City Council
City of Pickerington
100 Lockville Road
Pickerington, Ohio 43147

We have reviewed the *Independent Auditor's Report* of the City of Pickerington, Fairfield County, prepared by Wilson, Shannon & Snow, Inc., for the audit period January 1, 2024 through December 31, 2024. Based upon this review, we have accepted these reports in lieu of the audit required by Section 117.11, Revised Code. The Auditor of State did not audit the accompanying financial statements and, accordingly, we are unable to express, and do not express an opinion on them.

The Auditor of State is conducting an investigation, which is on-going as of the date of this report. Dependent on the outcome of the investigation, results may be reported on at a later date.

Our review was made in reference to the applicable sections of legislative criteria, as reflected by the Ohio Constitution, and the Revised Code, policies, procedures and guidelines of the Auditor of State, regulations and grant requirements. The City of Pickerington is responsible for compliance with these laws and regulations.

KEITH FABER

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS REQUIRED BY GOVERNMENT AUDITING STANDARDS**

City of Pickerington
Fairfield County
100 Lockville Road
Pickerington, Ohio 43147

To City Council:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pickerington, Fairfield County, (the City) as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated July 25, 2025, wherein we noted the 2023 financial statements have been restated for correction of an error. We also noted the City adopted new accounting guidance in Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

City of Pickerington
Fairfield County
Independent Auditor's Report on Internal Control Over Financial
Reporting and On Compliance and Other
Matters Required By *Government Auditing Standards*

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CITY OF
PICKERINGTON

100 Lockville Road
Pickerington, Ohio 43147
(614) 837-3974
www.pickerington.net

July 25, 2025

To the Honorable Mayor Gray and Members of City Council,
And Citizens of the City of Pickerington:

The Annual Comprehensive Financial Report (Annual Report) of the City of Pickerington, Ohio (the City), for the year ended December 31, 2024, is submitted herewith. State law requires that each general-purpose local government publish within 150 days of the close of each year, unless an extension has been approved, a complete set of financial statements. This report is published to fulfill that requirement for the year ended December 31, 2024. This report is prepared in conformity with generally accepted accounting principles (GAAP) in the United States of America and audited in accordance with generally accepted auditing standards.

The City's Finance Department is responsible for management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

In developing and revising the City's accounting and reporting control systems, consideration is given to the adequacy of internal controls to provide reasonable but not absolute assurance regarding the safeguarding of assets from loss, theft or misuse, and reliability of financial records for preparing the City's financial statements in conformity with GAAP and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived, and the evaluation of costs and benefits requires estimates and judgments by management.

As management, we believe the data presented is accurate in all material aspects and that all disclosures necessary to enable the reader to acquire the maximum understanding of the City's financial activity have been included.

In compliance with State statute, the basic financial statements have been audited by Wilson, Shannon, & Snow Inc. The independent auditor concluded that the City's financial statements for the year ended December 31, 2024, are fairly presented in conformity with generally accepted accounting principles. The independent auditor's report is presented as the first component of the financial section of this report. In addition, the City coordinates the audit requirements for the "Single Audit" of all its federal funds through Wilson, Shannon, & Snow Inc.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements and complements this letter of transmittal and should be read in conjunction with it.

Profile of the City

The first settlers in the attractive, growing community that is now Pickerington, arrived in the area in 1808. In 1815, Abraham Pickering laid out the original plat of old Pickerington. One hundred fifty years later relatively few people lived in the area and Pickerington slumbered as an agricultural and dairy community, seemingly distant from the County seat, Lancaster, and the state capital, Columbus.

The growth and prosperity since 1965 forever changed Pickerington from an old country village to a major city in northwest Fairfield County. Equidistant between Lancaster and Columbus, today Pickerington is both a Columbus suburban community and a transition zone leading to agricultural and open spaces to the east and southeast.

The City's 2024 population (latest available) as estimated by the United States Census Bureau was 25,814. The unincorporated Violet Township estimated population (excluding Pickerington) was 25,829. As a result of reaching an official population of over 5,000 persons, Pickerington was certified as a city by the Ohio Secretary of State in 1991. Pickerington was the second city incorporated in Fairfield County and is second in size only to Lancaster.

The Municipal Charter, which was enacted in 1980, became effective January 1, 1981, and was amended in 1990, 2000, 2003, 2005, 2007, and again in 2010. The Charter Review Board was appointed in 2020 and no charter amendments were proposed based on their meetings and discussions. This Charter provides for the Mayor-Council-Manager form of government whereby the legislative powers of the City are vested in a seven member City Council. Three members are elected at large for a four-year term each biennium and the remaining four are elected at large for a four-year term the following biennium. Council appoints the Law Director, Finance Director, City Engineer, City Clerk, and concurs on the Mayor's appointment of the City Manager. Council also makes citizen appointments to several boards and commissions. There are four standing Council Committees that Council appoints: Finance, Rules, Safety, and Service. Council sets the compensation guidelines for City officials and employees, and enacts ordinances and resolutions relating to City services, tax levies, appropriations, indebtedness, building permits and licenses, and other municipal purposes.

The City provides the following services: public safety, operation of water, sewer, and stormwater utilities, operation of an aquatic recreation center, parks and recreation, and a State Certified Building Department. Fire Department services are provided by Violet Township, of which the City is a part. Sanitation is awarded on a contract basis every five years. In the fall of 2009, the City entered into an agreement with the Franklin County District Board of Health to provide health services to City residents and this contract is renewed annually.

The annual budget serves as the foundation for the City's financial planning and control. The City complies with the requirements of the Ohio Revised Code in the adoption of the budget. Appropriations for the operation of various City departments are established through the passage of an ordinance by City Council. Budgetary control is facilitated through the maintenance of an encumbrance system for requisitions and purchase orders, and through the use of the City's automated financial system. All departments of the City were required to submit requests for appropriations to the Finance Director before September 30th. The Finance Director uses these requests as the starting point for developing a proposed budget. The City adopts a 5-year Capital Improvement Budget that aids in the preparation of the budget. The City also completes a 5-year financial forecast annually, as a tool to assist Council and management in the budgetary decision making process.

The Finance Director presents the proposed budget for the City Manager's review and approval. The City Manager and the Finance Director then present the proposed budget to the City Council for review, 35 days before the end of the current year. Council is required to hold a public hearing on the proposed budget and to adopt the budget by no later than December 31, the close of the City's fiscal year. Failure to do so allows the budget, as presented by the Manager, to become effective.

The legal level of budgetary control is the level passed by Council which is at the object level for all funds. Any budgetary modifications at this level may only be made by ordinance of the City Council. The Finance Director is given the authority to further allocate fund appropriations within all funds. The City Council may pass supplemental appropriations at any time by ordinance. Budget-to-actual comparisons are provided in this report

for each individual fund for which an appropriated annual budget has been adopted. The General Fund, Police Fund, and Street Fund budget-to-actual comparisons are presented as part of the basic financial statements beginning on page 30. For other funds, this comparison is presented in the supplementary section of this report, which starts on page 125.

Local Economy

Rooftops and Retail continue to be the story of Pickerington's economy. Recent estimates show that the City's population is now over 25,000 residents with over 7700 households. In the last six years there have been over 1000 new single-family homes built and there is a robust pipeline of over 600 homes on the horizon. Housing sales and prices remained strong in 2024 despite pressure on the housing market in the form of elevated interest rates and property values. In 2024 the median monthly home sale volume was 28 units with the year's median sale price at \$425,000.

This housing and along with its associated consumer spending powered the city's retail strength with 2024 statistics as follows: 1.6% retail vacancy rate (context: this is still near all-time lows), and \$20.84 Avg retail rent per square foot (context: this is still near all-time highs). These market conditions are continuing to cause inquiries on undeveloped land for new retail and commercial services especially on the City's east side. New investments in 2024 include:

- United Dairy Farmers
- Sheetz
- Scooter's Coffee
- Los 3 Norteños
- Kroger renovation
- Pediatric Dentistry
- Kung Fu Tea

2024 saw unprecedented investment by the City in its Olde Pickerington Village real estate. In fact, Pickerington acquired over 10 separate parcels that the City now directly owns as assets. This strategy for downtown redevelopment included the targeted acquisition of property in key locations, such as, major intersections, future parking areas, and sites adjacent to City Hall. These new property assets under the control of the City have already resulted in two public-private partnerships that will transform the look and feel of the Olde Village in the coming years. The business mix will change by adding eateries and the City will continue investing in property, infrastructure, and business programs for this area.

Median household incomes within the City of Pickerington are significantly higher than for the State as a whole. According to the 2024 U.S. Census estimates, the City's median family income was \$116,645, the County's was \$87,069, while the State's was \$69,680.

During 2024, the Building Department issued a total of 776 permits, which included 135 single family homes. Building Department permits and municipal impact fees totaled over \$583,568 in 2024 with a total value of construction at over \$111.6 million.

Major Initiatives

In 2014, the City received confirmation of \$3.5 million in grant funding from the Ohio Department of Transportation Safety Program for improvements to the intersection of State Route 256 and Refugee Road. The City also applied for an additional \$5.75 million in grant funding from the Mid- Ohio Regional Planning Commission (MORPC) for corridor improvements to Refugee Road. The City was awarded the \$5.75 million in grant funding in May 2015. In the summer of 2016, the City provided an updated grant request to MORPC for additional project funding and received an additional \$1.3 million in grant funding for the project. In July 2018, the City received additional funding in the amounts of \$250,000 from the Ohio Department of Commerce and \$404,523 from the Ohio Public Works Commission. The \$250,000 grant was in collaboration with the Fairfield County Transportation Improvement District (TID). The total grant funding in the amount of \$11.1 million along

with \$4.4 million in anticipated tax increment financing revenues and \$101,123 in anticipated OPWC loan proceeds will allow the City to widen the intersection at State Route 256 and Refugee Road, widen Refugee Road in front of the Ohio Health property, and widen Refugee Road west of Ohio Health. Design work began in 2015, utility relocation was completed during 2018, and right-of-way property acquisition was completed during 2019. Construction began in late 2018, continued throughout 2019 and was essentially completed by the end of 2020, with minor punch-list items left to be completed. In 2023, The project was completed after final payment to ODOT for construction inspections.

In December 2018, the City purchased several parcels of land located on the City's southern periphery as part of a proactive growth effort to expand the City's boundaries via annexation, and attain direct control of developable sites. The newly acquired land located at 8185 Pickerington Road, will have a mix of land uses. The site will have roughly 80 acres devoted to new commercial and industrial businesses as proposed. This 210.268-acre property was annexed into the corporation limits in October 2020.

In April 2021, the City completed the annexation of 38.73 acres from the Foltz family. The property extended the northern boundary of the City just north of Refugee Road. The property has been zoned for single-family residential homes and will follow the City's current residential design standard guidelines.

In 2025, the parks and recreation capital improvement plan include designs for a DEK hockey rink and maintenance and rehabilitation of the Sycamore Creek Park covered bridge and Sycamore Creek Park Pond.

The 2025 street repaving program will include repaving of various streets and the repaving of several parking lots and repairs to curbs and gutters located throughout the City. The combined estimated project costs will be in excess of \$1.6 million.

Long-Term Financial Planning and Relevant Financial Policies

Providing first-class municipal services to a community such as Pickerington, which has a small commercial and office tax base, creates numerous challenges, which is the reason the Mayor, City Council, and staff work consistently on the long-term financial health of the City. The City has sought various alternative means to assist in the City funding mechanisms including the use of Tax Increment Financing (TIF) areas. On February 15, 2014, the City entered into a Tax Increment Financing Agreement with Ohio Health Corporation for the purpose of constructing a two-story, approximately 47,300 square foot medical office building with an ambulatory surgical center and adjacent parking with approximately 189 parking spaces. The TIF revenues associated with this agreement will be used to help absorb the costs incurred with the ongoing Refugee Road widening project.

On April 15, 2014, the City passed several ordinances establishing three Tax Increment Financing areas along State Route 256 (Hill Road). The TIF revenues derived from these parcels will be used for future infrastructure improvements along State Route 256 (Hill Road) and Diley Road (an arterial of SR 256).

On October 18, 2016, the City passed several ordinances establishing three Tax Increment Financing areas along State Route 256 (Hill Road), Diley/Windmill/Refugee Roads, and Yarmouth/Winderly Lane/Hill Road areas. The TIF revenues derived from these parcels will be used for future infrastructure improvements within these areas.

On November 1, 2016, the City passed an ordinance establishing a Tax Increment Financing area along Courtright Drive. The TIF revenues derived from these parcels will be used for future infrastructure improvements including the extension of Courtright Drive.

On December 6, 2016, the City passed two separate ordinances establishing two Tax Increment Financing areas along Commerce Drive/State Route 256 (Hill Road) and along Refugee Road. The TIF revenues derived from these parcels will be used for the future infrastructure improvements within these areas including the widening of Refugee Road.

On June 2, 2020, the City passed an ordinance establishing a Tax Increment Financing area along Refugee Road. The TIF revenues derived from these parcels will be used for future infrastructure improvements on Refugee Road between Milnor Road and Pickerington Road including Springcreek Drive intersection improvements.

The City of Pickerington continues to grow and outpace activity in other area cities, but the rising cost of providing critical City services to our citizens remains a concern. The cost of fuel, road salt, vehicles, police protection, and other supplies and materials is increasing faster than revenues. These increases, coupled with State-mandated collective bargaining which adds to the labor and health care costs, has led City Council to undertake a comprehensive review of all aspects of the General Fund budget. As a result, consideration is being given to contracting for some City services to reduce cost, overall reducing expenses.

In an effort to provide more cost efficient services to its residents, the City has been promoting regionalism with the local Township, County, and surrounding communities. The City has initiated discussions with several communities for cooperative road salt bidding, street paving projects, land use plans, and the sharing of specialized employees. The City's goal to remain competitive in the future is to continue to focus on the development process and to complete all projects in a timely manner.

To ensure that debt capacity is available during unforeseen and extraordinary events that may require an immediate infusion of capital into the City's infrastructure, facilities, equipment and appurtenances, the City shall make every effort to preserve unvoted general obligation debt capacity of at least \$300 per capita.

Annually, the fee schedule for the City is evaluated to make certain current costs that should be recovered for various activities are being covered by the fees being charged. The City also periodically surveys other similar cities to ensure those fees and costs are comparable.

The City has adopted several policies that are reviewed and updated on an as needed basis. These policies include an investment policy, debt policy, fund balance reserve policy, and purchasing policy. In 2025, the City is in the process of adopting a financial sustainability plan which outlines steps to maintain City fund balances and not increase taxes for residents.

The fund balance reserve policy designates the minimum unrestricted General fund balance be twenty-five percent (three months) of the annual operating expenditures and other financing uses (transfers) otherwise known as the annual operating budget. Replenishment should take place in a prompt manner and the government should develop a strategy and timeline for replenishing fund balance.

The City obtained a credit rating for the first time in 2004 with Moody's Financial Corporation, which rated the City an "A-2" for bond issues and an "MIG 1" for notes. The note rating has been maintained from 2005 through 2023. The overall rating of the City was upgraded to "A-1" status in 2007 and was reaffirmed in 2008 through 2011. In 2012, the City's "Aa-2" bond rating was reaffirmed through 2022. In 2023, the City made a ratings presentation to Moody's. The City was upgraded from an "Aa-2" bond rating to "Aa-1". This upgrade makes the City of Pickerington the highest bond rated local government in Fairfield County, Ohio.

The Finance Department once again completed a five-year financial forecast in 2024. This forecast was reviewed by Council and Mayor as a tool for assisting with future decisions regarding the finances of the City. The forecast has been instrumental for successfully renewing the annual street resurfacing program and repealing the automatic three percent rate increase for water and sewer user fees.

Awards and Recognitions

The Finance Director received the Auditor of State's "Award with Distinction" for outstanding commitment to the highest standards of financial reporting for the years 2005, 2006, and 2008 through 2022 due to the filing of the Annual Report and having no audit citations.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Pickerington for its Annual Report for the year ended December 31, 2023. This was the twentieth year the City had filed an Annual Report and received this

reward. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Annual Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Additionally, the City received the Award for Outstanding Achievement in Popular Annual Financial Reporting from GFOA for the City's 2023 Citizen's Report, a condensed, more user-friendly financial report intended to provide highlights of the City's financial condition. 2023 was the thirteenth consecutive year the City completed the Popular Annual Financial Report and received this prestigious award.

The City received its 32nd Tree City USA Award for the year ended December 31, 2024. This prestigious award recognized the City for its annual program of planting new trees and maintaining and removing old trees.

I would like to thank the Mayor, Members of Council, and the City Manager for their support in striving for excellence in financial reporting and disclosure.

The preparation of this Annual Report was made possible by the dedicated service of the executive staff and department heads of the City Manager. I would like to express my appreciation to all staff members who have contributed or assisted in its preparation.

In closing, I would like to thank the residents and taxpayers of the City of Pickerington for entrusting us with the fiscal accountability of the community.

Respectfully submitted,

A handwritten signature in black ink, reading "Christopher P. Schornack". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITOR'S REPORT

City of Pickerington
Fairfield County
100 Lockville Road
Pickerington, Ohio 43147

To the City Council:

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pickerington, Fairfield County, Ohio (the City), as of and for the year ended December 31, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Pickerington, Fairfield County, Ohio as of December 31, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the General, Police and Street funds for the year then ended in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 2.C. to the basic financial statements, during 2024, the City adopted new accounting guidance in the Governmental Accounting Standards Board (GASB) Statement No. 101, *Compensated Absences*, in addition, it is also noted the 2023 financial statements have been restated for a correction of an error in reporting notes receivable. Our opinion is not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *management's discussion and analysis*, and schedules of net pension and other post-employment benefit liabilities/assets and pension and other post-employment benefit contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

City of Pickerington
Fairfield County
Independent Auditor's Report

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 25, 2025, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Newark, Ohio
July 25, 2025

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

The discussion and analysis of the City of Pickerington's (the City) financial performance provides an overall review of the City's financial activities for the year ended December 31, 2024. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, the basic financial statements, and the notes to the basic financial statements to enhance their understanding of the City's financial performance.

Financial Highlights

Key financial highlights for 2024 are as follows:

- The City's total net position increased by \$9,271,927, from the total net position at the beginning of the year 2023.
- At the end of the current year, the City's governmental activities reported total net position of \$100,598,795, an increase of \$4,738,647 from the prior year.
- At the end of the current year, unassigned fund balance for the General Fund was \$22,124,469, which represents approximately 90% of total General Fund balance at year-end.

Using this Annual Financial Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the City as a financial whole or as an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities and conditions.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole City, presenting both an aggregate view of the City's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the City's most significant funds with all other nonmajor funds presented in total in one column.

Reporting the City as a Whole

Statement of Net Position and Statement of Activities

While this document contains information about the funds used by the City to provide services to our citizens, the view of the City as a whole looks at all financial transactions and asks the question, "How did we do financially during fiscal year 2024?" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting similar to the accounting used by most private sector companies. This basis of accounting takes into account all of the current year's revenues and expenses regardless of when cash is received or paid.

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

These two statements report the City's net position and changes in the position. This change in net position is important because it tells the reader whether, for the City as a whole, the financial position of the City has improved or diminished. However, in evaluating the overall position of the City, nonfinancial information such as the condition of City capital assets will also need to be evaluated.

In the Statement of Net Position and the Statement of Activities, the City is divided into three kinds of activities:

Governmental Activities – Most of the City's services are reported here including police, administration, and all departments with the exception of our Water, Sewer, Stormwater, and Aquatic Recreation Center Funds.

Business-Type Activities – Water and sewer services have charges based upon the amount of usage. The City charges fees to recoup the cost of the entire operations of our Water and Sewer Treatment Plants as well as all capital assets associated with the services. The City charges fees for stormwater services based upon set rates. The City also charges fees for pool passes for our Aquatic Recreation Center.

Discretely Presented Component Unit – The City includes financial data of the Pickerington Community Improvement Corporation (CIC). This component unit is described in Note 1 of the Notes to the Basic Financial Statements. A component unit is a legally separate entity and may buy, sell, lease, and mortgage property in its own name. It can also sue or be sued in its own name. There was no presentation of the CIC in the Statement of Net Position because there was no activity.

Reporting the City's Most Significant Funds

Fund Financial Statements

The fund financial statements provide more detailed information about the City's most significant funds – not the City as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds. Fund financial reports provide detailed information about the City's major funds. Based on the restriction on the use of monies, the City has established many funds that account for the multitude of services provided to its residents. However, these fund financial statements focus on the City's most significant funds. The City's major governmental funds are the General Fund, Police Special Revenue Fund, Street Special Revenue Fund and the Debt Service Fund.

Governmental Funds Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as balances of spendable resources available at the end of the year. Such information may be useful in evaluating the City's near-term financing requirements.

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

Because the focus of governmental funds is narrower than the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, the reader may better understand the long-term impact of the City's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a number of individual governmental funds. Information for the major funds, identified earlier, is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances. Data from the other governmental funds are combined into a single aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 22 through 32 of this report.

Proprietary Funds The City uses enterprise funds to account for its water, sewer, stormwater, and aquatic recreation center operations. For water and sewer operations, the City charges a fee to customers, based upon the amount of usage, to recover the costs of the services provided, and to cover the capital assets associated with the services. For stormwater operations, the City charges a flat monthly fee. For the aquatic recreation center the City charges a fee for pool passes. The proprietary fund financial statements can be found on pages 34 through 41 of this report.

Fiduciary Fund The City accounts for resources held for the benefit of parties outside the government as a fiduciary fund. This fund is not reflected in the government-wide financial statements because the resources of this fund are not available to support the City's own programs. The City uses accrual accounting for fiduciary funds, much like that of the proprietary funds. The fiduciary fund financial statements can be found on pages 42 and 43.

<i>Total Net Position</i>	<i>\$100,598,795</i>	<i>\$95,860,148</i>	<i>\$96,943,011</i>	<i>\$92,409,731</i>	<i>\$197,541,806</i>	<i>\$188,269,879</i>

The net pension liability (NPL) is one of the largest liabilities reported by the City at December 31, 2024. GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the “employment exchange” – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability/asset or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities/assets, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability/asset and the net OPEB liability are satisfied, these liabilities/assets are separately identified within the long-term liability or non-current asset section of the statement of net position.

Total governmental activities net position increased \$4,738,647. This increase is primarily due to an increase in cash and cash equivalents in the amount of \$6,420,893 as revenues exceeded expenses, specifically an increase in investment earnings of \$187,169 as the City structured its investment portfolio to capture the change in interest rates. The Fairfield County Auditor completed a re-evaluation of property tax assessed valuations which continued to increase property tax collections during 2024, noting the City saw an increase of \$119,289.

Total governmental activities long-term liabilities decreased \$1,232,930 based on decreases to the City net pension and net OPEB liability obligations of \$581,179 reduced by principal payments totaling \$767,312 while compensated absences increased \$133,724. The net pension liability and net OPEB liability decreases represents the change in the City's proportionate share of the Ohio Public Employee Retirement and Ohio Police and Fire Pension system unfunded net position/OPEB liability.

Total business-type activities assets increased \$3,917,605. This increase is primarily due to a net increase in cash and cash equivalents in the amount of \$3,546,163. The increase in cash and cash equivalents is directly related to the City managing operations for water and sewer proprietary operations, which accounted for \$3,166,614 of the increase.

Total business-type activities liabilities decreased \$834,355. This decrease, consistent with the decrease in governmental activities liabilities, is attributed to City net pension and net OPEB liability obligations change of \$281,688 reduced by principal payments totaling \$779,108 for general obligation bonds and Ohio Water Development Authority loan, off-set by an increase in compensated absences of \$244,732.

Total governmental and business-type activities restricted net position was \$7,587,361 and unrestricted net position was \$44,521,558. Net position is restricted when constraints on the use are externally imposed by creditors, grantors, contributors, or laws or regulations of other governments. Unrestricted net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets".

The City's net position, when viewed over time, may provide the reader with a useful indicator of the City's economic condition.

Governmental Activities

Charges for services accounted for 10 percent of total governmental revenues while operating and capital grants and contributions accounted for 10 percent of total governmental revenues. During 2024, capital grants and contributions increased in the amount of \$396,046 which was attributed to donated infrastructure assets accepted in 2024.

Charges for services consist of direct charges to citizens which include recreation fees, court fines and forfeitures, police security services, and licenses and permits.

Property and income tax revenue provided 60 percent of total governmental revenues. Of the 60 percent, 46 percent of total governmental revenues were generated from income taxes and 14 percent was generated from property and other local taxes. These revenue sources comprise the largest components of City revenues. Income taxes, property and other taxes, and grants and contributions combined together, provided 80 percent of the City's total governmental general revenues.

The City reported interest revenue of \$2,640,972 based on the City structuring its investment portfolio to capture short-term interest rates. All investments are considered "held-to-maturity" and the impact of the change in fair value, either positive or negative, does not have a significant impact on operations.

The City's security of persons and property activities accounted for \$7,904,768, or 35 percent, of total program expenses. Transportation services expenses were \$6,286,685, or 28 percent, of total program expenses.

The following table presents the total expenses and net cost of each of the City's governmental program activities. The net cost (total program activity expenses less revenues generated by the program) represents the financial burden that was placed on the City's taxpayers by each of these program activities. Costs not covered by program revenues are essentially funded with the City's general revenues, which are primarily composed of income taxes, property taxes, payment in lieu of taxes, intergovernmental revenues, and unrestricted interest earnings.

Table 3
Governmental Activities

	Total Cost of Services	Net Cost of Services	(Restated)	
			Total Cost of Services	Net Cost of Services
	2024	2024	2023	2023
General Government	\$5,317,940	\$5,317,940	\$4,950,227	\$4,842,333

Totals	\$22,457,270	\$16,781,706	\$22,109,724	\$16,270,696

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

Total expenses increased \$347,546 compared to 2023 with transportation experiencing the largest increase. This increase is primarily driven from inflationary related pressures through outside contractual services and materials and supplies, as well as higher depreciation expense on new and existing assets.

Business-Type Activities

The City's business-type activities are for water, sewer, stormwater, and aquatic recreation services. During 2024, revenues and transfers exceeded expenses by \$4,533,280.

The minimum water rate is \$4.16 per each thousand gallons of water used up to a maximum of 12,000 gallons plus a \$4.50 per month service charge. A water fee of \$6.39 is assessed for each thousand gallons used in excess of 12,000 gallons per month. Sewer fees are calculated on the amount of water used. The minimum sewer rate is \$27.38 per month up to 3,000 gallons of water. A sewer fee of \$9.13 is assessed for each thousand gallons of water used in excess of 3,000 per month. Stormwater fees are assessed at a flat rate of a \$4.50 per month.

The City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds – The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in accessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the year.

General Fund

The General Fund is the primary operating fund of the City. At the end of 2024, unassigned fund balance was \$22,124,469, while total fund balance was \$24,536,856. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance, to total expenditures and other financing uses. Unassigned fund balance represents 141 percent of total General Fund expenditures and other financing uses, while total fund balance represents 156 percent of General Fund expenditures and other financing uses.

The fund balance of the City's General Fund increased by \$3,508,182 during the current year. Each year, the City prepares conservative budgets matching estimated revenues to appropriations which results in significant increases in fund balance each year. General fund revenues were flat when compared to the prior year noting a slight decrease in income taxes of \$252,974 off-set by an increase in interest revenues of \$217,862. The change in income tax revenue is due to the timing of modified accrual revenues while the increase in interest revenue is due to the higher interest rates on investments. Expenditures and other financing uses increased \$1,150,093 noting the largest increases in general government expenditures of \$774,555. Higher salary and benefit costs combined with higher operational costs of City facilities attributed to the large increase.

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

Other Major Governmental Funds

Police Fund

The fund balance of the Police Fund at December 31, 2024, is \$1,035,476, an increase of \$5,578 from the prior year. Higher expenditures of \$578,975 were off-set by an increase in transfers in from the General Fund of \$575,000.

Street Fund

The fund balance of the Street Fund at December 31, 2024 was \$1,902,729 which represents an increase of \$70,707. The increase in fund balance is primarily due to lower transportation costs (salaries, benefits, contractual costs) of \$1,347,854 compared to prior-year.

Debt Service Fund

The fund balance of the Debt Service Fund at December 31, 2024, is \$89,903. Transfers in from the General Fund were matched to principal and interest payments due during 2024.

Proprietary Funds

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The City's major proprietary funds are the Water Fund, the Sewer Fund, and the Stormwater Fund. The Water Fund's net position increased \$1,418,297, the Sewer Fund's net position increased \$2,727,733, and the Stormwater Fund's net position increased \$415,486.

The increase in the Water Fund's net position is primarily due to a net increase in cash and cash equivalents in the amount of \$900,282, capital contributions from customers of \$768,639 and capital contributions from developers of \$386,072.

The increase in the Sewer Fund's net position is primarily due to an increase in cash and cash equivalents in the amount of \$2,214,526 and capital contributions from developers of \$453,123.

The increase in the Stormwater Fund's net position is primarily due to capital contributions from customers in the amount of \$366,054, developers in the amount of \$353,849.

Budgetary Highlights

General Fund

The City made numerous revisions to the original appropriations approved by City Council. Overall, these changes resulted in an increase in appropriations for expenditures and other financing uses from the original budget in the amount of \$5,027,274. The increase was primarily due to an increase in general government expenditures of \$4,238,802, advances out of \$278,941 and transfers out of \$517,333. General government final appropriations were increased in 2024 to account for the land for future economic development in the amount of \$2,500,000 noting the total expended and encumbered was \$2,279,266 at December 31, 2024. The decrease to the General government actual expenditures to final

City of Pickerington, Ohio
Management's Discussion and Analysis
For the Year Ended December 31, 2024
Unaudited

budget amounts are based upon the following factors: a decrease in the pre-annexation agreements in the amount of \$50,000 and an additional \$220,733 in land acquisitions; a decrease in supplies and computer purchases in the amount of \$287,399 which was budgeted to replace outdated servers, laptops, and software as well as capital improvements at the building department offices and Carnegie building; a decrease in council's department in the amount of \$31,229 due to council members not electing benefits; a decrease in the finance department in the amounts of \$65,320 due to Tax Department employee resigning and the gap between hiring a replacement; and a decrease in the public information department in the amount of \$43,306 due to once again having a joint State of the City address with the local chamber of commerce as opposed to hosting it individually.

Community environment actual expenditures were \$537,231 less than budgeted primarily due to the transition period related to; the hiring and retiring of the Building Department Manager in the amount of \$30,000 for less severance payout than anticipated and the over estimating of health insurance costs of \$42,937. The City contracted with a new Chief Building Official and plan review and building inspections were less with previous Official in the amount \$73,558 due to renegotiated rates. the delayed implementation of an Olde Village traffic study of \$91,500; and the over budgeting of property site improvements of \$104,468. The Planning and Zoning Department had a personnel vacancy that was not filled until late fiscal year 2024 in the amount of \$65,592 for wages and health insurance benefits.

The City's actual revenues were greater than the final budgeted revenues by \$2,444,018. This positive variance is primarily due to an increase in municipal income taxes of \$1,506,186, and interest of \$829,490 off-set by a decrease in property and other taxes and other revenues of \$127,847 and 21,427, respectively.

At December 31, 2024, the actual fund balance on a budgetary basis is \$1,020,436 better than initially projected in the original budget.

Capital Assets and Debt Administration

Capital Assets

As of December 31, 2024, the City had \$157,252,196 invested in capital assets, net of accumulated depreciation. Table 4 shows 2024 balances compared to 2023.

Totals	<u>\$82,064,228</u>	<u>\$83,301,196</u>	<u>\$75,187,968</u>	<u>\$74,813,138</u>	<u>\$157,252,196</u>	<u>\$158,114,334</u>

For additional information on capital assets, see Note 10 to the basic financial statements.

The total decrease of \$862,138 in the City's capital assets, net of accumulated depreciation, for the current year was primarily due to lower capital contributions from developers in the form of subdivision roads, water and sewer lines, and storm sewers off-set by increases in depreciation expense.

For information on commitments made by the City as of December 31, 2024, see Note 17 to the basic financial statements.

Debt

As of December 31, 2024 and December 31, 2023, the City had total long-term debt of \$11,807,454 and \$13,375,471, respectively, as follows:

Table 5
Outstanding Debt
As of December 31, 2024, with comparative for December 31, 2023

Current Finance Related Activities

- The City's income tax rate of one percent with a one-half percent credit for tax paid to other municipalities has not increased since its inception in 1976, but revenues have continued to increase each year even in times of economic downturn. This is due to mandatory filing and a diligent delinquency collection program which has resulted in strict compliance.
- A contractor registration program was instituted in 1996 that requires all general contractors and individual trades performing work in the City to register with the City. This requirement serves as a control for income tax revenues.
- A three percent hotel/motel tax was instituted in 1995.
- Fees are collected from developers for turn-lanes, traffic lights, sewer fair share, detention pond maintenance, and tree planting in subdivisions.
- Right-of-way fees were instituted in 2002 as a charge for the utility companies who use the City right-of-way for their service lines.
- Capacity fee charges for water, sewer, and stormwater increase an automatic three percent each year.
- Impact fees were instituted in 2005 on new residential and commercial construction in the City.

Requests for Information

This financial report is designed to provide the City's citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have any questions about this report, please contact the City's Office by calling (614) 837-3974 or by writing the Finance Director at 100 Lockville Road, Pickerington, Ohio 43147.

City of Pickerington, Ohio
Reconciliation of Total Governmental Fund Balances to
Net Position of Governmental Activities
December 31, 2024

Total Fund Balances for Governmental Funds	\$36,648,222
---	---------------------

*Amounts reported for governmental activities in the
statement of net position are different because:*

Capital Assets used in governmental activities are not financial resources and therefore are not reported in the funds.	\$82,064,228
--	---------------------

Other long-term assets are not available to pay for current-period
expenditures and therefore are reported as unavailable revenue in the funds:

Delinquent Property Taxes	17,206	
Municipal Income Taxes	877,467	
Intergovernmental	839,991	
Interest	231,063	
Permissive Motor Vehicle License Fees	59,294	
Total		2,025,021

Accrued Interest Payable is not due and payable in the current period and therefore is not reported in the funds.	(16,183)
--	-----------------

Long-term liabilities and accrued interest are not due and payable
in the current period and therefore are not reported in the funds:

General Obligation Bonds and Unamortized Premiums	(6,601,910)	
Compensated Absences	(1,783,915)	
Total		(8,385,825)

The net pension asset, net pension liability and net OPEB liability are not
due and payable in the current period; therefore, the asset, liability and
related deferred inflows/outflows are not reported in governmental funds:

Net Pension Asset	78,053	
Net OPEB Asset	133,308	
Deferred Outflows - Pension	4,358,719	
Deferred Inflows - Pension	(297,758)	
Net Pension Liability	(14,878,519)	
Deferred Outflows - OPEB	465,034	
Deferred Inflows - OPEB	(764,304)	
Net OPEB Liability	(831,201)	
Total		(11,736,668)

Net Position of Governmental Activities	<u><u>\$100,598,795</u></u>

City of Pickerington, Ohio
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2024

Net Change in Fund Balances - Total Governmental Funds \$5,645,469

*Amounts reported for governmental activities in the statement of activities
are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital Asset Additions	2,639,814	
Capital Contributions from Developers	608,068	
Depreciation Expense	<u>(4,412,065)</u>	(1,164,183)

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal.

Proceeds from Sale of Capital Assets	(25,824)	
Loss on Disposal of Capital Assets	<u>(46,961)</u>	(72,785)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property Taxes	2,210	
Income Taxes	18,880	
Intergovernmental	62,072	
Interest	68,877	
Permissive Motor Vehicle License Taxes	<u>312</u>	152,351

Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

General Obligation Bonds	375,000	
General Obligation Refunding Bonds	365,000	
Notes Payable - Financed Purchase	<u>27,312</u>	767,312

Interest is reported as an expenditure when due in the governmental funds, but is accrued on outstanding debt on the statement of activities. Premiums are reported as revenues when the debt is first issued; however these amounts are allocated as an expense over the life of the bond on the statement of activities.

Accrued Interest Payable	1,202	
Amortization on Premium of General Obligation Bonds	<u>18,163</u>	19,365

(continued)

City of Pickerington, Ohio
Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities (Continued)
For the Year Ended December 31, 2024

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Compensated Absences Payable	(\$133,724)
------------------------------	-------------

Contractually required contributions are reported as expenditures in the governmental funds; however, the statement of net position reports these amounts as deferred outflows.

Pension	1,088,491	
OPEB	18,313	1,106,804

Except for amounts reported as deferred inflows/outflows, changes in the net pension/OPEB liability are reported as pension/OPEB expense in the statement of activities.

Pension	(1,547,121)	
OPEB	(34,841)	(1,581,962)

<i>Change in Net Position of Governmental Activities</i>	<i>\$4,738,647</i>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Pickerington (the "City") is a charter municipal corporation operating under the laws of the State of Ohio. Pickerington was recognized as a village by the State of Ohio in 1930. The Village of Pickerington adopted a charter on November 4, 1980. On April 29, 1991, Pickerington was declared a City.

The municipal government provided by the charter is known as a mayor-council-manager form of government. Legislative power is vested in a seven-member council, each member elected to a four year term. The Mayor is elected by the citizens of Pickerington for a four year term. The Mayor appoints, with the concurrence of a majority vote of Council, the City Manager. The City Manager is the chief executive officer and the head of the administrative agencies of the City. He appoints all department heads and employees, except as otherwise provided in the Charter. The City Manager is responsible to the Mayor for the proper administration of all affairs of the City.

Reporting Entity

The financial reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the City are not misleading. The primary government consists of all funds and departments that are not legally separate from the City. Services provided by the primary government include police protection, street maintenance and repairs, community and economic development, parks and recreation, and water, sewer, and stormwater services. A staff provides support (i.e., payroll processing, accounts payable, revenue collection) to the service providers. The operation and control of these activities is provided by the City Council through the budgetary process and by the City Manager through administrative and managerial requirements and procedures.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt, or the levying of taxes, and there is a potential for the organization to provide specific financial benefit to, or impose specific financial burdens on, the primary government. The City has one component unit, the Pickerington Community Improvement Corporation (CIC).

The CIC was formed pursuant to Ordinance 2018-31 passed November 6, 2018. The CIC was designated as a nonprofit organization of the City under Ohio Revised Code Section 1724.10; authorizing the execution of an agreement and plan for industrial, commercial, distribution, and research development. The CIC is governed by a five member board, three are appointed by the City, including: the Mayor, the City Manager, a member of City Council, and the remaining two seats by citizens recommended by those appointed. The CIC does not operate with substantively the same governing body as the primary government. The CIC through its economic development activities exists to benefit the citizens of Pickerington. Based on the foregoing criteria, the financial activities of the Pickerington Community Improvement Corporation (CIC) have been reflected in the accompanying basic financial statements as a discretely presented component unit. Due to the nature and significance of the CIC's relationship with the City it was determined that excluding the CIC would render the City's financial statement incomplete or misleading. The CIC also meets the fiscal dependency and financial burden criteria related to the City. The CIC will be presented as a discretely presented component unit of the City.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The City is associated with three jointly governed organizations and two insurance purchasing pools. These organizations are the Fairfield, Hocking, and Athens Counties Council of Governments on Major Crimes Investigations, the Fairfield County Regional Planning Commission, the Mid-Ohio Regional Planning Commission (MORPC), the Central Ohio Risk Management Association Inc. (CORMA), and the Ohio Municipal League Workers' Compensation Group Rating Program. These organizations are discussed in Notes 18 and 19 to the basic financial statements.

The financial statements of the City of Pickerington have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to local governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant of the City's accounting policies are described below.

Basis of Presentation

The City's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide Financial Statements The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The statement of net position presents the financial condition of the governmental and business-type activities of the City. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the City's governmental activities and for the business-type activities of the City. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function. The policy of the City is to not allocate indirect expenses to functions in the statement of activities. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants, and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements During the year, the City segregates transactions related to certain City functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the City at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by type.

Fund Accounting

The City uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self balancing set of accounts. There are three categories of funds: governmental, proprietary, and fiduciary.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Governmental Funds Governmental funds are those through which most governmental functions of the City are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid.

The difference between governmental fund assets and liabilities and deferred inflows of resources is reported as fund balance. The City reports the following major governmental funds:

General Fund – This fund is the operating fund of the City and is used to account and report for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio and the Charter of the City.

Police Fund – This fund is used to account for property taxes and transfers to pay for police protection.

Street Fund – This fund receives gasoline taxes, motor vehicle license taxes and permissive taxes for transportation related purposes throughout the City.

Debt Service Fund – This fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

The other governmental funds of the City account for grants and other resources whose use is restricted to a particular purpose.

Proprietary funds Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position, and cash flows. Proprietary funds are classified as either enterprise or internal service; the City has no internal service funds.

Enterprise Funds – Enterprise funds may be used to account for any activity for which a fee is charged to external users for goods or services. The City reports the following major and nonmajor enterprise funds:

Water Fund – This fund is used to account for water services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

Sewer Fund – This fund is used to account for sanitary sewer services provided to individuals and commercial users. The costs of providing these services are financed primarily through user charges.

Stormwater Fund – This fund is used to account for stormwater services provided to individuals and commercial users.
The costs of providing these services are financed primarily through a flat rate monthly charge.

The nonmajor Aquatic Recreation Center Enterprise Fund is used to account for monies collected from fees charged for pool passes and expenditures related to the upkeep and operation and maintenance of the facility.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Fiduciary funds Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, and custodial funds. Trust funds are distinguished from custodial funds by the existence of a trust agreement or equivalent arrangement that has certain characteristics. The City does not have any trust funds. Custodial funds are used to report fiduciary activities that are not required to be reported in a trust fund.

The City's fiduciary fund is a custodial fund. The City's custodial fund accounts for cash or surety bonds and court costs collected from individuals and distributed on behalf to other governments.

Measurement Focus

Government-wide Financial Statements The government-wide financial statements are prepared using the economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of the City are included on the statement of net position. The statement of activities presents increases (e.g. revenues) and decreases (e.g. expenses) in total net position.

Fund Financial Statements All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities and deferred inflows of resources generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the government-wide statements, all proprietary and fiduciary fund types are accounted for on a flow of economic resources measurement focus. All assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. In fiduciary funds, a liability to the beneficiaries of fiduciary activity is recognized when an event has occurred that compels the government to disburse fiduciary resources. Fiduciary fund liabilities other than those to beneficiaries are recognized using the economic resources measurement focus. The statement of changes in revenues, expenses, and changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

Fiduciary funds present a statement of changes in fiduciary net position which reports additions to and deductions from investment trust, private purpose trust funds, and custodial funds.

Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements and the statements presented for proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred outflows/inflows of resources, and in the presentation of expenses versus expenditures.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Revenues – Exchange and Non-exchange Transactions Revenue resulting from exchange transactions, in which each party gives and received essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the City, available means expected to be received within sixty-days of year-end.

The non-exchange transactions, in which the City receives value without directly giving equal value in return, includes income taxes, property taxes, hotel and motel taxes, franchise taxes, impact fees, intergovernmental grants, payment in lieu of taxes, and donations. Revenue from income taxes, hotel and motel taxes, and franchise taxes are recognized in the period in which the income is earned. Revenue from property taxes and payments in lieu of taxes is recognized in the year in which the taxes are levied. Revenues from impact fees are recognized in the year in which resources are required to be used or when use is first permitted. Revenues from intergovernmental grants are recognized in the year eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the City must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the City on a reimbursable basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue resources are considered to be both measurable and available at year end: interest, federal and state grants, state-levied local shared taxes (including motor vehicle registration fees and gasoline taxes), income taxes, fees, and rentals.

Deferred Outflows/ Inflows of Resources In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. Deferred outflows of resources represents a consumption of net assets that applies to a future period and will not be recognized as an outflow of resources (expense/expenditure) until then. For the City, deferred outflows of resources are reported on the government-wide statement of net position for pension. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 11 and 12.

In addition to liabilities, the statements of financial position report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net assets that applies to a future period and will not be recognized until that time. For the City, deferred inflows of resources include property taxes, payment in lieu of taxes, leases, pension, OPEB, and unavailable revenue. Property taxes, leases, and payment in lieu of taxes represent amounts for which there is an enforceable legal claim as of December 31, 2024, but which were levied to finance 2025 operations. These amounts have been recorded as a deferred inflow on both the government-wide statement of net position and the governmental fund financial statements. Unavailable revenue is reported only on the governmental funds balance sheet and represents receivables which will not be collected within the available period. For the City, unavailable revenue includes delinquent property taxes, income taxes, interest, other revenues, and intergovernmental grants. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The details of these unavailable revenues are identified on the Reconciliation of Total Governmental Fund Balances to Net Position of Governmental Activities found on page 28. Deferred inflows of resources related to pension and OPEB plans are reported on the government-wide statement of net position (See Notes 11 and 12).

Expenses/Expenditures On the accrual basis of accounting, expenses are recognized at the time they are incurred.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in governmental funds.

Budgetary Process

All funds, except custodial funds, are legally required to be budgeted and appropriated. The Indigent Drivers Interlock and Alcohol Monitoring Special Revenue Fund, Refugee Spring Creek Road Tax Increment Financing Capital Projects Fund and the State Route 204 Tax Increment Financing Capital Projects Fund were not budgeted because the City did not anticipate any financial activity within these funds. The major documents prepared are the tax budget, the certificate of estimated resources, and the appropriations resolution, all of which are prepared on the budgetary basis of accounting. The tax budget demonstrates a need for existing or increased tax rates.

The certificate of estimated resources establishes a limit on the amount the City Council may appropriate. The appropriations resolution is the City Council's authorization to spend resources and sets annual limits on the expenditures plus encumbrances at the level of control selected by the City Council. The legal level of budgetary control is at the fund, program, department, and object level. Any budgetary modifications at this level may only be made by resolution of the City Council.

The certificate of estimated resources may be amended during the year if projected increases or decreases in revenue are identified by the Finance Director. The amounts reported as the original budgeted amounts on the budgetary statements reflect the amounts on the certificate of estimated resources when the original appropriations were adopted. The amounts reported as the final budgeted amounts on the budgetary statements reflect the final amended certificate approved.

The appropriation resolution is subject to amendment throughout the year with the restriction that appropriations cannot exceed estimated resources. The amounts reported as the original budgeted amounts in the budgetary statements reflect the first appropriation resolution for the fund that covered the entire year, including amounts automatically carried forward from prior years. The amounts reported as the final budgeted amounts on the budgetary statements represent the final appropriations passed by City Council during the year.

Cash and Cash Equivalents

To improve cash management, cash received by the City is pooled. Cash balances are pooled and invested in short term investments in order to provide improved cash management. Individual fund integrity is maintained through the City's records. Each fund's interest in the pool is presented as "Equity in Pooled Cash and Cash Equivalents" on the financial statements. Investments with an original maturity of three months or less at the time of purchase and investments of the cash management pool are presented on the financial statements as cash equivalents.

During 2024, investments were limited to federal agency securities, commercial paper, money markets, negotiable certificates of deposit, Ohio local government bonds, and the State Treasury Asset Reserve of Ohio (STAR Ohio). Except for nonparticipating investment contracts, investments are reported at fair value which is based on quoted market prices. Nonparticipating investment contracts such as nonnegotiable certificates of deposit are reported at cost. The City had no nonnegotiable certificates of deposit at December 31, 2024.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

STAR Ohio (the State Treasury Asset Reserve of Ohio), is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company, but has adopted Governmental Accounting Standards Board (GASB), Statement No. 79, *Certain External Investment Pools and Pool Participants*. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides an NAV per share that approximates fair value.

For 2024, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$100 million. STAR Ohio reserves the right to limit the transaction to \$250 million, requiring the excess amount to be transacted the following business day(s), but only to the \$250 million limit. All accounts of the participant will be combined for these purposes.

Interest income is distributed to the funds according to charter and statutory requirements. During 2024, interest income recorded in the General Fund totaled \$2,551,183 which included \$1,580,496 assigned from other funds.

The City has a segregated bank account for monies held separate from the City's central bank account. This bank account is presented on the financial statements as "Cash and Cash Equivalents in Segregated Accounts", for the mayor's court bank account since the funds are not deposited into the City treasury.

Receivables and Payables

Receivables and payables to be recorded on the City's financial statements are recorded to the extent that the amounts are determined material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation and in the case of receivables, collectibility.

Materials and Supplies Inventory

Inventories represent supplies held for consumption, are presented at cost on a first-in, first-out basis and are expended/expensed when used.

Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2023, are recorded as prepaid items using the consumption method recording a current asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed.

Restricted Assets

Restricted cash and cash equivalents in the General Fund represent the amount of unclaimed monies and developer deposits that have limitations imposed by external grantors and entities which prohibit these funds used for general operations. Restricted cash and cash equivalents in the Cemetery Permanent Fund represent the principal portion of cemetery funds bequeathed to the City. Restricted cash and cash equivalents in the Water and Sewer Enterprise Funds represent resources set aside by the City for the repayment of water and sewer deposits. A corresponding liability is not reported for unclaimed monies until the claimant has met all documentation requirements.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Capital Assets and Depreciation

General capital assets are capital assets which are associated with and generally arise from governmental activities. These generally result from expenditures in the governmental funds. General capital assets are reported in the governmental activities columns of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The City was able to estimate the historical cost for the initial reporting of infrastructure by backtrending (i.e., estimating current replacement cost of the infrastructure to be capitalized and using an appropriate price-level index to deflate the cost to the acquisition year or estimated acquisition year). Donated capital assets are recorded at their acquisition values as of the date received. The City maintains a capitalization threshold of five thousand dollars. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. In addition, assets having an estimated useful life of more than one year that are below the five thousand dollar threshold and not considered repair or maintenance costs are collectively capitalized on the financial statements when the aggregate of those assets are considered significant.

All capital assets are depreciated except for land and construction in progress. Improvements are depreciated over the remaining useful life of the related capital assets. Useful lives for infrastructure were estimated based on the City's historical records of necessary improvements and replacement. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities	Business-Type Activities
	Estimated Lives	Estimated Lives
Land Improvements	20 years	20 years
Buildings	50 years	50 -60 years
Equipment	3-15 years	3-20 years
Infrastructure	10-75 years	65 years
Vehicles	4-15 years	8-15 years

The City's infrastructure consists of streets, curbs and gutters, traffic lights, water, sewer, and stormwater lines, and does not include infrastructure (roads) acquired prior to December 31, 1980.

Compensated Absences

The City recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled (for example paid in cash to the employee or payment to an employee flex spending account) during or upon separation from employment. Based on the criteria listed, three types of leave qualify for liability recognition for compensated absences: vacation, sick leave, and compensatory time. The liability for compensated absences is reported as incurred in the government-wide and proprietary fund financial statements. A liability for compensated absences is recorded in the governmental funds only if the liability has matured because of employee resignations or retirements. The liability for compensated absences includes salary-related benefits, where applicable.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Vacation

The City's policy permits employees to accumulate earned but unused vacation leave, which is eligible for payment at the employee's current pay rate upon separation from employment.

Sick Leave

The City's policy permits employees to accumulate earned but unused sick leave. All sick leave lapses when employees leave the employ of the City and, upon separation from service, the employee receives compensation in accordance with the severance policy. A liability for estimated value of sick leave that will be used by employees as time off and at separation is included in the liability for compensated absences.

Compensatory Time

The City's policy permits certain employees to accumulate earned but unused compensatory time, up to various maximums, which is eligible for payment at the employee's current pay rate upon separation from employment.

Pensions/Other Postemployment Benefits (OPEB)

For purposes of measuring the net pension/OPEB asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

Accrued Liabilities and Long-Term Obligations

The City reports all payables, accrued liabilities, and long-term obligations in the government-wide financial statements and it reports all payables, accrued liabilities, and long-term obligations payable from proprietary funds in the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgements and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that these liabilities are due for payment during the current year. Net pension/OPEB liability/asset should be recognized in the governmental funds to the extent that benefit payments are due and payable and the pension/OPEB plan's fiduciary net position is not sufficient for payment of those benefits. Bonds, long-term notes, and notes payable – financed purchases are recognized as a liability on the fund financial statements when due.

Bond Premiums and Issuance Costs

On government-wide financial statements, bond premiums are deferred and amortized over the term of the bonds using the effective interest method. Bond premiums are presented as an increase of the face amount of the bonds payable. On the governmental fund statements, bond premiums are recorded in the year the bonds are issued. Premiums received on debt issuances are reported as other financing sources.

Under Ohio law, premiums on the original issuance of debt are to be deposited into the bond retirement fund to be used for debt retirement and are precluded from being applied to the project fund. Ohio law does allow premiums on refunding debt to be used as part of the payment to the bond escrow agent. Bond issuance costs are shown as expensed in the year of the debt issuance.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Fund Balance

Fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

Nonspendable – The nonspendable fund balance category includes amounts that cannot be spent because they are not in spendable form, or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash. It also includes the long-term amount of loans and notes receivable, prepaids, as well as property acquired for resale, unless the use of the proceeds from the collection of those receivables or from the sale of those properties is restricted, committed, or assigned.

Restricted – The restricted fund balance category includes amounts that can be spent only for the specific purposes stipulated by State constitution or external resource providers. Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or is imposed by law through constitutional provisions or enabling legislation (City ordinances).

Enabling legislation authorizes the City to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Legal enforceability means that the City can be compelled by an external party such as citizens, public interest groups, or the judiciary to use resources created by enabling legislation only for the purposes specified by the legislation.

Committed – The committed fund balance classification includes amounts that can be used only for the specific purposes imposed by formal action (ordinance) of City Council. Those committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action (ordinance) it employed to previously commit those amounts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for the use in satisfying those contractual requirements.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by the City Council. In the General Fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance, or by State Statute. State Statute authorizes the finance director to assign fund balance for purchases on order provided such amounts have been lawfully appropriated. The City Council assigned fund balance to cover a gap between estimated revenue and appropriations in 2025’s appropriated budget.

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The City applies restricted resources first when expenditures are incurred for purposes for which either restricted or unrestricted (committed, assigned, and unassigned) amounts are available. Similarly, within unrestricted fund balance, committed amounts are reduced first, followed by assigned, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net Position

Net position represents the difference between all other elements in a statement of financial position. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations or other governments. Net position restricted for other purposes primarily include activities related to the City's law enforcement and community development.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Contributions of Capital

Contributions of capital in the proprietary fund financial statements arise from outside contributions of capital assets or resources restricted for capital acquisition or construction and from tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources for capital acquisition or construction.

Internal Activity

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. Internal allocations of overhead expenses from one program to another or within the same program are eliminated on the Statement of Activities. Payments for interfund services provided and used are not eliminated.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment should be reported as internal transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Interfund Balances

On fund financial statements, receivables and payables resulting from short-term interfund loans or interfund services provided and used are classified as "interfund receivables/payables". These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Operating Revenues and Expenses

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water, sewer, stormwater utility services, and aquatic recreation pool passes. Operating expenses are necessary costs that have been incurred in order to provide the good or service that is the primary activity of the fund. Revenues and expenses not meeting the definition are reported as non-operating.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City that are either unusual in nature or infrequent in occurrence. Neither type of item occurred during 2024.

NOTE 2 – ACCOUNTABILITY AND COMPLIANCE

A. CHANGE IN ACCOUNTING PRINCIPLE

For 2024, the City has implemented certain paragraphs from GASB Implementation Guide No. 2021-1, certain paragraphs of GASB Statement No. 99, “*Omnibus 2022*”, GASB Statement No. 100, “*Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62*”, Implementation Guide No. 2023-1 and GASB Statement No. 101, “*Compensated Absences*”.

GASB Implementation Guide 2021-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2021-1 did not have an effect on balances previously report by the City.

The objective of GASB Statement No. 99 is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The implementation of GASB Statement No. 99 did not have an effect on the financial statements of the City.

The objective of GASB Statement No. 100 is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

GASB Implementation Guide 2023-1 provides clarification on issues related to previously established GASB guidance. The implementation of GASB Implementation Guide 2023-1 did not have an effect on the financial statements of the City.

The objective of GASB Statement No. 101 is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

B. COMPLIANCE

The Tax Increment Financing Agreement Equity Construction, Refugee/Spring Creek Road Tax Increment Financing, and the State Route 204 Tax Increment Financing other governmental funds reported a deficit fund balance of \$3,258, \$244, and \$374, respectively at December 31, 2024. The General fund is liable for any deficit in this fund and provides transfers when cash is required, not when accruals occur. The deficit fund balances resulted from adjustments for accrued liabilities.

C. RESTATEMENT OF NET POSITION/FUND BALANCE

During 2024, there was a change in accounting principle related to the implementation of GASB Statement No. 101, “Compensated Absences”. The effect of changing the accounting principle is to decrease net position as previously reported. This is displayed where applicable in the financial statements as “restatement - change in accounting principle.”

In addition, there was a correction of an error based on the City allocating cellular tower lease revenues to the Water Fund contrary to the General Fund as recorded in prior years. The effect of this correction is to decrease fund balance within the General Fund and increase net position in the Water Fund as previously reported.

The implementation of GASB Statement No. 101 and correction of the lease receivable had the following effect on fund balance and net position as reported at December 31, 2023:

	General Fund	Governmental Activities	Water Fund	Sewer Fund
Net Position/Fund Balance at December 31, 2023, as Previously Reported	\$ 21,034,400	\$ 96,673,653	\$ 32,049,952	\$ 40,051,299
Adoption of GASB No. 101	-	(807,779)	(280,133)	(286,417)
Error Correction - Leases	(5,726)	(5,726)	5,726	-
Net Position/Fund Balance at December 31, 2023, as Restated	<u>\$ 21,028,674</u>	<u>\$ 95,860,148</u>	<u>\$ 31,775,545</u>	<u>\$ 39,764,882</u>
	Stormwater Fund	Business-Type Activities		
Net Position/Fund Balance at December 31, 2023, as Previously Reported	19,399,711	93,024,434		
Adoption of GASB No. 101	(53,879)	(620,429)		
Error Correction - Leases	-	5,726		
Net Position/Fund Balance at December 31, 2023, as Restated	<u>\$ 19,345,832</u>	<u>\$ 92,409,731</u>		

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 3 - FUND BALANCES

Fund balance is classified as nonspendable, restricted, committed, assigned, and/or unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the government funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented on the following page:

Fund Balances	General	Police	Street	Debt Service	Other Governmental Funds	Total
<u>Nonspendable:</u>						
Prepays	\$65,051	\$98,659	\$32,988	\$0	\$16,748	\$213,446

On January 2, 2013, City Council approved a minimum unassigned fund balance policy in the General Fund equal to 25 percent, three months, of the adopted annual operating expenditures and other financing uses. The fund balance policy is to ensure that the City can continue its necessary public service operations regardless of any unanticipated event that could adversely affect the financial condition of the City. If the fund balance falls below the targeted range, the City's replenishment plan will be to control operating expenditures and use budget surpluses. The plan is to replenish the General Fund unassigned fund balance within a three year period. The City will set a goal to replenish 80 percent the first year, 90 percent in two years, and 100 percent in three years.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 4 - BUDGETARY BASIS OF ACCOUNTING

While reporting financial position, results of operations, and changes in fund balance/fund net position on the basis of accounting principles generally accepted in the United States of America (GAAP), the budgetary basis, as provided by law, is based upon accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances.

The Statements of Revenues, Expenditures, and Changes in Fund Balance - Budget (Non-GAAP Basis) and Actual, for the General Fund and each Major Special Revenue Fund are presented on the budgetary basis to provide a meaningful comparison of actual results with the budget.

The major differences between the budget basis and the GAAP basis are that:

1. Revenues are recorded when received in cash (budget basis) as opposed to when susceptible to accrual (GAAP basis).
2. Expenditures are recorded when paid in cash (budget basis) as opposed to when the liability is incurred (GAAP basis).
3. Outstanding year-end encumbrances are treated as expenditures (budget basis) rather than restricted, committed, or assigned fund balance.
4. Unreported cash and fair value adjustments are reported on the GAAP basis, but not on the budgetary basis.
5. Advances in are operating transactions (budget basis) as opposed to balance sheet transactions (GAAP basis).

The adjustments necessary to convert the results of operations for the year on the GAAP basis to the budget basis are as follows:

	<u>General</u>	<u>Police</u>	<u>Street</u>
Net change in fund balances - budget basis	\$ 752,379	\$ 22,190	\$ (167,433)
Net adjustment for revenue accruals	(24,465)	(76,172)	(223,355)
Net adjustment for expenditure accruals	172,466	(31,711)	(75,101)
Net adjustment for other sources/uses	278,941	19,534	-
Adjustment for encumbrances	<u>2,328,861</u>	<u>71,737</u>	<u>536,596</u>
Net change in fund balances - GAAP basis	<u>\$ 3,508,182</u>	<u>\$ 5,578</u>	<u>\$ 70,707</u>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 5 - DEPOSITS AND INVESTMENTS

Monies held by the City are classified by State Statute into three categories.

Active deposits are public monies determined to be necessary to meet current demands upon the City treasury. Active monies must be maintained either as cash in the City treasury, in commercial accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts, or in money market deposit accounts.

Inactive deposits are public deposits that Council has identified as not required for use within the current five year period of designation of depositories. Inactive deposits must either be evidenced by certificates of deposit maturing not later than the end of the current period of designation of depositories, or by savings or deposit accounts including, but not limited to, passbook accounts.

Interim deposits are deposits of interim monies. Interim monies are those monies which are not needed for immediate use but which will be needed before the end of the current period of designation of depositories. Interim deposits must be evidenced by time certificates of deposit maturing not more than one year from the date of deposit or by savings or deposit accounts including passbook accounts.

Protection of the City's deposits is provided by the Federal Deposit Insurance Corporation (FDIC), by eligible securities pledged by the financial institution as security for repayment, or by the financial institutions participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution.

Interim monies held by the City can be deposited or invested in the following securities:

1. United States Treasury bills, bonds, notes, or any other obligation or security issued by the United States Treasury or any other obligation guaranteed as to principal and interest by the United States;
2. Bonds, notes, debentures, or any other obligation or security issued by any federal government agency or instrumentality, including but not limited to, the Federal National Mortgage Association, Federal Home Loan Bank, Federal Farm Credit Bank, Federal Home Loan Mortgage Corporation, and Government National Mortgage Association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
3. No-load money market mutual funds consisting exclusively of obligations describe in division (1) or (2) and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions;
4. Time certificates of deposit or savings or deposit accounts including, but not limited to, passbook accounts;
5. Bonds and other obligations of the State of Ohio or Ohio; and with certain limitations including a requirement for maturity within ten years from the date of settlement, bonds and other obligations of political subdivisions of the State of Ohio, if training requirements have been met;

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

6. The State Treasurer's investment pool (STAR Ohio);
7. Certain bankers' acceptances (for a period not to exceed one hundred eighty days) and commercial paper notes (for a period not to exceed two hundred seventy days) in an amount not to exceed 40 percent of the interim monies available for investment at any one time if training requirements have been met; and
8. Written repurchase agreements in the securities described in (1) or (2) provided the market value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and the term of the agreement must not exceed thirty days.

Investments in stripped principal or interest obligations, reverse repurchase agreements and derivatives are prohibited. The issuance of taxable notes for the purpose of arbitrage, the use of leverage and short selling are also prohibited.

Investments may only be made through specified dealers and institutions. Payment for investments may be made only upon delivery of the securities representing the investments to the treasurer or, if the securities are not represented by a certificate, upon receipt of confirmation of transfer from the custodian.

The City has passed an ordinance allowing the City to invest monies not required to be used for a period of six months or more in the following:

1. Bonds of the State of Ohio;
2. Bonds of any municipal corporation, village, county, township, or other political subdivision of this State, as to which there is no default of principal, interest, or coupons;
3. Obligations of the City.

Cash on Hand

At year end, the City had \$750 in undeposited cash on hand which is included on the financial statements of the City as part of "Equity in Pooled Cash and Cash Equivalents".

Deposits: Custodial credit risk for deposits is the risk that in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. At December 31, 2024, the City's custodial risk was \$148,007.

The City has no deposit policy for custodial risk beyond the requirements of State statute. Custodial credit risk is the risk that, in the event of bank failure, the City will not be able to recover deposits or collateral securities that are in the possession of an outside party. The City has no deposit policy for custodial credit risk beyond the requirements of State statute. Ohio law requires that deposits either be insured or protected by (1) eligible securities pledged to the City's and deposited with a qualified trustee by the financial institution as security for repayment whose market value at all times shall be at least 105 percent of the deposits being secured, or (2) participation in the OPCS, a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total market value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State. Although all statutory requirements for the

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

deposit of money had been followed, noncompliance with Federal requirements could potentially subject the City to a successful claim by the FDIC.

Investments: Investments are reported at fair value. As of December 31, 2024, the City had the following investments.

Measurement/Investment	Measurement Amount	Maturity	Percent of Total Investments	Moody's Rating
Net Asset Value Per Share:				
STAR Ohio	<u>\$16,716,787</u>	Average 27.2 Days	26.35%	Aaa
Fair Value - Level One Inputs				
First American Treasury Money Market	<u>85,470</u>	Less than one year	0.13%	n/a
Fair Value - Level Two Inputs				
Federal Home Loan Mortgage Bank	3,982,315	Less than three years	6.28%	Aaa
Federal Home Loan Mortgage Association	2,879,380	Less than three years	4.54%	Aaa
Federal Farm Credit Bureau Notes	2,098,125	Less than three years	3.31%	Aaa
United States Treasury Notes	10,879,409	Less than three years	17.15%	Aaa
Commercial Paper	7,812,159	Less than one year	12.31%	P-1
Ohio Local Government Bonds	1,781,700	Less than three years	2.81%	Aaa
Negotiable Certificates of Deposit	<u>17,201,238</u>	Less than three years	27.12%	n/a
Total Fair Value - Level Two Inputs	<u>46,634,326</u>			
Total Investments	<u><u>\$63,436,583</u></u>			

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The above chart identifies the City's recurring fair value measurements as of December 31, 2024. The First American Treasury Money Market is measured at fair value and is valued using quoted market prices (Level 1 inputs). Other than Star Ohio and the First American Treasury Money Market, all of the City's remaining investments are measured at fair value and are valued using methodologies that incorporate market inputs such as benchmark yields, reported trades, broker/dealer quotes, issuer spreads, two-sided markets, benchmark securities, bids, offers and reference data including market research publications. Market indicators and industry and economic events are also monitored, which could require the need to acquire further market data. (Level 2 inputs).

Interest Rate Risk

The City's investment policy addresses interest rate risk to the extent that it allows the Finance Director to invest funds primarily in short-term securities so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity. State statute requires that an investment mature within five years from the date of purchase, unless matched to a specific obligation or debt of the City, and that an investment must be purchased with the expectation that it will be held to maturity. The stated intent of the policy is to avoid the need to sell securities prior to maturity.

Credit Risk

The City's investment policy addresses credit risk to the extent that it limits the Finance Director to invest public funds in a diversified portfolio to minimize potential losses on individual investments and provide maximum security with the highest investment return.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Concentration of Credit Risk

Concentration of credit risk is defined by the Governmental Accounting Standards Board as having five percent or more invested in the securities of a single issuer. The City places no limit on the amount it may invest in any one issuer. The percentage of total investments is listed in the table above.

NOTE 6 - PROPERTY TAXES

Property taxes include amounts levied against all real and public utility property located in the City. Taxes collected from real property taxes (other than public utility) in one calendar year are levied in the preceding calendar year on the assessed value as of January 1 of that preceding year, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revaluated every six years. Real property taxes are payable annually or semi-annually. If paid annually, payment is due December 31; if paid semi-annually, the first payment is due December 31, with the remainder payable by June 20. Under certain circumstances, State statute permits later payment dates to be established.

Public utility real and tangible personal property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Public utility tangible personal property is assessed at varying percentages of true value; public utility real property is assessed at 35 percent of true value. 2024 public utility property taxes became a lien December 31, 2023, are levied after October 1, 2024, and are collected in 2025 with real property taxes. Public utility property taxes are payable on the same dates as real property taxes described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County, including the City of Pickerington. The County Auditor periodically remits to the City its portion of the taxes collected. Property taxes receivable represents real property taxes, public utility taxes, tangible personal property taxes and outstanding delinquencies which are measurable as of December 31, 2024 and for which there is an enforceable legal claim. In the governmental funds, the current portion receivable has been offset by a deferred inflow since the current taxes were not levied to finance 2024 operations and the collection of delinquent taxes has been offset by a deferred inflow since the collection of the taxes during the available period is not subject to reasonable estimation. On a full accrual basis, collectible delinquent property taxes have been recorded as a receivable and revenue while on a modified accrual basis the revenue is reported as a deferred inflow of resources.

The full tax rate for all City operations for the year ended December 31, 2024, was \$7.80 per \$1,000 of assessed value. The assessed values of real and public utility tangible personal property upon which 2024 property tax receipts were based are as follows:

	2024
Real Property/ Public Utility Real	\$858,487,920
Public Utility Personal	4,907,800
Total Assessed Value	<u>\$863,395,720</u>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 7 - TAX ABATEMENT DISCLOSURES

As of December 31, 2024, the City provides tax abatements through The Community Reinvestment Area (CRA) Tax Abatement Program.

On June 19, 1984, pursuant to Ohio Revised Code Chapter 5709, the City established a Community Reinvestment Area to encourage revitalization of existing buildings and the construction of new structures including residential, commercial, and industrial improvements. CRA's established prior to July 1994 can have an exemption period up to 10 years for the remodeling of one and two family residential projects which invest at least \$2,500, 12 years for the remodeling of multi-family dwellings of three or more residential units or commercial or industrial properties where the investment is at least \$5,000, and 15 years for the new construction of residential, commercial and industrial structures. 100 percent of the value of the real improvements are exempt for Pre-1994 CRA's. Upon the completion of the real property improvements, the property owner must complete an application to the City's designated Housing Officer, the Economic Development Director. The Housing Officer must verify the costs and the elements of the application. If the exemption requirements are met, the Housing Officer shall provide the County Auditor a copy of the application and certify that the improvements are exempt pursuant to the CRA Program for the term designated in the City's CRA authorizing legislation. The Housing Officer is required to notify all Boards of Education affected by the exemption at least 14 days prior to certifying the property exempt to the County Auditor. Annually the Housing Officer must inspect the property and determine that the property has been maintained. The exemption may be revoked if the property has not been maintained. A pre-July, 1994 CRA authorizing legislation can only be amended twice after July 1994 and still continue operation under the pre-1994 laws. The City amended their CRA legislation on November 2, 2010, and April 19, 2011. No further amendments have been made; therefore the City's CRA still operates under pre-1994 laws.

Below is the information relevant to the disclosure of the CRA program for the year ended December 31, 2024.

<u>Tax Abatement Program</u>	<u>Amount of 2024 Taxes Abated</u>
<i>Community Reinvestment Area (CRA)</i>	
Professional Buildings	\$46,878

NOTE 8 - INCOME TAX

The City levies a municipal income tax of one percent on substantially all income earned within the City. In addition, the residents of the City are required to pay income tax on income earned outside of the City; however, the City allows a credit for income taxes paid to another municipality equal to 50 percent of the amount obtained by multiplying the lower of the tax rate of such other municipality or of the City by the taxable income earned in or attributable to the municipality of employment.

Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City quarterly. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration semi-annually. Income tax proceeds are used for general municipal operations, maintenance, new equipment, extension and enlargement of municipal services and facilities and capital improvements of the City of Pickerington. In 2024, the proceeds were receipted into the General Fund.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 9 - RECEIVABLES

Receivables at December 31, 2024, consisted primarily of taxes, payment in lieu of taxes, leases, intergovernmental receivables arising from grants, entitlements and shared revenues, interest on investments, and utility accounts. All receivables except property taxes and payment in lieu of taxes are expected to be received within one year. Property taxes, although ultimately collectible, include some portion of delinquencies that will not be collected within one year.

A summary of intergovernmental receivables follows:

<u>Governmental Activities</u>	
Homestead and Rollback	\$235,156
Local Government Subsidies	120,058
Gasoline Tax	606,317
Motor Vehicle License Tax	88,537
Miscellaneous Grants	<u>157,199</u>
Total Governmental Activities	<u><u>\$1,207,267</u></u>

Payment in Lieu of Taxes

Historically, the City has entered into Tax Increment Financing Agreements with various developers for the purpose of constructing several retail and commercial centers.

To encourage these improvements, the property owners are granted an exemption from paying real property taxes on the new construction; however, the property owner is required to make payments in lieu of taxes. Payment in lieu of taxes are made to Fairfield County and distributed to the City in an amount equal to the real property taxes that otherwise would have been due in that current year. These payments are being used to finance public improvements, payment in lieu of taxes are receipted into the appropriate Tax Increment Financing Fund for the area in which the improvements can be made, and will continue over ten to thirty years.

A receivable has been recorded in the Hill/Diley Roads Tax Increment Financing Capital Projects Fund in the amount of \$153,066 which represents the amount measurable at December 31, 2024. The City is not able to record a receivable for all future payments because the payments are based upon projected collections.

A receivable has been recorded in the SR 256 Municipal Public Improvement Tax Increment Financing Capital Projects Fund in the amount of \$13,862 which represents the amount measurable at December 31, 2024. The City is not able to record a receivable for all future payments because the payments are based upon projected collections.

As of December 31, 2024, the Equity Construction Tax Increment Financing Agreement remains outstanding. A receivable has been recorded in the Tax Increment Financing Agreement Equity Construction Capital Projects Fund in the amount of \$150,074 which represents amounts measurable at December 31, 2024.

On February 15, 2014, the City entered into a Tax Increment Financing Agreement with Ohio Health Corporation for the purpose of constructing a two-story, approximately 47,300 square foot medical office building with an ambulatory surgical center and adjacent parking containing approximately 189 parking spaces. A receivable has been recorded in the Ohio Health MOB Tax Increment Financing Capital Projects Fund in the amount of \$417,068, which represents amounts measurable at December 31, 2024.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

As of December 31, 2024, the Courtright Municipal Tax Increment Financing Agreement remains outstanding. A receivable has been recorded in the Courtright Municipal Improvement Tax Increment Financing Capital Projects Fund in the amount of \$237,322.

The City established the Diley/Refugee Road Tax Increment Financing Fund to account for payments in lieu of taxes associated during 2024. The amount received at December 31, 2024 is \$584,116 and is considered the measurable amount.

The State Route 204 and Refugee/Spring Creek Tax Increment Financing Agreements were created for future development accounting for payments in lieu of taxes. The amount received at December 31, 2024 is \$30,054 and \$19,552, respectively.

Lease Receivable

The revenues related to all leases, tenancy, or occupancy agreements and security deposits and guarantees are included in these financial statements. Lease revenue is accounted for by the straight-line method whereby such revenue is reflected over the period of the related leases. Revenue on these agreements is recognized when the lessees report the amounts owed, which approximates the period in which the revenue was earned.

The City leases cellular tower space to tenants under noncancelable operating leases with various terms contingent on the tenant. Management expects to negotiate and extend tenant leases once they have expired. The following is a schedule of estimated future minimum rentals under the current tenant lease terms:

Year Ending December 31,	Principal	Interest	Total
2025	\$ 92,194	\$ 22,429	\$ 114,623
2026	95,759	21,065	116,824
2027	99,442	19,648	119,090
2028	103,248	18,176	121,424
2029	111,465	16,648	128,113
2030-2034	588,835	56,957	645,792
2035-2039	<u>424,600</u>	<u>16,545</u>	<u>441,145</u>
Total	<u>\$ 1,515,543</u>	<u>\$ 171,468</u>	<u>\$ 1,687,011</u>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 10 - CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2024, was as follows:

	Balance December 31, 2023	Additions	Reductions	Balance December 31, 2024
<u>Governmental Activities:</u>

During 2024, developers contributed \$386,072, \$453,123, and \$353,849 in the form of water, sewer, and stormwater infrastructure, respectively.

NOTE 11 - DEFINED BENEFIT PENSION PLANS

The Statewide retirement systems provide both pension benefits and other postemployment benefits (OPEB).

Net Pension Liability (Asset)/Net OPEB Liability(Asset)

The net pension liability (asset) and the net OPEB liability(asset) reported on the statement of net position represent liabilities to employees for pensions and OPEB, respectively. Pensions/OPEB are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions/OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred. The net pension/OPEB liability (asset) represents the City's

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

proportionate share of each pension/OPEB plan's collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension/OPEB plan's fiduciary net position. The net pension/OPEB liability (asset) calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments, and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City's obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees' services in exchange for compensation including pension and OPEB.

GASB 68/75 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires funding to come from these employers. All pension contributions to date have come solely from these employers (which also includes pension costs paid in the form of withholdings from employees). The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits. In addition, health care plan enrollees pay a portion of the health care costs in the form of a monthly premium. State statute requires the retirement systems to amortize unfunded pension liabilities within 30 years. If the pension amortization period exceeds 30 years, each retirement system's board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension/OPEB liability (asset). Resulting adjustments to the net pension/OPEB liability (asset) would be effective when the changes are legally enforceable. The Ohio Revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients.

The proportionate share of each plan's unfunded benefits is presented as a long-term net pension/OPEB liability (asset) on the accrual basis of accounting. Any liability for the contractually-required pension/OPEB contribution outstanding at the end of the year is included on both the accrual and modified accrual bases of accounting. The remainder of this note includes the required pension disclosures. See Note 12 for the required OPEB disclosures.

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - City employees, other than full-time police officers, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit/defined contribution pension plan.

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS' fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members in the traditional and combined plans were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

traditional and combined plans as per the reduced benefits adopted by SB 343 (see OPERS Annual Comprehensive Financial Report referenced above for additional information, including requirements for reduced and unreduced benefits):

Group A Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	Group B 20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Group C Members not in other Groups and members hired on or after January 7, 2013
State and Local	State and Local	State and Local
Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	Age and Service Requirements: Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	Traditional Plan Formula: 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35
Combined Plan Formula: 1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Combined Plan Formula: 1% of FAS multiplied by years of service for the first 30 years and 1.25% for service years in excess of 30	Combined Plan Formula: 1% of FAS multiplied by years of service for the first 35 years and 1.25% for service years in excess of 35

Traditional plan state and local members who retire before meeting the age-and-years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount. The amount of a member's pension benefit vests at retirement.

Combined plan members retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit.

Final average Salary (FAS) represents the average of the three highest years of earnings over a member's career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member's career.

When a traditional plan benefit recipient has received benefits for 12 months, the member is eligible for an annual cost of living adjustment (COLA). This COLA is calculated on the member's original base retirement benefit at the date of retirement and is not compounded. Members retiring under the combined plan receive a cost-of-living adjustment on the defined benefit portion of their pension benefit. For those who retired prior to January 7, 2013, the cost-of-living adjustment is 3.00%. For those retiring on or after January 7, 2013, beginning in calendar year 2019, the adjustment is based on the average percentage increase in the Consumer Price Index, capped at 3.00%.

Defined contribution plan benefits are established in the plan documents, which may be amended by the Board. Member-directed plan and combined plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the combined plan consists of the member's contributions plus or minus the investment gains or losses resulting from the member's investment selections. Combined plan members wishing to receive benefits must meet the requirements for both the defined benefit and defined contribution plans. Member-directed participants must have attained the age of 55, have money on deposit in the defined contribution plan and have terminated public service to apply for retirement benefits. The amount available for defined contribution benefits in the member-directed plan consists of the members' contributions, vested employer contributions and investment gains or losses resulting from the members' investment selections. Employer contributions and associated

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

investment earnings vest over a five-year period, at a rate of 20.00% each year. At retirement, members may select one of several distribution options for payment of the vested balance in their individual OPERS accounts. Options include the annuitization of the benefit (which includes joint and survivor options and will continue to be administered by OPERS), partial lump-sum payments (subject to limitations), a rollover of the vested account balance to another financial institution, receipt of entire account balance, net of taxes withheld, or a combination of these options. When members choose to annuitize their defined contribution benefit, the annuitized portion of the benefit is reclassified to a defined benefit.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	State and Local
2024 Statutory Maximum Contribution Rates	
Employer	14.0 %
Employee *	10.0 %
2024 Actual Contribution Rates	
Employer:	
Pension **	14.0 %
Post-employment Health Care Benefits **	0.0
Total Employer	14.0 %
Employee	10.0 %

* Member contributions within the combined plan are not used to fund the defined benefit retirement allowance.

** These pension and employer health care rates are for the traditional and combined plans. The employer contributions rate for the member-directed plan is allocated 4 percent for health care with the remainder going to pension.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. For 2024, the City's contractually required contribution was \$687,725 for the traditional plan and \$31,077 for the combined plan.

Plan Description - Ohio Police and Fire Pension Fund (OP&F)

Plan Description - City full-time police officers participate in Ohio Police and Fire Pension Fund (OP&F), a cost-sharing, multiple-employer defined benefit pension plan administered by OP&F. OP&F provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OP&F issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OP&F fiduciary net position. The report that may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OP&F may retire and receive a lifetime monthly pension. OP&F offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before after July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.50% for each of the first 20 years of service credit, 2.00% for each of the next five years of service credit and 1.50% for each year of service credit in excess of 25 years. The maximum pension of 72.00% of the allowable average annual salary is paid after 33 years of service credit (see OP&F Annual Comprehensive Financial Report referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits).

Under normal service retirement, retired members who are at least 55 years old and have been receiving OP&F benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit, surviving beneficiaries under optional plans, and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

The COLA amount for members who have 15 or more years of service credit as of July 1, 2013, and members who are receiving a pension benefit that became effective before July 1, 2013, will be equal to 3.00% of the member's base pension benefit.

The COLA amount for members who have less than 15 years of service credit as of July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will be equal to a percentage of the member's base pension benefit where the percentage is the lesser of 3.00% or the percentage increase in the consumer price index, if any, over the twelve-month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

Members who retired prior to July 24, 1986, or their surviving beneficiaries under optional plans are entitled to cost-of-living allowance increases. The annual increase is paid on July 1st of each year. The annual COLA increase is \$360 under a Single Life Annuity Plan with proportional reductions for optional payment plans.

Funding Policy – The City has no firefighters. The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>
2024 Statutory Maximum Contribution Rates	
Employer	19.50 %
Employee	12.25 %
2024 Actual Contribution Rates	
Employer:	
Pension	19.00 %
Post-employment Health Care Benefits	<u>0.50</u>
Total Employer	<u>19.50 %</u>
Employee	<u>12.25 %</u>

Employer contribution rates are expressed as a percentage of covered payroll. The City's contractually required contribution to OP&F was \$695,822 for 2024.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability (asset) for OPERS was measured as of December 31, 2023, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of that date. OP&F's total pension liability was measured as of December 31, 2023, and was determined by rolling forward the total pension liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net pension liability (asset) was based on the City's share of contributions to the pension plan relative to the contributions of all participating entities:

	OPERS Traditional Plan	OPERS Combined Plan	OP&F	
Proportion of the Net Pension Liability/Asset:				
Current Measurement Date	0.027443%	0.047024%	0.1138428%	
Prior Measurement Date	0.027017%	0.043497%	0.1148377%	
Change in Proportionate Share	<u>0.000426%</u>	<u>0.003527%</u>	<u>-0.000995%</u>	
				<u>Total</u>
Proportionate Share of the:				
Net Pension Liability	\$7,184,690	\$0	\$10,998,786	\$18,183,476
Net Pension (Asset)	0	(144,543)	0	(144,543)
Pension Expense	893,775	3,575	954,219	1,851,569

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	OPERS Traditional Plan	OPERS Combined Plan	OP&F	Total
Deferred Outflows of Resources				
Differences between expected and actual experience	\$117,428	\$5,857	\$353,093	\$476,378
Changes of assumptions	0	5,364	695,111	700,475
Net difference between projected and actual earnings on pension plan investments	1,450,177	23,509	1,246,394	2,720,080
City contributions subsequent to the measurement date	<u>687,725</u>	<u>31,077</u>	<u>695,882</u>	<u>1,414,684</u>
Total Deferred Outflows of Resources	<u>\$2,255,330</u>	<u>\$65,807</u>	<u>\$2,990,480</u>	<u>\$5,311,617</u>
Deferred Inflows of Resources				
Differences between expected and actual experience	\$0	\$14,296	\$123,009	\$137,305
Changes of assumptions	<u>0</u>	<u>0</u>	<u>167,029</u>	<u>167,029</u>
Total Deferred Inflows of Resources	<u>\$0</u>	<u>\$14,296</u>	<u>\$290,038</u>	<u>\$304,334</u>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

\$1,414,684 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability or increase to the net pension asset in 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	OPERS Traditional Plan	OPERS Combined Plan	OP&F	Total
2025	\$362,376	\$3,589	\$568,000	\$933,965
2026	486,307	6,458	492,341	985,106
2027	925,420	13,547	792,093	1,731,060

2029	0	396	87,487	87,883
Thereafter	0	(18,930)	30,751	11,821
Total	<u>\$1,567,605</u>	<u>\$20,434</u>	<u>\$2,004,560</u>	<u>\$3,592,599</u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial-reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability was determined by an actuarial valuation as of December 31, 2023, using the following actuarial assumptions applied to all periods included in the measurement in accordance with the requirements of GASB 67.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of December 31, 2023, compared to the December 31, 2022 actuarial valuation, are presented below.

City of Pickerington, Ohio
Notes to the Basic Financial Statements

Investment rate of return	
Current measurement date	6.90%
Prior measurement date	6.90%
Actuarial cost method	Individual entry age

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Defined Contribution portfolio and the Health Care portfolio. The Defined Benefit portfolio contains the investment assets of the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a gain of 11.20% for 2023.

The allocation of investment assets within the Defined Benefit portfolio is approved by the Board as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The long-term expected rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric real rates of return were provided by the Board's investment consultant.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

For each major asset class that is included in the Defined Benefit portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed income	24.00 %	2.85 %
Domestic equities	21.00	4.27
Real estate	13.00	4.46
Private equity	15.00	7.52
International equities	20.00	5.16
Risk Parity	2.00	4.38
Other investments	5.00	3.46
Total	100.00 %	

Discount Rate - The discount rate used to measure the total pension liability was 6.90% for the Traditional Pension Plan, Combined Plan and Member-Directed Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Traditional Pension Plan, Combined Plan and Member-Directed Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following table presents the proportionate share of the net pension liability/asset calculated using the current period discount rate assumption of 6.90%, as well as what the proportionate share of the net pension liability/asset would be if it were calculated using a discount rate that is one-percentage-point lower (5.90%) or one-percentage-point higher (7.90%) than the current rate:

	1% Decrease	Current Discount Rate	1% Increase
City's proportionate share of the net pension liability (asset):			
Traditional Pension Plan	\$ 11,310,632	\$ 7,184,690	\$ 3,753,105
Combined Plan	(87,465)	(144,543)	(189,507)

Actuarial Assumptions - OP&F

OP&F's total pension liability is determined by OP&F's actuaries in accordance with GASB Statement No.67, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. A comprehensive experience study was performed during 2022 by OP&F's actuary and completed as

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

of December 31, 2021. Changes in demographic and economic actuarial assumptions were made. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth. The changes in assumptions are being amortized over the estimated remaining useful life of the participants which was 6.03 years at December 31, 2023.

Key methods and assumptions used in calculating the total pension liability in the latest actuarial valuation, prepared as of December 31, 2023, compared to December 31, 2022, are presented below.

Valuation date	1/1/23 with actuarial liabilities rolled forward to 12/31/23
Actuarial cost method	Entry age normal (level percent of payroll)
Investment rate of return	
Current measurement date	7.50%
Prior measurement date	7.50%
Projected salary increases	3.75% - 10.50%
Payroll increases	3.25% per annum, compounded annually, consisting of inflation rate of 2.75% plus productivity increase rate of 0.50%
Cost of living adjustments	2.20% per year

Healthy Mortality

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Disabled Mortality

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

Contingent Annuitant Mortality

Mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131% for females. All rates are projected using the MP-2021 Improvement Scale.

Pre-Retirement Mortality

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five-year period ended December 31, 2021.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The assumption is intended to be a long-

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

term assumption (30 to 50 years) and is not expected to change absent a significant change in the asset allocation, a change in the underlying inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023 are summarized below:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic equity	18.60 %	4.10 %
Non-US equity	12.40	4.90
Private markets	10.00	7.30
Core fixed income *	25.00	2.40
High yield fixed income	7.00	4.10
Private credit	5.00	6.80
U.S. inflation linked bonds *	15.00	2.10
Midstream energy infrastructure	5.00	5.80
Real assets	8.00	6.00
Gold	5.00	3.50
Private real estate	12.00	5.40
Commodities	2.00	3.50
Total	<u>125.00 %</u>	

Note: assumptions are geometric.

* levered 2x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return and creating a more risk-balanced portfolio based on the relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate - Total pension liability was calculated using the discount rate of 7.50%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 7.50%. Based on those assumptions, OP&F's fiduciary net position was projected to be available to make all future benefit payment of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%), or one percentage point higher (8.50%) than the current rate.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
City's proportionate share of the net pension liability	\$14,568,711	\$10,998,786	\$8,030,046

NOTE 12 - DEFINED BENEFIT OPEB PLANS

Plan Description - Ohio Public Employees Retirement System (OPERS)

Net OPEB Liability (Asset)

Plan Description - Ohio Public Employees Retirement System (OPERS)

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust. The 115 Health Care Trust (115 Trust or Health Care Trust) was established in 2014, under Section 115 of the Internal Revenue Code (IRC). The purpose of the 115 Trust is to fund health care for the Traditional Pension, Combined and Member-Directed plans. The Ohio Revised Code permits, but does not require, OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code. Retirees in the Traditional Pension and Combined plans may have an allowance deposited into a health reimbursement arrangement (HRA) account to be used toward the health care program of their choice and other eligible expenses. An OPERS vendor is available to assist with the selection of a health care program.

With one exception, OPERS-provided health care coverage is neither guaranteed nor statutorily required. Ohio law currently requires Medicare Part A equivalent coverage or Medicare Part A premium reimbursement for eligible retirees and their eligible dependents.

OPERS offers a health reimbursement arrangement (HRA) allowance to benefit recipients meeting certain age and service credit requirements. The HRA is an account funded by OPERS that provides tax free reimbursement for qualified medical expenses such as monthly post-tax insurance premiums, deductibles, co-insurance, and co-pays incurred by eligible benefit recipients and their dependents.

OPERS members enrolled in the Traditional Pension Plan or Combined Plan retiring with an effective date of January 1, 2022, or after must meet the following health care eligibility requirements to receive an HRA allowance:

Age 65 or older Retirees Minimum of 20 years of qualifying service credit

Age 60 to 64 Retirees Based on the following age-and-service criteria:

Group A 30 years of total service with at least 20 years of qualified health care service credit;

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Group B 31 years of total service credit with at least 20 years of qualified health care service credit;

Group C 32 years of total service credit with at least 20 years of qualified health care service credit.

Age 59 or younger Based on the following age-and-service criteria:

Group A 30 years of qualified health care service credit;

Group B 32 years of qualified health care service credit at any age or 31 years of qualified health care service credit and at least age 52;

Group C 32 years of qualified health care service credit and at least age 55.

Retirees who do not meet the requirement for coverage as a non-Medicare participant can become eligible for coverage at age 65 if they have at least 20 years of qualifying service.

Members with a retirement date prior to January 1, 2022, who were eligible to participate in the OPERS health care program will continue to be eligible after January 1, 2022, as summarized in the following table:

Group A	Group B	Group C
Age and Service Requirements <i>December 1, 2014 or Prior</i> Any Age with 10 years of service credit	Age and Service Requirements <i>December 1, 2014 or Prior</i> Any Age with 10 years of service credit	Age and Service Requirements <i>December 1, 2014 or Prior</i> Any Age with 10 years of service credit
<i>January 1, 2015 through</i> <i>December 31, 2021</i> Age 60 with 20 years of service credit or Any Age with 30 years of service credit	<i>January 1, 2015 through</i> <i>December 31, 2021</i> Age 52 with 31 years of service credit or Age 60 with 20 years of service credit or Any Age with 32 years of service credit	<i>January 1, 2015 through</i> <i>December 31, 2021</i> Age 55 with 32 years of service credit or Age 60 with 20 years of service credit

See the Age and Service Retirement section of the OPERS ACFR for a description of Groups A, B and C.

Eligible retirees may receive a monthly HRA allowance for reimbursement of health care coverage premiums and other qualified medical expenses. Monthly allowances, based on years of service and the age at which the retiree first enrolled in OPERS coverage, are provided to eligible retirees, and are deposited into their HRA account.

The base allowance is determined by OPERS and is currently \$1,200 per month for non-Medicare retirees and \$350 per month for Medicare retirees. The retiree receives a percentage of the base allowance, calculated based on years of qualifying service credit and age when the retiree first enrolled in OPERS health care. Monthly allowances range between 51.00% and 90.00% of the base allowance for both non-Medicare and Medicare retirees.

Retirees will have access to the OPERS Connector, which is a relationship with a vendor selected by OPERS to assist retirees participating in the health care program. The OPERS Connector may assist retirees in selecting and enrolling in the appropriate health care plan.

When members become Medicare-eligible, recipients enrolled in OPERS health care programs must enroll in Medicare Part A (hospitalization) and Medicare Part B (medical).

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

OPERS reimburses retirees who are not eligible for premium-free Medicare Part A (hospitalization) for their Part A premiums as well as any applicable surcharges (late-enrollment fees). Retirees within this group must enroll in Medicare Part A and select medical coverage, and may select prescription coverage, through the OPERS Connector. OPERS also will reimburse 50.00% of the Medicare Part A premium and any applicable surcharges for eligible spouses. Proof of enrollment in Medicare Part A and confirmation that the retiree is not receiving reimbursement or payment from another source must be submitted. The premium reimbursement is added to the monthly pension benefit.

Participants in the Member-Directed Plan have access to the Connector and have a separate health care funding mechanism. A portion of employer contributions for these participants is allocated to a retiree medical account (RMA). Members who elect the Member-Directed Plan after July 1, 2015, will vest in the RMA over 15 years at a rate of 10.00% each year starting with the sixth year of participation. Members who elected the Member-Directed Plan prior to July 1, 2015, vest in the RMA over a five-year period at a rate of 20.00% per year. Upon separation or retirement, participants may use vested RMA funds for reimbursement of qualified medical expenses.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority allowing public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, OPERS no longer allocated a portion of its employer contributions to health care for the traditional plan.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2024, state and local employers contributed at a rate of 14.00% of earnable salary. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. For 2024, OPERS did not allocate any employer contribution to health care for members in the Traditional Pension Plan. Beginning July 1, 2022, there was a 2.00% allocation to health care for the Combined Plan which has continued through 2024. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the member-directed plan for 2024 was 4.00%. Effective July 1, 2022, a portion of the health care rate was funded with reserves which has continued through 2024.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$0 for 2024.

Plan Description - Ohio Police & Fire Pension Fund (OP&F)

Plan Description - The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment health care plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

upon action of the Board of Trustees. On January 1, 2019, OP&F implemented a new model for health care. Under this new model, OP&F provides eligible retirees with a fixed stipend earmarked to pay for health care and Medicare Part B reimbursements.

OP&F contracted with a vendor who assists eligible retirees in choosing health care plans that are available where they live (both Medicare-eligible and pre-65 populations). A stipend funded by OP&F is available to these members through a Health Reimbursement Arrangement and can be used to reimburse retirees for qualified health care expenses.

Regardless of a benefit recipient's participation in the health care program, OP&F is required by law to pay eligible recipients of a service pension, disability benefit and spousal survivor benefit for their Medicare Part B insurance premium, up to the statutory maximum provided the benefit recipient is not eligible to receive reimbursement from any other source. Once OP&F receives the necessary documentation, a monthly reimbursement is included as part of the recipient's next benefit payment. The stipend provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Governmental Accounting Standards Board (GASB) Statement No. 75.

OP&F maintains funds for health care in two separate accounts: one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. IRS Code Section 401(h) account is maintained for Medicare Part B reimbursements.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at www.op-f.org or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy - The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.50% and 24.00% of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.50% of covered payroll for police employer units and 24.00% of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

The Board of Trustees is authorized to allocate a portion of the total employer contributions for retiree health care benefits. For 2024, the portion of employer contributions allocated to health care was 0.50% of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded.

The City's contractually required contribution to OP&F was \$18,313 for 2024.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Net OPEB Liabilities (Assets), OPEB Expense, and Deferred Outflows or Resources and Deferred Inflows of Resources Related to OPEB

The net OPEB liability (asset) and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2022, rolled forward to the measurement date of December 31, 2023, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2023, and was determined by rolling forward the total OPEB liability as of January 1, 2023, to December 31, 2023. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities.

Following is information related to the proportionate share and OPEB expense:

	<u>OPERS</u>	<u>OP&F</u>	
Proportion of the Net OPEB Liability:			
Current Measurement Date	0.0273530%	0.113843%	
Prior Measurement Date	<u>0.0270620%</u>	<u>0.114838%</u>	
Change in Proportionate Share	<u>0.000291%</u>	<u>-0.000995%</u>	
			<u>Total</u>
Proportionate Share of the Net OPEB Liability/(Asset)	(\$246,867)	\$831,201	
OPEB Expense	(\$38,792)	\$3,951	(\$34,841)

At December 31, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
Deferred Outflows of Resources			
Differences between expected and actual experience	\$0	\$39,970	\$39,970
Changes of assumptions	63,556	286,024	349,580
Net difference between projected and actual earnings on pension plan investments	148,258	0	148,258
City contributions subsequent to the measurement date	<u>0</u>	<u>18,313</u>	<u>18,313</u>
Total Deferred Outflows of Resources	<u>\$211,814</u>	<u>\$344,307</u>	<u>\$556,121</u>
Deferred Inflows of Resources			
Differences between expected and actual experience	\$35,136	\$152,751	\$187,887
Changes of assumptions	<u>106,121</u>	<u>535,274</u>	<u>641,395</u>
Total Deferred Inflows of Resources	<u>\$141,257</u>	<u>\$688,025</u>	<u>\$829,282</u>

\$18,313 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability/(asset) in 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Year Ending December 31:	<u>OPERS</u>	<u>OP&F</u>	<u>Total</u>
2025	(\$6,265)	(\$36,767)	(\$43,032)
2026	11,477	(21,022)	(9,545)
2027	115,405	(70,353)	45,052
2028	(50,060)	(74,757)	(124,817)
2029	0	(84,501)	(84,501)
Thereafter	<u>0</u>	<u>(74,631)</u>	<u>(74,631)</u>
Total	<u><u>\$70,557</u></u>	<u><u>(\$362,031)</u></u>	<u><u>(\$291,474)</u></u>

Actuarial Assumptions - OPERS

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of health care costs for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2022, rolled forward to the measurement date of December 31, 2023.

The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Wage Inflation	
Current measurement date	2.75%
Prior Measurement date	2.75%
Projected Salary Increases, including inflation	
Current measurement date	2.75 to 10.75% including wage inflation
Prior Measurement date	2.75 to 10.75% including wage inflation

Current measurement date	6.00%
Prior Measurement date	6.00%
Municipal Bond Rate	
Current measurement date	3.77%
Prior Measurement date	4.05%
Health Care Cost Trend Rate	
Current measurement date	5.50% initial, 3.50% ultimate in 2038
Prior Measurement date	5.50% initial, 3.50% ultimate in 2036
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on 130% of the Pub-2010 General Employee Mortality tables (males and females) for State and Local Government divisions and 170% of the Pub-2010 Safety Employee Mortality tables (males and females) for the Public Safety and Law Enforcement divisions. Post-retirement mortality rates are based on 115% of the PubG-2010 Retiree Mortality Tables (males and females) for all divisions. Post-retirement mortality rates for disabled retirees are based on the PubNS-2010 Disabled Retiree Mortality Tables (males and females) for all divisions. For all of the previously described tables, the base year is 2010 and mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scales (males and females) to all of these tables.

The most recent experience study was completed for the five-year period ended December 31, 2020.

During 2023, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Defined Contribution portfolio and the Health Care portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a gain of 14.00% for 2023.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

The allocation of investment assets within the Health Care portfolio is approved by the Board as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. The System's primary goal is to achieve and maintain a fully funded status for benefits provided through the defined benefit pension plans. Health care is a discretionary benefit. The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation. Best estimates of geometric real rates of return were provided by the Board's investment consultant.

For each major asset class that is included in the Health Care's portfolio's target asset allocation as of December 31, 2023, these best estimates are summarized in the following table:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Geometric)
Fixed Income	37.00 %	2.82 %
Domestic equities	25.00	4.27
Real Estate Investment Trusts (REITs)	5.00	4.68
International equities	25.00	5.16
Risk parity	3.00	4.38
Other investments	5.00	2.43
Total	100.00 %	

Discount Rate - A single discount rate of 5.70% was used to measure the total OPEB liability on the measurement date of December 31, 2023; however, the single discount rate used at the beginning of the year was 5.22%. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) a tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on the actuarial assumed rate of return on the health care investment portfolio of 6.00% and a municipal bond rate of 3.77%. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through the year 2070. As a result, the actuarial assumed long-term expected rate of return on health care investments was applied to projected costs through the year 2070, and the municipal bond rate was applied to all health care costs after that date.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate - The following table presents the proportionate share of the net OPEB liability (asset) calculated using the single discount rate of 5.70%, as well as what the proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is one-percentage-point lower (4.70%) or one-percentage-point higher (6.70%) than the current rate:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	<u>1% Decrease</u>	<u>Current Discount Rate</u>	<u>1% Increase</u>
City's proportionate share of the net OPEB liability/(asset)	\$ 135,671	\$ (246,867)	\$ (563,745)

Sensitivity of the City's Proportionate Share of the Net OPEB Asset to Changes in the Health Care Cost Trend Rate - Changes in the health care cost trend rate may also have a significant impact on the net OPEB asset. The following table presents the net OPEB asset calculated using the assumed trend rates, and the expected net OPEB asset if it were calculated using a health care cost trend rate that is 1.00% lower or 1.00% higher than the current rate.

Retiree health care valuations use a health care cost trend assumption with changes over several years built into that assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2024 is 5.50%. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is the health care cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.50% in the most recent valuation.

	<u>1% Decrease</u>	<u>Current Health Care Trend Rate Assumption</u>	<u>1% Increase</u>
City's proportionate share of the net OPEB asset	\$ 257,118	\$ 246,867	\$ 235,236

Actuarial Assumptions - OP&F

OP&F's total OPEB liability as of December 31, 2023, is based on the results of an actuarial valuation date of January 1, 2023, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F's actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing retirement plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements, and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee's entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Valuation Date	January 1, 2023, with actuarial liabilities rolled forward to December 31, 2023
Actuarial Cost Method	Entry Age Normal (Level Percent of Payroll)
Investment Rate of Return	
Current measurement date	7.50%
Prior measurement date	7.50%
Projected Salary Increases	
Current measurement date	3.50% to 10.50%
Prior measurement date	3.75% to 10.50%
Payroll Growth	3.25%
Single discount rate:	
Current measurement date	4.07%
Prior measurement date	4.27%
Cost of Living Adjustments	2.20% simple per year

Health Mortality

Mortality for service retirees is based on the Pub-2010 Below-Median Safety Amount-Weighted Healthy Retiree mortality table with rates adjusted by 96.2% for males and 98.7% for females. All rates are projected using the MP-2021 Improvement Scale.

Disabled Mortality

Mortality for disabled retirees is based on the Pub-2010 Safety Amount-Weighted Disabled Retiree mortality table with rates adjusted by 135% for males and 97.9% for females. All rates are projected using the MP-2021 Improvement Scale.

Contingent Annuitant Mortality

Mortality for contingent annuitants is based on the Pub- 2010 Below-Median Safety Amount-Weighted Contingent Annuitant Retiree mortality table with rates adjusted by 108.9% for males and 131% for females. All rates are projected using the MP-2021 Improvement Scale.

Pre-Retirement Mortality

Mortality for active members is based on the Pub-2010 Below-Median Safety Amount-Weighted Employee mortality table. All rates are projected using the MP- 2021 Improvement Scale.

The most recent experience study was completed for the five year period ended December 31, 2021.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2023, are summarized below:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic equity	18.60 %	4.10 %
Non-US equity	12.40	4.90
Private markets	10.00	7.30
Core fixed income *	25.00	2.40
High yield fixed income	7.00	4.10
Private credit	5.00	6.80
U.S. inflation linked bonds *	15.00	2.10
Midstream energy infrastructure	5.00	5.80
Real assets	8.00	6.00
Gold	5.00	3.50
Private real estate	12.00	5.40
Commodities	2.00	3.50
Total	125.00 %	

Note: assumptions are geometric.

* levered 2x

OP&F's Board of Trustees has incorporated the risk parity concept into OP&F's asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.25 times due to the application of leverage in certain fixed income asset classes.

Discount Rate - Total OPEB liability was calculated using the discount rate of 4.07%. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 7.50%. Based on those assumptions, OP&F's fiduciary net position was projected to not be able to make all future benefit payment of current plan members. Therefore, the long-term assumed rate of return on investments of 7.50% was applied to periods before December 31, 2037, and the Municipal Bond Index Rate of 3.38% was applied to periods on and after December 31, 2037, resulting in a discount rate of 4.07%.

Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate - Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 4.07%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.07%), or one percentage point higher (5.07%) than the current rate.

	1% Decrease	Current Discount Rate	1% Increase
City's proportionate share of the net OPEB liability	\$ 1,023,809	\$ 831,201	\$ 668,987

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

NOTE 13 - OTHER EMPLOYEE BENEFITS

Compensated Absences

Vacation leave is earned at varying rates based upon length of service. A maximum number of vacation hours may be accumulated based on length of service. Any unused vacation exceeding the maximum allowance is eliminated from the employee's leave balance. At the time of termination of employment or death, an employee (or his estate) is paid for his unused vacation leave.

City employees, except Police Officers, earn sick leave at the rate of three and one tenths hours per eighty hours of service and can be accumulated without limit. Police Officers earn sick leave at the rate of four hours per eighty hours of service and can be accumulated without limit. In the case of death or retirement all employees, except Police Officers, hired prior to July 1, 2012, who have ten years of service, are paid fifty percent of their accumulated sick leave up to a maximum payment equal to seventy-five days. In the case of death or retirement all employees, except Police Officers, hired on or after July 1, 2012, who have ten years of service, are paid twenty-five percent of their accumulated sick leave up to a maximum payment equal to thirty-seven and a half days. In the case of death all Police Officers shall be paid a lump sum of all unused sick leave to his or her surviving spouse or estate. In the case of retirement Police Officers hired prior to January 1, 2013, who have ten or more years of service, are paid fifty percent of their accumulated sick leave up to a maximum of payment equal to seventy-five days. In the case of retirement Police Officers hired on or after January 1, 2013, who have ten or more years of service, are paid twenty-five percent of their accumulated sick leave up to a maximum payment equal to thirty-seven and a half days.

After sixty or more days have been accumulated, City employees, except Police Officers, are eligible to sell back sick leave at one-third of their current hourly rate, retaining not less than sixty days accumulation. The maximum annual sell back for City employees, except Police Officers, is thirty days. After seventy-five or more days have been accumulated Police Officers are eligible to sell back one-third of their annual accrued sick leave at their current hourly rate, retaining not less than seventy days accumulation. Police Officers expecting to retire in three years or less may sell back their accrued sick leave over forty-five days at one-fourth their current hourly rate. The formula depends on the number of sick days taken in the preceding calendar year.

Insurance Options

The City provides health and major medical insurance for all eligible employees through Anthem Blue Cross Blue Shield. The City also provides prescription drug insurance to its employees through the same insurance carrier. The City offers dental coverage through Superior Dental, life insurance coverage through The Hartford, and vision coverage through the Vision Service Plan, Inc.

NOTE 14 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2024, the City contracted with CORMA for the following insurance coverages:

Settlements have not exceeded coverage in any of the last three years.

Any member may withdraw from CORMA at any term anniversary date upon ninety days prior written notice. Such notice shall be addressed to the President of CORMA and shall be accompanied by a resolution or ordinance of the governing body of the member determining to withdraw. Upon withdraw from CORMA the City would have no further obligation.

The City participates in the Ohio Municipal League Workers' Compensation Group Rating Program (the Program), an insurance purchasing pool (see Note 19). The Program is intended to achieve lower workers' compensation rates while establishing safer working conditions and environments for the participants. The workers' compensation experience of the participating municipalities is calculated as one experience in order to create a lower workers' compensation premium rate. Each municipality pays its workers' compensation

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

premium to the State based on the rate for the Program rather than the municipality's individual rate.

In order to allocate the savings derived by the formation of the Program, and to maximize the number of participants in the Program, annual calculations are made of the total savings accrued to the Program through its formation. This savings is then compared to the overall savings percentage of the Program. Collections of rate contributions from or payments of rate equalization rebates to the various participants are then made. Participation in the Program is limited to municipalities that can meet the Program's selection criteria. The firm of Gates McDonald & Company performs claims administration, actuarial cost control, and consulting services for participants. Each year the City pays an enrollment fee to the Program to cover the costs of administering the program.

NOTE 15 – NOTES PAYABLE – FINANCED PURCHASES

The City has outstanding financed purchase notes payable for the purchase of a dump trucks and a street sweeper. Each financed purchase meets criteria as defined by transferring benefits and risks of ownership to the lessee. Payments are reflected as debt service expenditures in the basic financial statements.

A dump truck and street sweeper has been capitalized in the government-wide statements governmental activities in the amount of \$396,415 and business-type activities in the amount of \$288,375, which is equal to the present value of the future minimum payments at the time of acquisition.

Principal payments toward governmental activities financed purchases during 2024 totaled \$27,312. Principal payments toward business-type activities financed purchases during 2024 totaled \$54,685.

This space intentionally left blank.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Governmental Activities:

General Obligation Bonds

On November 21, 2012, the City issued \$1,045,000 in street improvement general obligation advance refunding bonds to partially advance refund the 2004 street improvement general obligation serial bonds. The \$1,045,000 general obligation advance refunding bonds were issued for a twelve year period with a final maturity at December 1, 2024. The \$1,045,000 bond issue consists of serial bonds which were issued at a premium in the amount of \$38,621. The amount of premium amortized during 2024 was \$3,219. Issuance costs associated with the bond issue were \$21,441. The partial advance refunding resulted in a difference between the net carrying amount of the debt and the acquisition price, in the amount of \$105,099.

On November 21, 2012, the date of the refunding, \$1,085,273 was deposited in an irrevocable trust to provide for all future debt service payments on the partially advance refunded 2004 street improvement general obligation serial bonds. As all of the legal steps had been taken to refund the debt, the balance of the outstanding bonds refunded was removed from the City's financial statements. On December 1, 2014, the debt was called, paid in full, and the escrow account was closed.

These bonds were retired in 2024.

On November 21, 2012, the City issued \$8,070,000 in various purpose general obligation bonds. The various purpose general obligation bonds issued include \$5,660,000 in governmental general obligation bonds and \$2,410,000 in business-type general obligation bonds. The business-type activity is addressed below in the business-type activity section of this note.

The various purpose general obligation bonds include the following: \$2,715,000 of these various purpose general obligation bonds was issued to refinance the 2002 police facilities lease for the purpose of acquiring, constructing, equipping, and furnishing a police building. \$1,405,000 of these various purpose general obligation bonds was issued to retire the Courtright Road street improvement bond anticipation notes for the purpose of constructing street improvements known as the Courtright Road realignment and sidewalks, curbs and gutters, and other street improvements in the downtown area of the City. \$1,245,000 of these various purpose general obligation bonds include both serial and term bonds originally issued in the amount of \$805,000 and \$440,000, respectively. The \$1,245,000 various purpose general obligation bonds was issued to retire the TIF Windmill/Diley Road revenue anticipation notes for the purpose of street improvements in the Windmill/ Diley Road areas including constructing turn lane improvements for State Route 256 to establish an exit point for the realignment of Diley Road. \$295,000 of these various purpose general obligation bonds include both serial and term bonds originally issued in the amount of \$195,000 and \$100,000, respectively. The \$295,000 various purpose general obligation bonds were issued to retire the Real Estate Acquisition bond anticipation notes for the purpose of acquiring real property for the City.

The \$5,660,000 various purpose general obligation bonds were sold at a premium of \$191,089 that is being amortized over the term of the bonds. The amount of premium amortized during 2024 was \$9,554. Issuance costs associated with the bond issue were \$103,716.

General obligation bonded debt service requirements to maturity are as follows:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

2012 Various Purpose General Obligation Bonds			
Year	Principal	Interest	Total
2025	\$190,000	\$24,538	\$214,538
2026	195,000	19,788	214,788
2027	85,000	14,913	99,913
2028	85,000	12,788	97,788
2029	85,000	10,663	95,663
2030-2032	285,000	17,026	302,026
Total	<u>\$925,000</u>	<u>\$99,716</u>	<u>\$1,024,716</u>

The various purpose general obligation bonds maturing on December 1, 2028, 2030, and 2032 are subject to mandatory sinking fund redemption at a redemption price of 100 percent of the principal amount to be redeemed, plus accrued interest to the date of redemption, on December 1 in the years and in the respective principal amounts as follows:

Year	Issue		
	\$435,000	\$455,000	\$500,000
2027	\$215,000	\$0	\$0
2029	0	225,000	0
2031	0	0	250,000
Total mandatory sinking fund payments	215,000	225,000	250,000
Amount due at stated maturity	220,000	230,000	250,000
Total	<u>\$435,000</u>	<u>\$455,000</u>	<u>\$500,000</u>
Stated Maturity	12/1/2028	12/1/2030	12/1/2032

The bonds maturing on and after December 1, 2023, are subject to optional redemption, at the option of the City, in whole or in part in such order of maturity as the City shall determine, in integral multiples of \$5,000 and by lot within a maturity, on any date commencing December 1, 2022, at the redemption price of 100 percent of the principal amount to be redeemed, plus accrued interest to the redemption date.

On January 3, 2013, the City issued \$4,740,000 in street improvement general obligation refunding bonds to refund the 2005 State Infrastructure Bank Loan. The \$4,740,000 were issued for a twenty year period with a final maturity at December 1, 2032. The \$4,740,000 were issued at a premium in the amount of \$226,032. The amount of premium amortized during 2024 was \$5,390. Issuance costs associated with the bond issuance were \$59,840. In 2015, the City would have been required to make a balloon payment in the amount of \$3,608,277; therefore, the City refinanced the debt by issuing a twenty year bond. The issuance resulted in an increase in total debt service by \$931,274, these payments will be spread over the next twenty years rather than over the next two years. The issuance resulted in a total economic gain of \$40,198.

During 2022, these bonds were refunded by the issuance of the 2021 street refunding bonds in the amount of \$2,935,000 which included the premium expense of \$135,616.

On January 29, 2019, the City issued \$4,400,000 in street improvement general obligation bonds to retire the \$4,400,000 in 2018 street improvement general obligation bond anticipation notes. The \$4,400,000 street

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

improvement general obligation bonds were issued for a twenty year period with a final maturity at December 1, 2038. The \$4,400,000 street improvement general obligation bonds were issued at a premium in the amount of \$107,809. The amount of premium amortized during 2023 was \$5,390. Issuance costs associated with the bond issuance were \$107,809. The 2018 street improvement general obligation bond anticipation notes were issued for the purpose of paying the costs to design, construct, improve, and widen Refugee Road; improve and widen the intersection of Refugee Road and State Route 256 including but not limited to the construction and addition of thru lanes and turn lanes; and design, improve, and construct the intersection of Refugee Road and Stonecreek Drive South extension including but not limited to the construction of thru lanes and turn lanes and sidewalks and curbs related thereto, the acquisition of right-of-way, landscaping, and other necessary street improvements. The street improvement general obligation bonds include both serial and term bonds originally issued in the amount of \$2,310,000 and \$2,090,000, respectively.

General obligation bonded debt service requirements to maturity are as follows:

2019 Street Improvement General Obligation Refunding Bonds			
Year	Principal	Interest	Total
2025	\$190,000	\$110,520	\$300,520
2026	200,000	102,920	302,920
2027	205,000	94,290	299,290
2028	215,000	88,770	303,770
2029	220,000	82,320	302,320
2030-2034	1,205,000	304,245	1,509,245
2035-2038	1,110,000	82,895	1,192,895
Total	<u>\$3,345,000</u>	<u>\$865,960</u>	<u>\$4,210,960</u>

The bonds maturing on December 1, 2038, are subject to mandatory sinking fund redemption in part by lot pursuant to the terms of the mandatory sinking fund redemption requirements of the authorizing legislation, at a redemption price equal to 100% of the principal amount redeemed, plus interest accrued to the redemption date, on December 1 of the years shown in, and according to, the following schedule:

Year	Amount
2031	\$235,000
2032	240,000
2033	250,000
2034	255,000
2035	265,000
2036-2038	845,000
Total	<u>\$2,090,000</u>

Term bonds redeemed by other than mandatory redemption, or purchased for cancellation, may be credited against the applicable mandatory redemption requirement for the corresponding term bonds. The bonds maturing on or after December 1, 2027, are also subject to prior redemption, by and at the sole option of the City, either in whole or in part (as selected by the City) on any date on or after June 1, 2027, in integral multiples of \$5,000, at par plus, in each case, accrued interest to the redemption date.

On January 16, 2021, the City issued \$2,935,000 in street improvement refunding general obligation bonds to

Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

retire the \$4,470,000 2013 street improvement refunding general obligation bonds. The \$2,935,000 street improvement refunding general obligation bonds were issued for a ten year period with a final maturity at December 1, 2032. These serial bonds were issued at an interest rate of 1.47%.

2021 Street Improvement Refunding General Obligation Refunding Bonds			
Year	Principal	Interest	Total
2025	\$255,000	\$32,046	\$287,046
2026	265,000	28,298	293,298
2027	270,000	24,402	294,402
2028	270,000	20,433	290,433
2029	275,000	16,464	291,464
2030-2032	845,000	25,064	870,064
Total	<u>\$2,180,000</u>	<u>\$146,707</u>	<u>\$2,326,707</u>

Net Pension/OPEB Liability/Asset

There is no repayment schedule for the net pension/OPEB liability/asset. However, employer pension contributions are made from the General Fund and the Street, Police, State Highway, and Parks and Recreation Special Revenue Funds. For additional information related to the net pension/OPEB liability, see Notes 11 and 12.

Compensated Absences Payable

The City will pay compensated absences from the General Fund and the Street, Police, State Highway, and Parks and Recreation Special Revenue Funds.

Business-Type Activities:

General Obligation Bonds

On November 21, 2012, the City issued \$8,070,000 in various purpose general obligation bonds. The various purpose general obligation bonds issued include \$2,410,000 in business-type general obligation bonds and \$5,660,000 in governmental general obligation bonds. The governmental activity and the term bond disclosure are addressed above in the governmental activity section of this note.

The \$2,410,000 various purpose general obligation bonds were sold at a premium of \$68,675 that is being amortized over the term of the bonds. The amount of premium amortized during 2024 was \$3,434. Issuance costs associated with the bond issue were \$43,683. Principal and interest requirements to retire the City's general obligation bonds payable from the Water Enterprise Funds outstanding at December 31, 2024 was:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

	Water General Obligation Bonds	
Year	Principal	Interest
2025	\$125,000	\$29,850
2026	130,000	26,725
2027	130,000	23,475
2028	135,000	20,225
2029	140,000	16,850
2030-2032	445,000	26,800
Total	<u>\$1,105,000</u>	<u>\$143,925</u>

OWDA Loans

The City's outstanding OWDA Loans from direct borrowings related to business-type activities contain provisions that in an event of default (1) the amount of such default shall bear interest at the default rate from the due date until the date of payment, (2) if any of the charges have not been paid within 30 days, in addition to the interest calculated at the default rate, a late charge of 1 percent on the amount of each default shall also be paid to the OWDA, and (3) for each additional 30 days during which the charges remain unpaid, the City shall continue to pay an additional late charge of 1 percent on the amount of the default until such charges are paid.

The City has pledged future sewer customer revenues, net of specified operating expenses, to repay sewer system OWDA Loans issued in 2008. Proceeds from these loans provided financing for various sewer projects. The loan is payable solely from sewer customer net revenues and are payable through 2030. Annual principal and interest payments on the loan are expected to require less than 35 percent of net revenues. The total principal and interest remaining to be paid on the loans is \$4,482,109 related to finalized terms and amortization schedules. Principal and interest paid for the current year and total customer net revenues were \$740,252 and \$1,862,403, respectively.

Principal and interest requirements to retire the City's OWDA loans outstanding at December 31, 2024 were:

	Sewer OWDA	
Year	Principal	Interest
2025	\$624,534	\$117,547
2026	645,313	98,656
2027	666,784	79,137
2028	688,970	58,968
2029	711,893	38,129
2030	735,583	16,595
Total	<u>\$4,073,077</u>	<u>\$409,032</u>

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Net Pension/OPEB Liability

There is no repayment schedule for the net pension/OPEB liability. However, employer pension contributions are made from the Water, Sewer, and Stormwater Enterprise Funds. For additional information related to the net pension/OPEB liability, see Notes 11 and 12.

Compensated Absences Payable

The City will pay compensated absences from the Water, Sewer, and Stormwater Enterprise Funds.

Legal Debt Margin

As of December 31, 2024, the City's overall legal debt margin (the ability to issue additional amounts of general obligation bonded debt) was \$84,296,454.

NOTE 17 - SIGNIFICANT COMMITMENTS

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end the amount of cash basis encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

<u>Governmental Funds</u>	
General	\$2,328,861
Police	71,737
Street	536,596
Other Governmental Funds	635,654
Total Governmental Funds	<u>3,572,848</u>
<u>Proprietary Funds</u>	
Water	671,598
Sewer	65,602
Stormwater	26,497
Other Enterprise Funds	384
Total Proprietary Funds	<u>764,081</u>
Total	<u><u>\$4,336,929</u></u>

Contractual Commitments

As of December 31, 2024, the City had the following material contractual purchase commitments. The amount for each project is as follows:

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Project	Fund	Purchase Commitments	Amount Paid as of December 31, 2024	Amount Remaining on Contracts
E. Borland Street Reconstruction	Street	\$700,000	\$650,026	\$49,974

Well #1 Replacement	Water	400,000	381,823	18,177
High Service Pump	Water	350,000	13,043	336,957
Miscellaneous Sewer Projects	Sewer	46,820	36,116	10,704
Total		<u>\$4,152,062</u>	<u>\$1,256,207</u>	<u>\$2,895,855</u>

NOTE 18 - JOINTLY GOVERNED ORGANIZATIONS

Fairfield, Hocking, and Athens Counties Council of Governments on Major Crimes Investigations

The Fairfield, Hocking, and Athens Counties Council of Governments on Major Crimes Investigations was created in 2001 under Ohio Revised Code Section 167.01. Its stated purpose is to provide additional police protection to the citizens of Fairfield, Hocking, and Athens counties to reduce the influence and effects of illegal drug trafficking activities, as well as other major crimes activities. The Unit has a seven-member Governing Board that consists of one County Commissioner or designee from each county, and the Mayor, City Manager, or designee from the cities of Lancaster, Pickerington, Logan, and Athens. The Unit also has a twelve member Operating Board that handles the daily operations and reports to the Governing Board. The Operating Board is made up of the Fairfield, Hocking, and Athens County Sheriffs and Prosecuting Attorneys, as well as the Chiefs of Police from the four cities listed above, and the Chiefs of Police from the City of Nelsonville and of the Ohio University. The Unit's revenues will consist of an annual grant applied for by the Fairfield County Commissioners, which is in turn given to the Unit, along with local matches from each of the involved entities. In 2024, the City made no contributions to the Unit. Continued existence of the Board is not dependent upon the City's continued participation, no equity interest exists, and no debt is outstanding.

Fairfield County Regional Planning Commission

The City is a participant in the Fairfield County Regional Planning Commission, a statutorily created political subdivision of the State. Fairfield County, its municipalities, and its townships jointly govern the Commission. There are 42 board members that govern the Commission. The City of Pickerington has one member on the Board. Each member's control over the operation of the Commission is limited to its representation of the board. The Commission makes studies, maps, plans, recommendations, and reports concerning the physical, environmental, social, economic, and governmental characteristics, functions, and services of the County. The City contributed \$0 to the Commission during 2024. Continued existence of the Board is not dependent upon the City's continued participation, no equity interest exists, and no debt is outstanding. Financial statements can be obtained from the Fairfield County Regional Planning Commission 210 East Main Street, Lancaster, Ohio 43130.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Mid-Ohio Regional Planning Commission (MORPC)

The City is a participant in the Mid-Ohio Regional Planning Commission (MORPC), a jointly governed organization. The organization is composed of 74 representatives appointed by member governments who make up the Commission, the policy-making body of the organization, and the oversight board. MORPC is a voluntary association of local governments in central and south central Ohio and a regional planning agency whose membership includes 42 political subdivisions in and around Franklin, Ross, Fayette, Delaware, Pickaway, Madison, Licking, and Fairfield counties, Ohio. The purpose of the organization is to improve the quality of life for member communities by improving housing conditions, to promote and support livability/sustainability measures as a means of addressing regional growth challenges, and to administer and facilitate the availability of regional environmental infrastructure program funding to the full advantage of MORPC's members. Each participant's degree of control is limited to its representation on the Board. The City contributed \$15,951 in membership dues to the Mid-Ohio Regional Planning Commission during 2024.

NOTE 19 - POOLS

Central Ohio Risk Management Association Inc. (CORMA)

The Central Ohio Risk Management Association Inc. (CORMA) is a shared risk pool which is administered by nine cities in Central Ohio. Its present members in addition to the City of Pickerington are the Cities of Canal Winchester, Dublin, Grandview Heights, Grove City, Groveport, Powell, Upper Arlington, and Westerville. CORMA was formed as an Ohio non-profit corporation for the purpose of establishing the CORMA Insurance/Self-Insurance Program, a group primary and excess insurance/self-insurance and risk management program. Each member has a representative on the Board of Trustees that approves bylaws, establish policies and contract with service providers for the best savings. Member cities agree to jointly participate in coverage of losses and pay all contributions necessary for the specified insurance coverage provided by CORMA. Coverage includes comprehensive general liability, property insurance, crime insurance, employee benefits liability, law enforcement liability, public officials' liability, automotive liability, and healthcare professional liability.

Ohio Municipal League Workers' Compensation Group Rating Program

The City is participating in a group rating plan for workers' compensation called The Ohio Municipal League Workers' Compensation Group Rating Program, as established under Section 4123.29 of the Ohio Revised Code. The group rating plan is sponsored by the Ohio Municipal League. The Ohio Municipal League is governed by a Board of Trustees, elected by membership. The Board consists of all past presidents of the League, as long as they are municipal officials, and 28 trustees (also municipal officials) elected for two year terms. The Board exercises general oversight over operation of the workers' compensation group. League staff maintains direct and on-going liaison with the program contract operator, Gates McDonald.

NOTE 20 - CONTINGENT LIABILITIES

Litigation

The City is of the opinion that the ultimate disposition of claims and legal proceedings will not have a material effect, if any, on the financial condition of the City.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

Federal and State Grants

For the period January 1, 2024 to December 31, 2024, the City received federal and state grants for specific purposes that are subject to review and audit by grantor agencies or their designee. Such audits could lead to a request for reimbursement to the grantor agency for expenditures disallowed under the terms of the grant. Based on prior experience, the City believes such disallowance, if any, would be immaterial.

Asset Retirement Obligation

Ohio Revised Code Section 6111.44 requires the City to submit any changes to their sewerage system to the Ohio EPA for approval. Through this review process, the City would be responsible to address any public safety issues associated with the waste water treatment facilities. Any ARO associated with these public safety issues are not reasonably estimable. Currently, there is significant uncertainty as to what public safety items would need addressed; therefore, a reliable estimated amount could not be determined.

NOTE 21 - RELATED PARTY TRANSACTION

The Pickerington Community Improvement Corporation, a discretely presented component unit of the City, received on-behalf payments from the City for professional liability insurance costs. The on-behalf payments are reflected as operating revenues in the basic financial statements in the amount of \$1,968.

NOTE 22 - INTERFUND ACTIVITY

Balances

The City uses an internal proportionate share to allocate its net pension liability and corresponding deferred outflows/inflows of resources and pension expense to its various funds. This allocation creates a change in internal proportionate share. The effects of the internal proportionate share are eliminated from the pension deferred outflows/inflows of resources in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts between governmental and business-type activities. These residual amounts are eliminated in the total column of the entity wide statement of net position, thus allowing the total column to present the change in proportionate share for the City as a whole.

Interfund transfers during 2024 consisted of the following:

	Transfer to				
	Major Funds				Nonmajor Enterprise Aquatic Recreation Center
	Police	Street	Debt Service	Other Nonmajor Governmental	
<u>Transfer from</u>					
Major Fund:					
General Fund	\$5,675,000	\$1,000,000	\$354,288	\$1,146,872	\$210,000
Other Nonmajor Governmental	0	0	568,671	0	0
Totals	<u>\$5,675,000</u>	<u>\$1,000,000</u>	<u>\$922,959</u>	<u>\$1,146,872</u>	<u>\$210,000</u>

The transfer from/to were used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to spend them; to move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments come due; and to use unrestricted revenue collected in the General Fund to finance various programs accounted for in other funds

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

in accordance with budgetary authorizations. All transfers are considered allowable in accordance with Ohio Revised Code Sections 5705.14, 5705.15, and 5705.16.

NOTE 23 - DONOR RESTRICTED ENDOWMENTS

The City's permanent fund includes donor restricted endowments for the perpetual care of certain cemetery lots which are located in the City. The net position-non-expendable amounts of \$1,545 represent the principal portion of the endowments. The net position-expendable amount of \$2,860 represents the interest earnings on donor-restricted investments and is available for expenditure by the City, for purposes consistent with the endowment's intent. State law permits the City to appropriate, for purposes consistent with the endowment's intent, net appreciation realized and unrealized unless the endowment terms specify otherwise.

NOTE 24 - PICKERINGTON COMMUNITY IMPROVEMENT CORPORATION (CIC)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Pickerington Community Improvement Corporation (CIC) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The CIC's significant accounting policies are described below.

Basis of Accounting - The basic financial statements of the CIC are prepared using the accrual basis of accounting in conformity with GAAP.

Basis of Presentation - The CIC's basic financial statements consist of a statement of revenues, expenses, and changes in net position. The CIC distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the CIC's principal ongoing operation. The principal operating revenues of the CIC are on-behalf payments from the City. Operating expenses for the CIC include professional liability insurance.

Federal Income Tax - The CIC is exempt from federal income tax under Section 501 (c) (3) of the Internal Revenue Code.

Estimates - The preparation of the basic financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results may differ from those estimates.

RELATED PARTY TRANSACTIONS

The CIC, a discretely presented component unit of the City, received on-behalf payments from the City for professional liability insurance costs. The on-behalf payments are reflected as operating revenues in the basic financial statements in the amount of \$1,968.

CONTINGENT LIABILITIES

The CIC believes there is no pending claims or lawsuits.

City of Pickerington, Ohio
Notes to the Basic Financial Statements
For the Year Ended December 31, 2024

RISK MANAGEMENT

The CIC is subjected to certain types of risk related to torts and errors and omissions in the performance of its normal functions. The CIC has in place Director's and Officer's liability insurance coverage of up to \$1,000,000 per occurrence and \$1,000,000 in aggregate. Settlements did not exceed insurance coverage in the past three years. There was no reduction in insurance coverage from the prior year.

Notes to the Required Supplementary Information
For the Year Ended December 31, 2024

Changes in Benefit Terms – OPERS Pension

There were no changes in benefit terms from the amounts reported for 2014-2024.

Changes in Assumptions – OPERS Pension

There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2016. For 2017, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 8.00% down to 7.50%, (b) for defined benefit investments, decreasing the wage inflation from 3.75% to 3.25% and (c) changing the future salary increases from a range of 4.25%-10.05% to 3.25%-10.75%. There were no changes in assumptions for 2018. For 2019, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) the assumed rate of return and discount rate were reduced from 7.50% down to 7.20%. There were no changes in assumptions for 2020 or 2021. For 2022, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) wage inflation was changed from 3.25% to 2.75%, (b) future salary increases, including inflation were changed from 3.25%-10.75% to 2.75%-10.75%, (c) COLA for post 1/7/2013 retirees were changed from 0.50%, simple through 2021, then 2.15% simple to 3.00%, simple through 2022, then 2.05% simple and (d) the actuarially assumed rate of return was changed from 7.20% to 6.90%. For 2023, COLA for post 1/7/2013 retirees were changed to 3.00% simple through 2023, then 2.05% simple. For 2024, COLA for post 1/7/2013 retirees were changed to 2.30%, simple through 2024, then 2.05% simple.

Changes in Benefit Terms – OP&F Pension

There were no changes in benefit terms from the amounts reported for 2014-2024.

Changes in Assumptions – OP&F Pension

There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2014-2017. For 2018, the following were the most significant changes of assumptions that affected the total pension since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 8.50% down to 8.00%, (b) changing the future salary increases from a range of 4.25%-11.00% to 3.75%-10.50%, (c) reduction in payroll increases from 3.75% down to 3.25%, (d) reduction in inflation assumptions from 3.25% down to 2.75% and (e) Cost of Living Adjustments (COLA) were reduced from 2.60% and 3.00% simple to 2.20% and 3.00% simple. There were no changes in assumptions for 2019-2021. For 2022, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) the actuarially assumed rate of return was changed from 8.00% to 7.50%. For 2023, the following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date: (a) the mortality rates were changed from the RP-2014 Total Employee and Health Annuitant mortality tables to various Pub-2010 mortality tables using the MP-2021 Improvement scale. There were no changes in assumptions for 2024.

City of Pickerington, Ohio
Notes to the Required Supplementary Information
For the Year Ended December 31, 2024

Changes in Benefit Terms – OPERS OPEB

There were no changes in benefit terms from the amounts reported for 2017-2020. For 2021, the following were the most significant changes in benefit terms since the prior measurement date: the Board approved several changes to the health care plan offered to Medicare and non-Medicare retirees in efforts to decrease costs and increase the solvency of the health care Plan. These changes are effective January 1, 2022 and include changes to base allowances and eligibility for Medicare retirees, as well as replacing OPERS-sponsored medical plans for non-Medicare retirees with monthly allowances, similar to the program for Medicare retirees. These changes are not reflected in the current year financial statements, however, they are reflected in the December 31, 2020 measurement date health care valuation. These changes significantly decreased the total OPEB liability for the measurement date December 31, 2020. There were no changes in benefit terms from the amounts reported for 2022-2024.

Changes in Assumptions – OPERS OPEB

There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2017. For 2018, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) reduction in the actuarially assumed rate of return from 4.23% down to 3.85%. For 2019, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.85% up to 3.96%, (b) The investment rate of return was decreased from 6.50% percent down to 6.00%, (c) the municipal bond rate was increased from 3.31% up to 3.71% and (d) the health care cost trend rate was increased from 7.50%, initial/3.25%, ultimate in 2028 up to 10.00%, initial/3.25% ultimate in 2029. For 2020, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was decreased from 3.96% up to 3.16%, (b) the municipal bond rate was decreased from 3.71% up to 2.75% and (c) the health care cost trend rate was increased from 10.0%, initial/3.25%, ultimate in 2029 up to 10.50%, initial/3.50% ultimate in 2030. For 2021, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.16% up to 6.00%, (b) the municipal bond rate was decreased from 2.75% up to 2.00% and (c) the health care cost trend rate was decreased from 10.00%, initial/3.50%, ultimate in 2030 down to 8.50%, initial/3.50% ultimate in 2035. For 2022, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) wage inflation changed from 3.25% to 2.75%, (b) projected salary increases, including inflation changed from 3.25%-10.75% to 2.75%-10.75%, (c) the municipal bond rate was changed from 2.00% to 1.84% and (d) the health care cost trend rate was changed from 8.50% initial, 3.50% ultimate in 2035 to 5.50% initial, 3.50% ultimate in 2034. For 2023, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the single discount rate changed from 6.00% to 5.22%, (b) the municipal bond rate was changed from 1.84% to 4.05% and (c) the health care cost trend rate was changed from 5.50% initial, 3.50% ultimate in 2034 to 5.50% initial, 3.50% ultimate in 2036. For 2024, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the single discount rate changed to 5.70%, (b) the municipal bond rate was changed to 3.77% and (c) the health care cost trend rate was changed to 5.50% initial, 3.50% ultimate in 2038.

Changes in Benefit Terms – OP&F OPEB

There were no changes in benefit terms from the amounts reported for 2017-2018. For 2019, OP&F changed its retiree health care model from a self-insured health care plan to a stipend-based health care model. There were no changes in benefit terms for 2020 through 2024.

City of Pickerington, Ohio
Notes to the Required Supplementary Information
For the Year Ended December 31, 2024

Changes in Assumptions – OP&F OPEB

There were no changes in methods and assumptions used in the calculation of actuarial determined contributions for 2017. For 2018, the following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date: (a) DROP interest rate was reduced from 4.50% to 4.00%, (b) CPI-based COLA was reduced from 2.60% to 2.20%, (c) investment rate of return was reduced from 8.25% to 8.00%, (d) salary increases were reduced from 3.75% to 3.25% and (e) payroll growth was reduced from 3.75% to 3.25%. For 2019, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was increased from 3.24% up to 4.66%. For 2020, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was decreased from 4.66% up to 3.56%. For 2021, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was decreased from 3.56% down to 2.96%. For 2022, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the investment rate of return was changed from 8.00% to 7.50% and (b) the discount rate was changed from 2.96% to 2.84%. For 2023, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was changed from 2.84% to 4.27% and (b) the mortality rates were changed from the RP-2014 Total Employee and Healthy Annuitant mortality tables to various Pub-2010 mortality tables using the MP-2021 Improvement Scale. For 2024, the following were the most significant changes of assumptions that affect the total OPEB liability since the prior measurement date: (a) the discount rate was changed to 4.07% and (b) and the municipal bond rate was changed to 3.38%.

GENERAL FUND

The General Fund accounts for and reports all financial resources received and used for services traditionally provided by a city government and not required to be accounted for in other funds.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

Capital Projects Funds

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds).

Permanent Fund

The permanent fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs – that is for the benefit of the government or its citizenry.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

The following are reported as special revenue funds:

Major Special Revenue Funds:

Police Fund - To account for property taxes and transfers restricted to pay for police protection.

Street Fund - To account for the portion of state gasoline tax and motor vehicle registration fees restricted for maintenance and repair of dedicated streets within the City.

Nonmajor Special Revenue Funds:

State Highway Fund - To account for that portion of state gasoline tax and motor vehicle registration fees restricted for maintenance of state highways within the City.

Parks and Recreation Fund - To account for the revenue received from charges for services, donations, and transfers from the General Fund committed to provide leisure time activities for the citizens of the City.

Computer Fund - To account for the receipt and disbursement of computer funds restricted for the clerk of courts office.

Operation of a Motor Vehicle Under the Influence Enforcement and Education Fund - The OMVI Enforcement and Education Fund is created as authorized per section 4511.99, Ohio Revised Code. To account for restricted funds to be used by the City for informing the public of the laws governing the operation of a motor vehicle while under the influence of alcohol, and other information relating to the operation of a motor vehicle and the consumption of alcoholic beverages.

Law Enforcement Assistance Fund - To account for funds received from the Attorney General that are restricted to pay for reimbursements for continuing professional training programs for peace officers and troopers as established by section 109.802, Ohio Revised Code.

Law Enforcement Trust Fund - To account for seized contraband and intergovernmental receipts restricted for law enforcement purposes as established by section 2981.13, Ohio Revised Code.

Mandatory Drug Law Enforcement Fund - To account for fine monies collected and restricted for subsidizing law enforcement efforts that pertain to drug offenses.

Immobilization Fund - To account for the deposit of restricted fees and intergovernmental receipts received by the police department as a result of the immobilization of motor vehicles.

Urban Forestry Fund - To account for committed funds which are received from developers for the costs of planting trees.

Community Development Block Grant Revolving Loan Fund - To account for restricted federal grant monies received and expenditures incurred associated with commercial development projects.

(continued)

SPECIAL REVENUE FUNDS (Continued)

Indigent Drivers Interlock and Alcohol Monitoring Fund - To account for restricted driver license reinstatement fees collected and disbursed by the Ohio Department of Public Safety to be used for an immobilizing or disabling device, including a certified ignition interlock device, or an alcohol monitoring device used by an offender or juvenile offender who is ordered to use the device and determined by a county, juvenile, or municipal court judge not to have the means to pay for the person's use of the device. No budgetary schedule was presented because no activity occurred during 2023.

OneOhio Opioid Settlement Fund - This fund accounts for state fines received to assist with the opioid pandemic in the State of Ohio.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditures for capital outlay, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds).

Nonmajor Capital Projects Funds:

Community Economic Development Improvements Fund - To account for the issuance and sale of notes in the anticipation of the issuance of bonds, for the purpose of paying the costs associated with the acquisition of real property for housing development, economic development, and job creation within the City.

State Route 256 Highway Fund - To account for the permissive motor vehicle registration fees restricted for expenditures related to the widening and improvement of State Route 256.

Street Impact Fee Fund - To account for the committed street impact fee revenues and expenditures related to street capital improvement projects.

Police Impact Fee Fund - To account for committed police impact fee revenues and expenditures associated with the building and maintenance of the police station.

Street Construction Fund - To account for restricted revenues and expenditures associated with street construction projects.

Diley/Refugee Roads Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements within the designated area.

Tax Increment Financing Agreement Equity Construction Fund - A tax increment financing agreement to account for payment in lieu of taxes received from Fairfield County and directly distributed to the developer to retire debt issued by the developer for the construction of private improvements including three to five office buildings, a strip center of retail stores, and an outlot development consisting of two to three buildings.

Street Improvement Trust Fund - To account for monies received from developers committed by the City for future capital improvements to the City.

Sidewalk Improvement Trust Fund - To account for monies received from developers committed by the City for future capital improvements to the City.

Park Impact Fee Fund - To account for park impact fee revenues committed by the City for expenditures related to park capital improvements.

Municipal Facility Impact Fee Fund - To account for municipal facility impact fee revenues committed by the City for expenditures related to municipal facility capital improvements.

Ohio Health Medical Office Building Tax Increment Financing Fund - A tax increment financing agreement with Ohio Health restricted for the purpose of constructing a left turn lane and a right turn lane and to install traffic signals at the intersection of Refugee Road and the Stonecreek Drive Extension.

(continued)

CAPITAL PROJECTS FUNDS (Continued)

State Route 256 Municipal Public Improvement Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements from the northern boundary of State Route 256 to the intersection of State Route 256 and Refugee Road.

Hill/Diley Roads Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements within the designated area.

Safe Routes to Schools Fund – This fund receives restricted grant money and transfers in to improve infrastructure around the various school districts within the corporate limits.

Courtight Municipal Improvement Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements within the designated area.

State Route 204 Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements within the designated area. A budgetary schedule was not prepared for this fund.

Energy Efficiency Grant Fund - This fund accounts for state grant funds received for the upgrades of city lighting and automations in city-wide buildings.

Pickerington Connects Grant Fund - This fund accounts for state grant funds received for the maintenance/construction of sidewalks throughout Pickerington.

Covered Bridge Rehabilitation Grant Fund - This fund accounts for state grant funds received for the maintenance and rehabilitation of Pickerington's covered bridge.

Sycamore Creek Park Pond Restoration Grant Fund - This fund accounts for state grant funds received for the restoration and improvements of Sycamore Creek Park Pond.

Refugee/Spring Creek Tax Increment Financing Fund - A tax increment financing fund to account for payment in lieu of taxes received from Fairfield County restricted for the purpose of paying for costs associated with public infrastructure improvements within the designated area. A budgetary schedule was not prepared for this fund.

PERMANENT FUND

The permanent fund is used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs – that is for the benefit of the government or its citizenry.

Cemetery Fund - To account for receiving and disbursing funds restricted for the perpetual care of certain cemetery lots which are located in the City.

ENTERPRISE FUNDS

The enterprise funds are maintained to account for the operations of city government that provide goods or services to the general public in a manner similar to private business enterprises. The costs of providing these goods or services are financed through user charges.

Major Enterprise Funds:

Water Fund - To account for water services provided to individuals and commercial users.

Sewer Fund - To account for sewer services provided to individuals and commercial users.

Stormwater Fund - To account for monies collected from stormwater utility charges to be utilized for the safe and efficient capture and conveyance of stormwater.

Nonmajor Enterprise Fund:

Aquatic Recreation Center Fund - To account for monies collected from fees charged for pool passes and concessions and expenditures related to the upkeep and operation and maintenance of the facility.

Real property is reappraised every six years with a State mandated update of the current market value in the third year following each reappraisal.

The assessed value of real property (including public utility real property) is 35 percent of estimated true value. The assessed value of public utility personal property ranges from 25 percent of true value for railroad property to 88 percent for electric transmission and distribution property.

The tangible personal property values associated with each year were the values that, when multiplied by the applicable rates, generated the property tax revenue billed in that year. For real property, the amounts generated by multiplying the assessed values by the applicable rates would be reduced by a 10 percent and a 2 1/2 percent rollback, and homestead exemptions before being billed.

Values are shown net of exempt property.

(1) Property tax rates shown are based on collection year

Real property tax rates are reduced so that inflationary increases in value do not generate additional taxes. Real property is reappraised every six years and property values are updated in the third year following each reappraisal

Rates may only be raised by obtaining the approval of the majority of the voters at a public election.

Source: Fairfield County, Ohio; County Auditor

(1) Includes State reimbursements of homestead and rollback exemptions

(2) Delinquent tax collections include amounts collected from penalties, interest, and other delinquent collections
The County does not identify delinquent tax collections by tax year

(3) The year presented represents the collection year

(4) Outstanding Delinquent Taxes exclude penalties and other additional delinquent charges.

Note: Fairfield County's current reporting system does not track delinquency tax collections by tax year
Outstanding delinquencies are tracked in total by the date the parcel is first certified delinquent.
Penalties and interest are applied to the total outstanding delinquent balance. The presentation
will be updated as new information becomes available.
