We have examined the Dohn Community High School, Hamilton County, Ohio (the School's) management's assertion that the census data and pensionable wages reported to the State Teachers Retirement System of Ohio (STRS of Ohio) as of June 30, 2023, and for the year then ended, was accurate and complete.

Management asserts that:

- The census data provided to STRS of Ohio as of June 30, 2023 is accurate and complete. Census data includes
  - First and Last Name;
  - Last four digits of the social security number;
  - Contributions remitted to the plan; and
  - Pensionable Compensation.
- The census data provided to STRS of Ohio as of June 30, 2023 included all enrolled employees.
- Census data changes occurring during the year ended June 30, 2023 to an enrolled employee's eligible compensation, were properly updated with STRS of Ohio.
- All employees required to be enrolled in STRS of Ohio in accordance with statutory requirements were properly enrolled.
- The total pensionable wages and employee contributions information reported to STRS of Ohio for the year ended June 30, 2023 agrees with the payroll records of the employer.

The School's management is responsible for the assertions. Our responsibility is to opine on management's assertions based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA and the standards applicable to attestation engagements contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertions are fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our

judgment, including an assessment of the risks of material misstatement of management's assertions, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertions related to the accuracy and completeness of the census data and pensionable wages as described above provided to STRS of Ohio as of and for the year ended June 30, 2023 are fairly stated in all material respects.
