INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES

Mid-Ohio Regional Planning Commission
Franklin County
111 Liberty Street, #100
Columbus, Ohio 43215

To the Board of Commissioners and the Federal Transit Administration:

We have performed the procedures enumerated below, on the application of the requirements of the Federal Transit Administration (FTA) as set forth in its applicable National Transit Database (NTD) Uniform System of Accounts (USOA) by the Mid-Ohio Regional Planning Commission (MORPC) for the fiscal year ended December 31, 2024. Such procedures were performed to assist MORPC and FTA in determining conformance with Uniform System of Accounts (USOA) requirements based on the following assertion by MORPC's management:

The accounting system from which this NTD report for the year ended December 31, 2024, is derived is other than the accounting system prescribed by the USOA but uses the accrual basis of accounting and is directly translatable, using a clear audit trail, to the accounting treatment and categories specified by the USOA. The same internal accounting system has been adopted and was used to compile this NTD report.

MORPC's management is responsible for conformance with the requirements described above.

The management of MORPC and the Federal Transit Administration (FTA) have agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of assisting MORPC and FTA in determining conformance with USOA requirements based on the assertion above. No other party acknowledged the appropriateness of the procedures. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of the report and may not meet the needs of all users of the report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes. The sufficiency of these procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The agreed-upon procedures and associated findings are as follows:

1. Procedure: NTD Crosswalk

- a. We obtained the following NTD Reporting Forms prepared by management for the year ended December 31, 2024:
 - NTD Form F-10, Sources of Funds – Funds Expended and Funds Earned (USOA Section 2)
 - NTD Form F-30, Operating Expenses (USOA Section 4, 5, and 6 and Appendix A)
 - NTD Form F-40, Operating Expenses Summary

- b. We obtained the reconciliation documentation management prepares (referred to as "the crosswalk" throughout this report) and reconciled the chart of accounts, general ledger, and trial balance and other supporting documents such as Excel spreadsheets (collectively referred to as the accounting system) to the respective NTD Reporting Forms identified above.
- c. We inquired of management as to whether the crosswalk obtained in procedure 1.b is supported by the accounting system.
- d. We inspected the crosswalk to determine that it incorporates NTD reporting using the applicable mode and types of service identified in the bulleted list below:
 - Sources of Funds, Form F-10 – Funding sources, passenger fares by mode and service type, passenger fares by passenger paid or by organization paid fares, revenue object class, and funds expended on operations and capital fund types
 - Operating Expenses, Form F-30 - Modes, service types, object classes and functions
 - Operating Expenses Summary, Form F-40 - Expense reconciling items

Findings: No exceptions were found as a result of this procedure.

2. Procedure: Accrual Accounting

- a. We obtained the most recent audited financial statements that include the transit agency and inspected the notes to the financial statements to determine whether the accrual basis of accounting was used.
- b. We inquired of management as to whether the accrual basis of accounting has continued to be used since the last audited reporting period and that it is used for NTD reporting in the current period.

Findings: No exceptions were found as a result of this procedure.

3. Procedure: Sources of Funds (Form F-10)

- a. We traced and agreed the total sources of funds from Form F-10 to revenue reported in the accounting system using the crosswalk.
- b. We inspected the crosswalk for a written reconciliation between total revenues reported in the audited financial statements or the accounting system and the total revenues reported on Form F-10.
- c. We traced and agreed the largest directly generated fund passenger fare revenue mode (all service types) from Form F-10 to the accounting system via the crosswalk.
- d. We traced and agreed the largest revenue object class (other than passenger fares) in the following major categories of funds from Form F-10 to the accounting system: (1) Local Government; (2) State Government; (3) Federal Funds; and (4) Other Directly Generated Funds (i.e., 4100 and 4200 combined).
- e. We inspect the crosswalk to determine that it identifies, evaluates, and classifies financial transactions into categories of funds expended on operations and funds expended on capital (USOA Section 2) for the reporting year.

Findings: No exceptions were found as a result of this procedure.

4. Procedure: Operating Expenses (Form F-30)

- a. For the largest modes/type of services, we traced and agreed functions (vehicle operations, vehicle maintenance, etc.) from Form F-30 to the crosswalk or other written documentation of functional expenses via the crosswalk.
- b. For the largest modes/type of services, we traced and agreed object classes (natural expenses) from Form F-30 to the crosswalk or other written documentation of object class categories via the crosswalk.

Findings: No exceptions were found as a result of this procedure.

5. Procedure: Operating Expenses Summary (Form F-40)

- a. We obtained the total expenses from the accounting system via the general ledgers for the reporting period. We traced and agreed total expenses from Form F-40 to the accounting system using the crosswalk.
- b. We traced and agreed the reconciling items appearing on Form F-40 through the crosswalk to the accounting system via the general ledgers.

Findings: No exceptions were found as a result of this procedure.

We were engaged by MORPC to perform this agreed-upon procedures engagement and conducted our engagement in accordance with the standards established by the AICPA and the Comptroller General of the United States' *Government Auditing Standards*. We were not engaged to, and did not, conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on MORPC's conformance with the requirements described above, for the year ended December 31, 2024. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of MORPC and to meet our ethical responsibilities, in accordance with the ethical requirements established by the Comptroller General of the United States' *Government Auditing Standards* related to our agreed upon procedures engagement.
