INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Village of Hamersville
Brown County
P.O. Box 146
Hamersville, Ohio 45130

We have performed the procedures enumerated below, with which the Village Council and Mayor, and the management of the Village of Hamersville, Brown County, Ohio (the Village) have agreed, solely to assist the Council and Mayor in evaluating receipts, disbursements and balances recorded in their cash-basis accounting records for the years ended December 31, 2015 and 2014, including mayor's court receipts, disbursements and balances, and certain compliance requirements related to these transactions and balances. Management is responsible for recording transactions; and management, the Mayor, and / or the Council are responsible for complying with the compliance requirements. This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards and applicable attestation engagement standards included in the Comptroller General of the United States' *Government Auditing Standards*. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

This report only describes exceptions exceeding \$10.

Cash and Investments

1. We tested the mathematical accuracy of the December 31, 2015 and December 31, 2014 bank reconciliations. We identified the following exceptions. The Village did not record the correct investment account balance on the reconciliation. This caused the Village's book balance to be overstated by \$12,022 and \$12,035 in 2015 and 2014 respectively. We recommend the Village implement procedures to help ensure all account balances recorded on the bank reconciliations are accurate.
2. We agreed the January 1, 2014 beginning fund balances recorded in the Fund Status Report to the December 31, 2013 balances in the prior year audited statements. We found no exceptions. We also agreed the January 1, 2015 beginning fund balances recorded in the Fund Status Report to the December 31, 2014 balances in the Fund Status Report. We found no exceptions.
3. We agreed the totals per the bank reconciliations to the total of the December 31, 2015 and 2014 fund cash balances reported in the Fund Status Reports. The amounts agreed.
4. We confirmed the December 31, 2015 bank account balances with the Village's financial institutions. We found no exceptions. We also agreed the confirmed balances to the amounts appearing in the December 31, 2015 bank reconciliation with the exception of the investment accounts with Bank of New York. As noted in step one above, the bank reconciliations did not include the correct December investment account balances.

5. We selected five reconciling debits (such as outstanding checks) haphazardly from the December 31, 2015 bank reconciliation:
 - a. We traced each debit to the subsequent January bank statements. We found no exceptions.
 - b. We traced the amounts and dates to the check register, to determine the debits were dated prior to December 31. We noted no exceptions.
6. We tested investments held at December 31, 2015 and December 31, 2014 to determine that they:
 - a. Were of a type authorized by Ohio Rev. Code Sections 135.13, 135.14 or 135.144. We found no exceptions.
 - b. Mature within the prescribed time limits noted in Ohio Rev. Code Section 135.13 or 135.14. We noted no exceptions.

Property Taxes, Intergovernmental and Other Confirmable Cash Receipts

1. We selected a property tax receipt from one *Statement of Semiannual Apportionment of Taxes* (the Statement) for 2015 and one from 2014:
 - a. We traced the gross receipts from the *Statement* to the amount recorded in the Revenue Ledger Report. The amounts agreed.
 - b. We determined whether the receipt was allocated to the proper funds as required by Ohio Rev. Code Sections 5705.05-.06 and 5705.10. We found no exceptions.
 - c. We determined whether the receipt was recorded in the proper year. The receipt was recorded in the proper year.
2. We scanned the Revenue Ledger Report to determine whether it included two real estate tax receipts for 2015 and 2014. We noted the Revenue Ledger Report included the proper number of tax receipts for each year.
3. We selected five receipts from the State Distribution Transaction Lists (DTL) from 2015 and five from 2014. We also selected five receipts from the County Auditor's Audit Trail By Account Reports from 2015 and five from 2014.
 - a. We compared the amount from the above reports to the amount recorded in the Revenue Ledger Report. The amounts agreed.
 - b. We determined whether these receipts were allocated to the proper funds. We found no exceptions.
 - c. We determined whether the receipts were recorded in the proper year. We found no exceptions.

Water Operating, Sewer Operating and Electric Operating Funds

The Village provides water and sewer utilities to its customers. The Village does not have an accounts receivable system. Without accounts receivable information, the Village lacks reliable information on overdue amounts, systems-derived documentation on noncash adjustments and approval of noncash adjustments, and information upon which to judge whether the District should write off or follow up on uncollectible amounts. We recommend the Village acquire an accounts receivable and billing system."

1. We haphazardly selected 10 Water, Sewer and Electric Fund collection cash receipts from the year ended December 31, 2015 and 10 Water, Sewer and Electric Fund collection cash receipts from the year ended 2014 recorded in the Customer History Report and determined whether the:
 - a. Receipt amount per the Customer History Report agreed to the detailed register tape receipts summed and attached to the Utilities deposit slips and agreed to receipts posted to UAN.
 - b. Amount charged for the related billing period:
 - i. Agreed with the increase to the amount due in the Customer History Report for the billing period. We found no exceptions.
 - ii. Complied with rates in force during the audit period multiplied by the consumption amount recorded for the billing period, plus any applicable late penalties, plus unpaid prior billings. We found no exceptions.
 - c. Receipt was posted to the proper funds, and was recorded in the year received. We found no exceptions.

Debt

1. From the prior audit documentation, we noted the following bonds outstanding as of December 31, 2013. These amounts agreed to the Villages January 1, 2014 balances on the summary we used in step 3.

Issue	Principal outstanding as of December 31, 2013:
Sewer System Mortgage Revenue Bonds	\$740,000

2. We inquired of management, and scanned the Receipt Register Report and Payment Register Detail Report for evidence of debt issued during 2015 or 2014 or debt payment activity during 2015 or 2014. All debt noted agreed to the summary we used in step 3.
3. We obtained a summary of bonded debt activity for 2015 and 2014 and agreed principal and interest payments from the related debt amortization schedules to debt service fund payments reported in the Payment Register Detail Report. We also compared the date the debt service payments were due to the date the Village made the payments. We found no exceptions.

Payroll Cash Disbursements

1. We haphazardly selected one payroll check for five employees from 2015 and one payroll check for five employees from 2014 from the Employee Detail Adjustment Report and:
 - a. We compared the hours and pay rate, or salary recorded in the Employee Detail Adjustment Report to supporting documentation (timecard, legislatively or statutorily-approved rate or salary). We found no exceptions.

- b. We determined whether the fund and account codes to which the check was posted were reasonable based on the employees' duties as documented in the employees' personnel files or as required by statute. We also determined whether the payment was posted to the proper year. The funds to which the Village Clerk's salary was posted did not appear to be reasonable. The Village paid the salary of the Village Clerk solely out of the utilities funds. While the Village Clerk's duties may support the activities allowed by the Water, Sewer, and Electric funds, the Clerk's duties also support other funds - including, but not limited to, the General Fund. The Clerk attends Council meetings and performs other duties related to the General Fund; therefore, the General Fund should be charged for some portion of the Clerk's salary each pay period. We recommend that Council approve a reasonable payroll allocation based on time supporting each fund, or pay the Clerk's salary solely from the General Fund.
2. We scanned the last remittance of tax and retirement withholdings for the year ended December 31, 2015 to determine whether remittances were timely paid, and if the amounts paid agreed to the amounts withheld, plus the employer's share where applicable, during the final withholding period during 2015. We noted the following:

Withholding (plus employer share, where applicable)	Date Due	Date Paid	Amount Due	Amount Paid
Federal income taxes & Medicare (and social security, for employees not enrolled in pension system)	January 31, 2016	December 23, 2015	\$1,018	\$1,018
State income taxes	January 15, 2016	January 12, 2016	143	143
OPERS retirement	January 30, 2016	January 11, 2016	2,184	2,184

Non-Payroll Cash Disbursements

1. We haphazardly selected ten disbursements from the Payment Register Detail Report for the year ended December 31, 2015 and ten from the year ended 2014 and determined whether:
- a. The disbursements were for a proper public purpose. We found no exceptions.
 - b. The check number, date, payee name and amount recorded on the returned, canceled check agreed to the check number, date, payee name and amount recorded in the Payment Register Detail Report and to the names and amounts on the supporting invoices. We found no exceptions.
 - c. The payment was posted to a fund consistent with the restricted purpose for which the fund's cash can be used. We found no exceptions.
 - d. The fiscal officer certified disbursements requiring certification or issued a *Then and Now Certificate*, as required by Ohio Rev. Code Section 5705.41(D). We found no exceptions.

Mayors Court Transactions and Cash Balances

1. We tested the mathematical accuracy of the December 31, 2015 and December 31, 2014 bank reconciliations. We found no exceptions.

2. We compared the reconciled cash totals as of December 31, 2015 and December 31, 2014 to the Mayor's Court Agency Fund balance reported in the Mayor's Court Activity Spreadsheet Reports. The balances agreed. The Mayor's Court Agency Fund activity is not recorded on the UAN system.
3. We agreed the totals per the bank reconciliations to the total of December 31, 2015 and 2014 listing of unpaid distributions as of each December 31. The amounts agreed.
4. We confirmed the December 31, 2015 bank account balance with the Mayor's Court financial institution. We found no exceptions. We also agreed the confirmed balances to the amounts appearing in the December 31, 2015 bank reconciliation without exception.
5. We haphazardly selected five cases from the court cash book and agreed the payee and amount posted to the:
 - a. Duplicate receipt book.
 - b. Docket, including comparing the total fine paid to the judgment issued by the judge (i.e. mayor)
 - c. Case file.

The amounts recorded in the cash book, receipts book, docket and case file agreed.

6. From the cash book, we haphazardly selected one month from the year ended December 31, 2015 and one month from the year ended 2014 and determined whether:
 - a. The monthly sum of fines and costs collected for those months agreed to the amounts reported as remitted to the Village, State or other applicable government in the following month. We found no exceptions.
 - b. The totals remitted for these two months per the cash book agreed to the returned canceled checks. The check number, date, payee name and amount recorded on the returned, canceled check agreed to the check number, date, payee name and amount recorded in the cash book.

Compliance – Budgetary

1. We compared the total estimated receipts from the Amended Official Certificate of Estimated Resources, required by Ohio Rev. Code Section 5705.36(A)(1), to the amounts recorded in the Revenue Status Report for the General, Street Construction and Electric Operating funds for the years ended December 31, 2015 and 2014. The amounts agreed.
2. We scanned the appropriation measures adopted for 2015 and 2014 to determine whether, for the General, Street Construction and Electric Operating funds, the Council appropriated separately for "each office, department, and division, and within each, the amount appropriated for personal services," as is required by Ohio Rev. Code Section 5705.38(C). We found no exceptions.
3. We compared total appropriations required by Ohio Rev. Code Sections 5705.38 and 5705.40, to the amounts recorded in the Appropriation Status Report for 2015 and 2014 for the following funds: General, Street Construction and Electric Operating funds. The amounts on the appropriation resolutions agreed to the amounts recorded in the Appropriation Status report.
4. Ohio Rev. Code Sections 5705.36(A)(5) and 5705.39 prohibits appropriations from exceeding the certified resources. We compared total appropriations to total certified resources for the General, Street Construction and Electric Operating funds for the years ended December 31, 2015 and 2014. We noted no funds for which appropriations exceeded certified resources.

5. Ohio Rev. Code Section 5705.41(B) prohibits expenditures (disbursements plus certified commitments) from exceeding appropriations. We compared total expenditures to total appropriations for the years ended December 31, 2015 and 2014 for the General, Street Construction and Electric Operating funds, as recorded in the Final Appropriation Resolution. We noted no funds for which expenditures exceeded appropriations.
6. Ohio Rev. Code Section 5705.09 requires establishing separate funds to segregate externally-restricted resources. We scanned the Receipt Register Report for evidence of new restricted receipts requiring a new fund during December 31, 2015 and 2014. We also inquired of management regarding whether the Village received new restricted receipts. The Village established the Enforcement and Education Fund during 2015 to segregate fine revenues obtained by way of citations issued for driving under the influence which will be expended for the purpose of enforcing Ohio Rev. Code Section 4511.19 and to educate the public about driving under the influence. This is in compliance with section 5705.09.
7. We scanned the 2015 and 2014 Interfund Transfer Listing Reports for evidence of interfund transfers exceeding \$5,000 which Ohio Rev. Code Sections 5705.14 - .16 restrict. We found no evidence of transfers these Sections prohibit, or for which Section 5705.16 would require approval by the Tax Commissioner and Court of Common Pleas.
8. We inquired of management and scanned the Appropriation Status Reports to determine whether the Village elected to establish reserve accounts permitted by Ohio Rev. Code Section 5705.13. We noted the Village did not establish these reserves.
9. We scanned the Cash Summary by Fund Report for the years ended December 31, 2015 and 2014 for negative cash fund balance. Ohio Rev. Code Section 5705.10 (I) provides that money paid into a fund must be used for the purposes for which such fund is established. As a result, a negative fund cash balance indicates that money from one fund was used to cover the expenses of another. We noted no funds having negative cash fund balances.

Compliance – Contracts & Expenditures

We inquired of management and scanned the Payment Register Detail Report for the years ended December 31, 2015 and 2014 to determine if the Village proceeded by force account (i.e. used its own employees) to maintain or repair roads (cost of project exceeding \$30,000) or to construct or reconstruct Village roads (cost of project \$30,000/per mile) for which Ohio Rev. Code Sections 117.16(A) and 723.52 requires the Village engineer, or officer having a different title but the duties and functions of an engineer, to complete a force account project assessment form (i.e., cost estimate). We identified no projects requiring the completion of the force account assessment form.

Other Compliance

1. Ohio Rev. Code Section 117.38 requires villages to file their financial information in the HINKLE system formerly known as the Annual Financial Data Reporting System (AFDRS) within 60 days after the close of the fiscal year. We reviewed AFDRS to verify the Village filed their financial information within the allotted timeframe for the years ended December 31, 2015. No exceptions noted.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on the Village's receipts, disbursements, balances and compliance with certain laws and regulations. Accordingly, we do not express an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of management, those charged with governance, and others within the Village, and is not intended to be, and should not be used by anyone other than these specified parties.

The Village of Hamersville has responded to exceptions identified in this report. You may obtain a copy of their response from Tammie Ogle, Fiscal Officer at (937) 379-1851.

A handwritten signature in black ink that reads "Dave Yost". The signature is written in a cursive style with a large, looping initial "D" and a long, sweeping tail on the "y".
