## INDEPENDENT AUDITOR'S REPORT

Union Scioto Local School District  
Ross County  
1565 Egypt Pike  
Chillicothe, Ohio 45601

To the Board of Education:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the governmental activities, the major fund, the aggregate remaining fund information of the Union Scioto Local School District, Ross County, Ohio (the District), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the District, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General fund thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As discussed in Note 3 to the financial statements, during 2021, the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*.

Also as discussed in Note 25 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the District. We did not modify our opinion regarding these matters.

***Other Matters***

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis* and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

*Supplementary and Other Information*

Our audit was conducted to opine on the District's basic financial statements taken as a whole.

The Schedule of Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

The schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 9, 2022, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Keith Faber". The signature is written in a cursive style with a large, stylized initial 'K'.

***Union Scioto Local School District***  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
Unaudited

---

The discussion and analysis of the Union Scioto Local School District's (the "School District") financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2021. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the financial statements and notes to the basic financial statements to enhance their understanding of the School District's financial performance.

### **Financial Highlights**

Key financial highlights for fiscal year 2021 are as follows:

- In total, Net Position decreased \$2,287,462 from the prior fiscal year.
- General revenues accounted for \$17,303,325. Program specific revenues in the form of Charges for Services and Sales and Operating Grants and Contributions accounted for \$10,046,755 of total revenues of \$27,350,080.
- The School District had \$29,637,542 in expenses related to governmental activities; only \$10,046,755 of these expenses were offset by program specific charges for services, sales, grants, and contributions. General revenues (primarily taxes and grants and entitlements) were not sufficient to provide for these programs.

### **Using the Basic Financial Statements**

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Union Scioto Local School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and the Statement of Activities provide information about the activities of the whole School District, presenting both an aggregate view of the School District's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the School District's most significant funds with all other nonmajor funds presented in total in one column.

## **Reporting the School District as a Whole**

One of the most important questions asked about the School District is “How did we do financially during fiscal year 2021?” The Statement of Net Position and the Statement of Activities, which appear first in the School District’s financial statements, report information on the School District as a whole and its activities in a way that helps answer this question. These statements include all assets and deferred outflows of resources and liabilities and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current fiscal year’s revenues and expenses regardless of when cash is received or paid.

These two statements report the School District’s Net Position and changes in those assets. This change in Net Position is important because it tells the reader that, for the School District as a whole, the financial position of the School District has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District’s property tax base, current property tax laws in Ohio restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District only reports governmental activities. Governmental activities are the activities where all of the School District’s programs and services are reported including, but not limited to, instruction, support services, non-instructional services, and extracurricular activities.

## **Reporting the School District’s Most Significant Funds**

### *Fund Financial Statements*

The analysis of the School District’s major fund begins on page 12. Fund financial statements provide detailed information about the School District’s major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School District’s most significant funds. The School District’s only major governmental fund is the General Fund.

### *Governmental Funds*

Most of the School District’s activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at fiscal year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School District’s general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

**Union Scioto Local School District**  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
Unaudited

*Proprietary Fund*

Proprietary funds use the same basis of accounting as business-type activities. The Internal Service Fund is used to report the vision and dental benefits provided to the School District's employees.

**The School District as a Whole**

Recall that the Statement of Net Position provides the perspective of the School District as a whole.

<i>Total Net Position</i>	<u>\$950,255</u>	<u>\$3,237,717</u>	<u>(\$2,287,462)</u>

The net pension liability (NPL) is the largest single liability reported by the School District at June 30, 2021. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the “employment exchange” – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the School District is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

**Union Scioto Local School District**  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
Unaudited

Capital Assets, Net, decreased \$497,650 primarily due to current year depreciation and deletions exceeding current year asset additions.

Total liabilities of the School District increased \$2,536,472 from the prior fiscal year. The Net Pension Liability increased \$2,471,771 mainly due to changes in assumptions and benefits made by the pension systems. Other Liabilities increased \$926,850 mainly due to contracts payable for construction projects and an early retirement incentive payable for retirees that was not offered during the prior fiscal year.

Total Net Position decreased \$2,287,462. The decrease in Net Investment in Capital Assets was mainly due to current year depreciation and deletions exceeding current year asset additions. Unrestricted Net Position decreased \$1,986,587 due to changes in assumptions and benefits associated with the pension systems that affect the Net Pension and OPEB liabilities (asset) and their corresponding deferred inflows and outflows.

Table 2 shows the changes in Net Position for fiscal years 2021 and 2020.

**Governmental Activities**

Program revenues, which are primarily represented by charges for tuition, fees, sales, and extracurricular activities, as well as restricted intergovernmental revenues were \$10,046,755 for fiscal year 2021. The increase in operating grants and contributions was mainly due to the School District receiving Elementary and Secondary School Emergency Relief (ESSER) funding and CARES Act funding for \$709,258 and \$151,735, respectively, during fiscal year 2021 which it did not receive during the prior fiscal year.

As previously mentioned, general revenues were \$17,303,325 for fiscal year 2021. The majority of these revenues are in the form of grants and entitlements not restricted to specific programs, and property and income taxes. The most significant decrease was property taxes. The decrease occurred due to the property taxes receivable amount available as an advance from the County Auditor for fiscal year 2020 was significantly higher than the same amount recognized for fiscal year 2021. This is due to timing differences of when property taxes are collected and distributed by the County.

***Union Scioto Local School District***  
Management's Discussion and Analysis  
For the Fiscal Year Ended June 30, 2021  
Unaudited

---

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and pupil.

Support Services consists of several function categories as follows:

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to pupils.

Board of education, administration, fiscal, and business includes expenses associated with administrative and financial supervision of the School District.

Operation and maintenance of plant activities involve keeping the school grounds, buildings, and equipment in an effective working condition.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by State law.

Operation of non-instructional services includes the preparation, delivery, and servicing of lunches, snacks and other incidental meals to students and school staff in connection with school activities.

Extracurricular activities includes expenses related to student activities provided by the School District which are designed to provide opportunities for pupils to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment, and skill improvement.

Interest and fiscal charges involves the transactions associated with the payment of interest and other related charges to debt of the School District.

As should be expected, instruction costs represent the largest of the School District's expenses for fiscal year 2021. Changes in assumptions and benefits made by the retirement systems (STRS and SERS) during the fiscal year affect expenses, including the associated deferred outflows and inflows. Depending on the changes, these assumptions and benefits can affect expenses differently each fiscal year.

The Statement of Activities shows the cost of program services and the charges for services and sales, grants and contributions offsetting those services. That is, it identifies the cost of these services supported by tax revenues and unrestricted grants and entitlements. The dependence upon tax revenues and intergovernmental foundation monies is apparent. The community and the State of Ohio, as a whole, provide the vast majority of resources for Union Scioto Local School District students.

---

**The School District's Funds**

Information about the School District's major funds starts on page 17. These funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$27,259,555 and expenditures of \$28,605,188.

The General Fund balance decreased \$1,606,168 due to expenditures exceeding revenues during the fiscal year. Expenditures increased \$862,003 compared to the prior fiscal year mainly due to an increase in matured compensated absences payable and an early retirement incentive offered to retirees for the first time during fiscal year 2021. Insurance Premiums also increased approximately seven percent during the fiscal year.

**General Fund Budgeting Highlights**

The School District's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2021, the School District revised its budget as it attempted to deal with unexpected changes in revenues and expenditures.

A review of the budgetary comparison statement for the General Fund reflects a \$1,381,288 increase in revenues from the original budget to the final budget. This was due to a large increase in State funding and Tuition and Fees that was not originally anticipated due State's recovery from the pandemic. There was a slight increase in revenues from the final budget to actual revenues received of \$57,540, which is not significant.

The increase in expenditures from the original to the final budget is \$1,399,999. This difference is mainly due to the School District adjusting appropriations during the year in an effort to deal with changes as they occurred. The total difference in actual expenditures made from the final budget is \$330,615. The largest decrease occurred in Operation and Maintenance of Plant. The \$816,432 decrease from final budget to actual is the result the School District not undertaking as many projects as originally anticipated.

Actual General Fund revenues and other financing sources were less than expenditures and other financing uses by \$1,400,473.

The School District's ending unobligated cash balance was \$713,286 above the final budgeted amount.

**Capital Assets**

At the end of fiscal year 2021, the School District had \$18,297,551 invested in capital assets (net of accumulated depreciation). For further information regarding the School District's capital assets, refer to Note 10 in the Notes to the Basic Financial Statements.

**Debt Administration**

At June 30, 2021, the School District had \$620,000 in outstanding long-term general obligation debt, which includes serial bonds. The School District's long-term liabilities also include \$25,423 in bond premium relating to the general obligation debt. In addition, the School District's long-term obligations include capital leases in the amount of \$1,335,890 and compensated absences of \$2,090,958.

The School District's overall legal debt margin was \$22,855,636 with an unvoted debt margin of \$257,412 at June 30, 2021.

For further information regarding the School District's debt obligations, refer to Note 16 in the Notes to the Basic Financial Statements.

**Contacting the School District's Financial Management**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact John Rose, Treasurer, at Union Scioto Local School District, 1565 Egypt Pike, Chillicothe, Ohio 45601 or e-mail at [jrose@gotanks.org](mailto:jrose@gotanks.org).

## BASIC FINANCIAL STATEMENTS

**Union Scioto Local School District**  
Statement of Net Position  
June 30, 2021

	Governmental Activities
<b><u>Assets:</u></b>	
Equity in Pooled Cash and Cash Equivalents	\$10,810,060
Cash and Cash Equivalents with Fiscal Agent	391,310
Materials and Supplies Inventory	1,692
Inventory Held for Resale	5,680
Accrued Interest Receivable	26,141
Accounts Receivable	5,469
Intergovernmental Receivable	459,934
Income Taxes Receivable	687,495
Property Taxes Receivable	4,815,947
Net OPEB Asset (See Note 13)	1,341,171

**Union Scioto Local School District**  
 Reconciliation of Total Governmental Fund Balances to  
 Net Position of Governmental Activities  
 June 30, 2021

<b>Total Governmental Fund Balances</b>		<b>\$8,345,815</b>
 <i>Amounts reported for governmental activities in the Statement of Net Position are different because:</i>		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets consist of:		
Land	444,360	
Construction in Progress	178,582	
Depreciable capital assets	45,828,112	
Accumulated depreciation	<u>(28,153,503)</u>	
Total capital assets		18,297,551
Some of the School District's revenues will be collected after fiscal year-end, but are not available soon enough to pay for the current period's expenditures and therefore are reported as unavailable revenue in the funds.		
Delinquent property taxes	82,678	
Income taxes	103,481	
Intergovernmental	252,111	
Accrued interest	<u>9,045</u>	
Total		447,315
The Internal Service Fund is used by management to charge the costs of insurance to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Position.		
		439,806
Deferred outflows of resources include deferred charges on refunding which do not provide current financial resources and, therefore are not reported in the funds.		
		18,255
The net pension/OPEB liability (asset) is not due and payable in the current period; therefore the liability (asset) and related deferred inflows/outflows are not reported in the governmental funds:		
Net OPEB Asset	1,341,171	
Deferred Outflows - Pension	4,386,636	
Deferred Outflows - OPEB	649,471	
Net Pension Liability	(24,095,981)	
Net OPEB Liability	(1,884,295)	
Deferred Inflows - Pension	(274,770)	
Deferred Inflows - OPEB	<u>(2,644,403)</u>	
Total		(22,522,171)
Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:		
Bonds payable	(620,000)	
Accrued interest on bonds	(4,045)	
Premium on refunding	(25,423)	
Capital leases	(1,335,890)	
Compensated absences	<u>(2,090,958)</u>	
Total liabilities		<u>(4,076,316)</u>
<b>Net Position of Governmental Activities</b>		<b><u><u>\$950,255</u></u></b>

See accompanying notes to the basic financial statements

<i>Fund Balances at End of Year</i>	<u><u>\$7,475,252</u></u>	<u><u>\$870,563</u></u>	<u><u>\$8,345,815</u></u>

See accompanying notes to the basic financial statements

**Union Scioto Local School District**  
 Reconciliation of the Statement of Revenues, Expenditures  
 and Changes in Fund Balances of Governmental Funds  
 to the Statement of Activities  
 For the Fiscal Year Ended June 30, 2021

**Net Change in Fund Balances - Total Governmental Funds** (\$1,595,633)

**Amounts reported for governmental activities in the  
 Statement of Activities are different because:**

Capital outlays are reported as expenditures in governmental funds. However, in the Statement of Activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital assets additions	771,760	
Construction in progress additions	178,582	
Depreciation expense	(1,447,992)	
Excess of depreciation over capital outlay expense		(497,650)

Because some revenues will not be collected for several months after the School District's fiscal year ends, they are not considered "available" inflows and are deferred in the governmental funds.

Delinquent property taxes	7,158	
Income taxes	(19,209)	
Intergovernmental	98,677	
Investment earnings	449	
Total		87,075

The Internal Service Fund used by management to charge the cost of insurance to individual funds is reported in the entity-wide Statement of Activities. 28,672

Contractually required contributions are reported as expenditures in governmental funds; however, the Statement of Net Position reports these amounts as deferred outflows.

Pension	1,773,146	
OPEB	57,666	
Total		1,830,812

Except for amounts reported as deferred inflows/outflows, changes in the net position/OPEB liability (asset) are reported as pension expense in the Statement of Activities.

Pension	(2,818,980)	
OPEB	102,095	
Total		(2,716,885)

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. In the current fiscal year, these amounts consist of:

Bond principal retirement	295,000	
Capital leases	238,400	
Total long-term debt repayment		533,400

Amortization of bond premiums, the deferred gain/loss on the refunding of debt, and accrued interest are not reported in the funds, but is allocated as an expense over the life of the debt in the Statement of Activities.

Amortization of deferred charges on refunding	(9,523)	
Decrease in accrued interest payable	1,481	
Amortization of bond premium	13,268	
Total		5,226

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Decrease in compensated absences	37,521
----------------------------------	--------

**Change in Net Position of Governmental Activities** (\$2,287,462)

See accompanying notes to the basic financial statements

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 1 – DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY**

Union Scioto Local School District (the “School District”) is organized under Article VI, Sections 2 and 3 of the Constitution of the State of Ohio. The School District operates under a locally-elected Board form of government consisting of five members elected at-large for staggered four year terms. The School District provides educational services as authorized by State statute and federal guidelines.

The School District was established in 1935 through the consolidation of existing land areas and school districts. The School District serves an area of approximately 80 square miles. It is located in Ross County, and includes all of Union and Scioto Townships. It is staffed by 90 classified employees, 125 certificated teaching personnel, and 15 administrative employees who provide services to 1,982 students and other community members. The School District currently operates two instructional buildings, one administrative building, one maintenance building, and a bus garage.

**Reporting Entity**

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The School District consists of all funds, departments, boards, and agencies that are not legally separate from the School District. For Union Scioto Local School District, this includes general operations, food service, and student related activities of the School District.

Component units are legally separate organizations for which the School District is financially accountable. The School District is financially accountable for an organization if the School District appoints a voting majority of the organization’s governing board and (1) the School District is able to significantly influence the programs or services performed or provided by the organization; or (2) the School District is legally entitled to or can otherwise access the organization’s resources; the School District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the School District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the School District in that the School District approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the School District. The School District has no component units.

The following activities are included with the reporting entity.

*Ross County Christian Academy* - Within the School District boundaries, the Ross County Christian Academy provides classes for pre-school through eighth grade. Current State legislation provides funding to this private school. Monies are received and disbursed on behalf of Academy by the Treasurer of the School District, as directed by the Academy. The activity of these State monies is reflected in a special revenue fund for financial reporting purposes.

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

The School District participates in five organizations, three of which are defined as jointly governed organizations, one as an insurance purchasing pool, and one as a public entity shared risk pool. These organizations are:

- Metropolitan Educational Technology Association (META)
- Pickaway-Ross County Career and Technology Center
- Great Seal Education Network of Tomorrow
- Ohio Association of School Business Officials Workers' Compensation Group Rating Plan
- Ross County School Employees Insurance Consortium.

These organizations are presented in Notes 18, 19 and 20 to the basic financial statements.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Union Scioto Local School District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

**Basis of Presentation**

The School District's basic financial statements consist of government-wide statements, including a Statement of Net Position and a Statement of Activities, and fund financial statements which provide a more detailed level of financial information.

*Government-wide Financial Statements*

The Statement of Net Position and the Statement of Activities display information about the School District as a whole. These statements include the financial activities of the primary government. The activity of the Internal Service Fund is eliminated to avoid "doubling up" revenues and expenses. The government-wide statements usually distinguish between those activities of the School District that are governmental and those that are considered business-type activities. However, the School District has no business-type activities.

The Statement of Net Position presents the financial condition of the governmental activities of the School District at fiscal year-end. The Statement of Activities presents a comparison between direct expenses and program revenues for each program or function of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the School District.

*Fund Financial Statements*

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the School District at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The Internal Service Fund is presented on the face of the proprietary fund statements.

**Fund Accounting**

The School District uses funds to maintain its financial records during the fiscal year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the School District are divided into two categories; governmental and proprietary.

*Governmental Funds*

Governmental funds are those through which most governmental functions of the School District are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as fund balance. The following are the School District's major governmental funds:

The following is the School District's only major governmental fund:

General Fund – The General Fund accounts for and reports all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the School District for any purpose provided it is expended or transferred according to the general laws of Ohio.

The other governmental funds of the School District account for grants and other resources whose use is restricted or assigned to a particular purpose.

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

*Proprietary Fund*

Proprietary fund reporting focuses on the determination of operating income, changes in Net Position, financial position and cash flows. Proprietary funds are classified as enterprise or internal service; the School District has no enterprise funds.

Internal Service Fund – Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the School District. The School District’s internal service fund is used to account for the vision and dental benefits provided to employees. The School District’s internal service fund also currently pays a portion of the medical premium costs due for health care coverage due to the School District no longer being self-insured to pay for this coverage.

**Measurement Focus**

*Government-wide Financial Statements*

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and deferred outflows of resources and liabilities and deferred inflows of resources associated with the operation of the School District are included on the Statement of Net Position. The Statement of Activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

*Fund Financial Statements*

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the Balance Sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the Statement of Fund Net Position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. The Statement of Cash Flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities.

**Basis of Accounting**

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the financial statements of the proprietary fund are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

*Revenues - Exchange and Non-exchange Transactions*

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. “Measurable” means that the amount of the transaction can be determined, and “available” means that the resources are collectible within the current fiscal year, or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the School District, available means expected to be received within 60 days of fiscal year-end.

Non-exchange transactions, in which the School District receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the fiscal year in which the exchange on which the tax is imposed takes place and revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 7). Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the fiscal year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the School District must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the School District on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at fiscal year-end: property taxes available for advance, income taxes, interest, grants, rent, tuition and fees, and miscellaneous refunds.

*Deferred Outflows/Inflows of Resources:*

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the School District, deferred outflows of resources are reported on the government-wide statement of net position for deferred charge on refunding and pension and OPEB plans. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB are explained in Note 12 and 13.

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the School District, deferred inflows of resources included property taxes, pension and OPEB plans, and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of June 30, 2021, but which were levied to finance fiscal year 2021 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet, and represents receivables which will not be collected within the available period. For the School District, unavailable revenue includes delinquent property taxes, income taxes, intergovernmental grants, and interest. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities found on page 18. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position (See Note 12 and 13).

#### *Expenses/Expenditures*

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

#### **Budgetary Process**

All funds are legally required to be budgeted and appropriated. The major documents prepared are the tax budget, the appropriation resolution, and the certificate of estimated resources, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amounts that the Board of Education may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The legal level of budgetary control has been established by the Board of Education at the fund level. The Treasurer has been authorized to allocate Board appropriations to the function and object level within each fund.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

The certificate of estimated resources may be amended during the fiscal year if projected increases or decreases in revenue are identified by the School District Treasurer. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as final budgeted amounts reflect the amounts in the amended certificate in effect at the time the final appropriations were passed.

The appropriation resolution is subject to amendment by the Board throughout the fiscal year with the restriction that appropriations may not exceed estimated revenues. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first permanent appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior fiscal years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Board during the fiscal year, including all supplemental appropriations.

**Cash and Cash Equivalents**

To improve cash management, all cash received by the School District is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through the School District's records. Interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents".

The School District participated in a claims servicing pool that paid employee health insurance claims on the School District's behalf. The remaining balance of the School District's funds held by the claims administrator and the fiscal agent at June 30, 2021, is presented as "Cash and Cash Equivalents with Fiscal Agent".

During fiscal year 2021, investments were limited to the State Treasury Asset Reserve of Ohio (STAROhio), Fifth Third Money Market Mutual Fund, Negotiable Certificates of Deposit, Municipal Securities, and United States Treasury Securities. For investments in open-ended mutual funds, the fair value is determined by the fund's current share price. Investments in United States Treasury Securities and negotiable certificates of deposit are reported at fair value which is based on quoted market prices.

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The School District measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For fiscal year 2021, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, 24 hours advance notice is appreciated for deposits and withdrawals of \$100 million or more. STAR Ohio reserves the right to limit the transaction to \$250 million per day, requiring the excess amount to be transacted the

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Following Ohio statutes, the Board of Education has, by resolution, specified the funds to receive an allocation of interest earnings. Interest revenue, including an increase in the fair market value of investments, credited to the General Fund during fiscal year 2021 amounted to \$8,538, which includes \$971 assigned from other School District funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the School District are presented on the financial statements as cash equivalents.

**Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or imposed by law through constitutional provisions. Restricted assets in the General Fund represent cash equivalents legally required to be set aside by the School District for unclaimed monies held to be reclaimed by its rightful owner.

**Prepaid Items**

Payments made to vendors for services that will benefit periods beyond June 30, 2021, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the fiscal year in which services are consumed.

**Inventory**

Materials and supplies inventory is reported at cost, while inventory held for resale is presented at the lower of cost or market value, and donated commodities are presented at their entitlement value. Inventories are presented on a first-in, first-out basis and are expended/expensed when used. Inventories consist of materials and supplies held for consumption and donated and purchased food held for resale.

**Capital Assets**

All capital assets of the School District are general capital assets associated with governmental activities. General capital assets usually result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide Statement of Net Position but are not reported in the fund financial statements.

Capital assets are capitalized at cost (or estimated historical cost, which is determined by indexing the current replacement cost back to the year of acquisition) and updated for additions and retirements during the fiscal year. Donated capital assets are recorded at their acquisition value as of the date received. The School District maintains a capitalization threshold of \$5,000. The School

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

District does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All reported capital assets, except land and construction in progress, are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Land Improvements	20 years
Buildings and Improvements	20 - 50 years
Furniture, Fixtures and Equipment	5 - 20 years
Vehicles	8 - 10 years
Textbooks and Educational Media	5 - 20 years

**Compensated Absences**

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employees for the benefits through paid time off or some other means. The School District records a liability for accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination method. An accrual for earned sick leave is made to the extent it is probable that benefits will result in termination payments. The liability is an estimate based on the School District's past experience of making termination payments.

Each year, four personal leave days are provided to all employees. Employees must use those days within one year of the date they are received. If not used within one year, any personal leave hours remaining for each employee shall either be converted to sick leave or the Board shall pay each teacher \$100.00 per unused personal leave day, including half (1/2) days. Therefore, any personal leave balance outstanding as of fiscal year-end is recorded as "Personal Leave Balance Payable" on the governmental fund financial statements.

During fiscal year 2021, the School District offered an Extended Severance Payout (ESP) Program. The School District contracted with Educator's Preferred Corporation (EPC) to manage the contracts with the employees electing the ESP Plan. The School District paid a set fee to EPC based on the number of participants. The employees are paid by EPC over five years according to their contracts, in monthly installments determined at the commencement of the contract. As of fiscal year end, the School District had made a deposit of \$5,000 relating to this program. During the fiscal year, eight employees took advantage of the program. A liability of \$178,748 was recorded on the balance sheet as Early Retirement Incentive Payable to cover the total cost owed to those participants.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditures to the extent that payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account “Matured Compensated Absences Payable” in the fund from which the employees will be paid.

The entire compensated absences liability is reported on the government-wide financial statements.

**Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences and the early retirement incentive that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current fiscal year. Net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan’s fiduciary net position is not sufficient for payment of those benefits. Bonds and capital leases that will be paid from governmental funds are recognized as an expenditure and liability in the governmental fund financial statements when due.

**Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Bond Premiums**

For governmental activities, bond premiums are deferred and amortized over the term of the bonds using the straight-line method since the results are not significantly different from the effective interest method. Bond premiums are presented as a reduction/addition of the face amount of the bonds payable. Under Ohio law, premiums on the original issuance of debt are to be deposited to the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent.

On the governmental fund financial statements, bond premiums are recognized in the period in which the bonds were issued.

**Deferred Charge on Refunding**

On the government-wide financial statements, the difference between the reacquisition price (funds required to refund the old debt) and the net carrying amount of the old debt is deferred and

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

amortized as a component of interest expense. This deferred amount is amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter, using the effective interest method and is presented as deferred outflows/inflows of resources on the Statement of Net Position.

**Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

*Nonspendable*

The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

*Restricted*

Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

*Committed*

The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the School District’s Board of Education. Those committed amounts cannot be used for any other purpose unless the School District’s Board of Education removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

*Assigned*

Amounts in the assigned fund balance classification are intended to be used by the School District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the Board of Education. In the general fund, assigned amounts represent intended uses established by the Board of Education or a School District official delegated that authority by resolution or by State Statute. The Assigned to Principal’s are monies collected from various vending machine sales, fees, and donations which are utilized by the Principal’s for various student programs. State Statute authorizes the Treasurer to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The Treasurer assigned fund balance to cover a gap between estimated revenue and appropriations in the 2022 appropriated budget. The fund balance also represents purchases on order, public school purposes, and capital improvements.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

*Unassigned*

Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The School District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Net Position**

Net Position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net Position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net Position restricted for other purposes include food service and federal and State grants restricted to expenditures for specified purposes.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

**Internal Activity**

Transfers within governmental activities are eliminated on the government-wide financial statements.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in the proprietary fund. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 3 – CHANGE IN ACCOUNTING PRINCIPLES**

For fiscal year 2021, the School District implemented GASB Statement No. 84, *Fiduciary Activities*, and related guidance from (GASB) Implementation Guide No. 2019-2, *Fiduciary Activities*.

For fiscal year 2021, the School District implemented the Governmental Accounting Standards Board’s *Implementation Guide No. 2019-1*. These changes were incorporated in the School District’s fiscal year 2021 financial statements; however, there was no effect on beginning net position/fund balance.

For fiscal year 2021, the School District implemented the Governmental Accounting Standards Board’s *Implementation Guide No. 2019-3*. These changes were incorporated in the School District’s fiscal year 2021 financial statements; however, there was no effect on beginning net position/fund balance.

GASB Statement No. 84 established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. Due to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. The School District reviewed its agency funds and all funds have been reclassified as governmental funds. These fund reclassifications resulted in the restatement of the School District’s financial statements.

**Restatement of Fund Balances and Net Position**

The implementation of GASB Statement No. 84 had the following effect on net position as of June 30, 2020:

	<u>Governmental Activities</u>
Net Position, June 30, 2020	\$3,165,425
Adjustments:	
GASB 84	<u>72,292</u>
Restated Net Position, June 30, 2020	<u>\$3,237,717</u>

The implementation of GASB Statement No. 84 had the following effect on fund balance as of June 30, 2020:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

	Governmental Funds		Total
	General Fund	Nonmajor Funds	
Fund Balances, June 30, 2020	\$9,081,420	\$787,736	\$9,869,156
Adjustments:			
GASB 84	0	72,292	72,292
Restated Fund Balances, June 30, 2020	\$9,081,420	\$860,028	\$9,941,448

Due to the implementation of GASB Statement No. 84, the new classification of custodial funds is reporting no beginning assets or liabilities. Also related to the implementation of GASB Statement No. 84, the School District will no longer be reporting agency funds. At June 30, 2020, agency funds reported assets and liabilities of \$72,292.

**NOTE 4 – ACCOUNTABILITY**

At June 30, 2021, the Early Childhood Grant, ESSER, IDEA-B, Title I and Title II-A Improving Teacher Quality Special Revenue Funds had deficit fund balances of \$28,236, \$146,388, \$11,849, \$79,710, and \$18,212, respectively. The deficits in nonmajor special revenue funds were due to accruals in GAAP. The General Fund is liable for any deficit in the nonmajor special revenue funds and will provide transfers when cash is required not when accruals occur.

**NOTE 5 – BUDGETARY BASIS OF ACCOUNTING**

While the School District is reporting financial position, results of operations, and changes in fund balances on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual (Budget Basis) for the General Fund is presented on the budgetary basis to provide a meaningful comparison of actual results with the budget. The major differences between the budget basis and GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).
4. Investments are recorded at fair value (GAAP basis) rather than cost (budget basis).

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

5. Certain funds are accounted for as a separate funds internally with legally adopted budgets (budget basis) that do not meet the definition of special revenue funds under GASB Statement No. 54 and were reported with the General Fund (GAAP basis).

The following table summarizes the adjustments necessary to reconcile the GAAP and budgetary basis statements for the General Fund.

Net Change in Fund Balance	
GAAP Basis	(\$1,606,168)
Adjustments:	
Revenue Accruals	241,859
Expenditure Accruals	536,217
Encumbrances	(1,194,301)
Net Increase in Fair	
Value of Investments - Fiscal Year 2020	174,639
Net Increase in Fair	
Value of Investments - Fiscal Year 2021	(26,024)
Perspective Differences	473,305
Budget Basis	(\$1,400,473)

**NOTE 6 – DEPOSITS AND INVESTMENTS**

Monies held by the School District are classified by State statute into three categories.

Active monies are public monies determined to be necessary to meet current demands upon the School District treasury. Active monies must be maintained either as cash in the School District treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Board of Education has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies that are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts, including passbook accounts.

Protection of the School District's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

*Union Scioto Local School District*  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Interim monies held by the School District can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio, and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. An investment must mature within five years from the date of purchase, unless matched to a specific obligation or debt of the School District, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

At June 30, 2021, the School District had “Cash and Cash Equivalents with Fiscal Agent” on the Statement of Net Position of \$391,310. This is money that was paid to a claims servicing pool that paid employee health insurance claims on the School District’s behalf. The money is held by Ross-Pike Educational Service District, which is the fiscal agent for several school districts. Since the monies are commingled, no disclosures regarding risk can be disclosed under GASB Statement No. 40. The classification for the Ross-Pike Educational Service District as a whole can be obtained by writing to Erin Kirby, who serves as Treasurer, at 475 Western Avenue, Suite E, Chillicothe, Ohio 45601.

**Investments**

As of June 30, 2021, the School District had the following investment:

Measurement / Investment	Measurement Amount	Investment Maturities Less Than 1 Year	Investment Maturities (in Years) 1 - 4	Investment Maturities (in Years) 5 or more	S&P Rating	Percent of Total Investments
Net Asset Value per Share:						
STAROhio	\$95,890	\$95,890	\$0	\$0	AA+	N/A
Fair Value Level 1 Inputs:						
Fifth Third Money Market Mutual Fund	3,433	3,433	0	0	N/A	N/A
Fair Value Level 2 Inputs:						
Negotiable Certificates of Deposit	5,161,882	2,240,809	2,178,085	742,988	N/A	50.60%
Municipal Securities	1,971,180	76,081	937,578	957,521	A+ - AA+	19.32%
United States Treasury Securities	2,969,775	0	497,120	2,472,655	AA+	29.11%
Totals	<u>\$10,202,160</u>	<u>\$2,416,213</u>	<u>\$3,612,783</u>	<u>\$4,173,164</u>		

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the School District’s recurring fair value measurements as of June 30, 2021. The Money Market Mutual Fund is measured at fair value and is valued using quoted market prices (Level 1 inputs). The School District’s remaining investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

**Interest Rate Risk**

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

As a means of limiting its exposure to fair value losses caused by rising interest rates, the School District's investment policy requires that, to the extent possible, investments will match anticipated cash flow requirements. No investment shall be made unless the Treasurer, at the time of making the investment, reasonably expects it can be held to its maturity. The School District will not directly invest in securities maturing more than five years from the date of investment.

**Credit Risk**

The S&P ratings of the School District's investments are listed in the table above. Ohio law requires that STAROhio maintain the highest rating provided by at least one nationally recognized standard rating service and that the money market mutual fund be rated in the highest category at the time of purchase by at least one nationally recognized standard rating service. The School District's investment policy limits investments to those authorized by State statute or issued by United States Government sponsored enterprises.

**Concentration of Credit Risk**

The School District's investment policy provides that no more than 25 percent of the interim funds of the School District may be invested in commercial paper or banker's acceptances as authorized by Section 135.142 of the Ohio Revised Code. The percentage that each investment represents of the total investments is listed in the table above.

**NOTE 7 – PROPERTY TAXES**

Property taxes are levied and assessed on a calendar year basis while the School District's fiscal year runs from July through June. First half tax collections are received by the School District in the second half of the fiscal year. Second half tax distributions occur in the first half of the following fiscal year.

Property taxes include amounts levied against all real and public utility property located in the School District. Real property tax revenue received in calendar year 2021 represents collections of calendar year 2020 taxes. Real property taxes received in calendar year 2021 were levied after April 1, 2020, on the assessed value listed as of January 1, 2020, the lien date. Assessed values for real property taxes are established by State law at 35 percent of appraised market value. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31 with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenue received in calendar year 2021 represents collections of calendar year 2020 taxes. Public utility real property taxes received in calendar year 2021 became a lien December 31, 2019, were levied after April 1, 2020, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property currently is assessed at varying percentages of true value.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

The Ross County Treasurer collects property taxes on behalf of all governments in the County. The County Auditor periodically advances to the School District its portion of the taxes collected. Second-half real property tax payments collected by the County by June 30, 2021, are available to finance fiscal year 2021 operations. The amount available to be advanced can vary based on the date the tax bills are sent.

Accrued property taxes receivable includes real property and public utility property taxes which are measurable as of June 30, 2021, and for which there is an enforceable legal claim. Although total property tax collections for the next fiscal year are measurable, only the amount of real property taxes available as an advance at June 30 was levied to finance current fiscal year operations and is reported as revenue at fiscal year-end. The portion of the receivable not levied to finance current fiscal year operations is offset by a credit to deferred inflows – property taxes.

The amount available as an advance at June 30, 2021, was \$386,499 in the General Fund and \$26,948 in the Other Governmental Funds. The amount available as an advance at June 30, 2020, was \$850,150 in the General Fund and \$59,915 in the Other Governmental Funds.

On an accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on a modified accrual basis the revenue has been deferred inflows of resources – unavailable revenue.

The assessed values upon which fiscal year 2021 taxes were collected are:

	2020 Second - Half Collections		2021 First - Half Collections	
	Amount	Percent	Amount	Percent
Real Estate	\$219,688,870	86.08%	\$221,353,950	85.99%
Public Utility Tangible	35,527,890	13.92%	36,057,850	14.01%
Total Assessed Value	\$255,216,760	100.00%	\$257,411,800	100.00%
Tax rate per \$1,000 of assessed valuation	\$33.70		\$33.40	

**NOTE 8 – INCOME TAX**

The School District levies a voted tax of one-half percent for general operations on the income of residents and of estates. The tax was effective on January 1, 2000, and continued for five years. On March 2, 2004, May 5, 2009, May 6, 2014, and on May 7, 2019, the voters of the School District approved the renewal of the income tax levy. For the latest renewal, collections began January, 2020, and will continue for five years. Employers of residents are required to withhold income tax on compensation and remit the tax to the State. Taxpayers are required to file an annual return. The State makes quarterly distributions to the School District after withholding amounts for administrative fees and estimated refunds. Income tax revenue is credited to the General Fund.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 9 – RECEIVABLES**

Receivables at June 30, 2021, consisted of property and income taxes, intergovernmental, accounts, interfund, and accrued interest. All receivables, except for property taxes, are considered fully collectible within one year due to the ability to foreclose for the nonpayment of taxes, the stable condition of State programs, and the current fiscal year guarantee of federal funds. All receivables, except for delinquent property taxes, are expected to be collected within one year. Property taxes, although ultimately collectible, include some portion of delinquents that will not be collected within one year.

A summary of the principal items of intergovernmental receivables follows:

	<u>Amount</u>
<u>Governmental Activities:</u>	
Title I Grant	\$87,903
Title I Supplemental School Improvement Grant	6,025
Special Education, Part B-IDEA Grant	34,820
ESSER Grant	287,627
Medicaid Reimbursement	4,912
Miscellaneous Federal Grants	9,732
Governmental Reimbursements	28,915
Total Intergovernmental Receivables	<u><u>\$459,934</u></u>

**NOTE 10 – CAPITAL ASSETS**

Capital assets activity for the fiscal year ended June 30, 2021, was as follows:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 11 – RISK MANAGEMENT**

**Property and Liability**

The School District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2021, the School District contracted with Wright Specialty for building and contents, fleet and liability insurance.

Settled claims have not exceeded this commercial coverage in any of the past three fiscal years. There has been no significant change in insurance coverage from the prior fiscal year.

**Workers' Compensation**

For fiscal year 2021, the School District participated in the Ohio Association of School Business Officials Workers' Compensation Group Retrospective Rating Plan (GRP), an insurance purchasing pool (Note 19). The intent of the GRP is to achieve the benefit of a reduced premium for the School District by virtue of its grouping and representation with other participants in the GRP. The workers' compensation experience of the participating school districts is calculated as one experience and a common premium rate is applied to all school districts in the GRP. Each participant pays its workers' compensation premium to the State based on the rate for the GRP rather than its individual rate. Participation in the GRP is limited to school districts that can meet the GRP's selection criteria. The firm of Comp Management LLC. provides administrative, cost control, and actuarial services to the GRP.

**Vision Benefits**

Vision insurance is offered to employees through a self-insurance internal service fund and is administered by Core Source/Trustmark. Claims are processed through Trustmark and billed to the School District.

The information presented below represents an estimate of vision claims. Any claim liabilities are reported in the internal service fund at June 30, 2021, is based on an estimate provided by the third party administrator and the requirements of *GASB Statement No. 30, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues,"* which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. The School District had no claims payable at June 30, 2021.

Changes in claims activity for the past two fiscal years are as follows:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Fiscal Year	Balance at Beginning of Year	Current Year Claims	Claims Payments	Balance at End of Year
2020	\$0	\$91,148	\$91,148	\$0
2021	0	87,611	87,611	0

**Employee Medical and Surgical Benefits**

Medical and surgical insurance is offered to employees through the Ross County School Employees Insurance Consortium, a public entity shared risk pool (Note 20). The School District is a member of the Consortium which is considered a public entity shared risk pool, consisting of six school districts and one educational service center within Ross County and its surrounding area, in which monthly premiums are paid to the consortium and coverage's are administered through a third party administrator, Medical Mutual.

**NOTE 12 – DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

**Net Pension Liability/Net OPEB Liability**

The net pension liability and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the School District's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the School District's obligation for this liability to annually required payments. The School District cannot control benefit terms or the manner in which pensions/OPEB are financed; however, the School District does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan’s unfunded benefits is presented as a *net OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 13 for the required OPEB disclosures.

**Plan Description - School Employees Retirement System (SERS)**

Plan Description – School District non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS’ fiduciary net position. That report can be obtained by visiting the SERS website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to Retire on or before August 1, 2017 *	Eligible to Retire on or after August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit

\* Members with 25 years of service credit as of August 1, 2017, will be included in this plan.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on years of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

An individual whose benefit effective date is before April 1, 2018, is eligible for a cost of living adjustment (COLA) on the first anniversary date of the benefit. Beginning April 1, 2018, new benefit recipients must wait until the fourth anniversary of their benefit for COLA eligibility. The COLA is added each year to the base benefit amount on the anniversary date of the benefit. A three-year COLA suspension is in effect for all benefit recipients for the years 2018, 2019, and 2020. Upon resumption of the COLA, it will be indexed to the percentage increase in the CPI-W, not to exceed 2.5 percent and with a floor of 0 percent. In 2020, the Board of Trustees approved a 0.5 percent cost-of-living adjustment (COLA) for eligible retirees and beneficiaries in 2021

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the School District is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2021, the allocation to pension, death benefits, and Medicare B was 14.0 percent. For fiscal year 2021, the Retirement Board did not allocate any employer contribution to the Health Care Fund.

The School District's contractually required contribution to SERS was \$426,633 for fiscal year 2021. Of this amount, \$32,111 is reported as an intergovernmental payable.

**Plan Description - State Teachers Retirement System (STRS)**

Plan Description – School District licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple employer public employee system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at [www.strsoh.org](http://www.strsoh.org).

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of living increases are not affected by this change. Eligibility changes

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be five year of service credit and age 65, or 35 years of service credit and at least age 60.

Eligibility changes for DB Plan members who retire with actuarially reduced benefits will be phased in until August 1, 2023, when retirement eligibility will be five years of qualifying service credit and age 60, or 30 years of service credit at any age.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. The member determines how to allocate the member and employer money among various investment choices offered by STRS. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate is deposited into the member's DC account and the remaining 2 percent is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age fifty and after termination of employment.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. New members must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. Eligible survivors of members who die before service retirement may qualify for monthly benefits. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The fiscal year 2021 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For fiscal year 2021, the full employer contribution was allocated to pension.

The School District’s contractually required contribution to STRS was \$1,346,513 for fiscal year 2021. Of this amount, \$261,151 is reported as an intergovernmental payable.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School District's proportion of the net pension liability was based on the School District's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	SERS	STRS	Total
Proportion of the Net Pension Liability			
Current Measurement Date	0.08514040%	0.07631129%	
Proportion of the Net Pension Liability			
Prior Measurement Date	0.08430200%	0.07497501%	
Change in Proportionate Share	0.00083840%	0.00133628%	
Proportionate Share of the Net			
Pension Liability	\$5,631,364	\$18,464,617	\$24,095,981
Pension Expense	\$593,292	\$2,225,688	\$2,818,980

At June 30, 2021, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
<b>Deferred Outflows of Resources:</b>			
Differences between expected and actual experience	\$10,938	\$41,430	\$52,368
Changes of assumptions	0	991,194	991,194
Net difference between projected and actual earnings on pension plan investments	357,477	897,936	1,255,413
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	30,018	284,497	314,515
School District contributions subsequent to the measurement date	426,633	1,346,513	1,773,146
<b>Total Deferred Outflows of Resources</b>	<b><u>\$825,066</u></b>	<b><u>\$3,561,570</u></b>	<b><u>\$4,386,636</u></b>
<b>Deferred Inflows of Resources:</b>			
Differences between expected and actual experience	\$0	\$118,069	\$118,069
Changes in proportionate share and difference between School District contributions and proportionate share of contributions	41,223	115,478	156,701
<b>Total Deferred Outflows of Resources</b>	<b><u>\$41,223</u></b>	<b><u>\$233,547</u></b>	<b><u>\$274,770</u></b>

\$1,773,146 reported as deferred outflows of resources related to pension resulting from School District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>SERS</u>	<u>STRS</u>	<u>Total</u>
Fiscal Year Ending June 30:			
2022	(\$22,726)	\$577,842	\$555,116

2025	111,920	457,954	569,874
<b>Total</b>	<b><u>\$357,210</u></b>	<b><u>\$1,981,510</u></b>	<b><u>\$2,338,720</u></b>

**Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee’s entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2020, are presented below:

Inflation	3.00 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent
COLA or Ad Hoc COLA	2.5 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Mortality among service retired members, and beneficiaries were based upon the RP-2014 Blue Collar Mortality Table with fully generational projection with Scale BB, 120 percent of male rates, and 110 percent of female rates. Mortality among disabled members were based upon the RP-2000 Disabled Mortality Table, 90 percent for male rates and 100 percent for female rates, set back five years is used for the period after disability retirement.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term return expectation for the Pension Plan Investments has been determined by using a building-block approach and assumes a time horizon, as defined in SERS’ *Statement of Investment Policy*. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating an arithmetic weighted average of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalanced uncorrelated asset classes.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	2.00 %	1.85 %
US Stocks	22.50	5.75
Non-US Stocks	22.50	6.50
Fixed Income	19.00	2.85
Private Equity	12.00	7.60
Real Assets	17.00	6.60
Multi-Asset Strategies	<u>5.00</u>	6.65
Total	<u>100.00 %</u>	

**Discount Rate** The total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the long-term assumed investment rate of return (7.50 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	<u>1% Decrease (6.50%)</u>	<u>Current Discount Rate (7.50%)</u>	<u>1% Increase (8.50%)</u>
School District's proportionate share of the net pension liability	\$7,714,283	\$5,631,364	\$3,883,758

**Actuarial Assumptions - STRS**

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2020, actuarial valuation are presented below:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Inflation	2.50 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Discount Rate of Return	7.45 percent
Payroll Increases	3 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Rate of Return *</u>
Domestic Equity	28.00 %	7.35 %
International Equity	23.00	7.55
Alternatives	17.00	7.09
Fixed Income	21.00	3.00
Real Estate	10.00	6.00
Liquidity Reserves	1.00	2.25
 Total	 <u>100.00 %</u>	

\* 10 year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent, but does not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

**Discount Rate** The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2020.

***Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate*** The following table presents the School District's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the School District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.45 percent) or one-percentage-point higher (8.45 percent) than the current rate:

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase (8.45%)
School District's proportionate share of the net pension liability	\$26,290,400	\$18,464,617	\$11,832,918

**NOTE 13 – DEFINED BENEFIT OPEB PLANS**

See Note 12 for a description of the net OPEB liability.

**Plan Description - School Employees Retirement System (SERS)**

Health Care Plan Description - The School District contributes to the SERS Health Care Fund, administered by SERS for non-certificated retirees and their beneficiaries. For GASB 75 purposes, this plan is considered a cost-sharing other postemployment benefit (OPEB) plan. SERS' Health Care Plan provides healthcare benefits to eligible individuals receiving retirement, disability, and survivor benefits, and to their eligible dependents. Members who retire after June 1, 1986, need 10 years of service credit, exclusive of most types of purchased credit, to qualify to participate in SERS' health care coverage. In addition to age and service retirees, disability benefit recipients and beneficiaries who are receiving monthly benefits due to the death of a member or retiree, are eligible for SERS' health care coverage. Most retirees and dependents choosing SERS' health care coverage are over the age of 65 and therefore enrolled in a fully insured Medicare Advantage plan; however, SERS maintains a traditional, self-insured preferred provider organization for its non-Medicare retiree population. For both groups, SERS offers a self-insured prescription drug program. Health care is a benefit that is permitted, not mandated, by statute. The financial report of the Plan is included in the SERS Annual Comprehensive Financial Report which can be obtained on SERS' website at [www.ohsers.org](http://www.ohsers.org) under Employers/Audit Resources.

Access to health care for retirees and beneficiaries is permitted in accordance with Section 3309 of the Ohio Revised Code. The Health Care Fund was established and is administered in accordance with Internal Revenue Code Section 105(e). SERS' Retirement Board reserves the right to change or discontinue any health plan or program. Active employee members do not contribute to the Health Care Plan. The SERS Retirement Board established the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

Funding Policy - State statute permits SERS to fund the health care benefits through employer contributions. Each year, after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer contribution of 14 percent of covered payroll to the Health Care Fund in accordance with the funding policy. For fiscal year 2021, no allocation was made to health care. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. For fiscal year 2021, this amount was \$23,000. Statutes provide that no employer shall pay a health care surcharge greater than 2 percent of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5 percent of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2021, the School District's surcharge obligation was \$57,666.

The surcharge, added to the allocated portion of the 14 percent employer contribution rate is the total amount assigned to the Health Care Fund. The School District's contractually required contribution to SERS was \$57,666 for fiscal year 2021, which is reported as an intergovernmental payable.

**Plan Description - State Teachers Retirement System (STRS)**

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. The Plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. All benefit recipients pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the fiscal year ended June 30, 2021, STRS did not allocate any employer contributions to post-employment health care.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date. The School District's proportion of the net OPEB liability (asset) was based on the School District's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

Total	(\$633,881)	(\$1,418,717)	(\$2,052,598)

**Actuarial Assumptions - SERS**

The total OPEB liability is determined by SERS' actuaries in accordance with GASB Statement No. 74, as part of their annual actuarial valuation for each retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment terminations). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation date of June 30, 2020, are presented below:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Inflation	3.00 percent
Wage Increases	3.50 percent to 18.20 percent
Investment Rate of Return	7.50 percent net of investment expense, including inflation
Municipal Bond Index Rate:	
Measurement Date	2.45 percent
Prior Measurement Date	3.13 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Measurement Date	2.63 percent
Prior Measurement Date	3.22 percent
Medical Trend Assumption	
Medicare	5.25 to 4.75 percent
Pre-Medicare	7.00 to 4.75 percent

Mortality rates were based on the RP-2014 Blue Collar Mortality Table with fully generational projection and Scale BB, 120 percent of male rates and 110 percent of female rates. RP-2000 Disabled Mortality Table with 90 percent for male rates and 100 percent for female rates set back five years.

The most recent experience study was completed for the five year period ended June 30, 2015.

The long-term expected rate of return on plan assets is reviewed as part of the actuarial five-year experience study. The most recent study covers fiscal years 2010 through 2015, and was adopted by the Board on April 21, 2016. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return, 7.50 percent, by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

The SERS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

**Discount Rate** The discount rate used to measure the total OPEB liability at June 30, 2020, was 2.63 percent. The discount rate used to measure total OPEB liability at June 30, 2019, was 3.22 percent. The projection of cash flows used to determine the discount rate assumed that contributions will be made from members and the System at the state statute contribution rate of 2.00 percent of projected covered employee payroll each year, which includes a 1.50 percent payroll surcharge and 0.50 percent of contributions from the basic benefits plan. Based on these assumptions, the OPEB plan's fiduciary net position was projected to become insufficient to make future benefit payments during the fiscal year ending June 30, 2025. Therefore, the long-term expected rate of return on

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

OPEB plan assets was used to present value the projected benefit payments through the fiscal year ending June 30, 2024, and the Fidelity General Obligation 20-year Municipal Bond Index rate of 2.45 percent, as of June 30, 2020 (i.e. municipal bond rate), was used to present value the projected benefit payments for the remaining years in the projection. The total present value of projected benefit payments from all years was then used to determine the single rate of return that was used as the discount rate. The projection of future benefit payments for all current plan members was until the benefit payments ran out.

***Sensitivity of the School District's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate and Changes in the Health Care Cost Trend Rates*** The net OPEB liability is sensitive to changes in the discount rate and the health care cost trend rate. The following table presents the net OPEB liability of SERS, what SERS' net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.63%) and higher (3.63%) than the current discount rate (2.63%). Also shown is what SERS' net OPEB liability would be based on health care cost trend rates that are 1 percentage point lower (6.00% decreasing to 3.75%) and higher (8.00% decreasing to 5.75%) than the current rate.

	1% Decrease (1.63%)	Current Discount Rate (2.63%)	1% Increase (3.63%)
School District's proportionate share of the net OPEB liability	\$2,306,332	\$1,884,295	\$1,548,779
	1% Decrease (6.00 % decreasing to 3.75 %)	Current Trend Rate (7.00 % decreasing to 4.75 %)	1% Increase (8.00 % decreasing to 5.75 %)
School District's proportionate share of the net OPEB liability	\$1,483,740	\$1,884,295	\$2,419,943

**Actuarial Assumptions – STRS**

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2020, actuarial valuation are presented below:

Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation
Payroll Increases	3 percent
Discount Rate of Return	7.45 percent
Health Care Cost Trends	
Medical	
Pre-Medicare	5.00 percent initial, 4 percent ultimate
Medicare	-6.69 percent initial, 4 percent ultimate
Prescription Drug	
Pre-Medicare	6.50 percent initial, 4 percent ultimate
Medicare	11.87 initial, 4 percent ultimate

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2020, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Since the prior measurement date, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 12.

**Discount Rate** The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2020. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2020. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2020.

**Sensitivity of the School District's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate** The following table represents the net OPEB asset as of June 30, 2020, calculated using the current period discount rate assumption of 7.45 percent, as well as what the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

	1% Decrease (6.45%)	Current Discount Rate (7.45%)	1% Increase ■ (8.45%)
School District's proportionate share of the net OPEB asset	(\$1,166,905)	(\$1,341,171)	(\$1,489,027)

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

	1% Decrease	Current Trend Rate	1% Increase
School District's proportionate share of the net OPEB asset	(\$1,479,849)	(\$1,341,171)	(\$1,172,238)

**NOTE 14 – EMPLOYEE BENEFITS**

**Compensated Absences**

The criteria for determining vacation, sick leave and personal leave benefits are derived from negotiated agreements and State laws. Eligible classified employees and administrators earn 10 to 35 days of vacation per fiscal year, depending upon length of service. Accumulated, unused vacation time is paid to classified employees and administrators upon termination of employment. Teachers do not earn vacation time.

All certificated and classified employees who work 12 months and all administrators earn sick leave at the rate of one and one-half days per month, while all other employees earn one and one-fourth days per month. An unlimited amount of sick leave may be accumulated for all personnel. Upon retirement, payment is made for one-half of accrued, but unused sick leave credit to a maximum payment of 184 days for all classified employees, 184 days for all teachers, and the entire balance for the Treasurer and Superintendent. (Teachers payout is limited to \$222 per paid out day.)

All employees earn four days of personal leave per fiscal year. Classified and certificated employees have the option of receiving payment of any unused personal days after fiscal year-end, or converting them to sick leave, to be used in subsequent years.

**Insurance Benefits**

The School District provides life insurance and accidental death and dismemberment insurance to most employees through Hartford. Dental insurance is provided to employees as a fully insured plan administered by Core Source/Trustmark.

**Deferred Compensation**

School District employees may participate in either the Ohio Public Employees Deferred Compensation Plan or the Ohio Association of School Business Officials Plan. Both plans were created in accordance with Internal Revenue Code Section 457. Participation is on a voluntary payroll deduction basis. The plans permit deferral of compensation until future years. According to the plans, the deferred compensation is not available until termination, retirement, death or an unforeseeable emergency.

**NOTE 15 – LEASES – LESSEE DISCLOSURE**

During fiscal year 2018, the School District replaced its prior lease with a new capital lease. The new capital lease in the amount of \$178,245 was recorded as a long-term liability. Total lease payments made on this lease during fiscal year 2021 were \$38,400 and paid from the General Fund.

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

During fiscal year 2017, the School District entered into a lease-purchase agreement with Branch Banking and Trust Company to construct, equip and furnish a new athletic locker room building, the renovation of an existing building into a new wrestling and storage building, the renovation of an existing room within the high school into a new weight/fitness room and related parking lot improvements. The lease arrangement is for a period not to exceed 10 years. Annual payments associated with the lease-Purchase agreement will range between \$216,000 and \$229,815 per year. The project was completed and added as an asset during fiscal year 2018. Total lease payments made during the fiscal year 2021 were \$200,000 and were paid from the Permanent Improvement Fund.

Capital assets acquired by lease were initially capitalized in the amount of \$2,223,245 which is equal to the present value of the minimum lease payments at the time of acquisition. A corresponding liability was recorded on the Statement of Net Position for governmental activities.

The assets acquired through capital leases as of June 30, 2021, are as follows:

	Asset Value	Accumulated Depreciation	Net Book Value
Buildings and Improvements	\$2,045,000	(\$143,519)	\$1,901,481
Furniture, Fixtures, and Equipment	178,245	(136,655)	41,590
Total	\$2,223,245	(\$280,174)	\$1,943,071

The following is a schedule of the future long-term minimum lease payments required under the capital leases and the present value of the minimum lease payments as of June 30, 2021:

Fiscal Year Ending June 30,	Total Payments
2022	\$277,213
2023	238,683
2024	226,371
2025	229,524
2026	227,170
2027	227,408
Total	1,426,369
Less: Amount Representing Interest	(90,479)
Present Value of Net Minimum Lease Payments	\$1,335,890

**NOTE 16 – LONG-TERM OBLIGATIONS**

The changes in the School District’s long-term obligations during the fiscal year 2021 were as follows:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

	Amounts Outstanding 6/30/20	Additions	Deductions	Amounts Outstanding 6/30/21	Amounts Due in One Year

*2006 School Improvement Refunding Bonds* – On May 11, 2006, the School District issued \$2,599,999 of general obligation bonds for the purpose of refunding a portion (the term bonds only) of the 2000 School Improvement Bonds. Of the Refunding Bonds, \$2,585,000 are serial bonds with interest rates ranging from 3.65 to 4.75 percent and \$14,999 is a capital appreciation bond with an interest rate of 4.3 percent. The bonds were issued for a 17 year period, with final maturity in December, 2022. The bonds will be retired from the Bond Retirement Debt Service Fund.

The serial bonds maturing on and after December 1, 2016, are subject to optional redemption, commencing June 1, 2016, at 100 percent of the face value of the bonds.

Principal and interest requirements to retire the School Improvement Bonds outstanding at June 30, 2021, are as follows:

Fiscal Year Ending June 30,	Serial Bonds	
	Principal	Interest
2022	\$305,000	\$21,037
2023	315,000	7,088
Totals	<u>\$620,000</u>	<u>\$28,125</u>

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

There is no repayment schedule for the net pension/OPEB liability. However, employer pension/OPEB contributions are made from the General Fund. For additional information related to the net pension/OPEB liability see Note 12 and Note 13.

Compensated absences and capital leases will be paid from the General Fund.

The School District’s overall legal debt margin was \$22,855,636 with an unvoted debt margin of \$257,412 at June 30, 2021.

**NOTE 17 – INTERFUND ACTIVITY**

**Advances**

As of June 30, 2021, the Nonmajor Governmental Funds owed the General Fund \$96,402. General Fund advances are made to move unrestricted balances to support programs and projects accounted for in other funds. Advancing monies to other funds is necessary due to timing differences in the receipt of grant monies. When the monies are finally received, the grant fund will use these restricted monies to reimburse the General Fund for the initial advance. All advances are expected to be repaid within one year.

**Transfers**

Transfers made during the fiscal year ended June 30, 2021, were as follows:

	<b>Transfers From</b>
<b>Transfers To</b>	General
	Fund
	_____
Internal Service Fund	\$250,000
	=====

For fiscal year 2021, the transfer to the Internal Service Fund was to help fund the activity for the School District’s self-funded dental and vision insurance.

**NOTE 18 – JOINTLY GOVERNED ORGANIZATIONS**

**Metropolitan Educational Technology Association (META)**

The School District is a participant in the Metropolitan Educational Technology Association (META), which is a computer consortium and a regional council of governments. META is an educational solutions partner providing services across Ohio. META provides cost-effective fiscal, network, technology, and student services, a purchasing cooperative, and other individual services based on each client’s needs.

***Union Scioto Local School District***  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

The governing board of META consists of a president, vice president and twelve board members who represent the members of META. The Board works with META's Chief Executive Officer, and Chief Financial Officer to manage operations and ensure the continued progress of the organization's mission, vision, and values. The Board exercises total control over the operations of the Association including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. The School District paid META \$26,806 for services provided during the fiscal year. Financial information can be obtained from META Solutions, 100 Executive Drive, Marion Ohio 43302.

**Pickaway-Ross County Career and Technology Center**

The Pickaway-Ross County Career and Technology Center is a distinct political subdivision of the State of Ohio operated under the direction of a board consisting of 11 representatives from the various City and County boards within Pickaway and Ross Counties, each of which possesses its own budgeting and taxing authority. The Board exercises total control over the operations of the Technology Center including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. The Technology Center provides vocational instruction to students in both Pickaway and Ross Counties. The School District made no payments to the Technology Center for services provided during the fiscal year. To obtain financial information write to the Pickaway-Ross County Career and Technology Center, Todd Stahr who serves as Treasurer, at 895 Crouse Chapel Road, Chillicothe, Ohio 45601.

**Great Seal Education Network of Tomorrow**

The Great Seal Education Network of Tomorrow is a regional council of governments (the "Council") consisting of 12 city, local, and joint vocational school districts, two educational service centers, and the Ohio University-Chillicothe Campus for the purpose of promoting the use of advanced telecommunications and technology to provide enhanced educational opportunities to the communities of Ross and Pickaway Counties. The Council is operated under the direction of a Board of Directors consisting of one representative (the superintendent or another person appointed by the board of education) of each of the members. The Board exercises total control over the operations of Council including budgeting, appropriating, contracting and designating management. Each School District's degree of control is limited to its representation on the Board. To obtain financial information, write to the Ohio University-Chillicothe Campus, who acts as fiscal agent, at 571 West Fifth Street, Chillicothe, Ohio 45601. The School District made no payments to the Council for services provided during the fiscal year.

**NOTE 19 – INSURANCE PURCHASING POOL**

**Ohio Association of School Business Officials Workers' Compensation Group Rating Plan**

The School District participates in a group rating plan for workers' compensation as established under Section 4123.29 of the Ohio Revised Code. The Ohio Association of School Business Officials Workers' Compensation Group Retrospective Rating Plan GRP) was established as a group insurance purchasing pool. The GRP's business and affairs are conducted by Comp Management, LLC.

*Union Scioto Local School District*  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 20 – PUBLIC ENTITY SHARED RISK POOL**

**Ross County School Employees Insurance Consortium**

The School District is a member of the Ross County School Employees Insurance Consortium (the “Consortium”), a public entity shared risk pool consisting of six school districts and one educational service center within Ross County and its surrounding area. Medical/surgical insurance is administered through a third party administrator, Medical Mutual. The Consortium’s business and affairs are managed by a Council consisting of one representative for each participating school. The participating school districts pay an administrative fee to the fiscal agent to cover the costs of administering the Consortium. To obtain financial information, write to the Ross-Pike Educational Service District, Erin Kirby who serves as Treasurer, at 475 Western Avenue, Suite E, Chillicothe, Ohio 45601.

**NOTE 21 – SET-ASIDE CALCULATIONS**

The School District is required by State statute to annually set aside, in the General Fund, an amount based on a statutory formula for the acquisition and construction of capital improvements. Amounts not spent by fiscal year-end or offset by similarly restricted resources received during the fiscal year must be held in cash at fiscal year-end and carried forward to be used for the same purposes in future fiscal years.

The following cash basis information identifies the change in the fiscal year-end set-aside amounts for capital acquisitions. Disclosure of this information is required by State statute.

	<u>Capital Acquisitions</u>
Set-aside Balance as of June 30, 2020	\$0
Current Fiscal Year Set-aside Requirement	393,210
Current Fiscal Year Offsets	(145,166)
Qualifying Disbursements	<u>(248,044)</u>
Set-aside Balance as of June 30, 2021	<u><u>\$0</u></u>

Amounts of offsets and qualifying expenditures presented in the table for the capital acquisition set-asides were limited to those necessary to reduce the year-end balance to zero. Although the School District may have had additional offsets and qualifying expenditures for capital acquisitions, these amounts may not be used to reduce the set-aside requirements of future fiscal years and therefore is not presented as being carried forward to the next fiscal year.

*Union Scioto Local School District*  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

**NOTE 22 – SIGNIFICANT COMMITMENTS**

**Contractual Commitments**

The School District had the following outstanding contractual commitments at June 30, 2021:

Contractor	Contract Amount	Amount Expended	Balance at 6/30/2021
Garland/DBS Inc.	\$459,440	\$178,582	\$280,858

**Encumbrances**

Encumbrances are commitments related to unperformed contracts for goods and services. Encumbrances accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At fiscal year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next fiscal year were as follows:

General Fund	\$1,194,301
Internal Service Fund	29
Nonmajor Governmental Funds	1,118,248
Total	\$2,312,578

**NOTE 23 – FUND BALANCES**

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the School District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

Fund Balances	General Fund	Nonmajor Governmental Funds	Total
<b><i>Nonspendable:</i></b>			
Inventory	\$0	\$1,692	\$1,692
Unclaimed Monies	5,354	0	5,354
<b><i>Total Nonspendable</i></b>	<b>5,354</b>	<b>1,692</b>	<b>7,046</b>
<b><i>Restricted for:</i></b>			
Debt Payment	0	308,574	308,574
Food Service	0	101,481	101,481

Purchases on Order	1,172,048	0	1,172,048
Principal's Fund	62,369	0	62,369
<b><i>Total Assigned</i></b>	<b>7,469,898</b>	<b>4,518</b>	<b>7,474,416</b>
<b><i>Unassigned (Deficit):</i></b>	<b>0</b>	<b>(284,395)</b>	<b>(284,395)</b>
<b><i>Total Fund Balances</i></b>	<b>\$7,475,252</b>	<b>\$870,563</b>	<b>\$8,345,815</b>

**NOTE 24 – CONTINGENCIES**

**Grants**

The School District received financial assistance from Federal and State agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, the effect of any such disallowed claims on the overall financial position of the School District at June 30, 2021, if applicable, cannot be determined at this time.

**School Foundation**

School District foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. The Ohio Department of Education (ODE) is legislatively required to adjust/reconcile funding as enrollment information is updated by schools throughout the State, which can extend past the fiscal year end. As of the date of this report, additional ODE adjustments

**Union Scioto Local School District**  
Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021

---

for fiscal year 2021 are not finalized. As a result, the impact of future FTE adjustments on the fiscal year 2021 financial statements is not determinable, at this time. Management believes this may result in either an additional receivable to, or a liability of, the School District.

**Litigation**

The School District is not party to any legal proceedings.

**NOTE 25 – COVID-19**

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June of 2021 while the national state of emergency continues. During fiscal year 2021, the school district received Coronavirus Aid, Relief, and Economic Security (CARES) Act funding. The School District's investment portfolio and the investments of the pension and other employee benefit plans in which the School District participates fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the School District's future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated. Additional funding has been made available through the Consolidated Appropriations Act, 2021, passed by Congress on December 21, 2020 and/or the American Rescue Plan Act, passed by Congress on March 11, 2021.

**NOTE 26 – SUBSEQUENT EVENTS**

For fiscal year 2022, School District foundation funding received from the state of Ohio will be funded using a direct funding model. Under this new model, community school, STEM school, scholarship, and open enrollment funding will be directly funded by the State of Ohio to the respective educating schools. For fiscal year 2021 and prior, the amounts related to students who were residents of the School District were funded to the School District who, in turn, made the payment to the educating school. For fiscal year 2021, the School District reported \$623,968 in revenue and expenditures/expense related to these programs. Also during fiscal year 2021, the school district reported \$1,989,587 in tuition and fees from the resident school districts which will be direct funded to the School District as the educating entity in fiscal year 2022. This new funding system calculates a unique base cost and a unique "per-pupil local capacity amount" for each School District. The School District's state core foundation funding is then calculated. Any change in funding will be subject to a phase in percentage of 16.67 percent for fiscal year 2022 and 33.33 percent for fiscal year 2023.

Notes to Required Supplementary Information  
For the Fiscal Year Ended June 30, 2021

---

**Net Pension Liability**

**Changes in Assumptions – SERS**

Beginning in fiscal year 2018, an assumption of 2.5 percent was used for COLA or Ad Hoc Cola. Prior to 2018, an assumption of 3 percent was used.

Beginning with fiscal year 2017, amounts reported incorporate changes in assumptions used by SERS in calculating the total pension liability in the latest actuarial valuation. These assumptions compared with those used in fiscal year 2016 and prior are presented below:

	Fiscal Year 2017	Fiscal Year 2016 and Prior
Wage Inflation	3.00 percent	3.25 percent
Future Salary Increases, including inflation	3.50 percent to 18.20 percent	4.00 percent to 22.00 percent
Investment Rate of Return	7.50 percent net of investments expense, including inflation	7.75 percent net of investments expense, including inflation

Beginning with fiscal year 2017, mortality assumptions use mortality rates that are based on the RP-2014 Blue Collar Mortality Table with fully generational projection and a five year age set-back for both males and females. Amounts reported for fiscal year 2016 and prior, use mortality assumptions that are based on the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables were used for the period after disability retirement.

**Changes in Assumptions - STRS**

Beginning with fiscal year 2018, amounts reported incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in fiscal year 2017 and prior are presented below:

	Fiscal Year 2018	Fiscal Year 2017 and Prior
Inflation	2.50 percent	2.75 percent
Projected salary increases	12.50 percent at age 20 to 2.50 percent at age 65	12.25 percent at age 20 to 2.75 percent at age 70
Investment Rate of Return	7.45 percent, net of investment expenses, including inflation	7.75 percent, net of investment expenses, including inflation
Payroll Increases	3 percent	3.5 percent
Cost-of-Living Adjustments (COLA)	0.0 percent, effective July 1, 2017	2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date.

**Union Scioto Local School District, Ohio**  
Notes to Required Supplementary Information  
For the Fiscal Year Ended June 30, 2021

---

Beginning with fiscal year 2018, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For fiscal year 2017 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

### **Net OPEB Liability**

#### **Changes in Assumptions – SERS**

Amounts reported incorporate changes in key methods and assumptions used in calculating the total OPEB liability as presented below:

Municipal Bond Index Rate:	
Fiscal year 2021	2.45 percent
Fiscal year 2020	3.13 percent
Fiscal year 2019	3.62 percent
Fiscal year 2018	3.56 percent
Fiscal year 2017	2.92 percent
Single Equivalent Interest Rate, net of plan investment expense, including price inflation	
Fiscal year 2021	2.63 percent
Fiscal year 2020	3.22 percent
Fiscal year 2019	3.70 percent
Fiscal year 2018	3.63 percent
Fiscal year 2017	2.98 percent

#### **Changes in Assumptions – STRS**

For fiscal year 2018, the discount rate was increased from 3.26 percent to 4.13 percent based on the methodology defined under GASB *Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB)* and the long term expected rate of return was reduced from 7.75 percent to 7.45 percent. Valuation year per capita health care costs were updated, and the salary scale was modified. The percentage of future retirees electing each option was updated based on current data and the percentage of future disabled retirees and terminated vested participants electing health coverage were decreased. The assumed mortality, disability, retirement,

**Union Scioto Local School District, Ohio**  
Notes to Required Supplementary Information  
For the Fiscal Year Ended June 30, 2021

---

withdrawal and future health care cost trend rates were modified along with the portion of rebated prescription drug costs.

For fiscal year 2019, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45.

**Changes in Benefit Terms – STRS OPEB**

For fiscal year 2018, the subsidy multiplier for non-Medicare benefit recipients was reduced from 2.1 percent to 1.9 percent per year of service. Medicare Part B premium reimbursements were discontinued for certain survivors and beneficiaries and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 2020.

For fiscal year 2019, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

For fiscal year 2020, there was no change to the claims costs process. Claim curves were trended to the fiscal year ending June 30, 2020, to reflect the current price renewals. The non-Medicare subsidy percentage was increased effective January 1, 2020, from 1.944 percent to 1.984 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2020. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed to January 1, 2021.

For fiscal year 2021, there was no change to the claims costs process. Claim curves were updated to reflect the projected fiscal year ending June 30, 2021, premium based on June 30, 2020, enrollment distribution. The non-Medicare subsidy percentage was increased effective January 1, 2021, from 1.984 percent to 2.055 percent per year of service. The non-Medicare frozen subsidy base premium was increased effective January 1, 2021. The Medicare subsidy percentages were adjusted effective January 1, 2021, to 2.1 percent for the AMA Medicare plan. The Medicare Part B monthly reimbursement elimination date was postponed indefinitely.

**UNION-SCIOTO LOCAL SCHOOL DISTRICT  
ROSS COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
2 CFR 200.510(b)(6)  
FOR THE YEAR ENDED JUNE 30, 2021**

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Union Scioto Local School District (the District) under programs of the federal government for the year ended June 30, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D - CHILD NUTRITION CLUSTER**

The District commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the District assumes it expends federal monies first.

**NOTE E – FOOD DONATION PROGRAM**

The District reports commodities consumed on the Schedule at the entitlement value. The District allocated donated food commodities to the respective program that benefited from the use of those donated food commodities.

**NOTE F - MATCHING REQUIREMENTS**

Certain Federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Union Scioto Local School District  
Ross County  
1565 Egypt Pike  
Chillicothe, Ohio 45601

To the Board of Education:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Union Scioto Local School District, Ross County, (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated June 9, 2022, wherein we noted the District adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. We also noted the financial impact of COVID-19 and the continuing emergency measures, which may impact subsequent periods of the District.

### ***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the District's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the District's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

### ***Compliance and Other Matters***

As part of reasonably assuring whether the District's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the financial statements. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber  
Auditor of State  
Columbus, Ohio  
June 9, 2022

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS  
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Union Scioto Local School District  
Ross County  
1565 Egypt Pike  
Chillicothe, Ohio 45601

To the Board of Education:

***Report on Compliance for the Major Federal Programs***

We have audited Union Scioto Local School District's (the District) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect Union Scioto Local School District's major federal programs for the year ended June 30, 2021. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the District's major federal programs.

***Management's Responsibility***

The District's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to opine on the District's compliance for the District's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the District's major programs. However, our audit does not provide a legal determination of the District's compliance.

***Opinion on the Major Federal Programs***

In our opinion, Union Scioto Local School District complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal programs for the year ended June 30, 2021.

**Report on Internal Control Over Compliance**

The District's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the District's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Keith Faber  
Auditor of State  
Columbus, Ohio
