Stark Area Regional Transit Authority

Notes to the Schedule of Expenditures of Federal Awards

For the Year Ended December 31, 2018

Note A: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Stark Area Regional Transit Authority (the Authority's) under programs of the federal government for the year ended December 31, 2018. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

Note B: Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

For purposes of the Schedule, federal awards include all grants, contracts, loans, and loan guarantee agreements entered into directly and indirectly (passed-through) between the Authority and agencies and departments of the federal government.

Note C: Indirect Cost Rate

The Authority has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note D: Subrecipients

The Authority passes certain federal awards received from the United States Department of Transportation to other governments or not-for-profit agencies (subrecipients). As Note B describes, the Authority reports expenditures of federal awards to subrecipients on the accrual basis.

As a pass-through entity, the Authority has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

During 2018, the Authority provided \$264,335 of the Enhanced Mobility for Seniors and Individuals with Disabilities grant to subrecipients.

Note E: Matching Requirements

Certain Federal programs require the Authority to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The Authority has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Stark Area Regional Transit Authority
Stark County
1600 Gateway Blvd. SE
Canton, Ohio 44707

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the Stark Area Regional Transit Authority, Stark County, (the Authority) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements and have issued our report thereon dated June 28, 2019 wherein, we noted the Authority adopted Government Accounting Standards Board Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension*.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Authority's internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Authority's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Authority's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed instances of noncompliance or other matters we must report under *Government Auditing Standards* which are described in the accompanying schedule of findings as items 2018-001 and 2018-002.

Authority's Response to Findings

The Authority's responses to the findings identified in our audit are described in the accompanying schedule of findings and / or corrective action plan. We did not subject the Authority's responses to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Stark Area Regional Transit Authority
Stark County
1600 Gateway Blvd. SE
Canton, Ohio 44707

To the Board of Trustees:

Report on Compliance for each Major Federal Program

We have audited Stark Area Regional Transit Authority's (the Authority) compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect the Stark Area Regional Transit Authority's major federal program for the year ended December 31, 2018. The *Summary of Auditor's Results* in the accompanying schedule of findings identifies the Authority's major federal program.

Management's Responsibility

The Authority's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the Authority's compliance for the Authority's major federal program based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on the Authority's major program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on the Major Federal Program

In our opinion, Stark Area Regional Transit Authority complied, in all material respects with the compliance requirements referred to above that could directly and materially affect its major federal program for the year ended December 31, 2018.

Report on Internal Control Over Compliance

The Authority's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the Authority's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of Stark Area Regional Transit Authority (the Authority) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements. We issued our unmodified report thereon dated June 28, 2019. Our opinion also explained that the Authority adopted *Governmental Accounting Standard No. 75* during the year. We conducted our audit to opine on the Authority's basic financial statements as a whole. The accompanying schedule of expenditures of federal awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

DECEMBER 31, 2018**

1. SUMMARY OF AUDITOR'S RESULTS

(d)(1)(i)	Type of Financial Statement Opinion	Unmodified
(d)(1)(ii)	Were there any material weaknesses in internal control reported at the financial statement level (GAGAS)?	No
(d)(1)(ii)	Were there any significant deficiencies in internal control reported at the financial statement level (GAGAS)?	No
(d)(1)(iii)	Was there any reported material noncompliance at the financial statement level (GAGAS)?	Yes
(d)(1)(iv)	Were there any material internal control weaknesses reported for major federal programs?	No
(d)(1)(iv)	Were there any significant deficiencies in internal control reported for major federal programs?	No
(d)(1)(v)	Type of Major Programs' Compliance Opinion	Unmodified
(d)(1)(vi)	Are there any reportable findings under 2 CFR §200.516(a)?	No
(d)(1)(vii)	Major Programs (list):	Federal Transit Cluster (CFDA 20.507 and 20.526)
(d)(1)(viii)	Dollar Threshold: Type A/B Programs	Type A: > \$ 750,000 Type B: all others
(d)(1)(ix)	Low Risk Auditee under 2 CFR §200.520?	No

**2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS
 REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS**

Chief Executive Officer Overpayment Repaid Under Audit

<i>Finding Number</i>	2018-001
-----------------------	----------

NONCOMPLIANCE

Section 6 of the Employment Agreement between the Stark Area Regional Transit Authority (SARTA) and Kirt W. Conrad, Chief Executive Officer, provides Mr. Conrad shall receive an annual salary, effective September 1, 2017, at the rate of \$130,000. Section 7 of the Employment Agreement between SARTA and Kirt W. Conrad, Chief Executive Officer, provides Mr. Conrad shall receive an annual salary, effective September 1, 2018, at the rate of \$160,000. During 2018, Mr. Conrad should have been paid a salary of \$139,230.80, calculated as follows:

Salary	Pay Periods in a Year	Bi-Weekly Rate	Term	Pay Periods During Term	Salary During Term
\$130,000.00	26	\$5,000.00	January 1, 2018 – August 30, 2018	18	\$90,000.00
\$160,000.00	26	\$6,153.85	September 1, 2018 – December 31, 2018	8	\$49,230.80
					\$139,230.80

However, due to an error in the retro-payments, Mr. Conrad was paid a salary of \$140,130.05 during 2018. As a result, Mr. Conrad was overpaid \$899.

In accordance with the foregoing facts and pursuant to Ohio Rev. Code § 117.28, a Finding for Recovery for public monies illegally expended is hereby issued against Kirt W. Conrad in the amount of \$899, and in favor of the Stark Area Regional Transit Authority Enterprise Fund, in the amount of \$899.

As of June 28, 2019, \$899 has been received from Kirt Conrad through payroll deduction.

SARTA should ensure the Chief Executive Officer's salary is paid in accordance with Employment Agreements.

Official's Response:

The overpayment was due to an error in calculation of payroll payments. We are reviewing our procedures to make sure that an error such as this can be prevented or identified and corrected sooner. Revised procedures include having any mid-year salary or other change in payroll go through a two-step review process.

Chief Operating Officer Overpayment Repaid Under Audit

<i>Finding Number</i>	2018-002
-----------------------	----------

NONCOMPLIANCE

On June 25, 2014, the Board of Trustees approved Resolution No. 19, 2014, establishing the revisions to the salary range chart levels and said levels were to remain in effect for two years until 2015. The Board of Trustees did not approve another revision to the Salary range chart levels until March 28, 2018. On March 28, 2018 the Board of Trustees approved Resolution No.18, accepting revisions to the salary chart range, as submitted in an attachment, and said levels were to remain in effect for two years until 2020. As a result, the salary range chart levels approved through Resolution No. 19, 2014 were in effect from June 25, 2014 through March 27, 2018 and the salary range chart levels approved through resolution No. 18 were in effect from March 28, 2018 through December 31, 2018. The upper salary range level for directors approved in Resolution No. 19-2014 and Resolution No. 18, 2018 was \$90,000. The Chief Executive Officer approved Mark Finnicum, Chief Operating Officer's payroll advice form which indicated Mr. Finnicum was to be paid a salary of \$94,048 for 2018. During 2018, Mr. Finnicum was paid a salary of \$94,004. As a result, Mr. Finnicum was overpaid \$4,004.

In accordance with the foregoing facts and pursuant to Ohio Rev. Code § 117.28, a Finding for Recovery for public monies illegally expended is hereby issued against Mark Finnicum in the amount of \$4,004, and in favor of the Stark Area Regional Transit Authority Enterprise Fund, in the amount of \$4,004.

As of June 27, 2019, \$4,004 has been received from the Ohio Transit Risk Pool on check # 25382 dated June 25, 2019.

The Authority should ensure the Chief Operating Officer's salary is paid in accordance with Board of Trustee resolutions.

Official's Response:

The Finding for Recovery for overpayment was premised upon an error in revising the Salary Range Chart applicable to the Chief Operating Officer. The error was due to a transition in the executive staff of SARTA which occurred when the Salary Range Chart was to be updated. The SARTA Board of Trustees passed a resolution in the applicable audit year to revise the Salary Range Chart, but the attachment to the resolution contained a clerical error. The attachment to the resolution had been prepared by a SARTA employee who terminated employment in the days following the meeting. Due to the transition, the attachment to the resolution was not reviewed and the clerical error not corrected. The error resulted in a payment to the Chief Operating Officer in an amount equal to the applicable employment agreement but, in excess of the Salary Range Chart. [The Board of Trustees subsequently passed a resolution revising the salary range chart for years 2018 and forward, showing their intent to have revised the Salary Range Chart effective in the applicable audit year. The resolution was not considered to have corrected the prior clerical error.] We are reviewing our transition procedures to ensure that an error such as this can be prevented or identified and corrected sooner.

Mr. Ron Macala, President
SARTA Board of Trustees
Members of Board of Trustees
And Residents of Stark County, Ohio

State law requires that every transit authority publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2018.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

This report is presented in three sections:

The **INTRODUCTORY SECTION** consists of the title page, the table of contents, this letter of transmittal, which includes a map of the municipalities of Stark County, Ohio, organizational chart, prior year GFOA certificate and a listing of the members of the Board of Trustees and management of SARTA.

The **FINANCIAL SECTION** contains the Independent Auditor's Report, comparative basic financial statements and the notes to financial statements. The notes to financial statements are an integral part of the basic financial statements. Readers are directed to the Management Discussion and Analysis, also included in this section.

The **RSI SECTION** contains the schedule of the Authority's proportionate share of net pension liability, net pension asset, and net OPEB liability for the last ten years.

The **STATISTICAL SECTION** consists of financial and economic information that is useful for indicating trends for comparative fiscal periods.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Stark Area Regional Transit Authority ("SARTA" or the "Authority") for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2017. This was the Authority's fifteenth consecutive year the agency earned this prestigious award. In order to be awarded a Certificate of Achievement, a government agency must publish an easily readable and organized CAFR

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

adhering to the highest standards in government accounting and financial reporting. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for a certificate for the year ended December 31, 2018.

Stark County, Ohio

Established: Act – February 13, 1808
Land Area: 576.2 sq. miles
County Seat: Canton City

Stark County is located in the northeastern portion of the State of Ohio and was named in honor of General John Stark who served in the Revolutionary War.

The County consists of nineteen municipalities (cities and villages) and seventeen townships. The seat of the county government is the City of Canton.

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

Reporting Entity Profile

General

SARTA services an area of 576.2 square miles and a population base of 375,586, 2018 Census estimate, was created in 1997 with the passage of Issue 2. SARTA is a political subdivision, enjoying all the rights and privileges accorded political subdivisions. SARTA was created pursuant to Section 306.30 through 306.711 of the Ohio Revised Code for the purpose of providing public transportation in the Stark County, Ohio area.

As the public transit authority for Stark County, SARTA offers a variety of services to meet transit needs within the community. SARTA provided over 2.4 million rides in Stark County during 2018 through Fixed Route, Proline and Medline Services, Paratransit Curb-to-Curb service for individuals with disabilities, shuttle service for special events that pose unusual transit challenges for the community, “community coach” services for senior citizens and the disabled living in assisted care and other facilities, and services providing connections between other transit providers. Our goal is to ensure that Stark County residents, including disabled individuals, seniors, veterans, employees and students, have access to a quality transportation system that is both reliable and affordable.

Mission Statement

SARTA is committed to enhancing the quality of life for our community by providing efficient, affordable and sustainable mobility options for Stark County.

Management - Board of Trustees

The nine member Board of Trustees are appointed by the Stark County Commissioners, Mayor of Alliance, Mayor of Canton, Mayor of Massillon and Stark Council of Government (SCOG). Board membership is appropriated as follows: City of Alliance, 1 member; City of Canton, 3 members; City of Massillon, 1 member; SCOG, 2 members; Stark County Commissioners, 2 members.

The Board of Trustees supervise the operations of the agency and sets policies for the day-to-day operations. They approve the annual budget, hire the Executive Director, and authorize the sales tax levy to be submitted to the voters, which provides for approximately 74 percent of the operating funds for SARTA. In October of 2018, the Board adopted the new vision for SARTA as an overall guide for the Authority. SARTA will accomplish this by:

1. Operating within budget and in a financially responsible manner
2. Enhancing quality of life through personal independence
3. Offering mobility options to meet the diverse needs of the public
4. Creating an environment supporting professional development to ensure a dynamic workforce operating according to the highest ethical standards
5. Continuing our efforts to utilize alternative energy sources for our fleet and facility

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

Administration

The Authority's CEO, appointed by the Board, directs the Authority's administration, subject to the policies, procedures and supervision from the Board. An organizational chart that shows the key functional responsibilities is shown on page 16 of the introductory section.

Operations and Funding

On May 3, 2011, the voters of Stark County renewed the .25 percent sales tax levy until June of 2017. Stark County voters renewed the .25 percent sales tax levy in November of 2016 until June of 2027.

Facilities

Gateway – Main administration, garage and maintenance facility, 1600 Gateway Blvd. SE. The 96,000 square feet garage houses 47 Fixed buses, 53 Paratransit buses, 1 Trolley bus and 14 Support vehicles, 9 maintenance bays, 1 chassis bus wash, and 1 alignment lift.

Canton Cornerstone Transit Station – Renovated in 2010, Cornerstone is SARTA's downtown Canton intermodal facility located at 112 Cherry Ave. SE. Services include ticket sales, customer information, and passenger amenities. The facility also includes Barons Bus charter, a contractor for Greyhound, rental and tour service. Cornerstone provides connections to Greater Cleveland Regional Transit Authority and Akron METRO Regional Transit Authority.

Belden Village Transit Station – Belden Village Station, 4700 Whipple Ave. NW, was opened in 2012. Services include ticket sales, customer information, passenger amenities and also provides connection to Greater Cleveland Regional Transit Authority and Akron METRO Regional Transit Authority.

Massillon Transit Station – Renovated in 2011, Massillon Station, 41 S. Erie St. Services include ticket sales, customer information, passenger amenities and also provides connection to Greater Cleveland Regional Transit Authority and Akron METRO Regional Transit Authority.

Phyllis Beyers Alliance Transit Station – Built in 2008, located at 10 Prospect St. Services include ticket sales, customer information, passenger amenities and also provides connection to Greater Cleveland Regional Transit Authority and Akron METRO Regional Transit Authority.

Services

SARTA offers fixed route and demand response service in Stark County to provide reliable service to as many as possible in Stark County. These fixed routes operate over 20 hours and over 7,500 miles each day, Monday through Saturday. SARTA also operates express routes to Cleveland and Akron.

Ridership - In 2018, SARTA provided over 2,480,232 rides between Fixed Routes, Proline and Medline services. An increase of 56,714 rides or 2.34 percent from 2017. We mostly attribute this to aggressive ridership campaign and promotional program. In 2017, SARTA provided 2,423,518 rides.

Fixed Route Service - 47 fixed route buses operating over 20 hours a day from just before 5:30 am and finishing after 1:30 am, Monday through Saturday. The Fixed Route fleet covers an average of 7,100 miles a day with

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

service covering Alliance, Akron, Canton, Cleveland, Hartville, Jackson Township, Louisville, Massillon, North Canton and Uniontown. 79 percent of Stark County's population lives within a ½ mile of SARTA's fixed routes.

Proline Services – 53 Proline buses with service available countywide for customers who meet American with Disabilities Act (ADA) requirements. Proline operates over 20 hours a day from just before 5:30 am and finishing after 1:30 am, Monday through Saturday. In 2018, Proline services ran a total of 161,267 trips.

Medline Service - A free non-medical transportation service available for those with I/O and Level One Medicaid Waivers. Similar to Proline, it allows clients to use SARTA to make up to two non-medical transportation trips per day (up to 240 days) to Employment (including trips to Stark Developmental Disabilities Workshops and other private day services), Adult Day Support and Vocational Training.

GoLine – Provides an easy way for SARTA's Proline passengers, who have ADA disabilities and require origin to destination transportation, to schedule, change or cancel trips and receive reminders about upcoming Proline trips.

Pinpoint – SARTA began its advanced communications project. Pinpoint is a real-time GPS system for our Fixed Routes. Pinpoint enables riders to track buses, view schedules, plan trips in real time. This project allows passengers to receive a phone call when their bus is coming, schedule on line, or via-phone.

Veterans Services – SARTA's Route 4 offers free transportation for our Veterans - through the Veterans' Service Commission (VSC) to Wade Park Hospital for medical appointments, Demand Response Services for employment trips, Proline and Travel Training.

Local Economy

Stark County is located in the northeastern section of Ohio and is the 7th largest county in Ohio. Stark County is located in the Canton-Massillon metro area, crossroads of the Eastern and Midwestern U.S. markets. Stark County includes 17 townships and 19 municipalities (13 villages and 6 cities, the largest of which is the City of Canton, the County Seat, and the eighth largest city in the State). Strategically located in proximity to all modes of transportation including truck, railroad, and air. It is home to the Professional Football Hall of Fame, First Ladies National Historic Site, and the William McKinley Presidential Library and Museum. Six institutions of higher learning are located in Stark County as well as various cultural attractions. Stark County is known primarily for manufacturing. Business is moving forward into the new economy with a focus on companies in advanced manufacturing and new emerging technologies such as Fuel Cells, Wind Energy and Oil Shale exploration and development. In addition, the number and variety of national and international companies, such as Timken and Diebold, with facilities in Stark County, is also a testimony to the growing strength of the area's business environment.

The Stark County unemployment rate for 2018 was 5.2 percent¹ compared with State of Ohio's 4.8 percent and the national average of 3.9 percent.²

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

County Government

The Board of Stark County Commissioners is a body of three elected Commissioners. Commissioners are elected for four-year terms. Commissioners cannot act independently, but formal and official actions must be taken by a majority vote of the Board.

Commissioners are county governments' taxing, budgeting, appropriating, and purchasing authority, and hold title to all county property. The Board negotiates contracts, bargains with labor organizations, enacts policies to deliver public services, and oversees the specific County departments that serve under their authority. Commissioners other responsibilities include hearing and ruling on annexations, approving drainage improvements, establishing water and sewer districts, and providing for solid waste disposal.

The largest city of Stark County is the City of Canton, which has an elected mayor and City Council. The mayor enforces all city laws, manages the operations of the city and recommends legislative actions to City Council. City Council both introduce and vote on certain aspects of the City's needs and how to procure financing.

Population

Population in SARTA's principal service area since 1970 has been as follows³:

<u>YEAR</u>	<u>CANTON</u>	<u>STARK COUNTY</u>
1970	110,053	372,720
1980	93,077	378,823
1990	84,161	368,065
2000	80,806	378,097
2010	73,007	375,417
2011	72,795	375,087
2012	72,793	374,868
2013	72,535	375,895
2014	72,535	375,584
2015	72,297	375,165
2016	71,323	375,586
2017	70,909	372,542
2018	73,007	375,586

Employment

The following table shows comparative unemployment statistics for Stark County, the State of Ohio and the United States for the last five years⁴:

<u>YEAR</u>	<u>STARK COUNTY</u>	<u>OHIO</u>	<u>U.S.</u>
2014	4.6	4.7	5.6
2015	5.1	4.6	5.0
2016	5.2	5.0	4.7
2017	5.0	4.9	4.1
2018	5.2	4.8	3.9

Major Initiatives - 2018 in Review

Hydrogen Funding – SARTA was awarded over \$5.2 million dollars in 2018. The collaborative partnership with Federal Transit Administration (FTA) and the Environmental Protection Agency (EPA) has allowed SARTA to purchase up to 5 Hydrogen fixed and 5 Hydrogen paratransit buses by 2019. These will be the first Hydrogen paratransit in the U.S.A.

Borrow-A-Bus –SARTA’s borrow a bus program was launched in 2018 to provide the means by which transit agencies and transit dependent organizations in the United States can become more educated and familiar with Hydrogen Fuel Cell as a commercially and operationally viable option to meet their zero-emission transportation needs.

Renewable Hydrogen Collaboration – SARTA along with the Ohio State University Center for Automotive Research has collaborated to begin a roadmap to create Midwest regional advancement and adoption of hydrogen-powered, zero-emission vehicles in Midwestern public transit. This effort if successful could potentially lead to an estimated 65,000 new jobs in the Midwest region as the hydrogen economy continues to grow.

Enterprise Resource upgrade project - Microsoft Dynamics Great Plains 2016 R2 is SARTA’s Enterprise Resource Planning software. Upgrade to the software system allowed for better efficiency in workflow and functionality for SARTA’s users.

Travel Training – This program to assist individuals to learn to ride and utilize the fixed route system was expanded to include Pinpoint and GoLine. There are now three full-time travel trainers. During 2018, travel trainers trained 1,177 individuals.

5310 Program – SARTA as a designated recipient of Section 5310 program, has assisted in the Enhanced Mobility for seniors and people with disabilities. Along with collaborating with Stark County Transportation Study (SCATS), SARTA has helped agencies and others interested in improving the coordination of transportation services among agencies and private providers requiring or providing transportation services, through vehicle purchases and operating reimbursement.

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

Future Initiatives

Written public comment on the proposed Program of Projects was accepted by SARTA at the close of business on November 13th, 2018.

Comments received by the closing date were considered in preparing and carrying out the Program. A public hearing was scheduled for November 14, 2018 at 4:00 p.m. in the Executive Board Room at SARTA's headquarters located at 1600 Gateway Blvd SE in Canton.

The program became final and was submitted to the Federal Transit Administration (FTA) upon completion of the public participation process and agreed to by the Board of Trustees of SARTA.

PROPOSED
STARK AREA REGIONAL TRANSIT AUTHORITY
FISCAL YEAR 2018 PROGRAM OF PROJECTS
Total Funds Estimated for 2019 Projects \$26,604,950

Project	Total Budgeted Cost	Federal Share
Transit Enhancements	\$350,700	\$280,560
Safety/Security	\$225,000	\$204,000
Mahoning Corridor	\$1,160,458	\$1,160,458
Operating Expense	\$3,311,170	\$1,711,170
ADA Operating Expenses	\$350,000	\$280,000
Mobility Management	\$187,904	\$135,202
2019 (1) – Para Transit CNG Bus	\$180,000	\$144,000
2019 (1) – 40’ CNG Buses	\$561,654	\$449,323
2019 (1) - 30’ CNG Buses	\$510,793	\$413,554
2019 (5) – Hydrogen Para Transit Buses	\$1,762,550	\$1,239,749
2019 (5) – 40’ Hydrogen Buses	\$4,299,880	\$4,168,908
(3) < 30’ Buses	\$650,764	\$520,612
Alternative Fuels Data Collection/analysis	\$735,215	\$735,215
Bus Equipment	\$48,750	\$39,000
IT Projects	\$131,244	\$104,995
Bus Radio Modem Replacement Project	\$268,143	\$214,514
Preventive Maintenance	\$7,072,995	\$5,658,396
Fare Box Replacement Project	\$2,204,000	\$1,763,200
Bus Wash Project	\$250,000	\$200,000
Build Grant SE Canton Facilities	\$1,870,461	\$1,496,369
5310 Subgrantees	\$473,269	\$473,269
Project Totals	\$26,604,950	\$21,392,494

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

SARTA is required to plan projects and schedule their completion in a document called the Transit Development Plan (TDP). These projects are then scheduled into a Transportation Improvement Plan (TIP) by the Metropolitan Planning Organization (Stark County Area Transportation Study-SCATS) for the County, who then forwards the entire plan to the State of Ohio for inclusion in the State Transportation Improvement Plan. This State document forms the basis of transportation planning for the State.

The major proposed capital projects include:

- Operational Planning and implementation of the TDP
- Implement findings from the Enhanced Ridership/Marketing Study
- Revisions to Mahoning BRT Corridor due to funding issues
- Participation and assistance to the Stark County Mobility Coordination Committee
- Purchase new Transit and Paratransit Buses
 - 2019 - 5 (10 Paratransit buses)
 - 2020 - 2 (8 Paratransit buses)
 - 2021 - 3 (8 Paratransit buses)
 - 2022 - 3 (8 Paratransit buses)
 - 2023 - 4 (8 Paratransit buses)
- Continuing rehabilitation and improvement of SARTA facilities particularly in the area of safety
- Preventative maintenance on buses
- Continuing to study initiatives to increase meeting customer needs
- Upgrading operational and maintenance equipment
- Upgrade the bus wash bay area
- Upgrade the fare boxes on buses
- Upgrade radio modem on buses

Management also intends to explore projects such as:

- Multi-agency project to expand the Lincoln Way Corridor
- Alternative fuels and energy sources

The next few years will see movement towards enhancing the public's use of the system, whether through security measures installed, newer and more efficient buses and fuels, or other transportation corridors established. While ridership is expected to plateau on fixed routes as population remains stable, SARTA is aware of the growing age of the population with more demands on Paratransit and other specialized needs and is making plans to meet the requirements of its users.

SARTA's projects are financed through a combination of federal funds, state funds, and local match requirements. Some projects are matched by County or City involvement in the project, or by sales tax revenues received by SARTA.

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

Basis of Accounting

SARTA's accounting records are maintained on the accrual basis. The activities are reported through the use of a single enterprise fund. Additional information on SARTA's accounting policies can be found in Note No. 1 in the Notes to Financial Statements, located in the Financial Section and starting on page 35.

Internal Control

SARTA is responsible for establishing and maintaining an internal control system designed to ensure its assets are protected from loss, theft, or misuse and to ensure adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes the cost of a control should not exceed the benefits likely to be derived from its implementation. The valuation of costs and benefits requires estimates and judgments by management. SARTA's management believes its internal controls are effective.

Budgetary Control

SARTA prepares its annual operating budget and capital budget on the accrual basis of accounting. The Director of Finance, CEO, and Administration prepares a preliminary budget of revenues, and allocates a proportional amount to each department. The Department Heads confer with the Director of Finance and prepare their budgets within that allocation. Adjustments are made, if necessary, to the budget for overall agency requirements. The final balanced budget is presented to the Board Finance Committee. The Board Finance Committee submits the budget to the Board of Trustees at a public meeting. The annual operating and capital budget is adopted after a period of open discussion.

Budgetary control is maintained at the department level. It is the responsibility of each department to administer its operations in such a manner as to ensure the use of funds is consistent with the goals and programs authorized by the Board of Trustees. Budget amendments may be submitted to the Board of Trustees one or more times throughout the operating year.

Capital purchases may extend beyond the one-year period, and local match funds are identified in each year's budget, even if carried over from prior years. Lead times for buses and construction schedules are examples of two items that may take many months from Board of Trustee approval to completion and span more than one fiscal year.

Financial statements are prepared on an accrual basis, in accordance with accounting principles generally accepted in the United States of America (GAAP) and may be reviewed starting on page 30.

Please refer to The Management's Discussion and Analysis, Financial Section, for further financial detail and explanation.

LETTER OF TRANSMITTAL- Stark Area Regional Transit Authority

Independent Audit

Keith Faber, Auditor of State, has issued an unmodified (“clean”) opinion on the Stark Area Regional Transit Authority’s (the Authority) financial statements for the year ended December 31, 2018. Refer to the Financial Section page 17 for auditor’s report.

The independent audit of the Authority’s financial statements was part of the broader, federally mandated “Single Audit” designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the basic financial statements, but also on the audited government’s internal controls and compliance with legal requirements involving the administration of federal awards. These reports are available in the Authority’s separately issued single audit report.

Acknowledgements

This report would not be possible without the hard work, high standards and dedication of the entire Finance Department staff. The 2018 CAFR prepared by Jesse Dent, conforms to the program requirements and management expectations for continued high levels of excellence in reporting the Authority’s financials in the future.

Sincerely,

Carrie Domer
Chief Financial Officer

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Stark Area Regional Transit Authority for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended December 31, 2017. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

INDEPENDENT AUDITOR'S REPORT

Stark Area Regional Transit Authority
Stark County
1600 Gateway Blvd. S.E.
Canton, Ohio 44707

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the Stark Area Regional Transit Authority, Stark County, Ohio (the Authority), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Stark Area Regional Transit Authority, Stark County as of December 31, 2018, and the changes in its financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, during 2018, the Authority adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting by Employers for Postemployment Other Than Pensions*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Other Information

Our audit was conducted to opine on the Authority's basic financial statements taken as a whole.

The introductory section and the statistical section information present additional analysis and are not a required part of the basic financial statements.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2019, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Keith Faber
Auditor of State

Columbus, Ohio
June 28, 2019

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

MANAGEMENT DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2018

As the financial management of the Stark Area Regional Transit Authority (Authority or SARTA), we offer readers of these financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended December 31, 2018. This discussion and analysis is designed to assist the reader in focusing on the significant financial issues and activities and to identify any significant changes in financial position. We encourage readers to consider the information presented here in conjunction with the basic financial statements as a whole.

Financial Highlights

The Authority's total net position decreased \$3,560,980 or 7.25 percent in 2018. The decrease in net position is attributed to the Authority's implementation of GASB 75 as well as the GASB 68 changes for 2018.

In 2018, the Authority's operating expenses, excluding depreciation were \$831,591 higher than in 2017, a 3.62 percent increase, primarily due to labor, benefits, and material and supplies costs.

Operating revenues for the Authority were \$162,536 higher in 2018, a 7.26 percent increase. In 2018, ridership increased with adult passes and auxiliary revenues.

In 2018, sales tax revenue increased \$517,239 or 3.40 percent compared to 2017. Sales tax revenue accounted for 74.57 percent of all funding in 2018, exclusive of capital grants.

In 2018, operating grants and reimbursements were \$2,589,770 lower compared to 2017, or a 49.33 percent decrease, primarily due to lower fuel cost, less funding drawn for operating expenses and projects not completed until 2019.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of two components: 1) the *Basic Financial Statements*, and 2) *Notes to Financial Statements*. This report also contains other supplementary information in addition to the basic financial statements themselves.

Required Financial Statements

The financial statements of the Authority are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The Authority only maintains one fund, an enterprise fund, which reports functions as *business-type activities*.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

MANAGEMENT DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2018

The *Statements of Net Position* presents information on all of the Authority's assets and deferred outflows and liabilities and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *Statements of Revenues, Expenses, and Changes in Net Position* presents information showing how the Authority's net position changed during the most recent fiscal years and activities giving rise to those changes. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., undistributed sales tax and earned but unused sick leave).

The final required financial statement is the *Statements of Cash Flows*. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

Notes to Financial Statements

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found on pages 35-71 of this report.

Financial Analysis of the Authority

As noted earlier, net position may serve over time as a useful indicator of the Authority's financial position. The Authority's assets and deferred outflows exceeded liabilities and deferred inflows by \$45,583,585 at the close of the most recent fiscal year. The Authority's net position is comprised primarily of its investment in capital assets (e.g., land, construction & projects in process, buildings and improvements, transportation equipment, and other equipment). The Authority uses these capital assets to provide transportation services to the citizens of Stark County; consequently, these assets are *not* available for future spending.

In 2018, a portion of the Authority's net position represented resources that were subject to the restriction of being held to pay for capital assets. In 2018 *unrestricted net position* totaled **(\$3,079,228)**.

MANAGEMENT DISCUSSION AND ANALYSIS

For the Year Ended December 31, 2018

Depreciation expense increased \$440,127 or 10.83 percent in 2018, due to purchases of vehicles and completion of the hydrogen station.

In 2018, *Non-operating revenues-net* decreased \$1,941,312 or 9.47 percent, to \$18,568,138. The decrease is attributed to decrease in operating grants and reimbursements.

Condensed Summary of Cash Flows

Sales tax collections are defined as *non-operating, non-capital revenue*, and are used to support the regular activities of the Authority. The sales tax receipts and transit operating revenues, with the balance being obtained through the use of grants to cover preventative maintenance on buses, generally cover expenses of the Authority. Shortfalls in cash inflows were the result of requirements that the Authority fund up to 20 percent of capital purchases with local funding.

MANAGEMENT DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2018

Capital Assets

The Authority's investment in capital assets amounts to \$48,291,911 as of December 31, 2018 and \$48,654,323 as of December 31, 2017, a net decrease of \$362,412 or .74 percent from 2017. Capital assets include land, land improvements, revenue producing and service equipment, buildings and structures, office furnishings, shop equipment, computer equipment, and software licenses. Major capital asset expenses during the current fiscal year included the following:

Bldgs. & improvements	\$	415,441
Machine & Equipment		104,908
Light Duty Buses		692,732
Computer hardware		59,112

The construction and projects in progress balance at December 31, 2018 included costs associated with a portion of the following:

1. Hydrogen 40' foot buses
2. Mahoning Rd Corridor project
3. Various other projects

The *Notes to Financial Statements*, Note 7 page 66, provide additional information on capital assets.

Long-Term Debt

The Authority has no long-term debt, nor does it have any plans to acquire long-term debt in the immediate future.

Governmental Accounting Standards Board (GASB) 68 and 75

The net pension liability (NPL) is the largest single liability reported by the Stark Area Regional Transit Authority at December 31, 2018 and is reported pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." For fiscal year 2018, the Stark Area Regional Transit Authority adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the Authority's actual financial condition by adding deferred inflows

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

MANAGEMENT DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2018

related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the Authority's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
- 2 Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the Stark Area Regional Transit Authority is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

MANAGEMENT DISCUSSION AND ANALYSIS
For the Year Ended December 31, 2018

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the Stark Area Regional Transit Authority statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows.

As a result of implementing GASB 75, the Stark Area Regional Transit Authority is reporting a net OPEB liability and deferred inflows/outflows of resources related to OPEB on the accrual basis of accounting. This implementation also had the effect of restating net position at December 31, 2017, from \$55,312,357 to \$49,144,565.

*STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO*

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization and Operations

Stark Area Regional Transit Authority (the Authority) was created pursuant to Section 306.30 through 306.71 of the Ohio Revised Code for the purpose of providing public transportation in the Stark County, Ohio area. As a political subdivision, it is distinct from and not an agency of the State of Ohio or any other local governmental unit. The Authority is not subject to federal or state income taxes.

The Authority is managed by a nine-member Board of Trustees and provides virtually all mass-transportation within the Stark County area. Approximately 75 percent of the Authority's employees at December 31, 2018 were subject to a collective bargaining agreement that expires on January 4, 2019.

Under Ohio law, the Authority is authorized to levy a sales and use tax for transit purposes, including both capital improvement and operating expenses, at the rate of .25 percent, .5 percent, 1 percent, or 1.5 percent if approved by a majority of the electors residing within the territorial boundaries of the Authority. Such a sales and use tax is in addition to the sales and use taxes levied by the State of Ohio and Stark County (see Note 6). On November 8, 2016 the voters of Stark County renewed the .25 percent sales tax levy to fund the Authority's operations through June of 2027.

Reporting Entity

The Authority has adopted the provisions of GASB Statement No. 14 "The Financial Reporting Entity" as amended by GASB Statement No. 39 "Determining Whether Certain Organizations are Component Units" and GASB Statement No. 61 "The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34 regarding the definition of the financial reporting entity. Accordingly, the accompanying financial statements include only the accounts and transactions of the Authority. Under the criteria specified in Statement No. 14, the Authority has no component units and is not considered to be a component unit of any other entity.

These conclusions regarding the financial reporting entity are based on the concept of financial accountability. The Authority is not financially accountable for any other organization nor is any entity accountable for the Authority. This is evidenced by the fact that the Authority is a legally and fiscally separate and distinct organization under the provisions of the Ohio Revised Code.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Authority follows the accrual basis of accounting, whereby revenues and expenses are recognized in the period earned or incurred. The measurement focus is on the determination of change in net position, net position, and cash flows. All transactions are accounted for in a single all-inclusive enterprise fund.

The Authority defines operating funds as those funds received or receivable relative to the provision of transit services such as passenger fares, special fares, and auxiliary revenue including advertising on the bus sides. Non-operating funds are funds received or receivable which are peripheral to the transit-related activities such as the dedicated sales tax funds and grants used for planning and preventive maintenance on capital assets funded by the Federal Transit Administration and Ohio Department of Transportation, Office of Transit.

The Authority complies with the provisions of GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*. In general, GASB Statement No. 33 establishes accounting and financial reporting standards about when to report the results of non-exchange transactions involving financial or capital resources. The principal changes in accounting that resulted from GASB Statement No. 33 are the requirements that the Authority prospectively report grants as revenues rather than contributed capital, and that the Authority record sales tax revenue in the month the underlying sales transactions occur, rather than when the taxes are collected by the State of Ohio.

The Authority complies with the provisions of GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Authority considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents, or cash on hand.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

The Authority's investments (including cash equivalents) are recorded at fair value.

The Authority's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the Authority. The Authority measures their investment in STAR Ohio at the net value (NAV) per share by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value.

For the fiscal year 2018, there was no limitation or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

The Authority has invested funds in Certificates of Deposit Account Registry Service (CDARS) through Huntington Bank. CDARS are bank invested funds in CD's of various banks, up to the \$250,000 per CD, so each is fully insured by the Federal Deposit Insurance Corporation (FDIC), thereby reducing investment risk.

The Authority has invested funds in a money market account through Huntington Bank. The money market account is a portfolio of securities managed by investment professionals and is insured by the FDIC, thereby reducing investment risk.

The Authority has invested funds in debt securities through Huntington Bank. Debt securities are invested funds with various governmentally sponsored enterprises.

CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Materials and Supplies Inventory and Prepaid Items

Materials and supplies inventory are stated at the cost determined using the first-in, first-out valuation method. Inventory generally consists of maintenance parts, supplies for rolling stock and other transportation equipment, fuel and lubricants, office supplies, and supplies to maintain the buildings.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in the financial statements.

Property and Depreciation

Property, facilities and equipment are stated at historical cost. The cost of normal maintenance and repairs are charged to operations as incurred. Improvements are capitalized and depreciated over the remaining useful lives of the related properties.

Capital assets at an initial cost of \$2,500 or more and with a useful life of more than one year are deemed depreciable and added to capital assets.

Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, as follows:

<u>Description</u>	<u>Years</u>
Buildings and Improvements	40
Transportation Equipment	5-12
Other Equipment	3-8

Transportation equipment is depreciated on the straight-line method for the useful lives described above unless the total mileage allowed per the Federal Transit Authority (FTA) guidelines for depreciation occurs first. Generally, the FTA unit mileage depreciation method is used. Net income (loss) adjusted by the amount of depreciation on capital assets acquired in this manner is closed to net position.

CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Classifications of Revenues

The Authority has classified its revenues as either operating or non-operating. Operating revenue includes activities that have the characteristics of exchange transactions including passenger fares and advertising revenues. Non-operating revenue includes activities that have the characteristics of non-exchange transactions such as sales tax proceeds and most federal, state, and local grants and contracts.

Recognition of Revenue and Receivables

Passenger fares are recorded as revenue at the time transactions are performed.

The federal government, through the FTA and the Ohio Department of Transportation (ODOT), provides financial assistance and makes grants directly to the Authority for operations and acquisition of property and equipment. Operating grants and special fare assistance awards made on the basis of entitlement periods are recorded as grant receivables and revenues over the entitlement periods. Capital grants for the acquisition of property and equipment (reimbursement type grants) are recorded as a project receivable and credited to non-operating revenues when related capital expenses are incurred. Capital grants for the maintenance of property, plant, and equipment are recorded as project receivable and credited to non-operating revenues in the period operating expenses are incurred.

When assets with value remaining were acquired with capital grant funds and are disposed of, or if revenue from disposal is \$5,000 or more, the Authority is required to notify the granting federal agency. A proportional amount of the above noted proceeds or acquisition value, if any, of such property and equipment may be used to acquire like-kind replacement vehicles or, alternatively, remitted to the granting federal agency.

Classifications of Expenses

The Authority has classified its expenses as either operating or non-operating. Operating expenses are the recurring costs which are related to the operation of the Authority. Non-operating expenses include costs that are due to transactions other than the primary operations of the Authority.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Federal and State Operating and Preventive Maintenance Assistance Funds

Federal and state operating and preventive maintenance assistance funds to be received by the Authority are recorded and reflected as income in the period to which they are applicable.

Sales Tax Revenues

The Authority recognizes sales tax revenues when the underlying sales transaction occurs.

Compensated Absences

The Authority accrues vacation and sick pay benefits as earned by its employees. Vacation time must be used within the calendar year. Unused vacation time does not carry over to the next fiscal year.

It is the Authority's policy to allow administrative employees to accumulate earned but unused sick leave up to 320 hours. Hours earned during the year exceeding 320 hours are paid at fiscal year end at 50 percent value at the current earnings rate. Administrative employees are paid accrued sick days upon separation from service at 50 percent value at the current earnings rate.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to or deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plan report investments at fair value.

The current accounting standard requires the Authority to report their proportionate share of the net pension/OPEB liability using the earning approach to pension and OPEB accounting instead of the funding approach as previously used. The funding approach limited pension and post-employment costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's net pension/OPEB liability. Under the new standards, the net pension liability/OPEB equals the Authority's proportionate share of the pension plan's collective present

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service minus plan assets available to pay these benefits.

Pension and OPEB obligations, whether funded or unfunded, are part of the employment exchange. The employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other post-employment benefits. The unfunded portion of this benefit of exchange is a liability of the Authority. However, the Authority is not responsible for key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Benefit provisions and both employer and employee contribution rates are determined by State statute. The employee and employer enter the employment exchange with the knowledge that the exchange is limited by law. The pension system is responsible for the administration of the plan and OPEB plans.

There is no repayment schedule for the net pension liability or the net OPEB liability. The Authority has no control over the changes in the pension benefits, contributions rate, and return on investments affecting the balance of the net pension liability. In the event that contributions, investment returns, and other changes are insufficient to keep up with required pension payments, State statute does not identify the responsible party for the unfunded portion. Due to the unique nature of how the pension liability and the OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

Comparative Data/Reclassifications

Prior year data presented in Management's Discussion and Analysis and the footnotes have been reclassified in order to be comparative and provide understanding of the changes in financial position and operations. Certain reclassifications have been made to the 2017 financial statements in order to conform to the 2018 presentation.

Restricted Net Position

The Authority applies restricted resources first when expenses are incurred for purposes for which either restricted or unrestricted amounts are available.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

2. CHANGE IN ACCOUNTING PRINCIPLE AND RESTATEMENT OF NET POSITION

For the year 2018, The Authority implemented the Governmental Accounting Standards Board (GASB) Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits other than Pensions." GASB 75 established standards for measuring and recognizing postemployment benefit liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditure. The implementation of this pronouncement had the following effect on net position as reported December 31, 2017:

Net position December 31, 2017	\$ 55,312,357
Adjustments:	
Net OPEB liability	(6,257,261)
Deferred outflow - payments subsequent to measurement date	89,469
Restated net position December 31, 2017	<u>\$ 49,144,565</u>

3. DEFINED BENEFIT PENSION PLANS

Net Pension (Asset) Liability

The net pension (asset) liability reported on the statement of net position represents an asset or liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The *net pension (asset) liability* represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension (asset) liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

estimates use the best information available, unknowable future events require adjusting this estimate annually.

The Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension (asset) liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *accrued payroll taxes & withholdings* on the accrual basis of accounting.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - SARTA employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. Authority employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirements for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions for December 31, 2018, as follows:

Statutory Maximum Contribution Rates	2018 State and Local
Employer	14.0%
Employee	10.0%
Actual Contribution Rates	
Employer:	
Pension	14.0%
Post-employment Health Care Benefits	-%
Total Employer	14.0%
Employee	10.0%

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Authority's contractually required contribution was \$1,289,129 for 2018. Of this amount, \$139,200 is reported in accrued payroll taxes & withholdings.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension (asset) liability for OPERS as of December 31, 2018 was measured as of December 31, 2017, and the total pension (asset) liability used to calculate the net pension (asset) liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension (asset) liability was based on the Authority's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	Traditional OPERS	Combined OPERS	Total
Proportionate Share of the Net Pension (Asset) Liability	\$10,209,477	(\$55,022)	\$10,154,455
Proportion of the Net Pension (Asset) Liability	0.065078%	0.040418%	
Pension Expense	\$2,379,695	\$10,092	\$2,389,787

STARK AREA REGIONAL TRANSIT AUTHORITY

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

\$1,289,129 reported as deferred outflows of resources related to pension resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net pension (asset) liability in the year ending December 31, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	<u>OPERS</u> <u>Traditional</u>	<u>OPERS</u> <u>Combined</u>	<u>Total</u>
2019	\$1,075,824	(\$3,133)	\$1,072,691
2020	(132,714)	(3,371)	(136,085)
2021	(965,170)	(5,315)	(970,485)
2022	(900,659)	(5,110)	(905,769)
2023	-	(2,062)	(2,062)
Thereafter	-	(3,190)	(3,190)
Total	<u><u>(\$922,719)</u></u>	<u><u>(\$22,181)</u></u>	<u><u>(\$944,900)</u></u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

*STARK AREA REGIONAL TRANSIT AUTHORITY

Future Salary Increases, including inflation	3.25 to 10.75 percent	3.25 to 8.25 percent
COLA or Ad Hoc COLA	3 percent, simple	3 percent, simple
Investment Rate of Return	7.5 percent	7.5 percent
Actuarial Cost Method	Individual Entry Age	Individual Entry Age

Mortality rates are based on the RP-2014 Healthy Annuitant mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base year of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 16.82% for 2017.

The allocation of investment assets within the Defined Benefit portfolio is approved by the pension plans or OPERS Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

Asset Class	2017 Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.20 %
Domestic Equities	19.00	6.37
Real Estate	10.00	5.26
Private Equity	10.00	8.97
International Equities	20.00	7.88
Other Investments	18.00	5.26
Total	100.00 %	5.66 %

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

3. DEFINED BENEFIT PENSION PLANS (CONTINUED)

Discount Rate The discount rate used to measure the total pension liability was 7.5 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Authority’s Proportionate Share of the Net Pension (Asset) Liability to Changes in the Discount Rate The following table presents the Authority’s proportionate share of the net pension (asset) liability calculated using the current period discount rate assumption of 7.5 percent, as well as what the Authority’s proportionate share of the net pension (asset) liability would be if it were calculated using a discount rate that is one percentage point lower (6.5 percent) or one percentage point higher (8.5 percent) than the current rate:

2018	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
Authority's proportionate share of the net pension liability - Traditional	\$18,129,429	\$10,209,477	\$3,606,623
Authority's proportionate share of the net pension asset - Combined	(29,909)	(55,022)	(72,348)

4. DEFINED BENEFIT OPEB PLAN

Net OPEB Liability

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the Authority's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

The Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which OPEB are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *accrued payroll taxes & withholdings* on the accrual basis of accounting.

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - SARTA employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans: The Traditional Pension Plan—a cost-sharing, multiple-employer defined benefit pension plan; the Member-Directed Plan—a defined contribution plan; and the Combined Plan—a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the Traditional Pension and the Combined plans. This trust is also used to fund health care for Member-Directed Plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, Member-Directed Plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the Traditional pension and Combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the OPERS Board of Trustees (OPERS Board) in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml#CAFR>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2018, state and local employers contributed at a rate of 14.0 percent of earnable salary. This is the maximum employer contribution rate permitted by the Ohio Revised Code. Active member contributions do not fund health care.

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.0 percent during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0.0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2018 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Authority's contractually required contribution was \$0 for 2018.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The Authority's proportion of the net OPEB liability was based on the Authority's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>OPEB</u>
Proportionate Share of the Net	
OPEB Liability	\$6,868,593
Proportion of the Net	
OPEB Liability	0.063251%
Pension Expense	\$618,175

4. DEFINED BENEFIT OPEB PLANS (CONTINUED)

\$0 reported as deferred outflows of resources related to OPEB resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending December 31, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	OPERS <u>OPEB</u>
2019	\$156,215
2020	156,215
2021	(101,888)
2022	(127,916)
2023	-
Thereafter	-
Total	<u><u>\$82,626</u></u>

Actuarial Assumptions-OPERS

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

	<u>OPEB</u>
Wage Inflation	3.25 percent
Future Salary Increase, including inflation	3.25 to 10.75 percent
Single discount rate	3.85 percent
Prior measurement rate	4.23 percent
Municipal bond rate	3.31 percent
Health care cost trend	7.50 percent, initial 3.25 percent, ultimate in 2028
Investment Rate of Return	6.50 percent
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio is 15.2 percent for 2017.

The allocation of investment assets within the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	34.00 %	1.88 %
Domestic Equities	21.00	6.37
Real Estate	6.00	5.91
International Equities	22.00	7.88
Other Investments	17.00	5.39
 Total	 100.00 %	 4.98 %

CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

Discount Rate A single discount rate of 3.85 percent was used to measure the OPEB liability on the measurement date of December 31, 2017. A single discount rate of 4.23 percent was used to measure the OPEB liability on the measurement date of December 31, 2016. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.50 percent and a municipal bond rate of 3.31 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the Authority's proportionate share of the net OPEB liability calculated using the single discount rate of 3.85 percent, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.85 percent) or one-percentage-point higher (4.85 percent) than the current rate:

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

4. DEFINED BENEFIT OPEB PLAN (CONTINUED)

<u>2018</u>	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
Proportionate share of the net OPEB liability	2.85%	3.85%	4.85%
	\$9,125,222	\$6,868,593	\$5,043,002

Sensitivity of the Authority’s Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is one percentage point lower or one percentage point higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2018 is 7.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries’ project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25 percent in the most recent valuation.

<u>2018</u>	<u>1% Decrease</u>	<u>Current health care cost trend rate assumption</u>	<u>1% Increase</u>
Proportionate share of the net OPEB liability	\$6,571,779	\$6,868,593	\$7,175,193

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

5. CASH AND CASH EQUIVALENTS

Allowable investments are according to Ohio Revised Code Section 135, and are limited to the following:

- U.S. Treasury Bills, Notes, Bonds, issues of the Federal National Mortgage Assn. (FNMA), Federal Home Loan Mortgage Corp. (FHLMC), Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB), Student Loan Marketing Assn. (SLMA), Government National Mortgage Assn. (GNMA), and other agencies or instrumentalities for which the full faith and credit of the U.S. Government is pledged for the repayment of principal and interest. Bills are short term (one year or less) obligations issued and sold at a discount. Notes have fixed coupon rates with original maturities of between one and five years. Any eligible investment may be purchased at a premium or a discount, and can include instruments that may be called by the issuer prior to the final maturity date.
- State Treasury Asset Reserve of Ohio (STAR Ohio), managed by the State Treasurer of Ohio.
- Demand deposit accounts (such as checking accounts) established with local financial institutions.
- Certificates of Deposit (CDs) issued by local financial institutions mentioned in Section 135.32 of the ORC.
- Commercial paper notes, limited to 40% (5% for single issuer) in total of the interim monies available for investment at any one time and for a period not to exceed two hundred seventy days;
- Banker's acceptances, limited to 40% of the interim monies available for investment at any one time and for a period not to exceed one hundred eighty days.
- No-load money market mutual funds rated in the highest category by at least one nationally recognized rating agency, investing exclusively in the same types of eligible securities as defined in Division B(1) or B(2) under Section 135.14 of the ORC and repurchase agreements secured by such obligations. Eligible money market funds shall comply with Section 135.01 of the ORC regarding limitations and restrictions.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

5. CASH AND CASH EQUIVALENTS (CONTINUED)

- Repurchase agreements with any eligible institution mentioned in Section 135.32 of the ORC, or any eligible securities dealer pursuant to the ORC, except that such eligible securities dealers shall be restricted to primary government securities dealers. Repurchase agreements will settle on a delivery vs. payment basis with collateral held in safekeeping by a third party custodian as agreed to by the Executive Director. The fair value of securities subject to a repurchase agreement must exceed the principal value of the repurchase agreement by at least two percent as defined under the Ohio Revised Code. The Executive Director reserves the right to require an additional percentage of collateral securing such repurchase agreements. Prior to the execution of any repurchase agreement with an eligible dealer, master repurchase agreement will be signed by the Executive Director and the eligible dealer.

The Authority is prohibited from investments of the following:

- The use of derivative securities, as defined in Section 135.14 of the ORC, is expressly prohibited.
- The final maturity of all eligible investments is 5 years, unless the investment is matched to a specific obligation or debt of SARTA and the investment is specifically approved by the Board of Trustees.
- A repurchase agreement under the terms of which the investing authority agrees to sell securities to a purchaser and agrees with that purchaser to unconditionally repurchase those securities that is not a delivery vs. payment basis transaction.
- The investment into a fund established by another subdivision if the fund was established for the purpose of investing public monies of other subdivisions.
- The use of leverage, in which the investing authority uses its current investment assets as collateral for the purpose of purchasing other assets.
- The issuance of taxable notes for the purpose of arbitrage.
- Contracting to sell securities that have not yet been acquired, for the purpose of purchasing such securities on the speculation that bond prices will decline

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

5. CASH AND CASH EQUIVALENTS (CONTINUED)

Protection of the Authority’s deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institution’s participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledge to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Deposits

At December 31, 2018, the carrying amount of the Authority’s deposits was \$2,092,812 and the bank balance was \$2,226,119, based on the criteria described in GASB Statement No. 40, “Deposits and Investment Risk Disclosures.” Of the bank balance, \$250,000 was covered by FDIC and \$776,067 was potentially exposed to custodial credit risk as discussed below because those deposits were uninsured and could be uncollateralized. Although all statutory requirements for the deposit of money had been followed, noncompliance with Federal requirements could potentially subject the Authority to a successful claim by the FDIC.

Investments

Investments are reported at fair value. As of December 31, 2018 the Authority had the following investments:

<u>Investment</u>	Maturity Date		
	<u>2018 Fair Value</u>	<u>Less than 6 Months</u>	<u>More than 6 Months</u>
STAR Ohio	\$ 20,865	\$ 20,865	\$ -
CDARS-52 week term	1,500,000	-	1,500,000
Money Market	2,905,813	249,900	2,655,913
Debt Securities	4,994,374	12,971	4,981,403
Total	<u>\$ 9,421,052</u>	<u>\$ 283,736</u>	<u>\$ 9,137,316</u>

STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

5. CASH AND CASH EQUIVALENTS (CONTINUED)

The Authority categorizes its fair value measurements within the fair value hierarchy established by general accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As previously discussed STAR Ohio is reported at its net asset value.

The above chart identifies the Authority's recurring fair value measurements as of December 31, 2018. The CDARS and money market investments are valued using quoted market prices (Level 1 inputs) at December 31, 2018. The fair value of debt securities at December 31, 2018 was determined primarily based on Level 2 inputs. Inputs within Level 2 of the fair value hierarchy include inputs that are directly observable for an asset or a liability (including quoted prices for similar assets or liabilities), as well as inputs that are not directly observable for the asset or liability. The debt securities are valued using fair valuation methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, and offers. There is no limitations or restrictions on any STAR Ohio participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given to STAR Ohio 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million per day. Transactions in all of a participant's accounts of the STAR Ohio investor will be combined for these purposes.

Interest rate risk

In accordance with its investment policy, the Authority limits its exposure to declines in fair values by limiting the weighted average maturity of its investments in the Ohio Investment Pool to less than 12 months. STAR Ohio's weighted average maturity was 44.9 days.

Investments in STAR Ohio are unclassified investments in the Ohio Subdivisions Fund. The Ohio Subdivisions Fund represents an investment pool managed by another governmental unit and investments therein are not evidenced by securities that exist in physical or book entry form.

CANTON, OHIO

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

5. CASH AND CASH EQUIVALENTS (CONTINUED)

<u>2018 Investments</u>	<u>Fair Value</u>	<u>Within 1 Year</u>	<u>1-5 Years</u>
State Treasurer's Inv Pool (StarOhio)	\$ 20,865	\$ 20,865	\$ -
CDARS	1,500,000	237,500	1,262,500
Money Market	2,905,813	249,900	2,655,913
Debt Securities	4,994,374	1,989,441	3,004,933

Credit Risk

As of December 31, 2017, Standard & Poor's rated the Authority's investment in the State Treasurer's Pool AAAM, and the Authority's investment in both FNMA bonds AA+.

Custodial Credit Risk – Deposits

In the case of deposits, this is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority has a deposit policy for custodial credit risk. As of December 31, 2018, \$776,067 was potentially exposed to custodial credit risk because those deposits were uninsured and could be uncollateralized. The Authority's financial institution participates in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. For 2018, the Authority's financial institution was approved for a reduced collateral rate of 50 percent through the OPCS.

Custodial Credit Risk – Investments

For an investment, this is the risk that, in the event of the failure of the counter party, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Authority's investment policy limits investments to CDARS, Debt Securities Money Market and STAR Ohio.

**STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO**

NOTES TO FINANCIAL STATEMENTS

5. CASH AND CASH EQUIVALENTS (CONTINUED)

Concentration of Credit Risk – The Authority places no limit on the amount the Authority may invest in any on issuer.

6. TAX REVENUES

On November 8, 2016, the voters of Stark County renewed the .25 percent sales tax levy until June of 2027. Revenue generated from the levy can be used for operating or capital purposes. The Authority receives cash from the sales tax levy when the related sales tax collections are distributed by the State of Ohio.

7. CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2018, was as follows:

	Beginning Balance 1/1/2018	Additions	Disposals	Transfers	Ending Balance 12/31/2018
Capital Assets Not Being Depreciated:

8. RESTRICTED ASSETS

During 2018, the Authority received insurance proceeds in the amount of \$189,340 for two buses. The proceeds will be used to offset future bus purchases, thereby reducing the amount drawn from grant funds. As of December 31, 2018, the balance in restricted cash related to these proceeds was \$370,902.

9. LONG TERM LIABILITIES

Sick leave is earned for regular full-time employees at the rate of 4 hours per pay period. For non-union employees that worked less than 64 hours, the accrued amount is prorated at a rate of .05 based on the number of hours worked in that pay period. Sick time will continue to accrue up to 320 hours. Any additional hours beyond 320 shall be cashed out at one-half the non-union employee's regular hourly rate on December 31st, or the last day of the calendar year. Upon involuntary termination for other than gross misconduct, or upon resignation with at least two weeks' notice, accumulated and unused sick time may be paid at one-half of the non-union employee's regular hourly rate.

10. GRANTS AND REIMBURSEMENTS

Grants and reimbursements included in the statements of revenues, expenses and changes in net position for the years ended December 31, 2018 consists of the following:

Grants	2018
State and Federal Prevention Maintenance	\$1,796,163
Federal Planning	37,544
Federal Capital & Operating	<u>4,605,601</u>
Total Grants	6,439,308
ODOT Fuel Tax Reimbursement	<u>87,114</u>
Total Reimbursements	87,114
Total Grants and Reimburements	<u><u>\$6,526,422</u></u>

11. RISK MANAGEMENT

The Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets, flood, tornado and earthquake, errors and omissions, employment-related matters, injuries to employees, and employee theft and fraud. Effective December 31, 1997, the Authority joined together with certain other transit authorities in the State to form the Ohio Transit Insurance Association, Inc. (name changed to Ohio Transit Risk Pool in 2002 – OTRP), a joint self-insurance pool pursuant to Section 2744.081 of the Ohio Revised Code, currently operating as a common risk management and insurance program for ten (as of December 31, 2017) member transit agencies. The Authority pays an annual premium to OTRP for its general insurance coverage for losses greater than the Pool’s retained losses. Quarterly, the Authority pays into a loss and administration fund pursuant to OTRP’s bylaws to fund this retained layer. The Agreement of Formation of OTRP provides that OTRP will be self-sustaining through member contributions and will purchase coverage in excess of the Pool retained amount through commercial companies with an industry standard rating of A or better. All retained amounts and limits listed are per occurrence. Coverage is granted per occurrence.

*STARK AREA REGIONAL TRANSIT AUTHORITY
CANTON, OHIO*

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

11. RISK MANAGEMENT (CONTINUED)

Current coverage is purchased for commercial property losses in excess of \$1,000 with limits up to \$200,000,000 and for Auto Physical Damages losses in excess of \$1,000 with limits up to \$50,000,000. Additionally, coverage is purchased for all covered liability claims in excess of \$1,000 with limits up to \$10,000,000 for automobile liability and \$1,000,000 for all other liability coverage. The Authority is responsible for the first \$1,000 of any property and/or liability claim or occurrence, and any amounts above the per occurrence limit of coverage.

OTRP also provides coverage for Boiler & Machinery with limits of \$50,000 per occurrence and Crime and Fidelity with limits of \$4,000,000. OTRP purchases a public officials bond for the Authority's fiscal officer(s) as required by ORC Section 306.42.

The Authority continues to carry commercial insurance for all other risks of loss, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Authority does have a policy relating to the credit risk of investments.

The Authority participates in the Health Transit Pool of Ohio.

12. LEASES

The Authority entered into a fifty-nine (59) year lease with Charles Street Associates, LTD in July 1998, for a transfer station in Massillon, Ohio. The Authority has two additional options for 20 years each to extend the lease with the lessor. Annual rental is \$1 during the primary term of the lease. The Authority agreed to contribute \$2,000,000 for leasehold improvements at the facility and included same in building improvements in capital assets.

13. CONTINGENCIES

Federal and State Grants – Under the terms of the various grants, periodic audits are required where certain costs could be questioned as not being an eligible expenses under the terms of the grant. At December 31, 2018 there were no material questioned costs that had not been resolved with the applicable federal and state agencies. Questioned costs could still be identified during audits to be conducted in the future. In the opinion of the Authority's management, no material grant expenses will be disallowed.

NOTES TO FINANCIAL STATEMENTS
For the Year Ended December 31, 2018

14. CHANGE IN ACCOUNTING PRINCIPLES

For fiscal year 2018, the Authority has implemented GASB Statement No. 75 “Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions”, GASB Statement No. 85, “Omnibus 2017” and GASB Statement No. 86 “Certain Debt Extinguishments”.

GASB Statement No. 75 improves the accounting and financial reporting by state and local governments for postemployment benefits other than pensions (OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The implementation of GASB Statement 75 had the effect of (1) restating net position as previously report (see note 2), (2) revised the Authority’s postemployment benefit plan disclosures, as presented in Note 4 to the basic financial statements, and (3) added required supplementary information which is presented after the notes to the basic financial statements.

GASB Statement No. 85 addresses practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending components units, goodwill, fair value measurement and application, and OPEB. The implementation of GASB Statement 85 did not have an effect on the financial statements of the Authority.

GASB Statement No. 86 improves consistency in accounting and financial report for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources – resources other than the proceed of refunding debt – are place in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to the financial statements for debt that is defeased in substance. The implementation of GASB Statement 86 did not have an effect on the financial statements of the Authority.

Notes to Required Supplementary Information

For the Year Ended December 31, 2018

Net Pension Liability

Ohio Public Employees Retirement System (OPERS)

Changes in benefit terms: There were no changes in benefit terms from the amounts reported.

Changes in assumptions: There was a change in methods and assumptions used in the calculation of actuarial determined contributions for 2018. See the notes to the basic financials for the methods and assumptions in this calculation.

Net OPEB Liability

Ohio Public Employees Retirement System (OPERS)

Changes in benefit terms: There were no changes in benefit terms from the amounts reported.

Changes in assumptions: There was a change in methods and assumptions used in the calculation of actuarial determined contributions for 2018. See the notes to the basic financials for the methods and assumptions in this calculation.

Statistical Section 2018

This part of SARTA’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, notes to the financials, and required supplementary information says about SARTA’s overall financial health.

Contents/Page Number

Financial Trends (Pages 78-79)

These schedules contain trend information to help the reader understand how SARTA’s financial performance and well-being have changed over a ten year period.

Revenue Capacity (Pages 80-82)

These schedules contain information to help the reader assess SARTA’s most significant local revenue source, the ¼ per cent Sales Tax.

Operating Information (Pages 83-86)

These schedules contain ridership and infrastructure data to help the reader understand how the information in SARTA’s financial report relates to the services SARTA provides and the activities performed.

Debt Capacity (Page 87)

This schedule presents information to help the reader assess the affordability of SARTA’s current levels of outstanding debt and the ability to issue debt in the future.

Economic and Demographic (Pages 88-95)

These schedules offer demographic and economic indicators to help the reader understand the environment within which SARTA’s financial activities take place.

* The 2009 recession hit the county hard and 2010 was a year of recovery. Sales tax collections (which are an indicator of health and /or declines) hit a low not experienced since SARTA went county wide, but began recover in 2010.

**STARK AREA REGIONAL TRANSIT AUTHORITY
PASSENGER REVENUE RATES
(As of December 31, 2018)
(Unaudited)**

TABLE 4

ROUTE	TICKET/PASS	SINGLE FARE TICKET	10-RIDE TICKET	31-DAY PASS
REGULAR FIXED ROUTE		\$1.50	\$15.00	\$45.00
REDUCED FIXED ROUTE		\$0.75	\$7.50	\$22.50
PROLINE/CURB TO CURB		\$2.25	\$22.50	\$63.00
STUDENT FIXED ROUTE				\$27.50
Non-ADA Proline		\$3.50		
Day Pass		\$3.00		
CLEVELAND FIXED ROUTE		\$2.50		

Note:

Regular Fixed Fare - For passengers ages 6-64 (eligible for free fixed route transfer.)

Reduced Fixed Fare – For passengers 65 years or older, those with disability, or Medicare cardholders. For the \$.75 cash fares, riders should show documentation, or buy tickets from Customer Service.

Paratransit (Proline) – For passengers registered with the ADA Curb-to-Curb program. Proline operates in all of Stark County. Passengers not registered with the ADA program will pay the NON-ADA Fare.

Student Fixed Fare – The student 31-Day Pass is the only student fare and is available for riders 6-18 years of age. Students need to pay \$1.50 unless showing a 31-Day Pass, Day Pass or Transfer.

Non-ADA Proline – (1) For passengers who do not have a client number and who are merely accompanying a Proline rider. (2) For seniors, 65 or older without a Proline number, who arranges a ride through Proline (based on availability) No charge.

31-Day Pass – Good for 31 days from the first time it is farebox activated.

Day Pass – Good for the unlimited rides from the first time of issue until the end of service for the day.

Cleveland Fixed Fare – Single ride tickets also work with Cleveland RTA lines.

Children – Passengers ages 5 and under, accompanied by an adult, ride for free.

Economic & Demographic Information 2018

The Economic & Demographic Section includes the Economic Condition and Outlook for Stark County, selected Stark County Demographics, and a list of Major Employers in the county.

ECONOMIC CONDITION AND OUTLOOK (Unaudited)

Stark County, Ohio covers an area of 567 square miles. SARTA’S service area is within the boundaries of Stark County, Ohio. The County consists of nineteen municipalities (cities and villages) and seventeen townships. The seat of the county government is the City of Canton.

	2009	2010	2011	2012	2013	2014	2015	2016	2017	2018
Stark	379,466	375,417	375,087	374,868	375,895	375,584	375,165	375,586	372,542	375,586

1

Ten years ago manufacturing jobs drove the economy in Stark County. During the past ten years, Stark County has transitioned from a manufacturing base to a health, education, and social services based economy. According to estimates from the U.S. Bureau of Labor Statistics, manufacturing jobs declined by nearly a third from 2003 to 2012. Business is moving forward into the new economy with a focus on companies in advanced manufacturing and new emerging technologies such as fuel cells, wind energy and oil shale exploration and development. In addition, the number and variety of national and international companies, such as Timken and Diebold, with facilities in Stark County is also a testimony to the growing strength of the area’s business environment.

The Unemployment rate continues to trend upwards despite the growth in non-manufacturing jobs. The jobs created by the non-manufacturing sector have not been numerous enough to outpace the loss of manufacturing jobs. The Stark County unemployment rate for 2018 was 5.2 % ² compared with the national average of 3.9%.³
