Toledo, Ohio 43606

We have reviewed the *Independent Auditor's Report* of the University of Toledo, Lucas County, prepared by CliftonLarsonAllen LLP, for the audit period July 1, 2023 through June 30, 2024. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The University of Toledo is responsible for compliance with these laws and regulations.

## INDEPENDENT AUDITORS' REPORT

Board of Trustees  
The University of Toledo  
Toledo, Ohio

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of The University of Toledo (the University), a component of the State of Ohio, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise The University's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of The University, as of June 30, 2024 and 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The audit of University of Toledo Physicians Clinical Faculty, Inc. (UTP-CF), a blended component unit, was not performed in accordance with *Government Auditing Standards*.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the University's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of pension funding, and schedule of pension contributions, and schedule of OPEB funding, and schedule of OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 21, 2024, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

The following Management's Discussion and Analysis (MD&A) provides an overview of the financial position and activities of the University of Toledo for the year ended June 30, 2024 with comparative information for the years ended June 30, 2023 and 2022. The MD&A complements the accompanying audited financial statements and footnotes.

**ABOUT THE UNIVERSITY OF TOLEDO**

The University is a leading research institution in the state of Ohio with over 14,000 students, almost 1,300 instructional faculty, and 3,800+ staff members. The University is comprised of thirteen colleges: Arts and Letters; Business and Innovation; Education; Engineering; Graduate Studies; Health and Human Services; Honors; Law; Medicine and Life Sciences; Natural Sciences and Mathematics; Nursing; Pharmacy and Pharmaceutical Sciences, and University College. The University offers more than 300 undergraduate, graduate, and professional programs leading to degrees in over 60 instructional departments. The University operates The University of Toledo Medical Center (UTMC), which includes 319 registered beds and, during the most recent fiscal year, provided services to 8,179 admitted patients, 202,791 outpatient clinic patients and 29,431 emergency visit patients. In addition, UTMC performed 7,802 surgical cases and, on average, cared for nearly 700 patients per day in both an inpatient and outpatient setting. UTMC specializes in kidney transplantation, cardiology, behavioral health, family medicine, orthopedic surgery and cancer treatment.

The Board of Trustees (BOT) governs the University and is responsible for oversight of academic programs, budgets, general administration, and employment of faculty and staff. The Governor, with the advice and consent of the State Senate, appoints the BOT members for staggered nine-year terms. Two student non-voting members, appointed for two-year terms, also serve on the Board.

The following financial statements reflect all assets, deferred inflows/outflows, liabilities, and net position of the University and the University of Toledo Foundation (Foundation), the University's discretely presented component unit. The University of Toledo Physicians, Clinical Faculty, Inc. (UTP-CF) and Rocket Innovations meet the criteria under Governmental Accounting Standards Board (GASB) Statement No. 61, *The Financial Reporting Entity: Omnibus*, and are therefore shown in a blended presentation. UTP-CF provides administrative support, billing, and collection services for physician services at the University. Rocket Innovations supports the University through investment in public and private economic development projects and promotes the interests of the University.

The Foundation is a legally separate entity with a primary function of fund-raising to supplement the resources that are available to the University in support of its programs. The Foundation is governed by a separate Board of Trustees which is self-perpetuating and consists of graduates and friends of the University. Nearly all the assets of the Foundation are restricted by donors to activities of the University. The University does not control the timing or number of receipts from the Foundation.

The University is a component unit of the state of Ohio and is included in the State of Ohio's Annual Comprehensive Financial Report (ACFR).

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

## **ABOUT THE FINANCIAL STATEMENTS**

The annual financial statements are prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. In addition to this MD&A section, the audited financial statements include Statements of Net Position; Statements of Revenues, Expenses, and Changes in Net Position; Statements of Cash Flows; and the Notes to the Financial Statements. In accordance with GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*, which amends GASB Statement No. 14; the Foundation is discretely presented. A complete copy of the audited financial statements of the Foundation is available at the Foundation offices located near the campus of the University.

The **Statement of Net Position** is the University's balance sheet. It reflects the total assets, liabilities, deferred inflows/outflows, and net position (equity) of the University. Liabilities whose maturities are less than one year and assets available to pay those liabilities are classified as current. Other assets and liabilities with maturities greater than one year are classified as non-current. Investment assets are carried at market value. Capital assets, which include the University's land, buildings, improvements, and equipment, are presented net of depreciation. Net position is displayed in the following categories:

- Net investment in capital assets (presents the University's equity in capital assets)
- Restricted— non-expendable (available for investment purposes only and cannot be expended)
- Restricted – expendable (available for use based on externally imposed restrictions)
- Unrestricted (available to the University for any lawful purpose of the institution)

The **Statement of Revenues, Expenses and Changes in Net Position** is the University's income statement. It reports the detailed revenues and expenses presented in a net revenue (expense) format. Revenues and expenses are classified as operating, non-operating, and other changes, and subtotals are presented for net operating income (loss), income (loss) before other changes, and increase (decrease) in net position. Tuition revenue is shown net of financial aid, hospital patient services revenue is shown net of contractual allowances and bad debt, and depreciation is provided for capital assets.

In accordance with GASB Statement No. 35, appropriations received from the state of Ohio and certain federal and state grants and contracts are presented as non-operating revenue, whereas operating expenses include virtually all expenses except interest on long-term debt. Therefore, the University will typically reflect a net operating loss, though universities and other public institutions have traditionally relied on non-operating revenue to support functional operations of the institution.

The **Statement of Cash Flows** presents the sources and uses of cash during the year. It breaks out the sources and uses of cash in the following categories:

- Operating activities
- Non-capital financing activities
- Capital and related financing activities
- Investing activities

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

Cash flows associated with the University's expendable net position appear in the operating and non-capital financing categories. Capital financing activities include payments for capital assets, proceeds from long-term debt and debt repayments. Purchases and sales of investments are reflected as investing activities.

The **Notes to the Financial Statements** follow the financial statements of the University. The Notes provide additional information and details to supplement the financial statements.

**Net Position and the Impact of GASB Statements No. 68 and No. 75**

GASB Statements 68 and 75, which require the University to recognize its share of the unfunded liability in the State retirement system's pension and other post-employment benefit (OPEB) plans, continue to have a significant impact on both the University's net position and operating results. The net position associated with GASB 68 and 75 is negative \$350.1 million as of June 30, 2024, which reflects an improvement of \$0.7 million over the prior year. Total unrestricted net position as of June 30, 2024, excluding the effects of GASB 68 and 75, is \$243.7 million, a reduction of \$4.4 million over the prior year.

The University has a restricted expendable net position of \$121.8 million and a restricted non-expendable net position of \$40.9 million as of June 30, 2024. The restricted expendable net position increased \$31.4 million compared to last year and the restricted non-expendable net position increased \$5.9 million. Net investment in capital is \$204.0 million which is a reduction of \$10.4 million from the prior year. The following sections provide additional details on the University's 2024 financial position and results and a look ahead at significant economic conditions expected to affect the University in the future.

**THE UNIVERSITY OF TOLEDO**

<b>Total net position</b>	<b>\$ 260,219</b>	<b>\$ 237,022</b>	<b>\$ 244,856</b>

**Current Assets**

Current assets (\$268.3 million) increased \$36.4 million in 2024 including a \$20.4 million increase in cash and a \$16.1 million increase in receivables and other assets. The increase in cash is primarily attributable to short-term advances received from Change Healthcare, the processor of medical claims for the clinical enterprise. The advances were received to help mitigate the effects of delayed payments resulting from the cyber attack on Change Healthcare in February of 2024. The loan, totaling \$24,233, will be repaid in three installments from October through December of 2024. Excluding the short-term loan, cash is down slightly from the prior year. The increase in receivables is mainly driven by volume increases at UTMC. The University's liquidity continues to provide a sufficient level of working capital. The **Statements of Cash Flows**, discussed later in more detail, will provide additional information regarding the sources and uses of cash.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

### **Non-Current Assets**

The majority of the University's endowments and long-term investments are pooled with assets of the University of Toledo Foundation and Alumni Association. University endowments (\$67.7 million) increased \$4.4 million driven by favorable investment results that were partially offset by endowment spending in support of the University. University long-term investments (\$322.6 million) increased \$13.9 million due to favorable investment earnings. Capital assets (\$466.1 million), including University land, buildings, infrastructure, improvements, and equipment decreased \$29.4 million with depreciation expense continuing to outpace capital investment. Capital spending was predominantly focused on deferred maintenance and infrastructure projects funded by state appropriations, including a major classroom renovation project for the College of Engineering. The net OPEB asset (\$23.6 million) increased \$5.1 million as a result of the University's share of the State retirement system's performance. Other non-current assets (\$21.2 million) increased \$7.3 million driven mainly by a shift from cash to investments held by the insurance captive.

### **Deferred Outflows of Resources**

Deferred outflows of resources (\$133.6 million) decreased \$74.4 million due primarily to pensions and OPEB and the University's share of activity in the State retirement system.

### **Current Liabilities**

Current liabilities (\$220.2 million) increased \$28.7 million due to the short-term loan discussed earlier as well as line of credit activity within the physician practice. Otherwise a slight decrease in accounts payable is offset by a slight increase in accrued liabilities. The change in accounts payable is driven mainly by the timing of year-end payments and the change in accrued liabilities is attributable to estimated Medicare cost report settlements for UTMC.

### **Non-Current Liabilities**

Total non-current liabilities (\$718.0 million) decreased \$91.4 million and continue to be significantly impacted by the University's share of unfunded liabilities in the State retirement systems. The University's share of the net pension liability (\$454.6 million) decreased \$60.3 million due to favorable activity in the state plans. The University is only obligated to pay contributions to the retirement systems and not the actual benefits themselves. Bonds, notes, and leases (\$222.0 million) decreased \$18.4 million with scheduled bond and loan payments offset slightly by a new \$2.1 million loan from the UT Foundation for an MRI machine at UTMC. Other long-term liabilities (\$41.4 million) decreased \$5.1 million, driven by lease payments associated with various right-of-use assets and a return of federal capital related to the Perkins loan program.

### **Deferred Inflows of Resources**

Deferred inflows of resources (\$109.6 million) were relatively flat with only a \$1.9 million increase over the previous year. Activity here includes the University's share of actuarial activity in the State retirement plans, expected future inflows from the long-term parking arrangement with ParkUToledo, anticipated future lease income and bond refundings.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

**Prior Years' Highlights**

In 2023, the University had total assets of approximately \$1.137 billion, a decrease of \$91.4 million from the previous year with decreases in cash, capital assets and the net OPEB asset partially offset by increases in investments. Cash decreased \$39.1 million due to lower stimulus and higher spending. Capital assets decreased \$20.1 million due to depreciation outpacing capital spend. The net OPEB asset decreased \$33.9 million due to activity in the state retirement plan. Investments increased \$12.5 million due to favorable investment returns. Total liabilities were \$1.001 billion, an increase of \$277.9 million, with an increase of \$319.1 million in pension liability offset slightly by a decrease of \$23.8 million in bonds and \$15.5 million in current liabilities. Net position was \$237.0 million reflecting a decrease of \$7.8 million.

In 2022, the University had total assets of approximately \$1.229 billion, an increase of \$41.0 million from the previous year with increases in receivables, investments and the net OPEB asset partially offset by decreases in cash, capital assets and endowments. Cash decreased \$39.2 million due to lower stimulus, higher spending and transfers of operating cash to longer-term investments. Receivables increased \$17.5 million due to an increase in patient volumes at UTMC. Endowments decreased \$8.1 million due to unfavorable investment results. Investments increased \$64.8 million due to an influx of funds from the parking agreement and transfers from operations offset partially by negative investment returns. Capital assets decreased \$11.6 million due to depreciation outpacing capital spend. The net OPEB asset increased \$17.6 million due to activity in the state retirement plan. Total liabilities were \$722.9 million, a decrease of \$184.4 million, with decreases of \$169.9 in pension liability and \$26.1 million in bonds offset slightly by an increase of \$13.5 million in current liabilities. Net position was \$244.9 million reflecting an increase of \$79.7 million.

### Operating Revenues

Operating revenues (\$888.6 million) increased \$24.2 million with increases in hospital-based revenue and grants partially offset by reductions in tuition and other revenue. UTMC's net patient revenue (\$416.7 million) increased \$39.0 million driven by favorable volumes. Tuition and fees (\$173.1 million) decreased \$5.8 million due to declining enrollment. Revenue from grants and contracts (\$77.0 million) increased \$15.1 million due to robust research activity. Other revenue decreased \$19.7 million due to a change in the structure of Academic Affiliation payments.

YEAR ENDED JUNE 30, 2024**

### **Operating Expenses**

Total operating expenses (\$1,055 million) increased \$11.0 million with increases in compensation and supplies partially offset by decreases in purchased services and other expenses. Excluding the GASB 68/75 adjustments, salaries and benefits increased \$10.6 million or 1.7%. Compensation for the clinical enterprise rose by \$24.1 million driven by the growth in patient volumes, while compensation for the academic enterprise fell by \$13.5 million due to staff reductions and vacancies. Supply expense increased \$13.9 million due mainly to continued growth of the pharmacy 340B pricing program at UTMC as well as favorable patient volumes and general inflation. Purchased services and other operating expenses decreased \$6.7 million and \$7.2 million respectively driven by the change in the structure of Academic Affiliation payments, the normalization of IT expenses following the Epic implementation, a reduction in external staffing expenses at UTMC and a reduction in deferred maintenance.

### **Non-Operating Revenues and Expenses**

Total non-operating revenues (\$178.8 million) increased \$22.0 million with an increase in investment income partially offset by a decrease in federal grants. Federal non-operating grants decreased \$4.7 million due to reduced stimulus funding compared to the prior year. Investment income increased \$19.8 million due to the continued strength in the investment market. State support fell \$1.2 million.

### **Other Changes**

Total other changes (\$10.3 million) decreased \$4.1 million due primarily to less state capital appropriations utilized.

### **Prior Years' Highlights**

In 2023, the University experienced a decrease in net position of \$7.8 million. Operating revenues increased \$28.5 million with increases in hospital-based revenue partially offset by reductions in other revenue. UTMC's net patient revenue increased \$51.9 million driven by favorable volumes. Tuition and fees increased \$6.4 million due primarily to the discount calculation associated with stimulus funding in the prior year. Auxiliary revenue decreased \$4.0 million due to lower utilization of housing and dining services. Other revenue decreased \$25.4 million due to a change in the structure of Academic Affiliation payments as well as a one-time payment received in the prior year tied to a newly implemented Medicaid program. Operating expenses were \$1.043 billion, an increase of \$148.0 million with \$102.6 million attributable to GASB 68 and 75 adjustments. Excluding the GASB adjustments, salaries and benefits increased \$9.2 million or 1.5%. Supply expense increased \$31.3 million due mainly to continued growth of the pharmacy 340B pricing program at UTMC as well as favorable patient volumes and general inflation. Purchased services increased \$13.7 million driven mainly by external staffing expenses at UTMC amid a challenging market for hiring employees. Other operating expenses decreased \$11.8 million due primarily to the capitalization of internal labor associated with the Epic EMR project. Total non-operating revenue increased \$28.5 million with an increase in investment income partially offset by a decrease in federal grants.

In 2022, the University experienced an increase in net position of \$79.7 million. Operating revenues were \$835.9 million, an increase of \$81.2 million driven by UTMC growth and other revenue. Patient revenue at UTMC increased \$28.0 million due to favorable volumes. Tuition and fees decreased \$15.3 million due to declining enrollment. Grant revenue increased \$8.2 million driven by a \$4.1 million increase in federal awards. Auxiliary revenue (\$50.2 million) increased \$10.1 million with \$7.7 million attributable to Athletics as they resumed in-person events and more normal operations, and \$2.9 million attributable to dining and housing with more students physically on campus.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

**Prior Years' Highlights (continued)**

Operating expenses were \$895.4 million, an increase of \$137.3 million, with \$46.1 million attributable to GASB 68 and 75 adjustments. Excluding the GASB adjustments, salaries and benefits increased \$44.7 million reflecting more normalized operations after the temporary furloughs and salary reductions in 2021. Supply expense increased \$19.2 million due mainly to continued growth of the pharmacy 340B pricing program at UTMC as well as favorable patient volumes. Purchased services increased \$8.0 million driven mainly by external staffing expenses at UTMC. Total non-operating revenue (\$128.3 million) decreased \$145.4 million with \$52.6 million attributable to federal grants and \$92.1 million attributable to investment losses. State support increased a modest \$1.2 million and capital appropriations increased \$7.7 million consistent with the second year of the capital biennium.

**STATEMENTS OF CASH FLOWS**

Summary of Cash Flows (in thousands)	2024	2023	2022 restated
Net cash flows from operating activities	\$ (121,138)	\$ (142,661)	\$ (115,976)
Net cash flows from non-capital financing activities	177,404	156,359	174,300
Net cash flows from capital and related financing activities	(50,717)	(60,850)	(53,222)
Net cash flows from investing activities	13,188	5,829	(43,049)
Net increase (decrease) in cash	<u>\$ 18,737</u>	<u>\$ (41,323)</u>	<u>\$ (37,947)</u>

Cash and cash equivalents increased \$18.7 million during 2024. The University had net cash used in operating activities of \$121.1 million, an improvement of \$21.7 million over the prior year. The University had net cash provided by non-capital financing of \$177.4 million, an increase of \$20.8 million from the previous year reflecting the short-term advance from Change Healthcare and UTP-CF line of credit from the UT Foundation as well as a reduction in state support and non-operating grants. Net cash used in capital and related financing activities was \$50.7 million, including capital asset purchases of \$25.3 million and debt service payments of \$38.1 million. The \$82.6 million bond refinancing is included in both principal paid on capital debt and proceeds from debt issuance. Net cash provided by investing activities was \$13.2 million driven by net investment activity and an \$8.0 million draw from the investment pool.

**Prior Years' Highlights**

Cash and cash equivalents decreased \$41.3 million during 2023. The University had net cash used in operating activities of \$142.9 million, an increase of \$24.7 million over last year. The University had net cash provided by non-capital financing of \$156.6 million, a decrease of \$16.2 million from the previous year reflecting a continued reduction in non-operating grants related to pandemic relief. Net cash used in capital and related financing activities was \$60.9 million, including capital asset purchases of \$36.7 million and debt service payments of \$41.1 million (net of proceeds from bond refinancing). Net cash provided by investing activities was \$5.8 million driven by net investment activity.

Cash and cash equivalents decreased \$37.9 million during 2022. The University had net cash used in operating activities of \$118.1 million, a decrease of \$2.4 million over the prior year. The University had net cash provided by non-capital financing of \$172.8 million, a decrease of \$56.5 million from the previous year reflecting a reduction in non-operating grants related to pandemic relief. Net cash used in capital and related financing activities was \$49.6 million, including capital asset purchases of \$31.9 million and debt service payments of \$32.3 million. Net cash used by investing activities was \$43.0 million driven by net investment activity.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

## **Higher Education and the University**

The United States Higher Education sector continues to be challenged as net tuition growth is not projected to be higher than operating cost growth, thus forcing continued cost containment efforts. The long-term outlook for higher education is challenged as well, with affordability and changing demographics among key factors. Rising labor costs, which are typically 65%-75% of the operating expenses of the organization, are the hardest to reduce. Constant need for investment in programs, technology and aging infrastructure continue to drive costs up and stretch resources. Also, there is uncertainty and concern regarding the continued growth in unfunded pension liabilities.

Overall, State funding has mostly remained flat for higher education, with significant variance from state to state. State-funding models have transitioned to performance-based models that focus on accountability and evaluate universities on the number of degrees issued and courses completed. State funding is likely to see incremental increases but is not expected to keep pace with the growth of operating expenses. Furthermore, state-funding increases have been coupled with tuition limitations.

Ranked among the Best Colleges in the country by U.S. News & World Report and recognized as Top Performer for Social Mobility, UToledo provides a high-quality education at an affordable cost. We are proud to offer a Tuition Guarantee that puts a UToledo degree within reach for more families and students.

As a regional force powering opportunities to learn, care, work, and play, UToledo has been raising the well-being of students, patients, employees, and the greater Toledo community for more than 150 years. The University is committed to student success as demonstrated in our student outcomes and continued growth in student retention and graduation rates. At UToledo, students learn from the experts and get unique opportunities for career and personal growth.

UToledo is known nationally as a leader in solar energy innovation, water quality research, cellular research, and astrophysics. With a growing research enterprise, UToledo tackles the challenges of today while engaging students as early as their first year to participate in undergraduate research. In FY24 the University's research awards grew to \$72.2 million, the second highest in the institution's history. More than 82% of UToledo's research awards last academic year were federally funded, led by the National Institutes of Health and Department of Defense.

A community leader, UToledo contributes \$2.8 billion to the regional economy with an economic impact that accounts for approximately 6.1% of the region's total gross regional product. More than 173,000 alumni are positively impacting their communities across the world, with many staying in the Toledo metropolitan area.

The University is led by Matt Schroeder, who was named interim president effective May 20, 2024. A UToledo alumnus, Schroeder has spent his career serving the institution with experience in leadership roles across the University's finance, administration, and fundraising operations.

In support of its mission to improve the human condition, UToledo has a strategic plan guiding its efforts to ensure student success from recruitment through graduation, deliver relevant and innovative academic programs, set the standard for health education and patient care, distinguish UToledo regionally, nationally and internationally, foster a people-centered culture, and position UToledo for future success through financial and operational effectiveness.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

The University continues to focus on efficiency and cost reduction strategies. The University has reduced administrative expenses over the last several years by managing resources more efficiently; establishing stronger budget and position controls; and implementing automation and re-engineering processes. The University, like others, has been hit with higher costs on supplies and consumables coupled with a challenging labor market trying to recruit and retain talent in all areas of the University. However, the University continues its pursuit of reducing expenses wherever possible while still maintaining critical functions in support of the student experience and its mission.

The UT Toledo College of Medicine and Life Sciences has an academic affiliation agreement with ProMedica, a locally owned health system in northwest Ohio and southeast Michigan with a network of hospitals, physicians, health care professionals, researchers, and specialty clinics and facilities. The partnership in place through June 30, 2033, continues to provide educational and financial support for the medical school.

### **Healthcare and the University**

The healthcare industry, in which UTMC operates, is subject to strict regulation from several governmental agencies, including those which administer the Medicare and Medicaid programs. Furthermore, federal, state, and local policies developed to regulate the manner in which health care is provided, administered, and paid for nationally and locally has an impact as well. As a result, the health care industry is sensitive to legislative and regulatory changes in such programs and is affected by reductions and limitations in governmental spending for such programs as well as changing health care policies.

UTMC maintains over 300 licensed patient beds. It is a provisional Level II Trauma Center, offering emergency health and trauma services 24 hours a day. UTMC's signature programs have earned many accolades in the community and include Cardiology, Neurology, Orthopedic, Vascular and Cardiothoracic Surgery along with an international Kidney Transplantation program.

During fiscal year 2024, UTMC continued to support the mission of the University "to improve the human condition" by providing patient-centered, university quality care.

While UTMC is well positioned to maintain a viable financial position in the coming years, ongoing constraints on revenue could arise if Congress passes legislation that would impact certain programs, e.g. 340B or reductions in Market Basket updates. Management believes that much of the payment pressure facing UTMC can be offset by strengthening the partnership between the hospital and various physician groups to improve patient volumes, clinical documentation, length of stay, re-admission rates and payment denials. These partnerships are critical and will enhance not only the financial performance, but also the care provided to the communities that the hospital serves.

UTMC is placing considerable focus on productivity and cost reduction and will effectively manage expenses as reimbursements come under pressure. An essential part of reducing unnecessary treatment and costs is length of stay reductions. UTMC administration and the Hospitalists who manage a large part of the inpatient population have teamed up to manage inpatient stays; promoting the optimal utilization of resources and pursuing quality outcomes. In addition, the hospital has, or will be initiating several new programs, e.g. Adult Behavioral Health, Level II Trauma, Women's Health Center, Deep Brain Stimulation, Robotic Bronchoscopies, etc. to improve the financial position of the hospital and better serve the community.

**THE UNIVERSITY OF TOLEDO  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEAR ENDED JUNE 30, 2024**

UTMC administration is exploring opportunities to purchase land and build/lease facilities that will take the healthcare provided on-campus out into the communities. This "hub and spoke" approach will extend the reach of the hospital beyond its current campus, improving market share and better serving outlying communities. In addition, the hospital has purchased a Mobile Health Unit that was put into service during fiscal year 2024 as yet another means of expanding its off-campus reach.

Labor shortages and wage pressures have impacted UTMC, as they have most other healthcare providers. In response to these challenges, UTMC management has worked with union representatives to provide needed wage adjustments to critical positions to aid in attracting and retaining staff.

In summary, while facing the challenges of an ever-changing healthcare environment, UTMC has aggressively moved forward to improve operational performance in the areas of productivity, billing, labor management and overall patient care. In addition, it has taken steps to expanded current service lines and establish new programs to improve the financial position of the hospital and provide the community with the services and quality of care that UTMC has long been known to deliver.

**Contacting Financial Management**

This financial report is designed to provide our bondholders, customers, community members, and other interested parties with a general overview of the University of Toledo's finances and to demonstrate the University's accountability for the funds it receives.

If you have questions about this report or need additional information, contact the Finance and Administration department, at University Hall 3700, 2801 W. Bancroft St., Toledo, Ohio 43606-3390.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The University of Toledo (the University) is a leading research institution in the state of Ohio with over 14,000 students, almost 1,300 instructional faculty and 3,800+ staff members. The University is comprised of thirteen colleges: Arts and Letters, Business and Innovation, Education, Engineering, Graduate Studies, Health and Human Services, Honors, Law, Medicine and Life Sciences, Natural Sciences and Mathematics, Nursing, Pharmacy and Pharmaceutical Sciences, and University College. The University offers more than 300 undergraduate, graduate and professional programs leading to degrees in over 60 instructional departments. The University operates The University of Toledo Medical Center (UTMC), which includes 319 registered beds and, during the most recent fiscal year, provided services to 8,179 admitted patients, 202,791 outpatient clinic patients, and 29,431 emergency visit patients. In addition, UTMC performed 7,802 surgical cases and, on average, cared for nearly 700 patients per day in both an inpatient and outpatient setting. UTMC specializes in kidney transplantation, cardiology, behavioral health, family medicine, orthopedic surgery and cancer treatment.

**Organization**

The University of Toledo was founded in 1872 and is a component unit of the state of Ohio and discretely presented in the state's Annual Comprehensive Financial Report. The University is classified as a state instrumentality under Internal Revenue Code Section 115 and is therefore, exempt from federal income taxes. Certain activities of the University may be subject to taxation as unrelated business income under Internal Revenue Code Sections 511 through 514.

The Board of Trustees (BOT) governs the University and is responsible for oversight of academic programs, budgets, general administration and employment of faculty and staff. The Governor, with the advice and consent of the State Senate, appoints the BOT members for staggered nine-year terms. Three national and two student trustees, all nonvoting members, also serve on the Board and are appointed for two-year terms.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). In accordance with GASB Statement No. 35 – *Basic Financial Statements and Management Discussion and Analysis for Public Colleges and Universities, an amendment of GASB Statement No. 34*, the University presents management's discussion and analysis; statements of net position; statements of revenue, expenses, and changes in net position; statements of cash flows; and notes to financial statements.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Nonexchange transactions, in which the University receives value without directly giving equal value in return, include: federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the University must provide local resources to be used for a specific purpose, and expense requirements, in which the resources are provided to the University on a reimbursement basis.

The financial statements have been prepared in accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended. This standard requires examination of significant operational or financial relationships with the University and establishes criteria for identifying and presenting component units of the organization. Based on this examination and application of these criteria, the University has identified three component units: The University of Toledo Foundation, The University of Toledo Physicians, Clinical Faculty, Inc. (UTP-CF), and Rocket Innovations as described in the following paragraphs.

**Component Units of the Organization**

**The University of Toledo Foundation**

The Foundation is a legally separate, tax-exempt entity that acts primarily as a fundraising organization to supplement the resources available to the University in support of its programs. The Foundation transferred approximately \$17,880 and \$18,108 during fiscal years 2024 and 2023, respectively, to the University for both restricted and unrestricted purposes in support of its programs. Certain marketable investments of the University are pooled with marketable investments of the Foundation. The Foundation manages these funds and charges the University a management fee equal to 1.25% of the fair market value of the University's share of the pooled investments.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Component Units of the Organization (Continued)**

The University of Toledo Foundation (Continued)

The Foundation is a nonprofit organization that reports under Financial Accounting Standards Board (FASB) standards, including Accounting Standards Codification 958-205. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial reporting entity for these differences.

In accordance with GASB Statement No. 14, as amended, the Foundation is reflected as a discretely presented component unit in the University's financial statements. A complete copy of the audited financial statements of the Foundation is available at the Foundation offices located near the campus of the University.

The University of Toledo Physicians, Clinical Faculty, Inc.

Effective July 1, 2011, The University became the sole member of the once self-perpetuating board of the University of Toledo Clinical Faculty, Inc. which subsequently changed to UTP-CF. UTP-CF is the sole member of University of Toledo Physicians, LLC (UTP).

UTP-CF is a multi-specialty corporation that employs over 240 physicians in Northwest Ohio and is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code. The UTP-CF provides physician services at The University of Toledo Medical Center and other local facilities in the following areas: anesthesiology, medicine, neurology, obstetrics, orthopedics, pathology, pediatrics, psychiatry, radiology, radiation oncology, rehabilitation, surgery, urology, family medicine, and emergency medicine. UTP-CF also provides administrative support, billing and collection services for physician services at UTMC. Total Operating Revenues for UTP-CF, net of provision for doubtful accounts, were \$113,205 and \$115,375 for the fiscal years ended June 30, 2024 and 2023, respectively.

UTP-CF uses enterprise fund accounting. Revenues and expenses are recognized on an accrual basis, using the economic resources measurement focus based on GASB Codification Topic 1600, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, as amended.

The UTP-CF financial statements include the accounts of UTP-CF, and its wholly owned subsidiaries; University of Toledo Physicians, LLC (UTP), UTP Pathology Services, LLC (PATH), University of Toledo Dentists, Inc., Associates of the Medical College of Ohio, Inc. (University of Toledo Dentists, Inc.), and the University of Toledo Medical Assurance Company, LLC (UTMAC). For presentation purposes, UTP and PATH are presented as blended component units, and University of Toledo Dentists, Inc. are discretely presented.

**Rocket Innovations**

In February 2009, the University formed a nonprofit corporation called Science, Technology, and Innovation Enterprises, which filed an amendment in December 2014 to change its name to Rocket Innovations (the Corporation). The University is the sole member of the Corporation which has been organized for charitable, educational, and scientific purposes within the scope of Section 501(c)(3) of the Internal Revenue Code. The Corporation supports the University through investment in public and private economic development projects and promotes the interests of the University.

Cash and cash equivalents - end of year	<b><u>\$ 3,709</u></b>	<b><u>\$ 3,893</u></b>

**Significant Accounting Policies**

**Cash and Cash Equivalents**

Cash and cash equivalents consist of cash on hand and demand deposits with banks. Investments with original maturities less than 90 days are considered cash equivalents. Restricted cash consists of cash deposits segregated for the Federal Perkins Loan Program. For purposes of the statements of cash flows, "cash" is defined as the total of cash and cash equivalents and restricted cash.

**Inventories**

Inventories are stated at the lower of cost or market. Cost is determined on an average cost basis.

**Patient Revenue and Accounts Receivable**

Patient accounts receivable and revenue are recorded at net realizable value when patient services are performed. The University has agreements with third-party payors that provide for payments to the University at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

- Medicare and Medicaid: The University is a provider of services under the Medicare and Medicaid programs. The University is paid a prospectively determined fixed price for each Medicare and Medicaid inpatient. The price varies depending on the type of illness or the patient's diagnostic related group classification. Capital costs, certain Medicare outpatient services, and Medicaid outpatient services are also reimbursed on a prospectively determined fixed price. Graduate medical education is reimbursed on a per diem basis under the Medicare program. The University receives payment for other Medicare outpatient services and certain inpatient costs on a reasonable cost basis.
- Other Payors: The University has also entered into payment agreements with certain commercial carriers to provide health care services. Payment to the University under these agreements is based on prospectively determined fixed prices, fee screens, or on a percentage of billed charges.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Patient Revenue and Accounts Receivable (Continued)**

Provision is made in the financial statements for the differences between the University's standard rate charged for services rendered and third-party reimbursements and for estimated settlements based on third-party reimbursement contracts. Retroactive settlements resulting from third-party audits of filed cost reports are reflected in the financial statements in the year of settlement. These provisions and settlements are included in deductions from patient service revenue. There is at least a reasonable possibility that recorded estimates will change in the near-term. Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. The University believes that it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs.

Charity care includes services provided to persons who cannot afford healthcare because of inadequate resources or who are uninsured or underinsured. In addition to charity care, services are provided under Medicaid and other welfare programs. Certain payments received under these programs are less than the cost of providing the service.

A summary of charity and uncompensated care, at cost, is as follows:

	<b>Year Ended 6/30/2024</b>	<b>Year Ended 6/30/2023</b>
Traditional charity care	\$ 2,434	\$ 2,215
Unpaid costs of traditional Medicaid programs	16,175	13,955
Unpaid costs of other welfare programs	1,715	1,741
<b>Total charity and uncompensated care</b>	<b>\$ 20,324</b>	<b>\$ 17,911</b>

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Capital Assets**

Capital assets are stated at historical cost or their acquisition value at date of donation in the case of gifts. When capital assets are sold or otherwise disposed of, the carrying value of such assets is removed from the asset accounts, along with the related accumulated depreciation. Depreciation has been recorded in accordance with generally accepted accounting principles. The University has a rare book collection and manuscript collection in the library that is not capitalized since it represents historical works of art that are held for exhibition, education, research, and public service. These collections are neither disposed of for financial gain nor encumbered by any means.

**Subscription Based Information Technology Arrangements (SBITA)**

SBITA assets are initially measured as the sum of the present value of payments expected to be made during the subscription term, payments associated with the SBITA contract made to the SBITA vendor at the commencement of the subscription term, when applicable, and capitalizable implementation costs, less any SBITA vendor incentives received from the SBITA vendor at the commencement of the SBITA term. SBITA assets are amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT assets.

**Deferred Outflows of Resources**

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and will, therefore, not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources for the University consist of accumulated changes in the fair value of hedging derivative instruments, deferred losses on refunding of debt, and applicable changes to net pension and OPEB liability (see Notes 10,13,14).

**Pensions and OPEB**

For purposes of measuring the net pension and OPEB (other postemployment benefits) liability, net pension and OPEB asset, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB and pension and OPEB expense, information about the fiduciary net position of the State Teachers Retirement System of Ohio (STRS) and the Ohio Public Employees Retirement System (OPERS) Pension Plan and additions to/deductions from STRS' and OPERS' fiduciary net position have been determined on the same basis as they are reported by STRS and OPERS. STRS and OPERS use the economic resources measurement focus and the full accrual basis of accounting. Contribution revenue is recorded as contributions are due, pursuant to legal requirements. Benefit payments (including refunds of employee contributions) are recognized as an expense when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Unearned Revenue**

Summer term tuition and fees, and corresponding expenses relating to various sessions falling in the fiscal year, are recognized in the fiscal year they occur. The portion of sessions falling into the next fiscal year are recorded as unearned revenue and prepaid expenses in the statement of net position and will be recognized in the following year.

**Insurance Captive Reserve for Losses**

The insurance captive reserve for losses represents a liability for estimated unpaid losses and loss adjustment expenses relating to healthcare professional liability. A provision is also recorded for incurred but not paid amounts related to claim run-out provisions on the medical stop-loss coverage.

**Note Payable to Foundation**

As described in Note 9, the University borrowed \$5,798 from the pooled investment portfolio during the year ended June 30, 2017 to fund various capital projects. The balance outstanding as of June 30, 2024 was \$3,653, of which \$1,621 represents the University's share and has therefore, been eliminated in the financial statements. The remaining \$2,032 represents the portion of the loan effectively owed to the Foundation.

In 2024 the board approved funding for a multiple draw term loan to the University for up to \$10 million to be funded by the investment portfolio. As of June 30, 2024, the note receivable owed to the pool is \$1,986, of which \$881 represents the University's share and has therefore, been eliminated in the financial statements. The remaining \$1,105 represents the portion of the loan effectively owed to the Foundation.

**Deferred Inflows of Resources**

In addition to liabilities, the statement of financial position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future periods and will therefore not be recognized as an inflow of resources (revenue) until then. Deferred inflows of resources for the University are attributable to collective changes in the net pension and OPEB liabilities, deferred gains on refunding of debt and lease arrangements where the University is the lessor.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Net Position**

Net position is classified into the three following categories:

*Net Investment in Capital Assets:* Capital assets, net of accumulated depreciation and amortization and outstanding principal balances of debt attributable to the acquisition, construction, or improvement in those assets.

*Restricted:* Net position subject to externally imposed constraints that they may be maintained permanently by the University, or net position whose use by the University is subject to externally imposed constraints that can be fulfilled by actions of the University pursuant to those constraints or that expire by the passage of time. Restricted net position is classified further as nonexpendable or expendable.

Nonexpendable restricted net position contains externally imposed restrictions that stipulate the resources be maintained permanently. Expendable restricted net position is available for expenditure by the University but must be spent for purposes as determined by donors or external entities that have placed time or purpose restrictions on the use of the assets.

Nonexpendable restricted net position is categorized as shown below. Income from the underlying assets is available to support the activities within these categories.

Nonexpendable restricted net position	2024	2023
Scholarships and fellowships	\$ 10,635	\$ 10,635
University purposes	2,173	2,173
Net Pension and OPEB Assets	28,053	22,158
<b>Total</b>	<b>\$ 40,861</b>	<b>\$ 34,966</b>

Expendable restricted net position is categorized as shown below:

Expendable restricted net position	2024	2023
Capital projects	\$ 24,327	\$ 1,327
Debt service	24,355	22,984
Research	9,840	8,457
Scholarships and fellowships	54,315	50,006
University purposes	8,980	7,675
<b>Total</b>	<b>\$ 121,817</b>	<b>\$ 90,449</b>

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Net Position (Continued)**

*Unrestricted:* Net position available to the University for any lawful purpose of the institution. Unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. The University has committed unrestricted net position to provide for identified future needs, such as debt service, contractual obligations, capital outlay, academic programming, and postemployment benefits. In the determination of whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available, it is the University's practice to use restricted first.

**Compensatory Time**

Compensatory time may be given in lieu of overtime pay to classified employees who work in excess of the regular schedule. The liability and expense for future payouts are recorded as earned.

**Compensated Absences**

University employees earn vacation and sick leave based, in part, on length of service. Vacation pay is fully vested when earned. Upon separation from service, employees are paid accumulated vacation, and some are paid for sick pay based upon the nature of separation (death, retirement, or termination). Certain limitations have been placed on the hours of vacation and sick leave that employees may accumulate and carry over for payment at termination, retirement, or death. Unused hours exceeding their limitation are forfeited. The liability and expense incurred are recorded at year-end as long-term and short-term liabilities in the statements of net position, and as a component of operating expenses in the statements of revenues, expenses, and changes in net position.

**Grants and Contracts**

The University receives grants and contracts from federal, state, and private agencies to fund research and other activities. Grants and contracts generally provide for the recovery of direct and indirect costs. The University recognizes revenues associated with grants and contracts as the related costs are incurred. Indirect cost recovery is recorded as a percentage of direct costs at negotiated fixed rates. Revenues received under grants and contracts are subject to the examination and retroactive adjustments by the awarding agency. Federal funds are subject to an annual audit per regulations in the Office of Management and Budget (OMB) *Uniform Guidance* (2 CFR part 200, subpart F).

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Operating and Nonoperating Revenue**

The University has classified its revenues as either operating or nonoperating according to the following criteria:

*Operating Revenues:* Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances; (2) patient service revenue; (3) sales and services of auxiliary enterprises, net of agency payments; and (4) most federal, state, and local grants and contracts.

*Nonoperating Revenues:* Nonoperating revenues include activities that have the characteristics of nonexchange transactions that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis*.

**Scholarship Discounts and Allowances**

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on students' behalf. Certain governmental grants, such as Pell grants, and other federal, state, or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

**State Subsidies**

The University receives student-based subsidy and other subsidies from the state. These subsidies are determined biennially and released annually based upon allocations determined by the Ohio General Assembly and the Ohio Department of Higher Education.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**State Subsidies (Continued)**

In addition to subsidies, the state provides capital appropriations for construction of major plant facilities on the campus. The financing of construction is obtained by the state through issuance of state revenue bonds. State funds are pledged for the repayment of the revenue bonds. In the event these funds are insufficient to retire the revenue bonds, a pledge exists to assess a special student fee to students of state assisted institutions of higher education. As a result of this financing arrangement, the outstanding debt relating to the revenue bonds is not included in the University's statements of net position.

State appropriations are recognized when received. Restricted funds are recognized as revenue only to the extent expended.

**Endowments**

For donor-restricted endowments, the Uniform Prudent Management of Institutional Funds Act, as adopted by Ohio, permits the University and the Foundation to distribute an amount of realized and unrealized endowment appreciation as the Board of Trustees determines to be prudent. The University's and the Foundation's Board of Trustees established an investment policy for the endowments and quasi endowments with the objectives of protecting principal and maximizing total investment return without assuming extraordinary risks. It is the goal of the University to provide spendable income levels that are reasonably stable and sufficient to meet budgetary requirements and to maintain a spending rate, currently 4.0% of the three-year market average, which ensures a proper balance between the preservation of corpus and enhancement of the purchasing power of investment earnings. As of June 30, 2024 and 2023, net appreciation of \$54,318 and \$50,006, respectively, was available to be spent, of which \$42,432 and \$39,151, respectively, was restricted to specific purposes.

**Interest Rate Swap Agreements**

The University has entered into various interest rate swap agreements in order to manage and hedge risks associated with interest. In June 2008, the GASB issued Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*, effective for the University's fiscal year 2010. This Statement requires derivative instruments (such as interest rate swap agreements) to be reported at fair value. In addition, for derivative instruments that qualify as effective hedges, changes in fair value will be reported as deferrals in the statement of net position, while changes in the fair value of the derivative instruments that do not qualify as effective hedges including investment derivative instruments, will be reported as nonoperating revenue (expense) as a component of investment income. See Note 10 for relevant disclosures.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 1 ORGANIZATION, BASIS OF PRESENTATION, AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Significant Accounting Policies (Continued)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Perkins Loan Program Termination**

The Federal Perkins Loan Program (Perkins program) was established in 1957 as a campus-based program serving students with financial need who qualified for lower interest loans than traditional Stafford loans issued through banks. Funds for the Perkins program were initially received through Federal Capital Contributions (FCC) from the U.S. Department of Education (DOE) and were supplemented with Institutional Capital Contributions (ICC). The two sources of funding are tracked and shown separately on the annual Fiscal Operations Report and Application to Participate (FISAP) report. Institutions originated loans to their students and are responsible for servicing the loans throughout the repayment term. As a revolving loan program, the dollars collected from former students are used to make new loans to current students.

The U.S. Congress did not renew the Perkins program after September 30, 2017, and consequently no disbursements were permitted after June 30, 2018. The DOE has given institutions the option of assigning existing Perkins loans back to the federal government or continuing to collect on them while returning the FCC as loans are repaid. The University has elected to continue to collect on Perkins loans. Historically, the balance of the Perkins loans was reported in Notes Receivable and Restricted Net Position (Expendable for Student Loans). Due to the impending repayment of the FCC portion as the loans are collected, an accrued liability was established effective June 30, 2019, for the amount of the remaining FCC due to the DOE.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 2 CASH AND CASH EQUIVALENTS**

The carrying amount of the University's cash and cash equivalents for all funds was \$116,077 and \$97,340 as of June 30, 2024 and 2023, respectively, as compared to bank balances of \$122,500 and \$97,463, respectively. The differences in carrying amount and bank balances are caused by outstanding checks and deposits in transit. The University had cash deposits with a single financial institution totaling \$29,360 and \$16,263 as of June 30, 2024 and 2023. \$250 of the cash deposits is insured by the Federal Deposit Insurance Corporation (FDIC) as of June 30, 2024 and 2023. The remaining amounts are collateralized with single financial institution collateral pools at the Federal Reserve Banks, or at member banks of the federal reserve system, in the name of the respective depository bank and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the University, per the Ohio Revised Code 135.181B which requires that the total market value of the securities so pledged is at least equal to 105% of the total amount of all public deposits.

At June 30, 2024 and 2023, UTP-CF had approximately \$1,148 and \$663, respectively, on deposit with financial institutions that exceeded the \$250 Federal Deposit Insurance Corporation (FDIC) limit.

**NOTE 3 INVESTMENTS**

University investments are categorized by the following: endowment and loan investments, long-term investments, and investments held by insurance captive. Endowment and loan investments include gifted endowment funds of the University held in an investment pool with gifted endowment funds of the Foundation. Long-term investments are considered institutional reserves emphasizing both capital preservation and long-term appreciation. Long-term investments consist of the University's equity in the Foundation's investment pool as well as fixed income instruments. Investments held by insurance captive include short-term and long-term fixed income instruments. The University's investment policy establishes investment objectives, strategies, and measures for evaluation. The policy complies with the state of Ohio regulations provided by legislation.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 3 INVESTMENTS (CONTINUED)**

The University's investment policy authorizes the investment of Board Designated Reserves and endowed funds in the following investments:

- Obligations of the U.S. Treasury and other federal agencies
- Municipal and state bonds
- Certificates of deposit
- Repurchase agreements
- Mutual funds and mutual fund pools
- Money market funds
- Corporate bonds and stocks
- Mortgages and collateralized mortgage obligations
- Alternative investments

The carrying values of investments as of June 30, 2024, exclusive of accrued interest, consisted of the following:

	Endowment and Loan Investments	Long-Term Investments	Investments Held by Insurance Captive	Total
Corporate bonds and notes	\$ -	\$ 60,805	\$ -	\$ 60,805
Equity in internal investment pool	66,510	256,067	-	322,577

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 3 INVESTMENTS (CONTINUED)**

GASB Statement No. 40, *Deposit and Investment Risk Disclosure*, requires certain additional disclosures related to the interest rate, credit, foreign currency and custodial risks associated with interest-bearing investments. At the present time, the University does not have formal policies addressing these types of risk.

*Interest Rate Risk*

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments with interest rates that are fixed for longer periods are likely to be subject to more variability in their fair values as a result of future changes in interest rates.

As of June 30, 2024, the University had the following interest-bearing investments and maturities.

Investment Type	Fair Value	Investment Maturity (in Years)			
		< 1	1 - 5	6 - 10	> 10
U.S. government and agencies	\$ 5,689	\$ -	\$ -	\$ -	\$ 5,689
Corporate bonds and notes	60,805	17,907	33,205	6,709	2,984
Mutual funds - fixed income	233	-	13	218	4
<b>Total</b>	<b>\$ 66,727</b>	<b>\$ 17,907</b>	<b>\$ 33,218</b>	<b>\$ 6,927</b>	<b>\$ 8,677</b>

As of June 30, 2023, the University had the following interest-bearing investments and maturities:

Investment Type	Fair Value	Investment Maturity (in Years)			
		< 1	1 - 5	6 - 10	> 10
U.S. government and agencies	\$ 8,836	\$ -	\$ 4,259	\$ 1,300	\$ 3,277
Corporate bonds and notes	64,633	8,812	46,526	7,207	2,088
Mutual funds - fixed income	150	-	13	120	17
<b>Total</b>	<b>\$ 73,619</b>	<b>\$ 8,812</b>	<b>\$ 50,798</b>	<b>\$ 8,627</b>	<b>\$ 5,382</b>

*Credit Risk*

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit quality information – as commonly expressed in terms of the credit ratings issued by the nationally recognized statistical rating organizations (NRSROs) such as Moody's Investors Service, Standard & Poor's, or Fitch Ratings – provides a current depiction of potential variable cash flows and credit risk.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
(DOLLARS IN THOUSANDS)

**NOTE 3 INVESTMENTS (CONTINUED)**

*Credit Risk (Continued)*

The credit ratings of the University's interest-bearing investments as of June 30, 2024 are as follows:

Investment Type	Credit Rating (Moody's)					
	Fair Value	Aaa	Aa	A	Baa and less	
U.S. government and agencies	\$ 5,689	\$ 5,689	\$ -	\$ -	\$ -	\$ -
Corporate bonds and notes	60,805	-	-	25,788		35,017
Mutual funds - fixed income	233	2	13	218		-
<b>Total</b>	<b>\$ 66,727</b>	<b>\$ 5,691</b>	<b>\$ 13</b>	<b>\$ 26,006</b>	<b>\$</b>	<b>35,017</b>

The credit ratings of the University's interest-bearing investments as of June 30, 2023 are as follows:

Investment Type	Credit Rating (Moody's)					
	Fair Value	Aaa	Aa	A	Baa and less	
U.S. government and agencies	\$ 8,836	\$ 8,836	\$ -	\$ -	\$ -	\$ -
Corporate bonds and notes	64,633	-	75	26,363		38,195
Mutual funds - fixed income	150	-	76	71		3
<b>Total</b>	<b>\$ 73,619</b>	<b>\$ 8,836</b>	<b>\$ 151</b>	<b>\$ 26,434</b>	<b>\$</b>	<b>38,198</b>

*Concentration Risk*

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in a single issuer. The University's investment policy requires investment pool direct placements to be sufficiently diversified and provides that no more than 7% of its equity holdings and 5% of its fixed income holdings can be invested in any issue. The foregoing restrictions do not apply to securities that are issued or fully guaranteed by the United States government. The University did not have investments in any single issuer that equaled 5% or more in 2024 or 2023.

*Foreign Currency Risk*

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. The University had no foreign equity holdings as of June 30, 2024 and 2023.

*Custodial Credit Risk*

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The University had no exposure to custodial credit risk for the years ended June 30, 2024 and 2023.

**NOTE 3 INVESTMENTS (CONTINUED)**

**The University of Toledo Foundation and Subsidiaries Investments**

Certain investments of the University and The University of Toledo Alumni Association (Alumni Association) are pooled with investments of the Foundation. The pooled investments are managed by the Foundation. The following are the Foundation's pooled investments on June 30:

	2024		2023	
	Fair Value	Cost	Fair Value	Cost
Mutual funds, index funds and ETFs - equities	\$ 261,770	\$ 230,287	\$ 276,302	\$ 238,637
Mutual funds and ETFs - fixed income	81,537	91,001	70,460	79,487
Real Estate	9,352	10,436	9,143	10,063
Common stock	37,687	36,533	38,959	33,841
Hedge funds	119,159	63,527	72,569	69,300
Partnerships	152,360	106,791	127,067	83,647
Notes Receivable - Related Party	14,638	14,638	3,653	3,653
U.S. government and agency issues	1,511	7,413	6,105	6,599
Corporate bonds	2,112	2,366	2,497	2,801
Cash equivalents	7,707	7,788	30,176	30,176
Total pooled investments	\$ 687,833	\$ 570,780	\$ 636,931	\$ 558,204

The Foundation had the following sources of unrealized and realized gains and losses related to the pooled investments reported in their statement of activities for the years ended June 30:

	2024	2023
Unrealized gains:		
Ending balance	\$ 65,823	\$ 39,803
Beginning balance	39,803	28,833
Unrealized appreciation/(depreciation)	26,020	10,970
Realized appreciation	5,850	7,299
Total realized and unrealized appreciation/(depreciation)	\$ 31,870	\$ 18,269

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 4 FAIR VALUE MEASUREMENTS**

The University categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy below.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The University's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The University has the following recurring fair value measurements as of June 30, 2024, and 2023:

**Assets and Liabilities Measured at Fair Value on a Recurring Basis**

	Balance at June 30, 2024	Fair Value Measurements Using:		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<b>Investments by fair value level:</b>

<b>Investments measured at the net asset value (NAV):</b>						
Equity in internal investment pool	\$ 303,608					
Total investments measured at the NAV	\$ 303,608					
Total investments measured at fair value	<u>\$ 378,672</u>					
<b>Derivative instruments by fair value level:</b>						
Interest rate swap liability	\$ 1,948	\$ -	\$ 1,948	\$ -		
Total derivative instruments by fair value level	\$ 1,948	\$ -	\$ 1,948	\$ -		

Debt and equity securities classified in Level 1 are valued using prices quoted in active markets for those securities. The fair value of corporate bonds and issuances of the U.S. government and its agencies was determined primarily based on level 2 inputs. The University estimates the fair value of these investments using other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented in the following section.

**Investments in Entities that Calculate Net Asset Value per Share**

The University holds an equity interest in the investment pool of the Foundation. Fair value is measured on a recurring basis using the net asset value per share as a practical expedient. The fair value of the University's equity interest in the investment pool was \$322,577 and \$303,608 as of June 30, 2024 and 2023, respectively.

The primary investment strategy of the investment pool is capital preservation and long-term appreciation through a mix of fixed income instruments and equities.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)**

**The University of Toledo Foundation and Subsidiaries Investments**

The Foundation uses fair value measurements to define fair value and establish a framework for measuring fair value. The three-level fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Foundation has the ability to access. Fair values determined by Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Disclosures concerning assets measured at fair value on a recurring basis for June 30, 2024 are as follows:

Total notes receivable - net of allowances	<u>739</u>	<u>1,585</u>
Total accounts and notes receivable - net of allowances	<u><u>\$ 136,704</u></u>	<u><u>\$ 121,095</u></u>

Accounts receivable is for transactions relating to tuition and fees, patient services, auxiliary enterprise sales, grants and contracts, and miscellaneous sales and services. Accounts receivable are recorded net of contractual allowances and allowances for uncollectible accounts totaling \$19,479 and \$13,556 for fiscal years 2024 and 2023, respectively. Student notes receivable are recorded net of allowance for uncollectible accounts of \$0 and \$760 as of June 30, 2024 and 2023, respectively.

**The University of Toledo Foundation – Contributions Receivable**

As of June 30, 2024 and 2023, donors to the Foundation have made unconditional promises to give that are measured at fair value. A risk premium has been estimated by management based on uncertainty factors to determine expected future cash flows from unconditional promises to give that are discounted to a net present value based on a risk-free interest rate. Write-offs of uncollectible pledges for the years ended June 30, 2024 and 2023 amounted to \$399 and \$566, respectively.

**NOTE 6 LEASES RECEIVABLE**

The University, acting as lessor, leases certain land and office space under long-term, non-cancelable lease agreements. The leases expire at various dates through 2066 and provide for renewal options ranging from one year to ten years. During the year ended June 30, 2024, the University recognized \$24 and \$102 in lease revenue and interest revenue, respectively, pursuant to these contracts. During the year ended June 30, 2023, the University recognized \$272 and \$199 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Certain leases provide for increases in future minimum annual rental payments based on specific rates or defined increases in the Consumer Price Index.

**NOTE 7 CAPITAL ASSETS (CONTINUED)**

Assets are classified as either for Academic or Hospital use. Academic assets are capitalized at a cost of \$50 or greater with the exception of equipment and computer software, which are capitalized at a cost of \$5 or greater. Academic asset depreciation and amortization on capital leases are recognized on a straight-line basis over the estimated useful life of the asset, as follows:

Classification	Life
Infrastructure	10 to 25 years
Buildings	40 years
Building additions	10 to 40 years
Equipment	5 - 10 years

Hospital assets are capitalized with a cost of \$5 or greater for equipment, buildings, and building additions based on increase of capacity, life, or operating efficiency of a capital asset. Hospital asset depreciation and amortization on capital leases are recognized on a straight-line basis over the estimated useful life of the asset, as follows:

Classification	Life
Infrastructure	2 to 40 years
Buildings	5 to 40 years
Building additions	5 to 40 years
Equipment	3 to 20 years

**NOTE 8 PUBLIC-PRIVATE AND PUBLIC-PUBLIC PARTNERSHIPS**

Effective October 1, 2021, the University entered into an agreement with ParkUToledo to operate, manage and maintain the University's parking system, including collecting parking fees and issuing tickets for parking violations. The objectives of entering into this agreement were to leverage the parking assets to generate cash resources and to provide parking services in a more efficient and cost-effective manner. The term of the agreement is 35 years and the University received an upfront payment of \$52.5 million with the potential for future annual payments contingent on the balance in ParkUToledo's surplus fund.

In addition to operating and maintaining the parking system, ParkUToledo is responsible for making all capital improvements required to be completed during the term of the agreement. At the end of the agreement, ParkUToledo will surrender and deliver to the University all of its rights, title and interest in the parking system, including all improvements.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 8 PUBLIC-PRIVATE AND PUBLIC-PUBLIC PARTNERSHIPS (CONTINUED)**

As part of the agreement, the University committed to demolition of the two existing parking garages and construction of surface lots to take their place. In addition, the University is responsible for electricity, snow removal and waste disposal related to the parking system for the term of the agreement. Also, in the event there is insufficient funding available for debt service payments, the University has agreed to provide a maximum of \$5 million in the aggregate over the term of the agreement.

In accordance with the requirements of GASB Statement No. 94, *Public-Private and Public-Public Partnerships*, the University recorded a deferred inflow of resources, which will be amortized to revenue over the life of the agreement. The balance of the deferred inflow of resources as of June 30, 2024 and 2023, is \$53,412 and \$52,213, respectively, which reflects revenue of \$1,582 and \$1,500, respectively, recognized during the fiscal years as well as ParkUToledo's investment of \$2,782 in parking lot improvements. The parking assets continue to be reported in the University's financial statements, including depreciation as applicable.

**NOTE 9 DEBT**

On July 13, 2023, the University issued \$82,590 in General Receipts Bonds, series 2023B through private placement. Proceeds from the bonds were used to redeem the Series 2013B bonds in the amount of \$66,980 and the Series 2013D bonds in the amount of \$15,610. The Series 2023B bonds bear interest at variable rates with a final maturity of June 1, 2036, and subject to a mandatory tender on June 1, 2028.

The outstanding Series 2013B bonds were redeemed through a current refunding during the year ended June 30, 2024, and accordingly, are not reflected in the accompanying financial statements as of June 30, 2024.

The outstanding Series 2013D bonds were redeemed through a refunding during the year ended June 30, 2024, and accordingly, are not reflected in the accompanying financial statements as of June 30, 2024.

On May 1, 2023, the University issued \$24,045 in General Receipts Bonds, Series 2023A through a direct placement with PNC Bank. Proceeds from the bonds were used to current refund the General Receipts Bonds Series 2013C totaling \$23,895 and to pay cost of issuance. The refunded bonds were called for redemption on June 1, 2023 at par plus accrued interest. The Series 2023A bonds bear interest at a fixed rate of 2.831%, and the net present value savings of the refunded bonds was \$2,123.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 9 DEBT (CONTINUED)**

On May 1, 2018, the University issued \$28,320 in General Receipts Bonds, Series 2018B. Proceeds from the Bonds were used to advance refund and defease the General Receipts Bonds Series 2010 totaling \$26,660 and to pay cost of issuance. The refunded bonds maturing June 1 of the years 2018 to 2020, inclusive, were paid on their respective due dates from the escrow fund. The refunded bonds maturing June 1, 2021, were called for redemption on June 1, 2020, at par plus accrued interest. The Series 2018B bonds bear interest at a fixed rate of 4.26%, and the net present value loss on the refunded bonds was \$7,885.

On May 1, 2018, the University issued \$9,175 in General Receipts Bonds, Series 2018A. Proceeds from the Bonds were used to advance refund and defease the remaining General Receipts Bonds Series 2008A totaling \$10,035 and to pay cost of issuance. The refunded bonds were called for redemption on June 1, 2018, at par plus accrued interest. The Series 2018A Bonds bear interest at a fixed rate of 5%, and the net present value savings of the refunded bonds was \$797.

On December 28, 2017, the University issued \$35,655 in General Receipts Bonds, Series 2017B. Proceeds from the Bonds were used to advance refund and defease the portion of the General Receipts Bonds Series 2011B maturing on June 1 of the years 2022 to 2031, inclusive, totaling \$38,385 and to pay cost of issuance. The refunded bonds will be called for redemption on June 1, 2021 at par plus accrued interest. The Series 2017B Bonds bear interest at a fixed rate of 5%, and the net present value savings of the refunded Bonds was \$3,024.

On March 28, 2017, the University issued \$72,820 in General Receipts Premium Bonds, Series 2017A. Proceeds from the Bonds, together with available funds, were used to refund \$32,140 General Receipt Bonds Series 2007A, advance refund \$11,060 General Receipt Bonds Series 2008A, fund \$30,000 in capital projects to the University's Main Campus, and to pay cost of issuance. Capital improvements include the renovation of Parks Tower, improvements to various campus facilities, and electrical, lighting and HVAC upgrades. The Bonds have an average coupon of 4.39%, and the net present value savings of the refunded Bonds of \$3,311.

On June 27, 2013, the University issued \$34,180 in General Receipts Bonds, Series 2013C. Proceeds of the Series 2013C were used to advance refund General Receipts Bonds, Series 2009B, Build America Bonds at par due to a reduction in the federal subsidy and to pay cost of issuance of the Series 2013C Bonds. The Series 2013C Bonds bear a fixed rate of interest with an average yield of 4.03% and a final maturity of June 1, 2031. The outstanding Series 2013C bonds were redeemed through a current refunding during the year ended June 30, 2023, and accordingly, are not reflected in the accompanying financial statements as of June 30, 2023.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 9 DEBT (CONTINUED)**

On June 7, 2013, the University issued \$10,125 in General Receipts Bonds, Series 2013A through a direct placement with Capital One Public Funding, LLC. Proceeds of the Series 2013A were used to defease and advance refund the \$9,635 outstanding General Receipts Bonds, Series 2004 and to pay the cost of issuance of the Series 2013A Bonds. The University recognized cash flow savings of \$904 and an economic gain of \$790 from the advance refunding of Series 2004. Series 2013A bears interest at 1.99% with a final maturity of June 1, 2025. The Bonds have mandatory tender date June 1, 2023.

On November 3, 2011, the University issued \$47,640 in General Receipts Bonds, Series 2011B. Proceeds of the Series 2011B Bonds were, together with other available funds, to pay the cost of various improvements on the University's Health Science Campus, including reconstruction of existing facilities to house a comprehensive cancer center; expansions, renovations and improvements to the University of Toledo Medical Center, including reconstruction and renovation of patient rooms and operating rooms; renovations and improvements to Dowling Hall building for outpatient office space and clinical space; acquisition and installation of hardware and software for electronic medical records system; acquisition of medical equipment; and acquisition and installation of various other facility improvements. Additional proceeds of the Series 2011B Bonds were used to pay the costs related to the issuance of the Series 2011B Bonds. The Series 2011B Bonds bear a fixed rate of interest with an average yield of 4.41%.

On April 26, 2007, the University issued \$49,900 in General Receipts Bonds, Series 2007B, to finance the rehabilitation and improvement of a facility to provide classrooms for undergraduates; the rehabilitation and improvement of the main library; and improvements to athletic facilities. Series 2007B bears interest based on the Auction Period Rate for each 35-day auction period. During fiscal year 2010, the University made two public tender offers for the 2007B Series Bonds. The University also tendered and repurchased 2007B Series Bonds in fiscal year 2013 from proceeds of the Series 2013D Bond issuance. Bonds repurchased and subsequently cancelled under these tender offers have been credited against the mandatory redemption schedule of the Series 2007B Bonds. The next scheduled principal redemption date on the series 2007B Bonds is currently June 1, 2036.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 9 DEBT (CONTINUED)**

The principal and interest payments of all the General Receipts Bonds are collateralized by the pledge of the general receipts of the University. The bond indentures have various covenants relating to reporting with which the University management believes they have complied.

UTP-CF had two lines of credit available through Signature Bank that were paid off and closed during the year ended June 30, 2024. As of June 30, 2024 and 2023 the line had outstanding borrowings of \$0 and \$4,205.

During the year ended June 30, 2024, UTP-CF opened a line of credit with Huntington Bank with maximum borrowings of \$5,000 and a variable rate of interest at SOFR plus 2.00%. There was no outstanding balance as of June 30, 2024.

During the year ended June 30, 2024, UTP-CF obtained two lines of credit from the Foundation. The first originated in September 2023 with maximum borrowings of \$5,000 and interest at SOFR plus 1.25%. The second originated in April 2024 with maximum borrowings of \$7,500 and interest at SOFR plus 1.25%. The total outstanding on these lines of credit was \$9,000 as of June 30, 2024.

The estimated cost to complete construction in progress at June 30, 2024, is \$3,751.

As part of the Epic EMR project, the University entered into an agreement with Epic to finance the cost of the license and implementation over a period of five years. The future payments required by the agreement are as follows:

	Principal	Interest	Total
2025	\$ 2,604	\$ 42	\$ 2,646
2026	976	6	982
<b>TOTALS</b>	<b>\$ 3,580</b>	<b>\$ 48</b>	<b>\$ 3,628</b>

The University's General Receipts Bonds contain a provision that in any event of default, the trustee may declare the principal and accrued interest of all outstanding bonds be due and payable immediately. Furthermore, in such events of default and upon the written request of the holders of at least 25% of the outstanding bonds, the trustee must declare the principal and accrued interest of all outstanding bonds to be due and payable immediately.

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 10 INTEREST RATE SWAPS**

In order to hedge against interest rate fluctuations on the Series 2002 variable rate bonds, the University entered into three interest rate derivative (swap) agreements in November 2002. One swap expired June 1, 2020. The two remaining swaps expire on June 1, 2032 and have a current notional value of \$52,125. These swaps are now associated with the Series 2023B Bonds and the counterparty for these swaps is JP Morgan Chase. The University pays a fixed rate of 3.888% to the counterparty and receives a variable rate of interest of 71% of SOFR from the counterparty on these two swaps. Only the net difference in interest payments is actually exchanged with the counterparty. The swap agreement's fair value is estimated using the zero-coupon method, whereby the future net settlement payment as required by the swap is calculated, and then discounted using the spot rates implied by the current yield curve. The mark-to-market valuation on the two swap agreements as of June 30, 2024 is an asset of \$1,595 compared to asset of \$847 on June 30, 2023.

In April, 2007, the University entered into a swap agreement with JP Morgan Chase that expires on June 31, 2036, in the notional amount of \$33,250, to hedge a portion of the exposure against interest rate fluctuations arising from the variable interest rates on the Series 2007B. This swap is now associated with the 2023B Bonds. Based on the swap agreement, the University owes interest calculated at a fixed rate of 3.666% to the swap counterparty. In return, the counterparty owes the University interest at a variable rate based on 68% of SOFR. Only the net difference in interest payments is actually exchanged with the counterparty. The swap agreement's fair value is estimated using the zero-coupon method, whereby the future net settlement payment as required by the swap is calculated, and then discounted using the spot rates implied by the current yield curve. The mark-to-market valuation on the swap agreement as of June 30, 2024 is an asset of \$1,025 compared to an asset of \$1,102 on June 30, 2023.

Upon termination of any of the swap agreements, a payment may be owed by the University to the swap counterparty or by the swap counterparty to the University, depending on the prevailing economic circumstances at the time of the termination.

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 10 INTEREST RATE SWAPS (CONTINUED)**

Effective Date	Type	Objective	Notional Amount	Pays	Receives	Maturity Date	Counter Party Credit Rating	MTM @ 06/30/24	MTM @ 06/30/23
11/16/02	Pay-Fixed, Rec-Var.	Synthetic Fixed Interest	\$ 24,690	3.888%	SOFRr	6/1/32	Aa3/A+	\$ 759	\$ 402
11/19/02	Pay-Fixed, Rec-Var.	Synthetic Fixed Interest	27,435	3.888%	SOFR	6/1/32	Aa3/A+	836	445
4/26/07	Pay-Fixed, Rec-Var.	Synthetic Fixed Interest	29,250	3.660%	SOFR	6/1/36	Aa3/A+	1,025	1,102
			<u>\$ 81,375</u>					<u>\$ 2,620</u>	<u>\$ 1,949</u>

Interest rate swaps are classified as hedging derivative instruments, if the hedging instruments meet the criteria outlined in GASB Statement No. 53, paragraph 27a and b, or as investment derivative instruments if they do not meet the criteria. All of the swap agreements have been determined to be effective hedging derivative instruments as of both June 30, 2024 and June 30, 2023.

All of the University's hedging relationships in fiscal year 2012 were terminated in fiscal year 2013 and designated into new hedging relationships. In accordance to GASB 53 these swaps are considered hybrid instruments consisting of a financing element and an embedded derivative. The at-market amount of the swaps at the time of the new hedging relationship is designated as a hedging instrument with a current mark-to-market value of \$2,620. The above-market amounts which equal \$7,486 are considered borrowings and are included in long term debt which will be paid down by a portion of the swaps' periodic fixed payments.

As of the balance sheet date, the swap agreements can be summarized as follows:

	Change in Fair Value		2024		2023	
	2024	2023	Amount	Classification	Amount	Classification
<b>Business-type activities</b>						
<b>Cash flow hedges:</b>						
Pay-fixed interest rate swaps (receive-variable)	\$ 671	\$ 3,865	\$ 2,620	Deferred charge	\$ 1,949	Deferred charge
			\$ 81,375			\$ 83,275

The fair values of the interest rate swaps were estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

**(DOLLARS IN THOUSANDS)**

**NOTE 10 INTEREST RATE SWAPS (CONTINUED)**

Rating	Bear Stearns (JPM) 2002 (Swap A and B)	Bank One (JPM) 2002 (Swap C)	JPM 2007B
Aaa/AAA	Infinity	Infinity	Infinity
Aa1, Aa2, Aa3/AA+, AA, AA-	Infinity	Infinity	Infinity
A1/A	10,000	Infinity	Infinity
A2/A	10,000	Infinity	Infinity
A3/A-	10,000	Infinity	Infinity
Baa1/BBB+	5,000	5,000	5,000
Baa2/BBB	500	3,000	3,000
Baa3/BBB-	500	-	-
Below Baa3/BBB- or suspended, withdrawn or unrated	-	-	-

As of June 30, 2024, the University's net liability position is \$4,866 exclusive of accrued interest in the amount of \$3 compared to a net liability position of \$6,893 in 2023. The University has not been required to post collateral with any counterparty as of June 30, 2024.

It is the University's policy to enter into netting arrangements whenever it has entered into more than one derivative instrument transaction with a counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its obligations, close-out netting provisions permit the nondefaulting party to accelerate and terminate all outstanding transactions and net the transactions' fair values so that a single sum will be owed by, or owed to, the nondefaulting party.

Although the University originally executed interest rate swap agreements with multiple counterparties, all contracts, comprising approximately 100% of the net exposure to credit risk, are held with one company as the result of merger activity since 2002. That counterparty is rated Aa3/A+.

**Interest Rate Risk** – The University is exposed to interest rate risk on its interest rate swaps. On its pay-fixed, receive-variable interest rate swap, as LIBOR or the Securities Industry and Financial Markets Association (SIFMA) swap decreases, the University's net payment on the swap increases.

**Basis Risk** – The University is exposed to basis risk on its LIBOR-based interest rate swaps due to variable-rate payments received on these instruments based on a rate or index other than interest rates the University pays on its variable-rate debt, which, depending on the series is remarketed every 30 or 35 days.

**Termination Risk** – The University or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 10 INTEREST RATE SWAPS (CONTINUED)**

**Rollover Risk** – The University is exposed to rollover risk on its SOFR-based interest rate swaps that mature or may be terminated prior to the maturity of the hedged debt. When these hedging interest rate swaps terminate, or in the case of a termination option, if the counterparty exercises its option, the University will be re-exposed to the risks being hedged by the interest rate swaps.

**NOTE 11 LEASE OBLIGATIONS**

The University leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2038 and provide for renewal options ranging from three months to five years.

Certain facility leases provide for increases in future minimum annual rental payments based on specific rates or defined increases in the Consumer Price Index.

Total future minimum lease payments under lease agreements are as follows:

	Principal	Interest	Total
2025	\$ 5,645	\$ 951	\$ 6,596
2026	4,064	714	4,778
2027	3,111	562	3,673
2028	2,101	463	2,564
2029	1,671	386	2,057
2030-2034	7,041	939	7,980
2035-2038	903	61	964
<b>TOTALS</b>	<b>\$ 24,536</b>	<b>\$ 4,076</b>	<b>\$ 28,612</b>

Right-to-use assets acquired through outstanding leases are shown below, by underlying asset class.

**(DOLLARS IN THOUSANDS)**

**NOTE 12 SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS**

The Entity has entered into numerous subscription based-information technology arrangements (SBITAs) for various functions of the university including athletics, finance, grants, procurement, student functions and various hospital functions. The SBITA arrangements expire at various dates through 2027 and provide for renewal options.

The future subscription payments under SBITA agreements are as follows:

	Principal	Interest	Total
2025	\$ 2,348	\$ 221	\$ 2,569
2026	1,525	118	1,643

<b>Net right of use assets</b>	<b>5,727</b>	<b>4,095</b>

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS**

The University participates in the State Teachers Retirement System of Ohio (STRS) and the Ohio Public Employees Retirement System (OPERS). Each is a statewide, cost-sharing, multiple-employer public employee retirement system governed by the Ohio Revised Code (ORC) that covers substantially all employees of the University. Each system has three retirement plan options available and provides retirement, survivor and disability benefits to plan members and their beneficiaries. The systems also provide postemployment healthcare benefits to retirees and beneficiaries. Employees may opt out of STRS or OPERS and participate in the Alternative Retirement Plan (ARP) if they meet certain eligibility requirements. The ARP is a defined contribution plan using state-approved investment providers and does not include disability, health care, or death benefits.

Each retirement system issues a publicly available financial report that includes financial statements and required supplementary information for the pension and postemployment health care plans. The reports may be obtained by contacting:

State Teachers Retirement System of Ohio  
275 E. Broad Street  
Columbus, Ohio 43215  
888-227-7877  
[www.strsoh.org](http://www.strsoh.org)

Ohio Public Employees Retirement System  
277 East Town Street  
Columbus, Ohio 43215  
800-222-7377  
[www.opers.org](http://www.opers.org)

**Contributions**

STRS – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. For the plan years ended June 30, 2023 and 2022, the contribution rate was 14% of covered payroll for both members and employers. Under Ohio law, funds to pay health care costs may be deducted from employer contributions. For the year ended June 30, 2023, no employer allocation was made to the health care fund.

OPERS – The ORC provides statutory authority for member and employer contributions. Member contribution rates for the plan years ended December 31, 2023 and 2022 were 10% for the state and local division, 12% for the public safety division and 13% for the law enforcement division. Employer contribution rates for plan years 2023 and 2022 were 14% of covered payroll for the state and local division, and 18.1% of covered payroll for the law enforcement and public safety divisions. For the Traditional and Combined Plans no employer contributions were allocated to healthcare for 2022 and 2023. For the Member-Directed Plan, 4% of employer contributions was allocated to health care coverage for both 2022 and 2023.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

**Contributions (Continued)**

ARP – The ORC provides statutory authority for member and employer contributions. Member contribution rates are the same as those required by the respective state retirement systems. For STRS-eligible employees who elected an ARP, the University contributed 11.09% of covered payroll to the selected investment provider during the 2023 plan year and 2.97% to STRS. For OPERS-eligible employees who elected an ARP, the University contributed 11.56% of covered payroll to the selected investment provider and 2.44% to OPERS during the portion of the plan year from January 1, 2023 through June 30, 2023. Effective July 1, 2022, the University contributed 11.76% of covered payroll to the selected investment provider and 2.24% to OPERS. The employer amounts remitted to STRS and OPERS are based on the statutory mitigating rate which is designed to offset any negative financial impact of the ARP on the state retirement systems.

University contributions to the retirement plans for the year ended June 30 are summarized below.

Plan	2024	2023
STRS	\$ 12,142	\$ 12,190
OPERS	31,371	29,228
ARP	8,626	8,890
Total	<u>\$ 52,139</u>	<u>\$ 50,308</u>

**Benefits**

STRS – Plan benefits are established under Chapter 3307 of the ORC, as amended by Substitute Senate Bill 342 in 2012, which gives the Retirement Board the authority to make future adjustments to the member contribution rate, retirement age and service requirements, and the cost-of-living adjustments as the need or opportunity arises, depending on the retirement system's funding progress. STRS members have a choice of three retirement plans: a Defined Benefit (DB) plan, a Defined Contribution (DC) plan and a Combined Plan.

The DB Plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective Aug. 1, 2015, the calculation is 2.2% of final average salary for the five highest years of earnings multiplied by all years of service. Eligibility changes will be phased in until Aug. 1, 2023, when retirement eligibility for unreduced benefits will be five years of service credit and age 65, or 34 years of service credit and at least age 60.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

**Benefits (Continued)**

The Defined Contribution (DC) Plan allows members to place all their member contributions and the 11.09% portion of the 14% employer contribution into an investment account. Investment allocation decisions are determined by the member. The remaining 2.91% portion of the 14% employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12% of the 14% member rate goes to the DC Plan and the remaining 2% is applied to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50 and after termination of employment.

DB and Combined Plan members are eligible for disability and death benefits based on specified criteria in the plan.

OPERS – Authority to establish and amend benefits is provided by Chapter 145 of the ORC. OPERS members have a choice of three retirement plans: the Traditional Pension Plan, a defined benefit plan; the Combined Plan, a combination defined benefit/defined contribution plan; and the Member-Directed Plan, a defined contribution plan. All state and local governmental employees in Ohio, except those covered by one of the other state or local retirement systems in Ohio, are members of OPERS.

Retirement benefits in the Traditional Pension Plan are calculated on a formula that considers age, years of service and final average salary. Depending on when they joined the plan, members with five years of service are eligible for retirement at either age 60 or 62, and members with 25 years of service are eligible for retirement at either age 55 or 57. The annual benefit is 2.2% of final average salary for the first 30 or 35 years of service, depending on when the member joined, and 2.5% for years of service in excess. Final average salary is based on the highest three or five years of earnings, depending on when the member joined. Members who retire before meeting the age and service requirements receive a percentage reduction in the benefit amount.

Law Enforcement and Public Safety members, as defined in ORC Chapter 145, are eligible for special retirement options under the Traditional Pension Plan and are not eligible to participate in the Member-Directed or Combined plans.

For the Member-Directed Plan, the amount available for benefits consists of the member's contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

**Benefits (Continued)**

Benefits in the Combined Plan consist of both an age-and-service formula and a defined contribution element. The defined benefit element is calculated on the basis of age, final average salary, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Plan. The annual benefit is 1% of final average salary for the first 30 or 35 years of service, depending on when the member joined, and 1.25% for years of service in excess.

Members in the Traditional Pension Plan and Combined Plan are eligible for Disability, Survivor and Death benefits based on age and/or service criteria. Members of the Member-Directed Plan do not qualify for these ancillary benefits. A cost-of-living adjustment is provided for retirement benefits under the Traditional Plan and the defined benefit portion of the Combined Plan. For those who retired prior to January 7, 2013, current law provides for a 3% adjustment. For subsequent retirees, beginning in calendar year 2021, current law provides an adjustment based on the Consumer Price Index but capped at 3%.

**Net Pension Liability, Deferrals, and Pension Expense** – At June 30, 2024 and 2023, the University reported a liability for its proportionate share of the net pension liability of STRS and the OPERS traditional plan, as well as an asset for its proportionate share of the net pension asset of the OPERS combined plan and member-directed plan. The net pension liability and asset were measured as of June 30, 2023 and June 30, 2022 respectively for STRS and December 31, 2023 and December 31, 2022 respectively for the OPERS plans. The total pension liability used to calculate the net pension liability or asset was determined by an actuarial valuation as of those dates. The University's proportion of the net pension liability or asset was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating reporting units, actuarially determined.

Plan	Date	2024		2023		Proportionate Share	Proportionate Share	Change
		2024	2023	2023	2022			
STRS	June 30	\$ 142,946	\$ 159,120			0.664%	0.716%	0.05%
OPERS Traditional	December 31	311,645	355,731			1.190%	1.204%	0.01%
OPERS Combined and Member-Directed	December 31	(4,423)	(3,623)			1.215%	1.288%	0.07%

For the year ended June 30, 2024 and 2023, the University recognized pension credit of \$52,325 and \$69,379, respectively.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

At June 30, 2024 the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	STRS		OPERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between projected and actual experience	\$ 5,212	\$ 317	\$ 5,515	\$ 426
Changes of assumptions	11,772	8,861	288	-
Difference between projected and actual investment earnings	-	429	63,624	-
Changes in proportion and differences between University contributions and proportionate share of contributions	-	17,832	1,066	2,515
Contributions after the measurement date	11,776	-	15,740	-
<b>Total</b>	<b>\$ 28,760</b>	<b>\$ 27,439</b>	<b>\$ 86,233</b>	<b>\$ 2,941</b>

At June 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	STRS		OPERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between projected and actual experience	\$ 2,037	\$ 609	\$ 12,282	\$ 505
Changes of assumptions	19,042	14,333	3,998	-
Difference between projected and actual investment earnings	5,537	-	102,724	-
Changes in proportion and differences between University contributions and proportionate share of contributions	-	13,411	2,348	122
Contributions after the measurement date	12,565	-	14,754	-
<b>Total</b>	<b>\$ 39,181</b>	<b>\$ 28,353</b>	<b>\$ 136,106</b>	<b>\$ 627</b>

**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
June 30	Amount
2025	\$ 7,598
2026	10,658
2027	50,351
2028	(11,835)
2029	127
Thereafter	198
<b>Total</b>	<b>\$ 57,097</b>

In addition, the contributions subsequent to the measurement date will be included as a reduction of the net pension liability in the next year (2025).

**Actuarial Assumptions** – The total pension liability is based on the results of an actuarial valuation using the following actuarial assumptions, applied to all periods included in the measurement:

	STRS - as of 6/30/23	OPERS - as of 12/31/23
Valuation date	June 30, 2023	December 31, 2023
Actuarial cost method	Entry age normal	Individual entry age
Cost of living	0.00%	Pre-1/7/2013 Retirees: 3.00% Simple
Salary increases, including inflation	2.5% - 8.5%	Post-1/7/2013 Retirees: 2.30% Simple
Price inflation	2.50%	through 2024, then 2.05% Simple
Investment rate of return	7%, net of investment expense, including inflation	2.75 percent - 10.75 percent
Experience study rate	Period of 5 years ended June 30, 2021	2.75%
Mortality basis	Pub-2010 Mortality tables with mortality improvement scale MP-2020	Pub-2010 Mortality tables with mortality improvement scale MP-2020

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

	<b>STRS - as of 6/30/22</b>	<b>OPERS - as of 12/31/22</b>
Valuation date	June 30, 2022	December 31, 2022
Actuarial cost method	Entry age normal	Individual entry age
Cost of living	0.00%	.5% - 3.0%
Salary increases, including inflation	2.5% - 8.5%	2.75% - 10.75%
Price inflation	2.50%	2.75%
Investment rate of return	7%, net of investment expense, including inflation	6.9%, net of investment expense
Experience study rate	Period of 5 years ended June 30, 2021	Period of 5 years ended December 31, 2020
Mortality basis	RP-2014 Annuitant Mortality Table and MP-2020 mortality improvement scale	RP-2014 Healthy Annuitant Mortality Table and MP-2020 mortality improvement scale

**Discount Rate** – The discount rate used to measure the total pension liability was 7.00% and 7.00% for STRS and 6.9% and 6.9% for OPERS as of 2023 and 2022 respectively. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at contractually required rates for all plans. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments for current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
(DOLLARS IN THOUSANDS)

**NOTE 13 RETIREMENT BENEFITS (CONTINUED)**

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

STRS as of 6/30/2023			OPERS as of 12/31/2023		
Investment Category	Target Allocation	Long-term Expected Real Rate of Return	Investment Category	Target Allocation	Long-term Expected Real Rate of Return
Domestic Equity	26.00%	6.60%	Fixed Income	24.00%	2.85%

Plan	1.00% decrease	Current discount rate	1.00% increase
STRS 6/30/2022	6.00% \$ 240,373	7.00% \$ 159,120	8.00% \$ 90,406
OPERS 12/31/2022	5.90% <u>530,972</u>	6.90% <u>352,108</u>	7.90% <u>203,394</u>
Total	<u><u>\$ 771,345</u></u>	<u><u>\$ 511,228</u></u>	<u><u>\$ 293,800</u></u>

**Pension Plan Fiduciary Net Position** – Detailed information about the pension plan's fiduciary net position is available in the separately issued STRS and OPERS financial report.

**Payable to the Pension Plan** – The University reported a payable of \$2,479 and \$4,836 to OPERS at June 30, 2024 and 2023, respectively, for the outstanding amount of contributions required for the years then ended.

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS**

As described in Note 13, both STRS and OPERS provide benefits other than pensions, such as health care, that meet the GASB criteria for other postemployment benefit OPEB plans.

The net OPEB liability represents the University's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

GASB 75 assumes the OPEB liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The ORC permits, but does not require, the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Plan Descriptions**

**STRS (State Teachers Retirement System)**

STRS administers a cost-sharing health plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs, and partial reimbursement of monthly Medicare Part B premiums. The plan is included in the report of STRS which can be obtained by visiting [www.strsoh.org](http://www.strsoh.org) or by calling (888) 227-7877.

ORC Chapter 3307 authorizes STRS to offer the plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the health care plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for postemployment health care may be deducted from employer contributions, currently 14% of covered payroll. For the fiscal year ended June 30, 2023, STRS did not allocate any employer contributions to postemployment health care.

**OPERS (Ohio Public Employees Retirement System)**

The ORC permits, but does not require, OPERS to offer postemployment health care coverage. The ORC allows a portion of the employers' contributions to be used to fund health care coverage. Periodically, OPERS modifies the health care program design to improve the ongoing solvency of the plans. Eligibility requirements for access to the OPERS health care options have changed over the history of the program for Traditional Pension Plan and Combined Plan members.

Prior to January 1, 2015, the System provided comprehensive health care coverage to retirees with 10 or more years of qualifying service credit and offered coverage to their dependents on a premium deduction or direct bill basis. Beginning January 1, 2015, the service eligibility criteria for health care coverage increased from 10 years to 20 years with a minimum age of 60, or 30 years of qualifying service at any age. Beginning with January 2016 premiums, Medicare-eligible retirees could select supplemental coverage through the Connector and may be eligible for monthly allowances deposited to an HRA to be used for reimbursement of eligible health care expenses. Coverage for non-Medicare retirees includes hospitalization, medical expenses, and prescription drugs. The System determines the amount, if any, of the associated health care costs that will be absorbed by the System and attempts to control costs by using managed care, case management, and other programs. Additional details on health care coverage can be found in the Plan Statement in the OPERS 2023 ACFR.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
**(DOLLARS IN THOUSANDS)**

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Plan Descriptions (Continued)**

**OPERS (Ohio Public Employees Retirement System) (Continued)**

Participants in the Member-Directed Plan are not eligible for health care coverage offered to benefit recipients in the Traditional Pension Plan and Combined Plan. A portion of employer contributions for these participants is allocated to a retiree medical account. Upon separation or retirement, participants may be reimbursed for qualified medical expenses from these accounts.

With the assistance of the System's actuary and Board approval, a portion of each employer contribution to OPERS may be set aside for the funding of postemployment health care coverage. The portion of Traditional Pension Plan and Combined Plan employer contributions allocated to health care was 0.0% for 2023 and 2022, respectively. The employer contribution as a percent of covered payroll deposited for Member-Directed Plan health care accounts was 4.0% for 2023 and 2022.

**Net OPEB Asset, Deferrals, and OPEB Expense** – At June 30, 2024 and 2023, the University reported an asset for its proportionate share of the net OPEB asset of OPERS, respectively, and an asset for its proportionate share of the net OPEB asset of STRS. The net OPEB asset for OPERS was measured as of December 31, 2023 and December 31, 2022. The net OPEB asset for STRS were measured as of June 30, 2023 and June 30, 2022, respectively. The total OPEB asset used to calculate the net OPEB asset was determined by an actuarial valuation of those dates. The University's proportion of the net OPEB asset was based on its share of contributions to the respective retirement systems relative to the contributions of all participating entities.

Plan	Measurement Date	Share of Net OPEB					
		Liability (Asset)		Proportionate Share			
		2024	2023	2024	2023	Change	
STRS	July 1	\$ (12,897)	\$ (18,535)	0.66%	0.72%	-0.06%	
OPERS	December 31	(10,733)	7,621	1.19%	1.21%	-0.02%	

For the years ended June 30, 2024 and 2023, the University recognized OPEB income of \$1,326 and \$21,842, respectively.

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**  
(DOLLARS IN THOUSANDS)

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Plan Descriptions (Continued)**

**OPERS (Ohio Public Employees Retirement System) (Continued)**

At June 30, 2024, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	STRS		OPERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between projected and actual experience	\$ 20	\$ 1,971	\$ -	\$ 1,528
Changes of assumptions	1,897	8,509	2,763	4,614
Difference between projected and actual investment earnings	22	-	6,446	-
Changes in proportion and differences between University contributions and proportionate share of contributions	-	2,497	-	261
Contributions after the measurement date	-	-	27	-
<b>Total</b>	<b>\$ 1,939</b>	<b>\$ 12,977</b>	<b>\$ 9,236</b>	<b>\$ 6,403</b>

At June 30, 2023, the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	STRS		OPERS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between projected and actual experience	\$ 277	\$ 2,794	\$ -	\$ 1,901
Changes of assumptions	785	13,142	7,444	612
Difference between projected and actual investment earnings	351	-	15,136	-
Changes in proportion and differences between University contributions and proportionate share of contributions	-	1,839	-	543
Contributions after the measurement date	-	-	26	-
<b>Total</b>	<b>\$ 1,413</b>	<b>\$ 17,775</b>	<b>\$ 22,606</b>	<b>\$ 3,056</b>

The contributions subsequent to the measurement date will be included as a reduction of the net pension liability in the next year (2025). Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in benefit expense as follows:

Year Ending June 30	STRS	OPERS
2025	\$ (4,930)	\$ (777)
2026	(2,261)	247
2027	(1,072)	4,921
2028	(1,700)	(1,585)
2029	(1,227)	-
Thereafter	152	-
<b>total</b>	<b>\$ (11,038)</b>	<b>\$ 2,806</b>

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Plan Descriptions (Continued)**

**OPERS (Ohio Public Employees Retirement System) (Continued)**

**Actuarial Assumptions** – The total OPEB liability is based on the results of an actuarial valuation using the following key assumptions, applied to all periods included in the measurement:

	STRS - as of 6/30/23	OPERS - as of 12/31/23
Inflation	3.00%	2.75%
Salary increases	Varies by Service from 2.5% to 8.5%	2.75% - 10.75% (includes inflation)
Blended discount rate of return	7.00%	5.70%
Investment rate of return	7.00 percent, net of investment expenses, including inflation	6.00 percent, net of investment expenses
Health care cost trends	-11.95% to 7.5% initial, 4.14% ultimate	5.50% initial, 3.50% ultimate in 2038

	STRS - as of 6/30/22	OPERS - as of 12/31/22
Inflation	2.25%	2.75%
Salary increases	Varies by Service from 2.5% to 8.5%	2.75% - 10.75% (includes inflation)
Blended discount rate of return	7.00%	5.22%
Investment rate of return	7.00 percent, net of investment expenses, including inflation	6.00 percent, net of investment expenses
Health care cost trends	-68.78% to -9% initial, 3.94% ultimate	5.50% initial, 3.50% ultimate in 2036

**STRS**

For healthy retirees the post-retirement mortality rates are based on the Pub-2010 Teachers Healthy Annuitant Mortality Table, adjusted 110% for males, projected forward generationaly using mortality improvement scale MP-2020; pre-retirement mortality rates are based on Pub-2010 Teachers Employee Table adjusted 95% for females, projected forward generationaly using mortality improvement scale MP-2020. For disabled retirees, mortality rates are based on the Pub-2010 Teachers Disabled Annuitant Table projected forward generationaly using mortality improvement scale MP-2020.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Plan Descriptions (Continued)**

**STRS (Continued)**

Actuarial assumptions used in the June 30, 2023 valuation are based on the results of the latest available actuarial experience study for the period July 1, 2015 through June 30, 2021. An actuarial experience study is done on a quinquennial basis.

**OPERS**

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

Projections of health care costs for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between the System and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2022, rolled forward to the measurement date of December 31, 2023.

**Discount Rate**

**STRS**

The discount rate used to measure the total OPEB liability was 7.00% and 7.00% as of June 30, 2023 and 2022, respectively. The projection of cash flows used to determine the discount rate assumed STRS Ohio continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2023. Therefore, the long-term expected rate of return on health care fund investments of 7.00% and 7.00% was applied to all periods of projected health care costs to determine the total OPEB liability as of June 30, 2023 and 2022, respectively.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 14 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)**

**Discount Rate (Continued)**

**OPERS**

A single discount rate of 5.70% and 5.22% was used to measure the total OPEB liability on the measurement date of December 31, 2023 and 2022, respectively. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on the actuarial assumed rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 3.77%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through the year 2070. As a result, the actuarial assumed long-term expected rate of return on health care investments was applied to projected costs through the year 2070, and the municipal bond rate was applied to all health care costs after that date.

**OPEB Plan Fiduciary Net Position** – Detailed information about the OPEB plan's fiduciary net position is available in the separately issued STRS and OPERS financial report.

**Payable to the OPEB Plan** – The University did not have a payable to the OPEB plans as of June 30, 2024 and 2023.

**Assumption Changes Since the Prior Measurement Date**

**STRS**

There were no changes in assumptions since the prior measurement date of June 30, 2022.

**Benefit Term Changes Since the Prior Measurement Date**

**STRS**

Salary increase rates were updated based on the actuarial experience study for the period July 1, 2015 through June 30, 2021 and were changed from age based to service based.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 15 CONTINGENCIES AND COMMITMENTS**

In the normal course of its activities, the University is a party to various legal actions. The University intends to vigorously defend itself against all claims and is of the opinion that the outcome of current legal actions will not have a material effect on the University's financial position.

The University participates in the Inter-University Council Risk Management and Insurance Consortium (IUC-RMIC). Since 1994, the IUC-RMIC Universities have purchased their property and casualty insurance on a group basis. The IUC-RMIC formalized their pooling in 2006 and created the Board of Governors. The Board of Governors is comprised of representatives from each University and is the decision making body for insurance issues of the group programs. There are three committees related to the insurance program that report to the Board of Governors: Underwriting, Loss Control, and Audit. Underwriting and Loss Control have representation from each University. In 2009, a director was hired to coordinate the activities of the IUC-RMIC and act as a facilitator to other IUC committees and university departments to address insurance and risk related issues.

Through the IUC-RMIC group, the University maintains property insurance with a \$100 deductible per member per occurrence, a \$900 IUC-RMIC retained pool per occurrence, and \$999,000 in excess insurance per occurrence.

The casualty portion of the IUC-RMIC program provides educator's legal liability, general liability, and automobile liability, and includes a \$100 deductible per member per occurrence, a \$1,400 IUC-RMIC retained pool per occurrence, and \$33,500 in excess insurance per occurrence and annual aggregate.

The IUC-RMIC also provides other coverages such as foreign liability with travel assistance, special accident, crime, cyber and fiduciary. The University's contributions to IUC for property and casualty coverage totaled \$2,772 and \$2,365 for 2024 and 2023, respectively.

The University participates in a state pool of agencies and universities that pays workers' compensation premiums into the State Insurance Fund (the Plan), which pays workers' compensation benefits to beneficiaries who have been injured on the job. Losses from asserted and unasserted claims for the participating state agencies and universities in the Plan are accrued by the Ohio Bureau of Workers' Compensation (the Bureau) based on estimates that incorporate the preceding five-year experience, as well as other considerations including the nature of each claim or incident and relevant trend factors. Participants in the Plan annually fund the workers' compensation liability based on rates set by the Bureau to collect the cash needed in subsequent fiscal years to pay the workers' compensation claims of participating state agencies and universities.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 15 CONTINGENCIES AND COMMITMENTS (CONTINUED)**

The University is also self-insured for unemployment compensation and substantially all employee health benefits. Liabilities for estimates of losses retained by the University for outstanding claims and claims incurred but not reported under self-insurance programs have been based on the University's experience and actuarial valuation. The estimated value of these claims was \$6,832 and \$8,184 as of June 30, 2024 and 2023, respectively. Settlements have not exceeded insurance coverage in each of the past three years.

**NOTE 16 RELATED PARTY TRANSACTIONS**

At its March 2016 meeting, the Foundation board of trustees approved funding by the pooled investment portfolio of up to \$6 million for University capital projects. This 10-year loan was approved by the University in July 2016 with the first draw in August 2016. The balance owed to the pool was \$3,653 and \$3,653 as of June 30, 2024 and 2023.

In 2024 the Foundation board of trustees approved funding by the pooled investment portfolio of a multiple draw term loan to the University for up to \$10 million. The University made its first draw totaling \$2,140 in January 2024. The balance owed to the pool was \$1,986 as of June 30, 2024.

As further described in note 9, UTP-CF had an outstanding payable to the Foundation of \$9,000 as of June 30, 2024 related to line of credit agreements.

On March 30, 2016, the University of Toledo entered into a Grantor Trust Agreement with the Foundation to allow the Foundation to hold title to 8,554.8 shares of VHA-VHC Alliance Newco, Inc. (now known as Vizient Inc.). The purpose for this trust rests in the fact that Vizient, Inc. is a for-profit entity and Ohio law does not permit state entities to hold title or ownership interests in for-profit entities. The initial gift was recorded based on a valuation analysis of the common stock at \$2,000 as of June 30, 2016, and a corresponding receivable was recorded by the University. The value at June 30, 2024 is \$2,038 and the value at June 30, 2023 was \$2,013.

The aggregate carrying amount of the investments measured on a nonrecurring basis included in the nonpooled investments on the consolidated statements of financial position is \$2,038 as of June 30, 2024 and 2023. The fair value of these investments is not estimated if there are no identified events or changes in circumstances that may have a significant adverse effect on the fair value of the investment.

During the years ending June 30, 2024 and 2023, the University paid \$28,534 and \$24,389, respectively, to UTP-CF primarily for wage expense where the University utilized UTP-CF's employees.

**THE UNIVERSITY OF TOLEDO  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023  
(DOLLARS IN THOUSANDS)**

**NOTE 16 RELATED PARTY TRANSACTIONS (CONTINUED)**

During the years ending June 30, 2024 and 2023, the University received \$2,064 and \$1,533, respectively, from UTP-CF for the hospital facility fee charged to patients in connection with professional services rendered in hospital-based clinics. The University also received \$16,506 and \$12,908 from UTP-CF for the years ended June 30, 2024 and 2023, respectively, as reimbursement for expenses paid on behalf of UTP-CF.

Accounts receivable from UTP-CF were \$10,225 and \$10,051 as of June 30, 2024 and 2023. Accounts payable to UTP-CF were \$953 and \$2,739 as of June 30, 2024 and 2023.

During the years ending June 30, 2024 and 2023, the University paid \$654 and \$387, respectively, to UTMAC LLC for professional liability and medical stop-loss insurance.

During the years ending June 30, 2024 and 2023, UTP-CF paid \$2,082 and \$1,886, respectively, to UTMAC LLC for professional liability insurance.

In 2024, the Foundation approved funding to University of Toledo Physicians, LLC of up to \$5,000 to be funded by the pooled investment portfolio for working capital needs. This revolving line of credit has a draw period of 5 years. Interest will be assessed at SOFR plus 1.25%, subject to change quarterly. As of June 30, 2024, the note receivable owed to the pool is \$5,000. As of June 30, 2024, no draws had been approved or taken.

In 2024, the Foundation approved additional funding to University of Toledo Physicians, LLC of up to \$7,500 to be funded by the pooled investment portfolio as a bridge loan. This revolving line of credit has a draw period of 6 months. Interest will be assessed at SOFR plus 1.25%, subject to change quarterly. As of June 30, 2024, the note receivable owed to the pool is \$4,000. As of June 30, 2024, no draws had been approved or taken.

**Changes in Assumptions and Benefit Terms:** No significant changes noted for STRS. For OPERS, on January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare retirees.

## **SINGLE AUDIT**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
The University of Toledo  
Toledo, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of The University of Toledo (the University) (a component unit of the State of Ohio), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 21, 2024. The audit of University of Toledo Physicians Clinical Faculty, Inc. (UTP-CF) was not performed in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with UTP-CF.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2024-001 and 2024-002 that we consider to be significant deficiencies.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***University's Response to Findings***

*Government Auditing Standards* requires the auditor to perform limited procedures on the University's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The University's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

***Purpose of this Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM, AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees  
The University of Toledo  
Toledo, Ohio

### Report on Compliance for the Major Federal Program

#### *Opinion on Each Major Federal Program*

We have audited The University of Toledo's (the University) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on the University's major federal program for the year ended June 30, 2024. The University's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

#### *Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

#### *Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the University's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control Over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**THE UNIVERSITY OF TOLEDO**  
**SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)**  
**JUNE 30, 2024**

Federal Grantor/Pass-Through Grantor/ Program or Cluster Title	Federal Assistance Listing Number	Primary Sponsor	Award Number	Passed Through to Subrecipients	Total Federal Expenditures
<b>National Aeronautic Space Administration (Continued)</b>					
Compact Gas Turbine Compressor CFD Analysis					
Passed-Through from NASA John H. Glenn Research Center	43.002	Hx5	Not Available	\$ -	\$ 125,484
Advanced Computational Tools for the Simulation of Multistage Turbomachinery in Support of Aeropropulsion					
Passed-Through from NASA John H. Glenn Research Center	43.002	Hx5	Not Available	-	125,485
Analysis for Future Aircraft Propulsion Systems	43.002	Hx5	Not Available	-	165,750
Passed-Through from NASA John H. Glenn Research Center					
High Temperature Materials & Coatings for Extreme Environments	43.002	Hx5	Not Available	-	196,786
Passed-Through from NASA John H. Glenn Research Center					
Nondestructive Evaluation for Aerospace Materials & Structures	43.002	Hx5	Not Available	-	172,987
Passed-Through from NASA John H. Glenn Research Center					
Advanced Microscopy and Microstructural Analysis	43.002	Hx5	Not Available	-	297,812
Passed-Through from NASA John H. Glenn Research Center					
Analysis and Testing of Advanced Materials & Structures	43.002	Hx5	Not Available	-	240,782
Passed-Through from NASA John H. Glenn Research Center					
Modeling Supermassive Black Hole Seed Formation and Growth on Cosmological Scales	43.002	Hx5	Not Available	-	78,340
An HST Treasury of Stellar Feedback in Action: Sizes, Structures, and Power Sources for 50,000 ExtraGalactic HII Regions	43.RD	National Aeronautics and Space Administration	80NSSC22K0629	-	
Passed-Through from National Aeronautics and Space Administration					
Structure formation and baryonic cycling in the edge-on galaxy NGC891	43.RD	Association of Universities for Research in Astronomy	HST-GO-17126.001-A	-	104,449
Passed-Through from National Aeronautics and Space Administration					
Come Out, Come Out, Wherever You Are: Seeking All the Massive Young Clusters Hidden in the Antennae	43.RD	Association of Universities for Research in Astronomy	JWST-GO-02180.020-A	-	18,538
Passed-Through from National Aeronautics and Space Administration					
A JWST-HST-VLT/MUSE-ALMA Treasury of Star Formation in Nearby Galaxies	43.RD	Association of Universities for Research in Astronomy	JWST-GO-02581.001-A	-	4,690
Bolometric Luminosities of Cool Brown Dwarfs:	43.RD	Space Telescope Science Institute	JWST-GO-02302.001-A	-	106,950
The Key to Their Effective Temperatures and the Mass Function	43.RD	Space Telescope Science Institute	JWST-GO-01802.001	-	63,112
Investigating Protostellar Accretion Across the Mass Spectrum	43.RD	Association of Universities for Research in Astronomy	JWST-GO-02452.001-A	-	49,484
The Vanishing Act: PAHs and Heavy Element Abundance in M101	43.RD	Association of Universities for Research in Astronomy	JWST-GO-01701.027-A	-	35,999
Dissecting the Prototypical Starbursts NGC 253 and M 82 and Their Cool Galactic Winds	43.RD	Association of Universities for Research in Astronomy		1,196,283	3,997,216
<b>Total National Aeronautic Space Administration</b>					
<b>National Science Foundation</b>					
IPA Assignment	47.000	National Science Foundation	EEC-1948460-006	-	32,733
IPA	47.000	National Science Foundation	DUE-2344986	-	181,739
IPA	47.000	National Science Foundation	Not Available	-	133,811
PFI TT: A hand-held device for rapid and accurate determination of cancerous tumor margins during surgical resections	47.041	National Science Foundation	2141183	18,325	120,859
PFI TT: A hand-held device for rapid and accurate determination of cancerous tumor margins during surgical resections	47.041	National Science Foundation	2141183	-	6,318
Shear thickening under high shear using bimodal dispersions	47.041	National Science Foundation	2154284	-	61,800
Shear thickening under high shear using bimodal dispersions	47.041	National Science Foundation	2154284	-	4,089
Research Initiation: Measuring mental demand of interactive textbooks using wearables and web analytics	47.041	National Science Foundation	2025088	-	10,190
Ultra-High Efficiency Microwave Plasma for Extreme Low-Power Applications	47.041	National Science Foundation	2102100	-	155,223
Collaborative Research: Dry-Wet Phase Inversion Pathway of Graphene Oxide (GO)-Based Mixed-Matrix Membranes for Mineral Ions Separation by Membrane Distillation	47.041	National Science Foundation	2002310	-	17,821
NSF I-Corps Hub: Great Lakes Region	47.041	University of Michigan	2048612	-	55,678
Passed-Through from National Science Foundation					
NSF I-Corps Hub: Great Lakes Region	47.041	University of Michigan	2048612	-	2,000
Collaborative Research: Dry-Wet Phase Inversion Pathway of Graphene Oxide (GO)-Based Mixed-Matrix Membranes for Mineral Ions Separation by Membrane Distillation	47.041	National Science Foundation	2002310	-	41,018
ERI: Additive Manufacturing of Iron based Shape Memory Alloy	47.041	National Science Foundation		-	64,007
Phase II IUCRC: The University of Toledo: Center for Disruptive Musculoskeletal Innovations (CDMI)	47.041	National Science Foundation	1916636	-	120,550
Investigating the Effectiveness of DisCure? Treatment Using A Human Disc Organ Culture Under Physiologically Relevant Mechanical Loading Conditions					
Passed-Through from National Science Foundation	47.041	Rainbow Medical, Ltd.	Not Available	-	8,741
Biomechanics of Cervical Spine with Artificial Disc During Pilot Ejection	47.041	Infoscitex	Not Available	-	10,377
Passed-Through from National Science Foundation					
Phase II IUCRC: The University of Toledo: Center for Disruptive Musculoskeletal Innovations (CDMI)	47.041	Rosie's Base Inc.	Not Available	-	1,811
Developing a sex-specific finite element model with and without total shoulder arthroplasty (Email 5-2F) Passed-Through from National Science Foundation	47.041	Multiple Sponsors	Not Available	-	10,410
Evaluating biomechanics of the novel active apex correction technique in pediatric scoliosis (Email# 1-2A) Passed-Through from National Science Foundation	47.041	Multiple Sponsors	Not Available	-	2,761
Phase II IUCRC: The University of Toledo: Center for Disruptive Musculoskeletal Innovations (CDMI)	47.041	National Science Foundation	1916636	-	41,711
CAREER: Novel Microplasmas for Highly Compact and Versatile RF Electronics	47.041	National Science Foundation	Not Available	-	7,501
ERI: Additive Manufacturing of Iron based Shape Memory Alloy	47.041	National Science Foundation	Not Available	-	4,996
REU Site: Research Experiences for Undergraduates in Physics and Astronomy at the University of Toledo	47.049	National Science Foundation	Not Available	-	111,641
Modeling the Abundance and Distribution of the First Stars and Galaxies	47.049	National Science Foundation	2009309	-	45,002
Tracking the Causes and Effects of Galactic Winds with Resolved Spectroscopy	47.049	National Science Foundation	2009416	-	125,106
Collaborative Research: The End of Star Formation: Gauging the Impact of Feedback on Dense Gas	47.049	National Science Foundation	2107627	-	17,490
Direct Tests of Black Hole Accretion Rate Prescriptions	47.049	National Radio Astronomy Observatory	1519126	-	30,071
Passed-Through from National Science Foundation					
Direct Tests of Black Hole Accretion Rate Prescriptions	47.049	National Science Foundation	2239807	-	18,175
Fundamental study of synthetic and transformational reactions of molecular silver and gold nanoparticles	47.049	National Science Foundation	1905262	-	10,195
CAREER: Expanding the Toolbox for Olefin Functionalization and Difunctionalization Reactions	47.049	National Science Foundation	2047725	-	124,376
Understanding molecular mechanisms underlying chemical behavior of pollutants in heterogeneous environmental systems	47.049	National Science Foundation	2144591	-	47,826
LEAPS-MPS: Harnessing materials from nature: from biomaterials to metal oxides	47.049	National Science Foundation	2316861	-	54,964
Acquisition of Helium Recovery Equipment to Establish a Sustainable NMR Facility at the University of Toledo	47.049	National Science Foundation	2320218	-	170,514
Lead free organic-inorganic halide perovskite ferroelectrics with large piezoelectric responses	47.049	National Science Foundation	1807818	-	28,284
REU Site: Research Experiences for Undergraduates in Physics and Astronomy at the University of Toledo	47.049	National Science Foundation	1950785	-	73,460

See Notes to the Schedule of Expenditures of Federal Awards.

**THE UNIVERSITY OF TOLEDO**  
**SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)**  
**JUNE 30, 2024**

Federal Grantor/Pass-Through Grantor/ Program or Cluster Title	Federal Assistance Listing Number	Primary Sponsor	Award Number	Passed Through to Subrecipients	Total Federal Expenditures
<b>National Science Foundation (Continued)</b>					
LEAPS MPS: Surface subgroups of outer automorphism group of the free group and dynamics on the boundary	47.049	National Science Foundation	2137611	\$ -	\$ 42,281
Lake Erie Center for Fresh Waters and Human Health--BGSU NSF subaward Passed-Through from National Science Foundation	47.050	Bowling Green State University	SUBAWARD ID 10010192-UT08 1914545	-	70,979
Biological and Geochemical Controls on Phosphorus Bioavailability in Arctic Tundra Sample Testing Agreement: Soil nitrogen and phosphorus analyses	47.050	National Science Foundation	-	-	51,824
Passed-Through from National Science Foundation CAREER: Electrical Signals in Soils across Terrestrial and Aquatic Interfaces	47.050	University of Alaska, Anchorage	P0566113 2340719	-	15,971
CAREER: Breakthrough: Analysis, Identification and Mitigation of Delay Performance Bottlenecks of Network Infrastructure in Cyber-Physical Systems	47.050	National Science Foundation	-	-	4,767
CRRI: CNS: Auction Mechanism Design for Energy-Efficient High Performance Computing	47.070	National Science Foundation	2146968	-	13,581
CAREER: The regulation of cytokinesis by calcium	47.074	National Science Foundation	2300124	-	87,379
CAREER: Stress response mechanisms in Vibrio	47.074	National Science Foundation	2144701 2144701 2151127	7,683	56,262 1,008 214,972
Addressing Environmental Challenges and Proposing Sustainable Solutions at the Lake Erie Land-Lake Interface	47.074	National Science Foundation	IIP-1916364	-	103
Collaborative Research: Vegetation assimilation as a source of mercury in a salt marsh ecosystem and implications for soil and tidal water exposures	47.074	National Science Foundation	2329941	-	53,846
Collaborative Research: BoCP-Implementation: Quantifying the response of benthic freshwater ecosystems to abrupt and progressive environmental change	47.074	National Science Foundation	2325894	-	1,014
Collaborative Research: MRA: Resolving and scaling litter decomposition controls from leaf to landscape in North American Drylands	47.074	National Science Foundation	2307197	-	18,531
Collaborative Research: Peripheral Neighborhoods in City Creation Passed-Through from University of Illinois at Urbana-Champaign	47.075	National Science Foundation	2002310	8,651	18,329
Greater, Equity, Access, and Readiness for Success for Engineering and Technology (GEARSET)	47.076	National Science Foundation	1930478	-	34,071
Greater, Equity, Access, and Readiness for Success for Engineering and Technology (GEARSET)	47.076	National Science Foundation	1930478	-	66,337
ADVANCE Catalyst: Transitioning from Anecdotal to Data-Driven Intersectional Approach for Institutional Change at the University of Toledo	47.076	National Science Foundation	2305245	-	37,393
SaTC: EDU: Collaborative, Visualization and Practice based Cybersecurity Curriculum and Training framework for transforming High School Students into the Next Generation Cyber-aware and Cyber-savvy Workforce	47.076	National Science Foundation	1903419	-	24,386
SaTC: EDU: Collaborative, Visualization and Practice based Cybersecurity Curriculum and Training framework for transforming High School Students into the Next Generation Cyber-aware and Cyber-savvy Workforce	47.076	National Science Foundation	1903419	-	8,652
Collaborative Research: CyberMUG: Cybersecurity Modules aligned with UG Computer Science and Engineering Curriculum	47.076	National Science Foundation	2021264	-	16,782
Collaborative Research: Gateway or Gatekeeper: Understanding Why Black Students Choose Engineering Technology or Engineering, and the Implications of this Choice	47.076	National Science Foundation	2224766	-	113,241
Cultivating Persistence and Leadership Development in Science Master Teachers (Robert Noyce Teacher Scholarship)	47.076	National Science Foundation	NOYCE	-	21,043
Development of flow sensor technology for fluid dynamics	47.084	National Science Foundation	2419922	-	18,066
PF1-TT: A new test for male fertility based on sperm neck structures	47.084	National Science Foundation	223383	-	28,763
I-Corps: Web-based Platform for Real-time Crime Mapping	47.084	National Science Foundation	2329738	-	28,472
I-Corps: High efficiency multi-material heat sink/storage by additive manufacturing	47.084	National Science Foundation	2334125	-	46,909
PF1-TT: Biomimetic Engineered Space Technology Platform	47.084	National Science Foundation	2213958	-	107,708
A Novel COVID Detection System Using a DNA Cage-Embedded Microfluidics Sensor (I-Corps)	47.084	National Science Foundation	2323237	-	23,136
PF1-TT: Biomimetic Engineered Space Technology Platform	47.084	National Science Foundation	2213958	-	9,482
<b>Total National Science Foundation</b>				34,659	3,188,539
<b>U.S. Environmental Protection Agency</b>					
Reducing the impacts of Chloride on aquatic species in the Maumee Area of Concern Passed-Through from U.S. Environmental Protection Agency	66.469	Ohio Environmental Protection Agency	UNIVTOL-FDAQUA21	30,607	125,732
H2Ohio Wetland Monitoring: Sensor Infrastructure and Capacity Passed-Through from U.S. Environmental Protection Agency	66.469	36662	SPC-1000007572 GR130252	-	629,531
Improving our understanding of cyanotoxins in Lake Erie Passed-Through from U.S. Environmental Protection Agency	66.469	Ohio State University	SPC-10000011783 GR131514	-	70,815
Functional Litter-a-cy: Trash Trappers for a Cleaner Toledo Passed-Through from U.S. Environmental Protection Agency	66.469	City of Toledo	PO 4500128554	-	14,303
Clark Island Wetland Restoration Project Passed-Through from U.S. Environmental Protection Agency	66.469	Verdantas	TOLEDO MSA - 20230718	-	20,202
<b>Total U.S. Environmental Protection Agency</b>				30,607	860,583
<b>U.S. Department of Energy</b>					
COMPASS FME Passed-Through from Department of Energy	81.000	Pacific Northwest National Laboratory	PO567057	-	645,383
COMPASS FME Passed-Through from Department of Energy	81.000	Pacific Northwest National Laboratory	PO567057	-	261,382
COMPASS FME Passed-Through from Department of Energy	81.000	Pacific Northwest National Laboratory	PO567057	-	732,584
Microwave Photoconductance Spectrometer for Thin-Film Deposited Semiconductor Materials Passed-Through from Department of Energy	81.049	Tau Science Corporation	S1-DE-SC0020718	-	15,677
Integrating and Optimizing Red Rock Biofuels' Feedstock Handling & Feed System Using State-of-the-Art Computational Tools Passed-Through from Department of Energy	81.000	Alliance for Sustainable Energy LLC	NGZ-8-82127-01	-	1,216
A tale of two extremes: Temperature sensitivity of carbon loss from cool and hot soils Passed-Through from Department of Energy	81.049	Emory University	SUBAWARD NO: A912200	-	8,140
Gallium Nitride (GaN) Protected Tandem Photoelectrodes for High Efficiency, Low cost, and Stable Solar Water Splitting Passed-Through from Department of Energy	81.087	University of Michigan	SUBAWARD NO: SUBK00018856	-	16,166
Hydrogen Academic Programs to Enhance the Hydrogen Economy	81.087	Department of Energy	DE-EE0010706	-	57,238
Perovskite/Perovskite Tandem Photoelectrodes For Low-Cost Unassisted Photoelectrochemical Water Splitting	81.087	Department of Energy	DE-EE0008837	-	185,531
Toward Low-Cost, Efficient and Stable Perovskite Thin-Film Modules	81.087	Department of Energy	DE-EE0008970	-	521,843
Back-Contact Interface Engineering for Higher Efficiency CdtTe PV Passed-Through from Department of Energy	81.087	Colorado State University	SUBAWARD NO: G-49011-02	-	59,803
Monolithic Bifacial Halide Perovskite-Cadmium Selenide Telluride (CST) Tandem Thin-Film Solar Cells	81.087	Department of Energy	EE0009832	-	105,176
Remanufacturable "Net-Zero Pb" Perovskite Solar Modules Passed-Through from Department of Energy	81.087	South Dakota School of Mines & Technology	SDSMT-UTOL 23-05	-	9,262
All-Perovskite Tandem Photoelectrodes for Low-Cost Solar Hydrogen Fuel Production from Water Splitting	81.087	Department of Energy	DE-EE0010740	-	162,094
A comprehensive strategy for stable, high productivity cultivation of microalgae with controllable biomass composition	81.087	Department of Energy	DE-EE0008247	44,473	44,473
High pH/high alkalinity cultivation for Direct Atmospheric Air Capture and Algae Bioproducts Passed-Through from Department of Energy	81.087	Montana State University	G282-22-W9180	-	107,406

See Notes to the Schedule of Expenditures of Federal Awards.

**THE UNIVERSITY OF TOLEDO**  
**SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)**  
**JUNE 30, 2024**

Federal Grantor/Pass-Through Grantor/ Program or Cluster Title	Federal Assistance Listing Number	Primary Sponsor	Award Number	Passed Through to Subrecipients	Total Federal Expenditures
<b>U.S. Department of Energy (Continued)</b>					
Minimizing organic carbon losses to improve net productivity in direct air capture cultivation	81.087	Department of Energy	DE-EE0009676	\$ 221,673	\$ 367,698
Integrated LIBS-RAMAN-AI System for Real Time, In-Situ Chemical Analysis of MSW Streams Passed-Through from Department of Energy	81.087	Lehigh University	SUBAWARD NO# 544533-78001	-	7,025
RARE EARTH AND CRITICAL ELEMENTS RECOVERY VIA SELECTIVE MEMBRANES: AI/ML-GUIDED MEMBRANE DEVELOPMENT Passed-Through from Department of Energy	81.RD	Triton Systems, Inc.	Not Available	-	5,054
Center for Hybrid Organic-Inorganic Semiconductors for Energy (CHOISE) Passed-Through from Department of Energy	81.RD	Alliance for Sustainable Energy LLC	SUB-2023-10118	-	168,008
Robust High-resolution Magnetic Resonance Sensors for In-situ Measurements of Soil Hydrogeology at Coastal Interfaces Passed-Through from Department of Energy	81.RD	Vista Clara Inc.	DE-SC0021480	-	36,662
COMPASS FMC Passed-Through from Department of Energy	81.RD	Batelle Energy Alliance, LLC (BEA)	SUBCONTRACT NO. 730017	-	55,924
Modeling of Components in Nuclear/Renewable Power Systems Passed-Through from Department of Energy	81.RD	Idaho National Labs	290356	-	66,984
Shape memory alloy Passed-Through from Department of Energy Facilitating Snow Removal from PV Modules	81.RD	Oak Ridge National Laboratory	4000194304	-	150,162
Cadmium Telluride Photovoltaics Accelerator Consortium Passed-Through from Department of Energy	81.RD	National Renewable Energy Laboratory	Not Available	-	14,065
High Fidelity Simulations of Membrane Gas Separation Modules (Task 1) Passed-Through from National Energy Technology Laboratory	81.RD	Alliance for Sustainable Energy LLC	SUB-2021-10715	-	909,645
Membrane Gas Separation Module Simulations for Process Simulators (Task 2) Passed-Through from National Energy Technology Laboratory	81.RD	Leidos, Inc.	P010267273	-	29,294
Industrial Carbon Capture Membrane Simulation (Task 3) Passed-Through from National Energy Technology Laboratory	81.RD	Leidos, Inc.	P010267273	-	5,163
Molecular Design of Lead Acid Battery Model Expanders	81.RD	Argonne National Laboratory	SUBCONTRACT NO. 1F-60447	-	22,208
CHEETA: Center for Heuristic Evaluation of Emerging Technology Advancement Passed-Through from Sandia National Laboratory	81.RD	National Technology and Engineering Solutions of Sandia, LLC	PO# 2294290	-	207,783
<b>Total U.S. Department of Energy</b>				<b>266,146</b>	<b>5,115,470</b>
<b>U.S. Department of Health and Human Services</b>					
<b>National Institutes of Health</b>					
A Multicenter Platform Evaluating Putative Therapeutics for the Treatment of COVID-19 in Hospitalized Adults Passed-Through from National Institute of Allergy & Infectious Disease	93.000	Social & Scientific Systems, Inc.	Not Available	-	53,930
Lake Erie Center for Fresh Waters and Human Health--BGSU NIH subaward Passed-Through from National Institutes of Health	93.113	Bowling Green State University	SUBAWARD NO 10009736-UT08	-	15,600
The role of platelets in oral candidiasis	93.121	National Institute of Dental Craniomaxillofacial Research	5R01DE027343-05	-	216,102
Personalized Strategies for Periodontal Tissues Regeneration - A Converged Biofabrication Approach Passed-Through from National Institute of Dental Craniomaxillofacial Research	93.121	University of Michigan	SUBK00018321 / 5R01DE03147602	-	45,457
Identifying the mechanisms of latent inhibition to prevent dental fear Passed-Through from National Institute of Dental Craniomaxillofacial Research	93.121	University of Texas Rio Grande Valley	1R01DE031117	-	96,190
Engaging Fathers in Cross-Cutting Violence Prevention: A Dual Generation Evaluation of the ACT Raising Safe Kids Program to Prevent Multiple Forms of Violence Passed-Through from Centers for Disease Control and Prevention	93.136	Georgia State University	Not Available	-	17,084
Distance Education and Training on Emerging Contaminants and Technologies (DETECT) Passed-Through from National Institute of Environmental Health Science	93.143	Purdue University	11001228-039	-	88,562
Study of early brain alterations that predict development of chronic PTSD Passed-Through from National Institutes on Mental Health	93.242	National Institutes of Health	R01MH110483	-	6,581
Translational assessment of brain bioenergetic function in schizophrenia Passed-Through from National Institutes of Health	93.242	University of Maryland at Baltimore	3000303	-	92,855
Study of early brain alterations that predict development of chronic PTSD Passed-Through from National Institutes on Mental Health	93.242	National Institutes of Health	R01MH110483	-	6,456
The effect of SHANK3 mutation in transgenic prairie voles on natural social behaviors and genetic mechanisms	93.242	National Institutes on Mental Health	R21MH127500	57,330	149,085
A large sample machine learning network analysis of vertex cortical thickness measures for high resolution definition of PTSD related cortical structure abnormalities	93.242	National Institutes on Mental Health	1R21MH125277-01A1	2,657	89,770
Using pre-pandemic baseline data in people with and without PTSD to study effects of the COVID-19 pandemic on mental health and brain emotion circuits	93.242	National Institutes on Mental Health	5R21MH126172-02	-	118,159
Educating a Community Within a Community: Mental Health First Aid and Green Zone Training at the University of Toledo and Beyond	93.243	Substance Abuse and Mental Health Services Administration	H79SM081323	-	500
Phosphodiesterase 4B Inhibition as a Therapeutic Target for Alcohol-associated Liver Disease	93.273	National Institute on Alcohol Abuse and Alcoholism	1R21AA029767-01	6,965	56,502
Novel GLT-1 activators for the treatment of alcohol dependence: preclinical studies	93.273	National Institute on Alcohol Abuse and Alcoholism	1R01AA029674-01A1	260,795	520,240
Cross platform analysis of drug targets and toxicity of bath salts	93.279	National Institute on Drug Abuse	1U01DA054330-01A1	-	750,351
Zebrafish Screens to Identify Agents which Reverse the Effects of Synthetic Opioids	93.279	National Institute on Drug Abuse	1R21DA055558-01A1	-	154,517
High-throughput high-resolution microscopy for mechanism based phenotypic drug discovery applications	93.286	National Institute of Biomedical Imaging & Bioengineering	1R15EB034552-01	5,578	49,072
Biodesign-based learning platform fortified with clinical immersion and medical device commercialization pathway	93.286	National Institutes of Health	5R25EB029385-04	-	45,471
Campus Wastewater Monitoring of University of Toledo Campus	93.323	Ohio Department of Health	CONTRACT# 51392/P000062332	-	14,583
Passed through from Centers for Disease Control and Prevention	93.323	Ohio Department of Health	P000125588	-	379,457
Campus Wastewater Monitoring of University of Toledo Campus	93.323	Ohio Department of Health	ORDER NO: P000053174	765	879
Passed through from Centers for Disease Control and Prevention	93.354	Ohio Department of Health	7R01CA219144-02	-	31,461
Interplay between Dietary Fiber and Gut Microbiota in Hepatocellular Carcinoma	93.393	National Cancer Institute	R01CA219342	-	193,413
ATR Isomerization in Cellular Responses to UV Damage of DNA	93.393	National Cancer Institute	P0 # P700000160	-	35,724
Sequencing Familial Lung Cancer Passed-Through from National Institutes of Health	93.393	Baylor Research Institute			
Clinical Utility of a Combined Biomarker Approach to Diagnose Lung Cancer Passed-Through from National Cancer Institute	93.394	Vanderbilt University	Not Available	-	66,362
Engineering of Exosomes for Pancreatic Cancer Targeting Therapy	93.394	National Institutes of Health	1R01CA276732-01A1	-	236,365
Targeting of eIF4FA along with immunotherapy to overcome chemoresistance	93.395	National Cancer Institute	1R21CA256462-01A1	-	95,170
Targeting eIF4A1 in drug-resistant breast cancer stem-like cells	93.395	National Cancer Institute	R01CA258682-01-A1	-	444,016
Targeting FAS/M to eliminate metastatic breast cancer in the brain	93.395	National Cancer Institute	1R21CA277252-01A1	-	146,823
Regulation of MLK3 by LATS	93.396	National Cancer Institute	R15CA241898	-	26,581

**THE UNIVERSITY OF TOLEDO**  
**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**JUNE 30, 2024**

**NOTE 1 BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of The University of Toledo under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of 2 CFR 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the Uniform Guidance). Because the Schedule presents only a selected portion of the operations of The University of Toledo, it is not intended to and does not present the financial position, changes in net assets, or cash flows of The University of Toledo.

**NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the same basis of accounting as the basic financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

The University has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

**NOTE 3 ADJUSTMENTS AND TRANSFERS**

During the year ended June 30, 2024, there were the following:

Transferred From	Amount	Transferred to
Federal Work Study	\$ 368,886	FSEOG

**NOTE 4 LOAN BALANCES**

Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the schedule of federal expenditures. The balances of loans outstanding at June 30, 2024 consists of the following:

Cluster/Program Title	ALN	Loan Balance
Federal Perkins Loans	84.038	\$ 205,801
Nurse Faculty Loan Program	93.264	56,480
Disadvantaged Student Loans	93.342	217,361
Primary Care Loans	93.342	168,487
Total Loans Outstanding		\$ 648,129

1. Type of auditors' report issued:  Unmodified
2. Internal control over financial reporting:
  - Material weakness(es) identified?  yes  x  no
  - Significant deficiency(ies) identified?  yes  none reported
3. Noncompliance material to financial statements noted?  yes  x  no

***Federal Awards***

1. Internal control over major federal programs:
  - Material weakness(es) identified?  yes  x  no
  - Significant deficiency(ies) identified?  yes  x  none reported
2. Type of auditors' report issued on compliance for major federal programs:  Unmodified
3. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?  yes  x  no

***Identification of Major Federal Programs***

<b>Assistance Listing Number(s)</b>	<b>Name of Federal Program or Cluster</b>
Various	Research and Development Cluster

Dollar threshold used to distinguish between Type A and Type B programs: \$ 3,000,000

Auditee qualified as low-risk auditee?  yes  no

**THE UNIVERSITY OF TOLEDO  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

---

**Section II – Financial Statement Findings**

---

2024-001 Type of Finding

- Significant Deficiency in Internal Control over Financial Reporting

**Condition:** The University of Toledo Medical Center (UTMC), had deficiencies in the internal control system related to payroll and time tracking processes, that together constitute a significant deficiency in internal controls.

The following issues were found in our review of management controls. We found that select Environmental Services employees had the ability to clock in for their shifts from a remote location via VPN access or on terminals located within the hospital in addition to those terminals available at the employee's worksite. On some occasions employees were able to clock-in without using their badge with no documentation about why this exception was made. There was not a consistent practice by management in reviewing timesheets or in verifying that the employees worked the shifts recorded. Edits made to clocking records were not always supported by documentation, such as what would have been created by the employee and approved by a supervisor. There was not always a critical review of pay differentials when pay differentials were utilized.

**Criteria or specific requirement:** Internal controls should be in place to provide reasonable assurance that payroll hours and codes are reviewed and approved to ensure proper compensation is being paid to employees.

**Effect:** Lack of effective controls over payroll process at UTMC poses a risk that employees could be compensated for hours not worked or at an incorrect rate.

**Cause:** Policies and procedures currently in place are not being followed in all circumstances or do not contain the appropriate internal controls.

**Recommendation:** UTMC should perform an evaluation of their internal practices and procedures surrounding the hourly employee payroll cycle and make the necessary changes.

**Views of responsible officials:** There is no disagreement with the audit finding.

THE UNIVERSITY OF TOLEDO  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
YEAR ENDED JUNE 30, 2024

---

**Section II – Financial Statement Findings (Continued)**

---

2024-002

Type of Finding

- Significant Deficiency in Internal Control over Financial Reporting

**Condition:** UTMC did not have a policy that requires formal documentation indicating the proper review and approval of manual journal entries.

**Criteria or specific requirement:** Internal controls should be in place to provide reasonable assurance that journal entries are reviewed and approved to ensure journal entries are appropriate and properly recorded.

**Effect:** While we did not identify any misstatements, fraud, or errors this lack of controls over manual journal entries increases the risk of misstatements, fraud, or errors occurring and not being detected and corrected.

**Cause:** Internal controls over manual journal entries at UTMC were not properly designed and implemented.

**Recommendation:** UTMC should evaluate their internal control practices and procedures to ensure there is proper review and approval of all manual journal entries and that this approval is documented.

**Views of responsible officials:** There is no disagreement with the audit finding.

**THE UNIVERSITY OF TOLEDO  
SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED)  
YEAR ENDED JUNE 30, 2024**

---

**Section III – Findings and Questioned Costs – Major Federal Programs**

---

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).

CLA (CliftonLarsonAllen LLP) is a network member of CLA Global. See [CLAglobal.com/disclaimer](http://CLAglobal.com/disclaimer). Investment advisory services are offered through CliftonLarsonAllen Wealth Advisors, LLC, an SEC-registered investment advisor.

The University of Toledo respectfully submits the following corrective action plan for the year ended June 30, 2024.

Audit period: July 1, 2023 – June 30, 2024

The findings from the schedule of findings and questioned costs are discussed below. The findings are numbered consistently with the numbers assigned in the schedule.

## **FINDINGS—FEDERAL AWARD PROGRAMS AUDITS**

### **SIGNIFICANT DEFICIENCY**

#### **2024-001**

**Recommendation:** UTMC should perform an evaluation of their internal practices and procedures surrounding the hourly employee payroll cycle and make the necessary changes.

**Explanation of disagreement with audit finding:** There is no disagreement with the audit finding.

**Action planned/taken in response to finding:** The issues related to the tracking of time at UTMC were identified by management and proactive measures to address these issues were immediately implemented.

**Name of the contact person responsible for corrective action:** Troy Holmes, Chief Financial Officer – University of Toledo Medical Center

**Planned completion date for corrective action plan:** June 30, 2025

**2024-002      UTMC Journal Entries**

**Recommendation:** UTMC should evaluate their internal control practices and procedures to ensure there is proper review and approval of all manual journal entries and that this approval is documented.

**Explanation of disagreement with audit finding:** There is no disagreement with the audit finding.

**Action planned/taken in response to finding:** Although there is no formal documentation of approval for journal entries, all manual entries are reviewed by management to ensure they are appropriate. In addition, extensive review of financial results and the underlying transactions occurs regularly as part of the month-end close process. Management will implement a process to formally document the approval of manual journal entries.

**Name of the contact person responsible for corrective action:** Troy Holmes, Chief Financial Officer – University of Toledo Medical Center

**Planned completion date for corrective action plan:** June 30, 2025

If the U.S. Department of Education has questions regarding this plan, please call Troy Holmes, Chief Financial Officer – University of Toledo Medical Center at 419-383-6376.
