City Council  
City of Bucyrus  
500 South Sandusky Avenue  
Bucyrus, OH 44820

We have reviewed the *Independent Auditors' Report* of the City of Bucyrus, Crawford County, prepared by Clark, Schaefer, Hackett & Co., for the audit period January 1, 2024 through December 31, 2024. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Bucyrus is responsible for compliance with these laws and regulations.

KEITH FABER  
Ohio Auditor of State

See accompanying notes to the schedule of expenditures of federal awards.

City of Bucyrus, Ohio  
Notes to the Schedule of Expenditures of Federal Awards  
Year Ended December 31, 2024

**NOTE A – BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of City of Bucyrus, Ohio (the “City”) under programs of the federal government for the year ended December 31, 2024. The information on this Schedule is prepared in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position, or cash flows of the City.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**NOTE C – INDIRECT COST RATE**

The City has elected not to use the de minimis indirect cost rate as allowed under the Uniform Guidance.

**NOTE D – MATCHING REQUIREMENTS**

Certain Federal programs require the City to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The City has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the City Council  
City of Bucyrus, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Bucyrus, Ohio (the "City"), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise City's basic financial statements, and have issued our report thereon dated June 30, 2025.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City's internal control. Accordingly, we do not express an opinion on the effectiveness of City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Columbus, Ohio  
June 30, 2025

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM; REPORT  
ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES  
OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE**

To the City Council  
City of Bucyrus, Ohio:

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited City of Bucyrus, Ohio's (the "City") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended December 31, 2024. The City's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### ***Report on Internal Control over Compliance***

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We have issued our report thereon dated June 30, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## Auditor

500 S. Sandusky Ave.  
Bucyrus, Ohio 44820

Phone: (419) 562-6767  
FAX: (419) 562-8134  
Email: [auditor@cityofbucyrusoh.us](mailto:auditor@cityofbucyrusoh.us)

June 30, 2025

Citizens of the City of Bucyrus  
Members of Bucyrus City Council

As City Auditor, it is my pleasure to present the City of Bucyrus Annual Comprehensive Financial Report for the year ended December 31, 2024. This report is prepared by the Auditor's office and provides a full and complete disclosure of the financial operations of the City. It is intended to inform elected officials, employees, bondholders, investment bankers, rating agencies, and all interested persons of the financial affairs of the City. This report was prepared according to generally accepted accounting principles (GAAP).

Responsibility for both the accuracy of the presented data and the thoroughness of the presentation rests with the City. The City has a framework of internal controls established to ensure the accuracy of the presented data and the completeness and fairness of the presentation. Because the cost of internal controls should not exceed anticipated benefits, the controls provide reasonable assurance that the financial statements are free of any material misstatements.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditors' Report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Clark, Schaefer, Hackett, Certified Public Accountants, has issued an unmodified opinion on the City of Bucyrus' financial statements for the year ended December 31, 2024. The Independent Auditors' Report is located at the front of the financial section of this report.

State law requires the City to file basic financial statements with the Auditor of State within one hundred fifty days after year end.

### PROFILE OF THE CITY

The City of Bucyrus is located in Crawford County in north central Ohio, approximately sixty miles north of Columbus, eighty-five miles southeast of Toledo, and ninety miles southwest of Cleveland. Covering 7.49 square miles, Bucyrus is the largest city in Crawford County, the county seat, and according to the latest census, has a population of 11,684. Bucyrus was incorporated as a city in 1883.

The City operates under and is governed by a mayor-council form of government in accordance with general laws. Under the Ohio Constitution, the City may exercise all powers of local self-government and police powers to the extent not in conflict with applicable general laws. Legislative authority is vested in a seven-member council elected for two-year terms. Three members are elected at-large and four are elected from wards. In addition, the President of Council is elected by the residents for a two-year term and serves as the presiding officer of council. The residents elect a Mayor, Auditor, Treasurer, and Law Director for four-year terms. A Service-Safety Director is appointed by the Mayor and has administrative responsibility for department operations.

The City of Bucyrus provides a full range of services including police and fire protection, EMS services, parks and recreation, airport facilities, street maintenance and repair, Access television channel, and water, sewer, sanitation, and storm water services.

The City annually submits a statement of fund activities to the County Auditor for those funds of the City receiving tax monies. The City no longer submits a tax budget as had been required in prior years; however, the City continues to prepare an annual budget of revenues and expenditures/expenses for use by city officials and department heads. The County Budget Commission certifies to the City the tax revenues the City expects to receive during the upcoming calendar year. These amounts are combined with the available balances at year end and the City's projections for revenues other than taxes to determine the total resources available for appropriation by fund. In late November, the finance committee of City Council meets with each department head, the Service-Safety Director, and the Auditor to determine that department's budget requirements for the upcoming year. These amounts will then be appropriated by City Council ordinance. The focus of budgetary control is by department/object for all funds. Additional funding can be procured by a request to City Council, consideration by the finance committee of City Council, and passage of an appropriation ordinance by City Council.

## LOCAL ECONOMY

Major industries located within the City's boundaries or in close proximity include manufacturers of wear parts for road machinery, road materials, automobile components, cellulose insulation, warehousing, candle making, and rail car repair as well as several financial institutions and insurance companies. The City is very fortunate that even with the instability of the economy, the citizens have stepped up to make our community better.

Due to economic conditions over the last several years, along with COVID-19 in 2020, employment has been unstable. During the past ten years, the unemployment rate fluctuated from a high of 6 percent in 2016, to 5.4 percent in December 2024. The unemployment rate has been as low as 3.7 percent in 2023.

As a result of economic conditions and cuts in local government funding by the State legislature, it is always a balancing act to keep the City fully staffed and meet the community needs.

The United States Congress passed the American Rescue Plan in March 2021 which resulted in the City receiving approximately \$1.2 million for revenue replacement to be used through 2024 for mitigation of issues caused by COVID-19. In prior years, the City used some of these funds for vehicle replacement, related equipment in the police and fire departments and revenue replacement. In 2023, the City continued to use most of the remaining funds for revenue replacement, specifically for the purpose of salary replacement for the fire department as the department has acquired ambulance services. In 2024, the City used all of the remaining funds for salary replacement for the fire department.

## LONG-TERM FINANCIAL PLANNING

Unassigned fund balance in the General Fund at year end was 12.8 percent of General Fund revenues for 2024. City Council has not set written policy guidelines for budgetary and planning purposes, but discussion has recommended a fund balance of at least 10 percent of General Fund revenues as a reserve for future operations.

## RELEVANT FINANCIAL POLICIES

It is the City's policy to ensure that current year revenues are sufficient to fund current year expenditures without the use of non-recurring revenues. Appropriations are set based upon available revenues with the City Council determining the level of funding for each department within the City.

The City Auditor manages the investments of the City's funds by adhering to the Investment Policy that has been approved by the City Council. Any financial institution that holds City funds must also adhere to the requirements of the policy. This policy details the objectives and rules for the safekeeping of City funds.

## MAJOR INITIATIVES

Capital improvement proposals are presented to City Council for approval and appropriations. Funding for projects is generally provided by the Community Development Block Grant program administered by Crawford County, State of Ohio Issue I funds, permissive motor vehicle license fees, and the one-half percent income tax that is recorded in the Street Maintenance and Repair special revenue fund. Airport capital improvements are funded through grants from the Federal Aviation Administration with contributions from City funds. Some capital improvements and equipment purchases are financed by the General Fund and the Water, Sewer, Solid Waste, and Storm Water enterprise funds.

In the latter part of 2000, the City created a Storm Water enterprise fund to finance storm water separation projects mandated by the Ohio Environmental Protection Agency. The utility was initially funded by a \$4.00 charge per residential unit that is billed to the citizens on their monthly water bill. The first major storm water separation project was completed in 2001. Several other major projects have been completed by utilizing Issue I funds and the resources of the Storm Water enterprise fund which resulted in removing tens of thousands of gallons of storm water from the City's sewer system. It is expected that both the state and federal government will enact new regulations on water quality. The City signed an administrative order in 2015 with the United States Environmental Protection Agency to work on a long-term control plan in 5 - 7 year phases for storm water separation within the City. This order required the City to place an additional \$7.20 fee per month on the residents' utility bill to fund storm water separation. Three major stormwater separation projects were completed in 2021 that were funded by interest free loans that were acquired through the State of Ohio Water Supply Revolving Loan funds. In 2024, the City has started major projects, including the Oceoloa and Sulpher Springs waterline, to deliver water to communities close to Bucyrus. These projects are joint projects with the Crawford County Commissioners through partial refunding as a subrecipient of the County's American Rescue Plan Act grants received.

## AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Bucyrus for its Annual Comprehensive Financial Report (ACFR) for the year ended December 31, 2023. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report whose contents conform to program standards. The ACFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement requirements and we are submitting it to the GFOA for consideration.

I would like to thank the members of the Administration, City Council, department heads, and our City employees for their assistance in the preparation of the 2024 Annual Comprehensive Financial Report. Their cooperation is greatly appreciated. We are fortunate to have such dedicated City employees and I commend them on a job well done.

I sincerely want to thank Local Government Services of the Auditor of State, Keith Faber's office for their guidance and professionalism.

The continuing dedication and hard work of my staff is also greatly appreciated. Without the cooperation of all involved, the preparation of this report would not have been possible.

Sincerely,

A handwritten signature in blue ink that reads "Kali C. Lewis". The signature is fluid and cursive, with "Kali" and "C." on the first line and "Lewis" on the second line.

## **INDEPENDENT AUDITORS' REPORT**

To the City Council  
City of Bucyrus, Ohio

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Bucyrus, Ohio (the "City"), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of December 31, 2024 and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund, Safety Forces Levy Fund and the Street Maintenance and Repair Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and pension and OPEB schedules listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express

an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining statements and individual nonmajor fund schedules and the schedules of capital assets are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining statements and individual nonmajor fund schedules and the schedules of capital assets are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated June 30, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

*Clark, Schaefer, Hackett & Co.*

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

The discussion and analysis of the City of Bucyrus' financial performance provides an overview of the City's financial activities for the year ended December 31, 2024. The intent of this discussion and analysis is to look at the City's financial performance as a whole.

**HIGHLIGHTS**

Highlights for 2024 are as follows:

In total, the City's net position increased less than 1 percent from the prior year which is insignificant; governmental activities decreased 6 percent and business-type activities increased a little over 5 percent.

The City's Water and Solid Waste enterprise funds had an operating loss in 2024. However, the City's Sewer and Storm Water enterprise funds had an operating income for 2024.

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements and notes to those statements. The statements are organized so the reader can understand the City of Bucyrus' financial position.

The statement of net position and the statement of activities provide information about the activities of the City as a whole, presenting both an aggregate and a longer-term view of the City.

Fund financial statements provide a greater level of detail. For governmental funds, these statements tell how services were financed in the short-term and what remains for future spending. Fund financial statements report the City's most significant funds individually and the City's non-major funds in a single column. The City's major funds are the General, Safety Forces Levy, Street Maintenance and Repair, Water, Sewer, Solid Waste, and Storm Water funds.

**REPORTING THE CITY AS A WHOLE**

The statement of net position and the statement of activities reflect how the City did financially during 2024. These statements include all assets, liabilities, and deferred outflows/inflows using the accrual basis of accounting similar to that used by most private-sector companies. This basis of accounting considers all of the current year's revenues and expenses regardless of when cash is received or paid.

These statements report the City's net position and changes in net position. This change in net position is important because it tells the reader whether the financial position of the City as a whole has increased or decreased from the prior year. Over time, these increases and/or decreases are one indicator of whether the financial position is improving or deteriorating. Causes for these changes may be the result of many factors, some financial, some not. Non-financial factors can include changes in the City's property tax base and the condition of the City's capital assets (buildings; streets; bridges; water, sewer, storm water lines, etc.). These factors must be considered when assessing the overall health of the City.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

In the statement of net position and the statement of activities, the City is divided into two types of activities:

- Governmental Activities - Most of the City's programs and services are reported here, including security of persons and property, public health, leisure time activities, basic utility services, transportation, and general government. These services are primarily funded by property taxes and income taxes and from intergovernmental revenues, including federal and state grants and other shared revenues.
- Business-Type Activities - These services are provided on a charge for services basis and are intended to recover all or most of the costs of the services provided. The City's water, sewer, solid waste, and storm water services are reported here.

**REPORTING THE CITY'S MOST SIGNIFICANT FUNDS**

Fund financial statements provide detailed information about the City's major funds, the General, Safety Forces Levy, Street Maintenance and Repair, Water, Sewer, Solid Waste, and Storm Water funds. While the City uses many funds to account for its financial transactions, these are the most significant.

Governmental Funds - The City's governmental funds are used to account for essentially the same programs reported as governmental activities on the government-wide financial statements. Most of the City's basic services are reported in these funds and focus on how money flows into and out of the funds as well as the balances available for spending at year end. These funds are reported on the modified accrual basis of accounting which measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the City's general government operations and the basic services being provided.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to help make this comparison between governmental funds and governmental activities.

Enterprise Funds - The City's enterprise funds use the accrual basis of accounting, the same as that used for the business-type activities on the government-wide financial statements.

**New Accounting Pronouncements**

Table 1 provides a summary of the City's net position for 2024 compared to 2023. For 2024, the City implemented GASB Statement No. 101 "Compensated Absences." The City also implemented GASB Statement No. 100, "Accounting, Changes and Error Corrections", which does not require Management Discussion and Analysis information for years prior to periods presented in the basic financial statements to be restated for changes in accounting principles.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

The implementation of GASB Statement No. 101 resulted in recognizing an additional compensated absences liabilities of \$612,881 in governmental activities and a decrease in business-type activities of \$14,825 at January 1, 2024. These amounts also impacted beginning net position for the cumulative effect of additional compensated absences expense in governmental activities and a decrease compensated absences expense in business-type activities.

Governmental and Business-Type Activities

The net pension/OPEB liability (asset) reported by the City at December 31, 2024, is reported pursuant to Governmental Accounting Standards Board (GASB) Statement No. 68, "Accounting and Financial Reporting for Pensions" and GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". For reasons discussed below, end users of these financial statements will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability (asset), and the net OPEB liability (asset) to the reported net position and subtracting deferred outflows related to pension and OPEB.

GASB standards are national standards and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB Statement No. 27) and postemployment benefits (GASB Statement No. 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension or net OPEB liability. GASB Statements No. 68 and No. 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and State law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB Statements No. 68 and No. 75 require the net pension liability (asset) and the net OPEB liability (asset) to equal the City's proportionate share of each plan's collective present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange", that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require, the retirement systems to provide health care to eligible benefit recipients. The retirement systems may allocate a portion of the employer contribution to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

Most long-term liabilities have set repayment schedules or in the case of compensated absences (i.e. vacation and sick leave) are satisfied through paid time off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability (when applicable). As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of these liabilities but are outside the control of the City. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability (when applicable) are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB Statements No. 68 and No. 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's change in the net pension liability (asset) and the net OPEB liability (asset), respectively, not accounted for as deferred outflows/inflows.

Pension/OPEB changes noted in the above table reflect an overall increase in deferred outflows and an overall decrease in deferred inflows. These changes are affected by changes in benefits, contribution rates, return on investments, and actuarial assumptions. The increase in the net pension/OPEB liability and net pension/OPEB asset represent the City's proportionate share of the unfunded benefits.

Aside from the changes related to pension/OPEB, there were several changes of note for governmental activities. The increase in current and other assets was primarily an increase in internal balances, cash and cash equivalents, and taxes receivable. The increase in internal balance was due to the General Fund providing a short-term loan to the Water enterprise fund for negative cash balance in the fund. The increase in cash and cash equivalents was largely due to a full year of collection of the .25 percent voted municipal income tax levy approved by voters in May 2023 (effective July 1, 2023) for safety forces and a decrease in overall expenses for the fire department. The increase in taxes receivable was due to the County had a reappraisal in 2024 with collections in 2025. The decrease in net capital assets and corresponding decrease in the investment in capital assets is due to the annual depreciation of these assets. The increase in current and other liabilities was generally due to accrued wages at year end based on pay period ending dates and payables for outstanding liabilities at year end. The decrease in other long-term liabilities represents scheduled debt retirement.

For business-type activities, the decrease in current and other assets was primarily due to a decrease in cash and cash equivalents particularly in the Water fund (see discussion above) for more resources spent on waterlines (Stetzer Road/SR 602, Oceola, Sulpher Springs, and Lincoln Highway East waterline projects). Note, however, there was an increase in cash and cash equivalents in the Sewer fund due to the sewer rate increase in 2024 of 15 percent. Net capital assets and investment in capital assets increased due to multiple ongoing and completed construction projects; particularly infrastructure projects mentioned above. The increase in current and other liabilities was due to an increase in outstanding contracts and retainage payables for the multiple ongoing construction projects. The decrease in other long-term liabilities represents scheduled debt retirement.

Table 2 reflects the change in net position for 2024 and 2023.

New Accounting Pronouncements

Table 2 provides a summary of the City's change in net position for 2024 compared to 2023. The above table separately reflects the restatement for changes in accounting principles related to the implementation of GASB Statement No. 101 "Compensated Absences". GASB Statement No. 100 "Accounting Changes and Error Corrections" does not require Management Discussion and Analysis information for years prior to the periods presented on the basic financial statements to be restated for changes in accounting principle. The 2023 information does not reflect activity related to the additional compensated absences expenses required under GASB Statement No. 101, "Compensated Absences" (See also explanation of new accounting pronouncements provided related to Net Position - Table 1 and explanation in Note 3).

Governmental and Business-Type Activities

For governmental activities, there was a large decrease in program revenues operating grants and contributions due to most ARPA grant resources being spent in the prior year. The change in program revenues for charges for services and capital grants were insignificant. General revenues decreased overall in other revenues due to the City received reimbursements from Joint Fire Districts for fire and ambulance and reimbursement from ARPA resources for fire salaries in the prior year. The overall decrease in expenses is largely due to the decrease in expenses for salaries and benefits in the fire department.

**CITY OF BUCYRUS**  
 Management's Discussion and Analysis  
 For the Year Ended December 31, 2024  
 Unaudited

For business-type activities, the decrease in charges for services was due to less revenue collected than the prior year, particularly in the water and solid waste funds. The increase in capital grants and contributions reflects grant resources as the sub-recipient of Crawford County's ARPA funds and from the Ohio Department of Development, in water and storm water for capital related projects. Expenses increased for all of the City's utilities except the Storm Water Fund primarily due to the increase in pension/OPEB expenses, contractual services (in Water and Sewer Funds), and materials and supplies (in Water Fund).

Table 3 indicates the total cost of services and the net cost of services for governmental activities. The statement of activities reflects the cost of program services and the charges for services, grants, contributions, and interest offsetting those services. The net cost of services identifies the cost of those services supported by tax revenues and unrestricted intergovernmental revenues.

Table 3  
 Governmental Activities

	Total Cost of Services		Net Cost of Services	
	2024	2023	2024	2023

Interest	18,807	21,218	18,807	21,218
<b>Total Expenses</b>	<b>\$13,788,935</b>	<b>\$14,020,360</b>	<b>\$11,795,721</b>	<b>\$11,046,961</b>

General revenues provided for almost 86 percent of the costs of providing governmental services in 2024 (79 percent in 2023). The City's most significant revenue source is municipal income taxes. Although dependence on municipal income taxes is critical, there are several programs which continue to be well supported through program revenues. The costs of the leisure time activities program are funded through charges for admission to the pool, facilities rental charges, and grants. The transportation program receives charges for services in the form of permissive motor vehicle license monies. The transportation program also receives operating grants in the form of State levied motor vehicle license fees and gas taxes.

**GOVERNMENTAL FUNDS FINANCIAL ANALYSIS**

The City's major governmental funds are the General Fund and the Safety Forces Levy and Street Maintenance and Repair special revenue funds.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

Fund balance increased 48 percent in the General Fund. Total revenues decreased particularly in other revenues due to in the prior year the City received reimbursements for fire and ambulance (as discussed previously). There was a total decrease in expenditures particularly in police and fire as expenses began to be paid from the Safety Forces Levy Fund in 2024. Current year revenue exceeded the combination of current year expenses and resources transferred to other funds to subsidize other operations.

The decrease in fund balance in the Safety Forces Levy Fund was due to the increase in expenditures. Expenditures for police and fire were paid from this fund in 2024 whereas these expenditures were paid from the General Fund in 2023. Note, however, total revenues increased due to the City received a full year collection of the voter approved .25 percent municipal income tax passed in May 2023 (effective July 2023).

There was an increase in fund balance in the Street Maintenance and Repair Fund. There was a slight increase in the municipal income tax revenues while expenditures also increased. Expenditures increased due to the City's 2024 street program and various repairs were much higher than the prior year. Current year revenue still exceeded expenditures resulting in an increase in fund balance.

**BUSINESS-TYPE ACTIVITIES FINANCIAL ANALYSIS**

The City's enterprise funds are the Water, Sewer, Solid Waste, and Storm Water funds.

Net position increased 5 percent in the Water Fund however showed a large operating loss in 2024. There was a decrease in revenues, particularly in charges for services and large increase in expenses, primarily for contractual services and materials and supplies. The City passed a 15 percent water rate increase effective January 1, 2025.

Net position increased a little over 18 percent in the Sewer Fund. Revenue increased due to a 15 percent sewer rate increase in 2024 while expenses also increased mostly in contractual services. The City passed an additional 14 percent sewer rate increase effective January 1, 2025.

Net position decreased 9 percent in the Solid Waste Fund. Revenues increased slightly and there was an increase in expenses, primarily for personal services. The Solid Waste Fund showed an operating loss in 2024.

Net position increased a little over 3 percent in the Storm Water Fund. There was a slight decrease in revenue and there was a decrease in expenses, primarily for personal services.

**BUDGETARY HIGHLIGHTS**

The City prepares an annual budget of revenues and expenditures/expenses for all funds of the City for use by City officials and department heads and such other budgetary documents as are required by State statute, including the annual appropriations ordinance which is effective the first day of January.

The City's most significant budgeted fund is the General Fund. For revenues, there was very little change from the original budget to the final budget and from final budget to actual revenue. For expenditures, changes from original budget to final budget were due to over estimating security of persons and property, police and fire. Actual expenditures were less than final budget for all General Fund except, security of persons and property - police and fire, due to conservative budgeting.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

Capital Assets - The City's investment in capital assets for governmental and business-type activities as of December 31, 2024, was \$23,698,176 and \$54,740,805, respectively (net of accumulated depreciation). This investment in capital assets includes land; construction in progress; buildings; improvements other than buildings; streets; bridges; water, sewer, and storm water lines; equipment; and vehicles. For governmental activities, the significant additions included the Dudley Street reconstruction; the Rosedale Avenue reconstruction; other various road projects; and two police cruisers. Disposals included land, street, and vehicles. For business-type activities, additions consisted of land improvements to the Unger Park utility access road; various water, sewer and storm water line improvements; and miscellaneous equipment. Disposals included infrastructure and a vehicle. For further information regarding the City's capital assets, refer to Note 10 to the basic financial statements.

Debt - At December 31, 2024, the City had several outstanding long-term obligations. These obligations included \$21,861,225 in Ohio Water Development Authority Loans and \$275,824 in Ohio Public Works Commission Loans. In addition to the debt outlined above, the City's long-term obligations also include the net pension/OPEB liability, the liability for police and fire incurred when the State of Ohio established the statewide pension system, a vehicle loan, and compensated absences. The City's debt is not rated. For further information regarding the City's debt, refer to Note 18 to the basic financial statements.

**CURRENT ISSUES**

The City entered into an administrative order with the U.S. EPA in 2015 to continue our sewer/storm water separation efforts in 5-7 year phases. Phase 1 of these projects has been completed and we are currently negotiating with the U.S. EPA for the next phase. Part of the funding for these projects will come from the \$7.20 fee per month on the residents' utility bill. The three major separation projects that have been completed make a significant difference in our separation efforts. The next phase will also require the construction of a new Wastewater Facility. The City has contracted with Wessler Engineering on the engineering for this plant but has chosen to remain with Arcadis to maintain a long-term control plan.

A remaining obstacle for the City in 2024 was continued recovery from the pandemic. COVID-19 shut down several factories, restaurants, and small businesses putting residents out of work. The pandemic also caused businesses to look at different ways of working, such as working from home, which is still a factor contributing to income tax revenue loss in the General Fund and Safety Forces, and Street Maintenance and Repair special revenue funds.

In response to the City's tax revenues' inability to keep up with rising costs of equipment for the police and fire departments, a 3.25 mill property tax levy was put on the ballot, but was voted down on November 5, 2024 election.

The United States Congress passed the American Rescue Plan Act in March, 2021 which resulted in the City receiving approximately \$1.2 million for revenue replacement to be used through 2024 for mitigation of issues caused by COVID-19. In 2024, the City has used the remaining funds for fire department revenue replacement.

**CITY OF BUCYRUS**  
Management's Discussion and Analysis  
For the Year Ended December 31, 2024  
Unaudited

Entering July 2024, the Water Fund had a negative cash balance after the payment of loans due to the Ohio Water Development Authority (OWDA). The City continued to spend on various infrastructure projects in the Water Fund causing a major cashflow issue at the end of 2024. To combat this issue, the City's administration halted all capital projects in the Water Fund not under contract, and informed residents on December 12, 2024, a 15 percent increase to water rates that would take effect January 1, 2025. On April 16, 2025, the City issued water system improvement bonds, in the amount of \$1,050,000 for the cashflow short fall for the various water infrastructure projects. The bonds have an interest rate of 5.84 percent with final maturity on December 1, 2034.

The City's employment situation changed in 2022 from the loss of Bucyrus Precision Tech in 2021 and the sale of GE Lighting to Savant, Inc in July 2020, they eliminated the LED light bulb line. GE/Savant announced in March 2022 the total closure of their business on September 30, 2022. On a positive note, Bucyrus Taphouse opened in September of 2024. Advanced Fiber Technologies opened a second production line at the Bucyrus manufacturing plant.

**REQUEST FOR INFORMATION**

This financial report is designed to provide a general overview of the City's finances for all those interested in our City's financial well-being. Questions concerning any of the information provided in this report or requests for additional information should be directed to Kali C. Lewis, Bucyrus City Auditor, 500 South Sandusky Avenue, Bucyrus, Ohio 44820.

 Reconciliation of Total Governmental Fund Balance  
 to Net Position of Governmental Activities  
 December 31, 2024

Total Governmental Fund Balance	\$4,407,485
Amounts reported for governmental activities on the statement of net position are different because of the following:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	23,698,176
Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.	
Accounts Receivable	261,103
Accrued Interest Receivable	37,214
Due from Other Governments	643,422
Municipal Income Taxes Receivable	1,625,976
Delinquent Property Taxes Receivable	<u>102,682</u>
	2,670,397
Some liabilities are not due and payable in the current period and, therefore, are not reported in the funds.	
OPWC Loans Payable	(72,000)
Police Long-Term Liability	(74,354)
Fire Long-Term Liability	(84,886)
Fire Truck Loan Payable	(330,000)
Compensated Absences Payable	<u>(1,741,244)</u>
	(2,302,484)
The net pension liability (asset) and net OPEB liability (asset) are not due and payable in the current period; therefore, the asset, liability, and related deferred outflows/inflows are not reported in governmental funds.	
Net Pension Asset	52,873
Deferred Outflows - Pension	5,925,700
Deferred Inflows - Pension	(440,478)
Net Pension Liability	(14,212,510)
Net OPEB Asset	68,395
Deferred Outflows - OPEB	786,808
Deferred Inflows - OPEB	(871,267)
Net OPEB Liability	<u>(926,219)</u>
	<u>(9,616,698)</u>
Net Position of Governmental Activities	<u><u>\$18,856,876</u></u>

City of Bucyrus  
 Reconciliation of Statement of Revenues, Expenditures,  
 and Changes in Fund Balance  
 of Governmental Funds to Statement of Activities  
 For the Year Ended December 31, 2024

Changes in Fund Balance - Total Governmental Funds	\$505,144
Amounts reported for governmental activities on the statement of activities are different because of the following:	
Governmental funds report capital outlays as expenditures. However, on the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlay in the current year.	
Capital Outlay - Nondepreciable Capital Assets	733,540
Capital Outlay - Depreciable Capital Assets	955,081
Depreciation	<u>(2,636,990)</u>
	(948,369)
The proceeds from the sale of capital assets are reported as other financing sources in the governmental funds. However, the cost of the capital asset is removed from the capital asset account on the statement of net position and is offset against the proceeds from the sale of capital assets resulting in a gain or loss on disposal of capital assets on the statement of activities.	
Proceeds from Sale of Capital Assets	(13,080)
Gain on Disposal of Capital Assets	13,080
Loss on Disposal of Capital Assets	<u>(131,203)</u>
	(131,203)
Revenues on the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds.	
Delinquent Property Taxes	35,874
Municipal Income Taxes	(145,200)
Fees, Licenses, and Permits	(6,056)
Fines, Forfeitures, and Settlements	(2,757)
Intergovernmental	114,242
Investment Earnings and Other Interest	(13,631)
Other	<u>143,093</u>
	125,565
Repayment of principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities on the statement of net position.	
OPWC Loans Payable	8,000
Police Long-Term Liability	5,545
Fire Long-Term Liability	6,331
Loans Payable	<u>55,000</u>
	74,876
Compensated absences reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
	(6,642)
Contractually required contributions are reported as expenditures in the governmental funds, however, the statement of net position reports these amounts as deferred outflows.	
Pension	944,891
OPEB	<u>18,847</u>
	963,738
Except for amounts reported as deferred outflows/inflows, changes in the net position/OPEB liability are reported as pension expense on the statement of activities.	
Pension	(1,816,596)
OPEB	<u>(20,274)</u>
	<u>(1,836,870)</u>
Change in Net Position of Governmental Activities	<u><u>(\$1,253,761)</u></u>

**NOTE 1 - DESCRIPTION OF THE CITY OF BUCYRUS AND THE REPORTING ENTITY**

**A. The City**

The City of Bucyrus is a statutory municipal corporation operating under the laws of the State of Ohio. Bucyrus became a village in 1822 and was incorporated as a city on February 21, 1883.

The City operates under a mayor-council form of government. Legislative power is vested in a seven member council and a council president, each elected to two-year terms. The Mayor is elected to a four-year term and is the chief executive officer of the City. All City officials, with the exception of the Service-Safety Director, are elected positions. The Service-Safety Director is appointed by the Mayor.

The City of Bucyrus is divided into various departments and financial management and control systems. Services provided include police protection, fire protection, parks and recreation, airport facilities, street maintenance and repair, Access television channel, and water, sewer, sanitation, and storm water services as well as a staff to provide support (i.e., payroll processing, accounts payable, and revenue collection) to the service providers. The operation and control of these activities is provided by the City Council through the budgetary process and by the Mayor through administrative and managerial requirements and procedures.

**B. Reporting Entity**

A reporting entity is composed of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading.

The primary government of the City of Bucyrus consists of all funds, departments, boards, and agencies that are not legally separate from the City. For the City, this includes Access and all departments and activities that are directly operated by the elected City officials.

Access - The City Council established a local volunteer board known as the Bucyrus Access Board and charged them with the responsibility of general operation and management of all local public access facilities (known as Access); however, all corporate powers are retained by the City Council. The Board has ten members; seven, designated by the City Council, are representatives from certain community organizations, and three are appointed by the Mayor. Operations of the local public access channel are financed by a portion of a 5 percent franchise tax collected from Spectrum Cable, the local cable provider.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City.

---

**NOTE 1 - DESCRIPTION OF THE CITY OF BUCYRUS AND THE REPORTING ENTITY**

(continued)

Bucyrus Community Improvement Corporation - The Bucyrus Community Improvement Corporation (CIC) is a community improvement corporation that was formed on October 16, 2018, when the City Council authorized the incorporation of the CIC under Sections 1702 and 1724 of the Ohio Revised Code through an ordinance as a not-for-profit corporation under the laws of the State of Ohio. The purpose of the CIC is to advance, encourage, and promote the industrial, economic, commercial, and civic development of the City of Bucyrus. The CIC has been designated as the City's agent for economic development.

The CIC is governed by a nine member Board of Directors, consisting of the Mayor, the President of Council, Chairman of the Economic Development Committee of City Council, the City Auditor, the Service-Safety Director (Ex Officio), and up to four other members selected by the statutory directors. The Board of Directors has the authority to make, prescribe, and enforce all rules and regulations for the conduct of all business and affairs of the CIC and the management and control of its properties. Because the City makes up and/or appoints a voting majority of the Board of Directors, the City is able to impose its will on the operation of the CIC and the relationship between the primary government and the organization is such that exclusion would cause the City's financial statements to be misleading. However, the CIC has had no material financial activity since its inception and, as a result, no financial information is currently being presented.

The City of Bucyrus participates in two jointly governed organizations and a public entity shared risk pool. These organizations are the Central Joint Ambulance District, the Crawford County General Health District, and the Public Entities Pool of Ohio. These organizations are presented in Note 21 and Note 22 to the basic financial statements.

The City of Bucyrus is also associated with the Bucyrus Public Library to the extent that the Mayor appoints the Library's Board of Trustees. However, the City of Bucyrus is not financially accountable for the Bucyrus Public Library. The library is presented as a related organization in Note 23 to the basic financial statements.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Bucyrus have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the City's accounting policies.

**A. Basis of Presentation**

The City's basic financial statements consist of government-wide financial statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Government-Wide Financial Statements**

The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental in nature and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the City at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and business-type activities. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program, and interest that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the City.

**Fund Financial Statements**

During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

**B. Fund Accounting**

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the City are reported in two categories, governmental and proprietary.

**Governmental Funds**

Governmental funds are those through which most governmental functions of the City are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The following are the City's major governmental funds:

**General Fund** - The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Safety Forces Levy Fund - This fund accounts for a voted .75 percent income tax levy restricted for operations of the police and fire departments.

Street Maintenance and Repair Fund - This fund accounts for 92.5 percent of the state gasoline tax and motor vehicle registration fees as well as a .5 percent voted municipal income tax restricted for maintenance of streets within the City.

The other governmental funds of the City account for grants and other resources whose use is restricted, committed, or assigned for a particular purpose.

**Proprietary Funds**

Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows.

Enterprise Funds - Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the City's major enterprise funds:

Water Fund - This fund accounts for the provision of water treatment and distribution to residential and commercial users within the City.

Sewer Fund - This fund accounts for the provision of wastewater treatment service to residential and commercial users within the City.

Solid Waste Fund - This fund accounts for the operation of solid waste collection within the City.

Storm Water Fund - This fund accounts for the operation of the storm water runoff system within the City.

**C. Measurement Focus**

**Government-Wide Financial Statements**

The government-wide financial statements are prepared using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of the City are included on the statement of net position. The statement of activities presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Fund Financial Statements

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reflects the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements, therefore, include a reconciliation with brief explanations to better identify the relationship between the government-wide financial statements and the fund financial statements for governmental funds.

Like the government-wide financial statements, the enterprise funds are accounted for using a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of fund net position. The statement of revenues, expenses, and changes in fund net position presents increases (e.g., revenues) and decreases (e.g., expenses) in total net position. The statement of cash flows reflects how the City finances and meets the cash flow needs of its enterprise activities.

D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting; enterprise funds use the accrual basis of accounting. Differences in the accrual and modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred outflows and deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues - Exchange and Nonexchange Transactions

Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within thirty-one days after year end.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, income taxes, grants, entitlements, and donations. On the accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied. Revenue from income taxes is recognized in the year in which the income is earned. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On the modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Under the modified accrual basis, the following revenue sources are considered both measurable and available at year end: income taxes, charges for services, fines and forfeitures, state-levied locally shared taxes (including gasoline tax and motor vehicle license fees), grants, and interest.

Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met but for which revenue recognition criteria have not yet been met because these amounts have not yet been earned.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position may report deferred outflows of resources. Deferred outflows of resources represent a consumption of net asset that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until that time. For the City, deferred outflows of resources are reported on the government-wide and enterprise funds statement of net position for pension/OPEB and explained in Note 15 and Note 16 to the basic financial statements.

In addition to liabilities, the statement of financial position may report deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the City, deferred inflows of resources include property taxes, unavailable revenue, pension, and OPEB. Property taxes represent amounts for which there was an enforceable legal claim as of December 31, 2024, but which were levied to finance 2025 operations. This amount has been recorded as deferred inflows of resources on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental fund balance sheet and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes accrued interest, intergovernmental revenue including grants, municipal income taxes, delinquent property taxes, and other sources. These amounts are deferred and recognized as inflows of resources in the period when the amounts become available. For further details on unavailable revenue, refer to the reconciliation of Total Governmental Fund Balance to Net Position of Governmental Activities on page 21. Deferred inflows of resources related to pension and OPEB are reported on the government-wide and enterprise funds statement of net position and explained in Note 15 and Note 16 to the basic financial statements.

**Expenses/Expenditures**

On the accrual basis, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**E. Budgetary Process**

All funds are required to be budgeted and appropriated. The major documents prepared are the statement of fund activities, the certificate of estimated resources, and the appropriations ordinance, all of which are prepared on the budgetary basis of accounting. The statement of fund activities indicates the projected revenues and expenditures for those funds receiving tax monies. The certificate of estimated resources establishes a limit on the amount City Council may appropriate. The appropriations ordinance is City Council's authorization to spend resources and sets annual limits on expenditures plus encumbrances at the level of control selected by City Council. The legal level of control has been established by City Council at the fund, department, and object level for all funds.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the City Auditor. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the amounts on the amended certificate of estimated resources in effect at the time final appropriations were passed by City Council.

The appropriations ordinance is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts reflect the first appropriations ordinance for that fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by City Council during the year.

**F. Cash and Investments**

To improve cash management, cash received by the City is pooled and invested. Individual fund integrity is maintained through City records. Investment earnings and interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents". Monies restricted for utility deposits and held within the City's Water enterprise fund are also reflected as "Equity in Pooled Cash and Cash Equivalents".

During 2024, the City invested in mutual funds, negotiable certificates of deposit, federal agency securities, municipal bonds, private export funding corporation securities, U.S. treasury securities, and Star Ohio. Investments are reported at fair value which is based on quoted market price or current share price. Star Ohio (the State Treasury Asset Reserve of Ohio) is an investment pool managed by the State Treasurer's Office, which allows governments within the State to pool their funds for investment purposes. Star Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board Statement No. 79, "Certain External Investment Pools and Pool Participants". The City measures their investment in Star Ohio at the net asset value (NAV) per share provided by Star Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV that approximates fair value.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

STAR Ohio reserves the right to limit participant transactions to \$250 million per day. Transactions in all of a participant's accounts will be combined for this purpose. Twenty-four hours advance notice to STAR Ohio is appreciated for purchases or redemptions of \$100 million or more. For fiscal year 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

Under existing Ohio statutes, all investment earnings and other interest revenue are assigned to the general fund unless statutorily required to be credited to a specific fund. Investment earnings and other interest revenue credited to the general fund during 2024 amounted to \$357,282, which includes \$318,361 assigned from other City funds.

Investments of the cash management pool and investments with an original maturity of three months or less at the time of purchase are presented on the financial statements as cash equivalents. Investments with an initial maturity of more than three months that were not purchased from the pool are reported as investments.

**G. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond December 31, 2024, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

**H. Inventory**

Inventory is presented at cost on a first-in, first-out basis and is expensed/expensed when used. Inventory consists of expendable supplies held for consumption.

**I. Restricted Assets**

Assets are reported as restricted when limitations on their use change the nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, laws of other governments, or are imposed by law through constitutional provisions.

Restricted assets represent utility deposits from customers that are restricted because their use is limited to the payment of unpaid utility bills or refunding of the deposit to the customer. Restricted assets in the enterprise funds represent amounts held in trust by the pension plans for future benefits.

**J. Capital Assets**

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in governmental funds. General capital assets are reported in the governmental activities column on the government-wide statement of net position but are not reported on the fund financial statements. Capital assets used by the enterprise funds are reported in both the business-type activities column on the government-wide statement of net position and in the respective funds.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and reductions during the year. Donated capital assets are recorded at their acquisition value on the date received. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e. estimating the current replacement cost of the infrastructure to be capitalized and using an appropriate price level index to deflate the cost to the acquisition year or estimated acquisition year). The City maintains a capitalization threshold of ten thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. The City reports all infrastructure, including that acquired prior to 1980.

Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	10-45 years	10-50 years
Improvements Other Than Buildings	7-50 years	20 years
Streets	10-30 years	N/A
Bridges	28-85 years	N/A
Water, Sewer, and Storm Water Lines	N/A	10-50 years
Equipment	5-30 years	4-30 years
Vehicles	5-30 years	5-15 years

**K. Interfund Activity**

On fund financial statements, receivables and payables resulting from short-term interfund loans or unpaid amounts for interfund services provided are reported as "Interfund Receivables/Payables". Interfund balances are eliminated on the statement of net position, except for any net residual amounts due between governmental and business-type activities. These amounts are presented as "Internal Balances".

Deferred inflows of resources and deferred outflows of resources from the change in proportionate share related to pension/OPEB items are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column on the government-wide statement of net position.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**L. Compensated Absences**

For the City, compensated absences includes leave for which employees may receive cash payments when the leave is used for time off or receive cash payments for unused leave upon termination of employment. These payments could occur during employment or upon termination of employment. Compensated absences generally do not have a set payment schedule. The City does not offer noncash settlements. The City uses a first-in first-out flow assumption for compensated absences.

Liabilities should be recognized for leave that has not been used if the leave is attributable to services already rendered, the leave accumulates and is allowed to be carried over to subsequent years, and the leave is more likely than not to be used for time off or otherwise paid in cash. For the City, this leave includes sick and vacation time. However, the City also has certain compensated absences that are dependent upon the occurrence of a sporadic events that affects a relatively small proportion of employees. A liability for these types of leave is recognized when the leave commences. For the City this type of leave includes bereavement leave, comp time, military leave, personal leave, on-the-job injury leave, and court leave. Holiday leave taken on a specific date, not at the discretion of the employee is recognized as a liability when used. The liability for compensated absences includes salary related payments, where applicable.

Liabilities for compensated absences are recognized in financial statements prepared using the economic resources measurement focus for leave that has not been used and leave that has been used but not yet paid or settled.

On governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent payments come due each period upon the occurrence of employee resignations and retirements.

**M. Accrued Liabilities and Long-Term Obligations**

All payables, accrued liabilities, and long-term obligations are reported on the government-wide financial statements. All payables, accrued liabilities, and long-term obligations payable from the enterprise funds are reported on the enterprise fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, compensated absences that are paid from governmental funds are reported as liabilities on the fund financial statements only to the extent that they are due for payment during the current year. The net pension/OPEB liability should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient to pay those benefits. OPWC loans, the police and fire long-term liability, and long-term loans are recognized as liabilities on the fund financial statements when due.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**N. Net Position**

Net position represents the difference between all other elements on the statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted primarily for economic development, recreation, and Access. The City's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Restricted net position for pension/OPEB plans represent the corresponding restricted asset amounts held in trust by the pension plan for future benefits.

**O. Leases**

The City serves as a lessor in various noncancellable leases which are accounted for as follows:

Lessor - At the commencement of the lease term, the City initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The lease deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease deferred inflow of resources is amortized in a systematic and rational manner over the lease term. The last payment on the outstanding lease was received during 2024.

**P. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in governmental funds. The classifications are as follows:

Nonspendable - The nonspendable classification includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact. The "not in spendable form" includes items that are not expected to be converted to cash.

Restricted - The restricted classification includes amounts restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means the City can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for purposes specified by the legislation.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

**Committed** - The committed classification includes amounts that can be used only for the specific purposes imposed by a formal action (ordinance) of City Council. The committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, committed fund balance may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by City Council, separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

**Assigned** - Amounts in the assigned classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. Assigned amounts represent intended uses established by City Council. Fund balance policy of City Council authorizes department managers to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. City Council has also assigned fund balance to cover a gap between estimated resources and appropriations in the 2025 budget and for certain recreation activities.

**Unassigned** - Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The City first applies restricted resources when an expenditure is incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used.

**Q. Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the enterprise funds. For the City, these revenues are charges for services for water, sewer, solid waste, and storm water services. Operating expenses are the necessary costs incurred to provide the service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating.

**R. Capital Contributions**

Capital contributions arise from contributions of capital assets from other governments and from other funds.

**S. Interfund Transactions**

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

**T. Pension/Other Postemployment Benefits**

For purposes of measuring the net pension/OPEB liability (asset), deferred outflows of resources and deferred inflows of resources related to pension/OPEB, pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans, and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the retirement systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The retirement systems report investments at fair value.

**U. Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES AND RESTATEMENT OF FUND BALANCES AND NET POSITION**

**A. Change in Accounting Principles**

For 2024, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 100, “Accounting Changes and Error Corrections,” and related guidance from GASB Implementation Guide No. 2023-1, “Implementation Guidance Update-2023.” The City also implemented Question 5.1 from GASB Implementation Guide No. 2021-1, “Implementation Guidance Update-2021” and GASB Statement No. 101, “Compensated Absences.”

GASB Statement No. 100 will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing accountability. In addition, the display and note disclosure requirements will result in more consistent, decision-useful, understandable, and comprehensive information for users about accounting changes and error corrections.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 3 - CHANGE IN ACCOUNTING PRINCIPLES AND RESTATEMENT OF FUND BALANCES AND NET POSITION** (continued)

Question 5.1 from Implementation Guide 2021-1 addresses the collective significance of applying the capitalization threshold to individual items in a group of assets. The City reviewed its capital asset groupings and determined there were no asset groups where individually the assets were under the capitalization threshold yet were significant collectively.

The implementation of GASB Statement No. 100, GASB Implementation Guides 2021-1, and 2023-1 did not have any effect on beginning net position/fund balance.

GASB Statement No. 101 will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. The effects of implementing the GASB pronouncement is shown on the table below.

**B. Restatement of Fund Balance and Net Position**

For the City, GASB Statement No. 101 increased and decreased the compensated absences liability and the cumulative effects of compensated absence related expense on beginning net position as shown on the following table.

	Change in Accounting Principles		
	12/31/2023		12/31/2023 As Restated
	As Previously Reported	GASB 101	
<b>Government-Wide</b>			
Governmental Activities	\$20,723,518	(\$612,881)	\$20,110,637
Business-Type Activities	35,630,549	14,825	35,645,374
<b>Total Primary Government</b>	<b>\$56,354,067</b>	<b>(\$598,056)</b>	<b>\$55,756,011</b>
<b>Governmental Funds</b>			
<b>Major Funds:</b>			
General Fund	\$1,405,864	\$0	\$1,405,864
Safety Forces Levy	668,253	0	668,253
Street Maintenance and Repair	930,779	0	930,779
All Other Governmental Funds	897,445	0	897,445
<b>Total Governmental Funds</b>	<b>\$3,902,341</b>	<b>\$0</b>	<b>\$3,902,341</b>
<b>Proprietary Funds</b>			
<b>Enterprise Funds:</b>			
Water	\$16,055,385	\$17,667	\$16,073,052
Sewer	3,587,039	(3,781)	3,583,258
Solid Waste	630,906	(892)	630,014
Storm Water	15,357,219	1,831	15,359,050
<b>Total Business-Type Net Position</b>	<b>\$35,630,549</b>	<b>\$14,825</b>	<b>\$35,645,374</b>

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 4 - ACCOUNTABILITY AND COMPLIANCE**

**A. Accountability**

At December 31, 2024, the following funds had a deficit fund balance:

Fund	Deficit
Special Revenue Funds	
Airport Grant	\$70,500
Police Pension	24,273
Fire Pension	35,129
Capital Projects Fund	
Theater Demolition	31,230

These deficits are the result of the recognition of payables in accordance with generally accepted accounting principles as well as short-term interfund loans from the General Fund needed for operations until the receipt of grant monies. The General Fund provides transfers to cover deficit balances; however, this is done when cash is needed rather than when accruals occur.

**B. Compliance**

The following funds/accounts had expenditures in excess of appropriations for the fiscal year ended December 31, 2024:

Fund/Account	Appropriations	Expenditures	Excess
General Fund			
Security of Persons and Property			
Police			
Personal Services	\$319,974	\$399,666	(\$79,692)
Capital Outlay	44,489	108,730	(64,241)
Fire			
Personal Services	435,119	485,119	(50,000)
Solid Waste Fund			
Solid Waste Management			
Personal Services	404,230	413,205	(8,975)

The City will monitor expenditures to ensure they are within amounts appropriated.

At December 31, 2024, the Access and the Fire Pension special revenue funds and the Water enterprise fund had final appropriations in excess of estimated resources plus available balances for the final budget, in the amount of \$24,234, \$152,500, and \$51,452, respectively. The City Auditor will review appropriations to ensure they are within available resources.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 5 - BUDGETARY BASIS OF ACCOUNTING**

While reporting financial position, results of operations, and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Budgetary Basis) and Actual - for the General Fund and the Safety Forces Levy and Street Maintenance and Repair special revenue funds are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Outstanding year end encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance (GAAP basis).

Adjustments necessary to convert the results of operations for the year on the budget basis to the GAAP basis are as follows:

	Changes in Fund Balance		
			Street Maintenance and Repair
	Safety Forces	General	
GAAP Basis		\$673,067	(\$165,176)
<u>Increases (Decreases) Due To</u>			
Revenue Accruals:			
Accrued 2023, Received in Cash 2024		648,114	153,128
Accrued 2024 Not Yet Received in Cash		(657,604)	(143,934)
Expenditure Accruals:			
Accrued 2023, Paid in Cash 2024		(375,490)	(86,347)
Accrued 2024, Not Yet Paid in Cash		270,930	324,450
			56,247

(continued)

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 5 - BUDGETARY BASIS OF ACCOUNTING** (continued)

	Changes in Fund Balance		
	(continued)		
	General	Safety Forces Levy	Street Maintenance and Repair
<u>Increases (Decreases) Due To</u> (continued)			
Cash Adjustments:			
Unrecorded Activity 2023	(\$116,773)	\$0	\$0
Unrecorded Activity 2024	(67,204)	0	0
Prepaid Items	32,411	(67,989)	(293)
Materials and Supplies Inventory	410	0	(91,452)
Encumbrances Outstanding at			
Year End (Budget Basis)	<u>(49,326)</u>	<u>(70,927)</u>	<u>(285,818)</u>
Budget Basis	<u>\$358,535</u>	<u>(\$56,795)</u>	<u>\$124,950</u>

**NOTE 6 - DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the City into three categories.

Active deposits are public deposits determined to be necessary to meet current demands upon the City treasury. Active deposits must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits the City Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts, including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 6 - DEPOSITS AND INVESTMENTS** (continued)

Interim monies may be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least 2 percent and be marked to market daily and the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio and, with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio (if training requirements have been met);
5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
6. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) and repurchase agreements secured by such obligations provided that investments in securities described in this division are made only through eligible institutions;
7. The State Treasurer's investment pool (STAR Ohio); and
8. Certain bankers' acceptances for a period not to exceed one hundred eighty days and commercial paper notes for a period not to exceed two hundred seventy days in an amount not to exceed 40 percent of the interim monies available for investment at any one time (if training requirements have been met).

Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of settlement, unless matched to a specific obligation or debt of the City and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the City Treasurer or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 6 - DEPOSITS AND INVESTMENTS** (continued)

Investments

As of December 31, 2024, the City had the following investments:

Measurement/Investment	Measurement Amount	Less Than	Six	One Year	More Than Two Years
		Six Months	Months to One Year	to Two Years	
Fair Value - Level One					
Inputs					
Mutual Funds	\$108,756	\$108,756	\$0	\$0	\$0

**NOTE 6 - DEPOSITS AND INVESTMENTS** (continued)

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the City's recurring fair value measurements as of December 31, 2024. The City's investment in mutual funds measured at fair value is valued using quoted market prices (Level 1 inputs). The remainder of the City's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/ dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers, and reference data including market research publications. Market indicators and industry and economic events are also monitored which could require the need to acquire further market data (Level 2 inputs).

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policy restricts the City from investing in any securities other than those identified in the Ohio Revised Code and that all investments must mature within five years from the date of investment unless they are matched to a specific obligation or debt of the City.

Negotiable certificates of deposit are generally covered by FDIC insurance. The Federal Agricultural Mortgage Corporation Notes, Federal Farm Credit Bank Notes, Federal Home Loan Bank Notes, Federal Home Loan Mortgage Corporation Notes, Federal National Mortgage Association Notes, Municipal Bonds, Private Export Funding Corporation Notes, U.S. Treasury Notes, and mutual funds carry a rating of Aaa by Moody's. STAR Ohio carries a rating of AAA by Standard and Poor's. The City has no investment policy dealing with credit risk beyond the requirements of State statute. Ohio law requires that mutual funds in eligible securities be rated in the highest category at the time of purchase by at least one nationally recognized statistical rating organization. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized statistical rating organization.

With the exception of U.S. Treasury securities or STAR Ohio, the City may not invest more than 60 percent of its portfolio in any one security type or with a single financial institution.

The following table indicates the percentage of each investment type to the City's total portfolio:

	Fair Value	Percentage of Portfolio
Negotiable Certificates of Deposit	\$935,398	13.31%
Federal Agricultural Mortgage Corporation	529,737	7.54
Federal Farm Credit Bank	1,146,191	16.30
Federal Home Loan Bank	802,158	11.41
Federal Home Loan Mortgage Corporation	169,330	2.41
Federal National Mortgage Association	726,971	10.34
Private Export Funding Corporation Notes	118,087	1.68
Municipal Bonds	133,176	1.89
U.S. Treasury	2,265,208	32.22

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 7 - RECEIVABLES**

Receivables at December 31, 2024, consisted of accounts (billings for user charged services, including unbilled utility services and Opioid settlement monies); accrued interest; intergovernmental receivables arising from grants, entitlements, and shared revenues; municipal income taxes; other local taxes; interfund; and property taxes. All receivables are considered collectible in full and within one year, except for municipal income taxes, and property taxes. Municipal income taxes and property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

**Leases Receivable/Revenue**

During 2024, the City had outstanding leases related to farmland with multiple individuals and a cell tower with Verizon Wireless. The final amounts on the leases were received during 2024 and the leases were not renewed. For 2024, the City recognized lease revenue of \$42,791 and interest revenue of \$2,329 in the General Fund related to lease payments received.

**Opioid Settlement Monies**

During 2021, Ohio reached an agreement with the three largest distributors of opioids. Subsequently, settlements have been reached with other distributors. As contingencies related to timing and measurement are resolved, a receivable will be reported in accompanying financial statements as a part of accounts receivable. As a participating subdivision, the City reported \$89,549 as an account receivable related to opioid settlement monies in the Opioid Settlement special revenue fund in the accompanying financial statements. Collections of these settlement monies are expected to extend through 2038, with \$70,113 not expected to be collected within one year of the date of the financial statements.

A summary of the principal items of intergovernmental receivables follows:

	Amount
Governmental Activities	
Major Funds	
General Fund	
Homestead and Rollback	\$48,309
Local Government	134,629
Cigarette Tax	368

**NOTE 8 - MUNICIPAL INCOME TAXES**

The City levies and collects an income tax of 2.25 percent based on all income earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100 percent of the tax paid to another municipality, not to exceed the amount owed. Employers within the City are required to withhold income tax on employee earnings and remit the tax to the City at least quarterly. Corporations and other individual taxpayers are also required to pay their estimated tax at least quarterly and file a final return annually.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 8 - MUNICIPAL INCOME TAXES** (continued)

The City's income tax rate includes 1 percent authorized by State statute and levied by the City Council, an additional .5 percent levied with voter approval for a period of six years, expiring in 2025, an additional .25 percent levied with voter approval for a period of five years, expiring in 2028, and an additional .5 percent levied with voter approval for a continuing period. The additional .5 percent expiring in 2025 is restricted solely for street repair and is recorded in the Street Maintenance and Repair special revenue fund. The additional .25 percent expiring in 2028 is restricted solely for police and fire department operations and is recorded in the Safety Forces Levy special revenue fund. The additional .5 percent continuing levy is restricted solely for police and fire department operations and is recorded in the Safety Forces Levy special revenue fund. The remaining income tax revenues and all related expenditures for administration and collection are accounted for in the General Fund.

**NOTE 9 - PROPERTY TAXES**

Property taxes include amounts levied against all real and public utility property located in the City. Real property tax revenues received in 2024 represent the collection of 2023 taxes. Real property taxes received in 2024 were levied after October 1, 2023, on the assessed values as of January 1, 2023, the lien date. Assessed values for real property taxes are established by State statute at 35 percent of appraised market value. Real property taxes are payable annually or semiannually. If paid annually, payment is due December 31; if paid semiannually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits alternate payment dates to be established.

Public utility property tax revenues received in 2024 represent the collection of 2023 taxes. Public utility real and tangible personal property taxes received in 2024 became a lien on December 31, 2022, were levied after October 1, 2023, and are collected with real property taxes. Public utility real property is assessed at 35 percent of true value; public utility tangible personal property is currently assessed at varying percentages of true value.

The County Treasurer collects property taxes on behalf of all taxing districts within the County, including the City of Bucyrus. The County Auditor periodically remits to the City its portion of the taxes collected.

Accrued property taxes receivable represents real and public utility property taxes which were measurable as of December 31, 2024, and for which there was an enforceable legal claim. In the governmental funds, the portion of the receivable not levied to finance 2024 operations is offset to deferred inflows of resources - property taxes. On the accrual basis, delinquent real property taxes have been recorded as a receivable and revenue while on a modified accrual basis, the revenue has been reported as deferred inflows of resources - unavailable revenue.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 9 - PROPERTY TAXES**

The full tax rate for all City operations for the year ended December 31, 2024, was \$4.20 per \$1,000 of assessed value. The assessed values of real and public utility property upon which 2024 property tax receipts were based are as follows:

Category	Amount
Real Property	
Agricultural	\$589,520
Residential	129,363,970
Commercial	32,622,060
Industrial	11,320,450
Public Utility Property	
Real	66,410
Personal	11,528,740
Total Assessed Value	<u><u>\$185,491,150</u></u>

**NOTE 10 - CAPITAL ASSETS**

**NOTE 11 - INTERFUND RECEIVABLES/PAYABLES**

At December 31, 2024, the General Fund had an interfund receivable in the amount of \$1,037,093; \$221,596 from other governmental funds to provide cash flow resources until the receipt of grant monies; \$76,541, \$76,542, \$76,542, and \$76,542, respectively, from the Water, Sewer, Solid Waste, and Storm Water enterprise funds for services provided to those funds; and \$509,330 from the Water enterprise fund for short-term loans made to the fund.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 12 - RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in the Public Entities Pool of Ohio, a public entity shared risk pool. The City pays an annual premium to the pool for various types of insurance coverage. Member cities agree to share in the coverage of losses and pay all premiums necessary for the specified insurance coverage. Upon withdrawal from the Pool, a participant is responsible for the payment of all liabilities accruing as a result of withdrawal. During 2024, the City had the following insurance coverage:

Type of Coverage	Coverage	Deductible
Property (building and contents)	\$85,539,601	\$1,000
Employee Benefits Liability	1,000,000	1,000
General Liability	10,000,000	0
Law Enforcement Liability	10,000,000	5,000
Automobile Liability	10,000,000	500/1,000
Uninsured Motorist	1,000,000	0
Crime Coverage	10,000,000	5,000
Boiler and Machinery	84,244,943	1,000

There has been no significant reduction in insurance coverage from 2023, and no insurance settlement has exceeded insurance coverage during the last three years.

The City's workers' compensation coverage is provided by the State of Ohio. The City pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

**NOTE 13 - SIGNIFICANT COMMITMENTS**

The City has several outstanding contracts for professional services. The following amounts remain on these contracts as of December 31, 2024:

Vendor	Contract Amount	Amount Paid as of 12/31/2024	Outstanding Balance
BK Layer LLC	\$2,280,405	\$1,509,947	\$770,458
D2 Excavating, LLC	1,270,101	0	1,270,101
Driven Excavating, LLC	1,075,484	0	1,075,484
Hydro Controls, LLC	164,000	0	164,000
Makeever & Associates, Inc	67,500	18,533	48,967
Arcadis US, Inc	210,000	24,213	185,787
Wessler Engineering, Inc	634,312	262,559	371,753

All of the remaining commitment amounts were encumbered at year end. The amount of \$53,347 in contracts payable has been capitalized in governmental activities.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 13 - SIGNIFICANT COMMITMENTS** (continued)

The amount of \$540,722 and \$28,965 in contracts payable and retainage payable, respectively, has been capitalized in business-type activities.

At year end, the significant encumbrances expected to be honored upon performance by the vendor in 2025 are as follows:

General Fund	\$49,326
Safety Forces Levy Fund	70,927
Street Maintenance and Repair Fund	285,818
Other Governmental Funds	15,443

**NOTE 14 - ASSET RETIREMENT OBLIGATION**

Ohio Revised Code Section 6111.44 requires the City to submit any changes to their sewerage system to the Ohio EPA for approval. Through this review process, the City would be responsible to address any public safety issues associated with their wastewater treatment facilities. Any ARO associated with these public safety issues are not reasonably estimable. Currently, there is significant uncertainty as to what public safety items would need addressed; therefore, a reliable estimated amount could not be determined.

**NOTE 15 - DEFINED BENEFIT PENSION PLANS**

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

**Net Pension Liability (Asset) /Net OPEB Liability (Asset)**

The net pension liability (asset) and the net OPEB liability (asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liability (asset) represent the City's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculations are dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net pension/OPEB asset* or a long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable*. The remainder of this note includes the required pension disclosures. See Note 16 for the required OPEB disclosures.

**Ohio Public Employees Retirement System (OPERS)**

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple employer public employee retirement system which administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan, and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. Effective January 1, 2024, the Combined Plan was consolidated into the Traditional Pension Plan, as approved by the legislature in House Bill 33. The Traditional Pension Plan includes members of the legacy Combined Plan, a hybrid defined benefit/defined contribution plan which was closed to new members effective January 1, 2022. New members are no longer able to select the Combined Plan and current members are no longer able to make a plan change to the Combined Plan. The Combined Plan was consolidated into the Traditional Pension Plan effective January 1, 2024, as a separate division. No changes were made to the benefit design features of the Combined Plan as part of this consolidation so that members in this plan will experience no changes. The City's 2024 net pension liability (asset) for OPERS is measured as of December 31, 2023, and reflects the Traditional Plan and the Combined Plan as two separate plans. The City's 2025 financial statements will reflect the effects of the Combined Plan being consolidated into the Traditional Pension Plan. Participating employers are divided into state, local, law enforcement and public safety divisions. While members in the state and local divisions may participate in all three plans, law enforcement and public safety divisions exist only within the traditional plan.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

<b>Group A</b>	<b>Group B</b>	<b>Group C</b>
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

Traditional plan state and local members who retire before meeting the age-and-years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests at retirement.

Law enforcement and public safety members who retire before meeting the ages and years of service credit requirement for unreduced benefit receive a percentage reduction in the benefit amount.

Combined plan members retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit.

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

When a traditional plan benefit recipient has received benefits for 12 months, the member is eligible for an annual cost of living adjustment (COLA). This COLA is calculated on the member's original base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost-of-living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the cost-of-living adjustment is 3 percent. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options and will continue to be administered by OPERS), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

Employee	<u>10.0 %</u>	<u>10.0 %</u>	<u>12.0 %</u>	<u>13.0 %</u>

\* Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.

\*\* This rate is determined by OPERS' Board and has no maximum rate established by ORC.

\*\*\* This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.

\*\*\*\* These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with the remainder going to pension; however, effective July 1, 2022, a portion of the health care rate is funded with reserves.

Employer contribution rates are actuarially determined within the constraints of statutory limits for each division and expressed as a percentage of covered payroll.

For 2024, the City's contractually required contribution was \$460,176 for the traditional plan, \$23,313 for the combined plan and \$0 for the member-directed plan. Of these amounts, \$57,580 is reported as an intergovernmental payable for the traditional plan and \$2,917 for the combined plan.

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

**Ohio Police & Fire Pension Fund (OP&F)**

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at [www.opf.org](http://www.opf.org) or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, surviving beneficiaries under optional plans, and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

The COLA amount for members who have 15 or more years of service credit as of July 1, 2013, and members who are receiving a pension benefit that became effective before July 1, 2013, will be equal to 3.0 percent of the member's base pension benefit.

The COLA amount for members who have less than 15 years of service credit as of July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will be equal to a percentage of the member's base pension benefit where the percentage is the lesser of 3.0 percent or the percentage increase in the consumer price index, if any, over the twelve-month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

Funding Policy – The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<b>Police</b>	<b>Firefighters</b>
<b>2024 Statutory Maximum Contribution Rates</b>		
Employer	19.50 %	24.00 %
Employee	12.25 %	12.25 %
<b>2024 Actual Contribution Rates</b>		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	0.50	0.50
Total Employer	<hr/> 19.50 %	<hr/> 24.00 %
Employee	<hr/> 12.25 %	<hr/> 12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OP&F was \$741,826 for 2024. Of this amount, \$95,983 is reported as an intergovernmental payable.

In addition to current contributions, the City pays installments on a specific liability the City incurred when the State of Ohio established the statewide pension system for police and fire fighters in 1967. As of December 31, 2024 the specific liability of the City was \$159,240 payable in semi-annual payments through the year 2035.

**Pension Liability (Assets), Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The net pension liability (asset) for OPERS was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2023, and was determined by rolling forward the total pension liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net pension liability (asset) was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense of the City's defined benefit pension plans:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

	OPERS Traditional Plan	OPERS Combined Plan	OP&F	Total
Proportion of the Net Pension Liability/Asset:

Thereafter	<u>0</u>	<u>(2,080)</u>	<u>10,264</u>	<u>8,184</u>
Total	<u><u>\$929,364</u></u>	<u><u>\$6,263</u></u>	<u><u>\$4,107,369</u></u>	<u><u>\$5,042,996</u></u>

**Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial-reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2023, using the following key actuarial assumptions and methods applied to all prior periods included in the measurement in accordance with the requirements of GASB 67:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

	OPERS Traditional Plan	OPERS Combined Plan
Wage Inflation	2.75 percent	2.75 percent
Future Salary Increases, including inflation	2.75 to 10.75 percent including wage inflation	2.75 to 8.25 percent including wage inflation
COLA or Ad Hoc COLA:		
Pre-January 7, 2013 Retirees	3.0 percent, simple	3.0 percent, simple
Post-January 7, 2013 Retirees (Current Year)	2.3 percent, simple through 2024, then 2.05 percent, simple	2.3 percent, simple through 2024, then 2.05 percent, simple
Post-January 7, 2013 Retirees (Prior Year)	3.0 percent, simple through 2023, then 2.05 percent, simple	3.0 percent, simple through 2023, then 2.05 percent, simple
Investment Rate of Return	6.9 percent	6.9 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

Pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Defined Contribution portfolio and the Health Care portfolio. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a gain of 11.2 percent for 2023.

The allocation of investment assets within the Defined Benefit portfolio is approved by the Board as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric real rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized in the following table:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	24.00%	2.85%
Domestic Equities	21.00	4.27
Real Estate	13.00	4.46
Private Equity	15.00	7.52
International Equities	20.00	5.16
Risk Parity	2.00	4.38
Other investments	<u>5.00</u>	3.46
Total	<u>100.00%</u>	

Discount Rate - The discount rate used to measure the total pension liability was 6.9 percent for the Traditional Pension Plan, Combined Plan and Member-Directed Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following table presents the City's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption of 6.9 percent, as well as what the City's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (5.9 percent) or one-percentage-point higher (7.9 percent) than the current rate:

	1% Decrease (5.90%)	Discount Rate (6.90%)	1% Increase (7.90%)
<b>City's proportionate share of the net pension liability (asset)</b>			
OPERS Traditional Plan	\$7,333,096	\$4,658,098	\$2,433,275
OPERS Combined Plan	(76,174)	(125,884)	(165,045)

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

**Actuarial Assumptions - OP&F**

The total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth. The changes in assumptions are being amortized over the estimated remaining useful life of the participants which was 6.03 years at December 31, 2023.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2023, are presented below.

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	7.5 percent
Projected Salary Increases	3.75 percent to 10.5 percent
Payroll Growth	3.25 percent per annum, compounded annually, consisting of Inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent
Cost of Living Adjustments	2.2 percent simple per year

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2 percent for males and 98.7 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for contingent annuitants is based on the Pub-2010 Below-Median Safety Amount Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP-2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The assumption is intended to be a long-term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Best estimates of the long-term expected real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023, are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	18.60 %	4.10 %
Non-US Equity	12.40	4.90
Private Markets	10.00	7.30
Core Fixed Income *	25.00	2.40
High Yield Fixed Income	7.00	4.10
Private Credit	5.00	6.80
U.S. Inflation Linked Bonds*	15.00	2.10
Midstream Energy Infrastructure	5.00	5.80
Real Assets	8.00	6.00
Gold	5.00	3.50
Private Real Estate	12.00	5.40
Commodities	2.00	3.50
 Total	 125.00 %	

Note: Assumptions are geometric.

\* levered 2.0x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate - For 2023, the total pension liability was calculated using the discount rate of 7.50 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 7.50 percent. Based on those assumptions, OP&F's fiduciary net position was projected to be available to make all future benefit payment of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 15 - DEFINED BENEFIT PENSION PLANS** (continued)

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate. To illustrate the potential impact, the following table presents the net pension liability calculated using the discount rate of 7.50 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50 percent) or one percentage point higher (8.50 percent) than the current rate:

	1% Decrease (6.50%)	Current (7.50%)	1% Increase (8.50%)
City's proportionate share of the net pension liability	\$16,234,128	\$12,256,108	\$8,947,998

**NOTE 16 - DEFINED BENEFIT OPEB PLANS**

See Note 15 for a description of the net OPEB liability (asset).

**Plan Description - Ohio Public Employees Retirement System (OPERS)**

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust. The 115 Health Care Trust (115 Trust or Health Care Trust) was established in 2014, under Section 115 of the Internal Revenue Code (IRC). The purpose of the 115 Trust is to fund health care for the Traditional Pension, Combined, and Member-Directed plans. The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code. Retirees in the Traditional Pension and Combined plans may have an allowance deposited into a health reimbursement arrangement (HRA) account to be used toward the health care program of their choice and other eligible expenses. An OPERS vendor is available to assist with the selection of a health care program.

With one exception, OPERS-provided health care coverage is neither guaranteed nor statutorily required. Ohio law currently requires Medicare Part A equivalent coverage or Medicare Part A premium reimbursement for eligible retirees and their eligible dependents.

OPERS offers a health reimbursement arrangement (HRA) allowance to benefit recipients meeting certain age and service credit requirements. The HRA is an account funded by OPERS that provides tax free reimbursement for qualified medical expenses such as monthly post-tax insurance premiums, deductibles, co-insurance, and co-pays incurred by eligible benefit recipients and their dependents.

OPERS members enrolled in the Traditional Pension Plan or Combined Plan retiring with an effective date of January 1, 2022, or after must meet the following health care eligibility requirements to receive an HRA allowance:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

**Age 65 or older Retirees** Minimum of 20 years of qualifying service credit

**Age 60 to 64 Retirees** Based on the following age-and-service criteria:

**Group A** 30 years of total service with at least 20 years of qualified health care service credit;

**Group B** 31 years of total service credit with at least 20 years of qualified health care service credit; or

**Group C** 32 years of total service credit with at least 20 years of qualified health care service credit.

**Age 59 or younger** Based on the following age-and-service criteria:

**Group A** 30 years of qualified health care service credit;

**Group B** 32 years of qualified health care service credit at any age or 31 years of qualified health care service credit and at least age 52; or

**Group C** 32 years of qualified health care service credit and at least age 55.

Retirees who do not meet the requirement for coverage as a non-Medicare participant can become eligible for coverage at age 65 if they have at least 20 years of qualifying service.

Members with a retirement date prior to January 1, 2022, who were eligible to participate in the OPERS health care program will continue to be eligible after January 1, 2022, as summarized in the following table:

<b>Group A</b>	<b>Group B</b>	<b>Group C</b>
<b>Age and Service Requirements</b> <i>December 1, 2014 or Prior</i>	<b>Age and Service Requirements</b> <i>December 1, 2014 or Prior</i>	<b>Age and Service Requirements</b> <i>December 1, 2014 or Prior</i>
Any Age with 10 years of service credit	Any Age with 10 years of service credit	Any Age with 10 years of service credit
<i>January 1, 2015 through December 31, 2021</i>	<i>January 1, 2015 through December 31, 2021</i>	<i>January 1, 2015 through December 31, 2021</i>
Age 60 with 20 years of service credit or Any Age with 30 years of service credit	Age 52 with 31 years of service credit or Age 60 with 20 years of service credit or Any Age with 32 years of service credit	Age 55 with 32 years of service credit or Age 60 with 20 years of service credit

See the Age and Service Retirement section of the OPERS ACFR for a description of Groups A, B and C.

Eligible retirees may receive a monthly HRA allowance for reimbursement of health care coverage premiums and other qualified medical expenses. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are provided to eligible retirees, and are deposited into their HRA account.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

The base allowance is determined by OPERS and is currently \$1,200 per month for non-Medicare retirees and \$350 per month for Medicare retirees. The retiree receives a percentage of the base allowance, calculated based on years of qualifying service credit and age when the retiree first enrolled in OPERS health care. Monthly allowances range between 51 percent and 90 percent of the base allowance for both non-Medicare and Medicare retirees.

Retirees will have access to the OPERS Connector, which is a relationship with a vendor selected by OPERS to assist retirees participating in the health care program. The OPERS Connector may assist retirees in selecting and enrolling in the appropriate health care plan.

When members become Medicare-eligible, recipients enrolled in OPERS health care programs must enroll in Medicare Part A (hospitalization) and Medicare Part B (medical).

OPERS reimburses retirees who are not eligible for premium-free Medicare Part A (hospitalization) for their Part A premiums as well as any applicable surcharges (late-enrollment fees). Retirees within this group must enroll in Medicare Part A and select medical coverage, and may select prescription coverage, through the OPERS Connector. OPERS also will reimburse 50 percent of the Medicare Part A premium and any applicable surcharges for eligible spouses. Proof of enrollment in Medicare Part A and confirmation that the retiree is not receiving reimbursement or payment from another source must be submitted. The premium reimbursement is added to the monthly pension benefit.

Participants in the Member-Directed Plan have access to the Connector and have a separate health care funding mechanism. A portion of employer contributions for these participants is allocated to a retiree medical account (RMA). Members who elect the Member-Directed Plan after July 1, 2015, will vest in the RMA over 15 years at a rate of 10 percent each year starting with the sixth year of participation. Members who elected the Member-Directed Plan prior to July 1, 2015, vest in the RMA over a five-year period at a rate of 20 percent per year. Upon separation or retirement, participants may use vested RMA funds for reimbursement of qualified medical expenses.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

**Funding Policy** - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2024, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2024, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan. Beginning July 1, 2022, there was a two percent allocation to health care for the Combined Plan which has continued through 2024. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2024 was 4.0 percent. Effective July 1, 2022, a portion of the health care rate was funded with reserves which has continued through 2024.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$3,885 for 2024. Of this amount, \$486 is reported as an intergovernmental payable.

**Ohio Police & Fire Pension Fund (OP&F)**

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

OP&F contracted with a vendor who assists eligible retirees in choosing health care plans that are available where they live (both Medicare-eligible and pre-65 populations). A stipend funded by OP&F is available to these members through a Health Reimbursement Arrangement and can be used to reimburse retirees for qualified health care expenses.

Regardless of a benefit recipient's participation in the health care program, OP&F is required by law to pay eligible recipients of a service pension, disability benefit and spousal survivor benefit for their Medicare Part B insurance premium, up to the statutory maximum provided the benefit recipient is not eligible to receive reimbursement from any other source. Once OP&F receives the necessary documentation, a monthly reimbursement is included as part of the recipient's next benefit payment. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

OP&F maintains funds for health care in two separate accounts: one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. IRS Code Section 401(h) account is maintained for Medicare Part B reimbursements.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at [www.op-f.org](http://www.op-f.org) or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

**Funding Policy** - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2024, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded.

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

The City's contractually required contribution to OP&F was \$17,216 for 2024. Of this amount, \$2,227 is reported as an intergovernmental payable.

**OPEB Liability (Asset), OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The net OPEB liability (asset) and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2022, rolled forward to the measurement date of December 31, 2023, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2023, and was determined by rolling forward the total OPEB liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net OPEB liability (asset) was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
Proportion of the Net OPEB Liability/Asset:			
Current Measurement Date	0.018043%	0.1268567%	
Prior Measurement Date	<u>0.018504%</u>	<u>0.1038767%</u>	
Change in Proportionate Share	<u>-0.000461%</u>	<u>0.0229800%</u>	
Proportionate Share of the:			
Net OPEB Liability	\$0	\$926,219	\$926,219
Net OPEB Asset	\$162,843	\$0	\$162,843
OPEB Expense	(\$7,814)	\$28,275	\$20,461

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
<b>Deferred Outflows of Resources</b>			
Differences between expected and actual experience	\$0	\$44,539	\$44,539
Changes of assumptions	41,923	318,721	360,644
Net difference between projected and actual earnings on OPEB plan investments	97,796	68,395	166,191
Changes in proportion and differences between City contributions and proportionate share of contributions	2,890	277,622	280,512
City contributions subsequent to the measurement date	<u>3,885</u>	<u>17,216</u>	<u>21,101</u>
Total Deferred Outflows of Resources	<u>\$146,494</u>	<u>\$726,493</u>	<u>\$872,987</u>
<b>Deferred Inflows of Resources</b>			
Differences between expected and actual experience	\$23,177	\$170,213	\$193,390
Changes of assumptions	70,001	596,464	666,465
Changes in proportion and differences between City contributions and proportionate share of contributions	221	62,919	63,140
Total Deferred Inflows of Resources	<u>\$93,399</u>	<u>\$829,596</u>	<u>\$922,995</u>

\$21,101 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability or an increase in the net OPEB asset in 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

**City of Bucyrus**  
**Notes to the Basic Financial Statements**

**Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between the System and plan members. The actuarial valuation used the following key actuarial assumptions and methods applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	2.75 percent
Projected Salary Increases,	2.75 to 10.75 percent
	including wage inflation
Single Discount Rate	5.70 percent
Prior Year Single Discount Rate	5.22 percent
Investment Rate of Return	6.00 percent
Municipal Bond Rate	3.77 percent
Prior Year Municipal Bond Rate	4.05 percent
Health Care Cost Trend Rate	5.5 percent, initial
	3.50 percent, ultimate in 2038
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Defined Contribution portfolio and the Health Care portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a gain of 14.0 percent for 2023.

The allocation of investment assets within the Health Care portfolio is approved by the Board as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for benefits provided through the defined benefit pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric real rates of return were provided by the Board's investment consultant. For each major asset class that is included in the Health Care portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	37.00%	2.82%
Domestic Equities	25.00	4.27
Real Estate Investment Trust	5.00	4.68
International Equities	25.00	5.16
Risk Parity	3.00	4.38
Other investments	5.00	2.43
Total	<u>100.00%</u>	

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

Discount Rate - A single discount rate of 5.70 percent was used to measure the total OPEB liability on the measurement date of December 31, 2023; however, the single discount rate used at the beginning of the year was 5.22 percent. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on the actuarial assumed rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 3.77 percent. (Fidelity Index's "20-Year Municipal GO AA Index") The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through the year 2070. As a result, the actuarial assumed long-term expected rate of return on health care investments was applied to projected costs through the year 2070, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate - The following table presents the City's proportionate share of the net OPEB asset calculated using the single discount rate of 5.70 percent, as well as what the City's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one-percentage-point lower (4.70 percent) or one-percentage-point higher (6.70 percent) than the current rate:

	Current	1% Decrease (4.70%)	Discount Rate (5.70%)	1% Increase (6.70%)
City's proportionate share of the net OPEB liability (asset)	\$89,493	(\$162,843)	(\$371,866)	

Sensitivity of the City's Proportionate Share of the Net OPEB Asset to Changes in the Health Care Cost Trend Rate - Changes in the health care cost trend rate may also have a significant impact on the net OPEB asset. The following table presents the net OPEB asset calculated using the assumed trend rates, and the expected net OPEB liability or asset if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost trend assumption with changes over several years built into that assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2024 is 5.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is the health care cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

	1% Decrease	Assumption	1% Increase
City's proportionate share of the net OPEB asset	\$169,604	\$162,843	\$155,170

**Actuarial Assumptions - OP&F**

OP&F's total OPEB liability as of December 31, 2023, is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total OPEB liability in the latest actuarial valuation are presented below:

Actuarial Cost Method	Entry Age Normal
Investment Rate of Return	7.5 percent
Projected Salary Increases	3.50 percent to 10.5 percent
Payroll Growth	3.25 percent
Blended discount rate:	
Current measurement rate	4.07 percent
Prior measurement rate	4.27 percent
Cost of Living Adjustments	2.2 percent simple per year
Projected Depletion Year of OPEB Assets	2038

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 16 - DEFINED BENEFIT OPEB PLANS** (continued)

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2 percent for males and 98.7 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

The OP&F health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 15.

Discount Rat - For 2023, the total OPEB liability was calculated using the discount rate of 4.07 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 7.5 percent. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payment of current plan members. Therefore, the long-term assumed rate of return on investments of 7.5 percent was applied to periods before December 31, 2037, and the Municipal Bond Index Rate of 3.38 percent was applied to periods on and after December 31, 2037, resulting in a discount rate of 4.07 percent.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate - Net OPEB liability is sensitive to changes in the discount rate. To illustrate the potential impact, the following table presents the net OPEB liability calculated using the discount rate of 4.07 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.07 percent), or one percentage point higher (5.07 percent), than the current rate:

	Current		
	1% Decrease	Discount Rate	1% Increase
	(3.07%)	(4.07%)	(5.07%)
City's proportionate share of the net OPEB liability	\$1,140,846	\$926,219	\$745,462

**For the Year Ended December 31, 2024**

---

**NOTE 17 - COMPENSATED ABSENCES**

The criteria for determining vacation and sick leave benefits are derived from negotiated agreements and State laws.

City employees earn and accumulate vacation at varying rates depending on length of service. Current policy credits vacation leave on the employee's anniversary date. Employees are paid for 100 percent of earned unused vacation leave upon termination.

Sick leave is earned at various rates as defined by City policy and union contracts. Any employee with ten through twenty-four years of full-time service with the City, who elects to retire, is entitled to receive one-fourth of the value of their accumulated unused sick leave up to a maximum of two hundred forty or two hundred eighty hours depending on the contract. Any employee with more than twenty-four years of full-time service with the City, who elects to retire, is entitled to receive 100 percent of the value of their accumulated unused sick leave up to a maximum of 960 to 1,835 hours as defined by contract.

**NOTE 18 - LONG-TERM OBLIGATIONS**

The City's long-term obligations activity for the year ended December 31, 2024, was as follows:

Increases and decreases to compensated absences are presented net on the above table.

**Net Pension/OPEB Liability**

There is no repayment schedule for the net pension/OPEB liability; however, employer pension contributions are made from the General Fund, the Safety Forces Levy, Street Maintenance and Repair, Parks and Recreational Land, Ohio Crime Victims Grant, Access, Police Pension, and Fire Pension special revenue funds, and the Water, Sewer, Solid Waste, and Storm Water enterprise funds.

**Police and Fire Long-Term Liability**

The City pays installments on the accrued liability incurred when the State of Ohio established the statewide pension system for police and fire personnel in 1967. The liability is payable semiannually from the General Fund.

**Loans Payable**

During 2020, the City entered into a direct borrowing loan agreement with FC Bank, in the amount of \$550,000, for a fire truck. The loan will be paid quarterly with the final maturity in 2030. The loan will be paid from the General Fund.

**OWDA Loans**

OWDA loans consist of money owed to the Ohio Water Development Authority for the construction of an upground storage reservoir and upgrades to the City's water and sewer treatment plants. OWDA loans are payable solely from the gross revenues of the water and sewer systems. OWDA loans, in the amount of \$907,916, were not capitalized.

The City's outstanding OWDA loans from direct borrowings contain provisions that in an event of default, (1) the amount of such default shall bear interest at the default rate from the due date until the date of payment, (2) if any of the charges have not been paid within thirty days, in addition to the interest calculated at the default rate, a late charge of 1 percent on the amount of each default shall also be paid to OWDA, and (3) for each additional thirty days during which the charges remain unpaid, the City shall continue to pay an additional late charge of 1 percent on the amount of the default until such charges are paid.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 18 - LONG-TERM OBLIGATION** (continued)

**OPWC Loans**

OPWC loans consist of money owed to the Ohio Public Works Commission for street improvements, the replacement of a waterline, upgrades to the City's sewer treatment plant, and the installation of storm water lines. The loans are interest free. OPWC loans will be repaid from the Street Maintenance and Repair special revenue fund and the Water, Sewer, and Storm Water enterprise funds.

The City's outstanding OPWC loans from direct borrowings contain provisions that in the event of default, (1) OPWC may apply late fees of 8 percent per year, (2) loans more than sixty days late will be turned over to the Attorney General's office for collection and, as provided by law, OPWC may require that such payment be taken from the City's share of the county undivided local government fund, and (3) the outstanding amounts shall, at OPWC's option, become immediately due and payable.

OWDA and OPWC loans payable from the enterprise funds are payable solely from the gross revenues of the respective system. Annual principal and interest payments on the loans are expected to require less than 100 percent of these net revenues. The total principal remaining to be paid on the OPWC loans is \$203,824. Principal and interest paid in the Water, Sewer, and Storm Water enterprise funds for the current year were \$1,658,038, \$106,997, and \$24,198, respectively. Total net revenues for the Water, Sewer, and Storm Water enterprise funds were \$238,043, \$836,777, and \$707,662, respectively.

The City's legal debt margin was \$19,146,571 at December 31, 2024.

The following is a summary of the City's future annual debt service requirements for governmental activities:

Year	Direct Borrowings			Direct Borrowings		
	OPWC		Police and Fire		Loans	
	Loans	Principal	Principal	Interest	Principal	Interest
2025		\$8,000	\$12,386	\$6,638	\$55,000	\$9,440

**NOTE 20 - INTERNAL BALANCES AND TRANSFERS**

The City uses an internal proportionate share to allocate its net pension/OPEB liability (asset) and corresponding deferred outflows/inflows of resources and pension/OPEB expense to its various funds. This allocation creates a change in internal proportionate share. The effects of the internal proportionate share are eliminated from the pension/OPEB deferred outflows/inflows of resources in the governmental and business-type activities columns of the statement of net position except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the government-wide statement of net position thus allowing the total column to present the change in proportionate share for the City as a whole.

Eliminations made in the total column of the government-wide statement of net position include deferred outflows of resources-pension and deferred inflows of resources-pension, in the amount of \$50,660.

Eliminations made in the total column of the government-wide statement of net position include deferred outflows of resources-OPEB and deferred inflows of resources-OPEB, in the amount of \$2,318.

Eliminations made in the business-type activities column related to pension include deferred outflows of resources and deferred inflows of resources, in the amount of \$12,618.

Eliminations made in the business-type activities column related to OPEB include deferred outflows of resources and deferred inflows of resources, in the amount \$70.

During 2024, the General Fund made transfers to the Safety Forces Levy and other governmental funds, in the amount of \$2,200,000 and \$167,027, respectively, to subsidize various programs or activities in other funds. The Safety Forces Levy special revenue fund made transfers to other governmental funds, in the amount of \$574,673, to subsidize police and fire activities in other funds.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 21 - JOINTLY GOVERNED ORGANIZATIONS**

**A. Central Joint Ambulance District**

The City participates in the Central Joint Ambulance District, a jointly governed organization created in accordance with Ohio Revised Code Section 505.71. The Ambulance District provides ambulance services to the City of Bucyrus and eleven surrounding townships. Each participant has one representative on the Ambulance District's board of directors. Financial information can be obtained from the Central Joint Ambulance District, 1957 State Route 19, Bucyrus, Ohio 44820.

**B. Crawford County General Health District**

The City participates in the Crawford County General Health District, a jointly governed organization created according to the provisions of Ohio Revised Code Section 3709.07. The General Health District is governed by a Board of Health consisting of two members representing the City of Bucyrus and appointed by the Mayor and five members representing Crawford County and appointed by the District Advisory Council. During 2024, the City contributed \$226,178 toward the operations of the General Health District. Financial information can be obtained from the Crawford County Auditor, 112 East Mansfield Street, Bucyrus, Ohio 44820.

**NOTE 22 - PUBLIC ENTITY SHARED RISK POOL**

The Public Entities Pool of Ohio (Pool) is a public entity shared risk pool which provides various risk management services to its members. The Pool is governed by a seven member board of directors; six are member representatives or elected officials and one is a representative of the pool administrator, American Risk Pooling Consultants, Inc. Each member has one vote on all issues addressed by the Board of Directors.

Participation in the Pool is by written application subject to the terms of the pool agreement. Members must continue membership for a full year and may withdraw from the Pool by giving a sixty day written notice prior to their annual anniversary. Financial information can be obtained from the Public Entities Pool of Ohio, 6797 North High Street, Suite 131, Worthington, Ohio 43085.

**NOTE 23 - RELATED ORGANIZATION**

The Bucyrus Public Library is a distinct political subdivision of the State of Ohio created under Chapter 3375 of the Ohio Revised Code. The Library is governed by a board of trustees appointed by the Mayor. The Board of Trustees possesses its own contracting and budgeting authority, hires and fires personnel, and does not depend on the City for operational subsidies. Although the City serves as the taxing authority and can issue tax related debt on behalf of the Library, its role is limited to a ministerial function. The determination to request approval of a tax, the rate, and the purpose are discretionary decisions made solely by the Board of Library Trustees. The Library is not considered part of the City and its operations are not included within the accompanying financial statements. Financial information can be obtained from the Bucyrus Public Library, 200 East Mansfield Street, Bucyrus, Ohio 44820.

**City of Bucyrus**  
**Notes to the Basic Financial Statements**  
**For the Year Ended December 31, 2024**

---

**NOTE 24 - CONTINGENT LIABILITIES**

**A. Litigation**

There are currently no matters in litigation with the City of Bucyrus as a defendant.

**B. Federal and State Grants**

For the period January 1, 2024, to December 31, 2024, the City received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designees. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowances, if any, would be immaterial.

**NOTE 25 - SUBSEQUENT EVENTS**

On April 16, 2025, the City issued water system improvement bonds in the amount of \$1,050,000 for improving the municipal water works system including the construction, reconstruction, and installation of water distribution lines. The bonds have an interest rate of 5.84 percent with final maturity on December 1, 2034.

On May 6, 2025, voters approved a renewal of a .5 percent levied income tax for street repairs for a period of six years, expiring in 2031.

**Changes in Assumptions - OPERS Pension - Traditional Plan**

Amounts reported beginning in 2022 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in prior years are presented below:

	2022	2019 through 2021	2018 and 2017	2016 and prior
Wage Inflation	2.75 percent	3.25 percent	3.25 percent	3.75 percent
Future Salary Increases	2.75 to 10.75 percent including wage inflation	3.25 to 10.75 percent including wage inflation	3.25 to 10.75 percent including wage inflation	4.25 to 10.05 percent including wage inflation
COLA or Ad Hoc COLA:				
Pre-January 7, 2013 Retirees	3 percent, simple	3 percent, simple	3 percent, simple	3 percent, simple
Post-January 7, 2013 Retirees	see below	see below	see below	see below
Investment Rate of Return	6.9 percent	7.2 percent	7.5 percent	8 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age	Individual Entry Age	Individual Entry Age

The assumptions related to COLA or Ad Hoc COLA for Post-January 7, 2013, retirees are as follows:

COLA or Ad Hoc COLA, Post-January 7, 2013 Retirees:	
2024	2.3 percent, simple through 2024, then 2.05 percent, simple
2023	3.0 percent, simple through 2023 then 2.05 percent, simple
2022	3.0 percent, simple through 2022 then 2.05 percent, simple
2021	0.5 percent, simple through 2021 then 2.15 percent, simple
2020	1.4 percent, simple through 2020 then 2.15 percent, simple
2017 through 2019	3.0 percent, simple through 2018 then 2.15 percent, simple
2016 and prior	3.0 percent, simple through 2018 then 2.80 percent, simple 7.50 to 5.00 percent

Amounts reported beginning in 2022 use pre-retirement mortality rates based on 130 percent of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170 percent of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115 percent of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all these tables.

**City of Bucyrus**  
**Notes to the Required Supplementary Information**  
**For the Year Ended December 31, 2024**

---

Amounts reported for 2017 through 2021 use mortality rates based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 mortality table with no projections. For males, 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

**Changes in Assumptions - OPERS Pension - Combined Plan**

Amounts reported beginning in 2022 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in prior years are presented below:

	2022	2019 through 2021	2018
Wage Inflation	2.75 percent	3.25 percent	3.25 percent
Future Salary Increases	2.75 to 8.25 percent including wage inflation	3.25 to 8.25 percent including wage inflation	3.25 to 8.25 percent including wage inflation
<b>COLA or Ad Hoc COLA:</b>			
Pre-January 7, 2013 Retirees	3 percent, simple	3 percent, simple	3 percent, simple
Post-January 7, 2013 Retirees	see below	see below	see below
Investment Rate of Return	6.9 percent	7.2 percent	7.5 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age	Individual Entry Age

Since 2020, the Combined Plan had the same change in COLA or Ad Hoc COLA for Post-January 2, 2013, retirees as the Traditional Plan.

**Changes in Assumptions - OP&F Pension**

Amounts reported beginning in 2018 incorporate changes in assumptions used by OP&F in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2017 and prior are presented below:

**City of Bucyrus**  
**Notes to the Required Supplementary Information**  
**For the Year Ended December 31, 2024**

---

	<u>Beginning in 2018</u>	<u>2017 and Prior</u>
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	See Below	See Below
Projected Salary Increases	3.75 percent to 10.5 percent	4.25 percent to 11 percent
Payroll Growth	3.25 percent per annum, compounded annually, consisting of Inflation rate of 2.75 percent plus productivity increase rate of 0.5 percent	Inflation rate of 3.25 percent plus productivity increase rate of 0.5 percent
Cost of Living Adjustments	2.2 percent simple for increases based on the lesser of the increase in CPI and 3 percent	3.00 percent simple; 2.6 percent simple for increases based on the lesser of the increase in CPI and 3 percent

For 2017 and prior the investment rate of return was 8.25 percent. Beginning in 2018, the OP&F Board adopted a change in the investment rate of return, changing it from 8.25 percent for 2017 and prior to 8 percent. Beginning in 2022, the OP&F Board adopted a change in the investment rate of return, changing it from 8 percent for 2018 through 2021 to 7.5 percent for 2022 and forward.

Beginning in 2023, mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2 percent for males and 98.7 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2023, mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135 percent for males and 97.9 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2023, mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9 percent for males and 131 percent for females. All rates are projected using the MP-2021 Improvement Scale.

Beginning in 2023, mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

Prior to 2023, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

Age	Police	Fire
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

Prior to 2023, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

**City of Bucyrus**  
**Notes to the Required Supplementary Information**

	7.5 percent, initial
	3.25 percent, ultimate in 2028

**Changes in Assumptions - OP&F OPEB**

**Blended Discount Rate:**

2024	4.07 percent
2023	4.27 percent
2022	2.84 percent
2021	2.96 percent
2020	3.56 percent
2019	4.66 percent
2018	3.24 percent

In 2022, the OP&F Board adopted a change in the investment rate of return, changing it from 8 percent for 2018 through 2021 to 7.5 percent.

**Changes in Benefit Terms - OPERS OPEB**

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and non-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for non-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are reflected in 2021.

**Changes in Benefit Terms - OP&F OPEB**

For 2019, OP&F recognized a change in benefit terms. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements. This new model replaced the self-insured health care plan used in prior years.

Combining Statements - Nonmajor Governmental Funds

---

### **Nonmajor Special Revenue Funds**

Special revenue funds are used to account for the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes, other than for debt service or capital projects. Following is a description of the City's nonmajor special revenue funds:

**Municipal Motor Vehicle License**

To account for permissive motor vehicle registration fees levied by the City and restricted for maintenance of streets within the City.

**State Highway**

To account for 7.5 percent of the state gasoline tax and motor vehicle registration fees restricted for maintenance of state highways within the City.

**Enterprise Monitoring**

To account for fees charged in accordance with Ohio Revised Code 5709 which are restricted to pay part of the legal clerk/enterprise zone manager's salary for time spent reviewing tax abatement applications for companies.

**CRA Monitoring**

To account for fees charged in accordance with Ohio Revised Code 3735 which are restricted to pay part of the legal clerk/enterprise zone manager's salary for time spent reviewing tax abatement applications for residents.

**Parks and Recreational Land**

To account for the portion of the 5 percent cable franchise fee and charges to developers in accordance with City planning and zoning codes that are committed to the maintenance and improvement of park and recreation facilities within the City.

**FEMA Grant**

To account for resources received from the federal government restricted to purchase and demolish a house that was destroyed due to weather.

**Ohio Criminal Justice**

To account for resources received from the federal government under the American Rescue Plan Act Program restricted for the employment of two police officers.

**Opioid Settlement**

To account for settlement monies received from an agreement between the State of Ohio and the three largest distributors of opioids restricted for fighting the opioid addiction crisis.

(continued)

City of Bucyrus  
Combining Statements - Nonmajor Governmental Funds

---

**Nonmajor Special Revenue Funds**  
**(continued)**

Local Fiscal Recovery

To account for resources received from the federal government under the American Rescue Plan Act Program restricted for costs associated with the City's response and recovery from the COVID-19 pandemic.

Law Enforcement Trust

To account for fines and forfeitures restricted for law enforcement purposes.

Federal Equitable Sharing

To account for fines resulting from drug-related arrests and restricted for the benefit of the police department.

Police Continuing Training

To account for a reimbursement from the Ohio Attorney General's Office restricted for professional training of police officers.

Police Department Donations

To account for donations restricted for the benefit of the police department.

Fire Department Donations

To account for donations restricted for the benefit of the fire department.

Airport Grant

To account for the Ohio Department of Transportation, Division of Aviation grants restricted for maintenance, repair, and upkeep of Port Bucyrus.

Ohio Crime Victims Grant

To account for grants received from the state restricted for an advocate for victims of crime.

CHIP Grant

To account for grants received from the federal government under the Community Housing Improvement Program that are restricted for low to moderate income housing repairs and development.

Access

To account for the portion of the 5 percent cable franchise fee that is committed to the operations of the local cable access channel.

Police Pension

To account for property taxes levied and restricted for the payment of current employer's pension contributions.

Fire Pension

To account for property taxes levied and restricted for the payment of current employer's pension contributions.

(continued)

City of Bucyrus  
Combining Statements - Nonmajor Governmental Funds

---

**Nonmajor Special Revenue Funds  
(continued)**

Philbin Trust

To account for donations restricted for purchasing playground equipment.

Drug Law Enforcement

To account for the proceeds from the sale of contraband and/or proceeds from property seized and forfeited as a result of a felony arrest, prosecution, and conviction by the Bucyrus police department and the related expenditures.

**Nonmajor Capital Projects Funds**

Capital projects funds are used to account for resources that are restricted, committed, or assigned for the acquisition or construction of major capital facilities and other capital assets (other than those financed by the enterprise funds.)

Permanent Improvement

To account for resources received from the sale of capital assets and restricted to the acquisition or construction of capital assets.

Theater Demolition

To account for grants restricted for the demolition of the Schine's Bucyrus Theater.

Ohio Public Works

To account for resources from the State restricted for reconstructing Dudley Street and sewer separation improvement.

Note: Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated actual value. The assessed value of public utility personal property ranges from 25 percent of actual value for railroad property to 88 percent for electric transmission and distribution property.

The personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by the 10 percent, 2 1/2 percent, and homestead exemptions before being billed.

Total		Percentage of Total Assessed Value to Total Estimated Actual Value	Total Direct Tax Rate

Note: The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year. The basic property tax rate can be increased only by a majority vote of the City's residents.

Overlapping rates are those of local and county governments that apply to property owners within the City. Property tax rates for all overlapping governments are based upon the original voted levy.

(1) State reimbursement of rollback and homestead exemptions are included.

(2) Amounts listed include penalties and interest.

Note: The County's current reporting system does not track delinquency tax collections by tax year. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. Penalties and interest are applied to the total outstanding delinquent balance. The presentation will be updated as new information becomes available.
