Cincinnati College Preparatory Academy Hamilton County 1425 Linn Street Cincinnati, Ohio 45214

To the Board of Directors:

### Report on the Financial Statements

We have audited the accompanying financial statements of the Cincinnati College Preparatory Academy, Hamilton County, Ohio (the Academy), as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the West End Cincinnati Victory Partners, LLC (LLC), a joint venture in which the Academy has an equity interest; the Academy reports their portion of the LLC Members' Capital as an Investment in LLC, and the change in Members' Capital as an Increase (Loss) on Investment in LLC on the accompanying financial statements. This investment in LLC balance represents 13.5 percent of total assets and the Loss on Investment in LLC represents 33.2 percent of total non-operating expenses. Those statements were audited by other auditors whose report has been furnished to us and our opinion, insofar as it relates to the amount included for the Investment in LLC and the Loss on Investment in LLC, is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' Government Auditing Standards. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement. The other auditors audited the financial statements of the West End Cincinnati Victory Partners, LLC in accordance with auditing standards generally accepted in the United States of America and not in accordance with Government Auditing Standards.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Academy's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Academy's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of overall financial statement presentation.

Cincinnati College Preparatory Academy Hamilton County Independent Auditor's Report Page 2

We believe the audit evidence we obtained is sufficient and appropriate to support our opinion.

#### Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the Cincinnati College Preparatory Academy, Hamilton County as of June 30, 2016, and the changes in its financial position and its cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

#### Other Matters

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's discussion and analysis*, and schedules of net pension liabilities and pension contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

### Supplementary and Other Information

Our audit was conducted to opine on the Academy's basic financial statements taken as a whole.

The Schedule of Receipts and Expenditures of Federal Awards presents additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and is not a required part of the financial statements.

This schedule is management's responsibility, and derives from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected the schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling the schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Receipts and Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2017, on our consideration of the Academy's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

The discussion and analysis of the Cincinnati College Preparatory Academy, Hamilton County, Ohio (the Academy) financial performance provides an overall review of the Academy's financial activities for the year ended June 30, 2016. The intent of this discussion and analysis is to look at the Academy's financial performance as a whole; readers should also review the notes to the basic financial statement and financial statements to enhance their understanding of the Academy's financial performance.

### **Financial Highlights**

- For fiscal year 2016 net position was \$1,171,916 although the result of reporting *GASB 68 Accounting and Financial Reporting for Pension* reduced the Academy's net position by \$7,252,683 at June 30, 2016.
- The Academy derived 99 percent of their revenues through federal and state programs.
- Salaries and benefits accounted for 62 percent of the \$7,484,867 in operating expenses for fiscal year 2016.
- The Academy saw the cash increase by \$1.8 million during the fiscal year and finished the year with almost \$2.9 million in the cash balance.

### Using this Annual Financial Report and Overview of Financial Statements

This annual report consists of three components: the management discussion and analysis, the basic financial statements and notes to those statements. The basic financial statements include a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows.

The statement of net position presents information on all the Academy's assets, deferred outflows, liabilities and deferred inflows, with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Academy is improving or deteriorating.

The statement of revenues, expenses and changes in net position presents information showing how the Academy's net position changed during the most recent fiscal year.

The statement of cash flows presented the sources and uses of the Academy's cash and how it changed during the most recent fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

Table 1 provides a summary of the Academy's net position for fiscal year 2015 compared to fiscal year 2016.

Table 1

During 2015, the Academy adopted GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27," which significantly revises accounting for pension costs and liabilities. For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the Academy's actual financial condition by adding deferred inflows related to pension and the net pension liability to the reported net position and subtracting deferred outflows related to pension.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. When accounting for pension costs, GASB 27 focused on a funding approach. This approach limited pension costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability*. GASB 68 takes an earnings approach to pension accounting; however, the nature of Ohio's statewide pension systems and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

Under the new standards required by GASB 68, the net pension liability equals the Academy's proportionate share of each plan's collective:

- 1. Present value of estimated future pension benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension obligations, whether funded or unfunded, are part of the "employment exchange" - that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Academy is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the pension system. In Ohio, there is no legal means to enforce the unfunded liability of the pension system as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The pension system is responsible for the administration of the plan.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability. As explained above, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability is satisfied, this liability is separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68, the Academy's statements prepared on an accrual basis of accounting include an annual pension expense for their proportionate share of each plan's *change* in net pension liability not accounted for as deferred inflows/outflows.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

The Academy saw current assets increase at the Academy as the cash balance increased over \$1.8 million with the increased state foundation revenue as the FTE counts continued to increase and there was no outstanding debt being paid. The Academy saw the capital asset decrease as the current year depreciation exceeded the current year additions over \$354,000.

The current liabilities dropped significantly as the amount reported for accounts payables decreased with the Academy paying vendors faster during fiscal year 2016.

Table 2 shows the change in net position for the year ended 2016 compared to fiscal year 2015.

Table 2
Change in Net position

Change in Net position					
	2016	2015	Change		
Revenues					
Operating revenues:					
Foundation payments	\$6,996,610	\$6,483,124	\$513,486		
Rental	93,091	160,554	(67,463)		
Classroom fees	646	2,484	(1,838)		
Charges for services	9,979	11,992	(2,013)		
Other operating revenues	7,315	2,519	4,796		
Non-operating revenues:					
Gain on the sale of assets	0	149,330	(149,330)		
Interest	1,446	0	1,446		
Federal and state grants	1,850,221	1,591,464	258,757		
Total revenues	8,959,308	8,401,467	557,841		

:

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

	2016	2016 2015	
Expenses			
Operating expenses:			
Salaries	\$3,520,515	\$3,395,835	\$124,680
Fringe benefits	1,099,854	828,107	271,747
Purchased services	1,919,456	1,900,212	19,244
Materials and supplies	506,039	533,935	(27,896)
Depreciation	382,398	358,860	23,538
Other expenses	56,605	35,047	21,558
Non-Operating Expenses:			
Loss on investment in LLC	46,963	59,337	(12,374)
Interest and fiscal charges	0	119,132	(119,132)
Total Expenses	7,531,830	7,230,465	301,365
Change in Net position	1,427,478	1,171,002	\$256,476
Beginning Net position	(255,562)	(1,426,564)	
Ending Net position	\$1,171,916	(\$255,562)	

The Academy saw total revenues increase from 2015 to 2016 mainly from the increase in foundation revenue as the FTE counts rose from 953 in fiscal year 2015 to 978 in fiscal year 2016. The Academy recognized an increase in federal and state grants in fiscal year 2016 as more students qualified under the federal title programs. The Academy also saw total expenses increase by over four percent as the Academy increased services provided with the additional students. The increase in fringe benefits is misleading as the recognition of certain items related to the net pension amounts increased it by \$121,877 for the year.

### **Capital Assets**

At the end of 2016, the Academy had \$4,912,772 (net of \$3,290,921 in accumulated depreciation) invested in land, buildings, building improvements, furniture, and equipment. Table 3 shows the fiscal year 2016 balances compared to fiscal year 2015:

Table 3
Capital Assets at June 30 (net)

	2016 2015		Change
Building and Improvements	\$4,762,989	\$5,021,278	(\$258,289)
Furniture and Equipment	149,132	238,728	(89,596)
Vehicles	642	7,548	(6,906)
Totals	\$4,912,763	\$5,267,554	(\$354,791)

:

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2016 (Unaudited)

The decrease in building and improvements relates to the Academy's current year depreciation exceeding additions. For more information on the Academy's capital assets refer to note 5 of the notes to the financial statements.

### **Debt**

At June 30, 2016, the Academy an outstanding capital lease payable of \$21,113. For more information on the Academy's debt refer to note 8 of the notes to financial statements.

### **Current Financial Issues**

The Academy continues to increase enrollment annually. The Academy received funding in 2016 based on 978 FTE students. The Academy receives its finances mostly from state aid. As of the November 2016 foundation report, the Academy is now being funded at 956 FTE students which still generates \$33,000 more in foundation revenue as the amount per student increased.

### **Contacting the Academy's Financial Management**

This financial report is designed to provide a general overview of the Academy's finances and to show the Academy's accountability for the money it receives. If you have questions about this report or need additional information contact the Academy Treasurer, Doug Mangen, 6640 Poe Avenue, Suite 400, Dayton, Ohio 45414 or by calling (937) 264-8588.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 1. DESCRIPTION OF THE REPORTING ENTITY

Cincinnati College Preparatory Academy, Hamilton County, Ohio (the Academy), is a nonprofit corporation established pursuant to Ohio Rev. Code Chapters 3314 and 1702 to address the needs of students in grades kindergarten through twelfth. The Academy, which is part of the State's education program, is independent of any school district and is nonsectarian in its programs, admission policies, employment practices, and all other operations. The Academy may sue and be sued, acquire facilities as needed, and contract for any services necessary for the operation of the school.

Cincinnati College Preparatory Academy qualifies as an exempt organization under Section 501(c)(3) of the Internal Revenue Code. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Academy's tax exempt status.

The Academy was approved for operation under contract with the Ohio Department of Education (the Sponsor) for a period of five years commencing July 1, 1999. The Sponsor is responsible for evaluating the performance of the Academy and has the authority to deny renewal of the contract at its expiration or terminate the contract prior to its expiration. The Academy currently has a sponsorship agreement with Kid's Count of Dayton, Inc.

The Academy operates under the direction of an eight-member Board of Directors. The Board of Directors is responsible for carrying out the provisions of the contract which include, but are not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The Board of Directors controls the Academy's one instructional/support facility staffed by certified full time teaching personnel who provide services to 978 funded students.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Academy have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to a governmental nonprofit organization. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. Following are the more significant of the Academy's accounting policies.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### A. Basis of Presentation

The Academy's basic financial statements consist of a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows. The Academy uses enterprise accounting to track and report on its financial activities. Enterprise fund reporting focuses on the determination of the change in net position, financial position and cash flows.

### B. Measurement Focus and Basis of Accounting

Enterprise accounting uses a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows, all liabilities and deferred inflows are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (e.g. revenues) and decreases (e.g. expenses) in net total assets. The statement of cash flows reflects how the Academy finances and meets its cash flow needs.

## C. Budgetary Process

Unlike other public schools located in the State of Ohio, community schools are not required to follow budgetary provisions set forth in Ohio Revised Code Chapter 5705, unless specifically provided in the contract between the Academy and its Sponsor. The contract between the Academy and its Sponsor does prescribe an annual budget requirement in addition to preparing a five-year forecast, which is to be updated on an annual basis.

#### D. Cash and Investments

To improve cash management, cash received by the Academy is pooled. Monies for all funds are maintained in this pool. Individual fund integrity is maintained through Academy records. Interest in the pool is presented on the financial statements as "Cash and Cash Equivalents."

Investments of the cash management pool and investments with an original maturity of three months or less at the time they are purchased by the Academy are presented on the financial statements as cash equivalents.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

# 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### E. Capital Assets and Depreciation

Capital Assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The Academy maintains a capitalization threshold of one thousand dollars. The Academy does not possess any infrastructure.

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All reported capital assets except land are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight line method over the following useful lives:

DescriptionEstimated LivesBuilding and Improvements1-50 yearsFurniture and Equipment5 yearsVehicles5 years

### F. Intergovernmental Revenues

The Academy currently participates in the State Foundation Program, State Special Education Program and the Poverty Based Assistance Program. Revenues from these programs are recognized as operating revenues in the accounting period in which all eligibility requirements are met.

Grants and entitlements are recognized as non-operating revenues in the accounting period in which all eligibility requirements are met.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the Academy must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Academy on a reimbursement basis.

Amounts awarded under grants and entitlements for the year ended June 30, 2016 totaled \$8,846,831.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### G. Net position

Net position represents the difference between assets, deferred outflows, liabilities and deferred inflows. Net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any barrowings used for the acquisitions, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Academy or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The Academy applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

### H. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the certain reported amounts disclosure. Accordingly, actual results may differ from those estimates.

# I. Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activities. For the Academy, these revenues are primarily the State Foundation program, the State Special Education program and specific charges to the students or users of the Academy. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the Academy. Revenues and expenses not meeting this definition are reported as non-operating.

### J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. For the Academy, deferred outflows of resources are reported on the government-wide statement of net position for pension. The deferred outflows of resources related to pension are explained in Note 10.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time. For the Academy, deferred inflows of resources include pension. Deferred inflows of resources related to pension are reported on the government-wide statement of net position. (See Note 10)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

### K. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the pension plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension systems. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension systems report investments at fair value.

### 3. **DEPOSITS**

At June 30, 2016, the carrying amount of the Academy's deposits was \$2,893,433 and the bank balance was \$2,968,929. \$1,217,483 of the bank balance was not covered by Federal Depository Insurance Corporation (FDIC).

Custodial credit risk is the risk that in the event of bank failure, the Academy will not be able to recover the deposits. All deposits are collateralized with eligible securities in amounts equal to at least 105 percent of the carrying value of deposits. Such collateral, as permitted by the Ohio Revised Code, is held in single financial institution collateral pools at the Federal Reserve Banks or at member banks of the federal reserve system, in the name of the respective depository and pledged as a pool of collateral against all of the public deposits it holds or as specific collateral held at the Federal Reserve Bank in the name of the Academy.

The Academy had no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by eligible securities pledged to and deposited either with the Academy or a qualified trustee by the financial institution as security for repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment, or by a collateral pool of eligible securities deposited with a qualified trustee and pledged to secure the repayment of all public monies deposited in the financial institution whose market value at all times shall be at least one hundred five percent of the deposits being secure.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

## 4. RECEIVABLES

Receivables at June 30, 2016, primarily consist of intergovernmental receivables arising from grants, entitlement and shared revenues. All receivables are considers collectable in full. A summary of the principal items of receivables follows:

Intergovernmental	Amount
JV56 FY16 Audit Final #1	\$87,976
Federal Subsidy Food Service	11,332
Title VI-B Grant	28,840
Title I Grant	82,557
	\$210,705

### 5. CAPITAL ASSETS

Capital asset activity for the fiscal year ended June 30, 2016:

	Balance 6/30/15	Additions	Deductions	Balance 6/30/16
Capital Assets Being Depreciated				
Building and Improvements	\$6,931,816	\$0	\$0	\$6,931,816
Furniture and Equipment	1,165,183	27,616	0	1,192,799
Vehicles	79,078	0	0	79,078
Total Capital Assets Being Depreciated	8,176,077	27,616	0	8,203,693
Less Accumulated Depreciation				
Building and Improvements	(1,910,538)	(258,280)	0	(2,168,818)
Furniture and Equipment	(926,455)	(117,212)	0	(1,043,667)
Vehicles	(71,530)	(6,906)	0	(78,436)
Total Accumulated Depreciation	(2,908,523)	(382,398)	0	(3,290,921)
Capital Assets, Net	\$5,267,554	(\$354,782)	\$0	4,912,772

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 6. INVESTMENT IN LIMITED LIABLITY COMPANY (LLC)

West End Cincinnati Victory Partners, LLC, Inc. (Company) is an Ohio limited liability company organized in 2005 under the laws of the State of Ohio to acquire, develop, and improve real estate located in Cincinnati, Ohio for the functional use of its members. The Company was formed by the Academy and the Young Men's Christian Association of Greater Cincinnati (YMCA). Both members are tax-exempt organizations under Section 501 (c) (3) of the Internal Revenue Code.

Based on the Company's operating agreement and the initial capital contributions, CCPA has 75 membership units and the YMCA has 25 membership units. Additional capital contributions were required under the operating agreement to fund the development and improvements to the real estate. Annually, the members, subject to mutual agreement, contribute additional capital to the Company based on operation needs in proportion to their membership units.

The Company will continue to operate until the sale or disposition of the assets of the Company unless terminated earlier according to the terms of the operating agreement.

The Academy accounts for the Company as an equity interest in a joint venture. The Academy's equity interest in the Company is reported in the statement of net position, and the Academy's share of the Company's change in net position is reported in the statement or revenues, expenses and changes in net position.

The YMCA is the managing partner of the Company. The Academy also initially funded the Company through an entity contribution of \$750,750 and seen the balance grow to \$1,450,750. The Academy also has an operating deficit of (\$481,340) resulting in an investment of \$969,407.

### 7. DEBT

The Academy has the following outstanding long term obligations as of June 30, 2016.

	<b>Balance</b>			Balance	<b>Due Within</b>
Description	06/30/15	Additions	<b>Deletions</b>	06/30/16	One Year
Capital Lease Payable	\$34,411	\$0	\$13,298	\$21,113	\$13,298
Net Pension Liability					
SERS	1,159,158	205,683	0	1,364,841	0
STRS	5,299,348	1,556,473	0	6,855,821	0
Total	\$6,492,917	\$1,762,156	\$13,298	\$8,241,775	\$13,298

In July 2011, the Academy entered into a capital lease with Hewlett-Packward for the purchase of computer equipment. The lease is for five years and carries an implicit interest rate of 4.94%. The Academy also has a capital lease with US Bank Equipment Finance for copiers and computer equipment.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 8. CAPITAL LEASES PAYABLE

In prior years, the Academy entered into a capital lease for apple computers and other equipment totaling \$208,866. The leases meet the criteria of a capital lease as defined by Statement of Financial Accounting Standards No. 13, Accounting for Leases, which defines a capital lease generally as one which transfers benefits and risks of ownership to the lessee. Capital lease payments have been reclassified and are reflected as debt service expenses on the financial statements. These expenses are reflected as program expenses on a budgetary basis. Principal payments in fiscal year 2016 totaled \$13,298 and interest payments of \$0.

The following is a schedule of the future minimum lease payments required under the capital leases as of June 30, 2016:

	Capital Leases Payable				
Fiscal Year	Duin ain al	Tutonost	Total		
Ending June 30,	Principal	Interest	Total		
2017	\$13,298	0	\$13,298		
2018	7,815	0	7,815		
Totals	\$21,113	\$0	\$21,113		

### 9. RISK MANAGEMENT

### A. Property and Liability

The Academy is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. For the year ended 2016, the Academy contracted with the O'Neil Group for general liability, property and educational errors and omissions insurance. Coverage provided includes the following with a \$1,000 deductible in total:

General Liability (no deductible):	
Per occurrence	\$1,000,000
Total per year	2,000,000
Building and Contents	1,000,000
Boiler and Machinery	1,000,000
Business Personal Property	1,000,000
Educational Errors and Omissions	1,000,000

Settled claims have not exceeded coverage in the past three years. There has been no significant change in coverage from last year.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### **9. RISK MANAGEMENT** (continued)

### **B.** Worker's Compensation

The Academy pays the State Worker's Compensation System a premium for employee injury coverage. The premium is calculated by multiplying the monthly total gross payroll by a factor that is calculated by the State.

### 10. DEFINED BENEFIT PENSION PLANS

### Net Pension Liability

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the Academy's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the Academy's obligation for this liability to annually required payments. The Academy cannot control benefit terms or the manner in which pensions are financed; however, the Academy does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net* pension liability on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

### Plan Description - School Employees Retirement System (SERS)

Plan Description – The Academy's non-teaching employees participate in SERS, a cost-sharing multiple-employer defined benefit pension plan administered by SERS. SERS provides retirement, disability and survivor benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Authority to establish and amend benefits is provided by Ohio Revised Code Chapter 3309. SERS issues a publicly available, stand-alone financial report that includes financial statements, required supplementary information and detailed information about SERS' fiduciary net position. That report can be obtained by visiting the SERS website at <a href="www.ohsers.org">www.ohsers.org</a> under Employers/Audit Resources.

Age and service requirements for retirement are as follows:

	Eligible to	Eligible to
	Retire on or before	Retire on or after
	August 1, 2017 *	August 1, 2017
Full Benefits	Any age with 30 years of service credit	Age 67 with 10 years of service credit; or Age 57 with 30 years of service credit
Actuarially Reduced Benefits	Age 60 with 5 years of service credit Age 55 with 25 years of service credit	Age 62 with 10 years of service credit; or Age 60 with 25 years of service credit
* Members with 25 years of ser	vice credit as of August 1, 2017, will be inclu	ided in this plan.

Annual retirement benefits are calculated based on final average salary multiplied by a percentage that varies based on year of service; 2.2 percent for the first thirty years of service and 2.5 percent for years of service credit over 30. Final average salary is the average of the highest three years of salary.

One year after an effective benefit date, a benefit recipient is entitled to a three percent cost-of-living adjustment (COLA). This same COLA is added each year to the base benefit amount on the anniversary date of the benefit.

Funding Policy – Plan members are required to contribute 10 percent of their annual covered salary and the Academy is required to contribute 14 percent of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the SERS' Retirement Board up to statutory maximum amounts of 10 percent for plan members and 14 percent for employers. The Retirement Board, acting with the advice of the actuary, allocates the employer contribution rate among four of the System's funds (Pension Trust Fund, Death Benefit Fund, Medicare B Fund, and Health Care Fund). For the fiscal year ended June 30, 2016, the allocation to pension, death benefits, and Medicare B was 14 percent.

The Academy's contractually required contribution to SERS was \$101,453 for fiscal year 2016. Of this amount \$7,721 is reported as an intergovernmental payable.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

### Plan Description - State Teachers Retirement System (STRS)

Plan Description – The Academy's licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS Web site at www.strsoh.org.

New members have a choice of three retirement plans; a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307. The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation will be 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. With certain exceptions, the basic benefit is increased each year by two percent of the original base benefit. For members retiring August 1, 2013, or later, the first two percent is paid on the fifth anniversary of the retirement benefit. Members are eligible to retire at age 60 with five years of qualifying service credit, or age 55 with 25 years of service, or 30 years of service regardless of age. Age and service requirements for retirement will increase effective August 1, 2015, and will continue to increase periodically until they reach age 60 with 35 years of service or age 65 with five years of service on August 1, 2026.

The DC Plan allows members to place all their member contributions and 9.5 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.5 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, member contributions are allocated among investment choices by the member, and employer contributions are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of services. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity at age 50.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The statutory maximum employee contribution rate was increased one percent July 1, 2014, and will be increased one percent each year until it reaches 14 percent on July 1, 2016. For the fiscal year ended June 30, 2016, plan members were required to contribute 13 percent of their annual covered salary. The Academy was required to contribute 14 percent; the entire 14 percent was the portion used to fund pension obligations. The fiscal year 2016 contribution rates were equal to the statutory maximum rates.

The Academy's contractually required contribution to STRS was \$342,987 for fiscal year 2016. Of this amount \$42,183 is reported as an intergovernmental payable.

# Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Academy's proportion of the net pension liability was based on the Academy's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

# 10. **DEFINED BENEFIT PENSION PLANS** (continued)

	SERS	STRS	Total
Proportionate Share of the Net			
Pension Liability	\$1,364,841	\$6,855,821	\$8,220,662
Proportion of the Net Pension			
Liability	0.023919%	0.02480661%	
Pension Expense	\$133,028	\$330,082	\$463,110

At June 30, 2016, the Academy reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	SERS	STRS	Total
<b>Deferred Outflows of Resources</b>			
Net difference between projected and			
actual earnings on pension plan investments	\$ 102,132	\$ -	\$ 102,132
Differences between expected and			
actual experience	21,650	307,236	328,886
Difference between Academy contributions			
and proportionate share of contributions	3,607	0	3,607
Changes in proportionate share	38,931	587,578	626,509
Academy contributions subsequent to the			
measurement date	101,453	342,987	444,440
Total Deferred Outflows of Resources	\$ 267,773	\$1,237,801	\$1,505,574
<b>Deferred Inflows of Resources</b>			
Net difference between projected and			
actual earnings on pension plan investments	\$141,101	\$391,152	\$532,253
Difference between Academy contributions			
and proportionate share of contributions	0	5,342	5,342
Total Deferred Inflows of Resources	\$141,101	\$396,494	\$537,595

\$444,440 reported as deferred outflows of resources related to pension resulting from Academy contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

	SERS	STRS	Total
Fiscal Year Ending June 30:			
2017	Φ.C. 20.5	¢124.590	¢120.005
2017	\$6,305	\$124,580	\$130,885
2018	6,305	124,580	130,885
2019	6,305	124,580	130,885
2020	6,304	124,580	130,884
Total	\$25,219	\$498,320	\$523,539

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

### **Actuarial Assumptions - SERS**

SERS' total pension liability was determined by their actuaries in accordance with GASB Statement No. 67, as part of their annual actuarial valuation for each defined benefit retirement plan. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts (e.g., salaries, credited service) and assumptions about the probability of occurrence of events far into the future (e.g., mortality, disabilities, retirements, employment termination). Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of June 30, 2015, are presented below:

Wage Inflation	3.25 percent
Future Salary Increases, including inflation	4.00 percent to 22 percent
COLA or Ad Hoc COLA	3 percent
Investment Rate of Return	7.75 percent net of investments expense, including inflation
Actuarial Cost Method	Entry Age Normal

For post-retirement mortality, the table used in evaluating allowances to be paid is the 1994 Group Annuity Mortality Table set back one year for both men and women. Special mortality tables are used for the period after disability retirement.

The most recent experience study was completed June 30, 2010.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

The long-term return expectation for the Pension Plan Investments has been determined using a building-block approach and assumes a time horizon, as defined in SERS' Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate, and adding the expected return from rebalancing uncorrelated asset classes. The target allocation and best estimates of arithmetic real rates of return for each major assets class are summarized in the following table:

	Target Long-Term Expect		ected			
Asset Class	Allocation		Real	Real Rate of Return		
Cash	1.00	%		0.00	%	
US Stocks	22.50			5.00		
Non-US Stocks	22.50			5.50		
Fixed Income	19.00			1.50		
Private Equity	10.00			10.00		
Real Assets	10.00			5.00		
Multi-Asset Strategies	15.00			7.50		
Total	100.00	%				

**Discount Rate** The total pension liability was calculated using the discount rate of 7.75 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the long-term assumed investment rate of return (7.75 percent). Based on those assumptions, the plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the Academy's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.75 percent, as well as what each plan's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.75 percent), or one percentage point higher (8.75 percent) than the current rate.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

	Current			
	1% Decrease Discount Rate 1% Increa			
	(6.75%)	(7.75%)	(8.75%)	
Academy's proportionate share				
of the net pension liability	\$1,892,544	\$1,364,841	\$920,472	

### Actuarial Assumptions - STRS

The total pension liability in the June 30, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 percent
Projected salary increases	2.75 percent at age 70 to 12.25 percent at age 20
Investment Rate of Return	7.75 percent, net of investment expenses
Cost-of-Living Adjustments	2 percent simple applied as follows: for members retiring before
(COLA)	August 1, 2013, 2 percent per year; for members retiring August 1, 2013,
	or later, 2 percent COLA paid on fifth anniversary of retirement date.

Mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set-back two years through age 89 and no set-back for age 90 and above. Females younger than age 80 are set back four years; one year set back from age 80 through 89 and not set back from age 90 and above.

Actuarial assumptions used in the June 30, 2015, valuation are based on the results of an actuarial experience study, effective July 1, 2012.

The 10 year expected real rate of return on pension plan investments was determined by STRS' investment consultant by developing best estimates of expected future real rates of return for each major asset class. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized as follows:

	Target		Long-Term Expect		ected
Asset Class	Allocation Real Rate of Ret		eturn		
Domestic Equity	31.00	%		8.00	%
International Equity	26.00			7.85	
Alternatives	14.00			8.00	
Fixed Income	18.00			3.75	
Real Estate	10.00			6.75	
Liquidity Reserves	1.00			3.00	
Total	100.00	%			

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 10. **DEFINED BENEFIT PENSION PLANS** (continued)

Discount Rate The discount rate used to measure the total pension liability was 7.75 percent as of June 30, 2015. The projection of cash flows used to determine the discount rate assumes member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described above. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs of future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2015. Therefore, the long-term expected rate of return on pension plan investments of 7.75 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2015.

Sensitivity of the Academy's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Academy's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.75 percent, as well as what the Academy's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.75 percent) or one-percentage-point higher (8.75 percent) than the current rate:

	Current			
	1% Decrease	Discount Rate	1% Increase	
	(6.75%)	(7.75%)	(8.75%)	
Academy's proportionate share				
of the net pension liability	\$9,523,253	\$6,855,821	\$4,600,110	

### 11. POSTEMPLOYMENT BENEFITS

### A. School Employees Retirement System

### **Postemployment Benefits**

In addition to a cost-sharing multiple-employer defined benefit pension plan the School Employees

Retirement System of Ohio (SERS) administers a postemployment benefit plan.

#### **Health Care Plan**

Sections 3309.375 and 3309.69 of the Ohio Revised Code permit SERS to offer health care benefits to eligible retirees and beneficiaries. SERS' Retirement Board reserves the right to change or discontinue any health plan or program. SERS offers several types of health plans from various vendors, including HMOs, PPOs, Medicare Advantage and traditional indemnity plans. A prescription drug program is also available to those who elect health coverage. SERS employs two third-party administrators and a pharmacy benefit manager to manage the self-insurance and prescription drug plans, respectively.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

### 11. **POSTEMPLOYMENT BENEFITS** (continued)

The Ohio Revised Code provides the statutory authority to fund SERS' postemployment benefits through employer contributions. Active members do not make contributions to the postemployment benefit plan.

The Health Care Fund was established under, and is administered in accordance with Internal Revenue Code 105(e). Each year after the allocation for statutorily required pensions and benefits, the Retirement Board may allocate the remainder of the employer 14% contribution to the Health Care Fund in accordance with the funding policy. For the year ended June 30, 2016, the health care allocation is 0.00%. An additional health care surcharge on employers is collected for employees earning less than an actuarially determined minimum compensation amount, pro-rated if less than a full year of service credit was earned. By statute no employer shall pay a health care surcharge greater than 2.0% of that employer's SERS-covered payroll; nor may SERS collect in aggregate more than 1.5% of the total statewide SERS-covered payroll for the health care surcharge. For fiscal year 2016, the minimum compensation level was established at \$23,000. The surcharge, added to the unallocated portion of the 14% employer contribution rate is the total amount assigned to the Health Care Fund.

The Academy's contributions assigned to health care for the year ended June 30, 2016, 2015, and 2014, was \$11,715, \$6,463, and \$762, respectively, 100 percent for fiscal years 2016, 2015, and 2014.

The SERS Retirement Board establishes the rules for the premiums paid by the retirees for health care coverage for themselves and their dependents or for their surviving beneficiaries. Premiums vary depending on the plan selected, qualified years of service, Medicare eligibility, and retirement status.

The financial reports of SERS' Health Care plan are included in its Comprehensive Annual Financial Report. That report can be obtained on SERS' website at www.ohsers.org under **Employers/Audit Resources**.

### **B.** State Teachers Retirement System

**Plan Description** – STRS Ohio administers a pension plan that is comprised of: a Defined Benefit Plan, a self-directed Defined Contribution Plan, and a Combined Plan that is a hybrid of the Defined Benefit Plan and the Defined Contribution Plan.

Ohio law authorizes STRS Ohio to offer a cost-sharing, multiple-employer health care plan. STRS Ohio provides access to health care coverage to eligible retires who participated in the Defined Benefit or Combined Plans. Coverage under the current program includes hospitalization, physicians' fees, prescription drugs and partial reimbursement of the monthly Medicare Part B premiums.

#### Cincinnati College Preparatory Academy Hamilton County

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

#### 11. **POSTEMPLOYMENT BENEFITS** (continued)

Pursuant to Chapter 3307 of the Revised Code, the Retirement Board has discretionary authority over how much, if any, of the associated health care costs will be absorbed by STRS Ohio. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium.

STRS Ohio issues a stand-alone financial report. Interested parties can view the most recent *Comprehensive Annual Financial Report* by visiting <a href="www.strsoh.org">www.strsoh.org</a> or requesting a copy by calling toll-free 888-227-7877.

**Funding Policy** – Under Ohio law, funding for post-employment health care may be deducted from employer contributions. Of the 14% employer contribution rate, 0% of covered payroll was allocated to post-employment health care for years ended June 30, 2016 and 2015. For the year ended June 30, 2014, 1% of covered payroll was allocated to post-employment health care. The 14% employer contribution rate is the maximum rate established under Ohio law.

The Academy's contributions for health care for the fiscal years ended June 30, 2016, 2015, and 2014 were \$0, \$0, and \$16,345, respectively; 100 percent for fiscal years 2016, 2015, and 2014.

#### 12. OTHER EMPLOYEE BENEFITS

The Academy provides life and medical/surgical and dental benefits to most employees through United Health Care of Ohio and Dental Care Plus.

#### 13. CONTINGENCIES

#### A. Grants

The Academy received financial assistance from federal and state agencies in the form of grants. The expenditure of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material adverse effect on the overall financial position of the Academy at June 30, 2016.

#### **B.** State Funding

The Academy's Foundation funding is based on the annualized full-time equivalent (FTE) enrollment of each student. Effective for the 2015-2016 school year, the Academy must comply with minimum hours of instruction, instead of a minimum number of school days each year. The funding formula the Ohio Department of Education (ODE) is legislatively required to follow will continue to adjust as enrollment information is updated by the School, which can extend past the fiscal year end.

#### Cincinnati College Preparatory Academy Hamilton County

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2016

#### 14. PURCHASED SERVICES

For the period July 1, 2015 through June 30, 2016, purchased service expenses were payments for services rendered by various vendors, as follows:

Professional and Technical Services	\$1,057,921
Utilities	135,191
Food Service	438,865
Communications	11,587
Property Services	240,828
Other	35,064
Total Purchased	\$1,919,456

#### 15. RELATED PARTY TRANSACTIONS

ROAR Education, also known as Education Catalysts, an entity formed to provide training to school operators, teachers and staff, was operated from the same location at the Academy during 2016 and did not pay for use of the facilities.

For the past several years, the Academy has contracted with JWK Enterprises for Nursing and Medical Services. During fiscal year 2016, the Academy hired the owner/operator Janie Allen Blue to a payroll position. The Academy paid \$67,116 to JWK for the same services it has provided in the past.

Board Member Ron Gore was also on the YMCA Board.

An agreement was entered into in February 2005 between the YMCA and the Academy to form "West End Cincinnati Victory Partners." The LLC owns and maintains the building which the Academy and the YMCA occupy. The Academy owns 75% of the LLC.

Three payments were made during the fiscal year to the YMCA totaling \$117,518, of which Joe Calloway, Board Member, is the YMCA Executive Director.

#### 16. CHANGE IN ACCOUNTING PRINCIPLE

For fiscal year 2016, the Academy implemented the Governmental Accounting Standards Board (GASB) Statements No. 72 Fair Value Measurement and Application and No. 73 Accounting and Financial Reporting for Pension and Related Assets that are not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. The implementation of these two standards has no impact on the beginning net position of the Academy.

### CINCINNATI COLLEGE PREAPARTORY ACADEMY HAMILTON COUNTY

#### NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED JUNE 30, 2016

#### **NOTE A - BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of **CINCINNATI COLLEGE PREPARATORY ACADEMY** (the Academy's) under programs of the federal government for the year ended **JUNE 30, 2016**. The information on this Schedule is prepared on the cash basis of accounting.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Academy commingles cash receipts from the U.S. Department of Agriculture with similar State grants. When reporting expenditures on this Schedule, the Academy assumes it expends federal monies first.

### Dave Yost · Auditor of State

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Cincinnati College Preparatory Academy Hamilton County 1425 Linn Street Cincinnati, Ohio 45214

#### To the Board of Directors:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Cincinnati College Preparatory Academy, Hamilton County, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements and have issued our report thereon dated November 2, 2017. Our report refers to other auditors who audited the financial statements of the West End Cincinnati Victory Partners, LLC as it relates to the amount included for the Investment in LLC and the Loss on Investment in LLC as described in our report on the Academy's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported. The financial statements of the West End Cincinnati Victory Partners, LLC were not audited in accordance with *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Academy's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Academy's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A material weakness is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Academy's financial statements. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Cincinnati College Preparatory Academy
Hamilton County
Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

#### **Compliance and Other Matters**

As part of reasonably assuring whether the Academy's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

#### Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Dave Yost** Auditor of State

Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Cincinnati College Preparatory Academy Hamilton County 1425 Linn Street Cincinnati, Ohio 45214

To the Board of Directors:

#### Report on Compliance for the Major Federal Program

We have audited the Cincinnati College Preparatory Academy's (the Academy) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Cincinnati College Preparatory Academy's major federal program for the year ended June 30, 2016. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Academy's major federal program.

#### Management's Responsibility

The Academy's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal program.

#### Auditor's Responsibility

Our responsibility is to opine on the Academy's compliance for the Academy's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Academy's major program. However, our audit does not provide a legal determination of the Academy's compliance.

#### Opinion on the Major Federal Program

In our opinion, the Academy complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended June 30, 2016.

Cincinnati College Preparatory Academy
Hamilton County
Independent Auditor's Report on Compliance with Requirements
Applicable to the Major Federal Program and on Internal Control
Over Compliance Required by the Uniform Guidance
Page 2

#### Report on Internal Control Over Compliance

The Academy's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Academy's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Academy's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

**Dave Yost** Auditor of State
