GEAUGA METROPOLITAN HOUSING AUTHORITY

BASIC FINANCIAL STATEMENTS AND SINGLE AUDIT

FOR THE YEAR ENDED DECEMBER 31, 2014

James G. Zupka, CPA, Inc.
Certified Public Accountants

Board of Directors Geauga Metropolitan Housing Authority 385 Center Street Chardon, Ohio 44024

We have reviewed the *Independent Auditor's Report* of the Geauga Metropolitan Housing Authority, Geauga County, prepared by James G. Zupka, CPA, Inc., for the audit period January 1, 2014 through December 31, 2014. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Geauga Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

INDEPENDENT AUDITOR'S REPORT

Board of Directors Geauga Metropolitan Housing Authority Chardon, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on the Financial Statements

We have audited the accompanying financial statements of the Geauga Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Geauga Metropolitan Housing Authority, as of December 31, 2014, and the respective changes in financial position, and cash flows thereof for the year ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Geauga Metropolitan Housing Authority, Ohio's basic financial statements. The Statement of Modernization Costs - Completed and the Financial Data Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the basic financial statements.

The Statement of Modernization Cost - Completed, the Financial Data Schedules and the Schedule of Expenditures of Federal Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Modernization Cost-Completed, the Financial Data Schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2015, on our consideration of the Geauga Metropolitan Housing Authority, Ohio's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

James G. Zupka, CPA, Inc. Certified Public Accountants

June 4, 2015

As management of the Geauga Metropolitan Housing Authority ("the Authority"), we offer this narrative and analysis of the financial activities of the Authority for the year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with the Authority's financial statements.

FINANCIAL HIGHLIGHTS

- The Authority's net position decreased by \$74,721 during 2014, resulting from changes in operations. Since the Authority engages only in business-type activities, the decrease is all in the category of business-type net position. Net position was \$6,998,069 and \$7,072,790 for 2014 and 2013, respectively.
- The Authority's cash balance at December 31, 2014 was \$1,799,064, representing an increase of \$210,681 from December 31, 2013.
- Revenues decreased by \$62,073, or 2 percent, during 2014 and were \$2,563,568 and \$2,625,641 for 2014 and 2013, respectively.
- The total expenses of all the Authority's programs decreased by \$85,936, or 3 percent. Total expenses were \$2,638,289 and \$2,724,225 for 2014 and 2013, respectively.

THE AUTHORITY'S FINANCIAL STATEMENTS

The Authority's financial statements are designed to be corporate-like in that all business-type activities are consolidated into columns which add to a total for the entire Authority.

These statements include a *Statement of Net Position*, which is similar to a Balance Sheet. The Statement of Net Position reports all financial and capital resources for the Authority. The Statement is presented in the format where assets minus liabilities equal "Net Position", formerly known as equity. Assets and liabilities are presented in order of liquidity and are classified as "Current" (convertible into cash within one year) and "Non-current".

The focus of the Statement of Net Position (the "Unrestricted Net Position") is designed to represent the net available liquid (non-capital) assets and net liabilities, for the entire Authority. Net Position (formerly equity) are reported in three broad categories:

<u>Net Investment in Capital Assets</u>: This component of Net Position consists of all capital assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

<u>Restricted Net Position</u>: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

<u>Unrestricted Net Position</u>: Consists of Net Position that does not meet the definition of "Net Investment in Capital Assets", or "Restricted Net Position".

The Authority's financial statements also include a <u>Statement of Revenues</u>, <u>Expenses and Changes in Fund Net Position</u> (similar to an Income Statement). This Statement includes Operating Revenue, such as rental income, Operating Expenses, such as administrative, utilities, and maintenance, and depreciation, and Non-Operating Revenue and Expenses, such as capital grant revenue, investment income, and interest expense.

The focus of the Statement of Revenues, Expenses, and Changes in Fund Net Position is the "Change in Net Position", which is similar to Net Income or Loss.

Fund Financial Statements

The Authority consists of exclusively enterprise funds. Enterprise funds utilize the full accrual basis of accounting. The enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Many of the programs maintained by the Authority are required by the U.S. Department of Housing and Urban Development. Others are segregated to enhance accountability and control.

THE AUTHORITY'S PROGRAMS

<u>Conventional Public Housing</u> – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Funds Program, which is the primary funding source for physical and management improvements to the Authority's properties.

<u>Housing Choice Voucher Program</u> – Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contributions funding to enable the Authority to structure a lease that sets the participants' rent at 30 percent of household income.

<u>Capital Fund Program (CFP)</u> – This is the current primary funding source for the Authority's physical and management improvements. While the formula funding methodology used for the CGP was revised for the CFP, funds are still provided by formula allocation and based on size and age of the Authority's units.

THE AUTHORITY'S STATEMENTS

Statement of Net Position

The following table reflects the condensed Statement of Net Position compared to the prior year.

Table 1 - Condensed Statement of Net Position Compared to Prior Year

	2014	2013
Assets		
Current and Other Assets	\$ 1,856,516	\$ 1,640,620
Capital Assets	5,664,700	5,969,160
Total Assets	\$ 7,521,216	\$ 7,609,780
Liabilities		
Current Liabilities	\$ 309,826	\$ 293,366
Noncurrent Liabilities	213,321	243,624
Total Liabilities	523,147	536,990
Net Position		
Net Investment in Capital Assets	5,648,394	5,947,599
Restricted	9,658	25,524
Unrestricted	1,340,017	1,099,667
Total Net Position	6,998,069	7,072,790
Total Liabilities and Net Position	\$ 7,521,216	\$ 7,609,780

For more detail information, see Statement of Net Position presented on page 10.

Major Factors Affecting the Statement of Net Position

During 2014, Current and Other Assets increased by \$215,896 and Current Liabilities increased by \$16,460. The Current and Other Assets, primarily cash, increased due to the result of operation. The increase in Current Liabilities is mainly due to a payout to a tenant participating in the FSS Escrow program that graduated from the program.

Capital Assets also changed, decreasing from \$5,969,160 to \$5,664,700. The \$304,460 decrease may be contributed primarily to a combination of net acquisitions of \$141,860, less current year depreciation of \$446,320. For more detail see "Capital Assets".

Change in Unrestricted Net Position

Details on the change in unrestricted net position can be found in Table 2 below:

Table 2- Changes of Unrestricted Net Position

9,667
4,721)
6,320
1,860)
0,611
0,017

- (1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Position.
- (2) Capital expenditures represent an outflow of unrestricted net position, but are not treated as an expense against Results of Operations, and therefore must be deducted.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Position provides a clearer change in financial well-being.

Statement of Revenues, Expenses, and Changes in Net Position

The following schedule compares the revenues and expenses for the current and previous fiscal year.

Table 3 - Statement of Revenues, Expenses, and Changes in Net Position

	2014	2013
Revenues		
Total Tenant Revenues	\$ 703,003	\$ 688,312
Operating Subsidies	1,625,067	1,624,526
Capital Grants	132,993	236,141
Investment Income	343	623
Other Revenues	102,162	76,039
Total Revenues	2,563,568	2,625,641
Expenses		
Administrative	479,645	468,706
Tenant Services	112,339	106,483
Utilities	273,420	271,256
Maintenance	446,266	482,730
General Expenses	111,596	113,156
Housing Assistance Payments	768,703	832,581
Depreciation	446,320	449,313
Total Expenses	2,638,289	2,724,225
Net Increase (Decrease)	<u>\$ (74,721)</u>	<u>\$ (98,584)</u>

Total revenues decreased \$62,073 during 2014 in comparison to 2013. Total revenue decreased due to the less capital activities during the year.

Total expenses decreased in comparison to 2014. Total expense decrease of \$85,936 was mainly due to decreases in housing assistance payment and maintenance expenses.

Capital Assets

As of year-end, the Authority had \$5,644,700 invested in a variety of capital assets as reflected in the following schedule, which represents a net decrease (current purchases less depreciation) of \$304,460 or 5 percent from the end of last year.

Table 4 - Condensed Statement of C	Changes in Capital Assets

(Unaudited)

Debt

In 2012, the Authority entered into 2 capital lease agreements with the Lease Corporation of America (LCA) in the amount of \$28,148 bearing interest at 10.20 percent. The leases are payable in monthly installments of \$300.54 each, including interest, and is collateralized by the equipment.

Table 7 - Condensed Statement of Changes in Debt Outstanding

	2014		2013

Long Term Portion of Debt	10,490)	16,306
Total	\$ 16,300	<u>\$</u>	21,561

Additional information on the Authority's long-term debt can be located in the footnotes of this report.

Economic Factors

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the U.S. Department of Housing and Urban Development. It is projected that 2015 grant revenue from HUD will be 70 percent 80 percent of expense level.
- Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary, and employment trends, which can affect resident incomes and, therefore, the amount of rental income.
- Inflationary pressure on utility rates, supplies, and other costs.

Financial Contact

The individual to be contacted regarding this report is Neva Rodgers, Executive Director of the Geauga Metropolitan Housing Authority, at (440) 286-7413. Specific requests may be submitted to the Geauga Metropolitan Housing Authority at 385 Center Street, Chardon, Ohio 44024.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Summary of Significant Accounting Policies

The financial statements of the Geauga Metropolitan Housing Authority (the Authority) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

The Geauga Metropolitan Housing Authority was created under the Ohio Revised Code Section 3735.27. The Authority contracts with the U. S. Department of Housing and Urban Development (HUD) to provide low and moderate income persons with safe and sanitary housing through subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate.

The accompanying basic financial statements comply with the provision of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39 in that the financial statements include all organizations, activities, and functions for which the Authority is financially accountable. This report includes all activities considered by management to be part of the Authority by virtue of Section 2100 of the Codification of Governmental Accounting and Financial Reporting Standards.

Section 2100 indicates that the reporting entity consists of **a**) the primary government, **b**) organizations for which the primary government is financially accountable, and **c**) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's government body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reporting Entity (Continued)

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization. A financial benefit or burden relationship exists if the primary government a) is entitled to the organization's resources; b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or c) is obligated in some manner for the debt of the organization.

Management believes the financial statements included in this report represent all of the funds of the Authority over which the Authority is financially accountable.

Basis of Presentation

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Pursuant to GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance, Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, the Authority follows GASB guidance as applicable to enterprise funds.

The Authority's basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows and are presented on the accrual basis of accounting.

Fund Accounting

The Authority uses the proprietary fund to report on its financial position and the results of its operations for the HUD programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary, and fiduciary. The Authority uses the proprietary category for its programs.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities, which are similar to those found in the private sector. The following is the proprietary fund type:

<u>Enterprise Fund</u> - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Description of Programs

The following are the various programs which are included in the Authority's single enterprise fund:

A. Public Housing Program

The public housing program is designed to provide low-cost housing within Geauga County. Under this program, HUD provides funding via an annual contribution contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

B. Capital Fund Program

The Capital Fund Program provides funds annually, via a formula, to public housing agencies for capital and management activities, including modernization and development housing.

C. Housing Choice Voucher Program

The Housing Choice Voucher Program was authorized by Section 8 of the National Housing Act and provides housing assistance payments to private, not-for-profit, or public landlords to subsidize rentals for low-income persons.

Investments

The provisions of the HUD regulations restrict investments. Investments are valued at market value. Interest income earned in the fiscal year ending December 31, 2014 totaled \$343.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets are stated at cost. The capitalization policy of the Authority is to depreciate all non-expendable personal property having a useful life of more than one year and purchase price of \$1,500 or more per unit. Expenditures for repairs and maintenance are charged directly to expense as they are incurred. Depreciation is computed using the straight line method over the following estimated useful lives:

Buildings 40 years
Building Improvements 15 years
Furniture, Equipment, and Machinery 3-7 years

Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is recorded as restricted when there are limitations imposed on their use by internal or external restrictions.

Operating Revenues and Expenses

Operating revenues and expenses are those revenues that are generated directly from the primary activities of the proprietary fund and expenses incurred for the day to day operation. For the Authority, operating revenues are tenant rent charges, operating subsidy from HUD, and other miscellaneous revenue.

Capital Contributions

This represents contributions made available by HUD with respect to all federally aided projects under an annual contribution contract.

Cash and Cash Equivalents

For the purpose of the statement of cash flows, cash and cash equivalents include all highly liquid debt instruments with original maturities of three months or less.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments. To calculate the liability, these accumulated payments are reduced to the maximum amount allowed as a termination payment. All employees who meet the termination policy of the Authority for years of service are included in the calculation of the compensated absence accrual amount.

Vacation leave and other compensated absences with similar characteristics are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: 1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee, and 2) it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

In the proprietary fund, the compensated absences are expenses when earned with the amount reported as a fund liability.

Budgetary Accounting

The Authority is required by contractual agreements to adopt annual operating budgets for all its HUD funded programs. The budget for its programs are prepared on a HUD basis, which is materially consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at fiscal year end. The Board of Commissioners adopts the budget through passage of a budget resolution.

Accounting and Reporting for Non-Exchange Transactions

The Authority accounts for non-exchange transactions in accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*. Non-exchange transactions occur when the Authority receives (or gives) value without directly giving (or receiving) equal value in return.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2: **DEPOSITS AND INVESTMENTS**

Deposits

State statutes classify monies held by the Authority into three categories:

- A. Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's treasury, in commercial accounts payable or withdrawal on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.
- B. Inactive deposits are public deposits that the Authority has identified as not required for use within the two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of the depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.
- C. Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit, or by savings or deposit accounts including passbook accounts.

Protection of the Authority's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, by collateral held by the Authority, or by a single collateral pool established by the financial institution to secure the repayment of all public monies deposited with the institution.

At fiscal year end, December 31, 2014, the carrying amount of the Authority's deposits totaled \$1,799,064, and its bank balance was \$1,805,976. Based on the criteria described in GASB Statement No. 40, *Deposit and Investment Risk Disclosure*, as of December 31, 2014, \$1,305,976 was exposed to custodial risk as discussed below, while \$500,000 was covered by the Federal Deposit Insurance Corporation.

Custodial credit risk is the risk that, in the event of a bank failure, the Authority will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of the deposits.

Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at Federal Reserve banks or at member banks of the Federal Reserve System in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds, or as specific collateral held at the Federal Reserve Bank in the name of the Authority.

NOTE 3: **RESTRICTED CASH**

The restricted cash balance of \$193,002 on the financial statements represents the following:

Total Restricted Cash	\$ 193,002
Payment due to HUD for over payment for utility expenses	 63,851
FSS Escrow Liability - PH	26,931
FSS Escrow Liability - HCV	24,480
Tenant Security deposits in the Low Rent Public Housing Program	68,082
Excess cash advanced to the Housing Choice Voucher Program by HUD for Housing Assistance Payments	\$ 9,658

NOTE 5: **DEFINED BENEFIT PENSION PLAN**

Ohio Public Employees Retirement System

All full-time employees of the Authority participate in the Ohio Public Employees Retirement System (OPERS). The Ohio Public Employees Retirement System administers three separate pension plans as described below:

- The Traditional Pension Plan (TP) a cost-sharing, multiple-employer defined benefit pension plan.
- The Member-Directed Plan (MD) a benefit contribution plan in which the member invests both member and employer contributions (employer contributions vest over five years at 20 percent per year). Under the Member-Directed Plan, members accumulate retirement assets equal to the value of the member and (vested) employer contributions plus any investment earnings.
- The Combined Plan (CO) a cost-sharing, multiple-employer defined benefit pension plan. Under the Combined Plan, employer contributions are invested by the retirement system to provide a formula retirement benefit similar in nature to the Traditional Pension Plan benefit. Member contributions, the investment of which is self-directed by the members, accumulate retirement assets in a manner similar to the Member-Directed Plan.

OPERS provides retirement, disability, survivor, death benefits, and annual cost of living adjustments to members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits. Authority to establish and amend benefits is provided by State statute per Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report. Interested parties may obtain a copy by making a written request to 277 East Town Street, Columbus, Ohio 43215-4642 or by calling (614) 222-5601 or 1-800-222-7377 or by using the OPERS website at www.opers.org/investments/cafr.shmtl

NOTE 5: **<u>DEFINED BENEFIT PENSION PLAN</u>** (Continued)

Ohio Public Employees Retirement System (Continued)

The Ohio Revised Code provides statutory authority for member and employer contributions. For 2013, member and employer contribution rates were consistent across all three plans (TP, MD, and CO). Plan members are required to contribute 10.00 percent of their annual covered salary to fund pension obligations. The employer pension contribution rate for the Authority was 14.00 percent of covered payroll. The Authority's required contributions to OPERS for the years ended December 31, 2014, 2013, and 2012, were \$82,117, \$84,911, and \$85,131, respectively. The full amount has been contributed for 2014, 2013, and 2012.

NOTE 6: **POST-EMPLOYMENT BENEFITS**

A. Plan Description

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans; the Traditional Pension Plan - a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan - a defined contribution plan; and the Combined Plan - a cost sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care plan, which includes a medical plan, prescription drug program, and Medicare Part B premium reimbursement, to qualifying members of both the Traditional Pension and the Combined plans. Members of the Member-Directed Plan do not qualify for ancillary benefits, including post-employment health care coverage.

In order to qualify for post-employment health care coverage, age and service retirees under the Traditional Pension and Combined plans must have 10 or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post-Employment Benefit (OPEB) as described in GASB Statement No. 45.

The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB benefits to its eligible members and beneficiaries. Authority to establish and amend benefits is provided in Chapter 145 of the Ohio Revised Code.

NOTE 6: **POST-EMPLOYMENT BENEFITS** (Continued)

A. **Plan Description** (Continued)

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by writing OPERS, 277 East Town Street, Columbus, OH 43215-4642, or by calling 614-222-5601 or 1-800-222-7377.

B. Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund post-retirement health care through their contributions to OPERS. A portion of each employer's contribution to OPERS is set aside for the funding of post-retirement health care benefits.

Employer contribution rates are expressed as a percentage of the covered payroll of active members. In 2014, the Authority contributed at a rate of 14.00 percent of covered payroll. The Ohio Revised Code currently limits the employer contribution to a rate not to exceed 14.00 percent of covered payroll for state and local employers units. Active members do not make contributions to the OPEB Plan.

OPER's Post-Employment Health Care Plan was established under, and is administered in accordance with, Internal Revenue Code 401 (h). Each year, the OPERS Board of Trustees determines that portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional Plan was 1.0 percent for calendar year 2013. Effective January 1, 2014, the portion of the employer contributions allocated to health care was raised to 2 percent for both plans, as recommended by the OPERS Actuary. The OPERS Board of Trustees is also authorized to establish rules for the payment of a portion of the health care coverage by the retiree or their surviving beneficiaries to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. Actual Authority contributions for the year ended December 31, 2014, 2013 and 2012, which were used to fund post-employment benefits were \$11,731, \$6,065 and \$24,323, respectively.

Changes to the health care plan were adopted by the OPERS Board of Trustees on September 19, 2012, with a transition plan commencing January 1, 2014. With the recent passage of pension legislation under SB 343 and the approved health care changes, OPERS expects to be able to consistently allocate 4 percent of the employer contributions toward the health care fund after the end of the transition period.

NOTE 7: **COMPENSATED ABSENCES**

The following is a summary of changes in compensated absences for the year ended December 31, 2014:

	I	Balance				Balance	Du	e Within
Description	12	2/31/2013	 Earned	Used	12	2/31/2014	0	ne Year
Compensated Absences	\$	191,099	\$ 20,406	\$ (9,398)	\$	202,107	\$	40,421

NOTE 8: LONG-TERM DEBT

In 2012, the Authority entered into two capital lease agreements with the Lease Corporation of America (LCA) in the amount of \$28,148 bearing interest at 10.20 percent. The leases are payable in monthly installments of \$300.54 each, including interest, and is collateralized by the equipment. The first payment was made on August 1, 2012. The agreement is for 72 months.

	В	alance					E	Balance	Due	Within
Description	12/	/31/2013	Iss	ued	R	etired	12	/31/2014	On	e Year
Capital Lease	\$	21,561	\$	0	\$	5,255	\$	16,306	\$	5,816

Debt maturities for the next six years are estimated as follows:

	_ Principal	<u> I</u> 1	nterest
2015	\$ 5,816	\$	1,396
2016	6,438		774
2017	4,053		138
Totals	\$ 16,307	\$	2,308

NOTE 9: NOTE TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The accompanying Schedule of Expenditures of Federal Awards is a summary of the activity of the Authority's federal awards programs. This schedule has been prepared on the accrual basis of accounting.

NOTE 10: RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees, and natural disasters. During fiscal year ending December 31, 2014, the Authority maintained comprehensive insurance coverage with private carriers for health, real property, building contents, and vehicles. Vehicle policies include liability coverage for bodily injury and property damage.

Settled claims have not exceeded this coverage in any of the last three years. There has been no significant reduction in coverage from last year.

NOTE 11: IMPLEMENTATION OF NEW GASB PRONOUNCEMENTS

For 2014, the Authority has implemented GASB No. 67, Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25, GASB Statement No.69, Government Combinations and Disposals of Government Operations, and GASB Statement No, 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees.

The objective of GASB Statement No. 67, Financial Reporting for Pension Plans - an amendment of GASB Statement No. 25, is to improve financial reporting by state and local governmental pension plans. The provisions of Statement 67 are effective for financial statements for fiscal years beginning after June 15, 2013 and did not result in any change in the Authority's financial statements.

The objective of GASB Statement No. 69, Government Combinations and Disposals of Government Operations, is to establish accounting and financial reporting standards related to government combinations and disposals of government operations. The provisions of Statement 69 are effective for government combinations and disposals of government operations occurring in financial reporting periods beginning after December 15, 2013 and the implementation of this statement did not result in any change in the Authority's financial statements.

The objective of GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees. The provisions of Statement 70 are effective for financial statements for reporting beginning after June 15, 2013 and the implementation of this statement did not result in any change in the Authority's financial statements.

GEAUGA METROPOLITAN HOUSING AUTHORITY STATEMENT OF MODERNIZATION COST - COMPLETED FOR THE YEAR ENDED DECEMBER 31, 2014

1. The total amount of modernization costs of the Capital Fund Housing Program grants are shown below:

OH12P042501-12 Project OH		
Funds Approved	\$	257,937
Funds Expended	_	257,937
Excess of Funds Approved	<u>\$</u>	0
Funds Advanced	\$	257,937
Funds Expended	_	257,937
Excess of Funds Advanced	\$	0

- 2. All modernization work in connection with the Capital Fund Program has been completed.
- 3. The entire actual modernization cost or liabilities incurred by the Authority have been fully paid.
- 4. There are no discharged mechanics, laborers, contractors, or material-mens liens against such modernization work on file in any public office where the same should be filed in order to be valid against such modernization work.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Geauga Metropolitan Housing Authority Chardon, Ohio Regional Inspector General for Audit Department of Housing and Urban Development

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Geauga Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated June 4, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Geauga Metropolitan Housing Authority, Ohio's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Geauga Metropolitan Housing Authority, Ohio's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Board of Directors Geauga Metropolitan Housing Authority Chardon, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on Compliance for Each Major Federal Program

We have audited the Geauga Metropolitan Housing Authority, Ohio's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the Geauga Metropolitan Housing Authority, Ohio's major federal program for the year ended December 31, 2014. The Geauga Metropolitan Housing Authority, Ohio's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Geauga Metropolitan Housing Authority, Ohio's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Geauga Metropolitan Housing Authority, Ohio's compliance.

Opinion on Each Major Federal Program

In our opinion, the Geauga Metropolitan Housing Authority, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2014.

Report on Internal Control Over Compliance

The management of the Geauga Metropolitan Housing Authority, Ohio, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of the compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for its major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.
