AUDIT REPORT

JANUARY 1, 2015 - DECEMBER 31, 2016

Township Trustees Pleasant Township PO Box 472 Moxahala, Ohio 43761

We have reviewed the *Independent Auditor's Report* of Pleasant Township, Perry County, prepared by Wilson, Phillips & Agin, CPA's, Inc., for the audit period January 1, 2015 through December 31, 2016. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Pleasant Township is responsible for compliance with these laws and regulations.

Dave Yost Auditor of State

INDEPENDENT AUDITORS' REPORT

Pleasant Township Perry County P.O. Box 472 Moxahala, Ohio 43761

To the Township Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type and related notes of Pleasant Township, Perry County, as of and for the years ended December 31, 2016 and 2015.

Management's Responsibility For the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States (GAAP), to satisfy these requirements.

Independent Auditors' Report Page Two

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonable determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis permitted is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Pleasant Township, Perry County as of December 31, 2016 and 2015, or changes in financial position thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the combined cash balances of Pleasant Township, Perry County as of December 31, 2016 and 2015, and its combined cash receipts and disbursements for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated June 25, 2017, on our consideration of Pleasant Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

1. REPORTING ENTITY

Description of the Entity

The constitution and laws of the State of Ohio establish the rights and privileges of Pleasant Township, Perry County, (the Township) as a body corporate and politic. A publically-elected three-member Board of Trustees directs the Township. The Township provides general government services, road and bridge maintenance, and cemetery maintenance. The Township contracts with the Village of New Lexington and the Village of Corning to provide fire protection and emergency medical services.

The Township participates in the Ohio Township Association Risk Management Authority (OTARMA) public entity risk pool. Note 6 to the financial statements provides additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all proprietary and fiduciary fund types which are organized on a fund type basis.

B. Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

Gasoline Tax Fund – This fund receives gasoline tax monies to pay for constructing, maintaining, and repairing Township roads.

Road & Bridge Fund – This fund receives property tax monies to pay for constructing, maintaining, and repairing Township roads.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Fund Accounting (Continued)

Debt Service Fund

These funds account for resources the Township accumulates to pay bond and note debt. The Township had the following significant Debt Service Fund:

General Note Retirement Fund – This fund accumulates resources for the payment of note principal and interest.

Fiduciary Fund

Fiduciary funds include private purpose trust funds. Trust funds account for assets held under a trust agreement for individuals, private organizations, or other governments which are not available to support the Township's own programs.

The Township's private purpose trust fund is for the benefit of certain individuals.

C. Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D) permit.

D. Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function and object level of control and appropriations may not exceed estimated resources. The Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgetary Process (Continued)

Encumbrances

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2016 and 2015 appear in Note 3.

E. Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

F. Capital Assets

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

G. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

H. Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable

The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fund Balance (Continued)

Assigned

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced, first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

3. BUDGETARY ACTIVITY

Budgetary activity for the years ended December 31, 2016 and 2015 is as follows:

Total	\$	338,564	\$	151,087	\$	187,477	

Contrary to ORC 5705.41(D), the Township made expenditures prior to certification.

Contrary to ORC 5705.39, in 2016 and 2015, the Township had funds where appropriations exceeded estimated resources.

Contrary to ORC 5705.36, in 2016 and 2015, the Township had funds in which appropriations were greater than unencumbered balance plus actual receipts which should have resulted in getting a new certificate of estimated resources.

4. EQUITY IN POOLED CASH

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2016	2015		
Demand Deposits	\$ 176,448	\$	189,750	
Certificates of Deposit	531		531	
Total Deposits	\$ 176,979	\$	190,281	

Deposits: Deposits are either insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

5. PROPERTY TAX

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Township Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

NOTES TO FINANCIAL STATEMENTS

6. RISK MANAGEMENT

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.). functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2016, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2016 and 2015 (the latest information available):

2015

	2010	2015
Assets	\$38,473,283	\$37,313,311
Liabilities	(8,244,140)	(8,418,518)
Retained Earnings	\$30,229,143	\$28,894,793

At December 31, 2016 and 2015, respectively, the liabilities above include approximately \$7.4 and \$7.8 million of estimated incurred claims payable. The assets above also include approximately \$6.9 and \$7.7 million of unpaid claims to be billed to approximately 1,010 members and 989 member governments in the future, as of December 31, 2016 and 2015, respectively. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2016, the Township's share of these unpaid claims collectible in future years is approximately \$1,334.

Based on discussion with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

Contributions to OTARMA			
2016	\$2,964		
2015	3,027		
2014	3,027		

NOTES TO FINANCIAL STATEMENTS

6. RISK MANAGEMENT(Continued)

After completing one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

7. DEFINED BENEFIT PENSION PLANS

Ohio Public Employees Retirement System

The Township's full-time employees belong to the Public Employees Retirement System (OPERS) of Ohio. OPERS is a cost-sharing, multiple employer plan. The Ohio Revised Code prescribes the plan benefits, which include postretirement healthcare, and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2016 and 2015, OPERS members contributed 10.0% of their gross wages and the Township contributed an amount equal to 14.0% of participant's gross salaries. The Township has paid all contributions required through December 31, 2016.

8. POSTEMPLOYMENT BENEFITS

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits.

9. PUBLIC ENTITY RISK POOL

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio local governments. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims exceeding the member's deductible.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS.

Pleasant Township Perry County P.O. Box 472 Moxahala, Ohio 43761

To the Township Trustees:

We have audited, in accordance with auditing standards general accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of Pleasant Township, Perry County as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements and have issued our report thereon dated June 25, 2017, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered Pleasant Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. We consider Findings 2016-003, 2016-004, 2016-005, and 2016-008 described in the accompanying schedule of findings to be material weaknesses.

Independent Auditors' Report on Internal Control Over

Financial Reporting and on Compliance and Other Matters Required by Government Auditing Standards Page Two

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Pleasant Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed four instances of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as items 2016-001, 2016-002, 2016-006, and 2016-007.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDING NUMBER 2016-001

Noncompliance

Ohio Rev. Code Section 5705.39 states, in part, that total appropriations from each fund shall not exceed the total estimated resources. No appropriation measure is effective until the county auditor files a certificate that the total appropriations from each fund do not exceed the total official estimate or amended official estimate.

In 2016, appropriations exceeded estimated resources in the following funds: in the Motor Vehicle License Tax Fund by \$4,180; in the Road & Bridge Fund by \$200 and in the Cemetery Fund by \$20.

In 2015, appropriations exceeded estimated resources in the following funds: in the General Fund by \$36,844 and in Gasoline Tax Fund by \$17,508.

We recommend the Township Fiscal Officer and Board of Trustees compare appropriations to estimated resources on a monthly basis to verify that appropriations do not exceed estimated resources.

Noncompliance

Ohio Revised Code Section 5705.41(D)(1) prohibits a subdivision or taxing authority from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

- 1. "Then and Now" Certificates If the fiscal officer can certify that both at the time that the contract or order was made ("then"), and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the Board can authorize the drawing of a warrant for the payment of the amount due. The Board has thirty days from the receipt of the "then and now" certificate to approve payment by ordinance or resolution.
 - Amounts of less than \$3,000 may be paid by the fiscal officer without a resolution or ordinance upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of expenditures by the Board.
- 2. Blanket Certificate Fiscal officers may prepare "blanket" certificates not exceeding an amount established by resolution or ordinance of the Board against any specific line item account not extending beyond the end of the fiscal year. The blanket certificates may, but need not, be limited to a specific vendor. Only one blanket certificate may be outstanding at one particular time for any one particular line item appropriation. Blanket certificates cannot be issued unless there has been an amount approved by the Board.

3. Super Blanket Certificate – The Township may also make expenditures and contracts for any amount from a specific line-item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonably predictable operating expense. This certification is not to extend beyond the current year. More than one super blanket certificate may be outstanding at a particular time for any line-item appropriation.

The Township did not certify the availability of funds prior to purchase commitment for 55% of the expenditures tested for the audit period. Although the obligations paid by the Township had a statement indicating the purchase was lawfully appropriated or in the process of collection to the credit of an appropriate fund, and free from any previous encumbrance, this certification of available funds was not obtained prior to incurring the obligation and there was no evidence of a "Then and Now" certificate being used by the Fiscal Officer. Failure to properly certify the availability of funds can result in overspending of funds and negative cash balances.

Unless the exceptions noted above are used, prior certification is not only required by statute but is a key control in the disbursement process to assure that purchase commitments receive prior approval. To improve controls over disbursements and to help reduce the possibility of the Township's funds exceeding budgetary spending limitations, we recommend the Fiscal Officer certify that the funds are or will be available prior to an obligation being incurred by the Township. In rare instances when prior certification is not possible, "then and now" certification may be used.

We recommend the Township certify purchases to which Section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include certification language Section 5705.41(D) requires to authorize disbursements. The Fiscal Officer should sign the certification at the time the Township incurs a commitment, and only when the requirements of Section 5705.41(D) are satisfied. The Fiscal Officer should post approved purchase commitments to the proper appropriation code, to reduce the available appropriation. If the Township officials intend to use blanket certificates, then the Board of Trustees should adopt a resolution establishing the maximum amount for which blanket certificates can be issued.

Material Weakness - Bank Reconciliations

In order to ensure the completeness over the Township's financial statements and reports, bank reconciliations should be performed on a monthly basis. The monthly bank reconciliation process should include the investigation and resolution of any variances between amounts reported by the bank and amounts posted to the Township's accounting system.

The Township's bank reconciliations during the audit period contained significant reconciling factors labeled as "other adjusting factors" in 2015. The Fiscal Officer failed to follow up on these variances each month and, therefore, differences between the Township's bank balance and book balance accumulated. Through additional audit procedures, we noted these variances were a result of transactions processed by the bank which were not properly posted to the Township's accounting system. In addition, we noted outstanding checks were included on the Township's outstanding check listing which were dated as far back as 2002.

FINDING NUMBER 2016-003 (Continued)

The failure to investigate and identify variances and old reconciling items as part of the monthly reconciliation process could result in errors and/or irregularities occurring and remaining undetected. This also results in monthly financial reports being misleading due to these reports, including the incorrect balances for each fund. During the current audit period, this resulted in significant audit adjustments being made to the Township's financial statements and also resulted in time spent by auditors in identifying and investigating these variances.

We recommend the Fiscal Officer perform bank reconciliations on a monthly basis. In order for the reconciliation process to be effective, variances should be promptly investigated and corrected as part of the reconciliation process. In addition, we recommend the Board of Trustees review the Township's bank reconciliations each month to monitor for unusual items and to ensure variances are corrected on a timely basis.

Material Weakness – Reclassifications

All local offices should maintain an accounting system and accounting records sufficient to enable the public office to identify, assemble, analyze, classify, record and report its transactions, maintain accountability for the related assets, document compliance with finance-related legal and contractual requirements and prepare financial statements.

The Ohio Township Handbook provides suggested account classifications. These accounts classify receipts by fund and source (taxes or charges for services, for example) and classify disbursements by fund, program (general government, for example) or object (personal services, for example). Using these classifications will provide the Township with information required to monitor compliance with the budget, and prepare annual reports in the format required by the Auditor of State.

During 2016 and 2015, the Township's receipts and disbursements were not always posted into accurate classifications. The following misclassifications were noted:

- In 2016, homestead and rollback receipts in the amount of \$4,681, \$1,560, \$954, \$1,190 and \$1,668 were posted to Property and Other Local taxes within the General Fund, Road & Bridge Fund, Cemetery Fund, EMS Levy Fund and Fire Levy Fund, respectively instead of Intergovernmental Receipts.
- In 2016, payment on a new building for the township in the amount \$2,850 was posted to Public Works instead of Capital Outlay in the Gasoline Tax Fund.
- In 2015, the township sold a dump truck in the amount of \$6,000, the proceeds were posted to Miscellaneous Receipts instead of Sale of Capital Assets in the Road & Bridge Fund.

Reclassifications are agreed to by client and reflected within the accompanying financial statements.

Material Weakness – Financial Reporting

All local public offices shall maintain an accounting system and accounting records sufficient to enable the public office to identify, assemble, analyze, classify, record and report its transactions, maintain accountability for the related assets, document compliance with finance-related legal and contractual requirements and prepare financial statements.

The Ohio Township Handbook (revised March 2015) provides suggested fund balance classifications and clarifies the existing governmental fund type definitions. The fund balance classifications relate to constraints placed upon the use of resources reported in governmental funds. The five classifications are non-spendable, restricted, committed, assigned and unassigned.

The Township did not properly reflect its December 31, 2015 and 2016 cash balances in accordance with Governmental Accounting Standards Board (GASB) Statement Number 54 – *Fund Balance Reporting and Governmental Fund Type Definitions*, effective for fiscal years beginning after June 15, 2010.

Financial statement errors identified for the year ended December 31, 2015 were as follows:

- Unassigned Fund Balance was overstated and the Assigned Fund Balance understated by \$261 for the General Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$146 for the Motor Vehicle License Tax Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$1,004 for the Gasoline Tax Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$53 for the Road & Bridge Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$3 for the Fire Levy Fund.

Financial statement errors identified for the year ended December 31, 2016 were as follows:

- Unassigned Fund Balance was overstated and the Assigned Fund Balance understated by \$614 for the General Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$675 for the Motor Vehicle License Tax Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$1,007 for the Gasoline Tax Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$188 for the Road & Bridge Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$147 for the Cemetery Fund.
- Restricted Fund Balance was overstated and the Assigned Fund Balance understated by \$13 for the Fire Levy Fund.

Material adjustments, with which the Township officials' agree, are reflected within the accompanying financial statements.

The Township should develop internal control procedures to ensure the financial statements of the Township accurately reflect the fund cash balance in accordance with GASB Statement No. 54 reporting requirements. The Township Fiscal Officer may refer to Auditor of State Bulletin 2011-004 for additional guidance.

FINDING NUMBER 2016-006

Noncompliance

Ohio Revised Code Section 505.24 (C) sets forth the method by which township trustees' compensation should be allocated. Subsequent to House Bill 153, passed in 2011, Ohio Revised Code Sections 505.24 and 507.09 require township trustees and fiscal officers, respectively to certify the amount of work performed on restricted funds. After passage of H.B. 153, the Board of Trustees for 2016 and 2015 continued the practice of what was previously required under the statute-documenting their time on timesheets.

As a result the Township Trustees did not prepare the legislatively approved payroll certifications for the audit period.

We recommend the Township review H.B. 153 as well as Ohio Revised Code Sections 505.24 and 507.09 and adopt formal procedures regarding signed certifications of payroll by each Trustee for each monthly pay period. If paid from the General Fund, no certification is needed.

Client Response: We received no response from the client.

FINDING NUMBER 2016-007

Noncompliance

Section 5705.36, Ohio Revised Code allows all subdivisions to request increased amended certificates of estimated resources and reduced amended certificates upon determination by the fiscal officer that revenue to be collected will be greater or less than the amount in the official certificate of estimated resources. For selected funds we compared actual resources (i.e. beginning unencumbered fund balance plus actual receipts) to appropriations. If actual resources are less than appropriations, then the fiscal officer should have obtained a reduced certificate of estimated resources and reduced appropriations.

In 2016, appropriations exceeded actual resources in the Motor Vehicle License Tax Fund by \$4,997; in the Road & Bridge Fund by \$7,446; and in the Cemetery Fund by \$271.

In 2015, appropriations exceeded actual resources in the General Fund by \$33,229 and in the Gasoline Fund by \$26,989.

A reduced certificate should have been obtained for the funds mentioned above and for those respective years.

Material Weakness - Posting Receipts Budget

During 2016 and 2015, the Fiscal Officer did not accurately post budgeted receipts and amendments made to them to the accounting system. Variances existed between the Certificate of Estimated Resources and the amounts posted to the accountings system. The following table details these variances:

	Amount Per Last	Amounts Posted To	
Fund	Amended Certificate	Accounting System	Variance
General (2016)	\$ 61,153	\$ 68,859	\$ (7,706)
MVL Tax (2016)	5,702	7,550	(1,848)
Gasoline Tax (2016)	80,015	86,050	(6,035)
Road & Bridge (2016)	15,910	15,660	(250)
EMS Levy (2016)	21,700	61,700	(40,000)
Fire Levy (2016)	26,460	47,460	(21,000)
General (2015)	32,596	58,038	(25,442)
MVL Tax (2015)	8,235	5,702	2,533
Gasoline Tax (2015)	97,456	80,015	17,441
Road & Bridge (2015)	6,704	20,250	(13,546)
Cemetery (2015)	10,374	6,500	3,874
EMS Levy (2015)	11,173	25,300	(14,127)
Fire Levy (2015)	15,742	26,000	(10,258)
Misc. Special Rev. (2015)	6	20	(14)
Debt Service (2015)	335	5,000	(4,665)

We recommend the Fiscal Officer accurately post estimated receipts as approved by the County Budget Commission into the computer system. This procedure will help ensure more useful comparisons of budget versus actual activity, as well as provide management with an accurate monitoring tool throughout the year.
