INDEPENDENT AUDITOR'S REPORT

Miami Conservancy District
Montgomery County
38 East Monument Avenue
Dayton, Ohio 45402

To the Board of Directors:

Report on the Audit of the Financial Statement

Unmodified and Adverse Opinions

We have audited the financial statement of the Miami Conservancy District, Montgomery County, Ohio (the District), which comprises the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2024, and the related notes to the financial statement.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2024, and the related notes to the financial statement, in accordance with the financial reporting provisions which Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit, described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the accompanying financial statement does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District, as of December 31, 2024, or the changes in financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statement* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

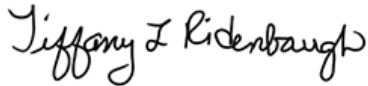

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2025, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Miami Conservancy District, Montgomery County, (the District) as a body corporate and politic. The District is directed by a three member Board of Directors appointed by a Court comprised of a judge of the Court of Common Pleas from each of the counties included in the District. The District provides flood protection and conservation of valuable water resources along the Great Miami River watershed, impacting all or portions of Butler, Clark, Greene, Hamilton, Miami, Montgomery, Preble, Shelby, and Warren Counties.

The District's management believes this financial statement presents all activities for which the District is financially accountable.

B. Accounting Basis

The financial statement follows the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C). This basis is similar to the cash receipts and disbursements accounting basis. The District recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

The statement includes adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit.

C. Fund Accounting

The District uses fund accounting to segregate cash and investments that are restricted as to use. The District classifies its funds into the following types:

1. General Fund

Flood Protection Fund – This fund is the general operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

2. Special Revenue Funds

These funds account for proceeds from specific sources (other than from capital projects) that are restricted to expenditure for specific purposes. The District had the following significant Special Revenue Funds:

River Corridor Improvement - This fund accounts for resources used to enhance public use and enjoyment of river corridors utilizing improvements, amenities, and activities within and along the river corridors.

Aquifer Preservation - This fund accounts for resources used to develop and maintain an ongoing, watershed-wide program in support of comprehensive protection, management, and understanding of the region's water resources.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Water Conservation - This fund accounts for resources to establish and administer an innovative water quality trading program, to collect baseline water quality and best management practice performance data, and to support community-based watershed organizations.

FEMA Assistance – This fund accounts for Federal Emergency Management Agency (FEMA) grant-related receipts and expenditures, except for such grants that are related to the purpose of the Capital Projects Funds.

3. Debt Service Fund

Debt Service Fund - This fund accounts for resources reserved for the payment of note and/or loan indebtedness.

4. Capital Project Funds

These funds account for receipts that are restricted for the acquisition or construction of major capital projects. The District had the following significant Capital Project Funds:

Dam Safety Initiative – This fund collects receipts that are restricted for the dam safety and repair.

Capital Improvement - This fund collects receipts that are restricted for acquisition or construction of major capital projects.

FEMA Capital Projects – This fund accounts for Federal Emergency Management Agency (FEMA) grant-related receipts and expenditures related to the purpose of the other Capital Projects Funds.

D. Deposits and Investments

The District's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Money Market Mutual Funds are recorded at share values reported by the mutual fund. Investment in STAR Ohio is measured at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

E. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

1. Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund level of control, and appropriations may not exceed estimated resources. Appropriation authority includes current year appropriations plus encumbrances carried over from the prior year (if any). The Board must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1.

3. Encumbrances

The Ohio Revised Code requires the District to reserve (encumber) appropriations when commitments are made. Encumbrances outstanding at year end are carried over, and need not be re-appropriated.

A summary of 2024 budgetary activity appears in Note 3.

F. Fund Balance Classifications

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Fund balance is classified as non-spendable when legally or contractually required to maintain the amounts intact.

Fund balance is classified as restricted when constraints placed on the use of resources are either: (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions.

Fund balance is classified as committed when the Board of Directors enacts legislation requiring specific revenues to be used for a specific purpose. The Board of Directors can modify or rescind that legislation at any time through additional legislation. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Fund balance is classified as assigned when a revenue source is intended for specific purposes, but does not meet the criteria to be classified as restricted or committed. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year-end.

Fund balance is classified as unassigned to reflect the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 8.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. Capital Assets

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statement does not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. Unpaid leave is not reflected as a liability under the District's regulatory cash basis of accounting.

I. Leases

The District is the lessee in various leases (as defined by GASB 87) related to a building and office equipment under noncancelable leases. Lease disbursements are recognized when they are paid.

2. DEPOSITS AND INVESTMENTS

The District maintains a deposit and investments pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits and investments at December 31 was as follows:

	2024
Demand deposits	<u>\$1,387,709</u>
Total deposits	<u>1,387,709</u>
 STAR Ohio	 16,918,932
Money Market Mutual Fund	<u>3,055,621</u>
Total investments	<u>19,974,553</u>
Total deposits and investments	<u><u>\$21,362,262</u></u>

A. Deposits

Deposits are insured by the Federal Deposit Insurance Corporation; or collateralized through the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

B. Investments

Investments in STAR Ohio and money market mutual funds are not evidenced by securities that exist in physical or book-entry form.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

3. BUDGETARY ACTIVITY

Budgetary activity for the year ending December 31, 2024 follows:

2024 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$11,099,310	\$11,142,786	\$43,476
Special Revenue	1,960,900	2,001,183	40,283
Debt Service	143,066	143,066	
Capital Projects	4,944,563	4,958,749	14,186
Total	<u>\$18,147,839</u>	<u>\$18,245,784</u>	<u>\$97,945</u>

2024 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$10,077,661	\$9,315,176	\$762,485
Special Revenue	2,882,998	2,649,798	233,200
Debt Service	143,066	143,066	
Capital Projects	7,348,971	7,348,869	102
Total	<u>\$20,452,696</u>	<u>\$19,456,909</u>	<u>\$995,787</u>

4. DEBT

Debt outstanding at December 31, 2024:

	Principal	Interest Rate
Ohio Water Development Authority Loan - 2023	\$4,105,156	3.26%

During 2023, the District obtained a loan from the Ohio Water Development Authority (OWDA) in the amount of \$4,180,086 (includes capitalized interest and fees) for a construction project on the Lockington Dam. The note is payable over a period of twenty years with semi-annual payments of \$143,066 due on January 1st and July 1st of each year, with the final payment due on January 1st, 2044. The loan carries an interest rate of 3.26%.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

4. DEBT (Continued)

Amortization of the above debt, including interest, is scheduled as follows:

Year Ending December 31:	OWDA Loan 2023
2025	286,132
2026	286,132
2027	286,132
2028	286,132
2029	286,132
2030-2034	1,430,661
2035-2039	1,430,661
2040-2044	1,287,595
Total	<u><u>\$5,579,577</u></u>

5. DEFINED BENEFIT PENSION PLANS

Ohio Public Employees Retirement System

The District's employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes the Plan's retirement benefits, including postretirement healthcare and survivor and disability benefits to participants.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries, and the District contributed an amount equaling 14 percent of participants' gross salaries. The District has paid all contributions required through December 31, 2024.

6. POST EMPLOYMENT BENEFITS

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan. OPERS offers a health reimbursement arrangement (HRA) allowance to benefit recipients meeting certain age and service credit requirements. The HRA is an account funded by OPERS that provides tax-free reimbursement for qualified medical expenses such as monthly post-tax insurance premiums, deductibles, co-insurance, and co-pays incurred by eligible benefit recipients and their dependents. For calendar year 2024, the portion of OPERS employer contributions allocated to health care was 0 percent for members in the traditional pension plan and 2 percent for members in the combined plan. For 2024, the portion of employer contributions OPERS allocated to health care for members in the member-directed plan was 4 percent; however, a portion of the health care rate was funded with reserves.

7. RISK MANAGEMENT

The District has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Vehicles; and
- Errors and omissions.

**MIAMI CONSERVANCY DISTRICT
MONTGOMERY COUNTY**

**NOTES TO THE FINANCIAL STATEMENT
FOR THE YEAR ENDED DECEMBER 31, 2024
(Continued)**

7. RISK MANAGEMENT (Continued)

Settled claims have not exceeded insurance coverage for the past three fiscal years.

8. FUND BALANCE

Included in fund balance are amounts the District has encumbered. Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the balances of these amounts were as follows:

<u>Fund Balances</u>	<u>General</u>	<u>Special Revenue</u>	<u>Capital Projects</u>	<u>Total</u>
Outstanding Encumbrances	<u>\$1,473,372</u>	<u>\$403,797</u>	<u>\$728,609</u>	<u>\$2,605,778</u>

The fund balance of special revenue funds is either restricted or committed. The fund balance of debt service funds and capital projects funds are restricted, committed, or assigned. The restricted, committed, and assigned amounts in the special revenue, debt service, and capital projects funds include the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

9. Contingent Liabilities

Amounts grantor agencies pay to the District are subject to audit and adjustment by the grantor, principally the federal government. The grantor may require refunding any disallowed costs. Management cannot presently determine amounts grantors may disallow. However, based on prior experience, management believes any refunds would be immaterial.

10. Subsequent Events

In 2024, an increase to the assessment rate for the Flood Protection Fund (General Fund) was approved. The impact of this rate increase will not take effect until assessments are collected on 2025 property tax bills. The assessment rate was increased from 2.19% (for 2024 collection) to 3.35% (for 2025 collection). As a result, annual assessment revenues in this fund are expected to increase from \$6.4 million in 2024 to approximately \$9.8 million in 2025.

In 2024, a new capital assessment was approved to address rehabilitation needs of critical infrastructure related to the flood protection system. The approved assessment rate of 1.0% is expected to result in annual assessment revenues of approximately \$2.9 million beginning in 2025.

As part of an agreement with the City of Dayton, the District expects to receive \$1,177,819 of federal COVID-19 funding from the City of Dayton in 2025 to complete a levee improvement project along Wolf Creek. Together, along with \$327,181 of the City of Dayton's own funds, the District expects to receive a total of \$1,505,000 from the City of Dayton for the project. The District has agreed to contribute \$750,000 to the project. The project is expected to begin in the second half of 2025 with an estimated completion date in mid-2026.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Miami Conservancy District
Montgomery County
38 East Monument Avenue
Dayton, Ohio 45402

To the Board of Directors:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statement of the cash balances, receipts, and disbursements for each governmental fund type as of and for the year ended December 31, 2024 and the related notes to the financial statement of the Miami Conservancy District, Montgomery County, Ohio (the District) and have issued our report thereon dated December 2, 2025, wherein we noted the District followed financial reporting provisions Ohio Rev. Code § 117.38 and Ohio Admin. Code 117-2-03(C) permit.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
