Independent Accountants' Report on Applying Agreed-Upon Procedures

Ohio Department of Medicaid
50 West Town Street, Suite 400
Columbus, Ohio 43215

RE: Erin D. Ribo, C.N.P. NPI: 1225000920
Program Year 4: Meaningful Use Stage 2 Year 4

We have performed the procedures enumerated below, which were agreed to by the Ohio Department of Medicaid (ODM), on Ms. Ribo's (hereafter referred to as the Provider) compliance with the requirements of the Medicaid Provider Incentive Program (MPIP) for the year ended December 31, 2016. The Provider is responsible for compliance with the MPIP requirements. The sufficiency of these procedures is solely the responsibility of ODM. Consequently, we make no representation regarding the sufficiency of the procedures enumerated below either for the purpose for which this report has been requested or for any other purpose.

1. We obtained the Provider's encounters during the patient volume attestation period. We scanned the list and found no duplicate encounters. We could not perform the procedure to scan the list for multiple payer sources as the list only designated Medicaid encounters and did not identify the other types of encounters.
2. We recalculated the Medicaid patient volume from the encounters identified in procedure 1 and confirmed the Provider met the 30 percent patient volume requirement.
3. We found that the location where the Provider worked was using a newer version of the electronic health record (EHR) software reported in the MPIP system. We found that the newer version of the EHR software was approved by the Office of the National Coordinator of Health IT.
4. We obtained the Provider's equipped practice locations during the meaningful use period. We found only one equipped practice location and compared it to the locations included in the meaningful use report. We found no exception.
5. We obtained supporting documentation for the 10 objectives and compared it to the applicable criteria. We found Objectives 1, 2 and 10 did not meet the applicable criteria as we received no supporting documentation.

We could not perform a scan of the detailed data for those measures that require only unique patients be counted, as the Provider did not provide any unique patient data.

6. We did not perform the procedure to obtain supporting documentation for the clinical quality measures and compared it to the applicable criteria as we received no supporting documentation from the provider.

Independent Accountants' Report on
Applying Agreed-Upon Procedures

This agreed-upon procedures engagement was conducted in accordance with the American Institute of Certified Public Accountants' attestation standards. We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on the Provider's compliance with the requirements of the Medicaid Provider Incentive Program. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported.

This report is intended solely for the information and use of the Provider and the ODM, and is not intended to be, and should not be used by anyone other than the specified parties.
