Board Members Trumbull Metropolitan Housing Authority 4076 Youngstown Road SE Warren, Ohio 44484

We have reviewed the *Independent Auditor's Report* of the Trumbull Metropolitan Housing Authority, Trumbull County, prepared by James G. Zupka, CPA, Inc., for the audit period July 1, 2019 through June 30, 2020. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Trumbull Metropolitan Housing Authority is responsible for compliance with these laws and regulations.

Keith Faber Auditor of State Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board Trumbull Metropolitan Housing Authority Warren, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Authority's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority as of June 30, 2020, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedules of Net Pension and Postemployment Benefit Liabilities and Pension and Postemployment Benefit Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The Statement of Modernization Cost - Completed and the Financial Data Schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is not a required part of the basic financial statements.

The Statement of Modernization Cost - Completed, the Financial Data Schedules and the Schedule of Expenditures of Federal Awards, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Statement of Modernization Cost Completed, the Financial Data Schedules, and the Schedule of Expenditures of Federal Awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 9, 2021, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

(Unaudited)

The Trumbull Metropolitan Housing Authority ("the Authority" or Primary Government) Management's Discussion and Analysis (MD&A) is designed to (a) assist the reader on significant financial issues, (b) provide an overview of the Authority's financial activity, (c) identify changes in the Authority's financial position, and (d) identify individual account issues or concerns.

The Management's Discussion and Analysis (MD&A) is designed to focus on the fiscal year ended June 30, 2020 activities, resulting changes, and currently known facts. Please read it in conjunction with the Authority's financial statements. In accordance with GASB Statement No. 34, paragraph 10, the financial information and discussion presented below focuses on the primary government. Due to the significance of the component units when compared to the primary government, the financial information is provided for the component units in some instances to provide for a more complete and meaningful discussion of financial results. Regardless, discussion in the MD&A attempts to distinguish between information pertaining to the primary government and that of the component units.

FINANCIAL HIGHLIGHTS

The primary government's net position increased by \$.33 million (or 3.0 percent) in 2020. The net positions were \$11.37 million and \$11.04 million for 2020 and 2019, respectively. Pension/OPEB expense related to GASB 68 and GASB 75 reporting and depreciation expense were \$.28 million and \$1.71 million (or 2 percent and 11 percent), respectively, of the total expenses of \$15.58 million.

Total revenues increased by \$1.08 million (or 7.3 percent), and were \$15.9 million and \$14.83 million for 2020 and 2019, respectively. Operating subsidies, tenant revenues, capital grants, and other revenues increased while investment income remained the same.

Total expenses for the primary government decreased by \$.71 million (or 4.4 percent). Total expenses, including pension/OPEB expense, were \$15.58 million and \$16.29 million for 2020 and 2019, respectively. Of this amount, expenses for administration, utilities, maintenance, tenant services, general and protective services, Housing Assistance payments, and other operating increased by \$.74 million, while utilities, depreciation, and pension/OPEB expense decreased by \$1.45 million.

Since the Authority engages only in business-type activities, the changes are all in the category of business-type net position.

The Authority's component units consist of two non-profit organizations: the Warren Housing Development Corporation and the Western Reserve Housing Development Corporation. The notes to the financial statements provide further explanation of the component units.

The component units' net position increased by \$.29 million (or 1.2 percent) in 2020. The net positions were \$25.15 million and \$24.86 million for 2020 and 2019, respectively. Net position for both component units amounts to approximately 68.9 percent of the combined net position for the primary government and component units.

Total revenue for the component units decreased by \$7.45 million (or 79.9 percent) during 2020, and was \$1.88 million and \$9.33 million for 2020 and 2019, respectively. Total expenses for the component units decreased by \$.8 million (or 33.6 percent) and were \$1.59 million and \$2.39 million for 2020 and 2019, respectively. The significant decrease of both revenue and expenses from 2019 to 2020 is primarily due to the sale of The Elms multi-family development on June 24, 2019.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented on (see pages 13-16) are those of the Authority as a whole (Authority-wide) and the component units, discretely reported. The financial statements are further detailed by major account. This perspective (Authority-wide, major account, and component units) allows the user to address relevant questions, broadens a basis for comparison year to year (or Authority to Authority) and enhances the Authority's accountability.

These statements include a **Statement of Net Position.** The Statement of Net Position reports all financial and capital resources for the Authority. The Statement is presented in the format where assets and deferred outflows equal liabilities and deferred inflows plus "Net Position". Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year), and "Non-Current".

The focus of the Statement of Net Position (the "Unrestricted") is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net position is reported in three broad categories:

Net Investment in Capital Assets: This component of net positions consists of all capital assets, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted: This component of net position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted: Consists of net position that do not meet the definition of "Net Investment in Capital Assets", or "Restricted Net Position".

The financial statements also include a **Statement of Revenues, Expenses, and Changes in Net Positions.** This Statement includes operating revenues, such as rental income; operating expenses, such as administrative, utilities, maintenance, and depreciation; and non-operating revenue and expenses, such as capital grant revenue, investment income, and interest expense.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

(Unaudited)

The focus of the Statement of Revenues, Expenses, and Changes in Net Positions is the "Changes in Net Position", which is similar to net income or loss.

Finally, a **Statement of Cash Flows** is included, which discloses net cash provided by, or used for, operating activities, non-capital financing activities, and from capital and related financing activities.

Financial Statements by Major Programs

In general, the Authority's financial statements consist exclusively of enterprise funds. An enterprise fund utilizes the full accrual basis of accounting. The enterprise method of accounting is similar to accounting utilized by private sector accounting. Many of the funds maintained by the Authority are required by the U.S. Department of Housing and Urban Development (HUD). Others are segregated to enhance accountability and control.

THE AUTHORITY'S PROGRAMS

Business Type Programs

Conventional Public Housing - Under the Conventional Public Housing Program, the Authority rents units it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides operating subsidy and capital grant funding to enable the Public Housing Authority (PHA) to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority's properties.

Housing Choice Voucher Program - Under the Housing Choice Voucher Program, the Authority administers contracts with independent landlords that own the property. The Authority subsidizes the family's rent through a Housing Assistance Payment (HAP) made to the landlord. The Program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides Annual Contribution funding to enable the Authority to structure a lease that sets the participants' rent at 30 percent of household income. The Authority receives administrative fees from HUD to administer the Program.

Other Authority Programs - In addition to the programs above, the Authority also maintains the following programs:

Family Self Sufficiency Program - a grant program funded by HUD that enables participating Public Housing and Housing Choice Voucher families to increase earned income and financial literacy, reduce or eliminate the need for welfare assistance, and make progress toward economic independence and self-sufficiency.

ROSS Service Coordinator Grant - a grant funded by HUD to provide elderly residents with a support system and connect them with available community resources.

Youth Build Program Grants - grants funded by the U.S. Department of Labor (DOL) and other state and local grants to provide unemployed at-risk youth with construction skills, a high school education, and basic leadership training, while rehabilitating or constructing new housing for people in their communities.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

(Unaudited)

COMPONENT UNIT

Business Type Programs

Housing Assisting Payments Contracts - The contracts provide rental subsidies from HUD for eligible tenant families residing in existing rental projects.

FINANCIAL STATEMENTS

The following table reflects the condensed Statement of Net Positions for the primary government compared to prior year. The Authority is engaged only in business-type activities:

Table 1 - Condensed Statement of Net Position Compared to Prior Year

	2020 (in millions)		2019 (in millions)	
Assets and Deferred Outflows of Resources				
<u>Assets</u>				
Current Assets	\$	4.92	\$	3.96

For more detail information, see Statement of Net Position presented elsewhere in this report.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2020 (Unaudited)

Major Factors Affecting the Statement of Net Position

During 2020, total assets and deferred outflows increase by \$.02 million. The decrease in deferred outflows of \$1.20 million resulted from a change in the balance of net pension liabilities, further detailed in related pension notes. Current assets increased by .96 million driven by an increase in cash of \$.61 million generated, in part, from CARES Act funding deposits to the Public Housing Program and the Housing Choice Voucher Program, and a decrease in spending during the State of Ohio, Governor DeWine's Stay at Home order. Total liabilities decreased by \$1.18 million, primarily resulting from a \$1.76 million decrease in pension liabilities reported on the Condensed Statement in Long-Term Liabilities, offset, in part, by \$.33 million in short-term accounts payable from Capital Fund projects.

The component units reported an increase in net position of \$.29 million (or 1.2 percent) compared to 2019.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in unrestricted net position provide a clearer picture of the Authority's financial well-being.

Table 2 - Statement of Unrestricted Net Position - Primary Government

		2020	
		(in m	illions)
Beginning Balance - June 30, 2019	= :	\$	(4.07)
Results of Operations			0.33
Adjustments:			
Current Year Depreciation Expense (1)			1.71
Capital Expenditures			(1.90)
Debt Forgiven			(0.01)
Change in Restricted Net Position			(0.09)
Ending Balance - June 30, 2020		\$	(4.03)

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Position.

Statement of Revenues, Expenses, and Changes in Net Position

The following table compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in business-type activities.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS

FOR THE FISCAL YEAR ENDED JUNE 30, 2020 (Unaudited)

Table 3 - Statement of Revenues, Expenses, and Changes in Net Position - Primary Government

			2010		
	2020				2019
	(in millions)		_	(in millions)	
Revenues					
Operating Subsidies	\$	11.31		\$	10.72
Total Tenant Revenues		2.20			2.15
Capital Grants		1.63			1.61
Investment Income		0.02			0.02
Other Revenues		0.75			0.33
Total Revenues		15.91			14.83
<u>Expenses</u>					
Administrative		3.32			2.90
Utilities		0.92			0.94
Maintenance		2.62			2.50
Tenant Services		0.26			0.23
General and Protective Services		1.12			1.07
Housing Assistance Payments		5.23			5.22
Other Operating		0.12			0.01

Pension/OPEB Expense		0.28			1.43
Total Expenses		15.58	-		16.29
Net Increase (Decrease)	\$	0.33	-	\$	(1.46)

Major Factors Affecting the Statement of Revenue, Expenses, and Changes in Net Position

Operating subsidy revenue increased from 2019 to 2020 by \$.59 million due to increased funding from HUD and changing tenant incomes. Other revenues increased by \$.42 million due, in part, to reporting of management fees for The Elms. Total expenses decreased from 2019 to 2020 by \$.71 million due primarily to a decrease in pension/OPEB expense, further detailed in related pension notes.

The component units had a net income of \$.29 million, a decrease of \$6.65 million (or 95.8 percent) compared to 2019, due primarily to the proceeds from the sale of The Elms multifamily development in 2019.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of year-end, the Authority had \$15.33 million invested in a variety of capital assets as reflected in the following schedule, which represents a net increase (additions, deductions, and depreciation) of \$.19 million (or 1.2 percent) from the end of last year.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO

Current Year Additions		1.90		1.87
Current Year Depreciation Expenses		(1.71)		(1.99)
Ending Balances - June 30, 2020	\$	15.33	\$	15.14

As of year-end, the component units had a net book value of \$5.92 million invested in capital assets. The net book value of capital assets decreased from 2019 to 2020 by \$.16 million, primarily from depreciation of \$.23 million, offset by capital asset purchases to include capital improvements.

DEBT OUTSTANDING

The Authority acquired debt (i.e., deferred loan) in 2010 equal to \$.16 million related to five properties purchased with Neighborhood Stabilization Program grant funds. The deferred debt for these properties remaining as of June 30, 2020 is \$.07 million. The properties were added to the Authority's public housing portfolio on December 31, 2014.

On June 24, 2019, the Authority acquired debt of \$6.5 million related to the sale and financing of The Elms multifamily development. This debt is offset by a note receivable of \$6.5 million due from the new owner.

Table 6 - Condensed Statement of Changes in Debt Outstanding (in Millions) Primary Government

Timal y dovernment				
	2020		2019	
	(in millions		(in n	nillions)
Beginning Balances - June 30, 2019	\$	6.58	\$	0.09

Rounding Adjustment		0.00		0.00
Ending Balances - June 30, 2020	\$	6.57	\$	6.58

A summary of outstanding debt is presented in detail on Note 11. The detail includes debt related to the net pension liability not included with Table 6.

The component units had debt equal to \$2.24 million at the end of 2020, compared to \$1.82 million at the end of 2019. This increase reflects the current net effect of notes payable and notes receivable related to the sale of The Elms.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2020 (Unaudited)

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding provided by Congress to the Department of Housing and Urban Development
- · Local labor supply and demand, which can affect salary and wage rates
- Local inflationary, recessionary, and employment trends, which can affect resident incomes and therefore
 the amount of rental income
- Inflationary pressure on utility rates, supplies, and other costs
- COVID-19

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Entity and Programs

The Trumbull Metropolitan Housing Authority (the Authority) is a political subdivision created under Ohio Revised Code Section 3735.27 to engage in the acquisition, development, leasing, and administration of a low-rent housing program. The Authority contracts with the United States Department of Housing and Urban Development (HUD) to provide low-and-moderate income persons with safe and sanitary housing through rent subsidies provided by HUD. The Authority depends on the subsidies from HUD to operate. The Authority participates in the Section 8 Housing Choice Voucher Program provided by HUD. This Program helps assist families in the payment of rent. Under this Program, the Authority determines the amount of subsidy a family will receive using HUD guidelines; however, there is a limit to the amount charged to the family. The Authority also participates in the Public Housing Program. Under this Program, the Authority manages constructed or financed public housing units using grant funds from HUD. Tenants of these facilities pay a percentage of his/her adjusted gross income towards rent and utilities.

Summary of Significant Accounting Policies

The financial statements of the Authority have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard - setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below.

Reporting Entity

For financial reporting purposes, the reporting entity is defined to include the primary government, component units, and other organizations that are included to ensure that the financial statements are not misleading and are consistent with Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity* (as amended by GASB Statement No. 61). Based on application of the criteria set forth in GASB Statements No. 14 and No. 39, the Authority annually evaluates potential component units (PCU) for inclusion based on financial accountability, the nature and significance of their relationship to the Authority, and whether exclusion would cause the basic financial statements to be misleading or incomplete.

The primary government consists of all funds, agencies, departments, and offices that are not legally separate from the Authority. The preceding financial statements include all funds and account groups of the Authority (the primary government) and the Authority's component units. The following organizations are described due to their relationship to the Authority.

Discretely Presented Component Units

The component units' column in the combined financial statements identifies the financial data of the Authority's two component units: the Warren Housing Development Corporation, and the Western Reserve Housing Development Corporation. They are reported separately to emphasize that they are legally separate entities and provide services to clients of the Authority and others. The Authority serves as the management agent for each of the Housing Development Corporations.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Discretely Presented Component Units (Continued)

The Warren Housing Development Corporation (Warren HDC) is a legally separate, non-profit organization, served by a Board comprised of local officials and community representatives. Warren HDC was formed in 1977 to carry out charitable purposes including promoting and advancing decent, safe, and sanitary housing for persons of low income, particularly the elderly and infirm, and to promote the common good and general welfare of the City of Warren, Ohio, the State of Ohio, its inhabitants and surrounding territories and their inhabitant by providing housings. Separately issued audited financial statements for Warren HDC can be obtained from the Authority.

The Western Reserve Housing Development Corporation (Western Reserve HDC) is a legally separate, non-profit organization served by a Board comprised of local officials and community representatives. Western Reserve HDC was formed in 2001 for the promotion and construction of facilities for public housing or other charitable purposes. Separately issued audited financial statements for Western Reserve HDC can be obtained from the Authority.

Fund Accounting

The Authority uses enterprise funds to report on its financial position and the results of its operations for the Section 8 and Public Housing programs. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary, and fiduciary. The Authority uses the proprietary category for its programs.

Proprietary Fund Types

Proprietary funds are used to account for the Authority's ongoing activities which are similar to those found in the private sector. The following is the proprietary fundtype:

Enterprise Fund - This fund is used to account for the operations that are financed and operated in a manner similar to private business enterprises where the intent is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or where it has been decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Measurement Focus/Basis of Accounting

Pursuant to GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance, Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, the Authority follows GASB guidance as applicable to enterprise funds.

Investments

Investments of the primary government are restricted by the provisions of HUD Regulations (See Note 2). Investments are valued at market value. Interest income earned in fiscal year 2020 totaled \$22,518 for the primary government and \$316,298 for the component units.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets

Capital assets are stated at cost and depreciation is computed using the straight-line method over an estimated useful life of the assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset life are not capitalized.

Cash and Cash Equivalents

For the purpose of the Statement of Cash Flows, cash and cash equivalents include all highly liquid debt instruments, including certificates of deposits with a maturity date of twelve months or less.

Compensated Absences

The Authority accounts for compensated absences in accordance with GASB Statement No. 16. Compensated absences are accrued as a liability as the benefits are earned by the employees if both of the following conditions are met: (1) the employees' rights to receive compensation are attributable to services already rendered and are not contingent on a specific event that is outside the control of the employer and employee; and (2) it is probable that the employer will compensate the employees for the benefits through paid time off or some other means, such as cash payments at termination or retirement.

Accordingly, vacation leave and other compensated absences with similar characteristics are accrued as a liability based on the leave accumulated at the balance sheet date. Sick leave and other compensated absences with similar characteristics are accrued as a liability based on the leave accumulated at the balance sheet date but adjusted based on trended histories of forfeited hours versus hours for which previously departed employees received payments. In the proprietary fund, the compensated absences are expensed when earned with the amount reported as a fund liability.

Budgetary Accounting

The Authority annually prepares its budget as prescribed by HUD. This budget is then adopted by the Board of the Authority.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until then. For the Authority, deferred outflows of resources are reported on the Statement of Net Position for pension and OPEB. The deferred outflows of resources related to pension and OPEB plans are explained in (See Notes 7 and 8).

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources (Continued)

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Authority, deferred inflows of resources are reported on the Statement of Net Position for pension and OPEB. The deferred inflows of resources related to pension and OPEB plans are explained in Notes 7 and 8.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Change in Accounting Principles

For fiscal year 2020, the Authority implemented the Governmental Accounting Standards Board (GASB) statements:

GASB Statement No. 83, Certain Asset Retirement Obligations. The objective of this Statement is to provide financial statement users with information about asset retirement obligations (AROs) that were not addressed in GASB standards by establishing uniform accounting and financial reporting requirements for these obligations. This implementation of GASB Statement No. 83 did not have an effect on the financial statements of the Authority.

GASB Statement No. 84, *Fiduciary Activities*. The objective of this Statement is to enhance the consistency and comparability of fiduciary activity reporting by state and local governments. This Statement established specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business-type activities should report their fiduciary activities. The implementation of GASB Statement No. 84 did not have an effect on the financial statements of the Authority.

GASB Statement No. 90, Majority Equity Interests – an amendment of GASB Statements No. 14 and No. 61. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. The implementation of GASB Statement No. 90 did not have an effect on the financial statements of the Authority.

GASB Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporarily relief to governments and other stakeholders in light of the COVID-19 pandemic. The objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The Authority has postponed the implementation of GASB Statement No. 88.

NOTE 2: **DEPOSITS AND INVESTMENTS**

Primary Government

Deposits

At June 30, 2020, the carrying amount of the primary government's deposits was \$3,523,039 and the bank balance was \$3,659,130. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2020, \$500,000 of the primary government's bank balance was covered by Federal Depository Insurance. The remainder was collateralized by securities pledged in the name of the Authority or secured by UCC filings. Included in the carrying value of the Authority's deposits is \$1,200 in petty cash.

Custodial credit risk is the risk that, in the event of bank failure, the primary government's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Authority's Board. All deposits are collateralized with eligible securities in amounts equal to 105 percent of the carrying value of deposits.

Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank, and pledged as a pool of collateral against the public deposits it holds, or as specific collateral held at the Federal Reserve bank in the name of the Authority.

Deposits consist of cash and cash equivalents. Cash and cash equivalents include all highly liquid debt instruments, including certificates of deposit with a maturity date of twelve months or less.

	Cash and Cash	
	Ec	quivalents
Cash - Unrestricted	\$	3,070,257
Cash - Restricted		452,782
Total GASB Statements No. 3 and No. 40	\$	3,523,039

Investments

The Authority has a formal investment policy; however, the Authority did not have investments at June 30, 2020.

Component Units

Deposits

At June 30, 2020, the carrying amount of the component units' deposits was \$9,410,257 and the bank balance was \$9,410,257. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2020, \$500,000 of the component units' bank balance was covered by Federal Depository Insurance. The remainder was collateralized by securities pledged in the name of the Housing Development Corporation (Corporation) or the Authority.

NOTE 2: **DEPOSITS AND INVESTMENTS**

Component Units (Continued)

Deposits (Continued)

Custodial credit risk is the risk that, in the event of bank failure, deposits may not be returned. Deposits are placed with major local banks as approved by the Corporation's Board. All deposits are collateralized with eligible securities in amounts equal to 105 percent of the carrying value of deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve System, in the name of the respective depository bank, and pledged as a pool of collateral against the deposits it holds, or as specific collateral held at the Federal Reserve bank in the name of the Corporation or the Authority.

Deposits consist of cash and cash equivalents. Cash and cash equivalents include all highly liquid debt instruments, including certificates of deposit with a maturity date of twelve months or less. The component units had certificates of deposit on account totaling \$5,000,000.

	Cas	Cash and Cash	
	E	quivalents	
Cash - Unrestricted	\$	9,369,049	
Cash - Restricted		41,208	
Total GASB Statements No. 3 and No. 40	\$	9,410,257	

Investments

The component units had certificates of deposit on account totaling \$5,000,000 at June 30, 2020.

NOTE 3: **RESTRICTED CASH**

Primary Government

The restricted cash balance of \$452,782 on the financial statements for the primary government represents the following:

Public Housing Tenant Security Deposits	\$ 183,089
HCVP HAP Restricted Funds	137,775
Family Self-Sufficiency Escrow Deposits	64,882
HCVP Administration CARES Act Fu nds	62,241
Public Housing Prepaid Insurance Proceeds	4,795
Total Restricted Cash	\$ 452,782

NOTE 4: **INSURANCE COVERAGE**

The Authority is covered for property damage, general liability, auto damage and liability, and public officials' liability through various insurers.

Additionally, workers' compensation is maintained through the State of Ohio, in which rates are calculated retrospectively. The Authority is also fully insured through a premium payment plan for employee health care benefits.

There was no significant reduction in coverages and no claims exceeded insurance coverage during the past three years.

NOTE 6: NOTES RECEIVABLE

Primary Government

Depreciable Assets, Net

Total Capital Assets, Net, Primary Government

Agreement with The Elms of Warren Associates, Ltd.

The Authority entered into a lease agreement with The Elms of Warren Associates, Ltd. (the Elms Partnership) on June 24, 2019, for a base rent amount of \$6,500,000 attributable to the fair market value of The Elms, a 200-unit multifamily development in the City of Warren. This agreement is further memorialized by a promissory note that bears interest at a rate of 3 percent per annum. Payment of principal and interest are subject to The Elms Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Authority on June 24, 2069.

Component Units

Warren Housing Development Corporation (the Corporation) Agreements with Parkman Landing Associates, Ltd. (Parkman Partnership)

The Corporation entered into a note receivable with Parkman Partnership on October 29, 2015, in the amount of \$600,000. The note bears interest at the rate of 4 percent per annum. Payment of principal and interest are subject to Parkman Partnership's surplus cash and the distribution of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on December 20, 2050.

NOTE 6: **NOTES RECEIVABLE** (Continued)

Component Units (Continued)

Warren Housing Development Corporation (the Corporation) Agreements with Parkman Landing Associates, Ltd. (Parkman Partnership) (Continued)

The Corporation entered into a note receivable with Parkman Partnership on July 27, 2017, in the amount of \$458,657 for funds for the new development of the Parkman Landing community. The note bears interest at the rate of 0 percent per annum. Payment of principal and interest are subject to Parkman Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on December 20, 2026. Payments totaling of \$196,725 were received from Parkman Partnership for 2018 and 2019 distributions.

The Corporation entered into a note receivable with Parkman Partnership on January 22, 2018, in the amount of \$135,000. The note bears interest at the rate of 0 percent per annum. Payment of principal and interest are subject to Parkman Partnership's surplus cash and the distributions of cash flow until paid.

Warren Housing Development Corporation (the Corporation) Agreements with The Elms of Warren Associates, Ltd. (The Elms Partnership)

The Corporation entered into a note receivable with The Elms Partnership on June 24, 2019, in the amount of \$3,400.000. The amount drawn on the note to date is \$3,319,259. The note bears interest at the rate of 6.5 percent per annum. Payment of principal and interest will be due monthly in installments of \$23,500 beginning on the first day of the month following construction completion. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation seventeen years after the first payment.

The Corporation entered into a note receivable with The Elms Partnership on June 24, 2019, in the amount of \$1,368,542 for funds for the redevelopment of The Elms community. The amount drawn on the note to date is \$762,676. The note bears interest at the rate of 3 percent per annum. Payment of principal and interest are subject to The Elms Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on June 24, 2069.

The Corporation entered into a note receivable with The Elms Partnership on June 24, 2019, in the amount of \$6,500,000 in consideration for the Corporation's sale of The Elms property. The note bears interest at the rate of 3 percent per annum. Payment of principal and interest are subject to The Elms Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on June 24, 2069.

NOTE 6: **NOTES RECEIVABLE** (Continued)

Component Units (Continued)

Warren Housing Development Corporation (the Corporation) Agreements with The Elms of Warren Associates, Ltd. (The Elms Partnership) (Continued)

The Corporation entered into a note receivable with The Elms Partnership on June 24, 2019, in the amount of \$1,000,000 for funds received by the Corporation from The Ohio Housing Finance Agency's (OHFA) Housing Development Assistance Program (HDAP), funded by the National Housing Trust Fund (NHTF) and simultaneously assigned to The Elms Partnership for the redevelopment of The Elms. The amount drawn on the note to date is \$548,885. The note bears interest at the rate of 0 percent per annum, compounded annually. Payment of principal and interest are subject to The Elms Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on June 24, 2049.

The Corporation entered into a note receivable with The Elms Partnership on June 24, 2019, in the amount of \$1,000,000 for funds received by the Corporation from OHFA's HDAP, funded by the Ohio Housing Trust Fund (OHTF) for the redevelopment of The Elms. The amount drawn on the note to date is \$0. The note bears interest at the rate of 2 percent per annum, compounded annually. Payment of principal and interest are subject to The Elms Partnership's surplus cash and the distributions of cash flow. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on June 24, 2049.

A summary of the component units' notes receivable activity in the period is as follows:

Corporation with Parkman Landing Associates, Ltd.	\$ 996,932
Corporation with The Elms of Warren Associates, Ltd.	11,130,820
Total	\$ 12,127,752

NOTE 7: **DEFINED BENEFIT PENSION PLAN**

Net Pension Liability

The net pension liability/asset reported on the statement of net position represents a liability/asset to employees for pensions. Pensions are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Net Pension Liability (Continued)

Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net* pension liability. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable*.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g., Authority employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting https://www.opers.org/financial/reports.shtml, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS' CAFR referenced above for additional information):

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Group A	Group B	Group C
Eligible to retire prior to	20 years of service credit prior to	Members not in other Groups
January 7, 2013 or five years	January 7, 2013 or eligible to retire	and members hired on or after
after January 7, 2013	ten years after January 7, 2013	January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 62 with 60 months of service credit or Age 57 with 25 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The base amount of a member's pension benefit is locked in upon receipt of the initial benefit payment for calculation of the annual cost-of-living adjustment.

When a traditional plan benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

A death benefit of \$500 - \$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Tradition pension plan and the Combined Plan.

The OPERS Board of Trustees approved a proposal at its October 2019 meeting to create a new tier of membership in the OPERS traditional pension plan. OPERS currently splits its non-retired membership into Group A, B or C depending on age and service criteria. Retirement Group D would consist of OPERS contributing members hired in 2022 and beyond. Group D will have its own eligibility standards, benefit structure and unique member features designed to meet the changing needs of Ohio public workers. It also will help OPERS address expected investment market volatility and adjust to the lack of available funding for health care.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the members' contributions plus or minus the investment gains or losses resulting from the members' investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State	
	and Local	
2019-2020 Statutory Maximum Contribution Rates		
Employer	14.0	%
Employee *	10.0	%
2019-2020 Actual Contribution Rates		
Employer:		
Pension **	14.0	%
Post-Employment Health Care Benefits **	0.0	%
Total Employer	14.0	%
Employee	10.0	%

- * Member contributions within combined plan are not used to fund the defined benefit retirement allowance
- ** These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with remainder going to pension.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The portion of employer contributions used to fund pension benefits is net of postemployment health care benefits. The portion of the employer's contribution allocated to health care was 0 percent for calendar years 2019-2020 for the Traditional and Combined plans. The portion of the employer's contribution allocated to health care was 4% for the Member-Directed plan for calendar years 2019-2020. The Authority's contractually required contributions used to fund pension benefits was \$422,752 for fiscal year ending June 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability/asset for OPERS was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability/asset was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability/asset was based on the Authority's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	OPERS O			OPERS		
	T	raditional	Co	ombined		
	Pe	Pension Plan Plan				Total
Proportion of the Net Pension Liability/Asset						
Prior Measurement Date		0.021455%	(0.009219%		
Proportion of the Net Pension Liability/Asset						
Current Measurement Date		0.020841%	(0.011395%		
Change in Proportionate Share	-0.000614%		(0.002176%		
Proportionate Share of the Net Pension						
Liability/(Asset)	\$	4,119,365	\$	(23,761)	\$	4,095,604
Pension Expense	\$	387,629	\$	(1,068)	\$	386,561

At June 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

	OPERS		C	PERS	
	Tr	aditional	Co	mbined	
	Per	sion Plan		Plan	 Total
Deferred Outflows of Resources

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below:

Wage Inflation
Future Salary Increases, including inflation
COLA or Ad Hoc COLA

3.25 percent
3.25 to 10.75 percent including wage inflation
Pre 1/7/2013 retirees; 3 percent, simple
Post 1/7/2013 retirees; 1.40 percent, simple
through 2020, then 2.15 percent simple
7.2 percent
Individual Entry Age

Investment Rate of Return Actuarial Cost Method

The total pension asset in the December 31, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Wage Inflation
Future Salary Increases, including inflation
COLA or Ad Hoc COLA

3.25 percent
3.25 to 8.25 percent including wage inflation
Pre 1/7/2013 retirees; 3 percent, simple
Post 1/7/2013 retirees; 1.40 percent, simple
through 2020, then 2.15 percent simple
7.2 percent

Individual Entry Age

Investment Rate of Return Actuarial Cost Method

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the previously described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

OPERS manages investments in three investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money weighted rate of return expressing investment performance, net of investments expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was 17.2 percent for 2019.

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

		Weighted Average
		Long-Term Expected
	Target	Real Rate of Return
Asset Class	Allocation	(Arithmetic)
Fixed Income	25.00 %	1.83 %
Domestic Equities	19.00	5.75
Real Estate	10.00	5.20
Private Equity	12.00	10.70
International Equities	21.00	7.66
Other investments	13.00	4.98
Total	100.00 %	5.61 %

Discount Rate The discount rate used to measure the total pension liability was 7.2 percent, post-experience study results. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 7: **DEFINED BENEFIT PENSION PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate The following table presents the Authority's proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.2 percent, as well as what the Authority's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

				Current		
Authority's proportionate share of the net pension liability/(asset)	1% Decrease (6.20%)		Dis	(7.20%)	1% Increase (8.20%)	
Traditional Pension Plan	\$ 6,794,166		\$	4,119,365	\$	1,714,797
Combined Plan	\$	(14,358)	\$	(23,761)	\$	(30,539)

Changes Between Measurement Date and Report Date

Subsequent to December 31, 2019, the global economy was impacted by the COVID-19 pandemic and market volatility increased significantly. It is likely that 2020 investment market conditions and other economic factors will be negatively impacted; however, the overall impact on the OPERS investment portfolio and funding position is unknown at this time.

NOTE 8: **DEFINED BENEFIT OPEB PLAN**

Net OPEB Liability

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the Authority's proportionate share of each OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan's fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which OPEB are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including OPEB.

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Net OPEB Liability (Continued)

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net OPEB liability*. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable*.

Plan Description – Ohio Public Employees Retirement System (OPERS)

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting https://www.opers.org/financial/reports.shtml, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS (Continued)

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. During 2019, health care is not being funded.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In calendar years 2019-2020, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar years 2019-2020. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2019-2020 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Authority's contractually required contribution allocated to health care was \$2,771 for fiscal year 2020.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The Authority's proportion of the net OPEB liability was based on the Authority's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

	OPERS
Proportion of the Net OPEB Liability:	
Prior Measurement Date	0.020524%
Proportion of the Net OPEB Liability:	
Current Measurement Date	0.020061%
Change in Proportionate Share	-0.000463%
Proportionate Share of the Net OPEB Liability	\$ 2,770,949
OPEB Expense	\$ 269,563

At June 30, 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	(OPERS
Deferred Outflows of Resources		
Differences between expected and actual experience	\$	75
Changes of assumptions		438,613
Authority contributions subsequent to the measurement date		1,699
Total Deferred Outflows of Resources	\$	440,387
Deferred Inflows of Resources		
Net difference between projected and actual earnings on		
OPEB plan investments	\$	141,096
Differences between expected and actual experience		253,416
Changes in proportion and differences between Authority		
contributions and proportionate share of contributions		41,776
Total Deferred Inflows of Resources	\$	436,288

\$1,699 reported as deferred outflows of resources related to OPEB resulting from Authority contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in fiscal year 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	 OPERS	
Year Ending June 30:		
2021	\$ 44,434	
2022	18,142	
2023	112	
2024	 (60,290)	
Total	\$ 2,398	

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2018, rolled forward to the measurement date of December 31, 2019. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation 3.25 percent
Projected Salary Increases, 3.25 to 10.75 percent
including inflation including wage inflation

Single Discount Rate:

Current measurement date
Prior Measurement date
Prior Measurement date
Investment Rate of Return
Municipal Bond Rate
Health Care Cost Trend Rate

3.16 percent
6.00 percent
2.75 percent
10.5 percent initial,
3.50 percent ultimate in 2030

Actuarial Cost Method Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above-described tables.

The most recent experience study was completed for the five-year period ended December 31, 2015.

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2019, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested for the Health Care portfolio was 19.70 percent for 2019.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2019 and the long-term expected real rates of return:

		Weighted Average			
		Long-Term Expected			
	Target	Real Rate of Return			
Asset Class	Allocation	(Arithmetic)			
Fixed Income	36.00 %	1.53 %			
Domestic Equities	21.00	5.75			
Real Estate Investment Trust	6.00	5.69			
International Equities	23.00	7.66			
Other investments	14.00	4.90			
Total	100.00 %	4.55 %			

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

Discount Rate A single discount rate of 3.16 percent was used to measure the OPEB liability on the measurement date of December 31, 2019. A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2018. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 2.75 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2034. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2034, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate The following table presents the Authority's proportionate share of the net OPEB liability calculated using the single discount rate of 3.16 percent, as well as what the Authority's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.16 percent) or one-percentage-point higher (4.16 percent) than the current rate:

	Current					
	1%	6 Decrease	Dis	count Rate	1% Inc	rease
		(2.16%)		(3.16%)	(4.16	%)
Authority's proportionate share						
of the net OPEB liability	\$	3,346,175	\$	2,770,945	\$ 2,03	4,386

Sensitivity of the Authority's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2020 is 10.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

	Current Health Care				
		Cost Trend Rate			
	1% Decrease	Assumption	1% Increase		
Authority's proportionate share					
of the net OPEB liability	\$ 2,514,045	\$ 2,770,945	\$ 2,732,308		

Changes Between Measurement Date and Report Date

Subsequent to December 31, 2019, the global economy was impacted by the COVID-19 pandemic and market volatility increased significantly. It is likely that 2020 investment market conditions and other economic factors will be negatively impacted; however, the overall impact on the OPERS investment portfolio and funding position is unknown at this time.

On January 15, 2020, the Board approved several changes to the health care plan offered to Medicare and pre-Medicare retirees in efforts to decrease costs and increase the solvency of the health care plan. These changes are effective January 1, 2022, and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for pre-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements but are expected to decrease the associated OPEB liability.

NOTE 9: NON-CURRENT LIABILITIES – OTHER

Primary Government

The Non-Current Liabilities – Other balance of \$275,553 on the financial statements for the primary government represents the following:

Administration Vehicle Rent Payable	\$ 200,170
Public Housing Tenant Escrow Accounts	21,167
Family Self-Sufficiency Escrow Accounts	54,211
HCVP Escrow Accounts	 5
Total Non-Current Liabilities - Other	\$ 275,553

NOTE 10: COMPENSATED ABSENCES

Vacation and sick leave policies are established by the Board of Commissioners subject to collective bargaining, when applicable.

Permanent employees who work full time earn annual leave (i.e., vacation hours) based on the employee's years of service. Annual leave may be accumulated up to 3 times the employee's annual accumulation amount as of July 1 of each year. Eligible employees earn 10 hours sick leave per month of service. Unused sick leave may be accumulated without limit. Employees who leave the Authority or are terminated are not paid for unused sick leave. However, any employee who retires, dies, or becomes disabled will be paid for unused sick leave based on the employee's years of service and unused sick leave subject to maximum limits based on the employee's years of service.

NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2020 (CONTINUED)

NOTE 10: **COMPENSATED ABSENCES** (Continued)

Primary Government

At June 30, 2020, based on the vesting method, \$475,954 was accrued by the primary government for unused vacation and sick time. The current portion is \$100,271 and the non-current portion is \$375,683. The additions reflect the dollar value of leave earned and the deletions reflect the dollar value of leave used, forfeited, or otherwise removed as a liability.

NOTE 11: LONG-TERM DEBT

Primary Government

Promissory Note with Warren Housing Development Corporation (Warren HDC)

The Authority entered into a promissory note with Warren HDC on June 24, 2019 in the amount of \$6.5 million for the purchase of The Elms. The note bears interest at the rate of 3 percent per annum. The entire unpaid principal balance and all accrued interest are due and payable to the Corporation on June 24, 2069.

Promissory Notes with Trumbull County, Ohio

The Authority had debt in 2020 equal to \$66,760 related to five properties purchased with Neighborhood Stabilization Program grant funds.

Maturities of debt over the life of the debt are as follows:

Maturities of Debt	Pr	incipal
ended June 30	Pa	yments
2021	\$	13,567
2022		13,567
2023		13,567
2024		13,567
2025		12,492
Total	\$	66,760

NOTE 11: **LONG-TERM DEBT** (Continued)

Primary Government (Continued)

Promissory Note with Trumbull County, Ohio (Continued)

The Authority entered into a contractual agreement with Trumbull County, Ohio in March 2010, wherein the Authority initially received a grant for \$36,313 to be used for the purchase of property located at 506 Washington Avenue, Girard, Ohio. The grant has a restriction that the property shall be rehabilitated and rented to low-income tenants for a period of 15 years. In the event of violation of this restriction, the Authority shall pay back the amount equal to the grant amount less the prorated amount of time measured from March 2010. As of June 30, 2020, outstanding principle was \$11,467.

The Authority entered into a contractual agreement with Trumbull County, Ohio, in May 2010, wherein the Authority initially received a grant for \$12,574 to be used for the purchase of property located at 674 Grover Avenue, Masury, Ohio. The grant has a restriction that the property shall be rehabilitated and rented to low-income tenants for a period of 15 years. In the event of violation of this restriction, the Authority shall pay back the amount equal to the grant amount less the prorated amount of time measured from May 2010. As of June 30, 2020, outstanding principle was \$4,098.

The Authority entered into a contractual agreement with Trumbull County, Ohio, in June 2010, wherein the Authority initially received a grant for \$54,481 to be used for the purchase of property located at 409 Ventura Drive, Youngstown, Ohio. The grant has a restriction that the property shall be rehabilitated and rented to low-income tenants for a period of 15 years. In the event of violation of this restriction, the Authority shall pay back the amount equal to the grant amount less the prorated amount of time measured from June 2010. As of June 30, 2020, outstanding principle was \$17,971.

The Authority entered into a contractual agreement with Trumbull County, Ohio, in June 2010, wherein the Authority initially received a grant for \$49,258 to be used for the purchase of property located at 501 Murray Hill Drive, Youngstown, Ohio. The grant has a restriction that the property shall be rehabilitated and rented to low-income tenants for a period of 15 years. In the event of violation of this restriction, the Authority shall pay back the amount equal to the grant amount less the prorated amount of time measured from June 2010. As of June 30, 2020, outstanding principle was \$16,248.

The Authority entered into a contractual agreement with Trumbull County, Ohio, on July 2, 2010, wherein the Authority initially received a grant for \$50,875 to be used for the purchase of property at 3702-3704 Crestview Street, Warren, Ohio. The grant has a restriction that the property shall be rehabilitated and rented to low-income tenants for a period of 15 years. In the event of a violation of this restriction, the Authority shall back amount equal to the grant amount less prorated amount of time measured from July 2010. As of June 30, 2020, outstanding principle was \$16,976.

A summary of the primary government's debt activity in the period is as follows:

Notes with OHFA	0	548,885	0	548,885	0
Total	\$ 1,824,380	\$ 548,885	\$ (135,386)	\$ 2,237,879	\$ 141,676

NOTE 12: **CONDUIT DEBT**

Conduit (no commitment) debt obligations are certain limited obligation revenue bonds, certificates of participation, or similar debt instruments issued by a state or local governmental entity for the express purpose of providing capital financing for a specific third party that is not a part of the issuer's financial reporting entity. Although conduit debt obligations bear the name of the governmental issuer, the issuer has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf they are issued and is, therefore, not reported on the balance sheet.

On May 21, 2019, a resolution by the Board of Commissioners authorized the issuance and sale of the Authority's housing revenue bonds in an amount not to exceed \$15,000,000, the proceeds of which will be used to finance the acquisition and rehabilitation of an affordable multi-family housing complex that, when completed, will contain 200 units in Warren, Ohio (The Elms Apartments). Also authorized was the execution and delivery of a trust indenture, a loan agreement, a loan and financing agreement, a regulatory agreement, a purchase agreement, and certain other documents in connection with the issuance of the bonds.

On June 1, 2019, the Authority issued \$9,250,000 in Multi-Family Housing Revenue Bonds (Series 2019A) for The Elms Apartments, pursuant to a Trust Indenture with Huntington National Bank (the Trustee). The Authority then entered into a Loan Agreement with The Elms of Warren Associates, Ltd. for \$9,250,000, with a maturity date of December 31, 2021. Repayment of the loan will be made to Huntington National Bank by The Elms of Warren Associates, Ltd. The Authority has no repayment or guarantee obligations related to the loan.

On June 24, 2019, the Authority issued a Multi-Family Housing Revenue Note for \$2,500,000 (Series 2019B) to provide funds for Chemical Bank to loan to The Elms of Warren Associates, Ltd., with a maturity date of December 31, 2021. Repayment of the loan will be made to Chemical Bank by The Elms of Warren Associates, Ltd. The Authority has no repayment or guarantee obligations related to the loan.

The Authority acts as a conduit with regards to the bond proceeds and is, in substance, lending the bond proceeds to The Elms of Warren Associates, Ltd., and the Authority's obligation is payable solely from payments on the borrower note, making it a limited obligation and, therefore, not reported on the Authority's balance sheet.

NOTE 13: **NET PENSION AND OPEB/LIABILITIES**

The Authority's proportion of the net pension liability and OPEB was based on the Authority's share of the plans relative to all of the participating entities. See Notes 7 and 8 regarding pension plans and OPEB benefits reported in Net Pension Liability. The change in the net pension liability is as follows:

NOTE 13: **NET PENSION LIABILITIES** (Continued)

NOTE 16: SUBSEQUENT EVENTS

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures will likely impact subsequent periods. The investments of the pension and other postemployment benefit plans have incurred a significant decline in fair value, consistent with the general decline in financial markets. However, because the values of individual investments fluctuate with market conditions and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION FOR THE FISCAL YEAR ENDED JUNE 30, 2020

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Net Pension Liability

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2014-2020.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016 and 2018. For 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 8.00% to 7.50%, (b) the expected long-term average wage inflation rate was reduced from 3.75% to 3.25%, (c) the expected long-term average price inflation rate was reduced from 3.00% to 2.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality rates were updated to the RP-2014 Health Annuitant Mortality Table, adjusted for mortality improvement back to the observant period base year of 2006 and then established the base year as 2015 (f) mortality rates used in evaluating disability allowances were updated to the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and a base year of 2015 for males and 2010 for females (g) Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables. For 2019, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 7.50% to 7.20%. For 2020, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the cost-of-living adjustments for post-1/7/2013 retirees were reduced from 3.00% simple through 2018 to 1.40% simple through 2020, then 2.15% simple.

Net OPEB Liability

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2018-2020.

Changes in assumptions: For 2018, the single discount rate changed from 4.23% to 3.85%. For 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the expected investment return was reduced from 6.50% to 6.00% (b) In January 2020, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at this time (c) the single discount rate changed from 3.85% to 3.96%. For 2020, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 3.96% to 3.16%.

TRUMBULL METROPOLITAN HOUSING AUTHORITY TRUMBULL COUNTY, OHIO NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE FISCAL YEAR ENDED JUNE 30, 2020

NOTE 1: BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Trumbull Metropolitan Housing Authority (the Authority) under programs of the federal government for the year ended June 30, 2020. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3. **INDIRECT COST RATE**

The Authority has elected not to use the 10 percent de minims indirect cost rate allowed under the Uniform Guidance.

NOTE 4: SUBRECIPIENT

The Authority provided no federal awards to subrecipients during the year ended June 30, 2020

NOTE 5: **DISCLOSURE OF OTHER FORMS OF ASSISTANCE**

The Authority received no federal awards of non-monetary assistance that are required to be disclosed for the year ended June 30, 2020.

The Authority had no loans, loan guarantees, or federally restricted endowment funds required to be disclosed for the year ended June 30, 2020.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

To the Members of the Board Trumbull Metropolitan Housing Authority Warren, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of the Trumbull Metropolitan Housing Authority, Ohio, (the Authority) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated February 9, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Members of the Board Trumbull Metropolitan Housing Authority Warren, Ohio Regional Inspector General of Audit Department of Housing and Urban Development

Report on Compliance for Each Major Federal Program

We have audited the Trumbull Metropolitan Housing Authority, Ohio's (the Authority) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on the Authority's major federal program for the year ended June 30, 2020. The Authority's major federal program is identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Authority's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Authority's compliance.

Opinion on Each Major Federal Program

In our opinion, the Trumbull Metropolitan Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
