Board of Directors  
Council of Allen County Schools Health Benefits Consortium  
1920 Slabtown Rd  
Lima, OH 45801

We have reviewed the *Independent Auditor's Report* of the Council of Allen County Schools Health Benefits Consortium, Allen County, prepared by Plattenburg & Associates, Inc., for the audit period July 1, 2020 through June 30, 2021. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The Council of Allen County Schools Health Benefits Consortium is responsible for compliance with these laws and regulations.

A handwritten signature in cursive script that reads "Keith Faber".

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Council of Allen County Schools Health Benefits Consortium

### Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the Council of Allen County Schools Health Benefits Consortium, (the Consortium), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Consortium's basic financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for preparing and fairly presenting these financial statements in accordance with the modified cash accounting basis Note 2 describes. This responsibility includes determining that the modified cash accounting basis is acceptable for the circumstances. Management is also responsible for designing, implementing, and maintaining internal control relevant to preparing and fairly presenting financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to opine on these financial statements based on our audit. We audited in accordance with auditing standards generally accepted in the United States of America and the financial audit standards in the Comptroller General of the United State's *Government Auditing Standards*. Those standards require us to plan and perform the audit to reasonably assure the financial statements are free from material misstatement.

An audit requires obtaining evidence about financial statement amounts and disclosures. The procedures selected depend on our judgment, including assessing the risks of material financial statement misstatement, whether due to fraud or error. In assessing those risks, we consider internal control relevant to the Consortium's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not to the extent needed to opine on the effectiveness of the Consortium's internal control. Accordingly, we express no opinion. An audit also includes evaluating the appropriateness of management's accounting policies and the reasonableness of their significant accounting estimates, as well as our evaluation of the overall financial statement presentation.

We believe the audit evidence we obtained is sufficient and appropriate to support our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash financial position of the Consortium, as of June 30, 2021, and the respective changes in modified cash financial position thereof for the year then ended in accordance with the accounting basis described in Note 2.

## **Accounting Basis**

Ohio Administrative Code 117-2-03(B) requires the Consortium to prepare its annual financial report in accordance with accounting principles generally accepted in the United States of America. We draw attention to Note 2 of the financial statements, which describes the basis applied to these statements. The financial statements are prepared on the modified cash basis of accounting, which is a basis other than generally accepted accounting principles. We did not modify our opinion regarding this matter.

## **Other Matters**

### *Other Information*

We applied no procedures to management's discussion & analysis. Accordingly, we express no opinion or any other assurance on it.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 31, 2022, on our consideration of the Consortium's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report describes the scope of our internal control testing over financial reporting and compliance, and the results of that testing, and does not opine on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Consortium's internal control over financial reporting and compliance.

*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2021*  
*(Unaudited)*

---

The following report reflects on the financial condition of the Council of Allen County Schools Health Benefits Consortium (the "Consortium") for the fiscal year ended June 30, 2021. Within the limitations of the Consortium's modified cash basis of accounting, this information is provided to enhance the information in the financial statements and the corresponding notes and should be reviewed in concert with the report.

***Financial Highlights***

Key financial highlights for fiscal year 2021 are as follows:

- Total operating receipts were \$24.2 million, representing contributions from 12 plan members during the period from July 1, 2020 through June 30, 2021. Total non-operating receipts were \$477,721 for the fiscal year.
- Total disbursements were \$22.2 million, with claims payments representing \$19.1 million, insurance premium coverage representing \$1.6 million, and administrative and professional disbursements represented \$1.5 million.
- The change in net position from 2020 was an increase of \$2,559,813.

***Using these Annual Reports***

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board (GASB) Statement No. 34, as applicable to the Consortium's modified cash basis of accounting. This annual report consists of financial statements and notes to those statements. These statements are organized so the reader can understand the Consortium's activities. The *Statement of Net Position – Modified Cash Basis* and the *Statement of Cash Receipts, Disbursements, and Changes in Net Position – Modified Cash Basis* provide information about the activities of the Consortium.

***Reporting the Consortium's Financial Activities***

*Statement of Net Position – Modified Cash Basis and Statement of Cash Receipts, Disbursements, and Changes in Net Position – Modified Cash Basis*

These statements look at all financial transactions and ask the question, "How did we do financially during fiscal year 2021?" The *Statement of Net Position – Modified Cash Basis* and the *Statement of Cash Receipts, Disbursements, and Changes in Net Position – Modified Cash Basis* answer these questions.

These statements include only net position using the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. This basis of accounting takes into account only the cash actually received or paid within the current year. These two statements report the Consortium's net position and changes in that position on a modified cash basis. This change in net cash position is important because it tells the reader that, for the Consortium as a whole, the modified cash basis financial position of the Consortium has improved or diminished.

**Council of Allen County Schools Health Benefits Consortium**  
**Allen County, Ohio**  
*Management's Discussion and Analysis*  
*For the Fiscal Year Ended June 30, 2021*  
*(Unaudited)*

As a result of the use of the modified cash basis of accounting, certain assets and their related receipts (such as accounts receivable) and liabilities and their related disbursements (such as claims payable) are not recorded in these modified cash basis financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the modified cash basis of accounting.

The table below provides a summary of the Consortium's net position at June 30, 2021 and 2020.

**(Table 1)**  
**Financial Analysis**  
**Net Position – Modified Cash Basis**

	2021	2020	Change
<b>Assets</b>			
Cash and Cash Equivalents	\$ 8,758,224	\$ 6,075,411	\$ 2,682,813
Investments	6,237,000	6,360,000	(123,000)
<i>Total Assets</i>	<u>14,995,224</u>	<u>12,435,411</u>	<u>2,559,813</u>
<b>Net Cash Position</b>			
Unrestricted	<u>\$ 14,995,224</u>	<u>\$ 12,435,411</u>	<u>\$ 2,559,813</u>

Over time, net position can serve as a useful indicator of a government's financial position. At June 30, 2021, the Consortium's net position totaled \$14,995,224.

The table below shows the changes in net position for the years ending June 30, 2021 as compared to June 30, 2020. This will enable the reader to draw further conclusions about the Consortium's financial status and possibly project future trends.

**(Table 2)**  
**Change in Net Cash Position – Modified Cash Basis**

	2021	2020	Change
Total Operating Receipts	\$ 24,246,640	\$ 22,992,914	\$ 1,253,726
Total Operating Disbursements	<u>22,164,548</u>	<u>22,609,120</u>	<u>(444,572)</u>
<i>Operating Income (Loss)</i>	2,082,092	383,794	1,698,298
Total Non-Operating Receipts	<u>477,721</u>	<u>77,744</u>	<u>399,977</u>
<b>Change in Net Position</b>	<u>\$ 2,559,813</u>	<u>\$ 461,538</u>	<u>\$ 2,098,275</u>

From fiscal year 2020 to 2021 net position increased \$2,559,813. Receipts increased due to an increase in contributions from members, offset by a decrease in claims as a result of the COVID-19 pandemic. See Note 6.

***Current Financial Related Activities***

The Consortium is a not-for-profit insurance group owned and operated by twelve school districts in Allen County, Ohio. The Consortium's main source of receipts is premiums paid by the member school districts.

The Consortium is committed to providing its member districts with the advantages of a larger buying cooperative, while maintaining control at the local district leadership. Providing coverage for all County schools is a priority for the Consortium and it is committed to managing the pool to protect the long-term financial interests of its members.

The Consortium requires its members to participate in the medical/prescription insurance program with individual district choice as to participation in the dental, vision and life insurance programs. The Board of Directors and its plan manager, Gallagher Benefit Services, Inc., continually discuss program enhancements, long-term viability and management risks inherent in these benefit programs.

Like all employer-sponsored health insurance programs, the Consortium's most significant challenge is the current trend of double-digit increases in health care costs. As costs escalate, the Board is faced with the challenge of balancing the financial constraints facing Ohio's public school districts with offering a quality benefit program for its member's employees. This is further complicated by the fact that each school district in the Consortium must collectively bargain benefit levels with the respective employee unions. Even with these challenges, a collective approach to managing health care within the Consortium provides many advantages over individual management by school districts.

***Contacting the Consortium's Financial Management***

This financial report is designed to provide our member districts and citizens with a general overview of the Consortium's finances and to show the Consortium's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Craig Kupferberg, Superintendent, Allen County ESC and Chairman of the Council of Allen County Schools Health Benefits Consortium, 1920 Slabtown Road, Lima, Ohio 45801-3309.

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

**NOTE 1 – DESCRIPTION OF THE REPORTING ENTITY**

The Council of Allen County Schools Health Benefits Consortium, Allen County, (the “Consortium”) is a shared risk pool as defined by Government Accounting Standards Board Statement No. 10 and amended by GASB Statement No. 30 created to enable its twelve members (political subdivisions) to obtain insurance coverage, provide methods of paying claims and provide a formalized jointly administered self-insurance pool. Specifically, this pool provides health and dental benefits, to employees of its members. In addition to the health benefits provided to participants, the Consortium offers life insurance benefits and a cafeteria 125 flexible plan to all eligible employees as an option.

The governing body of the Consortium is the Board of Directors composed of the representatives of members who have been appointed by the respective governing bodies of the members. All representatives shall serve without compensation. As of June 30, 2021, there were 12 participating member school districts of the Consortium, 11 of which are on the governing body, providing services to 2,074 employees. The Board of Directors and the treasurer of the fiscal agent (a non-voting, ex-officio member of the Board) shall function as the advisory body to the Consortium. It shall consist of one superintendent representative from the 11 member districts per the By-Laws. West Central Learning Academy is the 12<sup>th</sup> participating member but does not have voting rights.

The Consortium’s management believes these modified cash basis financial statements present all activities for which the Consortium is financially accountable.

**NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

As discussed further in Note 2.A, these financial statements are presented on a modified cash basis of accounting. This modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) Pronouncements, which have been applied to the extent they are applicable to the modified cash basis of accounting. In cases where these modified cash basis statements contain items that are the same as, or similar to, those items in the financial statements prepared in conformity with GAAP, similar informative disclosures are provided.

**A. Basis of Accounting**

The Consortium’s financial statements are prepared using the modified cash basis of accounting. Receipts are recorded in the Consortium’s financial records and reported in the financial statements when cash is received rather than when earned and disbursements are recorded when cash is paid rather than when a liability is incurred.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements.

The Consortium uses an enterprise fund to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for public policy, management control, accountability or other purposes.

**Council of Allen County Schools Health Benefits Consortium**

**Allen County, Ohio**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

Operating receipts are those receipts that are generated directly from the primary activity of the Consortium. Operating disbursements are necessary costs incurred to provide the service that is the primary activity of the Consortium. All receipts and disbursements not meeting this definition are reported as non-operating.

**B. Basis of Presentation**

For the fiscal year ended June 30, 2021, the Council of Allen County Schools Health Benefits Consortium has elected to present the financial statements in the GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* format.

The Consortium’s financial statements consist of a statement of net position - modified cash basis and statement of cash receipts, disbursements and changes in net position – modified cash basis. The Statement of Net Position presents the financial condition of the Consortium at fiscal year-end. These statements include adequate disclosure of material matters, in accordance with the basis of accounting described in a preceding paragraph.

**C. Cash and Investments**

Investments are reported as assets. Accordingly, purchases of investments are not recorded as disbursements, and sales of investments are not recorded as receipts. Gains or losses at the time of sale are recorded as receipts or disbursements, respectively. Investments are valued at cost, except for money market funds and STAR Ohio, which are net asset value.

During fiscal year 2021, the Consortium’s investments consisted of STAR Ohio, money market mutual fund and certificates of deposit.

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer’s Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, Certain External Investment Pools and Pool Participants. The Consortium measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For the fiscal year 2021, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

**D. Budgetary Process**

The Consortium is not required to follow the budgetary process by law, but incorporated in the bylaws that a budget should be prepared along with the other budgets prepared by the Allen County Educational Service Center.

**Council of Allen County Schools Health Benefits Consortium**

**Allen County, Ohio**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

E. Net Position

Net position is reported as restricted when there are limitations imposed on the use either through enabling legislation adopted by the Consortium or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The Consortium had no restricted net position at fiscal year-end.

F. Implementation of New Accounting Principles

For the fiscal year ended June 30, 2021, the Consortium has to the extent it applies to the cash basis of accounting implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, GASB No. 90, *Majority Equity Interests an amendment of GASB Statements No. 14 and No. 61*, and certain provisions of GASB Statement No. Statement No. 93, *Replacement of Interbank Offered Rates*.

GASB Statement No. 84 establishes specific criteria for identifying activities that should be reported as fiduciary activities and clarifies whether and how business type activities should report their fiduciary activities. The implementation of GASB Statement No. 84 did not have an effect on the financial statements of the Consortium.

GASB Statement No. 90 improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and improves the relevance of financial statement information for certain component units. The implementation of GASB Statement No. 90 did not have an effect on the financial statements of the Consortium.

GASB Statement No. 93 addresses accounting and financial reporting effects that result from the replacement of interbank offered rates (IBORs) with other reference rates in order to preserve the reliability, relevance, consistency, and comparability of reported information. The implementation of certain provisions (all except for paragraphs 13 and 14, which are effective for fiscal years beginning after June 15, 2021), of GASB Statement No. 93 did not have an effect on the financial statements of the Consortium.

**NOTE 3 – DEPOSITS AND INVESTMENTS**

State statutes classify monies held by the Consortium into three categories.

Active deposits are public deposits necessary to meet current demands on the treasury. Such monies must be maintained either as cash in the treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts. Inactive deposits are public deposits that the Consortium has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

**Council of Allen County Schools Health Benefits Consortium**

**Allen County, Ohio**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

Protection of the Consortium's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

The Consortium primarily funds to meet the basic monetary demands of its claims and administration payments and has not had any Inactive or Interim deposits to invest. Interim monies may be deposited or invested in the following securities:

1. United States treasury notes, bills, bonds, or other obligations or security issued by the United States treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, Government National Mortgage Association, and Student Loan Marketing Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. Written repurchase agreements in the securities listed above provided that the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
4. Bonds and other obligations of the State of Ohio; and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;
5. No-load money market mutual funds consisting exclusively of obligations described in division (1) or (2) of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptances and commercial paper notes for a period not to exceed one hundred and eighty days and two hundred seventy days, respectively, from the purchase date in an amount not to exceed 40 percent of the interim moneys available for investment at any one time, if training requirements have been met;
8. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;

Investments in stripped principal or interest obligations reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited. Except as noted above, an investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Consortium, and must be purchased with the expectation that it will be held to maturity.

**Council of Allen County Schools Health Benefits Consortium**

**Allen County, Ohio**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of securities representing the investments to the treasurer, or qualified trustee or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

**Deposits** - At year-end, \$7,645,854 of the Consortium’s bank balance of \$7,895,854 was exposed to custodial credit risk.

**Custodial Credit Risk** Custodial credit risk for deposits is the risk that in the event of a bank failure, the Consortium will not be able to recover deposits or collateral securities that are in possession of an outside party.

The Consortium has no deposit policy for custodial risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by:

- Eligible securities pledged to the Consortium and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured; or
- Participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS required the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

**Investments**

As of June 30, 2021, the Consortium’s investments were as follows:

Rating	Investment	Measurement Amount	Maturities (in years)			Percentage of Total
			<1 yr	1-3 yrs	>3 yrs	
	Net Asset Value:					
AAAm	STAROhio	\$ 850,257	\$ 850,257	\$ -	\$ -	11.98%
AAAm	Money Market Mutual Funds	12,113	12,113	-	-	0.17%
	Cost:					
N/A	Negotiable Certificates of Deposit	6,237,000	2,707,000	2,780,000	750,000	87.85%
	Total	<u>\$ 7,099,370</u>	<u>\$ 3,569,370</u>	<u>\$2,780,000</u>	<u>\$ 750,000</u>	<u>100.00%</u>

**Interest Rate Risk**

The Ohio Revised Code generally limits security purchases to those that mature within five years of the settlement date. Interest rate risk arises because potential purchases of debt securities will not agree to pay face value for those securities if interest rates subsequently increase. The Consortium’s investment policy addresses interest rate risk by requiring that the Consortium’s investment portfolio be structured so that securities mature to meet cash requirements for ongoing operations.

STAR Ohio is an investment pool operated by the Ohio State Treasurer. It is unclassified since it is not evidenced by securities that exist in physical or book entry form. Ohio law requires STAR Ohio maintain the highest rating provided by at least one nationally recognized standard rating service. The weighted average of maturity of the portfolio held by STAR Ohio as of June 30, 2021, is 54 days.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Consortium’s investment policy does not specifically address credit risk beyond requiring the Consortium to only invest in securities authorized by State statute.

**Council of Allen County Schools Health Benefits Consortium**

**Allen County, Ohio**

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

*Custodial Credit Risk*

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Consortium will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Consortium has no investment policy dealing with investment custodial risk beyond the requirements in ORC 135.14(M)(2) which states, "Payment for investments shall be made only upon the delivery of securities representing such investments to the treasurer, investing authority, or qualified trustee. If the securities transferred are not represented by a certificate, payment shall be made only upon receipt of confirmation of transfer from the custodian by the treasurer, governing board, or qualified trustee."

*Concentration Risk*

The Consortium places no limit on the amount the Consortium may be invest in any one issuer. The above table includes the percentage to total of each investment type held by the Consortium at June 30, 2021.

**NOTE 4 – RISK MANAGEMENT**

A. Medical, Prescription Drug, and Dental Benefits

The Consortium contracts with a third party administrator, Medical Mutual of Ohio, to process and pay health claims, prescription drug and dental claims incurred by its members. Members pay monthly premiums to the Consortium, which are placed in a local bank account. The third party administrator emails weekly invoices to the fiscal officer who then wires the money to Medical Mutual of Ohio to pay the claims.

B. Stop-Loss Coverage

The Consortium employs reinsurance agreements (stop-loss coverage) to reduce its risk that large losses may be incurred on medical claim s. This allows the Consortium to recover a portion of losses on claims from re-insurers, although it does not discharge their primary liability.

C. Actuarial Valuation

An actuarial valuation of the health care plan is prepared annually under guidelines set forth in Actuarial Standard of Practice No. 5, *Incurred Health Claims Liabilities* (ASOP 5) of the Actuarial Standards Board of the American Academy of Actuaries. The purpose of the valuation is to compare this liability to funds reserved. The method and assumptions utilized for measuring an actuarial liability are critical to the determination as to whether funds are adequate.

A comparison of the Consortium’s cash and investments to the actuarially-measured liability as of June 30 follows:

	<u>June 30, 2021</u>	<u>June 30, 2020</u>
Cash and Investments	\$ 14,995,224	\$ 12,435,411
Actuarial liabilities	1,734,000	2,081,000

**NOTE 5 – CONTRACTED SERVICES**

The Consortium contracts with Arthur J. Gallagher & Co. to provide health plan administrative services and advice for insurance plans that include medical, dental and prescription drugs. Contracts also exist with Medical Mutual of Ohio, Eyemed for vision administration and Dearborn for life insurance administration. Contracts also exist with Allen County Educational Service Center, PlanSource and Teladoc to provide wellness coordination, online capabilities, dependent audits and 24/7 access to a doctor.

*Notes to the Basic Financial Statements  
For the Fiscal Year Ended June 30, 2021*

---

**NOTE 6 – RESERVE FOR CLAIMS LOSSES**

Council of Allen County Health Benefits Consortium, under its terms of membership, shall establish adequate reserves for claims and unallocated loss adjustment expenses. In 2021 the Loss Reserve decreased \$347,000 to \$1,734,000. The estimated expenses that have been incurred but not recorded represent 8.7 percent of the incurred claims for fiscal year 2021. Total expenses for the year ended June 30, 2021 were approximately \$22.2 million.

The Consortium also has a 10 percent safe harbor reserve in excess of current liabilities established to neutralize the impact of claim level fluctuations not covered by insurance. The safe harbor reserve for fiscal years ended June 30, 2021 and June 30, 2020 are \$173,000 and \$209,000, respectively.

The total reserve for claim loss for fiscal years ended June 30, 2021 and June 30, 2020, including the loss reserve and fluctuation reserve is \$1,907,000 and \$2,285,000, respectively.

Changes in the Consortium’s reserve for claims losses amount for the two previous fiscal years are as follows:

<u>Fiscal Year</u>	<u>Beginning Balance</u>	<u>Claims</u>	<u>Payments</u>	<u>Ending Balance</u>
2020	\$ 1,739,000	\$ 20,068,091	\$ 19,726,091	\$ 2,081,000
2021	\$ 2,081,000	\$ 18,738,391	\$ 19,085,391	\$ 1,734,000

**NOTE 7 – ACCOUNTABILITY AND COMPLIANCE**

Ohio Adm. Code Section 117-2-03(B) requires the Consortium to prepare its annual financial reports in accordance with generally accepted accounting principles (GAAP). However, the Consortium prepared its financial statements on a modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The accompanying financial statements omit assets, liabilities, net position/fund balances and disclosures that, while material, cannot be determined at this time. The Consortium may be fined and subject to various other administrative remedies for its failure to file the required financial report.

**NOTE 8 – COVID-19 PANDEMIC**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. Ohio’s state of emergency ended in June of 2021, while the national state of emergency continues. The financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Consortium. The Consortium’s investment portfolio fluctuates with market conditions, and due to market volatility, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact on the Consortium’s future operating costs, revenues, and any recovery from emergency funding, either federal or state, cannot be reasonably estimated.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
REQUIRED BY *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors  
Council of Allen County Schools Health Benefits Consortium

We have audited, in accordance with the auditing standards generally accepted in the United States and the Comptroller General of the United States' *Government Auditing Standards*, the modified cash basis financial statements of the Council of Allen County Schools Health Benefits Consortium (the Consortium), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Consortium's basic financial statements and have issued our report thereon dated January 31, 2022, wherein we noted the Consortium uses the modified cash basis of accounting, which is an accounting basis other than generally accepted accounting principles.

**Internal Control over Financial Reporting**

As part of our financial statement audit, we considered the Consortium's internal control over financial reporting (internal control) as a basis for designing audit procedures appropriate in the circumstances to the extent necessary to support our opinion on the financial statements, but not to the extent necessary to opine on the effectiveness of the Consortium's internal control. Accordingly, we have not opined on it.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, when performing their assigned functions, to prevent, or detect and timely correct misstatements. *A material weakness* is a deficiency, or combination of internal control deficiencies resulting in a reasonable possibility that internal control will not prevent or detect and timely correct a material misstatement of the Consortium's financial statements. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all internal control deficiencies that might be material weaknesses or significant deficiencies. Given these limitations, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, unidentified material weaknesses may exist.

**Compliance and Other Matters**

As part of reasonably assuring whether the Consortium's financial statements are free of material misstatement, we tested its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could directly and materially affect the determination of financial statement amounts. However, opining on compliance with those provisions was not an objective of our audit and accordingly, we do not express an opinion. The results of our tests disclosed an instance of noncompliance or other matters we must report under *Government Auditing Standards* which is described in the accompanying schedule of findings as item 2021-001.

### **Consortium's Response to Findings**

The Consortium's response to the finding identified in our audit is described in the accompanying schedule of findings. We did not audit the Consortium's response and, accordingly, we express no opinion on it.

### **Purpose of this Report**

This report only describes the scope of our internal control and compliance testing and our testing results, and does not opine on the effectiveness of the Consortium's internal control or on compliance. This report is an integral part of an audit performed under *Government Auditing Standards* in considering the Consortium's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**COUNCIL OF ALLEN COUNTY SCHOOLS HEALTH BENEFITS CONSORTIUM**  
**SCHEDULE OF AUDIT FINDINGS**  
**June 30, 2021**

**2021- 001 Finding Type — Noncompliance — GAAP Reporting**

Ohio Rev. Code Section 117.38 provides that each public office shall file a financial report for each fiscal year. The Auditor of State may prescribe forms by rule or may issue guidelines, or both, for such reports. If the Auditor of State has not prescribed a rule regarding the form for the report, the public office shall submit its report to the form utilized by the public office. Ohio Administrative Code Section 117-2-03(B) further clarifies the requirements of Ohio Rev. Code 117.38 to require insurance pools to prepare annual GAAP financial report filings. The Consortium did not prepare its financial statements in accordance with Ohio Rev. Code Section 117.38 and Ohio Admin. Code Section 117-2-03(B).

**Recommendation:**

We recommend the Consortium prepare its financial statements on the GAAP basis of accounting.

**Management’s Response:**

Management believes reporting on a basis of accounting other than generally accepted accounting principles (GAAP) is more cost efficient and does not present a higher risk for the Consortium’s assets.
