INDEPENDENT AUDITOR'S REPORT

Sandusky Metropolitan Housing Authority
Sandusky County
1358 Mosser Drive
Fremont, Ohio 43420

To the Board of Commissioners:

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Sandusky Metropolitan Housing Authority, Sandusky County, Ohio (the Authority), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of Sandusky Metropolitan Housing Authority, Sandusky County, Ohio as of June 30, 2022, and the changes in financial position and its cash flows for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 12 to the financial statements, the financial impact of COVID-19 and the continuing emergency measures may impact subsequent periods of the Authority. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and schedules of net pension and other post-employment benefit liabilities and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The Financial Data Schedule and the Schedule of Expenditures of Federal Awards as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Financial Data Schedule and Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 28, 2023, on our consideration of the Authority's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Keith Faber
Auditor of State
Columbus, Ohio

February 28, 2023

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

The Sandusky Metropolitan Housing Authority’s (the Authority) Management’s Discussion and Analysis (MD&A) is designed to (a) assist the reader in focusing on significant financial issues, (b) provide an overview of the Authority’s financial activity, (c) identify changes in the Authority’s financial position (its ability to address the next and subsequent year challenges), and (d) identify individual issues or concerns.

Since the MD&A is designed to focus on the 2022 year’s activities, resulting changes and currently known facts, please read it in conjunction with the Authority’s financial statements.

FINANCIAL HIGHLIGHTS

- The Authority’s total net position increased by \$104,549 (or 5.12 percent) during the fiscal year ended 2022. Since the Authority engages only in business-type activities, the increase is all in the category of business-type net position. Net position was \$2,147,648 and \$2,043,099 for 2022 and 2021, respectively.
- The business-type activities revenue increased by \$4,026 (or 0.20 percent) during the fiscal year ended 2022. Revenues were \$2,007,986 and \$2,003,960 for 2022 and 2021, respectively.
- The total expenses of all Authority programs increased by \$69,209 (or 3.77 percent). Total expenses were \$1,903,437 and \$1,834,228 for 2022 and 2021, respectively.
- The Authority executed modifications of its contract for housing services relationship with the Sandusky County Board of Developmental Disabilities (SCBDD). The SCBDD provided two additional funding increments totaling \$78,500 to be used by the Authority to expand the Program through which the parties work together to develop, acquire, renovate, and manage residential rental properties for persons with disabilities for Sandusky County, Ohio.

USING THE FINANCIAL REPORT

The focus is on the Authority as a single enterprise fund. This format will allow the user to address relevant questions, broaden a basis for comparison (fiscal year to fiscal year or Authority to Authority) and enhance the Authority’s accountability.

Basic Financial Statements

The basic financial statements are designed to be corporate-like in that all business-type activities are consolidated to an entity-wide total for the Authority.

These statements include a Statement of Net Position, which reports all financial and capital resources for the Authority. The statement is presented in the format where assets and deferred outflows of resources, minus liabilities and deferred inflows of resources, equal “Net Position”, similar to equity. Assets and liabilities are presented in order of liquidity, and are classified as “Current” (convertible into cash within one year), and “Non-current”.

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

The focus of the Statement of Net Position (the “Unrestricted Net Position”) is designed to represent the net available liquid (non-capital) assets, net of liabilities, for the entire Authority. Net Position (formerly surplus) is reported in three broad categories:

Net Investment in Capital Assets: This component of Net Position consists of all Capital Assets, reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings and liabilities that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as debt covenants), grantors, contributors, laws, regulations, etc.

Unrestricted Net Position: Consists of Net Position that do not meet the definition of “Net Investment in Capital Assets”, or “Restricted Net Position”. This account resembles the old operating reserves account.

The basic financial statements also include a Statement of Revenues, Expenses and Change in Net Position (similar to an Income Statement). This statement includes Operating Revenues, such as rental income; Operating Expenses, such as administrative, utilities, and maintenance, and depreciation; and Non-Operating Revenue and Expenses, such as grant revenue, investment income, and interest expense.

The focus of the Statement of Revenues, Expenses, and Change in Net Position is the “Change in Net Position”, which is similar to Net Income or Loss.

Finally, a Statement of Cash Flows is included, which discloses net cash provided by, or used for operating activities, non-capital financing activities, and from capital and related financing activities, and from non-cash investing, capital, and financing activities.

The Authority’s programs that are consolidated into a single enterprise fund are as follows:

Project Total (PH and CFP) – Under the Conventional Public Housing Program, the Authority rents units that it owns to low-income households. The Conventional Public Housing Program is operated under an Annual Contributions Contract (ACC) with HUD, and HUD provides Operating Subsidy and Capital Grant funding to enable the PHA to provide the housing at a rent that is based upon 30 percent of household income. The Conventional Public Housing Program also includes the Capital Fund Program, which is the primary funding source for physical and management improvements to the Authority’s properties.

Housing Choice Voucher Program (HCV) – Under the Housing Choice Voucher Program, the Authority subsidizes rents to independent landlords that own the property. The Authority subsidizes the family’s rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an Annual Contributions Contract (ACC) with HUD. HUD provides funding to enable the Authority to structure a lease that requires the participant to pay a rent based on a percentage of their adjusted gross household income, typically 30 percent, and the Housing Authority subsidizes the balance.

Mainstream Voucher Program – The Mainstream Voucher Program assist non-elderly persons with disabilities. Aside from serving a special population, mainstream vouchers are administered using the same rules as other Housing Choice Voucher Program.

Total Liabilities, Deferred Inflows of Resources, and Net Position	<u>\$ 2,950,982</u>	<u>\$ 2,885,605</u>

* Reclassification made to 2021 balance to enhance comparison to 2022 balance.

For more detailed information, see Statement of Net Position presented elsewhere in this report.

Major Factors Affecting the Statement of Net Position:

Current assets decreased by \$81,906 (or 9.5 percent) from the previous year-end. At June 30, 2021, the Authority had unspent debt proceeds of \$222,574. Those debt proceeds were used in this current fiscal period with the related expenditures in the fiscal period on capital assets, contributing greatly to the increase in that balance of \$141,756. And despite the spending on capital assets in the period, current assets only decreased as much as they did due to favorable operating results in the period as reflected in the increase in unrestricted net position of \$151,738.

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

Table 2 - Change of Net Position

	Unrestricted	Net Investment in Capital Assets *	Restricted *
Beginning Balance	\$ 491,534	\$ 1,533,251	\$ 18,314
Results of Operations	76,848	0	27,701
Adjustments:			
Current Year Depreciation Expense (1)	145,860	(145,860)	0
Capital Expenditures (2)	(287,887)	287,887	0
Capital Disposals (2)	6,525	(6,525)	0
Retirement of Debt (2)	(59,283)	59,283	0
New Debt Issued (2)	78,500	(78,500)	0
Change in Unspent Debt Proceeds (2)	193,173	(193,173)	0
Implementation of GASB No. 87 (2)	(6,254)	6,254	0
Change in Lease Liability (2)	4,256	(4,256)	0
Ending Balance	<u>\$ 643,272</u>	<u>\$ 1,458,361</u>	<u>\$ 46,015</u>

(1) Depreciation is treated as an expense and reduces the results of operations but does not have an impact on Unrestricted Net Position.

(2) Capital and related expenditures of debt represent an outflow of Unrestricted Net Position, but are not treated as an expense against Results of Operations and, therefore, are adjusted against Net

* Reclassification made to 2021 balance to enhance comparison to 2022 balances.

While the results of operations are a significant measure of the Authority's activities, the analysis of the changes in Unrestricted Net Position provides a clearer change of financial position.

The following schedule compares the revenues and expenses for the current and previous fiscal year. The Authority is engaged only in Business-Type Activities.

**SANDUSKY METROPOLITAN HOUSING AUTHORITY

Net (Decrease) in Net Position	104,549	169,732
Beginning Net Position	2,043,099	1,873,367
Ending Net Position	\$2,147,648	\$2,043,099

MAJOR FACTORS AFFECTING THE STATEMENT OF REVENUE, EXPENSES AND CHANGE IN NET POSITION

Revenues overall were nearly unchanged from the previous fiscal period, decreasing by less than 1 percent. Small decreases in tenant revenues and grant revenues were offset by an increase in other income. The increase in other income of \$80,402 was primarily the result of a gain of more than \$88,000 from the sale of an asset in the period.

Similarly, expenses changed only minimally, increasing \$69,209 (about 3.8 percent). The largest increase in expenses was to HAP expense. HAP expense is the expense incurred when the Authority makes rental assistance payments on behalf of clients assisted by the Authority's Section 8 Voucher programs. The increase in HAP expense in the period corresponds to an increase in lease up rates in the Mainstream Voucher program over last fiscal year.

SANDUSKY COUNTY, OHIO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

CAPITAL ASSETS

As of year-end, the Authority had \$2,149,790 invested in a variety of capital assets as reflected in the following schedule, which represents a net increase of \$141,756, or 7.06 percent, from the end of 2021.

Table 4- Capital Assets at Year-End (Net of Depreciation)

	2022	2021
Land	\$ 741,875	\$ 723,804
Building and Improvement	4,979,427	4,794,532
Equipment	246,389	299,435
Accumulated Depreciation	(3,817,901)	(3,809,737)
Total	\$ 2,149,790	\$ 2,008,034

The following reconciliation identified the change in Capital Assets:

Table 5 - Change in Capital Assets

Beginning Balance	\$ 2,008,034
Current Year Additions	294,141
Current Year Deletions	(6,525)
Current Year Depreciation Expense	(145,860)
Ending Balance	\$ 2,149,790

Current year additions are summarized as follows:

Property Renovations	\$ 22,259
Purchase of Properties	245,962
Leased Equipment	6,254
Appliances	19,666
Total Current Year Additions	\$ 294,141

Due to the implementation of GASB Statement No. 87, the Authority has an equipment lease liability at June 30, 2022. The following summarizes the change in the lease liability from last fiscal year-end.

Table 6 - Change in Lease Liability

Beginning Balance	\$ 0
Current Year Additions	6,371
Current Year Retired	(2,116)
Ending Balance	\$ 4,255

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
MANAGEMENT’S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2022
(UNAUDITED)**

As of year-end, the change in the Authority’s outstanding debt was as follows:

Table 7 - Debt Outstanding

Beginning Balance	\$ 667,957
Current Year Debt Issued	78,500
Current Year Debt Retired	<u>(59,283)</u>
Ending Balance	<u>\$ 687,174</u>

ECONOMIC FACTORS

Significant economic factors affecting the Authority are as follows:

- Federal funding of the Department of Housing and Urban Development
- Local inflationary, recessionary, and employment trends, which can affect resident incomes and therefore the amount of rental income
- Inflationary pressure on utility rates, supplies, and other costs
- Unknown financial and operational impacts as well as impacts to federal programs as a result of the COVID-19 pandemic.

SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Organization and Reporting Entity

The Sandusky Metropolitan Housing Authority (the Authority) is a political subdivision of the State of Ohio, located in Fremont, Ohio, created under Section 3735.27 of the Ohio Revised Code, to engage in the acquisition, development, leasing and administration of low-rent housing program. An Annual Contributions Contract was signed by the Authority and the United States Department of Housing and Urban Development (HUD), under the provisions of the United States Housing Act of 1937 (42 U.S.C. 1437) Section 1.1. The Authority was also created in accordance with state law to eliminate housing conditions which are detrimental to the public peace, health, safety, morals, or welfare by purchasing, acquiring constructing, maintenance, operating, improving, extending, and repairing housing facilities.

The nucleus of the financial reporting entity as defined by the Governmental Accounting Standards Board (GASB) Statement No. 14 is the “primary government”. A fundamental characteristic of a primary government is that it is a fiscally independent entity. In evaluating how to define the financial reporting entity, management has considered all potential component units. A component unit is a legally separate entity for which the primary government is financially accountable. The criteria of financial accountability is the ability of the primary government to impose its will upon the potential component unit. This criterion was considered in determining the reporting entity. The Authority is a political subdivision of the State of Ohio and has no component units.

Basis of Presentation

The financial statements of the Authority have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Pursuant to GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance, Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, the Authority follows GASB guidance as applicable to enterprise funds.

The Authority’s basic financial statements consist of a statement of net position, a statement of revenues, expenses, and changes in net position, and a statement of cash flows.

The Authority uses a single enterprise fund to maintain its financial records on an accrual basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts.

Enterprise fund reporting focuses on the determination of the changes in net position, financial position, and cash flows. An enterprise fund may be used to account for any activity for which a fee is charged to external users for goods and services.

SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Measurement Focus and Basis of Accounting

The enterprise fund is accounted for on a flow of economic resources measurement focus and the accrual basis of accounting. All assets and all liabilities associated with the operation of the Authority are included on the statement of net position. The statement of changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the Authority finances and meets the cash flow needs of its enterprise activity.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority's enterprise fund are charges to tenants for rent and operating subsidies from HUD. Operating expenses for the enterprise fund include the costs of facility maintenance, housing assistance payments, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Property and Equipment

Property and equipment is recorded at cost. Costs that materially add to the productive capacity or extend the life of an asset are capitalized, while maintenance repair costs are expensed as incurred.

Useful life of property and equipment is as follows:

Buildings	40 years
Land and Building Improvements	15 years
Equipment	7 years
Autos	5 years

Depreciation is recorded on the straight-line method. Total depreciation expense for the 2022 fiscal year was \$145,860.

Cash and Cash Equivalents

The Authority considers all highly liquid investments (including restricted assets) with maturity of three months or less when purchased to be cash and cash equivalents.

Investments

Investments are stated at fair value. Cost-based measures of fair value are applied to nonnegotiable certificates of deposit and money market investments.

(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings, or other liabilities incurred, used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Restricted net position includes the Housing Voucher Program's HAP Equity. That is funding provided to the Authority's Section 8 Program by HUD for the purpose of making rental assistance payments on behalf of program participants that has yet to be expended and was \$31,143 for the Housing Choice Voucher Program and \$14,872 for the Mainstream Voucher Program at June 30, 2022.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB liability(asset), deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the Authority, deferred outflows of resources are reported on the government-wide statement of net position for pension and OPEB. The deferred outflows of resources related to pension and OPEB are explained in Notes 7 and 8.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized until that time. For the Authority, deferred inflows of resources include pension and OPEB. Deferred inflows of resources related to pension and OPEB are reported on the government-wide statement of net position. The deferred inflows of resources related to pension and OPEB are explained in Notes 7 and 8.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Budgetary Accounting

The Authority annually prepares funding requests as prescribed by HUD. Budgets are submitted to HUD when applicable. Budgets are adopted by the Board of the Authority.

NOTE 2: **CHANGE IN ACCOUNTING PRINCIPLE**

In 2022, the Authority implemented GASB Statement No. 87, *Leases*. GASB Statement No. 87, *Leases*, enhances the relevance and consistency of information of the government's leasing activities. It establishes requirements for lease accounting based on the principle that leases are financings of the right to use an underlying asset. A lessee is required to recognize a lease liability and an intangible right to use lease asset and a lessor is required to recognize a lease receivable and a deferred inflow of resources. These changes were incorporated in the Authority's financial statements; however, there was no effect on the beginning net position.

NOTE 3: **DEPOSITS AND INVESTMENTS**

The Authority follows the provisions of GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. This new standard revised the existing requirement regarding disclosure of custodial credit risk and establishes requirements for disclosures regarding credit risk, concentration of credit risk, interest rate risk, and foreign currency risk.

Deposits

State statutes classify monies held by the Authority into three categories.

Active deposits are public deposits necessary to meet demands on the treasury. Such monies must be maintained either as cash in the Authority's Treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that the Authority had identified as not required for use within the current two-year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed to immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)

NOTE 3: **DEPOSITS AND INVESTMENTS** (Continued)

Deposits (Continued)

At June 30, 2022, the Authority had undeposited cash on hand (petty cash) of \$120.

At June 30, 2022, the carrying amount of the Authority's cash deposits was \$761,325 and the bank balance was \$776,059. Based on criteria described in GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, as of June 30, 2022, deposits totaling \$250,000 were covered by Federal Depository Insurance, while the balance of \$526,059 was collateralized by securities pledged in the name of the Authority.

Custodial credit is the risk that, in the event of a bank failure, the Authority's deposits may not be returned. The Authority's policy is to place deposits with major local banks approved by the Board. Multiple financial institution collateral pools that insure public deposits held by fiscal and escrow agents are collateralized with eligible securities in amounts equal to at least 102 percent of the carrying value of the deposits. Such collateral, as permitted by Chapter 135 of the Ohio Revised Code, is held in financial institution pools at Federal Reserve banks, or at member banks of the Federal Reserve system in the name of the respective depository bank, and pledged as a pool of collateral against all of the public deposits it holds, or as specific collateral held at a Federal Reserve bank in the name of the Authority.

Investments

HUD, State Statute, and Board resolutions authorize the Authority to invest in obligations of the U.S. Treasury, agencies and instrumentalities, certificates of deposit, repurchase agreements, money market deposit accounts, municipal depository funds, super NOW accounts, sweep accounts, separate trading of registered interest and principal of securities, mutual funds, bonds and other obligations of this State, and the State Treasurer's investment pool. Investments in stripped principal or interest obligations, reverse repurchase agreements, and derivatives prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage, and short selling are also prohibited. An investment must mature within five years from the date of purchase unless matched to a specific obligation or debt of the Authority and must be purchased with the exception that it will be held to maturity. Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the Treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The Authority has a formal investment policy. The objective of this policy shall be to maintain liquidity and protection of principal while earning investment interest. Safety of principal is the primary objective of the investment program. The Authority follows GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, and records all its investments at fair value. At June 30, 2022, the Authority has no investments.

SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)**

NOTE 3: **DEPOSITS AND INVESTMENTS** (Continued)

Interest Rate Risk

As a means of limiting its exposure to fair value of losses caused by rising interest rates, the Authority's investment policy requires those funds which are not operating reserve funds to be invested in investments with a maximum term of one year or the Authority's operating cycle. For investments of the Authority's operating reserve funds, the maximum term can be up to three years. The intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Authority has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

Generally, the Authority places no limit on the amount it may invest in any one financial institution. The Authority's investment policy limits investments in a single security type or with a single financial institution to 50 percent of the total investment portfolio.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. As of year-end, the Authority had no exposure to foreign currency rate risk, as regulated by HUD.

Restricted Cash

Restricted cash is composed of the following restricted:

Tenant Security Deposits	\$ 16,931
Unspent Funding to make Housing Assistance Payments	<u>46,015</u>
Total Restricted Cash	<u>\$ 62,946</u>

NOTE 4: **CAPITAL ASSETS**

A summary of capital assets at June 30, 2022, by class is as follows:

Total Capital Assets, Net	\$ 2,008,034	\$ 6,254	\$ 142,027	\$ (6,525)	\$ 2,149,790

NOTE 5: LONG-TERM LIABILITIES

The changes in the Authority's long-term liabilities during the year were as follows:

	Balance 6/30/2021	Additions	Deletions	Balance 6/30/2022	Amounts Due In One Year
<u>Business-Type Activities</u>					
Mortgages Payable	\$ 94,025	\$ 0	\$ (14,596)	\$ 79,429	\$ 15,498
Forgivable Loans	\$ 573,932	\$ 78,500	\$ (44,687)	\$ 607,745	\$ 45,569
Net Pension Liability	38,352	0	(15,644)	22,708	0
Lease Liability	0	6,371	(2,116)	4,255	1,857
Compensated Absence Liability	10,505	0	(1,650)	8,855	2,214
Total Long-Term Liabilities	\$ 716,814	\$ 84,871	\$ (78,693)	\$ 722,992	\$ 65,138

The beginning balance of the forgivable loans has been restated from the prior year due to a change in how the Authority amortizes forgivable loans. In the prior years the loans were amortized when cash was received for the project. After discussion with the Ohio Department of Developmental Disabilities it was determined that the forgivable loans should be amortized by the project date specified in the project agreements. This change resulted in restating the beginning balance of the forgivable loans.

NOTE 5: LONG-TERM LIABILITIES (Continued)

The Authority entered into a five-year lease for a postage machine calling for quarterly payments of \$171.00 beginning March 1, 2018. The equipment is being amortized over the life of the lease. The annual interest rate charged on the lease is estimated to be 4.00 percent.

The Authority entered into a sixty-month lease for copier equipment calling for monthly payments of \$137.48 beginning January 1, 2020. The equipment is being amortized over the life of the lease. The annual interest rate charged on the lease is estimated to be 4.00 percent.

Lease commitments for the fiscal years ending June 30 are as follows:

	Principal	Interest	Total
2023	\$ 1,857	\$ 133	\$ 1,990
2024	1,583	67	1,650
2025	815	10	825
	\$ 4,255	\$ 210	\$ 4,465

Direct borrowings consist of mortgages payable as follows:

The Authority has a note payable to the Croghan Colonial Bank of Fremont. The original principal of the loan was \$123,500 and the current rate is 6.15 percent annually. Principal and interest payments, currently \$430 began in October 2002 with the final payment due on July 2032. The loan is secured by an open-end mortgage on real estate property located at 562 Crestwood, Fremont, Ohio.	\$ 38,532
The Authority has a note payable to the Croghan Colonial Bank of Fremont, at a current rate of 4.75 percent annually. Principal and interest payments of \$649 began in January 2004 with the final payment due on December 2023. The loan is secured by an open-end mortgage on real estate property located at 1407 Rosewood Street, Fremont, Ohio 43420.	11,632
Authority has a note payable to the Croghan Colonial Bank of Fremont. The original principal of the loan was \$70,000 and the current rate is 4.90 percent annually. Principal and interest payments, currently \$582, began in March, 2003 with the final payment due on August, 2027. The loan is secured by an open-end mortgage on real estate property located at 728 Nickle Street, Fremont, Ohio.	29,265
The Authority entered into an agreement for housing services with the Sandusky County Board of Developmental Disabilities in the amount of \$80,000 to acquire and renovate property on 908 Bush Street in Fremont, Ohio. The agreement calls for the parties to work together to develop, acquire, renovate, establish, and maintain a youth respite home for persons with disabilities in Sandusky County, Ohio. The term of the loan is 15 years after the property is acquired, repairs are completed, and persons with disabilities begin occupying the rental units. The parties agree that the loan is forgiven 1/180th each month the property is used for the provision of the approved development disability services licensed by DODD. In the event the Authority discontinues to provide the property for the agreed-upon procedures or if the Authority sells the property prior to the expiration of the amortization period, an amount equal to the unamortized balance of the loan is payable immediately to the Sandusky County Board of Developmental Disabilities.	63,556

Totals	79,429	<u>\$ 18,019</u>	<u>\$ 97,448</u>
Debt expected to be retired without cash payments	<u>607,745</u>		
Total Debt	<u><u>\$ 687,174</u></u>		

NOTE 6: ALLOCATION OF COSTS

The Authority allocated expenses not attributable to a specific program to all programs under management. The basis for this allocation was the number of units in each program or estimated actual usage. Management considers this to be an equitable method of allocation.

NOTE 7: DEFINED BENEFIT PENSION PLANS

Net Pension Liability

The net pension liability/asset reported on the statement of net position represents a liability/asset to employees for pensions. Pensions are a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. Pensions are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability/asset represents the Authority's proportionate share of each pension plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan's fiduciary net position. The net pension liability/asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)

NOTE 7: **DEFINED BENEFIT PENSION PLANS** (Continued)

Ohio Revised Code limits the Authority's obligation for this liability to annually required payments. The Authority cannot control benefit terms or the manner in which pensions are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan's unfunded benefits is presented as a long-term *net pension liability*. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in current liabilities.

Plan Description – Ohio Public Employees Retirement System (OPERS)

Authority employees participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g., Authority employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS' traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see

**SANDUSKY METROPOLITAN HOUSING AUTHORITY

(CONTINUED)**

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

OPERS' ACFR referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 62 with 60 months of service credit or Age 57 with 25 years of service credit
Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The base amount of a member's pension benefit is locked in upon receipt of the initial benefit payment for calculation of the annual cost-of-living adjustment.

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

When a traditional plan benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those who retired prior to January 7, 2013, the COLA will continue to be a 3 percent simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in 2019, the COLA is based on the average percentage increase in the Consumer Price Index, capped at 3 percent. Cost-of living adjustments for OPERS members in 2022 will be 3 percent for all those eligible to receive the annual benefit increase.

A death benefit of \$500 - \$2,500, determined by the number of years of service credit of the retiree, is paid to the beneficiary of a deceased retiree or disability benefit recipient under the Tradition pension plan and the Combined Plan.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the members' contributions plus or minus the investment gains or losses resulting from the members' investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have

NOTE 7: **DEFINED BENEFIT PENSION PLANS** (Continued)

terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20 percent each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the purchase of a monthly defined benefit annuity from OPERS (which includes joint and survivor options), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Beginning in 2022, the combined plan will be consolidated under the Traditional pension plan (defined benefit plan) and the Combined plan will no longer be available for new hires beginning in 2022.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

	State and Local
2021-2022 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee *	10.0 %
 2021-2022 Actual Contribution Rates	
Employer:	
Pension **	14.0 %
Post-Employment Health Care Benefits **	0.0 %
Total Employer	14.0 %
 Employee	 10.0 %

* Member contributions within combined plan are not used to fund the defined benefit retirement allowance

** These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

NOTE 7: DEFINED BENEFIT PENSION PLANS (Continued)

The Authority's contractually required contributions used to fund pension benefits was \$5,289 for fiscal year ending June 30, 2022.

Net Pension Liability/Asset, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability/asset for OPERS was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability/asset was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability/asset was based on the Authority's share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

Net Pension Liability/Asset, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

	OPERS Traditional Pension Plan
Proportion of the Net Pension Liability/Asset Prior Measurement Date:	0.000259%
Proportion of the Net Pension Liability/Asset Current Measurement Date:	0.000261%
Change in Proportionate Share	0.000002%
Proportionate Share of the Net Pension Liability/(Asset)	\$ 22,708
Pension Expense	\$ (4,205)

At June 30, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS Traditional Pension Plan
Deferred Outflows of Resources	
Differences between expected and actual experience	\$ 1,158
Changes of assumptions	2,840
Changes in proportion and differences between Authority contributions and proportionate share of contributions	426
Authority contributions subsequent to the measurement date	2,641
Total Deferred Outflows of Resources	\$ 7,065
Deferred Inflows of Resources	
Net difference between projected and actual earnings on pension plan investments	\$ 27,009
Differences between expected and actual experience	498
Total Deferred Inflows of Resources	\$ 27,507

2023	\$ (3,217)
2024	(9,220)
2025	(6,350)
2026	(4,296)
Total	\$ (23,083)

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2021, actuarial valuation was determined using the following actuarial assumptions, applied to all prior periods included in the measurement in accordance with the requirements of GASB 67. In 2021, the Board's actuarial consultants conducted an experience study for the period 2016 through 2020, comparing assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions, with the most notable being a reduction in the actuarially assumed rate of return from 7.2% down to 6.9%, for the defined benefit investments. Key actuarial assumptions and methods used in the latest actuarial valuation, reflecting experience study results, are presented below:

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

OPERS manages investments in three investment portfolios: the Defined Benefits portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio includes the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan, the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money weighted rate of return expressing investment performance, net of investments expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a gain of 15.3 percent for 2021.

SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)

NOTE 7: **DEFINED BENEFIT PENSION PLANS** (Continued)

Actuarial Assumptions – OPERS (Continued)

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. The table below displays the Board-approved asset allocation policy for 2021 and the long-term expected real rates of return:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-Term Expected Real Rate of Return (Geometric)</u>
Fixed Income	24.00 %	1.03 %
Domestic Equities	21.00	3.78
Real Estate	11.00	3.66
Private Equity	12.00	7.43
International Equities	23.00	4.88
Risk Parity	5.00	2.92
Other investments	4.00	2.85
Total	<u>100.00 %</u>	4.21 %

Discount Rate The discount rate used to measure the total pension liability was 6.9 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Authority's Proportionate Share of the Net Pension Liability/Asset to Changes in the Discount Rate The following table presents the Authority's proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 6.9 percent, as well as what the Authority's proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one percent lower or one percent higher than the current rate:

	<u>1% Decrease (5.90%)</u>	<u>Current Discount Rate (6.90%)</u>	<u>1% Increase (7.90%)</u>
Authority's proportionate share of the net pension liability	\$ 59,871	\$ 22,708	\$ 8,216

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)**

NOTE 8: **DEFINED BENEFIT OPEB PLAN**

Net OPEB Asset

The net OPEB asset reported on the statement of net position represents an asset to employees for OPEB. OPEB is a component of exchange transactions – between an employer and its employees – of salaries and benefits for employee services. OPEB are provided to an employee – on a deferred-payment basis – as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB asset represents the Authority's proportionate share of the OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of the OPEB plan's fiduciary net position. The net OPEB asset calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the Authority's obligation related to this asset to annually required payments. The Authority cannot control benefit terms or the manner in which OPEB are financed; however, the Authority does receive the benefit of employees' services in exchange for compensation including OPEB.

GASB 75 assumes any liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB asset. Resulting adjustments to the net OPEB asset would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan's funded benefits is presented as a long-term *net OPEB asset*. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in current liabilities.

Plan Description – Ohio Public Employees Retirement System (OPERS)

The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

**SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022
(CONTINUED)**

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

Effective January 1, 2022, OPERS will discontinue the group plans currently offered to non-Medicare retirees and re-employed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan.

OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses. These changes are reflected in the December 31, 2021, measurement date health care valuation.

In order to qualify for postemployment health care coverage, generally, age and service retirees under the traditional pension and combined plans must be at least age sixty with twenty or more years of qualifying Ohio service credit, or thirty years of qualifying service at any age. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' Annual Comprehensive Financial Report referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the Traditional Pension Plan and Combined Plan.

(CONTINUED)**

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Plan Description – Ohio Public Employees Retirement System (OPERS) (Continued)

Employer contribution rates are expressed as a percentage of covered payroll. In 2021-2022, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2021-2022, OPERS did not allocate any employer contributions to health care for members in the Traditional Pension Plan and Combined Plan. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2021-2022 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll.

The Authority's contractually required contribution allocated to health care was \$1,313 for the fiscal year ending June 30, 2022.

Net OPEB Asset, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB asset and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2020, rolled forward to the measurement date of December 31, 2021, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. The Authority's proportion of the net OPEB asset was based on the Authority's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	OPERS
Proportion of the Net OPEB Asset:	
Prior Measurement Date	0.000453%
Proportion of the Net OPEB Asset:	
Current Measurement Date	0.000452%
Change in Proportionate Share	-0.000001%
Proportionate Share of the Net OPEB Asset	\$ 14,157
OPEB Expense	\$ (10,385)

At June 30, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Actuarial Assumptions – OPERS (Continued)

Projections of health care costs for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2020, rolled forward to the measurement date of December 31, 2021. In 2021, the Board's actuarial consultants conducted an experience study for the period 2016 through 2020, comparing historical assumptions to actual results. The experience study incorporates both a historical review and forward-looking projections to determine the appropriate set of assumptions to keep the plan on a path toward full funding. Information from this study led to changes in both demographic and economic assumptions. The actuarial valuation used the following actuarial assumptions and methods, reflecting experience study results, applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	
Current Measurement Date:	2.75 percent
Prior Measurement Date:	3.25 percent
Projected Salary Increases, including inflation	
Current Measurement Date:	2.75 to 10.75 percent, including wage inflation
Prior Measurement Date:	3.25 to 10.75 percent, including wage inflation
Single Discount Rate:	6.00 percent
Investment Rate of Return	6.00 percent
Municipal Bond Rate	
Current Measurement Date:	1.84 percent
Prior Measurement Date:	2.00 percent
Health Care Cost Trend Rate	
Current Measurement Date:	5.50 percent initial, 3.50 percent ultimate in 2034
Prior Measurement Date:	8.50 percent initial, 3.50 percent ultimate in 2035
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2021, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a gain of 14.3 percent for 2021.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2021 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	34.00 %	0.91 %
Domestic Equities	25.00	3.78
Real Estate Investment Trust	7.00	3.71
International Equities	25.00	4.88
Risk Parity	2.00	2.92
Other investments	7.00	1.93
Total	100.00 %	3.45 %

NOTE 8: **DEFINED BENEFIT OPEB PLAN** (Continued)

Actuarial Assumptions – OPERS (Continued)

Discount Rate A single discount rate of 6.00 percent was used to measure the OPEB liability on the measurement date of December 31, 2021. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 1.84 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2121. As a result, the actuarial long-term expected rate of return on health care investments was applied to projected costs through the year 2121, the duration of the projection period through which projected health care payments are fully funded.

Sensitivity of the Authority’s Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate The following table presents the Authority’s proportionate share of the net OPEB asset calculated using the single discount rate of 6.00 percent, as well as what the Authority’s proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is 1.0 percent lower or 1.0 percent higher than the current rate:

	1% Decrease (5.00%)	Current Discount Rate (6.00%)	1% Increase (7.00%)
Authority’s proportionate share of the net OPEB asset	\$ 8,326	\$ 14,157	\$ 18,998

Sensitivity of the Authority’s Proportionate Share of the Net OPEB Asset to Changes in the Health Care Cost Trend Rate Changes in the health care cost trend rate may also have a significant impact on the net OPEB asset. The following table presents the net OPEB asset calculated using the assumed trend rates, and the expected net OPEB asset if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2022 is 5.50 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50 percent in the most recent valuation.

Authority's proportionate share of the net OPEB asset	\$ 14,310	\$ 14,157	\$ 13,976

NOTE 9: **COMPENSATED ABSENCES**

Vacation and sick leave policies are established by the Board of Authority based on local and state laws. All permanent employees will earn 4.6 hours of sick leave per eighty (80) hours of service. Unused sick leave may accumulate without limit. At the time of separation from active service with the Authority due to disability or retirement, employees shall be paid an amount equal to one-fourth (1/4) of 120 days of sick leave. All permanent employees will earn vacation hours accumulated based on length of service. Employees will be paid for all unused vacation time upon their separation from service.

NOTE 10: **RISK MANAGEMENT**

The Authority is exposed to various risks of loss related to torts; damage to and theft or destruction of assets; errors and omissions; injuries to employees and natural disasters. The Authority is covered for property damage, general liability, automobile liability, law enforcement liability, public official's liability, and other crime liabilities through membership in the State Housing Authority Risk Pool Association, Inc. (SHARP). SHARP is an insurance pool comprised of forty (40) housing authorities in Ohio, of which the Authority is a member.

Settled claims have not exceeded this commercial coverage in any of the past three years. There has been no significant change in coverage from last year. Health, dental, vision, and life insurance is offered to Authority employees through a commercial insurance company.

Additionally, Workers' Compensation insurance is maintained through the State of Ohio Bureau of Workers' Compensation, in which rates are calculated retrospectively.

NOTE 11: **CONTINGENCIES**

The Authority is party to various legal proceedings which seek damages or injunctive relief generally incidental to its operations and pending projects. The Authority's management is of the opinion that the ultimate disposition of various claims and legal proceedings will not have a material effect, if any, on the financial condition of the Authority.

The Authority has received several Federal and state grants for specific purposes which are subject to review and audit by the grantor agencies. Such audits could lead to request for reimbursements to grantor agencies for expenditures disallowed under the terms of the grant. Based upon prior experience, management believes such disallowances, if any, will be immaterial.

NOTE 12: **COVID-19**

The United States and the State of Ohio declared a state of emergency in March 2020 due to the COVID-19 pandemic. The financial impact of COVID-19 and the ensuing emergency measures may likely impact subsequent periods of the Authority. The investments of the pension and other postemployment benefit plans in which the Authority participates fluctuate with market conditions and due to market volatility, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. In addition, the impact of the Authority's future operations costs, revenues, and any recovery from emergency funding, either federal or state, cannot be estimated.

SANDUSKY METROPOLITAN HOUSING AUTHORITY
SANDUSKY COUNTY, OHIO
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2022

OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)

Net Pension Liability

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2014-2022.

Changes in assumptions: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016 and 2018. For 2017, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 8.00% to 7.50%, (b) the expected long-term average wage inflation rate was reduced from 3.75% to 3.25%, (c) the expected long-term average price inflation rate was reduced from 3.00% to 2.50%, (d) Rates of withdrawal, retirement and disability were updated to reflect recent experience, (e) mortality rates were updated to the RP-2014 Health Annuitant Mortality Table, adjusted for mortality improvement back to the observant period base year of 2006 and then established the base year as 2015 (f) mortality rates used in evaluating disability allowances were updated to the RP-2014 Disabled Mortality tables, adjusted for mortality improvement back to the observation base year of 2006 and a base year of 2015 for males and 2010 for females (g) Mortality rates for a particular calendar year for both healthy and disabled retiree mortality tables are determined by applying the MP-2015 mortality improvement scale to the above described tables. For 2019, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected investment return was reduced from 7.50% to 7.20%. For 2020, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the cost-of-living adjustments for post-1/7/2013 retirees were reduced from 3.00% simple through 2018 to 1.40% simple through 2020, then 2.15% simple. For 2021, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the cost-of-living adjustments for post-1/7/2013 retirees were reduced from 1.40% simple through 2020 to 0.50% simple through 2021, then 2.15% simple. For 2022, the following changes of assumptions affected the total pension liability since the prior measurement date: (a) the expected long-term average wage inflation rate was reduced from 3.25% to 2.75% (b) the cost-of-living adjustments for post-1/7/2013 retirees were increased from 0.50% simple through 2021 to 3.00% simple through 2022, then 2.05% simple (c) the expected investment return was reduced from 7.20% to 6.90%.

Net OPEB Liability

Changes in benefit terms: There were no changes in benefit terms from the amounts reported for 2018-2022.

Changes in assumptions: For 2018, the single discount rate changed from 4.23% to 3.85%. For 2019, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the expected investment return was reduced from 6.50% to 6.00% (b) In January 2019, the Board adopted changes to health care coverage for Medicare and pre-Medicare retirees. It will include discontinuing the PPO plan for pre-Medicare retirees and replacing it with a monthly allowance to help participants pay for a health care plan of their choosing. The base allowance for Medicare eligible retirees will be reduced. The specific effect of these changes on the net OPEB liability and OPEB expense are unknown at this time (c) the single discount rate changed from 3.85% to 3.96%. For 2020, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 3.96% to 3.16%. For 2021, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 3.16% to 6.00% (b) the municipal bond rate changed from 2.75% to 2.00% (c) the health care cost trend rate changed from 10.50% initial and 3.50% ultimate in 2030 to 8.50% initial and 3.50% ultimate in 2035. For 2022, the following changes of assumptions affected the total OPEB liability since the prior measurement date: (a) the expected long-term average wage inflation rate was reduced from 3.25% to 2.75%. (b) the municipal bond rate changed from 2.00% to 1.84% (c) the health care cost trend rate changed from 8.50% initial and 3.50% ultimate in 2035 to 5.50% initial and 3.50% ultimate in 2034.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
2 CFR 200.510(b)(6)
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal award activity of Sandusky Metropolitan Housing Authority (the Authority) under programs of the federal government for the year ended June 30, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

NOTE C – INDIRECT COST RATE

The Authority has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
REQUIRED BY GOVERNMENT AUDITING STANDARDS**

Sandusky Metropolitan Housing Authority
Sandusky County
1358 Mosser Drive
Fremont, Ohio 43420

To the Board of Commissioners:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of Sandusky Metropolitan Housing Authority, Sandusky County, Ohio (the Authority) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority’s basic financial statements and have issued our report thereon dated February 28, 2023, wherein we noted the financial impact of COVID-19 and the continuing emergency measures which may impact subsequent periods of the Authority.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority’s financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Sandusky Metropolitan Housing Authority
Sandusky County
1358 Mosser Drive
Fremont, Ohio 43420

To the Board of Commissioners:

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited Sandusky Metropolitan Housing Authority, Sandusky County, Ohio's, (the Authority) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* that could have a direct and material effect on Sandusky Metropolitan Housing Authority's major federal program for the year ended June 30, 2022. Sandusky Metropolitan Housing Authority's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying schedule of findings.

In our opinion, Sandusky Metropolitan Housing Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The Authority's Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
