INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Tuscarawas County 125 East High Avenue New Philadelphia, Ohio 44663

To the Board of County Commissioners:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Tuscarawas County, Ohio (the County), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated June 27, 2019, wherein we noted the County adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our report refers to other auditors who audited the financial statements of the Tuscarawas County Healthcare Consortium, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that those auditors separately reported.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinions on the financial statements, but not to the extent necessary to opine on the effectiveness of the County's internal control. Accordingly, we have not opined on it.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. A *material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the County's financial statements. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Therefore, unidentified material weaknesses or significant deficiencies may exist. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings that we consider a significant deficiency. We consider Finding 2018-001 to be a significant deficiency.

Tuscarawas County
Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Required by Government Auditing Standards
Page 2

Compliance and Other Matters

As part of reasonably assuring whether the County's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying Schedule of Findings as item 2018-001.

County's Response to Findings

The County's response to the Finding identified in our audit is described in the accompanying Schedule of Findings and Corrective Action Plan. We did not subject the County's response to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

ethe tober

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

Keith Faber Auditor of State Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Tuscarawas County 125 East High Avenue New Philadelphia, Ohio 44663

To the Board of County Commissioners:

Report on Compliance for Each Major Federal Program

We have audited Tuscarawas County's, Ohio (the County's), compliance with the applicable requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could directly and materially affect each of Tuscarawas County's major federal programs for the year ended December 31, 2018. The *Summary of Auditor's Results* in the accompanying Schedule of Findings and Questioned Costs identifies the County's major federal programs.

Management's Responsibility

The County's Management is responsible for complying with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to opine on the County's compliance for each of the County's major federal programs based on our audit of the applicable compliance requirements referred to above. Our compliance audit followed auditing standards generally accepted in the United States of America; the standards for financial audits included in the Comptroller General of the United States' *Government Auditing Standards*; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). These standards and the Uniform Guidance require us to plan and perform the audit to reasonably assure whether noncompliance with the applicable compliance requirements referred to above that could directly and materially affect a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our compliance opinion on each of the County's major programs. However, our audit does not provide a legal determination of the County's compliance.

Opinion on each Major Federal Program

In our opinion, Tuscarawas County complied, in all material respects with the compliance requirements referred to above that could directly and materially affect each of its major federal programs for the year ended December 31, 2018.

Tuscarawas County
Independent Auditor's Report on Compliance with Requirements
Applicable to Each Major Federal Program and on Internal Control Over
Compliance Required by the Uniform Guidance
Page 2

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which Uniform Guidance requires us to report, described in the accompanying Schedule of Findings and Questioned Costs as items 2018-002 and 2018-003. Our opinion on *each* major federal program is not modified with respect to these matters.

The County's responses to our noncompliance findings are described in the accompanying Schedule of Findings and Questioned Costs and Corrective Action Plan. We did not subject the County's responses to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on them.

Report on Internal Control Over Compliance

The County's management is responsible for establishing and maintaining effective internal control over compliance with the applicable compliance requirements referred to above. In planning and performing our compliance audit, we considered the County's internal control over compliance with the applicable requirements that could directly and materially affect a major federal program, to determine our auditing procedures appropriate for opining on each major federal program's compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not to the extent needed to opine on the effectiveness of internal control over compliance. Accordingly, we have not opined on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, when performing their assigned functions, to prevent, or to timely detect and correct, noncompliance with a federal program's applicable compliance requirement. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a federal program compliance requirement will not be prevented, or timely detected and corrected. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with federal program's applicable compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This report only describes the scope of our internal control over compliance tests and the results of this testing based on Uniform Guidance requirements. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have also audited the financial statements of the governmental activities, the business-type activities, the discretely-presented component unit, each major fund and the aggregate remaining fund information of Tuscarawas County (the County) as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our unmodified report thereon dated June 27, 2019, wherein, we noted the County adopted Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Our report refers to other auditors who audited the

Page 3

financial statements of the Tuscarawas County Healthcare Consortium, as described in our report on the County's financial statements. We conducted our audit to opine on the County's basic financial statements as a whole. We have not performed any procedures to the audited financial statements subsequent to June 27, 2019. The accompanying Schedule of Expenditures of Federal Awards presents additional analysis required by the Uniform Guidance and is not a required part of the basic financial statements. The Schedule is management's responsibility, and was derived from and relates directly to the underlying accounting and other records management used to prepare the basic financial statements. We subjected this Schedule to the auditing procedures we applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this Schedule directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this Schedule is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Keith Faber Auditor of State Columbus, Ohio

The accompanying Notes to the Schedule of Expenditures of Federal Awards are an integral part of this schedule

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2018

NOTE A - BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Tuscarawas County (the County) under programs of the federal government for the year ended December 31, 2018. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the County, it is not intended to and does not present the financial position, changes in net position, or cash flows of the County.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C - INDIRECT COST RATE

The County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - MATCHING REQUIREMENTS

Certain Federal programs require the County to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The County has met its matching requirements. The Schedule does not include the expenditure of non-Federal matching funds.

NOTE E-TRANSFERS BETWEEN PROGRAM YEARS

Federal regulations require counties to obligate certain federal awards by June 30. However, with ODE's consent, counties can transfer unobligated amounts (carryover balances) to the subsequent fiscal year's program. The Tuscarawas County Board of Development Disabilities transferred the following amounts from 2018 to 2019 programs:

| | | CFDA | Amt. |
|--------------------------------------|----------|---------------|--------------------|
| Program Title | <u> </u> | <u>lumber</u> | Transferred |
| Special Education - Grants to States | | 84.027 | \$17,007 |
| Special Education - Preschool Grants | | 84.173 | \$323 |
| | | | |

NOTE F- MEDICAID COST REPORT SETTLEMENTS

During the calendar year, the County Board of Development Disabilities received a settlement payment for the 2014 Cost Reports from the Ohio Department of Development for the Medicaid Program (CFDA #93.778) in the amount of \$4,925. The Cost Report Settlement payment was for settlement of the difference between the statewide payment rate and the rate calculated based upon actual expenditures for Medicaid services. This revenue is not listed on the County's Schedule of Expenditures of Federal Awards since the underlying expenses occurred in the prior reporting periods.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS 2 CFR 200.510(b)(6) FOR THE YEAR ENDED DECEMBER 31, 2018 (Continued)

NOTE G-TRANSFERS BETWEEN FEDERAL PROGRAMS

During fiscal year 2018, the County made allowable transfers of \$723,215 from the Temporary Assistance for Needy Families (TANF) (93.558) program to the Social Services Block Grant (SSBG) (93.667) program. The Schedule shows the County spent approximately \$1,288,145 on the TANF program. The amount reported for the TANF program on the Schedule excludes the amount transferred to the SSBG program. The amount transferred to the SSBG program is included as SSBG expenditures when disbursed. The following table shows the gross amount drawn for the TANF program during fiscal year 2018 and the amount transferred to the Social Services Block Grant program.

| Temporary Assistance for Needy Families | \$ 2,011,360 |
|---|--------------|
| Transfer to Social Services Block Grant | (723,215) |
| Total Temporary Assistance for Needy Families | \$ 1,288,145 |

2. FINDINGS RELATED TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GAGAS

FINDING NUMBER 2018-001

Noncompliance and Significant Deficiency

Ohio Rev. Code § 5705.40 outlines the requirements for amending and supplementing appropriations. This section requires that any amendments to an appropriation measure comply with the same provisions of the law as used in making the original appropriations.

The Commissioners approved supplemental appropriations in the amount of \$700,000 in the Motor Vehicle Gas Tax fund and \$8,055 in the Sheriff Policing Rotary Fund. These appropriations were not posted to the accounting system as supporting documentation stated the supplemental appropriations were not needed and would be rescinded by the Commissioners. However, formal action was not taken by the Commissioners to remove the appropriations, and therefore, the appropriations approved represent legal budgetary amendments that should have been posted to the accounting system.

As a result of the County's failure to accurately post the appropriations as approved to the ledgers, final budgeted amounts reported in the Motor Vehicle License and Gas Tax Fund were materially misstated. The financial statements have been adjusted accordingly.

The County should ensure that all budgetary amendments made to increase or reduce appropriations are formally approved in the same manner used in making the original appropriations. Additionally, the County should ensure that all amendments approved by the Commissioners are posted to the accounting system. This will ensure that the most accurate information is used for budgetary decisions.

Officials' Response: This error has been discussed with the Clerk of the Board of Commissioners. A process has been implemented to assure the Commissioner's actions are properly reflected. This process includes a follow up with any office submitting a request to rectify, which requires official action to make sure the process is fulfilled and in compliance. In addition, the Auditor will enter any and all approved budget modifications into the accounting system which will then require official action to correct.

The Commissioners and Auditor are in agreement with these procedures to assure proper reporting.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS 2 CFR § 200.515 DECEMBER 31, 2018 (Continued)

3. FINDINGS AND QUESTIONED COSTS FOR FEDERAL AWARDS

TANF Cash Management

Finding Number: 2018-002

CFDA Number and Title: CFDA #93.558 Temporary Assistance for

Needy Families (TANF Cluster)

Federal Award Identification Number / Year: G-1819-11-5812 / 2018

Federal Agency: U.S. Department of Health and Human

Services

Compliance Requirement: Cash Management

Pass-Through Entity: Ohio Department of Job and Family Services

Repeat Finding from Prior Audit? No

Questioned Cost

45 C.F.R. § 75.305(b)(5) provides that "[t]o the extent available, the non-Federal entity must disburse funds available from program income (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional cash payments."

The Tuscarawas County Job and Family Services (TCJFS) received payment for Comprehensive Case Management and Employment Program (CCMEP) indirect costs due to post allocation adjustments made to move the activity to TANF Regular funding. However, the TCJFS also invoiced Stark County Workforce Initiative Association, who is the lead agency for CCMEP activity, for a portion of these same costs in amounts totaling \$46,845. As the TCJFS did not post the receipt in a manner to reduce the expenditures related to the CCMEP activity, it was determined that the County JFS received reimbursement for the same expenditures twice.

The County JFS should implement procedures to ensure that amounts reimbursed to the TCJFS by non-Federal entities are properly coded. This will ensure compliance with 45 CFR 75.305(b)(5) and prevent questioned costs in future periods.

Officials' Response: TCJFS used the code given to us by our Regional Fiscal Supervisor. However, when we noticed the ceiling excess had not changed, we should have reached out again to verify the code was correct or not. TCJFS will check codes at the time the invoice is created and again monthly before sending the 2827 and 2820 reports to the State. We will also check the over under report to catch errors like this.

Questioned Cost

45 C.F.R. § 75.403(b) provides that "except where otherwise authorized by statute, costs must conform to any limitations or exclusions set forth in these principles or in the Federal award in order to be allowable under Federal awards."

During fiscal year 2018, the Tuscarawas County Job and Family Services (TCJFS) improperly coded one expenditure for the payment of transportation costs related to the Medicaid program to TANF. This payment was unallowable under federal and state regulations, resulting in questioned costs in the amount of \$55,557.

The TCJFS should review federal expenditure regulations and state grant purchasing requirements to determine what costs are allowable and may be charged to their federal grant programs. The TCJFS should only make expenditures that are allowable under these guidelines. The TCJFS should thoroughly review the coding of expenditures prior to submitting payment to ensure that the expenditures are charged to the proper federal program. This will help mitigate the risk of the TCJFS utilizing restricted funds for unallowable purposes.

Officials' Response: One of our invoices was accidently coded to TANF when it should have been coded to Medicaid NET. The invoice is still in the same fiscal year as the allocation, so a coding adjustment can be easily made to correct this. The coding adjustment was made in July 2019.

Auditor's Office Tuscarawas County

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS AND QUESTIONED COSTS 2 CFR 200.511(b) DECEMBER 31, 2018

| Finding Number | Finding Summary | Status | Additional Information |
|-------------------|--|---|--|
| 2017-001 | Personnel Manual Chapter 5, Section 5.4 Sick Leave Conversion requires 10 years of service to qualify for payment. | Corrective Action Taken and Finding is Fully Corrected | Upon receiving additional verification from employee it was determined they did have the required years of service to qualify for the payment. |
| 2017-002 | 45 CFR 75.403 Net Mileage Reimbursement not properly verified. | Corrective Action Taken and Finding is Partially Corrected | We are checking for eligibility every month. |
| 2017-003 | 45 CFR 95.507(a)(2) adjustments did not meet requirements for Post Allocated Adjustments. | Partially Corrected | While we are not doing these kinds of post allocated adjustments anymore, we are currently appealing this audit finding. |
| 2017-004 | 45 CFR 75.305(b)(1) cash on hand exceeded ten day average. | Corrective Action Taken and Finding is Fully Corrected | We are currently in compliance and have been for at least the last 4 quarters. |
| 2017-005 | 45 CFR 75.405 cost allocation coding errors. | Corrective Action Taken and Finding is Partially Corrected | Every invoice is reviewed as well as the code that is on the invoice. |
| 2017-006 | 45 CFR 75.328 Documentation not maintained for price quotes and vendor selection process. | Corrective Action Taken and Finding is Fully Corrected | The business office and the legal department are working together to ensure procurement is being done on all contracts. |

Auditor's Office Tuscarawas County

LARRY LINDBERG, Auditor 125 E. High Avenue New Philadelphia, Ohio 44663

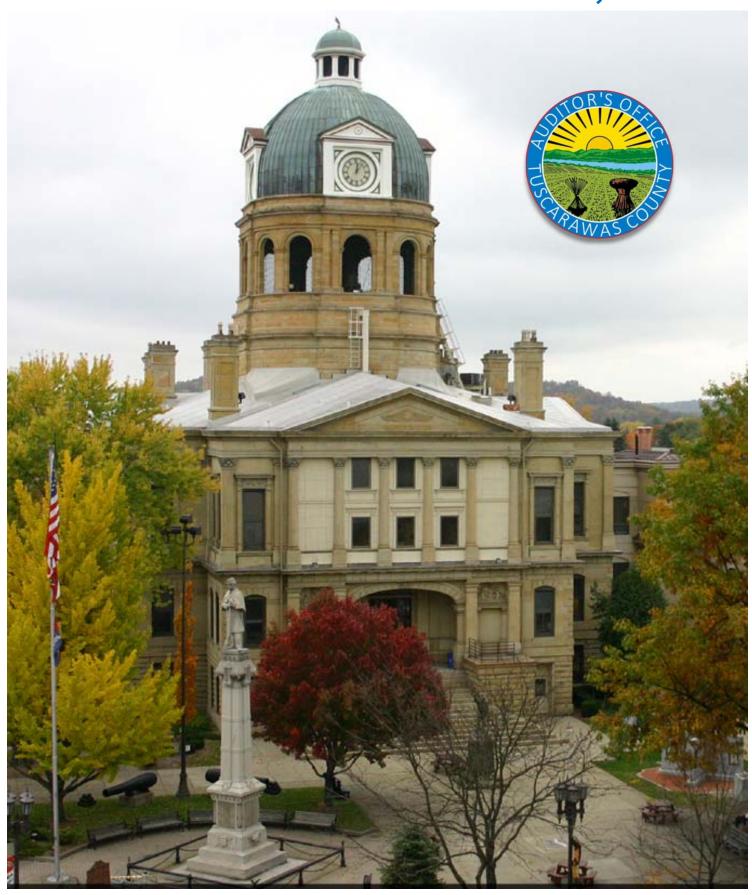

Telephone (330) 365-3220 Fax: (330) 365-3397

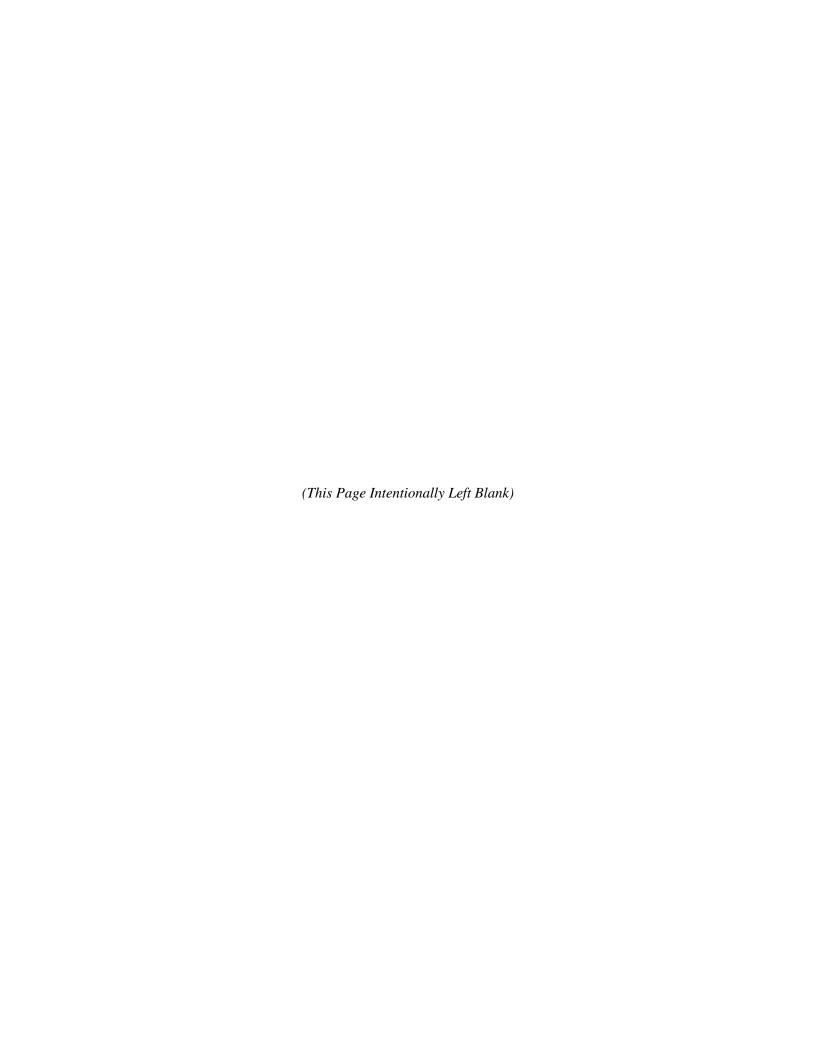

CORRECTIVE ACTION PLAN 2 CFR § 200.511(c) December 31, 2018

| Finding Number | Planned Corrective Action | Anticipated Completion Date | Responsible Contact Person |
|-------------------|---|---|--|
| 2018-001 | A process has been implemented to assure the Commissioner's actions are properly reflected. This process includes a follow up with any office submitting a request to rectify, which requires official action to make sure the process is fulfilled and in compliance. In addition, the Auditor will enter any and all approved budget modifications into the accounting system which will then require official action for any necessary correction. | 06/30/2019 | Jane Clay, Executive Assistant Larry Lindberg, County Auditor |
| 2018-002 | TCJFS no longer contracts with SCJFS so this won't be an issue going forward. However, if TCJFS does contract with another county, we will code the receipt correctly, so we do not get reimbursed twice. What we could also do is just have the county do an interfund transfer instead of sending us a check. | 06/30/2019 | Adam Wilson, TCJFS Fiscal Officer |
| 2018-003 | One of our invoices was accidently coded to TANF when it should have been coded to Medicaid NET. The invoice is still in the same fiscal year as the allocation, so a coding adjustment can be easily made to correct this. We will just have to be more careful in the future with our invoice coding and double check our work as often as we can. | The coding adjustment was done in July of 2019 | Adam Wilson, TCJFS Fiscal Officer |

Auditor's Office Tuscarawas County

Telephone (330) 365-3220 Fax: (330) 365-3397

June 27, 2019

To the Citizens of Tuscarawas County and to the Board of County Commissioners: Honorable Chris Abbuhl Honorable Al Landis Honorable Joe Sciarretti

We are pleased to present the 2018 Comprehensive Annual Financial Report (CAFR) for the County of Tuscarawas. This CAFR conforms to Generally Accepted Accounting Principles (GAAP) as applicable to government entities and includes the reporting model as promulgated by GASB Statement No. 34.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed the anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

State statutes require the County to be subjected to an annual examination by the Auditor of State. The Auditor of State's office rendered an opinion on the County's financial statements as of December 31, 2018, and the Independent Auditor's Report on the basic financial statements is included in the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The County of Tuscarawas is a political subdivision of the State of Ohio, organized in 1808. It encompasses twenty-two townships, sixteen villages and three cities. The County has 40,192 housing units which are 70.7 percent owner-occupied. The largest city in Tuscarawas County is New Philadelphia with a total of 17,288 residents. New Philadelphia has 7,644 housing units which are 57.8 percent owner-occupied. The County's second largest city, with 12,826 residents, is Dover, which has 5,721 housing units which are 66.6 percent owner-occupied. Uhrichsville is the third largest city with a population of 5,413. Uhrichsville has 2,445 housing units which are 60.8 percent owner-occupied. In 2018, the average selling price of a home in Tuscarawas County was \$131,533. The County includes 571 square miles and has a 2018 population estimate of 92,176, of which 71,068 are ages 18 or over.

The County provides its citizens with general governmental services which include welfare and social services, health and community assistance related services, civil and criminal justice system services, road and bridge maintenance, and other general administrative support services. The County also operates enterprise activities including sewer and water systems.

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Tuscarawas County, this includes the Children's Services Board, the Board of Developmental Disabilities, the Human Services Department, and all other departments and activities that are directly operated by the elected County officials.

The Tuscarawas County Historical Society, the East Central Ohio Educational Service Center, the Tuscarawas County Committee on Aging, Incorporated, the Tuscarawas County Agricultural Society, the New Philadelphia Municipal Court, and Starlight Enterprises, Incorporated, are not part of the Tuscarawas County entity and are excluded from the accompanying financial statements. All are legally separate from the County. None are fiscally dependent on the County. The County is not financially accountable for any of these entities. The Tuscarawas County Healthcare Consortium is included as a component unit of the County.

LOCAL ECONOMY

Tuscarawas County continues to be a mecca for tourists. Lodging receipts, which are used as a gauge for the number of visitors to the County, have decreased from \$16,393 in 2017 to \$14,938 in 2018. However, the lodging receipts have drastically increased since 2012 as a result of workers coming to our County during the oil and gas boom. Even though that has subsided, our lodging receipts still remain significantly high in comparison to the 5 year average of \$3,796 between 2007 and 2011. The County imposed a 3 percent hotel/motel tax in 1980.

Agriculture contributes more than \$92 million annually to the Tuscarawas County economy, making it one of the County's largest industries. The average farm size for the 1,014 farms located in the County is 136 acres, according to statistics from The Ohio State University Extension Service. Tuscarawas County ranks 6th in the State in cattle production, 9th in hay production, and 4th in milk production.

Having been named the number two micropolitan region in the United States for economic development and industrial site development by Site Selection magazine in March of 2016, our County continues to find ways to attract new businesses and to keep those businesses that we have. By combining the administration of the Community Improvement Corporation, Economic Development and Finance Alliance, and other organizations, the Tuscarawas County Economic Development Corporation was established in 2018 to help businesses locate or expand in our County. Recognizing that we were one of a few counties that did not have a single point of contact for economic development, the purpose of the Tuscarawas County Economic Development Corporation is to be the first place business owners turn to when they want to move or expand in our County. The Small Business Development Center at Kent State Tuscarawas has been active as well. It won the 2018 Small Business Development Center Excellence in Innovation Award. It also helped provide access to nearly \$1.4 million in loans.

Gemini Industrial Machine became the first manufacturer to locate in the Tuscarawas County Regional Technology Park. As a result of its new location, 20 employees will be added to its current workforce. ProVia of Sugarcreek broke ground for its new 300,000-square-foot facility in Strasburg. This new multi-million dollar facility will be used to manufacture vinyl windows and serve as its primary distribution center. ProVia estimates approximately 197 jobs to be added over the next five years. Lauren Manufacturing and Lauren Plastics was purchased by Cooper Standard. Being purchased by Cooper Standard will allow Lauren Manufacturing and Lauren Plastics to increase its manufacturing production in New Philadelphia. The Industrial Park in Newcomerstown expanded with a new distribution center for 31 Incorporated, an international tire supplies and repair manufacturing company. This new distribution center is anticipating the creation of up to 15 more jobs for the area. Warther Cutlery moved into its new Dover facility late in 2018. The new 15,000-square-foot facility will allow them to expand, add more employees and allow for more product. Warther Cutlery manufactures about 30,000 of its well-known knives each year.

In 2018, the City of New Philadelphia welcomed a Jersey Mike's Sub located near the new Chipotle Mexican Grill and Starbucks Coffee Shop. Located near the same area, Menards has broken ground and is scheduled to open in 2019. This project will cost \$18.3 million and will employ up to 40 full-time employees and 80 part-time employees. Along with already established restaurants and businesses, this area continues to be attractive for travelers on Interstate I-77 who visit our County on their way to their destination.

Banking institutions have been investing in our community as well. Serving as its headquarters, SSB Community Bank completed its \$2.9 million expansion in the Village of Strasburg. The Dover-Phila Federal Credit Union constructed a new branch location in the northern part of the City of Dover, which opened in 2018. First Federal Community Bank expanded its presence in our County and opened their newest location in Uhrichsville.

One of the County's largest employers officially joined a famous healthcare network. Cleveland Clinic and Union Hospital, located in Dover, announced in April of 2018 that Union Hospital was a full member of the Cleveland Clinic health system. Union Hospital became the 11th regional hospital in the Cleveland Clinic health system. Founded in 1906, Union Hospital is a 100-bed facility and employs over 850 individuals. This partnership will help ensure that current operations and services continue at high levels for the citizens of Tuscarawas County.

Trinity Hospital Twin City announced in December that it will become part of the new Common Spirit Health, which represents a merger between Dignity Health of California and Catholic Health Initiatives of Englewood, Colorado. As a critical access hospital, Trinity Hospital Twin City will be able to share resources and expertise with like hospitals.

Public and non-profit facilities in the County were improved during 2018. Kent State Tuscarawas celebrated its 50th anniversary in 2018. Starting with a couple hundred students, it has now grown to a record of over 2,200 students. As a result of this continued growth, Kent State Tuscarawas began construction on a new entrance to help accommodate the increased traffic. This new entrance will cost up to \$3 million and is expected to be done in 2019. Construction of a new Dover High School kicked off in 2018. The new \$46.2 million three-story high school is slated to open in the fall of 2020. The residents of the City of Dover passed a 4.4 mill levy in 2016, which included a state-mandated 0.5 mill for continuing maintenance, which is allowing Dover High School to rebuild and expand on its current location.

In the northern part of Dover, work has officially begun on the new substation that will house additional firefighters to handle back-to-back emergency calls. Costing approximately \$1.6 million, the facility will have about 5,700 square feet of space. It will also include a field office for the Dover Police Department. The \$5.2 million renovation of the Tuscarawas County's main library building in downtown New Philadelphia began in October 2018. In November 2018, construction began on a new 12-bay aircraft hangar at Harry Clever Field in New Philadelphia in order to meet the need for additional space for private owners who want to have their aircraft based at the municipal airport. This project is being financed by a \$500,000 loan from the State's Infrastructure Bank. A new multi-purpose pavilion was open to fair-goers at the Tuscarawas County Fairgrounds. Finally, the renovation and expansion of the Tuscarawas Center for the Arts was completed in 2018 with \$500,000 funding from the State of Ohio.

The County's green space received attention as well during 2018. The Ohio and Erie Canal Towpath Trail received a grant to continue its development of a trail connection. This project in the Village of Bolivar will create a hiking and walking trail between the Counties of Tuscarawas and Stark. A grant for almost \$400,000 from the Ohio Department of Natural Resources' Clean Ohio Fund is helping to fund this endeavor. The Canal Dover Park project is set to become the largest municipal park in the County. The roughly 50-acre park that stretches more than a mile along the north side of the Tuscarawas River is still in progress. The City of Dover received \$350,000 from the State of Ohio to help connect the trail along the river to Wooster Avenue. This project is scheduled to be completed by the end of 2020 with the goal of eventually linking to the Ohio and Erie Canal Towpath Trail. The City of New Philadelphia continued its steps to develop a riverfront area as well. Now having two access points, canoeists and kayakers will be able to utilize the Tuscarawas River for recreational purposes, and the New Philadelphia Fire Department will have access for rescue purposes. approximately \$629,000, most of the project expenditures were covered by a Clean Ohio Grant. The River Front Launch Park is scheduled to open the summer of 2019. In 2018, plans were under way to enhance Southside Community Park in the City of New Philadelphia. The enhancements include among other things a dog park, butterfly garden, amphitheater, concession stand and restrooms. The estimated cost is \$3.14 million with \$2.37 million already secured from the State of Ohio. Finally, the City of New Philadelphia received a grant from the Rainbow Connection in the amount of \$14,880 in order to construct a handicapped fishing pier at Tuscora Park. Located on the Maloney Drive side of the park pond, it will accommodate wheelchairs and can be accessed from handicapped parking spaces.

New residential construction totaled \$20,683,970 for 2018. Some of the areas that accounted for this growth included the City of New Philadelphia (\$3,894,010), the Village of Sugarcreek (\$2,320,700), the Township of Dover (\$1,696,260), the City of Dover (\$1,228,240), the Village of Strasburg (\$1,131,700), the Township of Sugarcreek (\$1,065,740), the Township of Wayne (\$1,044,580), the Township of Lawrence (\$1,019,660), the Township of Franklin (\$902,640), and the Township of Mill (\$884,520).

In 2018, Tuscarawas County saw the highest annual average sale price in history at \$131,533, surpassing the previous highest average sale price of \$131,085 recorded in 2016, and sales continued to be at high levels. The City of New Philadelphia had 370 property transfers with the average sale price of \$138,481; the City of Dover had 245 residential property transfers with the average sale price of \$137,693, and the Uhrichsville/Dennison area had 200 property transfers with an average sale price of \$63,421. The average sale price was \$103,184 in southern Tuscarawas County and \$144,112 in the northern end of the County. While this region appears to have a greater demand than supply, the gap has shrunk considerably. That, coupled with favorable interest rates, should promote a continued viable market.

While the County continues to undergo changes, the state of its economy has remained strong overall in the past decade.

RELEVANT FINANCIAL POLICIES

The County Commissioners have developed a practice of establishing appropriations based upon anticipated new revenues as certified by the Budget Commission. In 2018, Commissioners dedicated one mill of the three mill permissive transfer tax to fund future County building maintenance and improvements. The Commissioners previously issued \$1.45 million in Recovery Zone Economic Development Bonds to provide needed repairs to the County Justice Center and County Administration Building.

MAJOR INITIATIVES

The County actively continued to replace or improve capital assets in 2018. The Courthouse Dome Project, which included removal and replacement of the copper roofing, is near its final completion, costing approximately \$1.5 million. Lighting improvements were added to the project and were unveiled during the holiday season.

Numerous other projects were completed as well out of the County's capital improvements fund including, but not limited to, the following: upgrades to the Job and Family Services building and the Ohio State University Extension Office, a new phone system for the Southern District Court, upgrades to the County Jail's work stations, enhancements to the Courthouse elevator, a heating conversion project for the County Engineer's Office at the Port Washington building, a new air conditioning unit for the County Health Department, and continued enhancements to the County's cyber security, including equipment for the County Engineer's Office and the Public Defender's Office.

In May 2018, the voters approved a temporary sales and use tax of 0.5 percent to pay for the County's upgrade of the county-wide radio system scheduled to be "end of life" in December 2018. With an anticipated total cost of \$11.6 million, the revenue generated allowed the County to enter into a capital lease for portable and mobile radios for all first responders in Tuscarawas County costing \$7.77 million.

The Tuscarawas County Metropolitan Sewer District provides water and sewer services in various rural areas of our County. Work continued on several projects throughout 2018 and included the two following new projects: McKinley Avenue Waterline Project and Mineral City High Street Sewer Upgrade.

The County Engineer oversaw the paving of approximately 30.44 miles of County roads and the chip sealing of approximately 63 miles of County roads. In addition, 3 bridges were improved; 3 safety improvement projects were completed; 71 defective cross culverts were replaced, totaling a length of 3,554 feet; and approximately 194.15 miles of roadway centerline were applied.

LONG-TERM FINANCIAL PLANNING

A voter-approved local sales tax was approved in May of 2017 for a ten year period. The tax generates 1 percent of sales tax revenue for general fund operations. While our County had one of the lower sales tax rates in the State of Ohio at 6.75 percent, this changed in 2018 with the additional sales and use tax of 0.5 percent approved by the voters. However, this additional sales and use tax is temporary, beginning in October 2018 and ending in September 2020. The 1 percent sales tax generates over 50 percent of the general fund receipts.

One of the County's larger operating revenues has been the Local Government Fund (LGF), which is money distributed to subdivisions by the State of Ohio. LGF monies help support basic day-to-day governmental services that residents not only need, but expect. LGF has suffered reductions in State funding in recent years. During 2018, the County received nearly a 0.5 percent increase from the prior year. The County received \$903,325 in 2018, which was the highest amount since 2012.

The Commissioners previously established a budget stabilization reserve, permitted by the Ohio Revised Code. The reserve is designed to accumulate currently available resources to stabilize budgets against cyclical changes in revenues and expenditures. The budget stabilization reserve is only an insulator against short-term economic changes and, because of the limitations imposed by the Ohio Revised Code, it could not reasonably protect an entity from long-term economic factors.

AWARDS AND ACKNOWLEDGMENTS

Awards The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Tuscarawas County, Ohio, for its comprehensive annual financial report for the year ended December 31, 2017. This was the thirty-second consecutive year that the County received this prestigious award. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe our current report continues to meet the Certificate of Achievement Program's requirements, and we are again submitting it to the GFOA to determine its eligibility to receive the certificate, which is the highest form of recognition in the area of governmental financial reporting.

Acknowledgments The publication of this report is a major step in professionalizing Tuscarawas County government. Preparation of this report could not have been accomplished without the effort of a number of employees of the County Auditor's Office and the various County officeholders and department heads. The County sincerely appreciates the cooperation and contribution of each individual.

A great deal of credit must go to the Local Government Services Section of the Auditor of State's Office for their guidance and support throughout this project.

Without the continued support of the Tuscarawas County Commissioners, preparation of this report would not have been possible.

Sincerely,

Larry Lindberg

Auditor

INDEPENDENT AUDITOR'S REPORT

Tuscarawas County 125 East High Avenue New Philadelphia, Ohio 44663

To the Board of County Commissioners:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Tuscarawas County, Ohio (the County), as of and for the year ended December 31, 2018, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the Tuscarawas County Healthcare Consortium, Tuscarawas County, Ohio, which represents 100 percent of the assets, net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for the Tuscarawas County Healthcare Consortium, is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

Efficient • Effective • Transparent

Tuscarawas County Independent Auditor's Report Page 2

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Tuscarawas County, Ohio, as of December 31, 2018, and the respective changes in financial position and where applicable, cash flows, thereof and the respective budgetary comparisons for the General, Board of Developmental Disabilities, Public Assistance, and Motor Vehicle License and Gas Tax Funds thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 3 to the financial statements, during 2018, the adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include *Management's Discussion and Analysis*, and Schedules of Net Pension and Other Post-Employment Benefit Liabilities / Assets and Pension and Other Post-Employment Benefit Contributions listed in the Table of Contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the County's basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The Statements and Schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Tuscarawas County Independent Auditor's Report Page 3

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2019, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Keith Faber Auditor of State

Columbus, Ohio

June 27, 2019

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

The discussion and analysis of Tuscarawas County's (the "County") financial performance provides an overview of the County's financial activities for the year ended December 31, 2018. The intent of this discussion and analysis is to look at the County's financial performance as a whole.

Financial Highlights

Key financial highlights for 2018 are as follows:

- Total governmental activities net position increased slightly from 2017 to 2018. The increase in governmental net position was due primarily to increases in sales taxes, operating grants and contributions, and investment earnings revenues, along with a decrease in total program expenses.
- The increase in sales tax revenues from the prior year is due to the two-year additional sales and use tax of 0.5 percent that is for the purpose of providing revenue to the County for its 911 emergency system. The additional sales and use tax was effective October 1, 2018.
- The significant decrease in total liabilities in 2018 was primarily due to a decrease in the County's net pension liability. The net pension liability represents the County's proportionate share of the unfunded benefits of the OPERS traditional plan and the STRS plan. Changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability.
- At the end of the current year, unassigned fund balance for the general fund was \$11,333,148, which represents 52.12 percent of total general fund expenditures for 2018.

Overview of the Financial Statements

This annual report consists of a series of financial statements. These statements are organized so the reader can understand the County as a financial whole or as an entire operating entity. The statements also provide a detailed look at specific financial conditions.

The County's basic financial statements are comprised of three components: the County-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

County-Wide Financial Statements

The County-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

Statement of Net Position and Statement of Activities

The statement of net position presents information on all of the County's assets, liabilities, and deferred inflows/outflows of resources, except for the County's fiduciary funds, with the difference between all of the elements reported as net position. The statement of activities presents information showing how the County's net position changed during the current year. These statements are prepared using the accrual basis of accounting similar to the accounting method used by private sector companies.

This basis of accounting takes into consideration all of the current year's revenues and expenses, regardless of when the cash is received or paid.

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

The change in net position is important because it tells the reader whether, for the County as a whole, the financial position of the County has improved or diminished. However, in evaluating the overall position of the County, non-financial information such as changes in the County's tax base and the condition of the County's capital assets will also need to be evaluated.

In the statement of net position and the statement of activities, the County is divided into three kinds of activities:

Governmental Activities – Most of the County's programs and services are reported here, including general government, public safety, public works, health, human services, and conservation and recreation. These services are funded primarily by taxes and intergovernmental revenues, including Federal and State grants and other shared revenues.

Business-Type Activities – These services are provided on a charge for goods or services basis to recover all or most of the cost of the services provided. The County's Water and Sewer Districts are reported here.

Component Unit – The County's financial statements include financial data of the Tuscarawas County Healthcare Consortium. This component unit is described in the notes to the financial statements. The component unit is separate and may buy, sell, lease, and mortgage property in its own name and can sue or be sued in its own name.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objects. The County, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial statements provide detailed information about the County's major funds.

Based on the restriction on the use of monies, the County has established many funds that account for the multitude of services provided to our residents. The County's major governmental funds are the general fund, board of developmental disabilities fund, public assistance fund, and the motor vehicle license and gas tax fund.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities on the government-wide financial statements. Most of the County's basic services are reported in these funds that focus on how money flows into and out of the funds and the year end balances available for spending. These funds are reported on the modified accrual basis of accounting that measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general government operations and the basic services being provided, along with the financial resources available.

Because the focus of the governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities on the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

The County maintains a multitude of individual governmental funds. Information is presented separately on the governmental fund balance sheet and on the governmental fund statement of revenues, expenditures, and changes in fund balances for the major funds, which were identified earlier. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Proprietary Funds – The County has two types of proprietary funds, enterprise and internal service. The enterprise funds are used to report the same functions presented as business-type activities on the government-wide financial statements. The County uses enterprise funds to account for the water and sewer district operations. The County uses the internal service funds to account for the group life insurance and workers' compensation operations.

Fiduciary Funds – The County has two types of fiduciary funds, a private purpose trust fund and agency funds. The private purpose trust fund is used to account for monies held in trust for meeting the extra needs of children in foster care. Agency funds are used to account for resources held for the benefit of parties outside of the County. Fiduciary funds are not reflected on the government-wide financial statements because the resources from those funds are not available to support the County's programs. The accounting method used for fiduciary funds is much like that used for the proprietary funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided on the government-wide and fund financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents combining and individual fund statements and schedules.

Government-Wide Financial Analysis

Table 1 provides a summary of the County's net position for 2018 compared to 2017:

Table 1 Net Position

| _ | Governmental Activities | | Business-Type Activities* | | Tota | al* |

^{*}After deferred inflows and deferred outflows related to the change in internal proportionate share of pension-related items have been eliminated.

The net pension liability is the largest single liability reported by the County at December 31, 2018, and is reported pursuant to Governmental Accounting Standards Board (GASB) Statement 68, Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement 27. For 2018, the County adopted GASB Statement 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed subsequently, many end users of this financial statement will gain a clearer understanding of the County's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting the net pension asset, the net OPEB asset and deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*. GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability (asset) and the net OPEB liability (asset) to equal the County's proportionate share of each plan's collective:

- 1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
- 2. Minus plan assets available to pay these benefits

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this pension promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the County is not responsible for certain key factors affecting the balance of this liability. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan as against the public employer. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained previously, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the County's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability (asset) and net OPEB liability (asset), respectively, not accounted for as deferred inflows/outflows.

As a result of implementing GASB 75, the County is reporting a net OPEB liability, a net OPEB asset, and deferred inflows/outflows of resources related to OPEB on the accrual basis of accounting. This implementation also had the effect of restating net position at December 31, 2017, from \$95,167,065 to \$80,266,365 for governmental activities and from \$22,785,910 to \$22,150,026 for business-type activities.

As noted earlier, the County's net position, when reviewed over time, may serve as a useful indicator of the County's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources as of December 31, 2018. By far, the largest portion of the County's net position represents capital assets (e.g., land, construction in progress, buildings and improvements, machinery and equipment, vehicles, infrastructure, and sewer/water lines) less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

At December 31, 2018, the portion of the County's net position that is unrestricted and which may be used to meet the County's ongoing obligations to citizens and creditors was a deficit balance. The remaining balance represents resources that are subject to restrictions on how they can be used.

Total governmental activities net position increased slightly from 2017 to 2018. The increase in governmental net position was due primarily to increases in sales taxes, operating grants and contributions, and investment earnings revenues, along with a decrease in total program expenses. Also contributing to the increase in net position for 2018 was prior year transfer of health insurance operations that resulted in a loss of \$816,718, recorded as a special item for 2017.

The significant decrease in total liabilities in 2018 was primarily due to a decrease in the County's net pension liability. The net pension liability represents the County's proportionate share of the unfunded benefits of the OPERS traditional plan and the STRS plan. As indicated previously, changes in pension benefits, contribution rates, and return on investments affect the balance of the net pension liability.

Total business-type activities net position also increased during 2018 primarily due to an increase in capital contributions for the sewer district.

Table 2 shows the changes in net position for 2018 compared to 2017.

Table 2 Changes in Net Position

| | Governmental Activities | | Business-Type Activities | | Total | |
|------------------------------------|-------------------------|-------------|--------------------------|-------------|--------------|--------------|

| Net Position Beginning of Year - Restated | 80,266,365 | N/A | 22,150,026 | N/A | 102,416,391 | N/A |
| Net Position End of Year | \$80,311,626 | \$80,266,365 | \$22,841,957 | \$22,150,026 | \$103,153,583 | \$102,416,391 |

The information necessary to restate the 2017 beginning balances and the 2017 OPEB expense amounts for the effects of the initial implementation of GASB 75 is not available. Therefore, 2017 functional expenses still include OPEB expense of \$225,017 computed under GASB 45. GASB 45 required recognizing pension expense equal to the contractually required contributions to the plan. Under GASB 75, OPEB expense represents additional amounts earned, adjusted by deferred inflows/outflows. The contractually required contribution is no longer a component of OPEB expense. Under GASB 75, the 2018 statements report OPEB expense of \$1,198,256. Consequently, in order to compare 2018 total program expenses to 2017, the following adjustments are needed:

| | Governmental | Business-Type | |
|---|---------------|---------------|---------------|
| | Activities | Activities | Total |
| Total 2018 program expenses under GASB 75 | \$62,239,553 | \$4,168,852 | \$66,408,405 |
| OPEB expense under GASB 75 | (1,145,258) | (52,998) | (1,198,256) |
| 2018 contractually required contribution | 19,885 | 855 | 20,740 |
| Adjusted 2018 program expenses | 61,114,180 | 4,116,709 | 65,230,889 |
| Total 2017 program expenses under GASB 45 | 65,087,933 | 3,844,808 | 68,932,741 |
| Increase (decrease) in program expenses not related to OPEB | (\$3,973,753) | \$271,901 | (\$3,701,852) |

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

Governmental Activities

Operating grants and contributions were the largest program revenue, and the major recipients of this program revenue were human services, public works, health, general government legislative and executive, and public safety.

The County's direct charges to users of governmental services made up a smaller portion of program revenues. These charges are for fees for real estate transfers, fees associated with the collection of property taxes, fines and forfeitures related to judicial activity, road improvements for subdivisions, and licenses and permits, and other miscellaneous fees.

Property tax revenues account for a significant portion of general revenues for governmental activities. Property tax revenues increased from the prior year due to increases in assessed values within the County.

The County's sales tax is a major revenue component and is the largest of the general revenues. The increase in sales tax revenues from the prior year is due to the two-year additional sales and use tax of 0.5 percent that is for the purpose of providing revenue to the County for its 911 emergency system. The additional sales and use tax was effective October 1, 2018.

The human services – primary government program represents the largest program expense for governmental activities in 2018. Human services – primary government, which includes the department of job and family services, the child support enforcement agency, children services, and senior citizen programs, had a decrease in expenses from 2017 to 2018 due primarily to a decrease in pension expense related to the net pension liability.

The next largest program was public safety – primary government. This program, which includes the operation of the Sheriff's Department, increased slightly from 2017 to 2018, due primarily to increased personal services costs, as well as increased contractual services related to the County wireless 911 system and jail operations.

The next largest program was health – primary government. This program, which includes the board of developmental disabilities and the dog and kennel money, was fairly consistent with the prior year.

General government – legislative and executive – primary government, which includes costs associated with the general administration of County government, was also fairly consistent with the prior year.

Public works – primary government, which primarily includes road and bridge repair and maintenance, as well as community development programs, decreased from 2017 to 2018, primarily due to fewer road repairs and maintenance.

Program revenues are used to fund a portion of the expenses of the County. The remaining expenses are funded by property taxes, sales taxes, and intergovernmental revenues. A material portion of legislative and executive – primary government, judicial, public safety – primary government, public works – primary government, health – primary government, and human services – primary government expenses are funded by program revenues.

Business-Type Activities

The net position of business-type activities increased during 2018. The increase was due to an increase in capital contributions for the sewer district, despite an increase in expenses primarily related to a judgment payable. Major revenue sources also included charges for services.

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

Financial Analysis of County Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds – The focus of the County's governmental funds is to provide information on near term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the end of the year.

The County's governmental funds had a slight increase in fund balance from the prior year, due to an increase in revenues, primarily increases in property taxes and interest, and a decrease in expenditures, primarily capital outlay. The decrease in capital outlay had a corresponding decrease in other financing sources related to the inception of a capital lease in 2017.

The general fund is the primary operating fund of the County. At the end of 2018, unassigned fund balance was \$11,333,148, while total fund balance was \$16,824,790. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 52.12 percent of total general fund expenditures, while total fund balance represents 77.37 percent of that same amount. The fund balance of the County's general fund increased during 2018. Expenditures and other financing sources both decreased significantly from the prior year due to the inception of a capital lease in 2017.

The board of developmental disabilities fund had a decrease in fund balance during 2018 due to a decrease in other financing sources and a small increase in expenditures, despite an increase in revenues. The decrease in other financing sources was related to proceeds received from the sale of capital assets during 2017. The total fund balance represents 186.62 percent of total expenditures.

Although the public assistance fund had a fund deficit at the end of 2018, the fund deficit decreased from the prior year, due to an increase in revenues and a decrease in expenditures related to personal services.

The motor vehicle license and gas tax fund had an increase in fund balance for 2018 primarily due to a decrease in expenditures related to road improvements. The total fund balance represents 69.01 percent of the total fund expenditures.

Enterprise Funds – The County's enterprise funds provide the same type of information found in the government-wide financial statements, but in more detail.

Total net position for the sewer district fund increased during 2018 due to an increase in capital contributions. Total net position for the water district fund increased slightly during 2018, despite a decrease in capital contributions, with operating revenues and expenses remaining fairly consistent with the prior year.

Budgetary Highlights

By State statute, the Board of County Commissioners adopts the annual operating budget for the County in January. For the general fund, final budgeted revenues were lower than actual revenue collections. The majority of this difference was due to higher than expected property taxes, intergovernmental, interest, and charges for services revenues. Actual expenditures were less than final budgeted appropriations due to the County spending less on all expenditure categories, primarily legislative and executive and human services.

Management's Discussion and Analysis For the Year Ended December 31, 2018 Unaudited

As a result of improved investment opportunities locally, the Board of Developmental Disabilities withdrew \$500,000 of matured investment held by the Mid-Eastern Ohio Regional Council (MEORC) to invest locally. These amounts on deposit with a fiscal agent are not included with the budgeted amounts. Thus, bringing these dollars back to invest locally contributed a significant portion of other revenues in the board of developmental disabilities fund for 2018 and was the primary cause for the increase in final budgeted other revenue over original budgeted other revenue.

Capital Assets and Debt Administration

Capital Assets – The County's net investment in capital assets (net of accumulated depreciation) for governmental and business-type activities increased from the prior year. This investment in capital assets includes land, construction in progress, buildings and improvements, machinery and equipment, vehicles, infrastructure, and sewer/water lines.

Major capital asset events during 2018 included security upgrades, road construction projects, bridge projects, building improvement projects, and water and sewer system improvements.

See Note 10 for additional information on capital assets.

Long-Term Debt – At December 31, 2018, the County had outstanding debt in the form of County building improvement bonds, a courthouse improvement bond anticipation note, and a capital lease for governmental activities and USDA revenue bonds, USDA general obligation bonds, OWDA and OPWC loans, and capital leases for business-type activities. In 2018, the County received additional proceeds from an OWDA loan for a sewer project for the Sandyville-East Sparta Upgrade. The County's overall debt margin was \$45,134,969 at December 31, 2018.

In addition to the long-term debt, the County's long-term obligations include claims payable, net pension liability, net OPEB liability, and compensated absences. Additional information on the County's long-term debt can be found in Note 12 of this report.

Economic Factors

Tourism in Tuscarawas County continues to contribute greatly to the local economy. The Convention and Visitors Bureau receives a portion of the bed tax and reinvests the funds to promote tourism in Tuscarawas County. In 2018, the Visitors Bureau collected \$481,029. According to Tourism Economics Research Firm, (latest information available, 2017) visitors to Tuscarawas County spent \$410.5 million and were responsible for funding 3,560 jobs, which is approximately 11.4 percent of the County's labor force. Travel and Tourism wages in the County totaled \$71.3 million.

Requests for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Larry Lindberg, Tuscarawas County Auditor, Courthouse Annex, 125 East High Avenue, New Philadelphia, Ohio 44663 or by e-mail at lindberg@co.tuscarawas.oh.us.

Tuscarawas County, Ohio
Reconciliation of the Statement of Revenues, Expenditures and Changes
in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2018

| Total | Net Change in Fund Balances - Total Governmental Funds | \$165,179 |
|----------------------------|--|-------------|
| Governmental | | |
| Funds | Amounts reported for governmental activities in the statement of activities | |
| ¢11.024.605 | are different because: | |
| \$11,934,605 13,489,756 | Governmental funds report capital outlays as expenditures. However, in the statement of | |
| 26,011,566 | activities, the cost of those assets is allocated over their estimated useful lives as depreciation | |
| 1,043,432 | expense. This is the amount by which capital outlay exceeded depreciation in the current period: | |
| 405,805 | Capital Asset Additions 7,707,545 | |
| 473,869 | Current Year Depreciation (6,291,439) | |
| 187,092 | Total | 1,416,106 |
| 5,526,059 | | |
| 51,742 | Governmental funds only report the disposal of capital assets to the extent proceeds are | |
| 1,165,259 | received from the sale. In the statement of activities, a gain or loss is reported for each disposal. | (37,794) |
| 60,289,185 | Revenues in the statement of activities that do not provide current financial resources | |
| | are not reported as revenues in the governmental funds: | |
| | Delinquent Property Taxes (84,599) | |
| | Sales Taxes 1,215,317 | |
| | Intergovernmental 780,325 | |
| 7,304,972 | Fines and Forfeitures (60) | |
| 5,254,860 | Charges for Services (61,989) | |
| 9,898,481 | Other (26,710) | |
| 6,189,726 | Total | 1,822,284 |
| 8,726,560 | | |
| 15,887,096 | In the statement of activities, interest is accrued on outstanding debt, whereas | (251 140) |
| 423,848 2,233,522 | in the governmental funds, an interest expenditure is reported when due. | (251,149) |
| 4,009,317 | Compensated absences reported in the statement of activities do not require the use of current | |
| 4,000,517 | financial resources and therefore are not reported as expenditures in the governmental funds. | (131,734) |
| 148,260 | in the general section and the repetition to the separation of the section of the | (151,751) |
| 81,547 | Repayment of bond and note principal is an expenditure in the governmental funds, | |
| <u> </u> | but the repayment reduces long-term liabilities in the statement of net position. | 148,260 |
| 60,158,189 | | |
| | The internal service funds used by management are not reported in the government-wide | |
| 130,996 | statement of activities. Governmental fund expenditures and related internal service | |
| | fund revenue are eliminated. The net revenue (expense) of the internal service | |
| | funds is allocated among the governmental activities: | |
| 34,183 | Change in Net Position (72,244) | |
| 3,711,979 | Internal Balances 2,661 | (60.502) |
| (3,711,979) | Total | (69,583) |
| 34,183 | Contractivelly according a contributions are non-outed as are and its uses in the accommunital funda- | |
| 34,163 | Contractually required contributions are reported as expenditures in the governmental funds; however, the statement of net position reports these amounts as deferred outflows or a | |
| 165,179 | reduction in the net pension liability: | |
| 105,177 | Pension 2,973,295 | |
| 42,950,323 | OPEB 19,885 | |
| .2,>00,020 | Total | 2,993,180 |
| \$43,115,502 | | _,,,,,,,, |
| | Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB | |
| | asset or liability are reported as pension/OPEB expense in the statement of activities: | |
| | Pension (4,864,230) | |
| | OPEB (1,145,258) | |
| | Total | (6,009,488) |
| | | |
| | Change in Net Position of Governmental Activities | \$45,261 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 1 – Description of Tuscarawas County and Reporting Entity

Tuscarawas County, Ohio (The County) was created in 1808. The County is governed by a Board of three commissioners elected by the voters of the County. An elected County Auditor serves as chief fiscal officer. In addition, there are seven other elected administrative positions. These officials are: Clerk of Courts, Treasurer, Prosecuting Attorney, Coroner, Engineer, Sheriff, and Recorder. There are also three elected Common Pleas Court Judges and one elected County Court Judge. Although these elected officials manage the internal operations of their respective department, the County Commissioners serve as the budget and taxing authority, contracting body, and the chief administrators of public services for the County.

A reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Tuscarawas County, this includes the Children's Services Board, the Board of Developmental Disabilities, the Human Services Department, and all other departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; or (2) the County is legally entitled to or can otherwise access the organization's resources; the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the County is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the County in that the County approves the budget, the issuance of debt or the levying of taxes, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government.

Discretely Presented Component Unit The County's only component unit is the Tuscarawas County Healthcare Consortium (the Consortium).

Tuscarawas County Healthcare Consortium (the Consortium) The Tuscarawas County Healthcare Consortium is statutorily created political subdivision of the State as a regional council of governments. The Consortium was organized under Ohio Revised Code Chapter 167 for the purpose of obtaining medical and hospitalization benefits for the employees of the members of the Consortium. The County appoints the majority of the Consortium's Board of Directors. The Consortium is included in the County's reporting entity because the County is able to impose its will on the operation of the Consortium. As a result, the Consortium is reported as a discretely presented component unit of Tuscarawas County in accordance with Governmental Accounting Standards Board (GASB) Statement No. 14 as amended by GASB Statement No. 39 and GASB Statement No. 61. During 2018, the County paid \$6,072,970 to the Consortium for healthcare premiums. Separately issued financial statements can be obtained from the Tuscarawas County Auditor, Courthouse Annex, 125 East High Avenue, New Philadelphia, Ohio 44663.

The following potential component units are not part of the Tuscarawas County entity and are excluded from the accompanying financial statements. All are legally separate from the County. None is fiscally dependent on the County. The County is not financially accountable for any of these entities.

Tuscarawas County Historical Society The County is not involved in the selection of trustees or management of the Tuscarawas County Historical Society, a private, non-profit organization.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

East Central Ohio Educational Service Center The Board is separately elected by the voters of the County and controls its own operations and budget. The Educational Service Center is responsible for reporting its financial activity to the Ohio Department of Education and the Auditor of State.

Tuscarawas County Committee on Aging, Incorporated The Tuscarawas County Committee on Aging, Incorporated, is a private not-for-profit corporation that provides services to senior citizens in Tuscarawas County. The County is not involved in the appointment of the governing board. The board approves its own budget, hires and fires staff, and issues its own debt.

Tuscarawas County Agricultural Society (the Society) The Tuscarawas County Agricultural Society is a non-profit corporation formed to promote agriculture and agricultural activities in the County. The County is not involved in the selection of directors or management of the Society. The members of the Society elect the Fair Board, the directors of the Society.

New Philadelphia Municipal Court (the Court) The New Philadelphia Municipal Court provides judicial services to distinct territories within the County. By State statute, the County is required to pay forty percent of the elected municipal court judge's salary. All other operating costs of the Court are apportioned among the territories it serves. The County is not involved in the management of the Court nor in the selection of Court personnel, does not contract nor budget for the Court (beyond the salary percentage mentioned earlier), and is not responsible for funding any operating deficits. The Court operates autonomously from the County.

Starlight Enterprises, Incorporated (the Workshop) Starlight Enterprises, Incorporated, is a legally separate, not-for-profit corporation, (organized under Section 501 (C) (3) of the Internal Revenue Code) served by a self-appointing board of trustees. The Workshop is a sheltered workshop for handicapped individuals and provides job and learning skills to their clients along with providing residential housing to influence a chance to live independently of others. Although the Workshop was formerly presented as a component unit of the County based on the significant services and resources provided by the County to the Workshop, this relationship was severed in 2015, and the Workshop is now operating completely independent of the County.

The County is associated with certain organizations which are defined as Joint Ventures, Jointly Governed Organizations, Related Organizations or Shared Risk Pool. These organizations are presented in Note 19, Note 20, Note 21, and Note 22 to the basic financial statements. These organizations are the following:

Tuscarawas County Regional Planning Commission

Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties

Tuscarawas County Family and Children First Council

Stark-Tuscarawas-Wayne Joint Solid Waste Management District

Multi-County Juvenile Attention Center

Community Improvement Corporation of Tuscarawas County

Tuscarawas County Economic Development Corporation, Incorporated

The Area Office on Aging

Tuscarawas County Tax Incentive Review Council

Stark Regional Community Corrections Center

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Ohio Mid-Eastern Governments Association Mid-Eastern Ohio Regional Council Tuscarawas County University Branch District Tuscarawas County Public Library Economic Development and Finance Alliance Public Entity Risk Consortium

As the custodian of public funds, the County Treasurer invests all public monies held on deposit in the County treasury. In the case of the separate agencies, boards and commissions listed below, the County serves as fiscal agent but the organizations are not considered part of Tuscarawas County.

Accordingly, the activities of the following entities are presented as agency funds within Tuscarawas County's financial statements:

Tuscarawas County Soil and Water Conservation District (the District) The Tuscarawas County Soil and Water Conservation District is created by statute as a separate and distinct political subdivision of the State. The five supervisors of the District are elected officials authorized to contract and sue on behalf of the District. The Supervisors adopt their own budget, authorize District expenditures, hire and fire staff, and do not rely on the County to finance deficits.

Tuscarawas County District Board of Health (the Board of Health) The seven member Board of Health oversees the operation of the Health District. The District Advisory Council is composed of township trustees and mayors of participating municipalities. The District Advisory Council appoints five members of the Board of Health, the District Licensing Council appoints one member, and the final member is a physician from the community. The Board adopts its own budget, hires and fires its own staff, and operates autonomously from the County.

Tuscarawas Regional Planning Commission The constitution and laws of the State of Ohio establish the rights and privileges for the Tuscarawas Regional Planning Commission, Tuscarawas County, (the Commission) as a body corporate and politic. A 59 member Board governs the Commission. The Board consists of representatives from participating political subdivisions, the county commissioners, the county engineer, the county sanitary engineer, the county board of health commission and sanitarian, and appointed citizens. The Commission formulates and reviews plans affecting long and short term social, economic, and governmental development within the region.

Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties (ADAMHS Board) The ADAMHS Board is responsible for developing, coordinating, modernizing, funding, monitoring, and evaluating a community-based mental health and substance abuse program. The fourteen member board of trustees, including five appointed by the Commissioners of Tuscarawas County, exercises total control of the operation of the ADAMHS Board.

Tuscarawas County Family and Children First Council (the Council) The Council provides services to multi-need youth in Tuscarawas County. Twenty-nine organizations are members of the Council, and the operations are controlled by a board consisting of representatives of the member organizations.

Information in the following notes to the basic financial statements is applicable to the primary government. Information for the component unit is presented in Note 27.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 2 – Summary of Significant Accounting Policies

The financial statements of Tuscarawas County have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies are described below.

Basis of Presentation

The County's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The activity of the internal service funds is eliminated to avoid "doubling up" revenues and expenses. The statements distinguish between those activities of the County that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the County at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. The policy of the County is to not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the County, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each governmental program or business activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and proprietary fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

Fund Accounting

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds Governmental funds are those through which most governmental functions are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources, and liabilities and deferred inflows of resources is reported as fund balance. The following are the County's major governmental funds:

General Fund The general fund accounts for and reports all financial resources except those required to be accounted for and reported in another fund. The general fund balance is available to the County for any purpose provided it is expended or transferred according to the general laws of Ohio.

Board of Developmental Disabilities Fund The board of developmental disabilities fund accounts for and reports the operation of a school, the costs of maintaining a workshop building, and the provision of targeted case management services for the developmentally disabled. Revenue sources include a County-wide property tax levy, Federal Medicaid funding, and Federal and State grants, which are restricted to the operations of the school, workshop, and case management services.

Public Assistance Fund The public assistance fund accounts for and reports various Federal and State grants restricted for providing public assistance to general relief recipients and pay for their providers of medical assistance, and for certain public social services.

Motor Vehicle License and Gas Tax Fund The motor vehicle license and gas tax fund accounts for and reports revenue derived from motor vehicle licenses, gasoline tax, and grant money that is restricted for expenditures relating to County road and bridge repair and maintenance programs.

The other governmental funds of the County account for grants and other resources whose use is restricted, committed, or assigned to a particular purpose.

Proprietary Funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. Proprietary funds are classified as either enterprise or internal service.

Enterprise Funds Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The following are the County's major enterprise funds.

Sewer District Fund The sewer fund accounts for sanitary sewer services provided to individuals and commercial users in various parts of Tuscarawas County. The costs of providing these services are financed primarily through user charges. This sewer district has its own facilities and rate schedule.

Water District Fund The water fund accounts for the distribution of treated water to individuals and commercial users in the northern parts of Tuscarawas County. The costs of providing these services are financed primarily through user charges. The water district has its own facilities and rate schedule.

Internal Service Funds Internal service funds account for the financing of services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The County's internal service funds account for a group life insurance program for employees of the County and for workers' compensation.

Fiduciary Funds Fiduciary fund reporting uses the economic resources measurement focus and focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the County under a trust agreement for individuals, private organizations,

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

or other governments and are therefore not available to support the County's own programs. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's fiduciary funds are a private purpose trust fund and agency funds. The County's private purpose trust fund is established to account for monies held in trust for meeting the extra needs of children in foster care. The County's agency funds are primarily established to account for the collection of various taxes, receipts and fees distributed to the State and other local governments, and to account for funds of the County's District Board of Health, Soil and Water District, County Regional Planning Commission, Alcohol, Drug Addiction and Mental Health Services Board and the Tuscarawas County Family and Children First Council.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources, except for those of fiduciary funds, associated with the operation of the County are included on the statement of net position. The statement of activities presents increases (i.e. revenues) and decreases (i.e. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With the measurement focus, only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statements of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

The private purpose trust funds are reported using a flow of economic resources measurement focus.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

Revenues – **Exchange and Non-exchange Transactions** Revenues resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the County, available means expected to be received within thirty-one days of year-end.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Nonexchange transactions, in which the County receives value without directly giving equal value in return, include sales taxes, property taxes, grants, entitlements and donations. On an accrual basis, revenue from sales taxes is recognized in the period in which the sale occurred. Revenue from property taxes is recognized in the year for which the taxes are levied (See Note 8). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirement include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: sales taxes (See Note 9), interest, Federal and State grants and subsidies, state-levied locally shared taxes (including motor vehicle license fees and gasoline taxes), fees and rentals.

Unearned Revenue Unearned revenue represents amounts under the accrual and modified accrual basis of accounting for which asset recognition criteria have been met, but for which revenue recognition criteria have not yet been met because the amounts have not yet been earned. The County recognizes unearned revenue for grant resources transmitted before eligibility requirements are met.

Deferred Outflows/Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources, represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 23 and 24.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the County, deferred inflows of resources include property taxes, pension, OPEB, and unavailable revenue. Property taxes represent amounts for which there is an enforceable legal claim as of December 31, 2018, but which were levied to finance 2019 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet, and represents receivables which will not be collected within the available period. For the County, unavailable revenue includes delinquent property taxes, sales taxes, intergovernmental grants, charges for services, and other revenue. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the reconciliation of total governmental fund balances to net position of governmental activities found on page 19. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position (See Notes 23 and 24).

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Cash, Cash Equivalents, and Investments

To improve cash management, cash received by the County Treasurer is pooled. Monies for all funds, including proprietary funds, are maintained in this pool. Individual fund integrity is maintained through the County's records. Interest in the pool is presented as "equity in pooled cash and cash equivalents."

The County has segregated bank accounts for monies held separate from the County's central bank accounts. These accounts are presented as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the County treasury.

The County utilizes a jointly governed organization (MEORC) to service developmentally disabled residents within the County. The balance in this account is presented as "cash and cash equivalents with fiscal agents" and represents the monies held for the County.

During 2018, investments were limited to federal home loan bank notes, federal home loan mortgage corporation notes, federal national mortgage association notes, negotiable certificates of deposit, U.S. Treasury note, and STAR Ohio. Investments other than STAR Ohio are reported at fair value.

STAR Ohio (the State Treasury Asset Reserve of Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, Certain External Investment Pools and Pool Participants. The County measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2018, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, twenty-four hours advance notice is appreciated for deposits and withdrawals of \$25 million or more. STAR Ohio reserves the right to limit the transactions to \$100 million per day, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

Under existing Ohio statutes all investment earnings are assigned to the general fund unless statutorily required to be credited to a specific fund. Interest revenue credited to the general fund during 2018 amounted to \$957,416, which includes \$663,359 assigned from other County funds.

For presentation on the financial statements, funds included within the Treasurer's cash management pool and investments with original maturities of three months or less are considered to be cash equivalents.

Restricted Assets

Assets are reported as restricted when limitation on their use change in nature or normal understanding of the availability of the asset. Such constraints are either externally imposed by creditors, contributors, grantors, or laws or other governments or imposed by law through constitutional provisions. Restricted assets in the general fund represent money set aside for unclaimed monies.

Inventory

Inventories are presented at cost on a first-in, first-out basis and are expended/expensed when used. Inventory consists of expendable supplies held for consumption.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2018, are recorded as prepaid items using the consumption method by recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

Capital Assets

General capital assets are capital assets which are associated with and generally arise from governmental activities. They generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their acquisition values as of the date received. The County maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

| Description | Estimated Lives |
|---------------------------|-----------------|
| Building and Improvements | 7-50 years |
| Machinery and Equipment | 5-30 years |
| Vehicles | 5-8 years |
| Infrastructure | 7-65 years |

Infrastructure recorded for governmental activities included primarily roads and bridges, and also includes infrastructure acquired prior to December 31, 1980. Infrastructure for business-type activities includes sewer and water lines.

Interfund Balances

On fund financial statements, outstanding interfund loans and unpaid amounts for interfund services are reported as "interfund receivables/payables." Interfund loans which do not represent available expendable resources are classified as nonspendable fund balance in the general fund. Interfund balance amounts are eliminated in the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Deferred inflows of resources and deferred outflows of resources from the change in internal proportionate share related to pension items are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the entity wide statement of net position.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means. The County records a liability for all accumulated unused vacation time when earned for all employees with more than one year of service.

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

The entire compensated absences liability is reported on the government-wide financial statements.

On the governmental fund financial statements, compensated absences are recognized as liabilities and expenditures to the extent payments come due each period upon the occurrence of employee resignations and retirements. These amounts are recorded in the account "matured compensated absences payable" in the fund(s) from which the employees who have resigned or retired will be paid.

Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities and long-term obligations payable from proprietary funds are reported in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgments and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Capital leases, bonds, and long-term notes are recognized as a liability in the fund financial statements when due. Net pension/OPEB liabilities should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of interfund loans and loans receivable, unless the use of the proceeds from the collection of those receivables is restricted, committed, or assigned.

Restricted Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or is imposed by law through constitutional provisions.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Committed The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by the highest level formal action (resolution) of the County Commissioners. Those committed amounts cannot be used for any other purpose unless the County Commissioners remove or change the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. For the County, this includes loans receivable which are committed to encourage economic development and growth within the County.

Assigned Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the County Commissioners. In the general fund, assigned amounts represent intended uses established by the County Commissioners or a County official delegated that authority by resolution or by State Statute. State statute authorizes the County Auditor to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. Amounts assigned for court services and to cover a gap between estimated revenue and appropriations in the 2019 appropriated budget have been assigned by the County Commissioners.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The County applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements of the statement of net position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through constitutional provisions or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for other purposes includes revenue derived from the sale of dog licenses, various law enforcement operations, community improvement, court services, victim assistance, indigent guardianship, property taxes restricted for senior citizens programs, and community mental health.

The County applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for providing sewer, water, group life insurance, and workers' compensation operations. Operating expenses are necessary costs incurred to provide the goods or services that are the primary activities of the fund. All revenues and expenses not meeting these definitions are classified as nonoperating.

Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of resources restricted to capital acquisition and construction.

Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Transfers between governmental activities are eliminated on the government-wide financial statements. Internal allocations of overhead expenses from one function to another or within the same function are eliminated on the statement of activities. Interfund payments for services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Budgetary Data

All funds, other than agency funds, are legally required to be budgeted and appropriated. Budgetary information for the Community Mental Health Fund and James Hindman Trust are not reported because they are not included in the entity for which the "appropriated budget" is adopted and do not maintain budgetary financial records. The major documents prepared are the alternative tax budget, the certificate of estimated resources and the appropriation resolution, which are prepared on the budgetary basis of accounting. The alternative tax budget demonstrates a need for existing or increased tax rates. The certificate of estimated resources establishes a limit on the amount that the County Commissioners may appropriate. The appropriation resolution is the County Commissioner's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Commissioners. The legal level of control has been established by the County Commissioner's at the object level within each department.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the County Auditor. The amounts reported as the original budgeted amounts in the budgetary statements reflect the amounts in the certificate when the original appropriations were adopted. The amounts reported as the final budgeted amounts in the budgetary statements reflect the amounts in the final amended certificate that was in effect at the time the final appropriations were passed by the County Commissioners.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The appropriation resolution is subject to amendment by the Commissioners throughout the year with the restriction that appropriations may not exceed estimated resources by fund. The amounts reported as the original budgeted amounts reflect the first appropriation for that fund that covered the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budgeted amounts represent the final appropriation amounts passed by the Commissioners during the year, including all supplemental appropriations.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Note 3 – Changes in Accounting Principles and Restatement of Net Position

For fiscal year 2018, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 85, Omnibus 2017, Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, and related guidance from (GASB) Implementation Guide No. 2017-3, Accounting and Financial Reporting for Postemployment Benefits other Than Pensions (and Certain Issues Related to OPEB Plan Reporting).

For 2018, the County also implemented the Governmental Accounting Standards Board's (GASB) *Implementation Guide No. 2017-1*. These changes were incorporated in the County's 2018 financial statements; however, there was no effect on beginning net position/fund balance.

GASB 85 addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits (OPEB)). These changes were incorporated in the County's fiscal year 2018 financial statements; however, there was no effect on beginning net position/fund balance.

GASB 89 establishes accounting requirements for interest cost incurred before the end of a construction period. These changes were incorporated in the County's 2018 financial statements; however, there was no effect on beginning net position.

GASB 75 established standards for measuring and recognizing Postemployment benefit liabilities, deferred outflows of resources, deferred inflows of resources and expense/expenditure. The implementation of this pronouncement had the following effect on net position as reported December 31, 2017:

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

| Net Position December 31, 2017 | Governi Activ \$95, | | Susiness-Type Activities \$22,785,910 |
|---|-----------------------------|----------------------------------|---------------------------------------|
| Adjustments: Net OPEB Liability Deferred Outflow - Payments Subsequent to Measurement Dat | (15, | 116,432) 215,732 | (645,169) 9,285 |
| Restated Net Position December 31, 2017 | \$80,266,365 | | \$22,150,026 |
| Net Position December 31, 2017 | Sewer District \$14,549,899 | Water District \$8,225,577 | Total Enterprise \$22,775,476 |
| Adjustments: Net OPEB Liability Deferred Outflow - Payments Subsequent to Measurement Date | (483,877) 6,964 | (161,292) 2,321 | |
| Restated Net Position December 31, 2017 | \$14,072,986 | \$8,066,606 Internal Activity | 22,139,592 |
| Restated 1 | Net Position Dec | • | |

Other than employer contributions subsequent to the measurement date, the County made no restatement for deferred inflows/outflows of resources as the information needed to generate these restatements was not available.

Note 4 – Accountability and Compliance

Accountability

At December 31, 2018, the public assistance and children's services special revenue funds and the county building improvement capital projects fund had individual fund deficits in the amounts of \$492,343, \$186,460, and \$627,030, respectively. The deficits in the special revenue funds are due to adjustments for accrued liabilities. The general fund is liable for the deficits in these funds and provides transfers when cash is required, rather than when accruals occur. The deficit in the county building improvement capital projects fund is due to the interfund payable related to manuscript bonds issued for the repair and renovation of the County courthouse dome.

Compliance

Contrary to Ohio Revised Code Section 5705.40, modifications to the supplemental appropriations were not always formally approved by the Board of Commissioners.

Note 5 – Budgetary Basis of Accounting

While reporting financial position, results of operations and changes in fund balance on the basis of generally accepted accounting principles (GAAP), the budgetary basis as provided by law is based upon accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The statements of revenues, expenditures and changes in fund balances – budget (non-GAAP basis) and actual are presented in the basic financial statements for the general fund and the major special revenue funds.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The major differences between the budget basis and the GAAP basis are that:

- 1. Revenues and other sources are recorded when received in cash (budget) as opposed to when susceptible to accrual (GAAP).
- 2. Unreported cash represents amounts received but not included as revenue on the budget basis operating statements. These amounts are included as revenue on the GAAP operating statement.
- 3. Investments are reported at cost (budget) rather than fair value (GAAP).
- 4. Expenditures and other uses are recorded when paid in cash (budget) as opposed to when the liability is incurred (GAAP).
- 5. Budgetary revenues and expenditures of the County 911, jail operations, certificate of title, growth, recorder's special, southern district probation, and joint public defender funds and are reclassified to the general fund for GAAP reporting.
- 6. Outstanding year end encumbrances are treated as expenditures (budget) rather than as restricted, committed or assigned fund balance for the portion of outstanding encumbrances not already recognized as a payable (GAAP).

Adjustments necessary to convert the results of operations at the end of the year on the budget basis to the GAAP basis are as follows:

Net Change in Fund Balance General and Major Special Revenue Funds

| | | Board of | | Motor Vehicle |
|---|-----------|---------------|-------------|---------------|
| | | Developmental | Public | License and |
| | General | Disabilities | Assistance | Gas Tax |
| GAAP Basis | \$657,466 | (\$186,109) | \$511,564 | \$527,205 |
| Revenue Accruals | 636,821 | 449,425 | (512,401) | (188,651) |
| Beginning Unreported Cash | 357,935 | 63,286 | 43,704 | 56,125 |
| Ending Unreported Cash | (832,556) | (22,585) | (45,214) | (17,521) |
| Beginning Fair Value Adjustment for Investments | (72,461) | 0 | 0 | 0 |
| Ending Fair Value Adjustment for Investments | 28,280 | 0 | 0 | 0 |
| Expenditure Accruals | 135,751 | (71,885) | (12,724) | (485,036) |
| Perspective Differences: | | | | |
| County 911 Fund | (102,929) | 0 | 0 | 0 |
| Jail Operations Fund | 69,785 | 0 | 0 | 0 |
| Certificate of Title Fund | (106,114) | 0 | 0 | 0 |
| Growth Fund | (34,500) | 0 | 0 | 0 |
| Recorder's Special Fund | (24,014) | 0 | 0 | 0 |
| Southern District Probation Fund | (6,781) | 0 | 0 | 0 |
| Joint Public Defender Fund | (6,490) | 0 | 0 | 0 |
| Encumbrances | (683,562) | (562,405) | (407,324) | (169,101) |
| Budget Basis | \$16,631 | (\$330,273) | (\$422,395) | (\$276,979) |
| | | | | |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 6 – Deposits and Investments

Monies held by the County are classified by State statutes into two categories. Active monies are public monies determined to be necessary to meet current demands upon the County treasury. Active monies must be maintained either as cash in the County treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Monies held by the County which are not considered active are classified as inactive. Inactive monies may be deposited or invested with certain limitations in the following securities provided the County has filed a written investment policy with the Ohio Auditor of State:

- 1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury, or any other obligation guaranteed as to principal and interest by the United States, or any book entry, zero-coupon United States treasury security that is a direct obligation of the United States:
- 2. Bonds, notes, debentures, or any other obligations or security issued by any federal government agency or instrumentality including, but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- 3. Written repurchase agreements in the securities listed in the preceding paragraph provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- 4. Bonds and other obligations of this state or the political subdivisions of this state, provided the bonds or other obligations of political subdivisions mature within ten years from the date of settlement;
- 5. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts, in eligible institutions pursuant to the Ohio Revised Code (ORC) section 135.32;
- 6. No-load money market mutual funds rated in the highest category at the time of purchase by at least one nationally recognized standard rating service or consisting exclusively of obligations described in preceding paragraphs (1) or (2); commercial paper as described in ORC section 135.143 (6); and repurchase agreements secured by such obligations, provided that these investments are made only through eligible institutions;
- 7. The State Treasurer's investment pool (STAR Ohio);
- 8. Securities lending agreements in which the County lends securities and the eligible institution agrees to simultaneously exchange either securities or cash, equal value for equal value, within certain limitations;
- 9. Up to forty percent of the County's average portfolio, if training requirements have been met, in either of the following:
 - a. Commercial paper notes in entities incorporated under the laws of Ohio, or any other state, that have assets exceeding five hundred million dollars, which are rated in the highest classification established by two nationally recognized standard rating services, which do

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

not exceed ten percent of the value of the outstanding commercial paper of the issuing corporation, which mature within 270 days after purchase, and the investment in commercial paper notes of a single issuer shall not exceed the aggregate five percent of interim monies available for investment at the time of purchase.

- b. Bankers acceptances of banks that are insured by the federal deposit insurance corporation and that mature not later than 180 days after purchase.
- 10. Up to fifteen percent of the County's average portfolio in notes issued by U.S. corporations or by depository institutions doing business under authority granted by the U.S. or any state provided that the notes are rated in the three highest categories by at least two nationally recognized standard rating services at the time of purchase and the notes mature not later than three years after purchase;
- 11. A current unpaid or delinquent tax line of credit, provided certain conditions are met related to a County land reutilization corporation organized under ORC Chapter 1724; and
- 12. Up to two percent of the County's average portfolio in debt interests rated at the time of purchase in the three highest categories by two nationally recognized standard rating services and issued by foreign nations diplomatically recognized by the United States government, subject to certain limitations. All interest and principal shall be denominated and payable in United States funds.

Reverse repurchase agreements, investments in derivatives, and investments in stripped principal or interest obligations that are not issued or guaranteed by the United States are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. Except as noted previously, an investment must mature within five years from the date of settlement, unless matched to a specific obligation or debt of the County, and must be purchased with the expectation that it will be held to maturity.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

Cash on Hand

At December 31, 2018, the County had \$131,215 in undeposited cash on hand, which is included as part of "Equity in Pooled Cash and Cash Equivalents."

Cash with Fiscal Agent

At December 31, 2018, the County had \$2,939,403 in monies held by MEORC as fiscal agent. These funds are held outside of the County Treasury and are not included in "deposits" as follows.

Deposits

Custodial Credit Risk Custodial credit risk for deposits is the risk that in the event of bank failure, the County will not be able to recover deposits or collateral securities that are in the possession of an outside party. At year end, the carrying amount of the County's deposits was \$4,525,067, and the bank balance was \$6,590,737. At December 31, 2018, \$223,455 of the County's total bank balance was exposed to custodial credit risk because those deposits were uninsured and uncollateralized. Two of the County's financial institutions participate in the Ohio Pooled Collateral System (OPCS) and were approved for a reduced collateral floor of 50 percent resulting in the uninsured and uncollateralized balance.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The County has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits be either insured or be protected by:

Eligible securities pledged to the County and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or

Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

Investments

Investments are reported at fair value. As of December 31, 2018, the County had the following investments:

| | Measurement Amounts and Maturity in Years | | | |
|--|---|-------------|-------------|--------------|
| Measurement/Investment | Less than 1 | 1-3 | 3-5 | Total |
| Net Asset Value Per Share | | | | |
| STAR Ohio | \$30,749,550 | \$0 | \$0 | \$30,749,550 |
| Fair Value - Level 2 Inputs | | | | |
| Federal Home Loan Bank Notes | 998,050 | 0 | 2,001,120 | 2,999,170 |
| Federal Home Loan Mortgage Corporation Notes | 2,987,420 | 0 | 0 | 2,987,420 |
| Federal National Mortgage Association Notes | 1,988,280 | 990,770 | 0 | 2,979,050 |
| Negotiable Certificates of Deposit | 499,167 | 1,490,461 | 0 | 1,989,628 |
| U.S. Treasury Note | 997,990 | 0 | 0 | 997,990 |
| Total Fair Value - Level 2 Inputs | 7,470,907 | 2,481,231 | 2,001,120 | 11,953,258 |
| Total | \$38,220,457 | \$2,481,231 | \$2,001,120 | \$42,702,808 |

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs. The preceding chart identifies the County's recurring fair value measurements as of December 31, 2018. The County's investments measured at fair value are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data (level 2 inputs).

Interest Rate Risk The County has no investment policy that addresses interest rate risk. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the County, and that an investment must be purchased with the expectation that it will be held to maturity.

Custodial Credit Risk For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County has no investment policy dealing with investment custodial credit risk beyond the requirement in State statute that prohibits payment for investments prior to the delivery of the securities representing such investments to the treasurer or qualified trustee.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Credit Risk The federal home loan bank notes, federal home loan mortgage corporation notes, and the federal national mortgage association notes carry a rating of AA+ by Standard and Poor's and AAA by Moody's. The U.S. Treasury note carries a rating of AAA by Moody's. Ohio law requires that STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. STAR Ohio carries a rating of AAAm by Standard and Poor's. The County has no policy further restricting credit risk beyond the statutory guidelines which limit investment choices.

Concentration of Credit Risk The County places no limit on the amount it may invest in any one issuer. The following is the County's allocation at December 31, 2018:

| Federal Home Loan Bank Notes | 7.02 % |
|--|--------|
| Federal Home Loan Mortgage Corporation Notes | 7.00 |
| Federal National Mortgage Association Notes | 6.98 |
| Negotiable Certificates of Deposit | 4.66 |
| U.S. Treasury Note | 2.34 |

Note 7 – Receivables

Receivables at December 31, 2018, consisted of taxes, accrued interest, accounts (billings for user charged services, including unbilled utility services, rental payments, and other), loans and intergovernmental receivables arising from grants, entitlements and shared revenues. All receivables, except property taxes and loans, are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year. Utility accounts receivable may be certified and collected as a special assessment, subject to foreclosure for nonpayment.

A summary of the principal items of intergovernmental receivables follows:

| Governmental Funds: | |
|---|-------------|
| Motor Vehicle Distribution | \$1,529,525 |
| Gasoline and Excise Taxes | 1,173,238 |
| Elections Equipment Grant | 824,087 |
| Children's Services Grants and Subsidies | 629,615 |
| Homestead and Rollback | 588,137 |
| Casino Monies | 561,590 |
| Child Support Enforcement Agency Grants and Subsidies | 454,866 |
| Local Government | 436,509 |
| Public Assistance Grants and Subsidies | 190,168 |
| Developmental Disabilities Grants and Subsidies | 156,918 |
| Assigned Counsel Reimbursements | 103,924 |
| Community Development Grants and Subsidies | 61,370 |
| Engineer Charges and Reimbursements | 36,089 |
| Elections Expense | 26,983 |
| Law Enforcement Grants and Subsidies | 22,163 |
| Policing Charges for Services | 9,713 |
| Miscellaneous | 9,314 |
| Victim Assistance Grants and Subsidies | 7,687 |
| Wireless 911 Reimbursement | 7,500 |
| Total Governmental Funds | \$6,829,396 |
| Proprietary Funds: | |
| Sewer District | \$38,443 |
| Water District | 555 |
| Internal Service | 1,338 |
| Total Proprietary Funds | \$40,336 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The monies loaned to the Tuscarawas County Agricultural Society (TCAS) for the purchase of a parking lot (\$24,250 from the capital projects fund), all of which is due within one year; monies loaned to the Newcomerstown Community Improvement Corporation (\$1,494,145 from the capital projects fund and \$284,605 from the general fund), all of which is due within one year; and additional monies loaned to the Community Improvement Corporation of Tuscarawas County (\$125,000 from the general fund), all of which is due in more than one year, are all classified as loans receivable on the County financial statements and are also considered collectible in full.

Receivables and payables to be recorded on the County's financial statements are recorded to the extent that the amounts are determined material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability. Using this criterion, the County has elected not to record child support arrearages within the special revenue and agency funds. These amounts, while potentially significant, are not considered measurable, and because collections are often significantly in arrears, the County is unable to determine a reasonable value.

Note 8 – Property Taxes

Property taxes include amounts levied against all real and public utility personal property located in the County. Property tax revenue received during 2018 for real and public utility property taxes represents collections of 2017 taxes.

2018 real property taxes were levied after October 1, 2018, on the assessed value as of January 1, 2018, the lien date. Assessed values are established by State law at 35 percent of appraised market value. 2018 real property taxes are collected in and intended to finance 2019.

Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility tangible personal property currently is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2018 public utility property taxes which became a lien December 31, 2017, are levied after October 1, 2018, and are collected in 2019 with real property taxes.

The full tax rate for all County operations for the year ended December 31, 2018, was \$8.40 per \$1,000 of assessed value. The assessed values of real and tangible personal property upon which 2018 property tax receipts were based are as follows:

| | Assessed Value |
|--------------------------------------|-----------------|
| Real Property: | |
| Residential/Agricultural | \$1,416,908,430 |
| Commercial/Industrial/Public Utility | 337,074,390 |
| Tangible Personal Property: | |
| Public Utility | 162,342,600 |
| Total Assessed Value | \$1,916,325,420 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The County Treasurer collects property taxes on behalf of all taxing districts in the County. The County Auditor periodically remits to the taxing districts their portion of the taxes collected. Collections of the taxes and remittance of them to the taxing districts are accounted for in various agency funds of the County. Property taxes receivable represents real and tangible personal property taxes, public utility taxes and outstanding delinquencies which are measurable as of December 31, 2018, and for which there is an enforceable claim. In governmental funds, the portion of the receivable not levied to finance 2018 operations is offset to deferred inflows of resources – property taxes. On the accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue, while on the modified accrual basis the revenue has been reported as deferred inflows of resources – unavailable revenue.

Tax Abatements

For 2018, the County's property taxes were reduced by \$75,812 under various tax abatement agreements entered into by the following subdivisions:

| | Amount of 2018 |
|---------------------------------|----------------|
| Overlapping Government | Taxes Abated |
| Enterprise Zone Tax Exemptions: | |
| Goshen Township | \$32,845 |
| City of Dover | 15,866 |
| Village of Sugarcreek | 8,047 |
| Village of Gnadenhutten | 5,650 |
| Lawrence Township | 5,445 |
| Village of Newcomerstown | 2,180 |
| Franklin Township | 1,951 |
| Village of Strasburg | 1,848 |
| Warwick Township | 1,387 |
| Village of Midvale | 593 |

Note 9 – Permissive Sales and Use Tax

In 1985, the County Commissioners by resolution imposed a one percent tax on all retail sales made in the County. The tax collection began March 1, 1988, and ran through December 31, 2000. In February 1997, the County Commissioners adopted a resolution imposing this tax through December 31, 2007. In May of 2017, a renewal for another ten year period was put on the Primary Ballot and passed; this new period started as of January 1, 2018. In May of 2018, County voters approved an additional sales and use tax of 0.5 percent for the purpose of providing revenue to the County for its 911 Emergency System for a period of two years, effective October 1, 2018. Vendor collections of the tax are paid to the State Treasurer by the twenty-third day of the month following collection. The State Tax Commissioner certifies to the Office of Budget Management the amount of the tax to be returned to the County. The Tax Commissioner's certification must be made within forty-five days after the end of the month. The Tax Commissioner shall then, on or before the twentieth day of the month in which certification is made, provide for payment to the County.

A receivable is recognized at year-end for amounts that will be received from sales which occurred during 2018. On a full accrual basis, the full amount of the receivable is recognized as revenue. On a modified accrual basis, the amount of the receivable that will be received outside of the available period is unavailable revenue.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 10 – Capital Assets

Capital asset activity for governmental activities for the year ended December 31, 2018, was as follows:

| | Balance 12/31/2017 | Additions | Deletions | Balance 12/31/2018 |
|---|-----------------------|---------------|------------|-----------------------|
| Governmental Activities: | | | | |
| Capital Assets, not being depreciated: | | | | |
| Land | \$1,227,771 | \$57,583 | \$0 | \$1,285,354 |
| Construction in Progress | 259,969 | 1,894,523 | 0 | 2,154,492 |
| Total Capital Assets, not being depreciated | 1,487,740 | 1,952,106 | 0 | 3,439,846 |
| Capital Assets, being depreciated: | | | | |

Note 11 – Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. During 2006, the County joined Public Entity Risk Consortium (PERC), a joint self-insurance pool for Ohio public entities. The County obtains coverage through PERC for all County real and personal property, commercial general liability including law enforcement liability, public official's liability and automobile insurance. Arthur J. Gallagher & Company is the administrator. PERC and its excess insurance carriers cover up to \$250,000,000 per occurrence for real and personal property; \$2,000,000 per occurrence for General Liability, Law Enforcement Liability, Automobile Liability, Public Official's Liability, and Ohio Stop Gap, all of which are subject to a \$50,000 self-insured retention by the County, except Automobile Liability and Automobile Physical Damage, which are at \$10,000 and \$5,000, respectively. PERC's excess insurance carriers are Lexington Insurance Company for Property, Underwriter's at Lloyd's of London for Primary Liability, and Genesis Insurance Company for Excess Liability.

The County also carries a \$400,000 employee dishonesty policy, a \$200,000 forgery policy, money and securities coverage of \$200,000, computer fraud coverage of \$200,000, funds transfer fraud coverage of \$200,000, and a \$100,000 social engineering fraud aggregate through Travelers Casualty and Surety Company of America, subject to a \$5,000 deductible, and a comprehensive Boiler and Machinery policy with Travelers Property Casualty Company of America on all County buildings with the property damage limits of \$100,000,000 subject to a \$1,000 deductible.

The County also carries a \$2,000,000 Cyber Liability coverage from BCS Insurance Company, subject to a \$15,000 deductible.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Settled claims have not exceeded this commercial coverage in any of the past three years. There has not been a significant reduction in coverage from the prior year.

The County has contracted with the Tuscarawas County Healthcare Consortium (the Consortium) to provide employee medical, hospitalization, prescription drug and vision benefits. The Consortium is organized under Chapter 167 of the Ohio Revised Code and is composed of twenty-nine members. Rates are set by the Consortium's board of directors. The County pays a monthly contribution, which is placed in a common fund from which claim payments are made for all participating members. Claims are paid for all participants regardless of claims flow. The Consortium is a separate and independent entity governed by its own set of by-laws and constitution. All assets and liabilities are the responsibility of the Consortium. The program is operated as a full indemnity program with no financial liability (other than monthly premiums) or risk to the County. The Consortium maintains stop gap loss insurance with Aultcare for \$200,000 on an individual basis. The Consortium shall pay the run out of all claims for a withdrawing Member. Any Member which withdraws from the Consortium pursuant to the Consortium Agreement shall have no claim to the Consortium's assets.

Depending on the level of coverage selected by the employee, the County pays premiums between \$834.79 and \$1,765.51 for the family plan and between \$451.23 and \$569.99 for the single plan per employee per month. Premiums are paid by the fund that pays the salary for the employee. Depending on level of coverage selected, employees on the family plan are required to contribute between \$36.22 and \$240.75 per month towards their healthcare insurance, and employees on the single plan are required to contribute between \$18.99 and \$77.73 per month toward their healthcare insurance.

Effective August 1, 2014, the County now provides a \$10,000 life insurance policy and pays a \$2.60 monthly premium per eligible employee for this benefit. The death benefit was previously self-funded and, in 2005, since the program was adequately funded, the County Commissioners suspended charges to departments for the monthly premiums for the death benefit. Previously accumulated monies for this purpose are currently funding the monthly premiums and the departmental charge suspension will continue until the Commissioners reinstate the charges.

For 2018, the Board of Developmental Disabilities provided health insurance to its employees through AultCare Insurance Company. Dental insurance was provided to Board of Developmental Disabilities employees through CBA Benefit Services. Vision insurance was provided through MetLife's VSP program from January 1, 2018, through August 31, 2018, and through CBA Benefit Services' VSP program from September 1, 2018, through December 31, 2018. The Board of Developmental Disabilities also provided, at no cost to the employees, term life insurance and accidental death and dismemberment insurance through the Dearborn National Life Insurance Company in the amount of \$20,000 for all full-time employees, at a cost to the County of \$4.40 per month, \$13,000 for employees 65 to 69 years of age, and \$10,000 for employees 70 years of age and older. The County pays monthly premiums for health, dental, and vision insurance provided to Board of Developmental Disabilities employees as follows:

| | Health Insurance | Dental Insurance | Vision Insurance |
|---------------------------------------|------------------|------------------|------------------|
| For the period 1/1/2018 - 8/31/2018: | | | |
| Single (Employee Only) | \$625.77 | \$31.38 | \$8.77 |
| Family | 1,683.34 | 34.38 | 8.77 |
| For the period 9/1/2018 - 12/31/2018: | | | |
| Single (Employee Only) | 653.95 | 33.10 | 10.37 |
| Family | 1,759.08 | 36.10 | 10.37 |

The County participated in the State Workers' Compensation retrospective rating and payment system prior to 2015. Once the County receives notice of the claims paid by the Bureau of Workers' Compensation, the County will reimburse the State for claims paid on the County's behalf. The payable is reclassified from

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

claims payable to intergovernmental payable. Although the County is no longer under the system, the plan involves a ten-year window where the County is responsible for the payment of actual claim costs for employees injured within the years that the County participated in the retrospective rating plan. The intergovernmental payable includes the actual claim costs of \$61,013. The maintenance of these benefits is accounted for in the Workers' Compensation internal service fund.

Incurred but not reported claims of \$290,656 have been accrued as a liability at December 31, 2018, based on an estimate by the County Auditor's Office and the Bureau of Workers' Compensation. The intergovernmental and claims liability reported in the workers' compensation internal service fund at December 31, 2018, is based on the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claims costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claims adjustment expenses. The portion of claims and contractual services expense that is associated with the County's agency funds is presented as an external portion expense on the statement of activities. Changes in the fund's intergovernmental and claims liability amounts for 2017 and 2018 were as follows:

| | | | | Change in | |
|------|------------|-------------|----------|--------------|-------------|
| | Balance at | | | Workers' | |
| | Beginning | Current | Claim | Compensation | Balance at |
| | ofYear | Year Claims | Payments | Estimate | End of Year |
| 2017 | \$392,504 | \$839 | \$26,201 | (\$52,142) | \$315,000 |
| 2018 | 315,000 | 248 | 23,159 | 59,580 | 351,669 |

Starting with policy year 2015, the County pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Note 12 – Long-Term Obligations

Original issue amounts and interest rates of the County's debt issues were as follows:

| | Interest | Original | Date of |
|--|----------|--------------|-------------|

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

During 2010, the County issued \$1,450,000, with a 5.28 percent interest rate, in Recovery Zone Economic Development Bonds (RZEDBs) in accordance with the American Recovery and Reinvestment Act of 2009 (ARRA). These bonds were issued for the purpose of various County building improvements. These general obligation bonds are backed by the full faith and credit of the County. Payments are made out of the county building improvement fund and continue until maturity in 2025.

In 2005, the County issued a twenty year bond anticipation note for \$1,000,000, at 4.64 percent to fund the improvements being made to the Southern District Court in Uhrichsville. Payments are made out of the bond retirement fund and began in 2006 and continue until maturity in 2025.

The capital lease reported in governmental activities will be paid from the 911 emergency system sales tax fund.

There is no repayment schedule for the net pension liability and the net OPEB liability. However, employer pension and OPEB contributions are made from the following funds: general, board of developmental disabilities, public assistance, motor vehicle license and gas tax, child support enforcement agency, real estate assessment, dog and kennel, delinquent real estate collection, community economic development, community corrections grant, felony delinquent care, victim assistance, mediation grant, juvenile court special projects, law library resource, targeted community alternative to prison, commissioners parks and recreation, workers' compensation, sewer district, and water district funds. For additional information related to the net pension liability and the net OPEB liability, see Notes 23 and 24.

Compensated absences will be paid from the general fund, the board of developmental disabilities fund, the public assistance fund, the motor vehicle license and gas tax fund, the child support enforcement agency fund, the real estate assessment fund, the dog and kennel fund, the community development block grant fund, the community corrections fund, the juvenile court special projects fund, the delinquent real estate collection fund, the felony delinquent care fund, the victim assistance fund, the water district fund, and the sewer district fund. The claims will be paid from the workers' compensation internal service fund. The USDA bonds, the OPWC loans, the OWDA loans, and the capital lease reported in the business-type activities will be paid from charges for services revenue in the enterprise funds. The loans are not general obligations and are not backed by the full faith and credit of the County.

During 2011, the County issued a revenue bond through the United States Department of Agriculture (USDA) for Stone Creek Sanitary Sewer improvements in the sewer district. The forty year bond was issued in the amount of \$1,220,000, with an interest rate of 4.25 percent. The bond will mature in 2051.

During 2011, the County issued a general obligation bond through the United States Department of Agriculture (USDA) for a water meter project in the water district. The fifteen year bond was issued in the amount of \$503,000, with an interest rate of 3.38 percent. The bond will mature in 2026.

In 2011, the County issued a revenue bond through the USDA for the construction and installation of improvements to the water supply, treatment, storage, and distribution system for the water district. The full amount of the bond is \$4,930,000, with an interest rate of 3.75 percent. The final maturity of the bond is 2051.

The County has pledged future sewer revenues, net of operating expenses, to repay USDA revenue bonds, OPWC and OWDA loans and capital leases in the Tuscarawas County sewer district fund. The purposes, terms and balances outstanding are identified in the preceding tables. The debt is payable solely from net revenues and are payable through 2051. Annual principal and interest payments on these loans are expected to require about 485.79 percent of net revenues and about 18.5 percent of total revenues. The total principal and interest remaining to be paid on the debt is \$6,430,182. Principal and interest for the current year were \$421,243 and total revenues were \$2,275,284.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The County has pledged future water revenues, net of operating expenses, to repay USDA revenue bonds and OPWC and OWDA loans in the Tuscarawas County water district fund. The purposes, terms and balances outstanding are identified in the preceding tables. The debt is payable solely from net revenues and are payable through 2051. Annual principal and interest payments on these loans are expected to require about 63.5 percent of net revenues and about 26.5 percent of total revenues. The total principal and interest remaining to be paid on the debt is \$9,283,050. Principal and interest for the current year were \$374,303 and total revenues were \$1,412,450.

The County has entered into contractual agreements for construction loans from the Ohio Public Works Commission (OPWC) and the Ohio Water Development Authority (OWDA). Under the terms of these agreements, the OPWC and the OWDA will reimburse, advance or directly pay the construction costs of approved projects. The OPWC and the OWDA will capitalize administrative costs and construction interest and add them to the total amount of the final loan. These loans are reflected as OPWC loans payable and OWDA loans payable.

A line of credit has been established with the Ohio Water Development Authority in the amount of \$1,110,075 for a sewer project for the Sandyville-East Sparta Upgrade. Since the loan payment schedule has not been finalized, the repayment schedule is not included in the schedule of debt service requirements. Until a final repayment schedule is available, the County will pay based on estimates. The balance of the loan at December 31, 2018, is \$1,024,391.

The following is a summary of the County's future annual principal and interest requirements for debt:

| | Governmental Activities | | | | | | |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The Ohio Revised Code provides that the net general obligation debt of the County, exclusive of certain exempt debt, issued without a vote of the electors shall never exceed one percent of total valuation of the County. The Code further provides that the total voted and unvoted net debt of the County less the same exempt debt shall never exceed a sum equal to three percent of the first \$100,000,000 of the assessed valuation, plus one and one-half percent of such valuation for the next \$200,000,000, plus two and one-half percent of such valuation in excess of \$300,000,000. The County's overall debt margin was \$45,134,969 at December 31, 2018.

Conduit Debt In 2014, the County issued variable rate health care facilities refunding and improvement revenue bonds for Union Hospital. The proceeds were used for financing and refinancing the acquisition, construction, renovations, installation and equipping of certain improvements to hospital facilities, including the advance refunding of the 2009 revenue bonds. The lease agreement requires the hospital to lease the project from the County and to make payments on or before each rental payment date as it comes due. The bonds are secured by a pledge or gross receipts of the obligated group and a mortgage lien on certain facilities of the hospital. The hospital revenue bonds do not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit or taxing power of the County pledged to make repayment. The bonds were fully repaid during 2018.

On August 2, 2007, the County authorized the issuance of \$16,000,000 in Twin City hospital revenue bonds. The proceeds were used to acquire, construct, install, and equip hospital facilities. The hospital facilities are leased and subsequently sold to the hospital. The lease payments are made to the trustee, US Bank, in an amount equal to the debt principal and interest payments. The hospital revenue bonds do not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit or taxing power of the County pledged to make repayment.

On September 1, 2011, the County agreed to lease a project from the State of Ohio, in the amount of \$6,000,000 and subsequently sublease the project to Trinity Hospital Twin City. The project was to acquire, construct, install, and equip hospital facilities. The hospital facilities are leased to the County and subsequently subleased to the hospital. The lease payments are made to the lessor, Fifth Third Bank, in an amount equal to the debt principal and interest payments. The project does not constitute a general obligation, debt or bonded indebtedness of the County. Neither is the full faith and credit or taxing power of the County pledged to make repayment.

Note 13 – Capital Leases

The County has entered into lease agreements for radios, sewer lines, and a camera van. These lease obligations meet the criteria of a capital lease and have been recorded on the financial statements. Capital assets were capitalized at the present value of the minimum lease payments at the time the lease was entered into.

The assets acquired through capital leases are as follows:

| Governmental | | | |
|--------------|--|---|--|
| Activities | Bus | siness-Type Activitie | s |
| Radios | Sewer Lines Camera Van Tota | | |
| | | · · · | _ |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Such agreements provide for minimum, annual lease payments as follows:

| | Governmental Activities | Business-Type Activities |
|---|-------------------------|--------------------------|
| 2019 | \$1,492,906 | \$49,810 |
| 2020 | 1,492,906 | 51,065 |
| 2021 | 1,492,906 | 51,198 |
| 2022 | 1,492,906 | 24,370 |
| 2023 | 1,492,907 | 24,440 |
| 2024-2028 | 1,492,907 | 123,003 |
| 2029 | 0 | 24,427 |
| Total Minimum Lease Payment | 8,957,438 | 348,313 |
| Less: Amount Representing Interest | (1,186,517) | (84,452) |
| Present Value of Minimum Lease Payments | \$7,770,921 | \$263,861 |

Note 14 – Compensated Absences

County employees earn vacation and sick leave at varying rates depending on length of service and department policy. All accumulated, unused vacation time is paid upon separation if the employee has at least one year of service with the County. Accumulated, unused vacation time carries over from year to year at varying amounts depending on the policy or union agreement each employee falls under. Accumulated, unused sick leave is paid to employees who retire at varying rates depending on length of service.

Note 15 – Contingent Liabilities

Federal and State Grants

The County has received Federal and State grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, the County Commissioners believe such disallowances, if any, will be immaterial.

Litigation

The County is a party to a legal proceeding and counterclaim related to providing sanitary sewer services. The parties have entered into a settlement agreement which involves the transfer of County property, facilities, and a monetary amount of \$250,000. It is anticipated that the transfer of property, assets and the monetary payment will be completed on or before September 30, 2019, pursuant to the settlement agreement. The settlement agreement was accepted by the Federal court, which dismissed the case without prejudice subject to court enforcement of the settlement agreement should the need arise. It is anticipated with the transfer of the property, facilities and monetary payment that the matter will be conclusively resolved. As of December 31, 2018, the County has accrued \$250,000 as a judgment payable on the financial statements.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 16 – Internal Activity

Interfund Transfers

Interfund transfers for the year ended December 31, 2018, consisted of the following:

| | | Transfer From | | | | |
|-----------------------------------|-------------|----------------|--------------|-------------|--|--|
| | | Board of Other | | | | |
| | | Developmental | Governmental | | | |
| Transfer to | General | Disabilities | Funds | Total | | |
| General | \$0 | \$0 | \$48,134 | \$48,134 | | |
| Public Assistance | 208,837 | 0 | 0 | 208,837 | | |
| Motor Vehicle License and Gas Tax | 13,159 | 0 | 0 | 13,159 | | |
| Other Governmental Funds | 3,304,370 | 58,000 | 79,479 | 3,441,849 | | |
| Total | \$3,526,366 | \$58,000 | \$127,613 | \$3,711,979 | | |

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them; to move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to provide additional resources for current operations or debt service; to segregate money for anticipated capital projects; and to return money to the fund from which it was originally provided once a project is completed. The general fund transferred \$208,837 to the public assistance fund to be used for a mandated share of funding. The general fund transferred \$2,000,000 to the children's services fund for foster care services. The board of developmental disabilities fund transferred \$58,000 to the permanent improvement D. D. S. fund to provide for capital improvements. The capital projects fund transferred \$79,479 to the general obligation bond retirement fund to provide for debt service.

Interfund Balances

Interfund balances for the year ended December 31, 2018, consisted of the following:

| | | Int | erfund Receiva | ıble | |
|-----------------------------------|-------------|---------------|----------------|---------------|--------------|
| | | Board of | Public | Motor Vehicle | Other |

| Internal Service Funds | 0 | 110 | 0 | 6,573 |
| Total | \$300 | \$110 | \$7,152 | \$1,477,155 |

Interfund balances at December 31, 2018, represent charges for services or reimbursable expenditures or manuscript bonds. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting records, and (3) payments between funds are made. All are expected to be paid within one year except for \$240,000 of the interfund balance of \$255,000 between the general fund and the sewer district fund for the repayment of a settlement fronted by the general fund, and \$332,232 of the interfund balance of \$380,123 between the capital projects fund and the sewer district and water district funds for the repayment of new building and vehicle costs which were fronted by the County, and \$727,650 of the manuscript bonds described in the subsequent paragraph. These interfund balances will be repaid through annual payments of \$15,000 over a twenty year period for the settlement, monthly payments of \$3,076 over a thirty year period for building costs, and monthly payments of \$1,220 over a five year period for vehicle costs. The repayments began in 2016 for the settlement, in 1998 for building costs, and in 2015 for vehicle costs.

The manuscript bonds are courthouse improvement bonds approved for an amount not to exceed \$1,400,000. The bonds were issued at 3.61 percent and are due on December 31, 2043. They were used for the repair and renovation of the County courthouse dome. The manuscript bonds were issued by the County (County building improvement fund) and purchased by the County Treasurer as an investment (general fund). The amount of bonds issued in 2018 was \$750,000. Since the total amount of bonds to be issued had not been finalized by year end, a schedule of principal and interest requirements has not been included. Of the \$750,000 bonds outstanding at year end, \$22,350 is due in one year.

Internal Balances – Change in Proportionate Share

The County uses an internal proportionate share to allocate its net pension liability and corresponding deferred outflows/inflows of resources and pension expense to its various funds. This allocation creates a change in internal proportionate share. The effects of the internal proportionate share are eliminated from the pension deferred outflows/inflows of resources in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the entity wide statement of net position, thus allowing the total column to present the change in proportionate share for the County as a whole.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Eliminations made in the business-type activities column include a deferred outflow of resources for the sewer enterprise fund and a deferred inflow of resources for the water enterprise fund in the amount of \$8,384.

Eliminations made in the total column of the entity wide statement of net position include deferred outflows of resources for the governmental activities and deferred inflows of resources for the business-type activities (related to the water enterprise fund) in the amount of \$3,492.

Note 17 – Significant Commitments

Contractual Commitments

As of December 31, 2018, the County had contractual commitments outstanding for the following projects:

| Funds/Projects | Contract Amount Outstanding | |
|--|-----------------------------|--|
| 1 unus/1 rojects | Outstanding | |
| General Fund: | | |

| Workers' Compensation: | |
| Program Services | 581 |

The amounts remaining on these contracts were encumbered at year end.

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

| Governmental Funds: | |
|-------------------------------------|-------------|
| General | \$683,562 |
| Board of Developmental Disabilities | 562,405 |
| Public Assistance | 407,324 |

| Water District | 136,626 |
| Internal Service Funds | 600 |
| Total Proprietary | \$376,877 |
| | |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 18 – Fund Balances

Fund balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented as follows:

| Ford Delivers | Company 1 | Board of Developmental | Public | Motor Vehicle License and | Other Governmental | T.4.1 |
|--|--|--------------------------|---------------------|--------------------------------|------------------------------|-------------------------------------|
| Fund Balances | General | Disabilities | Assistance | Gas Tax | Funds | Total |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Stabilization Arrangement In addition to the previous fund balance constraints, the County has a general fund budget stabilization arrangement that does not meet the criteria to be classified as restricted or committed. Pursuant to Ohio Revised Code Section 5705.13, the County established a budget stabilization by resolution to accumulate currently available resources to stabilize budgets against cyclical changes in revenues and expenditures. The budget stabilization reserve is only an insulator against short-term economic changes and, because of the limitations imposed by the Ohio Revised Code, it could not reasonably protect an entity from long-term economic factors. The balance in the reserve at December 31, 2018, is \$1,204,583.

Note 19 – Joint Ventures

Tuscarawas County Regional Planning Commission (Commission)

The County participates in the Tuscarawas County Regional Planning Commission which is a statutorily created political subdivision of the State. The Commission is jointly governed among Tuscarawas County, and certain municipalities and townships. Of the 59 members of the Commission board of trustees, the County appoints 10. Each member's control over the operation of the Commission is limited to its representation on the board. The Commission has the purpose and duty to make studies, maps, plans, recommendations and reports concerning the physical, environmental, social, economic and governmental characteristics, functions and services, and other aspects of the region or the County, respectively.

Continued existence of the Commission is dependent on the County's continued participation; however, the County does not have an equity interest in the Commission. The Commission is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. In 2018, the County contributed \$61,000 which represents 82 percent of total contributions. Complete financial statements can be obtained from the Regional Planning Commission, Tuscarawas County, Ohio.

Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties (ADAMHS Board)

The ADAMHS Board is responsible for developing, coordinating, modernizing, funding, monitoring and evaluating a community-based mental health and substance abuse program. The Board is managed by a fourteen member board of trustees, five appointed by the commissioners of Tuscarawas County, three by Carroll County, and six appointed by the director of the State Department of Mental Health and Addiction Services. The trustees exercise total control of the operation of the Board including budgeting, appropriating, contracting and designating management. Continued existence of the Board is dependent on the County's continued participation; however, the County does not have an equity interest in the Board. The Board is not accumulating significant financial resources or experiencing fiscal stress which would cause additional financial benefit to or burden on the County. In 2018, the County made no contributions to the ADAMHS Board. Complete financial statements can be obtained from the ADAMHS Board, Tuscarawas County, Ohio.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 20 – Jointly Governed Organizations

Tuscarawas County Family and Children First Council (Council)

The Council provides services to multi-need youths in Tuscarawas County. There are twenty-nine organizations which are members of the Council. The operations of the Council are controlled by a board consisting of representatives of the member organizations. Members refer cases to the Council which determines how the case is to be handled. The Board exercises total control over the operations of the Council including budgeting, appropriating, contracting and designating management. Each organization's degree of control is limited to its representation on the Board. In 2018, the County contributed \$23,000 to the Council.

Stark-Tuscarawas-Wayne Joint Solid Waste Management District (District)

The District provides solid waste disposal, recycling opportunities, and other waste management services and is controlled by a Board of Directors consisting of nine members; three County Commissioners of each of the three member counties. The Board exercises total control over the operations of the District including budgeting, appropriating, contracting and designating management. Each County's degree of control is limited to its representation on the Board. In 2018, the District's revenues were received from haulers; no monies were contributed by the County.

Multi-County Juvenile Attention Center (Center)

The Center is jointly operated by Tuscarawas, Carroll, Wayne, Stark and Columbiana Counties for the purpose of providing training, treatment and rehabilitation of delinquent, dependent, abused or neglected children. The operation of the Center is controlled by a joint board of commissioners whose membership consists of the three commissioners from each participating county. The Board exercises total control over the operation of the Center including budgeting, appropriating, contracting and designating management. Budgets are adopted by the governing board of commissioners. Each County's degree of control is limited to its representation on the Board. In 2018, the County contributed \$950,364 to the Center and paid \$51,613 for foster care services.

Community Improvement Corporation of Tuscarawas County (Corporation)

The Corporation was formed to advance, encourage, and promote the industrial, economic, commercial and civic development and is operated by Tuscarawas County, New Philadelphia, Dover, Uhrichsville, Dennison, Strasburg, Sugarcreek and Gnadenhutten. It is controlled by 25 trustees consisting of the three County Commissioners, the mayor of each participating city and fifteen self-elected trustees. The Board exercises total control over the operations of the Corporation including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. In 2018, the County made no contributions to the Corporation.

Tuscarawas County Economic Development Corporation, Incorporated (TCEDC)

The purpose of the Tuscarawas County Economic Development Corporation, Incorporated, is to promote business and industry within Tuscarawas County. TCEDC is a legally separate, not-for-profit corporation, (organized under Section 501 (C) (3) of the Internal Revenue Code) served by a board of directors made up of eighteen members. Mandatory appointments include the chief elected official from each of the cities of Dover, New Philadelphia, and Uhrichsville; one County Commissioner and two designees appointed by the County Commissioners; and one member from the Tuscarawas County Township Association.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Additional directors are elected on recommendations of the Board's nominating committee. Each member's degree of control is limited to its representation on the Board. In 2018, the County made no contributions to TCEDC.

The Area Office on Aging (Council)

The Area Office on Aging is a regional council of governments that assists nine counties, including Tuscarawas County, in providing services to senior citizens in the Council's service area. The Council is governed by a board of directors composed of one representative appointed by each participating County. The Board has total control over budgeting, personnel and all other financial matters. The Council receives Title III monies to be used for programs within member Counties. The Board exercises total control over the operations of the Council including budgeting, appropriating, contracting and designating management. Each County's degree of control is limited to its representation on the Board. The Council has no outstanding debt. In 2018, no monies were received from the County.

Tuscarawas County Tax Incentive Review Council (TCTIRC)

The TCTIRC is a jointly governed organization, created as a regional council of governments pursuant to State statutes. TCTIRC has 56 members, consisting of 3 members appointed by the County Commissioners, 22 members appointed by municipal corporations, 12 members appointed by township trustees, 2 members from the County Auditor's Office, 16 members appointed by boards of education located within the County, and 1 member representing the Economic Development and Finance Alliance. The TCTIRC reviews and evaluates the performance of each Enterprise Zone Agreement. This body is advisory in nature and cannot directly impact an existing Enterprise Zone Agreement; however, the council can make written recommendations to the legislative authority that approved the agreement. There is no cost associated with being a member of this Council. The Board exercises total control over the operations of the TCTIRC including budgeting, appropriating, contracting and designating management. Each participant's degree of control is limited to its representation on the Board. The County did not make any contributions to this organization in 2018.

Stark Regional Community Corrections Center (SRCCC)

SRCCC provides an alternative to prison incarceration for felony offenders. The SRCCC is the last step on the continuum of increasing punishment before prison incarceration. The SRCCC is a minimum security operation housing approximately 159 offenders. A Facility Governing Board oversees the SRCCC's operations. Common Pleas judges from Holmes, Stark, Tuscarawas and Wayne counties comprise a Judicial Advisory Board. The Judicial Advisory Board appoints two-thirds of the members of the Facility Governing Board and advises the Facility Governing Board regarding facility matters. The Facility Governing Board approves the hiring of a Director and works with the Director to oversee the program. The Board adopts its own budget, authorizes expenditures and hires and fires its own staff. Funding comes from the Ohio Department of Rehabilitation and Correction. The Board exercises total control over the operations of the SRCCC including budgeting, appropriating, contracting and designating management. Each County's degree of control is limited to its representation on the Board. The County did not make any contributions to this organization in 2018.

Ohio Mid-Eastern Governments Association (OMEGA)

OMEGA is a ten county regional council of governments composed of Belmont, Carroll, Coshocton, Columbiana, Guernsey, Harrison, Holmes, Jefferson, Muskingum and Tuscarawas counties. OMEGA was formed to aid and assist the participating counties and political subdivisions within the counties in the application for Appalachian Regional Commission and Economic Development grant monies. OMEGA is

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

governed by a seventeen member executive board composed of members appointed from each participating county and cities within each county. City membership is voluntary. A county commissioner serves as the County's representative on the board. The Board exercises total control over the operations of OMEGA including budgeting, appropriating, contracting and designating management. Each County's degree of control is limited to its representation on the Board. Each member currently pays a per capita membership fee based on the most recent United States census. During 2018, OMEGA received \$8,558 from Tuscarawas County for an annual fee. OMEGA has no outstanding debt. Information can be obtained from 326 Highland Avenue, Suite B, Cambridge, Ohio 43725.

Mid-Eastern Ohio Regional Council (MEORC)

MEORC is a jointly governed organization among fourteen counties in Ohio. MEORC provides services to the mentally retarded and developmentally disabled residents in the participating counties. MEORC is governed by a Board made up of the superintendents of each county's Board of Developmental Disabilities. Revenues are generated by fees and State grants. MEORC does not have any outstanding debt. The Board exercises total control over the operations of MEORC including budgeting, appropriating, contracting and designating management. Each County's degree of control is limited to its representation on the Board. The County contributed \$185,952 to this organization in 2018. In addition, the County reports cash with fiscal agent in the amount of \$2,939,403 for monies held by the organization. Information can be obtained from 1 Avalon Road, Mount Vernon, Ohio 43050.

Note 21 - Related Organizations

Tuscarawas County University Branch District (District)

The Tuscarawas County University Branch District was created to better serve the people of Tuscarawas County by providing higher education at the university level in the Tuscarawas County area. The County Commissioners are responsible for appointing the trustees of the District, but the County's accountability does not extend beyond making the appointments.

Tuscarawas County Public Library (Library)

The County appoints the governing board of the Library, however, the County cannot influence the Library's operation nor does the Library represent a potential financial benefit for or burden on the County. The County serves in a ministerial capacity as taxing authority for the Library. Once the Library Board determines to present a levy to the voters, including the determination of its rate and duration, the County must place the levy on the ballot. The Library determines its own budget.

Economic Development and Finance Alliance (Alliance)

The Economic Development and Finance Alliance is a legally separate entity, statutorily created under Section 4582.02 of the Ohio Revised Code, served by a five-member board of directors. The purpose of the Alliance is to be involved in activities that enhance foster, aid, provide, or promote transportation, economic development, housing, recreation, education, governmental operations, culture, or research within Tuscarawas County. The County Commissioners appoint the members of the Board, based on recommendations by the Alliance. However, the County cannot influence the Alliance's operation nor does the Alliance represent a potential financial benefit for or burden on the County. The Commissioners are limited in the authority to remove the directors they appoint only for reasons of malfeasance, misfeasance, or nonfeasance. The Alliance determines its own budget.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 22 – Shared Risk Pool

Public Entity Risk Consortium (PERC) The County participates in PERC, a shared risk pool which is restricted to mid-size public entities including pools. PERC was formed as an Ohio not-for-profit corporation as authorized by Ohio Revised Code Section 2744.081 and operates a property, crime, and liability insurance program. PERC members include Tuscarawas County, Wayne County, the City of Lorain and the member participants of four pools: the Buckeye Ohio Risk Management Association, Incorporated (BORMA); the Midwest Pool Risk Management Agency, Incorporated (MPRMA); the Ohio Housing Authority Property and Casualty, Incorporated (OHAPCI); and the State Housing Authority Risk Pool Association, Incorporated (SHARP). Each member appoints one person to the Board of Trustees. The Board of Directors consists of five trustees as determined by the Board of Trustee vote. The Board of Directors governs and administers PERC. Each member's control over the budgeting and financing of PERC is limited to its voting authority and any representation it may have on the Board of Directors. Participation in PERC is by written application subject to approval of the Board of Directors and the payment of premiums. Members are required to remain members of PERC until the end of the PERC fiscal year (November 30). Any member may withdraw from PERC at the end of the PERC fiscal year upon providing at least three months prior notice. The withdrawing member agrees any distribution of surplus PERC funds allocable to the withdrawing member are forfeited by the withdrawing member and shall be distributed to the then remaining members in proportion to their interest in the surplus funds or other equitable manner as determined by the Board of Directors. In 2018, the County made payments in the amount of \$329,927 to PERC. Financial information may be obtained from Arthur J. Gallagher Risk Management Services, Incorporated, 2 Summit Park Drive, Suite 235, Independence, Ohio 44131.

Note 23 – Defined Benefit Pension Plans

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability (Asset)/Net OPEB Liability (Asset)

The net pension liability (asset) and the net OPEB liability (asset) reported on the statement of net position represent liabilities (assets) to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions/OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions/OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension/OPEB liabilities (assets) represent the County's proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liabilities (assets) calculations are dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost-of-living adjustments (COLA) and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the County's obligation for these liabilities to annually required payments. The County cannot control benefit terms or the manner in which pensions are financed; however, the County does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

GASB 68/75 assumes the liabilities are solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also include pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liabilities (assets). Resulting adjustments to the net pension/OPEB liabilities (assets) would be effective when the changes are legally enforceable. The Ohio Revised Code (ORC) permits, but does not require the retirement systems to provide health care to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a *net pension/OPEB asset* or long-term *net pension/OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 24 for the required OPEB disclosures.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description – County employees, other than certified teachers, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan, and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost-of-living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (800) 222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional and combined plans as per the reduced benefits adopted by SB 343 (See OPERS' financial report referenced previously for additional information, including requirements for reduced and unreduced benefits):

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Group A

Eligible to retire prior to January 7, 2013, or 5 years after January 7, 2013

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30

Law Enforcement

Age and Service Requirements:

Age 52 with 15 years of service credit

Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Group B

20 years of service credit prior to January 7, 2013, or eligible to retire 10 years after January 7, 2013

State and Local

Age and Service Requirements:

Age 60 with 60 months of service credit or Age 55 with 25 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30

Law Enforcement

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 52 with 15 years of service credit

Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Group C

Members not in other Groups and members hired on or after January 7, 2013

State and Local

Age and Service Requirements:

Age 57 with 25 years of service credit or Age 62 with 5 years of service credit

Traditional Plan Formula:

2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Combined Plan Formula:

1% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Law Enforcement

Age and Service Requirements:

Age 48 with 25 years of service credit or Age 56 with 15 years of service credit

Traditional Plan Formula:

2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a traditional plan benefit recipient has received benefits for 12 months, an annual COLA is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a COLA of the defined benefit portion of their pension benefit. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the members' contributions plus or minus the investment gains or losses resulting from the members' investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contributions benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the purchase of a monthly defined benefit

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options.

Funding Policy – The Ohio Revised Code provides statutory authority for member and employer contributions as follows:

| | State | Law |
|---|-----------|-------------|
| | and Local | Enforcement |
| 2018 Statutory Maximum Contribution Rates | | |
| Employer | 14.0 % | 18.1 % |
| Employee * | 10.0 % | ** |
| 2018 Actual Contribution Rates | | |
| Employer: | | |
| Pension *** | 14.0 % | 18.1 % |
| Post-employment Health Care Benefits *** | 0.0 | 0.0 |
| Total Employer | 14.0 % | 18.1 % |
| Employee | 10.0 % | 13.0 % |

- * Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.
- ** This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2 percent greater than the Public Safety rate.
- *** These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with the remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

For 2018, the County's contractually required contribution was \$3,004,193 for the traditional plan, \$54,262 for the combined plan, and \$51,850 for the member-directed plan. Of these amounts, \$312,697 is reported as an intergovernmental payable for the traditional plan, \$5,557 for the combined plan, and \$5,305 for the member-directed plan.

Plan Description – State Teachers Retirement System (STRS)

Plan Description – County licensed teachers and other faculty members participate in STRS Ohio, a cost-sharing multiple-employer public employee retirement system administered by STRS. STRS provides retirement and disability benefits to members and death and survivor benefits to beneficiaries. STRS issues a stand-alone financial report that includes financial statements, required supplementary information, and detailed information about STRS' fiduciary net position. That report can be obtained by writing to STRS, 275 E. Broad St., Columbus, OH 43215-3771, by calling (888) 227-7877, or by visiting the STRS website at www.strsoh.org.

New members have a choice of three retirement plans: a Defined Benefit (DB) Plan, a Defined Contribution (DC) Plan, and a Combined Plan. Benefits are established by Ohio Revised Code Chapter 3307.

The DB plan offers an annual retirement allowance based on final average salary multiplied by a percentage that varies based on years of service. Effective August 1, 2015, the calculation is 2.2 percent of final average salary for the five highest years of earnings multiplied by all years of service. In April 2017, the

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Retirement Board made the decision to reduce COLA granted on or after July 1, 2017, to 0 percent to preserve the fiscal integrity of the retirement system. Benefit recipients' base benefit and past cost-of-living increases are not affected by this change. Members are eligible to retire at age 60 with 5 years of qualifying service credit, or age 55 with 26 years of service, or 31 years of service regardless of age. Eligibility changes will be phased in until August 1, 2026, when retirement eligibility for unreduced benefits will be 5 years of service credit and age 65, or 35 years of service credit and at least age 60.

The DC Plan allows members to place all their member contributions and 9.53 percent of the 14 percent employer contributions into an investment account. Investment allocation decisions are determined by the member. The remaining 4.47 percent of the 14 percent employer rate is allocated to the defined benefit unfunded liability. A member is eligible to receive a retirement benefit at age 50 and termination of employment. The member may elect to receive a lifetime monthly annuity or a lump sum withdrawal.

The Combined Plan offers features of both the DB Plan and the DC Plan. In the Combined Plan, 12 percent of the 14 percent member rate goes to the DC Plan and the remaining 2 percent goes to the DB Plan. Member contributions to the DC Plan are allocated among investment choices by the member, and contributions to the DB Plan from the employer and the member are used to fund the defined benefit payment at a reduced level from the regular DB Plan. The defined benefit portion of the Combined Plan payment is payable to a member on or after age 60 with five years of service. The defined contribution portion of the account may be taken as a lump sum payment or converted to a lifetime monthly annuity after termination of employment at age 50 or later.

New members who choose the DC plan or Combined Plan will have another opportunity to reselect a permanent plan during their fifth year of membership. Members may remain in the same plan or transfer to another STRS plan. The optional annuitization of a member's defined contribution account or the defined contribution portion of a member's Combined Plan account to a lifetime benefit results in STRS bearing the risk of investment gain or loss on the account. STRS has therefore included all three plan options as one defined benefit plan for GASB 68 reporting purposes.

A DB or Combined Plan member with five or more years of credited service who is determined to be disabled may qualify for a disability benefit. Eligible survivors of members who die before service retirement may qualify for monthly benefits. New members on or after July 1, 2013, must have at least ten years of qualifying service credit that apply for disability benefits. Members in the DC Plan who become disabled are entitled only to their account balance. If a member of the DC Plan dies before retirement benefits begin, the member's designated beneficiary is entitled to receive the member's account balance.

Funding Policy – Employer and member contribution rates are established by the State Teachers Retirement Board and limited by Chapter 3307 of the Ohio Revised Code. The 2018 employer and employee contribution rate of 14 percent was equal to the statutory maximum rates. For 2018, the full employer contribution was allocated to pension.

The County's contractually required contribution to STRS was \$40,961 for 2018. Of this amount, \$986 is reported as an intergovernmental payable.

Pension Liabilities, Net Pension Asset, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for OPERS was measured as of December 31, 2017, and the net pension liability for STRS was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of the respective measurement dates.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

The County's proportion of the net pension liability (asset) was based on the County's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

| | OPERS | OPERS | | |
|-------------------------------|------------------|---------------|--------------|--------------|
| | Traditional Plan | Combined Plan | STRS | Total |
| Proportion of the Net Pension | | | | |
| Liability/Asset: | | | | |
| Current Measurement Date | 0.15614769% | 0.09018381% | 0.00265292% | |
| Prior Measurement Date | 0.15949322% | 0.00000000% | 0.00297941% | |
| Change in Proportionate Share | -0.00334553% | 0.09018381% | -0.00032649% | |
| Proportionate Share of the: | | | | |
| Net Pension Liability | \$24,496,545 | \$0 | \$583,318 | \$25,079,863 |
| Net Pension Asset | 0 | 122,769 | 0 | 122,769 |
| Pension Expense | 5,076,465 | (81,095) | 53,162 | 5,048,532 |

2018 pension expense for the member-directed defined contribution plan was \$51,850.

At December 31, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to defined benefit pensions from the following sources:

| | OPERS | OPERS | CTDC | Total |
|--|------------------|---------------|-----------|-------------|
| Deferred Outflows of Resources | Traditional Plan | Combined Plan | STRS | Total |
| Differences between expected and | | | | |
| actual experience | \$25,018 | \$0 | \$13,465 | \$38,483 |
| Changes of assumptions | 2,927,501 | 10,729 | 103,375 | 3,041,605 |
| Changes in proportion and differences | 2,727,301 | 10,729 | 103,373 | 3,011,003 |
| between County contributions and | | | | |
| proportionate share of contributions | 3,320 | 3,541 | 44,931 | 51,792 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

\$3,080,210 reported as deferred outflows of resources related to pension resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or increase to the net pension asset in 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

| | OPERS Traditional | OPERS | | |
|--------------------------|----------------------|------------------|----------|---------------|

Actuarial Assumptions – OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2017, using the following actuarial assumptions applied to all periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2017, are presented as follows:

| | OPERS Traditional Plan | OPERS Combined Plan |
|-------------------------------|---------------------------------|---------------------------------|
| XV | 2.25 | 2.25 |
| Wage Inflation | 3.25 percent | 3.25 percent |
| Future Salary Increases, | 3.25 to 10.75 percent | 3.25 to 8.25 percent |
| including inflation | including wage inflation | including wage inflation |
| COLA or Ad Hoc COLA: | | |
| Pre-January 7, 2013 Retirees | 3 percent, simple | 3 percent, simple |
| Post-January 7, 2013 Retirees | 3 percent, simple through 2018, | 3 percent, simple through 2018, |
| | then 2.15 percent, simple | then 2.15 percent, simple |
| Investment Rate of Return | 7.5 percent | 7.5 percent |
| Actuarial Cost Method | Individual Entry Age | Individual Entry Age |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the previously described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the traditional pension plan, the defined benefit component of the combined plan and the annuitized accounts of the member-directed plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 16.82 percent for 2017.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table that follows displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

| | | Weighted Average |
|------------------------|------------|---------------------|
| | | Long-Term Expected |
| | Target | Real Rate of Return |
| Asset Class | Allocation | (Arithmetic) |
| Fixed Income | 23.00 % | 2.20 % |
| Domestic Equities | 19.00 | 6.37 |
| Real Estate | 10.00 | 5.26 |
| Private Equity | 10.00 | 8.97 |
| International Equities | 20.00 | 7.88 |
| Other investments | 18.00 | 5.26 |
| Total | 100.00 % | 5.66 % |

Discount Rate The discount rate used to measure the total pension liability was 7.5 percent for the traditional plan and the combined plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members; therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Sensitivity of the County's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability (asset) calculated using the current period discount rate assumption of 7.5 percent, as well as what the County's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is one percentage point lower (6.5 percent) or one percentage point higher (8.5 percent) than the current rate:

| | Current | | |
|------------------------------------|-------------------------------------|--------------|-------------|
| | 1% Decrease Discount Rate 1% Increa | | |
| | (6.50%) | (7.50%) | (8.50%) |
| County's proportionate share of | | | |
| the net pension liability (asset): | | | |
| OPERS Traditional Plan | \$43,499,623 | \$24,496,545 | \$8,653,705 |
| OPERS Combined Plan | (66,736) | (122,769) | (161,429) |

Changes between Measurement Date and Report Date

In October 2018, the OPERS Board adopted a change in the investment return assumption, reducing it from 7.5 percent to 7.2 percent. This change will be effective for the 2018 valuation. The exact amount of the impact to the County's net pension liability (asset) is not known.

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the July 1, 2018, actuarial valuation are presented as follows:

| Inflation | 2.50 percent |
|-----------------------------------|---|
| Projected Salary Increases | 12.50 percent at age 20 to 2.50 percent at age 65 |
| Investment Rate of Return | 7.45 percent, net of investment expenses, including inflation |
| Discount Rate of Return | 7.45 percent |
| Payroll Increases | 3 percent |
| Cost-of-Living Adjustments (COLA) | 0.0 percent, effective July 1, 2017 |

Post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the July 1, 2018, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

STRS' investment consultant develops an estimate range for the investment return assumption based on the target allocation adopted by the Retirement Board. The target allocation and long-term expected rate of return for each major asset class are summarized as follows:

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

| Asset Class | Target Allocation | Long-Term Expected Rate of Return * |
|----------------------|-------------------|-------------------------------------|
| Domestic Equity | 28.00 % | 7.35 % |
| International Equity | 23.00 | 7.55 |
| Alternatives | 17.00 | 7.09 |
| Fixed Income | 21.00 | 3.00 |
| Real Estate | 10.00 | 6.00 |
| Liquidity Reserves | 1.00 | 2.25 |
| Total | 100.00 % | |

^{* 10} year annualized geometric nominal returns, which include the real rate of return and inflation of 2.25 percent and do not include investment expenses. Over a 30-year period, STRS' investment consultant indicates that the above target allocations should generate a return above the actuarial rate of return, without net value added by management.

Discount Rate The discount rate used to measure the total pension liability was 7.45 percent as of June 30, 2018. The projection of cash flows used to determine the discount rate assumes that member and employer contributions will be made at the statutory contribution rates in accordance with rate increases described previously. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Based on those assumptions, STRS' fiduciary net position was projected to be available to make all projected future benefit payments to current plan members as of June 30, 2018. Therefore, the long-term expected rate of return on pension plan investments of 7.45 percent was applied to all periods of projected benefit payment to determine the total pension liability as of June 30, 2018.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the County's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.45 percent, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current rate:

| | Current | | |
|---|---------------------|-----------------------|---------------------|
| | 1% Decrease (6.45%) | Discount Rate (7.45%) | 1% Increase (8.45%) |
| County's proportionate share of the net pension liability | \$851,858 | \$583,318 | \$356,034 |

Note 24 – Defined Benefit OPEB Plans

See Note 23 for a description of the net OPEB liability (asset).

Ohio Public Employees Retirement System (OPERS)

Plan Description – The Ohio Public Employees Retirement System administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member-directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' financial report referenced later for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy – The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2018, State and local employers contributed at a rate of 14.0 percent of earnable salary, and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 1.0 percent during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018, decreased to 0 percent for both plans. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2018 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The County's contractually required contribution was \$20,740 for 2018. Of this amount, \$2,122 is reported as an intergovernmental payable.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

State Teachers Retirement System (STRS)

Plan Description – The State Teachers Retirement System of Ohio (STRS) administers a cost-sharing Health Plan administered for eligible retirees who participated in the defined benefit or combined pension plans offered by STRS. Ohio law authorizes STRS to offer this plan. Benefits include hospitalization, physicians' fees, prescription drugs and partial reimbursement of monthly Medicare Part B premiums. Medicare Part B premium reimbursements will be discontinued effective January 1, 2020. The Plan is included in the report of STRS which can be obtained by visiting www.strsoh.org or by calling (888) 227-7877.

Funding Policy – Ohio Revised Code Chapter 3307 authorizes STRS to offer the Plan and gives the Retirement Board discretionary authority over how much, if any, of the health care costs will be absorbed by STRS. Active employee members do not contribute to the Health Care Plan. Nearly all health care plan enrollees, for the most recent year, pay a portion of the health care costs in the form of a monthly premium. Under Ohio law, funding for post-employment health care may be deducted from employer contributions, currently 14 percent of covered payroll. For the year ended December 31, 2018, STRS did not allocate any employer contributions to post-employment health care.

OPEB Liabilities, Net OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. For STRS, the net OPEB asset was measured as of June 30, 2018, and the total OPEB liability used to calculate the net OPEB asset was determined by an independent actuarial valuation as of that date. The County's proportion of the net OPEB liability (asset) was based on the County's share of contributions to the respective retirement systems relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

| | OPERS | STRS | Total |
|---|--------------|--------------|--------------|
| Proportion of the Net OPEB Liability/Asset: | | | |
| Current Measurement Date | 0.1516595% | 0.00265292% | |
| Prior Measurement Date | 0.1548993% | 0.00297941% | |
| Change in Proportionate Share | -0.0032398% | -0.00032649% | |
| Proportionate Share of the: | | | |
| Net OPEB Liability | \$16,469,104 | \$0 | \$16,469,104 |
| Net OPEB Asset | 0 | 42,630 | 42,630 |
| OPEB Expense | 1,285,035 | (86,779) | 1,198,256 |

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

At December 31, 2018, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | OPERS | STRS | Total |
|--|-------------|----------|-------------|
| Deferred Outflows of Resources | | | |
| Differences between expected and | | | |
| actual experience | \$12,829 | \$2,495 | \$15,324 |
| Changes of assumptions | 1,199,126 | 0 | 1,199,126 |
| County contributions subsequent to the | | | |
| measurement date | 20,740 | 0 | 20,740 |
| Total Deferred Outflows of Resources | \$1,232,695 | \$2,495 | \$1,235,190 |
| Deferred Inflows of Resources | | | |
| Changes of assumptions | \$0 | \$58,086 | \$58,086 |
| Net difference between projected and | | | |
| actual earnings on OPEB plan investments | 1,226,839 | 4,870 | 1,231,709 |
| Changes in proportion and differences | | | |
| between County contributions and | | | |
| proportionate share of contributions | 221,385 | 11,636 | 233,021 |
| Total Deferred Inflows of Resources | \$1,448,224 | \$74,592 | \$1,522,816 |

\$20,740 reported as deferred outflows of resources related to OPEB resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| _ | OPERS | STRS | Total |
|--------------------------|-------------|------------|-------------|
| Year Ending December 31: | | | |
| 2019 | \$166,885 | (\$12,764) | \$154,121 |
| 2020 | 166,885 | (12,764) | 154,121 |
| 2021 | (263,327) | (12,764) | (276,091) |
| 2022 | (306,712) | (11,658) | (318,370) |
| 2023 | 0 | (11,271) | (11,271) |
| Thereafter | 0 | (10,876) | (10,876) |
| Total | (\$236,269) | (\$72,097) | (\$308,366) |

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2016, rolled forward to the measurement date of December 31, 2017. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

| Wage Inflation | 3.25 percent |
|-----------------------------|--------------------------------|
| Projected Salary Increases, | 3.25 to 10.75 percent |
| including inflation | including wage inflation |
| Single Discount Rate: | |
| Current measurement date | 3.85 percent |
| Prior measurement date | 4.23 percent |
| Investment Rate of Return | 6.50 percent |
| Municipal Bond Rate | 3.31 percent |
| Health Care Cost Trend Rate | 7.5 percent, initial |
| | 3.25 percent, ultimate in 2028 |
| Actuarial Cost Method | Individual Entry Age |

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the previously described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a buildingblock method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2017, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the traditional pension plan, combined plan and member-directed plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio is 15.2 percent for 2017.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS'

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined benefit pension plans. Health care is a discretionary benefit. The following table displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return:

| | | Weighted Average |
|------------------------------|------------|---------------------|
| | | Long-Term Expected |
| | Target | Real Rate of Return |
| Asset Class | Allocation | (Arithmetic) |
| Fixed Income | 34.00 % | 1.88 % |
| Domestic Equities | 21.00 | 6.37 |
| Real Estate Investment Trust | 6.00 | 5.91 |
| International Equities | 22.00 | 7.88 |
| Other Investments | 17.00 | 5.39 |
| Total | 100.00 % | 4.98 % |

Discount Rate A single discount rate of 3.85 percent was used to measure the OPEB liability on the measurement date of December 31, 2017. A single discount rate of 4.23 percent was used to measure the OPEB liability on the measurement date of December 31, 2016. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.50 percent and a municipal bond rate of 3.31 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the County's proportionate share of the net OPEB liability calculated using the single discount rate of 3.85 percent, as well as what the County's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (2.85 percent) or one percentage point higher (4.85 percent) than the current rate:

| | | Current | |
|--|--------------|---------------|--------------|
| | 1% Decrease | Discount Rate | 1% Increase |
| | (2.85%) | (3.85%) | (4.85%) |
| County's proportionate share of the net OPEB liability | \$21.879.916 | \$16,469,104 | \$12.091.812 |

Sensitivity of the County's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the County's proportionate share of the net OPEB liability calculated using the assumed trend rates, and the County's proportionate share of the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Retiree health care valuations use a health care cost trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2018 is 7.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25 percent in the most recent valuation.

| | Current | | |
|--|--------------|-----------------|--------------|
| | | Health Care | |
| | | Cost Trend Rate | |
| | 1% Decrease | Assumption | 1% Increase |
| County's proportionate share of the net OPEB liability | \$15,757,422 | \$16,469,104 | \$17,204,254 |

Changes between Measurement Date and Report Date

In October 2018, the OPERS Board adopted a change in the investment return assumption, reducing it from 6.5 percent to 6.0 percent. This change will be effective for the 2018 valuation. The exact amount of the impact to the County's net OPEB liability is not known.

Actuarial Assumptions – STRS

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results used in the June 30, 2018, actuarial valuation are presented as follows:

Projected Salary Increases

12.50 percent at age 20 to 2.50 percent at age 65

Investment Rate of Return

Payroll Increases

Discount Rate of Return

Health Care Cost Trends:

Medical:

12.50 percent at age 20 to 2.50 percent at age 65

7.45 percent, net of investment expenses, including inflation

7.45 percent

7.45 percent

Pre-Medicare 6 percent initial, 4 percent ultimate Medicare 5 percent initial, 4 percent ultimate

Prescription Drugs:

Pre-Medicare 8 percent initial, 4 percent ultimate
Medicare -5.23 percent initial, 4 percent ultimate

Projections of benefits include the historical pattern of sharing benefit costs between the employers and retired plan members.

For healthy retirees the mortality rates are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. For disabled retirees, mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016.

Actuarial assumptions used in the June 30, 2018, valuation are based on the results of an actuarial experience study for the period July 1, 2011, through June 30, 2016.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Since the prior measurement date, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45 percent based on the methodology defined under GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans (OPEB). Valuation year per capita health care costs were updated.

Also since the prior measurement date, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

The STRS health care plan follows the same asset allocation and long-term expected real rate of return for each major asset class as the pension plan, see Note 23.

Discount Rate The discount rate used to measure the total OPEB liability was 7.45 percent as of June 30, 2018. The blended discount rate used to measure the total OPEB liability was 4.13 percent as of June 30, 2017. The projection of cash flows used to determine the discount rate assumes STRS continues to allocate no employer contributions to the health care fund. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments to current plan members. Therefore, the long-term expected rate of return on health care plan investments of 7.45 percent was used to measure the total OPEB liability as of June 30, 2018. The blended discount rate of 4.13 percent, which represents the long-term expected rate of return of 7.45 percent for the funded benefit payments and the Bond Buyer 20-year municipal bond rate of 3.58 percent for the unfunded benefit payments, was used to measure the total OPEB liability as of June 30, 2017.

Sensitivity of the County's Proportionate Share of the Net OPEB Asset to Changes in the Discount and Health Care Cost Trend Rate The following table represents the County's proportionate share of the net OPEB asset as of June 30, 2018, calculated using the current period discount rate assumption of 7.45 percent, as well as what the County's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is one percentage point lower (6.45 percent) or one percentage point higher (8.45 percent) than the current assumption. Also shown is the County's proportionate share of the net OPEB asset as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

| | Current | | |
|--|-------------|---------------|-------------|
| | 1% Decrease | Discount Rate | 1% Increase |
| | (6.45%) | (7.45%) | (8.45%) |
| County's proportionate share of the net OPEB asset | \$36,538 | \$42,630 | \$47,750 |
| | | Current | |
| | 1% Decrease | Discount Rate | 1% Increase |
| County's proportionate share of the net OPEB asset | \$47,461 | \$42,630 | \$37,723 |

Note 25 – Related Party Transactions

During 2018, the County provided facilities, certain equipment, and salaries for the administration of the Tuscarawas County Healthcare Consortium (the Consortium), a discretely presented component unit of the County. Additionally, the County paid \$6,072,970 to the Consortium during 2018, which represents 77.6 percent of the Consortium's cash receipts.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Note 26 – Subsequent Event

On June 13, 2019, the County paid off the remainder of the courthouse improvement bond anticipation note, which was originally scheduled to mature in 2025. The total payment for the early retirement of the debt was \$502,414 from the general fund and included \$456,000 principal and \$46,414 for accrued interest and termination charges. The early repayment will save the County \$37,463 in debt service costs.

Note 27 - Tuscarawas County Healthcare Consortium

Description of the Entity

The Tuscarawas County Healthcare Consortium (the Consortium) is a legally separate entity organized under Ohio Revised Code Chapter 167. The Consortium was established January 1, 2017, formed by certain political subdivisions within Tuscarawas County, for the purpose of obtaining medical and hospitalization benefits for the employees of the members in the Consortium. Prior to becoming a separate entity, the activity of the Consortium was reported as an internal service fund of Tuscarawas County.

Some of the more significant provisions of the Consortium are as follows:

Board of Directors The Consortium shall have a Board of Directors which shall, among other duties, determine the general policy of the Consortium. The Board of Directors consist of five members. Four members shall be appointed by the Tuscarawas County Commissioners and one member shall be appointed by the remaining members by majority vote. The Board of Directors shall include a Chairperson and Vice Chairperson. The election of the Chairperson and Vice Chairperson shall be made annually by the members of the Board of Directors at the first Directors' meeting of the new fiscal year.

The term of the office shall be for two years beginning January 1 and ending December 31. A person appointed to serve as a Director on the Board shall remain in office until (1) the Consortium receives evidence of the appointment of a successor, or (2) the effective time of the withdrawal from or termination of the member from the Consortium.

Termination of the Consortium The Consortium shall be terminated upon majority vote of its members. In the event of termination, all assets must be first used to pay all debts and legal obligations of the Consortium. All assets remaining after the satisfaction of all legal obligations shall be distributed to members on a prorate basis as determined by their membership dues. No member of the Consortium shall be liable for any debt or obligation of the Consortium.

Withdrawal from Membership A member may withdraw from membership in the Consortium by formal action of its governing board and upon six months written notice to the Consortium after such action. The withdrawing member shall become a nonvoting member of the Consortium and if serving as a Director shall be deemed to have resigned as a Director upon such notice. Specifics governing the withdrawal of a Consortium member and the run out of all claims for such Consortium member are addressed in Section 10 of the Consortium Agreement.

Fiscal Agent The Fiscal Agent is responsible for administering the financial transactions of the Consortium. For 2018, Tuscarawas County served as Fiscal Agent for the Consortium. The Fiscal Agent carries out the responsibilities of the Operating Fund, enters into contracts on behalf of the Consortium as authorized by the Board of Directors and carries out such other responsibilities as approved by the Board of Directors and agreed to by the Fiscal Agent. The Tuscarawas County Auditor serves as the Treasurer of the Consortium. The Fiscal Agent is reimbursed for such costs incurred by it in carrying out its responsibilities as may be approved by the Board of Directors.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Benefits Member contributions are used to provide medical, hospitalization, prescription drug and vision insurance benefits as provided for in the Member's Plan Document and as established by law. The Board of Directors determines, at their discretion, the insurance benefits to be provided by or through the Consortium. Insurance limits, types of claims covered, eligibility for benefits and any deductibles shall be approved by the governing board of each member and shall be described in the Member's Plan Document. The Board of Directors determines, at their discretion, which insurance carriers and policies to utilize to provide benefits pursuant to the Consortium Agreement.

Operating Fund The Operating Fund consists of all monthly contributions made to the Fiscal Agent in accordance with the Consortium Agreement. Interest earned on monies in the Operating Fund shall be credited to the Operating Fund.

The Fiscal Agent may use the Operating Fund for purposes such as, but not limited to:

- 1. Transfer funds to a third-party administrator for payment of claims;
- 2. Pay premiums of the Consortium's stop-loss insurance coverage; and
- 3. Pay fees of any third-party administrator, Fiscal Agent, consultants and lawyers.

Summary of Significant Accounting Policies

The financial statements of the Consortium have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Consortium's significant accounting policies are described as follows.

Reporting Entity The reporting entity has been defined in accordance with GASB Statement No. 14, *The Financial Reporting Entity* as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34*. The reporting entity is composed of the primary government, component units and other organizations that are included to ensure that the basic financial statements of the Consortium are not misleading. On this basis, no governmental organizations other than the Consortium itself are included in the financial reporting entity. The Consortium is considered a component unit of Tuscarawas County for reporting purposes.

Fund Accounting The Consortium maintains its accounting records in accordance with the principles of "fund" accounting. Fund accounting is a concept developed to meet the needs of government entities in which legal or other restraints require the recording of specific receipts and disbursements. The Consortium uses an enterprise fund to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for public policy, management control, accountability or other purposes.

Basis of Accounting Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. For financial statement presentation purposes, the Consortium utilizes the accrual basis of accounting. Under this method of accounting, revenues are recognized when they are earned and expenses are recognized at the time they are incurred.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Measurement Focus The Consortium's activities are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the Consortium's operations are included on the statement of net position.

The statement of activities presents a comparison between direct expenses and program revenues of the Consortium. Program revenues include charges paid by Consortium members. Revenues which are not classified as program revenues are presented as general revenues of the Consortium with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which activity is self-financing or draws from the general revenues of the Consortium.

Prepaid Items Payments made to vendors for services that will benefit periods beyond December 31, 2018, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

Unearned Revenue Unearned revenues represent contributions paid in advance of the coverage date by members at December 31, 2018. The premiums will be recognized as revenue in the month to which they pertain.

Receivables and Contributions All receivables are shown net of an allowance for uncollectible amounts, if any. Receivables are recorded as an asset in the period that they are earned. Receivables are written off when deemed uncollectible. The Consortium had no uncollectible amounts at December 31, 2018.

All members are required to remit monthly contributions to the Consortium, which are used to pay claims and administrative expenses. The monthly contribution is determined for each member in accordance with the number and age of covered employees and dependents and the prior loss experience of the respective member. Member contributions are recorded in revenue in the period that they are earned.

Net Position Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Consortium had no restricted net position at year end.

Budgetary Process Each member subdivision of the Consortium is required by Ohio law to adopt an annual budget. The Consortium itself is not required to follow the budgetary process and, therefore, no budgetary information is provided in these basic financial statements.

Estimates The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Cash and Cash Equivalents

Consortium's Fiscal Agent maintains the Consortium financial activity under a specific fund designated for Consortium activity. The Fiscal Agent is responsible for administering the financial transactions of the Consortium. For 2018, Tuscarawas County served as Fiscal Agent for the Consortium.

The County Treasurer is the custodian for the Consortium's cash and investments. The County's cash and investment pool holds the Consortium's cash and investments, which are reported at the County Treasurer's carrying amount.

Notes to the Basic Financial Statements For the Year Ended December 31, 2018

Risk Management

The Consortium is a jointly governed organization which acts as a governmental risk pool for health insurance (including prescription and vision) coverage for its 29 member subdivisions. The risk of loss for loss transfers from the member subdivisions to the Consortium upon payment of the monthly premium.

The Consortium employs the services of an outside consultant to assist them in administering the Consortium. The Consortium also uses Aultcare as their third party administrator.

No employer, employee, or person claiming benefit by or through an employee shall have any claim against the Consortium or any property of the Consortium. The rights and interest of employees and persons claiming by or through employees shall be limited receipt benefits offered by or through the Consortium in accordance with the Consortium Agreement. The Consortium purchases or otherwise provides for the benefit of itself, the Board of Directors and/or the Fiscal Agent such liability insurance with such limits of coverage as approved by the Board of Directors. Any member subdivision which withdraws from the Consortium pursuant to the Consortium Agreement has no claim to the Consortium's assets.

It is not necessary for each member subdivision to hold a reserve for Incurred But Not Reported (IBNR) claims. The IBNR information is presented by the Consortium as required by GASB Statement No. 10, Accounting and Financial Reporting for Risk Financing and Related Insurance Issues, as amended by GASB Statement No. 30, Risk Financing Omnibus, and is not available on an individual subdivision basis.

The Consortium is self-insured for member subdivision employee health insurance claims but maintains stop gap loss insurance with Aultcare for \$200,000 on an individual basis. The Consortium pays covered claims to service providers and recovers these costs from premium charges to member subdivisions based on calculations provided with the Consortium's consultant in conjunction with Aultcare, which is the third party administrator.

The claims liability of \$1,619,658 reported at December 31, 2018, is based on an estimate provided by the third party administrator and the requirements of Governmental Accounting Standards Board Statement No. 30 which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by incremental claim adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in the Consortium's claims liability for 2017 and 2018 are as follows:

| | Balance | Current | Claims | Balance |
|------|-------------------|-------------|-------------|-------------|
| | Beginning of Year | Year Claims | Payments | End of Year |
| 2017 | \$1,158,706 | \$7,191,553 | \$6,868,497 | \$1,481,762 |
| 2018 | 1,481,762 | 7,760,297 | 7,622,401 | 1,619,658 |

Litigation

The Consortium is not party to any legal proceedings that would, in the Consortium's opinion, have a material effect on the basic financial statements.

Notes to the Required Supplementary Information For the Year Ended December 31, 2018

Changes in Assumptions – OPERS Pension

Amounts reported beginning in 2017 incorporate changes in assumptions used by OPERS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented as follows:

| | 2017 | 2016 and Prior |
|-------------------------------|---------------------------------|---------------------------------|
| Wage Inflation | 3.25 percent | 3.75 percent |
| Future Salary Increases, | 3.25 to 10.75 percent | 4.25 to 10.05 percent |
| including inflation | including wage inflation | including wage inflation |
| COLA or Ad Hoc COLA: | | |
| Pre-January 7, 2013 Retirees | 3 percent, simple | 3 percent, simple |
| Post-January 7, 2013 Retirees | 3 percent, simple through 2018, | 3 percent, simple through 2018, |
| | then 2.15 percent, simple | then 2.8 percent, simple |
| Investment Rate of Return | 7.5 percent | 8 percent |
| Actuarial Cost Method | Individual Entry Age | Individual Entry Age |

Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant Mortality Table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvements back to the observation period base year of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the previously described tables.

Amounts reported for 2016 and prior use mortality rates based on the RP-2000 Mortality Table projected 20 years using Projection Scale AA. For males, 105 percent of the combined healthy male mortality rates were used. For females, 100 percent of the combined healthy female mortality rates were used. The mortality rates used in evaluating disability allowances were based on the RP-2000 Mortality Table with no projections. For males, 120 percent of the disabled female mortality rates were used set forward two years. For females, 100 percent of the disabled female mortality rates were used.

Notes to the Required Supplementary Information For the Year Ended December 31, 2018

Changes in Assumptions – STRS Pension

Amounts reported beginning in 2017 incorporate changes in assumptions and changes in benefit terms used by STRS in calculating the total pension liability in the latest actuarial valuation. These new assumptions compared with those used in 2016 and prior are presented as follows:

| | 2017 | 2016 and Prior |
|-----------------------------------|-------------------------------------|--|
| Inflation | 2.50 percent | 2.75 percent |
| Projected Salary Increases | 12.50 percent at age 20 to | 12.25 percent at age 20 to |
| | 2.50 percent at age 65 | 2.75 percent at age 70 |
| Investment Rate of Return | 7.45 percent, net of investment | 7.75 percent, net of investment |
| | expenses, including inflation | expenses, including inflation |
| Payroll Increases | 3 percent | 3.5 percent |
| Cost-of-Living Adjustments (COLA) | 0.0 percent, effective July 1, 2017 | 2 percent simple applied as follows: for members retiring before August 1, 2013, 2 percent per year; |
| | | for members retiring August 1, 2013, or later, 2 percent COLA commences on fifth anniversary of retirement date. |

Beginning in 2017, post-retirement mortality rates for healthy retirees are based on the RP-2014 Annuitant Mortality Table with 50 percent of rates through age 69, 70 percent of rates between ages 70 and 79, 90 percent of rates between ages 80 and 84, and 100 percent of rates thereafter, projected forward generationally using mortality improvement scale MP-2016. Post-retirement disabled mortality rates are based on the RP-2014 Disabled Mortality Table with 90 percent of rates for males and 100 percent of rates for females, projected forward generationally using mortality improvement scale MP-2016. Pre-retirement mortality rates are based on RP-2014 Employee Mortality Table, projected forward generationally using mortality improvement scale MP-2016.

For 2016 and prior actuarial valuation, mortality rates were based on the RP-2000 Combined Mortality Table (Projection 2022—Scale AA) for Males and Females. Males' ages are set back two years through age 89 and no set back for age 90 and above. Females younger than age 80 are set back four years, one year set back from age 80 through 89, and no set back from age 90 and above.

Changes in Assumptions – OPERS OPEB

For 2018, the single discount rate changed from 4.23 percent to 3.85 percent.

Changes in Assumptions – STRS OPEB

For 2018, the discount rate was increased from the blended rate of 4.13 percent to the long-term expected rate of return of 7.45 percent.

Changes in Benefit Terms – STRS OPEB

For 2018, the subsidy multiplier for non-Medicare benefit recipients was increased from 1.9 percent to 1.944 percent per year of service effective January 1, 2019. The non-Medicare frozen subsidy base premium was increased effective January 1, 2019, and all remaining Medicare Part B premium reimbursements will be discontinued beginning January 1, 2020.

Combining and Individual Fund Statements

and Schedules

Fund Descriptions - Nonmajor Funds

Nonmajor Special Revenue Funds

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Child Support Enforcement Agency Fund – To account for and report State, Federal and local revenue restricted to administering the County Child Support Enforcement Agency.

County Wireless 911 Fund – To account for and report grant monies restricted for the implementation and operation of a wireless County 911 system.

911 Emergency System Sales Tax Fund – To account for and report a County-wide property tax levy restricted for the County's 911 emergency system.

Real Estate Assessment Fund – To account for and report restricted State mandated Countywide real estate reappraisals that are funded by charges to the political subdivisions located within the County.

Children's Services Fund – To account for and report revenue from the Federal and State governments restricted to expenditures for subsidized adoptions and for support of children in the custody of the County Department of Human Services as prescribed under the State Children's Services Subsidy Grant program.

Dog and Kennel Fund – To account for and report revenue derived from the sale of dog licenses. Expenditures are restricted to administrating the State of Ohio dog regulations.

Delinquent Real Estate Collection Fund – To account for and report tax collections restricted to enforcing the payment of delinquent taxes.

Community Mental Health Fund – To account for and report a County-wide property tax levy restricted for the operation of the Alcohol, Drug Addiction and Mental Health Services Board of Tuscarawas and Carroll Counties. The fund did not have any budgetary activity in 2018; therefore, budgetary information is not provided.

Aging Fund – To account for and report a County-wide property tax levy restricted for various programs assisting the senior citizens within the County.

Smart Ohio Funding Grant Fund – To account for and report grant monies restricted for costs related to community-based alternative sentencing for nonviolent offenders.

Other Community Improvement Funds – Smaller Special Revenue Funds operated by the County restricted or committed for community improvement purposes and subsidized in part by Local, State and Federal monies as well as miscellaneous sources. Because budgetary information is adopted separately for each of these funds, a separate budgetary schedule is shown; however, they are considered one fund for GAAP reporting. These funds are as follows:

Community Development Block Grant Fund Community Economic Development Fund Enterprise Zone Fund

Fund Descriptions – Nonmajor Funds (continued)

Nonmajor Special Revenue Funds (continued)

Other Law Enforcement Funds – Smaller Special Revenue Funds operated by the County restricted or committed for law enforcement purposes and subsidized in part by Local, State and Federal monies as well as miscellaneous sources. Because budgetary information is adopted separately for each of these funds, a separate budgetary schedule is shown; however, they are considered one fund for GAAP reporting. These funds are as follows:

Community Corrections Grant Fund
Multi-County Drug Task Force Fund
Felony Delinquent Care Fund
Sheriff Concealed Handgun License Fund
Victim Assistance Fund
Jail Diversion Fund
Sheriff's Continued Professional Training Fund

Other Funds – Smaller Special Revenue Funds operated by the County restricted or committed for miscellaneous purposes and subsidized in part by Local, State and Federal monies as well as miscellaneous sources. Because budgetary information is adopted separately for each of these funds, a separate budgetary schedule is shown; however, they are considered one fund for GAAP reporting. These funds are as follows:

Indigent Drivers Alcohol Fund Indigent Guardianship Fund Legal Research Fund Enforcement and Education Fund Marriage License Special Fund **Mediation Grant Fund** County Court Special Projects Fund Juvenile Court Special Projects Fund Common Pleas Special Projects Fund Juvenile Court Title IV-E Fund Department of Treasury Seizure of Monies Fund Jury Administration Fund Help America Vote Act Grant Fund County Court Interlock Monitor Fund Juvenile Interlock Alcohol Treatment Fund Law Library Resource Fund Department of Justice Seizure of Monies Fund Targeted Community Alternative to Prison Fund

County 911 Fund – To account for and report transfers from the general fund expended for the implementation and operation of a County 911 system. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Jail Operations Fund – To account for and report transfers from the general fund used for the maintenance and operation of the County Jail. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Fund Descriptions – Nonmajor Funds (continued)

Nonmajor Special Revenue Funds (continued)

Certificate of Title Fund – To account for and report revenue derived from charges for services expended for the operations of the Title Department. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Growth Fund – To account for and report transfers from the general fund committed to repayments of economic development loans, used to set aside funding to be used to encourage economic development and growth within the County. This fund is included with the general fund for GAAP reporting as it does not have a restricted or committed revenue source.

Other Funds – Smaller Special Revenue Funds operated by the County and subsidized by miscellaneous sources. These funds are included with the general fund for GAAP reporting as they do not have restricted or committed revenue sources. Because budgetary information is adopted separately for each of these funds, a separate budgetary schedule is shown; however, they are considered one fund for GAAP reporting. These funds are as follows:

Recorder's Special Fund Southern District Probation Fund Joint Public Defender Fund

Nonmajor Debt Service Fund

The debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditures for principal and interest.

General Obligation Bond Retirement Fund – To account for and report transfers from the capital projects fund assigned to debt payments.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Permanent Improvement Fund – To account for and report transfers from the County general fund assigned for improvement of County owned buildings.

Permanent Improvement D. D. S. Fund – To account for and report monies assigned for the improvement of a school and workshop for the developmentally disabled. Transfers from the Board of Developmental Disabilities provided the fund balance.

Capital Projects Fund – To account for and report various revenues assigned for various County capital projects.

County Building Improvement Fund – To account for and report bond proceeds restricted for the construction and improvement of the County Building.

Fund Descriptions - Nonmajor Funds (continued)

Nonmajor Capital Projects Funds (continued)

Other Funds – Smaller Capital Projects maintained by the County. Because budgetary information is adopted separately for each of these funds, a separate budgetary schedule is shown; however, they are considered one fund for GAAP reporting. These funds are as follows:

Issue II Grants Fund
Hazardous Materials Equipment Fund
Court Computers Fund
Canal Fund
Norma Johnson Nature Preserve Fund
Commissioners Parks and Recreation Fund

Fund Descriptions - Agency Funds

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, other governments, and/or other funds. These funds are purely custodial (assets equal liabilities) and thus do not involve the measurement of results of operations. The following are the County's agency fund types:

Municipal Corporation Fund – To account for shared revenue from the State of Ohio. This money represents a portion of the State income taxes, State sales taxes, corporate franchise taxes, and distributions of motor vehicle taxes returned to the County and distributed to municipal corporations monthly.

Township Fund – To account for shared revenue from the State of Ohio. This money represents a portion of State income taxes, State sales taxes, corporate franchise taxes, and distributions of motor vehicle license and gasoline taxes returned to the County and distributed to townships monthly.

School Fund – To account for distribution of real and tangible personal property taxes to school districts within the County.

Real Estate Tax Fund – To account for the collection of real estate taxes from real estate owners. These taxes are periodically apportioned to local governments in the County (including Tuscarawas County itself).

Tangible Personal Property Tax Fund — To account for the collection of tangible personal property taxes from the owners of such property. These taxes are also periodically apportioned to local governments in the County (including Tuscarawas County itself).

Other Agency Funds:

Community Mental Health Fund

Family and Children First Council Fund

District Board of Health Fund

Law Enforcement Trust Fund

Payroll Fund

Emergency Management Fund

Help Me Grow Fund

Local Emergency Planning Commission Fund

Tuscarawas County, Ohio Comprehensive Annual Financial Report

Prepared by the Tuscarawas County Auditor's Office

LARRY LINDBERG
Tuscarawas County Auditor

Statistical Section

This part of the Tuscarawas County, Ohio's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Page(s)</u>

Financial Trends S2-S11

These schedules contain trend information to help the reader understand how the County's financial position has changed over time.

Revenue Capacity S12-S35

These schedules contain information to help the reader understand and assess the factors affecting the County's ability to generate its most significant local revenue source, sales tax.

Debt Capacity S37-S44

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Economic and Demographic Information

S45-S47

These schedules offer economic and demographic indicators to help the reader understand the environment within which the County's financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.

Operating Information

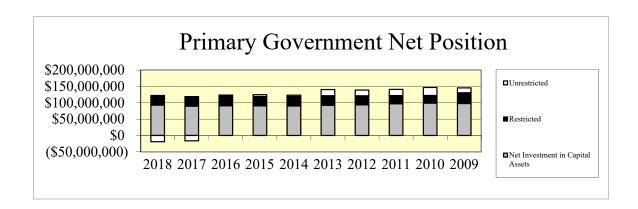

S48-S59

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

⁽¹⁾ Real Property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property. General business tangible personal property tax has been phased out, and during the phase out period, all general business tangible personal property was assessed at 6.25 percent for 2008 and zero for 2009. Beginning in 2007, House Bill 66 switched telephone companies from being public utilities to general business taxpayers and began a four year phase out of the tangible personal property tax on local and inter-exchange telephone companies, at 5 percent for 2010. No tangible personal property taxes were levied or collected in 2009 from general business taxpayers, (except telephone companies whose last year to pay tangible personal property tax was 2010).

The tangible personal property values associated with each year are the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by a 10 percent and a 2 1/2 percent rollback, and homestead exemptions before being billed.

The rates presented for a particular calendar year are the rates that, when applied to the assessed values presented in the Assessed Value Table, generated the property tax revenue billed in that year.

Rates may only be raised by obtaining the approval of a majority of the voters at a public election.

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes.

Source: Office of the Auditor, Tuscarawas County, Ohio

⁽¹⁾ Includes Homestead/Rollback taxes assessed locally, but distributed through the State and reported as Intergovernmental revenue.

⁽²⁾ We are aware of the requirement to report delinquent tax collections by levy year rather than by collection year. However, the County's current computer system tracks levy amounts by current levy and delinquent levy. Once amounts become part of the delinquent levy, the ability to track information by levy year is lost. Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent. We are looking at options to improve the presentation.

⁽³⁾ Penalties and interest are included, since by Ohio law they become part of the tax obligation as assessment occurs.

⁽¹⁾ Cash basis

Source: Ohio Department of Taxation

Note: Sales tax is remitted to the Ohio Department of Taxation. The portion pertaining to the County is remitted on a monthly basis approximately three months after collection at the source.

Information for the principal taxpayers is not provided to the County by the Ohio Department of Taxation.

^{(2) 2011} was the first year that sales tax is the County's largest own-source revenue.

⁽³⁾ The sales tax rate increased to 1.50% effective October 1, 2018.

⁽¹⁾ Ohio Bond Law sets a limit calculated as follows:

Three percent of the first \$100,000,000 of the tax valuation

One and one/half percent of the next \$200,000,000 of the tax valuation

Two and one/half percent of the amount of the tax valuation in excess of \$300,000,000

(2) Ohio Bond Law sets a limit of one percent of the tax valuation.
