Members of the Board
Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties
919 7th St.
Portsmouth, OH 45662

We have reviewed the *Independent Auditor's Report* of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties, Scioto County, prepared by Millhuff-Stang, CPA, Inc., for the audit period January 1, 2021 through December 31, 2021. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties is responsible for compliance with these laws and regulations.

Report on the Audit of Financial Statements

Opinions

We have audited the cash-basis financial statements of the governmental activities, the major fund, and the aggregate remaining fund information of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties, Scioto County (the Board), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective cash-basis financial position of the governmental activities, the major fund, and the aggregate remaining fund information of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties, Scioto County, as of December 31, 2021, and the respective changes in cash-basis financial position thereof and the budgetary comparison for the General Fund for the year then ended in accordance with the cash-basis of accounting described in Note 1.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter – Accounting Basis

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Emphasis of Matter – COVID-19

As discussed in Note 8 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Board. We did not modify our opinion regarding this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the cash basis of accounting described in Note 1, and for determining that the cash basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board's basic financial statements. The Schedule of Federal Awards Expenditures as required by Title 2 U.S. *Code of Federal Regulations (CFR)* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statement themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Federal Awards Expenditures is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

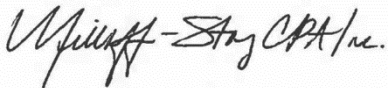

Other Information

We applied no procedures to management's discussion & analysis as listed in the table of contents. Accordingly, we express no opinion or any other assurance on them.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 29, 2022 on our consideration of the Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control over financial reporting and compliance.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**
*Management's Discussion and Analysis
For the Year Ended December 31, 2021
Unaudited*

This discussion and analysis provides key information from management highlighting the overall financial performance of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties (the Board) for the year ended December 31, 2021, within the limitations of the Board's cash basis of accounting. This is meant to be an easily readable summary of the most important financial information regarding the accompanying financial statements. Please read it in conjunction with the Board's financial statements.

Financial Highlights

Key financial highlights for 2021 are as follows:

- Net position of governmental activities increased by \$246,369 or 10.95 percent.
- The Board's major fund had \$4,839,259 in receipts and \$4,592,890 in disbursements. The fund balance increased by \$246,369.
- General receipts accounted for \$1,246,124 or 25.75 percent of total receipts. Program specific receipts in the form of operating grants and contributions accounted for \$3,593,135 or 74.25 percent of the total receipts of \$4,839,259.
- The Board had \$4,592,890 in disbursements related to governmental activities; \$3,593,135 of the disbursements have been offset by program specific operating grants and contributions. General receipts of \$1,246,124 were adequate to provide additional monies for these programs.

Using this Annual Financial Report

This annual report consists of a series of financial statements presented in a format consistent with the presentation requirements of Governmental Accounting Standards Board Statement No. 34, as applicable to the Board's cash basis of accounting. The Board's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Report Components

The statement of net position and the statement of activities, prepared on a cash basis, provide information about the cash activities of the Board as a whole.

Fund financial statements provide a greater level of detail. The fund is created and maintained in the financial records of the Board. These statements present financial information for the fund.

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements.

Basis of Accounting

The basis of accounting is a set of guidelines that determine when financial events are recorded. The Board has elected to present its financial statements on a cash basis of accounting. This basis of accounting is a basis of accounting other than generally accepted accounting principles. Under the Board's cash basis of accounting, receipts and disbursements are recorded when cash is received or paid.

As a result of using the cash basis of accounting, certain assets and their related revenues (such as accounts receivable) and certain liabilities and their related expenses (such as accounts payable) are not recorded in the

Scioto County**
*Management's Discussion and Analysis
For the Year Ended December 31, 2021
Unaudited*

financial statements. Therefore, when reviewing the financial information and discussion within this report, the reader must keep in mind the limitations resulting from the use of the cash basis of accounting.

Reporting the Board as a Whole

The statement of net position and the statement of activities reflect how the Board did financially during 2021, within the limitations of cash basis accounting. The statement of net position presents the cash balance of the Board at year end. The statement of activities compares cash disbursements with program receipts for each governmental program. Program receipts include operating grants and contributions restricted to meeting the operational requirements of a particular program. General receipts are all receipts not classified as program receipts. The comparison of cash disbursements with program receipts identifies how each governmental function draws from the Board's general receipts.

These statements report the Board's cash position and the changes in cash position. Keeping in mind the limitations of the cash basis of accounting, you can think of these changes as one way to measure the Board's financial health. Over time, increases or decreases in the Board's cash position is one indicator of whether the Board's financial health is improving or deteriorating. There are many factors, some financial and some not financial, that affect the change in the Board's financial health.

In the statement of net position and the statement of activities, the Board has one type of activity:

Governmental activity - All of the Board's basic services are reported here. State and federal grants finance most of these activities. Benefits provided through governmental activities are not necessarily paid for by the people receiving them.

Reporting the Board's Most Significant Funds

Fund financial statements provide detailed information about the Board's major fund, the general fund. The fund is established to manage the Board's activities and to help demonstrate that restricted money is being spent for the intended purpose.

Governmental Funds – Most of the Board's activities are reported in governmental funds. The governmental fund financial statements provide a detailed view of the Board's governmental operations and the basic service it provides. Governmental fund information helps determine whether there are more or less financial resources that can be spent to finance the Board's programs.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the Board. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Board's own programs. This basis of accounting used for fiduciary funds is the cash basis of accounting. The Board's only fiduciary fund is a custodial fund.

The Board as a Whole

Table 1 reflects the Board's net position in 2021 compared to 2020 on a cash basis.

Table 1
Net Position—Cash Basis

Governmental Activities

	2021	2020
Assets		
Cash Equivalents	\$2,496,717	\$2,250,348
<i>Total Assets</i>	2,496,717	2,250,348
Net Position		
Restricted	1,748,196	1,475,875
Unassigned	748,521	774,473
<i>Total Net Position</i>	\$2,496,717	\$2,250,348

Total net position increased by \$246,369. The increase is primarily due to a timing difference related to funding received by the Board and payments made to providers.

Table 2 shows the changes in net position on a cash basis for the year ended December 31, 2021, compared to December 31, 2020 for governmental activities:

Table 2
Changes in Net Position

Governmental Activities

	2021	2020	Change
Receipts			
Program Cash Receipts			
Operating Grants and Contributions	\$3,593,135	\$2,642,836	\$950,299
<i>Total Program Cash Receipts</i>	3,593,135	2,642,836	950,299
General Receipts			
Entitlements-Unrestricted	1,121,101	1,093,494	27,607
Other Receipts	125,023	75,973	49,050
<i>Total General Receipts</i>	1,246,124	1,169,467	76,657
<i>Total Receipts</i>	4,839,259	3,812,303	1,026,956
Disbursements			
Mental Health and Recovery Services:			
Agency Provider Contracts/Drug Court Grants	3,835,009	2,960,230	874,779
Other Operations	757,881	734,759	23,122
<i>Total Disbursements</i>	4,592,890	3,694,989	897,901
<i>Change in Net Position</i>	\$246,369	\$117,314	\$129,055

Table 2 shows an increase of \$950,299 in operating grants and contributions due to timing of grant requests.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**

*Management's Discussion and Analysis
For the Year Ended December 31, 2021
Unaudited*

During 2021 entitlements increased by \$27,607 due to the Board's state allocation being increased. The receipts consist mainly of Federal Grants, State Grants, State Subsidies and entitlements. Other receipts increased by \$49,050 due to increase in contributions received.

The majority of disbursements were for contract services accounting for \$3,835,009 or 83.50 percent of the total cash disbursements. These disbursements increased significantly between years due to additional funding received during the year available for expenditure.

The Statement of Activities – Cash Basis shows the cost of program services and the operating grants and contributions offsetting those services. Table 3 shows the total cost of services compared to the net cost of the services. The Net cost of services represents the cost of the program service which must be paid from the general receipts which consist of unrestricted grants, state entitlements, and other receipts.

Table 3

Governmental Activities

	Total Cost of Services 2021	Total Cost of Services 2020	Net Cost of Services 2021	Net Cost of Services 2020
Mental Health and Recovery Services:				
Agency Provide Contracts/Drug Court Grants	\$3,835,009	\$2,960,230	\$241,874	\$317,394
Salaries and Benefits	547,610	503,651	547,610	503,651
Supplies	11,511	13,826	11,511	13,826
Equipment	0	5,911	0	5,911
Rentals	54,060	53,640	54,060	53,640
Repairs	109	426	109	426
Travel	3,248	4,159	3,248	4,159
PERS	52,535	49,974	52,535	49,974
Workers Comp	4,508	5,364	4,508	5,364
Other	84,300	97,808	84,300	97,808
<i>Total Disbursements</i>	\$4,592,890	\$3,694,989	\$999,755	\$1,052,153

The dependence upon state and federal funds for governmental activities, including unrestricted entitlements, is apparent as all of alcohol, drug addiction and mental health services costs are supported through these funds for 2021.

The Board's Fund

The governmental fund had receipts of \$4,839,259 and disbursements of \$4,592,890. The fund balance increased by \$246,369 as the result of a timing difference between provider non-Medicaid payments made and federal and state funds received.

General Fund Budgeting Highlights

The Board's budget is prepared according to Ohio law and is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. During 2021, the Board amended its budget several times to reflect changing circumstances.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**
*Management's Discussion and Analysis
For the Year Ended December 31, 2021
Unaudited*

Economic Factors

The Board contracts with five provider agencies to deliver mental health and addiction services to the residents of Adams, Lawrence, and Scioto Counties. The Board will be challenged to maintain the current level of services and programs due to a projected decreasing receipts base and ordinary inflation. The Board and its administration must maintain careful financial planning and prudent fiscal management in order to balance the budget annually.

Contacting the Board's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Board's finances and to reflect the Board's accountability for the monies it receives. Questions concerning any of the information in this report or requests for additional information should be directed to Marcy Kristian, Fiscal Manager, Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties, 919 7th Street, Portsmouth, Ohio 45662.

*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties (the Board) is a body corporate and politic established to exercise the rights and privileges conveyed to it by the constitution and laws of the State of Ohio. The Board is required to be directed by fourteen-member Board. Board members are appointed by Director of Mental Health and Addictions Services and the County Commissioners of the political subdivisions making up the Board's service area. The Board includes members from those legislative authorities as well as citizens of the participating subdivisions. Those subdivisions are Adams County, Lawrence County and Scioto County. The Board provides Mental Health and Addiction services and programs to citizens of the Board. These services are provided primarily through contracts with private and public agencies. The Director of Mental Health and Addiction Services shall appoint six members of the Board and the Board of County Commissioners shall appoint eight members proportionate to each County's population to the population of the whole district with at least one member being appointed from each County.

The Board's management believes this financial statement presents all activities for which the Board is financially accountable.

A reporting entity is comprised of the primary government, component units and other organizations included ensuring that the basic financial statements are not misleading. The primary government of the Board consists of all funds, departments, boards and agencies that are not legally separate from the Board.

Component units are legally separate organizations for which the Board is financially accountable. Component units may also include organizations that are fiscally dependent on the Board in that the Board approves their budget, the issuance of their debt or the levying of their taxes. The Board has no component units.

The Board serves as the administrative agent for the Lawrence County Appalachian Family Children First Council, but the Council is not a part of the Board. Accordingly, the activity of the Council is reported as a custodial fund within the financial statements.

B. Basis of Presentation

These financial statements and notes are presented on a cash basis of accounting. The Board recognizes receipts when received in cash rather than when earned and recognizes disbursements when paid rather than when a liability is incurred. This cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Government Accounting Standards Board (GASB) pronouncements.

Budgetary presentations report budgetary expenditures when a commitment is made (I.e., when an encumbrance is approved). Differences between disbursements reported in the fund and entity wide statements versus budgetary expenditures are due to encumbrances outstanding at the beginning and end of the fiscal year. The Board has no outstanding encumbrances at December 31, 2021.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government-wide Financial Statements - The statement of net position and the statement of activities display information about the Board as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish those activities of the Board that are governmental and those that are considered business-type activities. The Board has no business-type activities.

The Statement of Net Position presents the cash balance of the governmental activities of the Board at year-end. The government-wide statement of activities presents a comparison between direct disbursements and program receipts for each of the Board's governmental activities. Direct disbursements are those that are for a specific service, program or department and are therefore identifiable to a particular function. Program receipts include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts which are not classified as program receipts are presented as general receipts of the Board with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the Board.

Fund Financial Statements - Fund financial statements report detailed information about the Board. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. The Board has only one major fund, The General Fund. Fiduciary funds are reported by type.

C. Fund Accounting

The Board uses funds to report its financial position and results of operations. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. The funds of the Board are presented in two categories: governmental and fiduciary.

Governmental Funds – Governmental funds are those through which most governmental functions of the Board are financed. The following is the Board's major governmental fund:

General Fund – The general fund is established to account for proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes for which the board was established.

Fiduciary Funds – Fiduciary fund reporting focuses on cash basis assets and changes in net cash position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and custodial funds. Trust funds are used to account for assets held by the Board under a trust agreement, or equivalent arrangement that has certain characteristics, for individuals, private organizations, or other governments and are therefore not available to support the Board's own programs. The Board has no trust funds. The Board's only fiduciary fund is a custodial fund that accounts for assets held by the Board for a political subdivision for which the Board acts as fiscal agent.

D. Basis of Accounting

The Board's Financial Statements are prepared using the cash basis of accounting. Receipts are recorded in the board's financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**
*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

As a result of the use of the cash basis of accounting, certain revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

E. Budgetary Process

Ohio law requires all funds, except custodial funds, to be budgeted and appropriated. The major documents prepared are the appropriation resolution and the certificate of estimated resources, which use the budgetary basis of accounting. The certificate of estimated resources establishes a limit on the amounts that the Board may appropriate. The appropriation resolution is the Board's authorization to spend resources and sets annual limits on expenditures plus encumbrances at a level of control selected by the Board. The Board uses the fund, function and object as its legal level of control.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified. The amounts reported as the original budgeted amounts, on the budgetary statement reflect the amounts on the certificate of estimated resources when the original appropriations were approved. The amounts reported as the final budgeted amounts on the budgetary statement reflects the amounts on the amended certificates of estimated resources in effect at the time final appropriations were approved by the Board of Directors.

The Board may amend appropriations throughout the year with the restriction that appropriations may not exceed estimated resources. The amounts reported as the original budget reflect the first appropriation for that fund covering the entire fiscal year, including amounts automatically carried over from prior years. The amounts reported as the final budget represent the final appropriation the Board passed during the year.

F. Cash and Cash Equivalents

As required by Ohio Revised Code, the Scioto County Treasurer is custodian for the Board's cash. The Board's cash is held in the County's cash and investment pool, and is valued at the County Treasurer's carrying amount.

G. Capital Assets

The Board records disbursement for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

H. Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Scioto County**
*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

I. Fund Balance

Fund Balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

1. Nonspendable

The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash.

2. Restricted

Fund balance is reported as *restricted* when constraints placed on the use of resources is either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions.

3. Committed

The Committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (resolution) of the Board. Those committed amounts cannot be used for any other purpose unless the Board removes or changes the specific use by taking the same type of action (resolution) it employed to previously commit those amounts. In contrast to fund balance that is restricted by enabling legislation, the committed fund balance classification may be redeployed for other purposes with appropriate due process. Constraints imposed on the use of committed amounts are imposed by the Board separate from the authorization to raise the underlying revenue; therefore, compliance with these constraints is not considered to be legally enforceable. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

4. Assigned

Amounts in the assigned fund balance classification are intended to be used by the Board for specific purposes but do not meet the criteria to be classified as *restricted* or *committed*. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the general fund, *assigned* amounts represent intended uses established by the Board or a Board official delegated that authority by resolution, or by State Statute.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**
*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

5. Unassigned

Unassigned fund balance is the residual classification for the general fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The Board applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

J. Net Position

Net position is reported as restricted when there are limitations imposed on use either through enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position restricted for other purposes includes resources restricted for the various purposes of the grants received by the Board.

The Board's policy is to first apply restricted resources when an obligation is incurred for purposes for which both restricted and unrestricted net position is available.

K. Employer Contributions to Cost-Sharing Pension Plans

The Board recognizes the disbursement for employer contributions to cost-sharing pension plans when they are paid. As described in Notes 3 and 4, the employer contributions include portions for pension benefits and for other postemployment benefits (OPEB).

2. DEPOSITS AND INVESTMENTS

As required by the Ohio Revised code, the Scioto County Treasurer is custodian for the Board's deposits. The county's deposit and investment pool holds the Board's assets, valued at the Treasurer's reported carrying amount.

3. DEFINED BENEFIT PENSION PLAN

Plan Description – Ohio Public Employees Retirement System (OPERS)

Plan Description - Board employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administer three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a combination cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and a defined contribution plan. While members (e.g. Board employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**

*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

3. DEFINED BENEFIT PENSION PLAN (Continued)

OPERS provide retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS ACFR referenced above for additional information):

Group A	Group B	Group C
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for services years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Combined Plan Formula: 1% of FAS multiplied by years of Service for the first 30 years and 1.25% For service years in excess of 30	Combined Plan Formula: 1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Combined Plan Formula: 1% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Final average salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The initial amount of a member's pension benefit is vested upon receipt of the initial benefit payment for calculation of an annual cost-of-living adjustment.

When a traditional plan benefit recipient has received benefits for 12 months, current law provides for an annual cost of living adjustment (COLA). This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost-of-living adjustment of the defined benefit portion of their pension benefit. For those retiring prior to January 7, 2013, the COLA is 3 percent. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3 percent.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**

*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

3. DEFINED BENEFIT PENSION PLAN (Continued)

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Beginning in 2022, the Combined Plan will be consolidated under the Traditional Pension Plan (defined benefit plan) and the Combined Plan option will no longer be available for new hires beginning in 2022.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local
2021 Statutory Maximum Contribution Rates	
Employer	14.0%
Employee	10.0%
2021 Actual Contribution Rates	
Employer:	
Pension	14.0%
Post-employment Health Care Benefits	0
Total Employer	14.0%
Employee	10.00%

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The Board's contractually required contribution was \$52,535 for the year 2021.

of Adams, Lawrence and Scioto Counties
Scioto County**

*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

4. POST-EMPLOYMENT BENEFITS

Ohio Public Employees Retirement System (OPERS)

Plan Description – Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan-a cost sharing, multiple-employer defined benefit pension plan; the member-directed plan-a defined contribution plan; and the combined plan-a cost sharing, multiple employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit postemployment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. Currently, Medicare-eligible retirees are able to select medical and prescription drug plans from a range of options and may elect optional vision and dental plans. Retirees and eligible dependents enrolled in Medicare Parts A and B have the option to enroll in a Medicare supplemental plan with the assistance of the OPERS Medicare Connector. The OPERS Medicare Connector is a relationship with a vendor selected by OPERS to assist retirees, spouses and dependents with selecting a medical and pharmacy plan. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are deposited into an HRA. For non-Medicare retirees and eligible dependents, OPERS sponsors medical and prescription coverage through a professionally managed self-insured plan. An allowance to offset a portion of the monthly premium is offered to retirees and eligible dependents. The allowance is based on the retiree's years of service and age when they first enrolled in OPERS coverage.

Medicare-eligible retirees who choose to become re-employed or survivors who become employed in an OPERS-covered position are prohibited from participating in an HRA. For this group of retirees, OPERS sponsors secondary coverage through a professionally managed self-insured program. Retirees who enroll in this plan are provided with a monthly allowance to offset a portion of the monthly premium. Medicare-eligible spouses and dependents can also enroll in this plan as long as the retiree is enrolled.

OPERS provides a monthly allowance for health care coverage for eligible retirees and their eligible dependents. The base allowance is determined by OPERS.

The health care trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or separation, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

Effective January 1, 2022, OPERS will discontinue the group plans currently offered to non-Medicare retirees and re-employed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan. OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit with a minimum age of 60, or generally 30 years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. Current retirees eligible (or who become eligible prior to January 1, 2022) to participate in the OPERS health care program will continue to be eligible after January 1, 2022. Eligibility requirements will change for those retiring after January 1, 2022, with differing eligibility requirements for Medicare retirees and non-Medicare retirees. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' Annual Comprehensive Financial Report referenced below for additional information.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**

*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

4. POST-EMPLOYMENT BENEFITS (Continued)

The Ohio Revised code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

OPERS issues a stand-alone financial report. Interested parties may obtain a copy by visiting <http://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or (800) 222-7377.

Funding Policy-The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan and the combined plan.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2021, State and Local employers contributed at a rate of 14.0 percent of earnable salary. This is the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2021, OPERS did not allocate any employer contribution to health care for members in the traditional pension plan and combined plan. The OPERS Board is also authorized to establish rules for the retiree or their serving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the a member-directed plan for 2021 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The Board's contractually required contribution was \$0 for 2021.

5. RISK MANAGEMENT

Commercial Insurance

The Board has obtained commercial insurance for the following risks:

- Comprehensive property and general liability;
- Errors and omissions.
- Directors and Officers Liability

The Board also provides health, life, and disability insurances, and dental and vision coverage to full-time employees through a private carrier.

**Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
Scioto County**
*Notes to the Basic Financial Statements
Year Ended December 31, 2021*

6. CONTINGENCIES

Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor, principally the federal government. Any disallowed costs may require refunding to the grantor. Amounts which may be disallowed, if any, are not presently determinable. However, based on prior experience, management believes such refunds, if any, would not be material.

Litigation

The Board is currently not involved in legal proceedings.

7. FUND BALANCES

Fund Balance is classified as nonspendable, restricted, committed, assigned and/or unassigned based primarily on the extent to which the Board is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the General Fund are presented below:

Fund Balances	<u>General Fund</u>
Restricted for	
Other Purposes-Federal Grants	\$1,331,302
Addiction Treatment Program for Drug Courts	252,278
Community Transition Program for prison release	<u>164,616</u>
<i>Total Restricted</i>	1,748,196
Unassigned	<u>748,521</u>
<i>Total Fund Balances</i>	<u><u>\$2,496,717</u></u>

8. COVID-19

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021 while the national state of emergency continues. During 2021, the Board received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Board. The impact of the Board's future operating costs, revenues, and any additional recovery from emergency funding, either federal or state, cannot be estimated.

Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties
Scioto County

Notes to the Schedule of Federal Awards Expenditures

2 CFR 200.510(b)(6)

Year Ended December 31, 2021

NOTE A – BASIS OF PRESENTATION

The accompanying schedule of federal Awards expenditures (the Schedule) includes the federal award activity of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties (the Board) under programs of the federal government for the year ended December 31, 2021. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the Board, it is not intended to and does not present the financial position and change in cash financial position of the Board.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement. The Board has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The Board passes certain federal awards received from the Ohio Department of Developmental Disabilities and the Ohio Department of Mental Health and Addiction Services to other governments or not-for-profit agencies (subrecipients). As Note B describes the Board reports expenditures of Federal awards to subrecipients when paid in cash. As a subrecipient, the Board has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and the provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals.

NOTE D – MATCHING REQUIREMENTS

Certain Federal programs require the Board to contribute non-Federal funds (matching funds) to support the federally funded programs. The Board has met its matching requirements. The schedule does not include the expenditure of non-Federal matching funds.

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Independent Auditor's Report

Board of Directors
Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
919 Seventh Street
Portsmouth, Ohio 45662

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties, Scioto County (the Board) as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Board's basic financial statements, and have issued our report thereon dated July 29, 2022, wherein we noted the Board uses a special purpose framework other than generally accepted accounting principles. We also noted the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Board.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Board's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

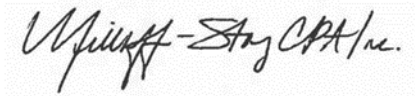

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance For Each Major Federal Program and on Internal Control Over Compliance
Required by the Uniform Guidance**

Independent Auditor's Report

Board of Directors
Alcohol, Drug Addiction and Mental Health Services Board
of Adams, Lawrence and Scioto Counties
919 Seventh Street
Portsmouth, Ohio 45662

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Alcohol, Drug Addiction and Mental Health Services Board of Adams, Lawrence and Scioto Counties', Scioto County (the Board) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the Board's major federal program for the year ended December 31, 2021. The Board's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Board complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Board and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Board's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the Board's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Board's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Board's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Board's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Board's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

of Adams, Lawrence and Scioto Counties
Report on Compliance For Each Major Federal Program and on Internal Control Over Compliance
Required by the Uniform Guidance
Page 3

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
