We have reviewed the *Independent Auditor's Report* of Flatrock Township, Henry County, prepared by Perry & Associates, Certified Public Accountants, A.C., for the audit period January 1, 2017 through December 31, 2018. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Flatrock Township is responsible for compliance with these laws and regulations.

INDEPENDENT AUDITOR'S REPORT

June 25, 2019

Flatrock Township
Henry County
J232 County Road 14
Napoleon, OH 43545

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of **Flatrock Township**, Henry County, (the Township) as of and for the years ended December 31, 2018 and 2017.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

Opinion on Regulatory Basis of Accounting

In our opinion the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of Flatrock Township, Henry County as of December 31, 2018 and 2017, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 25, 2019, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

Flatrock Township
Henry County
Notes to the Financial Statements
For the Year Ended December 31, 2018

Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Flatrock Township, Henry County, (the Township) as a body corporate and politic. A publicly-elected three-member Board of Trustees directs the Township. The Township provides road and bridge maintenance, cemetery maintenance, fire protection and emergency medical services. The Township contracts with the Pleasant Township, Henry County to provide fire services and emergency medical services, to provide ambulance services.

Public Entity Risk Pools

The Township participates in a public entity risk pool. Note 6 to the financial statements provides additional information for this entity. The Township's management believes these financial statements present all activities for which the Township is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The Township's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types, and a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all proprietary and fiduciary fund types which are organized on a fund type basis.

Fund Accounting

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Township had the following significant Special Revenue Funds:

Gasoline Tax Fund The gasoline tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

Road and Bridge Fund The road and bridge fund accounts for and reports that portion of the State road and bridge tax restricted for maintenance and repair of roads and bridges within the Township.

Road and Bridge Special Levy Fund The road and bridge special levy fund receives property tax money for constructing, maintaining, and repairing the Township's roads and bridges.

Capital Project Funds These funds account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets. The Township had the following significant capital project funds:

Capital Project Funds (Continued)

Fire Department State Grants Fund The fire department state grants fund receives grants from the State of Ohio to purchase equipment for the Fire Department.

Fire Department Federal Grants Fund The fire department federal grants fund receives grants from the Federal government to purchase equipment for the Fire Department.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e. when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Budgetary Process

The Ohio Revised Code requires that each fund be budgeted annually.

Appropriations Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

Estimated Revenues Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2018 budgetary activity appears in Note 3.

Deposits and Investments

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Capital Assets

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

Note 2 – Summary of Significant Accounting Policies (Continued)

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2018 follows:

2018 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 55,716	\$ 56,110	\$ 394
Special Revenue	256,206	270,614	14,408
Capital Projects	242	240	(2)
Total	\$ 312,164	\$ 326,964	\$ 14,800

2018 Budgeted vs. Actual Budgetary Basis Expenditures			
Fund Type	Appropriation Authority	Budgetary Expenditures	Variance
General	\$ 266,136	\$ 68,077	\$ 198,059
Special Revenue	930,347	228,751	701,596
Capital Projects	2	0	2
Total	\$ 1,196,485	\$ 296,828	\$ 899,657

Note 4 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and homestead rollback deductions. The financial statements include these credits and deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

Note 5 – Deposits

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposit. The carrying amount of deposits at December 31 was follows:

	2018
Demand deposits	\$ 1,399,145
Total deposits	\$ 1,399,145

Deposits are insured by the Federal Deposit Insurance Corporation.

Henry County
Notes to the Financial Statements
For the Year Ended December 31, 2018

Note 6 – Risk Management

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2017, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Note 6 – Risk Management (Continued)

Financial Position

OTARMA’s financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2017 (the latest information available):

	2017
Assets	\$40,010,732
Liabilities	8,675,465
Net Position	\$31,335,267

At December 31, 2017 the liabilities above include approximately \$8.0 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,016 member governments in the future, as of December 31, 2017. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2018, the Township’s share of these unpaid claims collectible in future years is approximately \$5,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

2018 Contributions to OTARMA	
\$	11,920

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year’s contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

Note 7 – Defined Benefit Pension Plans

The Township’s employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan’s benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10% of their gross salaries and the Township contributed an amount equaling 14% of participants’ gross salaries. The Township has paid all contributions required through December 31, 2018.

Flatrock Township
Henry County
Notes to the Financial Statements
For the Year Ended December 31, 2018

Note 8 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2018. The portion of employer contributions allocated to healthcare for OPERS members in the member-directed plan was 4.0 during calendar year 2018.

The Township's accounting basis includes investments as assets. This basis does not record disbursements for investment purchases or receipts for investment sales. This basis records gains or losses at the time of sale as receipts or disbursements, respectively.

Capital Assets

The Township records disbursements for acquisitions of property, plant and equipment when paid. The accompanying financial statements do not report these items as assets.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

Note 2 – Summary of Significant Accounting Policies (Continued)

Fund Balance (Continued)

Restricted Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2017 follows:

2017 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$ 52,115	\$ 57,721	\$ 5,606

Note 4 – Property Taxes

Real property taxes become a lien on January 1 preceding the October 1 date for which the Council adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and homestead rollback deductions. The financial statements include these credits and deduction amounts the State pays as Intergovernmental Receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

Note 5 – Deposits

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposit. The carrying amount of deposits at December 31 was follows:

	<u>2017</u>
Demand deposits	<u>\$ 1,369,009</u>
Total deposits	<u><u>\$ 1,369,009</u></u>

Deposits are insured by the Federal Deposit Insurance Corporation.

Note 6 – Risk Management

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

Casualty and Property Coverage

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2017, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA’s financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2017:

	2017
Assets	\$40,010,732
Liabilities	8,675,465
Net Position	\$31,335,267

At December 31, 2017 the liabilities above include approximately \$8.0 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,016 member governments in the future, as of December 31, 2017. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2017, the Township’s share of these unpaid claims collectible in future years is approximately \$5,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

2017 Contributions to OTARMA	
\$	11,693

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year’s contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

Note 7 – Defined Benefit Pension Plans

The Township’s employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan’s benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10% of their gross salaries and the Township contributed an amount equaling 14% of participants’ gross salaries. The Township has paid all contributions required through December 31, 2017.

Note 8 – Postemployment Benefits

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the Traditional Pension Plan and Combined Plan was 1.0 percent during calendar year 2017.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

June 25, 2019

Flatrock Township
Henry County
J232 County Road 14
Napoleon, OH 43545

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of **Flatrock Township**, Henry County, (the Township) as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements and have issued our report thereon dated June 25, 2019, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of audit findings that we consider a material weakness. We consider finding 2018-001 to be a material weakness.

Compliance and Other Matters

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

We also noted certain matters not requiring inclusion in this report that we reported to the Township's management in a separate letter dated June 25, 2019.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

FINDING NUMBER 2018-001

Material Weakness

Posting Receipts and Classifications of Fund Balances

The Township is responsible for establishing procedures and controls to help prevent and detect errors in financial reporting. Fund balances should be classified based on Governmental Accounting Standards Board Statement No. 54 – Fund Balance Reporting and Governmental Fund Type Definitions.

During 2018 and 2017, receipts and fund balances were not always posted or classified correctly. The following posting errors were noted:

- Homestead Rollback receipts were improperly classified as Property Tax rather than Intergovernmental in 2017;
- The General Fund balance was classified as Unassigned when it should have been Assigned in 2017.

Not posting receipts or classifying fund balances accurately resulted in the financial statements requiring several reclassifications. The Financial Statements reflect all reclassifications.

To help ensure accuracy and reliability in the financial reporting process, we recommend management perform a detailed review of its draft financial statements. Such review should include procedures to ensure that all sources of revenues and fund balances are properly identified and classified on the financial statements.

We also recommend the Fiscal Officer refer to the Ohio Township Handbook for guidance to determine the proper establishment of receipt accounts and posting of receipts. The Fiscal Officer should refer to Auditor of State Technical Bulletin 2011-004 for assistance in properly classifying fund balances.

Management's Response – We did not receive a response from officials to this finding.
