City Council
City of Newark
40 West Main Street
Newark, Ohio 43055

We have reviewed the *Independent Auditor's Report* of the City of Newark, Licking County, prepared by Wilson, Shannon & Snow, Inc., for the audit period January 1, 2022 through December 31, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Newark is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads 'Keith Faber'.

**CITY OF NEWARK
LICKING COUNTY**

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE YEAR ENDED DECEMBER 31, 2022**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of the City of Newark, Licking County (the City) under programs of the federal government for the year ended December 31, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The City has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE E – SUBRECIPIENTS

The City passes certain federal awards received directly from the Federal Government to other governments or not-for-profit agencies (subrecipients). As Note B describes, the City reports expenditures of Federal awards to subrecipients when paid in cash.

As a subrecipient, the City has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the City Council:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, (the City) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated June 23, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE AND THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED
BY UNIFORM GUIDANCE**

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the City Council:

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the City of Newark's (the City) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2022. The City's major federal programs are identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, the City of Newark complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The City's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

City of Newark
Licking County
Independent Auditor's Report on Compliance With Requirements
Applicable to Each Major Federal Program and On Internal Control
Over Compliance And the Schedule of Expenditures of
Federal Awards Required by Uniform Guidance
Page 3

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Newark (the City) as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our unmodified report thereon dated June 23, 2023. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

June 23, 2023

To The Members of City Council and
All Citizens of the City of Newark, Ohio

We are pleased to submit for your review the Annual Comprehensive Financial Report of the City of Newark, Ohio for the fiscal year ended December 31, 2022. This report has been prepared in accordance with generally accepted accounting principles established by statements of the Governmental Accounting Standards Board (GASB), other authoritative pronouncements and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA).

INTRODUCTION

While there is no legal requirement for the preparation of this report, it represents a commitment by the City of Newark (the "City") to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects; is presented in a manner designed to fairly set forth the financial position and results of operations of the City; and presents all disclosures necessary to enable the reader to gain an understanding of the City's financial activity.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Newark's MD&A can be found immediately following the report of the independent auditor.

The Reporting Entity:

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (the "GASB") Statement No. 14, *"The Financial Reporting Entity,"* in that the financial statements include all the organizations, activities, functions and component units for which the City (the reporting entity) is financially accountable. Financial accountability is defined as the appointment of a voting majority of the component unit's board and either (1) the City's ability to impose its will over the component unit, or (2) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the reporting entity of the City has no component units but includes the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system, and a storm water collection system, each of which is reported as an enterprise fund.

***Letter of Transmittal
For the Year Ended December 31, 2022***

Form of Government:

Statutory

Along with being the County Seat, Newark is a charter Mayor-Council form of government as prescribed by the Newark City Charter and Title Seven of the Ohio Revised Code. Newark's government was incorporated in 1826. The City is divided into seven wards with 47 election precincts. The City Council consists of one council person from each ward, plus three council persons at-large and a council president elected at-large. All serve four year terms. Elected officials serving four year terms are the Mayor, Law Director, Auditor and Treasurer. The Safety, Service and Economic Development Directors are appointed by the Mayor and serve at the pleasure of the Mayor. The Human Resources Director is appointed by the Mayor and is a classified employee.

City Charter

The Newark City Charter was approved by the voters in November of 1997 and became effective January 1, 1998. The Charter was amended in November 2002, 2007, 2012 and again in 2017. Some highlights of the Charter are as follows:

- ❖ Department of Economic Development established.
- ❖ Certain bidding requirements were altered.
- ❖ City council's term of office adjusted from two year to four year term.
- ❖ Residence requirements for safety forces.
- ❖ Auditor and Law Director added to Board of Control.
- ❖ Standards for open meetings and information access.
- ❖ Police Chief and Fire Chief recruitment outside departments is now allowed.
- ❖ Human Resources Director is a classified employee.

Location:

Newark is located in the central part of the state, approximately 33 miles east of Columbus, the state capital. Its 22.30 square mile area serves a residential population of 50,943. The City's elevation is approximately 830 feet above sea level. Its median temperatures are 75 degrees in summer and 30.2 degrees in winter. State highways 79, 13 and 16 serve as the City's major transportation arteries. The City is also served by the east-west interstate highway I-70 which lies approximately 9 miles to the south.

***Letter of Transmittal
For the Year Ended December 31, 2022***

As part of the Columbus metropolitan area, in particular, its closeness to John Glenn Columbus International Airport (located on Columbus' far east side), offers flights to all points and places making the City of Newark in a very favorable position. Newark is close to a region of rapidly expanding business and industry, close to excellent transportation facilities and the governmental center of Ohio.

Newark is the home of the Historic Moundbuilders State Memorial Park, known for its prehistoric Indian lore and featuring an Ohio Indian art museum. The historic Midland Theatre also calls Newark home offering many concerts and events throughout the year.

The Licking County Courthouse is located in the public square in downtown Newark. A variety of outdoor events are centered around the historic courthouse each year. At Christmas, the courthouse is a magnificent display of holiday splendor which has been featured on several magazine covers. The newly completed Canal Market District provides a setting for various functions including a twice weekly farmers market running from May through October.

Our public high school is Newark High School. Students also have the ability to attend C-TEC which offers Technical training. Adult education is also offered at C-TEC. As an alternative to public education, Newark has two parochial elementary schools and one high school.

The Newark Branch of Ohio State University is the largest remote branch location offering Associate and Bachelor Degrees.

Municipal Services:

The City of Newark provides a variety of services including police and fire protection, emergency medical service, planning and engineering, zoning, code enforcement, street maintenance, traffic control, parks and recreation, property maintenance, cemetery and community development and general administrative services. The City does not operate hospitals or schools, nor is it responsible for public assistance programs.

The City also operates three enterprise activities: water treatment and distribution, wastewater collection and treatment, and storm water collection. Funds from these enterprises are set up in accounts for the operation of these facilities. The facilities are operated in a manner similar to a private business. It is the mission of the City that the costs of providing these services to business, industry and the general public on a permanent basis be financed or recovered primarily through user fees.

The enterprise activities are not subject to rate review or determination by the Public Utilities Commission of Ohio or any similar regulatory body. The City Council has the necessary authority to establish and amend appropriate user rates as required. The rates are reviewed on an on-going basis to insure their adequacy. The City Council exercises sole authority regarding the frequency and amount of rate change for these services.

***Letter of Transmittal
For the Year Ended December 31, 2022***

ECONOMIC OUTLOOK

Local Economy:

The Newark-Licking County area continues to benefit from a stable economy. Several industrial parks in close proximity to Newark provide employment opportunities for residents in and around Newark and neighboring communities within the borders of Licking County. The Licking County region is close to post bulk mail centers and package delivery air hubs.

Newark area businesses continue to manufacture and distribute a wide variety of products. Foremost among these products are plastics, insulation, prefabricated homes, prismatic reflectors, wiping cloths, quartz and specialty products, asphalt, automotive products, bricks, chemicals, electronic equipment, truck axles and transmissions, anodized aluminum products, wood veneer, dairy products, concrete products and many other industrial specialty items. Newark and Licking County have been noted for their diversity of industry and business. During both strong and slow economic periods the area has not experienced wide variations in its economic indicators. The community has been fortunate to have experienced a steady economy along with a lower unemployment rate.

Very positive impacts occurring at The Central Ohio Aerospace and Technology Center:

- 1,821 employed, a 25% increase over 2 years.
- 14 Employers had employment level increases and nine companies experienced double-digit increases in employment.
- A combined \$137 million payroll, for a \$75,000+ annual average.
- At least one in six jobs are engineering-related or STEM fields
- 11 Spec buildings in 11 years. A new 30,000 sq ft industrial building is under construction.

Intel Announcement: Newark hosted the nationally-historic announcement on January 21, 2022 of Intel's \$20 billion manufacturing investment slated to open in Licking County in 2025. The Intel news is the most significant announcement of a business development project in Ohio's history and is slated to be just 20 miles east of Newark. It could grow to \$100 billion in 10 years. The original two fabs are expected to add 3,000 direct jobs and could grow to 10,000 jobs. Economists have predicted that Intel could bring a five-fold multiplier effect meaning the initial investment could yield another 15,000 jobs to the area.

Newark's Arcade building received historic tax credits to finalize a fully-funded, multi-year investment in bringing the unique arcade building back to life as a multi-house housing, retail, and entertainment complex in downtown Newark.

New housing is occurring in the following areas: Conor's Path Edition on Horns Hill Rd, Arbor Ct, Downtown above 1922, 31 West, and McKenna's Market.

***Letter of Transmittal
For the Year Ended December 31, 2022***

Redevelopment of the former Westinghouse now known as The Newark Station.

Licking Memorial Hospital is Newark's largest employer and offers a wide array of medical services.

Manufacturing continues to be a dominant part of Newark's economic base with Anomatic, Owens Corning, and PCA standing out. Anomatic is the largest manufacturer employer in Newark producing anodized aluminum products. Owens Corning has retained employment and invested in a new 750,000 s.f. distribution center in nearby Heath. PCA acquired 75+ acres in Newark with plans to expand it's Newark plant by 6X. PCA's plant has been in Newark for 70+ years. Newark is at the northern end of the largest manufacturing corridor in Central Ohio.

Unemployment Rates:

The Ohio Bureau of Employment Services does not maintain statistics for the City of Newark, but unemployment within the City was estimated to be 4%.

Employee Relations:

The City of Newark negotiates contracts with three employee bargaining units. These groups consist of Local 109 of the International Association of Firefighters, Lodge 12 of the Licking County Fraternal Order of Police, and the American Federation of State, County and Municipal Employees (AFSCME) Local 2963 Ohio Council 8, AFL-CIO, Non Union consists of the following: Non Bargaining, Management and Supervisory, Administrative/Technical, and Police/Fire Chiefs. Current contracts with union employees cover the years 2020 through 2022.

MAJOR INITIATIVES

During 2022, continuing efforts were made to upgrade services and improve the quality of life for the citizens of Newark through the following projects:

Infrastructure Improvements:

Newark continues to modernize as a new bridge at Thornwood Crossing will begin construction by the City in 2023 that connects the four-lane 161/16 Corridor to the Thornwood Corridor.

Route 13/4th Street in Downtown Square are undergoing complete rebuild, changing the traffic flows. Additionally, improved streetscapes are being constructed along with Biosales greatly assisting with storm water runoff. This project will eliminate combined sanitary and storm sewers. The project is continuing to include other downtown streets.

A roundabout was finished at the Sharon Valley Rd / Country Club Drive intersection. This has vastly improved traffic flow to and from the Ohio State University Newark Branch.

Various improvements continue at the water and waste water plants, including the Licking River Interceptor project that will prevent overflow at the waste water facility.

***Letter of Transmittal
For the Year Ended December 31, 2022***

Parks and Recreation

Throughout 2022, Parks and Recreations throughout the City continued to evolve. At Horns Hill Park - 5 miles of Mountain Bike Paths were constructed and remodeling was finished on 2 shelter houses. Additionally, plans for a second playground are in the works. Over 1,100 baseball games were played at Don Edwards Park bringing many overnight stays to our City. Trout and Catfish Derby Tournaments were held at TJ Evans. Northpoint Dive Quarry at TJ Evans continues to be a major attraction for diving and law enforcement instruction. Also, at TJ Evans, 5 shelter houses continued to be offered to the public. Everett Park hosted 2 skateboard tournaments and is used on an almost daily basis. A disc golf course at TJ Evans attracts numerous guests during the year. Also, at Everett Park, you will find The Civil Air Patrol headquarters and a dog park. A second dog park was planned in 2021 at Reddington Rd. Canal Market hosts Farmers Markets and Private Events throughout at the Spring, Summer, and Fall. The Historic Licking County Jail brings many visitors to our City during the Fall.

City-Wide Initiatives

During 2022 financing was arranged for the following:

- A roundabout to be constructed at the intersection of Horns Hill Road and Waterworks Road.
- A new fire station to be constructed on Horns Hill Road.

Long-Term Financial Planning

During fiscal year 2007 the City began charging for EMS transport services. Legislation has been passed and amended mandating that 8% of the proceeds be set aside in reserve to provide stability to the City's General Fund with an additional 20% of the proceeds being earmarked and credited to the City's Capital Improvement Fund, 9% is for EMS vehicles, 37% for Buildings for Property and Fire Stations. which is dedicated to infrastructure upgrades and improvements. As a result of these fees, the City has been able to increase the number of firefighters and medics and has been able to increase the replacement of EMS transport vehicles.

For the Year Ended December 31, 2022***

FINANCIAL INFORMATION

Internal Control, Budgetary Control and the Accounting System:

Development of the City's accounting system included substantial consideration of the adequacy of the internal accounting controls. Internal accounting controls are designed to provide reasonable but not absolute assurance that:

1. The City's assets are protected against loss and unauthorized use or disposition; and
2. Reliable financial reports for preparing financial statements and providing accountability for assets are maintained.

The concept of reasonable assurance states that internal controls should be evaluated applying the following criteria:

1. The expense associated with providing the internal controls should not exceed the benefits likely to be derived from their implementation; and
2. The evaluation of the offsetting costs and benefits involves estimates and judgment by the City administration and members of the finance office.

All internal control evaluations occur within this framework. It is the belief of the administrative and financial management personnel that the City's financial controls adequately safeguard existing assets and provide reasonable assurance of the proper recording of financial transactions. The City Auditor's Office is responsible for the auditing and analysis of all purchase orders and vouchers of the City. The Auditor's Office personnel review the purchase orders and vouchers very carefully to ensure the availability of monies in the proper funds and accounts prior to certification and payment of approved invoices. The City utilizes a fully automated accounting system, as well as an automated system of controls for capital asset accounting and payroll. These systems coupled with the review and examination performed by the City Auditor's Office ensure that the financial information generated is both accurate and reliable.

Budgetary control is maintained at the classification level for each function within each fund by legislation approved by City Council. The various objects are:

- * Personnel services
- * All others

***Letter of Transmittal
For the Year Ended December 31, 2022***

Lower levels within each object are accounted for and reported internally. Such lower levels are referred to as line items of expenditure. Estimated amounts must be encumbered prior to final approval of purchase orders or other contracts to vendors. Encumbrances in excess of the available object level appropriations are not approved unless additional appropriations are authorized. Unencumbered appropriations at year end return (lapse) to the unappropriated balances in the individual funds at the end of each fiscal year which coincides with the calendar year.

OTHER INFORMATION

Independent Audit:

The basic financial statements of the City of Newark were audited by Wilson, Shannon and Snow Inc. The independent Auditor's unmodified opinion has been included in this report.

Awards:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Newark, Ohio for its Annual Comprehensive Financial Report for the fiscal year ended December 31, 2021. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards in state and local government financial reporting. To be awarded a Certificate of Achievement, a governmental unit must prepare an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents satisfy all program standards. The report must satisfy both accounting principles generally accepted in the United States of America (GAAP) and applicable legal requirements respective to the reporting entity.

A Certificate of Achievement is valid for a period of one year only. The City of Newark has received a certificate of Achievement for thirty-one consecutive years (1991 - 2021). We believe this current report continues to conform to the Certificate of Achievement for Excellence in Financial Reporting program requirements and are submitting it to the GFOA.

Public Disclosure:

The publication of this Annual Comprehensive Financial Report is indicative of the City's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Newark, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the City to improve its overall financial accounting, management and reporting capabilities.

***Letter of Transmittal
For the Year Ended December 31, 2022***

Acknowledgments:

This report is a culmination of many hours of concentrated work on the part of the City Auditor's Office staff and a number of dedicated city employees and associates.

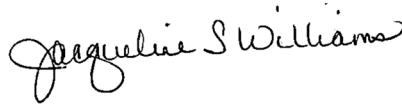

We also express our sincere appreciation to Donald J. Schonhardt and Associates, Inc. for their professional manner, expertise and countless hours of consultation in completing this annual financial report for the citizens of this community.

Finally, special thanks to the members of City Council and the City Administration, whose support is necessary for the City of Newark to conform to reporting requirements established for municipal governments. By doing so, the City has been able to maintain the sound financial position it has enjoyed for many years.

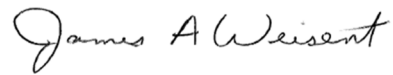

Respectfully,

Ryan T. Bubb
City Auditor

Jacqueline S. Williams

INDEPENDENT AUDITOR'S REPORT

City of Newark
Licking County
40 West Main Street
Newark, Ohio 43055

To the City Council:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, Ohio (the City), as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Newark, Licking County, Ohio as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General and American Rescue Plan Act funds for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities/assets and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 23, 2023, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Wilson, Shannon & Sons, Inc.

Newark, Ohio
June 23, 2023

This discussion and analysis of the City of Newark's financial performance provides an overall review of the City's financial activities for the year ended December 31, 2022. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

FINANCIAL HIGHLIGHTS

Key financial highlights for 2022 are as follows:

- ❑ In total, net position increased \$18,613,065. Net position of governmental activities increased \$11,749,240, or 27% from 2021. Net position of business-type activities increased \$6,863,825 or 16% from 2021.
- ❑ General revenues accounted for \$35,423,883 in revenue or 46% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$41,857,294, or 54% of total revenues of \$77,281,177.
- ❑ The City had \$43,004,659 in expenses related to governmental activities; only \$19,337,023 of these expenses were offset by program specific charges for services, grants or contributions. General revenues of \$35,416,876 were adequate to provide for these programs.
- ❑ Among major funds, the general fund had \$39,024,288 in revenues and other financing sources and \$37,742,770 in expenditures and other financing uses. The general fund's fund balance increased from \$11,767,991 to \$13,049,509.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of four parts – *management's discussion and analysis*, the *basic financial statements*, *required supplemental information*, and an optional section that presents *combining and individual statements* for nonmajor governmental funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Government-wide Statements

The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the government's assets, liabilities, and deferred outflows/inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how it has changed. Net position is one way to measure the City's financial health.

- Over time, increases or decreases in the City's net position is an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as the City's tax base and the condition of the City's capital assets.

The government-wide financial statements of the City are divided into two categories:

- Governmental Activities – Most of the City's program's and services are reported here including security of persons and property, leisure time activities, public health and welfare services, community environment, transportation and general government.
- Business-Type Activities – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's water, sewer, and storm water services are reported as business-type activities.

Fund Financial Statements

Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes. The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match. The proprietary fund financial statements provide separate information for the Water, Sewer, and Storm Water funds, each of which are considered major funds.

**Management’s Discussion and Analysis
For the Year Ended December 31, 2022**

Unaudited

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City’s own programs. All of the City’s fiduciary activities are reported in a separate Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position.

FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

The following table provides a summary of the City’s net position for 2022 compared to 2021.

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
Current and Other Assets	\$58,879,060	\$53,389,519	\$23,532,062	\$20,443,952	\$82,411,122	\$73,833,471

Deferred Inflows of Resources	22,314,690	15,670,681	3,428,398	3,226,712	25,743,088	18,897,393
Net Position						
Net Investment in Capital Assets	63,519,450	58,547,237	39,963,556	36,307,178	103,483,006	94,854,415
Restricted	16,278,758	14,738,392	0	0	16,278,758	14,738,392
Unrestricted	(24,176,424)	(29,413,085)	11,166,497	7,959,050	(13,009,927)	(21,454,035)
Total Net Position	<u>\$55,621,784</u>	<u>\$43,872,544</u>	<u>\$51,130,053</u>	<u>\$44,266,228</u>	<u>\$106,751,837</u>	<u>\$88,138,772</u>

The net pension liability (NPL) is reported by the City pursuant to GASB Statement 68, “Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27.” The net OPEB liability (NOL) is reported by the City pursuant to GASB Statement 75, “Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions,” which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City’s actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan’s *net pension liability* or *net OPEB liability*.

***Management's Discussion and Analysis
For the Year Ended December 31, 2022***

Unaudited

GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability/asset to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability/asset, respectively, not accounted for as deferred inflows/outflows.

CITY OF NEWARK, OHIO

Governmental Activities

Governmental activities net position increased \$11,749,240, or 27%. An increase in charges for services in the prior year due to a catch up of collection charges for various Joint Economic Development District agreements resulted in a subsequent decrease in charges for services in 2022. An increase in operating grants can be attributed to Coronavirus Relief Funding received as part of the American Rescue Plan Act. An increase in income taxes was the result of improving economic conditions. A decrease in miscellaneous revenue can be attributed to Ohio Bureau of Workers' Compensation refunds received in the prior year.

***Management’s Discussion and Analysis
For the Year Ended December 31, 2022***

Unaudited

A substantial decrease in expenses in the prior year due to changes in the Net Pension and Net OPEB liabilities/asset resulted in a subsequent increase in expenses in 2022.

The City receives an income tax, which is based on 1.75% of all salaries, wages, commissions and other compensation and on net profits earned from residents living within the City.

Income taxes and property taxes made up 51% and 7% respectively of revenues for governmental activities in 2022. The City’s reliance upon tax revenues is demonstrated by the following graph indicating 60% of total revenues from general tax revenues:

Revenue Sources	2022	Percent of Total
General Tax Revenues	\$32,620,423	59.57%
Intergovernmental, Unrestricted	2,220,594	4.06%
Program Revenues	19,337,023	35.32%
General Other	575,859	1.05%
Total Revenue	\$54,753,899	100.00%

Business-Type Activities

Net position of business-type activities increased \$6,863,825. This represents a 16% change from the previous year. An increase in charges for services can mostly be attributed to rate increases in water and sewer. A substantial decrease in expenses in the prior year due to changes in the Net Pension and Net OPEB liabilities/asset resulted in a subsequent increase in expenses in 2022.

FINANCIAL ANALYSIS OF THE CITY’S FUNDS

The City’s governmental funds reported a combined fund balance of \$29,023,819, which is an increase from last year’s balance of \$25,160,710. The schedule below indicates the fund balance and the total change in fund balance as of December 31, 2022 and 2021:

	Fund Balance December 31, 2022	Fund Balance December 31, 2021	Increase (Decrease)
General	\$13,049,509	\$11,767,991	\$1,281,518
American Rescue Plan Act	0	0	0
Capital Improvement	2,394,089	579,638	1,814,451
Other Governmental	13,580,221	12,813,081	767,140
Total	\$29,023,819	\$25,160,710	\$3,863,109

General Fund – The City’s General Fund balance change is due to several factors. The tables that follow assist in illustrating the financial activities of the General Fund:

CITY OF NEWARK, OHIO**Management's Discussion and Analysis
For the Year Ended December 31, 2022****Unaudited**

	2022	2021	Increase
	<u>Revenues</u>	<u>Revenues</u>	<u>(Decrease)</u>
Taxes	\$31,181,220	\$29,229,576	\$1,951,644
Intergovernmental Revenues	2,292,750	2,132,432	160,318
Charges for Services	3,672,653	4,412,035	(739,382)
Licenses, Permits and Fees	151,726	103,659	48,067
Investment Earnings	(79,506)	(17,669)	(61,837)
Fines and Forfeitures	1,163,101	1,383,656	(220,555)
All Other Revenue	578,468	1,952,205	(1,373,737)
Total	<u>\$38,960,412</u>	<u>\$39,195,894</u>	<u>(\$235,482)</u>

Overall, General Fund revenues remained stable, decreasing \$235,482, or less than 1% when compared with the previous year. An increase in taxes was the result of an increase in income taxes, which can be attributed to improving economic conditions. An increase in charges for services in the prior year due to a catch up of collection charges for various Joint Economic Development District agreements resulted in a subsequent decrease in charges for services in 2022. A decrease in miscellaneous revenue can be attributed to Ohio Bureau of Workers' Compensation refunds received in the prior year.

	2022	2021	Increase
	<u>Expenditures</u>	<u>Expenditures</u>	<u>(Decrease)</u>
Security of Persons and Property	\$19,206,825	\$19,029,786	\$177,039
Leisure Time Activities	998,411	908,520	89,891
Community Environment	487,465	503,659	(16,194)
Transportation	9,246	997	8,249
General Government	12,489,846	11,217,384	1,272,462
Debt Service:			
Principal Retirement	111,632	104,831	6,801
Interest and Fiscal Charges	10,594	17,396	(6,802)
Total	<u>\$33,314,019</u>	<u>\$31,782,573</u>	<u>\$1,531,446</u>

General Fund expenditures increased \$1,531,446, or approximately 5%. This can mostly be attributed to an increase in general government, which was the result of an overall increase in the cost of goods and services.

American Rescue Plant Act Fund – The City reported the expenditure of \$4,711,486 in State and Local Fiscal Recovery funds, as part of the American Rescue Plan Act for various capital improvements. The remaining \$12,487,256 of unspent funds are reflected on the balance sheet as unearned revenue.

Capital Improvement Fund – The City's Capital Improvement Fund balance increased substantially during 2022, to a balance of \$2,394,089. This can be attributed to the issuance of long-term debt as well as transfers in from the General Fund.

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund. During the course of 2022 the City amended its General Fund budget several times.

**Management's Discussion and Analysis
For the Year Ended December 31, 2022**

Unaudited

For the General Fund, original and final budgeted receipts were not materially different. Actual budget basis receipts were 20% higher than final estimates due to an increase in income tax receipts. The difference between original, final budgeted, and actual expenditures was insignificant.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2022 the City had \$228,702,801 net of accumulated depreciation invested in land, construction in progress, buildings, improvements, infrastructure, equipment and vehicles. Of this total, \$92,027,758 was related to governmental activities and \$136,675,043 to the business-type activities. The following tables show 2022 and 2021 balances:

	Governmental Activities		Increase (Decrease)
	2022	2021	
Land	\$21,065,181	\$20,262,578	\$802,603
Construction In Progress	6,512,634	614,805	5,897,829
Buildings	27,682,452	26,146,204	1,536,248
Improvements Other than Buildings	5,153,465	5,153,465	0
Infrastructure	93,006,939	91,268,550	1,738,389
Machinery and Equipment	16,264,186	15,393,516	870,670
Less: Accumulated Depreciation	<u>(77,657,099)</u>	<u>(73,438,975)</u>	<u>(4,218,124)</u>
Totals	<u>\$92,027,758</u>	<u>\$85,400,143</u>	<u>\$6,627,615</u>

Infrastructure additions included developer donated streets at Connor's Pass as well as routine street improvements. Construction in progress included City Hall building improvements, Cherry Valley Road Bridge replacement, and roundabout improvements at Fourth Street and West Main Street. Machinery and equipment additions included police cruisers, street department vehicles, and other various public safety equipment purchases. Additions to land included the purchase of two parcels at Granville Road and 21st Street, which will allow for traffic safety improvements as well as construction of a bike path. Land was also purchased on Horns Hill Road for the future site of a new fire station. Building purchases included the acquisition of space within the former Chase building. The City intends to move several departments to this new space, which will create space for Municipal Court expansion at City Hall.

	Business-Type Activities		Increase (Decrease)
	2022	2021	
Land	\$161,800	\$161,800	\$0
Construction in Progress	42,905,545	45,542,975	(2,637,430)
Buildings and Improvements	58,255,134	58,255,134	0
Infrastructure	62,374,581	44,045,483	18,329,098
Machinery and Equipment	42,632,526	42,426,279	206,247
Less: Accumulated Depreciation	<u>(69,654,543)</u>	<u>(66,622,126)</u>	<u>(3,032,417)</u>
Totals	<u>\$136,675,043</u>	<u>\$123,809,545</u>	<u>\$12,865,498</u>

Significant additions to business-type activities capital assets consisted of multiple sewer separation projects, water and storm water improvements at Tamarack and Fortieth Streets, and developer donated infrastructure at Connor's Pass. Additional information on the City's capital assets can be found in Note 8.

Debt and Other Long-Term Obligations

The following table summarizes the City's debt and other long-term obligations outstanding as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Governmental Activities:		
General Obligation Bonds	\$19,127,931	\$15,794,963
ODOT State Infrastructure Bank Loan	3,522,181	3,871,553
OPWC Loans	677,578	609,500
Long Term Note Payable	1,125,000	1,125,000
Installment Loans	2,575,347	3,406,678
Workers Compensation Retrospective Liability	238,106	465,245
Accrued Pension Liability	1,199,172	1,270,912
Compensated Absences	3,881,886	3,874,088
Total Governmental Activities	<u>32,347,201</u>	<u>30,417,939</u>
Business-Type Activities:		
General Obligation Bonds	6,457,929	6,937,070
Revenue Bonds	17,204,152	17,603,010
OWDA Loans	70,106,626	61,365,474
OPWC Loans	728,354	839,529
ODOT State Infrastructure Bank Loan	2,537,386	2,694,866
Compensated Absences	780,150	722,350
Total Business-Type Activities	<u>97,814,597</u>	<u>90,162,299</u>
Totals	<u><u>\$130,161,798</u></u>	<u><u>\$120,580,238</u></u>

Under current state statutes, the City's general obligation bonded debt issues are subject to a legal limitation based on 10.5% of the total assessed value of real and personal property. In addition, the unvoted net debt of municipal corporations cannot exceed 5.5% of the total assessed value of property. At December 31, 2022, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 12.

ECONOMIC FACTORS

The economy of the City of Newark has historically had a manufacturing base. This has resulted in an economic decline during recessionary periods. Attempts have been made recently to diversify so economic fluctuations will not impact the City as drastically.

While the City has experienced a general decline in manufacturing jobs over the past decade, two major industrial parks are located just outside the City limits and are responsible for a growth in manufacturing jobs. An Amazon distribution complex is located in nearby Etna Township along with two joint economic development zones (JEDZ) have also been created with Etna Township. The City has seen an increase in commercial and retail development in recent years that has provided a positive impact in the tax base. The unemployment in the City remains near the national average.

The City's operating budget has been affected by recession and economic uncertainty in recent years; however, an economic recovery is taking place. The income tax collections, after several years of growth, showed an 8% increase in 2022. It appears to have been impacted by the COVID 19 Pandemic. The City's operating budget however, show an increase over the same period and budgetary forecasts project that growth trend will continue. The City has focused on increasing its cash position by establishing a Budget Stabilization Fund with a dedicated revenue source provided by legislation.

REQUESTS FOR INFORMATION

The purpose of this financial report is to provide a clear picture to citizens, taxpayers, investors and creditors and any interested party of the City's accountability of the funds it receives. Please direct any questions you may have or request for additional information to: Ryan T. Bubb, City Auditor, 40 West Main Street, Newark, Ohio 43055.

***Reconciliation Of Total Governmental Fund Balances
To Net Position Of Governmental Activities
December 31, 2022***

Total Governmental Fund Balances \$ 29,023,819

***Amounts reported for governmental activities in the
statement of net position are different because***

Capital Assets used in governmental activities are not resources and therefore are not reported in the funds. 92,027,758

Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds. 6,298,672

The net pension and OPEB liabilities are not due and payable in the current period, and the net OPEB asset is not an expendable financial resource; therefore, the liabilities/asset and related deferred inflows/outflows are not reported in the governmental funds.

Deferred Outflows - Pension	11,545,480	
Deferred Inflows - Pension	(14,520,623)	
Net Pension Liability	(32,218,751)	
Deferred Outflows - OPEB	2,649,902	
Deferred Inflows - OPEB	(3,787,060)	
Net OPEB Asset	1,527,562	
Net OPEB Liability	<u>(4,919,531)</u>	(39,723,021)

Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. 402,639

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.

General Obligation Bonds Payable	(19,127,931)	
Deferred Charge on Debt Refunding	120,338	
ODOT State Infrastructure Bank Loan	(3,522,181)	
Long Term Note Payable	(1,125,000)	
Ohio Public Works Commission Loan	(677,578)

***Reconciliation Of The Statement Of Revenues, Expenditures
And Changes In Fund Balances Of Governmental Funds
To The Statement Of Activities
For the Year Ended December 31, 2022***

Net Change in Fund Balances - Total Governmental Funds \$ 3,863,109

Amounts reported for governmental activities in the statement of activities are different because

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital Outlay	10,292,833	
Depreciation Expense	<u>(4,447,101)</u>	5,845,732

Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources. 799,438

The statement of activities reports losses arising from the disposal of capital assets. Conversely, the governmental funds do not report any loss on the disposal of capital assets. (17,555)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. (111,808)

Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows:

Pension	3,520,577	
OPEB	<u>58,304</u>	3,578,881

Except for amounts reported as deferred inflows/outflows, changes in the net pension and OPEB liabilities are reported as pension/OPEB expense in the statement of activities:

Pension	(1,164,702)	
OPEB	<u>98,193</u>	(166,509)

The issuance of long-term debt provides current financial resources to governmental funds, however, has no effect on net position.

Ohio Public Works Commission Loan Proceeds	(164,819)	
General Obligation Bond Issuance	(4,540,000)	
Premium on Bond Issuance	(118,362)	
Long Term Note Issuance	<u>(1,125,000)</u>	(5,948,181)

(Continued)

CITY OF NEWARK, OHIO

Repayment of bond and loan principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Deferred Charge on Debt Refunding Amortization	(14,450)	
Bond Premium Amortization	50,394	
General Obligation Bond Principal Payment	1,275,000	
OPWC Loan Principal Payment	96,741	
ODOT State Infrastructure Bank Loan Retirement	349,372	
Long Term Note Retirement	1,125,000	
Installment Loan Principal Retirement	831,331	
Pension Liability Principal Payment	<u>71,740</u>	3,785,128

In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due. (99,350)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Compensated Absences	(56,209)	
Worker's Compensation Retrospective Liability	227,139	170,930

Internal Service Funds are used by management to charge the costs of insurance to individual funds and are not reported in the statement of activities.

Governmental fund expenditures and related internal service revenues are eliminated. The net revenue (expense) of the internal service funds is allocated among the governmental activities.

49,425

Change in Net Position of Governmental Activities

\$ 11,749,240

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Newark, Ohio (the "City") was incorporated in 1826 under the laws of the State of Ohio. The City operates under a Council-Mayor form of government.

The financial statements are presented as of December 31, 2022 and for the year then ended and have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

A. Reporting Entity

The accompanying basic financial statements comply with the provisions of Governmental Accounting Standards Board (the "GASB") Statement No. 14, *"The Financial Reporting Entity,"* as amended by GASB Statement No. 39, *"Determining Whether Certain Organizations Are Component Units"* and GASB Statement No. 61, *"The Financial Reporting Entity; Omnibus"* in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to or impose a financial burden on the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which include the following services: police and fire protection, parks and recreation, planning, zoning, street maintenance and other governmental services. In addition, the City owns and operates a water treatment and distribution system, a wastewater treatment and collection system, and a storm water collection system, which are reported as enterprise funds.

B. Basis of Presentation - Fund Accounting

The accounting policies and financial reporting practices of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of its significant accounting policies:

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund equity, revenues and expenditures (expenses). The following fund types are used by the City:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Governmental Funds

Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's major governmental funds:

General Fund - This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

American Rescue Plan Act Fund – This fund is used to account for Coronavirus State and Local Fiscal Recovery funds received as part of the American Rescue Plan Act. The funds are to be used to support the response and recovery from the COVID-19 public health emergency.

Capital Improvement Fund – This fund is used to account for financial resources used for the major capital projects undertaken by the City.

Proprietary Funds

All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets, liabilities, and deferred outflows/inflows of resources associated with the operation of these funds are included on the statement of net position. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in net position.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

Water Fund – To account for the operation of the City's water service.

Sewer Fund – To account for the operation of the City's sanitary sewer service.

Storm Water Fund – To account for the operation of the City's storm water drainage system.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation - Fund Accounting (Continued)

Internal Service Fund - To account for the accumulation and allocation of costs associated with the City's health and dental self-insurance program.

Fiduciary Funds

Fiduciary funds are used to account for assets the City holds in a trustee capacity or as an agent for individuals, private organizations, other governments and other funds. Fiduciary activities are accounted for on an "economic resources" measurement focus.

Custodial Funds -The custodial funds account for municipal court monies, fines for the Licking County law library and Joint Economic Development District income tax collections.

C. Basis of Presentation – Financial Statements

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities.

Interfund receivables and payables between governmental and business-type activities have been eliminated in the government-wide statement of net position.

The government-wide statements are prepared using the economic resources measurement focus. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Presentation – Financial Statements (Continued)

Fund Financial Statements – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets, current liabilities, and deferred outflows/inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary and custodial funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, liabilities, and deferred outflows/inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

D. Basis of Accounting

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses in the accounts and reported in the financial statements, and relates to the timing of the measurements made. The accounting and reporting treatment applied to a fund is determined by its measurement focus.

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basis of Accounting (Continued)

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from property taxes is recognized in the period for which the taxes are levied and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis.

Revenue considered susceptible to accrual at year end includes income taxes, property taxes, interest on investments and state levied locally shared taxes (including motor vehicle license fees and local government assistance). Licenses, permits, charges for service and other miscellaneous revenues are recorded as revenue when received in cash because generally this revenue is not measurable until received.

Special assessment installments including related accrued interest, which are measurable but not available at December 31, are recorded as deferred inflows of resources. Property taxes which are measurable at December 31, 2022 but are not intended to finance 2022 operations, and delinquent property taxes whose availability is indeterminate, are recorded as deferred inflows of resources. Property taxes are further described in Note 5.

The accrual basis of accounting is utilized for reporting purposes by the government-wide financial statements, proprietary funds, and custodial funds. Revenues are recognized when they are earned and expenses recognized when incurred.

E. Budgetary Process

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the tax budget, the certificate of estimated resources and the appropriation ordinance, all of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

All funds other than custodial funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The Mary E. Barnes Trust Fund (special revenue fund) was not budgeted and only exists on a GAAP basis. The primary level of budgetary control is at the department level by object code. Budgetary modifications may be made only by ordinance of the City Council.

1. Tax Budget

The Mayor submits an annual tax budget for the following fiscal year to City Council by July 15 for consideration and passage. The adopted budget is submitted to the County Auditor, as Secretary of the County Budget Commission, by July 20 of each year for the period January 1 to December 31 of the following year.

2. Estimated Resources

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or if actual receipts exceed current estimates. The amounts reported on the budgetary statements reflect the amounts in the final amended official certificate of estimated resources issued during 2022.

3. Appropriations

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the department and object code level. The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified by the County Budget Commission. During the year, several supplemental appropriations were necessary to budget contingency funds, intergovernmental grants and proceeds of debt issues.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

3. Appropriations (Continued)

The allocation of appropriations among departments and objects within a fund may be modified during the year only by an ordinance of City Council. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual for the General Fund and Major Special Revenue Fund" are provided on the budgetary basis to provide a comparison of actual results with the final budget, including all amendments and modifications.

4. Lapsing of Appropriations

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

This space intentionally left blank.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Budgetary Process (Continued)

5. Budgetary Basis of Accounting

The City's budgetary process accounts for the City's transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on the cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary cash basis statements for the General Fund and Major Special Revenue Fund:

	Net Change in Fund Balance	
	General Fund	American Rescue Plan Act Fund
GAAP Basis (as reported)	\$1,281,518	\$0
Increase (Decrease):		
Accrued Revenues at December 31, 2022 received during 2023	(2,885,304)	0
Accrued Revenues at December 31, 2021 received during 2022	2,914,679	0
Accrued Expenditures at December 31, 2022 paid during 2023	2,243,024	12,536,372
Accrued Expenditures at December 31, 2021 paid during 2022	(1,593,570)	(8,716,715)
Change in Inventory	(862)	0
2021 Prepays for 2022	69,472	0
2022 Prepays for 2023	(72,259)	0
Outstanding Encumbrances	(1,596,139)	(11,747,178)
Budget Basis	<u>\$360,559</u>	<u>(\$7,927,521)</u>

F. Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits, the State Treasury Asset Reserve (STAR Ohio), and short-term certificates of deposit with original maturities of three months or less. The Star Ohio and certificates of deposit are considered cash equivalents because they are highly liquid investments. See Note 4, "Cash, Cash Equivalents and Investments."

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Investments

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. The City allocates interest among certain funds based upon the fund's cash balance at the date of investment. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72, "Fair Value Measurement and Application," the City records all its investments at fair value except for nonparticipating investment contracts which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. See Note 4, "Cash, Cash Equivalents and Investments."

The City's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the City. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. For fiscal year 2022, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

H. Inventory

On the government-wide financial statements and in the proprietary funds, inventories are presented at cost on a first-in, first-out basis and are expensed when used. Inventories of governmental funds are stated at cost. The cost of inventory items is recorded as an expenditure in the governmental funds when purchased.

I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2022, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Capital Assets and Depreciation

Capital assets are defined by the City as assets with an initial, individual cost of more than \$15,000.

1. Property, Plant and Equipment - Governmental Activities

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at acquisition value at the date received. Capital assets include land, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

2. Property, Plant and Equipment – Business Type Activities

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at acquisition value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

<u>Description</u>	<u>Governmental and Business-Type Activities Estimated Lives (in years)</u>
Buildings	45
Improvements other than Buildings	60
Machinery, Equipment, Furniture and Fixtures	3 - 10
Infrastructure	15 - 75

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

K. Long-Term Obligations

Long-term liabilities are being repaid from the following funds:

<u>Obligation</u>	<u>Fund</u>
General Obligation Bonds	Water Fund, Sewer Fund, Storm Water Fund Tax Increment Financing Fund Debt Service Fund
OWDA Loans	Water Fund, Sewer Fund, Storm Water Fund
OPWC Loans	Permissive License Tax Fund, Sewer Fund
Capital Leases	General Fund, Capital Improvement Fund
Compensated Absences	General Fund Street Department Fund Community Development Fund, Safety Grants Fund, Court Computerization Fund, Probation Grant Fund, Judicial Fund Water Fund Sewer Fund Storm Water Fund
Accrued Pension Liability	General Fund
Worker's Compensation Retrospective Liability	General Fund
ODOT SIB Loan	Tax Increment Financing Fund, Permissive License Tax Fund, Water Fund, Sewer Fund, Storm Water Fund
Long Term Notes	Capital Improvement Fund

L. Compensated Absences

Employees of the City earn vacation leave at various rates within limits specified under collective bargaining agreements or under statute. At termination or retirement, employees are paid at their full rate for one-hundred percent (100%) of their unused vacation leave.

Sick leave is accrued by all employees at the rate of 4.615 hours every two weeks for a total of fifteen days of sick leave accrued per year. A percentage of accrued sick leave time is liquidated in cash at termination (in good standing) or at retirement. The rate of cash compensation for sick leave payout varies within specified limits under collective bargaining agreements or under law. Generally, employees with ten years of continuous service may receive 33% of their accrued sick leave if they terminate in good standing prior to retirement. Employees who elect to retire after 25 years of credit in the retirement system receive 50% of their accrued sick leave at time of retirement. Cash compensation for sick leave is paid at the employee's full rate of pay at the time of termination or retirement.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

L. Compensated Absences (Continued)

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees who are expected to become eligible in the future to receive such payments. In accordance with GASB Statement No. 16, "*Accounting for Compensated Absences*," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered or to rights that vest or accumulate, and when payment of the obligation is probable and can be reasonably determined. For governmental funds, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. For governmental funds, the portion of unpaid compensated absences expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." The long-term portion of the liability is reported in the Government-wide Statements under Long-term Liabilities.

M. Net Position

Net position represents the difference between assets, liabilities, and deferred outflows/inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

N. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements. In order to avoid distorting the measurement of the cost of individual functional activities, entries are made to eliminate the activity provided by the internal service funds to those funds considered governmental and those considered business-type. The elimination of the internal service funds is based on the activity of each fund to which it provides service. Interfund services provided and used are not eliminated through the process of consolidation.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

O. Pension/OPEB

The provision for pension/OPEB cost is recorded when the related payroll is accrued and the obligation is incurred. For purposes of measuring the net pension and OPEB liability/asset, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB systems report investments at fair value.

P. Fund Balances

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

Nonspendable – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

Restricted – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

Committed – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

Assigned – Assigned fund balance consists of amounts that are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. The City has no formal policy authorizing a body or official to assign amounts for specific purposes.

Unassigned – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted (committed, assigned and unassigned) resources as they are needed. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Q. Restricted Assets

Restricted cash and investments are amounts restricted in use for a bond reserve account, matured bonds and interest payable, cemetery care and maintenance, fire department operations, and permissive tax monies held and secured by Licking County.

R. Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water treatment and distribution, wastewater collection and treatment, and storm water collection. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

S. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City and that are either unusual in nature or infrequent in occurrence. The City had no special or extraordinary items to report during 2022.

T. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows for the deferred charge on debt refunding and for deferred pension/OPEB amounts. The deferred charge on debt refunding is reported in the government-wide statement of net position and proprietary funds statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows of resources are reported for pension/OPEB amounts on the government-wide and proprietary funds statement of net position. See Notes 9 and 10.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

T. Deferred Outflows/Inflows of Resources (Continued)

In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, *unavailable amounts*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for property taxes, income taxes, special assessments, and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources related to pension/OPEB are reported on the government-wide and proprietary funds statement of net position. See Notes 9 and 10.

U. Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLE

For 2022, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 87, “Leases,” Statement No. 91, “Conduit Debt Obligations,” Statement No. 92, “Omnibus 2020,” and Statement No. 93, “Replacement of Interbank Offered Rates.”

GASB Statement No. 87 establishes standards of accounting and financial reporting for leases.

GASB Statement No. 91 establishes a single method of reporting conduit debt obligations.

GASB Statement No. 92 establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments.

GASB Statement No. 93 establishes accounting and financial reporting requirements related to the replacement of interbank offered rates in hedging derivative instruments and leases.

The implementation of these Statements had no effect on beginning net position/fund balance.

This space intentionally left blank.

CITY OF NEWARK, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 3 – FUND BALANCE CLASSIFICATION

Fund balance is classified as nonspendable, restricted, assigned, and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General Fund	American Rescue Plan Act Fund	Capital Improvement Fund	Other Governmental Funds	Total Governmental Funds
Nonspendable:					
Supplies Inventory	\$200,335	\$0	\$0	\$367,936	\$568,271
Prepaid Items	72,259	0	0	0	72,259
Total Nonspendable	<u>272,594</u>	<u>0</u>	<u>0</u>	<u>367,936</u>	<u>640,530</u>
Restricted:					
Community Development	0	0	0	2,970,476	2,970,476
Capital Acquisition and Improvement	0	0	966,440	446,534	1,412,974
Cemetery Maintenance	0	0	0	1,316,845	1,316,845
Memorial Sidewalk Program	0	0	0	77,317	77,317
Street Maintenance	0	0	0	2,956,273	2,956,273
Addiction Treatment	0	0	0	15,364	15,364
Adult Probation Program	0	0	0	56,716	56,716
Covid Relief	0	0	0	16	16
Fire Damage Deposits	0	0	0	119,563	119,563
Court Improvements	0	0	0	1,981,400	1,981,400
Law Enforcement	0	0	0	724,164	724,164
Police and Fire Pension	0	0	0	53,163	53,163

Total Fund Balances	<u>\$13,049,509</u>	<u>\$0</u>	<u>\$2,394,089</u>	<u>\$13,580,221</u>	<u>\$29,023,819</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash resources of several individual funds are combined to form a pool of cash and investments. In addition, investments are separately held by a number of individual funds.

Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to fair value daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 4 - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions, and
- The State Treasury Asset Reserve of Ohio (STAR Ohio).

Custodial credit risk is the risk that in the event of bank failure, the City's deposits may not be returned to it. The City has no deposit policy for custodial risk beyond the requirements of State statute.

Ohio law requires that deposits be either insured or be protected by eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

A. Deposits

At year end the carrying amount of the City's deposits was \$26,978,905 and the bank balance was \$27,372,593. Federal depository insurance covered \$20,636,411 of the bank balance and \$6,736,182 was uninsured and collateralized with securities held in the Ohio Pooled Collateral System.

* Corporate Equities do not have a maturity

¹ Standard & Poor's

² Moody's Investor Service

³ All are fully FDIC insured and therefore have an implied AAA credit rating

⁴ Reported at amortized cost

Interest Rate Risk – The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. The City's investment policy is consistent with the Ohio Revised Code concerning interest rate risk.

Investment Credit Risk – The City's investment policy does not limit its investment choices other than the limitation of State statute for "interim" funds described previously.

Concentration of Credit Risk – The City places no limit on the amount it may invest in any one issuer. The allocation of investments is detailed above.

Custodial Credit Risk – The City's balance of investments are held by the trust department of its banking institution in the City's name. The City has no policy on custodial credit risk and is governed by Ohio Revised Code as described under Deposits.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Level 2 inputs are significant other observable inputs. Investments classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 5 - TAXES

A. Property Taxes

Property taxes include amounts levied against all real estate and public utility property located in the City. Real property taxes (other than public utility) collected during 2022 were levied after October 1, 2021 on assessed values as of January 1, 2021, the lien date. Assessed values are established by the county auditor at 35 percent of appraised market value. All property is required to be reappraised every six years and equalization adjustments are made in the third year following reappraisal. The last reappraisal was completed in 2017. Real property taxes are payable annually or semi-annually. The first payment is due January 20, with the remainder payable by June 20.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100 percent of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Newark. The County Auditor periodically remits to the City its portion of the taxes collected.

The full tax rate for the City's operations for the year ended December 31, 2022 was \$3.70 per \$1,000 of assessed value. The assessed value upon which the 2022 collections was based was \$995,719,300. This amount constitutes \$952,616,370 in real property assessed value and \$43,102,930 in public utility assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .37% (3.70 mills) of assessed value.

B. Income Tax

The City levies a tax of 1.75% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of 1.00% of taxable salaries, wages, commissions and other compensation.

Employers within the City are required to withhold income tax on employees' compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 6 - RECEIVABLES

Receivables at December 31, 2022 consisted of taxes, interest, accounts, loans, and intergovernmental receivables arising from shared revenues. All receivables are considered fully collectible.

NOTE 7 – INTERFUND ACTIVITY

A. Transfers

Following is a summary of transfers in and out for all funds for 2022:

Fund	Transfer In	Transfer Out
Governmental Funds:		
General Fund	\$0	\$4,428,751
Capital Improvement Fund	1,736,414	0
Other Governmental Funds	2,745,750	53,413
Total Governmental Funds	4,482,164	4,482,164
Proprietary Funds:		
Water Fund	0	20,053
Sewer Fund	619,026	0
Storm Water Fund	0	598,973
Total Enterprise Funds	619,026	619,026
Total Transfers	\$5,101,190	\$5,101,190

Transfers for the year ended December 31, 2022 included \$1,683,001 transferred from the General Fund to Capital Improvement Fund which were EMS receipts dedicated to capital improvements as well as the General Fund’s share of capital projects. In addition, the General Fund transferred \$2,255,819 to the Debt Service Funds for debt payments, \$41,431 to the ODNR Grants Fund for the City’s share of grant amounts, and \$448,500 to the Street Department Fund for street improvements. Transfers from Other Governmental funds of \$53,413 were the result of the reclass of debt retirement. Transfers out of the Water and Storm Water Funds to the Sewer Fund were for debt retirement reclassification. All transfers were made in accordance with Ohio Revised Code.

B. Interfund Balances

Individual interfund balances at December 31, 2022 are as follows:

Fund	Interfund Loan Receivable	Interfund Loan Payable
General Fund	\$7,712	\$0
Other Governmental Funds	0	7,712
Totals	\$7,712	\$7,712

Interfund balances at December 31, 2022, consisted of general fund advances to nonmajor special revenue funds due to deficit cash balances and the timing of reimbursement of expenditures.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 8 - CAPITAL ASSETS

A. Governmental Activities Capital Assets

Summary by category of changes in governmental activities capital assets at December 31, 2022:

Historical Cost:

Class	December 31, 2021	Additions	Deletions	December 31, 2022

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 9 – DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS’ traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS’ fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member’s career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member’s career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member’s pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost-of-living adjustment.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3.00% simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3.00%.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.00% to the member’s FAS for the first 30 years of service.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member’s FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS’s Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member’s contributions plus or minus the investment gains or losses resulting from the member’s investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members’ contributions, vested employer contributions and investment gains or losses resulting from the members’ investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit. For additional information, see the Plan Statement in the OPERS Annual Comprehensive Financial Report.

Beginning in 2022, the Combined Plan will be consolidated under the Traditional Pension Plan (defined benefit plan) and the Combined Plan option will no longer be available for new hires beginning in 2022.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
2022 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee	10.0 %
2022 Actual Contribution Rates	
Employer:	
Pension	14.0 %
Post-employment Health Care Benefits	<u>0.0</u>
Total Employer	<u>14.0 %</u>
Employee	<u>10.0 %</u>

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City’s contractually required contribution was \$1,524,417 for 2022.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Plan Description – Ohio Police & Fire Pension Fund (OPF)

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OPF fiduciary net position. The report that may be obtained by visiting the OPF website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit. (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, will receive a COLA equal to either 3.00% or the percent increase, if any, in the consumer price index (CPI) over the 12-month period ending on September 30 of the immediately preceding year, whichever is less. The COLA amount for members with at least 15 years of service credit as of July 1, 2013 is equal to 3.00% of their base pension or disability benefit.

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>	<u>Firefighters</u>
2022 Statutory Maximum Contribution Rates		
Employer	19.50 %	24.00 %
Employee	12.25 %	12.25
2022 Actual Contribution Rates		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	<u>0.50</u>	<u>0.50</u>
Total Employer	<u>19.50 %</u>	<u>24.00 %</u>
Employee	12.25 %	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City’s contractually required contribution to OPF was \$2,501,298 for 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF’s total pension liability was measured as of December 31, 2021, and was determined by rolling forward the total pension liability as of January 1, 2021, to December 31, 2021. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$6,249,496	\$28,040,115	\$34,289,611
Proportion of the Net Pension Liability-2022	0.071830%	0.448827%	
Proportion of the Net Pension Liability-2021	<u>0.070820%</u>	<u>0.431171%</u>	
Percentage Change	<u>0.001010%</u>	<u>0.017656%</u>	
Pension Expense	(\$731,713)	\$1,697,400	\$965,687

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Changes in assumptions	\$781,496	\$5,124,528	\$5,906,024
Differences between expected and actual experience	318,592	808,513	1,127,105
Change in proportionate share	349,805	1,186,563	1,536,368
City contributions subsequent to the measurement date	<u>1,524,417</u>	<u>2,501,298</u>	<u>4,025,715</u>
Total Deferred Outflows of Resources	<u>\$2,974,310</u>	<u>\$9,620,902</u>	<u>\$12,595,212</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on pension plan investments	\$7,433,554	\$7,351,684	\$14,785,238
Differences between expected and actual experience	137,066	1,457,701	1,594,767
Change in proportionate share	<u>137,590</u>	<u>649,255</u>	<u>786,845</u>
Total Deferred Inflows of Resources	<u>\$7,708,210</u>	<u>\$9,458,640</u>	<u>\$17,166,850</u>

\$4,025,715 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Year Ending December 31:			
2023	(\$794,929)	(\$195,143)	(\$990,072)
2024	(2,532,955)	(1,907,923)	(4,440,878)
2025	(1,747,931)	(576,873)	(2,324,804)
2026	(1,182,502)	(352,151)	(1,534,653)
2027	<u>0</u>	<u>693,054</u>	<u>693,054</u>
Total	<u>(\$6,258,317)</u>	<u>(\$2,339,036)</u>	<u>(\$8,597,353)</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2021 and December 31, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>December 31, 2021</u>
Wage Inflation	2.75 percent
Future Salary Increases, including inflation	2.75 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2022. 2.05 percent simple, thereafter
Investment Rate of Return	6.9 percent
Actuarial Cost Method	Individual Entry Age
	<u>December 31, 2020</u>
Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	0.5 percent simple through 2021. 2.15 percent simple, thereafter
Investment Rate of Return	7.2 percent
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five year period ended December 31, 2020.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. Best estimates of arithmetic real rates of return were provided by the Board’s investment consultant. For each major asset class that is included in the Defined Benefit portfolio’s target asset allocation as of December 31, 2021, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	24.00 %	1.03 %
Domestic Equities	21.00	3.78
Real Estate	11.00	3.66
Private Equity	12.00	7.43
International Equities	23.00	4.88
Risk Parity	5.00	2.92
Other Investments	4.00	2.85
Total	100.00 %	4.21 %

Discount Rate The discount rate used to measure the total pension liability was 6.9 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the City’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 6.9 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (5.9 percent) or one-percentage-point higher (7.9 percent) than the current rate:

	1% Decrease (5.90%)	Current Discount Rate (6.90%)	1% Increase (7.90%)
City's proportionate share of the net pension liability	\$16,477,084	\$6,249,496	(\$2,261,208)

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Actuarial Assumptions – OPF

OPF’s total pension liability as of December 31, 2021 is based on the results of an actuarial valuation date of January 1, 2021, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of the payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2021, compared with January 1, 2020, are presented below.

	January 1, 2021	January 1, 2020
Valuation Date	January 1, 2021, with actuarial liabilities rolled forward to December 31, 2021	January 1, 2020, with actuarial liabilities rolled forward to December 31, 2020
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	7.5 percent	8.0 percent
Projected Salary Increases	3.75 percent to 10.5 percent	3.75 percent to 10.5 percent
Payroll Growth	Inflation rate of 2.75 percent plus productivity increase rate of 0.5	Inflation rate of 2.75 percent plus productivity increase rate of 0.5
Cost of Living Adjustments	2.2 percent simple	2.2 percent simple

For the January 1, 2021 valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

Age	Police	Fire
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

For the January 1, 2021 valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Age	Police	Fire
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF’s target asset allocation as of December 31, 2021 are summarized below:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash and Cash Equivalents	0.00 %	0.00 %
Domestic Equity	21.00	3.60
Non-US Equity	14.00	4.40
Private Markets	8.00	6.80
Core Fixed Income *	23.00	1.10
High Yield Fixed Income	7.00	3.00
Private Credit	5.00	4.50
U.S. Inflation Linked Bonds*	17.00	0.80
Midstream Energy Infrastructure	5.00	5.00
Real Assets	8.00	5.90
Gold	5.00	2.40
Private Real Estate	12.00	4.80
Total	<u>125.00 %</u>	

* levered 2.5x

Note: Assumptions are geometric

OPF’s Board of Trustees has incorporated the “risk parity” concept into OPF’s asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 9 – DEFINED BENEFIT PENSION PLANS (Continued)

Discount Rate For 2021, the total pension liability was calculated using the discount rate of 7.50 percent. The discount rate used for 2020 was 8.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 7.50 percent. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent), or one percentage point higher (8.50 percent) than the current rate.

	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
City's proportionate share of the net pension liability	\$41,583,100	\$28,040,115	\$16,762,153

This Space Intentionally Left Blank

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS

Net OPEB Liability (Asset)

The net OPEB liability (asset) reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability (asset) represents the City’s proportionate share of each OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan’s fiduciary net position. The net OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which OPEB are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability (asset). Resulting adjustments to the net OPEB liability (asset) would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net OPEB liability (asset)* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

Currently, Medicare-eligible retirees are able to select medical and prescription drug plans from a range of options and may elect optional vision and dental plans. Retirees and eligible dependents enrolled in Medicare Parts A and B have the option to enroll in a Medicare supplemental plan with the assistance of the OPERS Medicare Connector. The OPERS Medicare Connector is a relationship with a vendor selected by OPERS to assist retirees, spouses and dependents with selecting a medical and pharmacy plan. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are deposited into an HRA. For non-Medicare retirees and eligible dependents, OPERS sponsors medical and prescription coverage through a professionally managed self-insured plan. An allowance to offset a portion of the monthly premium is offered to retirees and eligible dependents. The allowance is based on the retiree's years of service and age when they first enrolled in OPERS coverage.

Medicare-eligible retirees who choose to become re-employed or survivors who become employed in an OPERS-covered position are prohibited from participating in an HRA. For this group of retirees, OPERS sponsors secondary coverage through a professionally managed self-insured program. Retirees who enroll in this plan are provided with a monthly allowance to offset a portion of the monthly premium. Medicare-eligible spouses and dependents can also enroll in this plan as long as the retiree is enrolled.

OPERS provides a monthly allowance for health care coverage for eligible retirees and their eligible dependents. The base allowance is determined by OPERS.

Effective January 1, 2022, OPERS will discontinue the group plans currently offered to non-Medicare retirees and re-employed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan. OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses. These changes are reflected in the December 31, 2020, measurement date health care valuation.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have 20 or more years of qualifying Ohio service credit with a minimum age of 60, or generally 30 years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. Current retirees eligible (or who become eligible prior to January 1, 2022) to participate in the OPERS health care program will continue to be eligible after January 1, 2022. Eligibility requirements will change for those retiring after January 1, 2022, with differing eligibility requirements for Medicare retirees and non-Medicare retirees. See OPERS' Annual Comprehensive Financial Report referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, health care is not being funded.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2022, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2022. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2022 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$0 for 2022.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2022, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contractually required contribution to OP&F was \$58,304 for 2022.

OPEB Liabilities (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2020, rolled forward to the measurement date of December 31, 2021, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2021, and was determined by rolling forward the total OPEB liability as of January 1, 2021, to December 31, 2021. The City's proportion of the net OPEB liability (asset) was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Proportionate Share of the Net OPEB Liability (Asset)	(\$2,284,595)	\$4,919,531	\$2,634,936
Proportion of the Net OPEB Liability (Asset) -2022	0.072940%	0.448827%	
Proportion of the Net OPEB Liability (Asset) -2021	<u>0.071656%</u>	<u>0.431171%</u>	
Percentage Change	<u>0.001284%</u>	<u>0.017656%</u>	
OPEB Expense	(\$1,825,140)	\$224,104	(\$1,601,036)

CITY OF NEWARK, OHIO

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

At December 31, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Changes in assumptions	\$0	\$2,177,536	\$2,177,536
Differences between expected and actual experience	0	223,794	223,794
Change in proportionate share	87,209	131,850	219,059
City contributions subsequent to the measurement date	0	58,304	58,304
Total Deferred Outflows of Resources	<u>\$87,209</u>	<u>\$2,591,484</u>	<u>\$2,678,693</u>
Deferred Inflows of Resources			
Net difference between projected and actual earnings on OPEB plan investments	\$1,089,132	\$444,395	\$1,533,527
Changes in assumptions	924,778	571,374	1,496,152
Differences between expected and actual experience	346,539	650,188	996,727
Change in proportionate share	0	542,825	542,825
Total Deferred Inflows of Resources	<u>\$2,360,449</u>	<u>\$2,208,782</u>	<u>\$4,569,231</u>

\$58,304 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
2023	(\$1,372,595)	\$25,081	(\$1,347,514)
2024	(506,256)	(40,893)	(547,149)
2025	(237,968)	8,367	(229,601)
2026	(156,421)	63,675	(92,746)
2027	0	127,787	127,787
2028	0	87,129	87,129
2029	0	53,252	53,252
Total	<u>(\$2,273,240)</u>	<u>\$324,398</u>	<u>(\$1,948,842)</u>

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2020, rolled forward to the measurement date of December 31, 2021. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	2.75 percent
Projected Salary Increases, including inflation	2.75 to 10.75 percent including wage inflation
Single Discount Rate:	
Current measurement date	6.00 percent
Prior measurement date	6.00 percent
Investment Rate of Return:	
Current measurement date	6.00 percent
Prior measurement date	6.00 percent
Municipal Bond Rate:	
Current measurement date	1.84 percent
Prior measurement date	2.00 percent
Health Care Cost Trend Rate:	
Current measurement date	5.5 percent initial, 3.5 percent ultimate in 2034
Prior measurement date	8.5 percent initial, 3.5 percent ultimate in 2035
Actuarial Cost Method	Individual Entry Age Normal

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five year period ended December 31, 2020.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. Best estimates of arithmetic rates of return were provided by OPERS investment consultant. For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2021, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	34.00 %	0.91 %
Domestic Equities	25.00	3.78
Real Estate Investment Trust	7.00	3.71
International Equities	25.00	4.88
Risk Parity	2.00	2.92
Other investments	7.00	1.93
Total	100.00 %	3.45 %

Discount Rate A single discount rate of 6.00 percent was used to measure the OPEB liability on the measurement date of December 31, 2021. A single discount rate of 6.00 percent was used to measure the OPEB liability on the measurement date of December 31, 2020. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 1.84 percent (Fidelity Index's "20-Year Municipal GO AA Index").

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2121. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2121, the duration of the projection period through which projected health care payments are fully funded.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate The following table presents the City's proportionate share of the net OPEB liability (asset) calculated using the single discount rate of 6.00 percent, as well as what the City's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (5.00 percent) or one-percentage-point higher (7.00 percent) than the current rate:

	1% Decrease (5.00%)	Current Discount Rate (6.00%)	1% Increase (7.00%)
City's proportionate share of the net OPEB liability (asset)	(\$1,343,555)	(\$2,284,595)	(\$3,065,668)

Sensitivity of the City's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability (asset). The following table presents the net OPEB liability (asset) calculated using the assumed trend rates and the expected net OPEB liability (asset) if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2022 is 5.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

	1% Decrease	Current Health Care Cost Trend Rate Assumption	1% Increase
City's proportionate share of the net OPEB liability (asset)	(\$2,309,280)	(\$2,284,595)	(\$2,255,305)

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Actuarial Assumptions – OP&F

OP&F’s total OPEB liability as of December 31, 2021, is based on the results of an actuarial valuation date of January 1, 2021, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F’s actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee’s entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Valuation Date	January 1, 2021, with actuarial liabilities rolled forward to December 31, 2021	January 1, 2020, with actuarial liabilities rolled forward to December 31, 2020
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	7.5 percent	8.0 percent
Projected Salary Increases	3.75 percent to 10.5 percent	3.75 percent to 10.5 percent
Payroll Growth	Inflation rate of 2.75 percent plus productivity increase rate of 0.5	Inflation rate of 2.75 percent plus productivity increase rate of 0.5
Single discount rate	2.84 percent	2.96 percent
Cost of Living Adjustments	2.2 percent simple	2.2 percent simple

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2021, are summarized below:

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash and Cash Equivalents	0.00 %	0.00 %
Domestic Equity	21.00	3.60
Non-US Equity	14.00	4.40
Private Markets	8.00	6.80
Core Fixed Income *	23.00	1.10
High Yield Fixed Income	7.00	3.00
Private Credit	5.00	4.50
U.S. Inflation Linked Bonds*	17.00	0.80
Midstream Energy Infrastructure	5.00	5.00
Real Assets	8.00	5.90
Gold	5.00	2.40
Private Real Estate	12.00	4.80
Total	125.00 %	

* levered 2.5x

Note: Assumptions are geometric

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate For 2021, the total OPEB liability was calculated using the discount rate of 2.84 percent. For 2020, the total OPEB liability was calculated using the discount rate of 2.96 percent. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return of 7.50 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, a municipal bond rate of 2.05 percent at December 31, 2021 and 2.12 percent at December 31, 2020, was blended with the long-term rate of 7.50 percent, which resulted in a blended discount rate of 2.84 percent for 2021 and 2.96 percent for 2020. The municipal bond rate was determined using the Bond Buyers General Obligation 20-year Municipal Bond Index Rate. The OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments until 2037. The long-term expected rate of return on health care investments was applied to projected costs through 2037, and the municipal bond rate was applied to all health care costs after that date.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 10 - DEFINED BENEFIT OPEB PLANS (Continued)

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 2.84 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.84 percent), or one percentage point higher (3.84 percent) than the current rate.

	1% Decrease (1.84%)	Current Discount Rate (2.84%)	1% Increase (3.84%)
City's proportionate share of the net OPEB liability	\$6,183,959	\$4,919,531	\$3,880,167

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate The total OPEB liability is based on a medical benefit that is a flat dollar amount; therefore, it is unaffected by a health care cost trend rate. An increase or decrease in the trend rate would have no effect on the total OPEB liability.

This Space Intentionally Left Blank

NOTE 11 - NOTES PAYABLE

The Ohio Revised Code provides that notes including renewal notes issued in anticipation of the issuance of general obligation bonds may be issued and outstanding from time to time up to a maximum period of twenty years from the date of issuance of the original notes. The maximum maturity for notes anticipating general obligation bonds payable from special assessments is five years. Any period in excess of five years must be deducted from the permitted maximum maturity of the bonds anticipated, and portions of the principal amount of notes outstanding for more than five years must be retired in amounts at least equal to and payable no later than those principal maturities required if the bonds had been issued at the expiration of the initial five year period. Bond anticipation notes may be retired at maturity from the proceeds of the sale of renewal notes or of the bonds anticipated by the notes, or from available funds of the City or a combination of these sources.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 12 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

The City's liability for past service costs relating to the Police and Firemen's Pension Fund at December 31, 2022 was \$1,556,874 in principal and interest payments through the year 2035. Only the principal amount of \$1,199,172 is included in the Government-wide Statement of Net Position.

The City reports Ohio Department of Transportation State Infrastructure Bank Loans for improvements to Waterworks Road, Newark-Mount Vernon Road, Ohio and Manning Street Bridges, and bike trails. These loans carry an interest rate of 3%.

In 2022, the City issued a \$1,125,000 long-term note for improvements in the Church Street area. The note carries an interest rate of 2.0%. In March 2023 these notes were paid off with proceeds from a new \$1,125,000 note issuance; therefore, these notes payable are recorded as long-term obligations.

The Water System Improvement revenue bonds are payable from the net revenue derived from operations of the water utility and are secured by a pledge of and lien on such net revenues until the bond maturity date of 2049. In 2022 the Water Fund reported \$3,172,866 of net pledged revenues for coverage of a principal and interest debt service requirement of \$1,051,869.

Downtown Sewer Separation - In 2015 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project. The total amount is subject to change and has not been finalized. The interest rate on the loan is 2.01%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2022, the City had received \$16,415,074 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2022, the loan has not been finalized and there is no amortization schedule for the loan.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 12 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

Wastewater UV Disinfection and SCADA Upgrade - In 2021 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a wastewater UV disinfection and SCADA upgrade project. The total amount is subject to change and has not been finalized. The interest rate on the loan is 0%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2022, the City had received \$3,815,435 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2022, the loan has not been finalized and there is no amortization schedule for the loan.

Fourth Street Sewer Separation - In 2019 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for a combined sewer overflow separation project at Fourth Street. The total amount is subject to change and has not been finalized. The interest rate on the loan is 0%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2022, the City had received \$18,651,682 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2022, the loan has not been finalized and there is no amortization schedule for the loan.

Interceptor Siphon - In 2020 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for an interceptor siphon project. The total amount is subject to change and has not been finalized. The interest rate on the loan is 0%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2022, the City had received \$2,398,533 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2022, the loan has not been finalized and there is no amortization schedule for the loan.

South Second Street Interceptor - In 2022 the City entered into an agreement with the OWDA, as administrator for the U. S. Environmental Protection Agency (EPA), for the City to receive a loan for the South Second Street interceptor project. The total amount is subject to change and has not been finalized. The interest rate on the loan is 0%, per annum. This loan is payable from wastewater collection and treatment charges and is received by the City in increments as the project is completed. As of December 31, 2022, the City had received \$436,149 from OWDA. Subsequent amounts will be received in future years. As of December 31, 2022, the loan has not been finalized and there is no amortization schedule for the loan.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 12 - LONG-TERM DEBT AND OTHER LONG-TERM OBLIGATIONS (Continued)

In October 2014, the City defeased \$7,780,000 of General Obligation Bonds for Police and Fire Facilities dated September 1, 2003 through the issuance of \$7,930,000 of Police and Fire Facilities Refunding Bonds. The net proceeds of the 2014 Bonds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$5,290,000 at December 31, 2022 are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

In October 2017 the City refunded \$1,305,000 of Storm Water Improvement Bonds dated 2009, \$1,005,000 of Storm Water Improvement Bonds dated 2011, \$985,000 of Various Purpose Street Bonds dated 2010, and \$885,000 of Landfill Reclamation Bonds dated 2011 through the issuance of \$4,365,000 of General Obligation Bonds. The net proceeds of the 2017 Bonds were used to currently refund the 2010 Various Purpose Bonds. The remaining net proceeds have been invested in obligations guaranteed as to both principal and interest by the United States and placed in irrevocable escrow accounts which, including interest earned, will be used to pay the principal and interest on the refunded bonds. The refunded bonds, which have an outstanding balance of \$2,520,000 at December 31, 2022 are not included in the City's outstanding debt since the City has in-substance satisfied its obligations through the advance refunding.

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 13 - INSURANCE AND RISK MANAGEMENT

The City is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees and natural disasters.

A. Shared Risk Pool

The City is a participant in the Public Entities Pool of Ohio (“PEP Pool”). The PEP Pool was established in 1987 and is administered under contract by the York Risk Pooling Services, Inc. to provide Ohio municipalities with the most cost-effective, comprehensive coverage in the state.

The Pool’s general objectives are to provide for a joint or cooperative action by Members relative to their financial and administrative resources for the purpose of providing risk management services and risk-sharing facilities to the Members and to the Members’ employees, and to defend and protect any Member of the Pool against liability.

Members of the Pool may withdraw coverage upon 60 days written notice. Each participant makes an annual “contribution” to the Pool for the coverage they are provided based on their exposures and rates established by the Pool using anticipated and actual results of operation for the various coverage’s provided.

The City of Newark obtained insurance coverage from the Pool for losses relating to General liability, Law Enforcement liability, Public Officials liability, Auto liability/Physical Damage, and Property coverage.

Adequate and appropriate reinsurance is essential to protect the financial integrity of a group self-insurance program. PEP is a Member of a unique reinsurance pool known as American Public Entity Excess Pool (APEEP).

The City of Newark carries commercial insurance coverage for all other risks, including but not limited to Property, Boiler and Machinery, Crime, and Auto. There have been no reductions in insurance coverage’s from the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

This Space Intentionally Left Blank

***Notes to the Basic Financial Statements
For the Year Ended December 31, 2022***

NOTE 13 - INSURANCE AND RISK MANAGEMENT (Continued)

B. Self Insurance

The City established a Self-Insurance Fund (internal service fund) to account for and finance its health and dental uninsured risks of loss. Under this program, the Self-Insurance Fund provides coverage for up to a maximum of \$100,000 for health insurance claims per individual and \$1,000 for dental claims per individual. The plan is administered by a third party administrator, MedBen which monitors all claim payments. The City purchases insurance for claims in excess of health insurance coverage provided by the Self-Insurance Fund. All departments of the City participate in the program and make payments to the Self-Insurance Fund based on participation of employees and their dependents. Employees that are members of the AFSCME Union obtain dental coverage through the AFSCME organization.

A liability for unpaid claims cost of \$360,437 is based on the requirements of GASB 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Interfund premiums are based primarily upon the insured funds' claims experience.

Changes in the fund's claims liability in 2021 and 2022 were as follows:

<u>Fiscal Year</u>	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claims Payments</u>	<u>Balance at Fiscal Year End</u>
2021	\$512,669	6,489,969	(6,629,804)	\$372,834
2022	372,834	6,702,145	(6,714,542)	360,437

This space intentionally left blank.

**Notes to the Basic Financial Statements
For the Year Ended December 31, 2022**

NOTE 14 - SIGNIFICANT COMMITMENTS

A. Contractual Commitments

The City had the following significant contractual commitments at December 31, 2022:

<u>Project</u>	<u>Remaining Contractual Commitment</u>	<u>Expected Date of Completion</u>
Faye Drive Booster Station	\$3,950,097	2023
Water Plant Instrumentation and Controls	304,262	2023
40th Street/Tamarack Water Transmission Line	50,108	2023
River Road Sewer	3,000,000	2024
Eastside Water Transmission Line	3,500,000	2024
Raccoon Creek Erosion Control	1,426,000	2023
Lead Service Water Line Replacement	1,363,282	2023/2024
Fourth Street Sewer Separation	4,354,336	2023
Second Street Sewer Separation	989,694	2023
North Sewer Separation Project	5,902,303	2025
UV Upgrade Design	919,938	2023
Various Street Improvements	5,097,624	2023/2024
	<u>\$30,857,644</u>	

B. Encumbrance Commitments

At December 31, 2022 the City had encumbrance commitments in the Governmental Funds as follows:

<u>Fund</u>	<u>Encumbrances</u>
General Fund	\$1,596,139
American Rescue Plan Act Fund	11,747,177
Capital Improvement Fund	2,228,754
Other Governmental Funds	1,737,608
Total Governmental Funds	<u>\$17,309,678</u>

NOTE 15 - CONTINGENCIES

The City is a party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The City's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

NET PENSION LIABILITY

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Changes in benefit terms: There were no changes in benefit terms for the period 2014-2022.

Changes in assumptions:

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2017: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.00% to 7.50%
- Decrease in wage inflation from 3.75% to 3.25%
- Change in future salary increases from a range of 4.25%-10.02% to 3.25%-10.75%
- Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant mortality table.

2018: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2019: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 7.50% to 7.20%

2020: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Change in COLA from 3.00% to 1.4% for post 1/7/13 retirees.

2021: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Change in COLA from 1.4% to 0.5% for post 1/7/13 retirees.

2022: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Change in COLA from 0.5% to 3.00% for post 1/7/13 retirees.
- Reduction in actuarial assumed rate of return from 7.20% to 6.90%.
- Pre-retirement mortality rates are based on Pub-2010 General Employee/Safety Employee mortality tables.
- Post-retirement mortality rates are based on PubG-2010 Retiree mortality tables.
- Post-retirement mortality rates for disabled retirees are based on PubNS-2010 Disabled Retiree mortality tables for all divisions.

NET PENSION LIABILITY (Continued)

OHIO POLICE AND FIRE (OP&F) PENSION FUND

Changes in benefit terms: There were no changes in benefit terms for the period 2014-2022.

Changes in assumptions:

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2018: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.25% to 8.00%
- Decrease salary increases from 3.75% to 3.25%
- Change in payroll growth from 3.75% to 3.25%
- Reduce DROP interest rate from 4.5% to 4.0%
- Reduce CPI-based COLA from 2.6% to 2.2%
- Inflation component reduced from 3.25% to 2.75%
- For the January 1, 2017, valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006
- For the January 1, 2017, valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006

2019-2021: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2022: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.00% to 7.50%

NET OPEB LIABILITY (ASSET)

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Changes in benefit terms: There were no changes in benefit terms for the periods 2018-2021.

2022: Group plans for non-Medicare retirees and re-employed retirees replaced with individual medical plans. OPERS will provide a subsidy or allowance via an HRA.

Changes in assumptions:

For 2018, the single discount rate changed from 4.23% to 3.85%.

2019: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.85% to 3.96%.
- Reduction in actuarial assumed rate of return from 6.50% to 6.00%
- Change in health care cost trend rate from 7.5% to 10%
- The Municipal Bond Rate changed from 3.31% to 3.71%

2020: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.96% to 3.16%.
- Change in health care cost trend rate from 10.0% to 10.5%
- The Municipal Bond Rate changed from 3.71% to 2.75%

2021: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.16% to 6.00%.
- Change in health care cost trend rate from 10.5% to 8.5%
- The Municipal Bond Rate changed from 2.75% to 2.00%

2022: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- Change in health care cost trend rate from 8.5% to 5.5%
- The Municipal Bond Rate changed from 2.00% to 1.84%
- Pre-retirement mortality rates are based on Pub-2010 General Employee/Safety Employee mortality tables.
- Post-retirement mortality rates are based on PubG-2010 Retiree mortality tables.
- Post-retirement mortality rates for disabled retirees are based on PubNS-2010 Disabled Retiree mortality tables for all divisions.

NET OPEB LIABILITY (ASSET) (Continued)

OHIO POLICE AND FIRE (OP&F) PENSION FUND

Changes in benefit terms:

2018: There were no changes in benefit terms.

2019: The retiree health care model and the current self-insured health care plan were replaced with a stipend-based health care model.

2020 - 2022: There were no changes in benefit terms.

Changes in assumptions:

2018: The single discount rate changed from 3.79% to 3.24%.

2019: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.24% to 4.66%.

2020: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 4.66% to 3.56%.

2021: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.56% to 2.96%.
- The payroll growth rate changed from 2.75% to 3.25%.

2022: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 2.96% to 2.84%.

*COMBINING AND INDIVIDUAL FUND
STATEMENTS AND SCHEDULES*

*THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES INCLUDE
THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS AND FIDUCIARY
FUNDS.*

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted or committed to expenditures for specified purposes.

Street Department Fund

To account for revenues derived from the regular motor vehicle license fee and 92.55% of the fuel taxes. Expenditures are used for City street construction, maintenance and repair.

Cemetery Fund

To account for monies received from the sale of lots and performance of any other service in or about the cemeteries operated by the City.

Community Development Fund

To account for Federal grants administered through the State, which are designated for community and environmental improvements.

Special Improvement District Fund

To account for assessments which are designated for community improvements. (The Balance Sheet is not presented because there are no assets or liabilities at year end).

Veterans Memorial Sidewalk Fund

To account for funds collected for the construction of the Veteran's Sidewalk. The public purchases a brick, has it engraved with the veteran's name and the war in which they served. These bricks are then ceremoniously placed in the Veterans Memorial Sidewalk.

Police/Fire Pension Fund

To account for taxes levied toward partial payment of the current and accrued liability for police and fire disability and pension.

Safety Grants Fund

To account for expenses of various Block Grant funds designated for the safety and security of City residents.

One Ohio Opioid Settlement Fund

To account for funds collected from drug manufacturers and distributors designated for resources to assist with community recovery, prevention and treatment.

State Highway Fund

To account for the portion of the state gasoline tax designated for construction, maintenance and repair of State highways located within the City.

Law Enforcement Fund

To account for funds received by the police department for contraband, per state statute.

(Continued)

Special Revenue Funds

Landfill Reclamation Fund

To account for costs associated with remediation activities due to violation of an Ohio EPA National Pollutant Discharge Elimination System permit.

Court Computerization Fund

To account for revenues from fines to be used for computers and upgrading court computer functions.

Fire Damage Fund

To account for funds for insurance payments received and disbursed relative to fire damages incurred by City property owners.

Permissive License Tax Fund

To account for the permissive auto license taxes levied for street construction, maintenance and repairs.

Probation Grant Fund

To account for funds from State Justice Grants used to operate the Adult Probation Department. The Probation Department is an instrument whose purpose is to aid in the elimination of overcrowding problems in the county jail.

Coronavirus Relief Fund

This fund is used to account for Coronavirus Relief funds received through passage of the CARES Act. These funds can be used for necessary expenditures incurred due to the Covid-19 public health emergency.

Ohio Department of Natural Resources (ODNR) Grants Fund

This fund accounts for grants used for bike path improvements as well as improvements to City parks. (The Balance Sheet is not presented because there are no assets or liabilities at year end).

Mary E. Barnes Trust Fund

To account for the funds and investment earnings as stipulated in the bequest. Monies must be used for the Fire Department. (This fund is not part of the City's appropriated budget, therefore no budgetary schedule is presented.)

Brownfield Cleanup Fund

To account for monies from the Environmental Protection Agency to be used for brownfield assessment and cleanup planning. (The Balance Sheet is not presented because there are no assets or liabilities at year end).

Judicial Fund

To account for court costs to be set aside and used for judicial purposes.

(Continued)

Debt Service Funds

The Debt Service Funds are used to account for retirement of the City's general obligation and special assessment bonds.

Debt Service Fund

To account for the accumulation of resources for the payments of general obligation debt of the City including self-supporting obligations not otherwise paid from proprietary funds.

Tax Increment Financing Fund

To account for payments received in lieu of taxes to be used for the retirement of debt issued to finance projects in designated tax increment financing districts.

Capital Projects Funds

The Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds.

Court Capital Improvement Fund

To account for the revenues and expenditures designated for the capital improvements made to Municipal Court facilities.

Fiduciary Funds

Fiduciary fund types are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds.

Custodial Funds

Municipal Court Fund

To account for funds that flow through the municipal court office.

Law Library Fund

To account for funds collected for the remittance of fines and forfeitures to the County Law Library.

Joint Economic Development District Fund (JEDD)

To account for monies generated by the Etna Corporate Park Economic Development Zone and distributed to the appropriate local governments.

STATISTICAL SECTION

STATISTICAL TABLES

This part of the City’s annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

Contents

Financial Trends	S 2 – S 13
These schedules contain trend information to help the reader understand how the City’s financial position has changed over time.	
Revenue Capacity	S 14 – S 17
These schedules contain information to help the reader understand and assess the factors affecting the City’s ability to generate its most significant local revenue sources, the income tax.	
Debt Capacity	S 18 – S 27
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	
Economic and Demographic Information	S 28 – S 31
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City’s financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
Operating Information	S 32 – S 37
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	
Sources Note:	
Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
