BASIC AUDIT REPORT

Tully Convoy Park District
Van Wert County
PO Box 302
Convoy, Ohio 45832

We have completed certain procedures in accordance with Ohio Rev. Code Section 117.01(G) to the accounting records and related documents of the Tully Convoy Park District, Van Wert County, (the District) for the years ended December 31, 2023 and 2022.

Our procedures were designed solely to satisfy the audit requirements of Ohio Rev. Code Section 117.11(A). Because our procedures were not designed to opine on the Park District's financial statements, we did not follow *generally accepted auditing standards*. We do not provide any assurance on the District's financial statements, transactions or balances for the years ended December 31, 2023 and 2022.

The District's management is responsible for preparing and maintaining its accounting records and related documents. Our responsibility under Ohio Rev. Code Section 117.11(A) is to examine, analyze and inspect these records and documents.

Based on the results of our procedures, we found the following significant compliance or accounting issues to report.

Current Year Observations

1. **Ohio Rev. Code § 149.43(B)(2)** states, in part, a public office or the person responsible for public records shall organize and maintain public records in a manner that they can be made available for inspection or copying and that a public office shall have available a copy of its current records retention schedule at a location readily available to the public. The District did not have a copy of its records retention schedule on file as required, nor did the District have a records retention schedule/policy in place. Failure to have and follow a records retention schedule/policy could result in public records being disposed of prematurely.
2. **Ohio Rev. Code §149.43(E)(2)**, states, in part, all public offices shall adopt a public records policy for responding to public records requests. Generally, a public records policy cannot: (1) limit the number of public records the office will make available to a single person; (2) limit the number of public records the office will make available during a fixed period of time; and (3) may not establish a fixed period of time before the office will respond to a request for inspection/copying of public records unless that period is less than eight hours; however, there are some proper policy limitations that are described in Ohio Rev. Code § 149.43(B)(7)(c). The District had not adopted a public records policy. Failure to establish and maintain a public records policy may result in records of the District not being available for public inspection or request and could lead to noncompliance with the Ohio Revised Code.

3. **Ohio Rev. Code Section 5705.41(B)** states, in part, that no subdivision or taxing unit shall make any expenditure of money unless it has been appropriated. The General Fund expenditures exceeded appropriations by \$4,895 for the year ended December 31, 2023. Because appropriations authorize spending levels, spending more than appropriated could potentially result in deficit spending. The District should approve amended appropriations as necessary for planned expenditures.
4. **Ohio Rev. Code § 121.22(F)** states, in part, every public body, by rule, shall establish a reasonable method whereby any person may determine the time and place of all regularly scheduled meetings and the time, place, and purpose of all special meetings. The District did not provide notice of its meetings to the general public and news media. Failure to do so could result in members of the District not being able to represent the public at the meetings. The District should establish a reasonable method whereby any person may determine the time and location of all meetings, including special meetings (also including purpose for special meetings).
5. The District failed to timely file the annual financial reports on the Hinkle System for 2022 as required per **Ohio Rev. Code § 117.38** and **Ohio Admin. Code § 117-2-03**. The filing deadline for the 2022 annual report was March 1, 2023 but the District did not file the report until June 5, 2023. Failure to file timely may result in being ineligible for reduced audit services and could result in the assessment of a late penalty. The District should establish and implement policies and procedures to verify its annual financial statements are filed with the Auditor of State within sixty days after its December 31st year end date.

Current Status of Matters Reported in our Prior Engagement

6. All prior year matters were repeated above.
