TRUMBULL COUNTY COMBINED HEALTH DISTRICT

TRUMBULL COUNTY

Single Audit

For the Year Ended December 31, 2022

88 East Broad Street Columbus, Ohio 43215 IPAReport@ohioauditor.gov (800) 282-0370

Board of Health Trumbull County Combined Health District 176 Chestnut Street NE Warren, OH 44483

We have reviewed the *Independent Auditor's Report* of Trumbull County Combined Health District, Trumbull County, prepared by Charles E. Harris & Associates, Inc., for the audit period January 1, 2022 through December 31, 2022. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. Trumbull County Combined Health District is responsible for compliance with these laws and regulations.

Keith Faber Auditor of State Columbus, Ohio

INDEPENDENT AUDITOR'S REPORT

Trumbull County Combined Health District Trumbull County 176 Chestnut Avenue NE Warren, Ohio 44483

To the Board of Health:

Report on the Audit of the Financial Statements

Unmodified and Adverse Opinions

We have audited the financial statements of the Trumbull County Combined Health District, Trumbull County, Ohio (the District), which comprises the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2022, and the related notes to the financial statements.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the cash balances, receipts and disbursements for each governmental fund type as of and for the year ended December 31, 2022, and the related notes to the financial statements, in accordance with the financial reporting provisions which Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit, described in Note 2.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the *Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* section of our report, the accompanying financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District, as of December 31, 2022, or the changes in financial position thereof for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Trumbull County Combined Health District Trumbull County Independent Auditor's Report Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 2 of the financial statements, the financial statements are prepared by the District on the basis of the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C), which is an accounting basis other than accounting principles generally accepted in the United States of America (GAAP), to satisfy these requirements. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 2 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Emphasis of Matter

As discussed in Note 11 to the financial statements, the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the District. We did not modify our opinions regarding this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial reporting provisions Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03(C) permit. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and the financial audit standards in the Comptroller General of the United States' *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Trumbull County Combined Health District Trumbull County Independent Auditor's Report Page 3

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the
 District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements.

The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

The Schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 21, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

The notes to the financial statements are an integral part of this statement.

Notes to the Financial Statements For the Year Ended December 31, 2022

Note 1 – Reporting Entity

The constitution and laws of the State of Ohio establish the rights and privileges of the Trumbull County District Board of Health, Trumbull County, (the District) as a body corporate and politic. A seven-member Board and a Health Commissioner govern the District. The District's services include communicable disease investigations, immunization clinics, inspections, and public health nursing services, and the District issues health-related licenses and permits.

The District's management believes these financial statements present all activities for which the District is financially accountable.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The District's financial statements consist of a combined statement of receipts, disbursements and changes in fund balances (regulatory cash basis) for all governmental fund types organized on a fund type basis.

Fund Accounting

The District uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The funds of the District are presented below:

General Fund The general fund accounts for and reports all financial resources not accounted for and reported in another fund. The general fund balance is available to the District for any purpose provided it is expended or transferred according to the general laws of Ohio.

Special Revenue Funds These funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The District had the following significant Special Revenue Fund:

Household Sewage Treatment Systems (HSTS) This fund is used to account for permit and user fees used to administer rules regarding the regulation of home sewage treatment systems and small flow onsite systems.

Basis of Accounting

These financial statements follow the accounting basis permitted by the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C). This basis is similar to the cash receipts and disbursements accounting basis. The Board recognizes receipts when received in cash rather than when earned, and recognizes disbursements when paid rather than when a liability is incurred. Budgetary presentations report budgetary expenditures when a commitment is made (i.e., when an encumbrance is approved).

These statements include adequate disclosure of material matters, as the financial reporting provisions of Ohio Revised Code Section 117.38 and Ohio Administrative Code Section 117-2-03 (C) permit.

Notes to the Financial Statements For the Year Ended December 31, 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Budgetary Process

The Ohio Revised Code requires the District to budget each fund.

Appropriations Budgetary disbursements (that is, disbursements and encumbrances) may not exceed appropriations at the fund, function or object level of control, and appropriations may not exceed estimated resources. The District Board must annually approve appropriation measures and subsequent amendments. Unencumbered appropriations lapse at year end.

Estimated Resources Estimated resources include estimates of cash to be received (budgeted receipts) plus unencumbered cash as of January 1. The County Budget Commission must approve estimated resources.

Encumbrances The Ohio Revised Code requires the District to reserve (encumber) appropriations when individual commitments are made. Encumbrances outstanding at year end are carried over, and need not be reappropriated.

A summary of 2022 budgetary activity appears in Note 3.

Capital Assets

The District records disbursements for acquisitions of property, plant, and equipment when paid. The accompanying financial statements do not report these items as assets.

Accumulated Leave

In certain circumstances, such as upon leaving employment, employees are entitled to cash payments for unused leave. The financial statements do not include a liability for unpaid leave.

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the District must observe constraints imposed upon the use of its governmental-fund resources. The classifications are as follows:

Nonspendable The District classifies assets as nonspendable when legally or contractually required to maintain the amounts intact. For regulatory purposes, nonspendable fund balance includes unclaimed monies that are required to be held for five years before they may be utilized by the District and the nonspendable portion of the corpus in permanent funds.

Restricted Fund balance is restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions.

Committed The Board can commit amounts via formal action (resolution). The District must adhere to these commitments unless the Board amends the resolution. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed to satisfy contractual requirements.

Notes to the Financial Statements For the Year Ended December 31, 2022

Note 2 – Summary of Significant Accounting Policies (continued)

Assigned Assigned fund balances are intended for specific purposes but do not meet the criteria to be classified as restricted or committed. For regulatory purposes, assigned fund balance in the general fund is limited to encumbrances outstanding at year end.

Unassigned Unassigned fund balance is the residual classification for the general fund and includes amounts not included in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

The District applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

For regulatory purposes, limited disclosure related to fund balance is included in Note 10.

Note 3 – Budgetary Activity

Budgetary activity for the year ending December 31, 2022, follows:

2022 Budgeted vs. Actual Receipts					
Budgeted		Actual			
Fund Type	Receipts	Receipts	Variance		
General	\$ 1,813,000	\$ 1,542,303	\$ (270,697)		
Special Revenue	6,016,821	4,525,716	(1,491,105)		

2022 Bu	ıdgeted	VS.	Actual	В	udgetary	Basis	Disbursements
				_		_	

	Appropriation	Budgetary		
Fund Type Authority		Disbursements	Variance	
General	\$ 1,231,140	\$ 1,112,763	\$ 118,377	
Special Revenue	7,370,001	5,269,928	2,100,073	

Note 4 – Deposits and Investments

As required by the Ohio Revised Code, the Trumbull County Treasurer is custodian for the District's deposits. The County's deposit and investment pool holds the District's assets, valued at the Treasurer's reported carrying amount.

Note 5 – Intergovernmental Funding

Intergovernmental Funding

The County apportions the excess of the District's appropriations over other estimated receipts among the townships and municipalities composing the District, based on their taxable property valuations. The County withholds the apportioned excess from property tax settlements and distributes it to the District. The financial statements present these amounts as intergovernmental receipts.

Notes to the Financial Statements For the Year Ended December 31, 2022

Note 6 – Risk Management

Workers' Compensation

Workers' Compensation coverage is provided by the State of Ohio. The District pays the State Workers' Compensation System a premium based on a rate per \$100 of salaries. This rate is calculated based on accident history and administrative costs.

Risk Pool Membership

The District is a member of the Public Entities Pool of Ohio (The Pool). The Pool assumes the risk of loss up to the limits of the District's policy. The Pool covers the following risks:

- General liability and casualty
- Public official's liability
- Cyber
- Law enforcement liability
- Automobile liability
- Vehicles
- Property
- Equipment breakdown

The Pool reported the following summary of assets and actuarially-measured liabilities available to pay those liabilities as of December 31 (latest information available):

	2021
Cash and investments	\$41,996,850
Actuarial liabilities	14,974,099

Note 7 – Defined Benefit Pension Plans

Social Security

Several District employees contributed to Social Security. This plan provides retirement benefits, including survivor and disability benefits to participants.

Employees contributed 6.2% of their gross salaries. The District contributed an amount equal to 6.2% of participants' gross salaries. The District has paid all contributions required through December 31, 2022.

Ohio Public Employees Retirement System

Most District employees belong to the Ohio Public Employees Retirement System (OPERS). OPERS is a cost-sharing, multiple-employer plan. The Ohio Revised Code prescribes this plan's benefits, which include postretirement healthcare and survivor and disability benefits.

The Ohio Revised Code also prescribes contribution rates. OPERS members contributed 10% of their gross salaries, and the District contributed an amount equaling 14% of participants' gross salaries. The District has paid all contributions required through December 31, 2022.

Notes to the Financial Statements For the Year Ended December 31, 2022

Note 8 – Postemployment Benefits

OPERS offers a cost-sharing, multiple-employer defined benefit postemployment plan, that includes multiple health care plans including medical coverage, prescription drug coverage, deposits to a Health Reimbursement Arrangement, and Medicare Part B premium reimbursements, to qualifying benefit recipients. The portion of employer contributions allocated to health care for members in the traditional pension plan and combined plan was 0% during calendar year 2022. The portion of employer contributions allocated to health care for members in the member-directed plan was 4% during calendar year 2022.

Effective January I, 2022, OPERS discontinued the group plans currently offered to non-Medicare retirees and reemployed retirees. Instead, eligible non-Medicare retirees will select an individual medical plan. OPERS will provide a subsidy or allowance via an HRA allowance to those retirees who meet health care eligibility requirements. Retirees will be able to seek reimbursement for plan premiums and other qualified medical expenses.

Note 9 – Contingent Liabilities

The District may be a defendant in lawsuits. Although management cannot presently determine the outcome of any suit, management believes that the resolution of any matter will not materially adversely affect the District's financial condition.

Note 10 - Fund Balances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end, the balances of these amounts were as follows:

		Special			
	Fund Balances	General	Revenue	Total	
(Outstanding Encumbrances	\$59,959	\$385,783	\$445,742	

The fund balance of special revenue funds is either restricted or committed. These restricted and committed amounts in the special revenue fund include the outstanding encumbrances. In the general fund, outstanding encumbrances are considered assigned.

Note 11 – COVID-19

The United States and the State of Ohio declared a state of emergency in March of 2020 due to the COVID-19 pandemic. Ohio's state of emergency ended in June 2021. During 2022, the District received COVID-19 funding. The financial impact of COVID-19 and the continuing emergency measures will impact subsequent periods of the District. The impact on the District's future operating costs, revenues, and additional recovery from emergency funding, either federal or state, cannot be estimated.

The 2022 activity includes \$238,396 that was sub-granted to Warren City Health Department. These amounts are reflected as purchased and contracted services expenditures in the COVID-19 Special Revenue Funds (COVID 19 Vaccination and EO COVID 19 Enhance Operations) on the accompanying financial statements.

The accompanying notes are an integral part of this schedule.

Notes to the Schedule of Federal Awards Receipts and Expenditures 2 CFR 200.510(b)(6) For the Year Ended December 31, 2022

Note A – Basis of Presentation

The accompanying Schedule of Federal Awards Receipts and Expenditures (the Schedule) includes the federal award activity of Trumbull County Combined Health District (the District) under programs of the federal government for the year ended December 31, 2022. The information on this Schedule is prepared in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in fund balance of the District.

Note B – Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

Note C - Indirect Cost Rate

The District has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note D - Subrecipients

The District passes certain federal awards received from the Ohio Department of Health to other governments or not-for-profit agencies (subrecipients). As noted B describes, the Board reports expenditures of federal awards to subrecipients when paid in cash.

As a subrecipient, the District has certain compliance responsibilities, such as monitoring its subrecipients to help assure they use these subawards as authorized by laws, regulations, and provisions of contracts or grant agreements, and that subrecipients achieve the award's performance goals. In 2022, the District sub-granted to Warren City Health Department \$256,974 and Trumbull County Educational Service Center \$100,000.

Note E - Matching Requirements

Certain federal programs require the District to contribute non-Federal funds (matching funds) to support the Federally-funded programs. The District has met its matching requirements. The Schedule does not include the expenditure of non-federal matching funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS

Trumbull County Combined Health District Trumbull County 176 Chestnut Avenue NE Warren, Ohio 44483

To the Board of Health:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued the Comptroller General of the United States, the financial statements of the cash balances, receipts, and disbursements for each governmental fund type as of and for the year ended December 31, 2022 and the related notes to the financial statements of the Trumbull County Combined Health District, Trumbull County, (the District) and have issued our report thereon dated June 21, 2023, wherein we noted the District followed financial reporting provisions Ohio Rev. Code § 117.38 and Ohio Admin. Code 117-2-03(C) permit. We also noted the financial impact of COVID-19 and the ensuing emergency measures will impact subsequent periods of the District.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

However, we noted certain matters not requiring inclusion in this report that we reported to the District's management in a separate letter dated June 21, 2023.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO THE MAJOR FEDERAL PROGRAMS AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Trumbull County Combined Health District Trumbull County 176 Chestnut Avenue NE Warren, Ohio 44483

To the Board of Health:

Report on Compliance for the Major Federal Programs

Opinion on the Major Federal Programs

We have audited the Trumbull County Combined Health District, Trumbull County's (the District) compliance with the types of compliance requirements identified as subject to audit in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on the District's major federal programs for the year ended December 31, 2022. The District's major federal programs are identified in the Summary of Auditor's Results of the accompanying Schedule of Findings.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended December 31, 2022.

Basis for Opinion on the Major Federal Programs

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal programs. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

The District's management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Major Programs and on Internal Control Over
Compliance Required by the Uniform Guidance
Page 2

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the major federal programs as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control
 over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such
 opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of this testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
