INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY *GOVERNMENT AUDITING STANDARDS*

Great Parks of Hamilton County
Hamilton County
10245 Winton Road
Cincinnati, Ohio 45231

To the Board of Trustees:

We have audited, in accordance with auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Great Parks of Hamilton County, Hamilton County, (the Great Parks) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Great Parks' basic financial statements and have issued our report thereon dated June 2, 2020. Our report refers to other auditors who audited the financial statements of the discretely presented component unit, Great Parks Foundation. We also noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods.

Internal Control Over Financial Reporting

As part of our financial statement audit, we considered the Great Parks' internal control over financial reporting (internal control) to determine the audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Great Parks' internal control. Accordingly, we have not opined on it.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Great Parks' financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider material weaknesses. However, unidentified material weaknesses may exist.

Compliance and Other Matters

As part of reasonably assuring whether the Great Parks' financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed no instances of noncompliance or other matters we must report under *Government Auditing Standards*.

Purpose of this Report

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Great Parks' internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Great Parks' internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INTRODUCTORY SECTION

This page intentionally left blank.

June 2, 2020

To the Citizens of Hamilton County and the Board of Park Commissioners:

We are pleased to submit the Comprehensive Annual Financial Report (CAFR) for Great Parks of Hamilton County (hereafter, also referred to as “Great Parks”). This report conforms to Generally Accepted Accounting Principles (GAAP) in the United States of America in accordance with implementation of Governmental Accounting Standards Board (GASB) Statements and provides full and complete disclosure of the financial position and operations of Great Parks for the year ended December 31, 2019. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with Great Parks’ management. To the best of our knowledge, the following data is accurate in all material respects and is reported in a manner designed to fairly present the financial position of the entity as a whole and results of operations of the various funds of Great Parks. All necessary financial disclosures have been included to enable the reader to gain an understanding of Great Parks’ financial activities.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). Great Parks’ MD&A can be found immediately following the report of the independent auditors.

Report Presentation

Financial statements of governmental organizations differ somewhat from the statements prepared for profit-oriented organizations in that governmental organizations prepare statements on a fund basis. In governmental accounting, the term “fund” is used to identify a separate accounting entity with its own assets, liabilities, revenues and expenditures or expenses, as appropriate.

Great Parks has established various funds to segregate activities in order to comply with legal requirements, to better facilitate management control, and to satisfy the requirements of GAAP. The presentation of this report and the financial statements contained herein are in conformance with principles established by the Governmental Accounting Standards Board (GASB) through its various pronouncements and the guidance of American Institute of Certified Public Accountants (AICPA).

Board of Park Commissioners:
William Burwinkel • HC Buck Niehoff
Joseph C. Seta • Marcus Thompson
Geraldine Warner • Todd Palmetier, Chief Executive Officer

Reporting Entity

Great Parks of Hamilton County was created in 1930 under authority of Chapter 1545 of the Ohio Revised Code for the purpose of protecting local natural resources and providing outdoor recreation. Great Parks is governed by a five member Board of Park Commissioners, each of whom is appointed to three-year terms by the Probate Court Judge of Hamilton County and who serve without pay. The first Park Board took office on July 17, 1930.

The Board of Park Commissioners appoints a Chief Executive Officer. The Chief Executive Officer is responsible for executing policy of the Park Board. Since 1930, Great Parks has acquired and conserved 17,733 acres of parkland and open space, including twenty-one parks and nature preserves.

The mission of Great Parks of Hamilton County is “To preserve and protect natural resources and to provide outdoor recreation and education in order to enhance the quality of life for present and future generations.”

Since its creation in 1930, Great Parks has relied on a combination of funding derived from self-generated earned income sources and voter approved tax levies to fulfill its mission.

Currently, the major parks and nature preserves that Great Parks owns or leases are:

Armleder Park	5057 Wooster Pike Cincinnati, OH 45226
Campbell Lakes Preserve	10431 Campbell Road, Harrison, OH 45030
Embshoff Woods	4050 Paul Road, Cincinnati, OH 45238
Farbach-Werner Nature Preserve	3455 Poole Road, Cincinnati, OH 45251
Fernbank Park	50 Thornton Avenue, Cincinnati, OH 45233
Francis RecreAcres	11982 Conrey Road, Cincinnati, OH 45249
Glenwood Gardens	10397 Springfield Pike, Cincinnati, OH 45215
Kroger Hills	8529 Wooster Pike, Cincinnati, OH 45227
Lake Isabella	10174 Loveland-Madeira Road, Loveland, OH 45140
Little Miami Golf Center	3811 Newtown Road, Cincinnati, OH 45244
Miami Whitewater Forest	9001 Mt. Hope Road, Harrison, OH 45030
Mitchell Memorial Forest	5401 Zion Road, Cleves, OH 45002
Newberry Wildlife Sanctuary	5300 Sheits Road, Cincinnati, OH 45252
Oak Glen Nature Preserve	7584 Thompson Road, Cincinnati, OH 45247
Richardson Forest Preserve	4000 West Kemper Road, Cincinnati, OH 45251
Sharon Woods	11450 Lebanon Road, Sharonville, OH 45241
Shawnee Lookout	2008 Lawrenceberg Road, North Bend, OH 45052
Triple Creek	2700 Buell Road, Cincinnati, OH 45251
Winton Woods	10245 Winton Road, Cincinnati, OH 45231
Withrow Nature Preserve	7075 Five Mile Road, Cincinnati, OH 45230
Woodland Mound	8250 Old Kellogg Road, Cincinnati, OH 45255

County Structure

Great Parks’ base for its real estate tax levy revenue (approximately \$20 million) is Hamilton County. The county of Hamilton was named for the former Secretary of Treasury, Alexander Hamilton, and was created by proclamation of Arthur St. Clair, Governor of the Northwest Territory, on January 2, 1790. The county was the second county formed in the state of Ohio, with Cincinnati as the county seat. The county is situated in the extreme southwestern corner of the state and covers an area of 413 square miles. The county encompasses 49 municipalities, villages and townships, of which Cincinnati is the largest. The county is the third largest in the state of Ohio in terms of population (816,684). Located on the Ohio

River, the county forms the core of the “Cincinnati Metropolitan Area,” which includes the counties of Hamilton, Warren, Clermont and Butler in Ohio; Dearborn and Ohio counties in Indiana; and Kenton, Campbell, Gallatin, Grant, Pendleton and Boone across the river in Kentucky.

The County Auditor serves as both the chief financial officer for the county and the real property assessor for all political subdivisions within the county. The Auditor prepares the general tax list of the county, calculates the voted and un-voted tax rates for real estate and personal property and, once collected, distributes the tax receipts to the appropriate political subdivisions and agencies within the county. The collection and distribution of tax levy proceeds is the only service provided to Great Parks.

Major Initiatives 2019

Great Parks used an inclusive and thorough public planning process to develop its first Comprehensive Master Plan, completed in 2019. The Comprehensive Master Plan is a guiding document that sets the vision for the park district over the next 10 years. By working with surrounding communities to understand their needs, Great Parks can be sure future park plans properly serve the county and continue to be an effective and responsible use of public funds over the next decade.

Great Parks began a new partnership with New Prospect Baptist Church in Roselawn to open its newest addition, the Nature Center at The Summit. The new facility offers nature education through scheduled programs and day camps for children and families provided by an on-site nature interpreter. Great Parks also provides field trips to programs and events at other park locations for Roselawn residents and surrounding Cincinnati communities.

In 2019, Great Parks completed construction of a new wildflower overlook in Winton Woods, thanks to a generous donation from William Garnett in memory of his late wife Gina. The William and Gina Gerwin Garnett Wildflower Overlook features a newly constructed deck and land restoration with management of invasive species. Interpretive signs inform guests about wildflowers and biodiversity found in local forests.

Great Parks acquired 67 acres in 2019 bringing the total greenspace preserved and protected to 17,733.

Great Parks updated the infrastructure of Lake Isabella to create an outdoor space that is more user friendly for all park guests. An accessible ramp was installed to provide access from the boathouse and upper deck area to the lower deck. The new addition better serves guests with disabilities and provides easier fishing access at the boathouse. The dock was also refurbished to replace the aging wood decking with long-lasting, low-maintenance composite decking.

2019 marked 40 years of volunteering at Great Parks. During the year, 1,738 volunteers provided 47,773 hours of service. Volunteers protect natural habitats, assist with nature education and outdoor recreation programs, and make a positive impact in the community.

Financial Information

Great Parks’ day-to-day accounting and budgetary records are maintained on a basis other than GAAP. For financial reporting purposes, the accounting records are converted to a modified accrual basis for all governmental funds and the accrual basis for entity-wide reporting. A further discussion of the two basis of accounting can be found in the Note 1 to the financial statements.

Budgetary appropriations for the operation of Great Parks’ departments are established through the adoption of the annual Appropriation Resolution by the Board of Park Commissioners. Budgetary control

is facilitated through the maintenance of an encumbrance system for purchase orders and through the use of Great Parks' financial software.

Great Parks maintains budgetary control within the organizational unit and fund by not permitting expenditures and encumbrances to exceed appropriations. Various departments are subject to performance budget reviews. Funds appropriated may not be expended for purposes other than those designated in the Appropriation Resolution.

Goods and services to be purchased costing under \$10,000 do not require a formal bid. Purchases over \$10,000 but under \$50,000 must have three quotes. Purchases for goods exceeding \$50,000 must be legally bid under Ohio Revised Code Sections 307.86 through 307.92 or acquired through the State of Ohio's purchasing program. Purchases for services in compliance with Ohio Revised Code are governed by Great Parks' by-laws. Purchases exceeding \$50,000 must be approved by the Board of Park Commissioners.

Internal Controls

In developing and revising Great Parks' accounting and reporting control system, management's consideration is given to the adequacy of internal controls to provide reasonable, but not absolute, assurance regarding:

- safeguarding assets against loss from unauthorized use or disposition
- reliability of financial records for preparing financial statements and maintaining accountability for assets

The concept of a reasonable assurance recognizes that:

- the cost of a control should not exceed the benefits likely to be derived
- the evaluation of costs and benefits requires estimates and judgments by management

All internal control evaluations occur within the above framework. Great Parks' internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions. Initial responsibility for budgetary control rests with individual departments. The department managers receive a monthly report comparing budget with cash receipts and expenditures.

The Finance Department conducts internal cash and inventory audits at all facilities within the parks. Bank reconciliations are completed by finance personnel not authorized to sign checks.

Economic Outlook

Economic conditions in Hamilton County continue the trend of recovery that began in 2011. The regional economy benefits from a diverse array of industries that include health care, higher education, manufacturing, and finance. The county experienced continued job growth in 2019 with a decrease in the unemployment rate to 3.3%, which is in line with the state and national average. Hamilton County recorded the highest average weekly wage amount compared to Ohio's largest counties. Between 2017 and 2018 the median household income grew from \$55,048 to \$57,189, a 3.89% increase. In 2018 the median property value in Hamilton County was \$162,100, and the homeownership rate was 57.5%.

Long-term Financial Planning

Great Parks annually updates its multi-year financial forecast which projects budgeted and projected revenues and expenditures for the duration of the current levy (2026).

In addition, a 5-Year Capital Plan is updated to set guidelines for establishing project priorities. Great Parks' plan is to finance capital projects and the related future operating costs without using debt.

Independent Audit

The independent audit was performed by the Ohio Auditor of State's Office. The unmodified opinion rendered by the Ohio Auditor of State's Office on Great Parks' basic financial statements, combining statements, and individual fund schedules, is included in the financial section of this Comprehensive Annual Financial Report.

Awards

Great Parks received the 2019 Greenspace Hero award at Green Umbrella's Midwest Regional Sustainability Summit. The award recognizes Great Parks' active role in adding land to its network.

The Ohio Parks and Recreation Association recognized Great Parks with the Award of Excellence for the Holiday Lights Recycling Program. The program collected 11,500 pounds of holiday lights from residents, diverting the waste from landfills.

Great Parks received the Ohio Bureau of Worker's Compensation Achievement Award for reducing OSHA-recordable injuries by 25% or more compared to the previous year. Between 2017 and 2018, Great Parks reduced recordable incidents by 38%, and was one of the safest years on record.

Meadow Links & Golf Academy was recognized as one of the "Top 50 Stand-Alone Ranges" again in 2019 by Golf Range Association of America. This national award is based on the facility's continued effort to be a vital part of the community.

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Great Parks for its comprehensive annual financial report for the fiscal year ended December 31, 2018. This was the nineteenth year Great Parks received this prestigious award. In order to be awarded a Certificate of Achievement, Great Parks published an easy-to-read, efficiently-organized comprehensive annual financial report. This report satisfies both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. It is believed the current comprehensive annual financial report continues to meet the Certificate of Achievement Program requirements. It is being submitted to the GFOA to determine eligibility for another certificate.

Acknowledgements

This Comprehensive Annual Financial Report represents a continuing commitment by the Board of Park Commissioners and the management of Great Parks to provide prudent financial information of Great Parks' activities and to demonstrate stewardship of the funds granted to Great Parks by the voters of Hamilton County.

We would like to thank and acknowledge the support of Great Parks' staff, especially Rachel Rogers, Accountant, for their effort in developing this report with the staff of Plattenburg Certified Public Accountants. We thank Dusty Rhodes, Hamilton County Auditor, and his office for assistance in providing data for the Statistical Section and the Ohio Auditor of State's Office, our auditors, for their assistance and review during this project.

INDEPENDENT AUDITOR'S REPORT

Great Parks of Hamilton County
Hamilton County
10245 Winton Road
Cincinnati, Ohio 45231

To the Board of Trustees:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Great Parks of Hamilton County, Hamilton County, Ohio (the Great Parks), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Great Parks' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We did not audit the financial statements of the Great Parks Foundation, which represent 100 percent of the assets, liabilities and net position, and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amount included for the Great Parks Foundation, is based solely on the report of other auditors. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Great Parks' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Great Parks' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinions.

Opinion

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the Great Parks of Hamilton County, Hamilton County, Ohio, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 17 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the Great Parks. We did not modify our opinion regarding this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require this presentation to include management's discussion and analysis, required budgetary comparison schedules and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions listed in the table of contents, to supplement the basic financial statements. Although this information is not part of the basic financial statements, the Governmental Accounting Standards Board considers it essential for placing the basic financial statements in an appropriate operational, economic, or historical context. We applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, consisting of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, to the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not opine or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to opine or provide any other assurance.

Supplementary and Other Information

Our audit was conducted to opine on the Great Parks' basic financial statements taken as a whole.

The introductory section, the financial section's combining statements, individual fund statements and schedules, and the statistical section information present additional analysis and are not a required part of the basic financial statements.

The statements and schedules are management's responsibility, and derive from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. We subjected this information to the auditing procedures applied to the basic financial statements. We also applied certain additional procedures, including comparing and reconciling this information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We did not subject the introductory section and statistical section information to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion or any other assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 2, 2020, on our consideration of the Great Parks' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Great Parks' internal control over financial reporting and compliance.

Keith Faber
Auditor of State

**Great Parks of Hamilton County
Management's Discussion and Analysis
For the Year Ended December 31, 2019
(Unaudited)**

As management of the Great Parks of Hamilton County (Great Parks), we offer readers of the financial statements this narrative overview and analysis of the financial activities of Great Parks for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal of this report. The government wide financial statements are presented on the accrual basis of accounting. The fund financial statements are presented on the modified accrual basis of accounting which differs from those presented on a budgetary basis.

Financial Highlights

Key financial highlights for 2019 are as follows:

- Great Parks' total net position decreased by \$1,459,721 for the year ended December 31, 2019.
- The assets and deferred outflows of Great Parks were exceeded by its liabilities and deferred inflows at the close of fiscal year ending December 31, 2019 by \$110,394,454 (net position). Of this amount, \$116,542,511 has been invested in capital assets.
- Governmental activities' investment in capital assets increased by \$1,530,433. Capital assets of Great Parks are owned with no related debt.
- General revenues in Governmental Activities increased \$235,815 in 2019.
- At December 31, 2019, Great Parks' governmental funds reported combined ending fund balances of \$26,247,499, an increase of \$1,613,938 in comparison to the prior year. On a combined basis, \$461,797 is non-spendable, \$9,139,832 is considered restricted, and \$5,435,352 is considered assigned at December 31, 2019. The remaining unrestricted fund balance is \$11,210,518.

Using this Comprehensive Annual Financial Report (CAFR)

Overview of the Financial Statements

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Great Parks of Hamilton County as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

This discussion and analysis is intended to serve as an introduction to Great Parks' basic financial statements. Great Parks' basic financial statements are comprised of the following components: 1) government-wide financial statements, 2) fund financial statements, 3) notes to the financial statements and 4) required supplementary information. This report also contains combining statements, individual fund schedules and statistical table information in addition to the basic financial statements themselves.

**Great Parks of Hamilton County
Management's Discussion and Analysis
For the Year Ended December 31, 2019
(Unaudited)**

The government-wide financial statements - *the Statement of Net Position and the Statement of Activities* - are designed to provide readers with a broad overview of Great Parks' finances, in a manner similar to a private-sector business.

Statement of Net Position and Statement of Activities

The Statement of Net Position and the Statement of Activities report both long-term and short-term information about Great Parks' overall financial status using the accrual basis of accounting, similar to the method of accounting used by private-sector companies.

- **Statement of Net Position.** The Statement of Net Position presents information on all of Great Parks' assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position. This statement provides information about the nature and amounts of investments in resources and the obligations to Great Parks' creditors, and supplies the basis for evaluating Great Parks' capital structure.
- **Statement of Activities.** The Statement of Activities provides information about all of Great Parks' current-year revenues and expenses, and measures the success of Great Parks' operations over the past year. Use of the accrual basis of accounting for financial reporting means all current year revenues and expenses are reported regardless of when cash is received or paid.

These two government-wide statements report Great Parks' net position and changes in net position. The change in net position is important because it tells the reader whether, for Great Parks as a whole, the financial position has improved or diminished. In evaluating the overall position of Great Parks, non-financial information, such as changes in Great Parks' tax or employment base, the condition of Great Parks' capital assets and other factors, such as changing economic conditions, population and customer growth, and new or changed rules and regulations also need to be considered.

All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in the Statement of Activities for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned, but unused vacation leave).

In the Statement of Net Position and the Statement of Activities, the overall financial position of Great Parks is presented in the following manner:

- **Governmental Activities** – Great Parks' programs and services are reported here, including General Government, Public Safety, Operation and Maintenance, Naturalists, Visitor Services, and Facilities expenditures. These services are financed primarily by user fees, taxes and intergovernmental revenues, including state grants.

(Unaudited)**

Fund Financial Statements

Information about Great Parks' major funds are presented in the Fund Financial Statements (see table of contents). Fund financial statements provide detailed information about Great Parks' major funds - not Great Parks as a whole. Some funds are required by state law. Other funds may be established by Great Parks, with approval of Park Commissioners, to help control, manage and report funds received for a particular purpose or to show that Great Parks is meeting legal responsibilities for use of grants. Great Parks' major funds are the General and Mitchell Fund.

Governmental Funds

Great Parks' services are reported in governmental funds, which focus on how funds flow into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of Great Parks' general government operations and the basic services it provides. Governmental fund information helps to determine whether there are more or less financial resources that can be spent in the near future on services provided to our patrons. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Proprietary Funds

Great Parks maintains one type of proprietary fund: an internal service fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among Great Park's various functions. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the governmental-wide financial statements. The internal service fund is also presented on the proprietary fund financial statements. The basic proprietary fund financial statements can be found later in this report.

Great Parks as a Whole

Net Position

Net Position, assets and deferred outflows of resources minus liabilities and deferred inflows of resources may serve over time as a useful indicator of Great Parks' financial position. Great Parks' total assets and deferred outflows exceeded total liabilities and deferred inflows at December 31, 2019 by over \$110.4 million compared with \$111.9 million at the end of 2018. This was a minor decrease from 2019.

Total Deferred Inflows	19,591,774	23,904,624	(4,312,850)
Net Position:			
Investment in Capital Assets	116,542,511	115,012,078	1,530,433
Restricted	9,144,121	8,028,589	1,115,532
Unrestricted	(15,292,178)	(11,186,492)	(4,105,686)
Total Net Position	\$110,394,454	\$111,854,175	(\$1,459,721)

Over time, net position can serve as a useful indicator of a government's financial position. At December 31, 2019, Great Parks' assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$110,394,454.

At year-end, capital assets represented 70% of total assets. Capital assets include land, buildings and improvements, construction in process, and equipment. These capital assets are used to provide services to the citizens and are not available for future spending.

**Great Parks of Hamilton County
Management's Discussion and Analysis
For the Year Ended December 31, 2019
(Unaudited)**

A portion of Great Parks' net position, \$9,144,121 represents resources that are subject to external restriction on how they must be used. The external restriction will not affect the availability of fund resources for future use.

Total assets increased from the prior year due primarily to an increase in cash and capital assets. Long-term liabilities increased mainly due to net pension and net OPEB liability.

Changes in Net Position

Table 2 provides a comparative summary of Great Parks' revenue and expenses along with the changes in Net Position for the years 2019 and 2018. Great Parks' total revenue increased by \$1,135,509 in 2019 to \$38,006,347. Fifty percent (50%) of Great Parks' revenue came from charges to users of Great Parks facilities, grants, investment income and other revenue. Additionally, 50% of revenue came from taxes.

(Unaudited)**

Governmental Activities

Total governmental revenue increased by \$1,135,509. The significant item that contributed to this net increase was an increase in charges for services and investment earnings.

Total governmental expenses increased by \$2,240,117. Governmental expenses increased due to net pension and net OPEB liability.

With total governmental expenses exceeding revenues, the Change in Net Position for 2019 was a decrease of \$1,459,721. Governmental net position at December 31, 2019, on the accrual basis, was \$110,394,454 (Table 2).

Great Parks' Funds

Great Parks has two major governmental funds: General Fund and Mitchell Fund.

General Fund

The fund balance at December 31, 2019 was \$17,107,667 which was an increase in fund balance of \$496,784 from 2018. The Fund balance remained relatively consistent from 2018 to 2019.

Mitchell Fund

The fund balance at December 31, 2019 was \$4,706,637 which was an increase in fund balance of \$693,056 from 2018. This is mainly due to an increase in investment earnings and intergovernmental revenue.

General Fund Budgetary Highlights

Great Parks' annual budget, the starting point for its financial planning and control, is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

The Board of Park Commissioners typically adopts the annual operating budget for Great Parks in November of the preceding budget year. All disbursements and transfers of cash between funds require appropriation by the Great Parks Commissioners. The adopted budget may be amended by the Great Parks Commissioners. All budgeted amendments and supplemental appropriations made during 2019 are included in the revised budgeted amounts presented in the budget to show comparisons.

Differences between Great Parks' original budgeted revenue and final budgeted revenue were minimal. Differences from original and final budgeted expenses were due mainly to supplies and services.

Differences between Great Parks' final amended budget and actual results were also minimal. Differences from final budgeted revenue and actual revenue were due mainly to charges for service and tax revenue. Differences from final budgeted expenses and actual expenses were due mainly to capital outlay expenses in Capital Projects.

(Unaudited)**

Capital Assets

At December 31, 2019, Great Parks had invested \$116,542,511 (net of accumulated depreciation) in total assets compared to \$115,012,078 in 2018. This represents an increase of less than 1% in total assets.

Table 3 provides a comparable summary of Great Parks’ net capital assets, for fiscal years 2019 and 2018. For more detailed information, see capital asset activity information in notes 1 and 8 to the basic financial statements.

	<u>2019</u>	<u>2018</u>
Land	\$76,678,628	\$75,215,470
Construction in Progress	3,645,998	1,825,952
Building	18,110,701	19,385,316
Equipment	3,214,775	3,050,209
Land Improvements	8,531,985	4,199,369
Leasehold Improvements	4,235,524	611,655
Playgrounds	486,801	870,275
Infrastructure	734,230	9,169,226
Vehicles	<u>903,869</u>	<u>684,606</u>
Totals	<u>\$116,542,511</u>	<u>\$115,012,078</u>

Long-Term Debt

Great Parks had no long term debt in 2019 and 2018. The legal debt limitation at December 31, 2019 was \$196,890,950 and \$194,458,250 in 2018. Great Parks’ plan is to finance capital projects and the related future operating costs generally without using debt, but may use financing and leases as appropriate. The Computation of Legal Debt Margin table can be found in the statistical section of this CAFR.

Economic Factors and Next Year’s Budget

Great Parks is a special purpose government operating under the authority of Chapter 1545 of the Ohio Revised Code, providing park and recreation opportunities to the citizens of Hamilton County, as well as adjoining counties in northern Kentucky and southeastern Indiana.

Fifty-four percent (54%) of the U.S. population is within one hour’s flight time and the metropolitan area is within 600 miles of 53% of the nation’s purchasing power and 54% of the nation’s manufacturing establishments.

**Great Parks of Hamilton County
Management's Discussion and Analysis
For the Year Ended December 31, 2019
(Unaudited)**

The corporate headquarters of numerous companies are located in Hamilton County. Cincinnati is the home to several Fortune 500 corporations, including Procter & Gamble, the Kroger Company, Macy's Department Stores, and Fifth Third Bancorp. Another 370 Fortune 500 companies have operations in the metropolitan area.

The Hamilton County metropolitan area is a growing center for international business, with over 1,000 companies engaged in international trade. Metropolitan area companies generate sales of approximately \$6.7 billion to customers outside the U.S. each year. Major export products include jet engines, plastics, machinery, computer software, paper and consumer goods. Directly imported products amount to over \$2 billion annually. Over 300 Greater Cincinnati companies are also owned by foreign companies from Japan, England, Western Europe and Canada. Foreign trade zone status is also available in Greater Cincinnati to assist firms engaged in international trade to lower import duty and tax expenses.

The County is also the location of major federal government installations, including a regional postal service center, a regional Internal Revenue Service center, an environmental research center, an occupational health and safety research center and the Sixth Circuit Court of Appeals.

The County's primary sporting venues include Paul Brown Stadium seating 65,600, Great American Ballpark, with a seating capacity of 42,300; the Heritage Bank Center, which can accommodate 17,000; Cincinnati Gardens which seats 10,800; the Fifth Third Arena at the University of Cincinnati with a capacity of 13,176; and the Cintas Center at Xavier University with seating for 10,250.

For further information regarding Hamilton County, please see the Statistical Section.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, patrons, and creditors with a general overview of Great Parks' finances and to show Great Parks' accountability for the funds it receives. See accompanying notes to the basic financial statements.

Great Parks of Hamilton County, Ohio
 Reconciliation of the Statement of Revenues, Expenditures, and Changes
 in Fund Balance of Governmental Funds to the Statement of Activities
 For the Fiscal Year Ended December 31, 2019

Net Change in Fund Balance - Total Governmental Funds \$1,613,938

Amounts reported for governmental activities in the
 statement of activities are different because:

Governmental funds report capital asset additions as expenditures.
 However, in the statement of activities, the cost of those assets is
 allocated over their estimated useful lives as depreciation
 expense. This is the amount of the difference between capital
 asset additions and depreciation in the current period.

Capital assets used in governmental activities	6,064,122	
Depreciation Expense	(4,588,468)	
		1,475,654

Governmental funds only report the disposal of assets to the
 extent proceeds are received from the sale. In the statement
 of activities, a gain or loss is reported for each disposal. The
 amount of the proceeds must be removed and the gain or loss
 on the disposal of capital assets must be recognized. This is the
 amount of the difference between the proceeds and the gain or loss.

54,779

Governmental funds report pension and OPEB contributions as
 expenditures. However in the Statement of Activities, the cost
 of pension and OPEB benefits earned net of employee contributions
 are reported as pension and OPEB expense.

Pension contributions	2,037,396	
Pension Expense	(5,515,894)	
OPEB Expense	(1,090,400)	
		(4,568,898)

Revenues in the statement of activities that do not provide
 current financial resources are not reported as revenues in
 the funds.

Delinquent Property Taxes	(388,632)	
Intergovernmental - Local Government	(221)	
Intergovernmental - Grants	(21,920)	
Interest	695	
		(410,078)

Some expenses reported in the statement of activities do not require the
 use of current financial resources and, therefore, are not reported as
 expenditures in governmental funds.

Compensated Absences		335,181
----------------------	--	---------

The internal service fund used by management to charge back costs
 to individual funds is not reported in the entity-wide statement of
 activities. Governmental fund expenditures and the related internal
 service fund revenues are eliminated. The net revenue (expense) of
 the internal service fund is allocated among the governmental activities.

Change in Net Position - Internal Service Funds		39,703

Notes to the Financial Statements
For the Year Ended December 31, 2019**

Note 1 – Summary of Significant Accounting Policies

Reporting Entity

As required by generally accepted accounting principles (GAAP) in the United States of America, these financial statements present all funds for which Great Parks is financially accountable. Great Parks is considered a related organization to Hamilton County, Ohio. This decision is based on the fact that the Board of Park Commissioners are appointed by the Probate Court Judge of Hamilton County, but Hamilton County cannot impose its will on Great Parks in any manner, nor does there exist any financial benefit or burden relationship between Great Parks and Hamilton County.

The accompanying financial statements of Great Parks are prepared in conformity with GAAP, prescribed in statements and interpretations issued by Governmental Accounting Standards Board (GASB).

A component unit is a legally separate organization for which Great Parks of Hamilton County is financially accountable. Great Parks is accountable for an organization if the following criteria are met;

1. Great Parks appoints the voting majority of an organization's governing board
2. Great Parks is the primary beneficiary or is responsible for an organizations debt
3. Great Parks is able to significantly influence the programs and activities supported by the organization

Discretely Presented Component Unit

Great Parks has included one discretely presented component unit, Great Parks Forever. Great Parks Forever meets the criteria stated in the previous paragraph to qualify as a component unit of Great Parks of Hamilton County. Great Parks Forever was formed in 2007 with the sole purpose of assisting Great Parks of Hamilton County in protecting and enhancing regional parkland and providing outstanding outdoor recreation and nature education services. The foundation is fully supported by private and corporate contributions. Financial statements can be obtained from Alicia Culman, Chief of Philanthropy at Great Parks of Hamilton County. Further disclosures for Great Parks Forever can be found in Note 14.

Basic Financial Statements – Government-Wide Statements

The Statement of Net Position and the Statement of Activities display information about Great Parks as a whole. These statements include the financial activities of the overall government.

The government-wide statement of activities presents a comparison for each function or program of Great Parks' governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

operation or capital requirements of a particular function or activity. Taxes, intergovernmental revenues and other items not properly included among program revenues are reported as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of Great Parks.

The Statement of Net Position reports all financial and capital resources using the economic resources measurement focus and the accrual basis of accounting. Great Parks presents the statement in a format that displays *assets plus deferred outflows of resources equals liabilities plus deferred inflows of resources, plus net position*. *Net position* is displayed in three components:

- The *Net Investment in Capital Assets* component consists of capital projects, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets.
- The *Restricted Net Position* component represents net position with constraints placed on their use that are either 1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.
- The *Unrestricted Net Position* component consists of net position that do not meet the definition of the preceding two components.

Basic Financial Statements – Fund Financial Statements

Great Parks uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid management by segregating transactions related to certain Great Parks functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of Great Parks are categorized as governmental funds. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The internal service funds are presented in a single column on the face of the proprietary fund statement statements.

The following are Great Parks' major governmental funds:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income.

General Fund is the general operating fund of Great Parks. It is used to account for all financial resources except those required to be accounted for in another fund.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Mitchell Fund is used to account for the initial bequest from William Morris Mitchell and the subsequent accumulation of investment income, donations, expenditures for contiguous land, construction, maintenance and operations of the Mitchell Memorial Forest.

Proprietary Fund

The focus of the proprietary funds' measurement (in the fund statements) is upon determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service.

Internal Service Fund accounts for the financing of services provided by one department or agency to other departments or agencies of Great Parks on a cost-reimbursement basis. Great Parks' internal service fund reports on a self-insurance program for employee health benefits.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred inflows of resources, and in the presentation of expenses versus expenditures.

Revenues – Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For Great Parks, available means expected to be received within sixty days of fiscal year end.

Non-exchange transactions, in which Great Parks receives value without directly giving equal value in return, included property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which Great Parks must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to Great Parks on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: grants and interest.

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For Great Parks, deferred outflows of resources are reported on the government-wide statement of net position for pension and other post employment benefits. The deferred outflows of resources related to pension and OPEB are explained in Notes 5 and 6.

Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Great Parks has deferred inflows of resources from six sources which arise under the modified accrual basis of accounting: property taxes, pension, OPEB, investment earnings, delinquent property taxes and grants. Therefore, the governmental funds defer these amounts and will recognize them as an inflow of resources in the subsequent period that the amounts become available.

For the full accrual basis, deferred inflows of resources arise from property taxes. Property taxes are reported as deferred inflows of resources since as of December 31, 2019 there is an enforceable legal claim but the taxes were levied to finance fiscal year 2020 operations. Great Parks will recognize an inflow of resources in the subsequent period for which the property taxes were levied to finance. Deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position (See Notes 5 and 6).

Expenditures/Expenses

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. On the accrual basis of accounting, expenses are recognized at the time they are incurred.

Equity in Pooled Cash and Investments

Great Parks maintains a cash and investment pool used by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Equity in Pooled Cash and Investments." Investments with original maturities of three months or less are considered to be cash equivalents. Cash equivalents are recorded at cost, which approximates market value. Interest earned from investments purchased with pooled cash is allocated to the funds, based on amounts in the pool, unless otherwise restricted by statute.

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools", Great Parks records all its investments at fair value. See Note 2, "Deposits, Investments and Investment Return."

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

For purposes of the statement of cash flows and for presentation on the statement of net position/balance sheet, investments with an original maturity of three months or less and investments of the cash management pool are considered to be cash equivalents.

Great Parks has invested funds in the STAR Ohio during 2019. STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Great Parks measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2019, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes. See Note 2, "Deposits, Investments and Investment Return."

Inventories

Inventory is valued at cost, using first-in, first-out (FIFO) method. The costs of inventory items are recognized as expenditures in the General Fund when sold or consumed.

Capital Assets

Capital assets include land, construction in progress, buildings, furniture and fixtures, machinery and equipment, vehicles, land improvements, leasehold improvements, playgrounds, and infrastructure owned by Great Parks. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital Assets are stated at historical or estimated historical cost. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value. All capital assets in excess of \$5,000 are capitalized. See Note 8 for accumulated depreciation by class. Depreciation for capital assets is provided using the straight-line method over the estimated life of the assets.

Depreciation lives used for property items within each property classification are as follows:

Buildings	30 years	Parking	10 years
Machinery/Equipment	7 years	Trails	20 years
Vehicles	5 years	Sewers	20 years
Furniture/Fixtures	7 years	Dams	30 years
Water Supply	20 years	Bridges	30 years
Roads/Pavement	20 years	Playgrounds	15 years

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Compensated Absences

Great Parks' records accumulated unpaid sick leave, vacation, holiday and compensatory time benefits as compensated absences payable when earned by the employee.

Vacation

Full and part-time employees will be eligible for accrued vacation leave after their first pay period with approval from their supervisor. Seasonal employees who are promoted to a full or part-time position will begin their accruals the pay period in which the promotion is effective. Accrual of vacation time is as follows:

<u>Years of Service</u>	<u>Vacation Hours Earned Per 80 Hours Worked</u>	<u>Total Earned Per Year</u>
0 to 7 years	3.1 hours/80 hrs/pay	10 days
8 to 14 years	4.6 hours/80 hrs/pay	15 days
15 to 24 years	6.2 hours/80 hrs/pay	20 days
25 plus years	7.7 hours/80 hrs/pay	25 days

At the beginning of the 8th, 15th and 25th year, employees will progress to the next accrual level.

Vacation pay for eligible employees is based on current rate of pay. Overtime hours are not counted in computing vacation time. Any employee, who works less than 2,080 hours per year, will have vacation time determined by the percentage of the total hours they work. No vacation time is earned while an employee is on an unpaid leave of absence or an unpaid military leave. Vacation time may be accumulated to a maximum of that earned in two years. At the time of an employee's termination, the employee is entitled to compensation at their current rate of pay for any earned but unused vacation leave.

Sick Leave

Sick leave accumulates at the rate of 4.6 hours for every 80 hours worked with a maximum of 15 days per year. There is no maximum accumulation. It is to be used as needed and approved. Upon retirement, an employee with 10 or more years of active service may receive a one-time payment. This payment is calculated as one hour's pay for every two hours of accrued leave, up to a maximum of 720 hours. At December 31, 2019, Great Parks recorded a liability for sick leave totaling \$1,502,294 in accordance with GASB Statement No. 16, whereby sick leave is expensed and accrued only for probable retirees.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Compensatory Time

The maximum accumulation for exempt employees is 80 hours of comp time and comp time earned in excess of the maximum will be forfeited. Exempt employees are required to take current year comp time by April of the following year. Non-Exempt employees are paid over-time at the time and a half rate for any hours worked over 40.

Long-term obligations for vested sick leave, vacation and comp time and any claims or judgments are shown in the Statement of Net Position. Unpaid vacation, sick leave and comp time, are computed as prescribed in GASB Statement No. 16. A full accrual for future amounts due is presented as compensated absences in government-wide statements. See Note 10.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Inter-Fund Transactions

During the normal course of operation, Great Parks has certain transactions between funds. Charges from the General Fund to Other Funds for administration, maintenance, utilities and other costs are identified as Charges for Services (revenue) by the General Fund and expenditures in the Other Funds. All other inter-fund transactions are reported as transfers. Total amounts transferred during 2019 were \$0.

Fund Balance

In accordance with Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, Great Parks classifies its fund balance based on the purpose for which the resources were received and the level of constraint placed on the resources. The following categories are used:

Nonspendable – resources that are not spendable from (inventory) or have legal or contractual requirements to maintain the balance intact.

Restricted – Resources that have external purpose restraints imposed on them by providers, such as creditors, grantors, or other regulators.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by a formal action (resolution) of the Board of Park Commissioners. Those committed amounts cannot be used for any other purpose unless the Board of Park Commissioners removes or changes the specified use by taking the same type of action (resolution) it employed to previously commit those amounts. Committed fund balance

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by Great Parks for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, assigned amounts represent intended uses established by Great Parks' Commissioners or a Great Parks official delegated that authority by resolution, or by State Statute.

Unassigned – residual fund balance within the General Fund that is not restricted, committed, or assigned. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from incurred expenses for specific purposes exceeding amounts which had been restricted, committed or assigned for said purposes.

Great Parks applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Operating Revenues and Expenses

Great Parks, in its proprietary fund, distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund includes the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net position, net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Great Parks applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available. Of Great Parks' restricted net position, none was restricted by enabling legislation.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of Great Parks and that are either unusual in nature or infrequent in occurrence.

Note 2 - Deposits, Investments and Investment Return

Deposits

Custodial credit risk is the risk that in the event of a bank failure, government's deposits may not be returned to it. Great Parks deposit policy for custodial risk requires compliance with the provisions of state law. State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities of the state of Ohio; bonds of any city, county, school district or special road district of the state of Ohio; bonds of any state; or a surety bond having an aggregate value at least equal to the amount of the deposits. At December 31, 2019, \$2,944,397 of Great Parks' bank balances were exposed to custodial credit risk as these deposits were uninsured and collateral held was in other than Great Parks' name.

Investments

Great Parks may legally invest in direct obligations of, and other obligations guaranteed as to principal by, the U.S. Treasury and U.S. agencies and instrumentalities. Great Parks may not purchase corporate bonds, stocks or notes. Donations of these items may be held until such time as the Board of Park Commissioners deems it advisable to sell such items.

At December 31, 2019, Great Parks had the following investments:

Corporate Stocks	\$6,647,946
Corporate Bonds	153,080
Certificates of Deposit	9,313,271
STAR Ohio Account	4,635,736
Money Market Fund	1,298,234
Total	<u>\$22,048,267</u>

Fair Value Measurement

Great Parks' investments measured and reported at fair value are classified according to the following hierarchy:

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

- Level 1 – Investments reflect prices quoted in active markets.
- Level 2 – Investments reflect prices that are based on a similar observable asset either directly, or indirectly, which may include inputs in markets that are not considered to be active.
- Level 3 – Investments reflect prices based on unobservable sources.

The categorization of investments with the hierarchy is based on the transparency of the instrument and should not be perceived as the particular investment's risk. Great Parks had the following reoccurring fair value measurements as of December 31, 2019:

Issuer	Moody's	S&P	Fair Value Hierarchy	Maturity Date	Time to Maturity (Years)	Fair Value	Weighted Average Maturity (Years)	
Corporate Stocks								
P&G	Aa3	AA-	Level 1	N/A	N/A	\$3,282,372	N/A	
Eaton Corp	Baa1	A-	Level 1	N/A	N/A	1,122,906	N/A	
Exxon Mobil Corp	Aaa	AA+	Level 1	N/A	N/A	232,228	N/A	
Bristol Myers Squibb Co	A2	A+	Level 1	N/A	N/A	513,520	N/A	
PNC Financial Services	A3	A-	Level 1	N/A	N/A	555,991	N/A	
AT&T Inc	Baa1	BBB+	Level 1	N/A	N/A	329,718	N/A	
Halliburton Company	Baa1	A-	Level 1	N/A	N/A	89,903	N/A	
US Bancorp	A1	A+	Level 1	N/A	N/A	382,421	N/A	
Verizon Communications	Baa1	BBB+	Level 1	N/A	N/A	138,887	N/A	
						6,647,946		
Corporate Bonds								
Becton Dickinson & Company	Ba1	BBB	Level 2	11/12/2020	0.87	50,469	0.29	
Coca Cola Company	A1	A+	Level 2	11/15/2020	0.88	50,593	0.29	
Goldman Sachs Group Inc	A3	BBB+	Level 2	11/15/2021	1.88	52,018	0.64	
						1.21	153,080	0.41
Certificates of Deposits	N/A	N/A	Level 2	Various	N/A	9,313,271	2.02	
Investment Pools								
STAR Ohio	N/A	AAA	N/A	N/A	N/A	4,635,736	N/A	
Money Market Funds								
	N/A	N/A	N/A	N/A	N/A	1,298,234	N/A	
						1.21	\$22,048,267	1.27

The above table identifies the credit quality ratings and interest rate risk (calculated with the weighted average maturity method) of each investment. Investments classified in Level 2 of the fair value hierarchy are valued using pricing sources as provided by the investment managers and advisors. Great Parks' investments in money market funds are measured at amortized cost and therefore are not classified based on the hierarchy above. STAR Ohio is reported at its share price (net assets value per share).

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, Great Parks' investment policy limits all maturities to a maximum of five years. However, some securities are donated and held in the original form of the donation, which may exceed the maximum of five years.

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation. It is Great Parks' policy to limit its investments to those permitted by state law, donated corporate stock or corporate bonds. Purchases of corporate stock, corporate bonds or obligations of political subdivisions other than the State of Ohio are prohibited.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, Great Parks will not be able to recover the value of its investment or collateral securities that are in possession of an outside party. All investments in corporate stock are held in Great Parks' name. Great Parks' investment policy does not address custodial credit risk.

Concentration of Credit Risk

Great Parks limits investments with one issuer to no more than 50% of the investment portfolio except as follows:

1. Donated corporate stock, no limit.
2. External Investment Pool, (STAR Ohio) secured by U.S. Treasury obligations, \$15 million limit. Rated by Standard & Poor, AAAM.
3. Fifth Third Bank. Balances totally collateralized with U.S. Treasury Securities, \$15 million limit.

At December 31, 2019 the investment portfolio included the following concentrations of common stock that exceeded 5% of the total investments in common stock:

<u>Company</u>	<u>Fair Value at December 31, 2019</u>
Proctor & Gamble	\$3,282,372
Eaton Corp PLC	1,122,906
Bristol Myers Squibb	513,520
PNC Financial Services	555,991
US Bancorp	382,421

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Summary of Carrying Values

The carrying values of deposits and investments shown above are included in the balance sheet and statement of net position as follows:

Carrying Value	
Cash Deposits	\$6,036,436
Investments	<u>22,048,206</u>
Total	<u><u>\$28,084,642</u></u>

Investment Income

Investment Income for the year ended December 31, 2019 consisted of:

Interest and dividend income	\$644,298
Net increase/(decrease) in fair value	912,681
Realized Gain (Loss) on Sale of Stock	<u>300,030</u>
Total	<u><u>\$1,857,009</u></u>

Note 3 - Property Taxes

Property taxes include amounts levied against real and public utility property. Property tax revenue received during 2019 for real and public utility property taxes represents collections of the 2018 taxes. Real property taxes for 2019 are levied after October 1, 2019, on the assessed value as of January 1, 2019, the lien date. Assessed values are established by State law at 35 percent of appraised market value. The 2019 real property taxes are collected in and intended to finance 2020 operations.

Public utility real property is assessed at 35 percent of true value. Public utility property taxes for 2018 became a lien December 31, 2018, are levied after October 1, 2019, and are collected in 2020 with real property taxes.

The assessed values of real and tangible personal property upon which current year property tax receipts were based are as follows: (Amounts in thousands)

Real Property - 2019 Valuation	
Residential/Agricultural	\$18,531,556
Commercial/Industrial/Public Utilities	<u>1,157,539</u>
Total Valuation	<u><u>\$19,689,095</u></u>

Property taxes are payable semi-annually. The first payment is due January 20 with the remainder payable by June 20.

The County Treasurer collects property taxes on behalf of all taxing districts in the county, including Great Parks. The County Auditor periodically remits to Great Parks its portion of the taxes collected.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Accrued property taxes receivable represent real property taxes, public utility taxes and outstanding delinquencies which are measurable as of the year end for which there is an enforceable legal claim.

Great Parks' property tax is generated from two sources. The first is an unvoted .03 mill levy granted annually by the Hamilton County Commissioners. The second is a replacement levy of 1.0 mill which is scheduled to expire in 2027.

Note 4 – Leases

Operating Leases

Great Parks leases various park properties, land, and water, over varying periods. None of the agreements contain unusual renewal or purchase options. Great Parks is responsible for preservation and maintenance of the properties. Future minimum rental payments under operating leases are not material to the financial statements.

Note 5 - Defined Benefit Pension Plans

The Statewide retirement systems provide both pension and other postemployment benefits (OPEB).

Net Pension Liability/Net OPEB Liability

Pensions and OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period.

The net pension liability and the net OPEB liability represent Great Parks' proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits Great Parks' obligation for this liability to annually required payments. Great Parks cannot control benefit terms or the manner in which pensions/OPEB are financed; however, Great Parks does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees may pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability. Resulting adjustments to the net pension/OPEB liability would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included in accrued wages and benefits on both the accrual and modified accrual bases of accounting.

The remainder of this note includes the required pension disclosures. See Note 6 for the required OPEB disclosures.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description

Great Parks employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing, multiple-employer defined benefit/defined contribution pension plan. While employees may elect the member-directed plan or the combined plan, substantially all employees are in the traditional plan; therefore, the following disclosure focuses on the traditional plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional and combined plans. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information, including requirements for reduced and unreduced benefits):

This Space Intentionally Left Blank

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

<u>Group A</u> Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	<u>Group B</u> 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	<u>Group C</u> Members not in other Groups and members hired on or after January 7, 2013
<u>State and Local</u> Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	<u>State and Local</u> Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	<u>State and Local</u> Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
<u>Public Safety</u> Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	<u>Public Safety</u> Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	<u>Public Safety</u> Age and Service Requirements: Age 52 with 25 years of service credit or Age 56 with 15 years of service credit
<u>Law Enforcement</u> Age and Service Requirements: Age 52 with 15 years of service credit	<u>Law Enforcement</u> Age and Service Requirements: Age 48 with 25 years of service credit or Age 52 with 15 years of service credit	<u>Law Enforcement</u> Age and Service Requirements: Age 48 with 25 years of service credit or Age 56 with 15 years of service credit
<u>Public Safety and Law Enforcement</u> Traditional Plan Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	<u>Public Safety and Law Enforcement</u> Traditional Plan Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25	<u>Public Safety and Law Enforcement</u> Traditional Plan Formula: 2.5% of FAS multiplied by years of service for the first 25 years and 2.1% for service years in excess of 25

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a traditional plan benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3.00% simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3.00%.

Funding Policy

The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

This Space Intentionally Left Blank

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

	<u>State and Local</u>	<u>Public Safety</u>	<u>Law Enforcement</u>
2019 Statutory Maximum Contribution Rates			
Employer	14.00%	18.10%	18.10%
Employee (a)	10.00%	(b)	(c)
2019 Actual Contribution Rates			
Employer:			
Pension (d)	14.00%	18.10%	18.10%
Post-employment Health Care Benefits (d)	0.00%	0.00%	0.00%
Total Employer	<u>14.00%</u>	<u>18.10%</u>	<u>18.10%</u>
Employee	<u>10.00%</u>	<u>12.00%</u>	<u>13.00%</u>

(a) Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.

(b) This rate is determined by OPERS' Board and has no maximum rate established by ORC.

(c) This rate is also determined by OPERS' Board, but is limited by ORC to not more than 2% greater than the Public Safety rate.

(d) These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4% for health care with the remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

For 2019, Great Parks' contractually required contribution was \$2,037,396.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for OPERS was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. Great Parks' proportion of the net pension liability was based on Great Parks' share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share of Great Parks' defined benefit pension plans:

	<u>OPERS</u>		<u>Total</u>
	<u>Regular</u>	<u>Law Enforcement</u>	
Proportionate Share of the Net Pension Liability	\$22,253,381	\$5,060,918	\$27,314,299
Proportion of the Net Pension Liability:			
Current Measurement Date	0.08152000%	0.01821100%	
Prior Measurement Date	0.08211900%	0.01812400%	
Change in Proportionate Share	<u>-0.00059900%</u>	<u>0.00008700%</u>	
Pension Expense	\$4,493,884	\$1,022,010	\$5,515,894

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

At December 31, 2019, Great Parks reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS		Total
	Regular	Law Enforcement	
<u>Deferred Outflows of Resources</u>			
Differences between expected and actual experience	\$1,027	\$233	\$1,260
Changes of assumptions	1,937,211	440,566	2,377,777
Net difference between projected and actual earnings on pension plan investments	3,020,407	686,908	3,707,315
Contributions subsequent to the measurement date	1,659,898	377,498	2,037,396
Total Deferred Outflows of Resources	<u>\$6,618,543</u>	<u>\$1,505,205</u>	<u>\$8,123,748</u>
<u>Deferred Inflows of Resources</u>			
Differences between expected and actual experience	\$292,200	\$66,453	\$358,653
Changes in employer proportionate share of net pension liability	200,081	45,503	245,584
Total Deferred Inflows of Resources	<u>\$492,281</u>	<u>\$111,956</u>	<u>\$604,237</u>

\$2,037,396 reported as deferred outflows of resources related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	OPERS		
	Regular	Law Enforcement	Total
2020	\$1,829,726	\$416,121	\$2,245,847
2021	951,722	216,443	1,168,165
2022	280,204	63,725	343,929
2023	1,404,712	319,462	1,724,174
Total	<u>\$4,466,364</u>	<u>\$1,015,751</u>	<u>\$5,482,115</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2018, using the following actuarial assumptions applied to all periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

actuarial valuation, reflecting experience study results, prepared as of December 31, 2018, are presented below.

	OPERS Traditional Plan
Wage Inflation	3.25%
Projected Salary Increases	3.25% to 10.75% (includes wage inflation at 3.25%)
COLA or Ad Hoc COLA:	
Pre-January 7, 2013 Retirees	3.00% Simple
Post-January 7, 2013 Retirees	3.00% Simple through 2018, then 2.15% Simple
Investment Rate of Return	7.20%
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables. The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2018, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a loss of 2.94% for 2018.

The allocation of investment assets within the Defined Benefit portfolio is approved by the Board as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The following table displays the Board-approved asset allocation policy for 2018 and the long-term expected real rates of return.

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00%	2.79%
Domestic Equities	19.00%	6.21%
Real Estate	10.00%	4.90%
Private Equity	10.00%	10.81%
International Equities	20.00%	7.83%
Other Investments	18.00%	5.50%
Total	100.00%	5.95%

Discount Rate

The discount rate used to measure the total pension liability was 7.20% for the Traditional Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability calculated using the discount rate of 7.20%, and the expected net pension liability if it were calculated using a discount rate that is 1.00% lower or 1.00% higher than the current rate:

	1% Decrease (6.20%)	Current Discount Rate (7.20%)	1% Increase (8.20%)
Proportionate share of the net pension liability			
OPERS - Regular	\$32,874,716	\$22,253,381	\$13,426,957
OPERS - Law Enforcement	7,476,447	5,060,918	3,053,591

Changes since the prior Measurement Date on to Report Date

OPERS Board adopted a change in the investment return assumption, reducing it from 7.50% to 7.20%.

This Space Intentionally Left Blank

Note 6 – Defined Benefit Other Postemployment Benefits Plans

See Note 5 for a description of the net OPEB liability.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Health Care Plan Description

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting opers.org/financial/reports.shtml, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy

The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. During 2019, health care is not being funded.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2019, state and local employers contributed at a rate of 14.00% of earnable salary and public safety and law enforcement employers contributed at 18.10%. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 1.00% during calendar year 2017. As recommended by OPERS' actuary, the portion of employer contributions allocated to health care beginning January 1, 2018 decreased to 0% for both plans. The OPERS Board is also authorized to

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2019 was 4.00%.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Great Parks' contractually required contribution was \$0 for 2019.

Net OPEB Liability

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2017, rolled forward to the measurement date of December 31, 2018, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. Great Parks' proportion of the net OPEB liability was based on Great Parks' share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share:

	OPERS		Total
	Regular	Law Enforcement	
Proportionate Share of the Net OPEB Liability	\$10,715,440	\$2,436,931	\$13,152,371
Proportion of the Net OPEB Liability:			
Current Measurement Date	0.08396100%	0.01691900%	
Prior Measurement Date	0.08389000%	0.01671000%	
Change in Proportionate Share	0.00007100%	0.00020900%	
OPEB Expense	\$888,366	\$202,034	\$1,090,400

At December 31, 2019, reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	OPERS		Total
	Regular	Law Enforcement	
<u>Deferred Outflows of Resources</u>			
Differences between expected and actual experience	\$3,629	\$825	\$4,454
Changes of assumptions	345,478	78,570	424,048
Net difference between projected and actual earnings on pension plan investments	491,240	111,718	602,958
Changes in employer proportionate share of net OPEB liability	16,613	3,778	20,391
Total Deferred Outflows of Resources	\$856,960	\$194,891	\$1,051,851
<u>Deferred Inflows of Resources</u>			
Differences between expected and actual experience	\$29,074	\$6,612	\$35,686
Changes in employer proportionate share of net OPEB liability	99,174	22,554	121,728
Total Deferred Inflows of Resources	\$128,248	\$29,166	\$157,414

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

\$0 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31:	OPERS		Total
	Regular	Law Enforcement	
2020	\$301,399	\$68,545	\$369,944
2021	98,678	22,442	121,120
2022	81,164	18,458	99,622
2023	247,471	56,280	303,751
Total	<u>\$728,712</u>	<u>\$165,725</u>	<u>\$894,437</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2017, rolled forward to the measurement date of December 31, 2018. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25%
Projected Salary	3.25% to 10.75% (including wage inflation)
Single Discount Rate:	
Current measurement date	3.96%
Prior Measurement date	3.85%
Investment Rate of Return	6.00%
Municipal Bond Rate	3.71%
Health Care Cost Trend Rate	10.00% initial, 3.25% ultimate in 2029
Actuarial Cost Method	Individual Entry Age, Normal

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables. The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2018, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and healthcare related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a loss of 5.60% for 2018.

The allocation of investment assets within the OPERS Health Care portfolio is approved by the Board as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. The System's primary goal is to achieve and maintain a fully funded status for benefits provided through the defined pension plans. Health care is a discretionary benefit. The table on the following page displays the Board-approved asset allocation policy for 2018 and the long-term expected real rates of return.

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	34%	2.42%
Domestic Equities	21%	6.21%
Real Estate Investment Trust	6%	5.98%
International Equities	22%	7.83%
Other investments	17%	5.57%
Total	100%	5.16%

Discount Rate

A single discount rate of 3.96% was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 3.71%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the OPEB plan's fiduciary net position and future contributions were sufficient to finance the health care costs through the year 2031. As a result, the long term expected rate of return on health care investments was applied to projected costs through the year 2031, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of Great Parks' Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the OPEB liability calculated using the single discount rate of 3.96%, and the expected net OPEB liability if it were calculated using a discount rate that is 1.00% lower or 1.00% higher than the current rate.

	1% Decrease (2.96%)	Current Discount Rate (3.96%)	1% Increase (4.96%)
Proportionate share of the net OPEB liability			
OPERS - Regular	\$13,709,041	\$10,715,440	\$8,334,735
OPERS - Law Enforcement	3,117,743	2,436,931	1,895,506

Sensitivity of the Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate

Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.00% lower or 1.00% higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2019 is 10.00%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25% in the most recent valuation.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

	<u>1% Decrease</u>	Current Health Care Cost Trend Rate <u>Assumption</u>	<u>1% Increase</u>
Proportionate share of the net OPEB liability			
OPERS - Regular	\$10,299,862	\$10,715,440	\$11,194,073
OPERS - Law Enforcement	2,342,420	2,436,931	2,545,783

Changes since prior Measurement Date and to Report Date

OPERS Board adopted a change in the investment return assumption, reducing it from 6.50% to 6.00%. In January 2020, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare-eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at this time.

Note 7 – Commitments

Great Parks has contractual commitments to various vendors for future supplies and services. Determinable amounts are recorded as remaining balances of contracts at year end December 31, 2019, as follows:

Purpose	Dollars of Encumbrances	Fund	Dollars of Encumbrances
Park Operations	\$1,367,767	General	\$2,730,973
Park Improvements	1,300,071	Evergreen	121,705

Depreciation Expense

Depreciation Expense was charged to functions of the governmental activities as follows:

Governmental Activities	Amount
General Government	\$1,477,556
Public Safety	73,692
Conservation & Parks	341,799
Infrastructure	1,694,627
Education & Events	7,820
Guest Experience	992,974
Total	<u>\$4,588,468</u>

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Note 9 – Risk Management

Property and Torts

Great Parks is exposed to various risks of loss related to torts - theft of, damage to and destruction of assets, errors and omissions, injuries to employees, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years, nor has there been a significant reduction in insurance coverage in the same period.

Workers' Compensation

Great Parks pays into the State of Ohio Bureau of Workers Compensation System at a retrospective rate based on gross salaries less any employee contributions to a 457 plan. Workers' claims are submitted to the State of Ohio for authorization and payment to the injured employee. The State of Ohio establishes employer payments, employee payments, and adequate reserves.

Employee Benefits

Medical insurance is offered to employees through a self-insurance internal service fund. The claims liability of \$76,115 reported in the internal service fund at December 31, 2019, is an estimate which requires that a liability for unpaid claim costs, including estimates of costs relating to incurred but not reported claims, be reported. The estimate was not affected by the increased claims adjustment expenses and does not include other allocated or unallocated claim adjustment expenses. Changes in claims activity for 2019 (the second year of activity) were:

	Beginning Balance	Current Year Claims	Claims Payments	Ending Balance
2019	\$51,003	\$1,968,147	\$1,943,035	\$76,115
2018	0	1,996,309	1,945,306	51,003

Note 10 – Compensated Absences/Long Term Liabilities

Long term liability activity for the year ended December 31, 2019 was:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
Net Pension Liability: OPERS	\$15,726,183	\$11,588,116	\$0	\$27,314,299	\$0
Net OPEB Liability: OPERS	10,924,419	2,227,952	0	13,152,371	0
Total	26,650,602	13,816,068	0	40,466,670	0
Compensated Absences	2,668,043	956,858	1,144,795	2,480,106	560,281
Total Long-Term Liabilities	\$29,318,645	\$14,772,926	\$1,144,795	\$42,946,776	\$560,281

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Compensated absences will be paid from the fund in which employees' salaries are paid, which in prior years has typically been the General Fund. There is no repayment schedule for the net Pension/OPEB liability. Net Pension/OPEB Liability represents the long-term portion of the accrued liability associated with OPERS Pension/OPEB liability. These items will be repaid from the funds from which the employees work to whom the liability is associated with or the General Fund if no such funds are available.

Note 11 – Fund Balance

Fund balance is classified as non-spendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which Great Parks is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General	Mitchell Fund	Other Governmental Funds	Total
Nonspendable:				
Inventory	\$461,797	\$0	\$0	\$461,797
Total Nonspendable	461,797	0	0	461,797
Restricted for:				
Mitchell	0	4,706,637	0	4,706,637
Law Enforcement	0	0	3,857	3,857
Enforcement and Education	0	0	999	999
Drug and Law Enforcement	0	0	22,161	22,161
Evergreen	0	0	1,053,235	1,053,235
Burchenal	0	0	3,352,943	3,352,943
Total Restricted	0	4,706,637	4,433,195	9,139,832
Assigned to:				
Encumbrances	2,632,471	0	0	2,632,471
Budgetary	2,802,881	0	0	2,802,881
Total Assigned	5,435,352	0	0	5,435,352
Unassigned	11,210,518	0	0	11,210,518
Total Fund Balance	<u>\$17,107,667</u>	<u>\$4,706,637</u>	<u>\$4,433,195</u>	<u>\$26,247,499</u>

Note 12 – Contingent Liabilities

Grants

Great Parks receives financial assistance from federal, state, and local agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. Management estimates that such disallowed claims, if any, would not materially affect the financial statements of Great Parks.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Litigation

From time to time, Great Parks is a party to various claims and litigation. Management estimates that any potential claims against Great Parks would not materially affect the financial statements of Great Parks.

Note 13 – Public Entity Risk Pool

Great Parks Health Plan

Great Parks sponsors an Employee Health Plan administered by Custom Design Benefits, LLC. The plan maintains health insurance benefits for employees and their dependents. Plan benefits are funded by Great Parks and employees that participate in the plan. The plan offers medical and prescription drug coverage to the participants on a self-insured basis.

Health care service providers accept an assignment of benefits as consideration in full for services rendered, and send the participants' claims directly to the claims administrator. The Plan pays the scheduled benefit amount, less any required deductibles, copayments and coinsurance percentage, directly to the provider.

Plan participants pay a certain portion of the cost of covered expenses under the Plan, including any applicable deductibles, copayments and the coinsurance percentage that is not paid by the Plan (out-of-pocket expenses). The Plan limits the amount of out-of-pocket expenses the participants must pay toward certain types of covered expenses (annually \$4,000 per individual, \$8,000 per family). Once the participant has paid the out-of-pocket expense limit, the Plan will reimburse additional eligible covered expenses incurred during that year at 100%.

All participants pay a premium rate that is actuarially calculated based on the participants' actual claims experiences. The premiums are utilized for the payment of claims within the claims servicing pool up to the self insurance deductible limit.

In the event of a deficiency in the fund, the General Fund will complete an advance to the health care fund, which would be paid back to the General Fund in the event of a surplus.

For all individual claims exceeding \$75,000, stop loss coverage is purchased, as well as for an annual total plan aggregate claims amount. All plan participants also pay a monthly administration fee for third party administrative services.

Note 14 – Discretely Presented Component Unit

Description of the Organization

Great Parks Forever's (the Organization) financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Organization is a not-for-profit organization established in accordance with Section 501 (c) (3) of the Internal Revenue Code. The Organization operates under a Board of Directors with eleven members.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

The Organization was formed with the sole purpose of assisting Great Parks of Hamilton County in protecting and enhancing regional park land and providing outstanding outdoor recreation and nature education services.

Summary of Significant Accounting Policies

Financial Statement Presentation

The Organization has adopted the provisions of FASB Accounting Standards Codification (ASC) No. 958 *Not-for-Profit Entities*. Under ASC No. 958 the Organization is required to report information regarding its financial position and activities according to two classes of net assets as follows:

Without Donor Restrictions

Net assets that are not subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

With Donor Restrictions

Net assets that are subject to donor-imposed restrictions (donors include other types of contributors, including makers of certain grants).

When a donor restriction expires, that is, when a stipulated time restriction expires or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the Statement of Activities as net assets released from restrictions.

Cash and Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less to be cash equivalents.

Investments

The Organization reports investments in accordance with ASC No. 958-320, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. Investments in marketable securities with readily determined fair values and all investments in debt securities are reported at their fair values in the Statement of Net Assets. Unrealized gains and losses are included in the change in net assets. Investments of the net assets without donor restrictions and net assets with donor restrictions are pooled for making investment transactions and are carried at fair value. Interest and dividend income, as well as realized and unrealized gains and losses, are allocated to each net asset class.

Contributions Receivable

Contributions received, including unconditional promises to give, are recognized as revenue by net asset class when the donor's commitment is received. Unconditional promises are recognized at the estimated present value of the future cash flows, net of allowances. Unconditional promises designated for future periods or restricted by the donor for specific purposes are reported as restricted support. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as without donor restrictions. Conditional promises are

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

recognized when the donor conditions are substantially met.

For unconditional promises to give noncash assets, the Organization records the fair value of the underlying asset at the date of initial recognition as contributions receivable. Subsequent changes in fair value of such noncash assets after the date of initial recognition are recorded as adjustments to contributions receivable and as contribution revenue by either increasing or decreasing the net asset class in which the original contribution was recorded. This could result in negative contribution revenue being reported.

Prepaid Expenses

Certain payments to vendors for fundraising activities reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

Property and Equipment

All expenditures for capital assets in excess of \$1,000 are capitalized. Depreciation expense is computed using the straight-line method over the estimated useful lives of the assets. See Note 8 for accumulated depreciation by class.

Depreciation lives used for property items within each property classification are as follows:

Buildings	30 years
Vehicles	5 years
Furniture/Fixtures	7 years

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized.

Deferred Revenue

Deferred revenue results from various fundraising activities. It represents amounts received from sponsors, vendors, and sales of admission tickets in advance. Deferred revenue is recognized as revenue in the period that the fundraising activity actually occurs.

Deferred revenue results when cash or other assets are received before donor conditions are substantially met.

Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and related notes. Actual results may differ from those estimates.

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019

Investments

The various investments in fixed income securities, mutual funds and other investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities could occur in the near term and those changes could materially affect the amounts reported in the financial statements.

The Organization determines the fair market values of its financial instruments based on the fair value hierarchy established ASC No. 820, *Fair Value Measurements and Disclosures*, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the Organization's own assumptions based on market data and on assumptions that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The Standard describes three levels within its hierarchy that may be used to measure fair value:

Level 1 Inputs: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2 Inputs: Significant other observable inputs other than Level 1 quoted prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 Inputs: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would rise in pricing an asset or liability.

The fair value of investments held by the Organization at December 31, 2019 is summarized as follows:

Investment Type	Quoted Prices In Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Common Stock	\$2,614,977	\$0	\$0
US Treasuries/Agency Securities	618,925	0	0
Corporate Bonds	0	1,125,112	0
Municipal Bonds	113,221	0	0
Exchange Traded Funds	106,123	0	0
Mutual Funds - Equity Securities	3,096,363	0	0
Mutual Funds - Fixed Income	621,229	0	0
Certificate of Deposits	105,244	0	0
Other Investments	256,559	0	0
Total	\$7,532,641	\$1,125,112	\$0

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Contributions Receivable

Unconditional promises to give are included in the financial statements as contributions receivable and contributions of the appropriate net asset category. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discount rate on those amounts is computed using a risk free interest rate applicable to the years in which the promises are to be received. The amortization of the discount is included in contribution revenue. For the year ended December 31, 2019 there were no unconditional promises that required amortization.

Unconditional promises to give noncash assets are reported as contributions receivable at fair value of the underlying asset at year end.

Conditional promises to give are not included as support until conditions of those promises have been met. For the year ended December 31, 2019 there were no conditional promises.

Contributions receivable consisted of the following at December 31, 2019:

Without Donor Restrictions	\$ -
Gross Unconditional	<u>\$ -</u>

Net Assets with Donor Restrictions

Net assets with donor restrictions are available for the following purposes or periods:

Dog Park	\$ 20,278
Education Scholarships	101
Land Acquisition & Preservation	3,072
Park & Program Support	89,383
Recreation	403
Donor restricted endowment supporting dog parks - Mablutz	<u>139,538</u>
Total	<u>\$ 252,775</u>

Donor-Restricted Endowment Fund

The Organization's Mablutz endowment fund was established to support Great Parks of Hamilton County's dog parks. The original contribution to the endowment fund is a donor restriction that stipulates the original principal is to be held and invested by the Organization indefinitely, and income from the fund and future contributions are to be expended for dog parks. As required by generally accepted accounting principles, net assets associated with the endowment fund are classified and reported based on the existence of donor imposed restrictions.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

At December 31, 2019, the endowment fund is composed of the following:

Endowment fund balance	\$139,538
Amount required to be invested in perpetuity	<u>(100,000)</u>
Amount available for appropriation for dog park	<u><u>\$39,538</u></u>

Interpretation of UPMIFA: The Organization has interpreted the Uniform Prudent Management of Institutional Funds Act (“UPMIFA”) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary.

As a result of this interpretation, the Organization classifies as perpetual in nature (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified as perpetual in nature is classified as purpose or time restricted until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by UPMIFA.

In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- a. The duration and preservation of the fund
- b. The purposes of the organization and the donor-restricted endowment fund
- c. General economic conditions
- d. The possible effect of inflation and deflation
- e. The expected total return from income and the appreciation of investments
- f. Other resources of the organization
- g. The investment policies of the organization

Funds with Deficiencies: From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. The Organization had no such deficiencies as of December 31, 2019.

The changes in endowment net assets for the year ending December 31, 2019 are as follows:

Endowment net assets, January 1, 2019	\$116,077
Contributions	112
Investment return net	23,422
Amounts appropriated for expenditure	<u>(73)</u>
Endowment net assets, December 31, 2019	<u><u>\$139,538</u></u>

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Expense Disclosures

	Program Activities	Supporting Activities			Total Expenses
	Parks Support	Management and General	Fund-Raising	Supporting Total	
Great Parks of Hamilton County Support	\$346,211	\$0	\$0	\$0	\$346,211
Wages and Benefits	0	9,881	108,158	118,039	118,039
Services and Professional Fees	0	40,114	52,480	92,594	92,594
Advertising Fees	0	0	3,637	3,637	3,637
Supplies, Printing, and Postage	0	2,326	18,040	20,366	20,366
Staff Development	0	673	2,018	2,691	2,691
Insurance	0	1,160	0	1,160	1,160
Software Licenses and Support	0	3,559	3,559	7,118	7,118
Depreciation	0	45	402	447	447
Misc Expense	0	2,481	7,443	9,924	9,924
Total Expenses	\$346,211	\$60,239	\$195,737	\$255,976	\$602,187

Some categories of expense are attributable to more than one activity and require allocation, applied on a consistent basis.

Wages and benefits are allocated on the basis of employee duties.

Other expenses are assigned directly to specific activities as expenditures are made.

Fundraising expenses that are related to special events have been reported net on the statement of activities. The amounts netted are \$3,141 in services and professional fees, \$680 in supplies, printing, and postage, and \$7,302 in miscellaneous. These amounts are not included in the totals above.

Income Taxes

The Organization is a not-for-profit corporation as described in Section 501 (c) (3) of the Internal Revenue Code, and the organization is exempt from federal and state income taxes.

GAAP requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Organization's tax returns to determine whether the tax positions are more likely than not of being sustained by the applicable tax authority. Tax positions not deemed to meet the more likely than not threshold would be recorded as a tax benefit or expenses in the current year. A reconciliation is not provided herein, as the beginning and ending amounts of unrecognized benefits are zero, with no interim additions, reductions, or settlements. The Organization is relying on its tax-exempt status and its adherence to all applicable laws and regulations to preserve that status. However, the conclusions regarding the uncertainty in income taxes will be subjective to review and may be adjusted at a later date based on factors including, but not limited to, ongoing analysis of tax laws, regulations, and interpretations thereof.

The Organization's informational returns filed in the U.S. federal jurisdiction are generally subject to examination for three years after the later of the due date or date of filing. As a result, the Organization is no longer subject to income tax examinations by tax authorities for years prior to 2016.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

Property and Equipment

Property and equipment include land, buildings, furniture and fixtures, and vehicles owned by the Organization. Property and equipment are stated at historical cost.

Donated assets are stated at estimated market value at the time of donation. All capital assets in excess of \$1,000 are capitalized. Depreciation for capital assets is provided using the straight-line method over the estimated life of the assets.

Changes in capital assets during the year ended December 31, 2019 are as follows:

	Beginning			Ending	Less	Net Book
	Balance	Additions	Deletions	Balance	Accumulated Depreciation	Value
Equipment	\$3,129	\$0	\$0	\$3,129	\$1,752	\$1,377
Total	\$3,129	\$0	\$0	\$3,129	\$1,752	\$1,377

Subsequent Events

The Organization has evaluated events occurring between the end of its most recent fiscal year and April 10, 2020, the date the financial statements were issued. The COVID-19 public health crisis occurred subsequent to these financial statements. It is unknown at this time what effect this crisis will have on future periods.

Related-Party Transactions

The Organization has one employee and minimal property (other than cash and investments). Clerical and management duties are shared between Great Parks of Hamilton County employees and the Organization Executive Director, including the utilization of equipment and facilities of Great Parks of Hamilton County.

For accounting purposes ASC No. 958 requires the value of facilities and services be recognized in the Statement of Activities. However, for the year ended December 31, 2019 these amounts are not material and therefore no amounts are recognized in the financial statements.

Liquidity and Availability of Financial Assets

The following reflect the Organization's financial assets as of the date of the Statement of Financial Position, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the financial statement date.

**Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2019**

	2019
Cash and Cash Equivalents	368,676
Investments	8,657,753
	<u>9,026,429</u>
Less amounts unavailable for general expenditures within one year, due to:	
Donor-restricted purpose	152,775
Donor-restricted to maintain as an endowment	<u>100,000</u>
Financial assets available to meet cash needs for general expenditures within one year	<u><u>\$8,773,654</u></u>

As part of the Organization’s liquidity management, the Organization invests cash in excess of requirements in various types of investments.

New Accounting Principle

The Organization has adopted new accounting guidance, FASB ASU 2018-08, **Not-for-Profit Entities** (Topic 958): **Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made**. This guidance required changes to the presentation of required disclosures. Beginning net assets were not restated as a result of adoption of new accounting standards.

Note 15 – Tax Abatement Disclosures

Great Parks is subject to tax abatements granted by the Hamilton County Enterprise Zone (EZA) program and the Community Reinvestment Area (CRA) program. These programs have stated the purpose of increasing business activity and employment in Hamilton County.

Under the EZA program, businesses may apply for substantial tax reductions on real property investments. The amount of the tax exemption is negotiated on an individual project basis and varies according to the size of the investment and the number of jobs created or retained. Under the CRA program, real property investment incentives are available for projects involving remodeling or new construction, local retail and service businesses, and residential renovations or new construction. Projects must be consistent with local zoning and community objectives for area development.

Information relevant to disclosure of these programs for the fiscal year ended December 31, 2019 is:

Tax Abatement Program	Amount of Taxes Abated during the Fiscal Year Ended 2019
Hamilton County Enterprise Zone	\$17,486
Community Reinvestment Area	763,485

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2018

The names of the governments that entered into the agreements are as follows:

Cincinnati	Madeira
Amberley	Mariemont
Blue Ash	Newtown
Cheviot	North College Hill
Deer Park	Norwood
Evendale	St. Bernard
Fairfax	Sharonville
Forest Park	Colerain Township
Harrison City	Symmes Township
Lockland	Whitewater Township
Loveland	

During the year ended December 31, 2019 Great Parks did not enter into tax abatement agreements.

Note 16 – Implementation of New Accounting Principles

For fiscal year 2019, Great Parks implemented Governmental Accounting Standards Board (GASB) Statement No. 83, *Certain Asset Retirement Obligations*, GASB No. 84, *Fiduciary Activities*, GASB No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*, and GASB No. 90, *Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 61*.

GASB Statement No. 83 sets out to address the accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. The implementation of GASB Statement No. 83 did not have an effect on the financial statements.

GASB Statement No. 84 clarifies the criteria for identifying fiduciary activities, with the focus on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Activities meeting certain criteria should be reported in a fiduciary fund in the financial statements. The implementation of GASB Statement No. 84 did not have an effect on the financial statements.

GASB Statement No. 88 sets out to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. The Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant

Great Parks of Hamilton County
Notes to the Financial Statements
For the Year Ended December 31, 2018

subjective acceleration clauses. For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. If applicable, GASB Statement No. 88 has been implemented in the notes to financial statements.

GASB Statement No. 90 sets out to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. The implementation of GASB Statement No. 90 did not have an effect on the financial statements.

Note 17 – Subsequent Events

Great Parks has evaluated subsequent events through the date of the "Independent Auditors Report," the date on which the combined financial statements were available to be issued.

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of Great Parks.

Great Parks investment portfolio has incurred a significant decline in fair value, in 2020, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions, and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on Great Parks future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

Great Parks of Hamilton County
Notes to the Required Supplementary Information
For Period Ending December 31, 2019

Note 1 - Budgetary Process

Budget - A budget of estimated cash receipts and disbursements is submitted to the County Auditor, who serves as Secretary of the County Budget Commission, by July 20 of each year for the period of January 1 to December 31 of the following year.

Estimated Resources - The County Budget Commission certifies its actions to Great Parks by September 1. As part of this certification, Great Parks receives the official certificate of estimated resources which states the projected receipts of each fund. On or about January 1, this certificate is amended to include any unencumbered balances from the preceding year. Prior to December 31, Great Parks must revise its budget so that the total budgeted expenditures from a fund during the ensuing fiscal year will not exceed the amount stated in the Certificate of Estimated Resources. The revised budget then serves as the basis for the annual appropriation measure. Budget receipts, as shown on the accompanying financial statements, do not include January 1, 2019 unencumbered fund balances. However, those fund balances are available for appropriations.

Appropriations - A temporary appropriation measure to control cash disbursements may be passed on or about January 1 of each year for the period January 1 to March 31. An annual appropriation measure must be passed by April 1 of each year for the period January 1 to December 31. The appropriation measure may be amended or supplemented during the year as new information becomes available. Appropriations may not exceed estimated resources, as certified.

Encumbrances - Great Parks is required to use the encumbrance method of accounting by mandate of Ohio law. Under this system, purchase orders, contracts and other commitments for the expenditure of funds are recorded on the Non-GAAP budgetary basis in order to reserve that portion of the applicable appropriation and to determine and maintain legal compliance.

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the succeeding fiscal year and need not be re-appropriated.

Great Parks is organized into six divisions, led by a Chief Operating Officer and a Chief Executive Officer. The Chief Operating Officer reports to the Chief Executive Officer, who in turn reports to a Board of Park Commissioners. Under these divisions are various departments. All governmental funds of Great Parks have legally adopted budgets at the personal service and other object level within each department for estimated resources and appropriations. The transfer of appropriations within the two respective object levels in each department does not require approval of the Board of Park Commissioners. Revisions to estimated resources or budgeted appropriations must be approved by the Board of Park Commissioners and submitted to the Hamilton County Auditor. Department managers are responsible for operating within the approved budget, as periodically amended.

Listed below is a reconciliation of the results of operations for the year ended December 31, 2019 from modified accrual (GAAP) basis to the Non-GAAP budgetary basis.

Note 2 - Pension and OPEB Plans

Ohio Public Employees Retirement System Changes in Assumptions and Benefit Terms

Changes in assumptions:

2019: OPERS Board adopted a change in the investment return assumption, reducing it from 7.50% to 7.20%.

2018: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2017: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date

- Reduction in actuarial assumed rate of return from 8.00% to 7.50%
- Decrease in wage inflation from 3.75% to 3.25%
- Change in future salary increases from a range of 4.25%-10.02% to 3.25%-10.75%

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

Changes in benefit terms:

2019-2014: There were no changes in benefit terms for the period.

Ohio Public Employees Retirement System Changes in Assumptions and Benefit Terms

Changes in assumptions:

2019: OPERS Board adopted a change in the investment return assumption, reducing it from 6.50% to 6.00%. In January 2020, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare-eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at this time.

2018: The single discount rate changed from 4.23% to 3.85%.

Changes in benefit terms:

2019-2018: There were no changes in benefit terms for the period.

NONMAJOR SPECIAL REVENUE FUNDS

Fund Descriptions

Law Enforcement Fund – To account for money that is contraband or is derived from the sale of contraband. Ten percent is to be used for community prevention programs and 90% for discretionary law enforcement projects.

Law Enforcement and Education Fund – To account for fines related to driving under the influence (DUI) of drugs or alcohol. This fund may be spent on any DUI related enforcement or education programs.

Drug and Law Enforcement Fund – To account for drug fines remitted by the courts. The fund may be used for efforts that pertain to drug offenses.

Evergreen Fund - To account for donations identified by the donor to be used for a specific purpose and to account for the following separate funds which are combined for reporting purposes:

- Estate of Betty Martin
- Estate of Virginia Miller
- Newberry Wildlife Sanctuary
- Estate of Margaret Embshoff
- Others

Burchenal Fund - Established to account for funds donated to provide trails, gardens and appropriate memorial and other capital improvements on the Burchenal Tract at Glenwood Gardens, Woodlawn, Ohio.

STATISTICAL SECTION

This page intentionally left blank.

Statistical Section

This part of Great Parks of Hamilton County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about Great Parks' overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how Great Parks' financial performance and well-being have changed over time.

Debt Capacity

Great Parks has no outstanding long-term debt.

Revenue Capacity

These schedules contain information to help the reader assess Great Parks' most significant local revenue source, the property tax.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which Great Parks' financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in Great Parks' financial report relates to the services Great Parks provides and the activities it performs.

Other Information

Other information contained in this report is the Insurance Coverage Schedule and a list of park facilities.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Hamilton County Auditor's Office Website, Value of Real & Public Utilities

Note:

Property in Hamilton County is reassessed every six years. In Ohio, taxable assessed value is 35% of appraised market value. Estimated actual value is calculated by dividing assessed value by that percent. Tax rates are per \$1,000 of assessed valuation. According to Ohio law, tax exempt property is classified separately and is not included in residential, commercial or industrial properties until it is no longer exempt and its use is determined at a later date.

Excludes tax-exempt property.

Beginning in tax year 2002, percentages for valuing estimated actual value of Tangible Personal properties vary by class and type.

Beginning in tax year 2006, values for telecommunication companies were reclassified from the Public Utility property class to the General Tangible Personal property class.
