending on length of service. Current policy credits vacation leave on the employee's anniversary date when a service benchmark is reached, vacation is accrued regularly throughout the year. Accumulated vacation cannot exceed three times the annual accumulation rate for an employee.

Employees are paid for 100 percent of earned unused vacation leave upon termination.

Sick leave is earned at various rates as defined by County policy and union contracts and accumulated without limit. Sick leave benefits are paid upon retirement based on various rates and maximums depending on the contract.

**B. Health Care Benefits**

Health care benefits are provided to most employees through the County Employee Benefits Consortium of Ohio, Inc. (CEBCO).

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

Sales Tax Revenue Bonds

2015 Sales Tax Revenue Bonds - On July 8, 2015 the County issued sales tax bonds in the amount of \$41,000,000, for the purpose of paying the cost of extending Sawmill Parkway. The bonds have an interest rate that will not exceed 6 percent and will mature December 1, 2034. The sales tax revenue bonds are payable from the Special Bond Retirement debt service fund.

The sales tax revenue bonds of the County are subject to mandatory redemption requirements, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the authorizing legislation. That mandatory redemption is to occur on December 1 in each year, at a redemption price equal to 100 percent of the principal amount plus accrued interest to the redemption date, according to the following schedule:

	<u>Dates Requirements</u>
<u>Redemption Dates</u>	<u>2015 Sales Tax Revenue Bonds</u>
2033	\$3,770,000
2034	\$3,925,000

The sales tax revenue bonds are also subject to prior redemption on or after December 1, by and at the sole option of the County, either in whole or in part on any date, in integral multiples of \$5,000 plus accrued interest to the redemption date. The date each bond may be called and the redemption prices, expressed as percentages of the principal amount redeemed, are set forth below:

	<u>Redemption Dates (All Inclusive)</u>
<u>Redemption Dates</u>	<u>2015 Sales Tax Revenue Bonds</u>
December 1, 2025 and thereafter	100%

General Obligation Bonds

The general obligation bonds were issued to provide funds for the acquisition and construction of major capital facilities and the refinancing of bond anticipation notes or general obligation bonds. General obligation bonds are direct obligations of the County for which its full faith and credit are pledged for repayment. The general obligation bonds reported as governmental activities obligations are payable from the General Bond Retirement and Special Bond Retirement debt service funds.

---

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

General Obligation Bonds (Continued)

On November 6, 2019, the County issued Various Purpose Refunding Bonds in the amount of \$8,570,000 with an interest rate of 1.79% to refund \$1,350,000 of 2010 Jail Improvement, \$750,000 of 2010 Hayes Improvements, and \$6,395,000 of 2010 Hayes Current Refunding bonds. Net proceeds of \$8,501,747 were used to purchase U.S. Government Securities after payment of issuance costs. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds. As a result, the original bonds which were refunded are considered to be defeased and the liability of these bonds has been removed from the County’s long-term obligation. Although the refunding will result in the recognition of an accounting loss of \$68,253 for the year ended December 31, 2019, the County lowered its aggregated debt service payments by \$556,822 over the next five years and obtained an economic gain of \$504,531.

2013 Council for Older Adults - In 2013, the County issued \$7,245,000 in general obligation refunding bonds with interest rates ranging from 2 percent to 9.86 percent, to refund \$7,245,000 of 2005 Council for Older Adults general obligation bonds. A premium of \$726,457 was received on the sale of the bonds. The net proceeds of \$7,829,604 (after payment of \$141,853 in underwriting fees, insurance, and other issuance costs, of which \$10,014 was refunded back to the County) were used to purchase U. S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded general obligation bonds. As a result, \$7,245,000 of the 2005 Council for Older Adults general obligation bonds is considered to be defeased and the liability for those bonds has been removed from the County’s long-term obligations.

The general obligation bonds of the County are subject to mandatory redemption requirements, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the authorizing legislation. That mandatory redemption is to occur on December 1 in each year, at a redemption price equal to 100 percent of the principal amount plus accrued interest to the redemption date, according to the following schedule:

Mandatory Redemption Requirements

Year	2013 Council for Older Adults Refunding
2024	\$830,000

**General Obligation Bonds (Continued)**

2016 General Obligation Various Purpose Improvement and Refunding Bond - On May 25, 2016 the County issued \$36,090,000 in general obligation various purpose improvement and refunding bonds with interest rates ranging from 1.5 percent to 4% percent to refund \$980,000 of 2007 Various Purpose general obligation bonds, \$3,110,000 of the 2007 Various Purpose special assessment bonds, and \$32,000,000 for the purpose of paying the cost of the new Courthouse. A premium of \$2,297,387 was received on the sale of the bonds. Net proceeds in the amount of \$4,288,873 (after payment of \$41,738 in underwriting fees, insurance, and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded general obligation and special assessment bonds. As a result, 2007 Various Purpose general obligation and special assessment bonds are considered to be defeased and the liability for those bonds has been removed from the County's long-term obligations.

The general obligation bonds of the County are subject to mandatory redemption requirements, in part by lot, pursuant to the terms of the mandatory sinking fund redemption requirements of the authorizing legislation. That mandatory redemption is to occur on December 1 in each year, at a redemption price equal to 100 percent of the principal amount plus accrued interest to the redemption date, according to the following schedule:

Mandatory Redemption Requirements

Year	2016 General Obligation Various Purpose Improvement and Refunding Bond
2036	\$1,905,000
2037	\$1,965,000
2038	\$2,025,000
2039	\$2,085,000
2040	\$2,165,000
2041	\$2,255,000

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

General Obligation Bonds (Continued)

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors should not exceed 1 percent of the total assessed valuation of the County. The Revised Code further provides that the total voted and unvoted net debt of the County less the same exempt debt should not exceed a sum equal to 3 percent of the first \$100,000,000, plus 1.5 percent of such valuation in excess of \$100,000,000 and not in excess of \$300,000,000, plus 2.5 percent of such valuation in excess of \$300,000,000. The effect of the debt limitations described above is an overall debt margin of \$163,625,726 at December 31, 2020.

Special Assessments

The special assessment bonds are backed by the full faith and credit of the County. In the event that an assessed property owner fails to make payments or insufficient amounts are assessed to fund the debt, the County will be required to pay the related debt. Special assessment bonds are paid from the Special Bond Retirement debt service fund.

Compensated Absences

The compensated absences liability will be paid from the fund from which the employees' salaries are paid. These funds include the General Fund, Auto and Gas, Developmental Disabilities, Real Estate Assessment, 911, Job and Family Services, Delinquent Real Estate Tax Account Collection, Child Support Enforcement, Dog and Kennel, Emergency Management Agency, Victim Services, Title Administration, Community Based Corrections, Concealed Handgun, Drug Court, Juvenile Court, Road and Bridge, and Law Library Resources Board, and Litter special revenue funds.

Net Pension Liability

See Note 15 for more details. The County pays obligations related to employee compensation from the fund benefiting from their services.

Net OPEB Liability

See Note 16 for more details. The County pays obligations related to employee compensation from the fund benefiting from their services.

Revenue Bonds

2014 Sewer Improvements - On March 5, 2014, the County issued sanitary sewer system improvement revenue bonds, in the amount of \$12,595,000, for the purchase of real estate; improvement and upgrade of the wastewater treatment plant; the construction, installation, and improvement of pump stations; and the construction and installation of force mains, gravity lines, and trunk lines. The bonds have an interest rate ranging from 1 to 4 percent and will mature on December 1, 2038.

---

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

Revenue Bonds (Continued)

2017 Refunding Sewer Improvements – On March 13, 2017, the County issued sanitary sewer system refunding revenue bonds in the Sanitary Engineer enterprise fund, in the amount of \$17,480,000, for the purpose of paying the costs of refunding certain bonds that will be used to make improvements to the sanitary sewer treatment and collection system. The bonds have an interest rate ranging from 2 to 5% and will mature on December 1, 2023.

Fund assets, whose use are restricted under the bond indenture to improvement and replacement and debt service requirements are presented as restricted assets on the statement of fund net position.

Restricted assets relating to the revenue bond issue were as follows as of December 31, 2020:

	Assets
Restricted Assets held by the County for:	Sanitary Engineer
Revenue Bond Replacement	\$1,000,000
Revenue Bond Future Debt Service	\$3,568,686

The revenue bond issue contains optional redemption provisions that may be exercised by the County. The bonds may be called either in whole or in part in integral multiples of \$5,000, at par, on or after December 1, 2017.

Compensated Absences

The compensated absences liability will be paid from the fund from which the employees' salaries are paid. These funds include the Sanitary Engineer, Solid Waste Transfer Station, and Storm Water Phase II fund.

Concord Scioto Community Authority Liability

The County has entered into an inter-governmental agreement with the Concord Scioto Community Authority whereby the County has agreed to charge and collect a Surcharge on all sewer connections within the area governed by the agreement and remit the proceeds to the Authority to pay their cost for the capital improvements that were accepted by the County. The Authority issued \$4.5 million in bonds for the projects. There are several housing developments in process or in the planning stages that will pay the Surcharge. The initial collections will be used by the Authority for the interest costs associated with the financing. The County can continue to charge the Surcharge once the Authority has been paid for their costs.

State Infrastructure Bank Loan

In March 2020 the County entered into a loan agreement with the Ohio Department of Transportation (ODOT) and the Mid-Ohio Regional Planning Commission (MORPC) in the amount of \$2,428,674 for the purpose of financing the resurfacing of Africa Road and Cheshire Road. MORPC has committed a portion of its Annual Federal Allocation to pay loan principal due beginning May 1, 2023 through final maturity on November 1, 2025. No interest is assessed on the loan for the first year. After the first year, semi-annual interest payments at 3% are due from the County through maturity on November 1, 2025.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

Tap-in Fees Liability

The County has provided tap-in fee credits for several projects in return for expanding sewer capacity.

Postclosure Cost Payable

In accordance with a notice letter received from the Ohio Environmental Protection Agency (OEPA), the County entered into a trust agreement to meet rules established by the OEPA, requiring the owner or operator of a solid waste facility to provide assurance that funds will be available when needed for final closure, post closure and/or corrective measures at the facility. The County set aside \$19,500 in postclosure costs to meet the Ohio Administrative Cost Rule 3745-27-17. A liability in the amount of \$19,500 has been reported on the County's financial statements.

Principal and interest requirements to retire the bonds outstanding at December 31, 2020, were as follows:

Year	Governmental Activities					
	Sales Tax Revenue Bonds		General Obligation Bonds		Special Assessments Bonds	
	Principal	Interest	Principal	Interest	Principal	Interest
2021	885,000	1,352,412	2,745,000	1,381,816	101,198	14,431

**NOTE 18 - LONG-TERM OBLIGATIONS (Continued)**

Conduit Debt

Periodically, the County has issued Economic Development and Health Care Facility Revenue Bonds to provide financial assistance to private-sector entities for the acquisition and construction of commercial and health care facilities. These bonds are secured by the property financed and are payable solely from payment received on the underlying mortgage loans. The bonds do not constitute a debt or pledge of the full faith of credit on the County, and, therefore, are not reported in the financial statements.

As of December 31, 2020, the aggregate principal amounts outstanding for the above mentioned bonds was as follows:

<b>Conduit Debt</b>	<b>Principal Amount Outstanding December 31, 2020</b>
2003 Economic Development Revenue Bonds - Columbus Zoological Park Association	\$1,070,000
2016 Health Care Facilities Refunding Revenue Bonds - Sarah Moore Community	\$6,156,667
2018 Health Care Facilities Revenue Refunding Bonds - Willow Brook Christian Communities	\$36,814,000

**NOTE 19 - INTERFUND TRANSFERS**

Interfund transfers for the year ended December 31, 2019, consisted of the following, as reported on the fund financial statements:

<u>Transfers to Nonmajor Governmental Funds from:</u>	
General Fund	\$12,742,266
Nonmajor Governmental Fund	1,288,768
	\$14,031,034

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

**NOTE 19 – INTERFUND TRANSFERS (Continued)**

Transfers are used to (1) move revenues from the fund that statute or budget require to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations and (4) move unexpended balance in the rescinded capital project fund to the to the fund that originally transferred the money to the capital projects fund. All transfers were in compliance with Ohio Revised Code Sections 5705.13, 5705.14, 5705.15, and 5705.16.

Interfund transfers between governmental funds are eliminated on the government-wide financial statements. Interfund transfer between governmental activities and business-type activities are reported as transfers on the statement of activities.

**NOTE 20 - FUND BALANCE**

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below.

Fund Balance	General	Auto and Gas	Developmental Disabilities

**NOTE 21 - JOINT VENTURES**

**A. Delaware-Morrow Mental Health and Recovery Services Board**

The Delaware-Morrow Mental Health and Recovery Services Board (Board) is a joint venture between Delaware and Morrow counties. The headquarters for the Board is in Delaware County. The Board provides mental health and recovery services. Statutorily created, the Board is made up of fourteen members with eight appointed by the County Commissioners and six by the State Director of Mental Health and Addiction Services. The County Commissioners' appointments are based on county population, with the largest county in population having the most appointed members. With respect to the county's population, seven of the eight members are appointed by the Delaware County Commissioners while one is appointed by the Morrow County Commissioners. Revenues to provide mental health and recovery services are generated through a one-mill district wide tax levy and through state and federal grants. The Board does not have any outstanding debt. The Board is not accumulating significant financial resources nor experiencing fiscal stress that may cause an additional financial benefit to or burden on the County. The existence of the Board depends upon the continuing participation of the County; however, the County does not have an equity interest in the Board. The County collected \$7.2 million in property taxes for the Board during 2020. Separate financial statements may be obtained from the Delaware-Morrow Mental Health and Recovery Services Board, 40 North Sandusky Street, Suite 301, Delaware, Ohio 43015.

**B. Delaware County Regional Planning Commission**

The Delaware County Regional Planning Commission (Commission) is statutorily created according to Section 713.23 of the Ohio Revised Code. County offices represented on the Commission include the three Delaware County Commissioners, Engineer, Sanitary Engineer, Building Department, and Board of Health. The Commission is jointly governed among Delaware County and the municipalities and townships within the County. Each member's control over the operation of the Commission is limited to its representation on the Board. The Commission performs studies and develops maps, plans, recommendations, and reports concerning the physical, environmental, social, economic, and governmental characteristics, functions, and services of the County.

Continued existence of the Commission is dependent on the County's continued participation; however, the County does not have an equity interest in the Commission. In 2020, the County paid fees of \$142,589 which represents 32 percent of total contributions. Separate financial statements may be obtained from the Regional Planning Commission, 109 North Sandusky Street, Delaware, Ohio 43015.

---

**NOTE 22 – JOINTLY GOVERNED ORGANIZATIONS**

**A. Delaware-Knox-Marion-Morrow Joint Solid Waste Management District**

The Delaware-Knox-Marion-Morrow Joint Solid Waste Management District (District) makes the disposal of waste in the four county area more comprehensive in terms of recycling, incinerating, and land filling. The Board of Directors consists of twelve members; the three county commissioners of each of the four counties. The Board exercises total control over the operation of the District including budgeting, appropriating, contracting, and designating management; however, the County has no ongoing financial interest or responsibility for the District. Most of the District's revenue was received from private haulers. Information can be obtained from the Delaware-Knox-Marion-Morrow Joint Solid Waste Management District, 117 East High Street, Suite 257, Mt. Vernon, Ohio 43050.

**B. Central Ohio Youth Center**

The Central Ohio Youth Center (Center) is a jointly governed organization including Champaign, Delaware, Madison, and Union counties. The Center provides facilities for the training, treatment, and rehabilitation of delinquent, dependent, abused, or neglected children and was established under Section 2151.34 of the Ohio Revised Code. The operation of the Center is controlled by a joint board of trustees whose membership consists of two appointees of the Union County Commissioners, one appointee of the Delaware County Commissioners, and one appointee each from Champaign and Madison counties. Each county's ability to influence the operations of the Center is limited to its representation on the Board of Trustees. Appropriations are adopted by the Board of Trustees who exercise control over the operation and maintenance of the Center. Union County serves as the fiscal agent. Each county is charged for their share of the operating cost of the Center based on the number of individuals from their county in attendance. In 2019, Delaware County contributed \$426,577 for the Center's operations which represents 30 percent of total contributions. In 2010, Union County issued general obligation bonds, in the amount of \$920,000, for the renovation of the facility. In 2011, Union County issued \$450,000 in bond anticipation notes. Each year Union County pays this note in full and reissues the notes for the same amount. Delaware County has agreed to be responsible for 25 percent of the principal, interest, and issuance costs associated with these issuances. Additional information may be obtained by writing to the Central Ohio Youth Center, 18100 State Route 4, Marysville, Ohio 43040.

**C. Central Ohio Interoperable Radio System**

The Central Ohio Interoperable Radio System (COIRS) is a jointly governed organization between Delaware County, the City of Dublin, and the City of Worthington. Formed as a regional council of governments, the intent of COIRS is for the members to share in providing the financial resources and infrastructure needed to operate a digital 800 MHZ public safety radio system used for dispatching emergency response and law enforcement services across the three jurisdictions. COIRS is controlled by a Governing Board consisting of the County Administrator and the city managers for each city, or their representative. Each member's ability to influence the operations of COIRS is limited to its representation on the Governing Board.

Appropriations are adopted by the Governing Board who exercises control over the operation and maintenance of COIRS. Each member's initial contribution was radio system infrastructure assets.

Each member is assessed annually based on its utilization of the system and related operating costs. In 2019, Delaware County contributed \$5,100 for COIRS' operations which represents 1.65 percent of total contributions. The City of Dublin serves as fiscal agent. Financial information may be obtained from the City of Dublin, 5200 Emerald Parkway, Dublin, Ohio 43017.

**NOTE 23 - INSURANCE POOLS**

**A. County Risk Sharing Authority, Inc.**

The County Risk Sharing Authority, Inc., (CORSA) is an Ohio not-for-profit corporation established by sixty-one counties for establishing the CORSA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Member counties agree to jointly participate in the coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORSA.

Each member county has one vote on all matters requiring a vote, to be cast by a designated representative. The affairs of CORSA are managed by an elected board of not more than nine trustees. Only county commissioners of member counties are eligible to serve on the Board. No county may have more than one representative on the Board at any time. Each member county's control over the budgeting and financing of CORSA is limited to its voting authority and any representation it may have on the Board of Trustees.

**B. County Employee Benefits Consortium of Ohio, Inc.**

The County participates with the County Employee Benefits Consortium of Ohio, Inc. (CEBCO), an Ohio not-for-profit corporation with membership open to Ohio political subdivisions to collectively pool resources to purchase employee benefits. The County pays, on a monthly basis, the annual actuarially determined funding rate. Components of the funding rate include the claims fund contribution, incurred but not reported claims, a claims contingency reserve fund, as well as the fixed costs of the consortium.

The business and affairs of the consortium are managed by a board of not less than nine or more than fifteen directors that exercise all powers of the consortium. Two-thirds of the directors are county commissioners of the member counties and one-third are employees of the member counties. Each member of the consortium is entitled to one vote. At all times, one director is required to be a member of the board of directors of the County Commissioners' Association of Ohio and another is required to be a board member of the County Risk Sharing Authority, Inc.

**NOTE 24 - RELATED ORGANIZATIONS**

**A. Delaware County District Library**

The Delaware County District Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a board of trustees. The County Commissioners appoint four of the trustees and the Common Pleas Court Judge appoints three of the trustees. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies.

Although the County serves as the taxing authority and can issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Library Trustees.

The Library is not considered a part of the County and its operations are not included within the accompanying financial statements. Financial information can be obtained from the Delaware County District Library, 84 East Winter Street, Delaware, Ohio 43015.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 24 - RELATED ORGANIZATIONS (Continued)**

**B. Delaware County Finance Authority**

The Delaware County Finance Authority, a distinct political subdivision of the State of Ohio, was created under Chapter 4582 of the Ohio Revised Code. The Finance Authority is governed by a board of directors appointed by the County Commissioners. The Board of Directors possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the County for operational subsidies. Although the County serves as the taxing authority and can issue tax related debt on behalf of the Finance Authority, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Directors. The Finance Authority is not considered a part of the County and its operations are not included within the accompanying financial statements. Financial information can be obtained from the Delaware County Finance Authority, 101 North Sandusky Street, Delaware, Ohio 43015.

**B. Land Reutilization Corporation**

The County established a land reutilization corporation (the “Corporation”) on December 28, 2017. The Delaware County Board of Commissioners authorized the incorporation under Chapter 1724 of the Ohio Revised Code. This is a not-for-profit corporation under the laws of the State of Ohio. The purpose of the Corporation is reclaiming, rehabilitating or reutilizing economically non-productive land throughout the County. The Corporation can potentially address parcels where the fair market value of the property has been greatly exceeded by the delinquent taxes and assessed liens and are; therefore, not economically feasible to initiate foreclosure actions upon. The Corporation has been designated as the County’s agent to further its mission to reclaim, rehabilitate, and reutilize vacant, abandoned, tax foreclosed and other real property in the County by exercising the powers of the County under Chapter 5722 of the Ohio Revised Code. The Board of Directors is made up of two Delaware County Commissioners, the Delaware County Treasurer, a representative from Delaware County’s largest municipality and a representative from a township within Delaware County with a population greater than 10,000. Additional information pertaining to the Corporation can be obtained by contacting Jon Peterson, Delaware County Treasurer, 145 N. Union St. Delaware, Ohio 43015.

**NOTE 25 - CONTINGENT LIABILITIES**

**A. Litigation**

The County is a party to legal proceedings seeking damages or injunctive relief generally incidental to its operations and pending projects. The County management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the County. However, in the event of a loss, the County is self-insured at \$100,000 per incident and in an insurance pool for amounts up to \$1,000,000 per incident. Amounts exceeding these limits are insured under the County’s stop loss policy.

**B. Federal and State Grants**

For the period January 1, 2020, to December 31, 2020, the County received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the County believes such disallowances, if any, would be immaterial.

**Delaware County, Ohio**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 26 – TAX ABATEMENT DISCLOSURE**

Pursuant to Ohio Revised Code Chapter 5709, the County provides tax incentives under The Community Reinvestment Area (CRA) program. The establishment of a CRA gives the County the ability to maintain and expand business located in the County and create new jobs by abating or reducing assessed valuation of properties, resulting in abated taxes, from new or improved business real estate. The County has offered CRA abatements to businesses based upon substantial project investment into the County.

On July 26, 2006, the County entered into CRA agreement with Citicorp North America Inc. In exchange for the CRA, Citicorp invested over \$500,000,000 million to create of 60 high-paying jobs. The County provided a property tax abatement in the amount of \$39,200,000. In 2020, the amount of County’s property taxes foregone because of this agreement was \$187,339. The agreement is over 15 years for constructing and expanding its business operations as well as increasing employment. The agreement averages 75% abatement. The exemption percentages are as follows:

Year 1-3	90%
Year 4-6	80%
Year 7-9	70%
Year 10-15	60%

**NOTE 27 – DELAWARE COUNTY TRANSPORTATION IMPROVEMENT DISTRICT**

Key disclosures for the Delaware County Transportation Improvement District (the District) are as follows:

Deposits

Custodial credit risk is the risk that in the event of bank failure, the District will not be able to recover deposits or collateral securities that are in the possession of an outside party. Although all statutory requirements for the deposit of money have been followed, noncompliance with Federal requirements could potentially subject the District to a successful claim by the Federal Deposit Insurance Corporation (FDIC).

The District has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

- Eligible securities pledged to the District and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105% of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102% of the deposits being secured or a rate set by the Treasurer of State. For 2020, the District’s financial institution was approved for a collateral rate of 102% through the OPCS.

At December 31, 2020, the carrying amount of all District deposits was \$5.6 million. Of the bank balance of \$5,578,781, \$5,328,781 was exposed to custodial credit risk and was collateralized with the Ohio Pooled Collateral System, while \$250,000 was covered by the FDIC.

---

**NOTE 27 – DELAWARE COUNTY TRANSPORTATION IMPROVEMENT DISTRICT**  
**(Continued)**

Intergovernmental Agreements

The Delaware County Commissioners and Delaware County Engineer's Office have committed to provide funding to the District to facilitate the development and implementation of the District's projects. For 2020, the Commissioners and Engineer's Office contributed \$5,200,000 for the improvements at Home Road and U.S. 23, \$7,119,525 for infrastructure improvements at Hyatts Road and U.S. 23 and \$550,000 for the Graphics Way extension project. The District also earns a percentage on each agreement, as stipulated in each agreement, for administrative fees that are recorded in the General Fund.

Interfund Transactions

At December 31, 2020, the General Fund had an interfund receivable of \$176,664 due from the Capital Projects Fund for administration fees on the Home Road Extension project.

Lease Agreement

During 2020, the District entered into a lease agreement with the Riverby Estates Homeowners Association (the Association) for the construction of entrance improvements into the subdivision. The Association leased the project to the District to perform the construction, with completion of the improvements considered payment in full of the rental payment. The project was completed during the year.

Receivables

Receivables at December 31, 2020 consisted of amounts due from Delaware County in the amount of \$550,000 for the completion of the Graphics Way extension project and special assessments in the amount of \$429,305 for the completion of the Riverby Estates improvements. All receivables are considered collectible in full due to the agreements with Delaware County Commissioners for project funding and the collectability of special assessments through property tax collections. Special assessments reported in the Capital Projects Fund is expected to be collected over the next twenty years as part of the property tax collections from residents at Riversby Estates. Amounts due from Delaware County are expected to be collected in the subsequent year.

Contractual Commitments

As of December 31, 2020, the District has a contractual commitment with Complete General Construction Company for the Hyatts Road and U.S. 23 infrastructure project. The total contracted amount for the project is \$7,119,525, with \$3,383,718 paid as of December 31, 2020, leaving a remaining contracted amount of \$3,735,807. In addition to the amount paid above, the District has recorded contracts payable in the amount of \$639,820 on the basic financial statements for costs incurred prior to year-end.

COVID-19 Pandemic

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures may impact subsequent periods of the District. The impact on the District's future operating costs, receipts, and any recovery from emergency funding, either federal or state, cannot be estimated.

**For the Year Ended December 31, 2020**  
**(Continued)**

---

**NOTE 28 – COVID-19**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID 19 pandemic. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the County. The County's investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact of the County's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated. Additional funding will be available through the Consolidated Appropriations Act 2021, passed by Congress on December 21, 2020, and/or the American Rescue Plan Act, passed by Congress on March 11, 2021. In May 2021, the County received \$20 million in relief funds for the American Rescue Plan Act of 2021 passed in March 2021. The payment represents the first half of the total allocation of \$40 million to be received by the County, with the balance of the funding to be delivered approximately twelve months later.

County's Proportionate Share of the Net Pension Liability as a Percentage of its Covered Payroll	140.49%	203.77%	124.45%	186.61%	140.76%	114.80%	100.02%
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	82.17%	74.70%	84.66%	77.75%	81.08%	86.45%	86.36%

	2020	2019	2018	2017	2016	2015	2014
<u>Combined Plan:</u>							
County's Proportion of the Net Pension Asset	0.5289210%	0.5387390%	0.5718830%	0.6422220%	0.6252700%	0.5786750%	0.5787650%
County's Proportionate Share of the Net Pension Asset	\$1,102,928	\$602,431	\$778,518	\$357,441	\$304,269	\$222,803	\$60,720
Covered Payroll	\$2,354,579	\$2,304,136	\$2,342,131	\$2,914,892	\$2,631,283	\$2,270,792	\$2,348,962
County's Proportionate Share of the Net Pension Asset as a Percentage of its Covered Payroll	46.84%	26.15%	33.24%	12.26%	8.47%	9.81%	2.58%

Note 1: Amounts presented as of the County's measurement date which is the prior year. Although this schedule is intended to show information for ten years, information prior to 2014 is not available. An additional column will be added each year.

Note 2: There were no changes of benefit terms from the amounts reported for 2014-2020.

Note 3: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 8.00% down to 7.50%, (b) for defined benefit investments, decreasing the wage inflation from 3.75% to 3.25% and (c) changing the future salary increases from a range of 4.25%-10.05% to 3.25%-10.75%. There were no changes in assumptions for 2018. For 2019 the following were the most significant changes of the assumptions that affected the total pension liability since the prior measurement date: (a) the assumed rate of return and discount rate were reduced from 7.50% down to 7.20%. There were no changes in assumptions for 2020.

**Delaware County, Ohio**  
**Combining Statements - Nonmajor Governmental Funds**

**Nonmajor Special Revenue Funds**

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes, other than for debt service or capital projects. Following is a description of the County's nonmajor special revenue funds:

**Real Estate Assessment**

To account for charges to political subdivisions located within the County for assessing real property taxes that are restricted for the costs of preparing the list of real and public utility property, the expenses incurred by the County Board of Revision, the costs of the geographic information systems mapping programs, and the administration of estate taxes.

**911**

To account for a county-wide property tax and cell phone fees restricted for the operation of the County's 911 center.

**Ditch Maintenance**

To account for charges for services and special assessments restricted to providing irrigation ditches and maintaining existing ditches.

**Job and Family Services**

To account for various federal and state grants as well as transfers from the General Fund restricted to providing public assistance to general relief recipients, paying their providers of medical assistance, and for certain public social services.

**Children Services**

To account for various federal and state grants as well as transfers from the General Fund restricted for costs associated with foster homes, emergency shelters, medical treatment, school supplies, counseling, and parental training.

**Revolving Loan**

To account for community development block grant resources restricted to the establishment and administration of a revolving loan program. The resources may be invested by the County and lent to small businesses that employ county residents.

**Delinquent Real Estate Tax Account Collection**

To account for 10 percent of all collected delinquent real estate, personal property, and manufactured home taxes restricted for collecting the delinquent taxes and the administration of tax certificates.

**Child Support Enforcement Agency**

To account for Child Support Enforcement (CSEA) administrative fees and earned incentives collected by the CSEA restricted to finance the operations of the CSEA.

**COVID-19**

To account for grant moneys received from the federal government to assist with the COVID-19 pandemic response.

**Agricultural Society Excise Tax**

To account for excise tax on lodging of transient guests for the benefit of the Delaware County Fairgrounds.

(continued)

**Delaware County, Ohio**  
**Combining Statements - Nonmajor Governmental Funds**

**Nonmajor Special Revenue Funds (continued)**

**Other Public Safety**

To account for a combination of funds that receive federal, state, and local resources restricted for various public safety purposes. These funds are:

Dog and Kennel	Sheriff*
Emergency Management Agency	Probation
Victim Services	Concealed Handgun
Community Based Corrections	Drug Enforcement and Education
Juvenile Court	Law Enforcement Corrections
Indigent Guardian	Road and Bridge
Sheriff Federal	Department of Rehabilitation and Correction

**Other**

To account for a combination of funds that receive federal, state, and local resources restricted for purposes other than public safety. These funds are:

Law Library Resources Board	Drug Court
Litter	Indigent Driver Monitoring
Workforce Investment Act	Legal Research
Community Development Block Grant	Common Pleas Court
Court Data	Prosecutor Law Enforcement
Data Fund	Indigent Application Fee*
Help America Vote	Common Pleas Special Project

\* This fund only exists on a GAAP basis and is not part of the County's appropriated budget; therefore, no budgetary statement is presented.

**Nonmajor Debt Service Fund**

Debt service funds are used to account for resources that are restricted, committed, or assigned to expenditure for debt principal, interest, and related costs. Following is a description of the County's nonmajor debt service fund:

**Special Bond Retirement**

To account for resources restricted for the payment of principal, interest, and related costs on general obligation and special assessment bonds.

**General Bond Retirement**

To account for transfers from various funds restricted for the payment of principal, interest, and fiscal charges.

**Delaware County, Ohio**  
**Combining Statements - Nonmajor Governmental Funds**

**Nonmajor Capital Projects Funds**

Capital projects funds are used to account for resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities and other capital assets (other than those financed by the enterprise funds). Following is a description of the County's nonmajor capital projects funds:

**Permanent Improvement**

To account for a distribution of property taxes that is restricted for major equipment purchases or renovations to County buildings.

**Sawmill Parkway**

To account for and report debt proceeds and other resources restricted for construction cost of the extension of Sawmill Parkway.

**County Drainage**

To account for resources restricted to constructing and modifying ditches to improve the County's drainage systems.

**Ohio Public Works Commission**

To account for grants from the Ohio Public Works Commission restricted for road and bridge construction projects.

**Capital Improvement Reserve**

To account for funds transferred from the General Fund for major capital improvements and renovations.

**Capital Acquisition**

To account for transfers from the General Fund committed to acquiring, constructing, or improving capital assets including motor vehicles, new or existing County buildings, and electronic communications and data processing equipment.

**Slate Ridge Redevelopment Tax Equivalent**

To account for the collections of service payments to be used for public infrastructure improvements directly benefiting certain parcels of real property.

**Board of Developmental Disabilities Capital Improvement**

To account for capital improvement expenditures related to the Board of Developmental Disabilities.

**Olentangy Crossing Redevelopment Tax Equivalent**

To account for resources collected from public improvements made to parcels requiring the owner of the parcel to provide service payments in lieu of taxes.

**State Infrastructure Bank Loan**

To account for a loan for the infrastructure improvements to Africa and Cheshire Road.

**Delaware County, Ohio**  
**Combining Statements - Fiduciary Funds**

Custodial Funds are used to report fiduciary activities that are not required to be reported in a trust fund. These funds do not account for the County's own source revenue. The following is a description of the County's custodial funds:

**Undivided Monies Fund**

To account for various taxes, special assessments, and state undivided monies collected and distributed for the benefit of other governments.

**Fiscal Agent Fund**

To account for monies received and distributed by the County as fiscal agent for the benefit of legally separate entities including the District Board of Health, Soil and Water Conservation District, Delaware-Morrow Mental Health and Recovery Services Board, Preservation Park of Delaware County, Delaware County Family and Children First Council and Delaware County Regional Planning Commission.

**Miscellaneous Court/Safety Fund**

To account for various fines and fees collected and distributed through the courts for the benefit of others.

**Other Custodial Funds**

To account for monies held by the County to be distributed through the courts for the benefit of others.

# Statistical Section

**THIS PAGE INTENTIONALLY LEFT BLANK**

**Delaware County, Ohio**  
Statistical Section Description

This part of Delaware County’s comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County’s overall financial health.

CONTENTS

**Financial Trends** ..... S2

These schedules contain trend information to help the reader understand how the County’s financial performance and well-being have changed over time.

**Revenue Capacity**..... S14

These schedules contain information to help the reader assess the County’s most significant local revenue sources.

**Debt Capacity** ..... S29

These schedules present information to help the reader assess the affordability of the County’s current levels of outstanding debt and the County’s ability to issue additional debt in the future.

**Demographic and Economic Information** ..... S42

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County’s financial activities take place.

**Operating Information** ..... S44

These schedules contain service data to help the reader understand how the information in the County’s financial report relates to the services the County provides and the activities it performs.

Source: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

**Source:** Office of the County Auditor, Delaware County, Ohio

(1) Since each type of property has its own direct rate, a weighted average of the separate rates is presented. See S-16 for the direct rate by property type.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. Personal property tax was assessed on all tangible personal property used in business in Ohio. The assessed value of public utility personal property ranges from 25 percent of actual value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property was assessed in previous years at 25 percent of actual value for machinery and equipment and 23 percent for inventory.

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2.5 percent, and homestead exemptions before being billed. Beginning in the 2006 collection year, the 10 percent rollback for commercial/industrial property was eliminated.

**Source:** Ohio Department of Taxation

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Overlapping rates are those of local governments that apply to property owners within Delaware County. Not all overlapping rates apply to all County property owners. Property tax rates for all overlapping governments are based on the original voted levy.

The voted debt limitations calculated as follows:					
Six Million Plus	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000	\$6,000,000
2 1/2 percent of Assessment Value in excess of \$300,000,000	199,965,726	193,353,351	188,223,683	169,738,643	164,438,341
<b>Total voted debt limitation</b>	<b>\$205,965,726</b>	<b>\$199,353,351</b>	<b>\$194,223,683</b>	<b>\$175,738,643</b>	<b>\$170,438,341</b>

**Source:** Office of the County Auditor, Delaware County, Ohio

- (1) The Debt Limitation is calculated as follows:  
 3 percent of first \$100,000,000 of assessed value  
 1 1/2 percent of next \$200,000,000 of assessed value  
 2 1/2 percent of amount of assessed value in excess of \$300,000,000

The amount of debt presented as subject to the limit are balances used to compute the margin as specified by statute (i.e., the gross balance) not amounts that are net of premiums or discounts.
