## BASIC AUDIT REPORT

Pickaway County Transportation Improvement District  
Pickaway County  
Circleville, Ohio 43113

We have completed certain procedures in accordance with Ohio Rev. Code Section 117.01(G) to the accounting records and related documents of the Pickaway County Transportation Improvement District, Pickaway County, (the District) for the years ended December 31, 2023 and 2022.

Our procedures were designed solely to satisfy the audit requirements of Ohio Rev. Code Section 117.11(A). Because our procedures were not designed to opine on the District's financial statements, we did not follow *generally accepted auditing standards*. We do not provide any assurance on the District's financial statements, transactions or balances for the years ended December 31, 2023 and 2022.

The District's management is responsible for preparing and maintaining its accounting records and related documents. Our responsibility under Ohio Rev. Code Section 117.11(A) is to examine, analyze and inspect these records and documents.

Based on the results of our procedures, we found the following significant compliance or accounting issues to report.

### Current Year Observations

1. We noted the District did not adopt/approve the usage of Pickaway County's records retention policy as of December 31, 2023. **Ohio Rev. Code § 149.43(B)(2)** provides that a public office or the person responsible for public records shall organize and maintain public records in a manner that they can be made available for inspection or copying and that public offices shall have available a copy of their current records retention schedule at a location readily available to the public. The District should appropriately approve/adopt using the Pickaway County records retention policy and have the records retention schedule at a location readily available to the public. Failure to have and follow a records retention policy could result in public records being disposed of prematurely.

A handwritten signature in black ink that reads "Keith Faber".
