We have reviewed the *Independent Auditor's Report* of Clay Township, Muskingum County, prepared by Wilson, Phillips & Agin, CPA's, Inc., for the audit period January 1, 2017 through December 31, 2018. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Clay Township is responsible for compliance with these laws and regulations.

**INDEPENDENT AUDITORS' REPORT**

Clay Township  
Muskingum County  
9375 Elks Run Road  
Roseville, Ohio 43777

To the Township Trustees:

**Report on the Financial Statements**

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type and related notes of Clay Township, Muskingum County, as of and for the years ended December 31, 2018 and 2017.

**Management's Responsibility for the Financial Statements**

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonable determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis permitted is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

#### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Clay Township, Muskingum County as of December 31, 2018 and 2017, or changes in financial position thereof for the years then ended.

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type and the related notes of Clay Township, Muskingum County as of December 31, 2018 and 2017, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued a report dated August 29, 2019, on our consideration of Clay Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**1. REPORTING ENTITY**

**Description of the Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of Clay Township, Muskingum County, (the Township) as a body corporate and politic. A publically-elected three-member Board of Trustees directs the Township. The Township provides general government services, road and bridge maintenance, cemetery maintenance, fire protection and emergency medical services. The Township contracts with the Roseville Volunteer Fire Department to provide fire services and emergency medical services.

The Township participates in the Ohio Township Association Risk Management Authority (OTARMA) public entity risk pool. Note 6 to the financial statements provides additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Basis of Presentation**

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all proprietary and fiduciary fund types which are organized on a fund type basis.

**B. Fund Accounting**

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

**General Fund**

The General Fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

**Special Revenue Funds**

These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

**Gasoline Tax Fund** – This fund receives gasoline tax monies to pay for constructing, maintaining, and repairing Township roads.

**Road & Bridge Fund** – This fund receives property tax monies to maintain Township roads and bridges.

**Fire Levy Fund** – This fund receives property tax monies to pay for fire protection services.

**CLAY TOWNSHIP  
MUSKINGUM COUNTY**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Basis of Accounting**

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code 117-2-03(D) permit.

**D. Budgetary Process**

The Ohio Revised Code requires that each fund be budgeted annually.

**Appropriations**

Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function and object level of control and appropriations may not exceed estimated resources. The Trustees must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

**Estimated Resources**

Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

**Encumbrances**

The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2018 appears in Note 3.

**E. Deposits and Investments**

The Township's accounting basis includes investment as assets. This basis does not record disbursement for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

**F. Capital Assets**

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

**CLAY TOWNSHIP  
MUSKINGUM COUNTY**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**G. Accumulated Leave**

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

**H. Fund Balance**

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

**Nonspendable**

The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

**Restricted**

Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

**Committed**

Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**Assigned**

Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

**Unassigned**

Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**3. BUDGETARY ACTIVITY**

Budgetary activity for the year ended December 31, 2018 is as follows:

2018 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 23,356	\$ 38,258	\$ 14,902
Special Revenue	118,722	136,270	17,548
Total	\$ 142,078	\$ 174,528	\$ 32,450

2018 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 37,231	\$ 24,314	\$ 12,917
Special Revenue	353,677	188,720	164,957
Total	\$ 390,908	\$ 213,034	\$ 177,874

Contrary to ORC 5705.41(D), the Township made expenditures prior to certification.

Contrary to ORC 5705.41(B), the Township had expenditures exceeding appropriation authority.

Contrary to ORC 5705.38 (A), the Township certified permanent appropriations late with the County Auditor.

Contrary to ORC 5705.39, the Township had appropriations exceeding estimated resources in the General Fund

**4. EQUITY IN POOLED CASH**

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

	2018
Demand deposits	\$ 271,154
Total Deposits	\$ 271,154

**Deposits:** Deposits are either insured by the Federal Depository Insurance Corporation or collateralized by the financial institution's public entity deposit pool.

**5. PROPERTY TAX**

Real property taxes become a lien on January 1 preceding the October 1 date for which rates are adopted by Township Trustees. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable homestead and rollback deductions. The financial statements include homestead and rollback amounts the State pays as intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

**CLAY TOWNSHIP  
MUSKINGUM COUNTY**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2018**

**6. RISK MANAGEMENT**

The Township is a member of the Ohio Township Association Risk Management Authority (the Pool). The Pool assumes the risk of loss up to the limits of the Township's policy. The Pool covers the following risks:

- General liability and casualty
- Public Official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31:

Cash and investments	\$33,097,416
Actuarial liabilities	\$ 7,874,610

**7. DEFINED BENEFIT PENSION PLANS**

The Township's full-time employees belong to the Public Employees Retirement System (OPERS) of Ohio. OPERS is a cost-sharing, multiple employer plan. The Ohio Revised Code prescribes the plan benefits, which include postretirement healthcare, and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2018, OPERS members contributed 10.0% of their gross wages and the Township contributed an amount equal to 14.0% of participant's gross salaries. The Township has paid all contributions required through December 31, 2018.

**8. POSTEMPLOYMENT BENEFITS**

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits.

**9. PUBLIC ENTITY RISK POOL**

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio local governments. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims exceeding the member's deductible.

Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2017, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA's financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2017:

	2017
Assets	\$40,010,732
Liabilities	(8,675,465)
Retained Earnings	\$31,335,267

At December 31, 2017, the liabilities above include approximately \$8.0 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,016 member governments in the future, as of December 31, 2017. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2017, the Township's share of these unpaid claims collectible in future years is approximately \$1,674.

Based on discussion with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

Contributions to OTARMA	
2017	\$3,805
2016	3,724
2015	3,716

**6. RISK MANAGEMENT (Continued)**

After completing one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year's contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**7. DEFINED BENEFIT PENSION PLANS**

The Township's full-time employees belong to the Public Employees Retirement System (OPERS) of Ohio. OPERS is a cost-sharing, multiple employer plan. The Ohio Revised Code prescribes the plan benefits, which include postretirement healthcare, and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. For 2017, OPERS members contributed 10.0% of their gross wages and the Township contributed an amount equal to 14.0% of participant's gross salaries. The Township has paid all contributions required through December 31, 2017.

**8. POSTEMPLOYMENT BENEFITS**

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. OPERS contributes 2 percent of the employer contribution to fund these benefits.

**9. PUBLIC ENTITY RISK POOL**

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio local governments. OTARMA provides property and casualty coverage for its members. OTARMA is a member of the American Public Entity Excess Pool (APEEP). Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims exceeding the member's deductible.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY GOVERNMENT AUDITING STANDARDS.**

Clay Township  
Muskingum County  
9375 Elks Run Road  
Roseville, Ohio 43777

To the Township Trustees:

We have audited, in accordance with auditing standards general accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of Clay Township, Muskingum County as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements and have issued our report thereon dated August 29, 2019, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered Clay Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. However, as described in the accompanying schedule of findings we identified certain deficiencies in internal control over financial reporting, that we consider material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or a combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. We consider Findings 2018-001, 2018-002, 2018-004, 2018-007 and 2018-008 described in the accompanying schedule of findings to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of internal control deficiencies less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider Findings 2018-003 and 2018-006 described in the accompanying schedule of findings to be significant deficiencies.

***Compliance and Other Matters***

As part of obtaining reasonable assurance about whether Clay Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance was not an objective of our audit and, accordingly, we do not express an opinion. The results of our tests disclosed seven instances of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as items 2018-001, 2018-002, 2018-003, 2018-004, 2018-005, 2018-007 and 2018-008.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Noncompliance/Material Weakness**

Ohio Revised Code Section 5705.38(A) states that on or about the first day of the fiscal year, an appropriation measure is to be passed. If the taxing authority wants to postpone the passage of an annual appropriation measure until an amended certificate is received from the County Budget Commission based on the actual year end balances, it may pass a temporary appropriation measure for meeting the ordinary expenses until April 1.

Ohio Revised Code Section 5705.41(B) states that no subdivision or taxing unit shall make any expenditure of money unless it has been properly appropriated.

For 2018, permanent appropriations were not filed until May 11, 2018, making them late.

For 2017, permanent appropriations were not approved in the minutes for nor were the appropriations filed with the County Auditor.

Without the benefit of a permanent appropriation resolution being approved in 2017; expenditures exceeded appropriations for all funds in 2017.

We recommend the Fiscal Officer ensure its annual appropriation resolution is passed in a timely manner. The annual appropriation resolution should be signed by the Board of Trustees and maintained by the Fiscal Officer or attached to the minutes and filed with the County Auditor. If the Board of Trustees pass a temporary appropriation measure, the measure should provide detail such as fund, function and object and amount and signed copies should be maintained by the Fiscal Officer and presented for audit. Also, the Fiscal Officer should deny requests for payments when appropriations are not available.

Ohio Revised Code Section 5705.41 (B) states no subdivision or taxing unit is to expend money unless it has been appropriated.

In 2017, all expenditures exceeded appropriation authority due to permanent appropriations were not passed for 2017.

In 2018, expenditures exceeded appropriation authority in the following fund: Fire Levy Fund by \$40,197.

We recommend the Board of Trustees compare expenditures versus appropriation authority throughout the year. Also, the Board of Trustees should not approve expenditures greater than appropriations. This can result in the Township spending more money than it appropriated and could cause possible negative fund balances.

**Noncompliance/Significant Deficiency**

Ohio Rev. Code Section 5705.39 states, in part, that total appropriations from each fund shall not exceed the total estimated resources. No appropriation measure is effective until the county auditor files a certificate that the total appropriations from each fund do not exceed the total official estimate or amended official estimate.

In 2018, appropriations exceeded estimated resources in the following fund: General Fund by \$56,165.

We recommend the Township Fiscal Officer and Board of Trustees compare appropriations to estimated resources on a monthly basis to verify that appropriations do not exceed estimated resources.

**Noncompliance/Material Weakness**

Ohio Rev. Code Section 5705.10 states, that money paid into a fund must be used only for the purposes for which such fund has been established. As a result, a negative fund balance indicates that money from one fund was used to cover the expenses of another fund. As of December 31, 2018 the General Fund had a negative fund balance of \$(26,777) and as of December 31, 2017 \$(40,721).

**Noncompliance**

Ohio Revised Code Section 5705.41(D) prohibits a subdivision or taxing authority from making any contract or ordering any expenditure of money unless a certificate signed by the fiscal officer is attached thereto. The fiscal officer must certify that the amount required to meet any such contract or expenditure has been lawfully appropriated and is in the treasury, or is in the process of collection to the credit of an appropriate fund free from any previous encumbrance.

There are several exceptions to the standard requirement stated above that a fiscal officer's certificate must be obtained prior to a subdivision or taxing authority entering into a contract or order involving the expenditure of money. The main exceptions are: "then and now" certificates, blanket certificates and super blanket certificates, which are provided for in Sections 5705.41(D)(1) and 5705.41(D)(3), respectively, of the Ohio Revised Code.

- If the fiscal officer can certify that both at the time that the contract or order was made ("then") and at the time that the fiscal officer is completing the certification ("now"), that sufficient funds were available or in the process of collection, to the credit of a proper fund, properly appropriated and free from any previous encumbrance, the Township can authorize the drawing of a warrant for the payment of the amount due. The Township has 30 days from the receipt of the "then and now" certificate to approve payment by ordinance or resolution. Amounts less than \$3,000 may be paid by the fiscal officer without a resolution or ordinance upon completion of the "then and now" certificate, provided that the expenditure is otherwise lawful. This does not eliminate any otherwise applicable requirement for approval of the expenditures by the Township.
- Blanket Certificates. Fiscal officers may prepare "blanket" certificates if the Township has approved their use and established maximum amounts.
- Super Blanket Certificates. The Township may also make expenditures and contracts for any amount from a specific line item appropriation account in a specified fund upon certification of the fiscal officer for most professional services, fuel, oil, food items, and any other specific recurring and reasonable predictable operation expense. This certification is not to extend beyond the current year. More than one so-called "super blanket" certificate may be outstanding at a particular time for any line item appropriation.

The Township did not certify the availability of funds prior to the purchase commitment for 53% of expenditures tested. For these item the Township also did not prepare blanket certificates, super blankets certificates or then and now certificates in accordance with the Ohio Revised Code. Failure to properly certify the availability of funds can result in overspending funds and negative cash fund balances.

We recommend the Township certify purchases to which Section 5705.41(D) applies. The most convenient certification method is to use purchase orders that include the certification language 5705.41(D) requires to authorize disbursements. The Fiscal Officer should sign the certification at the time the Township incurs a commitment and only when the requirements of 5705.41(D) are satisfied. The Fiscal Officer should post approved purchase commitments to the proper code, to reduce available appropriations.

**Significant Deficiency**

All local public offices shall maintain an accounting system and accounting records sufficient to enable the public officer to identify, assemble, analyze, classify, record and report its transactions, maintain accountability for the related assets, document compliance with finance-related legal and contractual requirements and prepare financial statements.

During our review of the financial statements for 2018, we noted the following reclassifications:

- Disbursements in the amount of \$127,579 and \$20,544, respectively in the Gasoline Tax Fund and the Road & Bridge Funds were reclassified to Public Works instead of Public Safety.

During our review of the financial statements for 2017, we noted the following reclassifications:

- Disbursements in the amount of \$46,168 and \$24,470, respectively in the Gasoline Tax Fund and the Road & Bridge Funds were reclassified to Public Works instead of Public Safety.
- Receipts totaling \$6,361 were reclassified from Other Financing Sources to Miscellaneous Receipts in the General Fund.

These reclassifications to which management agrees have been posted to the Township's financial statements and records.

We recommend the Fiscal Officer exercise additional care when preparing the year-end financial statements. The Ohio Township handbook is an available resource to use as a guide for classification of receipts and disbursements.

Throughout the period, several instances of incomplete voucher packages were found when testing disbursements. The voucher package should include a check stub, invoice, and a reference to the purchase order. During testing, there were incomplete packages that caused us to have to perform additional audit procedures to verify the expenditures. We recommend that due care should be taken to ensure completeness of the records related to the disbursement.

**Noncompliance and Material Weakness**

Ohio Admin Code Section 117-2-02(C)(1) states that all local offices should integrate the budgetary accounts at the legal level of control or lower, into the financial accounting system. This means designing an accounting system to provide ongoing and timely information on unrealized budgetary receipts and remaining uncommitted balances of appropriations.

The Fiscal Officer did not post the amounts of appropriations as approved by the Trustees or the amounts of estimated resources as certified by the County Budget Commission to the ledgers.

As the appropriation resolution and subsequent amendments establish the legal spending authority of the Township and the appropriation ledger provides the process by which the Township controls spending, it is necessary that the amounts appropriated by the Trustees are precisely stated and accurately posted to the appropriation ledger.

As the original certificate and amendments establish the amounts available for expenditures in the Township and the receipt ledger provides the process by which the Township controls what is available, it is necessary that the amounts estimated by the County Budget Commission are posted accurately to the receipts ledger.

Failure to accurately post the appropriations and estimated resources to the ledgers could result in overspending and negative fund balances.

We recommend that appropriations and estimated resources be posted to the appropriation ledger and receipts ledger, accordingly and review budget versus actual information throughout the year, to enable the Township have accurate information when making financial decisions.
