INDEPENDENT ACCOUNTANTS' REPORT

Mahoning County High School
Mahoning County
100 DeBartolo Place, Suite 220
Youngstown, Ohio 44512

To the Governing Board:

We have audited the accompanying financial statements of Mahoning County High School, Mahoning County, Ohio (the "School"), as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require that we plan and perform the audit to reasonably assure whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Mahoning County High School, Mahoning County, Ohio, as of June 30, 2010, and the respective changes in financial position and cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated April 15, 2011, on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. While we did not opine on the internal control over financial reporting or on compliance, that report describes the scope of our testing of internal control over financial reporting and compliance and the results of that testing. That report is an integral part of an audit performed in accordance with *Government Auditing Standards*. You should read it in conjunction with this report in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis*, as listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any other assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010
(UNAUDITED)

The Management's Discussion and Analysis of Mahoning County High School's (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2010. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

Key financial highlights for fiscal year 2010 are as follows:

- In total, net assets were \$206,052, which represents a \$43,808 increase from 2009.
- The School had operating revenues of \$286,371 and operating expenses of \$449,610 for fiscal year 2010. The School also received \$206,119 in federal and state grants and \$928 in interest income during fiscal year 2010.

Using these Basic Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the School's financial activities. The *Statement of Net Assets* and *Statement of Revenues, Expenses and Changes in Net Assets* provide information about the activities of the School, including all short-term and long-term financial resources and obligations.

Reporting the School Financial Activities

Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets and the Statement of Cash Flows

These documents look at all financial transactions and ask the question "How did we do financially during 2010"? The Statement of Net Assets and Statement of Revenues, Expenses and Changes in Net Assets answer this question. These statements include *all assets, liabilities, revenues and expenses* using the *accrual basis of accounting* similar to the accounting used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School's *net assets* and changes in those assets. This change in net assets is important because it tells the reader that, for the School as a whole, the *financial position* of the School has improved or diminished. The causes of this change may be the result of many factors, some financial, some not. These statements can be found on pages 7 and 8 of this report.

The Statement of Cash Flows provides information about how the School finances and is meeting the cash flow needs of its operations. The Statement of Cash Flows can be found on page 9 of this report.

**NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010**

NOTE 1 - DESCRIPTION OF THE SCHOOL

Mahoning County High School (the "School") is a nonprofit corporation established pursuant to Ohio Revised Code Chapters 3314 and 1702. The School's objective is to meet the individual learning needs of at-risk students and/or students who are likely to drop out. The School targets students at risk of severe academic failure, primarily as a result of legal proceedings in the Mahoning County Juvenile Justice system. The School, which is part of the State's education program, is nonsectarian in its programs, admissions policies, employment practices and all other operations. The School may acquire facilities as needed and contract for any services necessary for the operation of the School.

The School is a legally separate, start-up community school, served by a five person Board of Directors. The Board of Directors shall be responsible for helping create, approve, and monitor the annual budget of the School, developing policies to guide the operation of the School, secure funding for the School, and maintaining a commitment to the vision, mission and belief statements of the School and the children it serves. The Treasurer of the Mahoning County Educational Service Center (the "Mahoning County ESC") acts as fiscal officer for the School.

The Mahoning County ESC sponsored the School during fiscal year 2010 (See Note 7.A). The term of the sponsorship agreement is for two years commencing on April 1, 2008.

The Area Cooperative Computerized Educational Service System (ACCESS), under a purchased services contract with the School, provides internet, e-mail and other services to the School (See Note 7.B). Personnel providing services to the School on behalf of the Mahoning County ESC are considered employees of the ESC and the ESC shall be solely responsible for all payroll functions. The School provides services to 44 students.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements (BFS) of the School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The School also applies Financial Accounting Standards Board (FASB) guidance issued on or before November 30, 1989, provided it does not conflict or contradict GASB pronouncements. The School does not apply FASB guidance issued after November 30, 1989. The School's significant accounting policies are described below.

A. Basis of Presentation

Enterprise accounting is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

Operating revenues are those revenues that are generated directly from the primary activity of the School. Operating expenses are necessary costs incurred to provide the service that is the primary activity of the School. All revenues and expenses not meeting this definition are reported as non-operating.

**MAHONING COUNTY HIGH SCHOOL
MAHONING COUNTY, OHIO**

NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2010

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. Measurement Focus and Basis of Accounting

Enterprise fund accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities are included on the Statement of Net Assets. The Statement of Revenues, Expenses and Changes in Net Assets presents increases (i.e., revenues) and decreases (i.e., expenses) in total net assets. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made. The accrual basis of accounting is used for reporting purposes. Revenues are recognized when they are earned, and expenses are recognized when they are incurred.

C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Section 5705, unless specifically provided in the School's contract with its Sponsor. The contract between the School and its Sponsor requires the School to submit a financial plan detailing an estimated school budget for each fiscal year of the contract, or five years, whichever is less.

D. Cash

The School maintains an interest bearing depository account. All funds of the School are maintained in this account. This interest bearing depository account is presented on the Statement of Net Assets as "Cash and Cash Equivalents".

E. Capital Assets and Depreciation

Capital assets are capitalized at cost or estimated historical cost and updated for additions and deletions during the year. The School maintains a capitalization threshold of \$1,000. The School does not have any infrastructure. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

All capital assets are depreciated. Depreciation is computed using the straight-line method. Equipment is depreciated over five to fifteen years.

F. Net Assets

Net assets represent the difference between assets and liabilities. Net assets invested in capital assets consist of capital assets, net of accumulated depreciation. Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The School applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net assets are available.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

G. Intergovernmental Revenues

The School currently participates in the State Foundation Program and the State Special Education Program. Revenues received from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements have been met. Other grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements have been met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is permitted, matching requirements, in which the School must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the School on a reimbursement basis.

The Ohio Department of Education conducts reviews of enrollment data and full-time equivalency (FTE) calculations made by the School. These reviews are conducted to ensure the School is reporting accurate enrollment data to the State, upon which State Foundation funding is calculated. The conclusions of this review could result in state funding being adjusted. This review resulted in an underpayment to the School in the amount of \$628 for fiscal year 2010. This amount has been included in intergovernmental receivables on the basic financial statements.

The School also participates in the Federal Charter School Grant Program through the Ohio Department of Education. Money received under this program is recognized as non-operating revenue in the accompanying financial statements, unless it is restricted for capital acquisitions in which case it is recognized as a capital contribution. The remaining grants and entitlements received by the School are recognized as non-operating revenues in the accounting period in which eligibility requirements have been met.

H. Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 3 - DEPOSITS

At June 30, 2010, the carrying amount of all School deposits was \$165,490. Based on the criteria described in GASB Statement No. 40, "Deposits and Investment Risk Disclosures", as of June 30, 2010, the School's entire bank balance of \$197,753 was covered by the Federal Deposit Insurance Corporation.

Grants

The School receives financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability. The School is in the process of obtaining their federal tax exempt status.

NOTE 11 - ACCOUNTABILITY AND COMPLIANCE

For fiscal year 2010, the School has implemented GASB Statement No. 51, "Accounting and Financial Reporting for Intangible Assets", GASB Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments", and GASB Statement No. 58, "Accounting and Financial Reporting for Chapter 9 Bankruptcies".

NOTE 11 - ACCOUNTABILITY AND COMPLIANCE - (Continued)

GASB Statement No. 51 addresses accounting and financial reporting standards for intangible assets, which are assets that lack physical substance, are nonfinancial in nature, and have an initial useful life extending beyond a single reporting period. Examples of intangible assets include easements, water rights, computer software, patents, and trademarks. GASB Statement No. 51 improves the quality of financial reporting by creating consistency in the recognition, initial measurement, and amortization of intangible assets. The implementation of GASB Statement No. 51 did not have an effect on the financial statements of the School.

GASB Statement No. 53 addresses the recognition, measurement, and disclosure of information regarding derivative instruments entered into by state and local governments. Derivative instruments are financial arrangements used by governments to manage specific risks or to make investments. Common types of derivative instruments include interest rate and commodity swaps, interest rate locks, options, swaptions, forward contracts, and futures contracts. The implementation of GASB Statement No. 53 did not have an effect on the financial statements of the School.

GASB Statement No. 58 establishes accounting and financial reporting guidance for governments that have petitioned for protection from creditors by filing for bankruptcy under Chapter 9 of the United States Bankruptcy Code. GASB Statement No. 58 requires governments to remeasure liabilities that are adjusted in bankruptcy when the bankruptcy court confirms a new payment plan. The implementation of GASB Statement No. 58 did not have an effect on the financial statements of the School.

To the Governing Board:

We have audited the financial statements of Mahoning County High School, Mahoning County, Ohio (the "School"), as of and for the year ended June 30, 2010, which collectively comprise the School's basic financial statements and have issued our report thereon dated April 15, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in the Comptroller General of the United States' *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of opining on the effectiveness of the School's internal control over financial reporting. Accordingly, we have not opined on the effectiveness of the School's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in more than a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and timely corrected.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider material weaknesses, as defined above.

Compliance and Other Matters

As part of reasonably assuring whether the School's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We intend this report solely for the information and use of management, the Governing Board, and the Community School's sponsor, and others within the School. We intend it for no one other than these specified parties.
