Wilberforce, Ohio 45384

We have reviewed the *Independent Auditor's Report* of the WCSU-FM, Central State University Radio, Greene County, prepared by Crowe LLP, for the audit period July 1, 2017 through June 30, 2018. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Central State University is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Dave Yost".

Report on the Financial Statements

We have audited the accompanying financial statements of WCSU-FM, Central State University Radio Station (the "Station"), as of and for the year ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Station's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Station as of June 30, 2018 and 2017, and the changes in its financial position and its cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

(Continued)

Emphasis of Matters

As discussed in Note 1, the financial statements of the Station are intended to present the financial position, the changes in financial position and cash flows, of only that portion of the activities of Central State University that is attributable to the transactions of the Station. They do not purport to, and do not, present fairly the financial position of Central State University as of June 30, 2018 and 2017, and the changes in its financial position and its cash flows, for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

As discussed in Note 1 to the financial statements, Government Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, is effective for the Station's fiscal year ending June 30, 2018. This Statement establishes standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenses related to postretirement benefits other than pensions. As a result, net position was restated by \$136,272 as of July 1, 2017 for the cumulative effect of the application of this pronouncement. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A") on pages 3 to 5, the Schedule of the Station's Proportionate Share of the Net Pension Liability, the Schedule of the Station's Pension Contributions, the Schedule of the Station's Proportionate Share of the Net OPEB Liability, and the Schedule of the Station's OPEB Contributions on pages 22 through 24 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Report on Other Legal and Regulatory Requirements

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2018 on our consideration of the Station's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Station's internal control over financial reporting and compliance.

WCSU-FM
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
June 30, 2018

The purpose of the annual report is to provide readers with financial information about the activities and financial condition of WCSU-FM (the "Station"), which is owned and operated by Central State University (the "University"). The report consists of three financial statements that provide information on the radio station: the statement of net position, the statement of revenue, expenses, and changes in net position, and the statement of cash flows. These statements begin on page 6 and should be read in conjunction with the notes to the financial statements. The following summary and management's discussion of the results are intended to provide the readers with an overview of the financial statements.

The Statement of Net Position

The statement of net position includes all assets and liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private sector institutions. Net position - the difference between assets plus deferred outflows and liabilities plus deferred inflows - is one way to measure the financial activities of the Station. Unrestricted net position decreased by \$58,194 during fiscal year 2018 and \$55,196 during fiscal year 2017 due to decreased revenue from the Corporation for Public Broadcasting and increased expenses.

Net investment in capital assets increased by \$140,762 during 2018 due to additions exceeding depreciation and decreased by \$14,270 during 2017 due to depreciation exceeding additions. Total net position increased \$82,568 in fiscal year 2018 and decreased \$55,196 during fiscal years 2018 and 2017, respectively.

Total assets increased by \$12,033 during 2018 and increased by \$69,287 during 2017; the increase in 2018 is primarily attributable to an increase of \$140,672 in capital assets held by the Station, offset by a decrease in cash held by the Station of \$102,747 and decrease in prepaid expenses of \$25,982. The increase in 2017 is primarily attributable to an increase of \$57,665 in cash held by the University, mainly due to an increase in deferred grant income of \$49,315 and an increase in prepaid expenses of \$25,892.

Total liabilities increased by \$89,271 in 2018 and increased by \$8,554 in 2017. The increase in 2018 was primarily attributed to increases in net pension liability of \$45,460, in accordance with GASB 68, and OPEB liability of \$147,552, in accordance with GASB 75, together with an increase in accounts payable of \$20,873, offset by a decrease in deferred revenue of \$124,614. The increase in 2017 was related to an increase in deferred revenue, offset by a decrease in the net pension liability in accordance with GASB 68.

Program information and promotion	30,218	35,049	36,740
Support services			
Management and general	<u>365,543</u>	<u>388,299</u>	<u>393,377</u>
Total operating expenses	<u>668,124</u>	<u>752,980</u>	<u>776,543</u>
Increase (decrease) in net position	218,840	(55,196)	(45,773)
Net position - beginning of year	(14,706)	40,490	86,263
Adjustment for change in accounting principal	<u>(136,272)</u>	-	-
Net position – beginning of year (as restated)	<u>(150,978)</u>	<u>40,490</u>	<u>86,263</u>
Net position - end of year	<u>\$ 67,862</u>	<u>\$ (14,706)</u>	<u>\$ 40,490</u>

Operating revenue decreased by \$154,752 or 76.46 percent during fiscal year 2018; Corporation for Public Broadcasting (CPB) increased by \$180,042 (229.89 percent), State Network Commission decreased by \$8,090 (21.00 percent), contributions increased by \$6,252 (500.96 percent) and contributed services decreased by \$23,452 (27.82 percent).

Operating revenue decreased by \$13,872 or 6.4 percent during fiscal year 2017; Corporation for Public Broadcasting (CPB) decreased by \$22,678 (22.5 percent), State Network Commission increased by \$14,163 (58.1 percent), contributions decreased by \$402 (24.4 percent) and contributed services decreased by \$4,955 (5.6 percent). The increase in State Network Commission is due to an increase of State funding from eTech Ohio as well as an extension that was granted on prior year funds.

WCSU-FM
MANAGEMENT'S DISCUSSION AND ANALYSIS - UNAUDITED
June 30, 2018

Statement of Cash Flows

The statement of cash flows provides information about cash receipts and cash payments during the year. Cash consists of the Station's share of University and Foundation pooled cash and investments.

	<u>2018</u>	<u>2017</u>	<u>2016</u>
Cash used in operating activities	\$ (186,789)	\$ (133,797)	\$ (157,159)
Cash provided by noncapital financing activities	228,341	172,641	211,482
Cash used in capital and related financing activities	(159,605)	-	(9,600)
Cash flows from investing activities	<u>15,306</u>	<u>18,821</u>	<u>2,233</u>
Increase in cash	(102,747)	57,665	46,956
Cash - beginning of year	<u>421,505</u>	<u>363,840</u>	<u>316,884</u>
Cash - end of year	<u>\$ 318,758</u>	<u>\$ 421,505</u>	<u>\$ 363,840</u>

The Station consumed \$186,789 and \$133,797 in operating activities in 2018 and 2017, respectively. The primary operating cash receipts consist of grants and contracts of \$171,688 and \$167,413 for 2018 and 2017, respectively. Cash outlays include payments for wages and to vendors of \$358,477 and \$301,210 for 2018 and 2017, respectively. The primary noncapital financing activities consist of support from the University.

For 2018 and 2017, the primary capital and related financing activities consist of cash used to purchase capital assets.

Economic Factors that Will Affect the Future

The station has recently hired a new General Manager with significant experience in the radio industry. New and aggressive fundraising initiatives are planned with increased level of involvement with corporate and community stakeholders.

WCSU-FM
NOTES TO FINANCIAL STATEMENTS
June 30, 2018 and 2017

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Organization: WCSU-FM (the "Station") is a radio station owned and operated by Central State University (the "University"), a state-supported, public university. WCSU-FM is located on the campus of the University in Wilberforce, Ohio.

Basis of Presentation: WCSU-FM reports as a "business-type activity," as defined by GASB Statement No. 35. Business-type activities are those that are financed in whole or in part by fees charged to external parties for goods or services.

The financial statements of the Station have been prepared on the accrual basis of accounting whereby revenue is recognized when earned and expenses are recorded when the related liability has been incurred. These statements are intended to present the financial position, the changes in financial position and cash flows, of only that portion of the activities of Central State University that is attributable to the transactions of the Station. They do not purport to, and do not, present fairly the financial position of Central State University as of June 30, 2018 and 2017, and the changes in its financial position and its cash flows, for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Net Position Classifications: In accordance with GASB Statement No. 35 guidelines, WCSU-FM's resources are classified into the following two net position categories:

Net investment in capital assets: Capitalized physical assets net of accumulated depreciation.

Unrestricted: Resources that are not subject to externally imposed stipulations. Unrestricted resources may be designated for specific purposes by action of management, Board of Trustees, or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted resources are designated for Station programs, initiatives, and capital projects.

Operating Versus Non-operating Revenue and Expenses: WCSU-FM defines operating activities as reported on the statement of revenue, expenses, and changes in net position as those that generally result from exchange transactions such as payments received for providing goods or services and payments made for goods or services received.

Income Taxes: Under Internal Revenue Code Section 501(c)(3), the operations of WCSU-FM are exempt from income taxes as part of the overall operations of the University as a political subdivision of the State of Ohio.

Cash held by the University: The financial records for WCSU-FM are maintained as a part of the operations of the University. Separate fund account activities are maintained to account for the operations of WCSU-FM. Consequently, funds deposited on account for WCSU-FM are reflected in the financial statements as cash held by the University.

Cash held by the Foundation: WCSU-FM maintains a balance with the Central State University Foundation for the purpose of receiving contributions donated used in support of the radio station. The Foundation cash accounts are maintained as a pool and the funds deposited on account for WCSU-FM are reflected in the financial statements as cash held by the Foundation.

Capital Assets: Capital assets are recorded at cost or, if acquired by gift, at acquisition value at the date of the gift. The University capitalizes all assets with a useful life greater than one year and a value in excess of \$5,000. When capital assets are sold or otherwise disposed of, the net carrying value of such assets is removed from the accounts and the net investment in capital assets component of net position is adjusted as appropriate. Capital assets, are depreciated on the straight-line method over their estimated useful lives, ranging from 5 to 15 years.

(Continued)

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Unearned Revenue: Unearned revenue represents grant monies received from grants and contract sponsors that have not been earned.

Deferred Outflows and Inflows of Resources: Deferred outflows of resources represent the consumption of resources that are applicable to a future reporting period, but do not require further exchange of goods or services. Deferred inflows of resources represent the acquisition of resources that are applicable to a future resource period. Deferred outflows of resources in the Station's financial statements consist of differences between projections and actual experience, changes in assumptions and changes in proportionate share in the OPERS pension and OPEB plans as well as contributions subsequent to the measurement date of the plan and differences between projected and actual investment earnings on the pension plan. Deferred inflows of resources in the Station's financial statements consist of differences between projections and the actual experience in the OPERS pension and OPEB plans and difference in expected and actual investment earnings on the OPEB plan.

Pensions: For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Ohio Public Employees Retirement System (OPERS) and additions to/deductions from OPERS' fiduciary net position has been determined on the same basis as reported by the pension system. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension system reports investments at fair value.

Other Postemployment Benefit Costs: For purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPERS and STRS pension plan and additions to/deductions from OPERS and STRS' fiduciary net position have been determined on the same basis as they are reported by these OPEB systems. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The OPEB systems report investments at fair value.

Functional Allocation of Expenses: The costs of providing program and support services have been reported on a functional basis in the statement of revenue, expenses, and changes in net position. Indirect costs have been allocated between the various programs and support services based on estimates, as determined by management. Although the methods of allocation used are considered reasonable, other methods could be used that would produce a different amount.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Adoption of New Accounting Pronouncements: During fiscal year 2018, the Station implemented the provisions of GASB Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" and GASB No. 85 – "Omnibus 2017". GASB No. 75 replaces the requirements of Statement No. 45 and establishes new accounting and financial reporting requirements for other postemployment benefit plans (OPEB). As a result, the new net OPEB liability and related deferred outflows and inflows of resources have been recorded in the Statement of Net Position. The applicable provisions of GASB No. 85 have been implemented as required in the Station's required supplementary schedules.

(Continued)

WCSU-FM
NOTES TO FINANCIAL STATEMENTS
June 30, 2018 and 2017

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Station did not retroactively implement these standards as of July 1, 2016 because it was not deemed practical. Net position as of July 1, 2017 has been restated as follows for the implementation of GASB Statement No. 75 as amended by GASB Statement No. 85.

Net position - beginning of year		\$	(14,706)
Cumulative effect of GASB 75 implementation:			
Net OPEB liability deferred inflows and deferred outflows			<u>(136,272)</u>
Net position - beginning of year as restated		\$	<u>(150,978)</u>

NOTE 2 - CAPITAL ASSETS

Capital assets activity for the years ended June 30, 2018 and 2017 are summarized as follows:

	2018			
	Beginning Balance	Additions	Retirements	Ending Balance
Office equipment	\$ 15,082	\$ 11,900	\$ -	\$ 26,982

WCSU-FM
NOTES TO FINANCIAL STATEMENTS
June 30, 2018 and 2017

NOTE 3 - CORPORATION FOR PUBLIC BROADCASTING GRANTS

WCSU-FM receives grant funding from the Corporation for Public Broadcasting (CPB) to assist in the operations of WCSU-FM. The CPB grants consist of a Radio Community Service Grant (CSG), which is unrestricted in its use, and a National Program Production and Acquisition Grant (NPPAG), which is restricted to national programming activities. Recognition of the CPB grant revenue is deemed unearned until expenses are incurred. Any unused grant amounts at the end of the spending period must be returned to the granting agency. During 2018, no unused funds were returned to the CPB, in 2017 \$4,828 was returned. There were no amounts due to the CPB at 2018 or 2017.

NOTE 4 - STATE NETWORK COMMISSION GRANT AND CONTRIBUTED SERVICES

WCSU-FM receives unrestricted radio station funding through E-Tech Ohio (OET). For the years ended June 30, 2018 or 2017, WCSU-FM received cash support of \$30,442 and \$38,532, respectively. WCSU-FM received in-kind contributed services support from OET of \$60,840 and \$84,292 during 2018 or 2017, respectively.

NOTE 5 - UNIVERSITY SUPPORT ALLOCATION

The operations of WCSU-FM are supported primarily by the general revenue of the University. The University effectively covers all operating costs of WCSU-FM in excess of direct support received through grant awards and contributions attributable to WCSU-FM's operations. The University's support allocation totaled \$228,341 and \$172,641 in direct support for 2018 or 2017, respectively, and \$286,175 and \$303,932 in indirect administrative support and donated facilities for 2018 or 2017, respectively.

NOTE 6 - LONG-TERM LIABILITIES

Long-term liability activity for the years ended June 30, 2018 and 2017 is summarized in the table below. Beginning balance for 2018 is restated to reflect the impact of the adoption of GASB Statement No. 75, as described in Note 1.

<u>2018</u>	<u>Restated Beginning Balance</u>	<u>Additions</u>	<u>Reduction</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Net pension liability	\$ 176,499	\$ 45,460	\$ -	\$ 221,959	\$ -
OPEB	<u>136,272</u>	<u>11,280</u>	<u>-</u>	<u>147,552</u>	<u>-</u>
	<u>\$ 312,771</u>	<u>\$ 56,740</u>	<u>\$ -</u>	<u>\$ 369,511</u>	<u>\$ -</u>
<u>2017</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reduction</u>	<u>Ending Balance</u>	<u>Current Portion</u>
Net pension liability	\$ 221,150	\$ -	\$ 44,651	\$ 176,499	\$ -

NOTE 7 - RETIREMENT PLANS

Station employees are provided with pensions through the Ohio Public Employees Retirement System (OPERS). OPERS is a statewide cost-sharing multiple employer defined benefit pension plan. Authority to establish and amend benefits for OPERS is authorized by Chapters 145 of the Ohio Revised Code. OPERS issues a publicly available financial report. The OPERS report can be obtained at <https://www.opers.org/investments/cafr.shtml>.

(Continued)

NOTE 7 - RETIREMENT PLANS (Continued)

OPERS offers three separate retirement plans: a defined benefit plan, a defined contribution plan, and a combined plan.

OPERS Defined Benefit Plan pays service retirement benefits using a fixed formula based on age, years of service and salary. In addition to service retirement, participants are eligible for disability and survivor benefits.

OPERS Member-Directed Plan is an optional alternative retirement plan available to new members. Participants allocate both member and employer contributions in an investment account and benefits are based on the member's account value.

OPERS Combined Plans offers features of both a defined benefit plan and a member-directed or defined contribution plan. In the combined plan, employee contributions are invested in self-directed investments, and the employer contribution is used to fund a reduced defined benefit along with disability and survivor benefits.

OPERS provides retirement, disability, annual cost-of-living adjustments, and survivor benefits for plan members and beneficiaries. The benefit provisions stated in the following paragraphs are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

OPERS Benefits

Under OPERS, retirement benefits are specific to each plan and members must meet the eligibility requirements based on their age and years of service within the plan. Retirement eligibility also varies by division and transition group.

Members who were eligible to retire under law in effect prior to SB 343 before January 7, 2023 are included in transition Groups A and B. Group C includes those members who are not in either of the other groups and members who were hired on or after January 7, 2013.

State and Local members in transition groups A and B are eligible for retirement benefits at age 60 with 5 years of service credit or at age 55 with 25 or more years of service credit. Group C for State and Local is eligible for retirement at age 57 with 25 years of service or at age 62 with 5 years of service.

Under the Traditional Plan, for Groups A and B, the annual benefit is based on 2.2% of final average salary multiplied by the actual years of service for the first 30 years of service credit and 2.5% for years of service in excess of 30 years. For Group C the annual benefit applies a factor of 2.2% for the first 35 years and a factor of 2.5% for the years of service in excess of 35. Final average salary represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career. Under the Combined Plan, the benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.0% to the member's final average salary for the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's final average salary and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions.

(Continued)

NOTE 7 - RETIREMENT PLANS (Continued)

Member-Directed participants must have attained the age of 55, have money on deposit in the Defined Contribution Plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. At retirement, members may select one of several distribution options for payment of the vested balance of their individual OPERS accounts.

The OPERS law enforcement program consists of two separate divisions: Law Enforcement and Public Safety. Both groups of members are eligible for special retirement options under the Traditional Pension Plan and are not eligible to participate in the Member-Directed or Combined plans. Public Safety Group members may file an application for full retirement benefits at age 48 or older with 25 or more years of credited service or 52 or older with 15 or more years of credited service for Groups A and B. Public Safety Group C is eligible for benefits at age 52 or older with 25 years or at age 56 or older with 15 years. Those members classified as Law Enforcement officers are eligible for full retirement at age 52 or older with 15 or more years of credited service for Group A. Law Enforcement Group B is eligible at age 48 or older with 25 years or at age 52 or older with 15 years of service. Law Enforcement Group C is eligible at age 48 or older with 25 years of service or at age 56 with 15 years of service. Annual benefits under both divisions are calculated by multiplying 2.5% of final average salary by the actual years of service for the first 25 years of service credit, and 2.1% of final average salary for each year of service over 25 years. In the Combined Plan, the benefit formula for the defined benefit component of the plan for state and local members in transition Groups A and B applies a factor of 1.0% to the member's FAS and the first 30 years of service. A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member's FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. These options also permit early retirement under qualifying circumstances as early as age 48 with a reduced benefit.

OPERS administers two disability plans for participants in the Traditional Pension and Combined plans. Members in the plan as of July 29, 1992, could elect coverage under either the original plan or the revised plan. All members who entered the System after July 29, 1992, are automatically covered under the revised plan. Under the original plan, a member who becomes disabled before age 60 and has completed 60 contributing months is eligible for a disability benefit. Benefits are funded by the employee and employer contributions and terminate if the member is able to return to work. The revised plan differs in that a member who becomes disabled at any age with 60 contributing months will be eligible for disability benefits until a determined age. The benefit is funded by reserves accumulated from employer contributions. Law Enforcement officers are immediately eligible for disability benefits if disabled by an on-duty illness or injury. Members participating in the Member-Directed Plan are not eligible for disability benefits.

Dependents of deceased members who participated in either the Traditional Pension Plan or the Combined Plan may qualify for survivor benefits if the deceased employee had at least one and a half years of service credit with the plan, and at least one quarter year of credit within the two and one-half years prior to the date of death. Law Enforcement and Public Safety personnel are eligible for survivor benefits immediately upon employment.

Once a benefit recipient retiring under the Traditional Pension Plan has received benefits for 12 months, an annual 3% cost-of-living adjustment is provided on the member's base benefit. Members retiring under the Combined Plan receive a 3% cost-of-living adjustment on the defined benefit portion of their benefit.

NOTES TO FINANCIAL STATEMENTS
June 30, 2018 and 2017

NOTE 7 - RETIREMENT PLANS (Continued)

OPERS Contributions

Employer and member contribution rates are established by the OPERS Board subject to limits per Chapter 145 of the Ohio Revised Code. Under the OPERS plans, the employee contribution rate for the years ended June 30, 2018 and 2017 is 10% for all employees with the exception of law enforcement. The law enforcement contribution rate was 12.6% through December 31, 2013 and increased to 13% effective January 1, 2014. The employer contribution rate is 14% for all employees with the exception of law enforcement whose rate is 18.1%. For Member-Directed Plans, for the years ended June 30, 2018 and 2017, 13.23% was paid into the member's member-directed account and the remaining .77% was paid to OPERS, as required by state legislation, to cover unfunded liabilities.

The Station's contributions to OPERS were \$26,942, \$15,964 and \$23,548 for the fiscal years ended June 30, 2018, 2017 and 2016, respectively. The Station's contributions were equal to the required contributions for each year as set by state statute.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018 and 2017, the Station reported a liability of \$221,959 and \$176,499, respectively for its proportionate share of the OPERS net pension liability. The net pension liability was measured as of December 31, 2017 and 2016, respectively, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Station's proportion of the net pension liability was based on the Station's long-term share of contributions to OPERS relative to the total projected long-term employer contributions received from all of OPERS' participating employers. At December 31, 2017 and 2016, the Station's proportion was 0.00141% and 0.00078%, respectively, representing a 0.0063% increase in proportionate share. At December 31, 2016 and 2015, the Station's proportion was 0.00078% and 0.00128% respectively, representing a 0.0005% decrease in proportionate share.

The net pension liability and asset for the Traditional Pension Plan and Combined Plan, respectively, were measured as of December 31, 2017, and the total pension liabilities were determined by an actuarial valuation as of that date.

For the year ended June 30, 2018 and 2017, the Station recognized pension expense of \$(114,480) and \$71,278, respectively. At June 30, 2018 and 2017, the Station reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>2018</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 245	\$ 5,263
Changes of assumptions	26,757	-
Net difference between projected and actual earnings on pension plan investments	-	48,068
Changes in proportion and differences between the difference between actual and proportionate share of contributions	144,784	-
Station contributions subsequent to the measurement date	<u>14,552</u>	<u>-</u>
 Total	 <u>\$ 186,338</u>	 <u>\$ 53,331</u>

(Continued)

WCSU-FM
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2018 and 2017

NOTE 7 - RETIREMENT PLANS (Continued)

<u>2017</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 248	\$ 1,210
Changes of assumptions	28,058	-
Net difference between projected and actual earnings on pension plan investments	26,349	-
Changes in proportion and differences between the difference between actual and proportionate share of contributions	-	88,787
Station contributions subsequent to the measurement date	<u>8,409</u>	<u>-</u>
Total	<u>\$ 63,064</u>	<u>\$ 89,997</u>

For 2018, deferred outflows of resources includes the Station's proportionate share of the effects of changes in assumptions resulting from OPERS experience study for the period 2011 through 2015. Information from this study led to changes in both demographic and economic assumptions, with the most notable being a reduction in the expected rate of investment return from an 8.0% actuarially assumed rate of return down to 7.5%, for the defined benefit investments.

At June 30, 2018, the Station reported \$14,552 as deferred outflows of resources related to pensions resulting from Station contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2019. Other amounts reported as deferred outflows and inflows of resources related to OPERS pensions will be recognized in pension expense as follows:

2019	\$ (324,595)
2020	(34,698)
2021	246,897
2022	230,412
2023	215
Thereafter	224

Actuarial Assumptions

OPERS Actuarial Assumptions

The total pension liability in the December 31, 2017 and 2016 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>2017</u>	<u>2016</u>
Inflation	3.25%	3.25%
Salary increases		
(average, including inflation)	3.25%-10.75%	3.25%-10.75%
Investment rate of return	7.50%	7.50%
Cost of living adjustment (simple)	3.00%	3.00%

(Continued)

WCSU-FM
NOTES TO FINANCIAL STATEMENTS
June 30, 2018 and 2017

NOTE 7 - RETIREMENT PLANS (Continued)

Mortality rates are based on the RP-2014 Healthy Annuitant Mortality table. For males, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015. For females, Healthy Annuitant Mortality tables were used, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2010. The mortality rates used in evaluating disability allowances were based on the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation period base of 2006 and then established the base year as 2015 for males and 2010 for females. Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the December 31, 2017 and 2016 valuation were based on the results of an actuarial experience study for the five-year period ended December 31, 2011 and 2010, respectively.

The allocation of investment assets within the Defined Benefit portfolio is approved by the OPERS Board as outlined in the annual investment plan. The long term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The following table displays the Board-approved asset allocation policy for 2017 and 2016 and the long-term expected real rates of return:

<u>Asset Class Return</u>	<u>2017 Target Allocation</u>	<u>2017 Long-Term Expected Real Rate of Return</u>
Fixed income	23.00%	2.20%
Domestic equity	19.00	6.37
International equity	20.00	7.88
Real estate	10.00	5.26
Private equity	10.00	8.97
Other	<u>18.00</u>	5.26
Total	<u>100.00%</u>	

<u>Asset Class Return</u>	<u>2016 Target Allocation</u>	<u>2016 Long-Term Expected Real Rate of Return</u>
Fixed income	23.00%	2.75%
Domestic equity	20.70	6.34
International equity	18.30	7.95
Real estate	10.00	4.75
Private equity	10.00	8.97
Other	<u>18.00</u>	4.92

(Continued)

WCSU-FM
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2018 and 2017

NOTE 7 - RETIREMENT PLANS (Continued)

Discount rate: The discount rate used to measure OPERS total pension liability was 7.5% as of December 31, 2017 and 2016. The projection of cash flows used to determine the discount rates assumed that employee and Station contributions will be made at the statutory contribution rates. Based on those assumptions, the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for both the Traditional Pension Plan and the Combined Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Station's proportionate share of the net pension liability to changes in the discount rate: The following presents the Station's proportionate share of the OPERS pension plans net pension liability calculated using the discount rate of 7.5% at December 31, 2017 and 2016, as well as what the Station's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

<u>2018</u>	1% Decrease <u>(6.5%)</u>	Current Discount Rate <u>(7.5%)</u>	1% Increase <u>(8.5%)</u>
Station's proportionate share of the net pension liability	\$ 395,329	\$ 221,959	\$ 77,299
<u>2017</u>	1% Decrease <u>(7.0%)</u>	Current Discount Rate <u>(8.0%)</u>	1% Increase <u>(9.0%)</u>
Station's proportionate share of the net pension liability	\$ 270,141	\$ 176,499	\$ 98,485

Pension plan fiduciary net position: Detailed information about OPERS fiduciary net position is available in a separately issued financial report. The financial report for OPERS may be obtained at www.opers.org or by writing to Ohio Public Employees Retirement System, Director-Finance, 277 East Town Street, Columbus, Ohio 43215-4642.

NOTE 8 – DEFINED BENEFIT OPEB PLANS

Ohio Public Employees Retirement System (OPERS): OPERS provides access to post-retirement health care coverage to age and service retirees with 20 or more years of qualifying Ohio service credit. Access to health care coverage for disability recipients and primary survivor recipients is available. The Ohio Revised Code permits, but does not mandate, OPERS to provide OPEB to its eligible members and beneficiaries. Authority to establish and amend benefits is provided per the Ohio Revised Code.

Each year, the OPERS Board of Trustees determines the portion of the employer contribution rate that will be set aside for funding of post-employment health care benefits. The portion of employer contributions allocated to health care for members in the Traditional and Combined Plans was 1.0% in 2017 and 2.0% in 2016. The OPERS Board of Trustees is also authorized to establish rules for the retiree, or their surviving beneficiaries, to pay a portion of the health care benefits provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The portion of the Station's fiscal year 2018, 2017 and 2016 contributions required and made to OPERS used to fund post-retirement benefits was \$984, \$490 and \$481, respectively.

NOTE 8 - DEFINED BENEFIT OPEB PLANS (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

OPERS OPEB Costs

At June 30, 2018, the Station reported a liability of \$147,552 for its proportionate share of the OPERS net OPEB liability. The net OPEB liability was measured as of December 31, 2017, and the total pension liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The Station's proportion of the net OPEB liability was based on the Station's long-term share of contributions to OPERS relative to the total projected long-term employer contributions received from all of OPERS' participating employers. At December 31, 2017, the Station's proportion was 0.0000094%.

The net OPEB liability and asset for the Traditional Pension Plan and Combined Plan, respectively, were measured as of December 31, 2017, and the total OPEB liabilities were determined by an actuarial valuation as of that date.

For the years ended June 30, 2018, the Station recognized OPEB expense of \$11,413. At June 30, 2018, the Station reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>2018</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 115	\$ -
Changes of assumptions	10,743	-
Net difference between projected and actual earnings on OPEB plan investments	<u>-</u>	<u>10,992</u>
Total	<u>\$ 10,858</u>	<u>\$ 10,992</u>

Amounts reported as deferred outflows and inflows of resources related to OPERS OPEB will be recognized in OPEB expense as follows for the year ended June 30, 2018:

2019	\$ 2,443
2020	2,443
2021	(2,272)
2022	(2,748)

Actuarial Assumptions

OPERS Actuarial Assumptions

The total OPEB liability in the December 31, 2017 actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Single Discount Rate	3.85%
Investment rate of return	6.50%
Wages inflation	3.25%
Municipal Bond Rate	3.31%
Projected Salary increases	3.25% to 10.75% (includes wage inflation at 3.25%)
Health Care Cost Trends	7.50% initial, 3.25% ultimate in 2028

(Continued)

WCSU-FM
 NOTES TO FINANCIAL STATEMENTS
 June 30, 2018 and 2017

NOTE 8 - DEFINED BENEFIT OPEB PLANS (Continued)

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The allocation of investment assets within the Health Care portfolio is approved by the Board as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. The System's primary goal is to achieve and maintain a fully funded status for benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2017 and the long-term expected real rates of return.

<u>Asset Class Return</u>	<u>2017 Target Allocation</u>	<u>2017 Long-Term Expected Real Rate of Return</u>
Fixed income	34.00%	1.88%
Domestic equity	21.00	6.37
International equity	22.00	7.88
Real estate	6.00	5.91
Other	<u>17.00</u>	5.39
Total	<u><u>100.00%</u></u>	

Discount rate:

OPERS discount rate

A single discount rate of 3.85% was used to measure the OPERS OPEB liability on the measurement date of December 31, 2017. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.50% and a municipal bond rate of 3.31%. The 3.31% was based on an index of 20-year general obligation bonds with an average AA credit rating. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

NOTE 8 - DEFINED BENEFIT OPEB PLANS (Continued)

Sensitivity of the Station's proportionate share of the OPERS net OPEB liability to changes in the discount rate and health care trend rates: The following table presents the OPEB liability calculated using the single discount rate of 3.85%, and the expected net OPEB liability if it were calculated using a discount rate that is 1.0% lower or 1.0% higher than the current rate. Also shown is the net OPEB liability as if it were calculated using health care cost trend rates that are one percentage point lower or one percentage point higher than the current health care cost trend rates.

<u>2018</u>	<u>1% Decrease (2.85%)</u>	<u>Current Discount Rate (3.85%)</u>	<u>1% Increase (4.85%)</u>
Sensitivity of Station's proportionate share of the net OPEB liability to changes in discount rate	\$ 195,936	\$ 147,552	\$ 108,283
	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Sensitivity of Station's proportionate share of the net OPEB liability to changes in the health care cost trend rate	\$ 141,109	\$ 147,552	\$ 154,066

Pension plan fiduciary net position: Detailed information about OPERS fiduciary net position is available in the separately issued financial reports. Financial reports may be obtained at www.opers.org or by writing to Ohio Public Employees Retirement System, Director-Finance, 277 East Town Street, Columbus, Ohio 43215-4642.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Management and the Board of Trustees
Central State University
Wilberforce, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of WCSU-FM, Central State University Radio Station (the "Station"), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Station's financial statements, and have issued our report thereon dated December 21, 2018.

As discussed in Note 1, the financial statements of the Station are intended to present the financial position, the changes in financial position and cash flows, of only that portion of the activities of Central State University that is attributable to the transactions of the Station. They do not purport to, and do not, present fairly the financial position of Central State University as of June 30, 2018, and the changes in its financial position and its cash flows, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Station's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, we do not express an opinion on the effectiveness of the Station's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Station's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
