We have reviewed the *Independent Auditors' Report* of The University of Toledo Foundation and Subsidiaries, Lucas County, prepared by CliftonLarsonAllen LLP, for the audit period July 1, 2020 through June 30, 2021. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The University of Toledo Foundation and Subsidiaries is responsible for compliance with these laws and regulations.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of The University of Toledo Foundation (a nonprofit organization) and Subsidiaries (collectively, the Foundation), which comprise the consolidated statements of financial position as of June 30, 2021 and 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of The University of Toledo Foundation and Subsidiaries as of June 30, 2021 and 2020, and the changes in their consolidated net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Notes 1 and 13, the consolidated financial statements include investments that are not listed on national exchanges or for which quoted market prices are not available. These investments include limited partnerships, start-up corporations, hedge funds, fund-of-funds, and comingled funds that are not mutual funds. Such investments total approximately \$140,186,000 (20.5% of total assets) and \$117,479,000 (21.6% of total assets) at June 30, 2021 and 2020, respectively. The values of these investments have been provided by the fund managers or general partners in the absence of readily determinable market values.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2021, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Foundation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Foundation's internal control over financial reporting and compliance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2021 AND 2020

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

The University of Toledo Foundation and Subsidiaries (collectively, the Foundation) is a nonprofit Ohio corporation organized to receive, hold, invest, and administer property and to make expenditures to or for the benefit of The University of Toledo (the University).

The consolidated financial statements for the Foundation include accounts of wholly owned subsidiaries, The University of Toledo Foundation Real Estate Corporation and UTF Gateway Investments LLC. The University of Toledo Foundation Real Estate Corporation (the Corporation) was organized to acquire, hold title to, and collect income from real property for the benefit of the Foundation and the University. UTF Gateway Investments LLC (Gateway Investments) was organized for the construction and leasing of real property to house The University of Toledo Gateway (The Gateway), a mixed-use facility to include the University bookstore, retail space, and student off-campus housing.

Assets, liabilities, and operations of all the above entities have been included in the accompanying consolidated financial statements. All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Net Assets Classification

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for specific purpose, an operating reserve and board-designated endowment.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as donor restricted revenue when received and released from restrictions when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand, demand deposits with financial institutions, and short-term investments with maturities less than 90 days that are not part of the long-term investment pool.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2021 AND 2020

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Accounts Receivable

Accounts receivable are stated at net realizable value. An allowance for doubtful accounts is established based on a specific assessment of all invoices that remain unpaid following normal payment periods. All amounts deemed uncollectible are charged against the allowance for doubtful accounts in the period that determination is made. No allowance was deemed necessary at June 30, 2021 and 2020.

Contributions Receivable

Unconditional promises to give are recognized as without donor restrictions, or with donor restrictions revenue based on the donor's intent when amounts are pledged. Conditional promises to give are recognized when the conditions on which they depend are substantially met and the promises become unconditional.

In-Kind Gifts

In-kind gifts, when received, are reflected as contributions in the accompanying consolidated financial statements at the estimated fair value at the date of receipt. The Foundation received in-kind gifts in 2021 and 2020 valued at \$42,915 and \$622,634, respectively.

Investments

Investment securities are stated at fair value following the fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The fair value hierarchy gives priority from highest to lowest to quoted prices in active markets for identical assets (Level 1); inputs other than quoted prices included within Level 1 that are observable for the asset directly or indirectly (Level 2); and unobservable inputs for assets (Level 3). Investments valued at fair value using Level 1 inputs are cash equivalents, common stocks, and mutual funds that have observable quoted prices in active markets. Fair values determined by Level 2 inputs such as interest rates and yield curves are government bonds, government agency bonds, corporate bonds, and certain other funds. Hedge funds and partnerships are measured based on information provided by fund managers and general partners including audited financial statements, unaudited financial statements, and net asset valuations.

Purchases and sales of investment securities are recorded on the trade date. Realized gains or losses from the sale of securities are determined using the cost basis of the securities sold. Interest and dividend income is reported when earned. Investment income and related administrative, investment, and fiduciary expenses are allocated to the funds on a basis that reflects the ratio of the related funds invested in the pooled portfolio to total market value.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

Charitable Remainder Trusts

The Foundation is named as a beneficiary of several irrevocable trusts. The assets of the trusts are held by third parties as co-trustees appointed by the Foundation or by a trustee designated by the donor who manages the assets and distributes the income as defined in each trust. The Foundation's interest in the charitable remainder trusts is recognized based on the fair market value of the trust assets, less any liabilities of the trust. Under a split-interest trust, the donor is paid specified distributions for a future period of time and upon termination of the trust, the Foundation receives all or a portion of the trust assets.

Life Insurance Cash Surrender Value

The Foundation is the owner of certain life insurance policies on various donors who have named the Foundation as beneficiary. These policies are valued at their cash surrender value.

Property and Equipment

Property and equipment over \$25,000 are recorded at cost when purchased. Donated property is recorded at estimated fair market value at the date of acquisition. Depreciation is provided on the straight-line method over the estimated useful lives of the assets, which range from 5 to 39 years. Contributions of long-lived assets, such as property, are recognized as an increase in unrestricted net assets in the year the asset is received. Depreciation expense for the years ended June 30, 2021 and 2020 amounted to \$1,141,618 and \$1,099,740, respectively.

Capitalized Software

Costs related to software purchased for internal use, which are required to be capitalized, are included in property and equipment.

Annuities Payable

Annuities payable represent the cumulative present value of the liabilities to donors of irrevocable charitable gift annuities based on the life expectancy of each annuitant or based upon the fixed term of the annuity. Payments to donors are expected to range from fiscal year 2024 to fiscal year 2052. The present value is determined by applying a discount rate and an annuity factor. The discount rate was 1.20% and 0.06% for fiscal years 2021 and 2020, respectively. Annuity adjustment factors based on IRS Publications 1457 and 1458.

Funds Held for Affiliates

The Foundation raises or holds contributions for affiliates. The Foundation accepts contributions from donors and agrees to transfer those assets, the return on investment of those assets or both, to the affiliate that was specified by the donor.

The Foundation continues to report these funds as assets of the Foundation; however, a liability has been established for the fair value of the funds. All financial activity related to the funds is recorded as adjustments to the funds held for affiliate's liability and is omitted from the consolidated statement of activities.

Administrative Fees

The Foundation charges an annual administrative fee based on endowment balances for managing and administering the investments under its control. In addition, the Foundation charges quarterly administrative fees for pooled investments belonging to the University and The University of Toledo Alumni Association. The University investments include the board-designated reserves and endowments. In 2021 and 2020, the tiered fee ranged from .75%-1.5% of the fund balances and is computed on a rolling twelve quarter average. The amount charged to the University and The University of Toledo Alumni Association was approximately \$3.1 million in 2021 and 2020. Administrative fees charged to restricted funds of the Foundation are included in revenue without donor restrictions.

Bookstore Revenue

Bookstore revenue is recognized at a point in time as further described in Note 11.

Functional Allocation of Expenses

The consolidated financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Invoices for professional fees and purchased services directly relate to the specific function and are therefore posted to the appropriate program or supporting function. There are no shared expenses that require allocation.

Income Tax Status

The Foundation and the Corporation are incorporated under the laws of the state of Ohio as nonprofit corporations and are exempt from state and local income taxes. The Internal Revenue Service (IRS) has determined that the Foundation and the Corporation are tax-exempt organizations as defined under Section 501(c) (3) and Section 501(c) (25) (C), respectively, of the Internal Revenue Code. Other subsidiaries of the Foundation are incorporated in the state of Ohio as limited liability companies and may cause the Foundation to be subject to unrelated business income tax on certain activities unrelated to its primary mission. Management has estimated potential liability to unrelated business income tax to be nominal.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Foundation and recognize a tax liability if the Foundation has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. Management has analyzed the tax positions taken by the Foundation and has concluded that as of June 30, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the consolidated financial statements. The Foundation and Corporation are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue, expenses, and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Change in Accounting Principle

In August 2018, Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13 *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. The ASU removes and modifies fair value measurement disclosure requirements retrospectively for non-public entities. The ASU is effective for fiscal years beginning after December 15, 2019. Application did not have a material impact on the Foundation's consolidated financial statements.

Subsequent Events

We have evaluated subsequent events through September 30, 2021, the date the consolidated financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

	<u>2021</u>	<u>2020</u>
Cash and Cash Equivalents	\$ 2,125,345	\$ 1,536,719
Accounts Receivable - Operations	837,298	808,589
Operating Investments	<u>19,238,864</u>	<u>5,982,666</u>
Total	<u>\$ 22,201,507</u>	<u>\$ 8,327,974</u>

The Foundation's endowment consists of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes and are not available for general expenditure.

The board-designated endowment of \$11,835,697 and \$9,542,348 as of June 30, 2021 and 2020, respectively, is subject to an annual spending rate of 4.0% as described in Note 8. Although we do not intend to spend from this board-designated endowment (other than amounts appropriated for general expenditure as part of our board's annual budget approval and appropriation), these amounts could be made available if necessary.

NOTE 2 LIQUIDITY AND AVAILABILITY (CONTINUED)

The Foundation's nonendowed funds consist of donor-restricted funds and funds designated by the Board for a specific purpose. The balances of those nonendowed funds with donor restrictions are not available for general expenditure.

The Foundation charges an annual administrative fee that ranges from 0.75% to 1.5% as described in Note 1 on the endowed fund balances and other investments under its management. This annual administrative fee is available over the course of the fiscal year for general expenditure.

As part of the Foundation's liquidity management plan, the board designates a portion of any operating surplus to its operating reserve, which was \$4,798,579 and \$4,118,930 as of June 30, 2021 and 2020, respectively. Similar to other board-designated funds, the operating reserve is considered available for general expenditures.

NOTE 3 CONTRIBUTIONS RECEIVABLE

As of June 30, 2021 and 2020, donors to the Foundation have made unconditional promises to give that are measured at fair value. A risk premium has been estimated by management based on uncertainty factors to determine expected future cash flows from unconditional promises to give that are discounted to a net present value based on a risk-free interest rate. Write-offs of uncollectible pledges for the years ended June 30, 2021 and 2020 amounted to \$1,223,301 and \$1,328,508, respectively.

Contributions receivable at June 30 are as follows:

	<u>2021</u>	<u>2020</u>
Within One Year	\$ 7,911,272	\$ 8,387,775
Over One to Five Years	5,077,328	3,885,478
More than Five Years	600,619	295,355
Total	<u>13,589,219</u>	<u>12,568,608</u>
Risk Premium	(879,381)	(784,256)
Present Value Discount	<u>(78,668)</u>	<u>(19,578)</u>
Net Contributions Receivable	12,631,170	11,764,774
Net Due in One Year	7,600,219	8,024,294
Net Due in Excess of One Year	<u>5,030,951</u>	<u>3,740,480</u>
Total Contributions Receivable	<u>\$ 12,631,170</u>	<u>\$ 11,764,774</u>

In May 2006, the Foundation received a pledge of \$15 million to establish three endowed funds to support the University. The timing and amounts of the payments and the amounts allocated to the funds were determined by the donors who agreed to completing the pledge within 15 years. The final pledge payment was received in 2021. The pledge balance due was recorded at fair value as a contribution receivable with a net present value of \$3.1 million as of June 30, 2020.

At the October 2020 meeting, the Foundation Board of Trustees approved new terms for funding by the pooled investment portfolio of up to \$7.3 million for the University capital projects. The terms were changed, from the original loan agreement made in March 2016 and amended in January 2019, and includes extending the full payment of the loan until July 1, 2036. The balance owed to the pool as of June 30, 2021 and 2020, is \$3,778,399 and \$3,996,684, respectively and is included in U.S. Government and Agency Issues above.

NOTE 4 INVESTMENTS (CONTINUED)

On March 30, 2016, the University of Toledo entered into a Grantor Trust Agreement with the Foundation to allow the Foundation to hold title to 8,554.8 shares of VHA-UHC Alliance Newco, Inc. (now known as Vizient Inc.). The purpose for this trust rests in the fact that Vizient, Inc. is a for-profit entity and Ohio law does not permit state entities to hold title or ownership interests in for-profit entities. The initial gift was recorded based on a valuation analysis of the common stock at \$2,000,000 as of June 30, 2016, and a corresponding liability payable to the University of Toledo is recorded and is included as Grantor Trust Payable to a Related Party on the consolidated statement of financial position. The University's interest in Vizient (a private company) is less than 1% and the cost basis is used to record the asset and corresponding liability and the investment is reviewed annually for impairment.

The aggregate carrying amount of the investments measured on a nonrecurring basis included in the nonpooled investments on the consolidated statements of financial position is \$2,038,100 as of June 30, 2021 and 2020. The fair value of these investments is not estimated if there are no identified events or changes in circumstances that may have a significant adverse effect on the fair value of the investment.

The pooled investments provided funding to Gateway Investments in the total amount of \$4.85 million as of June 30, 2021 and 2020. The Foundation's portion of the funding from the pooled investments was approximately \$2.82 million and \$2.77 million as of June 30, 2021 and 2020, respectively. The Foundation's contributions have been eliminated in the consolidating financial statements.

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the consolidated statements of financial position.

NOTE 5 LEASE AGREEMENTS

The Foundation has entered into two lease agreements for office space in their Dorr Street facility. The December 2018 agreement has a five-year term and rent revenue amounted to \$810,000 for years ended June 30, 2021 and 2020. Future annual rent to be received under this lease is as follows: \$810,000 for each fiscal year 2022 and 2023, and \$405,000 for 2024 for a total of \$2,025,000. The December 2019 agreement has a three-year term and rent revenue amounted to \$119,444 and \$58,333 for the years ended June 30, 2021 and 2020. Future rent to be received under this lease is \$133,333 for 2022 and \$55,556 for 2023 for a total of \$188,889. Total rental income to be received under the aforementioned leases amounts to \$2,213,889 at June 30, 2021.

NOTE 6 PENSION PLANS

The Foundation has noncontributory defined contribution retirement plans covering all permanent employees who have at least 1,000 hours of service in a 12-consecutive-month period. Contributions are based on a percentage of gross wages. Several employees that were originally covered by the Ohio Public Employees Retirement System (OPERS) prior to the Foundation having its own employees were grandfathered into OPERS. There is one active employee covered by OPERS at June 30, 2021 and 2020. Employees participate in only one of the retirement plans. Total pension expense for the years ended 2021 and 2020 was \$299,112 and \$300,562, respectively.

Total Net Assets Released from Donor Restrictions	\$ 12,334,616	\$ 14,890,256

Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTE 8 ENDOWMENT FUNDS

The Foundation's endowment consists of funds established for a variety of purposes. The endowment consists of donor-restricted and board-designated endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the governing board to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The board of trustees of the Foundation (the Board) has reviewed UPMIFA and recognizes the importance of the preservation of the donor-restricted endowment funds absent explicit donor stipulations as well as the safeguarding of the original gifts to provide support to the University in perpetuity. As a result, the Foundation classifies net assets with donor restrictions of a perpetual nature as (a) the original gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

The remaining portion of the donor-restricted endowment fund that is not classified as perpetual in nature are classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standards of prudence prescribed by UPMIFA.

THE UNIVERSITY OF TOLEDO FOUNDATION AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2021 AND 2020

NOTE 8 ENDOWMENT FUNDS (CONTINUED)

Interpretation of Relevant Law (Continued)

In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- Duration and preservation of the endowment fund
- Purpose of the Foundation and the endowment fund
- General economic conditions
- Possible effect of inflation or deflation
- Expected total return from income and the appreciation of investments
- Other resources of the Foundation
- Investment policy of the Foundation

Funds with Deficiencies

The objective is to achieve a total return in excess of the broad policy benchmarks comprised of each broad asset category weighted by its target allocation. The current broad policy benchmarks are:

U.S. Equity: Russell 3000

International Equity: MCSCI ACWI ex-U.S.

Global Fixed Income: Bloomberg Barclays U.S. Aggregate Index

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. These deficiencies result from unfavorable market fluctuations or continued appropriation for certain programs deemed prudent by the board. These deficiencies, \$935 and \$45,580 at June 30, 2021 and 2020, respectively, are reported in net assets with donor restrictions.

Strategies Employed for Achieving Objectives

To satisfy its long-term total return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places greater emphasis on equity-based investments constructed with prudent risk constraints. Over time, the Foundation expects its endowment funds to provide an average rate of return in excess of average appropriations.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Foundation has a spending policy based on a three-year moving market value average of invested funds. The Foundation appropriated 4% for fiscal years 2021 and 2020. In establishing this policy, the Foundation considered the long-term expected total return on endowment assets. Accordingly, over the long-term, the Foundation expects the current spending policy to allow its endowments to accumulate capital sufficient to maintain its purchasing power.

NOTE 8 ENDOWMENT FUNDS (CONTINUED)

Spending Policy and How the Investment Objectives Relate to Spending Policy
(Continued)

The above schedule and balances reflect contributions receivable of approximately \$6,549,500 and \$6,307,000 for endowed net assets with donor restrictions, for the fiscal years ended June 30, 2021 and 2020, respectively. Other transfers include appropriations in accordance with the 4% spending policy and satisfaction of donor restrictions.

Net assets related to charitable remainder trusts of approximately \$2,438,900 and \$1,751,500 for fiscal years ended June 30, 2021 and 2020, respectively, are included in the above net assets with donor restrictions, classified based on the donors' restrictions. Charitable remainder trusts have assets invested based on the donors' directive. Spending from net assets of charitable remainder trusts commences upon the maturity of the trust.

Other transfers and funds appropriated for expenditures of net assets with donor restrictions relate mainly to transfers of endowed spendable earnings to operating net assets, as well as reclassifications due to changes in donor intent through revised fund agreements or other communications.

NOTE 9 RELATED PARTY TRANSACTIONS

During fiscal year 2020, the Foundation transferred land with a cost of \$977,271 to the University.

As further described in Note 5, the Foundation began leasing space to a tenant in December 2019, for an annual amount of \$100,000, subject to a potential rent adjustment based on the tenant's positive net operating income. Total rental income from the aforementioned lease amounted to \$119,444 and \$58,333 in fiscal year 2021 and 2020, respectively.

Throughout the year, the Foundation has purchased goods or services from companies which are related to some Foundation board members through ownership or employment, the amounts of which are immaterial.

As further documented at Note 4, the Foundation Board of Trustees approved funding by the pooled investment portfolio of up to \$6 million for University capital projects. This 10-year loan was approved by the University in July 2016 with the first draw of \$2.15 million in August 2016. The balance owed to the pool as of June 30, 2021 and 2020 is \$3,778,399 and \$3,996,684, respectively.

NOTE 10 REAL ESTATE CORPORATION

The Corporation entered into a Ground Lease Agreement (the lease) for property it owns on Dorr Street, effective July 1, 2010. The lease has an initial term of 20 years and provides for four additional option periods with each option period including five additional years. During the initial term, base rent of \$32,000 was paid per year for the first five years. Each sequential five years will include an 8% increase to the base rent. As of July 1, 2015, the effective base rate is \$34,560. After the initial 20-year term, the base rent will be determined by the prevailing fair market rental value.

NOTE 11 UTF GATEWAY INVESTMENTS

Gateway Investments entered into an amended and restated ground lease agreement with the University on July 26, 2011. The University agreed to lease Gateway Investments land for an initial term of 40 years commencing on July 1, 2011, with two optional 10-year extension periods. Gateway Investments developed and constructed The Gateway on the premises.

On November 17, 2011, Gateway Investments and the Foundation, as guarantor, issued senior secured notes in the amount of \$10.8 million in connection with the long-term financing of The Gateway. The notes are secured through the open-end mortgage, security agreement, assignment of leases, and rents and fixture filings. The notes were privately placed with a bank. The notes bear an interest rate of 4.9% and mature on November 1, 2027. Annual principal payments range from \$304,868 to \$6,159,592 and are payable on November 1. As part of the note purchase agreement, the Foundation is required under the guarantor covenant to maintain total net assets in excess of \$140 million.

In connection with the issuance of the senior notes, Gateway Investments incurred costs of approximately \$271,000 that are amortized over the life of the notes through 2027 on a straight-line basis.

Minimum principal and interest payments on the notes to maturity as of June 30, 2021 are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

During fiscal year 2015, a board resolution established a Bond Sinking Fund to invest funds to meet the balloon principal payment of approximately \$6.1 million that matures November 1, 2027. After an initial investment of \$330,000 on December 22, 2014, quarterly transfers of \$82,500 from operating accounts commenced.

The Foundation entered into a lease agreement with Gateway Investments on August 31, 2011, to occupy retail space for a collegiate bookstore. The term of the agreement is 15 years with three five-year renewal options. The minimum annual rent is approximately \$293,000 for lease years 1 through 5; \$302,000 for lease years 6 through 10; \$311,000 for lease years 11 through 15; \$320,000 for lease years 16 through 20; \$329,000 for lease years 21 through 25; and \$339,000 for lease years 26 through 30. This rent is eliminated in consolidation.

NOTE 11 UTF GATEWAY INVESTMENTS (CONTINUED)

The Foundation has a management agreement with Barnes & Noble to provide services to manage the collegiate bookstore and provide the bookstore inventory located within The Gateway through June 30, 2027, with an automatic renewal for one additional five-year term. The bookstore is operated under the Barnes & Noble trade name. Under the terms of the agreement, Barnes & Noble pays the Foundation a variable fee on aggregate collectible sales. The variable fee is 11% of collectible sales up to \$10 million; 12.5% of collectible sales between \$10 million and \$12 million; and 14% of collectible sales in excess of \$12 million. Revenue recognized related to the operation of the bookstore was approximately \$3,455,000 in fiscal year 2021 and approximately \$4,549,000 in fiscal year 2020 and is included in bookstore revenue on the consolidated statement of activities.

Related expense recognized was approximately \$3,185,000 in fiscal year 2021 and approximately \$4,166,000 in fiscal year 2020 and is included in bookstore expenses on the consolidated statements of activities.

Gateway Investments is the landlord for seven other leases, and such leases include renewal options that include terms from three to ten years. Total rent revenue related to these leases was approximately \$545,000 in 2021 and \$558,000 in 2020.

The following table summarizes the expected rent receipts during the initial terms of contracts:

NOTE 13 FAIR VALUE MEASUREMENTS

The Foundation uses fair value measurements to define fair value and establish a framework for measuring fair value. The three-level fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Foundation has the ability to access. Fair values determined by Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Foundation's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Disclosures concerning assets measured at fair value on a recurring basis for June 30, 2021 are as follows:

The Foundation measures contributions receivable at fair value to provide a valuation based on current yield curves and create consistency in financial presentation with measurements of other financial instruments. Fair value is determined using the present value technique, adjusting cash flows from unconditional promises to give by a risk premium and then discounting the expected cash flows, net of risk premium, using a risk-free interest rate based on current market conditions. The risk premium is determined for each individual pledge based on any expected variance in timing of payments, pledges past due, donor's relationship with the Foundation, publicity of the pledge, the Foundation's collection history, and any other relevant information.

NOTE 14 CONCENTRATION OF CREDIT RISK

The Foundation and Corporation have noninterest-bearing accounts that are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. The Foundation maintains other cash balances at several financial institutions. Other cash accounts are insured by the FDIC Corporation up to \$250,000. During the fiscal years ended June 30, 2021 and 2020, the Foundation maintained balances that exceeded insurable limits.

NOTE 15 CARES ACT PAYROLL PROTECTION PLAN LOAN

On April 13, 2020, the Foundation received a loan from Fifth Third Bank in the amount of \$905,000 to fund payroll, rent, utilities, and interest on mortgages and existing debt through the Paycheck Protection Program Flexibility Act of 2020 (the PPO Loan). The PPP Loan was forgiven by the U.S. Small Business Administration (SBA) in January 2021 and the Foundation recognized revenue of \$905,000 at this time.

The SBA may review funding eligibility and usage of funds in compliance with the program based on dollar thresholds and other factors. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; however, management is of the opinion that any review will not have a material adverse impact on the Foundation's financial position.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION

Board of Trustees
The University of Toledo Foundation and Subsidiaries
Toledo, Ohio

We have audited the consolidated financial statements of The University of Toledo Foundation and Subsidiaries as of and for the years ended June 30, 2021 and 2020, and have issued our report thereon dated September 30, 2021, which contained an unmodified opinion on those consolidated financial statements. Our audits were performed for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information is presented for the purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees
The University of Toledo Foundation
Toledo, Ohio

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of The University of Toledo Foundation, which comprise the consolidated statement of financial position as of June 30, 2021, and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 30, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered The University of Toledo Foundation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The University of Toledo Foundation's internal control. Accordingly, we do not express an opinion on the effectiveness of The University of Toledo Foundation's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The University of Toledo Foundation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
