## INDEPENDENT AUDITOR'S REPORT

New London Township  
Huron County  
5335 Section Line Road 121  
New London, Ohio 44851-9457

To the Board of Trustees:

### ***Report on the Financial Statements***

We have audited the accompanying financial statements of the cash balances, receipts and disbursements by fund type, and related notes of New London Township, Huron County, Ohio (the Township) as of and for the years ended December 31, 2018 and 2017.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for preparing and fairly presenting these financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Township's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Township's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 2 of the financial statements, the Township prepared these financial statements using the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements.

Although the effects on the financial statements of the variances between the regulatory accounting basis and GAAP are not reasonably determinable, we presume they are material.

Though the Township does not intend these statements to conform to GAAP, auditing standards generally accepted in the United States of America require us to include an adverse opinion on GAAP. However, the adverse opinion does not imply the amounts reported are materially misstated under the accounting basis Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit. Our opinion on this accounting basis is in the *Opinion on Regulatory Basis of Accounting* paragraph below.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2018 and 2017, and the respective changes in financial position thereof for the years then ended.

***Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements by fund type, and related notes of New London Township, Huron County, Ohio as of December 31, 2018 and 2017, for the years then ended in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit, described in Note 2.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 10, 2019, on our consideration of the Township's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

**Note 1 – Reporting Entity**

The constitution and laws of the State of Ohio establish the rights and privileges of New London Township, Huron County, Ohio (the Township) as a body corporate and politic. A publicly elected three-member Board of Trustees directs the Township. The Township provides general government services, road and bridge maintenance, and cemetery maintenance. The Township contracts with the Village of New London to provide fire services.

***Public Entity Risk Pool***

The Township participates in the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool that provides property and casualty coverage for its members. Note 6 to the financial statements provides additional information for this entity.

The Township's management believes these financial statements present all activities for which the Township is financially accountable.

**Note 2 – Summary of Significant Accounting Policies**

***Basis of Presentation***

The Township's financial statements consist of a combined statement of receipts, disbursements, and changes in fund balances (regulatory cash basis) for all governmental fund types which is organized on a fund type basis.

***Fund Accounting***

The Township uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the Township are presented below:

***General Fund*** The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of Ohio.

***Special Revenue Funds*** These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes. The Township had the following significant Special Revenue Funds:

***Gasoline Tax Fund*** The gasoline tax fund accounts for and reports that portion of the State gasoline tax restricted for maintenance and repair of roads within the Township.

***Road and Bridge Fund*** The road and bridge fund receives property tax money for constructing, maintaining, and repairing Township road and bridges.

***Basis of Accounting***

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Rev. Code Section 117.38 and Ohio Admin. Code Section 117-2-03 (D). This basis is similar to the cash receipts and disbursements accounting basis. The Township recognizes receipts when received in cash

rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Rev. Code Section 117.38 and Ohio Admin. Code Section 117-2-03 (D) permit.

***Budgetary Process***

The Ohio Revised Code requires each fund be budgeted annually.

***Appropriations*** Budgetary expenditures (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function, or object level of control, and appropriations may not exceed estimated resources. The Board of Trustees must annually approve appropriation measures and subsequent amendments. Appropriations lapse at year-end.

***Estimated Resources*** Estimated resources include estimates of cash to be received (budgeted receipts) plus cash as of January 1. The County Budget Commission must approve estimated resources.

***Encumbrances*** The Ohio Revised Code requires the Township to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year-end are canceled, and reappropriated in the subsequent year.

A summary of 2018 budgetary activity appears in Note 3.

***Capital Assets***

The Township records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

***Fund Balance***

Fund balance is divided into five classifications based primarily on the extent to which the Township must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

***Nonspendable*** The Township classifies assets as *nonspendable* when legally or contractually required to maintain the amounts intact.

***Restricted*** Fund balance is *restricted* when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

***Committed*** Trustees can *commit* amounts via formal action (resolution). The Township must adhere to these commitments unless the Trustees amend the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

**New London Township**  
*Huron County*  
*Notes to the Financial Statements*  
*For the Year Ended December 31, 2018*

**Assigned** Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. Governmental funds other than the general fund report all fund balances as *assigned* unless they are restricted or committed. In the general fund, *assigned* amounts represent intended uses established by Township Trustees or a Township official delegated that authority by resolution, or by State Statute.

**Unassigned** Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Township applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

**Note 3 – Budgetary Activity**

Budgetary activity for the year ended December 31, 2018 follows:

2018 Budgeted vs. Actual Receipts			
Fund Type	Budgeted Receipts	Actual Receipts	Variance
General	\$41,112	\$44,958	\$3,846

Total	\$215,673	\$227,784	\$12,111

Total	\$456,248	\$170,188	\$286,060

**Note 4 – Deposits**

The Township maintains a deposit pool all funds use. The Ohio Revised Code prescribes allowable deposits and investments. The carrying amount of deposits at December 31 was as follows:

Demand deposits	2018 \$304,800
Certificates of deposit	140,196
Total deposits	\$444,996

Deposits are insured by the Federal Deposit Insurance Corporation or collateralized by securities specifically pledged by the financial institution to the Township.

**Note 5 – Property Taxes**

Real property taxes become a lien on January 1 preceding the October 1 date for which the Trustees adopted tax rates. The State Board of Tax Equalization adjusts these rates for inflation. Property taxes are also reduced for applicable non-business, owner occupancy, and homestead exemption credits and/or homestead and rollback deductions. The financial statements include these credits and/or deduction amounts the State pays as intergovernmental receipts. Payments are due to the County by December 31. If the property owner elects to pay semiannually, the first half is due December 31. The second half payment is due the following June 20.

Public utilities are also taxed on personal and real property located within the Township.

The County is responsible for assessing property, and for billing, collecting, and distributing all property taxes on behalf of the Township.

**Note 6 – Risk Management**

***Risk Pool Membership***

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

**Casualty and Property Coverage**

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2017 (the latest information available), OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

Financial Position

OTARMA’s financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2017 (the latest information available).

	<b>2017</b>
Assets	\$40,010,732
Liabilities	8,675,465
Net Position	\$31,335,267

At December 31, 2017 the liabilities above include approximately \$8.0 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,016 member governments in the future, as of December 31, 2017 (the latest information available). These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2017 (the latest information available), the Township’s share of these unpaid claims collectible in future years is approximately \$1,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

<b>2018 Contributions to OTARMA</b>
\$2,826

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year’s contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**Note 7 – Defined Benefit Pension Plan**

***Ohio Public Employees Retirement System***

The Township’s employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan’s benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries and the Township contributed an amount equaling 14 percent of participants’ gross salaries. The Township has paid all contributions required through December 31, 2018.

*Huron County*

**Note 8 – Postemployment Benefits**

OPERS offers cost-sharing, multiple-employer defined benefit postemployment plans, which include multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 0 percent during calendar year 2018. The portion of employer contributions allocated to health care for OPERS members in the member-directed plan was 4.0 percent during calendar year 2018.

**Note 9 – Debt**

Debt outstanding at December 31, 2018 was as follows:

	Principal	Interest Rate
Ohio Public Works Commission Loan CT30R	\$59,909	0.00%

The Ohio Public Works Commission (OPWC) CT30R loan relates to Greenwich East Town Line Road 79 Improvements Phase II. The Township will repay the loan in semiannual installments of \$1,683 through the year 2036.

***Amortization***

Amortization of the above debt is scheduled as follows:

**Note 6 – Risk Management**

***Risk Pool Membership***

The Township is exposed to various risks of property and casualty losses, and injuries to employees.

The Township insures against injuries to employees through the Ohio Bureau of Worker's Compensation.

The Township belongs to the Ohio Township Association Risk Management Authority (OTARMA), a risk-sharing pool available to Ohio townships. OTARMA provides property and casualty coverage for its members. York Risk Pooling Services, Inc. (formally known as American Risk Pooling Consultants, Inc.) (York or Management), functions as the administrator of the Pool and provides underwriting claims, loss control, risk management, and reinsurance services for the Pool. Member governments pay annual contributions to fund OTARMA. OTARMA pays judgments, settlements and other expenses resulting from covered claims that exceed the members' deductibles.

**Casualty and Property Coverage**

The Pool is a member of American Public Entity Excess Pool (APEEP), which is also administered by York. APEEP provides the Pool with an excess risk-sharing program. Under this arrangement, OTARMA retains insured risks up to an amount specified in the contracts. At December 31, 2017, OTARMA retained \$350,000 for casualty claims and \$250,000 for property claims.

The aforementioned casualty and property reinsurance agreement does not discharge OTARMA's primary liability for claims payments on covered losses. Claims exceeding coverage limits are the obligation of the respective government.

*Notes to the Financial Statements*  
*For the Year Ended December 31, 2017*

Financial Position

OTARMA’s financial statements (audited by other accountants) conform with generally accepted accounting principles, and reported the following assets, liabilities and retained earnings at December 31, 2017.

	<b>2017</b>
Assets	\$40,010,732
Liabilities	8,675,465
Net Position	\$31,335,267

At December 31, 2017 the liabilities above include approximately \$8.0 million of estimated incurred claims payable. The assets above also include approximately \$6.9 million of unpaid claims to be billed to approximately 1,016 member governments in the future, as of December 31, 2017. These amounts will be included in future contributions from members when the related claims are due for payment. As of December 31, 2017, the Township’s share of these unpaid claims collectible in future years is approximately \$1,000.

Based on discussions with OTARMA, the expected rates OTARMA charges to compute member contributions, which are used to pay claims as they become due, are not expected to change significantly from those used to determine the historical contributions detailed below. By contract, the annual liability of each member is limited to the amount of financial contributions required to be made to OTARMA for each year of membership.

<b><u>2017 Contributions to OTARMA</u></b>
\$3,002

After one year of membership, a member may withdraw on the anniversary of the date of joining OTARMA, if the member notifies OTARMA in writing 60 days prior to the anniversary date. Upon withdrawal, members are eligible for a full or partial refund of their capital contributions, minus the subsequent year’s contribution. Withdrawing members have no other future obligation to the pool. Also upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim occurred or was reported prior to the withdrawal.

**Note 7 – Defined Benefit Pension Plan**

***Ohio Public Employees Retirement System***

The Township’s employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan’s benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10 percent of their gross salaries and the Township contributed an amount equaling 14 percent of participants’ gross salaries. The Township has paid all contributions required through December 31, 2017.

The portion of employer contributions allocated to health care for OPERS members in the traditional pension plan and combined plan was 1 percent during calendar year 2017.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

New London Township  
Huron County  
5335 Section Line Road 121  
New London, Ohio 44851-9457

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the cash balances, receipts, and disbursements by fund type of New London Township, Huron County, Ohio (the Township) as of and for the years ended December 31, 2018 and 2017, and the related notes to the financial statements and have issued our report thereon dated July 10, 2019, wherein we noted the Township followed financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(D) permit.

***Internal Control Over Financial Reporting***

As part of our financial statement audit, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the Township's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Township's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings that we consider a material weakness. We consider finding 2018-001 to be a material weakness.

***Compliance and Other Matters***

As part of reasonably assuring whether the Township's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial

statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

***Township's Response to Finding***

The Township's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not subject the Township's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

***Purpose of this Report***

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

**SCHEDULE OF FINDINGS  
DECEMBER 31, 2018 AND 2017**

<b>FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS</b>
--

**FINDING NUMBER 2018-001**

**Material Weakness - Financial Reporting**

In our audit engagement letter, as required by AU-C Section 210, Terms of Engagement, paragraph .06, management acknowledged its responsibility for the preparation and fair presentation of their financial statements; this responsibility includes designing, implementing and maintaining internal control relevant to preparing and fairly presenting financial statements free from material misstatement, whether due to fraud or error as discussed in AU-C Section 210 paragraphs .A14 & .A16.

Special Revenue Fund Type restricted fund balance in the amount of \$119,121 was reclassified to committed in accordance with the provisions of Government Accounting Standards Board Statement No. 54 (GASB Cod 1800.165 - .179) for the year ended December 31, 2018.

We also identified the following errors requiring adjustment to the financial statements and/or notes to the financial statements for the year ended December 31, 2017:

- General Fund and Special Revenue Fund Type budgeted receipts were decreased in the amounts of \$7,650 and \$13,506, respectively, in order to bring amounts reported in the notes to the financial statements in line with authorized budget amounts; and
- Special Revenue Fund Type restricted fund balance in the amount of \$127,084 was reclassified to committed in accordance with the provisions of Government Accounting Standards Board Statement No. 54 (GASB Cod 1800.165 - .179).

These errors were not identified and corrected prior to the Township preparing its financial statements and notes to the financial statements due to deficiencies in the Township's internal controls over financial statement monitoring. The accompanying financial statements, notes to the financial statements, and where applicable, the Township's accounting records have been adjusted to reflect these changes. Additional errors in smaller relative amounts were also noted for the years ended December 31, 2018 and 2017.

To help ensure the Township's financial statements and notes to the financial statements are complete and accurate, the Township should adopt policies and procedures, including a final review of the statements and notes to the financial statements by the Fiscal Officer and Trustees to help identify and correct errors and omissions. The Fiscal Officer can refer to Auditor of State Bulletin 2011-004 at the following website address for information on Governmental Accounting Standards Board Statement No. 54: <http://www.ohioauditor.gov/publications/bulletins/2011/2011-004.pdf>.

**Officials' Response:**

We are working on making all the necessary corrections to fix the issues found during this audit to become more financially compliant with the State of Ohio Auditor's rules, regulations, policies and procedures.
